

## Physician 7821

### Chapter 7821

"Cough!"

The lungs fluctuated violently, and a few thunder breathed from the mouth and nose, carrying the broken meat in the viscera, which was supposed to be enough to destroy the sky and the earth, but there was no wave in this silent hut.

Zhu Yuan beside him was unconscious. On the contrary, look at himself again. There was light thunder on his body surface. Although his reincarnation blood was constantly repaired, the current situation in his body was terrible!

"Creak!"

Pushing the door and entering was a little girl dressed in plain clothes, with slightly dark skin, and two small dimples were extremely obvious even if they were silent.

"Hello, stranger, my name is Wen Xin!"

About eight or nine years old, the little girl was not surprised to see ye Chen wake up. Instead, she felt the thunder around him and muttered, "it's really strange. It's obviously a familiar feeling, but it's not the power of these thunder..."

"There is something hidden in your body!"

Wen Xin, dressed in sackcloth, was puzzled. She immediately put down a bowl of soup medicine she was carrying and said, "Oh, no, the spirit chicken in the yard hasn't been fed yet. Come back and save you!"

The little girl trotted away, leaving Ye Chen stunned..

"What... Spirit chicken? My life is not as important as spirit beast?" Ye Chen is a little helpless, but it's good for others to be willing to save themselves!

Looking closely, ye Chen realized that he and Zhu Yuan should be in an ordinary village at the moment and were saved by the little girl named Wen Xin.

Wait, ordinary villages, why their own thunder force riot is here... There is no response?

I waited with doubts until the sunset, when I heard the footsteps of the little girl Wen Xin again.

"Ouch, the sun is going down, it's time to rest... No, I haven't saved you yet, forget!"

Ye Chen: "..."

Wen Xin scratched her head, picked up the bowl of soup medicine that was already cool, and with Ye Chen's eyes staring at it, she broke Ye Chen's lips and poured it down.

"Huh?"

At the moment when the decoction entered the body, ye Chen felt comfortable all over, and the meridians around him had general activity, slowly healing themselves?

What kind of soup is this? It's even more terrifying than the eight trigrams heaven elixir!

What is the identity of this little girl?

"Kick kick kick!"

The sound of hurried footsteps came, and several strong men pushed the door and entered.

"Wen Xin, did you save outsiders?"

The little girl nodded and immediately motioned for several people. There were two injured people, one unconscious and the other seriously injured.

"How can outsiders come here? It's nothing!"

Seeing this, several burly men shouted at the little girl one after another, slightly excited but somewhat awed.

Wen Xin waved her hand and said, "it doesn't matter. There are secrets in his body. When he is well, I will naturally explain it to the village!"

"But if my mother-in-law knows, she won't spare you. Even if you are a saint, you should also be punished!"

"Yes, Wen Xin, since the death of the old lord, my mother-in-law has always forbidden outsiders to step on, and you saved them, which..."

Wen Xin sighed softly and said, "Uncle zunhai and uncle Zuqian, leave it alone. I'll handle it. Go back and I'll rest!"

The little girl couldn't help driving away several big men, sighed and extinguished the candles in the cabin.

At this time, ye Chen heard several people talking, but what shocked him more was that his injury really began to heal quickly!

This is more terrifying than the pill that Nangong Xinran of danqingxianzong gave himself!

"Ye Chen, where the hell have you been!" Ling'er also said aloud. Obviously, she was also affected. At this moment, seeing this scene, she couldn't sit still immediately.

"This..." suddenly, ling'er was silent. In this place, she felt a wonderful breath, and

Chapter 7824

The space around the body fluctuated, and seven figures slowly appeared, with men and women, men's temperament coming out of the dust, and women's spiritual eyes moving.

The spy who gave Luo que the information before slowly looked up, smiled and said, "that guy must have contacted the elders of the clan. I'd like to have a look. The Luo family wants the action after the unicorn..."

"Then again, is the Kirin, which is about no fragments, really there?" One of the ten young supremacies asked.

But Qian Xuanfeng said, "it doesn't matter whether it's here or not. Anyway, the key was born in our generation. Sooner or later, we will take the chance!"

"As for Luo Ke, Luo Jia!"

Another person also opened his mouth and said with a smile, "if you are a pioneer, you will have some soup to drink!"

"Qian Xuanfeng, your ancestors won the last argumentation

Chapter 7825

Ye Chen seemed to have countless doubts in his heart.

But somehow, he felt that he had a deep understanding of the remaining four shackles.

A few hours later, a girl's voice sounded in Ye Chen's ear.

"Lord, grandma Qingyun is out of the customs and wants to see you!"

When Wen Xin came, he just brought a word, which ye Chen cared about.

As soon as ye Chen's eyes coagulated, he walked towards a small courtyard deep in the village.

The faint fire and candle especially reflected people, and even the mother-in-law Qingyun's face was a little clear in front of her.

The old woman who dispersed her murderous intention showed a little kindness.

"Younger Ye Chen, I've seen the elder!"

Ye Chen arched his hand. Before that, he clearly felt how terrible the person in front of him was!

Compared with God, it is exactly the same, even worse.

"Alas..."

Mother-in-law Qingyun sighed gently at first, and immediately opened her mouth to Ye Chen, "you must have a lot of questions in your heart. I'll tell you a story!"

Ye Chen nodded and immediately sat cross legged, looking calmly at the old woman in front of him, waiting.

"The year when Qingyun village was born has long been unknown... Although it does not belong to the world of nothingness, it is very close to the world of nothingness, so the rules of the avenue have an impact."

"Later, I only know that when we were affected by time and space, the void was disordered, and we came here."

"Qingyun here, in fact, also has a purpose, just to protect the foundation of the war in the past. A mysterious man once ordered us to wait for the predestined ones here, but this is... Endless years."

Speaking of this, the old woman choked a little..

"Mysterious man?"

Ye Chen frowned and just wanted to say something, but she saw mother-in-law Qingyun take out a volume of atlas from her arms. Judging its quality, it has been for some years. It's not too much to say it's a legacy of ancient times.

The catalogue slowly unfolded, and ye Chen couldn't help but be shocked when he looked at it carefully!

"I don't want to believe it either, so I shot you that day!"

Mother-in-law Qingyun said.

This time, even ye Chen was a little confused. Carefully looking at the figure in the atlas, the gorgeous colorful magic kylin crawled on his side, like a pet, and the woman carried the supreme treasure medicine for food.

At the same time, the reincarnation Heaven Behind Ye Chen is particularly dazzling, as if an order belonging to reincarnation has been established.

"Is that woman linger?"

Ye Chen looked carefully and found some differences. Although the woman in the picture was similar to ling'er, she was obviously an adult and her temperament was much colder.

"Not long ago, I took the girl to the Qingyun boundary monument. Sure enough, it triggered the inheritance!"

"Reincarnation xuanbei?"

Ye Chen also heard ling'er mention earlier that the source of the reincarnation xuanbei has something to do with it. It seems that the so-called Qingyun boundary monument is made of the same material as the reincarnation xuanbei!

But what does all this have to do with kylin?

The kylin in the picture, ye Chen is really difficult to connect with the sleepy little guy in his Dantian.

"What's the matter with this Lord?" Ye Chen asked.

Mother-in-law Qingyun raised her eyes, stared at Ye Chen for a long time, and said, "endless years ago, Qingyun village had a disaster. A Lord went out to protect the secret of inheritance, and he has not returned yet!"

"As the so-called debate on Tao intensifies, Qingyun's inheritance is also gradually watched by outsiders..."

Ye Chen asked, "is it the so-called ten nationalities?"

Mother Qingyun nodded and continued, "the Lord didn't return, but that day, I felt his breath and cause and effect on you..."

"It seems that he chose you!"

Ye Chen's eyes narrowed slightly, as if he understood something.

The so-called Lord must have something to do with himself.

Either it is the power of the reincarnation cemetery, or it is the existence of the dead and trapped, or others.

"You have had contact with that Lord!"

Mother-in-law Qingyun's words interrupted Ye Chen's conjecture.

"So, that day I broke out reincarnation blood and the holy cup of human slaughter..."

Mother-in-law Qingyun nodded gently, "it was the power left behind that triggered the change!"

"There is the power of inheritance under the boundary monument, and that power is probably related to the kylin!"

"In the past, the boundary monument was suppressed, isolating the Qi machine. Now the girl has attracted the force of the boundary monument. If the seal of the boundary monument is lifted, the force of inheritance under it..."

Ye Chen suddenly felt a little, muttering, "once linger collects the monument, then this force will completely appear in front of the world..."

"That's why Naluoque chased me like this before. Even the remaining families are sitting on the mountain watching the tiger fight!"

Mother-in-law Qingyun said, "it doesn't matter if it's just those younger generation disputes. No one can break into this village!"

"There are prohibitions on the flail cutting ground, and the old folks of the ten nationalities can't step here!"

Ye Chen said in a deep voice, "not necessarily... The power of the homologous thing of the reincarnation xuanbei is likely to break this balance!"

The last time the spirit of Taishen mountain found the stone related to the xuanbei, it caused a lot of visions.

This time, not necessarily!

At this time, sudden change!

Boom!

The colorful light burst into the sky, and the violent force condensed into a sharp sword to poke a boundless hole in the sky of Qingyun village

"Broken..." Ye Chen immediately stepped out, his eyes frozen, a plan suddenly came to his heart, and shouted:

"Maybe this is the only way."

.....

meanwhile.

Outside.

"Go and tell the boss that something has happened in the opportunistic place..."

In recent days, several sons of the clan who had been assigned by Luo que saw this, and even if they were going to leave, they told the news.

"Wait, who is that?"

Li Wei, who was about to turn around and leave, suddenly saw a figure flash in the corner at the entrance of the village, and there was a change in his body!

"It's the guy brought by Taishen. Kylin is on him!"

Even though Li Wei rushed out, he immediately turned to the people behind him: "the chaos in Qingyun village is fake. It's true that this boy wants to take the opportunity to escape. Go to the boss and I'll follow him!"

Several people looked at each other and left in their respective directions.

"Sure enough, the childe expected well, then come!"

The figure with Kirin in his arms rushed out of the village and went to the depths of the flail cutting field.

.....

"What!"

Luo que heard the report from his subordinates. Even when he got up, his gentle temperament like a relegated fairy was instantly restrained and replaced by endless sense of killing.

"Chase,

Chapter 7826

"Brother Qian, what are you hesitating about?"

Several people looked at Qian Xuanfeng, but when they saw the figure in the corner, they said nothing, and they couldn't help but worry.

"If kylin really falls into Luo Que's hands, it will be difficult to seize it again!"

"Yes, brother Qian, the news of Kirin's life will not be false. The Li Wei around Luo Ke has a keen sense of such a strange treasure!"

A word woke up the dreamer, and Qian Xuanfeng also immediately made a decision to pursue the figure who left!

.....

Screen rotation.

"Mother in law, the power of the sky formation in Qingyun village is weakening, and the boundary monument... May have an accident."

At the moment, Wen Xin stood in front of the old woman, eyes blinking, firmly staring at the shrinking boundary monument.

At the moment, the Qingyun boundary monument, which was originally one person high, was only three feet high, and the smell of terror slowly filled it.

"Click!"

With a sound, the Qingyun boundary monument unexpectedly cracked a gap, and a thick black blood slowly flowed out of it.

Every drop reflects the heavens.

Ling'er originally guarded the existence of the virtual monument in the xuanbei of reincarnation, and naturally easily entered the space of the Qingyun boundary monument.

But the picture inside made Linger's expression extremely dignified.

"Here is... The picture in the monument?"

Ling'er looked at the world around him. Chaos was everywhere. On the dark sky, dark breath poured out, turning into giant palms that covered the sky, and was killing countless creatures!

Boom!

With a slap, the gods, Buddhas and immortals all over the sky fell out.

With two palms, the boundless yellow sand disappears.

"No!"

A weak cry shocked heaven and earth, but it was difficult to stop the end of silence. At the end of the endless darkness, the beauty was left alive and independent.

"Even if we all die today, this will be over!"

Ling'er fixed his eyes and looked away. The compassionate man was a little similar to himself in charm between his eyebrows..

"Death!"

The cries of destruction came from all directions, and the whole dome was shrouded in inexplicable fear.

Hum!

With a bang, the mountains and rivers stretching for thousands of miles disappeared in an instant, and the smell of darkness swept through.

"The moment is eternal!"

The woman gripped the reincarnation of heaven and earth between her palms and photographed it with one palm. The scene in front of her was changing rapidly. Unexpectedly, it was like a dead tree in spring, and the breath of life and death flowed continuously.

"Out!"

Another angry cry stretched out countless arms in the sky, which successively dissolved the woman's great power.

Roar!

Kylin's sad cry, immediately at the end of the sky, colorful rosy clouds were about to burst out, trying to refine the darkness of the heavens.

"Whoosh, whoosh!"

Countless invisible hands poked out directly, easily breaking the void and locking the colorful kylin on the nine days!

"No!"

The woman screamed helplessly, letting heaven and earth cry, and she couldn't stop the palm that destroyed heaven and earth!

Boom!

The bloody palm hole was revealed from the Kirin's body, and the colorful glow was instantly dispersed, and the bright scales fell off, and each piece was smashed through the mountains, rivers, lakes and seas.

Purple animal blood spilled on the sky, and raised a touch of hope on the dark earth!

"When on earth is this..."

Ling'er looked at the repetition of scenes in front of her like a passer-by, and pointed out that it seemed to disturb the existence above the darkness, and immediately the power of killing was gradually apparent!

The woman felt something in her heart, looked back at ling'er, and her sad smile hung up. Even that little red was particularly bright:

"You must come back again..."

The nameless dark breath swept over and covered the whole dome. At that last moment, half a broken flag fluttered, provoking the woman's jade body stained with the dark breath, wrapping the broken flag around her body and throwing it out

Linger's eyes flashed a trace of gloom in an instant, and the breath of terror soared!

A breath!

Two breath!

Three breath!

Boom!

Ling'er screamed in pain. In Qingyun village, the boundary monument turned into a sticky black liquid and slowly dispersed.

"Ye Chen, enter the land of inheritance!"

At the moment when the boundary monument dissipated, thunder filled the sky, condensed, hovered and turned into the sea, and stood upside down in the void.

A figure swept into the forbidden area at the moment when the boundary monument dissipated.

.....

At this moment, Zhu Yuan is here.

"After so long, come out!"

Zhu Yuan, who was holding Kirin in his arms, stood between the empty river valleys, smiled and stopped.

"Boy, when the boss comes, you will die..."

Li Wei's words have not yet been completely exported, but the figure not far in front of him has taken off his hat, and his face is impressively

Zhu Yuan!

"How is it you!"

Li Wei was so angry that he subconsciously wanted to retreat, but the Kirin in Zhu Yuan's arms emitted a brilliant light, and the purple tracks rushed into the sky!

"So kylin is on you!"

A cold hum sounded, and in the vast river valley, a shining figure dressed in golden glow appeared out of thin air, which was Luoque, one of the top ten young supremacies!

"Compared with me, your cultivation is very different. Surrender the unicorn and submit to me, and you can live!"

The golden light flashed in the indifferent eyes, and immediately the breath of the sky was undoubtedly revealed. Just a glance and a drink, it had the image of a Kun Peng!

"Boy, my boss thinks your bones are pretty good, if not..." before Li Wei's words are finished, Zhu Yuan's figure has quietly walked in front of him, and a pair of iron fists have been smashed!

"Tiandi fist!"

Zhu Yuanwei, who cultivated two divine breaths, was unstoppable. Compared with the previous battle, this punch was enough to tear the sky apart.

Between the fists, there was a faint sound of dragons, devouring everything.

Hiss!

A bright blood hole in his chest gurgled and gushed, and Li Wei didn't even have time to make a blocking action, so he was killed in an instant!

Chapter 7827

"Do you understand this?"

Zhu Yuan sneered and looked down upon Luo Jiadao.

"Oh, you really have supreme character. I'll refine your skin bag into a puppet to help me fight!"

Li Wei was killed in front of him. Luo Ke didn't get angry but smiled lightly, which showed how deep his city was!

A golden bone in Luo Que's body was blooming, and the whole person was bathed in the breath. The flower of the avenue formed by the three breath on his head loomed. Behind him, a Kun Peng slowly emerged!

Although it cannot be compared with any extraordinary giant whale, it is also extremely amazing!

"Tiandi fist!"

Seeing this, Zhu Yuan was not afraid at all. His fist roared, pushing the whole river valley deeper. He was tall and straight, and his cold eyes stood still.

With a buzzing, the fist light that runs through the heaven and earth suddenly rises, like a streamer approaching the sky, towards the Kun Peng on the nine days!

"Overestimate oneself!"

Luo que flashed a faint killing intention at the bottom of his eyes, but the smile on his face did not decrease. He looked at Zhu Yuan's strong blow, turned into Kun Peng's wings, and faced it directly!

The Kun Peng, bathed in the light of God, has a posture of swaying thousands of miles. Without seeing the edge, it takes nine days as the sea, roams in it, and tosses in the fire!

Countless gorgeous roads washed down, covering Zhu Yuan's fist, and Kun Peng swallowed it!

Boom!

The fierce collision instantly blew up the threat of overturning the river valley, causing clouds to fall and dust to cover the sky.

At the foot of Zhu Yuan, bottomless ravines spread, and Luo que wanted to bury him underground!

"Burst"

Between heaven and earth, the fist light brought a ray of thunder, and the faint purple Unicorn roared, which surprised de Luo.

"Kylin... Is it there!"

Seeing the purple kylin showing his edge, Luo que was overjoyed in his eyes and immediately laughed and said:

"In that case, I'm not polite!"

"Wanyu tianlaoyin!"

The three gods behind Luo que stopped breathing, and even the ancient Rune was slightly closed to avoid its edge, and the terrible breath of the cold in his palm instantly rose.

One star after another coagulated on his left palm and merged into a gorgeous Milky way, in which endless phagocytic power surged, destroyed, dark, suffocating, and strange forces were intertwined.

"Tie!"

The void within a thousand miles collapsed into glittering starlight with Luo Ke's loud drink, and was absorbed and swallowed into the prison in his hands!

The dark light devoured by thousands of ways flooded the earth river valley where Zhu Yuan was located, and even the dust disappeared!

Boom!

The terrifying force instantly acted on Zhu Yuan's body, and an invisible pulling force seemed to peel off his spirit.

"Ah!"

A painful roar came out, and the bones in the body clicked, and each one was under great pressure!

"Click!"

The rib cage bone is completely broken, and the moribund white bone is emitted from the body. The flesh and blood are blurred, and it is not seeping!

A purple smell lingered in Zhu Yuan's Dantian, and now it was also covered and stripped by the power of devouring!

Kylin, who confronted Kun Peng on the Ninth Heaven, let out a wail, and the purple shadow faded a little!

"This kylin is mine!"

Luo que saw that little Kirin was captured by his own secret method, and even his eyes showed ecstasy!

"Brother Luo is so elegant. Can Kirin lend me a look?"

Several breaths came from Luoque's encirclement and suppression in all directions, and he didn't even notice it!

"Qian Xuanfeng!"

The power of purple's origin entered the body in an instant, and Luo kudang, who had no time to think carefully, even if he wanted to get out and retreat, at the moment, there was another change on the nine days!

The eight gods came one after another, stabbing his unparalleled phagocytosis through a huge hole and hitting the Kun Peng on the nine days!

"Cough!"

One mouthful of blood coughed up, and Luo Que's injured body fell to the ground. He wanted to retreat, but he found that eight people had surrounded him.

"Hahahaha, why, do you still want to step on me?"

Luo Ke, who was a little embarrassed, had long lost his previous charm. At the moment, his long hair was scattered, his eyebrows were horizontal and his eyes were vertical.

Although he is an invincible young supreme here, no one is weaker than him who has besieged him heavily at present!

Nine of the top ten young supreme!

So many demons are extremely difficult for him, even Luo que, to escape.

But he was not afraid at all. The ten emperors who cut off the flail were constrained by each other. They had to consider the weight of the Luo family!

"Brother Luo, it's too serious. We just want to have a look when we hear that kylin is here!"

Qian Xuanfeng dressed in white, quite elegant temperament, said with a light smile.

The seven people behind him were all smiling.

"Oh? When did you guys wear a pair of pants with Qian Xuanfeng?" Luo Que's eyes twinkled, which was also the evil laughter way..

"Xiao Luo, this is not your concern. My sister also wants to see kylin's face today. Won't you refuse?"

The charming female Supreme Master Lan Ya's beautiful eyes flow through the stars, and the autumn water of Mei Yi is long-lasting, soft voice.

Luo que heard the words, but her eyebrows frowned. The girl had just started to kill

"Well, since you have something to ask for, then take a look!"

Luo que thought for several times. At present, the most important thing is to stabilize a few people first, and then find a way to get away. After all, the Luo family's weight is in, and they dare not kill in public!

"Woo!"

The purple kylin appeared from the Luohe Dantian. The little guy closed his eyes and fell into a deep sleep. He was very cute.

Seeing this scene, even Qian Xuanfeng was moved by it.

Click!

Thousands of miles away, a purple column of light rushed into the sky, and the thunder clouds all over the sky condensed, dark as an abyss.

"Well... Is that?"

Qian Xuanfeng

Chapter 7828

Zhu Yuan looked back with a smile and said, "do you really think you can trap me, Zhu Yuan?"

The next second, he turned into a flash of streamer and disappeared at the end of the sky.

"How can it be? That power just killed him..."

Even the female Supreme LANYA was stunned, and her eyes were full of surprise.

Qian Xuanfeng's face was livid, and he said, "this is... One Qi turns three Qings... The man is back!"

.....

Void fluctuations.

Zhu Yuan staggered and looked pale. After he was sure that he had dumped nine people, he dared to sit under the tree and breathe.

"You are really not afraid of death!"

An ethereal voice sounded, instantly causing Zhu Yuan to sit up.

The visitor wore a long black dress, and his figure was hidden under the shadow of the forest. His face was covered by a veil, and his face could not be peeped.

"Is it you?"

Zhu Yuan's expression was alert. This person was the proud daughter of Daocheng who had met many times before and called herself a "disciple", and was known as one of the top ten

Chapter 7829

"The melody contains the meaning of destruction, which is not a law, but a force of will!"

Ye Chen was completely shocked by the scene in front of him. This is Kirin evolving his own method!

The power of space can be so, making the scene of the past reappear!

"The real Kirin law, space and the will to destroy, the power of will above the law!"

Ye Chen stretched out his hand, and a bone of inscriptions glittering with purple light of origin was cheering.

"Are you waiting for me to come here?"

Although I've never seen it before, I'm really familiar with it. This bone is welcoming him!

At the moment of fingertip touch, he disappeared into Ye Chen's body.

"Lord of reincarnation..."

Kylin, who is above the heavens, opens his mouth to reveal his words. When ye Chenshu looks back, he sees that it lies in his dialogue across time and space!

It seemed that ye Chen could not see or hear what it was saying. He saw that the unicorn, which was enough to tear the heavens, was also disintegrated under the force of cause and effect

"It would rather die than send me some news..."

Ye Chen frowned, but no matter what, he couldn't pry. Seeing the kylin fall, a tear gradually fell.

"No!"

Under the sky, the peerless beauty in the depths of the battlefield was also defeated, sending out a unwilling angry drink. At this moment, the golden light of reincarnation on Ye Chen rose into the sky.

The vast land of reincarnation, the holy land of heaven, thousands of divine courts, red neon Ruixia, colorful flower rain, like the light of the scorching sun, shines out to the four fields of heaven and earth.

In the bright moon of the reincarnation map of martial arts at the center of the eyebrow, the half pole flag surged up.

.....

Qingyun village.

"Mother in law, many people are coming towards Qingyun village. Now the boundary monument has dissipated, the power of Kirin inheritance has exploded, and the array power in the village has gradually weakened..."

Wen Xin felt malicious and came to their village.

"Fight with them!"

"Grandma, give orders!"

Uncle Huan Zun, uncle Zu Qian and others took the lead, and the war was imminent.

Boom!

The kylin virtual shadow surged and roared in the chopping flail ground. Just a roar, it would completely tear up the boundary of the heaven's way chopping flail ground!

With the roar of the unicorn, the heaven cut the flail, and the sky of the earth instantly collapsed, and the gods turned into fragments to show the void, which was extremely magnificent.

Qingyun village and others were stunned when they saw this vision. Even her mother-in-law was full of doubts. She had been guarding here for generations and had never seen such a scene.

"There... Is the real place of inheritance!"

Ye Chen looked at the kylin scattered above the nine days and condensed his way.

"Shua!"

"Shua!"

In an instant, hundreds of figures have been standing outside Qingyun village. Countless young talents in Daocheng are also attracted by this vision. The worst cultivators have also stepped into the fourth floor of Tianxuan!

Several young supreme heads, looking into the void..

"Damn..."

Luo Ke's figure finally appeared, and a hundred geniuses saw it and hurriedly made way for it.

"Oh? It seems to be a failure!"

The female Supreme Master Lan Ya covered her mouth and smiled softly, saying, "you let a wounded boy run away..."

Obviously, she meant Zhu Yuan who escaped.

Several young people also showed their smiles one after another. It's really unusual for Luo Ke to eat the guy repeatedly.

Qian Xuanfeng on one side didn't respond to the topic of several people at all. He made a noise in white and shouted:

"Exquisite heart piercing stab!"

In the void, Qian Xuanfeng's exquisite dice, the treasure enough to break everything, was bounced off at the moment of touching the border of Qingyun village!

Boom!

The power of counterattack instantly crushed the mountains and valleys within a hundred feet into powder, and the martial artists who were still on their way in the mountains and forests also fell down with it, and a wail surged up, which was not seeping!

Outside this beautiful village, there is such purgatory on earth.

"This..."

Several young dignitaries also showed their astonishment. Qian Xuanfeng's strength was also the top among them. Unexpectedly, he didn't even shake the barrier!

At this time, the change on the sky began again. The previously broken kylin scattered a divine glow, which was actually condensed in Qingyun village, reflecting the appearance of a huge city!

"Is that... Daocheng?"

Luo que made a sound of surprise, but immediately dismissed the idea. The huge city on the dome seemed to be older than the Tao City!

Just above the city gate, there is mottled blood, surging brilliance, divine blood!

"There has been a world shaking war!"

On the city gate at the top, the marks of all kinds of axes, swords and swords are still clear and audible, and they exude the threat of terror.

"My eyes... Ah!"

At this time, a young Tianjiao, who was on the fourth floor of the Tianxuan realm, fell to the ground with a roar of pain, and his eyes were bubbling with bright red in his pupils.

"What kind of city is this?"

Among the crowd, the sound of fear began to rise.

Even the traces of past battles are invisible!

But it's like the heart demon Dharma of the emperor releasing heaven!

The heart of the beholder runs away and the body dies!

"Everyone, it seems that this time, we have to work together!"

Qian Xuanfeng narrowed his eyes and looked at this ancient but lonely huge city, saying in a deep voice.

Several people nodded strangely. Even Luo Ke put down his previous prejudices at the moment.

"Sacrifice your strongest strength to break the barrier of this land of opportunity!"

.....

At this moment.

Ye Chen, who left the boundary monument world, looked dignified. According to the pre agreed plan, Zhu Yuan should be back.

"Is something wrong?"

Just as he was about to leave, a voice sounded: "childe..."

Hearing his voice, ye Chen was relieved, and simply asked him a few words, but the boy hesitated and prevaricated.

"Forget it..."

Ye Chen turned to Zhu Yuan and said, "we have to go there!"

The gate of the huge city on the nine heavens slowly opened, and a breath of dead silence came to my face. It was really strange under the endless shining light.

"Wenxin, what's the matter with you?"

Uncle Hai Zun exclaimed, and the people tired of stabilizing the border of Qingyun village looked back. I don't know when, Wen Xin seemed to have lost her soul, and the strange smell of the huge city was reflected in her eyes!

Another person tried to come forward, but was stopped by Ye Chen. He looked at Ye Chen puzzled.

"Lord..."

Ye Chen frowned and whispered, "it doesn't matter. There is inexplicable power guiding her in this huge city!"

"If there was an intention to kill, Wen Xin would have been robbed..."

Hearing the words, the people were a little relieved, but they listened to Ye Chen and said, "Zhu Yuan, watch Wen Xin, let's go to the huge city together!"

What I saw earlier is the old scene of the huge city in the past?

Then ling'er may also be in it!

"If you want to start, you'd better hurry!"

Mother Qingyun was affectionate and dignified at the moment: "those little guys alone can't break through the boundary of Qingyun village, but the roar of the kylin illusion just now shattered the space to chop the flail, and those old guys are almost there..."

Chapter 7830

Ye Chen nodded, when even with Zhu Yuan and Wen Xin, he swayed up nine days, straight into the gate of the huge city, and disappeared.

.....

"Look, someone has entered the huge city!"

"It's the boy and his entourage!"

"And a little girl!"

Outside Qingyun village, countless young warriors saw the scene of the three men climbing to the gate of heaven, and someone couldn't help glancing at the leading young supremacies.

At the moment of seeing Zhu Yuan's figure, Luo Que's killing intention in his eyes was undisguised, and Qian Xuanfeng and others were also disturbed by this cold killing intention.

"Luo Ke, don't be distracted!"

The strength of several people is the time to gather and condense. If someone has an accident at this time... It will fall short!

Worthy of being the strongest of the younger generation, Luo Ke instantly stabilized his mind. Suddenly, he was happy and said with a smile:

"The elders of the clan are here. This border can't last long!"

Qian Xuanfeng and others also looked happy. With this vast breath, the supreme masters of their several families came here!

"You kids, concentrate and break the boundary!"

The old voice echoed in several people's ears, and an invisible pressure shrouded the whole Qingyun village, with dogs barking and chickens chirping.

"Grandma!"

Uncle Hai Zun, uncle Zu Qian and others all turned pale and looked back at the old woman on crutches.

"Alas... It's this day after all. Buy more time for those little guys!"

The dragon's head crutch gently touched the ground, and the figure of mother-in-law Qingyun turned into wisps of smoke, which was integrated into the array. The sky of Qingyun village, which was on the verge of being broken and unstable, lit up a boundless blue flame!

.....

At the moment, ye Chen and his three friends just set foot in the huge city, and the breath of death came!

"This place..."

Zhu Yuan just opened his mouth and said three words. A sense of suffocation instantly rushed to his heart. A gray light flashed across his eyebrows, and immediately a mouthful of blood coughed up!

"Kill!"

Destruction, breaking, roaring, the trampling sound of iron hoofs of thousands of troops suddenly rose in his ears, Zhu Yuan's seven orifices shed blood and fell to the ground

"The way of heaven is inhumane!"

"The action of the heavens is to think twice!"

"War!"

The sounds of various emotions are constantly pouring in. With Zhu Yuan's concentration, his nerves are almost collapsed!

"One Qi, three cleans!"

His teeth were deeply embedded in his thin lips, and Zhu Yuan used his last strength to condense three clear Qi before the body was about to burst!

Bang!

With a dull sound, covered by resentment and coercion, Zhu Yuan fell to the ground like a porcelain doll and broke!

A breath dissipated, and Zhu Yuan's spirit and body began to reorganize

"Zhu Yuan..."

At present, ye Chen couldn't stand it any better. He hurriedly sacrificed the Hongmeng starry sky and the reincarnation holy soul sky.

In an instant, waves of majestic grandeur, filled with the breath of soul pressure, erupted from this sky.

The blood of Zhu Yuan and ye Chen merged into the dead city, and the change began again.

It seems to be the silence for countless years. This huge city, which has long been extinct, once again feels the vitality, and all kinds of martial arts rules reappear!

Some pointed to the broken moon, others picked the stars with their bare hands.

The supreme secret method and treasure technique complement each other. If you can see and realize it again, you will be able to demonstrate the Tao Wuwu!

"Daoling fire! Yan Xuaner help me!"

"The holy cup of human slaughter, help me!"

Ye Chen shouted violently, and immediately offered the Holy Grail of human slaughter. The golden grail shed thousands of blood, and the murderous spirit rose to the sky.

At the same time, Yan Xuaner and the power of the holy fire are also combined. The divine Phoenix flows under the skin, and the scarlet fire shines into the divine soul, erasing these scenes you see!

"Burn it for me!"

Boom!

The fire of the Taoist spirit, which integrates the holy fire, is originally an extremely powerful flame, and has natural restraint against the power of these grievances.

When I opened my eyes again, countless human bones piled up on the dark street in front of me, as desolate as ink.

It seems to feel that ye Chen is out of control. In the huge city, the bones turn into swords, stabbing him and Zhu Yuan like the sky and the earth!

"Hiss!"

Zhu Yuan only felt a burning sensation on his cheek, and even his skin was burned off. When he woke up, he saw only a figure blocking him. It was Ye Chen!

Prick!

Another bone sword poured into Ye Chen's chest, stabbed straight through Ye Chen's chest, and stopped half a centimeter away from Zhu Yuan's eyes..

Ye Chen blocked the bone rain for him with his flesh!

It was also the blood containing the fire of Daoling and reincarnation blood that bit by bit awakened him!

"Childe!"

Zhu Yuan looked at the scene in front of him in disbelief, and blood and tears filled his eyes.

"Hoo..."

Ye Chen breathed heavily, forcing a smile on his pale face, and said, "hurry, get out of here!"

Zhu Yuan also understood the strangeness of the city. He took Ye Chen on his back and ran towards the inner city with big steps. Although he didn't know how dangerous the road ahead was, there was only a dead end to stay here!

In the dark city, Zhu Yuan couldn't see his fingers. He didn't know how long he had run. Sweat soaked his eyes and couldn't hold on any longer. He fell to the ground in front of him.

.....

In the sky, a gap has been torn in the boundary of Qingyun village!

"Right now!"

Qian Xuanfeng and others took the lead and rushed to the huge city above the sky, and the nine young emperors rushed up with hundreds of young Tianjiao!

Seeing the nine young and gorgeous young supremacy breaking the border of the land of power, the rest of them were overjoyed, and countless martial artists followed suit.

Boom!

A blue cloud sighed across the border of the village, and many warriors were like moths to the fire, bleeding in the void, turning into meat mud and scattered dust.

Mother Qingyun's voice was accompanied by the sound of anger:

"Wait for the mole ants to step forward again, and die!"

The cold cry seemed to be aimed at some people, especially harsh.
