

Physician 7701

Chapter 7701

Now that she is back to normal, she can naturally go home for reunion.

However, shanrou looked at Ye Chen, reluctantly, but reluctant to leave.

Yan Luo, the king of the world, said, "you don't want to give up the Lord of reincarnation, I also understand, but you can't be with him all your life."

Shanrou bowed his head and felt gloomy.

Ye Chen smiled and touched her hair, saying, "shanrou, go home. I'm very grateful that you can bring me here. If I have a chance in the future, I will visit you in the king's palace."

Good at Judo: "brother Ye Chen..."

The king of the world heard that ye Chen also wanted shanrou to go home. He was relieved and said, "boy, you know what it is. You dared to rob my escort before, and I can't wait to kill you! But if you are willing to release shanrou today, I'll spare you."

After a pause, the king of the world said again, "it's just that you and Feng Dijun want me to join the reincarnation camp. It's absolutely impossible. I'm old and just want to spend the rest of my life safely. I'm not interested in fighting outside."

Ye Chenxi said, "don't worry, elder, I won't disturb you anymore..."

Previously, he had a grudge with the king's palace for robbing darts. At this time, it would be better to let go of the past grievances.

The king of the world said again, "return the pivot of hell to me. It's useful for me to keep it."

Ye Chen said, "OK!"

Then the black coffin, the pivot of hell, was sacrificed from the Yellow Spring picture and returned to the king of the world.

The king nodded slightly, grabbed the knife at the table, threw it to Ye Chen, and said, "this knife is for you."

Ye Chen took the knife, only feeling that it was as heavy as the whole universe, and it was incredibly heavy.

Ye Chen was caught off guard. His arm sank and his bone clicked. Under the terrible weight of the knife, he even dislocated his arm, causing a sharp pain.

Ye Chen's five senses were also distorted under the stimulation of pain.

The king of the world laughed and said, "this emperor's holy knife is still a little weight?"

Ye Chen took a deep breath, and his aura poured into his arm. Only then did he grasp the emperor's holy knife.

He closed his arm bones back into the mortar, turned his arm, and said, "it's not just a little weight, it's extremely heavy."

Ye Chen looked at the emperor's holy knife, which was inserted into the sheath. The sheath was golden leather, which seemed to be made of dragon skin. The leather sheath was covered with golden scales, and the handle was cold and icy ancient stone. It was about three and a half feet long, simple and clumsy.

Ye Chen held the handle of the knife and tried to pull out the blade, but he found that the blade was tightly embedded in the sheath, perfectly matched, and with his strength, he couldn't pull out the knife.

"Eh?"

Ye Chen was surprised. You know, the shackles of martial arts in his hands had been cut off, and his strength was surprisingly large, enough to turn his hands over the sky.

However, even with Ye Chen's ferocious power, he could not pull out the blade.

"Hahaha, don't be paranoid. Now you can't pull out the emperor's holy knife."

The king laughed and said, "this emperor's holy knife is one of the three emperors' treasures. If you can draw the knife successfully, it will be enough to kill the Emperor Yu with one knife!"

Hearing the king's words, ye Chen's eyes lit up, took a deep breath, and tried his best again, but the blade was still motionless. No matter how hard he tried, he couldn't pull it out.

Jiewang laughed and said, "without artifact, people in the real world can't control it. You can control the emperor's ancient clock before. I don't know how you did it, but you can't last long. If you really have the ability to control without artifact, no one in the real world is your enemy."

Ye Chen's heart sank, indeed.

Without artifact, the law is very mysterious, and the martial artist in the real world can't control it at all.

He had been able to briefly activate the ancient bell of the emperor, which was to sacrifice the power of Huang Lao and the four chaotic gods, and then burn the reincarnation blood crazily. Finally, he could barely take charge of it in combination with the Feng Shui and Qi of the ancestors of the Huang nationality.

If the emperor's ancient clock is placed outside, he can't move it anyway.

This emperor's holy knife is also one of the three emperors' treasures. It's a genuine artifact. With Ye Chen's ability at the moment, it's impossible to pull it out.

"Lord jiewang, the emperor's holy knife is so precious, why do you give it to me?"

Ye Chen gave up the idea of pulling out the knife, held the scabbard and asked suspiciously.

The king of the world sighed and said, "because this knife is my demon."

Ye Chen was thrilled and said, "demon?"

The king of the world "hum" and said, "yes, it's the demon of the heart. I didn't think about food and tea before. I dreamed of pulling out this knife all the time. As a result, I always failed and my cultivation was delayed."

"If I hadn't wasted too much time trying to draw a knife, I would have been detached from reality and preached nothing."

"Now, I give you the emperor's holy knife, which can be regarded as getting rid of the demon in my heart. Hey hey, I just hope you don't indulge in drawing the knife all day like me and waste your cultivation."

Ye Chen said, "yes, thank you for your advice!"

The king of the world said "Hmm" again, poured a cup of tea and said to Ye Chen, "come and have a cup of tea."

Ye Chen said, "yes." Then he went to the front, sat opposite the king of the world, took a sip of the tea cup, and served with kindness and softness.

The king's eyes narrowed slightly, looked back at the depths of the forbidden area, and said to Ye Chen, "did you come here to cut your flail?"

Ye Chen said, "yes!"

The king shook his head and said, "if you don't want to die, I advise you to leave as soon as possible."

Ye Chen was stunned and said, "why?"

Jiewang said: "in the core area of the forbidden area, a city has long been built, called Forbidden City. It was jointly established by the martial artists who revived here after the Iron Throne left. They formed an alliance, extremely excluded outsiders, and rarely communicated with the outside world. They only painstakingly studied the way of the Supreme Court and sought a way out of reality."

Ye Chen exclaimed, "is there another city in this forbidden area?"

The king said, "yes."

Once the Iron Throne fell asleep, attracting countless warriors to explore. Those warriors were ironed and reduced to steel statues.

Later, when the Iron Throne left, those who were ironized were revived and united to build a city in the wilderness, which is forbidden city.

The martial artists of Forbidden City have only one goal, that is, to study the way of the supreme emperor, and to be detached from reality and fly into the world.

The way of the supreme emperor is one of the ways evolved from the way of the origin of the supreme emperor. The original method formula is engraved on the Iron Throne.

The Iron Throne has been sleeping for countless generations, and the secret method of the supreme emperor's way has also spread from his throne, becoming a unique skill that all martial artists in the Forbidden City have painstakingly studied.

Because the Iron Throne has the cause and effect of Hongjun, Wuzu and so on, ancient sages.

Moreover, the material for casting the Iron Throne itself is also derived from time and space, so understanding the secret method engraved on the iron throne, under the induction of heaven and man, there is an opportunity to transcend reality and preach nothingness!

Chapter 7702

The world king laughed and said, "you purified the magic gas on shanrou. The magic gas of hell's destiny did not disappear, but returned to the hell world. Guess where the magic gas of heaven fell."

Ye Chen's heart shook and said, "won't it be in Forbidden City?"

The king of the world said with a smile, "yes, Ren Qingfeng, the God son of Forbidden City, has become a new generation of hell destiny. If you dare to get close to Forbidden City, as long as you expose the breath of reincarnation, he will immediately kill you!"

Ye Chen said, "Hell's destiny, Ren Qingfeng..."

His heart was pounding. After listening to the king's words, he also caught the breath of extremely dangerous secrets.

Hell's destiny, adhering to the supreme will, is born to bury reincarnation. If ye Chen is exposed, he must be chased and killed, and it is impossible to chop his flail safely.

Ye Chen asked in a deep voice, "that forbidden God son Ren Qingfeng, what cultivation?"

The king of the world said, "there are four levels of heaven in Tianxuan realm, combined with the great Qi and terror bonus of Forbidden City. By the way, there is the threat of hell and destiny. It's enough to kill you."

Ye Chen's heart is dignified. There are four levels of heaven in Tianxuan realm, and it's really troublesome to fight on other people's territory.

Ye Chen, the enemy of the four layers of heaven in Tianxuan territory, has also met before, which is liuchangqing, the genius of Tianqing League.

At that time, ye Chen relied on the power of reincarnation and consumed a lot of money himself, so he just killed it.

Now the four chaotic gods are all gone, and the famine is old and has not awakened for a long time. I'm afraid it's difficult to deal with Ye Chen alone...

Vaguely, ye Chen caught that Ren Qingfeng, the son of the forbidden God, seemed to have a trace of origin with Ren Feifan, the supreme goddess and others.

Ye Chen asked, "what's the origin of Ren Qingfeng and his origin with the Supreme Master Ren family?"

The king of the world said with a smile, "hehe, that Qing Feng was once a genius of the supreme Ren family. Later, he came to spy on the trace of the iron throne by the order of the feather emperor. As a result, he was turned into a statue by the iron and woke up a thousand years ago."

"His qualifications are no worse than those of Ren Feifan and taishangnv. It's just that he woke up a thousand years ago after sleeping for too long, resulting in insufficient accumulation of martial arts. Otherwise, he should be one of the top ten masters in the world."

Ye Chen was completely shocked after hearing what the world king said. He didn't expect this Ren Qingfeng to be so big.

In terms of qualifications, Ren Qingfeng is almost the same as Ren Feifan, tiannv and others. It is only because of setbacks that there are only four levels of heaven in Tianxuan realm, which is far from being compared with the current masters, but as long as he is given enough time, he will rise sooner or later.

No wonder this person can get the favor of hell's destiny and succeed in inheriting. The original qualification is so terrible.

"Strange, how can the Ren family produce so many geniuses?"

Ye Chen keenly found a problem. Ren Feifan and the heavenly daughter are both members of the Ren family, and their talents are extremely terrifying.

This Ren Qingfeng's qualification is not much worse.

The luck of the Ren family is a little too outrageous. It can produce so many top talents.

The king of the world smiled, touched his beard and said, "I guess the tablet of the emperor of heaven should have been taken by the Ren family."

Ye Chen was stunned and said, "the heavenly monarch seals the monument?"

The king of the world said, "the tablet of the emperor of heaven, the supreme artifact of the thirty-three days, ranking"

Chapter 7704

The king nodded and said, "I hope you can survive. Come to our king's palace when you are free. Don't let shanrou worry about it for too long." With that, he looked at shanrou lovingly, just like a father doting on his daughter.

Ye Chen said, "yes!"

Shanrou reluctantly called "brother Ye Chen". She really didn't want Ye Chen to take risks in Forbidden City.

But ye Chen has made up her mind, and she can't stop it.

"Shanrou, we should go home."

The world king's voice is kind, and now he leaves with kindness and softness.

Shanrou reluctantly looked back at Ye Chen frequently, and finally dissipated with the king of the world in the wind.

Ye Chen looked at shanrou and the king of the world leaving, feeling disappointed...

He picked up the emperor's holy knife and tried to draw it again, but he still stood still.

Ye Chen knew that as long as he could pull out the emperor's holy knife, everything, all kinds of troubles and troubles in the heavens could be cut off.

But it happened that he just couldn't pull it out.

Ye Chen gritted his teeth and was aroused to fight, so he tried to draw a knife from different angles and in different ways.

After trying this for a long time, ye Chen was sweating all over, and the blade could not be pulled out.

A gust of wind blew, and ye Chen was full of excitement and woke up.

"Yes, I was almost possessed. If I can't pull it out, I can't pull it out. What's the matter?"

Ye Chen secretly called for danger. He almost fell into the magic barrier just now.

No wonder the king of the world said that this knife was his demon.

Because the temptation of drawing a knife is too great.

Once the knife is drawn successfully, it is enough to cut through the whole real world, dominate the world, and no one can defeat it. Such a huge temptation is impossible for normal fighters to bear.

Ye Chen took a deep breath, suppressed his desire to draw a knife, and received the emperor's holy knife into the reincarnation cemetery.

Then ye Chen took the ring given to him by the king of the world.

This is an ordinary storage ring, which contains several sets of clothes of ordinary disciples of the king hall of the world, as well as the waist token of the king hall of the world.

Ye Chen suddenly changed his clothes, wore a waist tag, hid his reincarnation breath, and disguised himself as a disciple of the king's hall.

"Master jiewang can't help me a lot this time."

Ye Chen secretly thanked him in his heart and walked to the depths of the forbidden area.

After walking all night, I arrived

Chapter 7705

Mu Yinxi was dazed. She only felt that ye Chen at this moment was like a God, and the brilliance was so dazzling that people didn't dare to look directly at him.

"You... You are..."

Mu Yinxi was stunned. She didn't expect someone to save her.

"People of the famine clan, disciples of the jiewang hall, famine dust."

Ye Chen smiled, introduced herself, and then stretched out his palm.

Mu Yinxi hesitated for a moment, and finally handed her tender little hand to Ye Chen.

Ye Chen pulled her up and looked at her. She only felt that her injury was very serious, and there was a trace of evil spirit of hell. Obviously, she was hurt by Ren Qingfeng himself. It was not easy to treat her.

"Do you know me?"

Mu Yinxi stared at Ye Chen blankly.

Ye Chen laughed and said, "Miss Mu is the most powerful challenger of the Forbidden City after seven days. Who doesn't know the Forbidden City?"

Mu Yinxi said, "you... Why did you save me?"

Ye Chen didn't answer positively, but asked, "do you want to get back what you deserve?"

Mu Yinxi heard this question, her delicate body trembled, her silver teeth bit, and said, "of course! If it weren't for Ren Qingfeng's sneak attack on me, which caused me serious injury, he might not be my enemy in the forbidden Canon seven days later!"

She is now seriously injured and attacked by Ren Qingfeng, rather than being defeated head-on...

If the confrontation is positive, mu Yinxi is confident that she will not lose.

Ye Chen nodded, not doubting mu Yinxi's words.

Although Ren Qingfeng is talented and powerful, he even takes charge of hell's destiny.

However, mu Yinxi was no worse.

Because she is the only person in this world who has seen the book of the emperor of the earth!

Ye Chen has seen the power of the emperor's ancient clock and the emperor's holy knife. If you want to come to the earth Emperor God book, it is also equally powerful and terrible, surpassing reality.

Ye Chen stared into mu Yinxi's eyes and said, "I can cure your injury, but..."

Mu Yinxi's body trembled and said, "I'm hurt so badly, can you cure it?"

Ye Chen nodded and said, "although it's really troublesome, there are still seven days before the beginning of the forbidden God code, which is enough for me to cure you."

Mu Yinxi was very happy, but she also knew that there was no such cheap thing in the world, and said, "what price do I need to pay?"

Ye Chen said, "as long as you are willing to unconditionally promise me a request, I will heal you and help you recover."

Mu Yinxi's delicate body was shocked after hearing Ye Chen's words.

It's too expensive to unconditionally agree to a request.

"This... This..."

Mu Yinxi hesitated a little, felt Ye Chen's burning eyes, and subconsciously stepped back two steps, covering his chest with his arms.

Ye Chen laughed dumbly and said, "don't worry, I'm not interested in your body, and I'm not calling you a slave."

Mu Yinxi's cheeks are slightly red, but when you think about it carefully, you know that if ye Chen is really bad for her, you can do it now, and she can't resist, and you don't have to wait until later.

"How?" Ye Chen stared at her.

Mu Yinxi gritted her teeth, knowing that her injury was too serious, and she might not be able to survive today.

If you die, you will die like a lamp, all your dreams will be disillusioned, and nothing will exist. It is also terrifying to think about it.

"I promise you! As long as you can heal my wound and let me recover my cultivation, even if you call me a slave and a maid, and use me as a cauldron for mending, I will follow you!"

Mu Yinxi bit her red lips tightly and promised to come down.

Ye Chen smiled and said, "very good, open your mouth."

Mu Yinxi was stunned and said, "what?"

Ye Chen said, "open your mouth."

Mu Yinxi said, "Oh..."

She opened her cherry mouth and stared at Ye Chen dumbly. She didn't know what ye Chen was trying to do.

Ye Chen took out a dagger, cut his two fingers, and then stretched it into mu Yinxi's mouth.

"Hmm!?"

Mu Yinxi immediately widened her eyes, only feeling Ye Chen's fingers stretched out, and a stream of fishy and sweet blood immediately filled her mouth.

The blood seemed to contain incomparable aura, and mu Yinxi subconsciously sucked it up.

After sucking for a while, she caught a supreme breath from ye Chen's blood.

"You... You are!"

Mu Yinxi instantly went blank and pushed Ye Chen away. She had guessed Ye Chen's real identity.

"Don't care who I am, get well."

Ye Chen took a step forward, pulled mu Yinxi to her side, and put her fingers into her cherry mouth.

Mu Yinxi was stunned, sucking Ye Chen's blood like an instinct, and her cheeks flushed slightly.

The blood of reincarnation has a strong attraction to the opposite sex. She sucks directly like this, but she is also infected by Ye Chen's reincarnation breath. Her heart beats disorderly and her body is hot and dry.

After a incense burning time, ye Chen took back her fingers, and her face turned white for a while.

"This little girl can really suck..."

Ye Chen murmured in his heart. It was obvious that mu Yinxi had absorbed a lot of reincarnation blood, resulting in his own weakness.

Then, ye Chen calmed down, put his palm on mu Yinxi's forehead, performed the eight trigrams heaven elixir technique, and then summoned the star sky water mirror to treat her.

The star sky water mirror, shining on the heaven and earth, can spy on the wonderful machine, and shining on the flesh, can maintain health and heal wounds, and also has a good therapeutic effect.

Under the multiple treatments of reincarnation of blood essence, Bagua Tiandan technique and Xingtian Shuijing, mu Yinxi's injury healed quickly, and her originally pale face also recovered ruddy at this time.

Feeling the healing injury, mu Yinxi was extremely surprised and said, "thank you, Lun -"

Ye Chen's eyes shrank, covered her mouth and shouted, "don't expose my identity!"

Mu Yinxi was surprised and apologized, "sorry..."

Ye Chen's face relaxed and said, "just call me waste dust."

Mu Yinxi said, "yes, Huang Chen... Thank you for saving me. If it weren't for you, I think I'd be dead."

Ye Chen said, "you've just recovered from your injury, but your aura hasn't recovered yet. In the next few days, take a good rest."

Mu Yinxi said "Hmm", and she had many questions in her heart.

She doesn't know why Ye Chen saved her.

She doesn't know what ye Chen will ask of her in the future.

However, ye Chen couldn't answer many of her questions so quickly, so she had to ignore them.

Ye Chen finds a cave and settles in with mu Yinxi temporarily.

Now the city can't go back. Ye Chen just killed more than a dozen martial artists. The blood touched the mystery of heaven, which will inevitably cause Ren Qingfeng's induction.

If you go back to the city, you will die.

The next time, ye Chendu and mu Yinxi spent in the cave.

Ren Qingfeng sent many strong men to investigate.

Ye Chen didn't want to get involved, so he hid his breath with mu Yinxi and never exposed it.

After seven days in this way, the day for the holding of the forbidden divinity ceremony has arrived.

After seven days of recuperation, mu Yinxi's vitality was completely restored.

Chapter 7706

I saw her today, wearing a yellow Palace Dress, with snow-white skin and beautiful face. The cave was full of the fragrance of her virgin.

Ye Chen was calm and stared at her and said, "Congratulations, Miss mu. I didn't expect you to break through in these days."

In the past, mu Yinxi's cultivation was three layers of heaven in the Tianxuan realm, but now, she recovered after serious injury, and unexpectedly broke and then stood, reaching the four layers of heaven in the Tianxuan realm, which is equivalent to Ren Qingfeng.

"Brother Huang Chen, thank you for all this."

Mu Yinxi smiled and looked at Ye Chen with gratitude and worship.

After seven days of cohabitation, the two became familiar with each other a lot, not as strange as at the beginning.

Of course, ye Chen has no other ideas, just want to rely on mu Yinxi to solve Ren Qingfeng.

As long as he can defeat Ren Qingfeng, mu Yinxi can become the new forbidden son of heaven. At that time, ye Chen will chop his flail here, which is naturally as easy as a palm...

"Let's go. It's time to surprise Ren Qingfeng when the forbidden gods begin today."

Ye Chen smiled and left the cave with mu Yinxi and returned to the city.

Today is the grand day of the forbidden gods. In the urban area, even if ye Chen and ye Chen are exposed, Ren Qingfeng can't move the killer in full view of the public.

The early morning sun shines in the Forbidden City, and the whole forbidden city is full of enthusiasm. The streets are decorated and festive.

This year's ceremony of the forbidden gods is still held in the beast horn arena.

Beast horn field is the most magnificent building in Forbidden City. It covers a vast area, including a forest with a radius of 100 miles.

It is said that Wu Zu once came to this forest.

The martial artists of Forbidden City worship Wu Zu devoutly all the year round. They are willing to inspire heaven and earth and successfully summon Wu Zu down.

After Wu Zu came down, he once preached to the forbidden martial artists. The hype was in disorder, and the stars were shining brightly, which benefited everyone a lot.

The forest where Wu Zu came in the past has also become the venue for the ceremony of forbidden gods.

The rules are different in every forbidden canon.

As ye Chen knows, the goal of this year's forbidden celestial Scripture is to compete for the forbidden Celestial Star stone.

The forbidden star stone is a special spirit thing forged by the old demons and monsters in Forbidden City.

They scattered the forbidden star stones into the Wuzu forest. Some were sealed in the monster's body, some in extremely dangerous places, and some in the void.

After entering the forest, all those who participated in the forbidden sky Scripture fought for the forbidden sky star stone with all their strength.

Finally, the winner will be the one who captures the forbidden star stone with the largest number.

The winner is the new king of heaven, who can control life and death and enjoy the best welfare.

In the past, the winner of each session was Ren Qingfeng. It can be seen that this person's strength cannot be underestimated.

However, the situation of this session of the forbidden canon has become greatly different because of the rise of Mu Yinxi.

Mu Yinxi is likely to replace Ren Qingfeng!

Because she is the only person in this world who has seen the book of the emperor of the earth!

As for the re-election of Qingfeng, they are extremely afraid of her, and even want to sneak attack in advance to kill her.

If it weren't for ye Chen's rescue, mu Yinxi might have been a corpse that had been ravaged thousands of times, and there could be no chance to participate in the forbidden God ceremony alive.

As the Forbidden City is about to begin, a large number of spectators are gathered on the stands in the beast horn arena, all of whom are dignitaries in the Forbidden City.

On the top platform of the beast horn field, there are four elders sitting.

Those four old men, whose breath is extremely terrible, are all powerful men in boundless territory, which can be called the existence of old monsters.

They are also the order defenders of the Forbidden City, known as the "forbidden four elders".

It is said that when Wu Zu's virtual shadow came to preach and spread karma, four strong men enlightened, received Wu Zu's blessing, and became order defenders, which was "the forbidden four elders".

Wu Zu once said that the basic material that constitutes the real world is "earth, water, fire and wind".

If you can understand the mystery of "earth, water, fire and wind", you can understand the laws of the real world, reopen the world, and create and destroy the universe, which is as easy as a palm.

The four methods of "earth, water, fire and wind" and the "forbidden four elders" each got one method. Overnight, they were promoted from ordinary Tianxuan realm to the top strength of immeasurable realm. It can be seen that Wu Zu's Taoism is powerful. As long as they can understand a little, they may change their lives against the sky!

Ye Chen's eyes narrowed slightly, looking at the top platform, he saw a young man standing beside the fourth old man of "earth water fire wind".

The man's sword eyebrows are Starry, his posture is tall and straight, and he wears a sword at his waist. He has a noble bearing, but there is a gloomy air between his eyebrows, as if there is something that hasn't been untied.

"Is He Ren Qingfeng?"

Ye Chen looked at the young man, and he could feel the strong breath emanating from the latter. There were four layers of heaven in the mysterious realm, and it was Ren Qingfeng.

Ren Qingfeng is always melancholy. When you think about it, he is extremely talented. He originally had the opportunity to become a peak master in the world, but unfortunately, his life was rough and he was ironed for many years. He didn't wake up until a thousand years ago, resulting in the accumulation of martial arts cultivation is far from enough, and he has fallen far behind the top strong in the world.

However, in Forbidden City, he is a powerful existence, and the son of forbidden God for thousands of years has always been him.

The forbidden ceremony was about to begin, and the young warriors in the city jumped onto the floating platform around the beast horn field, ready to participate in the war.

The eyes of many young martial artists converge on Ren Qingfeng.

Chapter 7707

Ren Qingfeng is the object of their challenge!

When many martial artists looked at Ren Qingfeng, their eyes showed a trace of fear and awe.

Ren Qingfeng's cultivation is really too strong. The four levels of heaven in Tianxuan realm are enough to make him arrogant of the younger generation of martial artists.

Fortunately, in addition to the final winner, other contestants will also receive different awards according to their respective achievements.

Therefore, even if you know that there is no hope of competing for the son of God, there will still be many warriors in the Forbidden City who insist on participating in the Scripture.

"I heard that Miss mu Yinxi was almost killed by Ren Qingfeng."

"Ren Qingfeng is really despicable. He is afraid that Miss Mu will take his place and sneak attack in advance."

"Hum, do you care about the four elders of earth, water, fire and wind?"

"After Miss Mu got the book of the emperor of the earth, she didn't hand it in according to the rules. It's understandable that the four elders didn't protect her."

Many young martial artists, as well as the audience in the beast horn arena, are talking in low voices...

The most talked about is Ren Qingfeng's sneak attack on mu Yinxi.

Ye Chen's ears moved and heard those comments. He looked at mu Yinxi curiously and said, "you got the book of the emperor of the earth, and didn't you talk to the fourth old man of forbidden heaven?"

Mu Yinxi shook his head and said, "I didn't get the book of the emperor of the earth, but I was lucky to have seen it and understood a little mystery, but there is no mystery without artifact, which can only be understood and unspeakable. Therefore, I can't explain it to the fourth elder of the Forbidden City. It's a violation of the rules of the Forbidden City. It's not their fault that they let Ren Qingfeng kill me."

According to the rules of Forbidden City, martial artists in the city who travel outside must hand in all the magic scripts if they get them. They cannot hide them privately.

It's just that mu Yinxi's situation is a little special. Even if she tells people about the mystery of the emperor's divine book, others won't understand it. Besides, she can't say it at all, because there is no beauty without artifact, which is difficult to describe in words.

Therefore, even if she was attacked and killed by Ren Qingfeng, mu Yinxi didn't blame the fourth old man of forbidden days. She still maintained her respect, and the hatred in her tone was only aimed at Ren Qingfeng!

"Brother Huang Chen, let's go up. The divine ceremony is about to begin."

Mu Yinxi looked at an empty platform and motioned to Ye Chen.

The forbidden Scripture lasts for ten days. Each participant can carry up to two servants, and the cultivation cannot exceed the Taizhen realm.

Ye Chen immediately hid his breath, pretended to be mu Yinxi's servant, and flew with her to the platform above the beast horn field.

The appearance of the two people caused many eyes around, because mu Yinxi was wearing a veil and looked quite special.

Feeling the eyes around, mu Yinxi slowly took off her veil, revealing her clear and white face.

When her face was completely exposed in front of everyone, all the martial artists around were stunned. The voice of the discussion in the field soon became low, and then silent, a dead silence.

Everyone's eyes converged on mu Yinxi, and everyone was extremely shocked.

I don't know who shouted, "Miss Mu is not dead!"

Then there was a commotion, a boiling shock.

On the high platform at the top of the beast horn field, the forbidden four old men couldn't believe their eyes when they saw mu Yinxi appear.

"This girl, was she still alive..." shuilao, dressed in blue, stared at mu Yinxi inconceivably.

Standing aside, Ren Qingfeng turned pale with horror, his facial features twisted for a while, and blurted out: "impossible!"

This exclamation fell, he felt lost his temper and hurriedly shut up, but his heart was already pounding, and even others could hear his heartbeat.

Ren Qingfeng was extremely surprised. He never thought that mu Yinxi was actually intact and appeared at the scene of the forbidden God.

"I beat her seriously. Although she narrowly escaped, how can she recover completely in just a few days?"

Ren Qingfeng didn't dare to imagine that he was seriously injured by mu Yinxi, and even used the magic gas of hell's destiny.

That magic gas, like gangrene with bones, is extremely difficult to resolve, but looking at mu Yinxi's long-lasting appearance, it is obvious that the state has been restored.

"Who saved her? Are the four elders saving people from me?"

Ren Qingfeng glanced at the old man, and secretly guessed.

He just thought it was the fourth elder of forbidden days, who was biased in favor of Mu Yinxi, but when he saw the four elders, he also looked stunned. Obviously, he was also very surprised by the appearance of Mu Yinxi.

In fact, mu Yinxi was saved by Ye Chen, but even if Ren Qingfeng wanted to break his head, he couldn't imagine that the legendary Lord of reincarnation dared to step into the Forbidden City.

"Ren Qingfeng, no one can take what belongs to me!"

Mu Yinxi stared at Ren Qingfeng, pulled out the long sword at his waist, stretched out his chest, and his eyes were full of Sen Leng's fighting spirit.

Her words fell, and the earth shook, as if nine days and ten earth were resonating with her, showing a very cold and arrogant momentum.

At this moment, the majestic aura of the four layers of the sky was revealed on her body.

Ren Qingfeng's cold sweat came out. Unexpectedly, in just a few days, mu Yinxi not only recovered from his injury, but also broke through the fourth floor of Tianxuan realm, which was equal to him.

"Miss Mu actually broke through."

"Now there is a good play."

"Ren Qingfeng has been the son of God for thousands of years, and it's time to make way."

On the stand of the animal horn field, many viewers felt the breath of Mu Yinxi, which was shocking.

Everyone's eyes converged on mu Yinxi, but no one paid attention to Ye Chen.

Ye Chen hid well and didn't expose at all.

Mu Yinxi looked at him quietly without any trace, with tenderness and gratitude in her eyes.

She knows that she can stand here today thanks to Ye Chen.

"Well, it's almost time."

At this time, among the forbidden four elders, Feng Lao, dressed in green robes, stood up and looked around the audience.

At this time, the floating platforms around the horn field were full of people.

Today, as many as sevenoreight hundred people participated in the martial arts of the forbidden gods.

"I declare that the forbidden Canon officially begins!"

"Everyone enters the forest for ten days. Finally, the person who gets the largest number of forbidden star stones will become the new generation of God son of Forbidden City!"

"Elders and I will give you a new hint every day to help you find more forbidden stars!"

Feng Lao loudly announced that the contestants broke out with a cheer, and then flew down from the high platform and jumped into the vast forest below.

The forest covers an area of hundreds of miles on the surface. In fact, inside the forest, there are many special spaces. The real area is unknown to be thousands of miles wide.

Ye Chen and mu Yinxi looked at each other and jumped down from the high platform into the forest.

Stepping into the forest, ye Chen looked up and saw only the blue sky. He couldn't see the audience outside because of the barrier of special space laws.

But the audience outside can see the situation of all the contestants.

Chapter 7708

Over the horn field, there are light curtains suspended, projecting all the scenes in the forest.

"Miss, where are we going now?"

Ye Chen looked at mu Yinxi and maintained his respect. Now he had to disguise as mu Yinxi's servant, and he couldn't easily expose the secret of reincarnation.

"The forbidden star stone is probably hidden in some powerful monsters. Follow me."

Mu Yinxi was holding a long sword, with a high appearance, and also accompanied Ye Chen in acting.

She closed her eyes a little, caught the smell of monsters in the four fields, and then seemed to find it, so she took Ye Chen and walked to the north.

Along the way, they soon found a monster nest.

That is the nest of hell cobras, living in seclusion in a cave.

Ye Chen saw the hell Cobra crawling out of the cave. The snake's body was as thick as a water tank, its scales were blue and black, and its teeth were like halberds, emitting an unknown smell...

This kind of monster, with strong poison, once grown up and evolved, is the legendary overlord monster, hell Cobra dragon!

Ye Chen had seen the strength of the hell Cobra dragon, and he couldn't help but feel a chill in his heart.

Fortunately, in front of him, there was only a big snake, which had not changed into a dragon, so it would not be too difficult.

"The power of the emperor, the anger of the earth, thousands of miles of earthquakes, thousands of miles of volcanoes!"

Mu Yinxi saw the hell cobra, her beautiful eyes coagulated, her slender hands danced their swords, and her sword Qi was as magnificent as the earth, and she cut forward very sharply.

The sword cut out, and the surrounding ground was a violent earthquake, and the plate cracked. From the crack in the ground, magma flames permeated, and the flames were surging. With mu Yinxi's sword gas, he cut straight to the hell Cobra dragon.

"Woo -"

Hell Cobra uttered a wail, and even resisted without a fight, and was killed by mu Yinxi on the spot.

Patter!

After the death of the hell cobra, several crystal stones fell out of its body, glittering with stars. It is the keepsake of the forbidden sky god, the forbidden sky star stone!

"Look, as long as they are more powerful monsters, the body may be sealed with a forbidden star stone."

Mu Yinxi beamed and smiled. As soon as she grabbed them, she grabbed them all.

"Miss, your sword is the majesty of the emperor's book?"

Ye Chen eyebrows picked, just mu Yinxi's sword, the power is quite fierce, ye Chen from the sword, feel the power of the earth!

"Sort of."

Mu Yinxi gently wiped the body of the sword, then put the sword away and whispered:

"I have understood the book of the emperor of the earth, but that book is too mysterious, and I only have a rough understanding of it."

"The earth Emperor God book is a magic power of earth attribute. Generally, the magic power of earth attribute is the main defense."

"However, the emperor's book is different. It's a secret skill that focuses on killing. Killing is extremely powerful."

Speaking of this, mu Yinxi's eyes were filled with a trace of admiration and longing, and said, "the anger of the sky, wind, snow and rainstorm, and the natural disasters are merciless; while the anger of the earth is as merciless as the thousand mile earthquake, the ten thousand mile volcanic eruption, the plate collapse, the bare land drought, the landslide and rock destruction."

Ye Chen listened to Mu Yinxi's words and his eyes were slightly bright. It turned out that the earth Emperor God book was the embodiment of the earth's anger, which was quite different from the earth attribute skill of ordinary main defense.

Ye Chen also raised a strong interest in the book of the emperor of the earth, and wanted to ask mu Yinxi where the book of the emperor of the earth was, but he was afraid of being abrupt, and finally didn't speak.

"The book of the emperor of the earth, I can't imagine that the legendary artifact is really in the world!"

At this time, ye Chen suddenly felt that there was an ancient tombstone in the reincarnation cemetery, shaking violently.

That tombstone belongs to chaos five emperors, chaos earth emperor!

The old voice of the chaotic earth emperor echoes in the reincarnation cemetery, full of admiration and emotion.

Ye Chen sensed the awakening of new power, and was immediately overjoyed. His mind was projected into the reincarnation cemetery, and he saw an old and burly figure rising from the tombstone.

Although the figure is old, it is very strong, with bare arms and explosive muscles. It is old and strong.

"Elder, are you the chaotic earth emperor?"

Ye Chen was overjoyed and inquired.

It's better to wake up with new power. Now ye Chen is alone in the Forbidden City, facing threats at any time. With the help of reincarnation power, he can at least have more cards and confidence.

"Is your Excellency the Lord of reincarnation in this life? I, chaos earth emperor, have seen the tomb owner."

Chaos earth emperor was introverted, and his speech was quite calm, not as rough as the surface. He did not despise Ye Chen because of his youth, but humbly saluted him.

"Don't be too polite, elder."

Ye Chen also bowed back.

The chaotic earth emperor smiled and said, "I was awakened because I caught the mystery of the emperor's book."

He pinched his fingers, calculated the cause and effect of Mu Yinxi outside, and said with a smile, "I didn't expect that the legendary book of the emperor of the earth would be peeped by a little girl. The tomb owner, is she your Taoist companion?"

Ye Chen hurriedly said, "no, just ordinary friends."

Chaos earth emperor frowned slightly and said, "ordinary friend? Well, she is not lucky enough to understand a trace of the secret of the Emperor God book. It is already the limit. I see that the Emperor God book will eventually fall into the hands of the tomb owner."

Chaos earth emperor is proficient in the skill of earth attribute, and there is no better earth way divine power than the earth emperor Divine Book in the world, so in his words, he highly praises the earth emperor divine book, and hopes Ye Chen can get it.

Chapter 7709

Ye Chen waved his hand and said, "the matter of the emperor's book is too ethereal. Elder, the most important thing for me now is to cut flail!"

After all, the book of the emperor of the earth is an artifact free and surreal existence. Ye Chen doesn't expect to be in charge.

The top priority is to break through as soon as possible!

Ye Chen simply said once about the dilemma he was facing, which might be targeted by Ren Qingfeng.

The chaotic earth emperor heard the words, hehe smiled and said, "that green front is indeed strong, but I have awakened, you don't have to be afraid."

Ye Chen was very happy and said, "thank you for your help first!"

Chaos earth emperor laughed, "it doesn't matter."

After a pause, he added, "however, the tomb owner, it's not a good thing that you rely too much on the reincarnation cemetery. If you can, try to solve it with your own strength."

Ye Chen said with a chill in his heart, "I understand."

Chaos earth emperor nodded and said, "I have a skill called 'rock mind skill'. After practicing, my body will be like a rock, solid as gold soup, and all evils will not enter, and all methods will not be broken. If you practice this skill, it will be enough to fight against that Qing Feng."

Ye Chenxi said, "if you can really fight against that Qing Feng, it would be better. Please teach me!"

The chaotic earth emperor hesitated and said, "however, after practicing my skill, my heart is like a rock, and the shackles of my heart will also be so heavy that it is almost impossible to cut off..."

"Tomb owner, if you want to attack hundred flail chop, I'm afraid this skill is not suitable for you."

Ye Chen's face sank and said, "will you add the shackles of the center of gravity?"

Chaos earth emperor said, "yes."

Ye Chen was silent for a moment and sighed helplessly, "if I really can add the shackles of gravity, then I absolutely can't practice."

Previously, the star sky water mirror passed by the chaotic rain emperor to Ye Chen only increased the ordinary shackles.

However, the rock mind method of chaos earth emperor will make the shackles of the heart become extremely heavy, like a rock that cannot be broken, which is obviously unacceptable to Ye Chen.

Chaos earth emperor said, "in that case, that's all." With a smile, "it's not too late to practice my rock mind method when you, the tomb owner, successfully cut off all the shackles and shackles."

Ye Chen said with a smile, "then inherit the good words of your predecessors!"

Since the rock mind method is not suitable for cultivation for the time being, ye Chen's mind retreats from the reincarnation cemetery.

He communicated with the chaotic earth emperor by relying on the divine mind. Everything was in an instant, and the time outside did not pass long.

Mu Yinxi gathered the forbidden stars and waved to Ye Chen, "let's go and have a look elsewhere."

Ye Chen said "Hmm" and continued to disguise as mu Yinxi's servant. They hunted monsters in the forest and collected forbidden star stones.

With the strength of Mu Yinxi's four layers of heaven, ordinary monsters can't defeat her sword.

In the twinkling of an eye, the day passed and night fell.

After a day of hunting, ye Chen and mu Yinxi killed a total of seven or eight monsters and more than 30 forbidden stars. The battle didn't take much time, mainly to find monsters, which took too much time.

This day, they also encountered many contestants, but as soon as they saw mu Yinxi, they immediately turned around and ran away. They didn't dare to stay at all, for fear that their forbidden star stone would be robbed.

Now, mu Yinxi and Ren Qingfeng are the favorites to win the championship. No one else is qualified to compete

Chapter 7710

"Death!"

Mu Yinxi bit her silver teeth and waved her sword to fight.

But the three swords were halfway there, and suddenly there was a rumble of blood all over their bodies, muscle concussion, and then three bangs, and they burst on the spot!

The self explosion of the three and a half steps in the sky Xuan realm, with extremely fierce impact, mixed with their overwhelming sword Qi, is simply God blocking and killing God, Buddha blocking and killing Buddha.

"No, go back!"

Mu Yinxi was shocked, subconsciously retreated and pushed Ye Chen away, lest ye Chen be affected by the explosion.

Boom——

Mu Yinxi was the first to bear the brunt of the explosion, and immediately suffered a serious impact, spitting blood on the spot.

"Miss Mu!"

Ye Chen exclaimed, he had mu Yinxi's cover, but it was all right.

When the smoke of the explosion dispersed, ye Chen found that mu Yinxi's clothes were broken and he was covered with blood. Under the self explosion of the three half step Tianxuan realm, he was obviously injured.

"Miss mu, are you all right?"

Ye Chen hurried up and held mu Yinxi.

Mu Yinxi's soft body poured into Ye Chen's arms and said, "brother Huang Chen, i... I'm injured..."

"I'll treat you."

Ye Chen felt guilty and hurried to help her find a secluded cave to heal her.

Originally, with the strength of Mu Yinxi's four layers of heaven, even if the three and a half steps of Tianxuan exploded, it might not be able to hurt her.

However, in order to protect Ye Chen, she ignored her own safety and was injured on the spot.

Fortunately, her injury is not too serious compared with that before. With Ye Chen's treatment, she can recover completely after a day's rest at most.

At this time, the picture of Mu Yinxi being injured clearly appeared in the eyes of every audience on the horn field.

Many audiences were shocked by Ren Qingfeng's cruel means.

"Ren Qingfeng is also too cruel. In order to win, he will do anything by any means!"

"It's better to be ruthless. The determination of killing and cutting is the majesty of our forbidden city."

"Ren Qingfeng has been in business for thousands of years. I'm afraid mu Yinxi can't beat him this time."

There were many voices of discussion. Ren Qingfeng had been the son of God for thousands of years. After thousands of years of operation, he didn't know how many confidants he had cultivated. It was naturally extremely difficult for mu Yinxi to fight against him alone.

Seeing that mu Yinxi was injured by the explosion, the fourth old man of forbidden sky frowned, but did not comment on anything.

After all, the forbidden gods allow killing. If you want to collect forbidden stars, you can not only hunt monsters, but also hunt others. You can even use your own power to suppress others like Ren Qingfeng.

Ye Chen and mu Yinxi were desperately blocked by Ren Qingfeng's men. Today, they couldn't get the forbidden star stone that prompted the light column.

"In order to suppress me, Ren Qingfeng is really willing."

Mu Yinxi recovered at night under Ye Chen's treatment. Recalling the twists and turns of the day, her face was still dignified.

The three and a half steps of Tianxuan realm can't be easily cultivated. It definitely costs money.

But now, in order to suppress mu Yinxi, Ren Qingfeng is at all costs!

At noon the next day, another pillar of light penetrated the distant sky, prompting the weather to appear again.

However, when ye Chen and mu Yinxi walked towards the light column of the prompt, they were again intercepted by three and a half steps of Tianxuan realm.

Like yesterday, they also fought their lives to stop mu Yinxi at the cost of self explosion.

This time, mu Yinxi was prepared, not injured, but blocked. She still didn't get one of the forbidden star stones that were additionally prompted today.

"Ren Qingfeng, I want to see how many masters you have that can make you consume so much!"

Mu Yinxi's silver teeth clenched. Half a step in Tianxuan territory was not cabbage, so she didn't trust Qing Feng to afford it.

In the next few days, Ren Qingfeng continued to send people to stop mu Yinxi and ye Chen.

This time, he didn't send another master of half step Tianxuan realm, but the warrior of Baijia realm obviously couldn't afford to consume.

However, those who fight in the hundred flail realm are also fearless of death, and they also have immeasurable artifacts in their hands. Together with immeasurable artifacts, they sacrifice and explode, which is more powerful than a few days ago.

"Is that guy crazy? Is it worth it for the position of a son of God?"

Ye Chen was completely shocked. The value of an immeasurable artifact was better than the life of an ordinary emperor.

Ren Qingfeng consecrated several immeasurable artifacts one after another, which was simply incredible madness. He tried his best to stop the rise of Mu Yinxi.

This makes Ye Chen very confused. Is it worth fighting for the position of a son of God?

"Worth it!"

Hearing Ye Chen's question, mu Yinxi gave a quite positive answer, and meimou said concisely:

"The Forbidden City was established because of the Iron Throne. This is also the hometown of the iron throne, which used to sleep in the past. After being the son of God, you can listen to the teachings of the iron throne, and even call the iron throne to come, and use the power of the iron throne to level the world."

"Princess shanrou once demonized and attacked the Forbidden City. At that time, Ren Qingfeng, who was the son of God, successfully summoned the Iron Throne and solved the destruction crisis of the Forbidden City."

"Originally, as the son of the forbidden God, can you summon the iron throne?"

Ye Chen was surprised. He had seen the power of the iron throne with his own eyes.

The top ten masters in the world should have an iron throne!

If you can summon the iron throne to come, it is indeed a huge help.

Mu Yinxi said, "yes, that's why Ren Qingfeng was so crazy about me. He was also afraid of losing the qualification to communicate with the Iron Throne."

Ye Chen nodded, knowing and feeling more deeply the importance of this forbidden God.
