

## Physician 7621

### Chapter 7621

Emperor Yan of chaos frowned and said, "this demon forest is really terrible. Even demons and beasts have been trained into the art of prohibition. It's really unimaginable."

"You know, it's very difficult to practice this formula. Only Hongjun's father learned it in the flood and famine era."

Ye Chen was surprised and said, "Hongjun's father has practiced the formula of Zhou light God?"

Emperor Yan of chaos said, "yes, this cosmic light formula can reverse time and revive the dead."

"In those years, after Hongjun's wife Jianjia fairy died, he once wanted to reverse Zhou Guang and revive Jianjia fairy."

"However, the formula of Zhou light God is a forbidden art after all. It costs too much to play, and it may hurt the foundation of the avenue."

"At that time, Hongjun was about to soar. If he used the formula of Zhou light and God, his spirit would be consumed, and he would not be able to soar to the world."

Ye Chen was shocked and said, "so, the Hongjun ancestor actually had the opportunity to revive his wife?"

Emperor chaotic Yan said: "yes, but the price is too high. You can really revive a person without side effects. Only your reincarnation to the Tao. The formula of Zeguang God is forbidden after all. Hongjun is still reluctant to use it for his own interests."

"He finally flew to the world of nothingness and wanted to find a way to revive his wife in that world."

Ye Chen was at a loss and shocked. Unexpectedly, there was such a secret past between Hongjun's father and Jianjia fairy.

Chaotic Yan Emperor said with a smile: "boy, if you were asked to abandon your wife, regardless of the life or death of your beloved, just for your own flying, would you do it?"

Ye Chen hardly thought much and said, "I can't do it. If I do, I have a guilty conscience."

Chaotic Yan Emperor thought deeply and said, "what a guilty conscience!"

In fact, they exchanged ideas with each other. Everything was between lightning and flint.

The demon tiger chased him step by step. Ye Chen could not escape anyway.

Along the way, I also met several monsters.

However, after contacting the demon tiger, some of those monsters turned into dead bones on the spot, and some reversed the time and turned into a bloody embryo again.

The formula of Zhou light God is so terrible. It is possible to turn an adult into an embryo or even a sperm egg.

Ye Chen was terrified. If he was eroded and changed back to embryonic sperm and eggs, it would be terrible to think about it. Life is better than death.

Bang!

All the way, the demon tiger suddenly stepped on the ground, shot up, crossed the void, fell in front of Ye Chen and intercepted his way.

"No!"

Ye Chen's heart sank, looked up and saw the ferocious look of the demon tiger, and the cold hairs on his back stood up.

Buzz!

The demon tiger's pupil blood awn burst, and the endless evil Qi surged out, quickly forming a boundary to cover Ye Chen's cage.

In the boundary, the strange law of time is rotating, and pieces of time shuttle around, like a dream.

Under the strange law of time, ye Chen's body is on the verge of collapse.

This is the law of time, which is very strange and terrible.

"Three elders, help me stabilize the law of time in my body!"

As soon as ye Chen gritted his teeth, he felt that his skin had signs of aging. It was obviously eroded by the formula of the light God.

If it is eroded again, ye Chen will die.

At present, ye Chen's inner roar is to call the three chaotic gods to guard.

Chaotic Yan Emperor, chaotic Lei emperor and chaotic wind emperor also felt dangerous. They flew out of the reincarnation cemetery quickly and protected Ye Chen's body from three different angles.

If ye Chen simply competes with the barbarism of power, he will not lose to the demon tiger.

But under the erosion of the demon tiger's cosmic light formula, his strength could not be brought into full play.

This time, the three chaotic gods directly shot to stabilize Ye Chen's body and keep the rhythm of reality according to the time law of his body.

With the protection of the three chaotic gods, ye Chen felt that his body was as secure as a rock, and the evil spirit of the demon tiger could no longer erode in.

The demon tiger felt Ye Chen's breath and his pupils contracted immediately.

"Roar!"

It roared and was unwilling. The blood in his eyes flowed out more strongly, which made the whole time boundary become solemn. The authority of all kinds of time laws enveloped Ye Chen.

However, ye Chen was guarded by three chaotic gods and remained unmoved.

"Reincarnation holy light chop, break it for me!"

Ye Chen drank wildly, the reincarnation Heavenly Sword was raised, and the sword Qi was stirred. The weather of reincarnation heaven burst out, and there was a holy grail, flowing endless golden light and gathering on the sword body.

Ye Chen clenched the handle of the sword with both hands, poured infinite power into it, and cut it fiercely. A brilliant golden sword came out.

Hiss.

With one sword, the body of the demon tiger was cut in half.

The demon tiger gave a wail and the body fell to the ground.

"Dead?"

Ye Chen was pleasantly surprised that there were three chaotic gods guarding him. He had no worries at home. As expected, he destroyed the withered and decadent, and killed the demon tiger with only one sword.

Hiss, hiss, hiss!

After the demon tiger died, its body's blood churned, but it suddenly condensed into a wisp of human spirit, and flew out in a hurry and panic.

"Eh, that's..."

Ye Chen looked at the wisp of human spirit and was surprised.

There are many ancient words flowing on the spirit body, and each word has a profound fluctuation of the law of time.

"Is that the secret of the formula of the light God?"

Ye Chen was surprised and guessed secretly.

Boom——

At this time, in the reincarnation cemetery, the tombstone of the chaotic five emperors, another tombstone, shook violently, releasing infinite water vapor, boundless.

"Chaotic rain emperor? You old man, are going to recover?"

The three chaotic gods felt the fluctuation of water vapor and shouted in surprise.

Among the five chaotic emperors, the tombstone of the chaotic rain emperor vibrated more and more strongly. Finally, a rain figure emerged. It was the chaotic rain emperor!

"Is the new power awakened?"

Ye Chen felt the fluctuation in the reincarnation cemetery, which was also a great surprise.

The newly awakened great power, dressed in misty rain and green clothes, has a clear appearance and does not lose dignity in his kindness.

"Zeus light God's formula turns the spirit. Do you want to watch him escape?"

The chaotic rain emperor chuckled and shot suddenly. The rain gathered all over the sky like a waterspout and rolled forward.

The humanoid spirit was running away, very fast, but not as fast as the means of the chaotic rain emperor, and was caught up in the blink of an eye.

Hiss!

The water dragon scroll of chaotic rain emperor drowned the human spirit on the spot.

Chapter 7622

The human spirit sent out a scream, and the spirit dispersed into a paper Rune and fell into the hands of chaotic rain emperor.

"Here you are, boy!"

"This is the secret of the formula of Zeus light God!"

The chaotic rain emperor waved his hand, and the Fuzhao shot into ye chenmei's heart.

Boom!

At that time, ye Chen felt that a profound and mysterious magic formula poured into his sea of knowledge.

That's one of the eight prohibitions of the famine, the cultivation formula of the formula of Zeguang God!

The formula of Zeguang God can reverse the long river of time and control the decline, prosperity and death of all things. It is extremely powerful.

Ye Chen felt the secret in her mind and stayed for a while.

At this time, he found that it was not the demon tiger that had become the formula of the light God.

It's the formula of Zhou light God, which has accumulated aura for many years, cultivated human form and lived in the demon tiger.

The chaotic rain emperor was awakened by the smell of the cosmic light formula, and directly took it and gave it to Ye Chen.

"So this is the formula of the light God..."

Ye Chen realized the magic power in his mind. There happened to be a butterfly flying past him.

He waved his palm gently, releasing a trace of aura of the formula of Zeguang God. The life time of the butterfly was reversed, changed from the form of a butterfly to a caterpillar and fell to the ground.

"Hiss, what a strange power!"

When ye Chen saw this scene, he also felt the horror of the cosmic light formula. He really reversed the time and controlled the death and prosperity.

To use the formula of Zhou light and God, you need to consume a lot of Reiki, and it may even hurt the foundation of martial arts.

Since this magical power is called Forbidden art, the side effects are naturally huge.

If ye Chen's aura is fully opened, he estimates that he can turn half of the Wuyuan world back into a chaotic nothingness, or accelerate the time and make the world collapse.

Of course, if he did, his aura would be completely exhausted and he would die of weakness.

The cost of banning art is extremely huge.

Ye Chen has just reversed the life time of a butterfly. The consumption of Reiki can naturally be ignored, but if it is really against the enemy, I'm afraid it will kill the enemy 1000 and lose 800.

The chaotic rain emperor said, "this secret can't be used lightly, but it can be used as your bottom card. It's enough to reverse the war when necessary."

Ye Chen hurriedly said, "yes! Thank you, master!"

If the chaotic rain Emperor didn't wake up in time, this cosmic light formula might have slipped away.

"Let's go. There are many monsters chasing after us. If you don't want to die, leave quickly."

The chaotic rain emperor left a word and went back to the tombstone.

The other three chaotic gods also went back.

Ye Chen looked back, and sure enough, he saw a pair of strange beasts with flashing eyes in the darkness behind him. I don't know how many monsters came here.

A demon tiger makes Ye Chen so tricky. He is not sure to deal with so many monsters.

At that moment, ye Chen left quickly.

Fortunately, many monsters did not chase him, but went to rob the body of the demon tiger.

This night was a breathless one.

Two days later, with the help of the four chaotic gods, ye Chen finally came out of the siege of many monsters and walked smoothly to the end of the demon forest.

At the end of the town demon forest, there is a black vortex door, which is floating quietly. I don't know where to go.

"I can finally go out."

Ye Chen looked at the door of the vortex in front of him and felt the flow of the law of space.

No matter where the whirlpool door leads, just go out.

Wuyuan world is blocked. There is only such an exit now.

Ye Chen didn't hesitate too much, so he took a deep breath, stepped on the door of the vortex and sent it out directly.

Boom——

After ye Chen's transmission left, there was a thunder like sound in the Wuyuan world, and then it gradually disappeared, as if it symbolized the end of an era.

Outside the world of Wuyuan, Emperor Shi Wanye, Li He and others blocked and waited for three days, but ye Chen never came out.

When they were impatient, they suddenly felt the change of breath in Wuyuan world.

The breath of reincarnation disappeared.

"Huh? The boy, ran away?"

Li He twitched his face and pinched his fingers. He suddenly noticed something bad.

In the dark, he had deduced the secret of heaven and saw Ye Chen leave the Wuyuan world directly along a mysterious vortex door.

The emperor Shi Wanye on one side was also shocked. He pinched his fingers, turned white and said in a trembling voice:

"The boy ran away? He can still leave under my blockade?"

Li he smiled and said, "it seems that we were put together by Wu Tianqi. He still has a backhand."

After speaking, Li he stopped staying and said in a gloomy voice, "return to the mountain gate and report to the palm teacher!"

At that moment, Li he took his disciples and tore the void away.

The emperor shiwanye was trembling, and the original Junlang face was distorted and frightened at the moment.

"Elder Wan ye, what should we do?"

A disciple of wanxu asked in a low voice.

Emperor Shi Wanye was speechless. The Lord of reincarnation left under his eyes. He would never redeem himself.

Now empty handed, back to the wanxu temple, the feather emperor can't let him go.

"Hahaha, Lord of reincarnation, you won!"

"My emperor Shi Wanye is planted in your hands today!"

Emperor Shi Wanye suddenly went crazy and laughed wildly.

Many disciples around looked at each other and dared not speak.

They know that the emperor shiwanye is dead today.

The ancestors of the ten Heavenly Kings and Ren family have been executed.

Now the second one to be executed is his emperor Shi Wanye.

Chapter 7623

Emperor Shi Wanye's face was bleak, so he took his servants and returned to the wanxu temple.

He didn't want to escape anything, because his soul was held by the emperor. Even if he fled to the ends of the earth, the emperor could kill him with one thought.

Returning to the wanxu temple, Emperor Shi Wanye met the ancient emperor Yu Huang in front of the Cuizhu Xianchi.

"Lao Zu."

Emperor Shi Wanye knelt down, silent, and his face was frighteningly pale.

The feather Emperor gave a "well", nodded gently and sighed, "I know."

There is no need for Shi Wanye to elaborate. Under the influence of heaven's secret, the ancient emperor Yuhuang knew that he had failed again.

He felt powerless deeply. He didn't expect to send emperor Shi Wanye down this time, but he still failed.

"Lord of reincarnation, the wings are hard."

The feather emperor sighed and sighed. He was afraid that the prophecy of reincarnation replacing the ruins would come true.

The Lord of reincarnation is worthy of being an atmospheric transporter. The eight layers of heaven in the etheric real environment cut off the shackles of his hands and made great progress in martial arts.

Ye Chen escaped this time. The consequences are extremely serious.

The ancient emperor Yu Huang has been able to foresee that when he sees Ye Chen next time, the latter may have cut off the yoke and achieved an unprecedented glory.

You know, the number of his flail cuts is only 93.

The empress of heaven cut the flail 96 and Ren extraordinary cut the flail 97, which has made the feather emperor feel an incomparable threat.

If the reincarnation cuts off the flail, I'm afraid the luck of the ten thousand ruins will be completely suppressed, and the consequences will be unimaginable.

The emperor shiwanye said, "Lao Zu, I'm incompetent. I'm willing to die to apologize!"

At this moment, Emperor Shi Wanye only wants to die quickly.

Under the feather emperor, death is the best outcome, or at least liberation.

What I fear most is to be refined into a puppet, or take it to an alchemy device. Life is better than death.

The feather emperor nodded gently and said, "you are naturally going to die, but you want to die a little more valuable."

The emperor shiwanye was frightened, banged his head and said, "I just want to die quickly. Please give me a good time."

The feather emperor smiled and said, "don't worry, it won't torture you too much."

With a wave of his hand, a huge tripod appeared.

Then, Emperor Shi Wanye felt that his aura was blocked.

The feather emperor's sleeve robe is a roll, and the body of emperor Shi Wanye has been soaked in the giant tripod.

The giant tripod is filled with all kinds of fairy liquid, and many precious medicinal materials float on the surface.

Emperor Shi Wanye was terrified and said, "what do you want to do, Grandpa? Please give me a relief for the sake of our war together!"

The feather emperor said, "don't panic, I will give you a relief."

The tone of the emperor's voice was very flat.

This insipid tone, however, revealed a deep and cruel killing opportunity, which made the emperor shiwanze shudder.

With a flick of the hand of the feather emperor, a black border emerged on the ground.

Inside the border, black fog filled the air, and a cage slowly emerged.

In the cage, a wisp of remnant soul was locked.

That's the ghost of emperor Shitian!

"My God..."

Emperor Shi Wanye saw emperor Shi Tian and was shocked.

At this time, Emperor Shi Tian was withered and depressed.

His ideal has been disillusioned, and now the whole person is lost and confused.

The ancient emperor Yu Huang sighed, "emperor Shi Tian, you are an atmospheric transporter. Now in this world, only you can defeat the Lord of reincarnation."

Emperor Shi Tian heard the word "Lord of reincarnation", his trance expression fluctuated a little, and looked up at the feather emperor.

Emperor Shi Wanye is also looking at the ancient Yuhuang emperor. He doesn't know what the ancient Yuhuang emperor wants to do when he calls the emperor to release heaven this time.

The feather emperor opened the cage, released the remnant soul of emperor Shitian, and said, "emperor Shitian, are you interested in working for me? I can help you recast your body, and even help you practice the heart demon curse sword to the ninth floor."

Hearing this, Emperor Shi Tian showed a cold smile and said, "do you want to die?"

The heart devil big curse sword, if practiced to the ninth floor, is enough to judge the whole world, wash away all sins, and turn every creature into its own puppet. It is extremely terrible.

If the emperor Shitian's heart demon mantra sword is really practiced to the ninth floor, he is even sure that he can judge the feather emperor!

You know, the killing of heart demons is bloodless. You can ignore the gap of realm.

It is not the emperor who kills, but the devil in the heart of others!

People like the feather emperor have great desires and deep magic barriers. Once his demons are seduced, he will immediately lose his mind and become a puppet.

The stronger the cultivation, the deeper the heart devil, but the more afraid of the killing of the heart devil's big curse sword.

The feather emperor was naturally aware of this. Even he was not sure to fight against the heart demons in the peak state, which was a terrible magic power enough to judge the whole real world.

"It is said that there were only eight layers of the heart demon mantra sword. Later, due to the influence of no time and space, the ninth layer was born."

"The ninth layer of demons is the law of no world and a sharp blade controlling the real world."

"I asked myself, pushing the invincible in the universe, but I was cowardly in the face of nothing and demons."

"I'll help you recast your body and even help you climb to the top of the demons. Of course, it's conditional."

The feather emperor smiled and did not hide his fear of Wuwu and demons.

The real strong man is not fearless, but knows how to face fear and how to solve it.

Emperor Shi Tian's heart moved and said, "what conditions?"

The feather emperor said, "I will plant a prohibition in your body, and you will work for me again."

"Once you betray me, an idea can erase you."

Emperor Shi Tian smiled and said, "do you want to use me as a tool?"

The feather emperor said, "yes, but you also have the opportunity to fight against killing. Once you practice the ninth layer of mind demons, maybe you can turn around and use the mind demons to control me and rule the whole world!"

Emperor Shi Tian shook his head and said, "I'm not interested in ruling the world. Everyone in the world has demons, which has no meaning of existence."

"I just want to wash away this evil world and establish an ideal country."

"I believe that the brilliance of ideal can even break through the limitations of reality and shine on the world of nothingness."

Listening to Emperor Shi Tian's words, Emperor Shi Wanye was stunned and said, "God, you... You're crazy."

Emperor Shi Tian not only wanted to judge the world, but even wanted to shine on Nothingness by relying on the glory of the Republic, so as to testify against heaven.

This is really a crazy idea.

The ancient emperor Yu Huang stroked his beard with a smile and said, "I'm a vulgar person. I don't understand what the ideal country and the glory of judgment are. I just want to kill the boy of the Lord of reincarnation by your heart demon curse sword."

Chapter 7624

"The boy is too unlucky. Now it seems that it is impossible for outsiders to kill him. Only let his own demons kill himself."

Emperor Shi Tian looked at the ancient emperor and said, "my emperor Shi Tian never lives under people. You can kill me, but it's impossible for you to ask me to serve you and bow down."

"What I'm talking to you about is fair cooperation."

The feather emperor was stunned. Then he realized clearly, narrowed his eyes and said with a smile: "it doesn't matter. I'll give you justice. I'll recast your body for you and help you climb to the top of the heart demon. You killed the Lord of reincarnation for me. Let's make a fair deal."

"For the sake of safety, I will plant a prohibition in your body. If you rebel, you will die immediately!"

"Of course, no one can tell how mysterious the top of the heart devil is, so you can kill me if you have a chance."

Emperor Shitian nodded. Although he knew there was little hope, it was better than being imprisoned now. He said, "OK, that's it."

Emperor Shi Wanye in the giant tripod next to him was shocked when he heard the deal between emperor Shi Tian and the ancient feather emperor and said to the ancient feather Emperor:

"Lao Zu, never!"

"The top of the heart demon, which represents a sharp blade without time and space, is enough to kill the whole real world. If you help him climb to the top, you can never control him again!"

"I know the temperament of my descendants very well. He is a complete madman! If his heart devil reaches the top, everyone will die! The real world will completely collapse!"

Hearing the speech, the feather emperor snorted and looked at the emperor Shitian and said, "emperor Shitian, your ancestors don't agree. What do you think to do?"

Emperor Shi Tian looked at the emperor Shi Wanye soaked in the giant tripod and said softly, "Emperor Yu, you're going to kill my ancestor. Aren't you going to take his body and recast his flesh for me? He's a dying man. Why ask him for advice?"

The feather emperor laughed and said, "good! Emperor Shi Tian, you are really smart!"

It turned out that he soaked the emperor shiwanye in the medicine tripod to prepare to recast the body of emperor shiwanye into the body of emperor Shitian.

Emperor Shi Wanye, the ancestor of emperor Shi Tian, gave his flesh body to Emperor Shi Tian, inherited by blood, without any exclusion. Naturally, it can't be better.

Emperor Shi Wanye was so frightened that cold sweat came out. Finally he knew the plan of the ancient emperor Yu Huang and said in a trembling voice: "ancestor, you should give my flesh to my descendants? How powerful my flesh is. Once heaven inherits it, his cultivation will surpass you in the future, and you will die!"

Emperor Shi Wanye followed the ancient emperor Yu Huang for many years, and the relationship between them was like a monarch and a minister.

As a courtier, Shi Wanye, the emperor, is still worried about the ancient emperor Yu Huang. We should not be unfaithful.

The feather emperor sneered, "you don't have to worry about things in the future. Lead to death!"

When the voice fell, the feather emperor kneaded the formula in his palm, and a Taoist formula fell in the medicine tripod.

Guru Guru Nagetto!

The LingShuiXian liquid in the medicine tripod suddenly boiled.

The emperor shiwanye uttered "ah" and screamed bitterly. The flesh and spirit were boiling in the hot spirit water, which was very painful.

Emperor Shi Tian's eyes were calm and looked at the scene coldly.

Three hours later

Emperor shiwanye was boiled alive.

His body was irrigated with countless essences and materials by the emperor of the ancient emperor.

"Emperor Shitian, this is your new body. I hope you will be satisfied."

The feather emperor smiled and said.

"Thank you."

Emperor Shi Tian bowed his hand lightly. He thanked him, and there was a sense of sigh in his heart.

In this way, our ancestors were cooked alive in front of our eyes.

The body of the old ancestor has become his new flesh.

The once disillusioned ideal now has the hope of realization. Emperor Shitian's heart is also mixed with feelings.

With a wave of the emperor's palm, the soul of emperor Shi Tian was integrated into the flesh of emperor Shi Wanye.

The fusion process is very smooth. After all, their blood comes from the same source.

The physical body of emperor Shi Wanye was distorted for a while, and soon changed into the shape of emperor Shi Tian, and his hair turned white.

Emperor Shitian came out of the medicine tripod and returned to his elegant, male and female, elegant and calm appearance.

He inherited some of the accomplishments of emperor Shi Wanye. At the moment, he ascended to the sky step by step and has the strength of the king of heaven.

On the body of emperor Shitian, there are pieces of maple leaves, and strands of red lotus fire are floating.

The divine power of emperor Shi Wanye, one of the nine heavenly divinities, Manzhu shahua Sutra, was also inherited by him.

At this moment, Emperor Shitian is the master of the nine heavenly gods!

Thousands of rosy clouds and thousands of auspicious Qi filled the sky from the body of emperor Shi Tian.

Emperor Shi Tian looked up at the sky and sighed endlessly.

The feather emperor clapped his hands and laughed and said, "good, good! The integration is very smooth. Emperor Shitian, congratulations on your rebirth!"

After a pause, the feather emperor took out another sword and gave it away. He said, "I killed Ren Duxing, the ancestor of Ren family, and forged it with his bones."

"The ancestor of that family is an immeasurable strong man. His remains have great energy. This sword can also be called an immeasurable artifact. I'll give it to you."

Emperor Shi Tian took over the sword. The sword was three feet long and rolling. The word "Dugu" was engraved near the handle of the sword. It was the title of heavenly king who used to be the ancestor of the family.

The former ancestor of Ren family, Dugu Tianjun, Ren Duxing, has died today, and his bones have been cast into a sword.

Chapter 7625

Emperor Shitian took away Dugu sword and thanked him with an arch of his hand.

The feather emperor smiled and said, "go back to your emperor Shi family and meet your relatives in the supreme world. I have planted a ban in your body. You have just been reborn today. First get familiar with the body cultivation, and then get familiar with the laws of the supreme world. If you have any tasks, I will summon you again."

Emperor Shi Tian felt a little, and sure enough, he found that on his head, in the skull, there was a prohibition branded and engraved in the shackles of the skull.

At that time, the emperor Shi Wanye cut the yoke, but the skull yoke had not been cut off. Even if the body was recast, the yoke was still there.

As long as the feather emperor has one idea, he can detonate the prohibition and let the emperor release the gods and spirits.

Emperor Shi Tian was calm and comfortable. He bowed his hand to bid farewell to the ancient emperor and left the wanxu temple.

.....

At this time, ye Chen naturally didn't know that emperor Shi Tian had been reborn.

He came to an unknown boundary after he was transmitted from the Wuyuan world and the town demon forest.

Ye Chen doesn't know where this boundary is. After all, the heavens are boundless, and a drop of water in the boundary sea is a universe. Even if it is immeasurably strong, it is impossible to pry into the mystery of the whole world.

Ye Chen calmed down and felt a little. He locked the position of the dark forbidden sea and Beimang ancestral land in the vast world. At present, he wanted to tear the void and leave.

However, suddenly, ye Chen caught a faint aura wave in the depths of this land.

The fluctuation of that aura made his reincarnation holy soul day also resonate.

"It's the breath of hell soul road!"

Ye Chen was shocked. His reincarnation holy soul day has collected five pieces of soul path fragments, and the last piece of hell soul path has not been collected.

At the moment, ye Chen clearly felt that in the depths of this world, there was a fluctuation of the breath of hell soul road!

"It's really a chance to hit hell's soul road here."

Ye Chen's heart is happy. Reincarnation is worthy of great luck. Unexpectedly, he is so clever that he bumps into the opportunity of hell's soul road.

Since the opportunity is at hand, ye Chen will not miss it. Immediately pull out the reincarnation Heavenly Sword, protect himself and move forward carefully.

If you can find the fragments of hell soul Road, the reincarnation holy soul day can be completely restored.

The complete reincarnation holy soul day, which was once the supreme artifact for thirty-three days and ranked first!

Once restored, the power of reincarnation soul body is enough to easily crush ordinary heavenly kings.

Moreover, if the reincarnation holy soul day recovers, ye Chen can also get great gain in the future!

Ye Chen moved forward carefully and felt roughly that this land boundary is not big or small, which is about the area of China on earth.

Ye Chen gradually went deeper and deeper, but found that there were faint stars and moons around. They were slowly flowing. The stars were like fireflies and the moonlight was like pi Lian.

However, looking up at the sky, it was dark and empty. The brilliance of the stars and moon was released from the depths of the earth.

The earth vein of this land boundary has ancient star and moon energy.

"The energy of the stars and the moon, a familiar feeling, has something in common with that of ruoshue."

Ye Chen thought of Xia Ruoxue.

Xia Ruoxue has become the Taishang Xingxi Dao. Now the energy of the stars and moon around him has a trace of origin with the cause and effect of the Taishang Xingxi Dao.

"Where the hell is this?"

Ye Chen frowned and tried to deduce the secret of heaven, but found that the cause and effect here was vague. The years were too long and all traces could not be found.

"Eh, reincarnation Heavenly Sword?"

At this time, an old voice with surprise sounded faintly in the void.

"Who?!"

Ye Chen was alert and looked around with his sword.

"Don't panic, little friend. I mean no harm."

An old figure gradually appeared in the faint light of stars and moon around.

He was a ragged old man with thick wrinkles. He didn't know how long he had lived. He was full of vicissitudes.

His breath is completely integrated with the earth vein, so ye Chen didn't find his existence just now.

"A layer of heaven in Tianxuan territory?"

Ye Chen caught it carefully and found that the old man's cultivation was a layer of heaven.

With his current strength, one finger can crush him to death. He immediately put his heart down.

"I'm laughing at the idea of reincarnation."

The old man smiled and his eyes were always on Ye Chen's reincarnation sky sword.

Ye Chen also wanted to find the hell soul way, so he arched his hand and said in a slow voice: "under Ye Chen, he is indeed the Lord of reincarnation in this life. I don't know what the old master calls him?"

The old man said, "I'm crazy. A piece of rotten wood that lingers on. The presence of the Lord of reincarnation today really brightens this deserted relic."

"Gu Kuang..."

Ye Chen was surprised to hear the old man's name. She didn't expect that the dying old man had such a wild name.

"Elder, I don't know where this is. I broke in by accident. Please forgive me if I disturb you."

Ye Chen just wants to inquire about the news of hell's soul road.

Gu laughed wildly: "don't disturb, don't disturb, this place is a relic of Xingyue God religion. Today's reincarnation comes, which is a great honor for our religion."

Ye Chen was shocked in his heart and said, "is Xingyue God Religion the sect created by the female emperor of the Qing moon?"

There are countless causes and effects between Xingyue Shenjiao and Xia Ruoxue.

Ye Chen has long heard Xia Ruoxue say about the origin and development of Xingyue cult.

After Xia Ruoxue practiced the Taishang Xingxi Dao, the stars and the moon shone, and the weather shook the world, which attracted the attention of the Taishang world's star and moon gods.

The female emperor of the moon of the Qing Dynasty, the ancestor of Xingyue Shenjiao, has issued an oracle to take Xia Ruoxue to Taishang world, take charge of Xingyue Taoism and revitalize the glory of Shenjiao.

It's just that Xingyue Shenjiao is divided internally. Some people support Xia Ruoxue, but others want to kill her.

In Ye Chen's heart, naturally, he doesn't want Xia Ruoxue to go to the world. After all, he can solve his cause and effect by himself and doesn't need to rely on Xia Ruoxue.

The ancient maniac heard Ye Chen's words and was quite happy. He said, "has the Lord of reincarnation also heard of my Xingyue cult?"

Ye Chen said, "I've heard a little."

Gu Kuang suddenly sighed and said, "in order to compete for the iron throne, the female emperor of the moon of the Qing Dynasty, the leader of Xingyue cult, fought many immeasurable strong people, and finally regretted his failure."

"This boundary is the territory of my Xingyue cult."

"When Xingyue Shinto was in its heyday, there were Daoists in all the worlds, but after the end of the war, the female emperor cult leader fell, and our Shinto was seriously injured. We were forced to give up a large number of Daoists, leaving only the core territory of the world."

"This relic is one of the Taoist temples in those years."

When ye Chen heard this, he understood and said, "I see."

Chapter 7626

It turns out that this land boundary is the relic of Xingyue deity, an abandoned Taoist temple.

Gu wildly looked at the dark nothingness in the distance, smiled and said, "but recently, I caught the secret of heaven. My Xingyue cult is about to rise. There is a woman named Xia Ruoxue who has won the favor of the female emperor of the Qing moon. She will eventually lead my Xingyue cult to glory again!"

After a pause, Gu Kuang's eyes fell on Ye Chen again, revealing a trace of doubt and surprise, and said: "hiss, strange, Lord of reincarnation, how can I catch a trace of cause and effect related to Xia Ruoxue on you? Do you know that woman?"

Ye Chen coughed twice, waved his hand and said, "master, if you don't say this, I wish your god religion to recover as soon as possible, but when I came here, it had nothing to do with the stars and moon, but was attracted by the smell of hell."

When ye Chen mentioned the word "hell", Gu crazy's face changed slightly and said, "there is a smell of hell here, but it is very obscure. Unexpectedly, you will find it. The sense of reincarnation is really sharp!"

Ye chenlian hurriedly said: "elder, where does the smell of hell come from? Maybe it is related to my way of reincarnation. Please tell me!"

Gu Kuang hesitated for a moment, looked up and down at Ye Chen, and said, "behind the hell, the cause and effect is extremely terrible. The Lord of reincarnation, your cultivation in this life has not been fully developed? There are only eight layers of Taizhen. If you encounter any crisis, I'm afraid it's difficult to deal with it."

As soon as ye Chen smiled, he suddenly clenched his fist, and his bones cracked, and the violent energy of his fist burst out, which made the surrounding space vibrate and the vigorous wind rise suddenly.

"Although I have only eight layers of Taizhen realm, the shackles of martial arts in my hands have been cut off. It's easy to tear some low-level heavenly kings with my current combat power." Ye Chen smiled.

Gu Kuang felt the power of Ye Chen's fury. He was very frightened and retreated several steps.

"Reincarnation's combat power is really not as simple as it seems."

Gu Kuang sighed for a while. He could clearly feel that it was easy to tear him to pieces with Ye Chen's current strength.

"Elder, can you tell me the secret of the smell of hell?" Ye Chen asked.

Gu Kuang shook his head and said, "I don't know the mystery of hell. This place has always been so strange. Every hundred days, it is like hell."

Ye Chen said, "every hundred days, it's like hell?"

Gu Kuang said, "yes, every 100 days in this place, the earth will crack a crack, just like the door of hell, filled with infinite evil Qi."

"Whenever the evil spirit of hell gushes, I can only hide and dare not expose it."

"Once the body is exposed to the evil spirit of hell, even Tianjun will die."

"I once had more than a dozen friends who stayed with me in this star moon ruins, but then they all died and were eroded into dead bones by the evil spirit of hell."

"Up to now, I'm alone. I'm looking forward to the star moon god cult all day to pick me up. Unfortunately, I haven't seen anyone."

Ye Chen was secretly frightened. It sounded that the evil spirit of hell was really terrible. Even ordinary heavenly kings couldn't stop it.

How powerful would it be if the hell soul Tao was hidden behind the hell evil spirit and integrated it?

Gu Kuang then said, "three days later, there will be a hundred days. At that time, you can personally feel the horror of hell."

Ye Chen said, "OK, I'll bother you for a few days."

There are a large number of temples left by Xingyue cult in this Xingyue relic.

With the vicissitudes of time, many temples have long been abandoned, but fortunately they can still live.

Gu Kuang took Ye Chen and stayed down in the temple site.

Ye Chen pretends to cross her knees and concentrate. In fact, she is afraid of Gu crazy asking Xia Ruoxue about it.

Xia Ruoxue was favored by the female emperor of the Qing moon and appointed as the heir.

But ye Chen doesn't agree. If Gu crazy knows, it may hurt his heart.

Under Ye Chen's deliberate avoidance, the three days passed quietly.

Finally, the day of hell's evil spirit came.

Early in the morning, Gu Kuang got up early and warned Ye Chen, "Lord of reincarnation, the evil spirit of hell will break out today. You must be careful!"

After the wake-up, Gu Kuang hid in the main hall, started the guard and prohibition, and dared not come out again.

Ye Chen looked at Gu crazy like a great enemy, and his heart was also a burst of inexplicable tension.

Time passed bit by bit. At noon, ye Chen felt the earth shaking, like an earthquake, and then a strong wind blew in the surrounding air.

On the ground, sand and stone, the wind, and mixed with many, such as ghosts crying and wolves howling, tearing and shouting.

Boom——

A voice like a volcanic eruption suddenly sounded.

Ye Chen's eyes narrowed and looked up into the distance.

I saw a dark red energy rising into the sky like a magma explosion on the distant earth.

With the eruption of this dark red energy, the world of this star moon relic is completely shrouded in a dark red blood mist.

In the mist, there are endless wronged souls crying and tearing. There are many strange illusions in the air, such as corpse mountain and blood sea, knife mountain hell, tongue pulling hell, hell ghost hall, headless corpse, Yin soldier aisle and so on.

Endless visions of hell appeared from the distant earth, and then spread like a plague. In an instant, the whole ruins were full of the evil spirit of hell.

The place where ye Chen is located is the temple site of Xingyue cult. It was originally quite sacred, but with the roar of hell, the temple seemed to become hell.

Chapter 7627

Countless demons and ghosts shadow, crazy shouting, crazy dancing, crazy singing in the temple, a monster wearing chains and chains, shouting, struggling and rolling like crazy, the scene is extremely terrible.

What ye Chen saw in his eyes was a nightmare of hell. It looked like an illusion on the surface, but the sound heard in his ears was sharp and harsh. The stench smelled by his nose was full of the smell of corpses. It was disgusting. It didn't look like an illusion at all.

Inside the main hall of the temple, Gu furiously shrank behind the guard and prohibition. Looking at the picture of ghosts dancing outside the main hall, he was only scared with white lips and trembling.

He saw that countless wronged souls and Demons surged towards Ye Chen.

"Reincarnation Heavenly Sword, broken!"

Ye Chen took his time and set up the reincarnation Heavenly Sword. As soon as the sword body shook, the vast and sacred reincarnation heaven atmosphere filled the air.

The holy land of heaven, the gospel of reincarnation, as soon as it came down, all kinds of demons around, ah ah ah, screamed, and their bodies evaporated into white smoke. In a moment, they were completely transcended by Ye Chen's reincarnation power.

"This hell evil spirit, the source is not here."

Ye Chen frowned slightly. Although he easily destroyed the illusion of hell around him, he clearly felt that it was not the source of hell's evil Qi, but just a little leaked energy.

Ye Chen's eyes looked at the energy column ejected from the distant earth. His heart moved slightly, that is, he rushed away with the reincarnation Heavenly Sword.

Gu Kuang in the main hall was shocked to see ye Chen easily crush the illusion of hell and go to trace the source of evil Qi.

"The divine power of reincarnation is indeed vast. I dare not touch the evil spirit of hell for thousands of years, but he crushed it with a sword..."

Gu Kuang was filled with admiration. Suddenly, he caught a familiar secret from ye Chen, which was related to Xia Ruoxue.

"If the Lord of reincarnation really has a relationship with the future leader of our Xingyue cult, it is really a blessing of our cult..."

Gu Kuang murmured and wanted to go out to follow Ye Chen to see if he could help, but he was afraid of the terrible evil spirit of hell. He didn't dare to go out easily after all.

But ye Chen flew all the way and soon came to the place where the evil spirit of hell spewed out.

A closer look, as Gu Kuang said, the ground cracked a huge gap, and dark red energy gushed out of the gap, forming a volcanic spectacle.

The huge and dark red ground seam, like a flame, looks like a hell door.

"What will be underground?"

Ye Chen's eyes moved and stared at the hell like portal in front of him. He felt carefully. He could catch the smell of hell's Soul here, but it was not specific.

"It seems that we still have to go down and find out."

Ye Chen thought, and then the spirit moved and released the reincarnation holy soul day.

Buzz!

A magnificent sky is spread over Ye Chen's head.

The sky, the vast spirit energy is shaking, vaguely divided into six regions.

Tianfen liudao, the area belonging to the hell soul Dao, was empty. At this time, it kept buzzing and echoing with the hell like portal.

Under the ground, there may be fragments of hell soul path dormant!

Otherwise, it is impossible for the reincarnation holy soul day to resonate so violently.

Only the last fragment is missing. The reincarnation holy soul day can be restored to its integrity. Ye Chen will not miss such a great opportunity.

Using the reincarnation holy soul heaven and reincarnation Heavenly Sword to protect his body, ye Chen took a deep breath and jumped into the hell like door.

The hell like portal is actually a ground seam, but there are countless dark red energy spraying, so it looks particularly terrible.

Ye Chen jumped in along the crack in the ground. He only felt that he had jumped into the abyss. His body fell down, and there was no end.

Ye Chen's state of mind was strong, but he was not afraid. There were two golden lights in his eyes, paying attention to the surrounding environment.

All around him was the evil spirit of hell, scarlet and fiery.

If ordinary people, even low-level heavenly kings, are in this hellish evil spirit, the spirit is likely to be lost, and the flesh will be eroded into dead bones.

Ye Chen's body and spirit are extremely strong. Those hell evil spirits can't hurt him.

However, seeing that many hell evil spirits are so strong, ye Chen has a strong interest in his heart.

What is the existence of hell soul road?

Judging from the current weather, the breath of hell soul Tao is much more powerful than ordinary soul Tao.

Finally, ye Chen landed underground.

The underground world is extremely hot, and the red hell evil spirit flows everywhere, making the world seem like a magma world.

In the evil spirit, the ghosts, demons, eighteen layers of hell, Senluo ghosts, ghosts crying and Howling visions are far more violent than the outside world.

Fortunately, ye Chen has the protection of reincarnation holy soul heaven and reincarnation Heavenly Sword. Those hell visions can't hurt him.

"The source of hell soul road should be near here."

The resonance from the reincarnation holy soul day is stronger.

Ye Chen can be sure that the hell soul road is not far away.

He walked carefully along the resonant breath.

Along the way, the vision of hell is more strange.

Ye Chen even saw that there were many ordinary stones on the ground. After being eroded by the evil spirit of hell, they turned into white bones.

He walked all the way, stepping on the corpses all the way, I don't know how many dead bones he crushed.

It was a real body and bone, transformed from ordinary stones.

The hell evil spirit and powerful power have reached the point of changing the original structure of the object and turning everything into white bones and corpses.

In the underground world, there are also some flowers, plants and underground rivers.

However, under the erosion of the evil spirit of hell, the flowers, plants and plants became evil corpses, and the underground river became corpse water. As soon as people step on it, they feel as if they were stepping on a pool of rotten meat.

Ye Chen almost vomited out. This is not an illusion, but a real existence.

The evil spirit of hell has reached the realm of "creation" and "creation", which can transform everything into terrible things such as corpses, bones, blood, rotten meat, pus and so on.

Ye Chen can even be sure that if the evil spirit of hell spreads out and erodes the stars, it will be enough to turn a star into a huge stinking corpse.

After stepping through countless dead bones and corpses, ye Chen finally saw a black coffin with hell lines in the endless evil spirit!

The black coffin was quietly placed on a stone platform, surrounded by several candles, which were burning forever, and skeletons stained with blood were enshrined around in an ancient array.

"The source of evil spirit is in this black coffin!"

## Chapter 7628

Ye Chen's pupils contracted and felt very clearly that the black coffin was the source of hell's evil Qi!

The last fragment of reincarnation soul path, hell soul path, is likely to be in the black coffin!

Ye Chen's heart jumped up and approached the black coffin. He could vaguely see that the word "pivot of hell" was engraved on the black coffin.

"The pivot of hell?"

"This black coffin should be a powerful seal magic weapon."

Ye Chen touched the black coffin, caught the rule structure of the black coffin, tried to open the black coffin, but found that it couldn't move at all.

This black coffin cannot be opened with brute force. Otherwise, with the power of Ye Chen's current hands, it would have been opened long ago.

As soon as ye Chen's eyes turned and thought, he picked up the reincarnation Heavenly Sword, inserted it into the gap of the coffin cover of the black coffin and pried it with force.

Karara——

The black coffin made a sound, and the lid of the coffin was slowly pried open by the reincarnation sky sword.

"Effective!"

Ye Chen was overjoyed. With a sudden effort, he finally pried the black coffin open. The lid of the coffin slammed and fell to the ground.

With the opening of the black coffin, the scene inside the coffin also completely appeared in Ye Chen's eyes.

In the black coffin, a girl was sleeping.

This girl, with fair and tender skin, has the rhythm of breathing. She is like a Sleeping Princess. She is about seventeen or eighteen years old.

She was naked, surrounded by many black petals, wisps of black gas and wisps of dark red blood gas, haunting her white and tender body.

Black gas and blood gas seem to represent hell and evil, which is even more shocking against the background of her white body.

If Wu Yao represents compassion, the girl in the pivot of hell seems to represent evil.

The black gas and blood gas flowing on her made people look at it, and many thoughts of crime and killing came out of her heart.

If ye Chen's Taoist heart was not tough enough, he might fall at the moment he saw those strange smells and be alienated into a machine that only knows killing and evil.

"Who is this girl?"

"Her body has the smell of hell soul road!"

Ye Chen stared at the naked girl's body in the black coffin.

He can clearly feel that the hell soul is in the girl!

If you want to recover the hell soul road and integrate it into the reincarnation holy soul sky, do you want to kill this girl?

Ye Chen felt that things were not simple. He realized that he went back to the reincarnation cemetery, communicated with the four chaotic gods and asked their opinions.

The newly awakened chaotic rain emperor, almost without hesitation, said bluntly: "this girl doesn't know her identity, but she has a strong evil spirit. She's still killed her as soon as possible to avoid disaster."

Ye Chen was stunned and said, "without asking, he directly started to kill?"

Chaotic rain emperor said, "otherwise? Do you want to wait for her to wake up and kill innocent people for the evil party, and then you will kill her?"

Ye Chen kept silent. The girl slept in the black coffin and was the source of hell's evil spirit. It was really very strange.

Maybe killing her directly is the best way.

In this way, you can also successfully get the fragments of hell soul road.

But after thinking about it, ye Chen shook his head and said, "wait until she wakes up. If she does evil, I will stop her. I can't kill without asking the reason."

Ye Chen still remembers Hongjun's words. To break through the shackles of the heart, the key is to face up to the heart, don't regret doing things, and always have a clear conscience.

If the killer really moves now, ye Chen can't have a clear conscience.

At that moment, ye Chen closed the coffin again and wanted to take the girl away.

He wanted to put the black coffin in the picture of the yellow spring, but found that the black coffin was too evil and might erode the picture of the yellow spring.

If you wish for a heavenly star, you may not be able to bear it.

As for the reincarnation cemetery, although it can be easily carried, the four chaotic gods did not agree that ye Chen put the coffin in.

They all agreed that they should kill the girl in the black coffin.

Ye Chen had no choice but to carry the black coffin on his shoulder and return to the ground again.

At this time, the evil spirit had dissipated, and the surrounding world was calm again.

Ye Chen returns to the ruins of the Xingyue temple. Gu crazy is surprised to see him coming back with a black coffin.

Ye Chen said the story briefly and asked, "Sir, do you know the origin of the black coffin?"

Gu shook his head wildly and said, "I don't know. I didn't expect that there was such a coffin under the ground."

Seeing that he couldn't ask anything, ye Chen had to give up. He planned to go back to Ren extraordinary and discuss it early tomorrow morning.

Ren extraordinary is well-informed. He must know the origin of the black coffin, and there will be a solution.

Ye Chen then put the black coffin outside the room and rested in the room.

The black coffin was so strange that ye Chen didn't even dare to put it in his room, only outside.

He recalled the black gas and blood gas lingering on the girl's naked body, and there was an inexplicable fear in his heart, as if he had really hit a ghost.

The girl's evil breath left a deep impression on Ye Chen.

Ye Chen sat down cross legged, slowly breathing and breathing, dissolving the shadow of his heart.

After such a day, ye Chen's Taoist heart has returned to normal, so he wants to say goodbye to Gu Kuang.

At this time, sand and stones suddenly flew between heaven and earth, and the wind was strong.

"Lord of reincarnation, someone is coming!"

The ancient crazy turbid eyes shrunk and looked into the distant sky.

Chapter 7629

I saw an old figure coming down from the air, with strands of bright crystal awns and a few flashes, which came to Ye Chen.

It's a heavenly king. There are four layers of heaven in the Tianxuan realm. His strength is quite strong.

Ye Chen feels carefully, but catches a trace of familiar breath.

The old man who came down had the cause and effect of the supreme daughter.

Is it the people under the Empress Dowager?

The old man's eyes were like electricity. After seeing ye Chen, his attention fell on the black coffin. With a trace of shock and horror, he said, "Lord of reincarnation, where did you get the black coffin?"

Ye Chen wrinkled and said, "who are you? Are you the servant of the heavenly daughter?"

The old man found that he was impolite. He bowed and bowed his hands and said, "I'm Beiming God, one of the Twelve Gods under the constellation of the goddess, the Lord of reincarnation. It's impolite to meet for the first time."

Ye Chen was surprised and said, "are you one of the Twelve Gods?"

The Twelve Gods are all under the hand of the heavenly daughter. They were trained by the heavenly daughter for the "pig raising plan" to assist Ye Chen's growth.

Ye Chen has seen many of the Twelve Gods. He didn't expect to see a new one today, and he is still a four storey heavenly king.

The Beiming God respected him and said, "yes! My duty was to assist you, the Lord of reincarnation, but you broke through quickly and quickly. I can't help you any more."

"Therefore, Lord tiannv has arranged another task for me and asked me to track down the whereabouts of a witch."

Ye Chen said, "what witch?"

Beiming shenzundao: "The witch is sleeping in a black coffin called the pivot of hell. She is full of evil Qi. Once she wakes up, she may create towering blood evils. The consequences are unimaginable. Lord tiannv has been looking for it since a long time ago. I have been ordered to look for it recently. Today, I

found it in the hands of the Lord of reincarnation. It's really pathetic. I see that you, Lord tiannv and the Lord of reincarnation, are indeed destined and divided!"

Ye Chen said, "what is the origin of that witch? Why does the heavenly daughter look for her?"

Beiming God respected and paused, sorted out his words and said, "I don't know the origin of the witch. I only know that her evil spirit is awe inspiring. Once she comes to the world, it will certainly cause great disaster. The heavenly daughter assigned a task and asked me to dig out her heart and bring her back to the wish cult if I found her."

Ye Chen said, "dig out her heart?"

Beiming said, "yes! Lord of reincarnation, please open the coffin and give me the witch in the coffin."

Ye Chen's face sank and returned to the door of the hall room. He pressed his palm on the black coffin and said, "no, I can't give you this coffin."

Beiming God Zun frowned and said, "Lord of reincarnation, the witch is said to be naked and flirtatious. Don't be confused by her. You'd better give her to me and wish the divine religion to deal with it. As long as you dig out her heart, everything will be fine."

Ye Chen said, "I'm not confused by the witch, but the fragments of hell soul road are still in her body. I can't give people to you."

Beiming said: "the fragment of hell soul path is not on the witch. She is just contaminated with a trace of hell. Lord of reincarnation, please look at the face of Lord tiannv and give me the person quickly."

Ye Chen was stunned and looked at the black coffin at hand: "hell soul way, isn't it on her?"

Beiming God said: "of course not. In fact, there are no fragments of hell soul road."

Ye Chen was stunned: "it's gone? What does this mean?"

Beiming shenzun said: "in those days, the reincarnation holy soul heaven was broken in a big war, one was divided into six, but the fragments belonging to the hell soul Tao were completely broken and disappeared, and no longer exist."

"Therefore, this magic weapon is incomplete. Even if you want to collect it, you can collect up to five pieces. The last piece of hell can never be found."

"Because the fragments of hell have long collapsed and disappeared."

"Whether it's wanxu, tiannv, or many forces in the world, they don't deliberately look for the reincarnation holy soul day. It's because the magic weapon can't be restored to its integrity. The power of a broken instrument is limited after all."

After hearing what Beiming shenzun said, ye Chen was as stunned as hearing thunder.

The fragments of hell soul path have long collapsed and disappeared, and the world no longer exists?

In that case, he worked hard to collect the fragments of reincarnation holy soul day everywhere. Wouldn't he be busy in vain?

Ye chenleng was in place, and countless thoughts flashed in his heart.

That's right. The supreme artifact of the thirty-three days and the reincarnation holy soul day once ranked first, which is more powerful than the God sealing monument of the heavenly king. Why don't wanxu rob it?

It turns out that this magic weapon is doomed to be incomplete!

The witch was only contaminated with a trace of hell. The fragments of hell soul road were not really in her body.

Ye Chen sensed the secret of heaven and found that there was a causal fit. Beiming shenzun didn't lie.

The fragments of hell soul path have indeed disappeared.

Reincarnation holy soul day is doomed to be incomplete and cannot be restored to integrity.

"Lord of reincarnation, give me the witch!"

"Her witch's heart is the necessary material for the breakthrough of the divine skill of the lady of heaven!"

Beiming shenzun's eyes were sharp. When ye Chen was distracted, he came like a ghost. He patted his palm on the black coffin and flew the coffin cover.

In the black coffin, the evil spirit is rolling and incomparably strong.

In the rolling magic fog blood gas, you can vaguely see a beautiful and quiet face and fall asleep peacefully.

Beiming shenzun's eyes were bright, and his thin palm burst out. He wanted a blow through the girl's heart in the coffin.

"No!"

Ye Chen's body was shocked and returned to God. His right hand came out like lightning, intercepted the palm of Beiming's God, pushed him out with another push.

Beiming was so frightened that he stepped back three steps and said, "how can your hand be so powerful? The shackles of martial arts in your palm have been cut off?"

He is a strong man on the fourth floor of Tianxuan realm, but he was just repulsed by Ye Chen. Although he was caught off guard and didn't exert his power, it was very terrible.

Ye Chen's power is surprisingly great. It is obvious that he has cut off the shackles of martial arts.

Bang!

Ye Chen quickly closed the lid of the coffin and said, "master Beiming, this girl, I can't give it to you."

Beiming God said, "why? The fragments of hell's soul road are not on her!"

Ye Chen said, "I know, but since she has the smell of hell, it may be useful to keep her."

At present, ye Chen's reincarnation holy soul day has collected five fragments, and there is still one hell fragment left.

Even if the hell fragments are gone, this girl has the smell of hell. She may be the key to complete the reincarnation holy soul day!

Chapter 7630

Beiming's God turned his face and said sternly, "Lord of reincarnation, you have been confused by this witch! It seems that I must kill this witch, take you back to the divine cult and hand you over to Lord tiannv to deal with, so that you can wake up!"

The voice fell, and the aura of the four layers of heaven in Beiming God's respect for Tianxuan territory burst out, which excited the sand and stones everywhere, and the vigorous wind rolled.

In the sky above his head, there appeared a virtual shadow of Beiming giant Kun, swallowing clouds, overturning rivers and seas, and hissing up to the sky, which was spectacular.

The violent emperor's majesty exploded, causing the surrounding temples to collapse.

The ancient maniac next to him could not bear the pressure of Beiming God and retreated again and again.

Ancient mania is a layer of heaven in the heaven Xuan realm. Compared with the Beiming god statue with four layers of heaven, it is a full difference of three realms.

The huge gap between the three realms made him look like a mole ant in front of Beiming God.

At the moment, the dignity of Beiming God broke out. He could only retreat in panic and look at Ye Chen with worry.

Ye Chen felt the momentum of Beiming's God, and his face sank and hurried back.

With his current strength, if he does not use the cards of reincarnation cemetery, reincarnation blood essence, human slaughter holy cup and so on, he is still very reluctant to face the senior strong in the four layers of Tianxuan territory.

Beiming shenzun flew in one step, slapped his palm hard, opened the lid of the black coffin again, and was about to reach out and catch the girl.

"Enough!"

Ye Chen's eyes were angry, and his aura was released. He rushed forward under the pressure of Beiming God and blew his palm at Beiming God.

Beiming shenzun was ready at this time. He was not afraid at all and hit him with a fierce palm.

He decided that ye Chen was confused, so he showed no mercy.

Bang!

Two palms.

Ye Chen only felt a strong force and bumped hard. He spit out a mouthful of blood on the spot and retreated again and again.

With his current cultivation, if he doesn't use his cards and forcibly touch the Tianxuan strongman of the old monster level, it's still a little too reluctantly.

The supreme daughter will not accept mediocre talents.

It is impossible to suppress the world's strong here.

"Predecessors, help me!"

Ye Chen roared in his heart and communicated with the tomb of reincarnation.

Now his power can probably tear up the second layer of heaven, but this is the limit.

Tianjun has four layers of heaven, which is two levels higher than Tianjun's two layers of heaven. There is a gap between heaven, earth, clouds and mud. He is unmatched in any case. He must rely on the power of the great powers of the cemetery.

However, to Ye Chen's surprise, his voice fell, but reincarnation cemetery was silent.

Chaotic wind emperor, chaotic Yan Emperor, chaotic thunder emperor and chaotic rain emperor all have no intention of lending strength to Ye Chen.

Ye Chen was stunned.

The chaotic rain emperor's face took a shadow and said, "boy, I think it's better to kill the witch. The smell on her is too dangerous."

Ye Chen was stunned. Unexpectedly, the four chaotic gods thought the same. They all wanted the black coffin girl to die, so they didn't lend themselves.

"No! I said, killing for no reason, I have a guilty conscience!"

Ye Chen's eyes were completely split. It was the first time that he had such serious differences with the great powers in the reincarnation cemetery.

Since the four chaotic gods are unwilling to borrow, ye Chen can only rely on himself!

"The holy cup of human slaughter is the king of war!"

Ye Chen clenched his fists, his arms were blue and sudden, his reincarnation essence and blood burned, his aura exploded, and the violent war spirit boiled up, and a huge virtual shadow of an ancient war King appeared behind him.

That's the weather of the supreme war king!

The supreme way of war was taught to Ye Chen by Wu Zu himself, which represents the extreme of war spirit!

The vast ancient shadow of the war King gradually burst into a strong murderous spirit of blood slaughter.

The man slaughters the holy cup and spins around Ye Chen.

The golden Holy Grail, at the moment, flows out of the core with fierce and terrible blood.

Rolling blood, with the ultimate murderous spirit, integrates with the virtual shadow of the war king.

In an instant, ye Chen seemed to incarnate into a king of killing and stepped out.

Boom!

Blood and gas rush into the sky, the earth collapses, and the laws of heaven and earth are fading. The world is like overturning. There are tearing vigorous winds and black hole vortices everywhere.

Gu Kuang, who watched the war from a distance, felt Ye Chen's amazing momentum and completely shocked.

At this moment, ye Chen's reincarnation blood essence is burning, and the war King's Taoism is perfectly integrated with the human slaughter holy cup. It is powerful enough to crush a cosmic world.

"Killing King fist!"

Ye Chen's murderous spirit was steaming, and even showed the terrible face of green faced fangs, which exploded with a startling fist.

Beiming shenzun felt Ye Chen's fierce fist, which was also an incomparable shock.

"It is worthy of being the person that the lady of heaven sees!"

"There are eight layers of heaven in the Taizhen territory. How can it have such power!"

"It's a pity that the realm cultivation between you and me is too poor after all."

"Great Kunbao skill, broken!"

Although Beiming God was shocked, he was not flustered. His thin fist moved, and the giant Kun virtual shadow in the sky fell into his hands.

His thin fist suddenly faded all the haggard wrinkles and became vigorous, full of Qi and blood, powerful and matchless.

Bang!

Their fists collided with each other, which was like the collision of two big suns. In an instant, terrible waves broke out, tearing the void apart.

Under the huge impact force, their fists were torn, their bones were shot everywhere, and the blood and flesh shot out, evolved one small world with vigorous vitality in the void, and then annihilated.

The essence of two people's flesh and blood is remarkable.
