

## Physician 7721

### Chapter 7721

The first nine incarnations of reincarnation cannot rise, but in Ye Chen's life, there may be a chance to rise against the sky. They are witnessing history and great undertakings at the moment!

Ye Chen's eyes were cold, and he didn't speak at all. Holding reincarnation Heavenly Sword, he cut and killed Ren Qingfeng again.

Ren Qingfeng was completely afraid, and he only felt that ye Chen's sword was so fierce and majestic that he was far from being able to resist it.

Under Ye Chen's sword, he was as weak as a pig and dog.

"Lord of reincarnation, do you dare to kill my people?"

Seeing Ren Qingfeng, he was about to be killed by Ye Chen, but at this time, a cold and deep voice sounded, and the wind between heaven and earth was strong.

Click click——

The breath of Steel burst out crazily in the boundless void.

The world, which had been destroyed into chaos and emptiness, began to iron and became a country of steel.

Pyramids made of steel have sprung up.

In the center, at the top of the largest pyramid, a huge steel throne, carrying hundreds of iron swords, slowly emerged...

A figure sitting on the Iron Throne indifferently is the spirit of the Iron Throne.

The Iron Throne's eyes were cold, and with a faint flick of his fingers, a blue and black light sweeping the world burst out.

This black light, with strong steel majesty, swept away towards Ye Chen like a torrent.

Ye Chen wanted to kill Ren Qingfeng with a sword, but under the impact of the torrent of steel, he could only retreat.

"Lord iron throne!"

Renqingfeng was surprised when he saw the Iron Throne coming to help.

"The Iron Throne has come!"

Forbidden four old men were also shocked. It seems that Ren Qingfeng was right. The Iron Throne really wanted to kill Ye Chen.

They can clearly feel the murderous intention in the eyes of the Iron Throne.

"Lord of reincarnation, you are really strong. Just cutting off the shackles of the body is almost against the sky. If you really cut off the shackles of the heart, you will be an invincible existence in the world."

The Iron Throne sat on the top of the pyramid, looking down at Ye Chen and sighing deeply.

Ye Chen caught the killing intention of the Iron Throne and said, "you really want to break the agreement and even kill me yourself?"

Once, the Iron Throne said that if ye Chen could cut the yoke a hundred ways, he would submit.

But now, before ye Chen finished cutting the flail, he came to stop it, and even killed it himself, which was obviously a breach of the agreement and promise.

The Iron Throne said faintly, "you are not the king I am looking for. Naturally, I can't wait to die. Let you rise and press on my head."

Ye Chen said, "if I cut my flail a hundred ways, I'm not worthy of being king?"

The iron throne was silent for a while, and then shook his head and said, "if you can really cut off a hundred shackles, you may be qualified to be king, but I don't like you, just want to kill you, what can you do?"

Ye Chen laughed and said, "I didn't expect you to hate me so much."

The Iron Throne said, "I can't say hate, but I don't like you. In my heart, you are always a waste that has been reincarnated for nine lifetimes and can't rise."

"I have seen your nine previous lives and the tragic scene before your death. In your previous life, you were even killed by your fiancée and died like a dog."

"How can I recognize a dog as my master?"

In his tone, he made no secret of his dislike for ye Chen.

Even if ye Chen has a chance to rise in this life, he is still unwilling to submit to Ye Chen.

Ye Chen shook his head. It seemed that the stereotype of the iron throne on himself had been formed, and would not change anyway.

"I will kill you today. If you want to rise, wait for the next life."

The Iron Throne's tone was cold, and then with a wave of his big hand, a dark, boundless torrent of steel rushed towards Ye Chen.

He wants to kill Ye Chen himself and end the reincarnation of this life.

"Lord of reincarnation!"

The fourth old man of forbidden heaven shouted loudly, never expecting that the Iron Throne really wanted to kill Ye Chen himself.

They want to protect Ye Chen, but against the backdrop of the billowing torrent of steel, even they seem extremely small. How can they resist?

Ye Chen looked at the surging torrent of steel, surging, and his eyes also contracted violently.

At the moment, although he has cut off the shackles of his body and even trained into an ancient god, his strength still lags far behind that of the Iron Throne.

The Iron Throne kisses the killer, and ye Chen is also difficult to fight.

"Hahaha, Lord of reincarnation, you will die after all!"

When Ren Qingfeng saw Ye Chen's body, which was about to be submerged by the torrent of steel, he couldn't help but burst out a burst of laughter, very happy.

The torrent of steel came, and ye Chen felt his body and began to stiffen before he reached it.

Reincarnation cemetery was also completely blocked by an invisible smell of steel, but it could not be mobilized.

Many magic weapons, such as Tu Shengbei, huangquan map, wish Tianxing, and so on, were also blocked and could not be released.

Many heavenly swords are directly covered by the smell of steel, just like iron.

Even ye Chen's meridians, blood and Dantian were blocked, and he couldn't mobilize the slightest aura.

Boom——

That monstrous torrent of steel came like a tsunami, and finally swallowed Ye Chen completely.

Reincarnation, this is the end?

The expression of helplessness, desolation and regret showed in the eyes of the fourth old man of forbidden sky.

They are very optimistic about ye Chen. The majestic weather that ye Chen just cut his flail completely conquered them.

If ye Chen is given enough time, the reincarnation of this life will surely rise against the sky.

However, it is a pity that the Iron Throne came to kill Ye Chen himself.

Mu Yinxi, who turned into a steel statue, seemed to feel that ye Chen was submerged, and the eyes of the statue actually shed two lines of clear tears.

Ye Chen was in the torrent of steel, and he just felt unable to breathe. His body was rapidly ironed and became extremely stiff.

He knew that after ten breath at most, he would be completely reduced to a steel statue and completely destroyed.

If he hadn't trained into an ancient god, I'm afraid he couldn't even hold on to this ten breath time.

"Is my fate finally coming to an end?"

Ye Chen's heart was empty and at a loss, but he had no fear of death. After he practiced the rock mind method, his heart was like a rock, and there was no fear anymore, but he felt sorry.

Feel his body, all magic weapons, all kinds of magical powers, are ironing, ye Chen sincerely feel sorry and regret.

But at this time, ye Chen found that there was a weapon on his body, which was not blocked or ironed.

That is a knife.

Emperor's holy knife!

"The emperor's holy knife, without artifact, can it resist the majesty of the iron throne?"

Ye Chen was shocked, and in the endless loss, he found a glimmer of hope for reversal.

He thought a little, offered the emperor's holy knife, stretched out his hands hard, and held the body and scabbard of the emperor's holy knife.

"Get out of the sheath!"

Ye Chen's eyes coagulated, his inner faith was firm, he grasped the handle of the knife tightly, and pulled it out with force.

Chapter 7722

Zheng!

At this moment, ye Chen finally pulled out a small part of the emperor's holy knife, which he had been unable to pull out!

Just pull out a small section of the blade, only two fingers wide, but such a small section of the blade, but burst out an unimaginable golden awn.

Buzzing, buzzing!

The holy knife vibrated, and the golden awn rose into the sky.

Hiss!

That magnificent and terrible torrent of steel was completely cut by Ye Chen's holy knife, Jin Mang, in a moment.

The iron signs on Ye Chen also collapsed in an instant.

His meridians and blood flow again.

His elixir field, Reiki restored.

All magic weapons, magical skills and martial arts are flowing freely, and there is no block at all.

Ye Chen held the emperor's holy knife in both hands, raised his head high, and tried to pull out the whole knife, but the blade was firmly embedded, and he could only pull out a small part...

Although it is only a small blade, the sharp edge seems to be enough.

The golden awn of the knife kept humming and flashing.

That knife awn, bright and brilliant, sharp and sharp, and the majesty it erupted, is difficult to describe in worldly words.

That's the killing from Wuwu!

"What! The emperor's holy knife, you actually pulled out the emperor's holy knife!"

The Iron Throne saw Ye Chen's figure, which was not submerged by the torrent of steel, but was shocked on the spot.

The knife in Ye Chen's hand is the emperor's holy knife. Although it only pulls out a small part of the blade, the sharp breath erupted is enough to make people afraid.

"Isn't the emperor's holy knife in the hands of the jiewang temple? How can it be in the hands of the Lord of reincarnation?"

Seeing the sharp edge of the emperor's holy knife, the fourth old man of forbidden heaven was also extremely shocked.

Ren Qingfeng was also completely frightened, and he couldn't believe his eyes. He said to himself in horror, "this boy actually pulled out the emperor's holy knife. Are you kidding..."

The emperor's holy knife, that's an artifact. Even if it's as strong as the king of the world, it hasn't shaken a penny for thousands of years.

But at this moment, ye Chen actually pulled out the knife successfully, which is simply unimaginable.

Ye Chen's eyes were cold, staring at the figure of the iron throne, and said, "it seems that in my life, it's not time to fall!"

The words fell, and the light of the holy knife in Ye Chen's hand turned into a cut, and with the power of destroying the withered and the decayed, he mercilessly chopped away towards the Iron Throne.

Although there is a great gap between Ye Chen's strength and the Iron Throne.

However, the emperor's holy knife is an artifact without artifact. It can reverse the reality. Regardless of the gap in the realm, mole ants can fight the gods.

Therefore, ye Chen's knife also has the opportunity to directly kill the iron throne!

The iron throne was afraid, deeply afraid. Looking at the light of the holy knife, he was extremely fierce, and he felt his scalp numb.

He has never seen such a terrible and sharp knife light.

That is the real world, there can be no killing.

Is the edge of Wuwu!

"Damn it, stop it!"

Under Ye Chensheng's knife, the iron throne was also a little disordered, flying up and waving his big hands.

Bang Bang——

Boundless void, countless breath of steel, roared, formed a thousand heavy steel shield, blocked in front of the Iron Throne.

Hiss, hiss, hiss——

However, ye Chen's holy knife light cut through, and the ten million heavy steel shield was even more fragile than paper paste. It was cut heavily, and it couldn't stop Ye Chen's knife at all.

Finally, ye Chen's extremely sharp knife was cut in front of the Iron Throne.

The iron throne was afraid. With a subconscious grasp of his palm, he grabbed Ren Qingfeng across the air and blocked him in front of him.

Poof!

Ye Chen's knife, mercilessly cut on Ren Qingfeng's body.

"Iron... Lord iron throne..."

Ren Qingfeng was stunned. He didn't expect the iron throne to take him as a shield.

His body broke instantly.

The killing of the emperor's holy knife broke out, and Ren Qingfeng's body and spirit were completely destroyed between breathing.

Woo——

A wisp of black air came from his body.

That's the demon gas of hell's destiny!

However, this evil spirit was instantly annihilated under Ye Chen's knife light.

The emperor's holy knife is simply invincible, and even hell's destiny has been completely chopped to pieces.

The breath of hell's destiny, originally on shanrou, was later purified by Jingchi, separated and fell into Ren Qingfeng's body.

But at this moment, under Ye Chen's killing, the fate of hell was completely destroyed and no longer exists.

Hell, one of the six realms of reincarnation, exists for ye Chen, but now the fate of hell is destroyed, and this targeting also no longer exists.

"There is no artifact. It's really terrible. Even hell's destiny has been cut off."

The iron throne was deeply shocked, threw away Ren Qingfeng's broken body, and looked directly at Ye Chen.

He can catch the horrible breath on Ye Chen.

It is not only the edge without artifact, but also the hegemony of reincarnation that can kill the destiny of hell!

"Unfortunately..."

Seeing his knife, ye Chen didn't kill the iron throne, but killed Ren Qingfeng. He couldn't help but feel deeply sorry and lost his strength for a while.

Click——

As ye Chen took off his strength, the body of the emperor's holy knife also closed back into the sheath, and all the golden awns were announced to dissipate.

Ye Chen tried to pull out the knife again, but the energy consumption was too large to pull it out.

"Hehe, Lord of reincarnation, it seems that you can't control the emperor's holy knife now."

"Also, no artifact, people who are not in the real world can master it."

"Today, you still can't escape the fate of destruction!"

The Iron Throne saw the emperor's holy knife return to its sheath, his eyes lit up, and then he sneered.

Ye Chen can only draw a knife once, but his power is endless.

Chapter 7723

"Die for me! Without the emperor's holy knife, I see what you can do to resist my majesty this time!"

With a wave of the Iron Throne's big hand, the torrent of steel broke out and attacked Ye Chen again.

Ye Chen got ready this time and quickly stepped back.

At present, the Iron Throne is too powerful, and ye Chen plans to avoid the edge for the time being.

"Lord of reincarnation, run away!"

The four old men of the forbidden sky shot together, but they blocked Ye Chen in front of him to resist the attack of the torrent of steel.

Ye Chen's flail cutting and knife drawing shocked them deeply. They didn't want to see ye Chen fall, but they planned to sacrifice themselves to resist the impact of the Iron Throne.

"Elders!"

Ye Chen was shocked, but he didn't expect that the fourth old man of forbidden heaven was willing to pay such a great sacrifice to protect himself.

Seeing that the forbidden four old men were about to be completely submerged by the iron torrent of the iron throne, but at this time, a rough and powerful voice sounded:

"Tie Jun, stop."

With the mighty sound, the raging torrent of steel broke up in an instant...

Buzzing, buzzing!

The sky shook and burst into starlight, and the weather of Hongmeng starry sky emerged.

Under the light of the stars, mu Yinxi, who even turned into a steel statue, also faded the traces of iron at the moment, and soon recovered to human form.

Muyinxi recovered as before, snorted, fell to the ground and stared at the sky.

She saw that on the starry sky, a rugged, extremely tall figure appeared.

That's the figure of Wu Zu!

Wu Zu's figure, falling down, was as indomitable as heaven and earth. The disordered world law and the broken space law all returned to stability.

"Lord Wuzu!"

The iron throne was stunned when he saw Wu Zu coming.

"Master Wu..."

Ye Chen also had a dull look on his face. Unexpectedly, he fought with the Iron Throne and surprised Wu Zu.

"Welcome Wu Zu!"

Forbidden four old men and mu Yinxi, with great excitement and reverence, knelt down to meet Wu Zu.

Wu Zu looked at the iron throne, with a trace of sadness and anger in his eyes, and said, "tie Jun, didn't you promise me to wait for reincarnation to chop the yoke? If he can chop the yoke a hundred ways, will you obey?"

The iron throne was silent for a moment, and then he said, "Lord Wuzu, sorry, I still can't accept the existence of the Lord of reincarnation. I'd rather die than let him be my master."

Wu Zu's face sank, and finally sighed, "it seems that your impression of reincarnation is still rigid, so I won't force you, but you actually want to kill him yourself. What's the meaning? Your strength is enough to rank among the peak of the world, and the Lord of reincarnation is just beginning to cut his flail."

"If you kill him directly, are you not afraid of the reverse bite of rules and luck, and will you fall into deep sleep forever?"

The Iron Throne calmly said, "I'm eternal destruction, and I don't want to recognize him as my master."

His calm tone contained firm determination.

Ye Chen was silent and knew that the stereotype of the iron throne was too deep to change.

Wu Zu sighed and said, "anyway, the reincarnation of this life has the hope of rising against the sky. My real body is trapped in no time and space, and I need him to rescue me in the future. I can't let you kill him."

The Iron Throne said, "then I'd better continue to sleep. This is where I used to sleep. I'm returning to my hometown."

Wu Zu said, "no, you can't sleep. If you don't recognize reincarnation, then you will continue to look for the king you want. I also want to see who is the king who can finally control the world. Maybe the king can step on Wuwu, so that the chaotic Wuwu space and time can restore order."

At last, Wu Zu looked at Ye Chen with a trace of expectation and appreciation.

Obviously, in his eyes, the king who can finally rule the real world must be ye Chen.

After ruling the real world, ye Chen can transcend reality, set foot in Wuwu, and establish the order of reincarnation in Wuwu time and space.

This is Wu Zu's expectation, and he also believes that ye Chen can achieve it.

The Iron Throne disdained to smile. Naturally, he knew Wu Zu's idea, but he never recognized Ye Chen. Then he said, "I would rather die than accept the rule of reincarnation. If I don't sleep, I will continue to deal with reincarnation in the next days."

Wu Zu sighed, "Tie Jun, you have your way. If you don't obey reincarnation, I won't force you. However, you can't do it yourself. It violates the rules, and you may also be backfired."

The Iron Throne glanced at Ren Qingfeng's broken body and said, "I can't do it myself. I can find someone else."

This time, Ren Qingfeng failed, but the Iron Throne did not give up.

In this world, there is definitely someone who can defeat Ye Chen.

Even if he can't end up in person, he must be able to find the right person.

Wu Zu nodded and said, "You can find it, but you can't end it yourself. This is my bottom line. I hope you can understand."

The Iron Throne looked at Wu Zu's figure and said with some worry, "Lord Wu Zu, will you disturb those monsters in wuwuwuspacetime when you come down?"

Once, Wu Zu came to Forbidden City, which alerted the monster without time and space, and let the monster hunt down, which almost led to disaster.

Wu Zu smiled rather bleakly and said, "Since you know my difficulties, then keep your promise and don't end in person for reincarnation. Unless reincarnation becomes the emperor of heaven, I will definitely come and stop it."

The Iron Throne was shocked and ashamed, and said, "Lord Wuzu, please rest assured, I can understand your difficulties."

Wu Zu said, "it's so good, then I'll go back."

After a pause, Wu Zu's eyes fell on Ye Chen and said with a smile, "disciple, I believe that one day, you will be the king of the world, and one day, we can meet in no time and space."

The voice fell, and Wu Zu's figure completely faded away.

A star light, from where he dissipated, fell into Ye Chen's eyebrow and heart.

Ye Chen's head buzzed, and he immediately got infinite enlightenment.

That is the divine power of Hongmeng starry sky!

Wu Zu came this time, directly blessing, giving Hongmeng the cultivation of the starry sky, and helping Ye Chen make progress.

"Master Wu, thank you..."

Ye Chen silently thanked Wu Zu for coming and going in a hurry this time, but he directly resolved his crisis and gave him a blessing.

Under the pressure of Wu Zu, the Iron Throne did not dare to make trouble again.

He silently glanced at Ye Chen, snorted, and finally turned around and left, his body hidden into the void, and soon disappeared.

Forbidden four old men and mu Yinxi, looking at each other, are still in a huge shock.

When Wu Zu came this time, they could clearly feel Wu Zu's expectation for ye Chen.

Wu Zu and ye Chen have a teacher apprentice friendship and have a deep relationship.

"Thank you, elders, Miss mu."

Ye Chen smiled slightly, and bowed his hand to the forbidden fourth old man and mu Yinxi.

Chapter 7724

This time, the forbidden fourth old man and mu Yinxi are fighting to protect him, and he is naturally grateful.

The fourth master of forbidden heaven said, "it doesn't matter. Like Wu Zu, we all believe that reincarnation can rise in this life, and you must be the real king!"

Mu Yinxi said, "Huang... No, brother Ye Chen, do you still want to cut the flail?"

She looked at Ren Qingfeng's body and sighed a little.

This time ye Chen cut off the flail, and there were many difficulties. Fortunately, the crisis has been solved, and even the breath of hell and destiny has been completely cut off.

Next, ye Chen can also safely continue to cut the flail.

Ye Chen shook his head and said, "now I need some time to calm down after some twists and turns. It's not suitable to continue cutting flail."

What just happened has greatly shaken Ye Chen's mind. Now he needs to calm down.

After all, the shackles of the heart are extremely difficult to break. If you can't maintain a calm mood, there is no possibility of success at all.

"Well, I'll go back with you..."

Mu Yinxi smiled and said.

"Well."

Ye Chen nodded, which was to return to her goddess mansion with mu Yinxi, ready to calm down and prepare for cutting off the shackles again.

"Hehe, I didn't expect you, boy, to practice so fast, become an ancient god, and pull out the emperor's holy knife."

On the way back, ye Chen heard a familiar voice from the reincarnation cemetery.

It's the old voice.

"Huang Lao, you wake up!"

Ye Chen felt Huang Lao waking up and was immediately surprised.

"Well, I woke up when you woke up the ancient god body. I really didn't expect that you could pull out the emperor's holy knife."

After waking up, Huang Lao still had a deep shock in his tone.

After all, the emperor's holy knife is an artifact without artifact, and ye Chen's ability to pull it out is simply an unprecedented and amazing feat.

Ye Chen shook his head and said, "just pull out a small section, which is nothing."

If the emperor's holy knife is pulled out, it will naturally be earth shaking.

But at the moment, ye Chen just pulled out a small blade, which is not enough.

At least, the sharp edge of that small blade alone is not enough to go against the ruins.

Huang Lao laughed, "step by step, at least you've made a good start."

After a pause, Huang Lao said with some firmness: "however, the Iron Throne breaks with you. You have one more enemy, which is not easy to deal with."

Ye Chen said, "I had guessed that the iron throne would be the enemy of me, but under the pressure of Wu Zu, he no longer dared to end the fight himself. As long as he didn't end the fight himself, I was sure to fight."

Now ye Chen's physical shackles have been completely cut off, and his strength is surging to invincible, enough to easily kill the strong on the fourth floor of Tianxuan realm.

Now he has great confidence. As long as the Iron Throne does not end in person, it is impossible to suppress him by outsiders alone.

Huang Lao narrowed his eyes and said, "I'm also a little curious. Next, who will the Iron Throne look for to be his agent?"

Now, Ren Qingfeng is dead, and the fate of hell is destroyed. If the Iron Throne wants to deal with Ye Chen, he can only find a new agent.

.....

At this time, the Iron Throne tears the void and returns to the dead sea of the yellow spring.

Standing on the bank, he looked at the vast yellow spring sea, and his heart was full of thoughts.

"The wanxu temple also wanted to prevent reincarnation from cutting the yoke, and even sent the emperor to release the world."

"However, Emperor Shitian ran to the Zhanjia martial arts field, but he went to the wrong place."

"Lord Wu Zu doesn't allow me to end in person. Then call the emperor to release the heaven and let him deal with reincarnation, or have a chance to crush the boy."

The Iron Throne thought that it was inconvenient for him to end in person, so he thought of emperor Shi Tian.

"Emperor Shi Tian, come! The Lord of reincarnation is here!"

The Iron Throne released an idea, and the iron black breath rushed into the sky, penetrating the heaven of the hell world, and passed the news of Ye Chen in the hell world far away.

After the idea was released, the Iron Throne raised a smile at the corners of his mouth: "next, I can wait to see a good play. If emperor Shi Tian can really kill reincarnation, he may be the king I am looking for."

.....

Hell, a barren mountain.

A wormhole in time and space suddenly appeared.

A handsome, male and female figure, coming out of the wormhole of time and space, is emperor Shi Tian.

Behind emperor Shitian, there were more than a dozen servants, all of whom had a strong breath, many of whom were masters of the emperor.

"Master, is this hell?"

"The Lord of reincarnation is here?"

"It is said that the hell world is full of corpses, mountains and blood. Why is this place full of birds and flowers?"

The dozen servants looked around and were surprised to see the beautiful scenery around them.

Emperor Shi Tian said: "the Lord of reincarnation has cut off the ten shackles of the body. The weather of his cutting off the shackles directly changes the world law, makes hell die, and establishes the order and vitality of reincarnation. If he is not suppressed as soon as possible, I'm afraid he will really cut off the shackles."

The intelligence from the Iron Throne contains many causes and effects.

Therefore, Emperor Shitian knows the intelligence of hell and the distribution of many forces like the back of his hand.

The dozen servants heard that ye Chen's weather had even changed the law of the world. They couldn't help but be shocked and took a breath.

"Hiss... The hell world is an infinite world. It's inconceivable that the Lord of reincarnation can change the laws of the world by himself."

"Lord, what shall we do?"

Many servants looked at emperor Shi Tian. They were all members of the emperor Shi family.

At this time, Emperor Shi Tian replaced emperor Shi Wanye and became the owner of the Buddhist family of taigod.

Chapter 7725

"Reincarnation should be punished, but he hid in Forbidden City, which is the territory of Wu Zu. We can't do anything but try to force him out."

Emperor Shi Tian pinched his fingers, calculated all kinds of causes and consequences, realized the success or failure of the future, and planned to kill reincarnation.

"Go, follow me to the king's palace."

Shaoqing, Emperor Shi Tian's eyes lit up, as if he had thought of some way, so he took his servants and flew to the king's palace.

In the palace of the king of the world, the king of the world, Yanluo Daojun, is having a family reunion with Princess shanrou.

They were also very surprised by the change of the law of hell and the establishment of the order of reincarnation.

Especially shanrou, with hope and joy in his eyes, thought, "brother Ye Chen's weather is so majestic that he must be able to cut his flail for hundreds of ways, but I don't know when he will come to the king's palace."

At this time, she and ye Chen haven't been separated for a long time, but they have missed Ye Chen very much...

"Report!"

A guard of jiewang hall hurried into the hall and reported:

"Lord jiewang, the elder of the wanxu temple, the master of the family of the great God, and the emperor, Shi Tian, asked to see him."

After inheriting the orthodoxy of emperor shiwanye, Emperor Shitian has become one of the senior elders of the wanxu temple.

Yan luodaojun, the king of the world, was greatly surprised when he heard the emperor Shi Tian's request to see him. Countless thoughts flashed in his heart and thought, "what is the Lord of the demons coming to our king's palace?"

Dare not be careless, Judo to shanrou: "shanrou, you stay here, I'll go out and have a look."

When shanrou heard emperor Shitian's visit, she was also shocked and nodded slightly.

The king strode out and saw a handsome man with a dozen servants waiting outside the hall. It was Emperor Shitian.

Now the cultivation of emperor Shi Tian is the four layers of heaven in Tianxuan realm. If there is a positive confrontation, the king of the realm is confident that he can crush the opponent thousands of times in one move.

However, thinking of emperor Shi Tian, who was in charge of the heart demon curse sword, his strength could not be taken lightly, and he dared not underestimate the enemy. He arched his hand and said, "the envoy of the ruins came, and the king's Hall of our world is magnificent. Hehe, I don't know what advice is there for the arrival of the envoy? The king's Hall of our world has never had any gratitude or resentment with the outside world."

Emperor Shi Tian smiled and bowed back, saying, "Lord jiewang, I'm polite. I'm here to give you a big gift."

The king of the world was surprised and said, "what gift?"

Emperor Shi Tian turned his palm and said, "please see the king of the world."

A long sword, pure and flawless, without any blood gas, appeared in the hands of emperor Shitian.

The long sword is so clear that the king of the world can reflect his face and even his heart through the sword.

Deep inside, all kinds of good, evil, sin, desire, cause and effect, under the light of this sword, are invisible.

This is the heart demon big mantra sword!

"You!"

The world king's expression changed greatly, his face was angry, and he shot out with his big hands, trying to kill the emperor Shi Tian with a palm in the air.

But in the middle of his palm, his whole body twitched, making him unable to exert any strength. In his heart, bursts of pain and itching were like being cut by thousands of swords and gnawed by thousands of poisonous snakes and ants.

In the throat of the king of the world, she immediately groaned bitterly. Empress Cang took two steps back, knowing that it was her demon attack, and hurriedly ran Reiki, trying to suppress and resolve it.

He had been strictly on guard against emperor Shi Tian, and Dao Xin had also done a lot of protection, but the moment he saw the heart demon's big mantra sword, he broke his defense instantly.

Under the reflection of the heart demon's big curse sword, all kinds of evil thoughts, all kinds of desires and all kinds of blood sins in the past were seduced out.

Emperor Shitian saw the attack of the king's heart demon, and the corners of his mouth slightly evoked a smile.

"Come on, catch him!"

The world king roared loudly, only feeling that the demons in his heart were like a tide, constantly eroding the spiritual consciousness of his will. Before he lost his reason, he roared repeatedly and issued orders.

After the voice of the order fell, the king of the world blew up a black evil spirit all over, and the whole person was entangled by the evil spirit. He shouted, and fell into extreme pain. His hands kept scratching his face and scratched out ferocious blood marks. Even his eyes were almost scratched by him, which was extremely ferocious and terrifying.

After hearing the order of the king of the world, many strong people in the palace of the king of the world were immediately shocked, and came like a thunderstorm, blocking the sky and surrounding the emperor.

The servants behind emperor Shitian were all scared.

So many strong people, even if emperor Shitian took charge of the heart demon curse sword, it is impossible to deal with it at once, right?

Emperor Shi Tian was calm. He saw many strong men fighting in the air. With a gentle wave of his palm, there was a dark shadow in front of him, which rose into the sky, like a demon like a prison, and like an ancient monster. He rampaged, roared, hissed, and danced around, tearing up many strong men one by one.

"Lord jiewang!"

The strong were so shocked that they couldn't believe their eyes.

The dark shadow rising into the sky is the king of the world, Yan Luo Daojun!

At the moment, the king of the world has been completely controlled by the demons, with blood stains on his face and black gas all over, ferocious as a monster, and has become the puppet of the demons of emperor Shi Tian.

In terms of strength, Emperor Shi Tian is not the enemy of the king of the world. There is a huge gap!

However, the king of the world failed miserably in front of him.

The king of the world was not defeated by Emperor Shitian, but by his own demons.

It was his demon that defeated him!

This is the horror of the heart demon, so the heart demon has become a cancer in the world! Everyone has demons! If you control your demons, you can cross a great realm and let the other party fall into your demons!!!

This is also one of the reasons why the ancient emperor Yu Huang never killed the emperor and released heaven.

This time, the king of the world has completely lost his mind and temporarily became the puppet of emperor Shi Tian.

Emperor Shi Tian controlled the king of the realm, rushing like a God or a devil, and immediately surrounded many strong people in the palace of the king of the realm, all of them were killed and retreated, and broken bodies fell from the air.

"My Lord is mighty!"

The dozen disciples of the emperor and the Buddha, surprised and shouted, looked at the emperor and the Buddha with blazing worship.

They are today

Chapter 7726

Originally, there were many strong people in the king's palace. Even the emperor Shitian could not judge everyone's demons in a moment.

However, because he controlled the king of the world and saw that the king of the world had become a puppet, everyone was shocked and scared, and the defense was the most negligent time.

At this time, when the sword of the emperor's heart demon was illuminated, everyone's heart demon had nothing to hide.

The evil spirit billowed up from the king's palace, and the tragic cries and cries spread thousands of miles away.

Under the torture of the demons, countless strong people fell to the ground, writhing and twitching, violently struggling and tearing. Finally, they were completely calm, their eyes became empty, and there was no expression any more, and they became the puppets of the demons of emperor Shi Tian.

In less than a quarter of an hour, Emperor Shitian washed away the king's palace, turning almost all the strong into their own demonic puppets.

The heart demon puppet with a bloody face and scratches all over is like a walking corpse, without any emotion, and Gongwei is around emperor Shitian, including the king of the world.

The servants of the dozen emperors and Buddhists, seeing that the emperors and Buddhists were turning over their hands and were bloodless, took control of the whole realm king hall, and immediately shocked beyond measure...

They have seen with their own eyes the killing and terror of the demons.

"The legendary heart demon big mantra sword is worthy of being the most terrible tumor in the universe..."

A servant of emperor Shi's family followed, exclaiming with great shock.

Hearing the servant's words, Emperor Shitian frowned and waved faintly.

The king of the world standing beside him immediately rushed out like a fierce ghost, grabbed the servant's shoulders with both hands, pulled hard in the middle, and tore the servant alive.

"Calm down, master!"

The other servants were scared out of their wits and hurriedly knelt to the ground.

Emperor Shi Tianping said quietly, "how can the heart demon curse sword be a cancer? This is a sharp weapon to judge the world. If you have no sin in your heart, how can you be eroded by the heart demon?"

The servants said, "what the master said is very true!"

Emperor Shitian nodded. At this time, he saw a delicate girl stumble out of the hall.

That is kindness.

Shanrou looked at the scene in front of him blankly. All the people in the palace of the king of the world, including the king of the world, had become puppets of the demons, standing dumbly beside the emperor Shitian.

This scene is too frightening and terrifying.

Shanrou couldn't believe it at all. She just thought she was in a nightmare.

"You... What did you do!?"

Shanrou's eyes were cracked, staring at emperor Shi Tian. Her beautiful eyes were full of angry tears, and she was bursting with a trace of dark hell demon gas.

"Are you princess shanrou? Please submit to me."

Emperor Shi Tian's eyes were light and gentle, and he faintly sent out a heart demon flying sword, reflecting kindness and softness.

However, in this reflection, he found that his gentle heart was pure and flawless, and there was no evil in his heart. He was greatly surprised.

"Hey, can you pass the trial of demons?"

Emperor Shi Tian was surprised, but he was also happy.

Hiss!

At this time, the good and soft demon Qi gathered his hands, and his nails were like knives and swords, breaking the air and attacking the emperor Shitian.

Emperor Shitian didn't start, but stood calmly.

The king of the world beside him roared and flew out like a demon, holding her gentle hands and directly controlling her.

Shanrou only felt that the bones of her hands were about to crack, and a sharp pain, cried, "Lord jiewang, don't you recognize me?"

The king's eyes were empty, and he didn't seem to hear her at all, just like a puppet and sculpture.

"It's useless, little girl. He's already under the control of my demon."

Emperor Shi Tian was extremely gentle, staring at his gentle face and said:

"It's just unexpected that you can escape my demonic trial. In the future, when I establish the Republic, I should have your seat."

The gentle heart is so clean and flawless that emperor Shitian can be sure that even the top demon can't judge her.

In her heart, there was no demon at all.

Emperor Shi Tian estimated that when the peak demon was trained and judged the world, billions of creatures would die, but about 5000 people would survive. That was the purest and flawless existence in the heart. There was no demon, which was also the ideal son that emperor Shi Tian wanted and a member of the ideal country in the future.

And kindness and softness is the son of ideal!

Shanrou heard the gentle words of emperor Shitian, but she was inexplicably afraid.

"Alas, but it's a pity that you have the evil spirit of hell. You used to be the devil of heaven in the hell world. I need your blood to cultivate. I'm afraid I can't let you live until the establishment of the Republic."

Emperor Shi Tian sighed with great regret and gently touched his soft hair, which seemed to be very reluctant.

Then, Emperor Shi Tian issued an order, saying, "imprison her and worship heaven three days later. I want to take her blood and step into the highest level of mind demon!"

Once kind and gentle, she was the destiny demon girl in the hell world, and she accumulated a strong evil spirit.

Even now, the destiny of hell has been cut off by reincarnation, but the evil Qi accumulated on shanrou still exists.

This evil spirit is very suitable for the cultivation of emperor Shitian.

At this moment, Emperor Shi Tian is infinitely close to the peak of the mind demon.

If you sacrifice kindness and softness and devour her blood, you may be able to step into the heart demon

Chapter 7727

The servants of the Buddhists of the emperors said, "the master of the house is scheming! With Princess shanrou as the bait, you can definitely force the reincarnation Lord out."

Ye Chen was in Forbidden City, which was the territory of Wu Zu. Emperor Shi Tian didn't dare to break in easily.

But using kindness and softness as bait may lead Ye Chen out.

Emperor Shi Tian looked at the sky with a smile and whispered, "Lord of reincarnation, I hope you don't let me down."

.....

Emperor Shi Tian came, controlled the king's palace with a heart demon, and was ready to sacrifice Princess Shanrou to heaven, and ascended the top of the heart demon with her blood. This news soon spread throughout the hell world.

Emperor Shi Tian even sent out invitations to all forces in the hell world, including the barren clan, the sword clan, and so on, to watch the ceremony.

All forces in hell are shocked and turbulent.

The world king hall is the absolute master of the hell world, and its power is extremely huge, but at this moment, it is unexpectedly earth shaking because of an emperor in a mere celestial realm...

Everyone felt incredible and really saw the power of the demon.

Many forces strengthened the defense of their Mountain Gate overnight for fear of the arrival of the emperor.

Ye Chen, who was far away in Forbidden City, also received the invitation, only his scalp numbed with horror.

"The king's palace was actually controlled by the demon?"

Ye Chen's hair was creepy. He was in the goddess's residence. He had planned to calm down and then plot to break through.

However, Emperor Shitian's invitation directly disturbed his mood.

Mu Yinxi knew the news, but also dignified, and said, "brother Ye Chen, what should we do now? Emperor Shitian's move is clearly aimed at you!"

Ye Chen's face sank and said, "please come over and let's discuss."

Mu Yinxi nodded and hurriedly invited the fourth old man of forbidden days to the fairy mansion.

Everyone was sitting in the conference hall, with extremely heavy faces.

The fourth Taoist priest of forbidden heaven said, "the king of the world has been trying to pull out the emperor's holy knife all year round, and he has accumulated terrible demonic desires in his heart. This time, he was detonated by the emperor Shitian, which is doomed."

If it is a general weak force, Emperor Shitian is not so easy to control.

But the realm palace is too powerful, and the realm king is too powerful. He even once wanted to dominate wuwuwushen.

The powerful desire of the king of the world has also become a powerful demon, which is directly controlled by the emperor Shitian easily.

"The heart demon cultivation of emperor Shitian has not arrived yet

Chapter 7728

The palace of the king of the realm was decorated with lanterns and decorations, which was very lively.

But behind the lively atmosphere, there was a thrilling smell.

Many disciples of the jiewang hall had already cleaned the blood and lined up on both sides of the mountain gate to welcome guests.

Their expressions were dull, and their eyes were empty. They were obviously puppets, controlled by demons, like walking dead.

The fourth elder of the forbidden sky, the elders of the wilderness clan, also led many strong men, pretending to be ordinary guests, and entered the realm palace, while ye Chen hid in the dark.

Emperor Shi Tian seemed to have absolute confidence in his strength, and did not care about the identity of guests. As long as he came to the king's palace, he put them all in.

When the guests came to the square of the jiewang hall, they saw a high altar in the center of the square. On the altar was a pair of black coffins, surrounded by skulls, bronze lamps, human skin drums and other magic tools.

Emperor Shi Tian stood beside the altar, beside which stood a statue of immeasurable power, which was the king of the world, Yanluo Daojun...

At this time, the king of the world naturally became the puppet of emperor Shi Tian, standing beside him like a servant, with no expression on his face.

When they saw that the king of hell, who used to dominate the world of hell, was reduced to this appearance, they both sighed and marveled at the horror of the demons.

At noon, the jiewang hall set off a salute to welcome guests.

Emperor Shi Tian smiled, arched his hands towards the four directions, and said, "thank you all for your distinguished guests. You are welcome to the king's palace."

"I was ordered by the feather emperor to take over the jiewang hall. From then on, the jiewang hall is the sub Hall of the wanxu temple. I live in harmony with you, and there will never be any dispute."

Hearing this, everyone was shocked.

It's really a big tone for wanxu to take over the jiewang hall. You know, in terms of strength, the jiewang may not lose much to the feather emperor.

But now, the king of the realm is controlled by the emperor Shi Tianxin demon. He said he would take over the palace of the king of the realm, but no one can object.

Emperor Shi Tian then said, "today, I plan to sacrifice Princess shanrou to heaven to comfort the wronged souls who were killed by her."

"In the past, Princess shanrou was the Witch of hell. She accumulated a lot of killing and cutting. Today, I will sacrifice her to heaven, which can be regarded as eradicating a big cancer for you."

In fact, Emperor Shi Tian is to devour the blood essence of kindness and softness and cultivate heart demons.

But on the surface, he said it with high sounding.

All the guests knew the plan of emperor Shi Tian, but naturally it was inconvenient to expose him in public.

Emperor Shi Tian smiled, then waved his palm, and the aura poured into the altar.

The altar, Teng, lit up wisps of black flames, constantly burning the pivot of hell.

Everyone knows that Princess shanrou is imprisoned in the pivot of hell. I'm afraid she will be burned alive soon.

Crash, crash, crash!

However, at this time, there were layers of water waves in the sky, revealing the virtual shadow of a fairy pool, which was actually the legendary artifact of the supreme goddess, the wishing fairy pool!

Then, the four girls fell down from the wishing fairy pool.

Wisps of fairy pool water vapor, watering down, so that the black flame on the altar, is also extinguished.

"The people under tiannv are coming!"

All the guests were shocked when they saw this scene.

The four girls came down and immediately surrounded the emperor.

Emperor Shi Tian didn't change his face and said with a smile, "since the VIP under the heavenly daughter is coming, why don't you say hello to me in advance?"

The four girls looked calm, and one of them said, "we have come to make a deal with emperor Shitian by the order of tiannv."

Emperor Shi Tian was slightly surprised and said, "Oh, I don't know what the deal is?"

The girl said, "the fairy needs the heart of the witch to practice martial arts. Please Lord Shi Tian, give the witch to us."

"In return, the heavenly daughter can make a wish and use the magic power of the wishing fairy pool to wash away the ban planted in your body by the ancient emperor Yu Huang and let you recover your freedom."

With these words, there was a commotion among the guests.

They have all heard that the emperor Shi Tian was forbidden by the ancient emperor Yu Huang to serve the wanxu. But they didn't expect that the heavenly daughter had a way to lift the ban of the ancient emperor Yu Huang. It was indeed magical.

Emperor Shi Tian's eyes were also slightly frozen, and said, "I admire the great power of the goddess, but the witch, I'm going to sacrifice the blood of heaven, but I can't give it to you, please come back."

The girl said, "emperor Shitian, it's difficult for you to reach the top. There's only a wisp of witch's blood, and it's impossible for you to reach the top."

"It's better for you to give the witch to Lord tiannv, who can make a wish to let you recover your freedom."

Emperor Shi Tian just sneered slightly and regained his freedom. Where can he go?

If you want to climb to the top, you can only rely on the support of the ancient emperor Yu Huang.

"No, please go back."

Emperor Shitian shook his head, but still refused the deal of the supreme goddess. With a flick of his fingers, a wisp of aura shot on the altar.

On the altar, a black flame burned again. The flame twisted and turned into the shape of a lotus. At the same time, it showed the evil spirit of red lotus fire and heart demon, which was quite strange.

The four girls looked at each other, and one of them said in a deep voice, "emperor Shitian, if you don't want to trade, don't blame us for being rude!"

The words fell, and they shot like lightning. They attacked and killed emperor Shitian, and the other two went to rob the black coffin.

This sudden accident surprised the whole audience.

Chapter 7729

Emperor Shitian was calm and unmoved.

The two girls attacked him, and he didn't have to fight back. The king of the world killed them, grabbed the bodies of the two girls with extreme speed and ferocious means, and tore them into pieces alive.

All the guests were extremely shocked to see the world king's cruel means.

The other two girls, trying to grab the black coffin, were killed by the Black Lotus fire on the altar.

"The red lotus is quiet and snowy. Let's die."

Emperor Shi Tian's fingers flicked, and his actions were as gentle as lovers. The majesty of the nine heaven divination was silently released, and the breath of manzhusha Huajing erupted.

That wisps of Black Lotus fire turned into a dark red color, and in the surrounding void, it rolled up cold snowflakes, overwhelming, and attacked and killed the two girls.

Those two girls, both of whom are the heavenly kings in the wish deity, are quite powerful. This time, they came to negotiate on behalf of the will of the heavenly maiden...

However, they can't stand the impact of the emperor's nine heaven magic.

Because at the moment, Emperor Shi Tian, who is in charge of the jiewang hall, can rely on the earth and Qi of the jiewang hall, and his strength soared significantly. Generally, the emperor is not his enemy at all.

Red lotus, quiet snow, manzhusha, Huajing

Chapter 7730

At the critical moment, Emperor Shi Tian shouted violently, and the demons started. The strong men in the king's Hall of the world rushed out together and rushed towards the four elders of the forbidden sky.

Although the king of the realm lost control, the other strong men in the palace of the king of the realm were still under the control of the demons of emperor Shi Tian.

Those who were strong in the realm of kings and palaces collided violently with the fourth elder of the forbidden sky and others. For a time, blood splashed, and I don't know how many bodies fell.

Emperor Shi Tian temporarily blocked the killing of the fourth old man of the forbidden sky, but ye Chen's reincarnation Heavenly Sword, which had been slashed in the air, could not be stopped.

"This boy, just cut off the shackles of his body, and he was so strong?"

Emperor Shi Tian's eyes contracted violently, and he felt that ye Chen at the moment was simply an anti God of war, incredibly powerful.

With the strength of the four layers of heaven in his heaven Xuan realm, he even took charge of the nine heaven divination. Under the pressure of Ye Chen, he was also suffocating and unable to breathe.

If ye Chen cuts him with a sword, he will die without doubt.

At the critical moment of life and death, Emperor Shi Tian was very fast. With a palm move, the black coffin on the altar flew from the sky, blocking his head...

Ye Chen's sword, if cleaved down, can certainly kill emperor Shitian, but with the kindness and softness in the black coffin, it must be killed as a whole.

Ye Chen's face changed slightly, and the sword subconsciously avoided to the side.

Boom!

With a fierce sword, he cut at the foot of emperor Shitian.

A deep crack appeared in the whole square of JieWang palace under Ye Chen's sword.

Empress Shi tiancang retreated, and was also impacted by the sword, causing a disturbance in her internal organs.

Fortunately, he was not cut by Ye Chen directly and was not injured at all.

Bang!

The black coffin, the pivot of hell, fell to the ground.

Emperor Shi Tian had no time to take care of it, hurriedly pulled the king of the world, flew back, stared at Ye Chen coldly, and said:

"Lord of reincarnation, your progress is thousands of times faster than I imagined. I'm not your enemy."

"But you can't kill me today, and don't want to leave."

Emperor Shi Tian shook his hand and released the monstrous heart demon flying sword. He took the king of the world and hid into the depths of the temple.

The heart demon flying sword was suspended on the sky and the ground. The forbidden four old men, the wild clan leader and the old regiment, as well as many guests, were reflected by the heart demon flying sword. Everyone was filled with a trace of black gas, and the heart demon was actually going to be seduced.

"No, go back!"

The fourth eldest brother of forbidden heaven was shocked. They had been prepared enough to be on guard against the erosion of demons at any time.

However, Emperor Shitian relied on the earth vein of the king's palace, and the lethality of the demons was also greatly improved. This time, the demons flying sword reflected that all the demons, including the four elders of forbidden heaven, showed signs of attack.

Only Ye Chen, who was like a rock, was completely unaffected.

"Be careful, everyone!"

Ye Chen saw that everyone was going to be controlled by the demons, strode out, and burst out wisps of starlight behind him.

"Hongmeng starry sky, guard!"

A magnificent starry sky unfolded behind Ye Chen, enveloping the four old men in the forbidden sky and the whole audience.

Under the light of the Hongmeng starry sky, the black gas on everyone dissipated, and the demons subsided.

Before Wu Zu came, before he left, he gave Ye Chen the feeling of Hongmeng starry sky, which made Ye Chen's Hongmeng starry sky and his cultivation more profound.

Even at this moment, the demons of emperor Shi Tian can't erode Ye Chen's starry sky.

Under the protection of Ye Chen and the starry sky, everyone is calm in mind and is no longer in danger of being eroded by the demons.

"The Lord of reincarnation is really invincible!"

"If it weren't for him, we would be doomed today."

The people got rid of the influence of the demons and looked at Ye Chen with incomparable admiration and shock.

If it weren't for ye Chen's protection, they would probably have to confess here today.

"Go!"

Although Ye Chen fought back the emperor Shitian, he still caught the deep danger. At that time, he hugged the black coffin with one hand and retreated outward.

They also vaguely felt that there was a fierce aura wave coming out from the deep part of the jiewang hall, and quickly retreated under the cover of Ye Chen's starry sky.

Boom——

At this time, a dark blue column of light rose into the sky in the depths of the jiewang hall.

The guard array of the king's palace officially broke out!

"Lord of reincarnation, I said, you can't run away today."

Emperor Shi Tian's cold voice came from the depths of the temple. Seeing that he couldn't fight ye Chen in front of him, he opened the guard array of the king's palace.

The sky blue light column runs through the sky. In the light column, there is a stone tablet with an empty shadow, which is vaguely suspended.

The stone tablet, ancient and mysterious, is printed with the word "heaven".

As soon as the virtual shadow of the stone tablet appeared, ye Chen felt that many reincarnation xuanbei in his body resonated with the stone tablet.

"What is that?"

Ye Chen looked at the virtual shadow of the stone tablet and shook.

"Ah, it's actually the most mysterious Tianbei in the xuanbei of reincarnation!"

In the reincarnation cemetery, Huang Lao made a voice of surprise.

Ye Chen was shocked and said, "Tianbei?"

There are ten pieces of reincarnation xuanbei. He has collected nine pieces, and the last one is still missing. It has not been completed.

Huang Lao exclaimed, "yes, that day's monument is the last reincarnation mystery monument. It is also the most mysterious and powerful one. It is even stronger than the other nine reincarnation mystery monuments combined!"

Ye Chen exclaimed, "what is stronger than the other nine xuanbei of reincarnation?"

Huang Laodao: "that's right! The Tianbei represents the supreme law of heaven and earth. The heaven is on top and looks down on the world. The Tianbei is even strong enough to reverse time and space. Its power is unimaginable, and it is even stronger than the legendary treasure of the three emperors."
