

Physician 7631

Chapter 7631

Even a drop of blood can change into a vibrant world.

Ye Chen's fist is already broken, and only a little muscle is left to connect.

The sharp pain came, and ye Chen turned pale and retreated in a very embarrassed way.

The eight trigrams heaven elixir technique is launched. Ye Chen heals the injury and grows the lost flesh and blood again.

But he knew he had failed.

Although Beiming's fist was splashed with flesh and blood, his body only stepped back, not as embarrassed as ye Chen.

Ye Chen surprised heaven with a punch, just let him step back.

The gap in realm is too serious after all.

Without the help of reincarnation cemetery, ye Chen is still too reluctant to fight this old monster level genius.

"Lord of reincarnation, offended!"

Beiming God arched his hand. He exceeded Ye Chen too much by relying on his realm. After all, he won.

Now, the girl in the black coffin is at his disposal.

Ye Chen wanted to say something, but his chest was so blocked that he couldn't say a word.

Beiming Shen Zun's old eyes narrowed slightly and explored his hand to catch the girl in the black coffin.

Seeing his palm, he was about to touch the girl's body, but at this time, the girl's long eyelashes trembled, and then opened her eyes.

What kind of eyes are those?

Black and bright, like obsidian, with extreme evil Qi, extremely profound.

At a glance, people have the illusion of falling into a nightmare.

"Ah, ah --"

Beiming shenzun suddenly sent out a series of sharp and sad screams without warning.

He stepped back, covered his eyes and cried in great panic:

"My eyes, my eyes!"

His eyes and eyeballs exploded on the spot, and he became blind.

The girl in the black coffin woke up and climbed out of the coffin slowly.

She was surrounded by black fog and condensed into a thin, dark black skirt, covering her body.

Her face was extremely pale, her expression was cold, with a trace of murderous spirit. Two tusks were exposed from the corners of her mouth, like a blood sucking witch, which was extremely ferocious.

She climbed out of the coffin, glanced around, looked at Beiming God, and looked at the ancient madman watching the war in the distance.

"Ah --"

As soon as Gu Kuang touched her eyes, he screamed a hundred times more shrill than Beiming's God.

His eyeballs burst on the spot, shed blood, covered his eyes and rolled on the ground.

Then, on his body, there was no reason to emit a plume of black gas, like the tentacles of the devil, which entangled him and squeezed him constantly.

"Lord of reincarnation, help, help!"

Gu Kuang made a cry for help, which was very sad.

Ye Chen was frightened. Who was the girl in the black coffin.

One look has such terrible lethality.

At this time, the girl's eyes looked at Ye Chen.

Ye Chen's eyes, as soon as he contacted her, his head exploded, as if to burst, giving birth to countless strange illusions.

The sea of corpses, hell Shura, endless wrongs and demons run rampant in Ye Chen's mind.

"Reincarnation holy soul day, suppression!"

Ye Chen reacted very quickly and immediately started the reincarnation of the holy soul day. The majestic spiritual power was released to suppress all kinds of illusions.

Reincarnation holy soul day itself represents the extreme of soul power. As long as there is the protection of reincarnation holy soul day, the spiritual impact of the enemy will not affect Ye Chen at all.

"Die!"

When the girl saw Ye Chen resist, there was a severe cold in her Obsidian bright and deep eyes. With a wave of her slender palm, the endless black gas was overwhelming and rushed towards Ye Chen.

Click, click!

The endless black gas, like the terrible power of hell, can kill everything.

When the black air washed away, many flowers, trees and temple sculptures changed into Obsidian Statues in an instant.

If the power of the Iron Throne is to turn people into iron statues.

The girl's ability is to turn a person into an Obsidian Statue by relying on the evil spirit of hell!

The black air was overwhelming, not only for ye Chen, but also leaked out in all directions.

Beiming deity was stained with black gas, and his body became stiff and became obsidian.

"Lady..."

Beiming God only had time to make a half voice call, and he completely became a stone carving.

In the distance, Gu Kuang was swallowed silently and became an Obsidian Statue.

The overwhelming black air also swallowed Ye Chen.

The girl seemed to have exhausted all her energy. With a dull hum, her body fell soft to the ground and fainted.

The heaven and earth were completely shrouded in black gas.

All the existence of reality, temples, earth, forests, deserts and stones, have become lifeless and lifeless obsidian.

Only the girl, still the same.

Ye Chen felt his body petrified rapidly in the infinite black air.

"Reincarnation Heavenly Sword, broken!"

At a critical juncture, ye Chen offered the reincarnation Heavenly Sword like a blessing to his soul.

A golden sword light swept out like water and immediately destroyed all the black air around.

Ye Chen's body also recovered. He staggered to his feet, but saw the dead silence of heaven and earth. Everything turned into obsidian.

“.....”

Ye Chen was a little confused and absent-minded, standing in place.

"Boy, I told you that the evil spirit of that witch is too strong. If she wakes up, she will definitely cause great disaster, right?"

In the reincarnation cemetery, the chaotic rain emperor laughed, as if blaming Ye Chen for his softness.

Ye Chen shook his head and made no excuses.

He paused and went to the girl.

The girl was wearing a black skirt with little material. She could see half of her snow-white chest.

At the moment, there was a trace of blood on her half snow-white chest.

It's Ye Chen's reincarnation blood!

Looking at the traces of blood, ye Chen's pupils immediately contracted.

Just after his fight with Beiming God Zun, the blood splashed into the coffin. The girl woke up just because she was stimulated by the blood of reincarnation.

"It was because of me..."

Ye Chen looked at the unconscious girl and thought about how to deal with it.

Just then, the girl's eyebrows trembled, opened her eyes and woke up again.

This time, the sober girl's eyes were no longer that kind of deep and terrible appearance, but as pure as a little girl.

Her two ferocious tusks were completely retracted. On the surface, she looked like an ordinary girl.

"You!"

When ye Chen saw the girl waking up, he subconsciously stepped back.

"Hello, brother!"

However, unexpectedly, the girl smiled, innocent and romantic, but she came up and hugged Ye Chen's neck, very intimate.

Chapter 7632

Her soft body was next to Ye Chen, which made Ye Chen very stunned. She pushed her away like an electric shock and said, "what are you doing!"

The girl was pushed away by Ye Chen. "Ouch" seemed very wronged, and her eyes were slightly red.

At this time, she looks like a neighbor's little sister who has just crushed everything and killed everything.

"Brother, I like you. It's your blood that revives me. You're my only relative now. Don't leave me, okay?"

The girl came up again and blinked at Ye Chen. She wanted to pull Ye Chen's hand, but she was afraid.

"The only relative..."

When ye Chen heard the girl's words, he was even more stunned. Looking at each other's innocent appearance, he didn't think she was a hell witch.

"What's your name? Where's your home?"

Ye Chen asked subconsciously.

"Brother, my name seems to be shanrou."

"Where is home... I forgot."

"I only remember that I have a sister. Her name is Yunjin."

The girl blinked and tried to recall, but she couldn't recall anything. She only remembered that she had a sister.

"Cloud brocade?"

Ye Chen was stunned when she heard shanrou's words.

If he remembers correctly, the name of the grass sacrificed before seems to be Yunjin.

"You mean Yunjin, isn't it her?"

Ye Chen's palm was trembling, and her scalp felt numb inexplicably. Her aura was released, and the smoke gathered, outlining the graceful figure of Yunjin.

Shanrou was overjoyed when she saw the graceful figure and said, "it's her! She's my sister. Our home is... Well, I really don't remember where my home is, but she's my sister!"

Ye Chen's head roared, blank.

He never thought that the girl in the black coffin had something to do with Yunjin.

Brocade is a small grass that once grew next to the Iron Throne. What kind of existence does it have?

"How many things do you remember before?"

"When did you lie in this coffin?"

Ye Chen asked quickly and pointed to the black coffin.

Shanrou was surprised and frightened. She hugged Ye Chen's arm tightly, curled up in his arms and said, "brother, i... did I lie in the coffin before? What's the matter?"

Ye Chen looked at her ignorant appearance and was even more surprised.

It seemed that she didn't remember anything, and even completely forgot that she had been lying in the coffin.

"I don't know. Your background is very mysterious. I'll take you to meet someone."

Ye Chen said that he was going to take Shanrou to see Ren extraordinary.

Shanrou gave a "um" and nodded.

Now Ye Chen is her only dependence. She naturally listens to Ye Chen.

Ye Chen was not in a hurry to go, but first explored the four directions, looked at the statue of Beiming God and Gu Kuang, and wanted to restore them to their original shape, but it didn't work by means of wish Tianxing, Bagua Tiandan, Tianxian Koi copy and so on.

"Are these two statues... Made by people?"

Shanrou is smart enough to guess the terrible cause and effect of the two statues.

However, she forgot that she made it herself.

Ye Chen frowned and didn't answer. Then he sighed and said, "just let's go."

Holding shanrou's hand, he was ready to go back to beimangzu and discuss with Ren extraordinary.

Shanrou nodded uneasily and followed Ye Chen.

Ye Chen is ready to tear the void away. However, at this time, a cold wind suddenly blows between heaven and earth, and ice and snow roll.

In the snow and ice all over the sky, the weather of an ice Phoenix floated, and then a hazy and graceful figure appeared in the void.

It was the will of the supreme daughter!

"Ye Chen, stop!"

Tiannv virtual shadow entrenched in the sky, did not fall down, and her tone was terrible.

"Master tiannv, you... Why are you here?"

Ye Chen was very surprised. She never thought that heaven would come.

Did the existence of kindness and softness disturb her?

"Give me the girl beside you."

Her voice was cold and her eyes looked straight at Shanrou.

Shanrou snorted stiffly. He felt a powerful shot. His body was paralyzed on the spot, and his throat called intermittently: "brother..."

Ye Chen's face sank and said, "Master Tiannv, please tell me all the causes and consequences of the matter. If Shanrou really dies, I will give her to you."

Ye Chen works for a clear conscience.

The Supreme Lady is always aiming at kindness and softness. There must be her reason.

Ye Chen is not unable to walk when she sees a woman.

Now the will of the heavenly daughter has come down. It's no small matter.

If Shanrou really has a reason to die, even if she is Xiaocao's sister, Ye Chen will not favor her.

The heavenly daughter said, "She is a hell witch. Once the magic gas breaks out, you can see the consequences. Do you think she should die?"

Ye Chen looked around. Obsidian was everywhere in the four fields of heaven and earth. Beiming God and Gu Kuang became stone carvings.

These are all gentle hands.

Shanrouda was shocked. She was very smart and had guessed what. She trembled and said, "brother, I caused everything around here?"

Ye Chen took her hand and said, "don't panic, I'll protect you."

After a pause, ye Chen looked up at the heavenly daughter and said, "there is magic Qi in her body, but to suppress it, you don't have to kill her."

Shanrou is Xiaocao's sister. If she can, ye Chen naturally doesn't want to hurt her.

The heavenly daughter sighed and said, "forget it, ye Chen, I won't hide it from you. In fact, I want to kill her mainly because I want to practice with her heart."

Chapter 7633

Ye Chenda was shocked and said, "you... What did you say?"

The goddess said, "the nine heaven baopu Jue I practiced is a spiritual skill for cultivating the mind in the nine heaven divine skill. If you want to practice to the peak, you need a lot of Tiancai and Dibao."

"The heart of this witch is the best material for me to practice Kung Fu."

"You're right. There are other ways to suppress the evil Qi in her body."

"But I want to practice with her heart, so she must die!"

At last, the goddess's eyes stared at shanrou coldly, like a hawk staring at a little white rabbit.

Ye Chen and shanrou are extremely creepy.

Shanrou shivered all over and looked at the heavenly daughter and said, "sister, I didn't do anything wrong. Why did you kill me?"

The heavenly daughter said, "chickens, ducks, fish, sheep, cattle, horses, pigs and dogs have done nothing wrong, but why do people eat them? You are right, but you are just a grass and livestock like existence in my eyes. If it's not for ye Chen's face, I want to kill you, and I need to explain to you?"

The words of the heavenly maiden are superior, with the indifference and dignity of the superior.

Ye Chen was terrified,

Chapter 7634

If it weren't for ye Chen, now she has been taken away by the goddess of heaven, and her heart has been taken out like an animal, which has become the material for practicing martial arts.

"I just want a clear conscience."

Ye Chen sighed and refused the heavenly daughter. In case the emperor releases the demons of heaven, he will really practice

Chapter 7635

"Therefore, the coordinates of the hell world are unstable. After I wandered and left, the coordinates were lost and I will never go back. It's a pity."

Ye Chen frowned tightly. Now it is probably certain that kindness and softness came from hell.

Hell is the hometown of kindness!

However, the coordinates of hell, Ren Feifan, have been lost.

Now even if ye Chen wants to go to hell, there is no way.

"If I can't go to hell, then my reincarnation holy soul heaven will have no chance to complete..."

Ye Chen murmured, worried.

Ren Feifan said, "it's true. If you spend more time with that girl named Shanrou, maybe you can catch some clues on her."

Ye Chen nodded, and now he could only walk.

Shanrou was settled by Ye Chen in Beimangzu, a quiet valley.

She was a little afraid of strangers, so she saw no one except Ye Chen.

At this time, in the quiet valley, Shanrou, dressed in a black skirt, sat alone on a large bluestone by the pool, barefoot, white and tender soles of her feet, stretching into the pool.

She reflected on the pond and stared at her face. Her eyes were stunned, and she didn't know what she was thinking.

"Gentle."

Ye Chen came to Shanrou.

"Brother Ye Chen."

Shanrou saw him coming, his eyes were happy, he called, his feet fiddled with the pool, and then stood up.

Ye Chen paused, sorted out his words, and immediately asked with some caution, "do you still remember the hell world?"

"Hell?"

Hearing Ye Chen's question, shanrou was stunned and said, "where is that? I feel familiar with it, but for a time, I can't remember it."

Ye Chen said, "hell, it may be your hometown..."

Ye Chen simply tells Ren Feifan's words to shanrou.

The hell world, the place where the heavenly prison soul crystal is produced, is likely to be the hometown of shanrou!

Ye Chen only hopes that shanrou can recall the past after hearing his words.

"Hell, my hometown?"

The gentle eyes were distracted, and the willow eyebrows tightened, as if they remembered something.

However, the memory seemed to make her very painful.

She suddenly snorted stiffly, covered her heart, and her body was filled with wisps of black gas. With an uncomfortable look on her face, she said, "brother, go! You go quickly! Stay away from me!"

Ye Chen was stunned and didn't know why.

However, the black gas on Shanrou's body became stronger and stronger, and spread out like smoke.

In the black air, there is infinite evil Qi, infinite Hell breath, infinite resentment.

Bursts of harsh roars, bursts of ghost crying roars, emanating from the black gas.

Then, her gentle face suddenly became ferocious, with two fangs exposed at the corners of her mouth, and her eyes completely turned into pure black, just like a demon.

At this moment, she changed into a witch again, her throat gave out a sharp cry, the magic gas of ten fingers exploded, and her nails grew violently.

Then, her fingers, like a sword, attacked Ye Chen fiercely.

"Be gentle!"

Ye Chen was shocked and hurried back.

Hiss!

The soft and sharp nails passed in front of Ye Chen.

If Ye Chen hadn't dodged quickly, that blow would have seriously injured him!

Woo woo——

The black magic gas on Shanrou's body spread out crazily.

The trees, flowers and bamboos in the valley, shrouded in her magic spirit, clicked, and suddenly changed into an Obsidian Statue.

The kindness and softness of the demon girl's posture, the breath is simply terrifying. In her dark eyes, it is like an ancient demon. Everything between heaven and earth will become Obsidian if her eyes pass.

Ye Chen touched her eyes, and his body also felt a little stiff. If he didn't have reincarnation blood, I'm afraid he would also become an obsidian sculpture.

"Be gentle and calm!"

"Ba Bu Fu Tu Qi!"

Ye Chen gritted his teeth, and his aura was released, and the eight futu Qi exploded.

Wisps of golden vastness, with the glory of Buddhist righteousness, came out of Ye Chen. It was the purest and most solemn Buddhist breath, which had a very strong suppression effect on magic Qi.

Hum!

The Buddha is shining all over the sky, and a huge pagoda of futu falls down.

Then, they landed in formation.

A golden array, centered on the pagoda of futu, is instantly formed, locking shanrou in it.

Shanrou struggled and roared like a female beast, but for a time, she couldn't get rid of the suppression of Ye Chen pagoda array.

Ye Chen's face was dignified, forcing a drop of golden reincarnation blood essence, which was branded on Shanrou's forehead.

The breath of reincarnation can suppress all demons.

Under the suppression of Ye Chen's reincarnation blood essence, the magic Qi on Shanrou's body also gradually faded and dissipated, and his eyes recovered their pure and clear appearance.

"Shanrou, is everything okay?"

Ye Chen quickly withdrew the suppression of the pagoda array and helped Shanrou up.

Shanrou was stunned. She recalled that she almost hurt Ye Chen just now. Her eyes turned red. She held Ye Chen's hand, and her delicate body trembled, saying, "brother Ye Chen, I'm sorry..."

Ye Chen gently touched her hair and said, "it's all right. I should say I'm sorry."

Ye Chen just mentioned the hell world, which obviously touched Shanrou's memory, and made her suddenly demonized, almost causing disaster.

Shanrou wiped his eyes and said vaguely, "brother Ye Chen, your mention of hell really reminds me of something."

Ye Chen's eyes lit up and hurriedly asked, "what do you think of?"

If Shanrou can remember the coordinates of hell, it would be great.

If Ye Chen wants to complete the reincarnation holy soul sky, he must go to the hell world to find the heavenly prison soul crystal.

That is the only material that can complete the reincarnation holy soul day!

Shanjudo: "I remember that my sister Yunjin and I were adopted by the king of hell."

Ye Chen said, "the king of hell?"

Good at Judo: "yes, his name is Yan luodaojun. He is a very withdrawn person, but he is very good to me and Yunjin. He is the absolute master of hell, and his cultivation is very strong."

"The masters from the outside world, no matter who goes to hell, are not his opponents."

Ye Chen was secretly surprised that the king of hell was called Yanluo Daojun.

Ren Feifan said that the king of the hell world is likely to be an emissary from wuwuwuspacetime. Cultivation naturally cannot be weak.

In the hell world, Yan Luo Daojun takes advantage of the favorable time and place. Maybe even if the Emperor Yu goes, he can't take advantage of it.

"Shanrou, can you think of other things besides Yanluo Daojun? For example, where is the coordinates of hell and your hometown?"

Shanrou shook his head and said, "I can't remember anything else. Moreover, the heaven machine in the hell world is vague, there is no fixed coordinate, and the position is changing all the time. Even if I think of the coordinates in those days, it won't be useful now."

Chapter 7636

Ye Chen frowned deeply and said, "really?"

In the real world, there are fixed positions and coordinates.

But the hell world is too mysterious.

That place does not belong to the real world, nor does it belong to no time and space. Between existence and non existence, the mystery of heaven is elusive.

Ye Chen rubbed the center of her eyebrows, and she had a headache.

It seems that it is really difficult to find the location of hell.

"Is my reincarnation holy soul heaven doomed to have no hope of completion?"

Ye Chen's heart is dignified. If the reincarnation of the holy soul day can't be completed, he will be busy for nothing after working so hard for so long.

Helpless, ye Chen can only stay with shanrou, hoping to find more clues in her.

.....

At this time, the supreme world, the God of desire.

A pool with ethereal air and shrouded in smoke and clouds is located at the core of the earth vein of the God of desire.

That's the first of the four fairy pools. Wish fairy pool!

The whole Taoist Qi of the wish God sect converges on the wishing fairy pool.

At this time, three people stood beside the wishing fairy pool.

Two women and an old man.

They are Ren tiannv, ye Luoer, and Beiming shenzun.

Ren tiannv stood in front, and ye lu'o'er and Beiming shenzun stood in the back.

"I wish, the secret of heaven is revealed, and hell is seen!"

Ren tiannv, with a dignified color, softly sang the ancient mantra, with her aura flowing constantly, and the mist steaming on the green silk.

WOW!

With the falling of the spell, the wishing fairy pool also vibrated, and the water waves rolled and the ripples spread.

Then, in the water, a picture emerged.

It was a hell of a sight.

There are a sea of corpses, white bones, corpses and blood everywhere. Flies and vultures are circling everywhere in the sky. Black fog is rolling, miasma is severe, and there are endless ghosts and Demons wandering on the dark red earth.

Ye lu'o'er and Beiming shenzun, seeing the hell like scene, their hearts shook and retreated in horror.

"Hehe, I finally found the coordinates of hell."

Ren Tian goddess was calm, smiled, gently took out a handkerchief and wiped the sweat on her forehead.

Using the power of the wishing fairy pool obviously cost her a lot of energy.

Wishing fairy pool, legend can achieve all wishes.

Just now, Ren tiannv made a wish to spy on the position of hell.

Her wish came true.

"Congratulations, lady!"

Beiming shenzun bows his hands and congratulates him.

Ye luo'er was silent and glanced at the wishing fairy pool.

The picture in Xianchi gradually faded, but ye luo'er was deeply impressed by the terrible smell of hell just now.

Her heart, inexplicable fear and tremble.

The smell of the hell world was so terrible that it was unforgettable. It haunted her like a nightmare. She almost vomited out.

"When I was young, I once went to hell with Xiao Fan to experience. I really miss it."

Ren tiannv fingers gently across the pool, a ripple, she gently sighed, into memories.

Ye luo'er and Beiming shenzun stood silent.

Ren tiannv said to herself like a dream, "the evil spirit in that place is too terrible. Xiao Fan and I almost died in it. Fortunately, we escaped at last. That's the only day I fought side by side with him."

"After coming out, in order to compete for the title of Ren Jia's destiny, he and I are doomed to never die."

Ye Luo'er and Beiming shenzun, listening to Ren tiannv recalling the past, mentioned Ren Feifan. Naturally, they are not easy to intervene and continue to remain silent.

Ren tiannv laughed and said, "I captured a piece of Tianyu Soul Crystal with him and was chased by countless forces."

"Hehe, the prison soul crystal that day is a specialty of the hell world. It has been produced for tens of thousands of years. It is extremely precious. If it can be brought out, he and I can change our lives against the sky."

"Unfortunately, the spirit of the prison crystal was very evil that day. We really couldn't bring it out, and we almost got eaten back. Finally, we had to bury it in a secret place."

Hearing this, Beiming God moved in his heart and said, "Lord tiannv, I heard you say that the prison soul crystal that day is the material for building the hell soul Tao. If the Lord of reincarnation wants to complete his reincarnation holy soul sky, he must use the prison soul crystal."

Ren tiannv said, "that's right! I spent a lot of energy today, making a wish to find the location of the hell world, just to ask you to go there and help me get back the soul crystal of the heaven prison."

Saying this, he looked at Beiming shenzun and glanced at Ye Luo'er again.

Ye Luo'er's delicate body trembled and said, "Lord tiannv, you... Do you want to give the heavenly prison soul crystal to brother ye?"

She knows that tiannv has been cultivating Ye Chen, and Ye Chen at the moment needs Tianyu Soul Crystal!

If you give it to brother ye, it's really great!

Ren tiannv smiled and said, "I naturally want to give it to him that day, but he must exchange it for something."

Ye luo'er was stunned and vaguely guessed something.

Beiming God zunxi said, "Lord tiannv, do you want to call the Lord of reincarnation and exchange the heart of the witch for the soul crystal of Tianyu? This is a clever plan!"

Ren tiannv said, "that's right! The witch's heart is the necessary material for me to practice Kung Fu, and I can't afford to lose."

"As long as we get the heavenly prison soul crystal, ye Chen, that guy, will surely hand over the demon girl's heart!"

Tiannv doesn't want to force Ye Chen, but she doesn't want to miss the heart of the witch.

Therefore, the exchange of heavenly prison soul crystal is undoubtedly the strategy of having the best of both worlds.

Chapter 7637

Ye luo'er was shocked. She also heard the fairy say about the heart of the witch, and hurriedly said, "fairy, no, don't you embarrass brother ye? He is a kind person. You ask him to kill the girl named shanrou, he must not want it!"

Ren tiannv laughed and said, "kind? Are you kidding? The bones of people who died under Ye Chen are enough to pile up into a mountain. How can he be kind?"

"He didn't want to kill the witch. He was probably confused."

"As long as I take out the heavenly prison soul crystal, he will wake up."

"If you want the soul crystal in heaven prison, to complete the reincarnation holy soul sky, or if you want the life of a witch, I believe smart people know how to choose."

Ye Luo'er was sweating, and felt that the heavenly daughter's method forced Ye Chen to make a choice, which was greatly inappropriate.

She wanted to persuade something, but the goddess gently waved her hand and stopped her speaking.

"Needless to say, Luo'er, you and Beiming go to hell and get back the soul crystal of heaven prison."

The spirit of the goddess of heaven's slender hands was released and gathered into a map.

"This is the map of the hell world, the burial point of the heavenly prison soul crystal. I marked it out for you."

"Be careful, and be sure to bring back the heavenly prison soul crystal."

Beiming God respectfully took the map and said, "yes, lady!"

Seeing Ye Luo'er's reluctance, the goddess gently touched her face and said with a smile, "Luo'er, I've never forced your brother Ye. You take back the Tianyu soul crystal. Whether he is willing to trade depends on his meaning, and I won't force him."

"Going to hell this time is also your experience."

Ye Luo'er had no choice but to nod and say, "yes!"

Tiannv then said to Beiming God, "Beiming, protect Luo'er. After all, the hell world is very dangerous. Even if you fight this life, you can't let Luo'er have an accident."

Beiming God respected him and said, "please follow the instructions of the lady of heaven!"

Ye Luo'er felt grateful.

At present, Tiannv tears out a space channel, waves her hand and says, "go."

"Yes!"

Ye Luo'er and Beiming God agreed in unison, so they stepped into the space channel and went to hell along the channel.

"Ye Chen, I'd like to see whether you want the soul crystal of heaven prison or the life of the witch."

Ren Tiannv looked at the sky in the distance, and a smile slightly appeared at the corners of her mouth, as if she was holding the winning ticket.

.....

Hell, jump out of the ten thousand boundaries, not in the five elements.

This is a very special world, the whole world is full of rotten flesh and blood, bones, as well as all kinds of viscous liquids, pus, all kinds of nameless dirty things.

This place can be said to be the dirtiest and most disgusting existence in all the space-time world, and it is well deserved hell.

At this moment, in the hell world, on a mountain piled up with rotten bodies, two figures, tearing the void, came down.

It is ye luo'er and Beiming shenzun.

As soon as they came down, they saw a sea of corpses and blood around them, and countless terrible scenes of viscous liquid churning, all frowning.

Even though they were used to the killing storm, the horrible and strange environment in the hell still made them sick and almost vomit.

"Is this hell?"

Ye luo'er released a layer of golden aura to protect his body from being eroded by the surrounding sea of corpses and endless miasma.

"Miss luo'er, we'd better find the soul crystal in the heaven prison as soon as possible and go back to reply to the lady of heaven."

Beiming God took out the map and said.

"Well."

Ye luo'er nodded gently.

At that moment, the two men flew forward according to the map.

In hell, there are evil spirits and ghosts everywhere. Fortunately, ye luo'er and Beiming shenzun are quite powerful, and ordinary evil spirits can't hurt them.

Soon, they came to a deserted ruins.

The ruins are full of dilapidated halls and buildings, which are full of white bones, and vultures hover in the sky.

In hell, there are corpses everywhere, with blood rolling, but not death.

On the contrary, there are many powerful forces here.

Those forces, some of whom were strong after the failure of preaching Wuwu in the past, lived in seclusion and founded here.

Some are innate spirits condensed from the breath of hell, which are jointly built.

There are other forces, even related to wuwuwuspacetime!

Wuwuwuspacetime is extremely chaotic. Even the race born from wuwuwuspacetime may not be able to adapt to that space-time environment.

Some races can't stand the indescribable and completely uncertain law of no time and space, so they run to the real world and hide in hell.

Compared with the law of no time and space, which is completely indescribable, the law of hell is at least a little related to the real world.

The real world represents stability and steadiness, which can make every living creature flourish and grow.

The map given by the goddess of heaven contains the distribution of various forces in hell.

Ye Luo'er and Beiming God Zun, who captured the cause and effect on the map, naturally knew the horror of this hell world.

Those powerful forces, especially those from the race without time and space, occupy an absolute dominant position in this world.

Ethnic forces, in the world of dead mountains and blood, have opened up Daoists, established legal systems, and steadily cultivated and advanced, just for the ultimate detachment.

Ye Luo'er and Beiming shenzun, the ruins in front of them, are exactly a deserted Taoist temple, which has long declined, lost all the legal atmosphere, and was eroded by corpses and bones again.

The earth vein of hell is full of malice, misfortune and curse.

When the evil Qi of the earth vein converges, it will change into infinite bones and corpses. If there is no guarding of the Dharma, it will be eroded by bones and corpses and eventually sink into hell.

The ruins in front of us have not completely fallen, and we can vaguely recognize the outline of the former Taoist temple.

Ye Luo'er and Beiming God looked at each other, and they quickly entered the center of the ruins.

In the center of the ruins, the two saw many traces of excavation and many sacrificial supplies, and the traces were still very fresh.

"Has anyone been here?"

Ye Luo'er was secretly surprised.

Beiming God's face sank, and he also said, "it seems that Lord tiannv, the soul crystal of the heavenly prison buried here, outsiders are also looking for it, but fortunately they didn't find it."

In those days, Ren tiannv and Ren Feifan buried the soul crystal of the heavenly prison here with a special prohibition cover. If there was no broken spell, outsiders could not find it even if they dug for a lifetime.

Ye Luo'er said, "it's not suitable to stay here for a long time. Let's find the heavenly prison Soul Crystal quickly and go back to recover."

Beiming God said, "that's right."

Saying this, Beiming God Zun recited softly: "the blood moon is disillusioned, embrace Pu Shouyi, all dharmas are broken, and the soul of heaven prison is crystal, up!"

Chapter 7638

The singing fell, and the earth suddenly rumbled and vibrated, opening a crack.

In the crack, the brilliance of the blood moon diffused out, and then the blood light dispersed, and a fist sized spar slowly rose and hummed from the deep part of the ground crack.

"Is this the soul crystal of heaven prison?"

Ye Luo'er looked at the crystal stone and was surprised.

I saw the crystal stone, which was crystal clear without any defects, very transparent, emitting extremely strong energy fluctuations, which made people feel the shaking of their hearts and the turbulence of their souls at a glance.

This crystal stone is the soul crystal of heaven prison!

In those days, the goddess of heaven and Ren Feifan jointly set a ban and buried the soul crystal in the heaven prison here. Until now, Beiming God recited a spell and untied the ban, so that this soul crystal could be born again.

Boom!

With the birth of the heavenly prison soul crystal, a magnificent wave of energy also rose into the sky.

The wind and cloud rolled in the sky, and a whirlpool of dark energy appeared. The wind and thunder rolled, and the weather was violent.

"We've got it, miss Luo'er, let's go!"

Beiming God took the soul crystal of heaven prison and put it in his arms, so he urged Ye Luo'er to leave.

This heavenly prison soul crystal is extremely evil. Fortunately, Beiming God Zun has the strength of the heavenly monarch level, which is enough to bear.

When Tiannv and Ren Feifan found Tianyu soul crystal, they were not Tianjun, and they didn't even cut their flail. Naturally, they couldn't bear the energy of Tianyu soul crystal.

Ye Luo'er nodded and wanted to tear the void away with Beiming God.

However, the next moment, they were surprised to find that the surrounding space law was actually monolithic and could not be torn.

Even, on the land of the ruins, there were array lines and a huge prohibition array, which quickly surrounded the two people.

"No! Someone has set up an array here! We fell into a trap!"

Beiming shenzun's face was shocked, and cold sweat suddenly appeared.

Ye Luo'er's pupils contracted, and he also felt bad.

.....

At this time, in the hell world, in an ancient Taoist field.

Around this Taoist temple, there are endless pools of flesh and blood, and the corpses are in pus, which is extremely terrible.

But in the Taoist temple, there are beautiful mountains and rivers, ancient customs, elegant scenery and fresh air.

It is obvious that those with great magical powers have opened up this blessed place in the world of corpses.

At this moment, on the pulpit of the dojo, an old man in a Taoist robe is opening the pulpit and preaching. Below him are hundreds of young disciples, all listening.

"The way of nothingness is unspeakable, unspeakable, omnipresent and immortal."

"Our desolate people come from no time and space, because nothing is too mysterious, untouchable, and can only escape to the real world."

"Now, our desolate people have been practicing for countless chaotic eras, and their merits have accumulated deeply. It is almost time to prove the truth."

The old man said slowly.

A disciple asked, "Lao Zu, when will we return to wuwuwuspacetime?"

The old man said, "soon, as long as you catch a traitor back to worship the heaven, you can complete your virtue and truly return to Wuwu."

The disciple said, "traitor? That's the desolate freedom called 'taboo of all worlds'?"

The disciple uttered the words "wild and free". Suddenly, his facial features were distorted, and he snorted stiffly. His face was blue and purple, and he fell to the ground, tumbling violently, as if he had been poisoned.

All the disciples around were shocked and got up and retreated.

The old man changed his look and said, "unbridled! How many times have I said that you are not allowed to call the traitor's real name directly, are you not afraid of death?"

The voice fell, and the old man released his aura and shrouded the disciple.

The disciple struggled for a while, his blue purple face was back to normal, and finally came back from the gate of death.

"Thank you for saving my life!"

He was sweating and kneeling on the ground, still with lingering palpitations.

The old man "hum" and said, "the traitor is known as a taboo in the world. His real name is naturally a taboo existence. Can it be called by your descendants?"

The disciple said, "yes!"

The old man wanted to say something more, but suddenly his face changed sharply, and his facial features showed anger.

"Lao Zu, what's the matter?"

A disciple asked cautiously.

"Someone broke into the forbidden area of the ruins, dug up the soul crystal of the heavenly prison, and touched the prohibition!"

The old man was extremely shocked.

Hearing this, the disciples present were surprised.

That piece of heavenly prison soul crystal is necessary for my ancestors to practice martial arts. If it is poached, it will be troublesome.

"Laozu, how can this be possible? We have covered up the mystery of the sky in that ruins, and outsiders can't penetrate it!"

"Are Ren tiannv and Ren Feifei, two outsiders, back?"

"Are they? When they stole the soul crystal from the heaven prison, they only had less than a hundred flail realm of cultivation. Now they have grown into a world-renowned strong man. Do they really want to come back?"

The disciples were panicked and whispered.

"Be quiet!"

The ancestors of the barbarians spoke coldly.

The disciples immediately quieted down.

The ancestors of the famine clan pinched their fingers to deduce the secret of heaven, then touched their beard and said, "it's not the two fates of the Ren family, it's just the two men of the heavenly daughter."

"Well, nine heaven magic, Dragon God breaking heaven formula? It's a little interesting..."

The ancestor of the wilderness clan seemed to catch something, his eyes lit up slightly, and then shouted, "desolate cold, take someone to the forbidden area ruins, kill the intruder, and take back the soul crystal of the heavenly prison."

"Hehe, they came at the right time. I was worried that I couldn't find the soul crystal of the heaven prison, but they dug it out by themselves."

The voice fell, and among the disciples, a man with sword eyebrows and stars stood up, arched his hands and said, "yes, ancestor!"

Chapter 7639

The ancestor of the wild clan nodded and said, "you have the strength of Tianxuan seven layers of heaven, but you should also be careful. The other party has a woman who practices the nine heaven divine arts and has dragon blood, which can't be underestimated. If you can defeat her, you can use the way of collecting Yin and tonifying yang to drain her blood, which may make you fly to the sky, and it's not certain that you can be promoted to infinite territory."

The man named Huang Han, hearing that he had a great chance of promotion, his eyes suddenly flashed and said, "please rest assured, my grandfather, I will kill the intruder and recapture the soul crystal of heaven prison!"

At that moment, Huang Han took several disciples and quickly tore through the void and rushed to the forbidden area of the ruins.

.....

Among the ruins, ye luo'er and Beiming God Zun tried to break through the prohibition array several times, but it was useless.

"Oh, this is the prohibition imposed by the immeasurable strong. I'm afraid it's not easy to break through."

Beiming God's face showed embarrassment.

Ye luo'er gritted his teeth and said, "are we going to be trapped here?"

Beiming shenzun resolutely said, "please rest assured, miss luo'er. If it's really a last resort, I will send you out even if I fight for my life!"

The sound fell, and suddenly the thunder shook between heaven and earth, tearing the space, loosening the surrounding restrictions, and a burst of laughter came out.

"If you dare to break into the forbidden area of our wild family, none of you will want to go out!"

I saw a man with a sword eyebrow and a star, with several strong men of Tianjun level, coming out of the void crack.

"Who!"

Beiming shenzun's expression changed greatly.

"This Buddha is the chief disciple of the famine clan. Famine cold, you two are the subordinates of the goddess of heaven? Your strength is only so."

Huang Han sneered. He was a super strong man on the seventh floor of Tianxuan realm.

And Beiming God is just four layers of heaven.

Two people are three realms away!

Under the rolling of this huge realm, Huang Han looked at Beiming God Zun and ye lu'o'er as if he were looking at two mole ants.

"Miss lu'o'er, go quickly!"

Without any hesitation, Beiming shenzun immediately handed the heavenly prison soul crystal to ye lu'o'er and urged her to leave.

The realm gap is too big, and Beiming shenzun can't see the slightest possibility of victory.

Ye lu'o'er took the heavenly prison Soul Crystal and immediately hesitated.

But I saw Beiming shenzun. At this moment, his blood was burning all over his body, and his vitality was completely burning. His old fist blew out and hit the desolate head directly.

This is a desperate punch.

He just wanted to delay ye lu'o'er.

"Death!"

When Huang Han saw the attack of Beiming deity, he disdained to smile, waved his palm, and the violent Tianjun momentum exploded, holding the fist of Beiming deity.

Click!

As soon as Huang Han pinched it, the fist of Beiming God was pinched into meat mud.

Under the huge realm gap, Beiming shenzun was completely defeated. Even if he tried hard, he couldn't hurt the desolate cold at all. He was seriously injured in person.

"Senior!"

Ye Luo'er was shocked and angry, and his aura exploded. He immediately used the Dragon God's formula to break the sky.

Roar!

Instantly, Ye Luo'er turned into a golden dragon, entrenched in the sky, and the vast and brilliant golden light burst out of her dragon-shaped body.

At this moment, the majesty of the nine heavenly divinity blooms to the extreme.

"Hehe, my grandfather is right. It's really nine heaven magic."

Huang Han saw Ye Luo'er's Dragon posture, smiled coldly, and then disdained:

"Little girl, it's a pity that your cultivation is too poor to play the power of the nine heaven magic. Let me catch you with my hands tied!"

Huang Han threw Beiming shenzun on the ground, slapped Ye Luo'er with a backhand.

"Tian Han Shen Zhang!"

The extremely sharp cold burst out from the cold palm, causing the temperature of this world to drop suddenly, and snowflakes fluttered.

The palm mixed with endless cold hit ye Luo'er hard.

"Roar!"

Ye Luo'er uttered a dragon roar, his body swung, and pieces of dragon scales floated out ancient golden light, reflecting the heaven and earth, and dragon shadows appeared all over the sky.

"The Dragon God breaks the formula of heaven, and ten thousand dragons come!"

Ye Luo'er waved his dragon claws, and the ten thousand dragon shadows roared and roared, rolling towards the desolate cold.

However, Huang Han was not afraid at all, and directly attacked with one palm.

Bang!

The cultivation of desolate and cold reached the seventh level of heaven, and this palm was also not fancy, extremely strong.

Ye Luo'er's ten thousand dragon shadows were suddenly broken and completely unmatched.

Although her nine heaven magic is far more subtle than the desolate cold magic, the gap in realm is still too big after all.

In the absolute realm gap, even the nine heaven magic can't make up for it.

"Poof!"

Ye Luo'er was impacted by the cold palm force, and vomited blood on the spot. The pieces of dragon scales were also infected with the cold air, and filled with frost flowers, which was cold.

"Today, let me pick Yin and replenish yang to drain your mother dragon's blood. Your nine heaven magic belongs to me!"

In the cold eyes, he shot a cold light, flew to Ye Luo'er, slapped Ye Luo'er's head and grabbed it hard.

"Miss Luo'er, be careful!"

At this time, Beiming god suddenly flew up and stood in front of Ye Luo'er.

Poof!

Huang Han hit him with a hard blow, which just pierced his chest.

"Senior!"

Ye Luo'er was terrified.

"Go... I'll call the Lord of reincarnation to save you..."

Beiming God looked back at Ye Luo'er, spoke hard, and then his whole body of blood drilled out of his head, thundering to shake the world, passing a trace of hidden secrets.

Ye Luo'er was shocked and knew that Beiming God was asking Ye Chen for help.

Beiming shenzun exhausted his Qi and blood. After transmitting the secret information, his Qi and blood were withered and reduced to a dead body.

"Old and immortal things, still want to call people?"

Desolate and cold look changed. Hearing the word "Lord of reincarnation" just said by Beiming God, I also felt a little numb.

He heard his ancestors mention that the Lord of reincarnation is no small matter, and even has countless connections with the traitor of the barbarians, who is known as the existence of the taboo of the world.

If the Lord of reincarnation comes, barren cold is not sure to deal with it.

Bang!

Huang Han shook his hand and threw the body of Beiming God on the ground.

"Senior!"

Ye Luo'er shouted and clenched his teeth. He also knew that the cold was strong. Now is not the time to love war.

Fortunately, as the desolate cold came, the surrounding prohibitions also loosened, and Ye Luo'er quickly turned the dragon's body and quickly fled.

"Chick, do you still want to run?"

With a sneer, Huang Han immediately took his men and chased them forward.

Heaven prison soul crystal is still in Ye Luo'er's hands, and he can't let Ye Luo'er escape.

.....

At this moment, beimangzu land.

Ye Chen was with shanrou, and suddenly felt that there was blood outside the sky, which seemed to contain a special mystery.

He pinched his fingers and calculated, and was immediately shocked: "it's the secret handed down to me by Beiming God!? he went to hell with lu'er? Is lu'er in danger?"

In an instant, ye Chen caught that Beiming God and ye lu'er were ordered by tiannv to look for the soul crystal in Tianyu.

Chapter 7640

But unexpectedly, after they dug out the soul crystal of the heaven prison, they were intercepted by the strong man of the wilderness clan, the desolate cold of the seven layers of heaven.

At this moment, Beiming God is dead, and ye lu'er doesn't know whether he is alive or dead.

Ye Chen never thought that they went to hell and even dug out the soul crystal of heaven prison.

The prison soul crystal that day is the necessary material for ye Chen to complete the reincarnation holy soul sky!

"Hehe, were they chased and killed by the barbarians?"

In Ye Chen's body, Huang Lao also felt the secret of Qi and blood, and laughed meaningfully.

"Huang Lao, what are your origins with the Huang clan?"

Ye Chen's heart moved and hurriedly asked.

Huang Lao's identity has always been mysterious. Ye Chen doesn't know much, only that he is strong in cultivation, and even known as the taboo of the world.

Now, the famine clan appears, and the famine old man seems to have something to touch.

Is there any cause and effect between Huang Lao and the Huang clan in hell?

"Don't worry about me so much. Since your friend was chased and killed by the barbarians, you can go to the rescue. It's hard to know the coordinates of the hell world, and you can't ignore it."

Huang Lao didn't answer positively, and smiled faintly.

Ye Chen has been trying to find the coordinates of the hell world, but there has been no result. Now, when Beiming God is dying to send a message, it is for ye Chen to clearly know the location of the hell world!

Heaven prison soul crystal is probably in ye lu'er's hands!

However, ye lu'er's life and death are uncertain. If she is killed by the master of the wild family, the soul crystal of Tianyu will also be lost.

"Brother Ye Chen, have you found the location of hell?"

At this time, shanrou pulled Ye Chen's clothes, some curious and some uneasy.

"Well."

Ye Chen nodded solemnly.

Good Judo: "brother, if you want to go to hell, take me with you. If I return to my hometown, I may be able to recover all my memories."

Ye Chen thought for a moment and nodded.

Shanrou is Yunjin's sister, even related to the iron throne, and her life experience is very mysterious.

If she recovers all her memories, she may be able to control her power and not become a witch at any time.

Ye Chen wanted to discuss with Ren Feifan, but at this time, a figure came from the sky. It was Ren Feifan who came in person.

"Senior Ren!"

Ye Chen hurriedly shouted.

Ren Feifan nodded and said, "boy, do you want to go to hell?"

Ye Chen said, "yes! It's hard to know the coordinates of hell. How can I miss it? Besides... I can't watch Luo Er have an accident."

Ren Feifan sighed, "the goddess of heaven is still powerful, and she can actually calculate the position of the hell world. In those years, I went to experience with her, but after the coordinates of the hell world were lost, I couldn't find it back, but she could find it."

Ye Chen said, "the fairy pool of wishing is in the hand of the goddess of heaven. I think she made a wish and found the place of hell. It's not that her cultivation is better than that of her predecessors."

Ye Chen knows that Ren Feifan and tiannv have a battle of fate, and there will be a war in the future.

The strength of the two people is equal, and the final winner mostly depends on the realm of Taoism and mental state.

Ye Chen doesn't want to let extraordinary heart produce any magic barrier, so special reminder.

Wishing fairy pond is still in the hand of the heavenly daughter!

It's not strange that she can find the coordinates of hell.

Ren Feifan was relieved, nodded and said, "yes, I almost forgot."

Ye Chen said, "master Ren, will you go to hell with me?"

Ren Feifan said, "it's not convenient for me to go, but I have a friend over there who received my favor. After you go to hell, you can let this person take care of you."

As soon as Ren Feifan's palm turned over, a finger sized jade sword appeared in the palm and handed it to Ye Chen.

Ye Chen took the jade sword and said in surprise, "what is this?"

Ren Feifan said, "the keepsake of the sword family, go to hell and crush this jade sword, and naturally someone will come down to help you."

Ye Chen said, "sword clan?"

Ren Feifan said, "well, in the hell world, there are thousands of races, many of which are fleeing from no time and space, and the sword clan is one of them."

"My friend, whose name is Jianxing, is a disciple of the sword clan. When I saved his life, his cultivation was still weak, but now..." pinch your fingers and calculate, "... His cultivation has reached the seventh level of the sky, and I want to protect you."

Ye Chen exclaimed, "the race that escaped without time and space? Is it the same with the wild race?"

Ren Feifan smiled deeply and said, "yes, when you go to hell, you may be able to find out the secret of that wild and comfortable life."

"Famine..."

Ye Chen wanted to read the words "wild and free", but suddenly caught an extremely dangerous mystery and hurriedly stopped.

The three words "desolation and freedom" seem to exist like taboos. Once someone dares to recite his real name, he will be subjected to infinite punishment and torture.

"Is... Is it the name of Huang Lao?"

Ye Chen's blessing reached his heart, and he was extremely smart, and guessed at once.

Huang Lao, his real name is Huang Ziyou!

His name is a taboo!

Even ye Chen at this moment is not qualified to recite his real name!

"Hum, Ren Feifan, my life experience is not important. What do you want to check? My name is thousands of!"

Reincarnation cemetery vibrated, and then a terrible fog rose from ye Chen's head and rushed into the air, lingering.

The old figure emerged in the fog, filled with a big, solemn, terrible and fierce atmosphere.

"Brother..."

Shanrou felt the strong breath of Huang Lao, and a burst of fear took Ye Chen's hand.
