

## Physician 7741

### Chapter 7741

"You go first, I'll stop my martial uncle..."

Huan Meixin pushes Ye Chen away, mentions Reiki, and wants to fight.

But at this time, a light appeared in the dark world in front of them.

That light converged into a space portal and opened with a crash.

Huan Meixin was overjoyed and said, "my mother has come to save us! Go!"

With that, she hurriedly took Ye Chen's hand and stepped out along the space portal.

They soon disappeared into the world and left directly.

The magic emperor was furious and said, "magic fox charm, your daughter broke into a great disaster. Do you think you can protect her? If you annoy me, I want your supreme vein to die!"

In the boundless darkness, the violent aura fluctuated, and an indescribable huge beast loomed in the darkness, and the bloody pupils were full of angry flames.

Ye Chen and Huan Meixin sent them out and directly sent them outside the hell world. The turbulent weather of the fantasy home world has been far away from them.

Huan Meixin's face was pale, and she was slapped by Huan Huangtian. At this time, her injury was quite serious, and her lips were not a little bloody...

"Fantasy girl, are you all right?"

Ye Chen hurriedly took her hand, and the eight trigrams heaven elixir operated, and then unfolded the star sky water mirror to shine on her and heal her injury.

Huan Meixin's cheeks, slightly ruddy, looked at Ye Chen and said with a smile, "your medical skills are good. My sister thought she was going to die, but it seems she can't die."

Ye Chen felt her pulse and saw that her breath was gradually returning to a steady state. He immediately breathed a sigh of relief and said, "magic girl, thank you."

If it weren't for Huan Meixin, Ye Chen would probably be hit hard by Huan Huangtian.

Huan Meixin said, "don't thank me. You should thank my mother. If it weren't for her, we would all be dead."

Ye Chen felt a chill in his heart. Recalling the ferocity just now, he also had lingering palpitations.

Magic emperor's strength is much more fierce than he imagined.

If it weren't for Huan Meixin's mother, she would open up a space for transmission in time and send them out. The consequences would be unimaginable.

Huan Meixin said again, "my martial uncle's behavior is that he will be punished if he is evil. He is likely to pursue and kill him. You'd better leave quickly. If there's nothing wrong, don't go back to hell again, otherwise my martial uncle won't let you go."

Ye Chen's face sank. Now he only cut off the shackles for 20 times, far from breaking through the shackles of the heart. In the future, he must go back to the Forbidden City of hell, and then cut off the shackles.

Moreover, the palace of the king of the realm was controlled by the emperor Shi Tian. The king of the realm became a puppet, and ye Chen could not sit idly by.

However, Huan Meixin is right. Now the situation is critical, and the magic emperor is in a moment of rage. Now it's almost like looking for death to go back to hell.

Ye Chen said to Huan Meixin, "OK, I'll be careful."

"Fantasy girl, what about you?"

Huan Meixin smiled and said, "don't worry, sister, I can't die yet, not to mention in my fantasy home, my mother also has power, and my martial uncle can't turn the sky alone."

Ye Chen was always a little worried about her safety and said, "fantasy girl, be careful."

Huan Meixin said, "come on, sister, my cultivation is much better than you. Don't worry about me. Take care of yourself first. I'm leaving."

After that, Huan Meixin turned around and left in a hurry. She was afraid that she would be stared at by Huan Huangtian if she stayed beside Ye Chen. It was better to separate.

Ye Chen saw that Huan Meixin was gone, and felt disappointed. Thinking that he could not return to hell for the time being, he returned to beimangzu land again, intending to make a slight adjustment and make a decision again.

Xia Ruoxue, Ji Siqing, Wei Ying, ye Wuwei and others were shocked to see ye Chen return.

Because they found that the number of Ye Chen's flail cutting was only 20, and there were many martial flails that had not been cut off.

Xia Ruoxue took Ye Chen's hand and said, "Ye Chen, you... Did you fail to cut the flail?"

Ye Chen said: "there was no failure, but first cut the shackles of the flesh, and then encountered many twists and turns, and was delayed..."

Ye Chen sketched out his experience in the hell world, the forbidden gods, the advent of the iron throne, the emergence of Wu Zu, the emperor's release of heaven, the control of the king's palace, the sacrifice of kindness and softness, the cause and effect of the heavenly monument, the killing intention of the illusory family and the illusory emperor, and all kinds of things.

Although it is rough, the thrilling and all kinds of dangers contained in it are still extremely shocking to hear Xia Ruoxue and others.

Xia Ruoxue whispered, "Ye Chen, I should follow you, lest you bear all these hardships alone."

Ye Chen stroked Xia Ruoxue's hair and said, "it's all right. I can solve it. Don't you think I'm back unscathed?"

After these words, Xia Ruoxue and other women laughed, and the atmosphere relaxed slightly.

The night endless way: "Lord, Ren extraordinary elder is close to a breakthrough recently. He is closed in the depths of his ancestral land. The cause and effect of the Tianbei is not trivial. You'd better discuss it with him."

Ye Chen heard that Ren Feifan was shutting down. He was immediately shocked and said, "master Ren is shutting down. Is it about to break through?"

Night endless way: "yes, he said that if he can break through, he can reach the peak of real martial arts."

Ye Chen is very happy. Doesn't that mean that if Ren Feifan makes a successful breakthrough, his cultivation can surpass the magic ancestor Wutian and reach the realm of the ancient emperor?

"Show me." Ye chendao.

"Yes."

Endless night brings Ye Chen to Ren extraordinary retreat.

This is a lonely mountain, the four fields are silent, and the surrounding undercurrents are surging. The sky outside is blue, but the sky here is dark red.

In the dark red sky, the vision of blood moon loomed faintly, and a giant whale soared into the sky, which was magnificent.

"Boy, you're back."

It seemed to catch Ye Chen's breath, and a cold sound came from the depths of the lonely mountain.

Then I saw a natural and unrestrained figure, flying in the wind, which was Ren Feifan.

"Senior Ren!"

Ye Chen shouted excitedly.

Ren Feifan waved his hand, and night endless bowed down.

"How can you have the smell of spacetime monsters on your body?"

Ren Feifan stared at Ye Chen, but his eyebrows frowned, showing a very dignified appearance. With a wave of his sword, he cut into the void on Ye Chen's back.

Hiss!

In the void behind Ye Chen, a strange black line floated up and was cut off by Ren Feifan.

That black line, but hidden behind the breath of the magic emperor!

Ye Chen was surprised and knew that it was the magic emperor who planted a mark on himself secretly when he cast the eternal night magic sky.

If it weren't for Ren Feifan's removal, the magic emperor would surely be able to follow this mark and kill the door. The consequences would be unimaginable.

"Elder Ren is not a monster, but a race without time and space..."

Ye Chen is trying to explain the cause and effect of fantasy home and Tianbei.

Ren Feifan waved his hand and said, "I know that as long as they come from no time and space, they are monsters in the eyes of people in our real world, there is no difference, and they are all nameless."

Chapter 7742

Ye Chen was stunned and said, "if we fly to Wuwu, won't we also become monsters?"

Ren Feifan said, "no, you are in charge of reincarnation. If you step into wuwuwu space and time, all the strange and nameless breath will disappear. You will establish the order of reincarnation and make that space and time become a part of reality."

Ye Chen was even more trance, then shook his head and said, "this is too far away, I'm not even the emperor of heaven. Now I just want to find the Tianbei as soon as possible, so that the reincarnation blood can be restored."

Ren Feifan said, "the Tianbei may be in the Taishang world. If you want to find the Tianbei, you have to go to the Taishang, which is simply looking for death!"

Ye Chen said with a smile, "I can sneak across, and the wanxu temple may not find me."

Ren Feifan shook his head and said, "after all, it's still too dangerous. You can't go to the world so soon. It's better to cut off your flail as soon as possible."

Ye Chen said, "emperor Shi Tian and phantom emperor Tian have not been solved, and the cause and effect are continuous. It is useless for me to cut off the yoke, and it is impossible to break through the shackles of the heart."

If you want to cut off the last shackle of the heart, you must first solve the inner obstacles. Now the emperor Shitian controls the king hall of the world, and the magic emperor is chasing Ye Chen. Ye Chen is restless, so it is naturally difficult to cut off the shackles.

Ren Feifan frowned slightly, feeling Ye Chen's difficulties, and said, "then wait for me for ten days. After ten days, my breakthrough will be fruitful."

"At that time, if I fail to break through, I will burn my body and cut all obstacles for you..."

"If the breakthrough is successful, I will protect you, and no one can hurt you."

Ye Chen was very grateful. Ren Feifan treated himself speechless and said, "master Ren, you will make a breakthrough!"

Ren Feifan shook his head and said, "my cultivation now is limitless realm with eight levels of heaven. If I break through, I can reach the top of this world. But where is the peak realm so easy to break through? I'm afraid it will be dangerous in the next ten days."

Ye Chen heard this, yes

Chapter 7743

Ren Feifan looked at Ye Chen's determined expression and was stunned. Immediately, he felt relieved and nodded:

"Well, if you have this determination, I will die without regret."

Ye Chen said, "elder Ren, my physical shackles have been cut off. Now I am enough to defeat the demon genius of the four layers of heaven. If I go to the world, even if I can't grab the heavenly blood god pill, I can at least protect myself."

Ren Feifan thought for a moment and said, "well, if you really want to go, be careful. If you are in danger, come back immediately. Don't force yourself. It doesn't matter if I break through and fail. You must not die!"

He thought that ye Chen had never been to the world too far. Now let him go and see the real time and space of the superior, which is also a good thing.

Besides, he also believes that ye Chen's luck and strength, if not successful, are at least enough to retreat.

Ye Chen was very happy and said, "OK, master Ren, don't worry, I will bring back the heavenly blood god pill!"

Ren Feifan nodded and said, "you only have ten days. You must get the heavenly blood god pill in these ten days. If you can't get it, come back as soon as possible. I can break through without the help of the pill. You don't have to force yourself."

Ye Chen said, "yes!"

Ren Feifan nodded again and said, "I'll wait for your news."

With that, Ren Feifan flew back to the depths of the lonely mountain and began to close.

Ye Chen is quite dignified and knows that his responsibility is great...

Now with his cultivation, he can't cross the robbery and fly to the world, but he can sneak across.

There are various means of illegal crossing. The most common one in the dark sea is to use the flying moon ferry to sneak across.

The flying moon ferry is built by Wangshu Tianzhu, one of the top ten Tianzhu, which is in Xia Ruoxue's hand.

That night, ye Chen and Xia Ruoxue shared a room alone. After being completely obsessed, he just came to Xia Ruoxue's ear and whispered:

"Ruoxue, build a flying moon ferry for me."

Xia Ruoxue was shocked when she heard this and said, "what do you want to do with the ferry? Do you want to sneak into the world?"

Ye Chen hurriedly covered Xia Ruoxue's mouth and said, "hush! Keep your voice down, don't let Siqing and Wei Ying hear them. I want to help elder Ren find a pill..."

I briefly explained the matter of Tianxue Shendan.

Xia Ruoxue curled her lips and said, "then I'll go with you, so that I can take care of you."

Ye Chen said, "no, I'm afraid something will happen to you. Don't follow me. Just build a boat for me."

Xia Ruoxue said, "no! I want to go with you!"

Ye Chen helplessly stroked her hair and said, "a large number of people may be exposed. I can do it alone. Time is running out. You should build a boat for me now as soon as possible."

Xia Ruoxue's eyes are slightly red, and she is obviously worried about ye Chen. After all, the world is too high, and it is the apex of the universe, the territory of the ruins.

Ye Chen hasn't even cut off the shackles of martial arts. It's really too dangerous to go to the world now.

"Elder Ren can't wait long. You must be fast." Ye Chen urged again.

"OK..."

Xia Ruoxue defied Ye Chen, so she got up and took Ye Chen to the shore of beimangzu island.

The moonlight is bright, Xia Ruoxue is dressed in a gauze, standing barefoot on the beach on the bank, graceful and beautiful as a fairy.

She gently offered the Wangshu heavenly bead, and wisps of moonlight like aura flowed from the Wangshu heavenly bead and converged on the sea. The law of creation circulated, and those moonlight like auras soon built a ferry.

In the dark forbidden sea, there is a legend all the year round. It is said that when you arrive at the Taishang world on the other side by ferry, you can reach bliss and get rid of all the hardships of the world.

Ye Chen knows that the Taishang world is not a pure land of bliss, but full of all kinds of dangers, and now he is going to this extremely dangerous world.

"Thank you very much, Ruoxue. Go back first."

Ye Chen gently hugged Xia Ruoxue and kissed her on the forehead.

Xia Ruoxue reluctantly said, "be careful."

Ye Chen gave a "hum" and said, "you tell Siqing that I have gone back to hell. Don't tell them. In fact, I have gone to Taishang."

Xia Ruoxue nodded gently, and her eyes were always reluctant and worried.

Ye Chen persuaded her for a long time before she turned back.

After Xia Ruoxue left, ye Chen breathed a sigh of relief and thought, "if I go to the world alone, there will be many inconveniences. I'd better take the endless night."

Thinking of this, ye Chen summoned night endless to come over.

The night endless listens to the call and comes. Knowing that ye Chen is going to sneak into the Taishang world, he is immediately shocked and says, "Lord, why is it so troublesome to sneak into the world? I can tear the void directly and take you to the Taishang."

Night endless was originally a person of the supreme world. He was once a disciple of Jianmen and one of the seven sons of Jianmen. He naturally knew the location of the supreme world.

Ye Chen shook his head and said, "it's too dangerous to do this. My breath may be exposed. It's better to smuggle."

Night endless nodded and said, "well, everything is at the Lord's command."

He now respects Ye Chen and naturally listens to Ye Chen's arrangement.

"Let's go."

At that moment, ye Chen waved and took the endless night to board the ferry together, heading for the end of the dark forbidden sea.

After the two left, Xia Ruoxue's figure came out quietly from behind a big tree.

It turned out that she didn't leave, but quietly looked at Ye Chen.

"No, it's too dangerous for the world. I can't let him go alone!"

Xia Ruoxue is always worried about ye Chen's safety. Even though ye Chen has been accompanied by endless nights, she is still not at ease.

At present, Xia Ruoxue offered Wangshu Tianzhu and built a ferry. She took the boat alone and followed Ye Chen quietly, but ye Chen didn't know it.

Ye Chen and the night are endless, riding the ferry, riding the wind and waves, shuttling through the space, and arriving

Chapter 7744

By using the rock mind method, ye Chen settled down and walked through the lightning space barrier with night endless, officially stepping into the land of the supreme world.

The ordinary world is either a horizontal layout or a large plane, such as hell.

Or it is located on the planet and pulled by gravity, such as the earth.

But Taishang world is not like this. This world is a ladder like existence, one layer after another, I don't know how many tens of millions of layers.

The territory of each layer of the world is incomparably vast. The Yujian has been flying for thousands of years, and it can't fly to the edge.

In this world of tens of thousands of layers, the wanxu temple is located at the top of the world, which dominates the supreme Qi.

Bordering on the dark forbidden sea is the lowest territory in the world.

In this territory, gravity does not exist, and everything is light...

Ye Chen and ye endless stepped up, and they saw an extremely strange scene.

Mountains, rivers, forests and deserted cities are floating in the sky irregularly. The law is very disordered. At a glance, there is no human presence and no living beings.

Night endless way: "Lord, we have arrived at the supreme world, which is a ladder like world. From top to bottom, it is divided into one layer after another. I don't know how many tens of millions of layers there are. The laws of time and space are different in different levels of the world."

"We are at the bottom of the world. This place has long been destroyed by war and law. Even gravity does not exist. It is a ruin."

Ye Chen was surprised. It turned out that the Taishang world was a three-dimensional ladder, and the world where the wanxu temple was located was at the top of the ladder!

Now he is at the bottom of the world, where the aura of heaven and earth is as thin as the earth, which can be almost ignored.

"I thought the world was full of gold and jewelry, birds singing and flowers smelling, and there was plenty of heaven and earth aura and bliss everywhere. I never thought there was such a dilapidated place."

Ye Chen sighed.

Night endless way: "how possible! No matter where in the real world, it must be the strong who occupy the most abundant resources, and the weak can only struggle and sink at the bottom. The reason why wanxu is so strong is not that the ancient emperor Yu Huang alone can challenge all the super strong."

"Instead, the wanxu temple is built on the top of the world, occupying the most blessed places and the strongest heaven and earth aura. The ancient emperor Yu Huang relies on this, and no one is his enemy."

Ye Chen nodded and said, "wanxu is really strong. This time, to seize the heavenly blood god pill, try to avoid the ears and eyes of wanxu."

With that, ye Chen unfolded the star sky water mirror, peeped into the mystery of heaven, and looked for the trace of Tianxue Shendan.

Sky blood god pill, the weather is strong, ye Chen hardly spent any energy, he easily captured the breath of sky blood god pill.

Tianxue Shendan is in a place called tianqingyu.

"Tianqing domain, the territory of Tianqing alliance?"

Ye Chen was shocked when he deduced clearly.

Tianqing domain, which is in the middle reaches of the world's thousands of layers, is controlled by Tianqing alliance.

Ye Chen and Tianqing alliance once had a grudge.

He killed the man of Tianqing League, the latter named Liu Changqing, who once wanted to destroy the eternal temple, and was finally killed by Ye Chen.

After killing Liu Changqing, Gu Qingxuan, the leader of Tianqing League, did not blame Ye Chen, but invited him to join the league.

However, ye Chen finally refused.

As a result, he and Tianqing alliance formed a grudge.

At this time, seeing that the birthplace of Tianxue Shendan was actually in the Tianqing region, ye Chen immediately felt extremely dignified and caught bursts of dangerous causes and effects.

If he goes to rob Tianxue Shendan, he will be attacked and killed by Tianqing League.

"Lord, you have a grudge against the Tianqing alliance. If you go to the Tianqing region, wouldn't you be caught?"

Night endless looked at the picture in the star sky water mirror and frowned.

Ye Chen shrugged his shoulders, put away his water mirror and said, "no matter what, Tianxue Shendan can't give up. At least we have good news that wanxu Temple won't compete."

Tianxue Shendan, a panacea, has also been born in the past years. The wanxu temple has grabbed a lot and is no longer interested in grabbing it.

Besides, Tianqing region is the territory of Tianqing League after all. If you rob wanxu hard, the gains may not be worth the losses.

So this time, ye Chen competed for Tianxue Shendan. The main enemy he faced was Tianqing alliance. As long as he didn't expose his breath, he didn't worry about wanxu's intervention.

"Let's go."

Ye Chen didn't talk too much nonsense. He took night endless directly, locked the coordinates of Tianqing domain, and tore the void away.

Shortly after the two men left, a woman in white also crossed the lightning barrier and came to this world.

It is Xia Ruoxue.

"Brother Ye is going to the territory of Tianqing League. If he is targeted by the strong of Tianqing League, what should he do?"

Xia Ruoxue frowned and worried.

Ye Chen and night are endless. There are only two people who go to Tianqing domain to rob Tianxue Shendan. There is no doubt that the tiger's mouth snatches food, and Tianqing league can't let them go.

"If the Xingyue cult wants me to take charge of the inheritance, it's better to ask them to help."

Xia Ruoxue's heart read electricity, and soon had an idea. She released the book of the bright moon, emitting a faint smell of moonlight, and communicated with the star moon deity.

She had a lot of connections with the people of Xingyue cult before, so she could sense the causal existence of the other side.

This moonlight breath was released, and soon, a gap was torn out in the void.

An old man came down with several disciples.

Chapter 7745

The old man looked at Xia Ruoxue, his expression was stunned at first, and then he felt incredible and trembled all over.

"Like! It's so similar!"

The old man exclaimed and stared at Xia Ruoxue.

Xia Ruoxue said, "what is it like?"

The old man said, "girl, your breath of the moon is so similar to the ancestor of my Xingyue cult! You are all born gods who are in charge of Xingyue!"

Xia Ruoxue smiled and said, "the sources are interlinked, and they all practice the way of stars and moon. It's natural that they are similar. Is the elder of the star and moon god sect?"

Xia Ruoxue knew that the Xingyue cult was divided into two sects, one of which was headed by the elder and supported her as the leader.

The other faction, led by the acting leader and the supreme elder, resolutely refused to accept Xia Ruoxue's rule.

The old man said, "that's right! I'm the big elder of Xingyue God sect. I've met the leader of the sect, because I'm an ancient Qinghe!"

With that, he bowed down with his disciples behind him, with a great humility.

Because Xia Ruoxue, who was the heir of the mantle favored by his ancestor, the female emperor of the moon of the Qing Dynasty, could not help but be disrespected by him.

Even, Gu Qinghe directly called Xia Ruoxue the leader!

Xia Ruoxue was surprised and said, "don't be polite, elder. I'm not your leader yet."

Gu Qinghe said, "Miss Xia, come back to the star moon sect with me, inherit the mantle of our ancestors, and wipe out the heretics and traitors, so you can take charge of the religious orthodoxy, unify the star moon realm in the future, and enjoy glory forever!"

The star moon realm is the realm ruled by the star moon deity...

The heavenly ladder like structure of the world is divided into boundaries. Basically, each boundary is controlled by one force, and one family is dominant.

If you don't want to fight with the outside world, you can directly close the world, hide coordinates, completely hide yourself, hide in your own realm, and enjoy immortality, happiness and peace forever. As long as the outside world is not changed, it will not be affected.

Xia Ruoxue now naturally has no idea of enjoying happiness, but just wants to protect Ye Chen. She said, "senior, I have a friend who came to the Taishang world alone to search for treasure. I'm very worried about his safety, and I want you to take care of one or two. If he can survive safely, I'll go to xingyueshen cult with you and inherit the orthodoxy."

"Friends?"

Gu Qinghe was stunned for a moment. Looking at Xia Ruoxue's slightly reddish cheeks, he suddenly realized that:

"Is it the Lord of reincarnation?"

He has investigated Xia Ruoxue in detail and calculated countless past and future. Naturally, he knows the details of Xia Ruoxue.

It was because he knew it clearly that he decided that letting Xia Ruoxue take charge of the Xingyue cult was absolutely the right choice, and he could get the glory of the Lord of reincarnation in the future.

"Yes... Elder, don't be too loud. If you touch the secret of heaven, it's bad to be heard by wanxu."

Xia Ruoxue nodded with some nervous reminders.

Gu Qinghe smiled and said, "it doesn't matter. This is the bottom world. It exists like ruins. No one will pay attention here."

Xia Ruoxue said "Hmm" and said, "he went to Tianqing region and wanted to find Tianxue Shendan. I'm afraid that something might happen to him, so I'll ask the elder to take care of him."

Gu Qinghe said in surprise, "Tianqing domain? That's the territory of Tianqing alliance!"

"Tianxue Shendan, there are only the last three in the world, and Tianqing alliance is determined to get it!"

"The Lord of reincarnation wants to snatch the heavenly blood god pill, which is the tiger's mouth snatching food!"

Xia Ruoxue saw Gu Qinghe's so surprised, and felt Ye Chen's danger. She hurriedly said, "senior, can you protect him?"

Gu Qinghe frowned and said, "the heavenly blood god pill is the pill Gu Qingxuan ordered to die. To rob it with him is undoubtedly to tear his face."

Xia Ruoxue felt the seriousness of the matter more and more, and panicked in her heart. She knelt down and said, "elder, please help!"

Gu Qinghe hurriedly lifted Xia Ruoxue up and said, "Miss Xia, break me too. You get up first."

Xia Ruoxue got up, but her eyes were full of tears.

Gu Qinghe pondered for a moment and said, "Miss Xia, if you don't dislike it, lend me your Wangshu Tianzhu. With your magic weapon, I may be absolutely sure to fight against the Tianqing League and protect the Lord of reincarnation."

Xia Ruoxue hurriedly said, "yes, sir, just take it."

With that, Xia Ruoxue offered Wangshu Tianzhu to Gu Qinghe.

This Wangshu heavenly pearl, Xia Ruoxue, was once integrated into the Mingyue heavenly book, which promoted the Mingyue heavenly book to the supreme heavenly book.

With her current magic power, the separation of Taoism and Dharma, it is naturally easy to take out Wangshu Tianzhu alone and lend it to GuQing river.

In the hands of guqinghe, Wangshu Tianzhu must be able to exert the greatest power.

Gu Qinghe got Wangshu Tianzhu, so he nodded and said, "don't worry, Miss Xia, I will protect the Lord of reincarnation!"

"However, please come back to the star moon sect with me after the matter is over, inherit the mantle of our ancestors, wipe out heresy and take charge of Taoism."

Xia Ruoxue thought that if she went to Xingyue Shenjiao, she didn't know when she would meet Ye Chen.

But at the moment, she just wanted to protect Ye Chen's safety, and she couldn't care so much. She said, "sure! I will keep my promise."

Gu Qinghe smiled and said, "it's so good."

.....

At this time, Taishang is at the top of the world.

This top-level world is called the realm of the feather emperor.

The ancient emperor Yu Huang is the absolute master of the realm of Yu Huang!

Lord of heaven!

The wanxu temple stands in the center of the emperor's heaven, majestic and magnificent, overlooking the world of ages.

Deep in the temple of wanxu, beside the emerald bamboo fairy pool.

The Jade Emperor is in a small pavilion, considering himself.

Suddenly, he frowned, as if he had a bad feeling, and put down his glass.

"Why is my heart so uneasy?"

"Has the Lord of reincarnation come to the world?"

The feather emperor frowned deeply, and there was still a feeling of uneasiness in his heart, which made him very uncomfortable.

This is the intuition of danger and death.

Even on that day, when the demon ancestor came to the wanxu temple, he did not let the ancient emperor Yu Huang feel so uneasy.

In this world, the only thing that can make him uneasy is reincarnation!

"Maybe the lady of heaven is about to reach the top of martial arts, which makes me so uneasy?"

The Jade Emperor guessed and poured himself a glass of wine.

Recently, he received news that Ren tiannv was about to break through and would step into the boundless realm of the Ninth Heaven to be on an equal footing with him.

Once tiannv breaks through successfully, his status will be seriously threatened.

As for ye Chen, he doesn't believe that ye Chen will come to the world.

As far as he knows, ye Chen is in hell at present. It is an important moment to cut off the flail. Emperor Shitian has been dealing with it, and the victory or defeat has not been decided.

He just thought that it was Ren tiannv who made him feel uneasy!

"Teach your majesty."

At this time, a man wearing a red robe and a long beard, holding a scepter in both hands, respectfully walked in.

That man is Hong Chunqiu.

Chapter 7746

Hong Chunqiu lowered his eyebrows and eyes, holding a scepter in both hands, presented it to the ancient emperor Yu Huang, and said, "Your Majesty, the energy of the legendary Scepter has been fully stored."

The ancient emperor Yu Huang is the Lord of heaven and the Lord of the ruins. He has many honorifics, such as Lao Zu, Zhang Jiao, his majesty, monarch, Emperor Zu and so on.

Hong Chunqiu addressed his majesty as a self confessed minister, showing respect.

The feather emperor took the scepter, looked at it slightly, and said with a smile, "very good."

Hong Chunqiu said, "just... In order to save energy for the legendary staff, the ancestor of the Ye family is almost dead."

The feather emperor sneered and said, "is that old Ye family? It's best to let him die. The Ye family is not a good person. It's cleaner to kill them all. Otherwise, when the Lord of reincarnation comes up, they will betray at any time!"

Hong Chunqiu stood by, but smiled bitterly and did not answer.

The feather emperor gently stroked the scepter, and a sneer came up at the corners of his mouth: "heavenly daughter, your death is not far away."

.....

Tianqing territory, border territory...

Two human figures, tearing the void, fell down, it is Ye Chen and night endless.

Ye Chen looked at the world ahead. The sky was vast, the mountains were beautiful, and the aura was very rich. It was much richer than that outside the region.

The immortal spirit in the air is so rich that it can almost drip water. If you live in this world, even mortals can prolong your life for thousands of years.

This is the real upper world. There are many mysterious laws in the space. The structure of the world law is obviously much more complex, subtle and firm than the lower bound.

With Ye Chen's current strength, if it is in the lower bound, his sword can split the whole world, so that billions of stars will be shattered, and the ashes will not be left.

But in Tianqing region, it is the limit to open mountains with one sword, because the world law, space law and time law here are too firm.

"This is the world of real superiors!"

Ye Chen sighed deeply that there are countless boundaries like Tianqing in the world.

He deeply felt that the vastness and grandeur of the world were impossible for even the strong Emperor Yu Huang to pry out.

If ye Chen wants to hide in the world, wanxu may not be able to find him, because there are too many boundaries in the world. Once people hide in it, they can't even get it if they want to get it out of the sea.

From a certain point of view, reaching the supreme world is also regarded as reaching the pure land of bliss. As long as you are holding the idea of seclusion and never expose your breath, outsiders can hardly find you.

Of course, ye Chen still has a mission to shoulder. Naturally, it is impossible to escape responsibility and live in seclusion.

"Lord, we want to make an alliance with Tianqing and rob Tianxue Shendan. I'm afraid it's difficult to compete with heaven."

Night endless holding a long sword, looking up at the vast world ahead, a burst of worry.

Although the world is vast, it is all the territory of Tianqing alliance. As long as you dare to rob the things of Tianqing alliance, it is almost like looking for death.

Ye Chen nodded and naturally knew the danger. He offered the star sky water mirror to reflect the secret of heaven, which was to find that the disciples of Tianqing League had begun to rob Tianxue Shendan.

The three heavenly blood god pills are hidden in an underground palace.

At this time, the underground palace has been opened, and hundreds of people poured into the underground palace to search for the heavenly blood god pill.

More than half of the hundreds of people are disciples of Tianqing League.

There are also people from other realms who want to take risks.

The disciples of Tianqing league are not polite to these people. If they meet, they will kill them directly.

Because Tianqing region is their territory, they can take advantage of the geomancy of the earth's veins, and there are many people, so it can be said that they are overwhelming, and almost no one can stop them. Bodies fall down, and flesh and blood fly.

Ye Chen can see the bloody fighting picture on the other side of the underground palace from the star sky water mirror.

Night endless saw the picture, but also swallowed his saliva and said, "Lord, if we go there, I'm afraid we can't get any good."

Tianqing League has a large number of people and good luck. Ye Chen and ye endless have only two people. Once they meet, it's really tricky.

Ye Chen's face sank slightly, and he also felt that the situation was serious.

Relying on the deduction of the star sky water mirror, he had reflected the location of the three heavenly blood god pills, which was in the deepest Hall of the underground palace, but he couldn't seize it.

Because the fighting is fierce now, as soon as he breaks into the underground palace, it's almost like looking for death.

"Lord, look, the people of the danqingxianzong are also over there!"

Night endless pointed to the picture, a burst of surprise.

Ye Chen looked carefully, and sure enough, he saw in the picture that there was a girl with a giant pen. Her appearance looked very familiar. It was the daughter of the Danqing immortal sect, Nangong Xinran.

Previously, ye Chen had been assisted by Nangong Xinran in the realm of Lihuo. Unexpectedly, she also came to Tianqing domain and wanted to rob Tianxue Shendan.

Nangong Xinran's men, with several lower level heavenly kings, can barely cope with the pressure of Tianqing League, but they look very embarrassed, and I'm afraid they won't last long.

Night endless was a little anxious and said, "Lord, do we want to go over and save people?"

Ye Chen sneered and said, "we are too busy for ourselves. Do you still want to save people?"

Night endless stunned, speechless.

Ye Chen looked at the many fighting pictures in the underground palace, his eyes flashing constantly, thinking about the solution and the strategy to seize the treasure.

Ren Feifan is in seclusion. If he grabs Tianxue Shendan as soon as possible, he can go back to help him as soon as possible. If he delays too long, he is afraid that something will happen to him.

"My Lord, I have a way."

At this time, I heard the voice of the chaotic earth emperor in the reincarnation cemetery.

Chapter 7747

Ye Chen's eyes lit up and said, "elder, what can you do?"

Chaos earth emperor said: "I am proficient in the earth gods, and I have seen the goddess mu Yinxi before, and the earth's powerful and angry killing, which is quite insightful."

"I can make a big earthquake, let the underground palace collapse, the law vanish, and bury everyone in it. In this way, we can successfully seize the heavenly blood god pill."

Ye Chenxi said, "it's so good. Please, elder."

After making up his mind, ye Chen simply and ye endless said the plan, and then took him to fly to the underground palace.

Although it can tear space, it consumes a lot of aura. It's better to fly directly, which saves physical strength. After all, there may be a fierce battle later.

Soon, they came to the underground palace.

At the entrance of the underground palace, there were several strongmen of Tianqing League guarding it. When they saw Ye Chen and ye endless, they shouted, "who is it?"

Clang——

Night endless didn't wait for them to react, so they pulled out their long swords, and Luanyu Kendo broke out, cutting all the strong defenders into pieces of meat.

Ye Chen nodded, unfolded the star sky water mirror, peeped into the mystery, and took a look inside...

In the underground palace, martial artists from other places were almost killed by Tianqing League. Only Nangong Xinran, the daughter of Danqing Xianzong, was lucky to escape with her men.

She hid in a side hall, could not get the blood god pill, and was not willing to leave.

Night endless way: "Lord, if you want to start an earthquake, don't bury Miss Nangong, after all, she is our friend."

Ye Chen said, "of course I know."

Ye Chen pointed on the star sky water mirror, released his will, and gladly preached to Nangong:

"Miss Nangong, this is Ye Chen. This place is about to collapse. Please come out as soon as possible."

Nangong Xinran was in conflict and didn't know what to do. Hearing Ye Chen's voice, he was immediately stunned.

She didn't expect that Ye Chen also came to Tianqing region.

"Let's get out!"

Nangong Xinran's eyes coagulated, and she made a quick decision. Since Ye Chen wanted her to leave, she didn't drag her feet, and immediately took her men out.

"The bastard of danqingxianzong is here!"

"Kill them!"

However, she just took people to escape, but was found by a group of disciples of Tianqing League.

The disciples of Tianqing League were murderous and came after her.

"Damn it!"

Nangong Xinran quickened his pace and took people out to escape.

"Master, get ready!"

Ye Chen put away the star sky water mirror and communicated with the chaotic earth emperor in the reincarnation cemetery.

"OK, tomb owner."

The chaotic earth emperor was already ready to directly attach himself to Ye Chen, and all auras were poured into it.

Ye Chen pressed his palm on the ground at the exit of the underground palace, and his aura bloomed, showing a yellow array.

The surrounding earth Qi machine and the earth vein air flow resonated with Ye Chen's array, and the underground palace also rumbled and trembled slightly.

At this time, Nangong Xinran took his servants with him and escaped in a rather embarrassed way.

"Brother Ye Chen, the night is endless, it's you!"

As soon as she escaped, she was surprised to see ye Chen and endless night.

"Broken!"

Ye Chen immediately launched the array at the moment she escaped.

Boom——

Once the array is launched, the magnificent aura of spiritual power of the chaotic earth emperor penetrates into the earth.

The earth shook violently, the plate cracked, and a terrible earthquake broke out in an instant.

This great earthquake swept hundreds of miles around, with mountains collapsing, forests destroyed, and rivers flowing back, rumbling, extremely spectacular.

"Ouch!"

Nangong Xinran was caught off guard, his foothold was unstable, and fell in Ye Chen's arms.

The pursuers behind her were completely smashed into meat sauce by boulders falling from the top of the underground palace before they came out.

In the underground palace, there was a shrill scream everywhere.

With the help of the spiritual power of chaos earth emperor, ye Chen directly launched a big earthquake, which shook the world law, and the entire underground palace collapsed directly.

In the underground palace, hundreds of disciples of Tianqing League were suddenly submerged by rocks and boulders, and I don't know how many people were crushed to death.

Ye Chen poured the majestic earthy aura into the earth, so the rocks falling from the underground palace were all carrying intense earthy killing. Ordinary people couldn't stop it at all, and they would die if they were hit.

In an instant, the underground palace completely collapsed, and smoke billowed into the sky. There was no breath of living people in it.

Nangong looked at Ye Chen with great horror and said, "brother Ye Chen, have you... Ascended to the throne of heaven?"

Just now, chaos earth emperor possessed Ye Chen, and the breath that ye Chen erupted was to reach the realm of the emperor of heaven, which was extremely powerful.

"Not yet. It's just a small means to improve aura."

Ye Chen smiled slightly, stood up and patted his palm.

The aura of chaos earth emperor retreated from his body.

He regained the appearance of flail cutting realm.

Nangong Xinran rubbed his eyes, looked at Ye Chen like a monster, and said, "so, do you use other ways to sneak into the supreme world?"

Night endless simply said, "Miss Nangong, we sneaked in."

Nangong happily covered his mouth and said, "stowaway? This... If this is found by the wanxu temple, you are dead!"

Ye Chen waved his hand and said, "there's no time to talk so much. It's dangerous here. Let's leave quickly."

The smell of the just big earthquake is so terrible that it will definitely disturb the top level of Tianqing League. If you don't go, I'm afraid you can't go away.

Ye Chen palm a move, that collapsed underground palace ruins, is split.

A spirit box flew out of the ruins and fell into Ye Chen's hands.

Ye Chen opened the spirit box and saw that there were three red pills in it. Each pill was printed with the word "heaven", which was the heavenly blood god pill.

Before the earthquake, ye Chen had locked the location of Tianxue Shendan, so now it was easy to get it.

With such ease, he captured the heaven blood god pill, and made Ye Chen's heart beat faster.

The three Heaven blood god pills, with quite strong aura, seize the nature of heaven and earth and invade the mystery of the sun and moon. If used for cultivation, they really have a great gain effect.

Whether giving Ren extraordinary breakthrough or cutting off the flail for ye Chen himself, it has a very good effect.

"Ouch, Tianxue Shendan! Your means are really powerful!"

Nangong Xinran said with some admiration and some envy.

She went through all kinds of dangers, and fought with the disciples of Tianqing League for wisdom and courage, but she didn't get a heaven blood god pill.

Unexpectedly, as soon as ye Chen arrived, he had a big earthquake and buried the whole field, which was to seize the heavenly blood god pill easily.

"Let's go!"

Ye Chen "snapped", closed the spirit box, and took the lead to fly outside Tianqing territory. Night endless and Nangong Xinran and others hurriedly followed, all afraid of being chased and killed by the strong of Tianqing League.

Chapter 7748

Ye Chen and others did not tear void away, because it could not be torn open.

After the great earthquake, the space of Tianqing region was tightly blocked.

Obviously, the senior management of Tianqing League has noticed something wrong and urgently blocked the space to pursue the culprit behind it.

Ye Chen and others flew to the outside world at the fastest speed.

While flying, Nangong Xinran asked, "brother Ye Chen, can you give me a heavenly blood god pill? Please." The voice is a little spoiled.

Ye Chen shook his head and said, "the heaven blood god pill is extremely precious. It's useful for me to keep it. I can't give it to you casually."

"Miss Nangong, sorry, you are the daughter of danqingxianzong. You want to practice. You have rich resources, and you don't need this pill..."

Nangong Xinran looked disappointed and said, "in this world, there are only the last three Heaven blood god pills left. If I can't get them this time, I won't have a chance to get them in the future. Brother Ye Chen, you can send one to me, can you?"

After a pause, he said, "you can make an offer. I can promise you whatever conditions I need, as long as I can meet them."

Ye Chen looked at her with a little pity and a little determination. Suddenly, his heart moved and asked, "do you know the whereabouts of the God sealing tablet?"

Nangong was delighted and stunned, and said, "what God's tablet?"

Ye Chen said, "you used a talisman in the realm of leaving the fire before. The talisman bloomed out ancient inscriptions, and finally killed all the steel war puppets guarding the ruins."

"If I'm not mistaken, the inscription contained in your talisman comes from the tablet of the emperor of heaven."

Nangong was pleasantly surprised and said, "well... That talisman was given to me by my grandfather. Is it actually related to the tablet of the emperor of heaven?"

Ye Chen said, "if you can tell me the whereabouts of the Tianjun Fengshen tablet, I will give you the tianxueshen pill."

The tablet of the emperor of heaven was probably taken away by Ren Duxing. Now Ren Duxing is dead and no one in the world knows it anymore. This ranking

Chapter 7749

Freedom is at hand, ye Chen and others are happy.

Ye Chen thought, "I hope the blood god Pill on this day is really useful to elder Ren. I don't know how brilliant it will be after Ren extraordinary's breakthrough."

Ye Chen wanted to leave, but suddenly caught an extremely dangerous mystery and hurried back.

Seeing Nangong Xinran, he wanted to rush out. Fortunately, he was quick sighted and pulled her back.

Hiss hiss——

Just as they retreated, the void in front of them burst with thunder and lightning.

A large piece of lightning Rune surged up, the purple lightning was beating, and the extremely cold and terrifying thunder momentum continued to roar.

Look at the thunder, I'm afraid even the ordinary emperor and the strong can't resist it.

If ye Chen hadn't grabbed Nangong Xinran in time, she would have been crushed to ashes by lightning...

Nangong Xinran came back from the gate of death, pale and shaking.

Night endless is also extremely vigilant, pulling out the waist sword.

"Hehe, Lord of reincarnation, since he has come, why should he leave?"

Only a cold laugh came from the rear.

Ye Chen and others turned around and saw only a middle-aged Taoist, standing against the wind, followed by dozens of strong Tianqing League.

The middle-aged Taoist priest, full of spiritual light, exudes the majestic breath of the boundless realm strong, is the leader of the Tianqing alliance, Gu Qingxuan!

Behind Gu Qingxuan, there is an ancient character, flashing purple light, constantly floating.

That's a word "Lei".

Thirty three divine texts, "thunder" word divine texts!

This Lei character divine text, infused with the aura of ancient Qingxuan, is powerful and full of the sky, and the purple electricity crackles in the sky, which is vast and frightening.

Ye Chen, night endless, Nangong Xinran and others looked at each other, all smelling a trace of danger and death, and their pores were open.

Gu Qingxuan is the strongman of immeasurable territory, and this is the territory of Tianqing League. They are chased and killed, and it is simply difficult to escape.

Under the shadow of absolute crisis, night endless and Nangong Xinran were silently carrying weapons, waiting for Yan Shen, ready to fight to the death.

Ye Chen gritted his teeth, offered the emperor's holy knife, held it in his hand, and was ready to draw it at any time.

Gu Qingxuan saw Ye Chen's knife, his eyes narrowed slightly, and said, "no artifact, emperor of man's holy knife! Lord of reincarnation, you are indeed an atmospheric transporter!"

"The emperor's holy knife, but one of the three emperors' treasures, is a complete artifact!"

"Even if it is the wanxu temple, the Lord of heaven, the ancient emperor Yu Huang, the artifact he has, the legendary staff, is only a fragment, but your knife is a perfect existence!"

Ye Chen's face was heavy, looking at Gu Qingxuan, trying to find the flaw in his Qi machine, waiting for the opportunity to draw a knife to fight back.

However, Gu Qingxuan is worthy of being a strong man in limitless realm, and there is no flaw in his body. Even if ye Chen pulls out his knife, he is not sure of absolutely defeating the other party.

Once he missed, his aura was exhausted, and that was death.

Gu Qingxuan said with a smile, "can you pull out the knife? Pull it out and let me see. If you can really pull out the emperor's holy knife, killing me is like slaughtering pigs and dogs."

The sharp edge of the emperor's holy knife is definitely not a person in the real world who can resist it.

Gu Qingxuan can't stop it.

However, he believes that no artifact, nor the real world, can be in charge.

Therefore, ye Chen is absolutely impossible to pull out the sheath.

The emperor's holy knife that can't be scabbard is just scrap iron.

Ye Chen's face twitched slightly, but he still couldn't find the flaw of Gu Qingxuan, and there was no suitable time to draw the knife.

Seeing this, Gu Qingxuan sneered, "it seems that even the Lord of reincarnation is not qualified to draw a knife. Hehe, I once invited you to join the league, but you have to refuse. Today, don't blame me for being cruel!"

The words fell, Gu Qingxuan's body suddenly rushed out like a hawk and a falcon, and he even started to kill himself, clawing at Ye Chen.

Generally speaking, the strong in the boundless realm will not easily fight against people whose accomplishments are weaker than themselves, let alone kill them.

Because, as long as it is killing, there will be blood sin cause and effect, which will be difficult to resolve in the future, especially bullying. The blood sin of cause and effect is more serious, which is easy to affect the Taoist heart and become possessed.

However, this time, it was Ye Chen who invaded the Tianqing domain. Gu Qingxuan killed all pests, leaving no blood debt.

Therefore, he did not reserve the slightest, and the majesty of immeasurable territory broke out in an instant.

The world law of the whole Tianqing domain is clicking, unable to withstand the pressure of ancient Qingxuan, and inch by inch space bursts away.

Hum!

The Leizi Shenwen is directly integrated with the ancient Qingxuan.

In Gu Qingxuan's palm, there was a roaring thunder. There was no magic trick, that is, pure thunder, pure palm attack, pure immeasurable majesty, blasting Ye Chen's chest.

"Lord!"

"Brother Ye Chen!"

Night endless and Nangong Xinran, under the imposing force of Gu Qingxuan, were frightened and retreated to both sides.

How can ye Chen resist such a fierce palm of Gu Qingxuan?

Ye Chen's eyes were cracked, and his aura was blooming. The reincarnation Heavenly Sword appeared behind his head, and his blood vessels were burning. He held the emperor's holy knife tightly, and when he saw Gu Qingxuan's palm reaching inch by inch, he wanted to draw a knife and fight to the death.

"Gu Qingxuan, you bully, do you want to be shameless?"

But at this time, wisps of warm moonlight shine down from the sky.

The sky became dark, and a bright moon hung in the dark sky.

Take a closer look, it is not the moon, but the supreme artifact of the thirty-three days, the Wangshu heavenly bead among the ten Heavenly beads!

"Wangshu Tianzhu? If snow comes?"

Ye Chen was surprised when he saw the Wangshu Tianzhu.

Because Wangshu Tianzhu is Xia Ruoxue's magic weapon!

WOW——

The moonlight in the sky is blooming, and a figure appears from the Wangshu bead, but it is not Xia Ruoxue, but an old man.

Gu Qingxuan looked at the moonlight in the sky and the old man who slowly came down. His face changed slightly and said, "Gu Qinghe, why don't you run to my Tianqing domain instead of enjoying happiness in the star moon realm?"

That old man is the elder of Xingyue God sect, guqinghe.

Gu Qinghe's eyes were cold, and he didn't answer positively. Instead, he said to Ye Chen, "Lord of reincarnation, leave first, and I'll help you deal with Tianqing League."

Ye Chen looked at the GuQing River and caught all kinds of causes and effects at a glance, thinking:

"He is the great elder of Xingyue Shenjiao. Ruoxue must have come to the world too, and promised him to take charge of Xingyue Shenjiao. Even Wangshu Tianzhu lent him."

"Otherwise, he won't risk to save me."

In an instant, ye Chen understood all kinds of causal joints, and his heart was anxious.

The Xingyue cult is not peaceful, and another faction is making trouble. If Xia Ruoxue really goes to the Xingyue cult, it is unknown whether she can take the position of leader. It is impossible for her to inherit the mantle.

Chapter 7750

But now, ye Chen can't think too much, so he has to leave first.

"Let's go!"

As soon as ye Chen waved his hand, he immediately left Tianqing region with night endless and Nangong Xinran and others.

"Want to run?"

Gu Qingxuan was furious, and the thunder word divine text broke out. With a palm of his hand, he killed thousands of thunder across the air, and blasted fiercely at Ye Chen and others.

"Sorry, Gu Qingxuan, your enemy is me."

Gu Qinghe smiled coldly and waved his palm, driving Wangshu Tianzhu. The bright moonlight came down. His old palm, like a layer of white jade, lifted the weight like a light, and dissolved the thunder attack of Gu Qingxuan.

Gu Qinghe secretly rejoiced that if there was no Wangshu Tianzhu lent by Xia Ruoxue to him, he was really not sure. He stopped the other party in Gu Qingxuan's territory.

"Ah ah, damn it!"

Gu Qingxuan was so angry that he was intercepted by Gu Qinghe. Ye Chen and others had completely escaped.

He was only angry, and the three Heaven blood god pills were all taken away by Ye Chen. He couldn't even get one...

That's an important pill for his cultivation!

"Guqinghe, Xingyue deity, Lord of reincarnation, I want you to die!"

Gu Qingxuan was furious and roared repeatedly.

"The ancient emperor Yu Huang, the Lord of reincarnation, is coming. Quickly lower the heavenly punishment and kill reincarnation!"

Under the fury, Gu Qingxuan was clear headed.

He knew that in a short time, it was impossible to break through Gu Qingxuan's obstruction and go after ye Chen.

Therefore, he simply called on the Yu emperor to kill reincarnation by the hand of the Yu emperor.

Although, if ye Chen is killed by the emperor, he won't get any benefits, but at least, he can vent his hatred!

At this time, ye Chen, with Nangong Xinran, night endless and others, has escaped from the Tianqing region. Hearing Gu Qingxuan's call, they suddenly look greatly changed.

"Ouch, if the feather emperor comes, it will be terrible. I'll go first."

Nangong Xinran deeply felt bad. Naturally, she also knew that ye Chen was fighting with the feather emperor.

Today, ye Chen is still quite small in front of the ancient emperor Yu Huang.

Once the feather emperor comes, it is the death of Ye Chen!

Nangong Xinran didn't want to go through this muddy water, so he immediately took his hands and tore the void away.

Ye Chen and ye endless looked at each other and felt deeply threatened. They hurriedly tore out a space gap and wanted to return to the lower bound.

However, the surrounding space has been vaguely, with a strong will.

That is the will of heaven!

The Emperor Yu Huang is the Lord of heaven. Standing at the top of the world, the world is vast. Although he can't block all the void in a moment, he can spread his will of heaven and resonate with the world.

In this way, no one can escape the will of heaven, that is, he cannot leave the world.

Ye Chen and night are endless, tearing the void, and only transmitted to the lowest world, that is, the place they just stepped into from the dark forbidden sea.

In this lowest world, there is no gravity, and there are rocks, dust, forests, vegetation, and many ancient and broken bones, weapons, magic weapons, and so on. The wind is blowing.

Ye Chen and the night are endless. Being in this world without living creatures and a little empty, I suddenly feel a burst of emptiness.

However, their emptiness did not last long.

Because the will of the heaven has been passed here, rumbling, boiling violently, shaking the space, blowing up thousands of strong winds and waves, crushing all the floating rocks and dust around.

Ye Chen and the night are endless. Under the strangulation of the will of the heaven, he also feels extremely dangerous, like suffering thousands of cuts.

"Endless, come in first."

Ye Chen unfolded the picture of the yellow spring and collected yeendless, so that he would not be directly hanged.

Wow.

Huang quantu turned into a Taoist robe and covered Ye Chen, helping him withstand the strangulation impact of the will of heaven.

However, the will and power of the ancient emperor Yu Huang are really terrible.

Under the endless vigorous wind and waves, ye Chen suddenly felt the pain of tearing his skin. He was afraid that he would be torn alive in a short time.

"Lord of reincarnation, unexpectedly, you have the courage to come to the world."

At this time, the will of the world subsided that day, but ye Chen was not at all happy, because he heard the voice of the feather emperor.

Boom——

On the nine sky sky, the ancient emperor Yu Huang was as brilliant as the sun, and came down with incomparable glory.

As soon as he came, the ruined world settled down, the law of the world was restored, and there was gravity between heaven and earth.

The mountains and rocks floating in the air have fallen to the earth.

Layers of aperture spread out from behind the emperor.

Every aperture is a magnificent world.

In the big world, there are thousands of strong people who are shouting:

"Your Majesty is mighty! Your majesty is mighty!"

Ye Chen's eyes narrowed slightly. More than ever before, he clearly felt the strong, domineering and king of the ancient emperor Yu Huang!

If there is really a king who dominates everything in this world, even ye Chen feels that this person should be the ancient emperor, not himself.

The ancient emperor Yu Huang looked down at Ye Chen, like an ant, and said, "Lord of reincarnation, you lost this game of chess."

Instead, ye Chen breathed a sigh of relief, as if relieved, and said, "yes, I lost."
