

## Physician 7571

### Chapter 7571

In the Great Hall of the kingdom of heaven in wanxu, many bodyguards dared not speak and bowed their heads silently.

The feather emperor was so angry that he gnashed his teeth and said, "very good, very good, Ren tiannv, you won!"

"I can't help you now!"

"But wait for me. When I find the tablet of the heavenly king, I will kill you first!"

"I will ravage you, you will regret, you will regret offending me!"

The ancient emperor Yu Huang's voice was terrible cold. Although his cultivation was stronger than that of the supreme goddess, he couldn't crush it.

If you fight, both lose, the gain is not worth the loss.

He wants to crush the empress dowager, there is only one way, that is to find the legendary tablet of the heavenly king!

Tianjun Fengshen tablet ranks the first in the thirty-three days of the supreme artifact. With the help of this magic weapon, he can completely crush the supreme goddess!

Or, you can find the Iron Throne. Relying on the fateful blessing of the iron throne, any real enemy can be easily crushed.

However, it is much more difficult to find the Iron Throne than to find the tablet of the heavenly king.

As for today, the feather emperor has no choice.

The heavenly daughter shot. Even if the Lord of reincarnation is in front of him, he can't kill him again.

Listening to the almost irrational words of the ancient emperor, the supreme daughter still smiled quietly and said, "I will never regret."

"Then we'll wait and see!"

The feather emperor snorted coldly, waved his big hand, and the clouds surged all over the sky, enveloping his wanxu kingdom of heaven.

Then, the figure of the ancient emperor Yu Huang and many strong people in wanxu was to leave completely.

Ye Chen's spirit suddenly relaxed, and a cold sweat had burst out on his back.

He went up and saluted the heavenly daughter and said, "thank you, elder heavenly daughter. You saved me again."

The heavenly daughter smiled gently and said, "it's all right. I just don't want you to die so soon."

After a pause, the heavenly daughter gently stroked Ye Chen's cheek, her eyes with a trace of confusion, as if she were appreciating some art, and said, "unexpectedly, you can actually accept people's Tu holy cup. It's worthy of you. It's your reincarnation blood. As expected, it's unique in the heavens."

Ye Chen felt the touch of the heavenly daughter. She could smell a faint fragrance of virginity in her nose. She shook her mind slightly and said, "I'm flattered, elder heavenly daughter."

Tiannv put down her palm, but took Ye Chen's hand, turned back and said to Ren extraordinary:  
"Xiaofan, I want to talk to Ye Chen alone. Do you have any opinion?"

Ren Feifan said, "whatever you want."

The heavenly daughter "um" gave a sound and led Ye Chen forward. When she reached a distance, she waved her slender hand gently. Snow and smoke surged up and shrouded them in.

In the smoke and clouds, the figure of the heavenly daughter is ethereal, graceful and dreamy.

Ye Chen looked at her figure and was a little dazed.

"You have also practiced the ultimate meaning of the military formula, earth explosion and heavenly soldiers?"

The heavenly daughter stared at Ye Chen and said.

"Yes."

Ye Chen didn't hide it and answered directly.

"Well, that's good. The sword Qi of reincarnation Heavenly Sword has its own prohibition. You can break the prohibition and take charge of the sword completely after you become a ground explosive heavenly soldier."

The heavenly daughter nodded gently, and was delighted for ye Chen. Then she asked:

"Reincarnation sky sword has six sword souls. How many have you collected?"

Ye Chen pulled out the reincarnation Heavenly Sword, put his hands up and said, "five have been collected, and there is still a difference between the last sword soul."

The heavenly daughter took over the reincarnation Heavenly Sword. As soon as she bent her fingers and flicked the sword body, there was a clear sword sound. She smiled and said, "good progress. I hope you can find the last sword soul as soon as possible." Return the sword to Ye Chen.

"Yes."

Ye Chen took back the reincarnation Heavenly Sword and looked at the ice Phoenix Heavenly Sword around the heavenly daughter's waist. His mind moved slightly.

Aware of Ye Chen's eyes, the heavenly daughter smiled and said, "why, do you want my ice Phoenix Sky Sword?"

Ye Chen hurriedly arched his hands and said, "yes, master tiannv, I want to gather eight heavenly swords and open the old treasure. If you can, please lend me the ice Phoenix Heavenly Sword."

The heavenly daughter covered her mouth and smiled, stroked Ye Chen's face, exhaled like LAN: "if it's a general thing, I'll rely on you, but Binghuang Tianjian can't lend it to you."

"When the old treasure is opened, there will be unexpected causes and effects. The old lord Wu Jue God and his daughter Wu Yao may be resurrected."

"This game is messy enough. You can't add unknown variables."

"So, Binghuang Tianjian, I can't lend it to you."

Hearing the heavenly daughter's refusal, ye Chen was also expected, but she was a little disappointed and regretted after all, and said, "well, I'm abrupt..."

The heavenly daughter smiled and said, "it doesn't matter. You want my ice Phoenix Heavenly Sword. In fact, you can kill me."

Ye Chen was shocked in his heart. He hurriedly stepped back and arched his hand and said, "elder tiannv is joking."

The heavenly daughter said, "you're welcome. There will be a war between you and me sooner or later. I'm waiting for that day."

Ye Chen was silent and stopped talking.

Tiannv is right. There will be a decisive battle between them sooner or later.

Looking at Ye Chen's silent appearance, the heavenly daughter smiled and said, "don't be so nervous. Well, if you can step into the hundred shackles and try to cut off the hundred shackles unprecedented and later, I may consider lending you Binghuang Tianjian."

"Cut the flail a hundred ways?"

Ye Chen listened to the heavenly daughter's words, but he was stunned.

It has never been achieved since ancient times.

Even the ancient emperor Yu Huang, Ren Feifan, tiannv, magic ancestor, Wutian and others, even Wuzu and Hongjun ancestors, have never achieved this achievement.

"I'm afraid it's more difficult than going to heaven."

Ye Chen shook his head.

"Of course I know it's difficult, but you are the Lord of reincarnation. Your reincarnation blood is against the sky. Maybe you have a chance to achieve it."

The heavenly daughter smiled.

Ye Chen smiled bitterly: "I'll try."

The heavenly daughter said, "if you can really cut the flail, I will come again. It's not necessary to lend you the ice Phoenix Sky Sword."

Ye Chen said, "thank you!"

After a pause, ye Chen thought of Ye Luo'er. She was a little sad and worried in her heart and said, "elder tiannv, I want to ask you one more thing."

The heavenly daughter said, "what's up?"

Ye Chen sorted out his words and said, "please let ye Luo'er go."

"Luo'er... She has suffered too much. I don't want her to wade in muddy water. Please let her go."

The heavenly daughter chuckled and said, "ye Luo'er is a man I attach great importance to. I won't hurt her. What are you afraid of?"

Ye Chen still smiled bitterly and said, "master tiannv, you know that you have arranged so many difficult and dangerous tasks for her. Alas... She has borne too much. Let her rest. Your experts are like clouds, and Luo Er is not bad."

The heavenly daughter smiled and said solemnly, "Luo'er still has an unfinished mission. Although there are many experts under me, she is the only one who master the nine heavenly divinity. When she completes her mission, if she doesn't die, I will let her reunite with you."

Chapter 7572

By implication, she will not let yeluo'er go now.

Because ye luo'er still carries a great mission!

Ye Chen is helpless when she sees no hope of persuasion. She is worried about ye luo'er.

This woman really bears too much.

Ye Chen couldn't bear to watch her continue to suffer.

"If there's nothing wrong, I'll go first."

The heavenly daughter smiled.

"Don't you say hello to elder Ren?"

Ye Chen was stunned.

"No, I still have a lot of things to deal with. Let's go first."

The heavenly daughter shook her head gently, and then a burst of ice and snow blew, and her figure disappeared in place and left completely.

Ye Chen comes out from the clouds, smoke and snow. Ren extraordinary and endless night are waiting for him.

"Do you want to ask tiannv to borrow a sword?"

Ren extraordinary smiled.

"Yes, it's a pity that she won't borrow it."

Ye Chen said helplessly.

Ren Feifan smiled and said, "cause and effect are good luck. You don't have to be in a hurry. You got the treasure of chaotic Yan Emperor today and accepted the holy cup of human slaughter. It's already an adventure against the sky. Don't be too impatient."

Ye Chen said, "yes!"

Ren Feifan said: "then I'll go first. I have a vague hunch that the Iron Throne is really coming. This chess game is really getting more and more chaotic..."

After speaking, Ren Feifan left against the wind.

This thrilling battle has come to an end.

Ye Chen took a long sigh of relief and looked at the endless night next to him.

The night is endless and the whole journey is dull. Today, he opened his eyes. In just one day, he witnessed the demeanor of the peerless strong such as the feather emperor, the ancient emperor, the heavenly daughter and Ren extraordinary.

This life is worth it!

"Endless, I want to refine the chaotic divine fire. You protect the Dharma for me."

Ye Chen ordered him to go down.

Now, the chaotic divine fire of chaotic Yan Emperor is still precipitated in Ye Chen's Dantian. He needs to be refined.

If you can refine the chaotic divine fire, ye Chen's foundation must be greatly consolidated.

"Yes, Lord."

The night is endless and respectful.

Ye Chen sat down with his knees crossed, closed his eyes, worked his breath and communicated with the chaotic fire in the Dantian.

In fact, there is no danger in this land away from fire. It's called night endless Dharma protector, just for peace of mind.

In Ye Chen's elixir field, the chaotic fire precipitated quietly.

"Childe, do you want to refine chaos divine fire?"

Yan xuan'er noticed Ye Chen's action and said with some expectation.

If the chaotic divine fire is refined, it can synthesize the holy divine fire, and her strength is bound to be improved.

"Yes!"

Ye Chen nodded and began to refine the chaotic divine fire.

He can even subdue the holy cup of human slaughter. Naturally, it is not difficult to refine a wisp of divine fire.

Ye Chen uses the six skill methods to directly stimulate the energy of the chaotic divine fire.

Boom——

The breath of chaotic divine fire exploded in Ye Chen's body, and the blazing heat wave spread all over Ye Chen.

Under the impact of this blazing breath, ye Chen didn't feel any uncomfortable. Instead, he seemed to be soaking in a hot spring. He was very comfortable.

Yan xuan'er even cheered. She could feel her aura rising.

"The fire of Tao spirit, absorb!"

Ye Chen poured all the energy of the chaotic divine fire into the fire of the Taoist spirit.

Suddenly, the fire of the Taoist spirit was nourished by the chaotic divine fire and became more intense. There was a faint sign of upgrading.

Yan xuan'er was nourished by the chaotic divine fire, cheered and said, "childe, great, my breath has been promoted. Go and collect more flames!"

"However, although the evil nature of the holy fire has been suppressed a lot, it is a pity that it has not been completely suppressed."

"But it's also good. The time for us to completely control the holy fire is also greatly shortened!"

Hearing Yan Xuaner's words, ye Chen smiled helplessly.

Such flames as holy fire and chaotic fire are not so easy to get.

This time, the chaotic divine fire was refined, and ye Chen's cultivation was completely consolidated.

Originally, he had just been promoted to the seventh floor of taizhenjing. His breath was still a little vain and needed time to enrich.

But now, with the nourishment of chaotic divine fire, all martial arts foundation, divine power foundation and cultivation breath are completely stable and firm as a rock.

"Very good. It's really comfortable in this state."

Ye Chen opened her eyes. There was a faint flame beating in her eyes, which was very bright.

It took him only half a day to activate the chaotic divine fire and finally refine it.

"Lord, has refining succeeded?"

One side of the endless night, asked.

"Well, let's go back to beimangzu first."

Ye Chen made up her mind to go back to Xiao Huang's ancestral land and have a good rest.

He accepted the holy cup of human slaughter today. He still needs time to familiarize himself with it.

Moreover, ye Chen also wants to find the whereabouts of the Iron Throne.

There are many ancient secret scripts in beimangzu. Maybe there are traces of the Iron Throne.

Just about to leave, suddenly, ye Chen and the night are endless and feel the vibration of heaven and earth.

Whoa, whoa, whoa!

A large piece of moonlight, floating in the sky.

Above the sky, there was a gorgeous vision of the bright moon.

A bright moon hung in the sky and cast a bright moonlight.

The moonlight is vast around, and there is a faint flow of supreme source gas.

"Lord, look, what's the weather? What a magnificent moon!"

The night is endless. Looking at the bright moon, I was surprised. I guessed that there was something powerful in my heart. I'm not sure when I'm going through the robbery.

"How could it be... This bright moon... Seems to be the smell of snow!"

Chapter 7573

Ye Chen looked at the vision of the bright moon in the sky, a burst of vibration, a little deduction, and caught the breath of Xia Ruoxue.

The moon in the sky has something to do with Xia Ruoxue!

Ye Chen tries to deduce the cause and effect behind it, but finds that there are both good and bad.

"Lord, what's the matter?"

Night endless looked at Ye Chen's dignified expression and asked with some worry.

"Something may have happened to my partner. Go and have a look with me."

"Xiao Huang, you too. Ruoshue may have something to do!"

Ye Chen immediately summoned Xiao Huang.

The night is endless. It's even more amazing to hear that the vision of the bright moon in the sky is actually related to Ye Chen's Taoist companion.

At that moment, ye Chen rode Xiao Huang, tore the void with endless night, locked the direction of the moon vision, and rushed over quickly.

In the next moment, ye Chen, Xiao Huang and endless night came to a bright moon.

This place is a vast void of the universe, but there is a bright moon hanging high in the sky, casting bright and clear light, which makes people calm.

On that bright moon, you can vaguely see ancient heavenly script characters, which are very magnificent.

However, when the three of Ye Chen walk in the bright moon, they feel as if they are lost.

"Master, this place may be related to lost time and space!"

Xiao Huang also feels a little trance. Even though it is an ancient relic, it also feels a little confused under the influence of the surrounding void law.

"Well, I feel it, too."

Ye Chen's eyes were concise, looked around, pinched his fingers, and suddenly caught bursts of secrets.

This place is probably another entrance to lost time and space!

"How can ruoshue go to the lost time and space?"

Ye Chen is vaguely worried. You know, in the lost time and space, if there is no lighthouse, even he and Ren extraordinary may be lost.

If Xia Ruoxue is alone, how can she enter it?

During this time, what happened to Xia Ruoxue?

The surrounding void is too vast. The law has a lost breath. Ye Chen wants to deduce, but he can't infer anything too clear.

When ye Chen was worried, he suddenly saw the crows dancing in front of him. A figure in a black robe flew over. It turned out to be the demon emperor covering the sky.

In this void, ye Chen unexpectedly met the demon emperor covering the sky. It was an accident. He hurried forward and shouted, "elder demon emperor, why are you here?"

The devil emperor saw Ye Chen and was surprised. He said, "boy, what a coincidence. Are you here?"

Ye Chen nodded and said, "well, I'm afraid if something happens to snow, I'll come and have a look. What about you?"

The devil emperor said, "the vision of the bright moon in the sky is vast and spectacular. When the devil ancestor saw it, he asked me to come and investigate. It turned out to be related to Xia Ruoxue!"

When he saw the appearance of the moon, he had calculated that Xia Ruoxue was behind him.

Now hearing Ye Chen say so, I'm finally sure.

"Did you find someone?"

The demon emperor asked again.

"Not yet. I've just come and I'm going to take someone to look for it."

Ye Chen shook her head and then simply introduced the identity of night endless to the demon emperor.

They were polite for a while, and the demon emperor said, "in that case, let's look for it together. There may be other opportunities behind the moon vision."

Ye Chen said, "then we'll look for it together!"

At that moment, ye Chen, Zhetian devil emperor, Xiao Huang and night endless stepped into the void together to find the trace of Xia Ruoxue.

.....

At the same time, the vast vision of the bright moon also spread to the Taishang world.

The vast territory of the world is shrouded in a bright moon.

Everyone was surprised to see this scene.

The world is so big that it is shrouded in a bright moon. Such a vast climate must shake the ancient and modern times.

Many strong people secretly deduce, hoping to pry into the details behind them, but they feel foggy and unable to distinguish.

Among the countless forces, one called Xingyue cult was violently shaken.

This Xingyue deity worships the bright moon. Its ancestor, the female emperor of the moon of the Qing Dynasty, can be traced back to the flood and famine era.

After Hongjun's ancestor rose without a trace, the female emperor of the moon of the Qing Dynasty once participated in the scramble for the iron throne, but unfortunately the scramble failed and fell miserably, and the Iron Throne disappeared.

However, the female emperor of the moon of the Qing Dynasty has a Taoist tradition. It is the Xingyue cult!

In the Taishang world, the Xingyue cult is a separatist sect. Its power is equivalent to that of Danqing Xianzong and Jianmen. Although it is not comparable to the wanxu temple, it is also a overlord.

Although the female emperor of the moon of the Qing Dynasty failed to seize the iron throne, she cut off an iron piece from the iron throne, which has been handed down to this day.

One of the important reasons why the Taoist orthodoxy of Xingyue cult can continue from the primitive times to the present is that it is sheltered by the fragments of the Iron Throne.

At this moment, I was shocked to see the bright moon on the sky and many believers of Xingyue cult.

Because the Xingyue cult worships the bright moon, and most of its practices and magic powers are related to the stars and moon, it is particularly sensitive to this bright moon phenomenon.

When many disciples and senior elders saw the appearance of the bright moon in the sky, they deduced one after another, trying to capture the details behind it.

WOW!

At this time, the square in the center of the Mountain Gate of Xingyue Shenjiao, a statue of the ancient female emperor, bloomed with brilliant brilliance.

"The ancestors came to light!"

Many disciples of the sect were shocked to see the divine light released by the statue.

All the disciples of Xingyue cult are covered by the light cage of the statue.

Then everyone listened to the instructions of their ancestors:

"Lost time and space, there is a woman with excellent talent and profound magic power of the bright moon. She can inherit my mantle and take charge of the Xingyue cult. You can go to find someone quickly and make no mistake!"

The female emperor of the moon of the Qing Dynasty issued an oracle. The source of the vision of the bright moon in the sky is the lost time and space.

In the lost time and space, there is a woman who practices the magic power of the bright moon, which is very suitable to inherit her mantle!

Moreover, the woman should be in charge of the Xingyue cult!

Hearing the oracle of our ancestors, all the disciples and elders of Xingyue cult were completely shocked.

I don't know how many years our ancestors didn't show their spirits, but today, because of the appearance of the moon vision, the female emperor of the moon of the Qing Dynasty directly issued an Oracle!

A long time ago, the female emperor of the moon of the Qing Dynasty was about to fall. She once said that there would be an amazing woman in the future, who would inherit her mantle, take charge of the Xingyue cult, complete her regret and find the iron throne, so that the Xingyue cult could dominate the world and establish a great cause that has never been seen before!

Now, feeling the oracle of the female emperor of the moon of the Qing Dynasty, the whole Xingyue cult is boiling with it.

Can it be said that the legendary woman will finally appear?

Will she find the Iron Throne and rule the world with the attitude of King's landing?

Chapter 7574

Dang Dang Dang——

The emergency bell rang through.

Under the moonlight, there was a drizzle, and the breath was cold.

But in the Xingyue cult, people are boiling.

After hearing the emergency bell, all disciples, Dharma guardians and elders hurried to the discussion Hall of the Xingyue temple.

In the hall, the atmosphere was surprised. All the disciples stood in two factions, with a faint confrontation.

The star moon cult is surging and divided into two camps.

One of them, headed by Da Chang Gu Qinghe, is a conservative. It strictly follows the will of its ancestors and has been trying to find the successor and inherit the mantle of its ancestors.

The other faction, headed by the elder Yun Shanyu on the ether and the acting leader Yun Mengze, is a reformist. It advocates that the sky is not afraid, the ancestors are not law, and people's words are not compassionate. Today, things are changing. Xingyue Shinto should establish new rules and do not have to abide by the teachings of their ancestors.

The number of the two factions is equal, and no one can do anything.

But on the whole, the Conservatives led by Da Changlao Gu Qinghe have the upper hand.

Because, although the female emperor of the moon of the Qing dynasty fell, there was still spiritual consciousness left, showing spirits from time to time and guiding the path of Xingyue cult.

If ancestors can show their spirits, there is naturally no need for change, otherwise it will be disobedience.

Moreover, in today's troubled times, conservatism is not rigid. Sometimes it means being calm and responding to changes with invariance. On the contrary, change seems impatient. Once something goes wrong, it will be more than worth the loss if it is taken advantage of by the wanxu ruins.

The two factions vied with each other. Fortunately, the reformers did not dare to go too far. Even the leader of the church was just a substitute leader, and did not dare to say that they could directly inherit the mantle of their ancestors.

Now, there is a vision of the bright moon in the sky, and the ancestor even appeared, saying that the person who inherited her mantle has appeared, and that person should be allowed to take charge of the Xingyue cult.

The look of the acting leader Yun Mengze is naturally very ugly.

She sat on the main table in the conference hall, next to the supreme elder Yun Shanyu. They looked at each other with dignity.

"The acting leader, the supreme elder and the old ancestor issued an oracle. The woman who is said to inherit her mantle finally appeared. We should send someone to look for her and welcome her back!"

Before the generation leader Yun Mengze spoke, the elder Gu Qinghe stood up on crutches and said excitedly.

The disciples of the conservative camp are all shouting.

The reformists led by yunmengze and yunshanyu are silent.

After a long time, yunmengze gently knocked on the handle of the seat and said, "elder, this matter still needs to be discussed."

The elder Gu Qinghe said decisively, "my ancestors have shown their spirits. What else do you need to discuss? Go to meet the woman's return immediately. She will inherit the mantle of her ancestors, shine on our divine religion, and lead us to find the Iron Throne and dominate the world!"

"Acting leader, do you want to occupy this position, refuse to give way, and violate the Dharma of your ancestors?"

The disciples on the conservative side then began to criticize one after another, saying that yunmengze wanted to occupy the throne of the leader and was not willing to hand over power.

Yunmengze's face sank and said, "I don't mean to be greedy for power and position. I'm only for the foundation of the divine religion! In today's troubled times, the situation is complex, and my ancestors may not be able to judge clearly. The Taoist foundation of the Xingyue divine religion for countless generations must not be easily given to outsiders!"

Yun Shanyu, the supreme elder on the side, also said in a deep voice: "yes, it has to be discussed in the long run. The woman mentioned by her ancestors is not the superior in the supreme world in lost time and space. She is a lower bound woman with limited cultivation. What qualifications do you have to take charge of my Xingyue cult?"

The disciples of the reformist camp immediately applauded and echoed.

The elder Gu Qinghe's face sank and said, "so you won't welcome the woman back? You must disobey the patriarchal edict?"

Yunmengze said, "don't be angry, elder. We have to discuss this matter again."

The elder Gu Qinghe a crutch and said, "don't discuss it. If you don't want to send someone to pick it up, I'll send someone!"

"Gu lie, you take your ancestors to lose time and space and welcome the return of the future leader!"

Gu Qinghe's eyes fell on a younger elder.

The elder's name is Gu lie. He is a real emperor.

Gu lie hesitated slightly when he heard Gu Qinghe's words.

Without the order of the acting leader Yun Mengze, to directly pick up people is tantamount to public rebellion.

Although the Conservatives and reformers struggle with each other, they rarely break up directly and openly.

Now, in the presence of yunmengze and yunshanyu, Da changgu Qinghe insists on picking up people, which is going to tear his face.

"Go quickly, don't dawdle! This is the ancestral edict. We just follow the ancestral instructions, not to split the divine religion."

The elder Gu Qinghe turned his palm into a talisman and handed it to Gu lie.

This talisman contains many heavenly causes and effects of the star moon god religion, which can let the future leader know the origin of the god religion in advance.

"Yes!"

Gu lie didn't dare to refuse again. He quickly took the Fu Zhao and turned to go out. He tore the void and rushed to the lost time and space.

When yunmengze and yunshanyu saw this, their faces immediately became extremely ugly.

Guqinghe's going to tear his face.

"Hehe, very good, guqinghe. You insist on welcoming an outsider to return and ruin the foundation of my Xingyue cult in the future. I think you have the face to see your ancestors!"

The supreme elder Yun Mengze said sternly.

Chapter 7575

Guqinghe smiled and said, "this is the Dharma of our ancestors. You are greedy for power and position and refuse to accept the reality."

These words fell, and the smell of gunpowder suddenly became strong in the hall.

The disciples on both sides of the Conservatives and reformers vaguely felt that the situation was serious. They got up from their seats, brushed and pulled out their weapons.

The two sides were at war, the situation surged, split and duel, that is, a moment.

"Calm down!"

The acting leader Yun Mengze stood up with a gloomy face and said, "if we fight inside now, it will only be cheaper for the wanxu temple. Since the elder is determined to welcome the woman back, we will wait slowly."

"If that woman really has some amazing talent and art industry, it doesn't hurt if I give up my position."

Seeing that Yunmeng zeken was soft, Gu Qinghe immediately said, "the acting leader's house is kind-hearted and the overall situation is important. I'll thank you first!"

Yunmengze no longer spoke, announced the adjournment of the meeting, and entered the inner hall with the supreme elder yunshanyu.

There were only two people in the inner hall.

"Mengze, do you really want to make way?"

Yunshan rain frowned.

Yunmengze snorted and said, "that woman doesn't know her origin and accomplishments. As an outsider, how can she take charge of the Taoist tradition of my divine religion? I can't give up my position."

Yunshan said, "what do you mean?"

Yunmengze's eyes were fierce and made a gesture to scratch his neck.

Yunshan rain suddenly nodded and turned out.

The misty rain outside was hazy, and no one found that the three killers in black quietly left the Xingyue cult, and their bodies were hidden in the misty rain.

These three killers were naturally sent out by yunshanyu.

The goal is Xia Ruoxue!

It is impossible for them to let an outsider take charge of the Taoist tradition of Xingyue cult.

Even if this outsider is the one whose ancestors personally instructed.

At this time, lost time and space.

A woman in a white dress, sitting in the void, with the moonlight floating and the stars shining, she is Xia Ruoxue!

Around Xia Ruoxue, there is another woman, Wei Ying.

During this time, they didn't follow Ye Chen and didn't want to stay among the stars.

They know that Ye Chen's road is very far away. Only by being strong can they not delay Ye Chen at the critical moment.

They practice hard and rely on their own strength to constantly look for opportunities.

This is their way of preaching.

The reason why they haven't seen Ye Chen is that they hope that one day, their strength can amaze Ye Chen.

At this time, Xia Ruoxue didn't know that she had been involved in the power storm. She had followed the guidance of the bright moon and the heavenly book to look for opportunities and accidentally crashed into the lost time and space.

Fortunately, she and Wei Ying acted as lighthouses for each other, avoided many disasters, and got the chance smoothly.

This opportunity is called: Taishang Xingxi road!

Taishang Xingxi Road, 36 Taoist methods, one of the eight poles of Taishang road.

This Taoist technique is quite commensurate with the book of the bright moon.

Surrounded by the brilliance of the stars, the bright moon and the heavenly book can play a broader divine power.

At this time, Xia Ruoxue holds a jade slip in her hand, which is the cultivation secret of Taishang Xingxi Dao.

She is feeling that she has always felt that she is not strong enough to help Ye Chen, so she tries to practice and hopes to stand by Ye Chen one day.

Wei Ying is on the side, protecting the Dharma for Xia Ruoxue.

After a while, Xia Ruoxue opened her eyes, white smoke rose slightly on the green silk, and she breathed a sigh of relief.

Seeing this, Wei Ying asked, "how do you understand it thoroughly?"

Xia Ruoxue smiled bitterly and said, "not yet. It's still a little worse, but it's not much worse."

Wei Ying said, "don't worry too much. Take your time. If you want to be quick, you won't reach it."

Xia Ruoxue nodded her head and said, "I know."

Wei Ying said, "by the way, you just said, is it true or false to catch Ye Chen's breath?"

Xia Ruoxue said: "naturally, it's true. I can feel that ye Chen has come to lose time and space. He probably wants to find me. I just hope he can come soon."

When it comes to Ye Chen, Xia Ruoxue's mouth can't help but show a warm smile.

She is very concerned about ye Chen. She has just asked Xiaobai to go out looking for someone.

Ye chenlai lost his time and space. I think he was attracted by the moon vision.

Xia Ruoxue understands the way of Taishang Xingxi. Although she has not fully understood it, she has understood a lot of essence and made a great breakthrough in her own strength.

Under the reflection of the stars and the moon, it triggered a vast moon vision, and even rushed to the world.

"I haven't seen Ye Chen for some time."

Wei Ying sighed and looked at Xia Ruoxue.

The two women met with four eyes. They all thought of the scenes with Ye Chen. Their cheeks could not help but turn red. They were very embarrassed and silent.

After being silent for a while, Xia Ruoxue took a breath, sat down cross legged again and said, "I continue to practice and understand. I just hope I can successfully understand the way of Taishang Xingxi before ye Chen arrives. In this way, he must be surprised."

Wei Ying stood by her and said, "I'll protect the law for you."

Xia Ruoxue nodded gently, which is to continue to concentrate on cultivation.

Wei Ying stood aside to protect her Dharma.

The place where they are located is quite remote in the lost time and space, and there are no fierce animals, so it is quite safe and quiet around.

However, the silence did not last long.

The void in front of me suddenly split, and an old man came down.

"Someone is coming!"

Wei Ying was on alert.

Xia Ruoxue, who was practicing, also caught a trace of danger and opened her eyes.

But he saw the old man flying to see Xia Ruoxue and Wei Ying.

Whether Xia Ruoxue or Wei Ying, the appearance and temperament of the two women are far more than ordinary people. They know that they are gifted at a glance.

In particular, Xia Ruoxue is now full of moonlight and stars, showing an extraordinary temperament.

Xia Ruoxue and Wei Ying were nervous when they saw the old man.

Because they clearly feel that the old man's breath is far above them! At least the emperor is strong.

A heavenly king is no small matter. With the current strength of two women, even if they work together, they may not be able to compete.

"Two girls, don't panic."

Aware of the alert intention of the two women, the old man hurriedly bowed his hands and said, "I'm Gu lie, an elder of the supreme world and the star moon god sect. I've come here at your request. I have something important to discuss with the two girls."

Xia Ruoxue and Wei Ying looked at each other, and countless thoughts flashed in their hearts. They didn't know what the people from the world were trying to do.

Xia Ruoxue asked, "little girl Xia Ruoxue, what can I do for you, elder?"

Gu lie looked at Xia Ruoxue, who was full of stars and moons. His eyes were amazed and said, "Miss Xia, the moon vision that shook the world is emitted because of you?"

Xia Ruoxue said, "yes."

Chapter 7576

She thought to herself, did the bright moon vision released by her own cultivation actually spread to the world?

This is incredible.

Xia Ruoxue didn't expect that her weather would be so big.

Gu lie was surprised and said, "Miss Xia, you are the future leader of our Xingyue cult!"

Xia Ruoxue was stunned and said, "what?"

Wei Ying looked at Gu lie's excited appearance and knew that he had no malice. She said to Xia Ruoxue, "it seems that this elder has a fortune to give you."

Gu lie said, "that's right, Miss Xia. I, the Xingyue cult, also have great power in the world. Although it can't compare with the wanxu temple, it's also a giant if it dominates."

"I, the female emperor of the moon of the Qing Dynasty, the ancestor of Xingyue cult, issued an Oracle saying that you are the inheritor of her mantle."

"I'm here to welcome the girl to the world and take charge of my Xingyue religious tradition."

After that, Gu lie took out a talisman and gave it to Xia Ruoxue.

Xia Ruoxue received the imperial edict. She felt a sudden bang. Countless messages gathered in her mind.

The history of Xingyue Shinto, the past of the female emperor of the Qing Dynasty, and the disputes among conservative and reform camps in Xingyue Shinto, and the names and accomplishments of many disciples and elders poured into her mind one by one.

Obviously, with great sincerity, the Conservatives almost told Xia Ruoxue all the family secrets of the Xingyue cult.

In this way, Xia Ruoxue will be in charge of the Xingyue cult in the future without any obstacles and can quickly integrate into it.

"This... This..."

Xia Ruoxue didn't know what to say for a moment.

The chance was so great that she was afraid she couldn't catch it.

"What?"

Wei Ying took her arm and asked.

Xia Ruoxue smiled bitterly and said, "they want me to go to the world and take over their orthodoxy."

When Wei Ying heard this, she was also dignified.

This is indeed a great opportunity, but Xia Ruoxue's foundation may be unstable if she doesn't go to the world directly.

Moreover, in the Taishang world, the wanxu temple is the absolute overlord. She swaggers in charge of a religious orthodoxy, which is likely to attract the attention of wanxu.

"Wei Ying, what do you think?"

Xia Ruoxue couldn't make up her mind and asked.

Wei Ying shook her head and said, "I don't dare to make my own decisions. I'd better wait for ye Chen to come. Didn't you ask Xiaobai to find him? When ye Chen comes, he will naturally make a decision."

This opportunity is too great. There are many causes and consequences behind it.

Neither Xia Ruoxue nor Wei Ying dare to make a decision casually.

Now, they can only count on Ye Chen.

Xia Ruoxue said to Gu lie, "it's too big. I can't be the master. I'd better wait for my friend to come and I'll ask his opinion."

Gu lie frowned when he saw that Xia Ruoxue didn't dare to make up his mind. He thought that the reformers had reason to oppose.

The lower bound woman has never experienced great storms, and the honing is indeed far from enough.

"It doesn't matter. I'll wait."

Gu lie did not object, so he waited with the two women.

Although Xia Ruoxue seems to lack the courage to be alone, Gu lie doesn't despise it. After all, people are tempered.

When Xia Ruoxue takes charge of the Xingyue cult, she will grow up.

After all, the conservative camp is strong. It's only a matter of time before she wants to rise.

What's more, she is still the favorite of the female emperor of the Qing moon!

Gu lie believed that his ancestors would not lose sight of him.

This woman must be an earthshaking existence!

She will lead the star moon cult to establish supreme glory!

.....

At this time, ye Chen, Xiao Huang, Zhetian demon emperor, night endless and others are constantly looking for in this lost space-time.

However, the lost time and space is too large, and the law is also very complex.

Ye Chen and others didn't find the exact location of Xia Ruoxue for a while. Instead, they met many powerful beasts and were in great danger.

Fortunately, with the current strength of Ye Chen and others, ordinary dangers have not hurt them, but they have passed through in a panic.

While marching, ye Chen suddenly saw a beautiful and sweet little girl running with her feet.

"Xiaobai!"

The little girl is Xia Ruoxue's pet animal, Taiyin jade rabbit Xiaobai.

Ye Chen hurriedly said hello. Since Xiaobai came, Xia Ruoxue must be nearby.

"Brother Ye Chen, I finally found you."

Xiaobai rushed to Ye Chen's arms and hugged him tightly.

"Well, it's all right. I'm here."

Ye Chen gently touched her hair and hurriedly asked, "what about ruoshue?"

"Sister ruoshue is over there. She asked me to come to you, brother Ye Chen."

Xiaobai pointed in a direction.

Ye Chen finally heard the news of Xia Ruoxue. He was overjoyed and said, "OK, take me over and have a look."

Xiaobai said, "OK!"

At that moment, Xiao Bai jumped onto Xiao Huang's back, rode with Ye Chen and ran forward.

"Xiao Huang, I haven't seen you for a long time. I heard that you inherited the orthodoxy of beimangzu. You are much more powerful now than before."

Xiaobai hasn't played with Xiaohuang for a long time. At this time, she grabbed its hair and talked to it.

Xiao Huang smiled and said nothing. He was carrying a great cause and effect, but he didn't want to involve Xiao Bai.

Let the little girl live a carefree life.

The demon emperor and the night are endless. He follows Ye Chen on both sides and flies all the way.

"Xiaobai, did you encounter any special opportunities?"

Asked the demon emperor.

"Chance? Yes, sister Ruoxue has got a Taoism called Taishang Xingxi Taoism. She is feeling and practicing, but it has triggered the great weather of the bright moon in the sky."

Xiaobai replied.

"Is Taishang Xingxi way?"

The devil emperor's eyes were slightly frozen. He was ordered by the devil ancestor wudian to investigate the cause and effect behind the bright moon vision. Now he knows that the opportunity behind it is the Supreme Xingxi Taoist method. He can go back to work.

Ye Chen was delighted to hear that Xia Ruoxue had another chance.

Xiaobai said, "brother Ye Chen, sister ruoshue has worked so hard for you."

Ye Chen said with a smile, "you told her not to work so hard. What's the danger? I can solve it myself. She can enjoy her happiness at ease. She can come to my yellow spring map or wish to live in the stars at any time."

Yes, but ye Chen knows that Xia Ruoxue will not be willing to become a vase. She has her pride and wants to help him.

Along the way, finally, ye Chen saw two familiar women in front of him.

It's Xia Ruoxue and Wei Ying!

Seeing the two women, ye Chen is very happy and wants to say hello, but he sees a strange old man standing next to Xia Ruoxue.

The strange old man, with the breath of the world, was a real emperor!

Ye Chen felt a chill in his heart. I don't know why the emperor of the world came.

However, looking at Xia Ruoxue and Wei Ying, they seem to be quite harmonious with the old man. It seems that there is no danger.

Chapter 7577

"Ye Chen!"

Seeing ye Chen finally coming, Xia Ruoxue and Wei Ying were pleasantly surprised.

The old man named Gu lie saw Ye Chen clearly and was shocked. He said, "your friend is the Lord of reincarnation, ye Chen!"

Xia Ruoxue said, "yes, old master, whether I can go to Taishang world and take charge of Xingyue cult depends on the meaning of the Lord of reincarnation."

Then Xia Ruoxue took Wei Ying's hand and ran excitedly to Ye Chen.

Ye Chen also galloped forward in Xiaohuang.

But at this time, ye Chen caught a terrible murderous spirit, deep into the bone marrow.

"Be careful!"

Ye Chen was shocked and subconsciously pulled out the reincarnation Heavenly Sword.

At the moment when he felt the danger, countless star sand storms rolled down from the sky, like an apocalyptic fireworks rain.

Each of these star sand storms has been tempered by the boundless powerful. They have great lethality. As soon as they are bombed, there will be an extremely terrible explosion wave, surging up, rumbling, and the void will be blown apart.

Ye Chen reacted very quickly and immediately set up the reincarnation Heavenly Sword to protect himself.

A golden awn of reincarnation diffused away, firmly protecting Ye Chen, endless night, Zha Tianmo emperor, Xiao Huang, Xiao Bai and others.

They were not hurt.

However, Xia Ruoxue and Wei Ying were bombed by countless star sand storms.

Ye Chen was caught off guard and had no time to protect them.

And they are anxious to reunite with Ye Chen, and there is no surprise attack.

"Miss Xia!"

Gulie, the elder over there, uttered a cry of surprise.

At the moment when the star sand storm thunder fell, he reacted very quickly. He immediately stepped out one step and made a big move. The spirit of Tianjun broke out, attracting all the star sand storm thunder to himself.

Bang bang!

Star sand thunders blasted on elder Gu lie's body.

Elder Gu lie was blown up on the spot, and his vitality passed quickly.

The lethality of these star sand storms is so terrible that even the strong of Tianjun can be killed.

Elder Gu lie raised his head and looked at the sky. Three figures in black came down.

"Did yunmengze and yunshanyu send you?"

He looked at the three killers in black and his face suddenly shook.

The star sand storm thunder bombing used by the other party is the killing method of the reformers in the star moon cult. It collects star sand and forges it into concealed weapons. It is quenched with the blood essence of the immeasurable strong. It has great lethality.

The three men didn't speak, their eyes were cold and terrible, and fell down.

Boom——

The three killers in black came down, and the murderous spirit of the heavenly king broke out, handling thousands of miles.

Elder Gu lie, who was seriously injured, was shocked to death by such a severe impact. His eyes were still open and he died in peace.

"Master!"

Xia Ruoxue and Wei Ying exclaimed, but they felt bad under the impact of the breath of the three heavenly kings in black. They were forced to fly out with blood splashing.

At this moment, ye Chen was very angry when she saw that her woman was injured.

There seems to be a raging fire burning in my heart!

"The Lord of reincarnation is also here. Make a quick decision!"

The three heavenly kings in black, seeing ye Chen here, exchanged their eyes, all showing a very dignified look.

The existence of Ye Chen was obviously beyond their expectation.

Although Ye Chen's accomplishments at the moment are only seven layers of heaven in Taizhen, these three heavenly kings in black dare not despise them at all.

The fame of reincarnation is too terrible.

They kneaded the formula together, and their whole body was full of spirit. Above their heads, they gathered into an ancient font.

That's a word "corpse"!

As soon as the word "corpse" appeared, there was an endless breath of death. All the creatures who came into contact with the breath seemed to turn into corpses.

It is said that when Hongjun's ancestor broke the real time and space and soared into the world of nothingness, the world of nothingness was opened a gap, and a large number of nothingness auras poured down.

The vast non aura finally condensed into 33 fonts, which are called "33 Heavenly God texts"!

Every font of the thirty-three Heavenly God script has the unpredictable power against the sky, and there is the authority of law behind it.

Ye Chen looked at the word "corpse", caught the secret of heaven, and instantly knew the mystery of the thirty-three heavenly gods.

That corpse word is one of the thirty-three heavenly gods!

Thirty three Heavenly God texts, each text, energy is extremely terrible, and ordinary heavenly kings can't carry it.

The three killers in black need to work together to summon the corpse word.

As soon as the word "corpse" came out, the boundless dead spirit was shaking. The surrounding space, in contact with the dead spirit, actually began to wear out.

The stars far away in light years seemed to be impacted by the dead spirit of the corpse word and began to wither, twist and collapse.

The endless breath of death roared away towards Xia Ruoxue.

The three killers in black have a very clear goal, which is to kill Xia Ruoxue and destroy the inheritors in the Dharma edict of the female emperor of the Qing moon!

Xia Ruoxue's accomplishments haven't reached the realm of heavenly monarch, but the three killers in black, afraid of Ye Chen, unexpectedly used the most cruel, terrible and ruthless cards!

As soon as the word "corpse" is dead, all the stars will die, not to mention a mortal creature.

Xia Ruoxue looked at the endless death roaring, and her pretty face suddenly faded.

Her face became so pale that she didn't even have any blood. It seemed that she had become a corpse, and her vitality was passing away.

Chapter 7578

"No!"

When ye Chen saw this scene, he was extremely shocked. He never thought that the other party would have the means of thirty-three divine texts.

"The Holy Grail of reincarnation, break it for me!"

At the critical moment of life and death, ye Chen drank violently and offered the Holy Grail of reincarnation.

The golden Holy Grail suddenly rose into the sky and erupted into a vast and sacred breath of reincarnation.

The golden light of reincarnation bloomed like the sun and quickly dispersed the dead gas that blocked the sky and the sun.

"What!"

"This is... The holy cup of human slaughter!?"

"The Holy Grail is in the boy's hand!"

The three killers in black were scared to death when they saw the Holy Grail offered by Ye Chen.

As killers, they have never seen any big storms and waves. They have long tempered their cold state of mind.

But when they saw the Holy Grail, they were completely shocked.

Because they recognized that it was the holy cup of human slaughter left by Hongjun's ancestor!

This man Tu holy cup, washed by Ye Chen's reincarnation blood, has been given the atmosphere of reincarnation, and there is no murderous spirit on the surface.

However, they still clearly feel the terrible smell of killing hidden behind the Holy Grail!

The golden light of the Holy Grail of reincarnation dispelled the dead spirit of the corpse word divine text.

Then, ye Chen's eyes were fierce and stared at the three killers in black. As soon as the Holy Grail turned, endless blood surged out, and a blood color awn gas cut and killed the three people.

"People kill blood!"

The blood color of the sky is amazing, with the extreme smell of killing Avenue, as if even the Supreme God can kill.

Puff!

The man butchered blood Mang and cut it off. A killer in black was cut in two on the spot.

His blood flowed out silently and was absorbed by the Holy Grail, and the body soon dried up.

The other two killers in black dodged away in great embarrassment, and their eyes were full of horror.

A blow, just a blow!

A strong man at the level of heavenly king was killed by Ye Chen!

This is the horror of human slaughter of the Holy Grail!

"Go!"

The two surviving killers in black turned and fled in a hurry.

The Lord of reincarnation is so terrible that he can even take charge of the holy cup of human slaughter. If they don't go, they will only die.

Ye Chen wanted to pursue, but there was a severe tearing pain from the meridians and Dantian, which almost stimulated him to vomit blood.

However, using the Holy Grail instantly emptied his aura, and even lost some reincarnation blood essence.

Killing the heavenly king is certainly invincible, but the price is really not light.

With Ye Chen's current cultivation, he tried his best to urge people to kill the holy cup, but he was still reluctant.

However, in order to save Xia Ruoxue, he will not turn back!

Fortunately, Xia Ruoxue is still alive, and ye Chen's efforts are not in vain.

"Want to go? Death omen magic eye!"

Seeing the two killers in black fleeing, the demon emperor of zhetien snorted and took a step forward. His whole body was filled with magic Qi, and a huge eyeball full of blood gathered on his head.

It's the death omen magic eye!

The evil eye of the death omen shone in the past, and the fierce evil spirit ran through one of the black killers and killed him on the spot.

The killer in black, whose spirit was greatly affected by the holy cup of Ye Chen's slaughter, was killed by the devil emperor like a lost dog.

The last killer in black, however, protected himself by using the corpse word divine text. His body flashed, tore the void and fled.

Three Heavenly King killers, two died and one escaped.

The battle is over.

"Sister ruoshue!"

Xiaobai jumps down from Xiaohuang's back and runs to Xia Ruoxue crying.

At this time, Xia Ruoxue was seriously injured and lying on the ground. She was very weak and her face was frighteningly pale.

Although she was not dead, she almost became a corpse under the impact of corpse characters and divine texts, and was seriously injured.

Xiaobai used to hold her, but she couldn't even say a word.

"If snow!"

Ye Chen hurried over and hugged Xia Ruoxue.

"Ye Chen..."

Xia Ruoxue spits out her voice hard, and she is as angry as a hairspring.

"Brother Ye Chen, sister ruoshue won't die, will she?"

Xiaobai cried and hugged Ye Chen's arm. She was very worried.

Ye Chen frowned slightly, explored Xia Ruoxue's pulse and said, "it's all right. With me, Ruoxue won't have an accident."

The eight trigrams heaven elixir technique works. Ye Chen treats Xia Ruoxue and herself at the same time.

Fortunately, his Dan skill is strong. As long as Xia Ruoxue has one breath left, he can ensure that she will not die.

Thinking of the horror of the corpse word Shenwen, ye Chen still has lingering palpitations.

It is worthy of being one of the thirty-three divine texts, with the breath of no time and space behind it. If he didn't have the Holy Grail of reincarnation, it might be really difficult to resist.

Xia Ruoxue's life was stable under Ye Chen's treatment, but her breath was still weak and fell softly in Ye Chen's arms.

Ye Chen looked at Wei Ying and said, "Wei Ying, what's going on? Who are the three killers?"

Wei Ying was also hurt, but not seriously. When she came to Ye Chen, her delicate body trembled and said, "I don't know, but since they came for Ruoxue, they may be the enemies of Xingyue cult..."

At present, Wei Ying came to the elder of Xingyue Shenjiao and wanted to invite Xia Ruoxue to Taishang world to inherit the mantle of the female emperor of the Qing moon and take charge of Xingyue Shenjiao.

"I see..."

Ye Chen realized clearly and looked at the dead Gu lie. Unexpectedly, the other party asked Xia Ruoxue to go to the world and be the leader of the sect.

"Demon emperor, Xiao Huang, you guard here. I'm afraid there will be some enemies. I'll take Ruoxue back to heal."

Ye Chen offered up the wish star, held Xia Ruoxue in her arms, and motioned to Wei Ying that she came to the wish star with two women.

Chapter 7579

Xia Ruoxue's breath is too weak, and the impact and killing power of corpse word divine text is too strong. If you want to treat her by ordinary means, I'm afraid it will take ten days and a half months to recover.

Fortunately, ye Chen has other ways.

As long as Xia ruoshue is given the aura of reincarnation, she will recover quickly.

After boarding the wish star, ye Chen let Xia Ruoxue and Wei Ying come to a bedroom.

He sacrificed the spirit tablet in the xuanbei of reincarnation, and countless forces of recovery gathered.

Wei Ying's cheek is slightly red. She has guessed what ye Chen wants to do.

"I haven't been with you for a long time. Now is the time."

Ye Chen turned back and smiled at Wei Ying and undressed the two women

Only in this way can the injury be repaired as quickly as possible.

.....

At this time, the world is too big.

The remaining killer in black fled back to the Xingyue cult and reported to the Taishang elder Yun Shanyu and the acting sect leader Yun Mengze.

Yunshanyu and yunmengze were surprised to hear that the inheriting woman had the figure of the Lord of reincarnation behind her.

"It's troublesome to involve the Lord of reincarnation."

Yunshan Yu frowned deeply. He thought that the cause and effect was just a dispute within the Xingyue cult.

But unexpectedly, the inheritance woman named Xia Ruoxue actually stood behind the Lord of reincarnation!

The Lord of reincarnation has reincarnated for several generations, and each life can not be underestimated. This life has risen again, which involves too much cause and effect, and it is difficult to predict misfortunes and blessings.

"What should I do now, supreme elder?"

Yunmengze also frowns deeply and feels that things are not simple.

"Let's see first. Reincarnation is playing a game with wanxu. The winner is unknown."

"If we kill the woman of the Lord of reincarnation, it may cause unexpected disasters."

Yunshanyu's voice is dignified. The implication is that he doesn't dare to chase Xia Ruoxue rashly again.

After a pause, Yunshanyu asked the black killer again, "what else can you find when you lost time and space?"

The black killer said, "lost time and space, there are faint signs of collapse. I don't know what major changes have happened, which may be related to the Iron Throne."

"Iron throne!?"

Yunshanyu and Yunmengze were shocked to hear this.

The Iron Throne is the most mysterious existence in the supreme artifact of the thirty-three days.

Xingyueshen cult has always wanted to find the Iron Throne and dominate the world, but there has been no news.

Now, they were surprised to hear the black killer say that there was a trace of the Iron Throne behind the lost time and space.

Is the iron throne, which has never been found, going to be born today!?

The killer in Black said, "when my subordinates came to the lost time and space, they happened to see a city. All the millions of creatures in the city were turned into steel statues. The breath of life passed away, and there were many strong people in heaven."

Millions of creatures have become steel statues, and even Tianjun is not spared!

Hearing this, yunmengze and yunshanyu looked at each other, and their hearts were even more shocked.

This is the legendary weather of the birth of the iron throne!

It is said that the Iron Throne has countless vast breathless and extraordinary things.

When ordinary people see the iron throne, their heart will be crushed immediately. They can't bear the dominant breath of the Iron Throne.

Even, if attacked by the smell of the iron throne, it will become an iron statue on the spot and lose its vitality forever.

The Iron Throne is so terrible that no one can accept it even in the flood and famine era.

It is said that Hongjun's ancestor made the Iron Throne for Wu Zu.

He knew that Wuzu would not fly to Wuwu, so he left the iron throne to let Wuzu King visit the world and guard the laws of the real world for him.

Unfortunately, Wuzu did not accept the Iron Throne. That throne is lost in the world. Anyone who wants to touch it will be alienated into an iron statue by the evil spirit emitted by the iron throne!

The vision seen by the black killer, millions of creatures turned into iron statues, is likely to be a sign of the birth of the iron throne!

The Iron Throne is likely to be hidden in the lost time and space!

"Keep quiet about it. It's no small matter that the iron throne was born!"

"The Iron Throne has gone through countless eras and has never been accepted. The throne has definitely given birth to an instrument spirit, which is powerful and subversive."

"There is no place in the world that can hold the domineering breath of the Iron Throne."

"I guess the lost space-time place is about to be completely destroyed. The law of that place can't withstand the impact of the Iron Throne."

Yunshan rain's old palm was clenched and loosened, and the voice was very dignified.

"Elder Tai, what shall we do now?"

Asked yunmengze.

If the Iron Throne is really born, it is a great change against the sky.

"It's a big matter. Don't be rash. We'd better wait until the Iron Throne is really born. As long as we grab the iron throne, it's fate, and we can't get the woman named Xia Ruoxue to meddle with the orthodoxy of our Xingyue cult!"

Yunshanyu made a decision and said.

"Yes, everything follows the orders of the supreme elder."

Yunmengze nodded respectfully.

On the other hand, in the conservative camp, the elder Gu Qinghe felt the fall of Gu lie and was very angry. He suspected that it was the hands and feet of the reformers, so he sent people to investigate continuously.

.....

The picture turns around, lost time and space, wish to be on the sky and star.

Ye Chen, Xia Ruoxue and Wei Ying have been warm for a long time. Their injuries have completely recovered and recovered to the peak.

However, Xia Ruoxue and Wei Ying still have a shadow in their spirit and need time to recuperate because they have been affected by the divine text of corpse characters.

From Xia Ruoxue's mouth, ye Chen finally knows that the three killers in black are probably sent by Xingyue cult and another camp. The purpose is to kill Xia Ruoxue and prevent her from inheriting the mantle of the female emperor of the Qing moon!

"Ye Chen, what should we do now?"

Xia Ruoxue asked.

Now the elder named Gulie is dead. She has cut off contact with the Xingyue cult and doesn't know how to contact again.

In fact, she wants to go to Xingyue Shinto.

If you can really take charge of the Taoist tradition of Xingyue cult, when ye Chen goes to the world, she can also help.

This is also the purpose of her practice.

"Wait and see what happens. If the Xingyue cult really wants you to inherit the orthodoxy, they will send someone down again."

Ye chendao.

"Then... Do I really want to go?"

Xia Ruoxue can't make up her mind.

"It depends on their sincerity."

Ye chendao.

"Well, I listen to you!"

Xia Ruoxue hugged Ye Chen's arm and naturally listened to Ye Chen's arrangement.

"What interesting experiences have you two had during this time?"

Ye Chen smiled and hugged the two women. Now the crisis has been solved temporarily, and his mood is relaxed.

Xia Ruoxue and Wei Ying looked at each other. Then Xia Ruoxue said with a trace of dignity:

"Speaking of it, Wei Ying and I met a strange thing."

Chapter 7580

"We stayed in a city, and then left temporarily. When we went back, we found that the city, millions of creatures, had become steel statues and lost the breath of living people."

Ye Chen was surprised and said, "steel statue?"

Xia Ruoxue said, "well, I guess this may be a terrible catastrophe brought by some magic weapon, because Wei Ying and I vaguely saw a throne in the middle of the city."

"The throne, made entirely of iron and steel, is dark and cold, full of the majesty of the king in the world, and filled with incomparable power."

"Wei Ying and I only took a look, and Daoxin was almost crushed. Fortunately, we all have the reincarnation blood given by you, so we finally stayed awake and fled."

When ye Chen heard Xia Ruoxue's story, he was shocked and said, "the iron throne! The magic weapon you see is probably the iron throne!"

Xia Ruoxue listened to this rather strange magic weapon name and said, "iron throne? What magic weapon is this?"

Ye Chen said, "the magic weapon was forged by Hongjun's ancestors..." he briefly explained the historical origin of the Iron Throne.

Xia Ruoxue and Wei Ying were shocked when they heard this.

Xia Ruoxue said, "the throne we saw is actually the most mysterious existence in the thirty-three days supreme artifact!"

Ye Chen's heart was turbulent and said, "I didn't expect that there was a trace of the iron throne in this lost time and space. The magic weapon has never been found. Is this era going to be born at last?"

The power of the Iron Throne is so vast that no one can find it.

Want to really find the iron throne, unless it is born!

Now, listening to Xia Ruoxue's description, the Iron Throne is likely to be born soon. Even in the lost time and space, it has shown the power against the sky, alienating all the creatures of a city into steel statues.

If you can take charge of the iron throne, ye Chen can revive the grass!

Moreover, the Iron Throne itself is the most mysterious supreme artifact. If you can take charge, you can reign in the world and be arbitrary and invincible forever!

Since there may be traces of the iron throne, ye Chen can't miss it anyway.

At that moment, ye Chen asked about the location of the city and asked Xia Ruoxue and Wei Ying to rest on the wish star. He went out alone.

"How are Wei Ying and Xia Ruoxue?"

Seeing ye Chen coming out, the demon emperor asked.

"They are all right, but they said a secret about the Iron Throne. Maybe we should go and have a look."

Ye chendao.

"Iron throne!?"

When the demon emperor heard this, his eyes immediately narrowed. It was obvious that he had also heard the legend of the Iron Throne.

"The throne has disappeared forever. Is it in the lost time and space?"

Ye Chen said, "very likely!"

The devil emperor frowned deeply and said, "however, the power of the Iron Throne is not small. Only the world can bear its power. This space-time can never bear it."

He also knows the horror of the power of the Iron Throne. Looking at the time and space of the whole real world, only the law of the supreme world can bear the vast power of the Iron Throne.

Ye Chen said, "anyway, let's go and have a look first."

The demon emperor said, "OK!"

Ye Chen nodded and set out with the devil emperor.

Xiao Huang, Xiao Bai, night endless and others were settled on the wish star.

The power of the Iron Throne is so terrible that it can even turn people into an iron statue. Ye Chen is afraid of Xiaohuang, Xiaobai and others. He can't bear it, so he'd better settle them down first.

As for the search for the iron throne, just let him and the demon emperor go.

Ye Chen flew all the way with the devil emperor and soon came to the place Xia Ruoxue said.

The city, floating in the void and surrounded by stars, is a city with profound heritage.

But now, terrible changes have taken place in this city.

The stars around the city have already become steel stars. All the stars are dim, and the sun, moon and stars are dead.

As for the city, city walls, houses, palaces, buildings, landscapes, vegetation, all traces of the real world have become cast iron, cold and filled with cold.

In the city, all living creatures, whether human beings, birds and animals, have become steel statues.

Ye Chen and the demon emperor looked at each other with great surprise.

They have never seen such a scene. The sun, moon and stars, heaven, earth, mountains and rivers, creatures and animals have all become the existence of steel casting.

This scene is really terrible.

Ye Chen runs the six samsara method to protect himself and come down with the demon emperor.

Walking in this steel city, they both felt a palpitation.

Zheng!

Ye Chen waved his sword and chopped at one of the steel statues.

The statue was cut in half. It was made of solid iron. There was nothing else, and there was no aura fluctuation.

"What a strange existence. The legendary Iron Throne may have really appeared here!"

Ye Chen touched the broken statue. If the statue was cast by a strong man with some magic power, it will inevitably leave traces of aura.

But now, ye Chen didn't catch any aura fluctuations, only pure traces of steel.

"If the Iron Throne is really born, it will change."

The demon emperor murmured and smelled a gust of wind and clouds.
