Chapter 7601

At this moment, Hongjun's eyes were brighter than ever before, and the shackles in his eyes had obviously been cut off.

"Hongjun, you... The shackles of your eyes have been cut off?"

Jianjia fairy is a little incredible. She asked.

Hongjun said, "yes, it's very simple."

Jianjia fairy was stunned and said, "it's very simple? Why can't I do it?"

Hongjun said with a smile, "because there is no world in your eyes."

"If you want to cut off the shackles of your eyes, you should have an atmosphere that embraces the world."

Jianjia fairy said, "do you want to say I'm stingy?"

Hongjun said, "no, you have me in your eyes. Unless I die, your chains cannot be cut off. I am your chains."

Jianjia fairy blushed and said, "nonsense."

Hongjun's ancestor sighed, "in fact, there is another way to cut off the shackles of his eyes."

Jianjia fairy asked, "what way?"

Hongjun's ancestor said, "just stab your eyes blind. If your eyes are blind, the shackles will no longer exist."

The Jianjia fairy said, "nonsense! Your body is fat and you are affected by heaven and earth. If there is any damage, you can't get the road. If you are blind, even if you cut the yoke successfully, it will be difficult to become a big weapon in the future."

Hongjun said with a smile, "I only talk about the way to cut off the shackles of my eyes, not the future."

Jianjia fairy said, "there's the last one? The shackles of the heart, why don't you continue to impact?"

Hongjun shook his head and said, "it's meaningless. I can't cut off the last yoke."

Jianjia fairy said, "why?"

Hongjun Lao Zu stared at her face and said softly, "because I have you in my heart, you are my yoke. How can I cut it off?"

.....

The picture here, completely dissipated.

Ye Chen was shocked and stayed in place.

Ren Feifan retracted his technique, and the surrounding smoke dispersed. He took a slight breath, slightly recovered his spirit, and said, "boy, how do you feel?"

The new technique obviously consumed him a lot.

Ye Chen was at a loss. He seemed to understand something, but he couldn't accurately capture it. He said, "only a little..."

Ren Feifan said, "you should be able to cut off the shackles of your eyes, because your eyes are enough to accommodate the world. There will be nothing that can hinder your eyes."

"But, finally, the shackles of the heart..."

Ye Chen felt a chill in his heart. It was really difficult to break the shackles of his heart.

His heart, carrying too many things.

"Elder, if I want to cut off the shackles of my heart, do I want to abandon everything?"

If you cut off the shackles of the heart and want to abandon everything, ye Chen absolutely can't accept it.

Ren Feifan shook his head gently and sighed, "I don't know. No one has ever cut off this last shackle of the heart. No one knows how to cut it off."

"Although Hongjun's ancestor failed to cut off his heart lock because of his attachment to the Jianjia fairy."

"However, it is difficult to say whether the shackles of the heart have anything to do with feelings."

"I think the ultimate of the avenue is definitely not to ask people to abandon everything and become a cold-blooded and ruthless monster. There must be other ways to cut off the shackles of the heart."

Ye Chen was silent. Let alone the shackles of the heart. He felt extremely dangerous in front of the skull shackles.

If you fail and your skull breaks, it's definitely death.

"Lord of reincarnation, Ren extraordinary, do you want to cut off the shackles of the heart?"

At this time, the sea around the desert island suddenly shook violently.

Strands of indescribable, indescribable strange smell spread around.

That is the breath of nothing!

Then, the breathless tumbling, a rather illusory figure, was projected down.

It was a figure wearing a Taoist robe, with immortality and white hair and long beard. It was the appearance of Hongjun's ancestor after flying up!

"Hong... Hongjun ancestor..."

Ye Chen was completely stunned and stunned. He didn't expect Hongjun's father to come.

"Lord of reincarnation, we meet again."

Hongjun's grandfather smiled and looked at Ye Chen kindly.

Ren Feifan was dignified and silent, staring at Hongjun's ancestor, as if he wanted to peep into the ultimate mystery from behind this figure.

Now Ren Feifan is already an immeasurable strong man. He has almost reached the limit of practical martial arts. If he wants to break through, he must prove that there is nothing.

Therefore, he is also very curious about the law of no time, no space and No.

Looking at Ren Feifan, Hongjun said with a smile, "don't stare at me. Before you kill the feather emperor, you can't prove that there is no Tao. Your Tao heart is still blocked."

Ren Feifan had no choice but to smile, so he took back his eyes and said, "this is very true."

Hongjun said, "you're really brave. You deduce my secret and reproduce the picture of my flail cutting in those years. Aren't you afraid of being eaten back by the river of years? My age is too old, too old..."

Ye Chen was stunned. Listening to the words of Hongjun's ancestor, Ren extraordinary didn't seem to be the first time.

It seems that when Ren Feifan was able to cut the flail ninety-seven, he should also have spied on the mystery of Hongjun's flail cutting. Therefore, he can reach such a terrible step and become the first person in the world to cut the flail.

Ren Feifan said, "I'm the protector of reincarnation. Naturally, I want to help this boy. If I accidentally disturb my grandfather, please forgive me."

Hongjun's grandfather waved his hand and said, "it doesn't matter. I've stepped into no time and space. All the waves in the real world can't affect me."

Ren Feifan moved in his heart and finally couldn't help being curious. He asked: "what kind of world is there? It's said that even the concept of nothingness doesn't exist, and there is no concept of reality. It's even impossible to describe it. How can people survive in it?"

Hongjun said with a smile, "it's easy to tell you."

Then he flicked his finger, a golden light came out, and fell between Ren extraordinary's eyebrows.

Ren Feifan was stunned. Then his eyes showed a sudden understanding and incomparable admiration. He said, "I see, I see!"

Obviously, Hongjun's ancestor has told Ren Feifei the secret of people in the real world if they live without time and space.

Ye Chen was very curious and asked, "elder Ren, what's going on?"

Ren Feifan shook his head and said, "there is no world. For you now, it is too far away and knows too much, but it affects your heart."

Ye Chen was helpless and said, "OK..."

Hongjun said with a smile, "Lord of reincarnation, don't be too impatient. Now, you still find a way to break through the shackles. It's not impossible to break a hundred shackles."

Ye Chen hurriedly said, "please give me some advice on how to achieve 100 flail cutting!"

Hongjun's ancestor said, "among the 100 shackles, the last shackle of the heart is the most difficult to break."

Chapter 7602

"I didn't cut it off at that time, but after I stepped into the world of nothingness, my horizons widened a lot, and now I have a clear understanding."

"If you want to cut off the shackles of your heart, you may have to face your heart first."

Ye Chen murmured, "face your heart?"

Hongjun's ancestor said, "yes! That is to face up to your heart and all sins, greed and lust."

"People are not walking dead, people have desires."

"Desire is a part of man. People without desire are no different from machine puppets."

"Many people think that the cultivation of the Tao heart is to cultivate the Tao heart to a state of no desire, no desire and purity of all things. In fact, it is not."

"A really strong Taoist heart is to always face yourself, understand what you do, and always stick to your martial arts."

When ye Chen and Ren Feifan heard the words of Hongjun's ancestor, they looked at each other and seemed to catch something

Hongjun then said, "just like the people in the devil's way, they keep killing. Don't they have a chance to testify?"

"Of course not! It's just that the way of evil is the way of evil, but the way of evil is also one of the ways!"

"The road is invisible. Good and evil, beauty and ugliness are all roads. Thunder, rain and dew are all grace, that's it!"

"Heaven and earth are unkind, and take all things as ruminant dogs. In the eyes of heaven and earth, all things are the same as ruminant dogs, and there is no difference."

"In the face of no road, justice and evil are the same, and morality is only an artificial distinction."

"In a word, if you want to break the shackles of the heart, you must face your heart first and don't escape."

After a pause, Hongjun said with some regret, "when I cut the yoke, I didn't dare to impact the yoke of my heart because I was afraid."

"I was afraid of the shackles of the heart. After cutting off, I would forget my feelings for the Jianjia fairy. I didn't dare to face my lust directly. I finally chose to escape, so I couldn't achieve the 100 yoke cut."

"If you give me another time, I may face my heart and admit that even if I reach the peak of the road, I still have seven emotions and six desires. I also want to love or be loved."

"In terms of emotion, I am no different from ordinary people."

"Unfortunately, I woke up too late."

At last, Hongjun gave a long sigh.

After hearing this, ye Chen and Ren Feifan were shocked and felt a lot.

"Face your heart..."

Ye Chen murmured to himself. The words of Hongjun's father gave him a new vision.

Good and evil, in fact, do not harm the road, as long as you can look directly into your heart.

Hongjun said with a smile, "after I figured it out, I tried all kinds of ways to prove the Tao, even killing many people. I caused great blood sin, but I can always face up to my heart."

"I know I have committed heinous crimes, but in order to testify, these crimes are worth it, so my Tao heart is always stable, and finally I smoothly stepped into the world of nothingness."

"Lord of reincarnation, you can try the same method in the future if you like."

Ye Chen smiled bitterly, shook his head and said, "no, if I really caused such a terrible killing, what's my conscience?"

Hongjun said, "also, everyone has everyone's martial arts. Your martial arts are different from me, as long as it doesn't violate your original heart."

Ye Chen nodded. Hearing this, he fully understood what Hongjun's father said.

Look straight into your heart and make your own choice. Don't regret and escape. This is the most correct way!

Whether it is good or evil, as long as your conscience can live, it will not affect the Tao heart at all.

For example, Hongjun's ancestor killed an unknown number of people, which is more called human slaughter, but he had a good conscience. He regarded all sentient beings like mole ants and didn't treat people as people at all. There was no obstacle in his heart, so he finally soared smoothly.

"As long as I can always look directly into my heart, I can cut off the shackles of my heart and achieve the unprecedented hundred shackles?"

Ye Chen stares at Hongjun's ancestor, sees the hope of cutting off 100 flail, and asks.

Hongjun smiled, shook his head and said, "what do you think? It's too simple for you to cut off a hundred flails!"

"I'm just giving you an idea."

"The human heart is too complex, more complex than the world without. If you really want to cut off the shackles of the heart, how can it be so easy?"

Ye Chen was dumb and thought that the advice of Hongjun's father could let him find the truth of cutting off a hundred flails.

Unexpectedly, Hongjun said that this was just a way of thinking, not an exact truth!

After all, people's hearts are too complicated!

"It's better to have a way of thinking than to have no clue."

Ye Chen had no choice but to smile bitterly, so she had to comfort herself.

Hongjun's ancestor said, "this last shackle of the heart, I was afraid to escape and never impacted, but Tianya was really impacted. You can feel the picture of cutting the shackles at Tianya that year, maybe you can gain something else."

Tianya is Wuzu Tianya.

Ye Chen said, "where can I see the flail cutting experience of elder Wu Zu? Please give me some advice!"

Hongjun pointed to Ren extraordinary and said, "you ask him, he knows everything. I'll go first."

"Remember my words. If you want to break the shackles of your heart, you must first face up to your heart, don't regret anything, don't escape."

"Heaven is healthy, and a gentleman is constantly striving for self-improvement. What has happened can no longer be changed. All we can do is face it more calmly and honestly."

After a few words, the figure of Hongjun's ancestor faded slowly and finally disappeared completely.

Chapter 7603

"Heaven is healthy, and a gentleman keeps improving himself..."

Ye Chen whispered the words left by Hongjun's ancestor, as if thinking.

Ren Feifan is also a thoughtful appearance. Both of them are in the wonderful realm of Tao heart enlightenment.

Hongjun's father came this time and taught sermons, which gave them great inspiration.

They stood silently in the same place to understand the Tao, standing still like sculpture.

Hiss, hiss, hiss!

Suddenly, on the sea in the distance, there were figures coming.

But they are female disciples of Jianjia sword sect.

"The smell here fluctuates very strangely. Is it because an outsider broke in?"

Several female disciples were cruising around the desert island. Suddenly, they caught a glimpse of the sculpture like Ye Chen and Ren extraordinary.

"Oh, it's the Lord of reincarnation!"

A female disciple exclaimed.

Later, other female disciples also saw Ye Chen's appearance clearly. They immediately became strict and wanted to fight, but they were afraid of Ye Chen's once strong and dared not move.

Ye Chen and Ren extraordinary are at the juncture of self enlightenment and are disturbed by these Jianjia disciples.

Ye Chen returned to his mind. He was speechless bored in his eyes and shouted, "get out of here!"

The voice fell, and ye Chen burst into thunder all over, and the thousand birds way broke out.

Wisps of lightning turned into thousands of birds, and the clear sound of birds startled the sky. The current of thousands of birds swept forward like a purple tide.

Those female disciples were suddenly shocked. They only felt that ye CHENLEI's method was powerful and far more powerful than before.

They dodged in confusion, then dared not stay any longer, turned and fled.

Being disturbed by them, ye Chen and Ren extraordinary also completely stopped the state of Daoxin perception.

"Boy, how much did you understand the words of Hongjun's father?"

Ren Feifan asked with a smile.

Ye Chen said with a wry smile: "even if we fully understand it, we may not be able to cut off the shackles of the heart. After all, Hongjun's father also said that the people's heart is too complex. He just provides us with a way of thinking."

"Besides, before cutting off the shackles of the heart, the shackles of the eyes and the shackles of the skull are extremely dangerous. It's hard to say whether they can hold up to peep into the shackles of the heart."

Ren extraordinary nodded and said, "it's true. It's not enough for you to understand the meaning of Hongjun's cutting shackles. You must feel the idea of Wuzu again!"

Ye Chen already has the Taoist heart of Wu Zu. If he can understand the picture of Wu Zu's cutting shackles in the past, it will be of great benefit to him.

Just now, Hongjun's ancestor also said that Ren Feifan knows the mystery of Wuzu's flail cutting.

Ye chenlian hurriedly asked, "elder Ren, where are we going next? Where on earth can we see the meaning of Wu Zu's flail cutting?"

Ren extraordinary looked slightly dignified and said, "the place to go next is quite tricky. It's not outside the territory, but in a place called Wuyuan."

Ye Chen said, "Wu Yuan?"

Ren Feifan said: "yes, Wuyuan has many connections with Wuzu. It is said that Wuzu personally opened up the big world and even bred a super sect called Wuyuan hall."

"Wuzu once left a lot of inheritance in the world. Even in the world, there are mysterious sects that believe in Wuzu."

"The Wuyuan hall is a relatively powerful sect in the inheritance of Wuzu."

"The mysterious picture of Wu Zu's decaying flail is sealed in the decaying flail martial arts field by Wu Yuan hall. If you want to understand, you must go to Wu Yuan!"

Ye Chen said, "senior, will you go with me?"

Ren Feifan shook his head and said, "I won't go. I can't get too much cause and effect in Wuyuan. Besides, I just recreated the secret of Hongjun's flail cutting for you. It consumes too much and needs a rest."

Ye Chen said, "I'm sorry..."

Ren Feifan said, "it doesn't hurt. Take my Fu Zhao to Wuyuan."

Ren extraordinary's aura gathered, turned into a talisman and gave it to Ye Chen.

"This talisman sealed up my idea of cutting flail. It may be useful to you."

"The place of Wuyuan is also the best place for martial artists to cut off their shackles!"

"The core place of Wu Yuan is called the decaying flail martial arts field, which was founded by Wu Zu in those years. Wu Zu's idea of decaying flail is also in it. If you can step into the decaying flail martial arts field, you may have the opportunity to cut off a hundred chains!"

Ye Chen said, "elder Ren, did you go to the decaying flail martial arts field?"

Ren Feifan said: "yes, I, the heavenly daughter, the ancient emperor of the feather emperor, and the demon ancestor Wutian. The old lord Wujue God broke through in the flail cutting martial arts field. It's much easier to cut flail in that place than the outside world."

The flail cutting martial arts field is sealed with the idea of flail cutting of Wuzu. Therefore, if you break through the flail cutting in that place, you will have great gain and great benefit.

Ye Chenda was shocked and said, "what!"

He didn't expect that so many great people had come to the decaying flail martial arts field. It seems that it is really a big deal.

Any extraordinary palm swings, the air flow in front rotates, and countless Spatial Laws converge to form a door of emptiness.

"If you cross this gate, you can enter the Wuyuan world, but if you want to go to the decaying flail martial arts field, it's up to you. I can only send you here." Ren extraordinary way.

Ye Chen said, "yes, elder Ren, I'll go in." The voice was rather reluctant.

Ren Feifan nodded and said, "well, I wish you all the best. I look forward to the day when you can really cut off your yoke and become the first person in history!"

Ye Chen said, "I will! Elder Ren, goodbye."

At that moment, ye Chen said goodbye to Ren extraordinary and stepped into the door of emptiness.

After a whirl of heaven and earth, ye Chen crossed the gate of emptiness and came to a vast and rich world.

"Is this the Wuyuan world opened up by Wuzu?"

Ye Chen looked around curiously. The world was so vast that there was no boundary. Mountains, rivers, cities, pavilions, pawns, peddlers, martial arts practitioners, sun and moon rules were the same as the outside world.

Ye Chen felt the Fu Zhao given to him by Ren extraordinary in his arms, buzzing and resonating with a place far away.

"The decaying flail martial arts field should be over there."

Ye Chen looked at the direction of Fu Zhao's resonance and guessed in his heart.

He just wanted to go to the decaying flail martial arts field as soon as possible and understand the ideas left by Wu Zu.

At that moment, ye Chen rose up against the wind and flew to the decaying flail martial arts field.

When he first came to Wuyuan world, he was not familiar with the law structure of the world, so he did not use the means to tear the void.

However, shortly after ye Chen flew up, there was a cry behind him:

"Stranger, stop!"

Ye Chen was stunned when she heard the word "stranger". She remembered that when she first went to the inner earth, she was also called "stranger".

He hasn't heard this name for a long time. He didn't expect to hear it in this Wuyuan world.

Ye Chen looked back and saw several guards coming in the clouds and blocking his way.

"Stranger, what's your name? Since you came to our Wuyuan world, why don't you go to the ancestral city to report?"

A guard scolded.

Chapter 7604

Ye Chen didn't expose any breath, but the other party knew at a glance that he was a stranger. I think he had a special snooping means.

Ye Chen didn't listen to what Ren extraordinary said and wanted to report anything. He thought, "is it that Ren senior deliberately tests me?"

After calming down, he arched his hands to the guards and said, "I don't know the rules when I came to your place at the beginning of next year. Please forgive me."

The guard looked at him and said, "all those who came to our Wuyuan world want to break through the flail cutting martial arts field. Your boy just didn't arrive in the eighth and ninth floors of the Taizhen realm. Why are you in such a hurry?"

Ye Chen thought for a moment and said with a smile, "I'm about to break through. Come and get familiar with it in advance."

The guards looked at each other. The previous guard was a little impatient and said, "OK, go to the ancestral city and report first. Besides, as long as you foreigners abide by the rules, our Wuyuan hall will never embarrass you."

Wuyuan Hall

When ye Chen heard these three words, he thought of Ren extraordinary words.

In the Wuyuan world, there is a huge force called Wuyuan hall.

Now it seems that the Wuyuan hall is obviously the exclusive overlord of the Wuyuan world. Outsiders have to report to the ancestral city of the Wuyuan hall.

At that moment, ye Chen followed the guards to the ancestral city.

Talking all the way, ye Chen knows more details.

It turns out that this Wuyuan world rarely communicates with the outside world. People living in Wuyuan world respect Wuzu.

After all, this big world, flowers, trees, sun, moon, stars, birds and animals, all created by Wuzu.

Wuzu is the highest god in the world!

Wuzu once left an oracle that he would recover one day after he fell.

Before he recovers, no one in Wuyuan world should go to the outside world.

Therefore, people in Wuyuan world never go out, but they do not resist the entry of outsiders.

As long as foreigners bring enough gifts and abide by the rules, Wuyuan hall is also very welcome.

After all, no matter how big Wuyuan world is, it can't compare with the vastness of the real world. There is always a lack of resources and materials.

The guards emphasized the gift offering many times.

Ye Chen was naturally interested. He sent out a lot of pill materials without money, which made the guards ecstatic, and his attitude changed 180 degrees.

"Dust night childe, this is the ancestral city."

The guards respectfully took Ye Chen to the ancestral city.

Ye Chen looked around the ancestral city under the pseudonym of chenye. He was just like the outside city, so he nodded.

A guard said, "according to the rules, childe chenye, you need to go to Wuzu square to test your heart. This rule is that the ancient emperor Yu and Ren tiannv should abide by when they come."

Wuyuan world is a neutral force and never interferes with external causes and consequences. Therefore, even if you are arrogant like the ancient emperor, you will not have the idea of occupying Wuyuan, otherwise you will disturb the soul of Wuzu and the consequences will be unimaginable.

Ye Chen nodded and heard the guards say the rules on the road.

All those who enter the Wuyuan world need to test the Tao mind first, mainly to test whether you have malice.

If you are malicious to the Wuyuan world and want to do anything to destroy, you will be detected immediately and have nowhere to hide.

Ye Chen followed the guards to the square.

Along the way, ye Chen felt that people in the street pointed at him, as if even a three-year-old child could see that he was a stranger.

It seems that people living in Wuyuan world can catch strange breath and find outsiders at a glance.

Fortunately, although they were curious, no one came out to harass Ye Chen.

After arriving at the square, ye Chen clearly saw that in the center of the square stood a huge statue.

It is the statue of Wu zuwu Tianya!

This statue is made of pure gold. The armor worn by Wu Zu is inlaid with all kinds of precious jewelry and jade, which is extremely luxurious.

Obviously, people in Wuyuan world worship and respect Wuzu very much.

When ye Chen came, a large number of believers offered sacrifices in front of the statue.

The guards cleaned up the scene, and the believers retreated to the side of the square. Their eyes fell on Ye Chen, a stranger, and pointed.

A guard respectfully said, "young master chenye, you can start the test, as long as you put your palm on the statue of Wuzu."

Ye Chen said, "OK."

At that moment, ye Chen took a step forward, calmed down and put his palm on the statue of Wuzu.

When his palm was close to the statue, he felt the shaking of the Tao heart and the release of Reiki in his body.

Buzz!

The golden statue of Wuzu shook.

Then, ye Chen's body also had amazing changes.

Pages of scriptures flew out of his body and lingered around him.

That's the page of tianwu Wolong Sutra!

The many pages, each of which exudes the breath of ancient famine, resonate perfectly with Ye Chen.

Ye Chen's Wuzu Taoist heart was also completely stimulated.

Boom!

He was full of aura explosion, powerful, powerful and full of war spirit. The Taoist heart of Wuzu was like roaring, which made the wind and cloud roll around and the sky turbulent.

Feeling his own change, ye Chen was surprised and hurriedly took back his palm.

But he didn't expect that when he tested the Taoist heart, he would lead to the mystery of Wuzu Taoist heart and tianwu Wolong Sutra.

This statue of Wuzu obviously has the ancient cause and effect of Wuzu. As soon as ye Chen comes into contact with the breath related to Wuzu, it is revealed.

Chapter 7605

The guards around, as well as the onlookers and believers, were shocked when they saw Ye Chen's exposed Wuzu Taoist heart and tianwu Wolong Sutra.

"What!"

"Wuzu Daoxin!?"

"Tianwu Wolong Sutra!?"

"Who the hell is this guy? How can he have the great atmosphere of Wuzu?"

Countless surprised voices sounded.

The Taoist heart of Ye Chenwu's ancestors and the weather of tianwu Wolong Sutra are becoming more and more majestic and powerful, and the rumbling concussion Xiaoyu.

"Is he the reincarnation of Wuzu?"

Others guessed that the sound of surprise around them was even worse.

The guards looked at each other and were shocked. They couldn't make up their minds and hurriedly reported to the high level.

After a while, a man dressed in armor and dressed up as a general came to the square, arched his hands to Ye Chen and said, "young master chenye, please take a step to talk to the next Wu'an state, the commander of the Wuyuan hall."

Ye Chen nodded and followed Wu'an to a military camp in the ancestral city.

In the camp, the two men sat down with the host and the guest.

Wu'an asked, "the childe has tianwu Wolong Sutra and has cultivated the Taoist heart of Wuzu. I don't know what the cause and effect is with Wuzu?"

Ye Chen said, "I am... The descendant of Wuzu."

Hearing the word "descendants of Wu Zu", Wu'an state and his left and right men were shocked.

Wu'an National Highway: "is the childe from the world?"

Ye Chen said, "no, I'm an overseas Chinese."

Wu Anguo was even more surprised and said, "if you are not the superior, you can also get the true biography of Wu Zu. Dare you ask the childe to follow the sect?"

Ye Chen pondered and didn't answer. He didn't want to expose his reincarnation identity.

Seeing this, Wu'an Guo said, "young master, it's inconvenient to disclose his apprenticeship?"

Ye Chen said, "yes."

Wu'an National Highway: "well, the Taoist heart test just now clearly proves that you have no malice towards our Wuyuan world. Are you here to cut off your yoke?"

If there is malice towards the world of Wuyuan, when the Taoist heart is tested, the black Qi of the statue of Wuzu will be revealed, and all kinds of evil thoughts will be exposed.

However, ye Chen does not have this weather.

Therefore, he has no malice to destroy the Wuyuan world.

Just want to cut the yoke here!

Ye Chen nodded frankly and said, "yes, I want to go to the decaying flail martial arts field. I will give you as many sacrifices as I need."

Wu'an waved his hand and said, "the childe is a descendant of Wu Zu and a friend of Wu Yuan hall. It's not necessary to worship, but it may be a little difficult for you to cut flail in the martial arts field now."

Ye Chen said, "what's the difficulty?"

Wu'an National Road: "the decaying flail martial arts field has been closed. The key is in the hands of the hall Lord. No one can open the prohibition of the martial arts field without his key."

"What's more, don't you only have eight layers of heaven in Taizhen? You haven't even reached the nine layers of heaven. Now you want to attack the shackles?"

Ye Chen said, "I'd like to make some preparations in advance and get familiar with it. I don't know why the decaying flail martial arts field should be closed?"

The decaying flail martial arts field is open for many years. Outsiders can go in to decaying flail as long as they pay enough sacrifice fees.

However, the sacrifice cost is extremely expensive, and ordinary people can't afford it.

Moreover, not everyone knows the secret of the Wuyuan world and the decaying flail martial arts field, so very few foreigners enter this world.

Since there are few people, the martial arts field has no reason to be closed. Ye Chen doesn't understand.

Wu Anguo's face was slightly dignified. He waved his hand, held back his left and right sides, lowered his voice, and asked Ye Chen, "son of chenye, have you ever heard of the iron throne?"

Ye Chen was shocked when he heard the word "iron throne" and said, "I've heard a little about the legend of the Iron Throne. Is the closure of the decaying flail martial arts field actually related to the magic weapon?"

He never thought that there was cause and effect between the Wuyuan world and the Iron Throne.

Wu'an National Highway: "exactly! We deduce the secret of heaven in Wuyuan hall and capture the breath of the birth of the Iron Throne."

"The spirit of the Iron Throne wants to find his master. He is likely to come to Wuyuan world!"

"Because there is the residual soul of Wuzu here. Once Wuzu recovers, no one in the world is more suitable to take charge of the Iron Throne than Wuzu."

The Iron Throne created by Hongjun's ancestor was originally prepared for Wu Zu.

This Wuyuan world is the world created by Wuzu himself, which is inextricably related to Wuzu.

If the spirit of the Iron Throne really catches the breath of the Wuyuan world, it will not be missed. He will surely come down.

Ye Chen faintly guessed something and was shocked.

Wu'an National Highway: "the smell of the Iron Throne is too strong. There is no world to accommodate except the world."

"Once the Iron Throne comes, our Wuyuan world will collapse."

"Therefore, the Lord of the temple closed the decaying flail martial arts field to weaken the cause and effect breath of Wuzu so as not to be found by the Iron Throne."

Hearing this, ye Chen understood, frowned and said, "when will the decaying flail martial arts field be reopened?"

If the martial arts field is closed, he will come in vain.

Wu Anguo sighed: "who knows, maybe it will not be reopened until the iron throne, go to the world and find the real master."

Ye Chen's face sank. When the Iron Throne found his master, God knows how long it will take. He hurriedly said:

"Now, I want to go to the decaying flail martial arts field and feel the avenue. I wonder if you can make it convenient and accommodate me. I can open a sacrifice for me temporarily. I can pay ten times as much as I need!"

Wu'an Guo frowned when he heard Ye Chen's request.

If it was an ordinary person, he must have refused.

However, ye Chen is a descendant of Wuzu. He has won the true biography of Wuzu. His identity is not small, and he can't bear to refuse.

Wu'an National Highway: "Alas, I can't make up my mind. I'll take you to the hall Lord." Then he stood up.

When ye Chen heard that there was hope, his eyes lit up and said, "thank you!"

At that moment, ye Chen followed Wu'an to Wuyuan hall.

Wuyuan hall, in the center of the ancestral City, is a continuous ancient imperial palace with magnificent architecture. At the gate of the palace stands a statue of Wuzu, which is made of white jade.

Wu'an went in to pass the news, and ye Chen waited at the gate of the palace.

After a while, Wu'an came out with a strange look and said, "young master chenye, the Lord of the temple asked you to go in."

Ye Chen glanced at wu'anguo and always felt that his expression was a little awkward, as if there was something wrong.

"Yes."

Ye Chen paid close attention and followed wu'anguo into the palace of Wuyuan palace.

As soon as he stepped into Wuyuan palace, ye Chen immediately found something strange.

With his keen heart of Wuzu Taoism, he was surprised to find out.

Here, it's murderous!

"What's the matter? Does the Lord of Wuyuan Temple want to kill me? I don't seem to offend this person!"

Ye Chen was secretly surprised.

Chapter 7606

The hall leader of Wuyuan hall, named Wu Tianqi, is a powerful person with boundless territory. His strength is very strong.

If the other party wants to kill, ye Chen is in danger.

Ye Chen's heart sank. He looked at Wu'an Guo and found that the latter was quite embarrassed.

Ye Chen felt that he didn't kill his heart and didn't want to die, but Wu Tianqi wasn't necessarily.

"Lord Wu'an, do you want to kill me?"

Ye Chen paused and asked directly.

As soon as this sentence was asked, Wu Anguo turned white with surprise, looked at him in amazement and said, "you... How do you..."

The left and right guards pulled out their weapons and were murderous.

Ye Chen knew that he had stepped into the dragon's pool and tiger's den. With a bang, his aura exploded. On the spot, he overturned wu'anguo and the surrounding guards.

"Hehe, it's worthy of being a descendant of Wuzu. It's really strong!"

A thick voice sounded.

I saw a majestic figure coming down in the sky of the distant hall, emitting an incomparably vast breath.

That is the breath of the immeasurable strong!

This person is naturally the Lord of Wuyuan hall, Wu Tianqi!

With Ye Chen's current strength, there is no chance of winning against the immeasurable strong.

Ye Chen's face twitched a few times, and she was ready to burn her reincarnation blood and use all her cards. Even if she was defeated, she would fight to death!

"Don't panic, I don't want to kill you."

Wu Tianqi walked slowly to Ye Chen step by step. The majestic and boundless pressure enveloped the four sides and suffocated.

"You don't want to kill me?"

Ye Chen's eyes sank, but she clearly felt that Wu Tianqi was still murderous!

"Hehe, the descendant of Wuzu, I just want to talk to you."

Wu Tianqi smiled and said that the murderous spirit was still strong.

"About what?"

Ye Chen took a step back and made a plan to kill the fish and break the net in his heart. At the same time, he secretly pinched the Fu Zhao Ren extraordinary gave him.

Wu Tianqi said, "you are the descendant of Wu Zu. You should know that although Wu Zu fell, there are residual souls left in the world. As long as you have the right opportunity, you can recover."

Ye Chen vaguely guessed something and said, "do you want to take my life to revive Wuzu?"

Wu Tianqi said with a smile, "yes, you are really smart. You have won the true legend of Wu Zu. If you are sacrificed, you may be able to revive Wu Zu."

"It's your great honor to help Wuzu recover!"

The voice fell, and Wu Tianqi suddenly took his hand. The eagle claws were like electricity and grabbed them at Ye Chen's neck.

It turned out that he wanted to kill Ye Chen. It was not a personal grudge. He just took a fancy to the identity of the true biography of Ye Chen's Wuzu and wanted to sacrifice him to heaven!

Ye Chen has cultivated the heart of Wuzu Taoism, and has tianwu Wolong Sutra. It's really a suitable sacrifice.

"Predecessors, help me!"

Ye Chen looked at Wu Tian's chess player's claw and roared in his heart, calling for the three chaotic gods in the reincarnation cemetery.

He deeply knows that Wu Tianqi is an immeasurable strong man. He can't resist it. He can resist it only by relying on the breath of reincarnation.

Boom!

In the reincarnation cemetery, chaotic wind emperor, chaotic thunder emperor and chaotic Yan Emperor all felt that the situation was serious and immediately poured all their energy into Ye Chen.

The three chaotic gods have added energy. Ye Chen's meridians are almost swollen and exploding, and his aura is soaring.

"Reincarnation Heavenly Sword, holy land of heaven, Holy Grail coming!"

Then, ye Chen looked up to the sky and drank violently. He pulled out the reincarnation Heavenly Sword and waved it.

Boom——

The sword Qi surged, and the vast reincarnation of heaven began in the void with the sword Qi.

In the kingdom of heaven, a golden Holy Grail suddenly burst into a fierce murderous spirit, just like human slaughter in the world.

Ye Chen's reincarnation blood essence was burning violently and cut out with a sword.

With a clank sound, his reincarnation Heavenly Sword collided with the palm of Wu Tianqi, but it made a sound like the sound of gold and iron.

The violent explosion spread out with two people as the center, making countless palaces collapse and smoke billow in this imperial palace.

Many guards and generals, such as wu'anguo, were shocked.

Wu Tianqi's attack was blocked by Ye Chen!

Ye Chen's eyes were cracked, blood was seeping from the tiger's mouth, and his bones were in sharp pain.

Although he can block the attack of Wu Tianqi, it has to be said that the strength of the immeasurable strong is still a little too terrible. Ye Chen's bones are about to be shaken to pieces. His internal organs are stirred and almost spit blood.

Now, he can only reluctantly support and wait for Ren extraordinary's arrival.

"Eh, this is..."

Wu Tianqi looked at Ye Chen's reincarnation Heavenly Sword and the vast holy land of reincarnation heaven, and was stunned.

"You... You are the Lord of reincarnation!?"

Wu Tianqi made an incredible sound.

"So what?"

Ye Chen only felt that for a moment, the breath of Wu Tianqi weakened, as if he was in a great shock.

Ye Chen didn't want to miss this once-in-a-lifetime opportunity and immediately waved his sword to Wu Tianqi.

Wu Tianqi didn't dodge. He was forced by Ye Chen's sword and cut a ferocious wound on his shoulder.

"Lord hall!"

The guards around were shocked.

But a more surprising scene appeared.

Wu Tianqi suddenly knelt down in front of Ye Chen and said in a trembling voice, "Lord of reincarnation, there are many offenses. I deserve to die!"

Then he banged his head and looked ashamed.

Ye Chen looked at Wu Tianqi's move and suddenly felt a little confused and said, "you... Don't you want to kill me?"

Wu Tianqi knocked three more heads, sighed and said, "I should have guessed that the world is qualified to get the true biography of Wu Zu. Who else can it be except the Lord of reincarnation?"

Chapter 7607

Ye Chen's face sank and he couldn't guess the change of Wu Tianqi's attitude.

This Wu Tianqi just wanted to kill him, but now he suddenly kowtows and apologizes. It's amazing.

Wu Tianqi saw Ye Chen's doubts and said with a bitter smile: "Lord of reincarnation, have you forgotten? You reincarnated the ninth generation. I had the grace of your previous generations. Without you, I would have been killed by the monster in the demon forest."

Hearing Wu Tianqi's words, ye Chen's head exploded, which also vaguely restored some memories of previous lives.

The Lord of reincarnation, reincarnation IX, originally stepped into the Wuyuan world a long time ago and saved the life of wutianqi.

Therefore, Wu Tianqi has always been grateful to the Lord of reincarnation.

Now, seeing that ye Chen was the Lord of reincarnation, he was naturally extremely shocked, deeply offended and ashamed, so he knelt down and kowtowed to apologize.

Ye Chen understood, sighed with relief and said, "I see. Get up first."

With that, ye Chen took back the reincarnation Heavenly Sword.

"Yes."

Wu Tianqi got up respectfully and stood in front of Ye Chen with a humble face.

Wuanguo and the guards around him were stunned.

Ye Chen said, "don't blame yourself too much. You shot at me just to revive Wuzu. I don't blame you."

Wu Tianqi was sweating coldly and said, "thank you for your understanding! However, I can't help saying that when I see the descendant of Wu Zu, I directly want to kill him. It's too overbearing. I'll improve in the future!"

When ye Chen heard this, he was silent for a while. Finally, he waved and said, "no, as long as you have a clear conscience."

If ye Chen had seen such domineering and barbaric actions before, he would probably dissuade him.

But now, he has heard the theory of Hongjun's ancestor, and his vision is greatly broadened.

Good or evil is everyone's choice.

As long as you dare to look straight into your heart and have a clear conscience, it doesn't hurt the road.

"A clear conscience..."

Wu Tianqi was stunned when he heard these four words.

In order to revive Wuzu, he would sacrifice Wuzu's descendants to heaven without asking why.

He was not sure whether he could have a clear conscience in this matter.

"Lord of reincarnation, your heart is more refined than previous generations. Congratulations!"

Wu Tianqi exclaimed and admired the archer.

Just after ye Chen's words, he felt that ye Chen's state of Tao and mind had reached a point of transcending the shackles of the world and not being happy with things or sad for himself.

Like heaven and earth and the universe, the road is supreme.

Heaven and earth are unkind, and all things are ruminant dogs.

Now ye Chen's Tao heart has a mystery of the supreme heaven and earth. He no longer judges things simply by secular moral good and evil.

Although the martial arts cultivation of Wu Tianqi is much higher than ye Chen, he is ashamed of himself when it comes to the realm of Tao mind.

Ye Chen said, "without this, I want to go to the decaying flail martial arts field. Can you open it for me?"

When Wu Tianqi heard Ye Chen's words, he showed a trace of embarrassment, but finally gritted his teeth and said: "yes! As long as I try my best to cover, I don't want to let Wu Zu's cause and effect leak and lead to the advent of the Iron Throne."

Now wutianqi is most worried that the opening of the flail cutting martial arts field will lead the iron throne, and the consequences will be unimaginable. The laws of the Wuyuan world can not accommodate the majestic majesty of the Iron Throne.

"Lord of reincarnation, please!"

At that moment, Wu Tianqi invited Ye Chen to leave the palace of Wuyuan palace and fly to the decaying flail martial arts field.

Wu'an Guo followed him with several confidants.

The decaying flail martial arts field is not in the ancestral City, but in the northernmost part of the Wuyuan world. It is a bitter and cold place with wind and snow, and few people live there.

The martial arts field is not located in the urban area, so as not to hurt the people by accident.

When ye Chen came to the north, he saw a vast expanse of wind and snow, a flat front, no flowers, trees, mountains, rivers and mountains, and a vast white world.

At the edge of the ice and snow plain, a team of guards guarded it. When they saw Wu Tianqi, ye Chen, Wu Anguo and others coming, they saluted respectfully.

Wu Tianqi nodded and said to Ye Chen, "Lord of reincarnation, please."

Ye Chen nodded and followed Wu Tianqi into the snow plain ahead.

Walking for a distance in the wind and snow, you can see a square on the plain ahead.

In the square, there stands the statue of Wuzu, which is made of ancient stones. It looks very simple and desolate, which is very different from the golden luxury in Zucheng.

At the moment, the Wuzu stone carving, covered with a thick layer of ice and snow, looks more desolate.

The square was shrouded in a layer of pale gold prohibition.

Prohibition is like a shield, which covers the whole square, with ancient array patterns flowing on the shield.

"Is this the decaying flail martial arts field?"

Ye Chen stared at the square in front and murmured.

Wu Tianqi said: "exactly! Lord of reincarnation, you really want to go in now before you cut the flail?"

Ye Chen said, "yes, I go in and understand the secret of heaven. Maybe I can capture the mystery of Wu Zu's flail cutting."

Wu Tianqi didn't ask any more and said, "well, Lord of reincarnation, you can feel it at ease. I'll protect the Dharma for you."

Then Wu Tianqi offered a sword and cut it towards the forbidden shield.

Hiss!

The sword body was shining, and a sword cut a crack in the shield.

It turns out that this sword is the key to open the prohibition.

Ye Chen immediately strode in along the crack.

Wu Tianqi and Wu Anguo released their aura and shrouded the martial arts field to cover the breath here so as not to leak out.

Once the breath leaks and is perceived by the iron throne, the iron throne will come down, and the consequences will be unimaginable.

Ye Chen enters the martial arts field and sits cross legged.

The wind and snow danced around him. He remained as motionless as a rock. He stared at the stone carving of Wuzu and whispered, "is this where Wuzu once broke through?"

Ye Chen concentrated slightly, opened the heart of Wuzu's Tao, released the great star sky, tianwu Wolong Sutra and so on, and began to understand the divine power related to Wuzu.

Boom——

When ye Chen's heart of Tao collided with the secret of heaven, the surrounding void sent out bursts of shocks.

The wind and snow are whistling all over the sky. In the wind and snow, there is a secret picture of Wu Zu's flail cutting!

In the picture, a burly and incomparably majestic man sits on the martial arts field and is attacking his martial arts shackles.

The man's appearance is the same as that of Wuzu stone carving. It is Wuzu himself!

"What!"

"Unexpectedly, it triggered the ancient picture of Wuzu cutting flail!"

Wu Tianqi and Wu'an Guo were shocked and pale. They didn't expect Ye Chen to lead to the mystery of Wu Zu's flail cutting in the past!

Chapter 7608

In the ancient flood and famine era, Wuzu did cut his yoke here, and there was also a smell of heaven's secrets.

However, no matter whether it was the ancient emperor of the feather emperor, the goddess of heaven, the devil ancestor Wutian and others, they did not trigger the idea of Wu Zu when they cut their flail here.

However, ye Chen directly leads to the mystery of Wu Zu's cutting flail!

Wu Tianqi and Wu Anguo looked at each other and were deeply shocked.

The reincarnation Lord of this life is worthy of being the descendant of Wuzu!

Wu Tianqi and Wu Anguo dare not look directly at the picture of Wu Zu cutting flail.

Even Wu Tianqi is a strong player without magnitude.

However, Wu Zu's idea is too strong for him to bear.

Neither of them dared to look. In the presence, only Ye Chen was qualified to understand Wu Zu's ideas.

Ye Chen stared at the ancient and faint picture in the wind and snow.

He caught a glimpse of the majestic figure of Wuzu.

Wuzu's flail cutting is completely different from Hongjun's flail cutting.

Hongjun cuts the yoke step by step.

But Wu Zu was so overbearing that he broke out his aura in an instant and attacked his 100 martial shackles!

In other words, when Wu Zu cut the flail, he cut all the flail together!

"Hiss, it's worthy of being Wuzu. It's really overbearing."

Ye Chen took a breath and deeply felt the strength of Wuzu.

One hundred flails are cut at the same time, which has a great load on the body.

Meridians, bones, eyes, head and heart all have to bear great pain.

Click click

When I heard Wu Zu's whole body, there were bursts of explosions. The whole person seemed to be about to explode.

Wuzu's facial features are violently distorted and obviously bear great pain.

The pain of cutting with a hundred flails is unbearable even for Wuzu.

"Break it for me!"

Suddenly, Wu Zu gave a violent drink and his whole body was full of aura.

In the great pain, he still endured, without the slightest retreat, showing a destructive tyranny.

Bang bang!

His body, chains were broken.

Ninety nine chains, almost a few minutes, all the impact is completed!

His eyes, emitting dazzling golden light, crushed the laws of heaven and earth.

Ye Chen felt the mighty atmosphere of Wuzu, and her heart was more and more shocked.

It's crazy to kill one hundred flail at the same time!

Even over the years, the strong idea left by Wu Zu's original cutting flail still deeply impacted Ye Chen.

Ye Chen felt his head buzzing. Under the residual ideas of Wu Zu, his spirit couldn't bear it.

Ye Chen humed and almost spit blood. The Hongmeng starry sky just released also collapsed inch by inch.

Wu Zu's idea is so strong!

Ye Chen felt a little tearing pain in her internal organs.

"I just realized the secret of the past, and it was so painful. How severe should the pain be when Wuzu cut the yoke?"

Ye Chen was extremely shocked. She gritted her teeth and endured the pain. She continued to stare at the picture in the wind and snow.

Ninety nine chains have been cut off.

At the moment, Wuzu is still short of the last one. The shackles of the heart have not been cut off.

"The shackles of the heart are so strong..."

In the picture, Wu Zu tried to attack the shackles of the heart, but it seemed to fail. He made a low voice, some confused and some melancholy covering his heart.

"Is the yoke in my heart Hongjun?"

Wu Zu murmured in a low voice, and the whole body disappeared. He sat on the ground like a mortal.

"No, no matter who it is, the shackles in my heart must be broken!"

Wu Zu suddenly clenched his teeth and seemed determined. His aura poured into his heart.

Boom——

The shackles of the heart began to impact, but not smoothly.

Wuzu spewed out a mouthful of blood.

Ye Chen looked at the picture and himself was shocked. The infinite and fierce aura seemed to impact his mind.

"Puff!"

Ye Chen also ejected a mouthful of blood and his face was pale.

"Lord of reincarnation!"

Wu Tianqi was shocked and took two steps to go to the rescue.

Ye Chen waved his hand and motioned him not to panic. He could hold on.

Wu Tianqi stopped and looked at Ye Chen very nervously. I was afraid that ye Chen would die on the spot if he couldn't bear Wu Zu's thoughts.

Wu Zu cut the yoke, which is different from ordinary people.

He cut the flail with a hundred flails. He was extremely overbearing and almost crazy.

Since ancient times, no one is as crazy as Wuzu.

People can't bear the pain of cutting one hundred flail at the same time, and I don't know how Wuzu survived.

In the picture, Wu Zu failed to attack the shackles of the heart and said in a low voice:

"Hongjun is the only one in my heart. I can't let go of my best friend. Can't this yoke be broken after all?"

"No, I don't believe it!"

"The ultimate of martial arts is not to abandon all friendship!"

Wu Zu took a deep breath, his aura gathered again, and attacked the shackles of the heart.

However, this time, he still failed.

The intense pain of the flail cutting failure made dewuzu spew out another mouthful of blood, and his burly body fell to the ground.

Ye Chen's heart is also twisted and almost torn.

"Lord of reincarnation, the idea of Wuzu is too strong. Now your cultivation is not enough. You can't see it anymore!"

Seeing this scene, Wu Tianqi couldn't bear it any longer. He rushed up immediately to pull Ye Chen out.

He was afraid that ye Chen would be crushed by Wu Zu's idea if he watched it again.

Ye Chen clenched his teeth and was covered with cold sweat. His heart was violently torn and painful. He had unprecedented pain and couldn't say a word.

Seeing Wu Tianqi, ye Chen was about to be pulled out, but at this time, the world suddenly shook violently, the wind and snow whined, and the sky became iron black!

Chapter 7609

The world began to change, the sky blew hazy iron filings, and all the secret pictures in the wind and snow dispersed.

The statue of Wuzu, rattling, changed from stone to steel.

The snow around also appeared a terrible change. Snowflakes turned into heavy pieces of iron and fell to the ground.

And the ice and snow plain gradually began to become a field of steel.

"No, it's the iron throne!"

Wu Tianqi was shocked and only felt a terrible steel law shrouded in overwhelming power.

He hurriedly worked his aura to protect himself and ye Chen.

However, his general Wu Anguo and many guards were not protected.

A terrible scene appeared. Wu'an Guo and the guards suddenly turned into steel statues with a fixed look of amazement on their faces.

In the sky, there appeared a huge throne, which was more than ten meters high. It was made of pure steel. The throne was full of sharp barbs, iron hooks, swords and sharp blades, full of thorns.

A thin and lonely figure sitting on the throne is the spirit of the iron throne!

Ye Chen looked at the iron throne in the sky, and his eyes suddenly changed.

He realized the idea of Wuzu. The breath of Wuzu eventually led down the iron throne!

Even if Wu Tianqi tries his best to cover up, he can't hide the feeling of the Iron Throne.

"Is this the world opened up by Wuzu?"

The spirit of the throne looked down at the world, murmured, looked at the statue of Wuzu, pinched his fingers, and seemed to deduce the secret of heaven.

"Wuzu, my former master, has been trapped in no time and space?"

The spirit of the throne instrument seemed to catch something, and a trace of surprise appeared in his eyes.

Finally, his eyes fell on Ye Chen.

"Lord of reincarnation, we meet again. It's really fate."

"Unexpectedly, you are the descendant of Wuzu!"

The throne ware was inspired by Ye Chen's Wuzu Taoist heart and was greatly surprised.

"No, Lord of reincarnation, go!"

Wu Tianqi's face sank. He caught the severe murderous spirit from the eyes of the king's throne.

The throne weapon spirit wants to kill Ye Chen!

He immediately hugged Ye Chen's shoulder and wanted to take him away.

"Don't go, stay!"

When the spirit hand of the throne instrument waved, there was a steel wall around it, which stubbornly stopped the footsteps of Wu Tianqi.

"Since he is the descendant of Wu Zu, he will sacrifice him and revive the real Wu Zu! Isn't that the same idea in your heart, Wu Tianqi?"

The murderous spirit appeared in the soul eye of the throne instrument, and a puppet made of steel appeared in the void. It flew down in the air to catch Ye Chen.

Ye Chen just felt Wu Zu's thoughts and was seriously injured. At the moment, it is difficult to resist.

Wu Tianqi said, "he is the Lord of reincarnation. Anyone can sacrifice, but he can't sacrifice!"

Seeing the steel puppets coming, Wu Tianqi waved his hand, and the aura of the immeasurable strong gathered into a sword. He killed them for a while, and then cut off all the steel puppets on the spot.

After all, he is immeasurably strong, and his martial arts cultivation is also exceptionally strong.

"Eh?"

The spirit of the Iron Throne felt the energy of Wu Tianqi and showed a trace of fear in his eyes.

With his strength, if he breaks out with all his strength, he can indeed suppress wutianqi.

But it will never be easy.

After all, the other side is also immeasurably strong.

"Put him down. No matter how strong the Lord of reincarnation is, you can't compare with the majesty of Wuzu. Aren't you the descendant of Wuzu? Do you want to violate Zu Xun?"

The spirit of the throne looked directly at Wu Tianqi and said word by word, trying to persuade him to abandon Ye Chen.

Wu Tianqi took a step forward and said, "if you want to fight, fight! If you abandon the Lord of reincarnation, I have a guilty conscience!"

Hearing his words, ye Chen was surprised and grateful.

The throne instrument said, "OK, good! Even if I have to pay some price today, I must take the Lord of reincarnation!"

The sound fell, and a strong storm broke out from the iron throne, with the spirit roaring and ferocious transmission.

Click, click!

The whole Wuyuan world made waves of unbearable sounds.

The laws of the world are collapsing!

The energy of the Iron Throne is too strong. He bursts out at the moment. He can't bear it at all according to the law of the Wuyuan world.

Everywhere in the world, cities in Wuyuan are plagued by thunder, wind, flood and snow. It is a sign of the collapse of the world and the coming of the end!

"Damn it! This Iron Throne is so strong."

Wu Tianqi's face was a little ugly. He protected Ye Chen with one hand and drew out his long sword with the other, so he was ready to fight with the Iron Throne.

Click, click——

However, at this time, the statue of Wuzu, the covered steel, all collapsed, revealing the original shape of the stone carving.

Then, the whole Wuzu stone carving is blooming with bright golden light.

A vast and magnificent starry sky is propped up from the stone carving, with endless Hongmeng breath rolling. Unexpectedly, it is Hongmeng starry sky.

This vast starry sky is not ye Chen's magic power, but Wu Zu's magic power!

When the stars appeared, many disasters in Wuyuan world disappeared, and the original collapsed world laws were reunited and stabilized.

A majestic, wild, domineering figure with hair like a lion's mane and a face full of curly beards came down from the starry sky.

That's the figure of Wuzu!

At this moment, Wuzu, he showed his spirit!

"Wu Zu..."

Seeing the manifestation of Wuzu, ye Chen, Wu Tianqi and the spirit of iron throne were shocked on the spot.

"Be quiet and don't call again!"

Wuzu came down, the soles of his feet stepped on the ground and made a loud voice.

His body is a little unreal. It is obviously just a divine shadow, but even the unreal shadow and the indomitable spirit still shocked Ye Chen and others.

"Wuzu, you finally come. Please ascend to the throne and come to the world!"

The spirit of the Iron Throne floated from his seat, fell down with great respect, knelt in front of Wu Zu and asked him to ascend the throne and dominate the world!

Originally, Hongjun cast the Iron Throne for Wuzu.

Wuzu is the former master of the Iron Throne.

Listening to the invitation of the iron throne, Wu Zu sighed and said, "iron king, my era has passed. Now it is not me who is most qualified to ascend the pole, but my successor, the Lord of reincarnation!"

Wu Zu stared at Ye Chen with a trace of satisfaction and appreciation in his eyes. He seemed relieved that he had this successor.

"He?"

"This boy, he doesn't deserve to go to the top!"

The Iron Throne's face was slightly distorted and obviously couldn't see ye Chen.

Wu Zu said, "tie Jun, you sleep too long and don't understand the majesty of reincarnation."

"Reincarnation blood, once developed to the peak, it is much more powerful and domineering than Hongjun and I."

Chapter 7610

"Compared with me, the Lord of reincarnation is more qualified to ascend."

Ye Chen hurriedly said, "Master Wu praised me."

The Iron Throne snorted coldly and looked at Ye Chen with disdain. He said, "this boy hasn't even cut off the shackles of martial arts. He wants to ascend to the extreme. It's a fool's dream!"

Wu Zu smiled and said, "the Lord of reincarnation will cut the flail in the future. I'm afraid he will surpass Hongjun and me. He will achieve the hundred flail cut that has never been seen in history."

The iron throne was full of contempt and said, "just rely on him? I don't believe it!"

Ye Chen listened to the voice disdained by the iron throne, but there was no waves in her heart.

Because of such sarcastic words, he listened too much and his ears were almost cocooned.

But speaking of it, ye Chen really didn't have much confidence in the hundred flail chop.

After all, it's too difficult to break a hundred chains.

Whether Hongjun or Wuzu, they just cut the yoke 99.

The last yoke of the heart has never been cut off.

Wu Zu said, "the cultivation of the reincarnation Lord is really not enough now. It's understandable that you despise him."

The Iron Throne said, "if he can really cut off a hundred shackles, I can respect him."

Hearing this, ye Chen stepped forward and said, "seriously?"

If he can take the iron throne, he can revive the grass.

The Iron Throne said, "naturally, but I'm afraid you don't have this ability."

Ye Chen said with a smile, "then wait and see."

The Iron Throne snorted, his eyes returned to Wuzu and said, "Lord Wuzu, are you really unwilling to ascend?"

Wu Zu said, "as I said, my time has passed, and now it is the time of reincarnation. Moreover, my real body is trapped in no time and space, and can't come back. How can I reach the pole by relying on this wisp of remnant soul?"

The iron throne was dejected and said, "Lord Wuzu, you are trapped in no time and space. Is it possible to come back?"

Wu Zu said with a smile, "it was impossible before, but now it is possible, because the Lord of reincarnation is in front of us."

Hearing this, the iron throne was surprised. He stared at Ye Chen and whispered, "does this boy have a way to save you?"

Wu Zu waved and said, "iron Jun, you leave first. Your breath is too strong. The world can't accommodate you. Don't forget your promise."

"If reincarnation cuts off the yoke, you will obey."

The Iron Throne trembled and looked at Ye Chen with a complex look.

It's obviously not easy for ye Chen to make Wu Zu value it so much.

"Yes..."

The Iron Throne answered and promised. Then his spirit body and the throne body gradually disappeared into the void and disappeared.

The Wuyuan world returned to normal again, and all traces of iron disappeared.

Wu'an state and many guards restored their human form again. When they saw Wu Zu's miraculous appearance, they were so frightened that they knelt to the ground and kowtowed again and again.

Wuzu didn't say much, but waved his hand and said, "you step back first. I'll talk to the Lord of reincarnation alone."

"Yes!"

Wu Tianqi, Wu Anguo and others bowed down and took orders to step down.

In the square, the wind and snow were blowing, leaving only Ye Chen and Wu Zu.

"Master Wuzu..."

Ye Chen stood with her hands down.

Wu Zu smiled and said, "maybe you should call me master."

Ye Chen quickly changed his title and said, "yes, master!"

He is inextricably linked with Wuzu. It is right to call the master.

"Master, you... Your real body is trapped in the world of nothingness?"

Ye Chen asked with some surprise.

Wu Zu nodded solemnly and said, "yes, it is said in the world that I have fallen. In fact, I am not dead, but I am trapped in the world of nothingness and can never return to reality."

Ye Chen said, "master, you... Can't you prove that there is nothing? Why are you trapped?"

At that time, Wuzu also had the strength to preach Wuwu. Hongjun wanted to take him to Wuwu world, but he finally refused.

Wu Zu smiled with a faint shadow in his eyes and said, "I didn't go to Wuwu world at last. There are some guys in the world over there who don't want to let me go and have to pull me over..."

"Alas, it's useless to talk too much about the struggle in those years. Your strength is not enough now. It's impossible to save me."

Ye Chen said, "yes, it's because the disciples' accomplishments are too weak to help the master."

Wu Zu gently waved his hand and said, "it doesn't matter. You're not far away from the hundred yoke territory. As long as you can cut the 100 yoke, your future achievements, let alone dominate the real world, will be no time and space, and can't stop your edge."

Ye Chen said, "how difficult it is to cut off the yoke of the heart. Even the master, you can cut off the last yoke of the heart. How can I cut it off?"

The shackles of the heart are constantly chopped by Hongjun's ancestors and Wu's ancestors.

Ye Chen asked himself, I'm afraid it's hard to cut off.

Wu Zu's long hair and beard fluttered in the wind and snow, and said with a free and easy smile: "I reflect on the previous flail cutting and have a new understanding."

"I think the key to breaking the shackles of the heart is to put down obsession."

Ye Chen said, "put down your obsession?"

Wu Zu said, "that's right! I'm so obsessed that I think Hongjun is my shackle. In fact, this has entered the magic barrier."

"In this world, no one will be your yoke."

"Your chains, only yourself."

"As long as you can put down your obsession in your own heart, you don't need to deliberately impact and break your chains."

"Just let go of the obsession. It's easy to say, but it's difficult to do it. You can understand it yourself."

Ye Chen was stunned and lost.
