### Chapter 7651

Ye Chen's eyes were cold, and he didn't answer. The strength of his hands exploded to the extreme, and he turned into a fight fist, and attacked desolate cold fiercely.

Barren cold almost killed ye Luo'er. Ye Chen was holding a fire in his heart, naturally trying to kill barren cold.

The desolate cold gradually felt out of support, and angrily said, "you want to bully more and less, so you really think I'm a desolate people who are easy to bully?"

"Eternal immortal law, immortal incarnation, suppressed by me!"

Barren cold suddenly burst into a violent drink, and his whole body burst out an imperishable and imperishable breath, as if he wanted to suppress eternity.

Boom!

Behind him, a full ten thousand feet high virtual shadow of the startling Dharma body emerged.

The Dharma body, which is ten thousand feet high, is majestic and immortal, wild and domineering, giving people a great oppression.

"No! It's an immortal method! This guy actually succeeded in practicing!"

Jian Xing saw the immortal Dharma body behind desolate cold, his face changed greatly, and hurried back.

Ye Chen and ye lu'o'er also felt great pressure and retreated rapidly.

Immortality, one of the eight prohibitions of flood and famine, is an extremely powerful technique.

After the successful cultivation of this skill, the body will be immortal forever, and the body will be strong enough to be invincible.

The immortal method is also one of the inheritance secrets of the barbarians, which is extremely sharp.

At this moment, looking at the amazing immortal Dharma body behind Huang Han, we know that his immortal magic power has been cultivated.

Click click!

The muscles of the cold body soared, and the strength increased dramatically in an instant. The energy of the flesh was so strong that the earth made an unbearable sound. The rumbling collapse, the plate rupture, triggered an earthquake, the mountains within hundreds of miles collapsed, and the forests were destroyed.

"Ouch!"

A startling cry came out from the nearby woods, but a girl stumbled out in the earthquake. It was kindness.

"Hey, is princess shanrou here?"

Desolate cold saw the sudden appearance of kindness and softness, and his eyes narrowed slightly.

He had already sensed the hell atmosphere of the return of the destiny demon, but he didn't expect the legendary princess shanrou to hide nearby.

Moreover, looking at Shanrou's expression, she is obviously with Ye Chen.

"Very good, very good! I will kill you all today! Hahaha..."

The desolate cold looked up to the sky and laughed, and the immortal method was in full bloom. His body was so strong that he was invincible. With a step, the earth collapsed, countless stones flew up, and the sky was shaking.

He slapped hard and took the lead in killing Ye Chen and Ye Luo'er.

Ye Chen's pupils contracted, and he only felt a burst of unparalleled pressure, which came from the overwhelming attack.

"Huang Lao, is this your forbidden skill of the Huang clan? It's too tough!"

Ye Chen gritted his teeth and hurriedly pulled Ye Luo'er back, communicating with Huang Lao in his heart.

"Hum! Cultivating forbidden skills is not worthy of being a disciple of my barbarian clan!"

Huang Lao, who has been silent, saw the desolate immortal Dharma body at this moment, but he snorted coldly, with a tone of disdain and indifference.

However, he didn't do it.

Huang Han is a strong man in the seventh layer of heaven. He wants to see if Ye Chen can survive under the strong man.

"Can you only hide?"

Huang Han saw Ye Chen dodging, his eyes were angry, and he blew out with another palm.

He didn't use any martial arts. He was pure immortal power. He broke out in the most barbaric way and vowed to explode Ye Chen.

Ye Chen and ye lu'o'er are quite embarrassed to avoid. The desolate cold is seven layers of heaven, and their cultivation is already strong. Now they use immortal methods. They are not enemies at all.

Bang bang!

With a fierce palm, Huang Han was extremely brutal and powerful.

Ye Chen was finally unable to escape. With a bang, he was slapped, and his body retreated in confusion, almost falling.

"Brother Ye!"

"Brother Ye Chen!"

Ye lu'o'er and shanrou both screamed when they saw Ye Chen was hit.

Especially gentle, her delicate body trembled, staring at the desolate cold angrily, and her silver teeth clenched angrily, "don't hurt brother Ye Chen!"

As soon as this sentence was finished, her whole body exploded with wisps of black magic gas, emitting a terrible smell of hell, and the dark wind between heaven and earth roared and purred.

The wisps of magic gas continued to explode, and the soft eyes instantly turned into a pure black color. There were two sharp fangs exposed at the corner of the mouth, which turned into a hell witch!

She changed a little, and the amazing weather appeared. The demon gas of hell was released. The sky was covered with dark clouds, rumbling, and the wind roared. There were countless ghosts crying and howling, a scene of doomsday.

This doomsday scene was turbulent for thousands of miles, and strong magic gas was released, making the earth rattle. Under the cover of magic gas, the mountains and rivers of the earth turned into obsidian.

"What!"

When Huang Han saw the change of kindness and softness, he was immediately shocked, and his eyes showed a look of fear.

This is a kind and gentle witch weather!

Shanrou inherits the existence of the destiny of the hell world. She is a real demon of the destiny. She was born to bury reincarnation. When she first woke up, she didn't know how many innocent people were killed, making the hell world's corpses sleepy and white bones like mountains.

Wild cold has witnessed the terror of demonizing and degenerating shanrou with his own eyes. At this moment, seeing the demonization of shanrou, he is extremely shocked.

Ye Chen saw the demonization of kindness and softness, and he secretly shouted bad in his heart.

In the demonized state of kindness and softness, reason will lose, and it is purely a killing machine.

Jian Xing and ye lu'o'er, feeling the gentle spirit of the witch, were also too surprised to speak.

They can deeply feel the horror of kindness and softness, which is hell like majesty, enough to bury reincarnation!

"Immortal fist, break it!"

Under the fright of desolate cold, he shouted loudly, and his fist burst out like a shock, hitting shanrou's head.

Soft and pure black eyes, without any emotion, with diffuse black hair flying, majestic as prison, she just raised her palm indifferently when she saw the cold hit.

Bang!

Barren cold hit the past with a punch that was enough to destroy Tianyu, but it was easily blocked by kindness and softness.

Even, shanrou's hell demon gas, like a poisonous snake, quickly spread to him along the cold fist and arm.

Click click!

Barren cold was eroded by the magic gas, and his body immediately began to obsidian.

First, his arms became obsidian, and then his body, legs, neck, head and face were petrified rapidly.

"No..."

Desolate cold showed an expression of extreme pain and fear, his throat groaned, and his body was full of aura, trying to stop his petrification.

But it's useless.

Under the erosion of the good and soft magic gas, he was a powerful man with seven layers of heaven. Unexpectedly, in a few breath time, he completely turned into an Obsidian Statue, and his face was permanently fixed with a look of surprise and horror.

Chapter 7652

Bang!

Finally, shanrou slapped the Obsidian Statue gently and smashed it.

The desolate cold turned into Obsidian fragments shooting all over the sky, and completely disappeared.

"Is this the power of the fairy?"

Ye Chen's pupils contracted violently, completely shocked.

At this moment, the demonization of kindness and softness is obviously more terrible than before when it was in the ruins of stars and moons.

Obviously, in the hell world, the magic power of kindness and softness can explode to the extreme. Even the strong at the level of Tianxuan seven layers of heaven can be killed!

After killing the desolate cold, shanrou didn't wake up. His pure black eyes looked at Ye Chen, and his mouth sent out empty and indifferent words:

"Reincarnation, damn it."

As soon as the sound fell, shanrou popped out his fingers, and a wisp of demon spirit, like a flying sword and crossbow, burst out of the air and directly killed Ye Chen's heart.

Ye Chen was shocked and hurriedly sidled to avoid.

Hiss!

The demon spirit flashed from his side and shot to the dead sea of the yellow spring.

The yellow spring deadsea was silent, and it turned out to be Obsidian petrification rapidly. The water surface soon crystallized and solidified into Obsidian emitting the smell of hell, which was extremely terrifying.

If ye Chen has just been hit, he may also become an Obsidian Statue and die!

"Shanrou, don't you recognize me?"

Ye Chen gritted his teeth and scolded loudly, just trying to wake up shanrou.

However, shanrou's eyes are empty, and he still has no feelings, as if he were a pure killing machine, born only for the sake of killing reincarnation.

She stood where she was, and with a pick of her fingers, the earth cracked, and the demonic Qi exploded like a python dragon, roaring and screaming, frantically winding towards Ye Chen.

Ye Chen moved to avoid, extremely embarrassed.

Ye Luo'er saw the means of kindness and softness, and his eyes lit up with anger. He thought, "this witch really deserves to die! Lord Tiannv is right, leaving her in the world is just a disaster!"

She saw that shanrou's evil spirit was terrible, but she was open and defenseless. Then she thought a formula, dodged and walked behind shanrou.

Shanrou only cares about killing reincarnation, completely regardless of his own safety, and feels Ye Luo'er around behind him, but also has no response.

"Lie down!"

Ye Luo'er cut shanrou's neck with a hand knife.

Shanrou snorted stiffly, looked stunned, and the black magic gas in his eyes quickly dispersed, and then fell to the ground, directly unconscious.

The rampant magic gas around also broke up in an instant, and only the Obsidian crystals everywhere witnessed the terror of just being demonized.

"Be gentle!"

Ye Chen saw that shanrou was knocked down by Ye Luo'er, and subconsciously shouted.

Ye Luo'er hurried to hold Ye Chen and said, "brother ye, are you injured?"

Ye Chen's face relaxed and said, "I'm fine."

Ye Luo'er glanced at shanrou who fell to the ground and said, "brother ye, that witch was born to bury reincarnation. She is your mortal enemy. You'd better kill her as soon as possible."

"As long as you kill her, take out her heart and give it to the lady of heaven, you can relieve your own danger, and you can exchange it for the soul crystal of heaven prison and complete the reincarnation holy soul sky. Isn't it the best of both worlds?"

Ye Chen just shook her head and didn't say much.

Shanrou has not been completely demonized. Naturally, he will not lightly touch the killer.

Ye Luo'er was helpless when he saw that ye Chen didn't listen to advice.

Ye Chen walked over, woke shanrou up, and helped her sit up.

Shanrou woke up, stared at Ye Chen, recalled what had just happened, extremely ashamed and upset, and said, "brother Ye Chen, I'm sorry..."

Ye Chen said with a smile, "it's all right. If only you could regain consciousness."

Shanrou was worried and whispered, "brother Ye Chen, my memory has almost recovered..."

Ye Chen was greatly surprised and said, "really?"

Shanrou "hum" and said, "yes, I was originally a flower growing under the Iron Throne. Later, Hua Ling was adopted by the Lord of the world. Finally, she was selected by the supreme will and became the devil of heaven."

"My mission is to destroy reincarnation, dismember you and bury you under the dead sea..."

While talking, shanrou pointed to the yellow spring deadsea in front of him.

With the dissipation of her evil spirit, the Obsidian crystals of the yellow spring deadsea also collapsed rapidly, re emerging the picture of the magnificent water waves and the Yellow River.

"There are six ways of reincarnation. If you want to bury reincarnation completely, you need to dismember you into six parts."

"Among the six paths of reincarnation, the path of hell is above the head."

"Brother Ye Chen, do you see the tattoo on my hand?"

Shanrou's eyes darkened, showing his right hand.

I saw a faint ancient tattoo on the palm of her right hand, I don't know when it began.

This tattoo, showing a gray color, vaguely has the evil spirit of hell in the air.

"This is my destiny tattoo. Every time I demonize, the tattoo will deepen a few points. When the tattoo is completely black, I will completely lose my mind and become the darkest witch, and there is no possibility of waking up."

"At that time, I will cut off your head, sacrifice the supreme will, and complete my mission."

Her voice was sad and soft, and her eyes were ready to cry.

She has recovered her memory and knows her mission.

However, she doesn't want to hurt Ye Chen.

To cut off Ye Chen's head and bury reincarnation, she would rather die by herself.

Hearing the words of perfect softness, ye Chen, ye Luo'er and Jianxing were all extremely frightening, and they all felt a little cold on their backs.

Ye Chen was silent for a long time, sighed, touched Shanrou's hair and said, "Shanrou, I don't blame you. It's the killing intention of the supreme will, which has nothing to do with you. You're just an innocent tool."

Chapter 7653

Shanrou gritted her teeth, condensed the magic Qi in her hand, turned it into an obsidian sword, handed it to Ye Chen, and said, "brother Ye Chen, you'd better kill me, otherwise I will be completely occupied in the future, and I will not be able to control myself."

At this time, her memory revived, and she had the means to control the evil spirit, but she couldn't kill herself, because her lifeline was given by the supreme will, and she didn't even have the qualification to end her life!

Ye Chen held the Obsidian sword and felt extremely cold and hard.

Reason told him that shanrou should be killed.

But emotionally, he can't do it.

"No, I won't hurt you."

Ye Chen threw away the Obsidian sword. Without hesitation, he made a decision.

At the beginning, ye Chen made a lot of efforts in discussing with Hongjun's ancestor.

Now he has the standard to decide the dilemma.

That is, no shame!

If you feel uneasy about something, don't do it.

Everything, everything, should be worthy of heart.

Now if you kill shanrou, ye Chen must be sorry. In the future, it is impossible to cut off the shackles of the heart.

Hearing Ye Chen's words, shanrou was stunned. She was shocked and grateful. Tears finally fell down, rushed into Ye Chen's arms, hugged him tightly, and said, "brother Ye Chen, thank you, I'm sorry for you..."

Ye Chen sighed and stroked her long hair.

Although knowing not to kill shanrou will be dangerous in the future, no matter what, ye Chen still abides by his inner choice and just wants to be worthy of his heart.

Ye Luo'er and Jian Xing, looking at Ye Chen and shanrou embracing each other, were silent.

Destiny and reincarnation are doomed to be mortal enemies. No one can predict their fate in the future.

Boom——

At this time, the world suddenly shook, and there was a strong breath in the distance, bursting from.

"The people of the king's palace came to catch me!"

Shanrou felt the breath of the distance, and her delicate body trembled, and she had caught the breath of the king's palace.

Once she is demonized, she will not only destroy reincarnation, but even kill the whole hell world when she loses her mind.

Therefore, the king of the world, Yan Luo Daojun, will seal her even if she goes all out against the supreme will.

Supreme will only seeks to bury reincarnation, and will not care about the lives of others. But as the king of the world, Yan luodaojun naturally cannot see the hell world moving towards death.

Therefore, kindness and softness must be sealed, otherwise the consequences will be unimaginable.

The evil spirit that just demonized the kindness and softness obviously shocked the people in the king's palace.

"Let's go!"

Ye Chen also felt dangerous, quickly hugged shanrou, and flew into the dead sea of the yellow spring to escape temporarily.

Ye Luoer and Jianxing also followed closely.

Ye Chen unfolds the picture of the yellow spring, hides in the deadsea, and directly dodges into the world of the yellow spring.

In the world of the yellow spring, ye Chen gathered water vapor and released the star sky water mirror technique. As soon as the mirror light shone, he immediately peeped into the picture of the outside world.

Sure enough, I saw the strong men of the JieWang Temple coming to the place just now. The first one was Emperor Feng!

Emperor Feng came down and saw crystal fragments of obsidian all over the ground. He immediately shook and said, "Princess shanrou has just been here!"

He pinched his fingers, and was even more shocked: "she was with the Lord of reincarnation and killed the proud son of the land clan, Huang Han!"

The evil spirit of kindness and softness has deepened, and every move touches the mystery of heaven, so it is easy to calculate.

After hearing this, many strong people in the king's palace were also shocked.

A strong man said, "how is it possible that Princess shanrou and the Lord of reincarnation are not sworn enemies? How can they be together?"

Emperor Feng shook his head and said, "I don't know."

Then he pinched his fingers, stared at the dead sea of the yellow spring, and said, "they hid in the dead sea of the yellow spring, and find them quickly!"

After that, Emperor Feng took the lead to fly out and came to the dead sea of the yellow spring.

Ye Chen felt the breath of the wind emperor, and was immediately shocked. He hurried to hide the breath of the yellow spring map so as not to be found.

Now that Feng Dijun has taken refuge in the JieWang palace, ye Chen is not sure whether he plans to go out to meet him or whether he belongs to the reincarnation camp.

"Lord reincarnation, I'm emperor Feng, and I'm your staunch follower. Please show up and meet me!"

Emperor Feng shouted loudly, and his aura was released. He turned into a wind dragon, and kept searching in the dead sea to find out where ye Chen was.

Many powerful people in the realm of Kings also flew over one after another. They used their Kung Fu to resist the evil spirit of the yellow spring and the deadsea, and released their own means to explore the traces of reincarnation and kindness.

"No, they will find us sooner or later!"

Ye Chen's face is very dignified. If Feng Dijun and others continue to probe like this, he must not hide it, and sooner or later he will be exposed.

Shanrou grabbed Ye Chen's arm, also full of fear, and said, "brother Ye Chen, kill me quickly, or they will catch me back, and I will be sealed and exiled again."

She would rather die than be sealed.

Being enclosed in a black coffin and never seeing the sun, it's really worse than death.

Ye Chen gritted his teeth, and there was no good way for a while.

"Boy, do you really want this witch to survive?"

At this time, the voice of Huang Lao came from the reincarnation cemetery.

When ye Chen heard Huang Lao speak, he was overjoyed and said, "Huang Lao, do you have a way?"

Huang Lao laughed and said, "I'm looking forward to it. After this witch is completely demonized, will she kill you, or will you be unwilling to kill her?"

"It must be quite interesting for you to go against your heart and struggle on your face."

Ye Chen said, "Huang Lao, don't say so much. What can we do to avoid the chase of the king's palace?"

Huang Lao snorted and said, "well, for the great drama in the future, I'll help you once. I have countless identities in countless worlds, and one of them must care. I've been to wuwuwuspacetime. The core magic I practiced is called the great wilderness Wujing, and I'll help you expand the great wilderness unbounded, cover up your breath, and let you escape the tracking of the king's palace."

The voice fell, and the old man transmitted his own strength to Ye Chen.

Ye Chen's head boomed, and a vast magic trick immediately poured into it.

The magic formula, called the great wilderness Wujing, is divided into nine layers. It is not a magic power in the real world, but a magic method in wuwuwuspacetime!

Huang Lao, whose real name is Huang Ziyou, is the person born in the space and time!

Ye Chen and Huang Lao have been together for so long, and today is still

Chapter 7654

Therefore, there are many races that escape from that time and space and take refuge in the real world.

The famine clan is one of them.

"Da Huang Wu Jing" is a skill brought out by Huang Lao from Wu Wu time and space!

It's no wonder that the re-election made him be careful of being old, and called it a taboo in the world!

This time, the old man poured his aura on Ye Chen, and many wonderful methods of the great wilderness Wujing also echoed in Ye Chen's mind.

Ye Chen's blessing reached his heart. As soon as his eyes coagulated, he immediately pinched his fingerprints: "the wilderness is boundless, disappearing without trace, hiding!"

An extremely obscure and unspeakable deep breath diffused from ye Chen's body. It was the barren breath in wuwuwu time and space, and the weather of the great barren Wujing!

That wisps of barren breath quickly formed a barrier, enveloping the whole world.

Under the boundless cover of the wilderness, the breath of Ye Chen and others instantly disappeared without trace.

On the dead sea of the yellow spring, Feng Dijun and many other powerful kings are searching.

They can roughly capture the breath of reincarnation and the witch, and can determine a general area. Now they are gradually narrowing down the scope. It doesn't take a moment to find the place of Ye Chen and shanrou.

However, at this time, they suddenly felt that all the breath had disappeared.

"What's going on?"

Feng Dijun was shocked. After careful deduction, he found that ye Chen and the gentle breath disappeared in a moment, and all the heavenly secrets could not be detected.

Many powerful people in the surrounding world are also surprised. They have never seen such a strange thing.

"The ancestors of the wind family, the breath of reincarnation and the witch suddenly disappeared. Should they not run away?"

Some of the strong questioned.

"It's impossible. If they run away, they can't hide from us."

The wind emperor's face sank, and he was puzzled. I didn't know what means Ye Chen used, but he could instantly hide his breath.

"Sky Gang wind cut, break it for me!"

The wind emperor's eyes twinkled for a while, and then he suddenly shouted. The sky and the earth blew up. He directly used his immeasurable strong means to shoot a huge wind blade thousands of feet wide, like a divine sword falling from the sky, and fiercely chopped towards the dead sea of the yellow spring.

Boom!

The wind emperor mercilessly dropped a wind blade, and the yellow spring deadsea was completely split.

"Father Feng is so powerful!"

Seeing this, many strong people in the realm of kings and palaces admired and marveled in succession.

Feng Dijun is worthy of being one of the top ten ancestors who are famous all over the world. With this wind blade, you can see his strength.

Among the top ten ancestors, his combat effectiveness can at least rank in the top five!

Listening to the praise of the people around, Feng Dijun didn't look happy at all, only his face was dignified.

Because he found that after the yellow spring deadsea split, he still didn't catch the breath of Ye Chen and the witch.

"Did they really leave?"

Emperor Feng didn't know why, so he felt strange deeply.

At this time, in the world of the yellow spring, ye Chen and others can clearly see the figure of Feng Dijun and others without the help of the star sky water mirror.

"Brother, we are going to be found!"

Shanrou was shocked. Now the yellow spring deadsea has been split, and they have all been exposed.

"No, it's okay. They can't find us. I've used a special technique to hide our tracks."

Ye Chen shook his head, indicating shanrou not to panic.

Now they are indeed exposed, but under the cover of the wilderness, even if ye Chen and others are exposed, Feng Dijun can't see them.

The cover of the wilderness without classics is to hide all traces of breath, which is equivalent to disappearing. Even if outsiders face to face, they cannot find it.

Ye Luo'er and Jian Xing were shocked to see ye Chen's strange and mysterious means of extinction.

Seeing that ye Chen could not be found, Feng Dijun sighed and said, "reincarnation and the witch are gone. This is very strange. Let's go back and reply to brother jiewang."

The strong said, "yes!"

At that moment, Emperor Feng took a group of strong men, left the dead sea of the yellow spring, and returned to the king's palace.

After confirming that emperor Feng left, ye Chen removed the boundless wilderness. After all, it was the power of the wilderness, and it was difficult for him to use it for a long time.

"Brother Ye Chen, thank you for saving me again."

Shanrou was so happy that she rushed to Ye Chen's arms, and her heart was very grateful.

If there was no Ye Chen, she would probably have been captured by the king's palace and sealed again.

Jian Xing looked at Ye Chen with great surprise and said in a trembling voice, "Lord of reincarnation, what is your origin with the wild Tianzong? You... You can make the magic power of the wild Tianzong, which is a skill from no time and space!"

Ye Chen was stunned and said, "Huang Tianzong? What is it?"

Jian Xing was surprised and said, "don't you know? You have used the magic power in the great wilderness Wujing, which is the skill of the wild family Tianzong!"

Ye Chen was surprised to see that Jianxing actually recognized the great wilderness Wujing, and said, "elder Jian, what's going on? Is there any heaven and earth clan in the wilderness clan?"

Jian Xing said, "exactly! In those days, the famine clan escaped from wuwuwu time and space and brought out a world shaking skill called the great wilderness Wujing."

"The great wilderness without Sutra, after all, is a skill without time and space. There are many difficulties in practicing in the real world."

"In order to cultivate the great wilderness Wujing, the wilderness clan broke out in a fierce struggle, and finally split into Tianzong and dizong."

"The famine clan, Tianzong and dizong, agreed that they temporarily escaped from wuwuwuspacetime, but were forced to do so. The real world is not their home, and wuwuwuspacetime is their home."

Chapter 7655

"The long cherished wish of the barbarians is to cultivate in the real world, expand their own strength, transcend reality in the future, and return to no time and space."

"But there are serious differences between heaven and earth in the line of cultivation..."

Hearing Jianxing say this, ye Chen obviously felt that in the reincarnation cemetery, Huang Lao's face stagnated for a moment and was obviously touched.

Obviously, what Jianxing said is the secret history of the barbarians, which was also experienced by the barbarians in the past.

Jianxing then said, "Tianzong believes that the great wilderness has no source, no source, no nothing, broad and profound, which is the real Xuanmen right path. As long as you adhere to practice, there will always be a day when you will be detached from reality and return to your hometown."

"However, dizong believes that the cultivation of the great wilderness Wujing is too difficult, and it is a Wuli skill after all. The threshold for cultivation in the real world is too high. If you want to expand your strength, you must base on reality and find another method."

"Eventually, the two factions split."

"Tianzong insisted on practicing the great wilderness Wujing, while dizong practiced the real world skills, and vigorously studied the eternal immortality of the eight prohibitions of the great wilderness."

"The immortal method, which needs to devour the blood essence of living people, is extremely cruel and bloody. In order to practice Kung Fu, di Zong also specially raised a group of blood slaves to practice Kung Fu every year."

"Tian Zong's stealing Tian Laozu Huang was at ease. He thought that di Zong's means were too bloody and disgusting, so he killed all his own disciples of Di Zong's immortal Lao Zu Huang Baiyu as punishment."

When ye Chen heard this, he knew that Huang Lao had another name, called "stealing heaven Laozu", and asked, "what happened later?"

Jian Xing sneered and said, "later, the ancestor of the land clan, Huang Baiyu, sold a lot of resources and interests of the famine clan, announced to take refuge in the king's Hall of the world and become an affiliate of the king's Hall of the world, and determined that the father of heaven stealing was a traitor and wanted to kill him for revenge."

"Under the pressure of the world king's hall, the God stealing ancestor was free and had to escape from the hell world for refuge. Finally, he broke into a magnificent martial feat in the outside world. With his ruthless image, he was known as the taboo of the world. Even his name is an existence that ordinary people can't say clearly."

"That was hundreds of eras ago. It was so long ago that the universe collapsed and was reborn hundreds of times. The rumors about the taboo of the world almost disappeared. Only in my hell world, because I jumped out of the law of reality, did I retain the original legend."

After hearing this, ye Chen was shocked. Unexpectedly, Huang Lao's experience was so legendary.

But presumably, he was oppressed by the king's palace at the beginning and had no choice but to escape from the hell world, which was also very wronged.

No wonder he doesn't want Ye Chen and Ren Feifan to know his past. After all, he was wronged and lonely at the beginning.

"Stealing the ancestors of heaven... Why did the ancestors of the famine clan Tianzong call this name?"

Ye Chen inquired curiously.

Jian Xing said, "the so-called thief hook, kill the thief Hou, and the thief Wuwu, immortal, stealing heaven means stealing Wuwu energy. Stealing heaven's great wilderness Wujing, has been cultivated to the peak

Chapter 7656

It is impossible for him to protect shanrou.

Huang Lao's great Huang Wujing is not ye Chen's power, and ye Chen cannot be used for a long time.

It's only a matter of time before the wilderness is covered up and kindness is discovered.

When shanrou is found, ye Chen will also be exposed.

Hell is a world created to bury reincarnation. Once he is found by the king of the world, it is difficult to escape.

Ye Chen said to Jian Xing, "elder Jian, are there any other ways for you Jian clan? I can't stay here for a long time."

Jian sighed, "space blockade is the means of the world king, and my sword family can't fight it. It's only a matter of time before the Lord of reincarnation and the witch are found. I can't be with you anymore, otherwise my sword family will also be implicated and leave."

Jian Xing arched his hand apologetically, said goodbye to Ye Chen immediately, and turned to Yufeng to leave.

Ye Chen felt the crisis when he saw Jianxing leave.

If shanrou is caught, it will be difficult for him to get away, and ye Luoer, I'm afraid, can't get away.

That day, the prison Soul Crystal will be recaptured by the people of the wasteland clan at any time.

Tianyu soul crystal is an important material for Huang Baiyu to practice martial arts. The other party can't give up easily!

Eternal immortality, cultivated to a high depth, requires not only devouring the blood of living people, but also devouring the energy of the earth vein.

And the soul crystal of heaven prison is the crystallization of the energy of the earth vein of hell!

"Brother ye, you'd better kill the witch. If you can't move your hand, I'll come!"

Ye Luo'er gritted her teeth and pulled out the long sword. Now keeping Shanrou is just a hidden danger. It may also be found by the people in the king's palace. It's better to kill her and kill her.

Shanrou felt Ye Luo'er's murderous spirit and shivered all over, subconsciously hiding behind Ye Chen.

Ye Chen's face sank and covered her.

Ye Luo'er said, "brother ye, you want to protect her life. What about our lives? Once exposed, we will all die. You killed yourself and me. Can you be ashamed?"

Ye Luo'er has become more and more calm after being under the control of Tiannv for many days.

Reason told her that killing Shanrou was the best choice.

Hearing Ye Luo'er's words, Ye Chen was shocked and speechless.

Huang Lao saw Ye Chen's embarrassment and said with a smile, "it's all right, boy, help others to the end, and I'll tell you a way out."

Ye Chen heard Huang Lao's voice and said happily, "Huang Lao, do you know there is another way out, you can leave here?"

Huang Lao "Hmm" said, "when the bastard of Di Zong Lao Zu complained to the king of the realm hall, the king of the realm also blocked the space and tried to kill me. At that time, my cultivation was not enough, so I had to escape."

"Hehe, finally, I saw a pity. Finally, I found an ancient road and narrowly escaped. However, the ages are in a hurry, and I don't know whether the ancient road still exists."

Ye Chen was surprised and said, "Huang Lao, where is the ancient road? Please tell me, if there is a chance to go out, I'm very grateful!"

Huang Lao laughed and said, "don't thank me. I just want to see the good plays in the future."

After that, Huang Lao flexed his fingers and a wisp of fine light shot out, and the location coordinates of the ancient road poured into Ye Chen's mind.

Ye Chen felt the existence of the ancient path, and was very happy. He said to ye luo'er and shanrou, "luo'er, I have a way to go out. You don't have to kill shanrou. Come with me."

With that, ye Chen flew up against the wind, locked the coordinates of the ancient road, and flew straight away.

Ye luo'er and shanrou, hearing that there was another way out, also hurried to resist the wind, and followed Ye Chen left and right.

But shanrou was afraid of Ye luo'er, deliberately distancing herself from her and dared not get close.

In this world, everyone wants her to die, and she also knows that she should die. Only Ye Chen sincerely loves her, which can be said to be her only dependence.

Flying all the way, at the speed of Ye Chen, it took three days to reach the mysterious ancient road that Huang Lao said.

The boundary of hell, the territory is really too large, to the point of infinity, it is simply incredible.

That ancient road, in a very desolate and remote area, is surrounded by thousands of miles, without any trace of human habitation.

When the three of Ye Chen fell down, the first thing they saw was a mountain range. The mountains were endless, and a straight ancient road led straight into the distance.

Ye Chen looked at the ancient road, communicating with Huang Lao in his heart, and asked, "Huang Lao, is this what you call the ancient road?"

Huang Lao felt the surrounding environment, and sighed with a sigh. "It's here. I can't think of hundreds of eras and vicissitudes of years. You're lucky that this ancient road still exists."

Ye Chen also secretly called for luck. In hundreds of eras, the universe outside collapsed and reborn hundreds of times. The time span is longer than people's imagination.

But in hell, beyond the law of reality, the ancient path that Huang Lao once walked on still exists today, which is touching.

"Huang Lao, then I'll set out. Don't deceive me." Ye chendao.

"When did I cheat you? Just along this ancient road, there are many powerful monsters. Be careful yourself. Don't be killed by monsters instead of dying in the hands of the king hall of the world. It's really unjust, hehe..." Huang Laofu Xu laughed.

Ye Chen nodded, indicating understanding, and said to ye luo'er and shanrou, "along this ancient road, you may be able to leave the hell world. Follow me and be careful of the monsters along the way." Then he walked forward.

Chapter 7657

Ye Luo'er and Shanrou were surprised when they heard Ye Chen's words.

Ye Luo'er wanted to ask Ye Chen how she knew about this ancient road, but she didn't open her mouth at last. She also knew that Ye Chen had many secrets that she couldn't spy on.

Shanrou naturally has nothing to say. She is very clever. She listens to Ye Chen's words. What Ye Chen says is what she says, and follows Ye Chen obediently.

As Huang Lao said, there were many monsters along the way.

Fortunately, Ye Chen's strength was strong enough to solve all the monsters along the way.

However, the length of this ancient road was beyond Ye Chen's expectation. He walked for a full day and didn't see the end.

In the evening, Ye Chen and the three of them rested in an open space and lit a bonfire.

There may be fierce people at night, so it's not suitable to hurry. The three plan to rest for one night and continue to set out tomorrow.

Ye Chen sat cross legged and breathed silently.

Ye Luo'er and Shanrou also sat scattered, silently practicing and regulating their breath.

The night was like water. From time to time, there was a roar of animals in the ancient roads and forests, and the sky occasionally flashed a huge shadow, which was palpitating.

Roar!

At this time, a very loud roar of the Dragon sounded from the depths of the mountain forest.

When the Dragon roared, the cries of all animals were silent, and there was a dead silence in the mountain forest. A gray black smoke was faintly visible, rising into the sky, filled with a fierce and strict atmosphere.

Ye Chen, shanrou and ye lu'o'er all opened their eyes in surprise when they heard the Dragon roar.

They can feel the smell of monsters from the mountains and forests, which is very terrible.

"Is there something terrible waking up?"

Ye Chen's inexplicable palpitations caught a trace of terrible danger, extinguished the campfire, and waved to ye lu'o'er and shanrou.

Ye lu'o'er and shanrou also felt a terrible smell of monsters, I'm afraid it was comparable to the immeasurable strong.

In horror, the two women hurried to Ye Chen's side, and the three gathered their breath and hugged together.

Woo woo——

The Dragon roar in the depths of the mountain forest continued, and its tone became desolate, whimpering, roaring the moonlight, startling thousands of animals to run, and birds to fly.

"Huh? Is it the smell of hell ASPS? Boy, you're in bad luck. Leave here quickly."

At this time, ye Chen heard the voice of Huang Lao, coming from the reincarnation cemetery.

Ye Chen's eyes narrowed and said, "hell Cobra dragon?"

Huang Lao "Hmm", hehe said with a smile, "that hell aspic dragon is the overlord monster of this ancient way. Its strength is comparable to the immeasurable strong. It's extremely strong. You're not its enemy. If you don't want to die, get out!"

"I once suppressed it, but now it seems that the years are long, the seal has long faded, and the Dragon reappears. You can't compete."

Ye Chen was also shocked when he heard Huang Lao's words.

If the strength of the hell Cobra dragon is really comparable to the immeasurable strong, he can't compete anyway.

He is not Huang Lao. Huang Lao can suppress hell Cobra dragons, but he can't.

Besides, I'm afraid the hell Cobra dragon is much stronger now.

Ye Chen wanted to leave with the two women, but he saw dark clouds in the night sky, smoke rolling, the moon was covered, and in the rolling clouds, the figure of a dragon emerged.

It was a bluish black dragon, whose scales showed the color of iron black and iron black. The color of steel was very strong, just like a creature made of steel. As soon as the body swung, layers of black iron mist filled out, which made people feel very depressed.

"This is... Hell aspic dragon? Why is there the smell of iron throne!?"

Ye Chen stared at the dragon in the sky and immediately caught a breath of the Iron Throne.

The old man said, "the hell Cobra dragon seems to have been infected with the aura of the Iron Throne and never die. It's extremely strong. If you don't run, you'll only die."

Ye Chen's heart shook and she wanted to leave, but it was too late.

Above the night sky, the dark eyes of the hell Cobra dragon flashed a monstrous red light, staring directly at Ye Chen, who had found their existence.

"Reincarnation, the witch, and the breath of the Dragon God breaking the sky, ha ha, God treated this seat well, and unexpectedly gave such a rich prey!"

The hell aspic dragon stared at Ye Chen and opened his mouth, spitting out words, and made an ancient, deep, murderous sound.

At a glance, it saw the identity of Ye Chen and others, and his eyes were full of greed and passion.

Ye Chen is the Lord of reincarnation, shanrou is the devil of heaven, and ye luo'er is the leader of the Dragon God's formula to break the sky. They are all first-class delicious prey!

"Roar!"

The hell Cobra roared, and the black steel dragon claws, clicked across the void, ruthlessly, grabbed the three of Ye Chen.

Ye Chen, shanrou and ye luo'er suddenly felt a burst of suffocation and even had difficulty breathing.

The hell Cobra dragon, however, is comparable to the overlord monster of the immeasurable strong, and once absorbed a trace of the aura of the iron throne, with extremely terrible energy.

Ye Chen and the three of them felt a sense of disaster in an instant.

"Go!"

Ye Chen reacted very quickly, and took the lead to recover. He held shanrou in one hand, hugged ye luo'er in the other, and withdrew.

Boom!

The iron claws of hell Cobra dragon bombarded the place where ye Chen just stood, and suddenly the earth burst, the plate collapsed, and terrible cracks appeared on the ground.

"Lord of reincarnation, you will fall in previous lives, and this life is no exception."

"In this life, this seat will dismember you and bury you completely. You won't have a chance to be born again!"

The hell Cobra dragon opened its mouth and showed two rows of halberd like teeth. It was murderous. The dragon claw waved again and killed Xiang Ye Chen.

The reincarnation of Ye Chen's first nine lives, there was once a life, that is, death at the hands of hell aspic dragons.

However, it was extremely difficult to dismember reincarnation perfectly. At that time, the hell Cobra dragon did not succeed, and was finally reborn by reincarnation, which continues to Ye Chen today.

In this life, it meets Ye Chen again. Naturally, it doesn't want to miss it. It has to make up for its past regret.

If you can perfectly dismember reincarnation and bury it, you can get the reward of the supreme will, get rid of reality and fly directly to nothingness, which has infinite benefits.

Seeing the fierce attack of hell Cobra dragon, ye Chen knew that he was not an enemy, so he had to avoid the edge for a while.

"The holy cup of human slaughter, stop it for me!"

Ye Chen shouted violently, and immediately offered the Holy Grail of human slaughter. The golden grail shed thousands of blood, and the murderous spirit rose to the sky.

The claws of the hell Cobra dragon hit the holy cup of human slaughter and made a "Dang" sound.

The Holy Grail vibrated, and ye Chen felt the impact of a huge force and vomited blood on the spot.

Fortunately, the dragon's claws of hell aspic dragon were also blocked by the holy cup of human slaughter.

"Eh, it's the Holy Grail of Hongjun ancestor!?"

The hell Cobra dragon was shocked. At the moment when its claws touched the Holy Grail, it was also shocked by the murderous spirit. For a moment, its heart shook, its head hummed, and its black gas was scattered, and it almost fell from the air.

Chapter 7658

Ye Chen took advantage of this opportunity and hurriedly retreated with the two women.

"Damn it!"

The hell Cobra dragon cursed, but he couldn't catch up under the mental disorder.

Ye Chen and the two women fled out and walked far away from the ancient road before escaping from danger.

"Brother Ye Chen, are you all right?"

Shanrou came to hold Ye Chen, and ye luo'er also came up and held Ye Chen on the other side.

Ye Chen felt the warmth and softness of the two women's bodies. His heart warmed and said, "it's okay, don't worry."

Slightly operate the eight trigrams heaven elixir, regulate the breath, and ye Chen recovers, but is in a dilemma.

It's not easy to cross the ancient path when there are hell Cobra dragons in the way?

Ye luo'er said, "brother ye, how can we get there when there is a dragon blocking the way?"

Ye Chen hesitated and said, "it's a little tricky. Let's have a rest tonight and think of something tomorrow."

Ye luo'er said "Hmm", and then the three of them rested separately, but there was nothing they could do in the face of the terrible hell Cobra dragon.

Ye Chen communicated with Huang Lao and asked, "Huang Lao, how can I get there?"

The old man said, "hum! Boy, it's not that your cultivation is too poor. I could have done it at the beginning. Why can't you do it?"

Ye Chen smiled and said, "the lesson of Huang Lao is that my cultivation is too weak to suppress the dragon. Please give me some advice."

Huang Lao pondered for a moment and said, "the Dragon broke away from the seal, but it was beyond my expectation."

Ye Chen said, "Huang Lao, then lend me another chance to suppress the Dragon again."

Huang Lao Leng snorted, "if you depend on me for everything, then you are not worthy to be the Lord of reincarnation!"

Ye Chen listened to Huang Lao's scolding, and nodded in shame.

The old man said, "if you want to pass, you should rely on your own strength."

Ye Chen said, "that dragon's strength is comparable to the immeasurable strong. How can I be an enemy?"

With Ye Chen's current combat effectiveness, he may be able to kill the strong one of Tianjun's two layers of heaven. This is the limit.

If he meets Tianxuan's third and fourth layers of heaven, he is extremely troublesome and needs to rely on the power of reincarnation.

And if the immeasurable strong are strong, it is absolutely impossible to compete, and the realm is too poor.

Lao Huang said, "if you have the courage, practice my great wilderness Sutra. I used the magic power of great wilderness Sutra to suppress the dragon and leave a deep shadow on it."

"If you use the great wilderness Wujing again, you can defeat its Taoist heart, make its heart and soul lose, and lose to you."

Ye Chen's eyes lit up and said, "the great wilderness without classics?"

He knew that the great wilderness Wujing was a skill brought out by the wilderness people from wuwuwuspacetime. It was very powerful. Previously, he used the power of the wilderness old man once, and successfully deceived the world and the sea, avoiding the ears and eyes of many strong people in the king's palace.

But that's the power of Huang Lao. Ye Chen himself won't make the magic power of Da Huang Wu Jing.

The old Taoist priest said, "the great wilderness Wujing must have the blood of the wilderness clan before you can cultivate it."

"You have no ancestral blood, but you have countless causes and consequences with me. You can also practice."

"It's just that the great wilderness without Sutra, with the law of no time and space, is extremely abstruse and profound, and may be backfired by the wilderness without breath when practicing. An carelessness is the end of death."

"You are not a person without time and space. If you want to practice, it is extremely difficult. You may become possessed at any time."

Ye Chen heard that Huang Lao had the intention to pass on meritorious deeds. He was very happy and said, "Huang Lao, although I am not a person without time and space, I have long caught a trace of the law of Wu Wu Wu. Then you will teach me the great Huang Wu Jing, and I may be able to practice it!"

Ye Chen's sword of water is to steal the breath of Wuwu.

He has a special understanding of the law of no time and space, which is different from ordinary people.

The great wilderness Sutra, which ordinary people can't practice, is likely to succeed.

Huang Lao thought for a while, and finally said:

"Well, you're not afraid of death, so I'll teach it to you. You can understand it."

After that, Huang Lao flexed his fingers and a golden light fell on Ye Chen's sea of knowledge.

Boom!

When ye Chen knew Haydn, he exploded and felt a vast amount of skill, pouring in.

That's the secret of the great wilderness Wujing!

The great wilderness without Sutra is divided into nine layers, and one layer is stronger than the other.

Chapter 7659

Ye Chen calmed down and carefully understood the beauty of the great wilderness Wujing.

The core of the great wilderness Wujing is the word "famine".

Desolation, desolation, vicissitudes, desolation, death, desolation forever.

The breath of famine can make the prosperous world die.

The majesty of famine can make the starry universe wither and die.

The law of famine can make the years go on and turn into famine.

Ye Chen's full spirit converges on the great wilderness Wujing.

WOW!

On his head, black ancient characters, with a simple and heavy breath, are constantly floating and condensing into an ancient Scripture.

Ye Luo'er and Shanrou, standing on the left and right sides, looked at the Scripture and felt the ancient desolation, and couldn't help shaking.

Ye Chen is feeling that this "great wilderness Wujing" is very abstruse. With his martial arts talent, it is difficult to understand for a time.

After a full night, it arrived

Chapter 7660

Ye Chen said, "yes."

The two men behind Huang XINCHE suddenly pointed to Shanrou and shouted in unison, "Princess Shanrou is here too!"

Huang XINCHE looked, and then he found that he was kind and gentle. He subconsciously stepped back two steps, and his face was full of alert and dignified color.

She just focused her attention on Ye Chen, and then she found the existence of kindness and softness.

Ye Chen's face sank and said, "do you want to catch someone?"

Ye Luo'er also drew out the long sword, and Shanrou hid behind them.

Feeling Ye Chen's hostility, Huang XINCHE hurriedly said, "no, Lord of reincarnation, don't misunderstand, we have no intention of being enemies with you."

Ye Chen glanced, and found that Huang XINCHE's breath reached the third level of heaven, and the two clansmen behind her were about the peak of Baijia state.

With Ye Chen's strength at the moment, he could naturally deal with it. He was a little relieved and said, "what are you doing here?"

Huang XINCHE said, "we just caught the fluctuation of the ancient atmosphere, so we came specially to have a look. Unexpectedly, the legendary Lord of reincarnation is here. Your name and little girl have been admired for a long time. It's a great honor to see you today."

Huang XINCHE's words are full of admiration and admiration.

Her two clansmen also saluted one after another, announcing their names, and their attitude was very respectful and humble.

Ye Chen also bows back. Huang XINCHE and others are the real descendants of Huang Lao. If you can make a good relationship, it is naturally a good thing.

Huang XINCHE said, "when the old ancestor left that year, he left a prediction that one day, the Lord of reincarnation will lead our wild Tianzong to rise again. This is true."

"Lord of reincarnation, your" great wilderness Wujing "was handed down by your ancestors?"

Ye Chen heard Huang XINCHE's question, and his heart moved, communicating with Huang Lao: "Huang Lao, your descendants are coming. Ask me something, how do I answer?"

Huang Lao snorted and said, "I don't care how you answer. Don't expose me. Now is not the time!"

Obviously, Huang Lao didn't want to meet his descendants so soon.

Ye Chen understood and said to Huang XINCHE, "I have a lot of connections with your ancestors, but the specific cause and effect is inconvenient to elaborate now, and you will naturally know in the future."

Huang XINCHE looked at Ye Chen's mysterious appearance, and was even more curious about the relationship between Ye Chen and Huang Lao. Of course, she also understood the rules, so she stopped asking and said, "OK..."

After a pause, he laughed again and said, "Lord of reincarnation, I can finally see you. With your help, I, the wild Tianzong, will have a chance to rise in the future!"

Ye Chen laughed but didn't speak. He couldn't take care of himself. It was difficult for him to help the famine clan Tianzong rise.

Ye Chen said, "well, it's fate to meet today. If I have a chance in the future, I will cooperate with you, Tianzong of the wild clan. I'll leave first."

He wanted to leave with ye luo'er and shanrou.

Huang XINCHE took a step forward and said, "Lord of reincarnation, the space of hell is blocked, and the world king hall is searching for the witch. Do you want to take the witch away along this ancient road?"

Ye Chen looked back at her and said, "yes."

Huang XINCHE blinked and said with a smile, "just in time, we also want to go out along this ancient road, so let's make a company together! This ancient road, but the ancestors passed by in those days, no one knows except our wild people Tianzong."

When she saw that ye Chen knew the news of the ancient path, she believed that ye Chen had an indissoluble relationship with their ancestors of the wild family Tianzong.

Ye Chen heard Huang XINCHE say that he wanted to be together. After a little thinking, he said, "it's good to be together. Let's take care of each other."

"There is a overlord monster here, named hell Cobra dragon. You need to use the magic power in the great wilderness Wujing to defeat it. Your great wilderness Wujing has been cultivated to
