Chapter 7811

The appearance of ye evil god seemed to change Ye Chen's cognition of time and space.

Who is the end of time?

Supreme will, or something else?

.....

In the courtyard of Zhuyuan in Taishen mountain, ye Chen sat cross legged.

He did not go to the forbidden area to cut off the flail, but had doubts in his heart.

These doubts are perplexing, and it is obviously inappropriate to continue cutting flail at present.

"Ling'er, what happened to zhenhun yuanxia before, and who was that person?"

He was always puzzled. Zhu Yuan just got out of trouble on that day of the war. He was the first to faint with the lowest cultivation, but he even fell into the hands of the emperor too Yan

I just felt that I had a strange dream, but when I woke up again, I found that the disaster had subsided, and even the only dream was a little vague.

"Hum, that's what the emperor is too Yan, but I put it down with a little means. You don't need to care..."

Ling'er's face was a little unusual, and her speaking speed was a few minutes faster than usual, and she said.

Ye Chen looked suspiciously at ling'er in front of him. Although he was puzzled, he knew that ling'er's identity was unusual. Maybe some cards were unknown

The virtual tablet controlled by ling'er is different from other reincarnation Xuan tablets.

Since its appearance in China, linger has been destined to be a chess piece related to reincarnation!

But who arranged this chess piece?

There was a gentle breeze, and the ripples in the space in front of him raised a ripple, followed by a sound:

"Lord of reincarnation, we meet again..."

The bearer is the great God wearing the purple and gold crown!

"Master Taishen!"

When ye Chen saw the visitor, he hurried up and respectfully said, "thank you for remembering, elder generation. I'm fine, but Zhu Yuan..."

Taishen just smiled and said, "that boy has gained a lot in this battle. If there is no accident, he can step into a higher realm after leaving the pass!"

"So fast?" Ye Chen couldn't help but be surprised. Although Zhu Yuan was a martial fool, his talent was extremely terrible! But the growth rate is still amazing.

Looking at the mysterious Taishen in front of him, ye Chen suddenly had a mysterious feeling. Previously, he only thought that the elder in front of him was a strong man, but he found that the cultivation of the Taishen, although not extraordinary, was also unfathomable!

"Zhu Yuan's physique is a little special, but I'm not good at teaching!"

Seeing through Ye Chen's thoughts, Taishen laughed it off.

"Now you have cut ninety-six shackles, only four shackles are not cut off! Are those four shackles confident?"

Taishen slowly opened his mouth.

"I don't know what the elder means?"

Ye Chen doesn't say that he has experienced many battles, but he is also a leading figure of the younger generation. How can he not hear the meaning between the lines of Taishen?

Too God has deep eyes.

"Beheading ninety-six flails is already a demon in the world, and the talent is too amazing. As for you, it's an unparalleled move to behead a hundred flails. It's not easy."

Hearing too God's praise, ye Chen was also proud, but there were only four difficulties left.

Then what Taishen said surprised Ye Chen.

"If you really want to succeed in cutting those four shackles, there is one place you must go!"

"I used to cut my flail only by 87. It was because I went there that I cut my flail by 90!"

Tai Shen's eyes coagulated and said.

"What?"

Ye Chen was slightly stunned.

"I'll show you something!"

Taishen fingertips gently touched Ye Chen's eyebrows, and vivid memories poured in.

"This is!"

.....

Ye Chen saw the once great God in this world!

At that time, he was just the same as himself. He was in the same state of truth, but he was energetic!

"Emperor Haishan, I think you are from a low background, and it is not easy to cultivate. As my servant, you can win a seat of fortune!"

In his youth, Taishen was charming, and Gushe immortal was young. He looked at another handsome man in front of him and punched him horizontally!

"Self death!"

Facing the man in front of him who was provoked by the golden halberd, the young god punched out, and the ancient inscriptions shining around him were comparable to the power of the dragon and the Phoenix, smashing the man's Halberd and flesh!

Bloody void!

"You have cultivated two divine breath!"

The man was unwilling to fall to the ground. The young god stood between heaven and earth, and a pair of iron fists suppressed countless creatures.

.....

"Hum, it's amazing that you can fix two spiritual breaths. Among those garbage, you can also figure out who can take it, but that's all!"

The picture in front of Ye Chen turned again, but only heard the beautiful sound, the graceful dance under the moon, the sword moved in all directions, breaking the space!

With one assimilated into the afterimage, there is also the young god!

"Three divine breaths!"

The young god was unwilling to fall to the ground. Not far in front of him, ten figures never looked back, and only the woman's banter echoed: "the way of heaven cuts the flail to the ground, which is not an existence that you can step on at will!"

The woman's back is far away, and she pursues ten people against the long river of time

"How possible!"

Ye Chen's pupils contracted in an instant, and the encounter like a real situation startled him. He could clearly feel that even today's himself, when he met a young god, he couldn't get any benefit, but the victory was between Bozhong!

As strong as the Taishen in his youth, the peak of the etheric realm, I'm afraid its cultivation is closer than that of the owners of the four families in the Taizhi City, and they are also the same.

Ye Chen is confident that he can do the same, but the young God has no resistance to the mysterious woman

So, the back of the top ten people before?

"Hiss!"

Ye Chen took a breath. How could there be such an unnatural person?

"Master, the way of heaven cuts flail to the ground..."

Ye Chen spoke bitterly. From an old memory of Taishen, he seemed to hear someone mention a place name.

"Yes, it's the way of heaven. There are opportunities everywhere, and it's also a place where young talents gather. What you saw just now is the scene I traveled when I was young. I ranked in the list of ways of heaven that yea

Chapter 7812

Too God was stunned and immediately said with a smile, "hahaha, it is the existence I value. If you don't want to be screened out by the waves, try your best!"

"When you go back, cut a hundred shackles, impact the world too, and tell the world that reincarnation formally challenges wanxu and Wutian!"

Ye Chen suddenly thought of something and asked, "by the way, master Taishen, what is Shenxi?"

Taishen opened his mouth and explained, "a large number of people don't have this, but it is said that those who cut the flail can gather three flowers on the top to cultivate divine breath. One is the foundation, and the three are the extreme! Hongjun and Wu Zu are both three."

"I'm sure you can see that I made two spiritual breaths in the past year, and I'm afraid those guys before me... Are even more terrible."

Ye Chen took a breath and said, "some of them have built three divine breath!"

Taishen nodded and said, "some of them are really strong, and even many of them come from the Taishang world! But they should not have much contact with wanxu. This place has long been separated from the Taishang world and has maintained the martial arts for the first time."

"You know, in the eyes of those people, extraterritorial has always been called... Barbarian land!"

At the moment, Taishen's eyes were slightly sulky. It was obvious that even if it was ten thousand years in the past, this indisputable fact could not be rewritten by him alone.

"Barbarians..."

Ye Chen couldn't help murmuring.

"You don't need to care. I can see that you have walked out of your own way. The reincarnation blood is the strongest in the heavens, but it's also the strangest. Although you don't have divine breath, those demons who cultivate three divine breaths don't fall behind!"

"In fact, your decaying flail 96 should have three divine breath, but it's a pity that there is none. The word reincarnation is too mysterious after all."

"I also firmly believe that your talent must surpass Wu Zu and Hongjun, and even no time and space can limit you..."

"So this time, you are the main force in the heaven and earth line. As for Zhu Yuan, the practice time is really short. Before the situation is opened, it is the limit to cultivate a divine breath!"

Taishen told, "it's a few days before the way of heaven starts. Go to the hall and wait for me. During this time, I'll guide you one or two. It's also a way to cut the flail in the ground. How many points are there!"

Ye Chen nodded, got up and walked towards the deep back of the mountain.

In the courtyard at the moment, only ling'er and Taishen looked at each other from a distance.

"I didn't want to, but the world is irreversible. When it starts, it can't stop!"

Taishen said faintly.

"Many things are off track. I thought I could control everything, but now it seems..."

Ling'er also changed his lively and playful appearance in the past, showing a slightly dull color.

"Hahaha, I'm not used to talking to you across time and space!"

Ling'er was about to say something, but bright red overflowed from the seven orifices, and his expression was ferocious in an instant.

"There is also a part of the spirit stone in the earth. If you can collect it, your backfire may be relieved for a few points. In your current state, you can't last too long..."

A wisp of pure air from Taishen brushed linger's body, and the little girl instantly felt a sense of ethereal comfort, and the restless breath in her body also subsided for a few minutes.

Linger is no longer in this situation

Chapter 7813

"Now that Zhu Yuan has also passed the pass, master, we can be ready to start!"

Ye Chen felt the majestic breath of Zhu Yuan, which turned out to be the success of flail cutting, and a gorgeous God on his head could not stop soaking up the essence of heaven and earth, and the whole person was a little more full of air.

Taishen's eyes narrowed slightly, nodded gently at Ye Chen, turned his head and looked at the apprentice who stepped and fled not far away. He was very satisfied.

"Childe!"

Zhu Yuan holding a green spirit sword, smiling, stabbed at Ye Chen with a sword.

"Hiss!"

The spirit breath flows on the sword body, the rosy glow sprays on the nine days, and the heaven and earth visions suddenly appear, condensing the sword edge!

Ye Chen laughed and said, "Zhu Yuan, let me see the effect of your retreat!"

After saying that, he turned the blade with his bare hands, and used the potential of Daqian Chonglou's palm to open and close to face the front.

Boom!

The moment when the green spirit sword touched Ye Chen's great thousand towers palm, it broke a trace. Although there was only a trace, it was already terrifying.

You know, even if ye Chen doesn't use the magic of the nine gods under normal circumstances, he is not an ordinary king of heaven.

Ye Chen's eyes flashed a trace of surprise. It seemed that Zhu Yuan's martial arts talent was really terrible.

"Broken!"

With one palm, Zhu Yuan retreated. The boy stepped back several steps, shook his head and said, "no, no!"

Ye Chen couldn't help smiling, but also restrained the momentum of Daqian Chonglou's palm, and said with a smile, "compared with the battle of emperor Tai Yan, the combat effectiveness really soared!"

At the moment, Zhu Yuan, if ye Chen is serious, but it really takes a lot of effort to suppress reincarnation blood and other cards!

"Master told the childe? The way of heaven cuts the flail of the earth!"

When Zhu Yuan mentioned this matter, it was obvious that his eyes lit up. It was a great pleasure for this full martial fool!

"Well, now that you have passed the customs, you are ready to start!"

Ye Chen nodded gently and looked at the Taishen on the side...

"This trip is safe

Chapter 7814

This seems to inadvertently explain, but it is more like a threat.

Tai Shen's eyes coagulated, arched his hands, bowed his head and said, "yes, senior."

In front of Ren extraordinary, too God should also call the elder!

After explaining everything, Ren extraordinary's virtual shadow dissipated.

DPCA and Taishen are relieved and continue to move in the same direction.

.....

I don't know how long it took.

"Childe, look!"

Excited Zhu Yuan pulled a corner of Ye Chen's sleeve, glanced at it, and instantly the two were dull.

At the end of the void, all dharmas do not appear, and all things do not live. In the depths of the clouds, a corner of the huge city looms.

"Is the dispute over the way of heaven going on here?"

Ye Chen's eyes widened. There was no land to rely on, no majestic mountains, lakes and seas to set off, and an isolated city hung at the end of the void, solemn and solemn...

Zhu Yuan was also rarely quiet, stunned by the scene in front of him.

Too God is a few strands of sadness in his eyes. Endless years ago, he argued here, leaving a regret. Now he comes again, and he regrets a lot.

"It's here. Go!"

Close to the huge city, the solid shape of the Dragon slowly dispersed, leaving a warning, and then it was never seen again.

"Thank you, Mr. Xuanling!"

Taishen nodded slightly, then motioned Ye Chen and Zhu Yuan to follow, and the three stepped into the lonely city before and after.

Ye Chen looked sideways, and this lonely city was full of scars. The traces of various Xuangong and Baoshu, and the battle of heaven and earth Lingbao were still clearly visible, and the faint smell of killing and gathering on it. The battle tens of thousands of years ago was so fierce!

"Is this the so-called Daocheng, where young talents gather?"

Zhu Yuan could not help muttering.

Taking a few more steps, the faint sound of warmth came out, and it seemed that there were not many people.

He saw the young man in the flail realm as a servant, begging for mercy in front of his Lord, and smiling for Bo.

"Several people have come from afar and worked hard. Can you tell me where you are from in the Taishang world?"

The middle-aged man, who looked like an emissary, stood up with a smile, holding a scroll of scriptures, and asked.

After all, during this period of time, there are more reclusive geniuses in the world.

For example, wanxu and wish gods, as well as other forces, will not send disciples here.

Those who come here are all martial arts fanatics!

And wanxu is more fanatical about rights!

"Extraterritorial!"

Too God answers the way.

The middle-aged man looked obviously, and the smile on his face was reduced by a few points. The Scripture in his hand turned upside down, stopped at the last page, outlined a few strokes, and then asked again, "please show me the holy order of heaven!"

The jade order with the word "heaven" in the hand of Taishen burst into a clear glow, reaching the boundless sky.

"Hmm? It's Yuling!"

"That's the jade order only owned by the top 20!"

There was a cry of surprise from the crowd, and even the messenger was obviously stunned. After looking carefully, he respectfully said:

"Don't blame it, sir. It was so abrupt before. Please follow me!"

Facing the face of the messenger, even ye Chen couldn't help feeling that no matter where he went, he still had the fist the final say!

Boom!

"It's gold seal!"

"The top ten of the golden list of the way of heaven in the past appeared!"

Behind Ye Chen and others, there were endless cries of surprise.

When I looked back in surprise, the figure had disappeared. It seemed that I didn't want to cause controversy and hid my body.

"You will have a confrontation, but only if you get to the last step!"

Too God didn't look back, just stepped under his feet and said.

"Yes, master!"

Zhu Yuan bowed. Obviously, he also felt an extremely strong breath just now. It was only a glance, invincible!

"Senior, is there anyone who lives here in this lonely city?"

Ye Chen looked around and had doubts in his heart. According to the Supreme God, the struggle for the way of heaven will start again for ten thousand years. It should be bleak by reason, but now there are many weak people in the city, although there are not many, but there are!

"Some transcendent forces are stationed here, and there are many opportunities in the starry sky, so they can take advantage of it

Chapter 7815

Just when ye Chen couldn't help laughing, he felt the light of his eyes fixed on him behind him. Subconsciously, he looked back, and a man holding a gold spear was staring at him.

"I didn't expect to meet you here!"

The man with a gold spear looked indifferent and said.

"I have cultivated a spirit breath. In this city, I just passed the exam, but you servant are a little interesting!"

Obviously, Zhu Yuan's green shirt with a divine breath was handsome. On the other hand, ye Chen kept a low profile and did not have a divine breath. Naturally, he was regarded as a servant.

"Childe, let's ignore some dogs barking."

Zhu Yuan opened his mouth, and there was a trace of vigilance in his eyes.

"Hahahaha, where can a stranger from dare to be so presumptuous as the Li family?"

The laughter rang out in the crowd, and ye Chen sensed the divine thoughts, and then heard some information. The Li family is a second-class force in the Dao City, stationed here all the year round. Li Wei has a good talent, and has built two divine breath. There are three layers of heaven in the mysterious realm, and his strength is not bad among the younger generation!

"Boy, you want to die!"

The golden spear in his hand blooms, and the inscriptions surging on the tip of the spear light up, so he wants to fight!

"The battle between heaven and earth is about to begin. If you have the ability, you might as well give it a try at that time. What is it to argue endlessly in this city?"

A burst of ethereal voice sounded, and even ye Chen didn't notice that there was someone watching the war behind him?

The visitor wore a purple dress to hide his graceful posture, and a long sword stood on his back. His cool temperament was daunting.

"It's her..."

"No, it's her heir!"

Ye Chen had previously practiced in the illusion of Taishen. Naturally, he had a natural reaction to the opponent of Taishen in the past, and so did Li Wei.

But the mysterious woman in front of me should be the heir of that one!

"It was her ancestor who defeated the young Taishen!"

Ye Chen's pupil shrinks and signals Zhu Yuan to be careful...

"Sister Yue!"

When Li Wei saw the visitor, he first gave a meal, and soon he was no longer rampant like a vented ball.

"Outsiders in the domain?"

The woman surnamed Yue raised her eyes and looked at Zhu Yuan in front of her, and said again. As for ye Chen beside her, she was selectively ignored. After all, in this fight for the land of heaven, people who don't even have a divine breath... Only servants.

"Not bad!"

Zhu Yuan was neither humble nor arrogant.

In his eyes, there is only childe and martial arts, nothing else.

"Foreign countries are really declining... It seems that the man was just lucky in the past!"

The woman surnamed Yue shook her head in disappointment, and did not respond to Li Wei. She turned her head and left.

"Boy, since sister Yue spoke, I'll save your life today until I cut the flail,

Chapter 7816

"I heard that Lord yueshuang almost reached the golden list of heaven in those days, comparable to the horror of those ten people!"

"Those ten clans are the real masters of Daocheng. I heard that their descendants are also the top young supreme. If there is no change in this argument, it should be that their descendants occupy Jinbang to argue about Daoism!"

"I heard that Yue Han, the closed disciple of Lord yueshuang, has an unfathomable cultivation. He cut 92 flails. He is likely to cultivate three divine breath. I don't know whether he is expected to hit the top ten of the gold list!"

.....

Listening to everyone's words, ye Chen's eyes were on the mysterious woman with a veil covering her face.

"Yue Han..."

As for Zhu Yuan in front of him, at the moment, he can almost be said to be the most eye-catching person in the field. Just because of the word of Taishen, he was instantly pushed to the wind!

"This..." Rao Shi, with Zhu Yuan's heart, was also a little confused at the moment. Even he didn't expect that his always serious master should have such a domineering and unrestrained side on such occasions, which seemed to be really intentional.

Take a deep breath, Zhu Yuan smiled at Taishen, showing two rows of white teeth, and said, "my master is right, you..."

As he said this, he didn't forget to stretch out his finger and look around at all the young people present. He raised his finger and said in a loud voice, "not much."

Boom!

The murderous intent in the crowd rushed into the sky, almost drowning Zhu Yuan, and ye Chen was also a little unable to resist. You know, the weakest of the young generation of the major families who came here to fight for Tao also had a layer of sky in the sky!

Even the servants are the best in the ordinary flail cutting realm. I'm afraid they are not inferior to the two disciples of Taishen, Wuji and LINGJI. The cultivation of the Lord Zhu Yuan is put in the crowd, which is amazing and can't afford a little spray!

Why dare you speak wildly?

"This little guy..." even yueshuang was a little interested in Zhu Yuansheng, glanced at him and murmured, "if it weren't for that... You might have hit the position of Jinbang!"

But this guy's disciple inherited his rampant self-confidence, but his cultivation... Is a little miserable.

"Well, everyone, integrate the holy order of the way of heaven into the rules of the way of heaven, open the flail of the earth, and fight for the way inside, and each of them will have his destiny!"

Yue Shuang saw that everyone was going to go wild. They were all young people. They were not inferior to others. How could Zhu Yuan be so presumptuous.

"Whoosh!"

"Whoosh!"

"Whoosh!"

The Holy Spirit turned into a touch of the will of heaven and earth and melted into the void. With the pale golden jade seal of the moon frost shooting into the void, a magnificent gate poured into the eyes, and the scene behind it became a world of its own, which was very magnificent.

"Enter the world through this gate and go all the way south. If you can find the ancient city, you are expected to fight with the top ten of the golden list. The ten well deserved supreme masters of the young generation will discuss with you at the end!"

The soft voice of yueshuang sounded, and as the descendants of those ten people, they could escort the last stage of argumentation!

"Also, if those ten little guys were here, I'm afraid they would turn the world upside down?"

The owner of the Li family mentioned the existence of Jinbang, and some of them were just undisguised praise. Li Wei of his family was qualified to follow one of them

"Hum, for ten thousand years, you are still an ant with nothing!" Too God disdained a cold hum, and sniffed at the whole Li family.

"You..."

"Look, Yue Han took the lead in rushing into the no man's land of zhanjiadi. She wants to

Chapter 7817

The sword light rose around. Rao was the so-called 'flail cutting' space, and it was also a tremor. A ten foot long black crack burst, and it was still spreading!

"What!"

The two men, who were led by the monk, looked surprised. Even if they retreated more than a hundred feet, the remaining eight people were obviously not so lucky!

Boom!

Eight heads rose to the sky.

The remaining two people looked at each other. One of the men was holding a bottle, and the colorful glow from the seal between his palms took Zhu Yuan's sword Qi.

The other person's breath on his head burst into a clear glow and covered his body. His arms vibrated and turned into a virtual shadow of Kun Peng, attacking Zhu Yuan.

At the moment, Zhu Yuan's long hair was scattered on the battlefield, like a great demon. He had no rules in his long sword, and fought with the two men in a very fierce battle.

The aura shines, shatters the sky and collapses nine days.

Two to one, ye Chen didn't intervene, standing still and looking into the distance.

He also wants to see Zhu Yuan's progress in this period of time. It is obvious that this guy's ability to surpass the level is also terrible.

The outside world is now exploding...

"Hahaha, the boy's servant was scared silly, and stood still and dared not move. It seems that this time, there is no good luck in the barbarian land!"

"That boy's strength is good, but two to one, there is no chance of winning!"

.....

"Dihaishan, it seems that I'm wrong. Don't talk about your disciple for a day. He can't hold on for half a day. Go and collect his body!"

The Li family owner said sarcastically.

Too God didn't say anything, and his eyes calmly looked at Zhu Yuan fighting in the battlefield.

"This guy, what medicine is sold in the gourd?" Only yueshuang looked at the back of Taishen and was fascinated secretly.

"Look, that crazy boy has won!"

There was a cry in the crowd, and Zhu Yuan did not know when he had taken off the heads of the two demigods who had made a breath, and the spirits were completely wiped out!

One on ten, win!

"Qing'er! Liang'er!"

When there is joy, there is sorrow. Several people in the slain family looked at Taishen and gnashed their teeth.

"Cut off the flail inside the earth, life and death are safe!"

The beautiful woman's eyes flowed like autumn water, and she opened her mouth to remind her.

"Hum, it's just a fluke. If you encounter Wei'er with such strength, there is only one way out!" The owner of the Li family disdained.

"Look, the rampant boy and his servants ran away!"

.....

Screen rotation.

"There are babies there!" Little Kirin's milky voice sounded again, and ling'er immediately doubted, "little thing, you mustn't talk nonsense, I didn't perceive anything!"

"My baby smells it, it's delicious!"

Little unicorn's milk voice and milk airway.

"Smell? Delicious... Is it kylin tablet?" Linger immediately lost his voice.

"Ye Chen, if it's really a Kirin tablet, this is the treasure. Follow the little guy!" Linger preached.

"Zhu Yuan, don't pick up those things, there are treasures!" Ye Chen greeted Zhu Yuan, and their bodies continued to fly south, toward the direction directed by little Kirin.

"In the hole!"

Little unicorn's milk voice and milk airway.

Ye Chen soon stepped into the cave, followed by Zhu Yuan, and the two lost their trace.

"Hahaha, I found a cave and hid it. The rampant boy and his servant were afraid!"

The outside world sighed.

"Look, it's the son of the Li family. He also came to the cave and is about to meet!"

"Look, it's Princess Yuehan, and she's here!"

The owner of the Li family's face was happy and immediately said with a smile, "it's really unlucky that I met Wei'er!"

.....

After a stick of incense.

"Childe, is this kylin tablet?" Zhu Yuan looked at the object in front of him, which was just like a hard stone, and wondered.

At the moment, Ling'er said, "this is the treasure. It is said that refining this thing can suddenly realize the kylin's thunder control skill, and with its power, it can break the void. What's more, we have a real guy..."

"Maybe even the little guy's power of space can wake up together." Ling'er smiled cunningly and looked at the little boy in front of him.

"Delicious, this baby wants!"

Little Kirin's big eyes blinked, and his watery tears stared at Ye Chen.

Ye Chen suddenly thought of Xiaocao. This little Kirin is somewhat similar to Xiaocao's character.

I don't know when I can revive the grass.

After cutting a hundred flail, is the Iron Throne really willing to surrender?

At present, Ye Chen was in trouble with little Kirin's request. Immediately, Ling'er laughed and said, "the pill and this, which do you want!"

Little Kirin was instantly interested: "baby wants pills!"

Ye Chen: "..."

Ling'er answered, "reincarnation blood is the strongest blood, and you control Lei Bei. It's most suitable for you to refine this Kirin tablet. With this blessing in your blood, this little guy can grow and absorb in your Dantian, which is also very beneficial!"

Ye Chen felt relieved when he heard the speech.

Boom!

Ye Chen isolated everything and sacrificed the thunder tablet.

At the same time, just at the entrance of Kirin tablet, the color of thunder instantly filled the nine days, and the dense thunder sea hung upside down in the sky, which was terrible!

However, at this time, the sudden change!

"Boy, come out and die!"

Li Wei's voice sounded.

"Childe, you refine this precious medicine first, and I'll clean up the guy outside!"

Zhu Yuan was about to go out to fight, but ye Chen frowned: "that guy has built two divine breaths, and the realm is much higher than you, you..."

But Zhu Yuan smiled, "I still have many cards I haven't played. I can do what master can do!"

Ye Chen also smiled, "that's right, your boy is even more abnormal than me!"

"Click!"

A sky thunder pierced the cave where the two people were, and the whole mountain top instantly became ruins.

"Hum, I can't even see the way of heaven anymore. I want to accept this crazy boy!" Li Wei's spear glittered with gold, ignoring everything under his feet.

Not far away, Yuehan raised her eyes and looked at the sky, as if thinking.

"Whoosh!"

A sword burst into the sky, and Zhu Yuan's body rushed out from under the ruins.

"Sister Yue, how about giving me that boy?" Li Wei first opened his mouth to Princess Yue Han. After all, the future sister-in-law should not offend easily.

Princess Yue Han frowned and immediately said, "although this guy was rude before, he's a little too bullying with your strength!"

Indeed, with Li Wei's mysterious realm, he built up two realms of divine breath. Facing Zhu Yuan with only one divine breath, it can be said to be crushing!

The perception of spiritual power is very different!

"You insulted the child many times, and I'll kill you today!" Zhu Yuan said first.

Although Princess Yuehan intended to make peace, this Zhu Yuan... Is it a little too arrogant?

"This crazy boy wants to die, and even Princess Yuehan dares to kiss her face?"

"Death!"

Seeing this, Li Wei didn't hesitate any longer, and when he lifted the golden spear in his hand, he stabbed it.

Raise the horizontal gun, the Dragon flies and the Phoenix dances, and the vision rises again!

Chapter 7818

Point out the long gun in your hand, and the tip of the gun flows with unparalleled momentum. The two gods interact, and the power of the dragon and the Phoenix harmonizes. The streamer overflows and lights up the sky, showing its edge!

"Death!"

With one blow, the void broke, and where the spear awn passed, the space crack spread for hundreds of miles.

"Nei! The prince of the Li family is really overbearing. I'm afraid no one is better than Princess Yue Han on this road fight!"

"No wonder it is rumored that there will be a young supreme willing to make friends with him!"

"Master Li, it seems that he will occupy the list of heaven this time

Chapter 7820

At the moment when everyone was stunned, they saw Ye Chen and Zhu Yuan's body. In full view of the public, they actually tore the void and left?

"Click!"

Luo Ke was also stunned. Immediately, the thunder on the nine days made him think of something, and immediately said with a grim smile: "it was thunder sea..."

"Chase!" The body shape is like Kun Peng, and the instant of the order, the body shape has appeared hundreds of miles away!

At this moment, he has made up his mind to kill!

.....

"Luo Ke has a fast reaction. With the power of Kun Peng, we will be caught up by him!" Linger's voice rang out.

"It is worthy of being called the supreme emperor of the young generation. Unless you use the power of the fire of the Taoist spirit, you really can't easily take him down!"

Although the previous fight was an instant, ye Chen could feel that this guy named Luo Ke was very powerful.

Such a person, must also have a treasure, forcibly fight, the power of thunder and sea, will completely devour him..

"Little guy, come out to bathe!"

A purple little Unicorn fell into Ye Chen's arms. For a time, countless thunders poured into his body with the potential of the sea. He only saw Ye Chen fleeing with a unicorn in his arms, followed by Lei Hai!

Within the vast thunder, a Kun Peng soared in it, and the power of killing and cutting coagulated and pursued it!

After a stick of incense, the little Kirin swallowed most of the thunder, but he burped a few times, and his eyelids drooped, and he was about to fall asleep.

"Little guy, you can eat and drink more. I can't carry so much left!"

Ye Chen and ling'er were immediately silly!

Although he is not afraid of the power of thunder, it is only limited to the physical body. Moreover, what the Kirin tablet attracts is the thunder sea, which must be absorbed into the body. If the thunder tablet is used, it may be easily absorbed.

But looking at so many old monsters, if they use Lei Bei, the identity of the Lord of reincarnation will inevitably be exposed!

Reincarnation blood as the strongest blood in the heavens, these people must fight at all costs.

There is a Luo que chasing after the key. If you are not careful, something will happen.

"Childe, I'll hold that guy..."

Before Zhu Yuan finished speaking, ye Chen shouted; "Run, that guy only needs a breath to kill you!"

"OK..."

Zhu Yuan was on his way.

"Ka!"

A thunder with thick and thin arms fell on Ye Chen's body, but it was straight into his body!

Fortunately, reincarnation divine body is really strong and has no impact on Ye Chen.

But one after another, even if reincarnation is terrible, this thunder is not vegetarian!

The thunder here even has a breath of nothing. Even if it is a trace, it is stronger than those encountered in the process of waking the Tianzhu and accepting the thunder tablet.

"Cough!"

Among the blood and flesh that ye Chen coughed up, there was a strong thunder raging, and the blood dripping on the earth was tearing open the vast earth hundreds of feet of an abyss, and there was no bottom!

"Sure enough, it's hard to absorb the breath free power of the thunder sea without using Lei Bei!"

Luo que, who chased after ye Chen all the way, saw that ye Chen was seriously injured, and his mouth raised a smile. The wings of Kun Peng fluttered up and pulled into the distance again.

"Damn!"

Another thunder came again, directly smashing Ye Chen's body into the abyss!

"Ka!"

The endless thunder sea went with Ye Chen and poured into the ground together, just like a dragon into the sea. In an instant, it punctured the boundless earth, and the splashed gravel rushed into the sky, blurring the heaven!

The whole flail was a sensation!

In the ruins, a Kun Peng broke through the air and turned into a human form. It was the young supreme, Luo Ke!

"Boss!"

"Boss!"

Countless Tianjiao arrived half an hour later. Looking at the destroyed land in front of us, now it has turned into an endless abyss without bottoming out.

"Is he... Dead?" Li Wei said bitterly.

Even he didn't believe that anyone could survive such a thunderstorm!

"This son is not so easy to die. Go down separately and turn the abyss upside down to find him!"

"Live to see people, die to see corpses!"

Luo lacked cold voice, want to escape in his hands? Never!

.....

At the moment, countless people in Daocheng saw Ye Chen fall into the abyss formed by the thunder sea penetrating the earth, all shaking their heads and sighing.

"It's a pity to die, but being chased and killed by the supreme emperor of the young generation is enough to be proud!"

"Hahaha, Emperor Haishan, your people are now dead. If you fight against the Luo people, you will die!"

The owner of the Li family was in a happy mood and shook his body and left in a flutter.

Yueshuang saw this, and her eyes were full of incredible. Others didn't know that she knew it. If she dared to swallow the kylin tablet into her body, it was an act of seeking death, unless... There was a miracle.

"So Luo Ke came here to capture kylin?"

Sure enough, a message came out of the decaying flail field that the young invincible Supreme Lord Luo que said that the follower was not dead, and issued a reward order to see people alive and dead!

"Ye Chen, a man who cut hundreds of flails, I don't believe it will fall so easily."

Things gradually got out of control, and even Taishen was dignified. Although he did not reveal the identity of the Lord of reincarnation, the birth of the kylin was equally shocking!

In the previous World War I, the people of the ten families could not see the way out, so even naluo was anxious. He wanted to
