

## Physician 761

### Chapter 761

He's in high spirits. He's shot!

Turn into ten thousand feet!

"Today I'll show you my sky cloud spear!"

Ye Chen's face changed greatly, and his hand shaking with the sword of beheading the dragon was shaking!

He fiercely condensed the blood dragon and the power of this command Rune and chopped it down with a sword!

He wants to try the gap between himself and returning to the void!

Real strength does not rely on cards!

"Bang!"

The result is still the same, he stepped back a dozen steps!

Spit out a mouthful of blood!

"It seems that there is still a big gap between me and Huixu. After today, we must break through quickly! Only through breakthrough can we protect the people around us! "

The old man heard Ye Chen's murmur and sneered: "ye Shitian, do you still want to be after today? Ridiculous! I want you to die, you can't survive! "

Seeing that the old man around him turned out to be lucky, Hong Tao was so excited that he quickly said to the old man, "if you kill ye Shitian! I will refine the ancient pill for you, so that you can cross a great realm of strength

"Thank you, Hong danzun. This little animal is not as powerful as the rumor. I want to kill it. One shot is enough!"

The old man is full of confidence!

Hong Tao was afraid of a long night's dream. He even said, "do it! I don't want his flame, just kill it

"Good!"

The old man turned into a shadow in an instant. The spear turned and shot directly at Ye Chen. The speed was even faster to the extreme!

The spear roared like a flood, which made it impossible for people to dodge. A terrible gun intention almost pierced Ye Chen's body!

With one shot, he's for heaven!

"Count us!"

All of a sudden, three voices rang through, which surprised everyone!

The three people who left returned to the virtual state returned to the virtual world again!

At the moment, the three men are releasing the strongest sword, towards Ye Chen!

"Hong danzun, we just left just now to ask the person by secret method!"

"The one in the land of killing will soon send the strong ones to come!"

"But it doesn't seem to be necessary now!"

When Hong Tao heard this, he was overjoyed. Now he is absolutely invincible!

If you want to die, you will be the biggest one in Kunlun!

The onlookers around shook their heads helplessly. Everyone knew that the legend of Ye's killing the sky would come to an end in the killing place.

Before that, ye Shitian cheated everyone and finally exposed himself to the real strong.

This is Kunlun Xu, which is the respect of martial arts.

Four return to the virtual state, the most powerful strike seems to be a complete integration!

The earth trembles!

The sky changes color!

No one can hide!

Ye Shitian must be turned into blood fog!

A generation of strong people will fall!

Duan Huaian looks at the scene in front of him, which is extremely lonely.

Today, ye Chen gave him too many surprises.

But never thought it would be such a tragic ending.

He suddenly began to be afraid of death. He wanted to see ye Chen standing on the top of Kunlun mountain.

But do you really have a chance?

If ye Chen has an accident, he does not need to live as a master.

At the moment, ye Chen looked at the four return to the virtual state with a strong blow, but wiped off the blood from the corners of his mouth. He looked indifferent and said, "do you really think that's my real strength? I was just having fun

"Return to the void? ha-ha! I kill the sky and kill you

"Jiuxiao thunder sword, come out!"

Ye Chen a roar, his head instantly suspended a breath of terror long sword!

This sword was left by Duan leiren before he left!

Let him use it in times of crisis!

At that time, Duan leiren was performing in the reincarnation cemetery, which was extremely terrible!

Today, he let the Jiuxiao thunder sword ring through the whole Kunlun void!

"Jiuxiao thunder sword! The sword comes out of the sky and kills the world of mortals

A startling roar!

Thunder cloud covers kilometer, block out the sky!

The feeling of depression changed everyone's face slightly.

This vision is disturbing to everyone.

All of a sudden, the sky's Wanjun lightning shrank rapidly!

In the blink of an eye, it turned into a thunderbolt beast and ran from the sky!

Every step is to make the space vibrate!

Before it falls, many people keep retreating because of the air waves in the air.

Even spit out a mouthful of blood!

This power is so damn bad!

Don't mention the general holy Kingdom, even if it is the peak of the holy King's realm, or even return to the virtual realm, it is not necessarily qualified to resist!

At the moment when the four forces will fall on Ye Chen!

The thunder beast is coming!"Bang!"

A great noise resounded!

It's splashing dust!

The aftereffect of the ground shaking can not be dispersed for a long time, as if the end of the day is coming!

Four forces disappear directly!

Crush!

Not only that, the thunder beast is running towards the four strong people who return to the void!

The four felt something was wrong. They wanted to escape, but they found that they couldn't move!

"How could..."

Before they react to it, a giant beast sounds, and their bodies are directly swallowed by the thunder beast!

Not even blood fog!

The dust dispersed.

Everything returned to calm.

Hong Tao and all the onlookers found that the four strong men had disappeared, only the rags of their clothes were still floating in the air.

A sense of death spread.

There was no blood, but it made everyone tremble.

There is only one person in a hundred meters.

That is ye Shitian!

Who could have thought that ye Shitian, who just showed his fatigue, killed four strong people in the virtual environment with one move!

How old is the genius ye!

So against the weather!

If you give him another ten years, Kunlun Xu top sect will tremble for him!

Feng Lao, who has not spoken far away, finally understands why ye Shitian refuses danxu tower so decisively.

With this kind of martial arts strength, what is danxu tower!

It's far from over.

Ye Chen, holding the sword of beheading the dragon, has come to Hong Tao's body.

The sword was placed on Hong Tao's neck again. The cold feeling made his legs tremble.

Ye Shitian can't be stopped by the four returning to the virtual state. How can he stop him!

"Plop!" One sound!

Hong Tao knelt down directly!

"Mr. Ye, I don't know Taishan. Please let me go! I'm willing to practice Dan for you all my life

Ye Chen sneered: "do you think I still need you to refine pills?"

Hong Tao's expression is stiff, he is helpless to the extreme!

At this time, master Feng stood up and advised: "Ye Jingtian, you don't have to kill all of them. The Hongtao has a lot to do with that one. If you kill them, it will be bad for you. This is my advice to you."

Ye Chen Yu Guang glanced at the wind, and said directly, "what are you? I want to hear your opinion when ye kills heaven? Even if you come to the top of danxu tower, you are not qualified, understand? "

"If you dare to say one more word, I will kill you too!"

Cold words, let everyone take a breath!

Even danxu tower is not in the eye, I'm afraid Kunlun Xu only ye Shitian!

"You

The wind elder sees said but leaf kills the sky, the sleeve a wave, leaves directly!

Chapter 762

Master Feng knows very well that the three men just now are said to have gone to ask for help. When the rescue comes, he wants to see what kind of lies ye Shitian has!

Ye Chen's line of sight falls on the Hongtao who kneels on the ground again.

"Don't you want to plunder my unquenchable fire? Don't you want to kill my master? Now I'll give you a chance, OK? "

His voice was so light that only Hong Tao could hear him.

Master?

Hong Tao's eyes widened, and he found what his thoughts had captured!

Ye Shitian is actually the disciple of Duan Huai'an, the medical God gate?

How the hell could that be!

He vaguely remembered that Duan Huai'an had only one disciple named Ye!

But that is the famous fan root waste in Kunlun. It can't be ye Shitian!

"Sorry, I forgot to introduce myself. I also have a name called Ye Chen!"

A voice fell into the ears of the waves!

For a dead man, nature will guard the secret!

Ye Chen says it's OK!

Hearing this answer, Hong Tao's eyes widened and even more pointed to Ye Chen: "how possible! You're such a trash! You... "

Words have not finished, ye Chen's chopping dragon asked the sky sword moved!

Not completely penetrated, dozens of violent breath from the distance!

"Ye Shitian, if you move your sword! There is no doubt that you will die! "

A voice is a step from the ancestors!

Threat!

The people behind the killing land finally come!

Hongtao Mou son a joy, just want to say what!

A sword light cut!

He subconsciously covered his neck, but found no chance!

"PATA!"

When the head falls to the ground, the body can't bear the power of the sword that cuts the dragon and asks the sky. It turns into blood mist directly!

Hong Tao, die!

After all this, ye Chen is indifferent to Duan Huai'an, and directly unties Duan Huaian's bondage.

"Master, let's go!"

Words just fell, dozens of breath directly appeared!

The first man is riding a huge cheetah!

"Ye Shitian! How brave! Even those who kill the Lord dare to move

The man looked at the head of Hong Tao, his face was ferocious and roared!

Hear the word, the main view of the pale.

This name is more terrible than ye Shitian!

Who is king in the land of killing? Only kill the Lord!

The existence of the slayer is the biggest reason why those clansmen dare not step into the killing place to make trouble!

Ye Chen frowned and said, "kill the Lord? What is he? I want to leave ye Shitian. Do you want to stay? "

Man's eyes are cold: "dare to insult and kill the Lord, seek death!"

Language down, a man's fingers sacrifice a jade seal!

The jade seal is suspended in front of Ye Chen!

Kill the move, heaven and earth change!

A great pressure is coming!

Most of the people present couldn't bear the pressure and spit out a mouthful of blood!

Suddenly, someone recognized the jade seal and exclaimed, "the seal of the Lord! This is the seal of killing the Lord

At this moment, the crowd was restless and retreated.

As soon as this thing comes out, if the slayer comes in person! It's the power to kill the Lord!

No one can shake it!

"Poof!"

Duan Huaian vomited a mouthful of blood. He was injured. Of course, he was protected by a magic barrier of Ye Chen.

The barrier is still under the seal of killing the Lord, breaking on the spot!

"Master!"

Ye Chen quickly took out a pill to feed Duan Huai'an!

At the same time, staring at the jade seal, anger broke out!

"I don't like the jade seal. In this case, it will be destroyed!"

the next second, a silver needle appears in Ye Chen's hand!

This is under the stone stele of qingxuanfeng, ye Chen's perception!

This silver needle represents the supreme medical principle!

With the power of Lin Qingxuan!

He wants to see whether it is the powerful force of killing the Lord or the power of Lin Qingxuan!

"Silver needle, break this jade seal for me!"

Ye Chen draws the silver needle of those two fingers!

In an instant, the light was shining all over the place!

"Whoosh!" The silver needle broke free of Ye Chen's arm and flew out!

It seems to be towards the jade seal!

"Boom!"

Suddenly, the power of heaven and earth is used!

Boundless energy, condense, the small silver needle actually expands on the spot!

In the twinkling of an eye, it turned into a red hundred Zhang spear!

There was a crackle.

Even let everyone in a trance found that the hundred Zhang long gun to break everything in front of him!"Ding!"

The red hundred Zhang spear directly collided with the jade seal!

The original release of endless pressure of jade seal in this moment has become incomparably small!

After the big bang, the jade seal directly turns into powder!

The power of a blow can't be stopped!

A violent air wave suddenly surged, the dazzling fire flickered, and the earth trembled violently.

Unfortunately, the power of the silver needle gradually disappeared.

Because ye Chen's real Qi in the body of elixir has been exhausted.

Unable to continue to support silver needles.

Lin Qingxuan's silver needle is closely related to his own state.

I even spit out blood for one hour.

The man riding the giant leopard pauses for a moment. He can't imagine that the power of killing the Lord can't be stopped!

Is this leaf killing innocence as terrible as the legend?

The crowd is also with shock, fear of pingtian three points silly!

Ye Shitian is even stronger than the master?

The slayer is a place where the killing will last for a hundred years!

"How do I feel that power doesn't look like martial arts It's more like medical ethics... "

A question was raised.

As soon as the words came out, everyone on the scene took a cold breath!

Look at Ye Chen again, in addition to fear or fear!

Who is Ye Jingtian!

Wu Dao is against the sky! Dan Dao is against the sky! Now, there's another damn medical thing out there!

A young man in his twenties has so much time to practice these things?

When the crowd was afraid, the man on the giant leopard lifted his arm and clenched his fingers!

"Everyone, let's do it together. Ye Shitian has been injured. This is the best chance! Kill directly! Don't hold back

"Yes! Lord

The next second, dozens of violent breath of the figure toward Ye Chen and Duan Huai'an!

All of us are in the realm of the king! Ten of them return to the virtual state!

How can the injured ye Shitian leave!

Duan Huaian frowns, he regrets! If Dantian had not been destroyed by the Taoist patriarch, he might have the strength to fight with Ye Chen now!

And now he can only hide behind Ye Chen, nothing to do!

"Apprentice, you go away, don't care about me. I'll stop these people, and you'll leave immediately!"

Duan Huaian made up his mind, this is the only possibility!

Ye Chen shook his head, quietly put the sword away, looked at the giant leopard man who came quickly, and said, "do you think you have the salvation? I also have ye Shitian

"Ten thousand beasts obey orders, step down the land of killing!"

A cold word rings through the sky!

All of a sudden, the ground vibrated!

The sense of vibration is getting stronger and stronger!

"What is this! Is there an earthquake? "

"How can I feel that storm is full of evil spirit!"

"What kind of technique is this? Countless strong men come?"

At this time, they found that dust was rolling up in all directions!

The dust is shrinking!

"Disciple, this What the hell is this? How many people have you brought? " Duan Huaian suddenly asked.

Ye Chen's eyes narrowed slightly and said, "master, my salvation is not a man! It's killing fierce animals

Chapter 763

Killing fierce animals?

Duan Huaian has a strange expression.

When he entered the place of killing, he almost died because of those murderous beasts!

Naturally, he knew the horror of these fierce beasts!

In particular, the crazy black tiger, living in a group of fierce animals, once being watched, will surely die!

If he had not mastered some skills, he would have died under the paws of these fierce beasts.

But now, his apprentice actually said that rescuing soldiers is a fierce beast?

How can a fierce beast of this level help human beings!

I should like to devour all human beings!

"Disciple, are you really not kidding?" Duan Huaian doubted.

Ye Chen's eyes slightly narrowed, indifferent to the extreme, also did not answer Duan Huai'an's question.

In some things, seeing is better than all.

And the surrounding dust gets closer and faster.

Soon, the dust shrank to 100 meters!

The meaning of the earthquake suddenly disappeared.

Everything returned to calm.

The scene was terrifying and quiet.

"This Is this the end? "

Someone swallows saliva suddenly way.

"What the hell is that dust just now! Tornado? "

"Tornadoes are not like this."

"Sleeping trough! What the hell is that? "

The dust gradually dispersed, a pair of cold and bloody eyes appeared in everyone's sight.

Killing.

Bloodthirsty.

The temperature suddenly dropped to the extreme.

Everything is clear.

When all people see what is surrounded by, subconsciously cover their mouth!

The eyes almost burst out.

"Crazy black tiger! It's a crazy black tiger! How is that possible? So many crazy black tigers! Nearly a thousand

An onlooker with broken arms who entered the holy land directly sat on the ground, and the voice of panic was extremely clear in such a quiet environment!

The reason why he was afraid was that one of his arms was bitten by a crazy black tiger!

He managed to recover his life!

Anyone who enters the killing place should pray not to meet these fierce beasts! Once you meet, you can't die!

But how can so many crazy black tigers appear here!

This is the place of killing, the area where the strong human beings live!

In the past thousand years, no fierce beast has ever crossed the wall!

The army master with a spear and a giant leopard stopped completely. He could feel the giant leopard trembling under him!

This is the pressure from blood!

Leopard is a leopard after all. How can it be compared with the king of beasts!

The key is the king of thousands of beasts!

The dozens of strong men behind the army leader all stopped, with a trace of coldness in their eyes.

"Master, how can all the crazy black tigers appear here? According to the time, there should be no animal tide yet

A strong man who returns to the empty state says.

The commander shook his head, and he didn't know.

This fierce beast is changeable. After all, it is a beast. It is very difficult for human beings to understand.

But the appearance of these fierce beasts has completely interrupted the game.

Now if you want to kill the sky by moving leaves, you must also consider these guys.

Suddenly, the military master thought of what, Mou son suddenly shrinks, and then shoots dead to ye Shitian!

He vaguely remembers what ye Shitian just said to save the soldiers!

Is it that these fierce beasts are saving soldiers in his mouth?

No way!

Human cultivators have nothing to do with fierce animals since ancient times!

Although there is no animal trainer in Kunlun, the spirit animals who train animals are generally kept in captivity!

And the crazy black tigers around the killing place all respect killing. This kind of fierce beast has a hot temper. There are not many animal trainers in Kunlun to subdue!

When he thought of the order of killing the Lord, his eyes suddenly turned cold: "everyone listen to the order, these animals are not our target. The killing master has an order, ye Shitian must take it! Do it first

"Yes

When the crowd heard the order, they no longer cared about the crazy black tigers that surrounded them, and went directly to Ye Chen again.

At the moment, ye Chen Mou son Sen Han, looking at the army chairman of the killing place, he sneered: "it seems that you don't want to die if you don't see the coffin!"

"Beasts roar!"

A command, suddenly, a thousand head crazy black tiger roared!

The supreme sound wave is tyrannical in all directions!

The air of killing erupted like a blood tiger falling from the sky! Hit the ground hard!

"Bang!"

Those strong people around were shocked to fly out!

The army master riding the giant leopard is holding the spear tightly, regardless of everything!

Even if these crazy black tigers roar! If ye Shitian is not killed again, it will be troublesome! Seeing that the spear is about to stab Ye Chen, ye Chen still has no plan to fight back!

The army Master Mou Zi was somewhat surprised: "what does this leaf kill the sky mean? Don't you stop it? "

"Well, such arrogance is worth dying for."

Just then, a huge dark shadow flashed out!

The next second, he was horrified to find a very terrifying and ferocious beast in front of Ye Chen!

Crazy black tiger!

No! This thing is bigger than the general crazy black tiger!

The sense of killing and spirituality in the key eyes is no different from that of human beings!

"This This This is the king of the black tiger! The real king of fierce beasts in the land of slaughter

The Lord of the army is shocked!

He never thought that this legendary thing in the mouth of the older generation actually appeared!

Before he reacts, the king of the black tiger clings to the ground with his feet dead and his limbs bent!

Head blast!

A startling roar is released!

The crowd heard the sound, the heart seemed to stop beating!

The surrounding thousand head crazy black tiger is also roaring again!

"Plop!"

The giant leopard under the army leader directly kneels on his knees!

The power of blood and momentum can't make his mount go further!

Only surrender!

This scene is like a slap in the face of the army leader!

His body turned over, barely standing still!

But before he could react, the king of the black tiger broke out in all his limbs, and his ferocious fangs instantly bit the giant leopard!

"Crash!" With a sound, all the bones of the giant leopard were broken and turned into a pool of flesh and blood!

Directly swallowed by the king of the black tiger!

The army master is completely frightened, his pupil is reduced to the extreme, but the invisible anger is more! He had no idea that the king of the black tiger was really coming at him!

This mount has been with him for six years!

But now it has become the food of the king of the black tiger!

How can he not be angry in his heart!

The next second, he clenched his spear, and his aura broke out. He was just about to kill the king of the black tiger, but he found that the king of the black tiger was walking towards Ye Chen!

Did the black tiger begin to eat people?

This is the nature!

The crowd also noticed this and held their breath.

They are even waiting for ye Shitian's counterattack.

Sure enough, when the crazy black tiger approached ye Shitian, ye Shitian held out his hand!

It seems that one hand toward the head of the crazy black tiger!

No!

Ye Shitian didn't start at all, but But touch it!

Chapter 764

The tiger's buttocks can't be touched, let alone the king of the black tiger! But ye really did it!

Everyone thought ye Shitian would be devoured by the giant mouth on the spot, but nothing happened.

On the contrary, the crazy black tiger enjoyed it very much and rubbed leaf killing sky with its huge head!

Seems to please?

"Hiss!"

Everyone at the scene took a cold breath!

Who could have thought that the famous ferocious beast in the killing place was like a cat in front of Ye Shitian!

It's a shock.

"How do I feel I'm dazzled? Is that still crazy black tiger? Isn't the mad black tiger just a cultivator? "

Someone said in a trembling voice.

"You have no eyesight. Ye Shitian has not only mastered a crazy black tiger, he has mastered thousands of them..."

"What is the origin of Ye Shitian! Martial arts! Dan Dao! Medical ethics! Now how the hell are you pulling out the tame? "

"Is it that ye Shitian is the descendant of the ancient family?"

"How can I feel that the ancient family could not cultivate such a rebellious generation!"

At this moment, onlookers look at ye Shitian again, leaving only fear!

It's like fear of God!

Ye Chen knows that he can't stay here any more. He steps over to the king of the black tiger. At the same time, he moves his mind, and the black tiger comes to Duan Huai'an.

Kneel on all fours. Surrender!

"Master, go up, I'm going to fight my way!" Ye Chen urged.

Duan Huaian looks at the scene in front of him, and his brain is blank.

He looked at Ye Chen, really some can't believe!

He even wondered whether the person in front of him was ye Shitian or who!

How could ye Chen achieve this achievement in just one year?

He went to Huaxia!

Land of rarefied spirit!

No longer thinking about it, he stepped onto the body of the crazy black tiger and caught the long hair on the neck of the crazy black tiger with both hands, and his body was close to it.

For now, leaving is the key.

"Go

Ye Chen a command, two huge tigers of terrible momentum toward the outside!

At the same time, there are thousands of crazy black tigers staring at!

If anyone dares to move, let's go!

Who could have thought that ye Shitian left in a leisurely pace under the pursuit of the army master in the killing place!

No one dares to move the key army master and those strong men he brings!

Human beings will be afraid of life and death! This kind of fierce beast can't at all. Its skin is rough and its flesh is thick, just like armor!

If you don't die, he can bite your neck!

What's more, it's not dozens, it's thousands!

When ye Chen and Duan Huai'an leave more than ten meters, the main body of the army moves slightly!

He is very clear, once can't leave the leaf to kill the sky, that also can't let him go!

He has no choice!

"Ye Shitian! Take your life

As soon as the army leader steps, he forces out a drop of blood essence! Blood essence smashed on the spear and scattered completely. The spear pointed at the sky, and endless thunder and lightning fell on the sky!

At the same time, the spirit of heaven and earth is condensed by this gun.

It was a shot of wind, with his anger and all his strength.

He has only one chance!

No success!

The king of the black tiger turned fiercely, and his scarlet eyes were fixed on the captured army master!

A roar of tiger, in all directions, dozens of crazy black tigers come in an instant!

Direct encirclement of the army leader!

"Beast, get out of here!"

The spear in the army master's hand was swung, some crazy black tigers were repulsed, and even a part was divided into blood fog!

He is a strong man who returns to the virtual environment. The most powerful attack is not something that can be stopped by those crazy black tigers!

However, because of the obstruction of these crazy black tigers, his strength has been reduced by half!

Ye Chen Mou son a cold, mouth way: "kill!"

Cold words fall, the black tiger king under the body is furious!

The sword flies directly to Ye Chen's palm!

Lightning release of this command symbol!

One man and one tiger are full of thunder arc!

Not only that, this sword has the power of blood dragon!

Ten thousand swordsmanship, ye Chen goes straight to the key point!

If you want to kill him, he must!

"Boom!"

Thunder all over the sky, immediately expel the cold.

However, between the lightning and flint, the sword blade swung through the air, with endless thunder and lightning. The giant beast turned into a fierce blow on the army master's spear!

At the same time, the king of the black tiger is also towards the other side!

The breath of killing erupted!

Hum

All things submit, the earth shakes.

A powerful sword burst out, and the sword spirit was vertical and horizontal."This What a powerful sword

"What is the origin of Ye Shitian..."

Feeling the sword, many people in the square widened their eyes.

"Sword! What a bullying sword! Ye Shitian also understood his own swordsmanship

"Kendo is just for killing! After today, ye Shitian's reputation will surely spread to those large enterprises in Kunlun County! "

"What's more, if the slayer knows ye Shitian is so provocative, he will be in trouble."

"I'm afraid Kunlun Xu will become a battlefield in the struggle between the two killing kings."

At the moment, it is impossible for the master of the army to defeat Ye Chen's all-out attack and the power of the king of the black tiger!

"Bang!"

The sword spirit and the killing spirit pierced the body of the army leader!

"Why!"

The body of the army leader flew directly out, spurting out a mouthful of bright red blood!

The internal organs and six internal organs are completely broken!

At this moment, his eyes only fear!

Despair, fear It was a moment of complete perversion.

This is Ye's real strength?

Extraordinary?

It's a fuckin 'place!

Although their own failure, there is a large part of the reason is because of the crazy black tiger!

But being able to tame this fierce beast is also a part of our strength!

He finally knew what kind of person he had offended!

He finally knew that he wanted to kill ye Shitian to prove to the owner how ignorant and naive his idea was!

"Ding!"

The blade of a sword touched his Adam's apple.

The cold suffocation engulfed him.

His eyes are full of blood, as if the next second is about to burst!

He's scared!

He doesn't want to die!

"Ye Shitian, I'm the one who killed the Lord. You can't kill me! You can't really kill me

His body was shaking and his flesh and blood were breaking down.

Mouth constantly big mouth spit out blood, words even some vague.

Kneel down on his knees.

Such as ants.

He longed for ye Shitian to give him a way to live.

It was the first time he had succumbed.

"Kill the Lord? Hehe, if he dares to come to me, I will kill him together

Ye Chen sneers above ring!

"Poof!" With a sound, the icy cold on the army leader's neck penetrated thoroughly.

The Lord found his time completely dark.

He wants to live, but he has no right!

Finish all this, ye Chen Mou son a turn, swept a glance at all the people behind the army master left behind!

Holy Land! Even some people who have just stepped into the early stage of returning to the void!

These people see ye Chen's eyes, also kneel down to beg for mercy!

If they resist, they have a chance to kill Ye Chen. Even these crazy black tigers can't help him!

But at the moment, their heart of Tao has been damaged!

Chapter 765

Ye's fear of killing the sky is getting bigger and bigger!

Martial arts have no heart of Tao, they just want to beg for mercy, and they won't resist!

How to stop such people!

Ye Chen looks at these people, sneers and asks sky sword to hold high!

Thunder and lightning fell madly in the thunder clouds of the sky!

Like Thor!

"Crazy black tiger, listen! Kill me! Not one of them

Ye Chen's eyes burst with cold light, just like thunder point swallowing!

"Boom

Under the roar of Ye Chen, the crazy black tiger with thousands of breath climbing to the peak comes quickly!

Instantly devoured those dozens of strong people!

Roar! Roar! Please forgive me! Revolt! It's resounding!

It seems like a blood light, carrying the power of heaven and earth, rolling down.

Some people resist and kill a few crazy black tigers, but it's useful!

They will be devoured by the crazy black tiger again!

Broken, blood stained!

"Ah, ah..."

The flesh and blood are flying, the white bone is dense, the inch is broken, and the scream of countless practitioners is tearing the heart and lungs.

This killing place seems to be singing the song of death because of Ye Chen.

I don't know how long it took.

Maybe ten seconds, maybe a minute.

The whole world is quiet.

The screams stopped abruptly.

There was a strong blood gas all over the square.

Some of the onlookers could not help but vomit!

Although they have seen a lot of killing battles, they have never seen such crushing and cruel battles!

They look at Ye Chen again, even if ye Chen doesn't look at them, they can't breathe!

This is the Aura!

Killing God ye Shitian's Aura!

A gust of cold wind blowing, everyone can not help but fight a shiver.

Because most people do not dare to look at Ye Chen, all of them do not notice that the blood of the place of death is surging into Ye Chen's body.

Blood dragon seems to be in Carnival!

Ye Chen naturally felt it and murmured, "these blood gases are the best nourishment for the blood dragon. If it goes on like this, it may not be long before the blood dragon will be completely substantial."

"Hiss."

Suddenly, ye Chen felt a stabbing pain in the center of her eyebrows.

He reached out his hand and felt the movement of his eyebrows.

It's the evil thing!

"Is it that the blood and killing will also affect the evil things in the eyebrows, and even accelerate their own demons?"

Ye Chen murmured.

No longer thinking about it, he said to Duan Huai'an: "master, it's not suitable to stay here for a long time. Let's go!"

Duan Huaian nodded. When he saw Ye Chen's eyes, his eyes shrank. He exclaimed, "disciple, how can your eyes be so red?"

Ye Chen was stunned, and quickly took out a mirror from the samsara cemetery. After a glance, he found that his eyes were strange.

He vaguely felt that this was not a good thing!

No longer hesitating, his nine day mystery depends on his eyes, and the blood light in his eyes disappears completely.

"Go

After all this, he and Duan Huaian went to the periphery of the killing place.

"Plop!"

"Plop!"

To his surprise, all the onlookers in the place where he had been killed all knelt down with their heads down.

As if in escort, as if in submission!

But the real reason is that these people are protecting themselves!

Thousands of people's submission, too spectacular!

Ye Chen looks at everything in front of him and stops completely. Then the true Qi condenses and a voice spreads all over the kilometer!

"No matter who the slayer is behind the killing land, if he dares to attack me again! I ye Shitian will come to ask for his life in person

Threat!

Cold threat!

His way of Ye Chen is to kill.

It is also a way to kill all the heroes.

At present, it is impossible for him to erase his strength and kill him!

But if the slayer dares to find the door again, he Ye Chen will accompany him to the end!

In the mountains and rivers of Kunlun, what is Ye Chen afraid of?

I don't know how long after, everyone found that there was no more movement, they raised their heads one after another.

When he found that ye Shitian and crazy black tiger had all disappeared, all of them collapsed on the ground.

They know very well that daoinsuan is completely over!

Ye Shitian's three words are enough to become their nightmare. If they want to go further, ye Shitian must die!

But could ye Shitian have an accident?

He is the existence that even the murderer dares to threaten!

.....

At the same time, in one of the most ancient buildings in the south of the killing land.

There is a stone tablet on which there are only a few words on it Kill the Lord's land, close, kill!

The interior of the building is antique, which is similar to the courtyard of Suzhou and Hangzhou in China.

There's no way to connect this place with the killers that countless people fear.

In the innermost garden of the courtyard, a middle-aged man in gentle clothes was actually watering the flowers with a kettle.

There are two old men standing behind the middle-aged man. They seem to have no breath of cultivation.

But this is a person who feels extremely dangerous.

Their eyes are very small, like an eagle, once there is wind and grass, they must be the first time to shoot.

The strength of these two people is far beyond the realm of returning to the void.

All of a sudden, the middle-aged man who watered the flowers put down the kettle, and one of the old men handed in a towel.

"Kill the Lord!"

"Well."

The middle-aged man took the towel, wiped his hand, threw it to one side, and said, "didn't I send someone to deal with Hong Tao's affairs? Why hasn't there been any news yet? Otherwise, you go and have a look, so as not to have any problems. "

Another old goat bearded man respectfully said: "don't worry, the master of the army is strong enough in the killing place. It's hard for ordinary people to hurt him. It's estimated that there were some small problems in capturing ye Shitian, and he should be back soon."

The middle-aged man nodded and sat directly on a cane chair in the yard, closing his eyes, as if preparing to rest.

As soon as he closed his eyes, one of his men came running in a hurry.

"Kill the Lord! It's a big deal! What a big deal

The old goat beard eyes a cold, five fingers open, a strong suction suddenly burst!

The next second, a pair of withered hands seized his neck.

"The murderer is preparing to have a rest. What should you do for making such a big noise?"

The man was completely frightened and quickly shook his head: "left Dharma protector, I didn't mean to collide, but something really happened to the killing place this time! It has never happened in a thousand years! "

Goat beard old man frowned, felt something wrong, and even busy way: "follow me!"

They were just about to leave, but the owner of the cane chair suddenly sat up, and his eyes were slightly narrowed: "what's the matter? Say it here."

His voice was so cold that no temperature could be heard.

The goatee elder let go of his hand and threw the man directly on the ground: "say!"

When the man saw the killer, he was pale and could not bear it any more Get down on your knees!

"It's not only Hong Tao who is dead! The leader of the army and dozens of strong men sent out are all dead! "

## Chapter 766

Then he lowered his head in fear and stuck it on the ground.

If it's over, kill him.

The whole garden was silent.

"Boom The rattan chair under the main body was smashed on the spot!

Not only that, but also cracks appeared on the ground. All the flowers and plants that he had just carefully watered were smashed!

He has never been so angry in all these years!

Because he has been king in the land of slaughter for so long, no one dares to touch his people!

No one!

The old goat bearded man noticed something was wrong and offered a cold sword!

The cold sword was directly placed on the man's neck: "do you know what you're talking about! If you lie, I'll cut off your head at once

The man shook his head again and again: "how dare I lie in front of the murderer? That ye Shitian is too terrible. He not only uses the means to communicate with the heaven, but also controls the fierce beast in the killing place! Thousands of people are obedient outside, and no one dares to stop them! "

"If you don't believe it, Dharma protectors can go outside and grab people to ask them!"

"What's more, ye Shitian is not a man at all. His martial arts, Dan and medical skills are extremely terrible! People outside call him the king of slaughter

"If I say half a lie, heaven will strike a thunder!"

Words fall, a figure fell in front of him.

He looked up and found it was the killer!

"Kill the Lord, not only that, ye Shitian left a word for you before he left!"

The killing master came to a trace of interest, and suddenly he laughed darkly: "Oh? And what did he leave? "

The man hesitated for a few seconds, but still said, "he He said, no matter who the people behind the killing place are, if you dare to fight him again! He killed heaven, and he will come to ask for his life in person

Words fall, kill the main eyes suddenly pan cold!

This cold has been cold to the bone marrow!

The speaker turned into an ice sculpture.

In a flash, the ice sculpture melted and turned into a pool of blood!

Shocking!

Those two Dharma protectors, if not because of their profound strength, must also be seriously injured.

"Ye Shitian? Ha ha, it's the first time someone has made me so interested! " The murderer burst into laughter.

For the first time, someone dares to challenge his authority in the land of killing!

One of the Dharma protectors directly stood up: "kill the Lord, I am willing to fight, and I will bring ye Shitian back immediately!"

The owner shook his head: "Since ye Shitian can leave this sentence, it must prove that his strength is excellent. You are far from enough."

His eyes fell on another Dharma Protector: "you two go together, and take a hundred strong men to search around the killing area."

"I have only one condition, I want to live!"

"I'd like to see what kind of magic power ye Shitian has in her body

"Yes! Kill the Lord

The two Dharma protectors nodded fiercely, which instantly turned into a shadow and dissipated between heaven and earth.

After the two men left, the murderer came to the damaged flowers and plants, reached out his hand and picked them up. He murmured, "ye Shitian, my man, only I can kill. Since you move, you will live in my master's nightmare from now on."

"I will show you who is the king of killing

.....

Outside the killing area, Yucang mountain area, a hidden cave.

There are more than ten black tigers guarding the outside of the cave.

The tiger's eyes are covetous!

The king of the black tiger is more stable sitting at the mouth of the cave.

And in the cave, ye Chen finally wiped out the face of Ye Shitian.

He looked at Duan Huai'an, who was scarred, and clenched his fist. "Master, I'm late. I've made you suffer!"

He wanted to kneel on one knee, but he was stopped by Duan Huai'an: "disciple, how can you kneel down on me! Without you, master, I would have been a skeleton for a long time

"Let me have a good look at you!"

Duan Huaian now has a kind of feeling in a dream!

The most unbearable disciple of the medical God gate is ye Shitian, who is afraid of countless people in Kunlun!

Who can believe it!

He stretched out his old hand and wanted to touch Ye Chen, but he still took it back.

His lips trembled, as if thinking about something, but suddenly said: "Ye Chen, from now on, I am no longer your master!"

Ye Chen a Zheng, eyes stare big: "master, this is why?"

Duan Huaian shook his head and sighed with a long sigh: "now you, how can I teach you? Since being destroyed in the elixir field, I have become a waste man. Although the medical way is still there, but there is no martial art, how can I survive in Kunlun void, which is respected by martial arts! Not to mention preaching. "

"What's more, the door of medical God is in complete decline now. I can't predict your future achievements. Your stage is definitely not only here. The unbearable resume of medical God gate will have an impact on your future.""Ye Chen, with your present talent, you can join any top sect."

"Listen to the teacher, leave the door of medical God and seek better development."

Duan Huaian's words can be said by biting his teeth!

Ye Chen is his favorite apprentice, but he doesn't want to be bound by the door of medical God!

What's more, there is a huge crisis behind the door of medical God.

Daozong!

Now ye Chen's strength is certainly very strong, but the Taoist patriarch knows Ye Chen's real identity, and will certainly use all the power of daocong to pursue him!

He doesn't want to harm Ye Chen!

Ye Chen step on the foot, Mou son firm, is to stretch out a hand, point to the sky!

"I, ye Chen, will swear with the heart of Tao! Life is the man of the door of medical God, and death is the ghost of the door of medical God! If you leave the door of medical God, your heart will be destroyed! All the spirits and spirits are gone

Duan Huaian's face changed greatly when he heard the oath. He tried to stop him but found it impossible!

This is the promise of Daoxin. Once violated, the consequences will be unimaginable!

"Ye Chen, you are so confused!"

Ye Chen put down his hand and said seriously, "master, if you hadn't been here five years ago, I wouldn't have been what I am now! I Ye Chen is not a gentleman, but I know what kindness is

"In the past five years, you have treated me like a child, protected me, taught me the way of medicine and cultivation, and served as a teacher and a father for life! This kindness, I will never forget! I don't know for a lifetime! The door of medical God is my second home

Duan Huaian was deeply moved.

I will never regret having such an apprentice.

"But ye Chen, you don't know what the medical God gate is facing now..."

Ye Chen laughed and said directly, "master, are you worried about daocong?"

Hearing daocong, Duan Huaian nodded: "all of my things are the destruction of daocong. I don't want you to be the second me."

"Although you are so powerful now that many clans in Kunlun are scared, it is a fact that if the leader of daocong personally attacks, you will not be able to fight back."

"Fortunately, the strength you are now breaking out is under the name of Ye Shitian. Daozong should have noticed ye Shitian, but he didn't pay attention to you. In their eyes, you should be the most disdainful existence

Chapter 767

Ye Chen hears this sentence, Mou son tiny MI, curiously way: "master, I want to know, how strong is daocong?"

Duan Huai'an sighed and looked into the distance as if he was lost in thought.

A few seconds later, he suddenly opened his mouth and said, "well, before I was destroyed in the elixir field, my cultivation was above the realm of virtual king."

Ye Chen was stunned. The cultivation state of Kunlun Xu was transcendental, holy, holy, returning, Xuwang, Daoyuan, and Emperor Zun. He never thought that the master was the virtual King state!

What a terrible existence it is!

Duan Huaian felt Ye Chen's shock and said, "but the leader of that Taoist sect can seriously hurt me with one move. Do you know the other party's horror?"

"This is not the most important thing. As an ancient sect, daocong is far from simple! It is even rumored that there is an ancestor of daocong who lived from ancient times to the present. Although it is a legend, it is by no means groundless. "

"During this period of time, although I was the head of the medical God sect, I had been investigating daocong by various means, and I found something wrong with daocong."

"Daocong has always been keen on searching for Kunlun Xu's talents, and some of them have become disciples of daocong, and some of them have disappeared mysteriously."

"The depth of daocong's water is enough to make people feel awe, which is why the medical God gate is hiding from daocong. Now the door of medical God is like an ant, but daocong is a giant elephant. I don't want you to enter the muddy water. If you are careless, you will die. "

"It's not a threat, it's a fact! Ye Chen, I have told you all these words. It's time for you to make a decision. If you leave the door of medical God, I will declare that you betray the door of medical God and expel you forever. In this way, the Taoist sect will not spend any more energy on you. "

In Duan Huaian's opinion, this is the only way to deal with it.

If ye Chen knew that daocong was terrible, he would choose to give up.

It's human nature, he understood.

After all, ye Chen's present talent, as long as he does not die young, will certainly become the maker of the virtual rules of Kunlun in a hundred years.

At that time, there will be a chance for revenge.

Now what ye Chen should do most is compromise, not ambition!

However.

At this time, ye Chen's eyes were shining with self-confidence, and said directly: "master, I said, I will not leave the door of medical God!"

"The door of medical God is declining? Then I will make the door of medical God the first one in ancient times

"When the time comes, daocong has no qualification to shake it!"

"If he dares to move the door of medical God again, I will kill him! He wants to kill me, it's not so easy! "

"What's more, I have killed more than a dozen Taoist disciples in the killing place! Now that you have offended me, I will offend you thoroughly! "

"By the way, master, I only ask you one question. Do you believe me?"

Suddenly, ye Chen throws out this sentence.

Duan Huai'an is a little confused, ye Chen even killed a Taoist disciple?

Will the door of medical God become the first sect of Kunlun?

Are you kidding me?

The way of medicine has been declining for a long time, and the martial arts are respected. Even in the eyes of most people, the door of medical God is not even a sect!

Don't mention the first. It's difficult to be a general sect in Kunlun!

Zongmen can not rely on one person to be brilliant!

He wanted to shake his head, but still nodded: "master believe it."

The next second, ye Chen threw a heavy bomb: "master, since you believe me, I will promise you."

"In two months, I will let the door of medical God ring through Kunlun void! Within two years, I will make the medical God gate the top sect in Kunlun! In three years, I have killed daocong, and even more, let the Taoist patriarch kneel outside the door of the God of medicine

The sound seemed to come from nine days.

It's enlightening.

Duan Huaian wants to laugh, but he still can't laugh when he sees Ye Chen's serious face.

This apprentice is really serious this time.

All of a sudden, he thought of something and said in a trembling voice, "disciple, you said that the door of medical God would ring through Kunlun void in two months, but because of the talent ratio of the clan and the clan..."

Ye Chen nodded: "exactly! Master, Ji Siqing has given me a quota. I will use this quota to represent the medical God gate to fight! Once those who refused me, I should let them understand, who is van root! Who is the trash

Duan Huaian quickly denied: "no! Absolutely not! Not to mention the danger of that game! You can't fight on behalf of the God of medicine! It was the battle of wudaozong sect. What kind of excitement do you want to join in

"What's more, if you don't have to deal with others in time, it will be very troublesome."

What ye Chen is sure of in his mind can't be controlled by others. He looks at Duan Huai'an and says word by word: "master, don't worry. I don't need martial arts. I'll crush those self righteous families and talents with medical skills."

.....

At the same time, a spirit newspaper spread out quietly in the whole Kunlun.

In just one hour, it spread to all the major sects and forces of Kunlun. Set off an uproar!

There is no other reason, just because the whole length of the newspaper has three big characters!

Ye Shitian!

Ye Jingtian appears in the empty sky of Kunlun for the fourth time!

Last time, Xuemeng and another clan were destroyed!

Kunlun Xu each big door has not yet relaxed God, the result this time, ye kill the sky unexpectedly appeared again!

This time, ye Shitian is not looking for zongmen's trouble!

It's going to the killing place!

The place where many families fear!

All the sect leaders breathed a sigh. They thought it was not a big deal, but they didn't expect that ye Shitian's deeds in the killing place were even more terrible than killing the clan gate!

Ye's crazy act of killing heaven: showing his talent of refining alchemy against heaven, crushing the saint level Dan master Hong Tao! Refuse danxu tower's invitation on the spot!

Ye kills the sky with one sword to kill four strong people who return to the void! Defend the posture of the strong!

Ye's name of killing heaven makes thousands of fierce beasts and kill ten strong people who return to the virtual world again! Ten thousand people surrender!

What's more, he left a cruel word that once resounded through Kunlun!

Madman!

A complete madman!

Innumerable sects sent people to the killing place to investigate the real situation. When the matter was confirmed, an emergency meeting was held overnight!

There is only one theme of this conference, that is ye Shitian!

The existence of Ye Shitian almost shakes 80% of the clans in Kunlun, which is a complete nightmare for them.

Although it has not been clear why ye Shitian made such a scene of killing, one thing can be sure that ye Shitian's existence is a time bomb!

He doesn't know when to show up!

I don't know who will do it next time!

I don't know what kind of cultivation ye Shitian is!

It's like ye Shitian's cultivation has been erratic and unfathomable!

From the front of my eyes, returning to the virtual state is not enough to measure ye Shitian! '

it is very likely that they are in or above the virtual kingdom!

Besides, this guy doesn't even pay attention to the slayer and danxu tower of the killing place. Who dares to move such a person!

Chapter 768

Kunlun Xu, Ji family.

A female boudoir with a faint fragrance.

The girl leaned against the window, the light shining, her face as bright as jade, as if the crescent Moon Halo, tender and graceful, beautiful and irresistible.

Ji Siqing put down his spiritual report and fell into a long meditation.

It was the first time that she felt the crisis.

From childhood to adulthood, she was full of stars.

The word genius seemed to belong to her only.

Her talent and spiritual roots are extremely rebellious.

She even used to enjoy the look up of others, which also cultivated her cold heart.

No one can get into her eyes.

Except ye Chen of the door of medical God.

But now, when ye Shitian's name appeared in her time, she found everything wrong.

Even many times, she would ask herself: am I really a genius?

Now ye's killing heaven is not only the way of Guangwu against the sky, but also the art of Dan Dao and animal training that most young people in Kunlun Xu can look up to!

Even let her look up!

She came to the window, the breeze came, and her hair fluttered like a fairy.

But on the beautiful face, it is the eyebrows and tiny frowns.

It's like falling into infinite thinking.

She suddenly wanted to see the man named Ye Jingtian.

She was too curious.

This feeling is more and more intense.

It is not only because of the sense of compassion of the genius generation, but also because ye Shitian may have Taigu Xushi pill in his hand, which is the only key to treating his father.

My sister Jilin went to Huaxia a few days ago to look for ye Shitian. Now it seems that the direction has gone wrong.

Ye Shitian is not in China at all.

It's time for the girl to come back.

As for the present, those people of the Ji family may not be able to find ye Shitian.

She was alone.

She has been to the killing place of Yucang mountain many times, and she knows it.

Better understanding of the style of the slayer.

Ye Shitian makes a big killing place and kills the people around him. The slayer will surely find ye Shitian at all costs.

If ye Shitian had an accident, his father's life would be over.

Ji Siqing no longer hesitated, put on a dress, five fingers, a thin sword directly appeared in her white and slender palm.

Then the sword was placed on the waist like a water snake.

Waist, chest, buttocks, perfect ratio of three circumference is enough to make most women feel ashamed.

"Xiaoqing, let Ji he come to see me at once!"

Ji Siqing ordered a servant.

Ji He is the only one who has seen ye Shitian. She must take it with her.

"Yes, miss."

Ten minutes later, Ji He, dressed in blue, appeared in the Jijia hall in a hurry.

"Sister Siqing, you asked me to come here so late because..."

Ji Siqing opened the door and said, "follow me to the place of killing."

Ji he was stunned: "sister Siqing, are you going to find ye Shitian?"

For Keith, it's important for me to count

"But ye Shitian has left the killing place? Are we too late in the past? " Ji he doubts.

Ji Siqing shook his head: "Since ye Shitian is in control of the fierce beast army, he must have a foothold in the Yucang mountain area. No matter what, I will go to see it."

Ji He nodded: "sister Siqing, when shall we start?"

"Now!"

.....

And now, in the cave.

Ye Chen and Duan Huai'an take pills one after another and begin to use their skills to heal their wounds.

During the war, both of them suffered heavy injuries to their internal organs.

Master Duan Huai'an has no elixir field, so his speed of absorbing the aura of heaven and earth is several times slower than that of ordinary people. Fortunately, ye Chen keeps refining pills for him to take.

All day, ye Chen opened his eyes.

He has recovered to the peak state, and his accomplishments have broken through a lot. He is still a step away from entering the holy land.

It's just a chance.

Once across to this realm, and then face some initial return to the virtual state, ye Chen may be able to kill without the help of the cards.

But in the face of some strong people returning to the peak of the virtual state, he is still struggling.

He looked at the master whose face was a little pale, and felt that the aura of heaven and earth was gathering in the master's elixir field and dissipated in a twinkling of an eye.

Master's experience is too sad.

You can't stay with the patriarch of daojong!

He wants to help the master.

However, the fragmentation of Shifu's elixir field is not ordinary, otherwise, Shifu can't have not been repaired all the time.

Suddenly, he thought of something!

Kunlun Xu everyone can not solve the problem of Shifu Dantian!But one person can!

That's Lin Qingxuan!

Chen, no longer hesitating to enter the tomb, black leaves.

At the moment, Lin Qingxuan is playing chess. Strangely, he is playing chess with his left hand and right hand!

"Sit down, disciple."

An old voice rings, ye Chen can only sit down obediently.

He tried to speak several times, but he was interrupted by Lin Qingxuan.

It seems that Lin Qingxuan is teaching him something intentionally or unintentionally.

After a game of chess finally ended, Lin Qingxuan stood up and looked at it with interest and asked, "disciple, what did you find just now?"

Ye Chen shook his head: "I don't know."

Lin Qingxuan laughed: "you don't know it's normal. After all, you didn't experience the ancient times, and didn't witness the rise and strength of medical ethics."

"Let me ask you another question. Do you know why I was able to suppress numerous wudaozong sects by myself?"

Ye Chen pondered for a moment, and then replied: "master, the doctor's way is connected with God. A silver needle can destroy a mountain and river, and wudaozong is naturally invincible."

Lin Qingxuan shook his head: "disciple, in fact, you don't know much about medical ethics. I'll tell you today that the reason why medical ethics is superior to martial arts is that medical skills are common skills! Magic power! Blood! Zhenshan river

"The magic power you have learned in qingxuanfeng is just a little bit of a magic power. If you control the real magic power, what is the daocong

Ye Chen was stunned. He just wanted to say something. Lin Qingxuan said, "I don't have much time to exist. I don't know how much I can teach you. So I may not fight for you in the future. Everything depends on you."

"But I will give you all the most important things, just because you once said that you would use the medical principle to turn the medical God's door into the first sect in the ages."

"The medical God gate was originally created by Lin Qingxuan. You and I are also predestined. In this matter, I will help you at all costs."

"also, I know the purpose of your coming here. One of the important reasons why Duan Huai'an's elixir field can't be restored is that someone used ancient magic to break open the elixir field by force! At the same time, seal the Dan soul

"If the seal of magic is not removed, all means in the world can not be restored!"

Ye Chen hears this words, breathe a little short of breath!

He knew that Lin Qingxuan had a way!

"Master, can you crack it?"

Lin Qingxuan waved his sleeve: "the ancient magic is a heresy in front of Lin Qingxuan's medical skills. If I want to break it, I can only do it for a minute!"

"But I can't waste a little bit more now! Therefore, if you want to break the ancient magic, you can only use your hand

Chapter 769

"With my hand?"

Ye Chen has some doubts. It is impossible to break this ancient magic with his own ability!

"Master, my realm and cultivation should be impossible."

Lin Qingxuan nodded: "you're a little self-conscious. It's impossible for your current cultivation to break the ancient sorcery. If I'm not wrong, the people who hurt and seal Duan Huaian are not ordinary. The gap between strength and you is like a natural moat. "

"He didn't kill all of them at the beginning, but he was confident that there was no one to crack the ancient magic."

"It's true that if it wasn't for me, few people in Kunlun could break through."

"Apprentice, no matter what, you still have to be careful of the caster who wounded Duan Huai'an. This kind of person is definitely not as simple as the surface."

"Fortunately, the way of medicine is always on top of martial arts, and there is no escape for all the techniques."

Ye Chen saw Lin Qingxuan for a long time without saying the method, and said, "master, how can I do it?"

Lin Qingxuan didn't continue to talk nonsense. He said directly: "you need to prepare 127 kinds of medicinal materials. A Dan Ding that can withstand extremely high temperature is far larger than the ordinary one, which can put down Duan Huai'an's body lying on his back."

Hearing these words, ye Chen was stunned.

How did he feel that Lin Qingxuan was going to refine his master Duan Huai'an into pills?

If this sentence comes out of that Hongtao's mouth, he may still believe it.

After all, what Hong Tao is good at is that he takes people as Dan Yin.

Besides, he doesn't have such a huge Dan Ding now.

One hundred and twenty-seven kinds of medicinal materials are far more than the storage of his reincarnation cemetery.

It's impossible to get so many kinds of herbs unless you're in a drugstore.

Seeing ye Chen's dilemma, Lin Qingxuan said: "you can solve the problem of medicinal materials by yourself. I can point out the maze for you. In the building of Hongtao just now, my spiritual sense felt that this kind of Dan Ding is hidden in a Dan room of Hongtao.

When you've got all these things together, come back to me. "

With that, Lin Qingxuan waved his arm gently, and a pill full of medicinal herbs fell on the palm of Ye Chen's hand.

Then Lin Qingxuan disappeared in the samsara cemetery.

Ye Chen looked at the danfang in his hand and sighed. The nearby medicine shop was only the place to kill.

He has to go.

Not only that, but he also forced his way into the red building.

As soon as Hong Tao dies, the whole killing place must be in chaos.

No doubt I hit the muzzle of a gun.

Fortunately, all people's attention is on ye Shitian's body. He enters with his real face, which is not a big problem.

What's more, the two sisters are still waiting in the hotel. Wen Lifeng let himself watch, and he can't leave like this.

But if you leave the cave, who will protect Duan Huaian's safety?

Ye Chen returns to reality, Duan Huaian has opened his eyes and looks at Ye Chen curiously.

Ye Chen stood up and said to the master, "master, I have some tails that I haven't dealt with. Maybe I'll go to the killing place. On this day, you must remember not to leave this cave."

When Duan Huai'an heard Ye Chen want to go back, his pupils dilated, and he refused: "no way! Now the danger of the killing place is far more than everything else. If you go now, you may be found out! "

He really didn't understand how ye Chen could think of killing at this time. Although his strength is very strong, but if a group of people to deal with him, it is not possible to win!

"Master, please don't worry. What's the matter with Ye Chen? What's more, most people think that I have left the killing place. The most dangerous place is undoubtedly the safest place. There will be no danger

After hearing this sentence, Duan Huai'an thought for a moment and was moved: "since you have something important to do, but I have only one requirement to be a teacher. You must come here before tomorrow evening, or I will go to the killing place to find you in person."

"Good!"

Ye Chen no longer hesitated and turned to leave. When he came to the cave, he said in a cold voice, "Xiaohei!"

The king of the black tiger came to Ye Chen in an instant.

"Hold the hole! Don't let the master have any mistakes, otherwise, I will ask you! "

Hearing this command, the king of the black tiger nodded, and his eyes were still staring at everything around him.

Ready to go.

With the guarantee of the black tiger king, ye Chen's stone in his heart is also put down. After all, this is the territory of this guy.

Even if the killers find this place, it's not so easy to attack.

Duan Huai'an looks at Ye Chen's disappearing body and thinks a thousand thoughts. I hope he can return safely.

.....

Half an hour later.

Ye Chen comes to the gate of the killing place.

The fire is flashing!

At the gate of Guangcheng, there are dozens of strong men! There are two masters of returning to the virtual realm to scan everything.

Fortunately, Ye Chen's appearance didn't let them wipe out. In their eyes, Ye Chen's realm was too low, and they despised the whole killing land.

"Spread out your hands and search your body!"

A man in armor said coldly.

Ye Chen has the ability to kill these gatekeepers, but he obviously will not.

Because once you start killing the owner, things will be too much trouble.

Ye Chen looks at several people in front of him with interest and takes out some high-level spirit stones and hands them out.

"I came here with my father a few years ago. It didn't seem so strict at that time. Why is the killing place like this now?"

Several people searched Ye Chen's body, compared the portrait of Ye Shitian on the wall, accepted Ye Chen's spirit stone, and said impatiently, "boy, you've come to the killing place at the wrong time. Recently, it will be very strict. Don't go out until you have to!"

Ye Chen pretended to be obedient and nodded, and directly mixed into the crowd.

Inside, the streets are filled with strong people from the holy King's realm and back to the empty realm. It's obvious that these people searched from room to room.

The efficiency is extremely low.

Anyone with a mask is forced to be uncovered!

If you don't obey, kill directly!

The streets were covered with blood and bodies.

Ye Chen Mou son micro MI, toward the killing of the largest medicine shop and go.

Although most of the stores were closed due to the disturbance of Ye Shitian, the herbal medicine shop was still open.

After all, ye Shitian was injured in the square battle.

This is undoubtedly the best time for drugstore business, and the person in charge of the drugstore is smiling and can't close his mouth. He would like Ye Jingtian to come more than once.

Entering the drugstore, ye Chen went directly to an old man in the center. He directly took out the Dan prescription filled with herbs.

"Hello, prepare these herbs for me."

"OK!"

The old man took over Dan Fang just planned to fill the medicine. When he saw the contents above, his body seemed to be petrified.

He has never seen anyone ask for so many herbs!

What is this about?

Alchemy? It's impossible!

Chapter 770

The old man looked at Ye Chen with interest and said curiously, "this gentleman, are you sure you are not mistaken? There are more than 100 kinds of medicinal materials on it. Some of them are even more rare. They may not be available in the shop. Are they miscopied? "

Ye Chen Mou son shrinks, shakes his head: "did not copy wrong, I am studying medicinal material recently, failed many times, plan to buy more this time, the province old runs to here."

"You can catch as much as you have here."

The old man looked at Ye Chen again. He didn't know why. He always felt that the other side was a little strange.

But this feeling can't say, no longer think, he turned to the backyard.

"Just a moment, sir."

.....

After a while, the old man knocked on a door in the backyard.

"Miss, it's me. I have something important to report."

"Come in!"

A cold voice suddenly sounded, it was a woman's voice.

Suddenly, the door is full of fragrance.

The old man walked in carefully.

The house was extremely simple.

A Dan Ding and a girl.

The girl has a beautiful face and a hot figure. She wears a black vest.

The magnificent thing nearly broke free.

The full semicircle is enough to make countless practitioners crazy.

Maybe it's because the alchemy is too long. I have some sweat on my body. My long hair is tied with a pink ribbon.

The whole body seems to be floating with a trace of immortality, non earthly people.

Skin is better than snow, which makes people dare not look directly.

"Mr. Qiu, what happened to the pharmacy?" When the woman opened her eyes, her palm was shocked and a pill was suspended in her palm.

The product level is very high. It's a pill that is infinitely close to seven grades! Even more than Hong Tao!

No one would have thought that there was such a young top Dan master behind the only pharmacy in the killing place!

Old Qiu obviously didn't dare to look at the woman in the eye and said, "Miss, you let me pay attention to all the people who buy special medicinal materials, but today there is one."

The woman stood up, conveniently picked up a towel beside her and wiped the sweat. She said curiously, "what's so strange?"

Old Qiu stepped aside and handed the prescription to him: "Miss, look, there is a young man outside who wants to buy more than 100 kinds of medicinal materials. The pharmacy has not met such a large order in a year."

"Oh?" A woman's slender fingers, Dan Fang appeared in her palm.

"It's rare to buy pills. It's rare to buy medicines."

Her beautiful eyes swept the contents of Dan Fang.

Disdainful smile suddenly stiff.

Show a frown.

As if in deep meditation.

"This is How can this be a bit like an ancient prescription? It's a pity that it only writes about the medicinal materials, but not the details... "

"The key is what kind of people need this prescription!"

"Every herb in this is in conflict with each other, but once it is mixed and refined, it is completely offset. It is absolutely impossible for ordinary people to have this kind of means! Either the other side is a top Dan master, or the person behind this guy is a top Dan master! "

The woman was obviously shocked by danfang.

"Miss, do you need to give the medicine to this man?" Qiu asked.

The woman's mouth outlined a radian of interest: "I still want to see this kind of person, why not give it?"

"Tell me to go down and give him the best medicine in the pharmacy! If there are several prescriptions that are not available, I will take them from my pills. "

Hearing this, Qiu's expression was obviously a little surprised.

Behind her, however, stood danxu tower. After three years, she resolutely left the family here.

One heart makes alchemy.

Even if Hong Tao's reputation resounds from the place of killing, she will not fight for it.

As if to all the world extremely disdain, only keen on the inner world of Dan.

But in front of me, the young lady should take out some important medicinal materials in her Dan room?

Are you crazy?

"Not yet! When everything is ready, give it directly to me. "

The girl said again.

"Yes, miss!" Old Qiu stopped thinking and went straight down.

Ten minutes later, Qiu laocai came to the girl and carefully handed out a jade pendant.

"Miss, everything is in it. There are many things in it."

"Good."

The woman grasped it with five fingers, and the jade pendant directly fell on her hand. Then, she went to the pharmacy.

At the moment, ye Chen is waiting patiently in the rest area. If you can't get together here, you can only go to Hongtao's place to have a look.

If you can't make it all together, it will be troublesome.

"This is your prescription, sir?"

A sweet voice instantly resounded, sweeping the woman's desolation in the backyard. Ye Chen raised his head and saw a sexy girl coming.

The key girl only wore a black vest.

The fiery figure shows no doubt.

The sense of lines and the turbulence are just right.

"Are you?"

Ye Chen took back his eyes and opened his mouth.

The girl chuckled and handed out her prescription: "Sir, my name is Luoyao. I'm the owner of this pharmacy. It's a great pleasure to meet you for the first time."

Ye Chen takes the Dan Fang back. I don't know whether Luoyao intentionally leans his body slightly and his full chest shows no doubt.

At the same time, the fingertip is in the palm of Ye Chen's hand.

Wave heartstrings.

"Ye Chen."

Ye Chen also said.

Luo Yao nodded: "good name, by the way, and the jade pendant, which contains all the herbs Mr. Ye needs."

Ye Chen immediately doubts, just now that the old man clearly said that the medicine of the prescription is lack, why suddenly complete again?

He took the jade pendant and glanced at it and found that not only was it complete, but most of the medicinal materials were of extremely high grade.

He didn't think there was a free lunch.

"Miss Luoyao, I don't know what the price of these herbs is?"

After all, it's a trade. Ye Chen can't give more spirit stones.

However, Luoyao shook her head and said with a smile, "Mr. Ye, I like refining pills. These prescriptions should be given to Mr. Ye and make a friend."

Then she showed a smile and said, "but there is a doubt in my heart. What kind of pill is Mr. Ye going to refine? How can so many herbs ensure that the cauldron is not disordered?"

"Of course, if it is not convenient for Mr. Ye to say so, I will not be in a dilemma."

When ye Chen heard these words, he became serious in an instant. He did not know the origin of Luoyao. Naturally, he would not say anything about Dan Fang.

He directly took out some extremely high-grade spirit stones and put them on the table: "I Ye Chen doesn't like to be favored by others. These spirit stones should be enough. Of course, I'm willing to make friends with Miss Luoyao. That's it. Goodbye

Finish saying, ye Chen leaves directly!

Luoyao naturally did not chase out, smart eyes flashing a glimmer of interest.

Old Qiu came over and looked at Ye Chen's back and said, "Miss, let this boy go? What's more, how does miss know that it's the boy who makes alchemy? "
