Chapter 7751

Seeing ye Chen so simply admit defeat, without any struggle, the emperor felt bored, smiled and said, "you still have a backhand and a glimmer of vitality, but you haven't lost completely."

Ye Chen was stunned. When the emperor's words fell, he saw wisps of fairy light falling from the sky.

The cold frost began to float in the void, turning into an ice Phoenix, neighing and crying up to the sky, spreading its wings and dancing, which was spectacular.

Surrounded by the ice Phoenix all over the sky, a charming peerless woman holding the ice Phoenix Sky Sword, behind her is the immortal votive pool, lingering, it is the supreme goddess.

"Ren tiannv is here!"

At the side of the ancient emperor Yu Huang, there are several heavenly kings and ancestors, senior elders, including Hong Chunqiu. Seeing Ren tiannv's arrival, they all scream and are ready to move. They want to take advantage of the uncertain atmosphere of the heavenly goddess to kill Ye Chen first.

The feather emperor waved his hand and stopped them.

He knew very well that as long as the heavenly daughter was here, ye Chen would not die.

If you want to kill Ye Chen, you have to kill tiannv first!

"Master tiannv!"

Ye Chen was surprised to see Ren tiannv coming...

Ren tiannv stepped on the breeze and snow and came to Ye Chen. Her eyes turned tenderly. She first pinched Ye Chen's arm, and then touched his chest, saying:

"Well, your physical shackles have been cut off, and your body is much stronger than before."

Ye Chen felt ashamed and said, "it's a pity that I only cut off the shackles of the body, and the shackles of the heart can't be broken for a long time."

Ren tiannv gently took his hand and said, "it doesn't matter. I'll take you home. You can also cut your yoke in my wishing fairy pool. I will help you break through the shackles of your heart."

Hearing this, ye Chen was very grateful and was about to say something.

The feather emperor laughed and interrupted, "Ren tiannv, I'm afraid you won't have a chance to leave today!"

Holding the ice Phoenix sword, Ren tiannv looked directly at the ancient emperor Yu Huang and said, "ancient emperor Yu Huang, do you want to fight with me and completely tear your face?"

The feather emperor nodded and said, "yes!"

Ren tiannv's face was cold, and she felt incredible and said, "you would rather burn jade and stone than kill me?"

Her cultivation is immeasurable, which is a little worse than the ancient emperor Yu Huang. But if she really wants to work hard, even if she dies, she will be enough to hit the ancient emperor Yu Huang hard.

Once the two sides fight a decisive battle, jade and stone will burn, and the Jade Emperor will lose more than he gains.

This is also the tiannv's courage to challenge the ancient emperor repeatedly. She knows that the other party has not had the courage to fight a decisive battle.

But it never occurred to me that the ancient emperor Yu Huang at the moment seemed to really want to fight a decisive battle.

The feather emperor said with a grim smile, "who said to burn jade and stone, I want to kill you today, just like crushing an ant!"

The sound fell, and a mass of light appeared in the hands of the feather emperor.

That mass of light, indescribable, can't describe what color and shape it is, obviously comes from the energy of no space and time.

Then, under the pouring of many real worlds, the light gradually collapsed, and there was a real body, which was an ancient fragment.

WOW!

Then, the fragments changed into a scepter, which was firmly held in the hands of the emperor.

The scepter, golden streamer blooming, filled with a shocking Jedi King's presence, such as an ancient legend, as if whoever takes charge of the scepter can take charge of the world.

"No artifact, legendary staff?"

The moment Ren tiannv saw the scepter, she suddenly lost her color, and her delicate body trembled violently.

Ye Chen is holding hands with her, and can feel her warm, soft hands, suddenly become cold and stiff.

Ye Chen's eyes, also with horror, looked at the scepter in the hand of the feather emperor.

That scepter is obviously not a magic weapon in the real world.

In the real world, there is no such powerful thing as breath. It can only be no artifact.

However, unlike the supreme treasure of the three emperors, the scepter in the hand of the feather emperor was not strong enough to make people unable to hold it.

That is not a complete artifact, but a fragment!

Countless eras ago, there were many ancient races who escaped from no time and space. They brought out many magic weapons of no time and space, which are legendary no artifact.

Under the scour of ancient times, most of the wuwuwuartifact has been damaged.

As ye Chen knows, there are only three emperors' treasures left in the intact wuwuwuartifact.

However, the supreme treasure of the three emperors is too strong to be in charge in this world.

What is most suitable for martial artists in the real world is the incomplete wuwuwuqi, that is, the fragments of wuwuwuqi.

The scepter in the hand of the ancient emperor Yu Huang was transformed by the fragments of no artifact!

With the power of the ancient feather emperor, he can't hold the treasure of the three emperors, but it's naturally easy to hold a fragment.

At this moment, the legendary staff, in his hand, is golden, red neon rolling, magnificent, majestic majesty of King's landing, suffocating and depressing.

The feather emperor sneered, "Ren tiannv, I can't imagine that my legendary staff has been full of energy. Today is your death!"

Ren tiannv was sweating, and pulled Ye Chen back a few steps, even her face turned pale.

Ye Chen has never seen her look like this.

She's afraid!

Ren tiannv was also really afraid. She didn't expect that the emperor would take out the legendary staff.

Generally speaking, there are no artifact fragments, and the law is broken. If you want to use it, you need to store energy.

The energy accumulation of an artifact fragment often takes dozens of eras to accumulate and complete.

If the energy is not enough, no matter how powerful the artifact fragments are, they are just waste products and cannot exert the slightest power.

Ren tiannv had long known that the legendary staff was in the hands of the ancient emperor Yu Huang, but she didn't care.

Because, she concluded that the ancient feather emperor, in a short time, could not gather enough energy to launch the legendary staff.

But at this moment, the golden light of the legendary staff is blooming, and the energy is obviously too full to be full.

"You... Where did you collect the energy?"

Ren tiannv felt incredible and asked.

The feather emperor laughed and said, "this is my secret. I can't tell you. Who wants to die first, you two?"

Holding a scepter, he looked down at Ye Chen and Ren tiannv, as if looking at two bodies.

"Little guy, you go first!"

Ren tiannv's eyes turned, and suddenly she slapped her backhand on Ye Chen's chest, then straightened out the ice Phoenix Sky Sword, danced all over the sky with ice and snow, and went against the air to kill the ancient emperor Yu Huang.

"Master tiannv!"

Ye Chen was shocked. He felt a gentle force and pushed himself out to push back to the world below.

Seeing Ren tiannv, the emperor couldn't help laughing and said:

"Tiannv, I am in charge of the legendary staff, and you are king over the world. You are already an ant like existence in my eyes. Why struggle?"

The feather emperor held the scepter and waved it gently.

Chapter 7752

Ren tiannv Bing Huang's Heavenly Sword killed, cut it on the scepter of the feather emperor, and made a Ding sound, but she couldn't shake the scepter by a penny. Instead, she was shocked by a huge force, and the air flow twisted and cut her. The clothes on her arm hissed and broke, revealing her white jade arm.

In the laughter of the feather emperor, he waved his scepter and knocked Ren tiannv to the ground.

"Master tiannv!"

Ye Chen saw that Ren tiannv was just a face-to-face, and was shot down. He was extremely shocked, and he deeply felt that the scepter in the hands of the emperor was so terrible that it was so terrible.

The feather emperor snorted, waved his Scepter again, and a force covered Ye Chen.

Ye Chen was just about to be sent away by the goddess of heaven, but he was dragged back by the ancient emperor of feather, thrown on the ground, and rolled with the goddess of heaven.

"Master tiannv, how are you?"

Ye Chen picked up Ren tiannv and felt that her body was cold.

Just now, the Emperor Yu's strike has seriously injured her.

The feather emperor laughed and said, "Ren tiannv, I asked you to be a pair of bitter mandarin ducks. I have investigated and deduced it thousands of times. I probably found that the tablet of the emperor of heaven was stolen by your Ren family's ancestors..."

"Your grandfather, it's really a good idea. He pretends to be loyal on the surface, and he hasn't exposed any traces. He didn't expect to steal my monument behind his back."

"Now your ancestor is dead, and I'm afraid only you know the whereabouts of the God sealing tablet of the heavenly king in this world."

"Tell me, where is the tablet of the emperor of heaven? I'll give you a good time."

"Hehe, it's even harmless to make your mandarin ducks happy before you die."

Ren tiannv gritted her teeth and said, "don't say that I don't know the whereabouts of the tablet of the emperor of heaven. Even if I knew it, I wouldn't tell you!"

The feather emperor's face was cold, and he immediately laughed again and said, "good, good, then you can lead to death."

The words fell, and the ancient emperor Yu Huang waved the staff of legend, and a golden awn fell from the sky, like the sword light of the end, to kill Ren tiannv and ye Chen.

After the golden awn was sent out, the brilliance of the legendary staff quickly dimmed, and instantly became like a stick, losing all its expression. It was obvious that it had exhausted its energy and fell into silence.

Although the legendary staff ran out of energy, the feather emperor was still happy.

Because it's worth all the efforts to kill Ren tiannv and ye Chen.

The golden God awn, killed in the air, whether ye Chen or Ren tiannv, felt a great disaster, and was about to be killed.

"Wish fairy pond, Chi!"

At the critical moment of life and death, Ren tiannv sacrificed the wishing fairy pool, blocking her and ye Chen's head.

Hiss!

The golden divine awn was killed and blocked by the wishing fairy pool.

However, the water in the wishing fairy pool is hissing and evaporating. Obviously, it won't last long.

Ye Chen smelled the breath of death, hurriedly burned the reincarnation blood essence, held the hand of the goddess, transmitted his own energy, and maintained the defense of the wishing fairy pool.

"What's the use of struggling in vain?"

The ancient emperor Yu Huang sighed tactfully, as if he felt very boring and boring.

Ye Chen and Ren tiannv, but they didn't want to wait for death, defending desperately.

"Grave master, I'll help you!"

Chaos earth emperor poured all his aura into Ye Chen.

In the end, he even sacrificed his soul, and all his energy was dedicated to Ye Chen.

Chaos earth emperor, like smoke and fog, completely dissipated.

However, even with the support of chaotic earth emperor, it is a drop in the bucket.

The legendary staff of the ancient emperor Yu Huang has terrible lethality. It is only a matter of time before the defense of the wishing fairy pool is broken.

"Huang Lao, lend me your strength!"

Ye Chen roared in his heart and called to Huang Lao.

Huang Lao yawned and said, "Why are you struggling so embarrassed? It's better to admit defeat and die."

His eyes were full of fatigue and gloom, and he seemed to accept the fate of being punished for failure.

If the ancient emperor Yu Huang did not have the legendary staff, Huang Lao might fight back.

However, the legendary staff is an artifact without artifact. Even if it is just a fragment, the power bursts out, and it is not the power of the world that can stop it.

From the moment when the ancient emperor Yu Huang used the legendary staff, he was sure to win this game. Nothing in the world can resist the killing without artifact.

Click click——

Under the desperate resistance of Ye Chen and Ren tiannv, the earth cracked, and cracks appeared in the surrounding void.

Hiss——

Finally, the golden awn cut open the defense of the wishing fairy pool, blew up the torrent, and severely impacted on the two bodies.

"Puff!"

"Puff!"

Ye Chen and Ren tiannv both vomited blood, and their bodies fell down along the cracks in the earth.

This world is already the bottom of the world. If it falls further, it will be the ancient ruins and dead places, which are even more desolate than chaos.

"Hmm!?"

Seeing that the two people were not killed at the scene, but fell into a crack in the ground, the feather emperor stood up from the throne with deep horror.

Hong Chunqiu bowed down and congratulated, "Congratulations, your majesty, you have finally killed Ren tiannv and the Lord of reincarnation."

Snap——

The ancient emperor Yu Huang slapped Hong Chunqiu in the back hand, and the latter's face immediately swelled.

"Are you blind? Didn't you see them fall?"

The feather emperor was furious.

Hong Chunqiu hurriedly said, "they were hit by the legendary staff. I'm afraid they're dead."

The feather emperor's eyes lit up anger, deeply disturbed, and said, "find it for me! Live to see people, die to see corpses!"

Chapter 7753

The ancient emperor Yu Huang knew that ye Chen and Ren tiannv had great luck. One had reincarnation blood, and the other had the protection of the tablet of the emperor of heaven. As long as they had a little vitality, they could be killed.

At this moment, the legendary staff is completely dim. I don't know when to wait for the next time I want to accumulate full energy.

Once the heavenly daughter is not dead, the ancient emperor is not sure to suppress her again.

"Yes, your majesty!"

Hong Chunqiu hurriedly took a group of strong men to search for the traces of Ye Chen and Ren tiannv.

But ye Chen and Ren tiannv fell all the way. I don't know how long they fell, but they didn't end, as if they were sinking in an endless abyss.

Ye Chen opened his eyes with difficulty and found that it was dark around, and he could not see the slightest light, and he was holding Ren tiannv's hand, the other party's palm, cold and terrible.

Ye Chen didn't know whether tiannv was still alive. Anyway, he was barely breathing.

Originally, under the attack of the scepter of the feather emperor, ye Chen was dead. Even Huang Lao had the idea of dying, and even didn't bother to resist...

But in the end, Ren tiannv blocked most of the killing for ye Chen, and ye Chen was only slightly impacted.

Although this small impact almost killed Ye Chen, fortunately, his physical shackles had been cut off, his physique doubled, and he finally managed to survive, but he didn't know how the life of tiannv was.

"Blood dragon, come out."

Ye Chen called, and the blood Dragon flew out with a roar, carrying Ye Chen and the goddess, flying down.

I don't know how long it took to fly. Ye Chen finally saw a little hazy light, green and crystal like jade.

Overlooking the lower part, there is an underground world, full of jagged rocks and glowing stones, but there is no trace of plants and creatures, which is strangely desolate, like death.

"Master, are you all right?"

The blood Dragon flew to the underground world and asked with great concern.

"I can't die for the time being. Go outside and watch."

Ye Chen took the heavenly daughter in his arms, walked down, and ordered him to go down again.

He was afraid that there would be some monsters and monsters in the underground world. Now he was in a bad state. If he was attacked, he would be in trouble.

"Yes!"

The blood Dragon flew out to guard.

Ye Chen held the heavenly daughter, only feeling her body cold, and her breath was weak.

He held the hand of the goddess of heaven and poured the aura of the eight trigrams heaven elixir into it, but it had no effect.

The eight trigrams heaven elixir can only cure himself, but the tiannv's serious injury can't be cured.

Tiannv opened her eyes slightly, coughed twice, and was very weak.

"Master tiannv, you wake up!"

Ye Chen was surprised and hurriedly picked her up.

The heavenly daughter leaned softly in Ye Chen's arms and said, "little guy, I'm dying. Before I die, I have something to tell you."

Ye Chen said, "no, master tiannv, I will save you. Don't worry."

The heavenly daughter shook her head and said, "I can't last long. Remember, after you go out, you go to wish the God sect and inherit my orthodoxy. I have collected many natural and earth treasures in the treasure house of the mountain behind the God sect. The magic script to open the treasure house is..."

She was struggling to support her spirit, and she wanted to order the afterlife to pass on the orthodoxy of the wish God to Ye Chen.

Ye Chen hurriedly said, "elder tiannv, take this pill first, and then you'll be fine."

Ye Chen took out the infinite elixir that Nangong Xinran gave him, took it out and stuffed it into the mouth of the goddess.

The infinite elixir melted at the entrance. The fairy was slightly surprised and said, "you actually have this panacea?"

Immeasurable elixir is extremely precious. It is usually refined. Its efficacy is mainly based on breaking through cultivation, consolidating the heart of the Tao, or killing with poison. It is rarely used for treatment.

But ye Chen's infinite elixir is just for treatment. As long as people don't die and take it, they can be reborn.

The fairy took the infinite elixir, and the originally weak breath suddenly excited a lot, and even her cheeks returned to a ruddy.

Ye Chen was overjoyed, hugged her shoulder and said, "master tiannv, how are you now?"

I thought I was really lucky. The immeasurable elixir I just exchanged with Nangong Xinran came in handy at the moment.

If there is no infinite elixir, the fairy must be dying.

Tiannv also leaned in Ye Chen's arms, slightly recovered a trace of breath, and said, "my broken heart pulse has been connected back, and my life is not in danger for the time being, but the injury is still very serious."

Ye Chen read in his heart, cut his finger, reached out to the mouth of the goddess, and said, "elder goddess, my reincarnation blood essence may help you recover from the injury."

Tiannv was stunned, hesitated for a moment, finally nodded, and then she held Ye Chen's fingers, gently sucked, and absorbed Ye Chen's reincarnation blood essence.

Under the nourishment of reincarnation essence and blood, the breath of tiannv really quickly recovered smoothly, and the recovery of the injury took effect very quickly.

Ye Chen saw that it was useful, and his heart was overjoyed. Seeing that the state of tiannv was no longer serious, he wanted to pull his fingers back.

"Don't move, don't pull it out."

Tiannv grabbed Ye Chen's arm and didn't let him pull out his fingers.

Ye Chen was stunned and said, "why?"

Tiannv said, "I have helped you so many times. Now I want a little essence of reincarnation from you. Don't you want to give it?"

"Let alone, the blood of reincarnation is really strong, and it is even useful for strong people at my level."

Ye Chen was embarrassed and ashamed and said, "yes, master tiannv, you can absorb it, and I can stand it."

Then he continued to insert his fingers into the mouth of the goddess.

The heavenly daughter sucked gently, and ye Chen felt that her blood was about to be drained by her.

"Don't call me elder, either. If you don't dislike it in the future, call me elder sister."

While sucking Ye Chen's fingers, tiannv turned out to be a little charming and playful, like a little girl licking a lollipop.

"Yes, sister tiannv."

Ye Chen immediately changed his mouth. Previously, in the hell world, Huan Meixin asked him to call his sister, but he didn't call it at all, but as soon as tiannv opened his mouth, it seemed that there was a magic, and he naturally changed his mouth.

"Very good."

Tiannv was very satisfied, so she loosened her mouth.

Ye Chen pulled his fingers back. His fingers were already pale, his blood was sucked badly, and his head was a little dizzy.

Just dizzy, ye Chen felt two thin soft lips, leaned over, and then kissed himself.

"Hmm?"

Ye Chen was stunned, and the person who kissed him was naturally a heavenly daughter.

He never expected that the heavenly daughter would suddenly kiss him and push her away in a panic, but it seemed that he had encountered something terrible, which made him even more embarrassed.

"Cough... Sister tiannv, you..."

Ye Chen gasped violently and looked at Ren tiannv inconceivably.

Ren tiannv laughed and said, "why, don't you like it? Little guy, this is to thank you for your pills and blood."

Ye Chen's dizzy head calmed down a little. When the heavenly daughter kissed him just now, she also sent him a breath of aura to restore his spirit. This should be the main purpose.

Chapter 7754

"No, but... It always feels strange."

Ye Chen was a little at a loss. In front of the goddess, she had no calm in the past.

Ren tiannv covered her mouth and smiled. She leaned over to Ye Chen and said, "there are no outsiders here. No matter how ridiculous we are, we won't be seen."

"I was almost killed by the ancient emperor Yu Huang just now, and my mood was also enlightened a lot. I'm alive and have fun in time. Don't suppress myself, or I'll die suddenly. If I haven't tried anything, it's really a great injustice."

Ye Chen was speechless and said, "yes, master tiannv..."

Ren tiannv said angrily, "call me elder again?"

Ye Chen hurriedly changed his words and said, "sister tiannv."

The heavenly daughter was very satisfied and said, "well, very good."

After a pause, she said a little seriously, "we haven't recovered yet. Now we must recuperate as soon as possible."

With that, she sacrificed the wishing fairy pool...

The wishing fairy pool was chopped by the legendary staff, and its aura has been greatly weakened, leaving only twoorthree percent.

The remaining 23% aura is enough for ye Chen and tiannv to recuperate and recover.

At that moment, the goddess of heaven had no scruples, turned her back to Ye Chen, took off her clothes, met each other sincerely, stepped into the wishing fairy pool, soaked in the pool water, smiled and hooked up with Ye Chen, saying:

"Little guy, you too."

Ye Chen swallowed his saliva. His rock heart had no effect in front of the goddess.

Her every frown and smile, her actions and manners all affect Ye Chen's heart.

Ye Chen also walked into the wishing fairy pool and bathed with the heavenly maiden. Relying on the aura of the wishing fairy pool, she recovered her vitality.

The attitude of tiannv is obviously more open than before. She doesn't avoid taking a bath with Ye Chen.

After soaking for a day, they almost recovered.

The heavenly daughter stared at Ye Chen and suddenly sighed deeply, "little guy, I suddenly feel a little pity."

Ye Chen said in astonishment, "what a pity?"

Tiannv said, "unfortunately, in the future, I will kill you myself."

Ye Chen was shocked. On second thought, it was Mingwu again.

Tiannv is raising pigs. Her plan is to cultivate Ye Chen. When ye Chen grows stronger, she will kill him with another sword to seize the greatest benefits of reincarnation.

In the end, they are enemies, not friends.

Ye Chen's spine was creepy when he heard that tiannv pointed this out.

Tiannv's body wrapped in fog swam over, slowly approached Ye Chen, stretched out her hand, stroked his cheek and said, "I'm really a little reluctant to part with you, but it's a pity that I still want to kill you in the end."

Ye Chen said, "sister tiannv, in the end, we always want to meet in life and death?"

The heavenly daughter said, "yes, I want to soar without nothing. I have to step on your bones. The law of no time and space is getting more and more chaotic. If I want to soar, it is thousands of times harder than in the flood and famine era. If I want to preach, I must kill you and devour everything you have, otherwise there will be no chance of preaching."

Ye Chen grinned, speechless.

Tiannv's various actions now are so intimate, but she wants to meet life and death in the future. Ye Chen doesn't know what to say. Even with his tenacity of heart, it's hard to imagine the terrible end of the final meeting.

With a smile, the heavenly daughter gently breathed out a breath in Ye Chen's ear and said, "however, today's us can be carefree and happy regardless of future life and death. It's a pity that my cultivation is too much beyond you. Once we meet, your reincarnation blood will be squeezed out by me in an instant. That last step is absolutely impossible."

Her words were very frank and explicit, and she didn't hide it at all. With a little regret, she loosened Ye Chen and walked out of the wishing fairy pool. With a move of her hand, snow and smoke surrounded her, turning into a snow-white dress, covering her and covering her beautiful body.

Ye Chen suddenly lost, stunned.

The heavenly daughter looked back and said with a smile, "get up. It's been a day. The ancient emperor didn't find it here. It seems that we fell into the Guixu dead land."

Ye Chen came back to his senses, and also came out of the wishing fairy pool. He put on his clothes and said, "return to the ruins and death?"

The goddess of heaven gently "Hmm", looked around and said, "the supreme world is divided into tens of thousands of layers. Before I don't know how many eras, countless layers of the world were broken and sank into ignorant space and time, constantly piling up, forming a dead place, which is the legendary Guixu dead place."

"Guixu dead place, the coordinates are vague, and outsiders can't find it."

Ye Chen heard this, a thrill, said: "outsiders can't find it, don't we also can't get out?"

The heavenly daughter smiled and said, "what are you afraid of? I have a wish fairy pool. Make a wish and you will know the way out."

With a gesture, she made a wish that the fairy pool flew back, shrank into a drop of water, and suspended at her fingertips.

She stared at a drop of water, as if she saw countless mysteries of cause and effect, and the corners of her mouth evoked a smile.

Ye Chen saw the appearance of the heavenly maiden, and knew that she was confident and determined.

"This is the death place of Guixu. There are some ancient magic weapons hidden here. Maybe there are even artifact fragments. Follow me."

The heavenly daughter waved to Ye Chen and took the lead in rushing forward.

Ye Chen recalled the blood dragon and hurried up with the goddess.

The goddess said, "I must also have the fragments of the ancient emperor whether there are artifact or not, otherwise the power is unbalanced, and I will be killed by him sooner or later."

Ye Chen read in his heart, took out the emperor's holy knife, gave it to the goddess, and said, "before the goddess... Sister, do you think you can pull out this knife?"

Chapter 7755

The goddess looked at it, shook her head, and said, "don't try, you can't pull it out. This is a complete artifact. In the whole real world, only your reincarnation blood has a little chance to urge, and no one else can."

"What I need is fragments without artifact!"

Compared with the perfect artifact, the fragments of artifact are more suitable for people in the real world and more likely to take charge.

Ye Chen recalled that the legendary staff of the ancient emperor Yu Huang was terrifying, and said, "no artifact, it's really terrifying. The ancient emperor Yu Huang's hand was just a fragment, which almost killed us."

The goddess smiled and said, "he can only use it once. There are no artifact fragments, and the rules are incomplete. Every time he uses it, he needs to collect full energy. Once collected, it will be thousands of years of time, which is extremely difficult."

"I don't know how the feather emperor accumulated the energy of the legendary staff, but he has used it once, and the energy is exhausted. He can't use it again next time. He can't kill me anymore."

Ye Chen's heart vibrated. It seemed that there were no artifact fragments. It was simply the bottom card in the bottom card. The big move in the big move was already done if it didn't move. If it moved, it was amazing, and the price was huge.

"Hey, it seems that we are lucky to find the fragments without artifact. Little guy, you are really my lucky star!"

The heavenly daughter suddenly paused, and her voice was full of joy.

Ye Chen was stunned for a moment. Looking up, he saw a collapsed door in front of him...

The door, which is extremely ancient, flows with a light cyan light, and is engraved with all kinds of mysterious divine symbols.

Although it fell to the ground and was incomplete, ye Chen felt a burst of peace in his heart when he looked at the door. His state of mind was very happy, as if he were in the clouds.

"What is that?"

Ye Chen said with some surprise.

"No artifact, fragments of the wonderful gate."

With a wave of her slender hand, the collapsed door stood up again, and a concussion swept away the dust and soil.

"The gate of all wonders?"

Ye Chen was more surprised.

The goddess whispered:

"Tao can be said, but it's extraordinary."

"Name can be name, not name."

"Nameless, the beginning of heaven and earth; famous, the mother of all things."

"These two are synonymous with each other. They are called xuanzhi, xuanzhi and xuanzhi, and the gate of all wonders."

She sang softly, which ye Chen didn't understand, but her heart was quiet, as if she had a wonderful understanding of the road.

The heavenly daughter then said, "the gate of all wonders is the place where the great road lies. It is said that through the gate of all wonders, you can escape from reality, step into the infinite space and time, and get eternal transcendence."

Tiannv Lianbu gently moved to the door of Zhongmiao and gently pushed the door open.

After the door was opened, there was an indescribable and mysterious cave world, emitting a green, mysterious and ancient atmosphere.

Ye Chen was nervous and said, "this... Can this really go directly through time and space?"

The fairy smiled and said, "it's just a legend, not to mention that these wonderful doors are just a fragment, not complete, and it's impossible to really let people escape."

The heavenly daughter gently stroked the door and said, "we're lucky. There's still half of the energy left in this wonderful door. The attack and killing are insufficient, but the defense and health preservation are more than enough. I've been obsessed with you for a day. If you have an understanding of Tao, if you step into the wonderful door, maybe you can let me break through."

Hearing her words, ye Chen blushed slightly and was a little embarrassed.

Tiannv "Puchi" smiled and said, "why, don't you like me?"

Ye Chen hurriedly said, "no... no, just..."

The heavenly daughter gently stroked his cheek and said, "don't think about the future, put down your obsession, and face your heart directly. As long as you are happy now, that's enough."

"Put down your obsession and face your heart directly..."

Ye Chen was stunned. This is the secret of Wu Zu and Hongjun, who especially taught him to break through the shackles of the heart.

At this time, hearing the goddess say, ye Chen felt more cheerful and subconsciously close to the goddess.

The heavenly daughter suddenly changed a little, gently pushed her away and said, "forget it, wait for me here, I'll go in and shut up."

Ye Chen's heart tightened and said, "sister tiannv, I don't have much time. I have to go back to Ren extraordinary. I have an important agreement with him."

With a cry of "ouch", the heavenly daughter said angrily, "you just lost your life with me, and you forgot me so soon? Only remember your extraordinary predecessor Ren?"

Ye Chen was dumbfounded and didn't know how to answer for a moment.

Tiannv smiled again and said, "well, I won't delay too long. You wait for me for one day at most."

Ye Chen thought, if it's only one day, it should be time to go back to see Ren Feifan, and said, "well, sister tiannv, you should do it as soon as possible."

The heavenly daughter sighed and said, "Alas, little guy, it seems that in your heart, it's still Xiao Fan's weight, and it's more important. In the future, when I fight with his destiny, you will probably help him instead of me."

Ye Chen was silent and did not answer.

Knowing that ye Chen was in a dilemma, the heavenly daughter smiled and said, "well, I won't force you, just hope that if I am really killed by Xiao Fan in the future, you can help me collect my body."

Ye Chen said, "sister tiannv..."

The heavenly daughter looked at Ye Chen, thought for a moment, or came over and gently hugged Ye Chen, as if it was some kind of farewell, and turned to enter the door of all wonderful things.

Bang!

When the doors of all wonders are closed, all the light disappears.

It was dark around, and ye Chen felt the air change.

Previously, the goddess of heaven had been around him, and his nose was always haunted by each other's elegant fragrance. At this time, the goddess of heaven entered the gate of all wonders to practice, and the elegant fragrance also disappeared, which made him feel disappointed.

Ye Chen's mood is a little complicated. He doesn't know how to face the goddess in the future. If he really wants to meet her in life and death, he doesn't know how to start.

But after a pause, ye Chen shook his head and restrained his inner thoughts.

In the future, we will talk about things in the future. For everything we do now, as long as we have a clear conscience and leave no regrets, it is enough.

Ye Chen is waiting silently outside the gate of Zhongmiao.

The goddess of heaven went in to practice, but there was no breath leaking out. The door of all wonders was always silent, and ye Chen could not detect any sound.

Finally, one day later.

The ancient and silent door of all wonders gradually filled with a wisp of blue light, and then the blue light became more and more rich, like the darkness of the sky, with the wonderful connotation of the extreme way blooming.

WOW!

Finally, the wonderful doors suddenly opened.

A cool and elegant figure emerged in the world at the door, surrounded by thousands of blue lights, thousands of gold lights, thousands of red neons, and walked out step by step.

That's Ren tiannv.

At the moment, Ren tiannv's cultivation breath soared, far beyond the past, majestic to an incredible level.

"Sister tiannv..."

Ye Chen's pupils contracted, and he could clearly feel that Ren tiannv had broken through.

Chapter 7756

At the moment, she is already standing at the peak of martial arts in the world, the ranks of the nine layers of heaven in the boundless realm!

Her body is surrounded by ice Phoenix, wishing the fairy pool to be bright.

Originally, the wishing fairy pool was chopped by the legendary staff, and its breath has been greatly weakened.

But at this moment, the aura of the wishing fairy pool has been completely restored.

Tiannv broke through, and her breath was immeasurable, and the wishing fairy pool was completely restored.

Boom— —

She broke through the violent atmosphere, and even rose into the sky, breaking through this dead land of the ruins, crushing hundreds of millions of space barriers, and directly penetrating the world of the Taishang.

The light of the supreme world shines on this dead land of Guixu.

When ye Chen looked up, he could see the scorching sun of the supreme world. There were also figures displayed in the sky. It was the feather emperor and others.

The feather Emperor didn't find the bodies of Ye Chen and Tian NV, so he didn't leave and searched everywhere...

At this moment, seeing the weather of the breakthrough of the goddess of heaven, it rose into the sky. In that weather, Fairy Light surged, ice Phoenix floated, and all the wonderful ways converged, which made the ancient emperor Yu Huang, Hong Chunqiu and others fall into a huge shock.

"Ren tiannv, this guy... This guy actually broke through!"

The feather emperor trembled all over, and the palm of his hand holding the legendary staff was also shaking constantly.

Originally, in this world, he is the only one who can step into the boundless realm and the nine layers of heaven.

But at this moment, there was another person at the peak of martial arts.

That is, Ren tiannv!

The ancient emperor Yu Huang never thought that Ren tiannv was not killed by herself, but broke through.

Hong Chunqiu sweated coldly and said, "Your Majesty, what should I do to break through? The legendary staff has run out of energy."

If the ancient emperor Yu Huang can still use the legendary staff, he may be able to suppress Ren tiannv.

However, the problem is that the legendary staff, which is a fragment without artifact, needs to store energy every time it is used.

Now the energy of the legendary staff has been exhausted. If you want to use it again, unless it is full of energy, it is more difficult than going to heaven.

"Good, very good, tiannv, I didn't expect you to break through! You even got the gate of all wonders. As expected, your family has the protection of the God tablet of the emperor, and you have great luck!"

The ancient emperor Yu Huang stared down, penetrating hundreds of millions of miles of space, and could see Ren tiannv and ye Chen standing side by side, with a door standing beside him, which was the gate of all wonders.

"Today, you won! But I wanxu is in the heaven. If you want to attack me, you are far from qualified! Let's go!"

The feather emperor's face and expression changed constantly. In the end, he didn't choose to fight again, but took people away.

He knew that even if he fought again, he could no longer suppress the heavenly daughter. It would only be the end of burning jade and stone, which was meaningless.

"Sister tiannv, the feather emperor is gone."

Ye Chen was overjoyed to see the ancient emperor leave, and then felt a soft body close to her, and her red lips were light.

The goddess of heaven was like a dragonfly skimming the water, and said with a charming smile, "today I can break through and save the danger. Thanks to you, this is a reward for you."

Ye Chen was no longer embarrassed or cramped at this time. He chose to face his heart directly, so naturally, he hugged the soft waist of the goddess and said:

"Then how can you repay me? Can you lend me Binghuang Tianjian?"

Ye Chen looked at the ice Phoenix Sky Sword on the waist of the goddess of heaven, but his heart was blazing.

At this point, when it comes to important business, the heavenly daughter became serious, gently pushed him away and said, "I said, you want to borrow a sword, unless you cut the flail a hundred ways." There was a trace of irrefutable dignity in the tone.

Ye Chen was worried. He thought that he and tiannv were so close that he could do whatever he wanted. It seemed that he still thought too much.

Tiannv has her own bottom line and principles, and she is never obedient. Once major cause and effect and vital interests are involved, she will not blindly follow Ye Chen.

Seeing ye Chen's somewhat lost appearance, tiannv smiled and said, "now I can't lend you the sword, but I can take you to my ice Phoenix world Taoist temple to have a look. I wish the fairy pool has recovered. You go home with me, and we can take a bath together for a few days."

She spoke very frankly, without any reserve and implication, and expressed her meaning very frankly. She wanted to be ecstatic and happy with Ye Chen. Although the last step could not be done, it was a great pleasure to be together.

Ye Chen's heart moved greatly, but remembering that Ren Feifan was still waiting for him, he shook his head and said, "next time, master Ren is still waiting for me. I want to go back first, tiannv sister."

Seeing that ye Chen was always thinking of Ren Feifan, the heavenly daughter sighed, "well, see you next time. Be careful of the ancient emperor Yu Huang. He won't let Xiao Fan break through."

Ye Chen said, "yes, I'll leave first." Then he turned and left.

.....

Ye Chen left the Taishang world and returned to the dark forbidden sea. He just felt like a dream. He walked lightly and was not practical.

The goddess of heaven became so open and fiery, which really made Ye Chen like a dream, as if in the clouds.

In other words, she has always been so open, just repressing herself.

Until this moment, almost killed by the emperor, she understood the true meaning of life and decided to cherish her eyes, so she no longer hid her feelings.

Ye Chen's heart is both happy and worried. This is just a bad relationship, and there will be no good results.

Shaking his head, he naturally followed his heart's choice, and did not worry too much, just a clear conscience.

Chapter 7757

.....

At the same time, Taishang is on the top of the world, in the realm of the feather emperor.

The ancient emperor Yu Huang returned in defeat, and the atmosphere of the entire wanxu temple was extremely depressed.

The goddess of heaven has broken into immeasurable territory

Chapter 7758

Ye Chen was overjoyed and looked at the sky. At this time, the sun moved west. It was already in the afternoon. It was only two hours away from sunset at most.

In other words, after two hours, Ren Feifan can break through the customs.

Thinking that Ren Feifan can also step into the peak of immeasurable realm, ye Chen's heart is a burst of ecstasy, I don't know what kind of realm it will be.

He waited silently outside the closed place.

After waiting for no more than a quarter of an hour, ye Chen suddenly felt the earth under his feet shake violently.

Looking up, the sky was full of white brilliance.

The vast laws of heaven are turbulent everywhere, such as the anger of heaven, which erupts violently.

In the sky, thunder, Blizzard, rainstorm, gale, whirring, like the end...

WOW!

Torrential rain fell on the island of beimangzu.

Ye Chen, Ji Siqing, Wei Ying and others were stunned.

Ye Chen caught the danger and immediately summoned the blood dragon, Xiaohuang and night endless.

In the shocking rainstorm and wind and snow, a figure gradually appeared, surrounded by thousands of fine awns, brilliant as an ancient god, with the book of heaven floating behind, holding a sword obliquely in his hand.

That sword, actually adhering to the will of heaven, has the great fortune of heaven, and is vast.

"Justice!?"

When ye Chen saw the figure, he was shocked.

That's the reason of heaven, and it has been able to manifest human form.

"Ren Feifan, come out. It's also time for you and me to score!"

"I'd like to see if you, the destiny of Ren family, can replace my position of justice!"

The voice of the divine principle was loud and far away, which made the law of beimangzu shake, the forest rustle and shake, and an echo rang out among thousands of mountains and valleys.

Ye Chen, Ji Siqing, Wei Ying and others suddenly felt incomparable pressure.

Ren Feifan didn't respond. He was obviously at a critical juncture of the breakthrough.

"Protect senior Ren, break through! Stick to the sunset!"

Ye Chen roared, made a quick decision, and ordered him to go on.

"Yes, master!"

Xiao Huang immediately opened the guard array of Beimang ancestral land, a round shield like array to protect the whole ancestral land.

The high-level elders in Beimang ancestral land, many strong people, also appeared and saw the man floating in the sky. Everyone felt dignified.

That man is the legendary reason of heaven. At this moment, he is in charge of the sword of heaven, surrounded by the book of heaven, and the weather is more magnificent than ever before.

Blood dragon, Ji Siqing, Wei Ying, ye Wuwei and others also felt the threat of heaven, and released their own aura to strengthen the guard array.

Tianli held the Heavenly Sword and slashed down with a fierce sword. The guardian array was unmoved, but many Beimang strongmen who maintained the array vomited blood on the spot and fell to the ground, obviously shocked.

"Hehe, the protection of your array is good, but I want to see how long you can last."

The reason of heaven disdained to smile, waved his sword and cut it out again and again, and fiercely chopped the sword Qi on the guard array.

The protective array of Beimang ancestral land is extremely strong, and the divine principle cannot be broken in a short time.

But he was not in a hurry. As long as all the people who maintained the array were shocked to death, the array would naturally be defeated.

Ren Feifan will leave the pass before sunset.

There are still two hours before sunset. Time is enough.

With a smile, Tianli chopped down a sword. Each sword was heavy, and the fall of each sword made many Beimang strong men spit blood.

"Ren Feifan, you haven't come out yet. Do you want to see them all killed by me?"

Tianli shouted loudly. The sound shook the sea area and aroused thousands of waves, which was magnificent.

The sky full of natural disasters and blizzards, rolling thunder and rain, set off his invincible majesty.

In an instant, even Ji Siqing, Wei Ying and others were a little overwhelmed and pale.

Ye Chen gritted his teeth. The tenacity of the divine principle was beyond his expectation. The positive confrontation was pure death. Only by delaying time and striving for Ren extraordinary exit, could he have a glimmer of vitality.

"Dou Zi Jue, array Zi Jue, Dou Di Tian Jian array!"

Ye Chen shouted violently, Brahma divine skill broke out, Dou Zi Jue and array Zi Jue were launched at the same time, and even many heavenly swords burst out.

With the reincarnation Heavenly Sword as the core, seven heavenly swords quickly formed a large array, covering the original array of beimangzu, fighting with concussion to resist the attack and killing of heaven.

Ye Chen summoned the blood dragon, and the Royal Dragon flew to the sky, sitting in the center of the array, and the Hongmeng starry sky bloomed out again, guarding it to death.

He doesn't fight, just guard, guard any extraordinary!

Tianli looked at Ye Chen and blood dragon in the center of the array, and his eyelids pulled, emitting a trace of anger, saying:

"It's you who took the dragon soul from the sky. The dragon soul you swallowed will be vomited out to me today!"

The voice fell, and Tianli suddenly held a sword and killed Ye Chen and blood dragon in person.

The violent will of the sword of heaven broke out violently. Under the roar of the sword, a sacred land of heaven was even launched in the void, magnificent and invincible.

The majestic celestial territory, mixed with the overwhelming sword Qi, snapped and chopped down, so that the array arranged by Ye Chen was also inch by inch burst, which could not be stopped at all.

"The holy cup of human slaughter, stop it for me!"

At the critical moment, ye Chen drank violently and directly released the holy cup of human slaughter.

Zheng!

Rentu Holy Grail appeared in time, blocking the sword of justice.

The blood flowed out of the golden grail, with a strong smell of blood and murderous smell.

Ye Chen urges people to kill the Holy Grail, constantly squeezing the aura of the Holy Grail to supplement the array.

Chapter 7759

WOW——

Supplemented by the Holy Grail aura, ye Chen's Tianjian array and Beimang zudi's array have become solid and invincible.

However, the light of the Holy Grail is fading rapidly.

Ye Chen wants to sacrifice the holy cup of human slaughter and maintain the operation of the array.

"Boy, you!"

Under the concussion of rentu holy cup, Tianli subconsciously retreated a few steps and stared at Ye Chen.

"Is it worth it to protect Ren Feifan?"

The divine principle is incredible. You know, the Holy Grail of human slaughter is extremely precious. Ye Chen has to sacrifice the Holy Grail and guard Ren extraordinary now.

"Worth it!"

Ye Chen's voice is sonorous and powerful. As long as he can guard Ren Feifan, it's nothing to kill the holy cup alone. If it's really necessary, he can even sacrifice himself!

Crash, crash, crash——

Under the aura of the holy cup of human slaughter, the light of the guard array has become unprecedented vast.

For a moment, the reason of heaven cannot break through completely.

With his strength, if he insists on breaking through, it is also possible, but he must pay a high price. Once he is traumatized, he will face Ren Feifan in the end, and there is only a dead end...

"Good, good, you are willing to sacrifice, I am willing to sacrifice, there is no heavenly book, I suppressed!"

The justice of heaven suddenly burst into a violent drink and offered up the book of heaven.

Wuwutianshu buzzed, and shot down, but it directly broke through the array protection of Ye Chen and others, and went to any extraordinary place of isolation, blasting away.

"What!"

Ye Chen was shocked, but this was unexpected.

Wuwutianshu contains the law of wuwuwuspacetime, and the law of wuwuwu is the most bizarre and can break through all barriers of reality.

The array arranged by Ye Chen can block the heavenly principle, but it can't block wuwutianshu.

In an instant, wuwutianshu had flown to Ren extraordinary's retreat, and with a bang, it exploded into a monstrous wave.

"Senior Ren!"

Ye Chen exclaimed loudly, for fear that something might happen to Ren extraordinary.

At the moment when Ren Feifan is breaking through, he is likely to be on the verge of success or even suffer backfire and die directly if disturbed by the divine reason.

"Hahaha..."

Tianli looked up to the sky and laughed, saying, "if I can stop Ren Feifan's breakthrough, it's not worth my sacrifice, even if I have no Tianshu."

"Damn it!"

Ye Chen saw that Tianli was so arrogant, and his heart was angry. With a pinch of the formula, all the aura of the human butcher holy cup was released and gathered into the seven heavenly swords.

The seven heavenly swords united, blooming an unprecedented towering edge, with a rolling murderous spirit, connected into a line, and fiercely chopped away against the principles of heaven.

The Holy Grail of human slaughter exhausted its aura, the golden light dissipated, and it became a bone cup again. The body of the cup was seriously broken and covered with a layer of spider web cracks.

Ye Chen killed seven swords together, which was a blow containing the murderous spirit of the holy cup of human slaughter. It was extremely angry and sharp.

Seeing ye Chen's fierce attack, Tianli's eyes also shrunk slightly.

This blow, I'm afraid most of the strong emperor can't stop.

And ye Chen, only cut the shackles.

"Good sword spirit! It's a pity that I'm immeasurable supreme, and you can't hurt me!"

The reason of heaven retreated and drove away, his aura was blooming, and all kinds of world laws converged, turning into a light shield, blocking him in front of him.

Bang!

Ye Chen's seven swords exploded and cut on the light shield, but he couldn't cut the light shield, and the seven swords scattered.

The gap between realms is too big. The cultivation of natural principles is limitless.

Ye Chen can only cut the shackles, and even if he exhausts the Holy Grail aura, he can't hurt the other party.

Ye Chen felt the gap in his realm.

In front of the absolute realm gap, no matter how strong the weapons, magic weapons, magic skills, are useless, unless there is no artifact.

But it happens that people who have no artifact and are not in the real world can take charge.

"Well, I'll give you a good time today."

Tianli's eyes turned, and he saw Ye Chen's seven swords killed together, which exhausted the Holy Grail aura, making the guard array much more fragile.

And there was no sound in Ren Feifan's retreat. If you want to come, Ren Feifan was disturbed and failed to break through, most of them were also hit hard.

Tianli was so happy that he waved a sword to cut through the protection of the array and kill Ye Chen and others.

The wind and rain were stirred by the sword, and the snow was rolling, with great momentum.

Seeing the sword of heaven, it was about to fall, but at this time, a bony, slender and powerful palm gently held his hand and stopped his sword breath.

"Is it enough?"

A cold voice sounded around Tianli.

Tianli was scared out of his wits. Looking sideways, he saw that Ren Fanfan appeared beside him and grabbed his hand, making him unable to move.

Let the air flow around Feifan bloom, so that the dark clouds and rainstorms all over the sky and the thunder and snow all dissipate.

The sky was clear again, and the sun shone down.

At this time, the sun has not yet set, but Ren Feifan has ended his retreat and came down in advance.

Behind Ren extraordinary, there is a volume of ancient books, shining in ups and downs.

That is the book of heaven.

"Ren Feifan, you... You..."

The reason is incredible, and his eyes are wide open.

"Thank you for your wuwutianshu. Let me break through in advance."

Let the corners of extraordinary mouth evoke a cold smile.

Ye Chen was surprised when he saw this.

It's natural for me to suffer this.

He wanted to use wuwutianshu to prevent Ren Feifan from breaking through. Unexpectedly, wuwutianshu helped Ren Feifan to break through in advance.

Boom——

On Ren extraordinary's body, an amazing air wave exploded.

That's the breath of the nine layers of immeasurable territory, the highest peak of martial arts in this world!

At this moment, Ren Feifan, as expected, made a smooth breakthrough and reached the highest level, standing in the same position as the ancient emperor Yu Huang and Ren tiannv.

"Impossible! You... You really broke through!"

Tianli was creepy and terrified.

There is a huge difference between the eight storey sky and the nine storey sky in boundless territory.

Only nine layers of heaven is the real peak of martial arts, which is superior to all ages.

At this moment, Ren Feifan stepped into the peak realm of arrogance.

"Damn it!"

The reason of heaven was so shocked that he quickly stepped back and threw a backhand sword at Ren Feifan.

"Can you go?"

Ren Feifan bent his fingers and shot the sword of the world that day. With only one hit, it was blown to pieces, and the will of the world of heaven could not hide his brilliance.

With a wave of Ren Feifan's hand, the aura of heaven and earth was cast into a sword, which broke through the air and killed Xiang Tianli.

The sharp edge of this sword is so sharp that it is almost enough to break the world. The sword Qi tears the void and sends out a sharp sonic boom.

Ye Chen was shocked. Ren extraordinary made a breakthrough. His divine power was fierce, and he didn't know how much stronger he was than before.

The reason of heaven is dead. He can't stop Ren extraordinary's sword.

Ye Chen thought like this, but at this time, a pale and dark palm opened, and with a bang, dangled Ren Feifan's sword.

Chapter 7760

"Huh?"

Ren Feifang's eyes were cold, staring at the cracked palm.

The palm was filled with black magic gas, and the ancient scriptures bloomed layer by layer, which was the palm of the demon ancestor Wutian.

"Mozu Wutian, thank you very much!"

Tianli narrowly escaped death. He was so frightened that he was in a cold sweat that he didn't dare to stay any longer. He hurriedly turned around and ran away.

Magic ancestor Wutian's palm also retracted into the void, and did not say a word from beginning to end.

"Hum!"

Ren Feifan snorted coldly, his eyes turned, and he didn't know what he was thinking.

When Tianli retreated, Ji Siqing, Wei Ying and others breathed a sigh of relief, looked up at Ren Feifan's proud figure, and marveled at his strength.

"Elder Ren, what's the matter? Is it Mo Zu Wutian who saved Tianli?"

Ye Chen flew up and asked.

Ren Feifan's sword just now was clearly going to kill Tianli, but it was blocked by Mo Zu Wutian...

Ren Feifan said, "hehe, it seems that the demon ancestor has no heaven. He didn't want to see our power is too strong, so he stopped it."

If you can kill the heavenly principle and devour its aura, Ye Chen's side will naturally be greatly prosperous.

However, it is obvious that Mozu Wutian doesn't want to see this.

Ren Feifan also didn't care, saying, "well, the reason of heaven has been defeated in my hand. His heart has a magic barrier, and he can't turn over any waves. Don't worry about him anymore."

Ye Chen said, "yes!"

Recalling that just now, Ren Feifan almost killed Tianli with only one sword, ye Chen was shocked.

At the moment, Ren Feifan is really invincible.

"Master Ren, congratulations on the breakthrough!"

Ye Chen congratulated with joy.

"I can break through this time. Thank you very much, boy."

Ren Feifan patted Ye Chen on the shoulder, and his tone was full of gratitude.

If ye Chen hadn't found the heavenly blood god pill and worked hard to protect his way and block the heavenly principle, he might not have been able to break through smoothly.

"It's all right. I should repay you for helping me so many times."

Ye Chen laughed.

Ren Feifan nodded, and suddenly his face sank. His eyes looked at Ye Chen, as if watching fire, and said, "the heavenly daughter has also broken through. In the future, I will fight with her, I'm afraid it's difficult to win."

At this time, he broke through, penetrated into the mystery of heaven, and felt Ye Chen's journey to the supreme level, with many twists and turns. Through Ye Chen, he also felt the weather of the breakthrough of the goddess of heaven.

Ye Chen was silent for a while, and finally said, "elder, no matter what, I will stand on your side."

Ren Feifan sighed and said, "your relationship with tiannv seems to be much closer. I can smell her smell from you. You are extremely contaminated with her, and I am very grateful for being willing to stand on my side."

After a pause, Ren Feifan added, "however, you don't have to deliberately protect me, just follow your inner choices. As Hongjun said, as long as you have a clear conscience, you can live up to yourself."

Ye Chen was dazed, his eyes were then firm, and said, "yes!"

Ren Feifan asked, "did you find the trace of Tianbei when you went to Taishang world before?"

Ye Chen shook his head and said, "no, I didn't find any trace. I was almost killed by the ancient emperor Yu Huang."

Ren Feifan pinched his fingers and counted, slightly dignified: "HMM... the ancient emperor Yu Huang actually launched the legendary staff. I don't know where he accumulated the energy."

Ye Chen recalled the power of the legendary staff. He was also terrified and envious. "Elder Ren, do you know the whereabouts of artifact fragments? I also want one."

The complete artifact, ye Chen also has, is the emperor's holy knife, but it can't be completely urged.

What he wants is fragments without artifact, so that it is possible to fully urge.

Ren Feifan smiled and said, "there are no artifact fragments, the legendary staff, the wonderful gate, the boat of sin, the sword of judgment, the gourd of heaven and earth, the epic mirror and so on. Everything is an existence against the sky. I don't know where it is scattered. I want it all, but I don't know where to look."

Ye Chen was embarrassed. It seemed that there were no artifact fragments. It was indeed extremely precious. He didn't even know where he was re elected.

"Wuwuwuartifact is gone. There is a volume of wuwutianshu. You can understand it well."

Ren Feifan hands Wu Wutian's book to Ye Chen.

Ye Chen's heart moved, wuwuwutianshu, which is the first of the four Tianshu, contains countless ancestors, and the philosophical thinking of wuwuwutianshu is very precious.

"If you refine this book, it may be a great gain for you to understand everything."

Ren extraordinary way.

As soon as his voice fell, the book of the universe burst into light.

The aura twisted and turned into human form, which was the spirit of wuwutianshu.

"Ren Feifan, Lord of reincarnation, you must be careful not to melt my spiritual body, and I am willing to obey."

That day, the bookcase spirit, whose voice was very respectful, expressed obedience.

Now that justice has been defeated, he no longer has any resistance.

Ren Feifan looked at the book spirit that day and felt a burst of emotion.

At the beginning, when he first went to the inner earth, he had a hand with the spirit of the heavenly book, and was injured by the latter.

But at this moment, he can easily crush the spirit of the heavenly book.

At this time, with the passing away of the principle of heaven, the breath of the spirit of the heavenly book was greatly weakened, and it was no longer as fierce as it was at the beginning, but it was also a powerful help, which could help Ye Chen.

Ren Feifan said, "from now on, you will assist reincarnation. If you have two minds, I will drive you out of your wits!"

Ren Feifan flexed his fingers and planted a soul print in the head of the spirit of the heavenly book.
