

Physician 7581

Chapter 7581

Boom——

At this time, they found that there were signs of collapse in the surrounding space and time.

Space is collapsing, the sun, moon and stars are wearing out, and the law of the road is crumbling.

Ye Chen frowned and escaped from the devil emperor.

The steel city in front of us collapsed and destroyed rapidly.

More than that, the whole lost time and space has the vision of collapse!

Looking around, the void of hundreds of millions of miles collapsed and destroyed everywhere, as if it had been crushed by a catastrophe and headed for the end.

"Lost time and space will collapse..."

Ye Chen's voice is quite shocking. This space-time is so vast. What kind of power can collapse such a vast world?

The demon emperor looked at the collapse everywhere around him, and his eyes were very dignified. He said: "the Iron Throne has indeed appeared. This lost space and time can't bear the pressure of the Iron Throne. It's about to collapse. Let's go!"

Then he wanted to take ye Chen away.

The emergence of the Iron Throne is a catastrophe.

Lost time and space will be destroyed. This world can't bear the pressure of the Iron Throne.

Only the world can hold the Iron Throne.

"No, I can't go yet!"

Ye Chen's eyes coagulated, but he thought of the Nangong Yaqing of the eternal temple!

At that time, he was in lost time and space, competing for the door of xuanzun, and owed Nangong Yaqing a great favor.

Moreover, ye Chen also promised Nangong, the Lord of the eternal temple, to ask heaven, saying that if his daughter was in any danger, he would help her!

This time, it's time to repay cause and effect!

Lost time and space are about to collapse. To go to the end of destruction, ye Chen can't watch Nangong Yaqing bury here.

Now the collapse of time and space has not spread out, and there is still a chance to save it.

If the collapse of this steel city breaks out completely, it will be too late.

"Let's go to the eternal temple!"

Ye Chen looked at the demon emperor, who also nodded.

At that moment, ye Chen sensed the location of the eternal temple, directly tore the void and went with the demon emperor covering the sky.

Soon, they came to the eternal temple.

There is no sign of collapse in the space-time here.

However, what they saw was a piece of ruins.

The once glorious eternal temple has now been razed to the ground, all palaces have collapsed, fires are burning everywhere, and the air is full of the smell of burnt barbecue.

The bodies of the disciples of the eternal temple were in a mess and fell into the ruins.

There was a war here, but the eternal temple was razed, and the enemy was obviously very powerful.

"What's the matter? Someone attacked the eternal temple!"

"Are the people of the eternal demon clan making a comeback?"

Ye Chen was surprised. Unexpectedly, the eternal temple was not affected by the collapse of time and space, but destroyed by unknown enemies.

Ye Chen guessed that it was the eternal demon clan. After all, it was the sworn enemy of the eternal temple.

The demon emperor also looked dignified. He came down with Ye Chen and looked for survivors in the ruins.

But there were no survivors.

The enemy's means were cruel. All the bodies were repaired to ensure that no one survived.

"Damn it!"

"What a cruel means!"

Ye Chen bit his teeth, but did not give up. Instead, he directly burned a drop of his reincarnation blood essence and began to deduce the secret of heaven.

WOW!

Under the burning of reincarnation blood essence, the mystery picture flows back.

Soon, in front of Ye Chen and the devil emperor, there was a picture that passed quickly.

In the picture, the fighting is fierce and the cry is passionate.

I saw strong men with blue skin and armor killing and looting around the eternal temple.

"Indeed as expected is the person of the eternal demon clan!"

Ye Chen looked at those strong men and immediately his pupils contracted.

Eternal demon clan is really making a comeback!

However, the protagonist of this killing seems not to be the eternal demon clan.

In the sky, three human warriors stood with cruel smiles on their faces.

Behind one of the men, a magic weapon of the death knell was suspended.

The bell kept ringing, capturing people's soul.

Under the beating of the death knell, the disciples and elders of the eternal temple were seriously affected, their strength was difficult to play, and they were killed by demon families one by one.

Those powerful demons are fanatical. They seem to have become the hands of the three people. They only know how to kill.

Those three people are the real protagonists!

"It seems to be from Tianqing League!"

The demon emperor looked at those Terran warriors and said in surprise.

"Tianqing League?"

Ye Chen felt a tremor in her heart.

The martial arts of the three people are amazing and powerful. They are all experts at the level of Tianjun.

What is their origin, Tianqing League?

"Well, I've heard a legend that there are a group of Terran geniuses in the Taishang world. They like freedom and killing by nature, and don't like restraint. They don't take refuge in any sect. They have formed a special force called Tianqing League. They experience abroad all year round, plunder resources, and enjoy killing and torture."

"If you want to join Tianqing League, you must have noble status and strong talent."

"Look at the costumes of those martial artists. It seems that they are from Tianqing League."

The demon emperor of zhetien gazed at the Terran warriors in the picture. They were all dressed in sky blue robes with red auspicious cloud totem printed on them, which was very eye-catching.

This is the unique dress of Tianqing League!

Ye Chen looked at those Terran warriors and said in a deep voice, "it seems that the eternal demon clan is controlled by Tianqing alliance?"

Although the eternal demon clan is strong, it can't be compared with the power of the world.

On that day, the Youth League was a force from the supreme world. It made a living by killing. It was fierce and powerful.

Now it seems that the eternal demon clan seems to be controlled by Tianqing alliance.

At the end of the picture, ye Chen even saw that Nangong Wentian and Nangong Yaqing were captured.

When ye Chen saw this scene, his heart suddenly tightened.

I saw one of the several Terran warriors in the middle, falling down.

The death knell behind him also came, revolving around his body and making a palpitating bell.

"Who are you!"

Nangong asked the sky and asked loudly.

The sound of the death knell is terrible. I don't know what material it is made of.

After hearing the death knell, Nangong Wentian fell into a dead silence. Finally, he was captured by those Terran warriors.

Those Terran warriors are all Tianjun experts, and there are special magic weapons in hand. Nangong Wentian is alone, but he can't fight.

"Hehe, my name is Liu Changqing. I'm a member of Tianqing League. I heard that your eternal temple is one of the largest forces in lost time and space, so I want to talk to you."

The man named Liu Changqing stepped on Nangong Wentian's shoulder and smiled.

"What are you talking about? You kill my eternal Temple people. Even if I die, I won't let you go!"

Chapter 7582

Nangong Wentian was so fierce that he cursed directly.

"Don't be so impulsive. We have something to discuss."

Liu Changqing smiled and looked at Nangong Yaqing: "is this your daughter? If you don't want her to have an accident, you'd better answer me."

Nangong Yaqing's delicate body trembled, but she was unable to struggle under the influence of the death knell.

Nangong asked the sky with a gloomy look and said, "what do you want to know?"

Liu Changqing's expression converged, with a trace of ancient mystery and tension in his tone, and said, "where is the iron throne?"

Nangong asked the sky in a daze and said, "what iron throne? There is also a throne in my temple. Take it if you want."

The legend of the Iron Throne is quite secret. It is generally only spread in the supreme world, but the people in the lower world don't know it.

Therefore, Nangong Wentian has never heard of the legend of the Iron Throne.

Liu Changqing showed a sullen look on his face, slapped him and said, "you fucking fooled me, didn't you?" In his indignation, he burst out dirty words.

"I'm asking you the whereabouts of the iron throne, not your broken chairs!"

Nangong was stunned. The throne of the eternal temple was incomparably brilliant, and even gave birth to an instrument spirit. However, Liu Changqing was not interested. He just wanted an iron throne.

"I've never heard of the Iron Throne."

Nangong asked Heaven and answered truthfully.

Liu Changqing was angry and drew his sword to cut.

A demon general grabbed him and said, "my Lord, people in the lower world are ignorant. It's understandable that they haven't heard the legend of the Iron Throne."

This time, the eternal demon clan made a comeback, which was actually supported by Tianqing alliance.

The two sides cooperate, but Tianqing alliance takes the initiative, so the demon general is also very polite.

The eternal demon family wants to destroy the eternal temple, and now it has achieved its goal.

However, what Tianqing league wants is the iron throne!

Liu Changqing snorted, took back his sword and asked coldly, "the Iron Throne is a throne made of steel. This throne may appear in your lost time and space."

"Have you ever found any strange signs in the eternal temple, such as stars turned into steel and creatures turned into iron statues?"

"If you can provide me with valuable information, I can let you go and even take you to the world and enjoy immortal blessings forever."

Hearing Liu Changqing's words, Nangong Wentian and Nangong Yaqing were stunned.

It seems that the Iron Throne is really important against the sky, which makes Liu Changqing so valued.

"I've never seen the vision you said. I don't know any iron throne!"

Nangong asked Heaven and answered.

"Old man, dare you be arrogant!"

Liu Changqing was furious and kicked Nangong Wentian to the ground.

Then he waved and shouted, "take their father and daughter back to prison and torture them. We must ask for clues about the iron throne!"

"Yes!"

Several members of the demon clan took Nangong Wentian and Nangong Yaqing down.

Then they set off another fire, completely burned down the eternal temple and swaggered away.

.....

The picture here, completely dissipated.

Ye Chen and Zha Tianmo emperor were very surprised after reading it.

Ye Chen shook his body and his head was buzzing. Because he burned reincarnation essence and peeped into the past, the loss was quite huge.

Take out a pill, take it by Ye Chen, adjust his breath slightly, and take a deep breath into his airway:

"It seems that those Tianqing League people are also looking for the iron throne!"

Zha Tianmo emperor said, "that's right! Both Nangong's father and daughter have been taken away. It's troublesome. Can you trace the secret of heaven and find out where the martial artists of Tianqing league are?"

Ye Chen said, "I'll try."

Ye Chen, who had just peeped into the secret of heaven, had to wake up, gather Reiki, open the reincarnation eye of heaven, try to trace the secret of heaven and find the location of Tianqing alliance warrior, so as to save Nangong Wentian's father and daughter.

After all, Nangong Wentian and Nangong Yaqing have great kindness to him. This cause and effect naturally needs to be repaid.

The mystery fog opened heavily, and there were many pictures in front of Ye Chen.

Suddenly, an almost dead picture appeared in front of Ye Chen.

In the picture, the universe is dark and deep, with faint starlight shining.

Relying on the hazy starlight, ye Chen saw a throne suspended in the void.

The throne is purely made of steel, and the back is an iron sword, full of amazing majesty.

On this throne, a lonely figure sits. He overlooks the empty universe, and his figure appears very lonely.

His breath spread out, and a terrible scene appeared. The surrounding space actually began to solidify and become a site for steel casting.

The stars in the distance began to iron and lost all their starlight.

Heaven and earth became silent and completely dimmed, leaving only the cold awn of steel.

Then, the lonely figure sitting on the top of the steel throne suddenly looked up and opened his eyes.

Ye Chen peeps into the secret of heaven and just sees his eyes.

Four eyes relative!

The lonely figure, stunned for a moment, seemed to find Ye Chen's snooping.

"No!"

Ye Chen shouted bad in her heart and wanted to take back her eyes, but it was too late.

His heart pounded and he felt a change in his whole body.

What flows in the blood vessels is no longer blood, but drops of iron juice, which is extremely heavy.

Every meridians and bones all over the body began to iron.

Chapter 7583

Ye Chen instantly felt that he was going to become a steel statue and lost his vitality forever.

"Boy, how are you?"

The demon emperor stood beside Ye Chen and suddenly saw the change of Ye Chen and was startled.

Ye Chen's body began to become stiff, with an iron cold awn. It felt as cold as steel.

His breathing stopped, his eyes widened and filled with panic, as if he were going to fall into an abyss.

"Did you, boy, spy on the trail of the iron throne?"

The demon emperor was extremely shocked. Ye Chen's body actually began to iron, which was obviously eroded by the smell of the Iron Throne.

"Wake up!"

Without saying a word, the demon emperor covered the sky and burst out his aura. He shrouded Ye Chen and wanted to prevent Ye Chen from becoming iron.

However, ye Chen's body gradually became as hard as iron, and his aura could not penetrate at all.

The devil's cold sweat came out. Is Ye Chen going to die like this?

The legendary Iron Throne is so terrible that ye Chen just spies on the secret of heaven, and the convenience store is ironized.

In just a few breaths, ye Chen's body was completely ironed, and only the spirit could move.

He naturally felt that the devil's efforts were useless!

The Iron Throne is made from the essence of the world of nothingness. It has the law of nothingness. Its power is too terrible.

Ye Chen felt that his soul was going to be ironized and completely lost consciousness.

"No!"

"I can't die!"

Ye Chen's consciousness is roaring and his heart is boiling.

When his mind turned, he immediately urged the reincarnation Heavenly Sword.

This is Ye Chen's subconscious move.

At the critical moment of life and death, ye Chen felt that only reincarnation Tianjian could save himself!

WOW——

The reincarnation Heavenly Sword broke out and suspended on the top of Ye Chen, releasing a dark golden divine light.

Under the light of reincarnation Heavenly Sword, ye Chen's iron body gradually recovered.

His flesh, bones, meridians and blood were restored to their original state.

Reincarnation Heavenly Sword has resisted the erosion of the law of the iron throne!

The law of the Iron Throne can erode everything and iron everything, but it can't iron the reincarnation Heavenly Sword!

Soon, ye Chen completely broke free from the iron state.

In that picture, the figure sitting on the Iron Throne showed a trace of surprise in his eyes.

Ye Chen has the protection of reincarnation Heavenly Sword. If he goes to see the iron throne, his body will not be ironized.

The Iron Throne is dark and tall, about ten meters high. It seems to be forged with thousands of swords. There are steps made of swords. In fact, the seats for people are not big, just like surrounded by the jungle of thorns and swords.

Around the seat, there are spikes and barbs, and some twisted metal. Even the backrest has many sharp barbs. It will never be comfortable to sit on it.

If you want to avoid being cut by those sharp spikes and barbs, you must sit upright and do not have any superfluous little moves.

A king's superior is to sit upright and upright. Only when he is calm can he show his majesty.

This iron throne, huge and twisted, full of sharp blades, is made for the real superior and the real king.

The lonely figure sat on the Iron Throne.

The throne is more than ten meters high. Compared with the huge throne, the figure appears small and lonely, even more lonely.

"Are you the king I'm looking for?"

The figure murmured in a low voice, as if he were talking to Ye Chen, but ye Chen was not sure.

"No, you're not..."

"The Lord of reincarnation, reincarnated for nine generations, died nine times, and never rose."

"You're not the king I'm looking for..."

"Yu Huang, Tian NV, Wu Tian, Ren, who is the king who really dominates the world and faces the ages?"

"Perhaps, there is also emperor Shi. He wants to establish the Republic. Is he the philosopher king in the ancient rumor?"

The voice of the figure was confused and in great pain.

Ye Chen seemed to be infected by his pain. There was a pain in his mind. He couldn't help drawing away his eyes and returning to reality.

"Boy, how's it going!"

The demon emperor saw Ye Chen wake up and asked in a hurry.

He held Ye Chen's hand and felt that ye Chen's palm was terrible cold, but fortunately it was soft and there was no sign of iron.

"I see the iron throne!"

Ye Chen was resolute and his tone was very shocked.

The Iron Throne is the most mysterious existence in the supreme artifact of the thirty-three days.

In terms of power, nature is the first monument of the heavenly king, but in terms of mystery, it is the iron throne!

Ye Chen just took a look and almost fell.

If it had not been for the protection of reincarnation Heavenly Sword, he would now be a dead steel statue.

"Sure enough!"

The devil emperor was shocked when he heard Ye Chen's words and said, "where is the iron throne?"

Ye Chen frowned and thought for a moment and said, "it seems to be in a void, but I'm not sure where it is. There is a figure sitting at the top of the throne, which seems to be the spirit of the iron throne!"

"The spirit is looking for his master. He wants to find a king who can really dominate the world!"

The devil said, "it seems that the rumor is right. Unless he is born, no one else can find this iron throne!"

Ye Chen said, "I'll see again!"

Ye Chen opens the reincarnation heavenly eye and catches the secret again, hoping to spy on the Iron Throne again.

But this time, no trace was found.

He only saw the secret of Tianqing League.

Tianqing League, indeed, a group of members came to the lost time and space and wanted to find the Iron Throne.

Led by Liu Changqing, a strong man at the level of Tianjun, there are four layers of heaven in Tianxuan territory.

Tianxuan realm is the realm where Tianjun is located.

Those who enter the mysterious realm of heaven are entitled to be called the emperor of heaven.

In the supreme world, not everyone is the king of heaven.

On the contrary, heavenly kings are rare and precious. They are the core elite of major sects.

The supreme world, like the ordinary world, when people were born, they were all babies and extremely vulnerable.

It's easy to die if no one takes care of it.

In other words, the starting point of birth of people in the world is the same as that in the world. They all start from a baby.

However, the aura of the world is too strong, and the power of the law is also incomparably majestic. Taking a breath can make people advance by leaps and bounds.

Therefore, people living in the Taishang world practice very fast and break through the realm easily.

Even those with extremely poor talent can at least reach the true state.

People with ordinary talents can generally step into the Taizhen realm, be willing to work hard and break through.

However, breaking through the shackles and becoming one of the hundred shackles is the limit of ordinary people.

It is very difficult for people in the world to break through, enter the mysterious realm of heaven and become the king of heaven.

Ten thousand hundred yoke states may only produce one heavenly king.

Chapter 7584

One in a million!

The martial arts in Baijia territory are already in the middle of the world and can enjoy better treatment. It can be seen how important Tianjun is. He is a strong man in the middle and upper reaches and the mainstay of a sect!

Of course, the more powerful the strength, the more powerful the emperor will be.

As for the immeasurable realm above the Tianxuan realm, the immeasurable king of no magnitude can be said to be an extremely important existence of major forces. One more or one less is enough to have an unspeakable impact on the inside information of the whole force.

A drop of blood of the immeasurable strong is more majestic than the energy of the whole void, and the strength is unimaginable terror.

Therefore, within the realm of Tianjun, there is a difference of one layer of days, and their strength is at least ten times worse.

For example, if there are two layers of sky in Tianjun territory, you can easily kill one layer of sky in Tianjun territory without effort.

Ye Chen has had a lot of opportunities recently. He has harvested the spirit of the Heavenly God sword, the spirit of the Jiuyou sword, the supreme thousand birds path, the chaotic divine fire, the human butcher holy cup, etc. with his current strength, he can easily kill some ordinary heavenly kings and strong people!

However, if those heavenly kings and strong people also have the ability to kill beyond their ranks, they may not be.

Although Liu Changqing is a strong man in the four layers of Tianxuan territory (Tianjun territory), his joining Tianqing League must represent his real strength, more than that! You can't look at it in terms of realm.

At the moment, ye Chen spies into the secret of heaven and finds that the other party has a powerful magic weapon called "tianwu death knell", which is an immeasurable artifact.

The so-called immeasurable artifact is a magic weapon forged by killing the strong in immeasurable territory and using the body and soul of the other party.

The strong without magnitude can not be compared with the strong in Tianxuan. They have endless life and immortality. Even if the universe is destroyed, they can survive in absolute nothingness.

The real "heaven and earth die but I don't die, the sun and moon die and I don't die"!

There are only two ways to let the immeasurable strong die.

The first is to rely on combat and kill the other party with hard power.

The second is to wipe out the immeasurable strong with the power of law.

Even if the universe is destroyed, the immeasurable strong can survive in the absolute nothingness world. Even a drop of their blood and a hair can easily evolve into an infinite universe. There is no possibility of depletion of living resources.

The world of nothingness, even the concept of nothingness, does not exist, so even if the immeasurable strong are eroded by lawlessness, they are also in danger of falling.

But in any case, it is extremely difficult to kill the immeasurable strong.

The immeasurable artifact is forged from the remains of the immeasurable strong. Its value and power can be imagined.

Now, Liu Changqing's magic weapon, tianwu knell, is an immeasurable artifact!

It was precisely because of the existence of this magic weapon that Liu Changqing could easily fight the eternal temple without fighting back and was directly shoved out.

Under normal conditions, ye Chen can kill the ordinary strong in Tianjun territory.

But Liu Changqing is a heavenly king with four layers of heaven, and even has an immeasurable artifact!

The gap between Ye Chen and him is so big that it is almost impossible to win.

Under the prying eyes of heaven, ye Chen found that Nangong Wentian and Nangong Yaqing were taken away by Liu Changqing and brought to a territory of the eternal demon family.

The eternal demon clan, indeed, cooperated with Tianqing League. Liu Changqing, relying on his own strength, even occupied the magpie's nest, vaguely controlled the whole demon clan.

Liu Changqing's heavenly witch knell is an immeasurable artifact. Once the knell rings, someone will die.

The whole eternal demon clan, no one can compete with it.

"The secret of the Iron Throne can't be seen, but I see the trace of the eternal demon family."

"Nangong Wentian and Nangong Yaqing were taken away by Liu Changqing and imprisoned in a territory of the eternal demon family."

Ye Chen took back her eyes and said to the demon emperor.

"So, let's save people now?"

Zha Tianmo emperor said.

Ye Chen's face was slightly dignified. For example, there were about ten members of the Youth League who came here today. Three of them were heavenly kings, two were primary, and the last Liu Changqing was four layers of heaven!

Such a lineup, even ye Chen, also feels very difficult.

"There are three heavenly kings in that place, and Liu Changqing is a genius in the four layers of heaven. Hard war may be unfavorable. We sneak in quietly and go after saving people."

Ye Chen made up her mind and said.

"There are four layers of heaven in Tianxuan territory. It's really difficult. Then we'll quietly save people and leave."

The devil emperor also felt extremely dangerous, so he agreed with Ye Chen's words. The devil Qi on his body circulated, and when he was about to hide his own breath completely.

Ye Chen also hid his good breath, took the demon emperor, tore the void and rushed forward.

The next moment, they appeared outside a tribe.

The tribe in front of us is the place where the eternal demon clan lives.

Nangong Yaqing and Nangong Wentian were both detained.

Ye Chen looked up and saw that some of the patrols of the tribe were Terrans, wearing sky blue robes. They were obviously from the sky green alliance.

The three heavenly kings led by Liu Changqing didn't see any trace and didn't know where they were.

Ye Chen looked at the demon emperor, and then he offered a dark source symbol to completely hide himself and the demon emperor's body in the dark and move forward.

Under the cover of the dark source symbol, they were not found and entered the tribe smoothly.

"This way."

As soon as ye chenlue deduced the secret of heaven, he sensed the existence of Nangong Yaqing and Nangong Wentian. Immediately, he took the demon emperor to the depths of the tribe and finally came to a barren mountain.

Chapter 7585

In the barren mountains and caves, there was a sound of whip beating and drinking and scolding.

When ye Chen and the devil emperor heard the sound, their faces sank and dived in through the dark source symbol.

Finally, in the cave cell, they saw Nangong Wentian and Nangong Yaqing.

The two fathers and daughters were bound by iron chains. Around them were several disciples of the eternal demon clan and several Terran warriors around the middle of Baijia territory. They were waving their whip, beating them and torturing them.

"Where is the iron throne! Say it quickly!"

A man, a martial artist, gave Nangong Yaqing a whip and forced him to ask.

Nangong Yaqing's body was full of whip wounds. Her clothes were cracked, revealing her white and tender skin. Her skin was covered with blood marks, shocking.

She was badly tortured, panting, but unable to answer.

"Don't hit my daughter. We really don't know."

Nangong Wentian was very distressed and asked for mercy with some sadness and anger.

If he only tortured him, he would not be afraid, but when he saw his daughter humiliated, he would be an iron pride, and he bowed his head.

"Bah! Your eternal temple is so powerful and has tentacles all over the world. Haven't you really found any vision?"

The Terran warrior despised it and kicked Nangong Wentian's belly.

Nangong asked Heaven. Dantian was in severe pain. His facial features were distorted and he couldn't speak.

Ye Chen and the devil emperor used the dark source symbol to hide in the corner. They were very angry when they saw this scene.

The man in charge of torturing the Terran warrior took out a messenger and said, "Lord Liu Changqing, the chick and the old man refused to tell me when they died. It seems that they really don't know the news of the Iron Throne."

After a moment of silence, Liu Changqing's voice came from the messenger:

"Well, in that case, the old man killed him and the woman brought him to my room."

The sound fell and the messenger burned to ashes.

"Yes, Lord Liu Changqing!"

The Terran warrior smiled grimly, looked at Nangong Yaqing's beautiful face, and said with a smile: "what a beautiful girl, it's a pity that I can't enjoy it. Come on, let her go and bring it to Lord Liu Changqing!"

"Yes!"

There were disciples of the eternal demon clan around. They stood out and went to untie the iron chain on Nangong Yaqing.

"What do you want? Let my daughter go!"

Nangong asked Heaven in a rage. His eyes were split. His aura broke out at this moment, broke through the shackles of the iron chain, aroused a violent vigorous wind, and made a nearby demon family with weak cultivation spit blood and die on the spot.

"Old man, dare to resist!"

The man in charge of torturing the Terran warrior was immediately surprised and angry. He pulled out his waist sword, brushed it, and cut it off on the head of the south palace.

"Enough!"

When ye Chen saw this scene, he couldn't help it any longer. He drank violently, plundered out of the dark corner, punched hard, and blasted at the head of the Terran warrior.

Bang!

Fist bombardment.

The head of the Terran warrior was blasted into meat sauce on the spot, and even the spirit collapsed.

With Ye Chen's current strength, ordinary heavenly kings in the world can kill. It's naturally easy to kill a martial artist in Baique territory.

The demon emperor Zhetian also rushed out. His skill was very natural and unrestrained. He was full of magic Qi. He killed the demon disciples around Nangong Yaqing one by one.

Nangong Yaqing's father and daughter were saved. Looking at the figure of Ye Chen and the devil emperor, they were shocked.

"Is the Lord of reincarnation!"

"Damn it, inform Lord Liu Changqing!"

"Start the array word divine text!"

The remaining martial artists around saw Ye Chen's figure and were shocked and confused.

There was a warrior who bit his fingertips and sprayed blood on the ground.

Ye Chen found that there was a word printed on the ground, which was a word "array"!

With the blood falling, the word "array" also released an extremely dazzling blood awn, clattering, and thousands of arrays burst out in an instant, tearing up the void and enveloping the shadow of Ye Chen and the devil emperor.

Shrouded by the array, ye Chen suddenly felt a little suffocated.

"This array word is the thirty-three Heavenly God text!"

At a glance, ye Chen peeped into the truth and insight into the mystery of the array of words.

This array character is one of the thirty-three heavenly gods!

The thirty-three heavenly divine texts, each of which is gathered with energy without time and space, have unpredictable divine power.

In the thirty-three divine texts, there are the nine character mantras of Brahma's divine power.

If you can get the corresponding divine text, the lethality of Brahma divine skill will be greatly improved!

As soon as the array word divine script is activated, the power of the infinite array is overwhelming, pouring towards Ye Chen and the demon emperor.

It seems that the Tianqing League is quite cautious and has arranged a large array in the prison to prevent foreign enemies from making trouble.

If it is another divine text, ye Chen may be afraid of one or two, but the array word divine text is almost no threat to him.

"Just this array, break it for me!"

Ye Chen is proficient in the formula of array words. Almost in a moment, he has an insight into the operation mysteries of many large arrays around him.

He used the array word formula, the aura exploded, and the fire of the Taoist spirit burst out, turning into a Phoenix Fire array, whistling into the sky, and crushing the array word divine text in an instant.

Oh!

The flame Phoenix spread its wings and killed out, so that all the martial artists around and the disciples of the eternal demon clan were burned by the flame in an instant, screamed, died miserably and became charred corpses.

Boom!

The violent flames and waves directly destroyed the prison and cave.

The fire burst into the sky.

The whole demon tribe was completely shocked, and countless demon figures came flying from it.

And the Terran warriors of Tianqing League also rushed here quickly.

Woo woo——

The sound of the warning horn tore up the night, a solemn atmosphere.

Dang Dang Dang——

The ancient and gloomy bell rings between heaven and earth.

That's Liu Changqing's magic weapon, immeasurable artifact, the bell of tianwu's death knell!

Nangong Yaqing stared at Ye Chen. After so long absence, ye Chen was as invincible as ever, wild and domineering. He crushed the whole audience in a moment.

When ye Chen heard the sound of the death knell, he knew it was bad. He hurried to hold Nangong Yaqing's hand and released the eight trigrams heaven pill to cure her injury. He said, "it's very dangerous here. We must leave immediately!"

It seems that the inside information of Tianqing League is not trivial. In addition to the death knell of tianwu, there is an array word Shenwen.

The noumenon of that array of words must be in Liu Changqing's hands.

Ye Chen just cracked it. It's just rubbing.

He is proficient in the formula of array characters. Although he is not afraid of the influence of array characters, Nangong Yaqing and Nangong Wentian are likely to be injured.

On the other hand, the demon emperor of zhetien had asked the sky for Nangong, untied the shackles and chains, and treated his injury with pills.

Nangong asked Heaven and bowed his hand and said gratefully, "Your Excellency the devil emperor, Lord of reincarnation, thank you for saving me!"

Chapter 7586

Ye Chen waved his hand and said, "leave here first."

At that moment, ye Chen took Nangong Yaqing and ran out quickly. The demon emperor asked the sky with Nangong and followed him.

The four people evacuated in a rather awkward way, but suddenly a cold voice came from the sky.

"The Lord of reincarnation, the son of the devil emperor, since he has come, why should he go?"

"I didn't expect you two to visit such a small place as Tianqing League."

"Are you also coming for the iron throne?"

In the sky, the figures of three heavenly kings and strong men slowly emerge.

In the middle is Liu Changqing, who is in charge of the death knell of tianwu!

Liu Changqing looked down at Ye Chen and the demon emperor, and countless thoughts flashed through his heart.

Ye Chen and the devil emperor are both great people. One is the Lord of reincarnation, and the other is the container of the devil's father. He didn't expect to see them with his own eyes tonight.

When the heart read the electricity, he only thought that ye Chen and others, stepping into the lost time and space, also came for the Iron Throne.

"Ha ha, Lord of reincarnation, the devil emperor, you are all heroes in the world. You have great luck. Even if I am the emperor of heaven, I may not be your enemy."

"But I don't believe in evil."

"Today, let me experience your magic power!"

"The death knell of the heavenly witch, the blood cutting is boundless!"

Liu Changqing offered a bronze bell, which was engraved with various gorgeous patterns and ancient fonts. With a slight shock, a sad and low bell sounded, just like a funeral.

It is the immeasurable artifact, the death knell of tianwu!

Then, Liu Changqing flexed his fingers and ejected a drop of blood essence, which fell on the witch's death knell that day.

Dang!

For a moment, the bell of tianwu's death knell sounded more than a hundred times, shaking the void of heaven and earth, the sun, moon and stars.

The strong bell pierced through the void, and finally twisted into a magic sound blood knife, killing Ye Chen and others.

Before the magic sound blood knife arrived, Nangong Yaqing and Nangong Wentian couldn't bear the impact of the death knell. They vomited blood on the spot and turned pale.

Ye Chen and the demon emperor looked at each other and felt dignified.

If they are right, the drop of blood just popped up by Liu Changqing is the essence of the immeasurable strong!

He did not know where to get that drop of immeasurable blood essence.

With a drop of the blood essence of the immeasurable strong, the death knell was pressed. The sound of the death knell was almost unimaginable.

Ye Chen and the devil emperor both gave birth to an illusion, as if they were going to be broken alive.

"Damn it! It's worthy of being an immeasurable artifact. Be careful of the bell!"

Ye Chen bit his teeth and drew out the reincarnation Heavenly Sword, so he wanted to fight back.

In order to deal with them, Liu Changqing spent a lot of money. Unexpectedly, he offered a drop of immeasurable blood essence.

Under the infusion of immeasurable blood essence, the power of the witch's death knell that day was also extremely powerful.

"Lord of reincarnation, demon emperor, you take my daughter away first!"

"I'll stop them!"

Just when ye Chen wanted to fight back, Nangong Wentian suddenly stood up, his eyes showed a determined color, and greeted the evil sound blood knife.

Puff!

The evil sound blood knife cut down and cut a terrible wound on Nangong Wentian's body, splashing blood and breaking bones.

"Dad!"

Nangong Yaqing shouted.

"Master!"

Ye Chen was shocked when he saw Nangong Wentian coming out to block the knife.

"Go!"

Nangong Wentian bit his teeth and suddenly squeezed the formula. It exploded on the spot!

Boom!

The air wave of flesh and blood explosion burst into the sky in an instant and blasted hard at Liu Changqing and others.

"This old fellow!"

Liu Changqing was surprised when he saw Nangong Wentian suddenly explode. He hurriedly drove tianwu's death knell and stood in front of him.

"Dad!"

Nangong Yaqing was shocked to see her father explode and die, and shed tears.

Ye Chen's heart was also mourning and shaking, but he soon recovered and hugged Nangong Yaqing and withdrew: "go!"

Ye Chen knows very well that this is the territory of Tianqing alliance and eternal demon clan. Fighting here is unfavorable everywhere, so we must retreat as soon as possible.

Although the realm of the three heavenly kings in the sky is not high, they are from the Tianqing League and are destined to have the ability to kill beyond their ranks. Their real strength will never be like the realm. Power is not a joke, especially Liu Changqing, who is in charge of the death knell of heavenly witches and the divine text of array characters.

The devil emperor also knew the danger of the situation, so he closely followed Ye Chen and quickly withdrew.

"Damn it!"

Liu Changqing cursed for a while. Under the impact of the self explosion of Nangong Wentian, it was difficult to catch up for a time.

After all, Nangong Wentian is also a strong emperor. Although it can't be compared with the emperor in the world, the power of self explosion is extremely terrible.

After half a minute, the explosion was suppressed by him, but ye Chen and others had fled away.

"I'll take someone to chase you. You two stay."

"Be careful of the enemy's plan to lure the tiger away from the mountain!"

Liu Changqing ordered to go down and let the two Tianjun warriors around him stay, while he planned to take a team from baijiajing to chase Ye Chen.

A heavenly warrior said, "Sir, can you deal with the Lord of reincarnation and the demon emperor alone?"

Liu Changqing smiled, licked his lips and said, "don't forget, I'm different from those garbage heavenly kings. I'm from Tianqing League. I'm a genius in the world. I have to fight alone to challenge my limits. I want to see if the Lord of reincarnation and the demon emperor can defeat my heavenly majesty, as well as my immeasurable artifacts and divine texts!"

Chapter 7587

Members of the Tianqing League have always advocated killing and violence, especially Liu Changqing!

"What's more, I'm four layers of heaven in Tianxuan realm. The realm is too much higher than them. Maybe I don't need to use the limit to kill them!"

Liu Changqing's tone is a little proud. He does have the capital of pride. At present, he is a warrior with more than a dozen hundred flail territory, who quickly set out to hunt Ye Chen.

At this time, ye Chen, together with Nangong Yaqing and Zha Tianmo emperor, fled to a desolate star.

Nangong Yaqing snorted stiffly, suddenly knelt to the ground and vomited a mouthful of black congestion.

The black congestion vomited out, and the land within ten steps shrank, as if it had died and the soil had lost its vitality.

"What's the matter?"

When ye Chen saw Nangong Yaqing injured so badly, she was shocked and wanted to treat her with Bagua Tiandan, but it didn't help.

"I was hurt by the death knell. My chest is so uncomfortable. I may need to rest for some time."

Nangong Yaqing covered her chest, her facial features twisted slightly, showing a very painful look.

Liu Changqing's tianwu death knell still sounded terrible, although most of her powers were blocked by her father.

However, a small number of the bells stimulated the spirit and still caused serious trauma to her.

This trauma, even Bagua Tiandan, is difficult to treat, and can only rely on the recovery of time.

This is the horror of the death knell of tianwu.

When the death knell rings, someone will die. Even if he does not die, he will be seriously injured.

"Then have a good rest. It's all right. I'll protect you."

Ye Chen took out some pills to heal Nangong Yaqing and comforted him softly.

"Well..."

Nangong Yaqing nodded gently, but her face was a little bitter. She thought of her father's self explosion and the destruction of the eternal temple. She couldn't help but feel dejected and shed tears.

Knowing that it was useless to say anything now, ye Chen was silent and accompanied Nangong Yaqing, while the demon emperor was on the alert.

Soon after the alert, the demon emperor found the abnormality, and a strong breath came from the distance.

Looking up, I saw Liu Changqing with a team coming from the distant sky.

"Someone is coming."

The demon emperor immediately issued a warning. His magic Qi gathered and was ready to go.

Ye Chen looked up and saw that there was only Liu Changqing, and the other two heavenly kings were not there. All the troops brought by the latter were martial artists in Baique territory.

Nangong Yaqing's eyes were full of fear when she saw Liu Changqing's arrival.

She was wounded by the death knell and now her heart is full of shadows.

"Hahaha, Lord of reincarnation, where can you escape?"

"As soon as my death knell rings, even if you escape to the ends of the earth, you have nowhere to hide!"

Liu Changqing looked up to the sky and laughed. He took people down and sacrificed the death knell of tianwu.

Tianwu's death knell sounded low, as if it was telling an ancient tragedy, vaguely even resonating with Nangong Yaqing.

Nangong Yaqing vomited another mouthful of black blood and her face was full of pain.

Ye Chen understood that Nangong Yaqing must have been hurt by the death knell, so Liu Changqing chased her up along the causal breath.

"Master devil, protect Yaqing first, and I'll deal with him."

Ye Chen took out the reincarnation Heavenly Sword, looked directly at Liu Changqing and said to the demon emperor.

"That's the strong ruler of the four layers of heaven in Tianxuan territory! The key comes from Tianqing alliance. There is no good stubble in Tianqing alliance."

The devil emperor blushed slightly. He also wanted to fight side by side with Ye Chen.

After all, the enemy is too powerful. There are four layers of heaven in Tianxuan territory. Ye Chen has almost no chance of winning because he is a great genius and holds immeasurable artifact and divine text.

"Don't worry, I'm enough alone."

Ye Chen grits her teeth. If she works hard and uses many cards, the Tianqing League genius on the fourth floor of Tianxuan territory also has the opportunity to kill, but her consumption must be serious!

At present, the situation is critical, and ye Chen can't care so much.

The devil emperor hesitated, finally nodded, retreated and came to Nangong Yaqing.

He released his evil spirit and protected Nangong Yaqing from being hurt by the death knell again.

Nangong Yaqing's look eased, but her eyes were still full of worry, because ye Chen was about to fight Liu Changqing alone!

"Liu Changqing, are you the only one?"

Ye Chen held the reincarnation Heavenly Sword obliquely and said.

"Hey, hey, I'm enough to deal with you alone."

Liu Changqing smiled coldly and repeated what ye Chen had just said. There was a taste of ridicule. The soles of his feet stepped out and a word appeared behind him.

Then, an ancient array, led by blood, covered all around and completely shrouded him and ye Chen.

Under the cover of this blood array, Liu Changqing's cultivation breath soared wildly!

His realm was originally the appearance of just stepping into the four layers of heaven.

But now, under the cover of the blood array, the breath has reached the limit of four layers of heaven!

"What!"

Ye Chen was surprised.

Liu Changqing's magic weapon is strong and difficult to deal with. Now his cultivation has soared so much that the situation has suddenly become more difficult!

The realm of the heavenly monarch is a little worse. It's a world of difference.

"Hey, Lord of reincarnation, I know you are proficient in the formula of array characters."

"I won't show off my array words and divine texts in front of you. I'll briefly improve my strength so that the battle can end as soon as possible."

Liu Changqing smiled. He knew that Ye Chen was powerful and showed off his array in front of him. It was a teacher's axe.

Even if he has a magic word, it is useless.

Therefore, he released the divine script, which was not used to attack at all, but to build a blood array to temporarily improve his cultivation!

Many hundred flail martial artists behind him sat cross legged behind the blood array and silently practiced their skills.

Their Qi and blood gathered into the blood array to maintain the operation of the array, so that Liu Changqing's cultivation can always maintain a full state.

"My strength is not weak now. Lord of reincarnation, I hope you can compete!"

Liu Changqing smiled grimly. At the moment, relying on the array, he was briefly promoted to the limit of the fourth floor. His aura soared greatly. His body suddenly flashed like a startling electricity and killed Ye Chen. He took a hard blow at Ye Chen.

The ferocity of this palm is like breaking the starry sky.

The devil emperor and Nangong Yaqing were also secretly shocked to see Liu Changqing's fierce appearance.

"Daqianchonglou palm!"

Ye Chen's face sank. He knew that the other party was strong, but he didn't want to show weakness. He directly broke out the strongest move among the nine heavenly gods.

Boom!

The extremely fierce palm pushed Liu Changqing hard.

Bang!

The two palms hit each other and blew up the surging weather waves, which made the mountains thousands of miles around crack and break, and the vigorous wind surged.

Chapter 7588

Ye Chen retreated three steps in embarrassment.

Liu Changqing, on the other hand, only took a half step back.

"Hahaha, Lord of reincarnation, your palm technique is invincible. Unfortunately, your cultivation is a little poor!"

Liu Changqing's palm was a little numb, but he looked calm and laughed.

Ye Chen's daqianchonglou palm is indeed the first in the nine heaven divination. It is just fierce and has no couple.

However, in the absolute realm gap, all martial arts and supernatural powers are vain.

If ye Chen also has Tianxuan realm, his thousands of Chonglou palms will burst out, and 10000 Liu Changqing will die.

Unfortunately, ye Chen has only seven layers of Taizhen.

It is naturally very difficult for him to fight against Liu Changqing in this state.

In the almost desperate state gap, he naturally lost the battle.

"Let my death knell take you on the road!"

Liu Changqing was powerful and unforgiving. He sacrificed the death knell of the heavenly witch. With a wave of his big hand, the ancient and sad bell sounded. The copper bell was suppressed by his head towards Ye Chen.

"Be careful!"

The devil emperor and Nangong Yaqing exclaimed at the same time.

They deeply felt the horror of the witch's death knell that day. With the strength of Liu Changqing's four layers of heaven in Tianxuan territory, they were afraid to crush Ye Chen alive!

For a moment, ye Chen fell into great pressure.

His body is under the threat of repression.

His spirit, under the influence of the death knell, also shook a little.

"Want to suppress me? You're not qualified!"

However, ye Chen's eyes did not waver.

"Six samsara, break it for me!"

He looked up to the sky and drank violently. He grasped the reincarnation Heavenly Sword. The energy of the six reincarnation methods was poured into it. A golden sword, with the power of tearing the world, rushed to Liu Changqing.

Liu Changqing looked at the sword that came from the explosion, and his eyes contracted slightly. He hurried back and urged the tianwu bell to block in front of him.

Zheng!

Ye Chen cut the death knell with a fierce sword, and immediately cut a deep scar on the surface of the death knell.

"It's a magic weapon that can hurt me. Reincarnation Heavenly Sword deserves its reputation!"

Seeing that the magic weapon was damaged, Liu Changqing raised his eyebrows and stared at the reincarnation Heavenly Sword in Ye Chen's hand.

"But, you sword, the soul of the sword is incomplete."

"Moreover, the prohibition of sword Qi has not been completely untied."

"Ten percent power, you can't play 20 percent."

"It seems that heaven helps me today! If you take charge of all the edges of reincarnation sky sword, I will die. Unfortunately, your current edge is not enough to attack me!"

Liu Changqing's eyes are very fierce. At a glance, he can see that ye Chen's reincarnation sky sword has not collected six sword souls, but one is still missing.

Moreover, the prohibition of sword Qi has not been untied.

Even when the soul of the sword is not complete, the prohibition of reincarnation Heavenly Sword has not really emerged, and it can't be cracked if you want to crack it.

At the moment, ye Chen can only exert the power of reincarnation sky sword by about 10%.

It is naturally wishful thinking to rely on this power to reverse the four layers of heaven in the mysterious realm.

"The death knell of the ancient witch, show your Majesty in the world, and crush all the sins in the world!"

Liu Changqing uttered an ancient and sonorous chant, and his aura poured into the witch's death knell that day.

Buzzing, buzzing!

The death knell of tianwu shook violently, and the golden light bloomed, showing the virtual shadow of an ancient immeasurable strong man!

The death knell of tianwu is an immeasurable artifact made of the bones of immeasurable strong people.

Any immeasurable artifact can show the virtual shadow of the immeasurable strong at a special moment, so as to break out the strongest blow.

Of course, this kind of attack will greatly consume the vitality of the magic weapon.

This time, Liu Changqing directly sent out the strongest blow, obviously to make a quick decision.

After all, the details of reincarnation are unfathomable.

He was afraid that ye Chen had any cards left and let himself capsize in the gutter. That would be trouble.

The dim shadow of the immeasurable strong shrouded the death knell of the witch that day.

The death knell of the heavenly witch, with the power of suppressing the world, fell towards Ye Chen's head town.

At the time of the death knell, there was also a rapid and terrible bell between heaven and earth. Every bell seemed to strike people's heart.

Puff!

Puff!

Puff!

Behind Liu Changqing, his subordinates, those martial artists in the hundred yoke territory, vomited blood and fell to the ground.

The bell of the death knell is not divided between us and the enemy, and even our own people will be hurt.

Ye Chen looked at the death knell and suppressed it fiercely. He immediately felt the overwhelming pressure.

"The Heavenly Sword soars into the sky, reincarnate the kingdom of heaven, open it to me!"

At the critical moment of life and death, ye Chen clenched her teeth and directly burned the reincarnation blood essence.

Then, he held the reincarnation Heavenly Sword vertically, and a touch of sword Qi rose into the sky, rumbling, forming a vast field.

That is the sacred realm of reincarnation!

Through the burning of reincarnation essence, ye Chen broke out the sword Qi of reincarnation Heavenly Sword, and launched the weather of reincarnation heaven.

In the vast holy land of heaven, surrounded by countless believers, a holy grail is slowly blooming with bright golden light.

"Eh, it's actually... The holy cup of human slaughter!"

"This is your card!"

Liu Changqing looked at the Holy Grail with deep fear in his eyes.

He never thought that the most murderous magic weapon in the legend was in Ye Chen's hand.

Chapter 7589

Moreover, the Holy Grail, contaminated by Ye Chen's reincarnation blood, even washed away the hostility on the surface and burst out the holy light of reincarnation.

Liu Changqing is sure that if the majesty of the Holy Grail erupts, he will die.

"If you want to use the Holy Grail, I'm afraid you don't have this chance!"

Liu Changqing drank violently, and the extreme aura of the four layers of heaven in Tianxuan territory erupted. Unexpectedly, he blew up a layer of green vigorous Qi, and his big hand burst out like covering the sky. He took the death knell of tianwu and rolled hard towards the Holy Grail.

Click, click!

Liu Changqing's tianwu death knell, rumbling down, ye Chen's reincarnation to heaven, suddenly issued a voice of unbearable burden.

The holy land of reincarnation crumbles inch by inch.

The mountains and rivers of heaven collapsed one by one.

Ye Chen's followers are dying one by one.

The death knell is ringing, and samsara is fading.

Ye Chen's hands holding the sword were trembling, the bones were exploding, and the green tendons were suddenly protruding. The reincarnation Heavenly Sword seemed to be falling off at any time.

His magic power is really very powerful.

His weapons and magic weapons are also proud of the heavens.

However, compared with Liu Changqing, his cultivation level is really too far away!

In the real world, to measure a person's core combat effectiveness is always cultivation!

What martial arts, magical powers, weapons and magic weapons are only foreign objects after all.

Only their own cultivation is eternal and powerful existence!

The cultivation of the four layers of heaven in Tianxuan territory is not suppressed at all. Coupled with the leapfrog talent and strong cards, it is too strong, too terrible and too vast.

Moreover, Liu Changqing also has an immeasurable artifact, the death knell of tianwu!

He poured all the majesty of the four layers of heaven in his mysterious realm, mixed with the death knell of the heavenly witch, into Ye Chen's head.

Ye Chen's reincarnation heaven is collapsing. The Holy Grail and golden light suspended in the heaven are suppressed, whining and buzzing, and the dust is about to be knocked down.

Under the absolute strength gap, ye Chen didn't even have the chance to use the Holy Grail. He was completely crushed.

"Master Yan, help me!"

Ye Chen roared in his heart and made a sound to Emperor Yan of chaos.

His cultivation breath is not enough. He must have the support of reincarnation to resist Liu Changqing's suppression.

"Boy, you're crazy!"

"Now you are burning reincarnation blood. Your meridians are very fragile. If you carry my strength, you are afraid to die on the spot!"

Chaotic Yan Emperor blushed. He felt that ye Chen was in a very fragile and dangerous state at the moment.

Ye Chen is already burning the essence of reincarnation. Under the burning of blood vessels, his meridians naturally become extremely fragile.

If you bear the energy of chaotic Yan Emperor again, I'm afraid the meridians will split on the spot and become useless.

"Master, come on!"

Ye Chen's eyes were torn. Looking at Liu Changqing's constantly repressed palm, she was extremely nervous.

Rather than being run over by Liu Changqing, it's better to fight.

He is gambling that his meridians will not break after he bears the energy of chaotic Yan Emperor.

Emperor Yan of chaos also deeply felt Ye Chen's madness. He sighed and poured all his aura into Ye Chen in an instant.

Boom!

With the help of chaotic Yan Emperor, ye Chen's meridians seem to have infinite magma explosion and energy explosion.

His body suddenly burst into flames.

The blazing flame turned into many visions, such as dragon, Phoenix, unicorn, lion dragon and so on.

The holy land of reincarnation in heaven was suddenly stabilized. Volcanoes rose from the ground and erupted towering lava.

At this moment, ye Chen seemed to incarnate the chaotic Yan Emperor and completely resist the suppression of Liu Changqing.

"What!"

Liu Changqing was surprised. Under the threat of Ye Chen, he even retreated more than ten steps in panic.

At this moment, ye Chen could not see his original appearance. He was wrapped with blazing fire all over, like a god of war of fire.

"This is not your strength! Who is behind you!"

Liu Changqing roared loudly and suddenly found something wrong.

Using the energy of chaotic Yan Emperor, ye Chen's breath at the moment was so majestic that the fierce flame burst out and made the whole star burn.

The devil emperor and Nangong Yaqing were stunned when they looked at Ye Chen's domineering figure.

Ye Chen's flame burns so strongly that they are worried that ye Chen will be burned to ashes by his own flame!

"It's time to end all this!"

"Reincarnation holy light chop!"

Ye Chen took a big step, the whole star seemed to be stamped through by him, and the reincarnation Heavenly Sword in his hand cut out wildly.

The Holy Grail in the sky, buzzing and releasing thousands of golden lights, resonates faintly with the reincarnation Heavenly Sword.

Ye Chen's sword, which combines the energy of reincarnation Heavenly Sword and Holy Grail, is so fierce that it can't be imagined.

The heavenly power of reincarnation and the murderous spirit of the human slaughter holy cup gathered into a golden red holy light, which was cut to Liu Changqing with the power of destroying the withered and decadent.

"No!"

Liu Changqing's pupils contracted and even stopped breathing.

Reincarnation Heavenly Sword, human slaughter holy cup, the power of the integration of the two, how powerful.

In addition, ye Chen burns reincarnation blood essence and borrows the energy of chaotic Yan Emperor. Even Liu Changqing can't resist at the moment.

"Stop it!"

Liu Changqing roared, urging the death knell of tianwu to block in front of him.

Zheng!

However, a terrible scene appeared.

Ye Chen's reincarnation holy light cut off and exploded. It was a sword that cut off the death knell of the witch that day.

The death knell of tianwu, this immeasurable artifact, could not stop the sword light of reincarnation, and was cut in half on the spot!

It can be imagined how terrible Ye Chen's sword power is. It's incredible.

Puff!

The sword light and remaining power were particularly strong. After cutting off the death knell, he cut Liu Changqing's body with a fierce sword.

Liu Changqing was beheaded on the spot, his blood and internal organs were sprayed all over the ground, his eyes were wide open, and he died miserably in great despair and fear.

Plop.

After killing Liu Changqing, ye Chen also fell to the ground, lost all the light of Reiki and became dead.

Ye Chen wanted to move his body, but found that he couldn't even move a finger. His muscles seemed to have dissolved, and his meridians were completely broken.

"Boy, you lost the bet."

Emperor Yan of chaos made a cold voice.

He can clearly feel that ye Chen's meridians have been completely broken and become useless.

Although Ye Chen won the war, the price was too huge.

Kill the super genius of Tianqing League, which is the most powerful in the world. Although the war record is as strong as heaven, at the end of the battle, ye Chen's meridians are broken, and the end is extremely miserable.

The devil emperor and Nangong Yaqing were shocked to see ye Chen kill Liu Changqing.

They didn't expect that experts such as Liu Changqing had the cards against the sky. Such a strong existence was killed by Ye Chen. It was against the sky.

Chapter 7590

However, when they saw Ye Chen fall, they felt something bad.

Although the war was won, I'm afraid it was a tragic victory.

They hurried to Ye Chen and picked him up from left to right.

"Brother ye, are you okay?"

Nangong Yaqing stared at Ye Chen with tears in her eyes, and her heart was full of gratitude.

If it weren't for protecting her, ye Chen might not be reduced to this.

Now Liu Changqing is dead, and tianwu's death knell has been cut off. Nangong Yaqing's death knell erosion has completely dispersed, and there is no serious harm to her body and spirit.

But ye Chen, however, had all his meridians broken.

"His meridians are broken, which is troublesome."

The devil emperor explored Ye Chen's lifeblood and felt bad.

Ye Chen's constitution is extremely strong. On the other hand, it means that if he suffers any serious trauma, it is thousands of times more difficult than ordinary people to recover.

If the meridians of ordinary people are broken, the demon Emperor may have a means of treatment.

But ye Chen's physique is too strong. Once he is badly hurt, it is difficult for him to recover.

"Will brother ye die?"

Nangong Yaqing asked hurriedly.

"He won't die, but all his meridians are broken. In the future... I'm afraid he'll become a useless man."

The devil's voice is extremely dignified.

"Become a loser..."

Hearing this, Nangong Yaqing also deeply felt the seriousness of the situation.

With Ye Chen's strong cultivation, if he becomes a useless man, it's even worse than killing him.

Ye Chen listens to the dialogue between the devil emperor and Nangong Yaqing and wants to say something, but his injury is too serious to say a word.

"Is there any cure?"

Nangong Yaqing asked.

"Unless you go to the wanxu temple and borrow the real green bamboo fairy pool."

The demon emperor shook his head and the green bamboo fairy pool, among the four fairy pools, is famous for healing.

With the help of Cuizhu Xianchi, ye Chen can recover naturally.

But the problem is that the green bamboo fairy pool is in the wanxu temple, and ye Chen can't get it at all. This method is tantamount to a dead end.

"Green bamboo fairy pond..."

Nangong Yaqing's eyes turned as if she had been reminded of something and said, "there is an eternal immortal pool at the bottom of my eternal temple. Although it is not as good as the four immortal pools, it also has its powerful effect. Maybe it can cure brother Ye."

The devil's eyes lit up and said, "eternal fairy pool? Just try. If this boy really becomes a waste, it's worse than killing him."

Nangong Yaqing gave a "um" and nodded solemnly.

At that moment, she and the demon emperor helped Ye Chen, tore the void and returned to the eternal temple.

The eternal temple has long been in ruins.

When the three returned, they saw that there were more than a dozen people of the eternal Temple cleaning up silently on the ruins.

"Miss!"

The dozen Temple disciples saw Nangong Yaqing coming back and saluted hurriedly. Their voice was full of surprise and sadness.

"You're not dead yet?"

Nangong Yaqing was surprised and stunned to see survivors.

A temple disciple said, "young lady, I'm ashamed. When the enemy attacked, we heard the death knell and were afraid, so we hid in the underground eternal fairy pool."

Another temple disciple stood up, knelt down and said, "Miss, we should die before we escape!"

It turned out that these disciples escaped from the battle and hid in the underground eternal fairy pool, so they narrowly escaped.

Nangong Yaqing sighed and was sad. She shed tears and said, "I don't blame you. The enemy is too powerful. It's good if you can survive."

The disciples were silent, speechless and wept one after another.

Nangong Yaqing said again, "the enemy has been destroyed by the Lord of reincarnation, but he has been seriously injured and urgently needs the treatment of eternal immortal pool."

When the disciples looked, they found that the person supported by Nangong Yaqing was Ye Chen.

At the moment, ye Chen, covered with blood, is extremely weak. Where is the previous style and spirit.

"The Lord of reincarnation was hurt so badly!"

All the disciples were shocked and hurriedly helped Ye Chen into the ground with Nangong Yaqing and the devil emperor.

The underground world is the secret of the eternal temple.

Underground, Nangong Yaqing saw more than a dozen survivors.

Everyone is very sorry when they get together.

Ye Chen opened her eyes slightly and looked around to see that there was a pool in the dark underground world.

The water in the pool was filled with a hazy mist, emitting a strong aura, which moved Ye Chen's heart.

This pool is naturally the eternal fairy pool, the secret of the eternal temple and the birthplace of ethnic orthodoxy.

"Brother ye, you must hold on!"

Nangong Yaqing bit her red lips and helped Ye Chen into the eternal immortal pool with her surrounding disciples.

The eternal immortal pool has a strong aura. Thousands of Dayuan pills can be refined in a drop of water. It is extremely precious.

Relying on the water of the eternal immortal pool and auxiliary cultivation can also get twice the result with half the effort.

At ordinary times, the water in the eternal temple is taken bit by bit, which is very cherished.

But now, in order to treat Ye Chen, Nangong Yaqing can't care so much. She directly asks Ye Chen to immerse himself in the pool water.

The disciples around the eternal Temple naturally have no opinion. After all, the Taoist tradition of the eternal Temple depends on Ye Chen to preserve the fire.

Without Ye Chen, Nangong Yaqing may have been ravaged to death.

Ye Chen was immersed in the pool water. She felt comfortable all over and sighed a long sigh.

In the cool pool water, Reiki energy continuously converged into his meridians.

His broken meridians healed rapidly under the treatment of eternal pool water, and a layer of golden light gradually appeared on his body, which was a sign of the recovery of reincarnation breath.

Nangong Yaqing, Zhetian demon emperor, and the temple disciples around them were pleasantly surprised to see this scene.

"Brother Ye is saved!"

Nangong Yaqing even burst into tears with excitement.

"Bagua Tiandan, open!"

Ye Chen soaked in the pool water and noticed that the meridians were constantly recovering. He immediately opened the eight trigrams heaven pill technique to accelerate the absorption of pool water energy.

Woo woo——

An amazing scene appeared. I saw that the water of the whole eternal fairy pool was crazy absorbed by Ye Chen.

The pool water dried up quickly. In the blink of an eye, ye Chen absorbed all the pool water into his body.
