Chapter 7831

At the same time, nine powerful figures stood on the top of the mountain thousands of miles away.

"When I came again, I just realized that there were such taboos here!"

An old man straightened his rickety waist, shook his head and sighed, "unfortunately, that village is called the land of opportunity..."

"The power of the border is too overbearing. If we rush hard, we may lose more than we gain!"

Another middle-aged man answered, "it doesn't matter. Our descendants have stepped into the huge city, and the opportunity depends on them to compete for it!"

The whole border of Qingyun village was once again stable, and the terror and pressure that enveloped it dissipated in an instant!

In Qingyun village.

"Grandma!"

Everyone was shocked. The dragon's head crutch broke in half. Mother Qingyun's face was pale, and a trace of red flowed from the corners of her mouth, but she smiled and waved her hand:

"I can't die. Don't worry, those guys don't dare to be stronger!"

"The rest depends on the luck of those little guys!"

Looking up again, someone began to fall in front of the huge city gate above the nine days.

Even the nine young supreme masters were blocked out of the door, and various means were used to resist the power of the huge city!

.....

"Childe!"

"Childe!"

In the sound of calling, ye Chen's eyes slightly opened, and the tingling feeling behind him did not diminish, but made him more awake.

"It was Wenxin who saved us!"

When Zhu Yuan saw that ye Chen was all right, he saw a little blood on his face.

When Wen Xin saw Ye Chen wake up, the color of self reproach on her face slowed slightly.

"Wen Xin, you don't have to blame yourself. If it weren't for you, we might all be buried here!"

Ye Chen said.

"This place is similar to Daocheng in structure, but it is completely different!"

Zhu Yuan analyzed that he had been in Daocheng before, and had wandered around in some places.

"The ambition of these people is too terrible! I'm afraid this place will be destroyed. No wonder elder Ren told me to be careful."

After a long time, ye Chen said something coldly.

"What!"

Wen Xin and Zhu Yuan were surprised and looked at Ye Chen. The flames flickered, and ye Chen's cheeks looked extremely calm.

"When the Kirin method was passed on, I had a glimpse of the mystery!"

Ye Chen told Zhu Yuan and Wen Xin what he had seen and heard in the thunder sea evolved by kylin.

"The way of heaven has collapsed here, and the road has been eroded by darkness?"

Zhu Yuan doubted that he had heard similar statements in his previous experience..

"I suspect that the reason why the way of heaven and the earth exist is to protect the existence of this ancient city!"

Ye Chen took a deep breath, said his guess, and asked Zhu Yuan.

"Think about it carefully. What is the purpose of our trip?"

"Compete for opportunities and discuss with major young geniuses! The childe can also use this to feel the remaining four shackles."

Zhu Yuan thought for a while and replied.

During this period of time, I really gained a lot, such as naluoke and others, who are also the strongest of the younger generation!

"If the expectation is not bad, the so-called place of opportunity in that group of people is Qingyun village. As for why, you should be very clear in your heart!"

Ye Chen said faintly.

Qingyun village seems ordinary and ordinary, but even a piece of bamboo contains an extremely powerful meaning of martial arts.

Although not as good as the world without nothing, but more than the world too.

Zhu Yuan also broke through many accomplishments. Although Zhu Yuan's talent is really good, what's more terrifying is the village full of treasure!

"The way of heaven is a place of opportunity on the surface, and the real inheritance is probably..."

Ye Chen said here, a meal.

Zhu Yuan also brightened his eyes and said, "it's in this city!"

"If the way of heaven is really spiritual, then this battle must have affected extremely far-reaching, and even a corner of the battlefield I spied in my dream may also be related to it!"

Zhu Yuan nodded thoughtfully and said, "so what was he looking for when the way of heaven destroyed this ancient city?"

"Maybe it's the best chance!"

Thinking of this, Zhu Yuan's eyes lit up again.

"But maybe it was early?" As soon as the conversation turned, he was worried again. From the smell of countless years left in this huge city, it was absolutely unimaginable for them to exterminate this place!

The aftermath of the robbery is only a glimpse, which is enough to take people's lives, and the spirit also falls!

Judging from the current breath induction, all the creatures here have been extinct, and even plants are not born!

Boundless darkness shrouded the sky, and the night was eternal, and even the sun and moon were destroyed.

"No, the inheritance must be here, otherwise there will be no Qingyun village to cover!"

"The most dark destruction of the former way of heaven failed to cut its roots, and it was only as a last resort that the secret was sealed forever!"

"If I hadn't obtained the kylin method by chance and peeped into the sky for half a minute, I would never have found this place!"

Ye Chen said firmly.

Zhu Yuan's eyes lit up and said, "young master, doesn't that mean we get the moon first?"

"It's not so easy. The killing array laid outside is not aimed at us, but just triggered the defense mechanism of the ancient city. Rao is so, we were almost killed, and even my reincarnation blood and the Holy Grail of human slaughter have no effect."

Ye Chen shook his head. This is an indisputable fact. The opportunity is indeed close at hand, but their cultivation is really weak. If they are careless, they will be doomed!

Ren Feifan is afraid of this place.

"That's right, it was because of Wen Xin before..."

Zhu Yuan scratched his head and immediately thought of something. He asked, "yes, why hasn't Wen Xin been invaded by the killing array?"

"I'm afraid..."

Just as ye Chen opened his mouth, the huge city once again spread a boundless atmosphere of killing, just a touch of palpitation, and Zhu Yuan almost fell into the devil again!

Even ye Chen, who has the reincarnation holy soul sky and the Hongmeng starry sky, was trembling!

"It's Luo Ke. Those people are coming!"

Zhu Yuan protected himself with three clear Qi. Then he said, "the killing array at the gate is enough for them to eat a pot. We have to act quickly!"

"It's over there..."

Wen Xin suddenly said.

"As soon as I face that direction, my heart beats faster. There is something waiting for me!"

At this time, Wen Xin's pupils rose a little clear black, and her consciousness was gradually losing

"Protect Wenxin, let's go and have a look!"

Ye Chen told Zhu Yuan that they followed Wen Xin one by one, without exceeding the distance of 100 steps.

Boom!

Behind him was another burst of noise, from which came the roar of Luo Ke and others, and even they were trapped!

.....

After a stick of incense.

With one step, Wen Xin's pace in front was like walking, but ye Chen and Zhu Yuan were robbed again!

Under the vast city wall, the barren breath is coming.

Chapter 7832

They stood here as if they were ants peeping. The countless stars hanging above their heads had long been broken and disappeared, and the dim light was no longer there.

Ye Chen even suspected that the stars in the sky had once been inhabited by supreme power, but they were also robbed and fell.

"Outsiders, covetous, behead!"

Invisible deep in the dark, a hoarse cry came out, just a wisp of dark wind blowing, it was blowing countless star bones, spreading all over the sky!

If you touch it, it will be destroyed and invincible!

"It's the karma accumulated by the grievances of the ancient city!"

Once this thing is contaminated with cause and effect, there will be countless great horrors one after another, until it falls out.

"Reincarnation holy soul sky! Hongmeng starry sky, block me!"

"Yan Xuaner, kill!"

"One Qi, three cleans!"

Ye Chen and Zhu Yuan took out their housekeeping skills, and all kinds of treasures came out, surging with unparalleled divine brilliance, but the light of the black silence seemed to condense into a fruit, and it tore Zhu Yuan's defense like destruction!

"Wen Xin walked over unharmed!"

The complaining spirits here are actually a little afraid of her!

"Hiss..."

"My inheritance will never die!"

"You can suppress the heavens for thousands of years!"

The owner of that voice seemed to have regained some consciousness, and there was a flash of light in the dark!

It was a huge altar. A half dried corpse sat cross legged in its array, and the accumulated dust was enough to completely submerge it. If it hadn't been for a careful look, it would have no human shape.

At the moment of Wen Xin's appearance, the blood seemed to have the power of resonance, and the corpse that should have been returned to the dust was actually reacting!

Countless inscriptions lit up, surging again from its body, extracting the only remaining blood and gas of the mummy.

At that moment, the figure opened his eyes.

"A hundred footed insects die but don't freeze!"

The body that should have died seemed to feel the defection of countless souls infected by dark substances in the world. He couldn't help but get angry, got up and slapped it with several palms, and the whole huge city was shaking!

It seems that he was trapped in this array, and he could not leave the altar, so his power was limited, only dispelling some dark substances!

Fortunately, ye Chen and Zhu Yuan were saved.

"Ancestors..."

It seemed that she was inspired. Wen Xin walked straight towards the altar without being bitten by anything.

The mysterious man's eyes were full of hope, and his thin palm was like bone firewood, trembling and touching Wen Xin's forehead, almost losing his voice:

"Good!"

"OK..."

"I didn't expect our family to escape from nowhere, but there are still descendants alive. Girl, it's the ancestors who are sorry for you!"

"In this way, the imperial city is expected!"

It seemed that the crazy mysterious man was first crying with joy, and then full of determination. He took Wen Xin into his arms, and the little girl turned into a rain of light and melted into the five color array of the altar.

In an instant, the Abbot's glow burst into the sky of the ancient city. Thousands of broken stars seemed to have life, and they were crying!

"The new life is mixed with extinction!" For a time, even ye Chen and Zhu Yuan fell into this mood and couldn't extricate themselves.

"Compassion and the meaning of life!"

For a moment, ye Chen was surprised and blurted out. The figure on the altar flashed a trace of surprise at the words, which was also startled:

"The Lord of reincarnation is you!"

After a long time of silence, the figure laughed at himself and said, "yes, even in this life, you have stepped into a road of no return. It seems that the impact of that war is too great."

"However, since it still exists, there is natural law in everything. Unfortunately, I can't reach this scene in heaven!"

"Lord of reincarnation..."

"You must succeed!"

Pierced by the voice of the mysterious figure, ye Chen instantly fell into a state of emptiness, a dream for thousands of years

The five color altar collapsed in an instant, and the blooming Xiarui light slowly poured into the ground, holding Ye Chen, Zhu Yuan and Wen Xin!

"Hiss!"

The biting cold wind slapped on the skin, blowing out the appearance of blood stains.

Ye Chen took a breath and looked around at Zhu Yuan, who was temporarily unconscious but had stable signs, before looking around the scene..

The mountains and rivers are all right, and the grass grows and the warblers fly. This quiet and beautiful world has lost its color alone.

It is a little similar to the wilderness Wujing.

Even the flowers that should have bloomed luxuriously are covered with a layer of gray at the moment.

"What is this place, which the mysterious man guards?"

No matter how ye Chen's thoughts were investigated, there was no fluctuation in this dead and silent place.

"Childe, Wen Xin is gone!"

At the moment, so is Zhu Yuan, who woke up slowly

Chapter 7833

Ye Chen and Zhu Yuan were also shocked by the constantly changing scenes in front of them.

"Underground, something is surging..."

Zhu Yuan sensed the change.

Ye Chen nodded gently and said faintly, "in this world, many strong people should have been buried in the past. Now these creatures may also be recovering!"

"Hahahaha, two little guys, it's fate to come here. You can take all the inheritance of the burial ground. If you can get the approval of several old friends in the past, it's a good talk!"

The voice of the mysterious man echoes in every corner of the small world.

"Childe, pick the precious medicine!"

Zhu Yuan heard the words, and immediately his eyes showed salivation. He was about to move forward, but he was stopped by Ye Chen.

"Wait!"

He pressed Zhu Yuan, looked at the rising sun rising eastward on the sky, and stared at it for a long time without saying anything.

Although Zhu Yuan didn't know why, he was obedient, and two tall figures stood still, waiting for the big day!

Not long after, when the golden awn shines in the sky, the whole world is bathed in the sea of light, and the back of Ye Chen Zhu Yuan is flashing pale gold.

Click!

Figures rose from the ground, scattered the endless darkness around, surging with divine light, as if attracted by the sun on the void.

"I didn't expect that this burial ground destroyed so many creatures at the previous station. Each of them, compared with those old guys in the city, didn't show off!"

But at present, there are hundreds of thousands of souls in four eyes!

These forces were destroyed by overturning palms, and ye Chen couldn't help but stand up. If history repeats itself again... Daocheng, I'm afraid it will be broken at the touch!

Even the so-called imperial clan, I'm afraid, can't protect themselves.

"Welcome my Lord!"

With a loud shout, the spirits of hundreds of thousands of heroes flickered into the sky, and even ye Chen could clearly feel the killing intention of these soldiers who had died for thousands of years!

"Hahahaha!"

"My descendants will raise the flag of cutting the sky again, follow its Lord, and level the heavens! Return to Wuwu!"

The mysterious man's body appeared. His rickety body had been drained by the five color altar, leaving only the skinny mummy laughing and hoarse.

Standing on the void, the figure overlooks 100000 creatures. At a glance, countless firm wills condense into a vast sea of stars and pour into the sun transformed by Wen Xin!

Boom!

The whole world began to tremble, screaming, shouting.

Wen Xin's blood is changing. In the big day, the little girl who looms faintly has faded a little bit immature, and her eyes are even colder!

Hundreds of thousands of heroes are transforming their blood vessels, washing bones and cutting marrow for Wen Xin.

She will become the master of the world and completely control the killing!

.....

"Zhu Yuan, that side!"

Ye Chen reincarnation Tianyan found something, called Zhu Yuan, and went to the mountain not far away. At the end of the day, two creatures stood still.

The whole body is wrapped in golden light, so you can't see your face clearly, or even distinguish men and women..

"Two seniors, I'm sorry!"

It seems that ye Chen and Zhu Yuan were extremely surprised by their visit, and the two creatures looked at them.

"Hundreds of thousands of souls in this burial place are celebrating the new Lord, but they see two alone. Their hearts are disappointed, which makes this world cold!"

Ye Chen also found the feelings in his heart and came here. This same sense of decline that goes against the world and doesn't act, hit it off immediately.

Boom!

Two figures heard the words, and one of the mysterious creatures directly attacked Ye Chen!

.....

At the same time, several young supremacies are here.

"Damn, what was that just now!"

Spat a mouthful of blood on the ground, Luo que looked behind him. In the endless night, only five people were alive and could fight with him.

You know, people who can follow around him, such as Li Wei, are all young Tianjiao in the world. At present, they have lost so many confidants

The so-called 'young supremacy' of them are all seemingly divorced from each other, fighting their own battles. Now they have entered the huge city and must camp step by step.

This ancient city is too terrible. Without any sign, it has stepped into the illusion. At the moment when the sound of fighting rings in his ears, he has been robbed, and he doesn't even have time to react. If it weren't for the wind blowing in the city at the last moment... He can't break the situation!

"That direction!"

In the direction he sensed, a figure quickly passed, and Luo Ke frowned, "LANYA!"

He is one of the young supremacies who are as famous as him.

Whoosh!

"Qian Xuanfeng?"

Another figure passed by and ran in the other direction.

Luo que couldn't help looking back at his team. At present, he was against Qian Xuanfeng and couldn't get any benefit!

Immediately interrupted the idea, Luo Ke and his party of six people pursued in the direction of the five color altar.

"There were traces of fighting here before!"

When Luo que arrived at the center of the altar, he was safe and unrestrained all the way. It seemed that someone had already stepped in first.

"Is it LANYA? No, it's the boy brought by Taishen..."

Suddenly, Luo Que's eyes lit up his intention to kill, because the one who got there first was the clown who escaped from his hands repeatedly!

.....

Screen rotation.

On the vast land, a purple sun rises, which is very dazzling. In the center, the previously visible figure of Wen Xin has disappeared.

Hundreds of thousands of souls of heroes have also exhausted the last trace of divine brilliance, watering the blood of the new Lord and coronating him as king!

Boom!

As soon as the mysterious creature points out, ye Chen uses the holy cup of human slaughter, which is irresistible!

He wanted to try to use the boat of sin, but now it is more difficult to control it!

In front of the huge cultivation gap, even the fire of Daoling and reincarnation Heavenly Sword are difficult to break through the defense of people in front of them.

What's more, this is the dead man who was temporarily awakened by Wen Xin with his powerful vitality!

It can be seen how terrible his cultivation was.

Ye Chen, who flew upside down, did not suffer any substantial damage, but in the stalemate, he even breathed quickly!

"What's the situation? The feeling of palpitation!"

Ye Chen suddenly felt bad. He was sure that he was not hurt, but this feeling of powerlessness

"Emperor's holy knife, kill me!"

Ye Chen suddenly drank violently, offered the emperor's holy knife, and pulled it hard.

Hiss!

A small shiny blade was pulled out by Ye Chen.

It was only a small part, but the sharp edge of that small part of the blade was startling.

The golden blade, like withering and decaying, with the terrible power of destroying the universe, mercilessly cut out.

Words in the real world can't describe the sharpness and sharpness of this knife at all.

The mysterious creature saw that the emperor's holy knife in Ye Chen's hand was pulled out a little, and was slightly surprised. It seemed to raise some interest a little. He thoughtfully pointed to the emperor's holy knife, and immediately stopped holding his hand and used his arm as a sword to fight with Ye Chen!

Chapter 7834

Ding!

The unfavourable knife light unexpectedly only made a crisp sound, and even the flesh of the mysterious creature's arm could not be broken!

"Out!"

The will to destroy in an instant exploded around, and the terrible smell of destruction swallowed up the mysterious creatures.

Boom!

With his arm as a sword, another sword was waved, which blew away the light of the emperor's holy sword wrapped around him like a flowing wind!

"What!"

Can the strike of the emperor's holy knife be blown away?

A moment of inattention led Ye Chen to lose the first chance, and the knife intention was no longer suppressed. On the contrary, it was an carelessness, and his left arm was cut off by the roots!

The blood light sprinkled, ye Chen frowned and retreated, looking at the guy in front of him.

"He didn't want to kill me, but wanted me to understand..."

"Those previous feelings, when I was attacked by him, I cut off my cultivation! Even my reincarnation blood is no longer."

At a glance, ye Chen couldn't help looking dull and muttering, "what's the situation..."

His severed arm is changing like a spirit!

Suddenly, it's as tender as birth, and suddenly it's as decaying as old age!

"Is this the power of destruction? No, it's the power of space?"

Ye Chen was also stunned on the spot, wishing that with the blessing of Tianxing and Bagua Tiandan, he had great resilience to continue fighting, but what if the blow just hit straight into his chest?

"One blow cut my cultivation..."

Ye Chen murmured and said, "what is the purpose of the martial artist's flail cutting? Is it just for breakthrough? Or against the will of heaven and earth?"

"What about will?"

"Those who can really travel all over the world and enter the world without time and space, such as Hongjun Laozu and Wuzu, can never have this achievement alone!"

"From the beginning, this mysterious creature was deliberately mobilizing my strength, followed by the will..."

"Blending and sublimation?"

The moment the idea came out, ye Chen's cold sweat flowed down!

Beyond the will, above the heavens, the meaning of reincarnation!

"No wonder, just the sword idea attached to my body can cut away some of my cultivation realm. Such martial arts enlightenment is so terrible!"

Determined in his heart, ye Chen mixed many forces in the Dantian, and the Black God was broken by the power of colorless space, and ye Chen roared in pain!

On his cheek, sometimes there was a strange smile like a baby, sometimes there were wrinkles all over, and he shouted hoarsely!

"The breath of reincarnation is disordered. Just adjust your breathing and feel reincarnation. I can feel that you have experienced ten thousand reincarnations, and just get rid of miscellaneous thoughts!"

Mysterious creatures are rare, laughing, sitting cross legged, quietly watching Ye Chen scream!

.....

"Childe!"

Zhu Yuan, who was fighting with another mysterious creature, couldn't help losing his mind when he heard the change on Ye Chen's side. He was slapped on the chest by the mysterious man and almost penetrated!

"Cough!"

A mouthful of blood and broken meat spat out, and Zhu Yuan was unwilling to fall again.

What is inconsistent with Ye Chen's side of the battlefield is that Zhu Yuan's side is really boxing to meat!

If it hadn't been for the support of Qi and Sanqing, I'm afraid even the spirit would have been destroyed by Shengsheng now!

But the mysterious creatures also had no intention of chasing down and fighting hard. When Zhu Yuan nearly fell, he stopped fighting!

Even in order to speed up some progress, he will help him recover!

"My God!"

Zhu Yuan's painful roar spread all over the burial ground, and at the same time, it also alerted LANYA and Luoque who were lurking!

"What terrible strength!"

Luo Que in the dark saw Zhu Yuan, who was as fragile as a vase. He looked cold. If he went up, he might not be much better!

Without the boy's strange life-saving means, even a blow will kill him.

"Boss, what kind of creature is that, so terrible?"

Several people around Luo que were surprised one after another, and their eyes were decadent. If they fought with such creatures, they would die with one blow!

They did not hesitate to believe that if that slap hit the earth, it would turn the burial ground into powder!

"He has a hand bone without Tao rhyme, so he is so overbearing!"

Luo que, after all, is the leader of the young generation. At a glance, he saw the clue. Every blow of the mysterious creature, the right hand bone will flash a trace of carved lines!

People will only be attracted by the terrible power. If you don't look carefully, you can't see it at all!

"It seems that this inheritance must be the eldest one. The power of Kun Peng is already famous for its power and speed. If you get this precious bone... Ten thousand years later, the feather emperor of the world will probably be in the world

Chapter 7835

"Kill yourself and rob my things!"

As a Wuchi, Zhu Yuan naturally knew the value of this thing and went after it with all his firepower.

"Huh?"

Why can't even Kunpeng's speed get rid of the boy's tracking?

Luo Que's eyes coagulated. Looking back, he was not only unable to get rid of it, but also the distance between them was constantly pulling in!

"Is there something wrong with Ziyang?"

Luo Ke's eyes were overcast, and it seemed that in any case, he could not escape the light of the purple sun. Under its cover, he couldn't find the way to come!

"You are the only one who dares to chase me?"

After confirming that there was only Zhu Yuan, Luo que stopped attacking. He wanted to be here. As a result, this boy who repeatedly shamed him!

"Are you sure I'm still Zhu Yuan?"

Zhu Yuan immediately greeted him, even sarcastically.

"Rob my things and want to run?"

Luo Que's eyes were cloudy, and he said, "it's a terrible way to protect your life. Your waste master really gave you everything!"

"Well, why not kill you three times today?"

The fruit plate of the avenue condensed from the ancient Rune swirled overhead, spitting out Xiarui, wrapping Luo Ke around.

"Play tricks!"

Although Zhu Yuan's mouth is unforgiving, his heart is like a mirror. This person's terror must not be taken lightly!

"Tiandi fist!"

The fist awn tore through the sky, reaching Kunpeng above the nine days, and the giant beast spread its wings to resist!

"Cultivate two divine breath, and you can break my defense. It's enough to be proud. I hope you won't meet me in your next life!"

"Wanyu tianlaoyin!"

The stars filled the palm, and the terrible devouring power reappeared, directly tearing Zhu Yuan's flesh!

"One Qi, three cleans!"

After reorganizing his body, Zhu Yuan hit Luo Ke's chest with a solid punch. Even the young supreme was also a burst of blood!

"That's it!"

Luo que smiled grimly, and the three divine breath on his side turned into a dark black chain. The hole broke the emptiness of his body, and pierced Zhu Yuan's twice reconstituted body!

"Hoo..."

He was robbed twice in an instant, and even Zhu Yuan had no time to respond. This guy's means are endless, which is really terrible!

"What's the matter? It's hopeless?"

Luo que looked down at the ants that were completely trampled under his feet, and the smell of judgment became stronger.

"You also deserve the rune bone without Tao rhyme?"

"I'll show you today what the real power of Kunpeng is!"

After dispersing the three divine breaths, Luo que, who was like a banished immortal, looked again at Zhu Yuan's eyes, full of banter.

Click!

Thunder surged in the burial ground, and the faint clouds suppressed the feeling of Wenxin Ziyang!

"Go to hell!"

The huge Kun Peng spread his wings, swayed thousands of miles, blotted out the sky and the sun, and was haunted by the terrifying bright silver talisman, which entangled the Kun Peng's body, making its authority soar!

The endless sea of thunder surged in the burial ground, and the thunder of the size of his arms fell not far in front of Zhu Yuan

"Hahahaha, you see, this is the power of the beast. Why can you compare with me?"

The slender fingertip gently ordered Kunpeng, whose eyebrow center was integrated with the power of Kunpeng, and even Luo Ke's evil face was lifted with a trace of bright silver talisman.

"You think you can win?"

Zhu Yuan's face was pale, and he squeezed out a hint of sarcasm.

"What!"

Endless power poured into his body. At first, this comfortable feeling made him extremely arrogant and confident, but then there was a problem!

His body, unable to bear the irrigation of Rune strength, is about to explode!

The Kun Peng virtual shadow on the nine days also sent out a painful roar, and it felt that the master's spirit was about to break!

"Do you know why that elder will fight with me so desperately?"

"This terrible talisman bone power, even half of the power of the seal, no one in the real world can match except me!"

The long hair of Zhu Yuan in his green shirt is scattered, standing proudly around the world. At the moment, his back is very like Ye Chen.

"You young supremacies who boast of supremacy are really putting gold on your face!"

"Arrogance, arrogance, self humiliation!"

With a finger, Zhu Yuan gently touched the center of Luo Ke's eyebrows, making a gesture to attract the unparalleled strength of the talisman bone.

"No, don't kill me. The Luo family can give you everything you want!"

"Help me, please!"

Luo Ke, who was terrified, felt a few degrees more painful than usual at the moment. The silver Rune bone force in his eyes surged, and he began to bleed from his seven orifices!

"Luo family? I will kill the rest of you one by one!"

"I'm not called crazy boy. Remember, the man who killed you is called Zhu Yuan! My son is the Lord of reincarnation who is destined to establish reincarnation order!"

With a pull of the slender finger, the Kun Peng on the nine days gave a sad cry, and the blood rain fell all over the sky. Before it fell to the ground, it was lifted and evaporated by the surging power of the purple sun!

Luo Que's body was shattered, and even the spirit could not escape a trace, which was wiped out by the silver talisman and completely fell into the world!

Keeping the clouds open and the sun bright, the purple sun hanging overhead exudes a trace of warmth, as if Wen Xin is smiling.

"What!"

LANYA, who was secretly observing Ye Chen, was also surprised. She was a sword cultivator. It was obvious that ye Chen was more important to her. Her divine sense was revealed, and she knew that Luo que was the first to be in trouble.

But just in such a short time, Kun Peng died. Doesn't that mean... This trip is extremely dangerous!

.....

At the same time, the elders of the Luo family.

"Bastard, how can it be!"

Outside Qingyun village, a middle-aged man whose eyebrows are somewhat similar to Luo Ke's eyes are cold, and icebergs within a hundred miles suddenly float snowflakes, falling one by one, all penetrating the mountainside!

This person is the Supreme Lord of Luo family, the father of Luo Ke, who first competed for Tao..

"Lao Luo, the children fight and fight, but there is always a degree. The monument of life is instantly crushed into ashes, which may be robbed!"

Another woman said.

The Supreme Master of the Qian family heard the speech, brushed his sleeve gently and said, "in my previous leisure time, I heard that feng'er had heard it, and it turned into three cleans in one breath!"

"What, does that guy dare to come back?"

As soon as the words were uttered, the sound of eight questions was instantly raised.

"I didn't mean to mention the dispute between younger generations. Besides, I didn't feel that guy's breath in this world..."

"I hope so..."

All the nine Supreme masters fell into silence.

.....

Screen rotation.

Boom!

The weird power that twisted the burial space spread, and LANYA in the dark was also surprised and retreated immediately.

At that moment, she felt her blood surging!

Whoosh!

Ye Chen didn't care about anything else. The reincarnation Heavenly Sword waved out, and the waterstop sword seemed to only carry a space ripple, rippling!

The mysterious creature showed a smile at the corners of his mouth, and shook it hard towards the sword.

Prick!

LANYA's eyes fell into silence, and the whole space in front of her was cut at an extremely delicate angle!

She can't see the interior.

Chapter 7836

Boom!

The invisible waves spread, and the mysterious creature in front of him showed his true face for the first time. His appearance was just like his own!

"This is the power of the combination of water and reincarnation. A sword of life and death, a sword of flesh and bones, life and death!"

The mysterious creature waved his arm, and the universe cracked behind him. The vast power of the great bank instantly pulled Ye Chen into the muddy vortex like an abyss.

This is a small world of its own, recording his most brilliant years in the past.

He once pierced the chest of the supreme creature with a sword, spilled golden blood all over the sky, and made the sky palpitate.

That originally arrogant and uninhibited opponent was cut off for more than half a year by a ray of reincarnation will, and became a child!

At the time of great horror, he was completely beheaded by a sword, and it was a teenager until he died!

The terrible meaning of reincarnation cannot die even if it dies.

"What I created, reincarnation and destruction of heaven!"

"The Lord of reincarnation in this life, one sword can break all thoughts, and return to the ruins of nothing. The road to the extreme situation needs to be expanded. What situation you can grow to depends on your choice in the future!"

The mysterious creatures seem to be extremely satisfied with Ye Chen's talent. How long has it passed before the Lord of reincarnation understands a lot.

If you practice, it's only a matter of time to surpass yourself.

"Just now

Chapter 7837

Boom!

During the stalemate, the purple sun roared, a flash of streamer poured into the sky, and a dice pierced the burial ground, cutting the mountaintop in half.

Seeing this, LANYA shouted, "Qian Xuanfeng, save me!"

The man in white was the first to win the snow. His sword eyes were horizontal, and he frowned and said, "what's going on?"

The seven figures behind him stood in the air, all of which were in the middle of the stars and the air of turning the sky and mystery. They looked like relegated immortals and did not get rid of dust.

"Luo Ke..."

"Luo Ke was killed by them!"

Even Qian Xuanfeng was stunned when he heard the speech. Was Luo que killed?

You know, they all have their own means against the sky. It's reasonable to say that Luo Ke is defeated by the enemy, and it's too ridiculous to be killed?

Qian Xuanfeng's eyes were dim. After hearing LANYA's words, he turned his head and looked at them and said, "boy, do you know what you have done against the law!"

Zhu Yuan didn't care at all, and said, "since you've come together, it just saves me and the child the time to find one by one!"

"Oh? Boy, I don't know where you got the courage to say such a thing!" Qian Xuanfeng laughed angrily when he heard the words. "Don't you think you can be an enemy of our family if you get a little chance?"

As he spoke, a delicate blood colored gem was pinned to his waist, flashing, very strange.

It is obvious that he also gained from his previous work in this ancient city!

Ye Chen's expression changed several times when he saw the blood stone around Qian Xuanfeng's waist.

"Ling... Ling, that thing..."

He felt the familiar smell.

It is the same thing as the reincarnation xuanbei!

But it seemed that ling'er didn't respond, which made him a little surprised. What the hell is going on with ling'er?

According to her quaint character, it shouldn't be like this.

The battle is imminent.

Zhu Yuan took the lead in the attack. A pair of fists with strong martial arts charm fell, completely dividing the battlefield. The whole mountain was broken, and he ran to the distance.

"Be careful, don't catch this boy's way!"

It can't be underestimated to kill Luo que!

Qian Xuanfeng motioned several people to chase Zhu Yuan, but he was with the three people and firmly locked his eyes on Ye Chen.

"For a long time, you, who are the least exposed, are the real behind the scenes?" With a faint smile, Qian Xuanfeng said to Ye Chen.

Ye Chen didn't intend to use the reincarnation Heavenly Sword and the emperor's holy knife. He gently waved the star meteorite sword embryo in his hand and said faintly, "the world is fighting for Tao, but to protect its own life one day. You look up to the world as a family..."

At this point, ye Chen also gently shook his head.

"If the dark terror comes again, ten Daocheng can't resist it!"

Qian Xuanfeng laughed and said, "it's really naive. It's just a decaying ancient city. All kinds of miracles in it have been cut off, and it's death!"

"There are so many families in Daocheng, and any old supreme can shatter the darkness!"

He has no doubt about the details of Daocheng.

"I just didn't expect that there was a blessed place in the dead city that could be awakened..."

Obviously, he is referring to the burial ground awakened by Wen Xin with the power of blood..

"The inheritance here does not belong to you. It is left to Qingyun for cultivation in preparation for the world war!" Ye Chen shook his head, this piece of heaven and earth between the treasure of God medicine countless, determined not to give these guys.

"How can you stop me if you fight for the Tao by means of chance? What's more, if my family takes it, it can make the overall strength change again! What's the feather emperor then!"

In this world, the lakes are all blue, the birds and fish are singing harmoniously, and the signs of treasures and differences are all visible, which can extend the blessing of future generations forever!

Even compared to the world!

"High sounding!"

Ye Chen drank coldly, "where do you so-called 'families' put ordinary people? Predecessors and sages did not hesitate to bend down and carry the world with their bodies in order to seize the sky. This huge city fought until women, children and children died, leaving the root fire of hope!"

"You 'gorgeous' people who boast of being gentlemen sit high in the clouds. When did you open your eyes to see the suffering in this world?"

The buzzing sound of waterstop sword slowly sounded, and every dust in the air was gurgling.

"No, go back!"

Qian Xuanfeng suddenly felt bad and immediately shouted.

"Burst!"

Ye Chen holds the sword embryo cast by Xingchen meteorite. The whole body is dark and the black light of the sword shines. The terrible sword idea runs through the whole burial ground. The power of

destroying the rules of the overlord is completely dispersed in an instant with the medium of air and dust!

Boom!

The black light that devoured the whole world lit up, and the warrior who did not reach the four layers of heaven in the heaven Xuan realm was swallowed and torn under the cover of this undifferentiated sword light!

The black light of waterstop will covered the whole burial ground, and ye Chen's figure crisscrossed the void. At this moment, he killed, and countless warriors fell like wheat waves, with blood hanging in the void!

Countless people rose and fell into the sky, adding a sense of awe to all things that have just recovered!

Even Qian Xuanfeng, who has always been calm and elegant, was completely stunned by Ye Chen's crazy move.

This one action is intended to be the enemy of all 'families' in the whole Daocheng, and to die together!

.....

For a moment, the outside world was completely shocked, and countless powerful men of famous families became angry. On this day, hundreds of young Tianjiao of Daocheng were cut off, and the monument of God and soul was completely shattered.

Inheritance is completely cut off!

"Ladies and gentlemen, the disciples brought by the man caused a great disaster, ignored the world and wantonly slaughtered Tianjiao in our sect. This is to reproduce the disaster of the past..."

The head of the Li family showed his fierce blood eyes, and his son Li Wei, who was also a young Tianjiao who cultivated two gods, died at the hands of Zhu Yuan!

When countless famous families are excited, the Taishen who is targeted by everyone is missing

The beautiful woman looked out of the window and muttered, "Why are you doing this? Do you know what you can't do?"

.....

Screen rotation.

This contains the power of the water stop sword. Even LANYA and others who chased Zhu Yuan were caught off guard, and they were almost on the way.

Ye Chen is now ninety-six flail cut. How terrible the strength of Kendo is!

If Ren Feifan had not covered Ye Chen's flail cutting and reincarnation, these people would not despise ye Chen!

After looking again, Zhu Yuan had lost his trace.

"Damn... All crazy!"

The exquisite posture of her daughter was trembling all over at the moment, her face was pale, and every breath of air was bloody.

Ye Chen's murderous spirit was thousands of miles away, which made her clench her teeth and sweat!

Several people can clearly perceive that there are not many surviving warriors in this space!

All were slaughtered by Ye Chen's means!

"LANYA, don't be distracted, He Yi, Landao, find out that boy!"

"Just give it to Qian Xuanfeng over there!"

Qi Tian warned.

Chapter 7838

The four of them were motioned by Qian Xuanfeng to chase Zhu Yuan, but the other party had killed Luo Ke's guy. In any case, they couldn't trust him at all!

"Tiandi fist!"

The terrifying fist awn lit up in an instant, and the clouds in all directions collapsed, directly hitting the chest of the young supreme He Yi!

Boom!

The faint light flashed away, and the torn flesh and blood burst out instantly. A young supreme, seriously injured and bleeding!

"Over there!"

Chapter 7839

"You really... Let me wait so long, aunt!"

Ye Chen looked up at the sky, smiled and said.

Several people in front of him were stunned. Is this boy crazy and talking to himself?

"Hey, I'm not happy to let you wait so long?"

The ethereal voice rang out between the heaven and earth, and Qian Xuanfeng instantly started up. The blood stone on his waist unexpectedly... Could he speak?

Or a little girl's voice?

Boom!

The dazzling light burst, and the turbulent savage breath rushed to his face. The blood stone in his waist instantly increased by tens of thousands of times, as if he were going to crack the sky!

The blood stone turned into an ancient monument with no visible head and tail, and went straight into the sky. The ancient lines on it flashed unknown symbols. Just at a glance, several people were shocked and their seven orifices were damaged!

"Uneven?"

The little girl was washed out of lead, and the spirit who had previously fought to save Ye Chen was no longer white. The flowing light rippled in her smart eyes, and the black silk fell naturally like a waterfall.

About a few centimeters longer than the previous size, Ling er's playful little feet flickered, riding on the Zixuan monument with fierce symbols, laughing at Ye Chen.

Ye Chen looked up and responded with a slight smile, "I'm not afraid of hurting you, so I ran away like a tortoise!"

Ling'er slowly got up, jumped down from the wanzhang tablet, patted his little hand and akimbo at Ye Chen:

"I am in charge of the existence of the xuanbei of reincarnation. This homologous thing can be conquered every minute!"

Qian Xuanfeng was stunned by the scene in front of him and was stunned: "you... You were not brought out of the ancient city by me..."

Linger's eyes turned, "Oh? It's you. It seems that our accounts should be settled!"

Hearing ling'er's tone getting colder, ye Chen on one side was also stunned. It seems that this guy Qian Xuanfeng and ling'er really mean that there is a narrow road between them

"Oh?"

Qian Xuanfeng and other four people were just stunned, and the calm color on their faces rose again, very calm. The ten thousand stone tablet in front of them could not make this group of people moved.

"I said, the power of this blood stone is gradually passing away, but it was taken away by you!"

"I thought it was natural, but I didn't expect it was you girl who was playing tricks!"

"The xuanbei of reincarnation... The Lord of reincarnation... It is said that the things related to reincarnation are good things. The ancient emperors of the world are all eaten by the Lord of reincarnation."

At the moment of seeing the stone tablet, the eyes of Qian Xuanfeng, the leader, were full of enthusiasm.

Suddenly, there was a cross light in his eyes. White clothes were better than snow. His long hair was scattered and hung to his toes. Looking at its shape, it was quite feminine.

A faint divine glow lingered all over the body, and when I looked at it, the stinging person's eyes were in deep pain.

The golden awn in the cross pupil is more radiant than the Ziyang embodied and inherited by Wen Xin. It has its own heaven and earth, manifesting all things.

His temperament was cold and terrible. The whole person quietly looked at Ye Chen and ling'er without saying a word, but the feeling was that he almost trampled the world under his feet!

"Is this the real supreme strength of the young generation!"

Ye Chen murmured that this guy in front of him could be called a real enemy. He was so terrible that he was much stronger than the Luo lack stream!

Even ling'er was surprised by Qian Xuanfeng's temperament at that moment.

Seeing this, the three people behind Qian Xuanfeng took several steps backwards.

"This guy is going to be serious!"

Qian Xuanfeng, a man as plump as jade, said faintly, "if you cut your flail and fight for the place of Tao, the edge in front of you is the edge, since you can see it here today!"

"Then, all this should be finished!"

Thousands of miles away, there were bursts of smoke, in which the blood fog was diffuse, and there was no human voice.

Qian Xuanfeng looked back at the distance and said calmly, "that guy... A little interesting!"

"But!"

He then said, "although the strength is good, everything is a futile struggle. As long as I want, I can take your life at any time!"

Qian Xuanfeng never raised his hand from beginning to end. The three people behind him lowered their eyebrows and dared not look directly at the people in front of them. I don't know when the situation has changed subtly!

The tone is very frivolous. The strong self-confidence of all things makes him extremely out of the world, with an absolute detached posture that does not put any strong ones in the eyes..

"This man! Leave it to me!"

Ye Chen preached to ling'er.

Ling'er nodded, and then said, "absorbed the power of the homologous thing of this reincarnation xuanbei, the virtual tablet has become much stronger, my strength has increased a lot, and the rest is left to me, but I can borrow your martial reincarnation map, anyway, you have the blue water falling and yellow spring map and the wish star."

Ye Chen naturally agrees.

In an instant, the purple sun that was buried lit up a strange light. Ling'er winked after ye Chen and directly launched an attack. The martial reincarnation diagram in his hand instantly unfolded, completely enveloping the four people!

Ye Chen was looking at Qian Xuanfeng with full vigilance. He lent the reincarnation map of martial arts to ling'er, which could contain several others, or have a fight!

"Kill!"

Linger void flower fluctuates, carrying a great world behind it. The Star River hangs upside down and blows!

The sharp edge tears the void, and dark black cracks spread for dozens of miles emerge in the sky, the earth, the lake and the sea. The meaning of chaos spreads out, which is a sign of destruction!

Unexpectedly, linger, who has always been good at the power of space, once again merged with the homologous thing of reincarnation xuanbei, and his power became more and more terrifying.

Boom!

The wasteland under the feet of several people was completely broken, and they jumped up one after another. Ling'er folded his palms and shouted, "order of virtual monument, mobilize reincarnation, martial reincarnation map, seal!"

With the surge of a faint thunder light, the little girl's figure disappeared in place, along with several young supremacies beside Qian Xuanfeng.

The stone tablet stands between the tombs, and the terrible symbols on it are still surging, causing the temperature of the whole world to drop a few minutes.

"It seems that even the girl can't accept this xuanbei, so she let it here..."

Qian Xuanfeng looked at Ye Chen. In such a large space, thousands of thunder surged, and only two people were here, accompanied by the sky.

"It's really rare to have a warrior like you in a foreign barbarian land!"

He did not hesitate to praise.

"Barbarian? You think you are very noble!" Ye Chen disdains Tao. Since he set foot in Daocheng, this word has been mentioned by these guys again and again, which makes people irritable!

"The surname Qian is a symbol of glory in the other world you have never peeped into. Everyone with his surname is an invincible leader of the young generation, insurmountable!"

Qian Xuanfeng answered.

"How arrogant..."

Ye Chen shook his head gently and looked at the man standing still not far away. Although he was strong, he was not invincible!

I am the Lord of reincarnation.

If the other party knows that he is the Lord of reincarnation, he doesn't know how to react.

Chapter 7840

Boom!

"Today, I will use the martial arts I learned here to reincarnate and kill the sky!"

In an instant, ye Chen made a bold move, and the sword embryo written by Xingchen meteorite cut through the void and reached the center of Qian Xuanfeng's eyebrows.

The silent sword was like a dragon returning to the sea. Even Qian Xuanfeng, who was on full alert, could not catch the slightest trace.

Only on the empty earth, the fragments of time are exploding, and the light rain of reincarnation is falling drop by drop!

Ye Chen directly used the strongest killing move he had just realized. Facing this young supreme who made him a little afraid, he couldn't trust it at all!

He plans to solve the battle directly!

"Exquisite armband!"

Seeing this, Qian Xuanfeng's slender clothes, five fingers as a fan, brushed the void away.

For a moment, the sky and the earth were dark, the sun and the moon were dim, and even the purple sun turned into Wen Xin lost its look, and he suppressed it all!

Between your palms, you will become heaven and earth!

This guy unexpectedly resisted Ye Chen's reincarnation killing move with the exquisite power of heaven and earth!

This amazing move, unexpectedly, will break the void of the sword Qi to control the reorganization with the power of heaven and earth, and repair the time and space!

Click!

The whole world is intertwined with two terrible forces, the endless void is broken and reorganized, and the light and rain all over the sky are broken and healed again!

Once a creature gets involved a little, it is the end of death.

Boom!

Ye Chen's sword body is haunted by the galaxy, and countless stars on it are constantly jumping and breaking, and the terrible killing power of the explosion is not reduced!

Qian Xuanfeng's palm is full of everything, reversing all the forces, repairing and connecting countless pieces of time into a river. He wants to refine this world!

It is quite similar to the previous methods, but it is very different!

In the palm of his hand, there is a real prototype of a cosmic vortex, where chaos is completely visible. If he is accidentally involved, he will be completely destroyed by the force of desolation!

Ka!

The space of the burial ground was torn by the boundless light, the divine light was boiling and burning, and the whole burial ground was lit

As the two forces dissipated, they returned to peace again.

"If you quit here, I can stop pursuing!"

Qian Xuanfeng's tone was very calm, and then looked back at the monument not far away, as well as the whole burial ground.

Ye Chen was surprised. It seemed that this guy's means needed to refine the divine stone to improve, and so was the dice without firmness

If the stone tablet fell into his hands, the consequences would be really unimaginable.

"Invincible young supreme?"

"But so!"

Ye Chen wrote lightly, at the same time, the sword embryo in his hand was lifted again, flashing the lingering Star River.

"It's just a means for you barbarians. You're not worthy to spy on our magic power!"

Qian Xuanfeng's face remained unchanged, his calm face was calm, and his introverted charm announced his transcendent status.

This is inborn extreme confidence!

The burial ground is extremely vast, with endless mountains, rivers, lakes and seas, or a forest of strange stones flying, or towering peaks towering into the clouds.

But no matter how, it is less than the ten thousand stone tablet. The circulation of terror symbols on it has spread a buzzing low sound, which sounds... Like chanting?

A stone tablet reciting sutras by itself?

Surrounded by the melody, the ten thousand peaks are pale gold, which is really spectacular.

Outside the mountains, ye Chen confronted Qian Xuanfeng. After the previous tentative intercourse, no one took the lead again!

"Cough!"

Zhu Yuan's figure fluttered and fell not far away. Lan Ya and Qi Tian chased and killed, and the three were extremely embarrassed.

"Childe, this array is too overbearing..."

Rao is an anti heaven means of gasification Sanqing, and almost killed half of his life. Qiang Qiang killed two young supreme masters..

"Brother Xuanfeng, I....."

Qi Tian blamed himself. He led a team to chase Zhu Yuan, but he was killed by two people, which made him... How to face Qian Xuanfeng?

"If you're all right!"

Qian Xuanfeng gently exhorted, but he didn't mean to blame.

At this point in the battle, in addition to Luo vacancy, three of the so-called top ten young supremacies in the land of struggle for Tao, that is, nine people on the road, have died.

"These guys are more difficult to deal with one by one!"

Zhu Yuan's breath was vain, and he gasped.

Ye Chen was silent and stared at Qian Xuanfeng. At present, ling'er dragged several people. Zhu Yuan had lost his combat effectiveness, and he had to fight three with one!

There is also the most terrifying Qian Xuanfeng!

Click!

The sky exploded, the space collapsed directly, and countless giant peaks were torn up and dissipated like fragile tissue paper.

The mirror like Lake and sea are distorted, and the water of the river flows back for nine days, hanging like a natural waterfall all over the world.

At the center of the void, two divine forces intertwined and exploded, shaking the sky to wail.

"Brother Xuanfeng, I'm angry!"

Seeing this, LANYA stood in the rear with trembling. Qi Tian on one side was also staring at the man in white not far away, and said nothing.

Although each of them is arrogant, the gap between them and Qian Xuanfeng... Is not a little.

"It's a long way off. Brother Xuanfeng can crush you mole ants just because of God's coercion! How dare you dream of competing for glory in the bright moon?"

LANYA sneered, her chest undulating constantly, revealing a large amount of snow-white skin. In the previous war, they were also injured by Zhu Yuan's means, and now they are slightly alive.

"Tiandi fist!"

The pale Zhu Yuan strongly urged the right hand Rune bone, and every inch of the bones all over the body were creaking, and the blood gas exploded wildly, which had spread out of the flesh. The whole person was bathed in blood, and was about to explode at any time!
