Chapter 7841

A fist opened the sky, and the fiery fist awn cut off the waterfall of the nine days, and a hissing thunder came out of the friction space!

Zhu Yuan's body twitched and crackled. His bones could no longer support this majestic force, and he began to crack!

"Ah!"

At the moment, his eyes are red, and he has lost some sense. Seeing ye Chen struggling, he instinctively wants to fight!

A fist with blood and gold, went straight to Qian Xuanfeng.

"This power does not belong to him..." Qian Xuanfeng saw this and was slightly stunned. He saw Zhu Yuan's flickering and slightly fluctuating right hand Rune bone, which made it clear.

"Immortal rungu, it seems that you are also a generation of chance. I will treasure such a treasure for you!"

Qian Xuanfeng said.

It was another blow when fighting with Ye Chen. The universe in his palm suddenly appeared. At the center of the vortex, the black chaos breath swept out, and a sleeve easily threw Zhu Yuan out!

Incomparable strength!

Even ye Chen on one side frowned tightly. Zhu Yuan combined a punch from Fu Gu and was easily removed!

The real young generation supreme, unexpectedly so terrible!

"Hum, boy, brother Xuanfeng's means are beyond your reach all your life, young generation, really invincible!"

LANYA's face hung with a smile. Zhu Yuan was insulting himself.

Whoosh!

Ye Chen's sword came out, turned into a water stop reincarnation, and surged out. In a moment, the sword light devoured the void and swept to his eyes.

The clouds broke up and the peaks cracked.

The sword meaning of reincarnation and water stop is suffocating. Before the sound rises, the killing opportunity has arrived. A gap has slightly opened in the center of Qian Xuanfeng's eyebrows!

Ye Chen, who was absorbed, was incredibly fast. Rao Shiyi was surprised by Qian Xuanfeng.

His long hair, flowing and standing like a waterfall, rose instantly, and his white clothes clicked. A exquisite dice hit the center of his eyebrows at the critical moment, with a faint feeling of breaking.

His expression was still indifferent, and even in such a killing attack, Qian Xuanfeng didn't even step back half a minute, just like an old tree rooted in the ground, motionless as a mountain!

Gently raised his right palm, the universe turned, and heaven and earth trembled again. He waved his arm to Ye Chen and slapped it horizontally again.

Hum!

With the power of heaven and earth and the sword body, the sound of tearing the eardrum suddenly rose, and the surging sound waves were stronger than one layer, shattering thousands of creatures.

"Rentu holy cup, Yan Xuaner, unite, Qi!"

The tyrannical breath spurted out from ye Chen's body, and the infinite power of blood and gas exploded, almost covering the power of Ziyang, and it was still rising!

Bang!

Ye Chen's fist was solid and countered with Qian Xuanfeng's palm. The breath of chaos was like stabbing ice, cold and sharp, washing away the overwhelming strength of blood!

Fists and palms face each other, and both of them have fierce eyes. No one moves his feet. The ultimate physical body resists and collides!

"This guy, his body is so strong... He is worthy of being a demon of the young generation." Ye Chen's heart tightened. This seemingly weak man really had an invincible posture!

"Huh?"

Qian Xuanfeng was also stunned. How could the ordinary strength of blood and Qi resist the power of heaven and earth in his palm?

Never!

"Break it!"

"Break it for me!"

The whirlpool fire between the palms was fully opened, and the afterwave of the chaotic breath almost tore Qian Xuanfeng's body, and the Shenhui gushing out of his body was going to devour his opponent.

Under Ye Chen's skin, the scarlet awn flowed, and the power of the fire of the Taoist spirit exploded in an instant. The terrible high temperature melted the sky, and the blood rain came to the world!

"This flame..."

Qian Xuanfeng

Chapter 7842

The remains of powerful creatures glittered with gold, even if they were immortal, they also dispersed their minds.

"Kill!"

"Kill!"

Above the nine days, living creatures fought against the invasion of darkness, and mottled blood continued to seep from the cracks in the fragmented space

"This is another scene, a scene of deja vu!"

This battlefield seems to happen in the same time and space as the woman who looks like ling'er and the kylin who breathes the breath of the origin and spits blood!

Ye Chen and Qian Xuanfeng were attracted by the light curtain, and their bodies flashed into the former battlefield.

"Not good!"

Seeing this, ling'er hurriedly stretched out his hand to explore, and his young hand rushed into the air at the moment of holding Ye Chen's hand and ankle!

Several people on the side of Qian Xuanfeng also exclaimed, but they couldn't stop the illusion of the man in white.

"What's going on!"

Ye Chen looked back, and ling'er and Zhu Yuan were still around, but his face was very vague and could no longer be seen clearly.

They opened their mouths anxiously to say something, but they couldn't hear or see clearly.

In the same situation with Ye Chen, there is also the young supreme, Qian Xuanfeng!

"What did you find?"

The invincible supreme calmed his eyes and looked at Ye Chen.

Ye Chen shook his head gently, "it seems that our confrontation has triggered the space-time of xuanbei and been sucked into the battlefield of the past!"

"It's terrible here!"

Ye Chen has witnessed the blood stained tragedy of the heavens several times, but it is the first time that he is really on the scene.

When Qian Xuanfeng heard the words, there was a trace of doubt in Gu Jingwu's eyes. Even he smelled danger in this place!

Boom!

Without waiting for the two people to react, there was already a bang on the sky, and ye Chen and Qian Xuanfeng instantly bled in their seven orifices!

The gods and souls were shocked and almost dispersed!

Ye Chen

Chapter 7843

"This..."

Qian Xuanfeng was completely stunned. His means came out. Even his own power of heaven and earth and chaotic Qi could not resist his existence, and he trembled under the pressure of Ye Chen?

Make a cauldron with your body, and you won't die?

There is no reincarnation blood that exists against the sky. Ye Chen's move is definitely the way to die.

Qian Xuanfeng was surprised to find that even the small world in the palm of his hand was resonating with Ye Chen!

The black fog in the middle of the eyebrows flashed again, and Qian Xuanfeng's eyes were about to crack, covering his eyes in pain:

"I'm not as good as you at risking my life to refine the heavens!"

"Now that you are in such a situation, I will help you again!"

He shouted loudly, and the small universe in his palm appeared from the void. The chaotic atmosphere surged out and wrapped it towards Ye Chen!

Ye Chen was like a God's help for a moment, and plunged into the darkness, invincible.

Reincarnation blood runs madly. At this moment, ye Chen is like a murderous God coming to the world, flying wildly, penetrating the void and splitting the darkness.

Click!

His reincarnation divine body also broke at this moment.

Ye Chen's body turned into a sharp sword, and the body furnace refined the darkness of the sky. At the core, the sword shines!

"Reincarnation destroys the sky!"

Once again, turn the sword into the body and mind, and seal the sky with a sword!

Boom!

The darkness of the sky was completely torn apart by a burst of dawn light, chaos was regenerated, the power of heaven and earth broke out, and new vitality was constantly emerging!

At the end of the sky, the light and darkness intertwined, and the fragments of the long river of time fell and condensed again.

A new world is evolving!

Such as reincarnation, but it is better than reincarnation.

Click!

There is a loud noise. The world fused by this mysterious monument is crumbling, and all kinds of sky lights are surging, cutting the space. This world is going to be broken!

"Ye Chen!"

Ling'er's small hands poked out, and the force of the void surrounded the left and right, holding the mottled and broken Ye Chen. Ye Chen's eyes stared back, and dozens of people's figures swayed between the heaven and the earth.

"Qian Xuanfeng, he is still..."

The power of the fire of the Taoist spirit condensed a trace of the power of heaven and earth, and ye Chen stretched out his hand to grasp the man in white Shengxue, but it was like a mass of pure Qi, which could not be reached.

"Dark matter has invaded my mind, and I lost..."

Qian Xuanfeng's eyes were still calm, and his mind would disperse. He didn't want to become a monster and cut off his own way.

Ye Chen madly gathered a wisp of thoughts scattered by Qian Xuanfeng, but it was too late.

Several young dignitaries behind him saw such a tragic picture of their eldest brother, and they also showed their sad faces one after another, and LANYA was even more sobbing.

"Heaven and earth turn into Tao, I am heaven and earth, and from then on, other places end..."

The weak power of divine thoughts fluctuated, and ye Chen rushed out with joy when he heard the words. At the same time, the world integrated by the whole xuanbei collapsed!

Click!

Pieces of time are disappearing, and the past scene is passing away.

.....

At the same time, outside Qingyun Village..

"How possible!"

A roar was heard all the time, and the nine Supreme masters were furious. Their descendants, unexpectedly, all the spirit steles swayed and cracks were everywhere!

In other words, everyone is almost falling!

"It's the boy who did it. Kill him!"

At the thought of Zhu Yuan and ye Chen, who triggered the ancient city to this world, the severance of blood made the nine Supreme masters lose their consciousness, and they vowed to pay for blood!

At the same time, outside Qingyun village, nine human figures were surrounded.

In the sky, hundreds of millions of creatures kneel and crawl. The pressure between heaven and earth has made them dare not breathe.

"Lao Qian, your little guy..."

The woman looked sideways at another middle-aged man with deep eyes and said nothing, and asked tentatively.

I didn't get any response, but I just had a cold killing intention!

The snowflakes, which had originally been flying in the sky, have now completely solidified in the air, turning into a sharp blade hanging from the sky, waiting for the Lord!

.....

I don't know how long it took.

"I'm still alive..."

Ye Chen, who was the first to wake up, looked at everything familiar around him, and he struggled to get up.

"Brother ye..."

Ziyang flashed in front of her, and Wen Xin's body came with her. Seeing ye Chen was all right, she was relieved.

Not far away, the mysterious stele towering into the clouds flickered with symbols, but there was no longer the terrifying threat of destruction as before.

Click!

It was like a mirage collapsing. Under Ye Chen's gaze, it scattered into a light rain falling all over the sky.

Didi fell into Ye Chen's skin, and an indescribable clear flow flowed through his blood, breeding endless spiritual power and perception!

At that moment, he felt that he was not far away from breaking the four shackles!

It seems that this flail cutting place really deserves its reputation.

"Zhu Yuan, linger!"

In the burial ground, countless precious drugs were piled up, and the two people also slowly woke up a few days later. The critical explosion almost tore all their spirits together.

Under the stability of Wen Xin, the burial ground has completely restored its vitality and calm, which is several times richer than Qingyun village.

In the past few days, ye Chen and others went in and out of the five colored altars and successively opened up other areas in the ancient city, but it was an amazing discovery. In this boundless City, there are four altars in the southeast and northwest.

The burial ground under the altar in the west of the city, which was activated by Wen Xin and others, has been revived. Over time, the vitality of the past can be completely restored.

As for the remaining three directions

The power of the altar was almost drained, and there was no way to find a way to recover. The things suppressed under it could not reappear for the time being.

"Ye Chen, it's time for us to leave this damn place!"

"It's time for you to cut a hundred flails."

Linger said.

"Childe, but what about these guys?"

Zhu Yuan scratched his head. Except for the dead ones, the rest of the previous young supreme masters in the flail chopping ground were clustered here

Ye Chen frowned. These guys are also the leaders of the young generation. Their nature is not bad. It's unreasonable to kill all of them here.

"Take them out, these guys' spirits have also been severely injured and need to rest..."

The burial ground and the precious medicine in Qingyun village can't be used by these people. Their families boast of invincibility. Presumably, there are still precious medicines. Save your life and sweep the snow in front of your door.

The figures of several people appeared one after another at the ancient huge city gate. Since the altar in the west of the city was activated, the huge city was also a master. Those terrible defense mechanisms were removed by Wen Xin.

"Look, someone is coming out!"

"It's the rampant boy and his entourage. None of the nine young supremacies who went in stood up!"

"God, is it all falling?"

For a time, there were different opinions, and the outside world just exploded!

Nine of the most famous young dignitaries of the young generation in Daocheng entered the city to seize the opportunity, but none of them came out alive?

All killed?

Qingyun village became the target of public criticism for a while.

Chapter 7844

"Mother in law, Qingyun village may not be able to stay long. Outsiders have coveted the treasures here for a long time!"

"This time, I'm afraid it will become the fuse. I'm afraid these crazy people will settle down here!"

"Move to the ancient city, where even the imperial families of Daocheng can't attack. The terrible killing and defense mechanism has been mastered by Wen Xin!"

"There is a real inheritance, and the people in the village can accept baptism and become a real road protector!"

"Even in time, we can return to the world of nothingness!"

The prohibition of Qingyun village is not a decoration. As soon as ye Chen and others leave the customs, they will tell everything in the huge city.

"Uncle Zuqian, uncle Hai Zun, the village is over to us. Take your people to the burial ground and settle down!"

Wen Xin and the whole village retreated to the ancient city. Mother Qingyun was also hurt by the huge village. The place where she had lived all her life was full of memories.

Persuaded by Ye Chen and others, her mother-in-law finally went to Jucheng.

In that burial ground, there is a new inheritance that needs their family to protect

The tension of the outside world has spread to the outside of Qingyun village, and the curtain of heaven has cracked several gaps. It is the real supreme of the nine nationalities outside!

"The border of Qingyun village is really stable. Over the years, although the forces in Zhanjia land covet it, they can't get any benefit!"

Ye Chen smiled faintly and looked at the broken seal not far away. I'm afraid that with a few more blows, the border of Qingyun village could not be blocked.

But it doesn't matter. Everything here has become a thing of the past.

All the precious drugs and things have been taken to the ancient city by Wen Xin. What can't be taken away... Have been taken by himself and Zhu Yuan.

Many opportunities after stepping into the land of decaying flail made Zhu Yuan condense faintly

Chapter 7845

"This old man is going to die with us!"

The woman exclaimed, and the crowd hurried away.

The cultivation reached their level. Once they moved seriously, the space of the way of heaven and the earth could not stand tossing.

This piece of heaven and earth is broken, and everyone will be buried in turbulence!

"Are you crazy!"

The beautiful woman seemed to be extremely afraid of the madman in front of her. Such a big fight would destroy the world in this place, which was originally the place for the later brothers to try!

For a time, the expressions of the nine Supreme masters were all wonderful. Protect the calf to this son?

"Nonsense!"

The Supreme Master of the Qian family snorted coldly, and when he saw the hand of the Supreme God, he motioned to all the supreme masters to be calm. Once everyone took the hand together, the way of heaven broke in an instant, and no one was spared.

Even if it is as supreme as they are, it has to fall with the long river of time.

"In this way, you'll have to thank brother Qian!"

Luoyang's breath spewed out a magical light. I wanted to take revenge for my son. Since the Qian family chose to take action, this face can't be brushed naturally.

Eight supreme masters floated away. In order to show their respect, several people withdrew from the boundary of Qingyun village one after another!

Outside, eight pairs of eyes stared at the small village.

"If you do this today, you will suffer from cause and effect. Even so, you must go your own way?"

The supreme brow of the Qian family is somewhat similar to that of Qian Xuanfeng. He wears white clothes under the black earth and is not stained with dust at all.

With long hair and bun, compared with Qian Xuanfeng, who was young and frivolous, he was a little more elegant and bookish.

Taishen smiled meaningfully and said, "you are here today to stop me, which has changed a little track. It doesn't matter whether I do it today!"

Purple shirt's too God sprinkled a smile, Yu Guangruo if there is no, pointed to Ye Chen, and opened his mouth.

"Oh?"

"Break the rules since the ten thousand ways of beheading the shackles, and the vertical and horizontal disciples rob by killing. There is an unprecedented surprise. Out of your hand, today, I may behead you for Dadao!"

The Supreme Master of the Qian family narrowed his eyes, and his figure slowly dissipated with the rhythm of raindrops.

Ye Chen's pupil suddenly widened. Here comes the battle of the strong!

These guys, however, are the masters of the self proclaimed noble side. Although they are much different from the ancient emperor Yu Huang and Wutian, they cannot be ignored. The means of the so-called 'Emperor' clan are by no means comparable to those guys outside the territory!

Qian Xuanfeng is already invincible, not to mention... His ancestors!

It was raining heavily in the dark night, and the supreme figure of the Qian family passed by. When he raised his hands and feet, he merged with the lonely rain. Every step he took was to tilt the will of the world!

The rules of heaven here are crawling under his feet and dare not manifest!

The refined scholar's breath pressed the world out of breath, his broken black hair flew away, stabbed into the void, his ethereal posture moved, and slapped at Taishen!

The stars are horizontal, the sword eyebrows stand tall, too God rarely dignified color, purple shirt hunting sound, a palm confrontation!

It is completely different from the introverted momentum of the supreme Qian family. There is a faint surge of terrifying spiritual power in the palm of Taishen. Once it breaks out, it is enough to destroy the sky and the earth!

Boom!

The earth sank, Qingyun village was instantly razed to the ground, and the smoke and dust surged to cover the cage for nine days. The rocks in one boundary were completely shattered, and the two people collided together, and one corner of the sky was gushing blood!

No one fell into the heavens, but blood and tears fell from a corner, and visions were everywhere!

Click!

The sky completely collapsed, and in the chaos of the void, compassion spread

"What's the matter? I have the feeling of palpitation."

Ye Chen, as an intuitive perceiver, was hurt by this blow!

"Qingyun is defeated in a dead battle, rather than falling without fighting!"

"One soldier, one soldier, women and children shed blood!"

There were voices in my ears, bleak, roaring, desperate, helpless emotions from the sky, accompanied by blood rain!

"It's the scene of the past. The master's battle with that man actually aroused the memory of the world!"

Zhu Yuan also saw this tragic scene. Countless heroes fought to the death, and in the dim sky, their big hands probed down, wanton Jiuzhou and the five mountains!

"This world is the place where the soul of the hero lives, and you can't trample it like this!"

Obviously, too God is also angry. How can the tomb of rest allow the so-called family to act recklessly?

The magic seal of Taishen's fingertips flashed, and the immortal Qi around him burst into a glow. He breathed through this world and appeased the dead!

The fist seal on the other side condenses again, and several dark spaces around him emit a breath of destruction. We should suppress the scholars in front of us!

Zhang Chi, the supreme Confucian and Taoist saint of the Qian family, blocked Taishen's heavy fist with flesh and blood. His eyes were like torches, his pupils were in a cross track, and two bright sword bodies shot out of his eyes!

Hiss!

Shamang runs through the whole heaven, cutting the flail, and even the illusion of bloody battle on the sky is a blow through, turning into two halves!

Both of them started shopping and couldn't care about anything else.

"Childe, this..."

Zhu Yuan looked at his master and had no intention of leaving his hand. Then he looked at the world in front of him, and he looked at Ye Chen..

The way of heaven, which has lost the foundation of the avenue, was flail, and an inexplicably sad ancient war song sounded in the depths of the sky, which made people shiver.

"What happened..."

Without answering Zhu Yuan, ye Chen frowned. He had seen this scene from different perspectives several times. Now the battle between the two powerful forces has triggered visions again, and it seems to be guiding.

Boom!

With another blow, the black rain has now turned into bloody waves and spewed out between the flail cutting ground. The Supreme Master of the Qian family opened his mouth again and said indifferently:

"Cut off the foundations of several families one after another. If the boy behind you is not removed, he will go against the way of heaven in the future!"

The middle-aged scholar looked around. Although he was afraid, his eyes were full of determination.

They all know that they can't fight anymore, and the way of heaven will be broken!

.....

At the same time, outside Qingyun village.

"Is this guy really looking for death?"

"There are too many things that have been unclear in those years. As for Wuwu, which was more ancient before the flail was cut, unless those people wake up, otherwise..."

"Alas... The way of heaven is unkind, but people's hearts are not ancient!"

The eight supreme masters stood together, looking at the visions in the sky. The battlefield in the past was fought fiercely, and even they couldn't stop shaking their heads and looking down.

"What's so special about the young people he protects?"

Among them, the beautiful woman blinked and asked.

Young people who want to protect and bury this world at all costs have also looked at her. Her talent can only be regarded as good, but a lifetime of cultivation is worth her life

Is it another boy?

The beautiful woman seemed to think of something. The follower who was not handsome and had never been repaired by God... It seemed that something was wrong.

There seems to be some Rune around the boy, covering everything.

Only the existence that is much stronger than them and can stand on the top of the world can cover the cause and effect of a person.

Descendants of the feather emperor?

Wutian?

Or Ren Feifan?

Chapter 7846

Many doubts linger in the hearts of everyone.

.....

"One Qi, three cleans!"

With a loud drink, the swaying way of heaven was cut into flail, and the three clear Qi of heaven and earth were scattered with the blood rain. In this bloody world, the clear light shone

"Are you really going to break the net?"

The Supreme Master of the Qian family was about to split his canthus, and a fight alone was enough to tear this world apart. At this time, he summoned three separate bodies of heaven and earth, and made it clear that he was going to pull everyone to death

Really a madman!

The three clear Qi of heaven and earth slowly changed into the same shape as Taishen. When talking and laughing, the way of heaven began to break into slag inch by inch

"Well, two elders, can you listen to me?"

Ye Chen thought for a moment, but still stood up and whispered.

Too God is also a meal, the body of the three Heaven and earth removed the threat of terror, beheaded the fragments of the road in the field and immediately stopped collapsing.

The Supreme Master of the Qian family saw that Taishen was restrained from fighting, and with a wave of his arm, he stood up and looked directly at Ye Chen.

"Boy, you know, cutting off the foundation of several ethnic groups, in the future struggle, but he sentenced himself to death!"

"If I don't kill you today, all kinds of causes and effects will be entangled, and the road will still break your way!"

The Supreme Master of the Qian family looked directly at Ye Chen, and could not hear the emotional fluctuation in his tone. Instead, the Taishen on one side heard the words, and his eyes coagulated, and his killing intention surged.

Ye Chen smiled and scratched his head:

"I'm just a martial artist who pursues martial arts. How dare I assert the truth of the road? It's just a coincidence that I saw a corner."

"As for the way ahead, the cultivator's way is to act against the sky. The Tao can be said, the extraordinary Tao, cause and effect touch the body, and the Jiuling is!"

One word revealed the mystery, and the supreme figure of the Qian family was shocked.

"You..."

This boy, unexpectedly peeped into a wisp of road?

"Even in this trip, if it weren't for the guidance of master Taishen, I'm afraid the younger generation didn't even have the opportunity to appear..."

"The blood of the past has disappeared, but it is difficult to ensure that tomorrow's Avenue will rise again. The young Tianjiao in this field is worthy of being a demon in the world. I once fought with Qian Xuanfeng..."

The Supreme Master of the Qian family heard Ye Chen mention Qian Xuanfeng, and his eyes lit up

Chapter 7847

Zhu Yuan on one side thought of something and said:

"Childe, I'll come as soon as I go..."

Zhu Yuan left, leaving only Ye Chen and Taishen in the huge palace.

"Elder, I....."

Ye Chen just wanted to ask about the situation when he left this period of time, but when he said it, he was stunned. At the moment, his face was pale, and even his breathing was disordered!

Such a strong man, who can easily break the existence of a world, was seriously injured!

"Elder, are you injured?"

Obviously, this is the old wound has been healed, tearing the spirit. He fought hard with his seriously injured body against the Supreme Master of the Qian family... The price is huge.

No wonder today's Taishen is abnormal. At the beginning, he wants to be strong and desperate. Once he is found injured by the other party, he may not be able to return safely today!

"No harm..."

However, Taishen waved his hand and just wanted to say something, but there was a different color in his heart. Across the purple shirt, the blood light surged.

Hiss!

Under Ye Chen's eyes, a touch of blood arrow shot out, and Taishen also coughed up a mouthful of God's blood. The breath was instantly depressed, and the cold eyes narrowed slightly

Ye Chen frowned, and Taishen's breath was a little short at the moment. Such immeasurable strong people can imagine how bad the situation in the body is!

"Master, I....."

It seemed that Zhu Yuan had forgotten something, and waited with LINGJI Wuji. The three turned back together, but they happened to see this scene!

Wuji LINGJI and their faces were livid, and their confused eyes turned to Ye Chen. Even Zhu Yuan was stunned.

Outside Taishen mountain, there was a buzzing sound from the enchantment originally covered by Xiarui!

Boom!

There was a gap in the sky in an instant.

At the end of the starry sky, all kinds of starlight surged, and the torn abyss opened like a huge eye, looking around the sky!

Only the martial artist who has captured the nature of heaven and earth can feel a shiver from the depths of his soul and feel that his soul is illuminated by an inexplicable light!

Several people in the temple, including Ye Chen, felt sudden palpitations.

"Someone is tearing the space to spy here!"

LINGJI and Wuji immediately poured out the Xia light to protect their bodies from the mysterious strong.

The owner at the end of the mysterious starry sky seems to have no special care for others. Just a quick glance, the stars will flash away

"You guys, leave here quickly. You can't stay in taishenshan without my call!"

After a while, the divine mind completely dispersed. At the end of the galaxy, the torn space was no longer, as if it had never appeared, and the mysterious strong man on the other side of the space finally did not choose to fight.

"Is it the emperor family in that city, the Qian family?"

Ye Chen frowned, and couldn't help recalling the ultimate battle of the way of heaven in the earth. Was it at that time that he showed his horse's feet?

But when he thought about whether he had made up his mind, it was obvious that the Supreme Master of the Qian family chose to stop at the last moment. Such a big man would definitely not do such a villain's act of settling accounts after autumn!

And the heirs of other families also put them back. They have no reason to come so fast

"Unless..."

Ye Chen glanced at Zhu Yuan. It happened that the eyes of the other party also intersected at this moment, and the answer was almost imminent.

"Cough!"

Taishen coughed up a mouthful of blood essence and said hoarsely in a low voice, "although it's across the abyss, it's hard to guarantee that people in that world will do anything at all costs. This has become a place of right and wrong. You are involved in disputes. No intention, go!"

The purple shirt that used to wear a crown was too divine. Now his face was pale and he urged several people.

"Before the battle of Dao and Cheng, I couldn't help this pair of mutilated body. Those guys obviously had a heart and were found!"

With a sigh, this cause and effect reincarnation can't be erased. The cultivation is stronger and stronger, and the power of counteraction... Is more terrible.

"You are an outsider. It's inconvenient to be contaminated by cause and effect here. I'll solve it by myself and leave too... Holy mountain!"

"Ye Chen, you should have the ability to cut off the remaining four shackles after experiencing the flail cutting."

His eyes were a little lax. He was too divine to explain his last sentence. He could no longer support it. His tall and straight body slowly fell down, and his consciousness was also lost

"Master! Childe, you save master!"

Zhu Yuan's eyes were red. Although he didn't know the inside story, his master was so miserable that he would not leave easily..

The two major disciples of LINGJI and Wuji followed Taishen earlier than Zhu Yuan. Such a friendship between teachers and disciples was even worse. Although their eyes were bright, they did not have the slightest intention of retreating.

"I see. I'll try my best!"

Ye Chen nodded gently, and Zhu Yuan called softly. Naturally, he knew what he meant!

"Bagua Tiandan skill, Tianxian Koi copy, wish Tianxing, reincarnation xuanbei - Lingbei, the power of recovery, give me condensation!"

Surrounded by a reincarnation xuanbei, ye Chen's fingertips lit up a blue micro awn!

Boom!

The fingertip was bounced away at the moment of contacting the Taishen Weian divine body, and the domineering momentum absorbed the wisp of light, but ye Chen could not detect any injury!

"Strange, it makes me feel more like a doctor who doesn't cure himself!"

Ye Chen's action is not difficult, but the key is that he doesn't even know the situation of Taishen!

Hum!

This time, ye Chen turned into a body, and the blue micro awn lit up and wrapped his body, surrounded by many Koi, turned into a ball of light, and was about to flow into the sea of knowledge of Taishen!

Boom!

The prohibition of the strong in the boundless realm was triggered instantly, and the God's brilliance almost burned through Ye Chen's spirit!

Fortunately, ye Chen has a domineering reincarnation holy soul day, otherwise his cultivation will turn into blood fog in an instant.

"Master's knowledge of the sea, even though I have the reincarnation holy soul heaven, I can't probe into it because of the limit of the realm. This cultivation is just a self-defense mechanism, which makes me helpless!"

Ye Chen smiled bitterly. He couldn't even find out what injury the other party had suffered. How can he talk about saving people?

Ye Chen suddenly thought of something, broke his fingers, and a trace of reincarnation blood gushed out.

He instantly put the blood in his hand into the mouth of Taishen.

Theoretically speaking, it is useful for the injury of the supreme goddess, and the Supreme God should also be able to.

But somehow, the blood of reincarnation was rejected by Taishen!

Is it related to Taishen's skill and the state at this moment? There is no way to reincarnate the blood?

Ye Chen

Chapter 7848

.....

Nowadays, in the temple of heaven near the lost time and space, countless cultivators are attracted by the name, which is very popular for a time.

After the death of the dead in the past, the demon saint was seriously injured and fled far away, and his whereabouts are still unknown. After the news was sent to the temple of heaven, under the attack of the Terran alliance led by Tianxue heart rate, the demon temple has become history

As for whether there are remaining evils and the final whereabouts of the demon Saint ancestor, ye Chen doesn't understand it in detail.

After that, the mysterious zunlingtian clan was also invisible.

The elder of zunlingtian clan has repeatedly used forbidden techniques to infect all causes and effects. In order not to implicate the clan, after the collapse of the demon temple, he also traveled alone in the world.

The land of the heavenly palace is near the Heavenly City.

"Zun Lao has always been on the move. After Tiangong Shenjiao was stabilized, he would no longer be found. Our search is like looking for a needle in a haystack!"

Ling'er frowned.

Ye Chen raised his eyebrows and said, "do you mean brother Huan's method?"

"Since we can't find it, let him find us!" Ling'er squinted.

"Looking for us?"

Ye Chen suddenly saw a light in his eyes and said, "yes, old people like to collect worldly spirits..."

"Ye Chen, you don't have good wine. Do you want to ask the eternal holy king?"

Hearing ling'er's question, ye Chen's eyes coagulated, laughed and explained:

"I'm the Lord of reincarnation. How can I not have good wine? Previously, I suppressed the killing of the great emperor in the dead end. The spirit of the dead end finally survived the golden wine melted by the power of the guardian's golden seal. I diluted a little and mixed it into the wine, which is not enough to attract respect for the elderly?"

With that, ye Chen put a big pot of wine, eyes closed, waiting for something.

Six hours later.

A sound woke Ye Chen.

"This wine... Good!"

A shabby old man appeared in front of Ye Chen.

The old man squinted, regardless of whether ye Chen agreed or not, and directly enjoyed the golden wine. He smacked his withered lips and said with a smile, "you boy can think of this way to find me. It seems that you are in big trouble?"

Ye Chen smiled and scratched her head. She didn't know where to start, but she heard the old man across from ask again:

"Is it because of the vision of yesterday?"

Obviously, the sky cracked a gap, and the giant eyes of the Milky Way looked at the world, and the old man also felt a sense of oppression!

Ye Chen nodded gently and said, "I went to heaven to cut flail, and I really caused some trouble..."

He told the old man all about his trip to Daocheng in a concise way.

"So, yesterday's vision is that someone with a heart came after him..."

The elder picked up the wine cup in his hand and said leisurely..

"I can't cure the injury of master Taishen, and even the defense mechanism of ID can't be broken..."

"I'd like to invite the elderly to make a deduction!"

Ye Chen took a deep breath and went straight to understand his intention.

Hearing the words, the old man took charge of the fingertips of the wine in the cup, and silently tasted the golden wine, while ye Chen waited.

After a long time, the elder put down his cup and whispered, "the star deduction was originally a forbidden art. Logically, I should have been punished for the cause and effect of contamination, but the secret of heaven was obliterated!"

"My old bone is still breathing..."

The elder looked at Ye Chen: "you little fellow, you are really getting more and more terrible!"

"This time, it's my favor!"

The old man laughed and took another sip of golden wine.

Ye Chen got up, bowed slightly to the old man and whispered, "thank you for respecting the old man!"

The old man's eyes were smiling, and countless stars were reflected in his eyes, one by one turning into a galaxy, and the blue light scattered into the sky.

For a moment, the sky city was covered with dark clouds, and the torrential rain poured down!

The people on the street spread out one after another. In a corner of the alley, ye Chen ling'er and the three elders sat upright, and their skirts were not stained with half a drop of water.

Every drop of rain falls like a living star falling, falling to the ground and dying.

Ye Chen's heartbeat seemed to be connected with the pouring rain. The disappearance of each drop made his heart tremble.

At the same time, scenes are unpredictable. It's too God fighting!

He couldn't see the figure on the opposite side clearly, and the light waves were everywhere. Even he, an outsider, was shocked.

A corner of time and space was peeped by him, and ye Chen's mouth overflowed with a touch of blood, which damaged his heart, but he didn't notice it.

"Lord of reincarnation, don't spy on the battle at that level, concentrate and watch!"

Suddenly, the voice of respecting the old sounded like thunder in Ye Chen's ear, reminding him to keep his heart.

Torrential rain, ye Chen's line of sight through the Taishen mountain!

"That's the temple of God, Zhu Yuan and others are there!"

Ye Chen was surprised. He was so overbearing that he could spy on time and space wantonly!

He saw Wuji LINGJI and others pacing, and his eyes were anxious.

Boom!

The wonderful feeling didn't last long. Ye Chen felt a stabbing pain in his eyes. His eyes were black and he couldn't see any pictures anymore.

"Respect the old, this..."

Ye Chen, sitting on the stall, frowned, and ling'er on one side blessed him with his whole body spiritual power, helping him return to reality.

"Still can't..."

At the most critical time, his mind was penetrated and he didn't see the most critical future!

The elder shook his head with a smile and said, "you have experienced the Celestial Star skill. How much you can see depends on what your heart wants to know. You just want to know everything too much!"

"And your divine power is not enough to support such a lengthy message! Even if you have reincarnation holy soul day, your current state can't give full play to the full power of reincarnation holy soul day."

"Remember, the stronger the cultivation and strength, the stronger the reincarnation Heavenly Sword, the stronger the reincarnation blood, and the stronger the reincarnation holy soul."

The elder continued to speak to Ye Chen, "if you want to know how to save Taishen, then this problem should be carried out to the end!"

The old man pointed to the empty cup of golden wine and whispered, "look!"

Boom!

The torrential rain suddenly came, and the rainbow after the rain was colorful, reflecting a faint light into the cup.

The juice derived from the originally empty cup is as clear as a handful of clear springs. In it, a dragon soul exudes vitality and is faintly visible!

"This is..."

Ye Chen was completely shocked by the small scene in the cup. When he came back to his senses, there was no previous scene, but the remnant cup was cold.

The elder stroked his beard and hair, pondered for a long time, and said:

"Too God, lack of vitality!"

The lines between the palms of the old man lit up, and the stars in the sky flickered faintly after the rain. The micro awn and the palm of respecting the old man reflected each other remotely, outlining runes.

"How could..."

Even the old man was moved by it. Ye Chen and ling'er looked at it and were stunned. The weird lines engraved in the palm of zunlao impressively wrote a big word "heaven"!

"Is there a lack of vitality... Heaven... Tianquan?"

The elder murmured, but the expression of doubt on his face was also announcing that he had never heard of this place, even the know it all outside the country!

Chapter 7850

Tian Xuexin nodded gently: "I understand, I'll arrange it now!"

After telling Wu Yuzhi a few words, she turned around and left.

For Tian Xuexin, Taishen also has the grace of regeneration. If he hadn't done it in the past, I'm afraid the alliance would have been eaten away by the demon temple.

"How long are you going to stay in Tiangong temple?"

Wuyuzhi hopes to look at Ye Chen. She hopes to ask Ye Chen about her cultivation here.

However, ye Chen's answer disappointed her.

"I have to leave soon, and I need to go to other places!"

It seemed that ye Chen had seen through the girl's Xiaojiu, and smiled and said, "when things are solved, I will come back!"

"By the way, give this jade pendant to Tian Xuexin, so that you can contact me at any time!"

Leave it to Wu Yuzhi to summon the jade pendant. Ye Chen doesn't delay any longer and sets off for other places!

Near Taicheng!

After experiencing the things of emperor Tai Yan, ye Chen became famous completely in near Taicheng.

After the suppression of emperor Taiyan, Xiao Qin also returned to the Xiao family. The Xiao family members who had been evacuated in the past also returned to the family in an orderly manner. After the defeat of the elder Xiao Su, the whole Xiao family was already monolithic.

As the patriarch, Xiao Qin really stabilized the Xiao family, and there was a hidden pressure in the battle with other ethnic groups.

Coupled with the advice of Xiao prison, ye Chen visited near Taicheng,
