

Physician 7801

Chapter 7801

"Roar!"

A dark black ghost will poke out a thin bone palm from under the earth, and the bloody smell instantly covered the sky, dispersing the original breath of green clouds!

If someone is here, he will be surprised that all souls enter reincarnation. Is the existence of one of the three ghost generals willing to die here?

"I did what you promised. That boy is right here. Keep your promise..."

Above the nine days, a red robe came along with the gap in the space, overlooking the earth. If ye Chen was here, he would surely find that this person was the haunting emperor Taiyan who met when he received the holy fire!

"Hum, as expected, I didn't expect that the bitch of the Xiao family would become his demon. If this boy wanted to successfully cut off the yoke and break the demon, there was only Qingyun divine wood!"

"But I thought this boy would forget this and cut off his flail first. After all, this demon is hard to detect. It seems that there is an expert to give advice. Who can it be? Ren Feifan? Or something else?"

Emperor Tai Yan's eyes flashed, smiled at the ghost on the earth and said, "don't worry, I will do what I promised you!"

Emperor Taiyan's fingertips lit up a different color, and a dark star melted into a powder, which shone on the ghost's whole body, and actually nourished part of the flesh and blood!

"With your ability, you can reshape your body and walk in the world in a few days!"

"Thank you, sir!"

At the moment, the half human and half ghost figure bowed gently to Emperor Tai Yan. The figure above the void waved his hand and said, "it's not necessary. It's just a deal. Where's the boy?"

The ghost will stretch out his left palm, during which a touch of fresh air flows. It is the breath of green clouds that ye Chen gave them into reincarnation when he burned the green cloud God tree earlier!

"That man should leave here, by which we can find him, but if he wants to leave, zhenhunyan is his only way!"

Emperor Tai Yan's eyes coagulated, "hahahaha!" The breath of green clouds in his hand sent out pure waves, and his mind poked out, instantly locking Ye Chen's position!

The golden flame awn in the palm turned upside down, but soon the emperor too Yan gave a meal, and he removed his killing intention, playing with the taste: "don't hurry to pull you out, wait until I set up the killing array, and then break everything about you!"

"Ye Chen, this time, you cannot escape!"

.....

The picture turns around. Ye Chen doesn't know everything about Emperor Tai Yan at the moment. At the moment, he doesn't leave here immediately. He is entering the dead end of Wu Dao reincarnation map and sees Xiao prison.

After all, the soul code respects the king Xiao prison and has a way to save Xiao Qin.

During this period of time, he mainly focused on cutting flail. As for some enemies, such as the holy ancestor of the demon and the emperor Taiyan, he had long ignored a few points.

"Divine wood origin?"

Xiao prison looked at a jade like branch in Ye Chen's hand, on which the gentle air flowed, with a trace of charm.

"How can you have this thing?"

After ye Chen explained, Xiao prison realized that the Qingyun divine tree was gone now, and the only source of power left by him!

"Hiss... If there is a divine wood origin, it will get twice the result with half the effort!"

Xiao prison was surprised at Ye Chen's means on one side, and on the other side also explained: "at this moment, qin'er's spirit dispersed with the blood, you need to take the power of the source, use your spirit into her body, pull qin'er's broken spirit, and revitalize!"

"In this process, you can't be disturbed by others. You need to concentrate and finish at one go!"

Ye Chen nodded and said to ling'er, "my body is for you!"

Ling'er shrugged his shoulders indifferently, "in the territory of renshijue, what can happen? Don't worry!"

Ye Chen swallowed the source of divine wood, and a wisp of fresh air slowly rose, carrying Ye Chen's spirit into Xiao Qin's eyebrows.

"This is

Stepping on the darkness of nothingness, looking around, the direction was indistinguishable. The Qingmang lingering around him only lit up a corner, and even ye Chen was stunned in situ.

"Whoosh!"

I don't know how long I waited. A touch of starlight flew over my head. Ye Chen knew that the opportunity had come!

Ye Chen's eyes coagulated, and the vast starry sky covered it, and then ran frantically towards the direction of the meteor falling. At the end, a little girl who looked like Xiao Qin squatted in place.

This should be Xiao Qin's deepest consciousness. To Ye Chen's surprise, it turned out to be a little girl...

Xiao Qin, as a pivotal existence of the Xiao family in the city near the Pacific, should be so.

Perhaps because of the lack of parental love from childhood.

"Where's father?"

Ye Chen came forward and said tentatively, "Xiao Qin?"

The little girl wiped her pear blossom tearful cheeks, saw the stranger approaching, squatted on the ground and hurried back to move, and the already tender skin instantly bled

"Little girl, how dare you run?"

The sarcasm of several strong men came from behind Ye Chen. Ye Chen looked back and found that where was the previous world?

Some are just noisy crowds, bustling streets, and peddling, but they can't accommodate the girl's half cry.

"Over there, chase!"

Several people turned a blind eye to Ye Chen and went straight through Ye Chen's shadow towards a corner of the street.

"Can Xiao Qin see me? But these people can't see me?"

Ye Chen thought, "unfortunately, Xiao Qin at this time doesn't know me!" Looking at the strong men who went after Xiao Qin, ye Chen hurriedly picked up his steps and caught up

"Don't hit me!"

Xiao Qin, who could not retreat, was forced to the corner of the wall. She looked at the strong men surrounded by her with trembling, and screamed weakly to hoarseness.

"You say, this little girl is really the orphan of our ancestors?"

"How can it be? It's just a wild girl. I don't know which child can't hold the end after being romantic, so I made up a lie and left her in the Xiao mansion!"

"How dare this bastard bite me?"

Several people couldn't help but say, instantly punching each other!

"Damn it!" Ye Chen, who was angry at the same time, shot angrily, but it was a slap in the air, looking at the hard kicking of several people, and the helpless eyes cast by Xiao Qin

"Brother, help me..."

"Bang!" The leading man kicked Xiao Qin's face hard again, and several fragile teeth jumped in an instant.

"Stop!"

No matter how ye Chen uses his means, it doesn't work at all. There is no doubt that this is a corner of Xiao Qin's memory and her past

Just when ye Chen was furious, his own blue cloud source lit up a clear light and slowly wrapped it to Xiao Qin on the ground.

"Boom!"

In an instant, the majestic force shook several burly men away and firmly protected Xiao Qin in it.

"Damn it, brothers, this bastard is a little evil. Give it to me!"

Several people were besieged again, but this time they did everything they could, and it was difficult to hurt Xiao Qin any more.

Chapter 7802

"Bah!"

Seeing nothing to do, several people also gave up one after another, and didn't forget to spit on the little girl's head before leaving.

"What bad luck, brothers, let's go!"

Looking at the figure of several people leaving, the killing intention in Ye Chen's eyes is almost real. If possible, he will not hesitate

Chapter 7804

"Boom!"

Endless afterwaves rolled up layer by layer, instantly razing the ravines and cliffs of the whole hell, and everything burned into powder, turned into dust, and scattered under the zhenhun abyss, with wisps of evil thoughts rising!

After thousands of years of burial, countless evil spirits sleeping underground woke up again, driven by the array carved by Emperor Tai Yan.

"Venerable, this..."

The ghost who helped emperor Taiyan before will see this scene and can't help but be shocked!

This ancient evil spirit, which was suppressed under the hell iceberg and should dissipate, will be awakened again, which will bring destruction to zhenhunyuan!

"Shut up, you are also used by the Buddha!"

A gilded sky fire instantly wiped out the ghost's mind, driving a ghost to step into it with the array spirit!

"Dirty things, which can help me win divine fire and reincarnation, are your honor!" Taiyan emperor laughed madly. The fire attribute warrior in his realm was originally the nemesis of evil.

Yan Xuaner, who integrates the holy fire, is strong, but ye Chen's own strength is too low to play his strongest strength, but if he is so strong... It's different.

"Divine fire belongs to the Buddha! Reincarnation is also belong to the Buddha!"

Emperor Taiyan stood proudly in the void, staring and drinking!

At the bottom of the zhenhun abyss, thousands of ghosts cried and howled for a time.

"This old man has no intention of killing. He doesn't hesitate to lay such a snare to catch us!"

A pair of eyes in the dark looked around and saw that the purgatory in front of him was completely razed to the ground. It was a burst of panic.

"Tick"

"Tick"

The dome of the whole zhenhunyuan was completely burned by the gilded sky fire of emperor Taiyan. Even the endless space turbulence was not swept, but evaporated by the blazing heat wave, and only the black spell rain was dripping.

"Hiss!"

"Hiss!"

Under the irrigation of the falling spell rain, countless ancient evil spirits' bones nourished dark black carrion, and the pungent smell began to spread!

The emperor Taiyan waved his arm again. On the endless sky, a star flashed out of the sky, and the cold light shone down. In the soul calming abyss, all souls seemed to have a call, and shouted in unison:

"Reincarnation!"

"Reincarnation!"

"Ye Chen, do you hear that so many fierce ghosts are looking for your company!" Linger's voice rang out.

"With the help of the joint force of the star array, this ghost is enough to destroy the whole zhenhun abyss. You can't let the old man do it!" Ye Chen watched the war closely and ignored linger's ridicule...

"Almost, ready to take master Xiao's blow!"

For a moment, a human figure appeared in zhenhunyuan, which was illuminated by the clear glow of the night.

"Taiyan, do you really think you can do whatever you want?"

Emperor Tai Yan's eyes coagulated and his killing intention was awe inspiring: "it's you again, too God!"

"No one can take ye Chen with you today. You also stay!"

The God in front of him snorted coldly, and immediately punched out, and the flash of the fist crossed, shaking the fierce ghosts of the ten hell to frown.

The nothingness thunder on the other side of the space fell, and the dense arm thick thunder force was like a downpour, covering the soul calming pit!

"Bang!"

The stars on the sky burst into pieces, and the whole zhenhun abyss was obviously dark in an instant.

"Burst!"

A sharp drink came from the mouth of the 'Taishen', and immediately the Taoist shadow broke up in an instant, and the scattered killing mans attacked and killed the emperor Taiyan in front of him!

"Little guy, I can only do this. Next, it's up to you!"

Xiao prison's weak voice was just a warning, which immediately disappeared and disappeared.

.....

meanwhile.

Taishenshan.

Ye Chen used the power of too God, and was naturally perceived by Ye Chen too God.

"Taiyan used to have a war with our star realm. At that time, he was young, and his first-hand fire control technique was already perfect. Just now, a ray of pure Qi from his teacher fought with him. It can be concluded that this person is not Taiyan emperor!"

"Master, is that childe in danger of life?" Zhu Yuan asked.

Tai Shen's eyes were deep, and he responded, "this son's reincarnation was covered by some variables too much, and I couldn't see it clearly!"

"I'm going to save the childe and die together!" Zhu Yuan said firmly.

Taishen sighed:

"Alas... The real Taiyan has already fallen and dissipated!"

"Today's so-called 'Taiyan Emperor' is just an obsessive evil soul formed by the spirit of the star world and integrating some of the old memories of Taiyan. With the help of the origin of the stars, he recast his blood and flesh, and then walked in the world..."

"Greedy, want to use the power of divine fire to become an adult!"

Zhu Yuan suddenly realized and asked; "Master, can you break the law?"

Taishen pondered for a long time and gave Zhu Yuan an object like a jade pendant: "this object is called Tianlei Yin. If you carry it with you, you can make your attack carry the potential of thunder!"

"Although his cultivation is strong, this 'Taiyan Emperor' was originally transformed by the source of stars, and he has a natural fear of the power of thunder. Your sword intention can cut its source!"

"Although your accomplishments are not high, you are his nemesis."

"It's a test you've been closed for so long!"

Taishen said faintly.

"Yes, master!"

.....

Screen rotation.

"Ling'er, move the space, hide under the nothingness thunder robbery, withdraw!"

A slight space ripple was quietly raised, hidden under the endless thunder sea. In the void, the emperor Tai Yan, who was entangled by the self explosion of the 'too God', was unaware of Ye Chen's sneaky change.

Just when ye Chen and linger are about to escape from heaven, they are transformed and regenerated!

"Sneeze!"

The sleeping little Kirin in Ye Chen's Dantian seemed to be sensitive to the power of the thunder. Traveling under the thunder sea, he sneezed 'critically' in his sleep.

Chapter 7805

Ye Chen was suddenly stunned! The little Kirin hasn't moved for a long time. He almost forgot the existence of this guy.

All he knew was that the purple unicorn was found in the territory of emperor Tai Yan and was connected with the holy fire fused by Yan xuan'er.

At this moment, ye Chen only felt a strange force pouring out of the Dantian, and immediately the space in front of him turned into a small vortex, devouring the thunder sea in front of him!

How can the sudden change escape the divine perception of emperor Taiyan?

"Ye Chen, you are finally willing to show up!"

Let the aftershock of Xiao prison's divine power explode on his back, but Tai Yan Emperor, whose half of his body was completely cracked, laughed and attacked Ye Chen!

"Go!"

Ye Chen poked his head out of the space barrier in the void, called ling'er to drill into the reincarnation cemetery, and swept away towards the periphery of zhenhun abyss without looking back!

As long as you leave zhenhunyan and use reincarnation blood and Heavenly Sword, you may be fearless!

"At the bottom of this town's soul abyss, there is a large array of grievances under the old man. Let's go up and drill into the no man's land!"

At the moment, Linger also operated all the spiritual power, and blessed Ye Chen's Dantian operation. The two worked together, but in a few breaths, they rushed out of the soul pit.

"Even if you run to the ends of the earth, you can't escape from the palm of your master!"

The sound of banter came from behind, and Ye Chen frowned. This was just the beginning, and the distance was pulled into so much!

The huge gap in strength, is it even impossible to escape?

"Whoosh!"

Unable to wait for Ye Chen's reaction, a golden flame had been lit on his back. The golden flame instantly melted his flesh and blood, and the spiritual power in the whole body was burned out together!

"Bang!"

Ye Chen's body fell to the ground from the void, and his huge inertia hit him more than a hundred feet, smashing a bottomless pit in the no man's land where countless stars hung high in the void.

"Click!"

"Click!"

In the silent no man's land, bursts of footsteps and the sound of crushing star stones came from far and near.

Tai Yan Emperor looked at the pit in front of him and disdained, "keep running, let me see what else you can do?"

"But I'm curious, why don't you use the power of reincarnation from beginning to end... What are you afraid of?"

"Daqian Chonglou palm!"

Ye Chen shouted violently and suddenly hit a palm. With a shocking momentum, Daqian Chonglou palm blasted fiercely at emperor Taiyan.

This palm, of course, did not use reincarnation blood, but it had the dignity of reincarnation blood!

But somehow, ye Chen seems to have deliberately taken back some of his strength.

Seeing ye Chen's nine heaven magic, the emperor of Taiyan raised the corners of his mouth and gently sidled away from ye Chen's palm. At the moment, ye Chen was completely exposed in front of the emperor of Taiyan, which was extremely critical!

"Tut Tut, the reincarnation of the body is terrible, it is really amazing resilience!"

"This palm, of course, is the nine heaven magic, but it's still too weak for me..."

Emperor Taiyan's eyes lit up, and he couldn't help praising it. It can heal the injury in an instant. The treasure Ye Chen has is not just the holy fire!

"Bang!"

Daqian Chonglou palm has failed!

At the same time, a terrifying force forcibly drove Ye Chen back 100 meters!

In an instant, Tai Yan Emperor floated to his eyes and looked down and said, "if you don't play so smart with me, I may leave you a whole body!"

"Old man, I think so!"

Ye Chen outlined a smile at the corner of her mouth and immediately shouted, "linger, do it!"

"Good!"

Linger's playful voice echoed over the no man's land. Tai Yandi subconsciously raised his eyes and looked at it. He only felt his body sink, and was instantly rolled into the sky by a huge suction, hitting countless stars on the sky!

"When did this girl finish..."

Emperor Tai Yan's eyes were cold. "I see. The Lord of reincarnation doesn't hesitate to attract my attention at the expense of his injury. Let this girl take the opportunity!"

Chapter 7806

Ye Chen's eyes exuded a trace of spiritual fire floating to the void, only to hear linger say, "broken!"

Tens of thousands of stars instantly squeezed and collided with each other. In the space vortex of the crack, a bright red huge fire instantly lit up, dyeing the boundless sky in the no man's land bright red!

"This old man's body, with tens of thousands of stars, scattered into ashes!"

Ling'er turned into a flash of streamer and drilled into the reincarnation cemetery. The bright red fire rain falling on the nine days is enough to make people headache!

Ye Chen's holy fire is now so overbearing!

"Hiss!"

"Hiss!"

The bright red light rain all over the sky fell on Ye Chen, making a happy sound, splashing ripples in the shape of a Phoenix, and then dissipated like a stone sinking into the sea

Not long ago, the sky was full of stars, and after a bright red fireworks feast, it was never seen again!

Gusts of cold wind blew, and even heaven and earth lost some brilliance.

"Pa Pa Pa!"

At this time, changes occurred. Ye Chen looked back at the instant he heard the sound of clapping his hands. A figure standing not far away was the emperor too Yan!

"It's a good means, but it's a pity that you are still too weak. The posture of mole ants is in vain to destroy the gods?"

At the moment, Emperor Taiyan was extremely embarrassed. His arms burst together. At the root of his arms, silver blood flowed from the starlight, his chest was almost broken, and the bright silver viscera surged, which was clearly visible.

"Ye Chen, I really want to see you later, desperate for mercy!"

Emperor Tai Yan smiled cruelly, and his expression was ferocious.

"Ye Chen..." ling'er said anxiously.

"Don't come out!" Ye Chen stopped.

I thought that if I found a flaw, I could cut off the body of emperor Tai Yan, and then the rest of the ghost could burn out by relying on the power of divine fire, but in the end, it still fell short!

"Well, just use your reincarnation blood to pull out some of the emperor's holy knives. If you find it, you'll find it."

Ye Chen suddenly drank violently, ready to sacrifice the emperor's holy knife, and pulled it hard.

.....

At this time, on the periphery of zhenhunyan, the vast no man's land border...

"The bright red flame in the sky is the fire of the Taoist spirit... The child is over there!"

Zhu Yuan's body rushed towards the direction of the battle, and his blue long shirt turned into a flash of streamer and disappeared.

"Young master, hold on!"

.....

Just when ye Chen was ready to use the emperor's holy knife, he changed and bulged!

A blade of sword light lit up at the end of the sky, cutting through the silence in ten directions, and also startled emperor Tai Yan and ye Chen, who was constantly defeated.

Power is not invincible, but it gives people a feeling that they want to cut through the abyss.

"Childe!"

A young man stepped on the sword, and it was Zhu Yuan.

"Huh?" Ye Chen subconsciously frowned. How did Zhu Yuan come here?

Is it because he was entrusted by God?

Too God to come? Let Zhu Yuan come?

But the guy in front of him is a giant that even ye Chen can't help. Zhu Yuan's cultivation is really not enough!

"Hahahaha!"

When Emperor Tai Yan saw someone coming, he laughed wildly and said, "why, are you alone? You sent such a hairy boy!"

"Is it to collect your body?"

After saying that, he didn't forget to glance at Ye Chen disdainfully.

At the moment, ye Chen's blood stains are mottled. If it's not for the clear eyes and bright colors, it's a living blood man. Where is there a half human figure?

"Zhu Yuan, what are you doing here!"

Ye Chen said anxiously.

"Childe, just look at me!"

The iconic green shirt swayed, and in the slender palm of his hand, a green lightsaber was in his hand, and his breath was restrained.

"This boy, the sword intention is so strong? Although there is no water stop sword, the distance is not too far. This boy's martial arts talent is so high?"

Although surprised, ye Chen's heart is like a mirror. To this extent, in front of emperor Tai Yan, it can be called 'no strength to bind a chicken'!

"Ding!"

In the silent no man's land, the sound of Luan Ling of broken jade sounded, and Zhu Yuan's body was haunted with a trace of invisible gentle temperament, indescribable.

The breath of the whole person becomes unpredictable!

"Boring trick!"

Emperor Tai Yan was obviously unhappy with Zhu Yuan, a troublemaker, but what made him more inexplicably unhappy was the melodious bell just now.

"Qiang!"

A golden dagger trembled between heaven and earth, and the golden sky fire poured its shape!

He is the existence of a giant. Otherwise, he won't press close to the city of Taizhi with just one look. Millions of creatures don't even dare to lift their heads. The so-called guardian 'gods' of the three families are as immature as children in front of him!

This old man has lived for an unknown number of years, and his combat experience may be more terrifying than his combat power. His former opponents may have become the ghosts under the zhenhun abyss, scattered with the loess.

"Hairy boy, I don't know the height of heaven and earth!"

Ye Chen, too

Chapter 7807

The golden dagger in the hand of emperor Tai Yan directly threw out, flashing golden sky fire, and gathered a powerful array to block Ye Chen's action!

"Ye Chen, when I solve this strange boy, I'll deal with you again!"

At the end of his words, he turned around and killed Zhu Yuan, losing Ye Chen's cooperation. Relying on Zhu Yuan's realm cultivation alone, even if the great God gave many magical powers, he could not resist!

"Bang!"

Zhu Yuan's figure turned into a clear fog again.

"Sword dance heaven and earth!"

Zhu Yuan, who solidified again, entered the sword with his body and killed again, but this time, only a small sword scar was left on emperor Tai Yan, and he immediately smashed his head!

Ye Chen looked at the array around, her eyes slightly narrowed.

"Dou Zi Jue, array Zi Jue, Dou Di breaks the array!"

Ye Chen shouted violently, and Brahma's divine skill broke out. Dou Zi Jue and array Zi Jue were launched at the same time, trying to break this array, but to Ye Chen's surprise, the array did not break.

"It seems that in recent months, Emperor Taiyan has prepared a lot, and this technique can obviously target me."

Looking at the one-sided situation above the void, he was helpless!

"Hum!"

Emperor Taiyan slapped again, and Zhu Yuan dissipated again!

"Old man, it's my turn. Let you taste the power of God robbing thunder!"

Zhu Yuan, who solidified again, sneered, no longer rushed to the array with his body, but drifted back.

"Burst!"

With Zhu Yuan's fierce drink, countless transparent holes instantly burst out on the body of emperor Tai Yan, and the cold starlight instantly exploded, gushing out like a long river. No matter how hard he struggled, the wound was not healing!

The Jinge array that felt with his heart was also disordered. Ye Chen saw the opportunity of this moment and shouted:

"Xiao Huang, blood dragon, tear him up!"

Ye Chen was injured at the moment and could not fight any more, so he called Xiao Huang and blood dragon out.

Xiao Huang and the blood dragon appeared together. The beast's claws and the dragon's claws tore the array one left and one right. Just as they were about to rush straight to the emperor Tai Yan, ye Chen let the two beasts disappear again!

Because ling'er told me that Xiao Huang and blood dragon were infected with too much reincarnation cause and effect! Wutian, who has always been cautious, will inevitably notice.

Emperor Tai Yan's killing Qi was even worse. The golden dagger in his hand was waved again, and the gilded fire danced all over the sky, rolling up layers of air waves, besieging Ye Chen and Zhu Yuan...

"Captivated!"

The tinsel of gilt golden light ignited the void, emitting wisps of musk. Ye Chen and Zhu Yuan, who burst up, instantly felt as if they were trapped in the mire and could not move!

But they burst out with a deadly intention!

"Yan xuan'er, use the power of holy fire! Hurry!"

The divine Phoenix shook off the roots of the divine feather and swallowed up the golden sky fire. However, the figure of emperor Tai Yan was not good, turned around and retreated into the soul pit.

Ye Chen and Zhu Yuan instantly turned blue and said, "Damn it, he ran away!"

"Zhu Yuan, why did you come here?"

Ye Chen just recovered and asked Zhu Yuan.

"Childe, it's the master who calculated that you would be in trouble. He asked me to come to help and gave it back to my baby!"

Zhu Yuan scratched his head and smiled. He immediately patted his whole body and said strangely, "eh? It was just here, why not!"

Ye Chen didn't have a good way: "on you, otherwise you think you really have the body of immortality?"

"Hey, hey..."

Zhu Yuan then told ye Chen all the words of Taishen.

"I said, it turned out that this old man was afraid of the power of thunder. No wonder he was injured at that time..."

Ling'er's voice rang out, and ye Chen also thought that when Xiao prison covered their retreat, the thunder sea triggered by it could hurt Tai Yan Emperor!

"It turns out that this is a wisp of evil spirit poured into the flesh..."

When ye Chen heard the origin of emperor Tai Yan, he couldn't help but get a big head and said, "but in order to protect us, master Xiao has no spare power to trigger the vision of Lei Hai!"

"However, I can use Lei Bei, but once Lei Bei is used, no day will know that I am here. At that time, I will face a more terrifying existence than emperor Tai Yan."

But Zhu Yuan answered:

"It doesn't matter. Let's rush down and kill him while he is ill!"

Ye Chen shook his head and said, "we just missed a good opportunity. Now this guy turtle retreated to the zhenhun abyss..."

"There is a snare laid by him. Those grievances alone cannot be solved by our current state!"

"Besides... Your body!"

Both ling'er and ye Chen can feel that at this moment, Zhu Yuan, the pure Qi given by the Supreme God, has been exhausted. If he regenerates twice at most, he will disappear completely.

"Er..."

Hearing that there was still a killing opportunity under zhenhun deep, Zhu Yuan scratched his head and said, "why don't we go back to taishenshan!"

"It's not too late for a gentleman to take revenge!"

Ye Chen heard the words, frowning tightly for a long time without making a sound.

"No!"

Just when ling'er and Zhu Yuan thought Ye Chen was going to retreat, he made an amazing move.

"That guy is undoubtedly seriously injured. If he misses this time, he will have no chance!" Ye Chen congealed heavily.

"Come on, that old man's strength is above you!" Linger discouraged.

Ye Chen smiled bitterly and told the truth: "under the soul calming abyss, a new green cloud divine wood sprout has just been born. If it is obtained by this guy, I'm afraid there will be endless trouble!"

"I forgot about it!" Ling'er stroked her forehead with both hands. How could she forget this problem.

"Zhu Yuan, take this sword!"

Ye Chen threw the sword embryo cast at the bottom of the purple sea to Zhu Yuan, and immediately said, "this thing has a strong restraint against the spirits below. Your sword intention is pure. Help me hold the all souls array!"

Linger looked up and asked, "what about you?"

"Of course I'm going to fight that guy." Ye Chen explained to them.

.....

At the same time, zhenhun deep.

"Damn!"

A roar came from the mouth of emperor Tai Yan. All the sword wounds around him burst out with thunder, and he couldn't recast his body for a time!

"Roar!"

"Roar!"

The starry liquid flowing from the body seems to have an inexplicable attraction to the ghosts under their feet, and they are particularly excited.

Countless grievances breed carrion, and the pale faces surge with ferocious expressions. The emperor Taiyan sits in front of the sprouting of Qingyun sacred wood, looking at this scene, showing a smile.

"Click!"

The strong resentment condensed into a form, and the essence of the killing intention rushed into the sky, integrating into the endless space turbulence that had been completely pierced in the previous war.

.....

"Tai Yan Emperor, take your life!"

The cold starlight reflected a human figure, which fell from nine days. It was Zhu Yuan.

"Hum, don't put on airs. Where's Ye Chen?"

Emperor Tai Yan snorted coldly and looked around, only to find that Zhu Yuan was the only one.

"To destroy your ghost, you don't need a child's hand, just me!"

Zhu Yuan, who was holding the sword embryo, cursed, and immediately escaped into the killing array, masking the sight of emperor Tai Yan.

Chapter 7808

"Death!"

Taiyan emperor raised his mouth and dared to break into this killing array. It seems that he doesn't need to fight by himself. Ten thousand ghosts are enough to eat him!

Sure enough, Zhu Yuan's footsteps had just settled, and a pale, thin palm under the ground suddenly popped out and caught his feet naked!

"Roar!"

The body shape of two people and ghosts rushed towards him. Only the strong rotten smell from his body made Zhu Yuan's spirit a little unstable!

"Remember, you can't use spiritual power to resist the enemy!"

Just when he was about to defeat the enemy with Kendo, he thought of Ye Chen's advice in his mind. Immediately, he clenched his teeth, picked up the sword embryo, broke the palm that wrapped around his ankle, and closed his eyes:

"It's time to strengthen martial arts."

The next second, he rushed into the killing array, riding as a thousand!

.....

At this time.

Looking at Zhu Yuan who was trapped by countless undead and never made any waves again, the eyes of emperor Tai Yan showed disdain. A mole ant dared to break into the array like this.

In his eyes, Zhu Yuan had been torn and eaten away by countless fierce ghosts.

"Huh? So you're here!"

Tai Yan Emperor, who was extremely sensitive to the smell of fire, noticed the abnormality in an instant, and immediately pointed out to the space storm raging above the void!

Boom!

Thunder came down, and the turbulence in the void instantly poured down towards the earth!

"Oh, I was fooled by that boy!"

The Tai Yan Emperor, who had slowed down, flashed close to the sprouting side of the Qingyun divine tree. This thunder will only aggravate his physical injury. Such a battle is not worth the loss!

In an instant, a Feng Ming sound sounded, and the huge fire phoenix virtual shadow rocked up and rushed towards the nine sky, trying to pierce the void surging with storm turbulence and guide it down to the thunder sea!

Emperor Tai Yan's eyes were cloudy: "East meets West?"

Don't let this son arouse the visions of heaven and earth!

.....

At the moment, Zhu Yuan, who was fighting with the corpses, was not feeling well at the moment. After all, his fists were difficult to defeat four hands. Although the sword embryo could cut off his grievances, the ten thousand people in the army, one palm per person was enough for him to drink a pot.

"Hiss!"

The pale palm and fingertips were slender and straight into Zhu Yuan's abdomen!

"Cough!"

Zhu Yuan coughed up the black blood, and the strong Yin Qi and resentment entered the body with the flesh and blood, which made his spiritual power circulation freeze a bit.

A sword was waved away, and the palm of the body was cut off. Before the residual part embedded in the flesh and blood of the abdomen was pulled out, countless resentments controlled by the array rushed up again!

"Damn it, it's close at hand. Break it for me!"

Zhu Yuan looked at the green sprouting seed not far away from him, and jumped with great effort. The spirit who followed him also showed his killing intention!

"Childe!"

Zhu Yuan shouted loudly.

"Gilded tear hand!"

Regardless of his injury, Emperor Tai Yan melted his golden dagger into flames and circulated around him. In a moment, the majestic source of fire appeared in the void. From the sky, two pairs of golden palms protruded!

He must stop Ye Chen from using the power of divine fire to trigger the visions of heaven and earth!

"Whoosh!"

The palm of the sky turned into fire captured Ye Chen alive with the fire of the Taoist spirit Yan xuan'er, and pulled his two palms!

"Bang!"

The surging wings of the fire phoenix were torn off from their ribs, the virtual shadow instantly exploded, the light rain dissipated, and ye Chen's figure slowly fell

Seeing this, Emperor Tai Yan's just hanging heart didn't cover the heat, and there was Zhu Yuan's cry in his ear. He turned his head and looked. I don't know when, he had lurked to the bud of Qingyun divine wood!

"How did the boy do it?"

"He rushed all the way from the complaining spirits? How is it possible? How does he resist the complaining spirits..."

At the moment when he was surprised, ye Chen's body slowly fell on the void, but he said indifferently:

"The game is over!"

Emperor Taiyan was surprised that ye Chen, who was close to his eyes, had recovered!

Is this the reincarnation body? Is this the reincarnation blood?

If he knew Ye Chen didn't use the power of reincarnation from beginning to end, what kind of expression would it be...

Just as emperor Tai Yan was about to withdraw, a soft drink sounded in his ear:

"Space move!"

Between the lightning and flint, ye Chen and Zhu Yuan, two living people, unexpectedly changed their space-time positions!

"Wu Dao reincarnation diagram is open!"

Ye Chen, relying on his own induction with the sprouting of Qingyun divine wood, put the seeds into his bag and looked up at the void: "Zhu Yuan, the result of him!"

"Hiss!"

The green light sword in his hand stabbed directly into the chest of emperor Tai Yan. Emperor Tai Yan looked at the scene in front of him in disbelief and said with hatred:

"The power of space, damn it!"

Ye Chen, who should have appeared in front of the emperor Taiyan, was replaced by ling'er with the power of space. A moment of absence made Zhu Yuan succeed!

"It's also a pretext to attack others!"

Zhu Yuan didn't forget to show a thoughtful smile at Tai Yan Emperor.

"Bang!"

Emperor Taiyan slapped Zhu Yuan with hatred and scattered him again!

Ye Chen saw a clear fog rising again, and his hanging heart was put down. The two stood side by side, and said, "this guy lost the divine tree bud, and was hit hard again. It should be the end of the crossbow!"

"Hahahaha, ye Chen, don't feel better!"

A sharp drink came from the void, and I saw that the emperor Tai Yan, whose lifeblood was injured, was like a star, blooming with crystal clear light!

Just when ye Chen thought he was going to fall, the body of emperor Tai Yan was a pool of starliquid, which exploded and scattered in an instant!

"Back!"

Ye Chen greeted ling'er, and immediately pulled up Zhu Yuanfei at the end of the crossbow. Not far away, countless stars appeared.

Chapter 7809

"I knew this guy's body was extremely extraordinary, but I didn't expect it was condensed by countless stars. Now his residual soul power can't be maintained, so it appeared!"

Linger's voice rang out, ye Chen and Zhu Yuan lifted their eyes and looked at countless stars.

"Jie Jie, ye Chen, if you can force me to this extent, you are proud enough!"

"Burst!"

The completely crazy emperor Tai Yan has lost his reason now. He just wants to destroy!

"Bang!"

A bright star broke at the same time, and countless creatures on it burst at the same time. Flesh and blood fell one after another, and the huge impact shrouded the whole zhenhun abyss!

"Roar!"

Countless grievances felt the nourishment of the blood rain and the Qinghui of the stars, and their strength suddenly soared, attacking Ye Chen and others!

"Ye Chen, Xingchen meteorite can't hold up!"

The sword embryo in his hand had a faint feeling, and countless grievances with soaring strength swarmed to the three people.

"Do you think you can kill me? This emperor is an eternal existence!"

The voice of emperor Tai Yan sounded again!

"Burst!"

"Burst!"

Countless stars, formed by the magic of their body's starlight, burst at the same time, with unparalleled impact, tearing apart the void space above the sky. At the end of chaos, the river of time flows backwards!

"This blow, even time has set off a countercurrent!"

Ye Chen slightly concentrated, opened the heart of Wu Zu Tao, and released the great starry sky!

"Hongmeng starry sky, guard!"

Ye Chen pinched the formula, and his aura was released. The Hongmeng starry sky also became more bright, like a big pot cover, firmly enveloping and protecting the three people.

The impact of the explosion of countless stars was unparalleled, and instantly swallowed countless grievances under the zhenhun abyss. The blood and flesh rolled up all over the sky, and the sand covered the sky, and a huge crack was torn open. It was a long river of time with colorful inside!

"You and other ants complain about your soul and help me achieve supreme hegemony!"

The sound of wild laughter did not decrease. On the void, two big golden eyes slowly opened, overlooking the common people!

Boom!

.....

Darkness forbids the sea, in the old alliance altar.

Mo Zu sat cross legged. Suddenly, his eyes opened, as if he sensed something. In an instant, his face was slightly gloomy.

"Something happened to zhenhunyuan?"

"How does this breath make me feel a little like the Lord of reincarnation?"

Wutian's fingers inched, as if sensing something, but everything seemed to be covered by a fog.

"The Lord of reincarnation must die."

"But now, he should be ready to cut off his flail, but it's impossible to go to zhenhunyan..."

"It seems that the soul kind of thing, let reincarnation faintly become my demon, this is not a good thing."

With that, he closed his eyes, and the whole old alliance fell into silence.

Fortunately, ye Chen did not use reincarnation blood, exposing too much cause and effect, otherwise, Wutian may have torn the void hand.

.....

"Are we dead..."

I don't know how long it took, ye Chen's fingertips moved slightly, and the intense pain around him told him that he was still alive!

Originally, ye Chen wouldn't have such a serious injury. If it weren't for deliberately closing the reincarnation blood and cutting off the cause and effect of reincarnation, he might have solved everything long ago.

But at present, Wu Tian has not found himself.

Zhu Yuan on one side was pale and unconscious, and his life and death were uncertain.

The last wisp of pure air given by Taishen slowly rose and disappeared into Ye Chen's body.

Linger suffered the least impact, but at the moment, she was shocked:

"Ye Chen, look!"

Ye Chen raised his eyes hard, but he was shocked by the scene in front of him for a long time. Even the mysterious space turbulence on the void was torn open by Shengsheng. At the end of the abyss that day, it was colorful.

Two golden eyes embedded in the void, blinking.

A handsome and monstrous man stood in the meantime, and countless seeping heads were born under his skin. His pale face was as frightening as a poisonous snake, but his eyes were missing.

"Ye Chen, you forced me to do all this!"

The voice of emperor Tai Yan came out, Yin cooled and strange.

Ye Chen looked at the sky and slowly said, "it seems that the fox can't hide its tail. This is your true face!"

This guy at the moment is no longer the so-called too Yan Emperor!

"With all the means, it's enough to be proud that you forced me to this level. In this humble and small reality, you are

Chapter 7810

The same is true of emperor Taiyan on the Ninth Heaven. Even those two golden eyes are pierced by bright red light.

"Are you... Are you... From the future?"

Taiyan emperor glimpsed the end, which was the end of time. Their previous fierce confrontation tore up the cracks and reversed a corner of time.

"Impossible, how could this boy grow into such a situation!" The emperor of Taiyan looked at Ye Chen who couldn't get up at his feet in horror, and his fierce color spread again.

"Kill you and eliminate future troubles!"

"No matter how long it takes, you can't lay hands on me and bury you with your own hands!"

The emperor Taiyan looked ruthless and attacked Ye Chen around ling'er.

But the figure at the end of the space seemed to feel, and the virtual shadow slowly turned around, swaying several times in an attempt to make a move, but finally chose to stop.

He knew that whether he shot or not, this world would be completely reduced to dust and disappear

After a long time, Wei'an's figure just pulled at the corners of his mouth, like revealing a few syllables, and then disappeared.

The terrible pressure dissipated in an instant, and the collapse of the avenue also stopped slowly

"Chirp!"

A Feng Ming sounded, and the loud and clear sound made it a shock in nine days.

In Ye Chen's body, a fire phoenix rose into the sky. Different from the previous one, the original God Phoenix at this moment is only a few feet high, and a fire lotus mark surges between the eyebrows...

"How is it possible that the holy fire has crossed this boy's cultivation?"

Obviously, Emperor Taiyan also knew a little about the divine flame. He couldn't believe the shape in front of him.

It can't be a boy who hasn't completely cut off his flail that can explode!

"Is it you?"

Taiyan emperor was surprised. In the eyes of the Phoenix, he felt the same oppression as the previous cross-border figure!

"Impossible!"

Several palm prints were taken in succession, and the divine Phoenix just shook off the divine feather and dissolved the killing move into invisibility.

Then, in full view of the public, an arm was slowly stretched out under the Phoenix wings!

"Transfiguration?"

The figure burning bright red flames stood in the void. Its body shape was very similar to Ye Chen, but it could not pry its true face.

"Play tricks!"

Emperor Tai Yan shouted loudly and killed the figure again. The figure wrapped in the flame seemed to be extremely disdainful and gently punched!

Boom!

I just felt the space tremble, and the left arm of emperor Tai Yan dissipated in an instant. The bright red flame on Qi Gen's arm burned his blood

"Ah!"

A heart rending scream echoed under the zhenhun abyss.

Emperor Tai Yan's eyes are cloudy:

"This person's ability to control the fire is extremely powerful. Even the space temperature has not risen by a fraction, but my body has been evaporated!"

"No enemy, retreat!"

Just as emperor Tai Yan wanted to leave, the figure wrapped in bright red fire awn did not intend to let him go. With a gentle wave of his left palm, countless Phoenix Feathers surged out and shot through the whole space.

Looking at the fragmented space behind him, he wanted to escape. This extremely unstable space would instantly break up at any time, even burying himself!

I saw the figure gently pull back!

"Whoosh!"

"Whoosh!"

The Gengen Shenyu, who shot through the space and merged into the turbulence, flew back with the potential of barb, and immediately ran through the chest of emperor Tai Yan!

"Hiss!"

Wisps of black resentment rose and evaporated, and the distorted face of the Taiyan emperor could not bear the pain of the evil force being roasted!

"Ye Chen, you can't afford such cause and effect. Although I fall today, you will be killed by the supreme will!"

The shrill and penetrating cry gradually faded away, and what appeared in front of everyone was a clear spirit, emitting a pure breath!

The flame figure took out the green cloud divine wood sprouts from ye Chen's martial reincarnation diagram, put it back to its original position, and engraved the spirit of emperor Tai Yan into it with a great magic power.

Boom!

Bursts of loud noises came, and I saw that the bud, which had previously been a small seed, had grown into a tree three or five people tall in a few seconds, and was still growing!

"Hum!"

Heaven and earth roared, as if the Tao of heaven had noticed something strange, and the light of the flame wrapped figure faded a little.

"Is that you..."

Ling'er looked at the figure in front of her, and tears welled up in her eyes.

The false shadow of the flame seemed to feel something in his heart. He gently put his right palm on linger's head and patted it intimately. At the moment, the divine fire was very gentle.

"You..."

At the moment when ling'er was about to come forward, the heaven and earth changed, the divine fire dispersed into starlight and dissipated, and the whole zhenhunyan was covered by the fire!

.....

"Childe?"

Zhu Yuan patted Ye Chen on the cheek and called.

"Hoo!"

Ye Chen sat up in surprise, his eyes dignified, and said, "I seem to have had a dream!"

"Maybe it's not a dream..." Zhu Yuan Nuo's mouth, ye Chen found that I don't know when, the towering blue cloud divine wood has entered the sky, and the whole zhenhun abyss is peaceful.

"Linger?" Ye Chen shouted hurriedly.

"Huh?" Linger's voice rang out.

"What happened!" He demanded.

"I can't tell. Maybe it's ye evil god who pulled out the emperor's holy knife and interfered with the long river of time. It's nothing. Just treat it as a dream. Emperor Taiyan has been solved, suppressed under the blue cloud divine tree, and nourished the bud!"

"This time, you don't have to live in this boundless hell!"

Linger's playful voice rang out.

Ye Chen raised his eyes to the void. Emperor Taiyan was completely suppressed. It should have been a happy thing, but somehow, his heart seemed to be bound

Who is that man? Is it your future self? Or someone else?
