Chapter 7771

Ye Chen was overjoyed and said, "thank you!"

Ren Feifan "Hmm", looked up and down at Ye Chen, and said, "can you continue to cut the flail?"

Ye Chen carefully sensed his body. At present, the number of flails he cut has been 90, and there is still a gap between the six sections of the cervical spine, the skull, the eyes, and the heart.

Each of these shackles is extremely strong. If you want to cut off, relying on your own aura is far from enough. You must supplement it with external energy.

Ye Chen shook his head and said, "no, cutting 90 flails is already my current limit. For this reason, I even sacrificed my wish Tianxing."

Ye Chen offered his wish Tianxing with some heartache. At this time, the planet had completely withered and dimmed, exhausting all aura.

Ye Chen took out all the aura of wish Tianxing and cut off his flail. If it weren't for the help of wish Tianxing, the yoke of his cervical spine might be cut continuously.

Ren Feifan also saw Ye Chen's difficulties. If ye Chen still wants to cut the flail now, he may have to sacrifice the core treasures such as the yellow spring map, the eight heavenly swords, the reincarnation xuanbei, etc., which is unacceptable.

Then he took the road:

"Well, don't force yourself until I find out the coordinates of the sentient world."

"You have great fortune. If you can step into the world of sentient beings, you will have an adventure. At that time, you can break through the shackles again..."

Ye Chenxi said, "thank you, elder Ren, for your understanding!"

He is most afraid that Ren Feifan will force himself to cut off his flail, which is likely to backfire.

Now the number of his flail cutting has reached 90. If he cuts the flail again, he doesn't need special field assistance, as long as he has enough aura.

In other words, ye Chen can chop flail again even if he is not in the forbidden area or in the chop flail martial arts field.

After the agreement, Ren Feifan left the forbidden area to secretly investigate the coordinates of the sentient world.

Ye Chen and the demon emperor stayed in the Forbidden City, temporarily staying in the goddess mu Yinxi mansion, waiting for the news of Ren extraordinary.

Three days passed in a hurry, and Ren Feifan came back as promised.

Ye Chenzheng and the demon emperor, mu Yinxi, shanrou and others, in the backyard of the goddess mansion, exchanged views to confirm their martial arts. Seeing Ren Feifan's return, they were immediately overjoyed and came forward to greet him:

"Master Ren, you are back."

Ren Feifan gave a "hum", and his face was slightly dignified.

Ye Chen was a little uneasy and asked, "did you find the coordinates of the sentient world?"

Ren Feifan sighed, "I didn't find it, but tiannv found it, but she wouldn't tell me."

Ye Chen was stunned, recalling the dribs and drabs of her relationship with tiannv. The other party's body temperature and fragrance seemed to linger on her nose again. She couldn't help but feel hot and dry, and said, "tiannv elder sister... Tiannv elder generation won't say?"

Ren Feifan looked at Ye Chen rather strangely and said, "the goddess said that if you want to know the location of the sentient world, you can go to the ice Phoenix world to see her in person. She said she wanted to see you."

The realm of ice Phoenix is the world ruled by the goddess of heaven, and the Daoist field of wish God.

Ren Feifan's words fell. The demon emperor, shanrou and mu Yinxi were all stunned, and then showed a gossip expression of watching a good play, looking at Ye Chen.

Ye Chen blushed and was at a loss.

Ren Feifan said, "there is a dark blue road in the hell world, which can lead to the world of Taishang. Do you want to go? I'll let the heavenly daughter come out to pick you up, and you can meet her."

Ye Chen waved his hand again and again, and said anxiously, "elder, don't be kidding. Isn't this heavenly daughter amusing me?"

Ren Feifan said with a smile, "she's not a pastime for you. She really likes you. Stretch out your hand."

Ye Chen said, "what?"

Ren Feifan said, "stretch out your hand, left hand."

Ye Chen said "Oh" and stretched out the palm of his left hand.

With a flick of Ren Feifan's fingers, an icy aura came out, wrapped around Ye Chen's left index finger.

It turned out to be a piece of hair.

Ye Chen was stunned and said, "what is this?"

Ren Feifan said, "the love of the heavenly daughter."

"She said, this love can protect you."

"She said that in this world, no one can kill you except her."

"She said she had a deep love for you, and you were her demon."

"She will cut off this love one day."

"When this love is cut off, it is your death."

Ye Chen was stunned. Looking at the hair wrapped around her fingertips, she could feel the deep-seated tenderness, deep-seated attachment, and boundless protection and blessing of the heavenly daughter.

With the protection of this love, it is simply impossible for the general strong to hurt him.

Demon emperor, mu Yinxi and shanrou were stunned when they saw this.

They never expected that the legendary goddess of heaven would be so attached to Ye Chen.

And this attachment, but with a murderous intention!

One day, the goddess of heaven will wield her sword to cut off her love and kill Ye Chen!

Ren Feifan said, "how about it? Are you going to see the heavenly daughter?"

Hearing the words, ye Chen was still stunned, looking at the love on his fingertips, speechless.

Ren Feifan added, "however, I advise you not to go. Look at her fiery appearance. If you go to her side, she's afraid she won't help eating you."

Ye Chen recalled the burning and tenderness of the goddess of heaven, and shivered all over.

Ren Feifan said, "give me a few more days, and I'll check for you."

With that, Ren Feifan wanted to leave and go out to investigate the coordinates of the sentient world.

"Wait!"

At this time, the goddess mu Yinxi suddenly stood up and asked with some surprise:

"You... Do you want to go to the sentient world?"

In the past three days, ye Chen has not revealed anything about the sentient world, so she knows it now.

Ren Feifan said, "yes, girl, do you have a clue?"

Mu Yinxi said, "I have been to the world of sentient beings!"

This word fell, and Ren Feifan was surprised.

Even ye Chen came back to his senses and said, "Miss mu, have you been to the world of sentient beings?"

Mu Yinxi said, "yes, I've been traveling before, and I accidentally stepped into the world of sentient beings and came into contact with the emperor's book."

Ye Chen was shocked and said, "is the emperor's book in the realm of all living beings?"

He knew that mu Yinxi's magic power was greatly related to the emperor's God book, but he didn't expect that the emperor's God book was in the world of sentient beings.

Mu Yinxi said, "yes, I met the book of the emperor of the earth in the world of sentient beings, and almost brought it back. Unfortunately, I finally met someone, who cut off my chance."

Ye Chen asked subconsciously, "who is it?"

Mu Yinxi frowned slightly, as if recalling his past experience, and said, "he said his name is... Ye Linyuan? Yes, ye Linyuan, that's the name!"

"Ye Linyuan!?"

Hearing these three words, ye Chen's face trembled.

Chapter 7772

Mu Yinxi shook his head and said, "I don't know. The treasure of the emperor's book can't be taken away by brute force alone. It depends on fate. At least I can hold the emperor's book up, but ye Linyuan can't. before I leave, he was still working hard, but it doesn't seem to be able to succeed."

Ye Chen and Ren Feifan looked at each other and breathed a little relieved.

Ye Chen hurriedly asked, "didn't Ye Linyuan hurt you?"

Mu Yinxi said, "he was going to kill me, but he finally let me go. I think it was Wu Zu's protection."

Ye Chen secretly pinched a sweat for mu Yinxi. Ye Linyuan was also related to reincarnation, but he was a very fierce strong man. In those years, he almost died in the hands of the other party.

Mu Yinxi was born in the forbidden area. There are countless connections between the forbidden area and Wu Zu. It may be because of this that ye Linyuan didn't fight at last. She was lucky, and it was indeed Wu Zu's protection.

Mu Yinxi then said, "that ye Linyuan finally wanted to take me as an apprentice. He said that he was a member of the Ye family of the Supreme Lord, backed by the wanxu temple, and had strong power. He wanted to take me to the Supreme Lord, but I didn't agree. Fortunately, he didn't embarrass me and let me leave. It was the blessing of Wu Zu."

At last, mu Yinxi's face was fluky, and she was obviously afraid of Ye Linyuan's dignity. If it weren't for Wu Zu's protection behind her, she wouldn't know how many times she had died.

"Do you know ye Linyuan?"

Mu Yinxi saw Ye Chen's appearance like a great enemy, and Ren Feifan was also quite dignified, so she couldn't help asking curiously...

Ye Chen shook his head and said, "it's a long story. Miss mu, please tell me the coordinates of the sentient world."

Mu Yinxi hesitated and said, "brother ye, are you going to the sentient world? That's the territory of the truth Buddha. The supreme will wants to bury reincarnation. If you go to the sentient world, the truth Buddha will not let you go!"

Previously, when the old Lord told the secret of the sentient world, mu Yinxi, shanrou, and the four elders of forbidden heaven all left the scene, so she didn't know the mystery of the sentient world, and thought that the Buddha of truth wanted to kill Ye Chen.

Ye Chen laughed and said, "don't worry, Miss mu, the Buddha of truth won't hurt me. Just tell me the coordinates of the sentient world."

Mu Yinxi was still a little worried, but finally took out a map and said, "brother ye, this is the map of the world of sentient beings. I marked the location of the earth Emperor God book on it. Be careful."

Ye Chen took the map, which also contained a piece of information, which simply included the distribution of forces in the sentient world.

Ye Chen unfolded the map, and sure enough, he saw that the location of the emperor's God book was clearly marked on it, which was in a place called "the emperor's cave".

Mu Yinxi said, "that ye Linyuan may not have taken away the book of the emperor of the earth. He is not a predestined person. Brother ye, you may be able to go and have a look, but you should be careful about everything. The strength of Ye Linyuan, even in the world, is extremely terrifying."

Ye Chen's heart moved. The emperor's divine book was one of the three emperors' treasures. If he could get it, it would be better. He said to Mu Yinxi, "Miss mu, thank you!"

The demon emperor looked at the map of the sentient world, and everything became clear. He instantly sensed the coordinates of the sentient world and said to Ye Chen, "boy, we will go to the sentient world to find the old baby!"

He felt that his time was running out. In a short time, a year at most, or even three to five months, his soul would explode and fall completely.

Only by finding the incarnation of Wu Tian's good thoughts, the original baby can solve the current dilemma.

Mu Yinxi wondered, "what baby?"

Ye Chen laughed and said, "nothing, Miss mu. Anyway, thank you very much."

Mu Yinxi smiled and said, "brother ye, you have saved my life. This help is nothing. Be careful yourself. The door of my fairy house will always be opened for you. You will always be my good friend."

Ye Chen thanked again, and was ready to set out with the demon emperor to the sentient world.

Mu Yinxi and shanrou bid Ye Chen farewell.

Before leaving, Ren Feifan alerted Ye Chen again and said, "be careful Ye Linyuan!"

Ye Chen nodded with a chill in his heart. Keeping alert in his heart, he tore the void with the demon emperor and rushed to the world of sentient beings.

The sentient world is a world to Buddha.

All living beings in this world respect Buddha and worship the Buddha of truth.

The Buddha of truth is the king of all living beings and holds the supreme power.

Fortunately, the Buddha of truth only pursues truth, and has no intention of being the enemy of reincarnation, and even believes that reincarnation is the supreme truth.

Therefore, when ye Chen stepped here, he didn't have to worry about the interception of the Buddha of truth. The other party would not hurt himself. The majesty of the supreme will is almost negligible here.

Because the Buddha of truth does not believe in the so-called supreme will at all.

Ye Chen and the demon emperor, after entering the world of sentient beings, saw the mountains and rivers in the distance. There were magnificent temples everywhere, and there were many peaks, which were cut into the shape of ancient Buddha, towering and spectacular.

In the sky, from time to time, there are Buddhist golden lights surging, blooming blue lotus platforms, and the smell of Buddhist incense in the air is refreshing and peaceful.

Ye Chen didn't even catch the killing intention in this place, only the pursuit of truth.

Hundreds of millions of believers pursue pure truth, which makes the air extremely pure, without so many intrigues from the outside world.

Hum!

Chapter 7773

At this time, in the center of the eyes of the demon emperor covering the sky, a dark magic mark of the lotus platform appeared, which was the mark of his soul.

"The incarnation of devil Zu Wutian's goodness is indeed in this world!"

The mark on the middle of the eyebrow of the demon emperor flickered. He looked around the world and said, "if I get close to the incarnation of kindness, the mark on the middle of the eyebrow must be touched."

Ye Chen hurriedly asked, "can you sense the location of the incarnation of kindness?"

The demon emperor shook his head, and the mark on the center of his eyebrows also went out at this moment. He said, "the world of sentient beings is too big. Although it is not as big as hell, it is infinite, but the territory is also vast. For a time, it is difficult for me to locate the incarnation of good thoughts."

Ye Chen frowned and said, "since the incarnation of kindness was sent to the Buddha of truth by the old lord, he must practice under the throne of the Buddha of truth. As long as we find the Buddha of truth, we can know the whereabouts of the incarnation of kindness!"

The demon emperor said, "yes, we'll find a way to see the Buddha of truth!"

After their discussion, they flew to a big city in front of them and settled down for the time being.

That big city, called the city of forgetting worries, with sandalwood curling and ancient clocks lingering, is full of magnificent and huge statues of Buddha, which are the statues of the Buddha of truth.

The Buddha of truth is solemn and majestic. Even if it is just a statue, it has the mysterious breath of great truth, which is admirable.

The people of forget worry City, seeing ye Chen and the devil emperor, were not on guard, nor worried about their chaos.

Because there is the seat of the Buddha of truth, any enemy who has evil intentions towards the world of sentient beings will be immediately penetrated, lowered by the Buddha of truth, and directly destroyed...

Therefore, all sentient beings have been calm throughout the ages, and no one has ever dared to make trouble under the protection of the Buddha of truth.

Ye Chen and the demon emperor stayed in the worry free city and asked people for the news of the truth Buddha.

When the people in the city heard that they wanted to see the Buddha of truth, they all told them to die. Don't be wishful thinking.

Because the Buddha of truth is the king of all living beings and the Supreme God among hundreds of millions of believers.

Everyone worshipped the Buddha and worshipped him with fanatical devotion.

Even in the realm of sentient beings, there are few people who are qualified to see the Buddha of truth.

Ye Chen and the demon emperor, two outsiders, want to see the Buddha's true face, which is wishful thinking.

Even ordinary and kind believers couldn't help laughing at Ye Chen and the demon emperor, because it was impossible.

The Buddha of truth lives in the great truth temple, which is the holy land of all living beings.

Ordinary people, not to mention seeing the Buddha, even step into the holy land half a step, it is difficult to climb to heaven.

Ye Chen and the demon emperor lived in the city for three days, and they never heard the path to see the Buddha. The more they inquired, the more they felt the sublimity and majesty of the Buddha of truth, which ordinary people could not touch at all.

The two outsiders are not qualified to get close to the great truth temple.

If you can't see the Buddha of truth, it's harder to find the incarnation of Wutian's kindness in the vast sea of people than to ascend to heaven.

After a few days, still fruitless, ye Chen and the demon emperor were a little frustrated.

Ye Chen raised her spirits a little and said to the demon emperor, "elder demon emperor, I'll go out first and look for the earth Emperor God book. You continue to inquire about the news."

The book of the emperor of the earth is in the cave of the emperor of the earth. It may not have been taken away by Ye Linyuan.

Seeing that the Buddha was hopeless, ye Chen wanted to go to the cave of the emperor of the earth and look for the book of the emperor of the earth.

The demon emperor had no spirit and said, "go, be careful."

Ye Chen "Hmm", hurriedly left the worry free city, tore the void, and went straight to the underground emperor cave.

He thought that he had been taught by the chaotic earth emperor and cultivated the rock mind skill, which might be related to the earth Emperor God book.

The void cracked, and soon, ye Chen appeared outside the Dihuang cave.

As soon as he came down, ye Chen keenly found that strong prohibitions were arranged around the cave, dormant with runes. If he stepped in rashly, he was afraid that he would be seriously injured if he didn't die.

"Is it the prohibition imposed by Ye Linyuan?"

"He really didn't take the emperor's book!"

Ye Chen looked at those prohibitions and thought that if ye Linyuan had taken the book of the emperor of the earth, there would be no need to arrange prohibitions.

Now the prohibitions around the cave are so tight and terrifying that ye Linyuan probably failed to take away the book of the emperor of the earth and stayed in the cave.

In other words, as long as ye Chen breaks the ban and enters the cave, the emperor's God book is his!

Ye Chen's heart was pounding. Now he cut his flail for 90 times, and his combat effectiveness was greatly improved than before. Even if he was a strong man in the five layers of the sky, he could fight and kill.

Although those prohibitions are strong, ye Chen's strength may not be broken as long as he is prepared.

Ye Chen calmed down and wanted to prepare to break the ban, but at this time, he found a wormhole in time and space, and someone came.

He hurriedly hid his breath behind a big tree.

I saw a woman in green, who fell down from the air, with a gentle body and a beautiful appearance. Looking at its breath, the Tianxuan realm was about five days, but the cause and effect of the Qi emitted from her body made Ye Chen very familiar.

"It's the God of wishes, the people under the goddess of heaven."

Ye Chen was secretly surprised that this woman in blue was actually a disciple of the wish God sect.

"What did the goddess send for? Did she also want to seize the emperor's book?"

"Or did she know that I came to the sentient world?"

Ye Chen's heart beat violently, and countless thoughts flashed at once.

Seeing the woman in blue, she walked step by step to the outside of the cave, frowned slightly, and then stepped back, saying to herself, "Ye Linyuan indeed arranged a ban. Fortunately, the lady of heaven is wise."

With that, she took out a crystal stone.

The crystal stone was filled with a trace of hell. When ye Chen looked carefully, his eyes immediately contracted. That was the soul crystal of heaven prison!

The heavenly prison soul crystal is very important to Ye Chen, and it is his only hope to complete the reincarnation holy soul sky.

Before, tiannv wanted to trade and asked Ye Chen to give a kind heart, but ye Chen didn't promise. That day, he couldn't get the prison soul crystal.

At this time, seeing the woman in blue and taking out the soul crystal of heaven prison, ye Chen was naturally very excited.

I saw the woman in blue, summoning the aura of the soul crystal of the heaven prison, and releasing it. The prohibition in front was scattered layer by layer, and all runes were destroyed.

"Well, without the obstruction of prohibition, the Emperor God book is our wish God!"

Seeing that the prohibition had dispersed, the woman in blue was overjoyed and strode forward.

However, when she just walked to the entrance of the cave, she heard a roar, and a green dragon lizard came out of the cave.

"Ouch!"

The woman in green lost her voice and exclaimed. The dragon lizard was very strange. She didn't even notice that there was no breath revealed.

Chapter 7774

Until this time, the dragon lizard suddenly shot out, and the murderous and demonic gas rose into the sky, which made her panic, but it was a little late.

Dragon lizard severely waved his claws and killed the woman in blue on the chest.

"Beast!"

The woman in blue was furious and quickly pulled out her long sword to fight back.

However, the dragon lizard moved very fast, slapped her long sword with one claw, hit her chest hard, hissed, tore her clothes, and scratched a bloody scar.

The woman in blue ate and bit her teeth. Empress Cang retreated.

Dragon lizard grabbed the first chance and gained the upper hand. It was even more powerful and roared and rushed over.

The woman in blue was afraid, so she could only keep retreating and avoiding, retreating and retreating, all retreating to Ye Chen.

"Be careful!"

Ye Chen knew that she was under the control of the goddess of heaven. Naturally, she would not sit idly by. She immediately took out the reincarnation Heavenly Sword, and the imperial sword flew and chopped. With a puff, with only one sword, she killed the dragon lizard...

The dragon lizard moaned, but there was no blood splashing out, but it turned into pure magic gas and completely dissipated.

"Demon without time and space?"

Ye Chen frowned when he saw this.

This dragon lizard has a strange breath. It is obviously not the existence of the real world, but from a demon without time and space.

Fortunately, ye Chen has cut his flail for 90 times, and his strength has improved greatly. Otherwise, he may not be able to kill this demon.

"You... You are..."

The woman in blue looked at Ye Chen blankly, and she only felt that ye Chen was shining all over.

"Are you okay?"

Ye Chen took back the Heavenly Sword and looked at the woman in blue.

In fact, she has the strength of five layers of heaven in Tianxuan realm. If she competes with the dragon lizard demon head-on, she won't be so embarrassed. It's just that she was attacked face-to-face and lost the first chance, which made her so embarrassed.

"Disciple Su Wanru, I have seen the Lord of reincarnation!"

The woman in blue regained consciousness, hurriedly knelt on the ground and saluted Ye Chen.

Now everyone in the wish Shinto knows that the heavenly daughter likes Ye Chen and even gives Ye Chen a piece of love.

Therefore, this Su Wanru is also very respectful to Ye Chen.

Because ye Chen is the man recognized by the goddess!

"Miss Su, get up and talk."

Ye Chen lifted Su Wanru up and asked curiously, "did sister tiannv send you down?"

Su Wanru said, "yes! We have received a message that the earth Emperor God book is likely to be here, and the heavenly lady wants to seize it."

Ye Chen said, "sister tiannv... Did you mention me?"

Su Wanru said, "yes, the Lord of reincarnation may also be in the world of sentient beings. If I meet him, I will meet all your requirements."

Ye Chen said, "then I also want the earth Emperor God book. Will the heavenly daughter also give it?"

Su Wanru said, "Lord tiannv said that the emperor's divine book is no artifact, and those who are destined to get it."

After a pause, she looked at the cave in front and said, "Lord of reincarnation, the book of the emperor of the earth is in front. Let's go in and have a look. Who is the predestined person? We'll know as soon as we try."

Ye Chen nodded and said, "OK."

At that moment, the two walked to the cave.

As she walked, ye Chen looked at Su Wanru and found that her body also had the smell of cause and effect of the sentient world, so she asked:

"Are you a human being?"

Su Wanru said, "yes! I was born in the world of sentient beings, and my family was in the city of forgetfulness. Later, my master sent me to the seat of Lady of heaven to practice."

Ye Chen's eyes lit up, forgetting the worry City, which was the city where he and the demon emperor settled. He said, "I see. It's really fate."

Su Wanru didn't know what he meant by fate, and said, "Lord tiannv said that she was often cold and lonely at night. Lord of reincarnation, if you are free, please go and get together with Lord tiannv."

Ye Chen smiled bitterly and said casually, "sure, sure."

Between their words, the two men had reached the depths of the cave, and there was no danger along the way.

The dragon lizard demon, I don't know whether it was arranged by Ye Linyuan or crawled out of no time and space, there is only one.

Deep in the cave, the environment is actually very bad, with lava, grout, flames and boulders everywhere.

On a stone platform made of lava, there is an ancient book.

The book is completely stone, made of stone, spread out, but there is no text on the stone page.

"Is that the emperor's book?"

Ye Chen looked at the book, and his heart was inexplicably filled with a feeling of shock.

That ancient and inexplicable book seems to contain the majesty of the earth, and all the lava around it, etc., all flow from that book.

Ye Chen even has an illusion that the energy of that book is so majestic that the whole world can't hold it.

Almost at the first moment, ye Chen was sure that there was no artifact. The emperor's God book in the three emperors' treasure, the Qi machine, the emperor's ancient clock and the emperor's holy knife were interlinked.

"The book of the emperor of the earth, ye Linyuan is really not qualified to take it away! If it is in the charge of Lord tiannv, then I hope the divine religion will be invincible."

Su Wanru looked at the book of the earth emperor, and her eyes also showed a burning look.

Ye Linyuan didn't take the book of the emperor of the earth with him at the beginning. It's good that this book stays here endlessly.

At that moment, Su Wanru walked to the molten rock platform step by step with excitement. Her slender hands gathered aura and wanted to hold the emperor's book.

However, an amazing scene appeared. Even with her strength in the five layers of heaven, she was unable to hold the book of the emperor of the earth.

The earth Emperor God book made of stone is obviously extremely heavy.

"Eh?"

Seeing that she couldn't afford to hold the book of the emperor of the earth, Su Wanru was a little unwilling. She took a deep breath and tried to hold the book again, but she still couldn't shake a penny.

Chapter 7775

The book of the emperor of the earth seems to be connected with the stone platform, and it can't be picked up at all.

"Isn't the lady of heaven a predestined person in the book of the emperor of the earth?"

Su Wan frowned gently like a willow eyebrow. She represented the will of the goddess of heaven, but she couldn't hold the book of the emperor of the earth, which meant that the goddess of heaven, like Ye Linyuan, was not a predestined person of the book of the emperor of the earth.

"Let me try."

Ye Chen's heart beat faster. He also became interested and walked to the stone platform.

Su Wanru hurriedly stepped aside and looked at Ye Chen respectfully and expectantly.

She wondered if even she could not hold the book of the emperor of the earth and whether ye Chen could hold it.

Ye Chen looked at the empty page, also took a deep breath, his eyes were concise, and then drank a low voice, mobilized his strength, and tried to hold the book of the emperor of the earth.

To Ye Chen's surprise, he was very smooth, and immediately picked up the book of the emperor of the earth...

The emperor's book was made of stone. Although it was heavy, it was not too heavy to hold. Ye Chen mobilized all his strength, but exerted too much force, staggered and almost fell.

Su Wanru hurriedly held Ye Chen, stared at the emperor's book in his hand, and said, "Lord of reincarnation, you... You hold it up?"

Ye Chen frowned slightly, a little unreal.

Su Wanru said, "how do you feel now?"

Ye Chen frowned and said, "I have no feeling. This book seems to be just an ordinary stone book, with no special aura."

Su Wanru said, "by the way, the emperor's divine book is without artifact. It's difficult for people in the real world to hold it. It's natural that you can't feel special."

Ye Chen turned the pages of the book, and saw that each page of the book was empty, saying, "this book of the earth Emperor God, doesn't even have a word?"

Su Wanru said, "only after you really take charge of the book of the emperor of the earth, can you see the mystery of the book of the emperor of the earth."

Ye Chen pulled at the corners of his mouth and said helplessly, "there is no artifact. How can it be so easy to take charge? Although I hold this book of the emperor of the earth, it seems that I am not destined for someone."

Ye Chen thought that he might not even be as good as mu Yinxi.

After all, mu Yinxi is a magical power that truly understands the secret of the earth Emperor God book and can explode the earth's wrath.

But now, ye Chen is completely unable to touch the mystery of the Emperor God book, just simply holding it up.

Su Wanru turned her eyes, took out the prison soul crystal that day, and said, "Lord of reincarnation, if you don't want the Emperor God book, can you give it to us? I can exchange it with this prison soul crystal."

Hearing Su Wanru's words, ye Chen suddenly shook all over and stared at the prison soul crystal that day.

Compared with the illusory book of the emperor of the earth, he cares more about the soul crystal of the heaven prison!

Because, as long as you get the soul crystal of heaven prison, his reincarnation holy soul sky can be completed!

Ye Chen couldn't believe it and said, "did you exchange the soul crystal of heaven prison and ask tiannv?"

Su Wanru said, "this is exactly what lady Tian meant."

Ye Chen thought, the goddess of heaven has great powers, and perhaps he had expected that he could hold the book of the emperor of the earth.

The emperor's divine book is an artifact that can be mastered by people who are not in the real world.

Ye Chen even pulled out the emperor's holy knife with great difficulty.

If you receive the book of the emperor of the earth, most of them are also thrown in the corner to eat ash. It's better to exchange it with the goddess of heaven in exchange for the soul crystal of heaven prison.

If you can get the heavenly prison soul crystal, his reincarnation holy soul sky can be restored to integrity, which must be of great benefit to beheading flail.

"Well, then we'll exchange. The earth Emperor God book is for you, and the heavenly prison soul crystal is for me."

Ye Chen made up his mind and handed the book of the emperor of the earth to Su Wanru.

Su Wanru took the book of the earth emperor and held it in her hand with a burst of joy.

Before, she couldn't hold the book of the emperor of the earth, but now ye Chen handed it to her and could easily hold it. However, there was still no text on the book, and it was obvious that she had no chance with the book of the emperor of the earth.

Su Wanru thought, "I'm not destined for the emperor's divine book, but lady Tian must be destined for someone! I hope the divine religion can get such non divine tools, so I'm not afraid of the suppression of the ancient emperor Yu Huang."

At that moment, Su Wanru handed the heavenly prison soul crystal to Ye Chen: "Lord of reincarnation, here." The two parties completed the transaction.

After a pause, Su Wanru took out another small bottle and handed it to Ye Chen, "and this one."

Ye Chen looked at the small bottle, stunned, and said, "what is this?"

Su Wanru said, "it's the bathing water of the heavenly lady... Ah, no, it's the water of the wishing fairy pool. She said it's a gift for you."

Ye Chen's eyes lit up, took the small bottle, pulled the lid off the bottle, and saw that inside the bottle, there was a bottle of glittering and translucent nectar of rain and dew, full of aura. It was obviously the water of the wishing fairy pool, which also contained the magic power of the goddess of heaven, and even her fragrance.

Ye Chen shook his heart for a while and thought, "I hope Tianxing has exhausted his aura. With this bottle of fairy water, he may have a chance to recover."

Wish heavenly star was originally born from the wishing fairy pool. Now with the spirit water of the wishing fairy pool, this planet may be able to recover.

"Thank you!"

Ye Chen arched his hand and offered a dim and shrinking wish, Tianxing, and sprinkled the bottle of fairy water on it.

Hum!

Wish the heavenly star to be watered and nourished by the water of the wishing fairy pool. Suddenly, thousands of rosy clouds burst out, and the immortal Qi was thin. In the blink of an eye, it recovered its aura.

Ye Chen was overjoyed and thought, "the heavenly daughter treated me well. If it weren't for her help, my planet would never recover."

That bottle of pool water also contains the magic power of the goddess of heaven, so it can make the wish star recover in the blink of an eye. In this regard, it is also enough to prove that the magic power of the goddess of heaven is powerful and boundless.

Ye Chen took the heavenly prison soul crystal, and immediately stepped on the wish sky star, turned back to Su Wanru and said, "Miss Su, I'm going to use the heavenly prison soul crystal to complete the reincarnation holy soul sky, and please protect the Dharma for me, don't let outsiders disturb."

Su Wanru said, "yes!" Then respectfully guard Ye Chen under the star of the wish sky.

Ye Chen boarded the wish star, sat down cross legged in front of the central sacrificial hall, and then sacrificed the heavenly prison soul crystal, stared, and sighed.

At the beginning, in order to capture the soul crystal of heaven prison, he had many contradictions with the goddess, who asked him to sacrifice kindness and softness, but he didn't agree.

Unexpectedly, in the end, this heavenly prison soul crystal, wandering around, still fell into his hands.

"Reincarnation holy soul heaven, rise!"

Ye Chen drank softly, and the spiritual light bloomed on his head, and the spirit breath vibrated, and a magnificent sky spread out from his head.

That is the legendary reincarnation holy soul day, which was once the supreme artifact of the thirty-three days, ranking

Chapter 7776

Due to the lack of hell soul Road, this piece of sky law is incomplete, and it has never been able to wield its strongest power.

"Holy soul completion, six ways to one, hell soul way, chimerism!"

Ye Chen offered up the heavenly prison soul crystal, operated the military word formula, cut and refined the celestial prison soul crystal, and refined it into fragments of the hell soul path.

Hell's soul path was originally made of Tianyu soul crystal. At this time, ye Chen got Tianyu soul crystal, which was directly forged.

The fragments of the hell soul path have long been broken.

Fortunately, the magic power of Ye Chenbing's word formula was extremely profound. In the blink of an eye, the fragments of hell's soul path were forged on the spot and embedded into the reincarnation holy soul heaven.

Click!

Reincarnation holy soul day, the last fragment, finally inlaid.

The sky is finally restored!

Boom

At the moment of completing the reincarnation holy soul day, waves of majestic grandeur, filled with the breath of soul coercion, erupted from this sky.

Under the star of wish sky, Su Wanru was silently guarding, and suddenly felt a terrible spiritual impact, roaring, startling her to hold her mind in a hurry...

However, the impact of the divine spirit was so terrible that even with her strength of five layers of heaven in Tianxuan realm, it was even difficult to resist.

For a moment, Su Wan snorted stiffly, her face pale, her heart seemed to have been hit by a sledgehammer, her delicate body softened, knelt down, shivered in the direction of Ye Chen, and worshipped.

The impact of the divine soul comes from the reincarnation holy soul heaven!

The reincarnation holy soul heaven represents the reincarnation soul body. Once collected, it can have the strongest spiritual soul power in the world, and all evils will not enter and all laws will not invade.

Ye Chen finally completed the reincarnation holy soul day. At this moment, he felt that his spiritual soul power had reached the invincible realm in the world.

If we only talk about spiritual power, even the ancient emperor Yu Huang and the demon ancestor Wutian can't compare with him.

Previously, in the forbidden area, ye Chen was also sneakily attacked by Emperor Shitian, and was almost swallowed up by demons.

But now, ye Chen is absolutely sure that even if he doesn't defend, Emperor Shi Tian can't shake him at all.

Because his reincarnation holy soul day has been completed, representing his spiritual soul power, reaching the peak of the world, and the demon of emperor Shitian can't hurt him.

Even if the demon in the heart of emperor Shitian reached the peak of cultivation, ye Chen was sure that he could fight!

If the trial of the highest demon really breaks out, everyone in the world will be killed by the demon, but ye Chen is sure that he will not be hurt at all.

In the real world, there is nothing that can shake his spirit!

"Is this the great power of reincarnation holy soul day?"

Ye Chen was deeply shocked. He could feel that his spiritual soul power was so powerful that even the most peak demon could not shake a penny.

If he collides with the spirit of the ancient feather emperor, the spirit of the ancient feather emperor will be crushed by him!

In terms of spiritual strength, ye Chen is already invincible in the world!

"Reincarnation holy soul heaven is worthy of ranking once

Chapter 7777

Su Wanru, who was born in the world of sentient beings and is a member of a noble family, may have a way to meet the Buddha of truth.

Su Wan was stunned and said, "Lord of reincarnation, what do you want to see the Buddha for?"

Ye Chen said, "there are some things to deal with."

The incarnation of Bodhisattva's boundless goodness, that baby was raised by the Buddha of truth.

There is a vast sea of people. If you want to find the incarnation of kindness, you can only rely on the truth Buddha.

Su Wanru didn't ask much, frowned lightly, and said, "the Buddha is supreme, and he is the king of all living beings. If you want to see him, I'm afraid it's difficult to ascend to heaven."

Ye Chen said, "does Miss Su have a way?"

Su Wanru pondered for a moment and said, "well, I do have a way, but I don't know if it's suitable for you."

When ye Chen heard that there was a way, his eyes lit up and said, "what way? Please say!"

Su Wanru said, "come home with me."

Ye Chen nodded and left the cave with Su Wanru...

Su Wanru put away the emperor's book, tore the void, and returned to the city of forgetfulness with Ye Chen.

Fortunately, there was the aura of the earth emperor's divine book just now. Ye Chen filled the reincarnation holy soul sky, and the vision of breaking through the shackles did not spread out, and outsiders did not know it.

When the two returned to forgetful City, Su Wanru said, "the biggest family in forgetful city is my su family." Take ye Chen to Su's house.

Ye Chen nodded and asked, "can you see the Buddha in the Su family?"

Su Wanru shook her head helplessly and said, "the Buddha is supreme. Even if it's my su family, I'm not qualified to be an audience. Fortunately, recently, the great truth temple is about to hold a Buddha election to select Buddhas in the world of sentient beings."

"Although the Su family didn't get the qualification of the Buddha's election, the lady of heaven gave me an ancient decree of truth. With this token, I can directly participate in the Buddha's election."

With that, Su Wanru took out a simple token with the word "Buddha" printed on it.

She then said, "if you can become a Buddha through the election of the Buddha, you can see the Buddha and get great blessings."

Ye Chen said, "in that case, Miss Su, don't you just give me this token directly?"

Su Wanru said, "no, brother ye, I want to tell my family that I originally wanted to give this token to my cousin, who is Ye Linyuan's personal apprentice."

In order not to expose Ye Chen's identity, Su Wanru changed her address to Ye Chen at this time.

"Ye Linyuan's Apprentice?"

Hearing this, ye Chen's pupils immediately contracted violently.

Su Wanru said, "yes, the Lord of the house is thoughtful, and both sides bet that he sent me to learn from the goddess of heaven and my cousin to take refuge under Ye Linyuan's seat. In this way, the battle between the wanxu temple and the wish cult, no matter who wins or loses, my su family will not suffer."

At the end, her tone was rather bleak.

Ye Chen's heart pounded and said, "who is Ye Linyuan?"

He had never known Ye Linyuan's true identity, but now hearing Su Wanru say that ye Linyuan also seemed to be related to wanxu.

Su Wanru said in surprise, "brother ye, don't you know that ye Linyuan, like you, is an existence related to reincarnation. He is now the top level of the Ye family and the right arm of Ye Chunjun."

Ye Chen said, "ye Chunjun?"

Su Wanru said, "well, ye Chunjun is one of the ten ancestors of the heavenly monarch, the ancestor of the supreme Ye family, but he is dying. Ye Linyuan also disappeared in order to avoid disaster."

Ye Chen's head buzzed, and he only felt a mess in front of him, saying, "this... What's going on?"

Seeing ye Chen's appearance, Su Wanru knew that he really didn't know. She knew all the ins and outs, but for a moment, she didn't know where to start. She hesitated for a moment, straightened out her mind a little, and said:

"Brother ye, have you seen Ye Linyuan?"

Ye Chen nodded and said, "yes, he almost killed me at the beginning."

Su Wanru said, "well, in fact, the Lord of reincarnation should be his, not you."

Ye Chen was stunned and said, "why?"

Su Wanru said, "at that time, the destiny of reincarnation should be in the Ye family in the inner earth. The new Lord of reincarnation is about to be born."

"Ye Linyuan is the genius of the Ye family. He is the most likely person to inherit the destiny of reincarnation and become the Lord of reincarnation."

"However, at that time, the Taishang World War ended, the world law collapsed, and there was an urgent need for stability. The Emperor Yu was ready to build eight heavenly swords to consolidate the world."

"Among the eight heavenly swords, the casting of reincarnation Heavenly Sword requires the Heavenly Emperor bone of the Lord of reincarnation. Once the Heavenly Emperor bone is dug away, reincarnation will die."

"Ye Chunjun, the ancestor of the Ye family at that time, regarded Ye Linyuan as his own and loved him very much. He couldn't bear to see him die, so he finally forcibly reversed his destiny and transferred the spirit of reincarnation to a baby."

Hearing this, ye Chen trembled all over and said, "that baby..."

Su Wanru nodded, looked at Ye Chen with burning eyes, and said, "that baby, it was you once. Originally, it belonged to Ye Linyuan. Finally, it was transferred to you by mistake."

Ye Chen's head "boom", a blank.

No wonder he caught the breath of reincarnation in Ye Linyuan.

It turned out that ye Linyuan, who was originally a member of the Ye family in the geocentric region, almost inherited the reincarnation destiny.

It's just that fate changes, and this reincarnation fate is finally transferred to Ye Chen.

Su Wanru then said, "originally, the emperor's bone was dug, and reincarnation will die, but once you, you actually survived. Lord tiannv talked to me about this. She peeped into your previous life with the wishing fairy pool, and finally survived because of a great secret."

"As for what the secret is, tiannv doesn't know."

"But there may be some connection with an old man."

While talking, Su Wanru waved her palm, and a wisp of smoke rose, converging into a picture.

"Here, you see, this is the mysterious old man. Brother ye, if you meet him in the future, you'd better make sure. After all, without him, everything would be gone and you wouldn't be born."

The picture shows a mysterious old man.

The moment Ye Chen saw the mysterious old man, his head almost exploded and said, "this... This is not..."

That mysterious old man is a little like his grandfather on earth!

But it's a little different, but the momentum between eyebrows is very similar.

Su Wanru saw Ye Chen's excitement and said in surprise, "why, brother ye, have you seen this mysterious old man?"

Ye Chen's throat Er er made a sound, trembling all over, unable to speak, only feeling unimaginable.

Is this grandpa or someone else?

If it's true, it's incredible that his grandfather saved his life.

You know, he was born in a previous life, and it's been thousands of years since he was born.

At that time, his grandfather was not born, how could he rescue him?

Chapter 7778

Can it be said that his grandfather reversed the long river of time, crossed the ages, returned to the past, and saved his previous life?

Ye Chen's heart was pounding, and she only felt that there were all kinds of nameless, strange and unpredictable things circling in front of her.

What is the origin of this person! Is this grandpa? Or some kind of will?

Su Wanru hurriedly said, "brother ye, what's the matter with you?"

Ye Chen swallowed his saliva and calmed down slightly.

Fortunately, he has completed the reincarnation holy soul day, and his spiritual will is strong. No matter how much impact he receives, his heart will not be shaken.

Otherwise, in the face of such a strange thing, he is likely to panic and collapse.

"Nothing, nothing, you go on."

Ye Chen waved his hand. His grandfather saved himself in that life. It's really incredible.

Speaking of it, ye Chen hasn't seen her grandfather for a long time. I don't know where he went.

Ye Chen thought deeply. When he sees grandpa in the future, he must ask clearly...

Su Wanru saw that ye Chen's expression was constantly changing, and she was quite worried, but she thought that ye Chen had the reincarnation holy soul heaven to guard, all evils did not enter, and the Taoist heart was never in danger of collapse, so she calmed down and said:

"The mysterious old man saved your life, and finally let reincarnation continue to you."

"Ye Linyuan never had a chance to be the Lord of reincarnation again. He and ye Chunjun flew to the supreme world and became a member of the temple of wanxu, serving the ancient emperor Yu Huang."

Ye Chen calmed down and said with some doubts, "you just said that ye Linyuan is missing in order to avoid disaster. What disaster did he avoid?"

Su Wanru said, "brother ye, you and Lady Tian were almost killed by the ancient emperor Yu Huang. The weapon used by the ancient emperor Yu Huang is the legendary staff without artifact fragments."

"Guess where the legendary staff comes from?"

It needs to accumulate energy to stimulate the fragments without artifact. The energy required is so strong that it may be accumulated for an era, which is far from enough.

The legendary staff of the ancient emperor Yu Huang suddenly accumulated full of energy, and ye Chen was thrilled. He had guessed it and said, "is it... Is it the breath of Ye Chunjun, the ancestor of the Ye family?"

Su Wanru nodded and said, "yes, the ancient emperor Yu Huang was mean and ungrateful, completely ignoring the life and death of his servants. In order to supplement the energy of the legendary staff, he had drained the blood of Ye Chunjun, the ancestor of the Ye family."

"Now, ye Chunjun's life is exhausted and he is almost dead. Ye Linyuan is afraid that it will be his turn next, so he has fled and disappeared. No one knows where he has gone."

"Fortunately, he escaped disaster and disappeared. Otherwise, we didn't have such a smooth way to get the book of the emperor of the earth."

Speaking of the end, Su Wanru's tone also carried a trace of happiness.

The book of the emperor of the earth, without such artifact, ye Linyuan cannot easily let go.

This time, she and ye Chen were able to get it so easily, thanks to Ye Linyuan's reluctance to expose it easily and to avoid the chase of wanxu.

Ye Chen understood everything and felt the ferocity of the ancient emperor Yu Huang.

But now ye Linyuan, hiding in the dark, is also a threat.

Shaking his head, ye Chen didn't think about it anymore. It was not easy for ye Linyuan to kill him. After all, he had any extraordinary guard.

"You said your cousin was Ye Linyuan's Apprentice?"

Ye Chen looked at Su Wanru and asked.

Su Wanru said, "yes, he got the true biography of Ye Linyuan. He cultivated six layers of Tianxuan realm, Tianda perfection, and was very strong."

"Great Perfection on the sixth floor..."

Ye Chen pondered slightly. Now he cut 92 flail. On the basis of comprehensive combat effectiveness, he was enough to kill the strong man on the sixth floor of the ordinary Tianxuan realm.

However, it is still a bit tricky to face the great perfection of the six layers.

Su Wanru weighed the ancient order of truth and said, "I originally promised this token to my cousin, but now you want it, too. I'm in a dilemma. You'd better go home with me and discuss it with my cousin."

Ye Chen nodded and followed Su Wanru back to the Su family mansion.

The identity of reincarnation should not be exposed. Ye Chen assumed the pseudonym of Ye HuangChen, pretending to be a disciple of the God of desire, and came from the same school as Su Wanru.

Ye Chen and tiannv are entangled in thousands of ways. He wants to disguise the disciples of the wish God sect. It is flawless, and the breath of cause and effect is completely consistent, without any omission.

Su lie, the owner of the Su family, is also su Wanru's father. Hearing that ye Chen was visiting and wanted to take the ancient order of truth, he was shocked and hurried to call many elders of the Su family, as well as Su Daoguang, Su Wanru's cousin, to discuss.

In the conference hall, ye Chen, Su Wanru, Su Daoguang, Su lie and others sat down separately.

Ye Chen was ready to move in his heart, but he was calm and calm on the surface. He sat quietly and drank a sip of tea, quietly looking at a man sitting opposite him.

That man is Su Wanru's cousin, Su Daoguang, who has completed the six layers of Tianxuan realm.

From him, ye Chen really caught a trace of Ye Linyuan's breath, and the other party was indeed ye Linyuan's personal apprentice.

Su Wanru stood up and said to Su lie and Zhu Changlao, "Lord of the house, elders, follow the order of the lady of heaven. I can't give you this ancient order of truth. The lady of heaven also wants to run for the Buddha."

She was a little strange to her father's respect, and called him the Lord of the house directly.

After the words fell, Su Wanru handed the ancient order of truth in her hand to Ye Chen.

Ye Chen also stood up, arched his hands towards the people in the hall, and said, "everyone, I'm really sorry. I was ordered by the heavenly daughter to run for the Buddha. This ancient order of truth, we wish the god religion to get back."

Chapter 7779

Hearing Ye Chen's words, everyone in the hall changed color.

Su lie's face was quite gloomy and said, "hehe, the goddess gave the ancient order, and she couldn't help saying that she would take it back again. How can this be true?"

The qualification requirements for running for Buddha are very strict, and the Su family is not qualified.

By virtue of the ancient order of truth, they can participate in the election unconditionally, and they naturally don't want to miss it.

If you can become a Buddha and have the protection of the Buddha, the Su family can ensure eternal youth and immortality.

This is an opportunity to leap over the dragon's gate. The Su family has been preparing for this for some time. Now everyone is furious when they hear that the goddess of heaven wants to take back the ancient order.

Ye Chen said, "master Su, if there is anything offensive, please forgive me."

Su lie snorted and said, "I don't know how many resources I have to offer to you for this ancient decree of truth. Now you have received the benefits of my su family, but you want to take back the ancient decree. Isn't this nonsense? I really think you wish the divine religion can cover the sky?"

These words are very serious and murderous.

In the hall, the sword is drawn, Su lie and many elders, as well as Su Daoguang, their eyes are extremely sharp, staring at Ye Chen...

As long as ye Chen made a slight mistake in answering, they would immediately rush forward, smash Ye Chen into pieces, and seize the ancient order of truth.

Ye Chen knew that he was in a dangerous situation, but he still kept calm and said, "master Su, the resources you gave are dedicated to him. I hope that the divine religion can double return it. This ancient order of truth is to be taken back. Please forgive me."

In Ye Chen's collection, there are many natural materials and earth treasures, which are enough to compensate the Su family. As long as the truth is ancient, he will run for the Buddha.

"Presumptuous!"

Su lie was furious and waved his palm to kill Ye Chen on the spot.

Su Wanru hurriedly stopped in front of Ye Chen and said, "Dad, do you want to offend the lady?"

Su lie heard her "father", and his body trembled slightly and froze in place.

After a long silence, Su lieran said, "if the heavenly daughter broke the agreement first, it can't blame me."

At this time, Su Daoguang, Su Wanru's cousin, stood up and stared at Ye Chen, saying:

"If the heavenly daughter wants to run for Buddha, is it your excellency?"

Ye Chen said, "it's me."

Su Daoguang laughed and said, "your cultivation is no more than cutting off the shackles and trying to run for the Buddha. I'm afraid it's a vain dream. It's better to give me the ancient order of truth. If I become a Buddha, I won't treat you badly."

Ye Chen said, "running for Buddha is not only about cultivation, but also about Buddha's heart qualification."

While talking, ye Chen was full of Buddha light, golden rosy clouds floating, and thousands of precious faces.

He has also practiced Buddhist skills, such as the eight divine sounds of the dragon, the eight Buddha Qi, the Zhenwu kill Buddha array, and so on. His Buddhist accomplishments are quite profound.

At this time, the Buddhist atmosphere appeared, and the appearance was solemn, which surprised the whole audience.

Everyone in the sentient world worships Buddha, and the Su family is naturally no exception.

Seeing ye Chen's Buddhist atmosphere, Su Daoguang, Su lie, Su Wanru and others were shocked.

Ye Chen's Buddha spirit is so deep that he is indeed qualified to run for Buddha.

Su Daoguang was a little unwilling and looked at his master Su lie.

Su lie pulled his cheek and said in a deep voice, "your Buddhist heritage is indeed profound, but in the election of the Buddha, you should consider not only the Buddha's heart, but also cultivation. Your cultivation is too poor. If you run for the Buddha, you will undoubtedly die. It's better to give the truth ancient order to my su family. You can ask for any reward you want."

Ye Chen smiled and said, "although my cultivation is poor, it's enough to fight against the emperor of heaven. Even if there is a cultivation competition in the Buddhist election, it's hard not to defeat me."

These words were calm and sharp.

However, Su lie, Su Daoguang, and the elders of the Su family burst into laughter when they heard Ye Chen's words.

Su Daoguang disdained: "rebel against the emperor of heaven? Your excellency is so big! Do you know what the emperor of heaven represents? I am the emperor of heaven, and I want to kill you, one finger is enough!"

Su Daoguang is the strong man of Tianda perfection on the sixth floor of Tianxuan realm. He has absolute confidence that he can kill Ye Chen with one blow.

After all, ye Chen's cultivation is only to cut off the shackles.

Ye Chen said with a nonchalant smile, "please try."

Su Daoguang looked at Ye Chen's breezy appearance, and his face slightly twitched, thinking, "does this boy really have any ability against the sky?"

At this time, even Su Wanru calmly retreated, as if she had absolute confidence in Ye Chen's strength.

Su Daoguang was afraid for a while, but he thought to himself, how can he not even kill a flail realm with six layers of heaven in his dignified realm? Isn't this a joke?

"Very good, very good. I'll see what you can do to wish for God."

Su Daoguang snorted and gave a hint. The wind was like a sword, sharp and sharp, and stabbed Ye Chen on the shoulder.

His shot was just a feeler, and only three successful forces were used.

Ye Chen saw that he didn't do his best, so he simply stood where he was and didn't move.

Zheng!

Su Daoguang killed him with a hint and hit Ye Chen on the shoulder, but it was like hitting a copper wall and an iron ancient clock.

"What!"

Su Daoguang was shocked for a while, and stepped back two steps. He only felt Ye Chen's physical body, strong enough to be unimaginable. He stabbed it with a finger. Instead of hurting Ye Chen, his fingers ached violently.

Ye Chen cut off 92 flails and trained into an ancient god body. His body has long been extremely strong. Su Daoguang's third success force can't break his defense, and even a hair can't be hurt.

"It seems that it's not so easy for you to kill me."

Ye Chen smiled, his palm suddenly burst out, the light of the Buddha burst, and the eight Fu Tu Qi gathered, turned into a golden pagoda, and hit Su Daoguang mercilessly.

Su Daoguang was thrilled and hurried back.

"I wish that the space would be blocked and the world would not move!"

Ye Chen drank heavily, and a trace of white fog came out of his body, with the divine power of desire, enveloping all around.

For a moment, the surrounding space was completely blocked and motionless.

"Not good!"

Su Daoguang's face changed greatly. Under the space blockade, his body was stiff and could not move for a time.

This space blockade was created by Ye Chen using the power of the wish star.

However, the Su family didn't find it. They all thought it was the magic power of the wish god religion.

Ye Chen took this opportunity to drive eight futu pagodas and hit Su Daoguang again.

Su Daoguang's face was distorted. At the critical moment, the aura of the six layers of heaven in the Tianxuan realm broke out. Finally, he barely broke away from the blockade of space, pulled out his long sword, and with a bang, blocked him in front of him.

Ye Chen hit the pagoda of futu and slammed it on Su Daoguang's sword, forcing the latter to retreat repeatedly, staggering and almost falling to the ground.

Su Daoguang looked extremely embarrassed. He only felt that ye Chen was surprisingly powerful, which was not as simple as it seemed.

Ye Chen is indeed qualified to fight against the emperor of heaven!

Chapter 7780

"Cousin, you lost."

Su Wanru was watching the battle. Seeing Su Daoguang's embarrassed appearance, she smiled.

Su Daoguang blushed and gnashed his teeth, trying to fight back.

He hasn't done his best yet. If he tries his best to fight, it's unknown who wins and who loses.

"Yes."

Ye Chen stepped back, arched his hand, and didn't mean to fight anymore.

Tianxuan realm has six levels of Tianda perfection. If you fight hard, ye Chen is sure to win, but it must be difficult. There is no need to tear the skin.

Su Daoguang was angry and oppressed, but it was not easy to do it again...

Ye Chen has shown that he is strong enough to fight against the emperor.

"Daoguang, forget it."

Su lie's face was gloomy, waved his hand, stopped Su Daoguang, and looked at Ye Chen with slightly narrowed eyes:

"Your magical powers are really strong, and Su admires them."

Ye Chen said, "master Su, the ancient order of truth can belong to me?"

Unwilling, Su Daoguang shouted, "master!"

Su lie looked at the ancient order of truth, and his eyes were full of reluctance, but finally he was helpless and said, "well, this ancient order of truth belongs to your wish God."

Su Daoguang shouted, "master!"

Su lie just shook his head and stopped fighting.

Su Daoguang didn't want to give up, but Su lie said coldly, "your skills are not as good as others, do you want to fight again?"

The voice fell, and Su Daoguang was stunned in situ, speechless.

Zhu Changchang, the elders of the Su family, also looked very disappointed and left one after another.

Su Daoguang was on the sixth floor of Tianxuan realm, and he was almost defeated by Ye Chen. He was so embarrassed that the Su family had no face to compete again.

"Thank you, master su."

Ye Chen smoothly got the ancient order of truth, which was to thank Su lie with a smile.

Su lie sighed and turned away.

Su Daoguang gritted his teeth and stared at Ye Chen, but he was helpless. He snorted and turned to leave the hall.

"Brother ye, congratulations."

Su Wanru smiled and congratulated Ye Chen.

"What are the rules for the Buddha election?"

Ye Chen weighed the ancient order of truth and asked Su Wanru.

"The Buddhist election will be held in ten days. You will know when you go."

Su Wanru laughed.

Ye Chen said, "please take care of Miss Su."

Su Wanru said, "no, I want to go back and reply to Lord tiannv. I have a friend who is also preparing to participate in the Buddhist election. You can follow him."

Ye Chen said, "Oh?"

Su Wanru said, "his name is GUI Chen. He is a disciple of the dust temple. He was selected by the light of the truth Buddha and got the qualification for election. Brother ye, you can start with him."

Ye Chen nodded, thinking of the demon emperor covering the sky, and said, "I have another friend who wants to go."

Su Wanru said, "yes, the Buddha election is a grand ceremony for all living beings. There are many guests watching the ceremony. It doesn't matter if you take people there. Only you can participate in the Buddha election."

Ye Chen nodded slightly, indicating understanding.

Su Wanru said, "brother ye, I'll go back first. I wish you all the best."

After the agreement, Su Wanru called the servant and asked the servant to take ye Chen to the dust temple. She took the emperor's book and returned to the supreme world to reply to the heavenly daughter.

Ye Chen called the demon emperor to cover the sky and told him what had happened.

Hearing that there was finally an opportunity to see the Buddha, the demon emperor of the sky suddenly rejoiced and said, "boy, as long as you pass the Buddha election, you can see the Buddha."

As long as you can see the Buddha, you can know where the incarnation of Wu Tian's good thoughts is.

At that time, the soul of the demon emperor can also be easily dissolved.

Ye Chen said, "it's true. I hope everything goes well."

At that moment, ye Chen and Zhetian demon emperor followed Su Wanru's servants to the dust temple.

The dust temple is on a very desolate hill in the northern suburb of forget worry city.

The dust temple is in disrepair for a long time, and it is very dilapidated. There are only a few monks.

Su Wanru's servant simply explained his intention to the abbot.

The abbot was surprised, glanced at Ye Chen and said, "so the benefactor also wants to participate in the Buddha election?"

Ye Chen said, "exactly!"

The abbot in charge pondered for a while, and then shouted inside, "Guichen, benefactor Su's friend is here, you..."

Before the words were heard, a teenager flew out of the temple.

"Are you friends of Wan Ru's sister?"

The young man was in high spirits, but he didn't shave. He had long hair and a crown. His face was like a crown of jade, and he didn't have the stupidity and solemnity of a monk.

He surrounded Ye Chen and the demon emperor, looking left and right, beaming with joy, and said, "you are Wan Ru's sister's friend, which is my friend. My name is GUI Chen. Hello."

Ye Chen and the demon emperor looked at each other with a burst of surprise. Unexpectedly, this Guichen was such a flying and lively boy.

"Are you Guichen?"

Ye Chen looked at him curiously.

The boy said, "yes, yes, hello."

Ye Chen glanced at the abbot, who presided over the ceremony. The abbot said with a wry smile, "Guichen, the child, jumped a little, but he was born with the wisdom of the Buddha root and will become a great thing in the future. This time, he was selected by the light of the truth Buddha in the Buddha's election."

Ye Chen said, "I see."

The demon emperor suddenly changed his face and said, "Ye Chen..."

Ye Chen said, "what's the matter?"

He looked back at the demon emperor and was suddenly shocked.

I saw on the forehead of the demon emperor, the devil's road mark of a black lotus appeared, flashing constantly.

This is the mark of his soul!

If the incarnation of Wu Tian's good thoughts appears nearby, the mark on the devil's forehead must be induced.

Now, the mark is flashing.
