Chapter 7851

The spirit of a giant dragon poked out its head from the depths of the abyss, spitting out God Rui in resistance!

The dragon is blocking people from crossing the border, and it is occupying the abyss!

"It's the dragon spirit, it's it!"

At a glance, Zhu Yuan recognized that this giant dragon was the old dragon that carried him and the great God ye Chen to Daocheng!

But in a flash, the dragon's head was cut down by the leading youth holding a halberd, killing the abyss of blood!

"Damn..."

Drops of blood rain fell from the cracks of the whole sky, and the scales of the dragon were as smooth as a mirror, falling into the dust and blending into the earth

Before Zhu Yuan could make a move, Lao long had been beheaded. Even if he relied on Tianyuan, he was still defeated and killed by the youth!

"Come, fight!"

The three clear Qi of heaven and earth were close to his body. The emperor of heaven punched through the abyss. Zhu Yuan's eyes were about to crack, and he flew directly to the sky. He wanted to cross the abyss and wash the blood feud for the old dragon!

The power of the abyss is dark and obscure. If you fall into it, you will be burned by endless karma, and you will be in great pain.

Zhu Yuan occupies the terrain and Qi. He can rely on the rules of heaven and earth here to fight and prevent dozens of people from crossing the border!

"It's you!"

The young man holding the dark black halberd, whose eyebrows are somewhat similar to Luo que, is a little older.

Seeing Zhu Yuan's three clear Qi of heaven and earth, he recognized this hairy boy at a glance, the murderer who killed his brother!

"Luo family!"

Zhu Yuan was also ruthless in his eyes. He had already known everyone's intentions and came to take revenge for Luo que!

Enemies meet, especially jealous!

An old dragon's scattered wisp of obsession added to Zhu Yuan, and the faint dragon singing sound at the rune bone of his right hand was diffuse.

"Tiandi fist!"

The ready fist mang went straight across the abyss. In this space, countless stars were shattered. The killing mang was sharp and pointed directly at the face of the youth!

"Teach others!"

With a cold snort of disdain, the fist awn that tore the world hit the dark black halberd and dissipated invisibly!

Zhu Yuan was livid and said, "how strong!"

The other side's understatement blocked his blow. It was obvious that the man in front of him had achieved at least six levels of Tianxuan realm and Tianquan! Even higher!

"Even if you rely on the rules of heaven and earth, you are not my opponent!"

In the young man's hand, the black halberd was horizontal, and the halberd tip was haunted with the smell of destruction. There was a faint sound of dragon singing, which was Zhu Yuan's previous fist!

"Go!"

With a wave of the halberd in his hand, Zhu Yuan's killing move was directly hit back!

"What!"

Boom!

The fist that ran through the sky pierced into the void, and the terror and pressure that exploded were mixed with the potential of void karma, instantly crushing his flesh!

A clear breath, scattered.

The young man's eyes were like torches, reflecting golden Mans, and said, "one Qi turns into three cleans? I'll kill you three today!"

Holding the halberd in hand, the young man dived forward alone, tried the law with his own body, and his body fell into the void!

"Luo Dao was really angry. He was so desperate!"

Dozens of people behind him quietly watched the war and saw the young man crossing into the abyss of heaven, which made a young man say.

"The boy named Zhu Yuan killed his brother. Although his mouth was light, for the Luo family, after all, he was nailed to the pillar of shame. How can he not be angry?"

Another woman added.

Boom!

The infinite karma in the void began to burn the spiritual power of outsiders, and the sweat on Luo Dao's forehead dripped.

The power of coercion in this world made him, a cross-border person, feel a deep sense of oppression, and even his action was a little slow, as if he were in a quagmire.

"Even if you rely on the rules of heaven and earth, you will die today!"

Luo Dao waved his arm, and the dark halberd turned into a black streamer into the center of his eyebrows. In a moment, Luo Dao's skin burst into a fierce light!

In the palm of his right hand, a similar Star River surged, and then spread to his whole body!

Countless stars in the galaxy radiate starlight, imposing the world. This scene flows on Luo Dao's skin!

"The rules of heaven and earth here? But so!"

He began to fight in the deep quagmire, and the fragmentation of every star around him made the authority of the rules weaken a little!

"This is... Wanyu tianlaoyin?"

Zhu Yuan looked at Luo Dao in disbelief. What a similar means. He had suffered under the power of the stars led by Luo Wanyu prison.

But this guy's means in front of him are much stronger than Luo's. I don't know how many times!

"Hmm? You even know Wanyu tianlaoyin!"

Luo Dao first paused, and immediately looked fierce and said, "it seems that Luo Ke really died in your hand!"

"Astrological cage!"

With a loud drink, Luo Dao burst out of the sea of stars surging around him, tearing his flesh and completely ripping the void!

Click!

Zhu Yuan was hit by a star, and half of his body was completely reduced to blood mud,

Chapter 7852

The indifferent voice penetrated thousands of miles around, and Luo Dao took out a golden battle post from his arms. The breath was full of blood and fishy!

After speaking, his eyes closed tightly, and the power of stars in his palm condensed into a void mountain, slowly rising!

For a time, mountains appeared on the void!

"Mole ants, just live one more moment as a warning to the world!"

Press the battle post in his hand on Zhu Yuan's forehead, and the halberd in his hand lifts Zhu Yuan high and throws it at the mountain, nailing it firmly between the mountains!

"Ah!"

The burning pain attacked Zhu Yuan's mind at all times, and Luo Dao's means were inhuman!

"Hum, next is your dead Master, taishenshan, isn't it?"

Luo Dao turned slowly, looked at the direction of taishenshan from a distance, and killed his heart.

At his side, everyone's complexion was complex, but they didn't say a word. Luo's evil spirit smiled, greedily breathed the dirty air, and his whole body trembled with excitement

Rampant!

Dozens of people went straight to Taishen mountain without stopping.

The mountains above the sky are shining, and the scorching light is constantly eroding Zhu Yuan, and his consciousness is about to collapse!

"It's just a hairy boy. How dare he dare to challenge too God!"

"Take him down to shock the sky!"

The extremely arrogant battle post is hung on the nine heavens, which can be seen by Putian practitioners.

In the land of Tiangong, Luo Cheng, the leader of Shura sect under the command of tianxuexin of the Terran alliance, came with evil spirit to kill this empty visitor and fight with Luo Dao outside the city.

Also an expert with a spear halberd, the blood Shura, who had high hopes, did not make a move in the hands of the youth!

The power of stars in the palm erupted, Luo Cheng's spear Shura suddenly collapsed, the cold blade straight through the chest, blood sprinkled on the sky, a generation of Shura, meteorite!

"Waste!"

The young man just left a cold hum of disdain that spread all over the sky, and then he headed for Taishen mountain again.

Along the way, countless strong people in the heaven palace challenged Luo Dao, all of whom were killed by one blow. The paved blood was dripping and terrifying, and there were countless strong people in the early stage of the decaying flail realm and the heaven Xuan realm that fell between their palms.

.....

Taishenshan.

"You don't have to intervene..."

LINGJI worried about the woman in front of him, and Wuji nodded in agreement and whispered, "these people are coming for the master, and we will meet him for a while!"

The woman shook her head and said politely, "master Taishen was kind to me. Today, master Tiangong Shenjiao has made great contributions!"

It was Tian Xuexin who came here. Hearing that Luo Cheng had an accident, he knew that the goal of the coming person was Taishen,

Chapter 7853

Tianxue's heart frowned at the words, and the frost sword around her waist could not help but get out of its sheath. At that moment, the sky was cold, and snowflakes were flying all over the sky!

"Burst!"

With a gentle twist of both fingers, a hexagonal snowflake burst, splashing out bursts of killing awns and pointing directly at Luo Dao!

Click!

Countless snowflakes exploded together. Within a hundred miles, the space covered by the whole Taishen mountain was impressively silvery, and the void was like thin paper being cut inch by inch!

"Good means!"

Luo Dao laughed and greeted him alone. The stars in his palms were bright, and countless stars were surging all over the sky, converging into a galaxy. The terrible adsorption force cut the swirling silver sword light into several sections!

"Astrological cage!"

Stars manifest, breaking out of Luo Dao's body. The nine stars surround Tianxue's heart. The terrifying pressure makes the space constantly rub, and dark thunders rub.

"You'd better think quickly, I..."

Luo Dao didn't say a word, and a blue ice sword brushed his neck!

Whoosh!

In an instant, the blade of the sword reached the sky.

Click!

Luo Dao's astrological power was blasted by Shengsheng!

Luo Dao himself exuded a trace of blood from the corner of his mouth, his pupils gradually enlarged, and his shock and anger constantly changed.

The dark halberd fell from the void, smashing a huge peak in the Taishen mountains and raising thousands of feet of dust.

The golden fragments turned into meteors and fell in all directions. The dazzling light surprised the people behind de Luo Dao.

"What, this girl has such means!"

"Impossible. Although the sword is powerful, it has absolutely no power of confrontation..."

"Is it the person mentioned by the elders in the clan?"

Dozens of people looked back, and the bright fire phoenix on the void flapped its wings, and the red wings were magnificent and abnormal.

The golden meteor, which exploded and fell, instantly ignited the flame Phoenix's whole body. It opened its mouth and breathed, twisting the void in bursts, devouring the nine stars that besieged Tianxue's heart!

"Next battle post, it's up to you?"

The figure in the middle of huohuang's eyebrows was full of bright red flames, and his eyes were burning.

It is Ye Chen who displays the fire of Daoling.

"Ye Chen!"

Tianxue at the bottom of Taishen mountain was surprised and happy when she saw the arrival.

"Cross border, you also deserve?"

Ye Chen, who was furious, shouted fiercely, and the ancient inscriptions of Brahma divine skill Dou Zi Jue and array Zi Jue at his fingertips, and the light of the sky surged from the sky.

The power of the divine Phoenix instantly exploded and spewed, but it was not directed at Luo Dao and others!

The flame Phoenix disintegrated, and the root God feather shot at the four corners of the sky, with a bright red awn that twisted the void.

Whoosh!

"Up!"

Ye Chen's palms were folded, and the eight in the four directions were all bright red runes that echoed, and they kept flowing and growing.

"Hmm? It's actually the Brahma divine skill of the feather emperor!"

Feeling that the will of heaven and earth seemed to be gathered, Luo Dao's face became increasingly gloomy..

He didn't know that this person was actually associated with the feather emperor family of the world.

"If you dare to come here to be presumptuous, you must be well aware of being beheaded!"

Ye Chen's indifferent voice reached everyone's ears. Tian Xue looked at the man holding the sword embryo in the void with a complex look.

Luo Dao laughed angrily and said, "it's up to you?"

Ye Chen blinked and said, "you are Luo's family. Luo lacks that waste. Who are you?"

He saved Zhu Yuan at the critical moment, placed him in the wish star, and learned some information from Zhu Yuan's mouth.

Hearing the mention of Luo que, Luo Dao's eyes were more angry. His face was gloomy. He stopped talking nonsense and called the halberd in his hand to kill Ye Chen directly!

Ye Chen waited for this moment. Even if this guy crossed the rules of heaven and earth and was cut off some of his accomplishments, Luo Dao's actual combat experience was not affected at all!

Let him be led by his emotions, so that he can enter the way he has arranged.

This person is not qualified to use the cards of reincarnation Tianjian and rentu Holy Grail.

Although the sword embryo cast by Xingchen meteorite is inanimate, it is absolutely the only one in the world in terms of hardness. It collided violently with the halberd in Luo Dao's hand, and sparks splashed everywhere.

"What!"

Luo Dao was secretly surprised that this guy's weapon was so hard?

"Black dragon chant!"

The dark halberd in his hand was thrown directly by Luo Dao, and turned into a black dragon roaring. It must be stabbed into the void slowly, ferocious and terrifying.

Zhu Yuan was defeated by this blow!

The huge dragon's head opened its mouth, twisted the void under the blessing of the formula for a while, and bit at Ye Chen.

"Reincarnation destroys the sky!"

Ye Chen waved the sword embryo with his armband and shouted.

The invisible sword Qi surged without any fluctuations. In the eyes of everyone, this guy was just holding a strange weapon and pulling across the space!

Even Tianxue's heart below didn't find anything abnormal, and her eyes showed doubts!

Boom!

I don't know when the ripples in the layers of space suddenly arose, and the ferocious black dragon was a wail, ringing through the world!

Pieces of black scales fell off and fell into the earth. They shrank rapidly at a speed visible to the naked eye, and melted in a few breaths, leaving only a few meters of worms to escape!

"Death!"

The sword embryo in his hand was thrown out, and he was about to cut the black dragon. Luo Dao saw this and quickly received the dragon spirit, and a halberd was held in his hand again.

Ye Chen's mouth flashed a smile, and he was waiting for this moment!

The figure flashed in an instant, swept in front of Luo Dao, and said, "do you know that I am reincarnation! My people, the feather emperor and the ancient emperor are not qualified to move!"

Ye Chen waved an iron fist and hit it heavily!

The flesh and blood that cut the flail 96 fought against the blade edge, and in the incredible eyes of everyone, it was to smash the halberd that naluo Dao relied on as a treasure!

Bang!

The halberd of the supreme power broke into slag and sputtered. The Taishen mountain was already riddled with holes by this blow. Where was the previous scenery?

"Luo Dao, that guy, seems to be invincible. Shall we... Fight..."

One of the people in the party opened his mouth.

"Don't let him die, forget the elders' advice? No, it's his Luo family..."

The eyes of the refuting man are surprisingly full of favor and appreciation for ye Chen!

Hearing what the Qian family said, everyone was silent.

"Ah ah!"

Benming's spiritual weapon was destroyed, and Luo Daokou vomited blood. Obviously, he was seriously injured. He flew wildly and never looked as calm as before!

"Damn!"

Luo Dao wiped the blood from the corners of his mouth with his sleeve, and immediately the whole person's breath rose violently, breaking his clothes. Under the great body, countless stars were surging!

"Astrological cage!"

Different from the previous display, Luo Dao's whole flesh body was completely torn apart, and flesh and blood poured into the stars, making stars more dazzling!

Shuanghua sword is all restrained and shaking!

Tianxue's heart looked at the Starry Sea above the nine days, and her eyes tingled. For a moment, all her seven orifices lost their senses!

Luo Dao's muscles and bones are used as the foundation to pave the Milky way. On the outer sky, it is covered by a bright Milky way!

He cut 90 flail, this talent is also extremely terrible!

Chapter 7854

"Hahaha, go to hell!"

A few kilograms of crazy voices melt into the will of heaven, and stars fall, to destroy the world!

"It's over..."

A person accompanying Luo Dao said.

The one in the Qian family is muttering, and the weak mosquito is slightly inaudible.

"If this is the last resort, then you can die!"

Ye Chen shouted loudly, and the sword embryo in his hand moved in all directions, cutting open the array formula originally arranged with the strength of Yan xuan'er.

The majestic power is absorbed by the sword embryo, which is even more powerful than the pressure of the star river!

"How can it be that the will of this world is leaning towards him? Is this boy a king of the world?"

Someone exclaimed. At this stage, the simple power is almost the same. The competition is to control the rules of the road and Qi. At this moment, the will of heaven and earth is gathering Ye Chen outside the territory!

He is the Lord of reincarnation, and he is a man of bad luck!

"There is no one here, and all living beings here..."

"What?"

"Nothing, let's go and save Luo Dao!"

The Qian family spoke so frankly that everyone understood what it meant.

Ye Chen seemed to have expected this for a long time, looking back indifferently at the line of several people with Luo Dao.

No longer hesitate, the human butcher holy cup, many heavenly swords, the yellow spring map, the dust stele, the wind stele, the thunder stele, the wish sky star, and so on, many treasures have been released to fight with all strength!

At the same time, he used the samsara map of martial arts!

"Wu Dao reincarnation map, seal!"

The whirlpool power of space suddenly appeared, and several people only felt that the scene in front of them was changed.

"No, I'm trapped!"

A few people immediately understood, and brazenly shot to tear this small world

Ye Chen's reincarnation map of martial arts naturally can't trap these guys who are similar to Luo Dao's combat power, but it's enough to fight for a moment to kill Luo Dao

"You must repay Zhu Yuan's suffering a thousand times!"

Ye Chen's eyes showed the murderous opportunity and offered the reincarnation Heavenly Sword.

"Reincarnation holy light chop, break it for me!"

Ye Chen shouted wildly. The reincarnation Heavenly Sword was raised, and the sword Qi was excited. The weather of reincarnation Heavenly Kingdom burst out, and there was a holy grail, flowing endless golden light, converging on the sword.

Ye Chen clenched the handle of the sword with both hands, poured infinite power into it, and cut fiercely. An incomparably brilliant golden light of the sword came out quickly.

A sword opens the sky!

"I am the Lord of reincarnation and order the kingdom of heaven to cast!"

Ye Chen came out with another sword, and the Milky Way transformed by Luo Dao was completely pushed into the void, becoming a guarantee force of the void.

Click!

The small world of Wu Dao reincarnation was broken, and ye Chen instantly backfired, but there was only a cold body in front of everyone

"Cough..."

The small world resolution of Wu Dao reincarnation map can't trap these guys, but it doesn't matter. Ye Chen's goal has been achieved!

He wiped the blood on the corner of his mouth. Although Ye Chen was seriously injured by the collapse of the reincarnation world, if it was a dead battle... It was OK!

"You are the Lord of reincarnation! You killed Luo Dao!"

Someone exclaimed in disbelief.

The Luo family is a pair of heroes who have cultivated the power of stars, but both fell into the hands of Zhu Yuan and ye Chen. If they were known by the Luo family's ancestors... The consequences would be unimaginable.

The key is that they never thought that this person was the Lord of reincarnation that shook the world!

Even the ancient emperor Yu Huang and Wutian, who are at the top of the world, cannot exist!

Ye Chen held his sword across his chest with one hand, concealing the red color that constantly overflowed from the corners of his mouth. He was still stubborn and said:

"Luo Dao has experienced the power of reincarnation Heavenly Sword and is dead!"

"Who else wants to try, or together?"

"Now I am the Lord of the world!"

"I am the Lord of reincarnation!"

Wiped the bloody stains from the corners of his mouth, ye Chen gently stroked his long shirt and sat cross legged. For a moment, the general trend of heaven and earth rushed towards him, and the rules of the avenue rang faintly in the spirit of heaven..

Around Ye Chen, thunder loomed, and the broken void was destroying his body at the same time. The powerful force was accompanied by labor pains.

At the moment when the flesh cracked, the eight trigrams heaven elixir and reincarnation blood healed it. Ye Chen was in great pain, but at the same time, the power of the road was added to his body, and his style was amazing!

Several people looked around and looked at each other, but no one dared to stand up for the dead Luo Dao.

In fact, it can't be committed. The so-called emperors of heaven and earth are not monolithic, and there are occasional frictions. This time, they just came under orders.

As for what order to be served, it is to have each mind.

Tianxue's heart slowly recovered. Seeing ye Chen's posture, tears surged in her eyes.

"What did he bear..."

Even a glance made her seriously injured. The student who killed the student resisted and resolved. At this moment, one person alone blocked dozens of young demons and did not retreat!

You know, Luo Dao almost slaughtered the strong in the whole heaven palace!

In the eyes of Tian Xue's heart, ye Chen now has an invincible posture, although thousands of people are gone.

It is true that one man is in charge, and ten thousand men cannot open it!

"Why, since you don't come, then I'll go!"

Ye Chen's eyes were firm, and he stood up slowly with a sword in his right hand. With the explosion of thunder, the power of Da Dao was exposed again!

The reincarnation Heavenly Sword in his hand was slowly raised, and the meaning of water stopped. It seemed that all time and space gathered together Ye Chen. As long as it was waved again, no one knew the consequences!

Maybe Ye Chen will die, and the power of the road is enough to devour everything he has, but this group of people in front of him will not be spared!

Fight to the death!

"Brother ye, wait a minute!"

One of them spoke, but it was the Qi family, and the others also smiled with eyes and nodded gently.

"My family Qitian asked me to give you a message. Last time, he was convinced that he lost. After waking up, the spirit made a breakthrough. Thank you, Lord of reincarnation!" "We don't know that you are the Lord of reincarnation. If we know, we will definitely not come here."

The rest also greeted with smiles, and the content was the same.

At the moment, they all come with friendship with Ye Chen!

To be exact, it is to make friends with the Lord of reincarnation!

The fame of reincarnation is too terrible!

"Is this the respect of strength..."

Tianxue below stared at Ye Chen. The young demons who were previously arrogant were actually laughing at Ye Chen at the moment

If it weren't for the power of foreign roads and the blessing of Ye Chen's bottom card, they might just hit it!

What spiritual breakthrough is just a bullshit excuse!

Their abacus is jingling. It's the Luo family who has a death feud with Ye Chen, but it's none of their business. Moreover, it's reported that the Qian family's attitude is unpredictable. Is it possible that there's something fishy in it... Too?

"Thank you for Qian Xuanfeng's business!"

"My father also said, you do it yourself!"

The man from the Qian family spoke faintly, and the compliment to Ye Chen was missing in his tone.

Ye Chen frowned at the words and nodded gently.

It seems that Qian family knows everything.

"In that case, please, ye will not see off the guests!"

Chapter 7855

With a sneer, ye Chen ordered to leave. The sword in his hand provoked the battle post brought by Luo Dao, and the waterstop sword intention was directly broken!

Click!

With a roar, the void above the nine days was torn open, and the Milky way in the void was cut in half!

Zhan tie Fuyao poured out in the direction of the way of heaven and the earth. With the help of the power of the way of heaven and earth, ye Chen shouted:

"Dare you spy but dare not come?"

"The next too God war post and then shrink to hope that future generations die miserably?"

"Your descendants are damn and dead. It's not difficult for me, ye Chen, to retreat without fighting. If you have seed, come to this war!"

The loud voice resounded through the galaxy, and the faces of the people who turned back across the void were livid, but when they saw the Qian family, the clouds were light and the wind was light, and for a time, they had their own calculations

The indifferent figure saw many figures go away, and the space healed again. Ye Chen couldn't hold on any longer, and he was about to collapse to the ground.

The whole body is red, and even the fingertips are purple!

The power of the road added to his body, the endless thunder washed his body, and the backfire of the reincarnation map of martial arts. If it weren't for his reincarnation blood and reincarnation holy soul, I'm afraid he would have fallen!

"Ye Chen!"

Tianxue hurriedly stepped forward and resisted the falling figure with her shoulder.

"I... I'm fine, cough!"

"It's important to save Zhu Yuan first!"

Indeed, compared with himself, there is another existence that is about to fall, which is Zhu Yuan.

In the world of reincarnation at the moment, the void cracks a gap, and the surrounding mottled blood rain falls, and every drop is Ye Chen's blood!

It was the result of being torn apart by several people outside the territory.

"Zhu Yuan's spirit was burned through. Fortunately, the body is strong, plus my magic and what I got before..."

After checking Zhu Yuan's injury, ye Chen took out a blue sea lotus from the reincarnation cemetery, emitting a glittering halo, and the six petal root leaves flickered with the breath of life.

It is in order to find the heavenly spring that ye Chen Jedi obtained the most precious treasure of repairing the divine soul - sea blue green lotus.

For this, he also beheaded a dragon with the intention of reincarnation.

"Three roots and leaves are enough!"

Ye Chen gently broke off three light blue roots and leaves and put them into Zhu Yuan's mouth. After a few breaths, he saw that his whole body was covered with orchids, and the breath of vitality was diffuse. Ye Chen and Tian Xuexin were relieved.

Whoosh!

A gust of wind swept up the empty waves and swept away the two roots and leaves in Ye Chen's hand at the moment of his reaction!

"Who!"

Tianxue wanted to chase after her with a fierce drink, but she was stopped by Ye Chen.

"Don't chase, it's an old friend of mine!"

Ye Chen whispered.

Seeing the disappearance of two roots and leaves, in the empty wave center of the blue wind, the middle-aged man with disheveled green clothes walked out slowly.

"Master Xiao!"

Ye Chen nodded and greeted. The person in front of him was Xiao prison, whose spirit was injured in the past in order to help him suppress emperor Taiyan.

"Boy, I can tell you a secret by taking your precious medicine as compensation."

"The Tianquan you are looking for is far away and near in front of you!"

Ye Chen heard the words, and instantly started up. It was about the safety of too God. Did Xiao prison even know?

"Master Xiao knows Tianquan?"

Ye Chen asked eagerly.

Those who spy on them may cross the border at any time. Although they have sealed the void with the power of the great road and Brahma divine power, I'm afraid they can't hold it if the strong man of that level comes

At present, only by finding Tianquan as soon as possible and waking up Taishen, can we solve the crisis.

He searched the fruitless spring outside the whole territory, and Xiao prison knew it. How can he not be surprised!

"Far away and near?"

Ye Chen repeated this sentence, looking at the middle-aged man in front of him, his eyes suddenly lit up!

"Is it in the desperate situation of death!"

"Exactly!"

Xiao prison nodded in response.

For a moment, ye Chen suddenly realized and said, "no wonder, few people know the desperate situation of death. In this..."

"But it doesn't matter. Since we are in a desperate situation, it really takes no effort!"

Regardless of the injury, ye Chen wanted to search out his mind, but was stopped by Xiao prison.

"There are nine peaks in the dead end, which you are most familiar with

Chapter 7856

The way of heaven cut the shackles to the earth, and my Qi was stronger, and I had a deep understanding of the four shackles.

Now ye Chen is full of confidence in breaking through the shackles of the future heart.

Back in the forbidden area, ye Chen saw Ren Feifan waiting for him, who had not been seen for a long time.

And beside Ren Feifan, there is an old man standing.

To Ye Chen's surprise, the opposite is ye evil god.

It must be because ye evil god didn't take office during this period of time.

"Ye... Ye evil god..."

Ye Chen didn't know what to call him, but when he saw the old man, he was surprised and flew down, unable to believe his eyes.

"My noumenon and separation are both me. Although it is my separation that is related to you, it is also me. You don't need to call me ye evil god. My name is too many, but I hope you can call me Grandpa."

"Grandson, long time no see."

Ye evil God smiled and said kindly.

Ye Chen shivered all over and felt dreaming. Holding grandpa's hand and feeling the wrinkles of the latter's vicissitudes, she knew that everything was so true.

"Grandpa, why are you here? Didn't you go back to the future?"

Ye Chen was surprised.

Ye evil god laughed and said, "what you saw before is the future me. Now I can't compare with the future. My cultivation is too poor. I hope you don't dislike it."

Ye Chen looked intently, and he felt that Grandpa's breath was quite strong, but it was a little worse than Ren Feifan. It was probably the great perfection on the eighth floor of the boundless realm, which was not the transcendent appearance of preaching.

"Grandpa, it's all right. No matter what your cultivation is, you are my family!"

Ye Chen naturally didn't mind, laughing.

Ye evil god nodded and sighed, "Alas, in fact, I can have today's cultivation, all of which are stealing the future, otherwise, how can I practice to this extent alone with my old bones?"

Ye Chen knew that grandpa had important secrets. He had many questions in his heart and couldn't help asking:

"Grandpa, what is this... What's the matter? You can freely travel through time and space and change the past and future? Aren't these magical powers invincible?"

Ye Yishen shook his head and said, "it's not arbitrary. Every time I shuttle, I have to pay a great price, and changing the timeline will lead to all kinds of unpredictable consequences. I have also been backfired and closed for a long time."

"Until now, I feel that the shackles of your heart are about to break through, so I took the risk to help you."

Ye Chen was grateful and said, "Grandpa, thank you very much."

After a pause, ye Chen asked curiously, "Grandpa, how did you do it when you travel through time and space? With such an unnatural magic power, can't you travel back to the past, go back to the time when the ancient emperor Yu was just born, and kill him, and it's done?"

Ye Xie Shendao: "the magic power that passes through time and space does not belong to the real world. You will naturally understand it when you testify to the Tao."

"Also, it's useless to kill the feather emperor when he was a child. On your way of reincarnation, you are doomed to have a powerful enemy. This is the test you must pass."

"Even if you kill the ancient emperor Yu Huang, there will be a ghost Emperor Yu Huang. The evil emperor Yu Huang appears. I have killed him many times. Unfortunately, in the end, I can't stop the rise of wanxu. Someone will always replace him."

Ye Chen was dazed, but her thoughts were a little confused.

Ye evil god laughed, "you don't have to think about these. What happened can't be changed. Even if you force it to change, it just opens up another timeline, and the cause and effect of the timeline we are in is fixed and can't be changed."

Ye Chen listened to Grandpa's words and thought deeply.

Perhaps, in another parallel time and space, in another timeline, ye Chen was dug out of the emperor's bone when he was a child in his previous life. Without the protection of his grandfather, he was already dead.

Maybe Ye Chen also died when the supreme will came.

Now ye Chen's timeline has changed.

Ye evil god then said, "heaven is healthy, and a gentleman is constantly striving for self-improvement. What has happened cannot be changed. All we can do is to face it better and more frankly."

Ye Chen murmured, "Heaven moves healthily, and a gentleman keeps improving himself..."

He heard Hongjun's grandfather say these words. At this time, hearing his grandfather speak again, he had a different taste.

Ye Xie said: "grandson, prepare to cut off the shackles. You only need four shackles, but you haven't cut them off. Just wait a few days, and I'll arrange an array for you to help you break through the shackles of your heart."

Ye Chen said, "yes!"

The breakthrough of the shackles of the heart is extremely difficult. Now with the help of Grandpa, ye Chen has more confidence.

Ye Chen asked again, "by the way, Grandpa, you... Why do you use the pseudonym ye evil god?"

Ye evil god laughed, "a little evil, isn't it?"

Ye Chen said, "yes..."

Ye Xie said, "is it not enough for me to travel through time and space and change the past?"

Ye Chen was dumbfounded and didn't know what to say.

Ye evil god waved his hand and said, "well, if you don't say this, you're ready to cut the flail."

"I have seen the future. If you break through the shackles of your heart, you have a 50% chance of success."

Ye Chen exclaimed, "only 50%?"

Ye Xie said: "no one has ever broken through the shackles of the heart. The 50% chance is already very high."

Ye Chen thought so, and nodded.

Ye evil god looked at Ren Feifan again and said, "brother Ren, a few days later, my grandson will cut off his yoke. There must be many forces disturbing him. Please protect him more."

Chapter 7857

Ren Feifan said, "this is natural."

Ye evil god also said with some firmness: "however, if you see emperor Shi Tian and want to step into the top of the demon, let him go, don't stop."

Hearing this, ye Chen and Ren Feifan were surprised.

Can it be said that when ye Chen cut his flail, Emperor Shitian also wanted to break through and step into the peak of the heart demon that has never been seen before?

Ye evil god, however, warned not to stop the emperor from releasing heaven and let it break through.

Ren Feifan had some doubts in his heart, but he also understood that Grandpa Ye Chen saw the future. Since he arranged so, he must have deep meaning. At present, he nodded and said, "OK, old ye, I know."

Ye evil god narrowed his eyes and said with a smile, "the 50% probability is neither low nor high. If my good grandson fails to break through the shackles of his heart, he will undoubtedly die, and we will die, so we have to be careful about everything."

Ye Chen and Ren Feifan are dignified, and they also feel the danger of flail cutting in the future.

It can be predicted that it will be ye Chen's last gasping.

Success or failure is at stake!

If it is done, ye Chen will break through the shackles of his heart and cut off all the shackles. The edge will shine forever and the rise will be unstoppable.

However, if the breakthrough fails and the Taoist heart is lost, there is only a dead end.

At present, ye evil god took Ren Feifan to prepare the array used for flail cutting.

Ye Chen settled down with Guichen and the demon emperor, and returned to Mu Yinxi's goddess mansion, also silently breathing and preparing.

He used the star sky water mirror to spy on the secrets of the sky and capture the future. Vaguely, he also saw hundreds of future timelines..

Sure enough, Grandpa was right. In the future timeline, only half of Ye Chen can succeed in cutting the yoke.

The other half is the scene of failure.

The consequences of failure are tragic.

Some are the demons of the emperor, who has successfully tried the world, and everyone has become his puppet.

Some, it is the ancient emperor Yu Huang who devours reincarnation and then sacrifices the whole world to testify to nothingness.

Yes, it's Ren Feifan who fortunately inherited the fire of reincarnation and difficultly continued the glory of reincarnation, while ye Chen has long turned into fly ash.

The future has not come yet.

Ye Chen absolutely doesn't want those terrible futures to happen!

Ye Chen breathed silently, exercising his kung fu for the final practice, stabilizing his state, and making the final preparation for cutting flail.

.....

At the same time, in the Taishang world, the star moon realm, and the star moon deity.

At this time, the Xingyue deity was burning beacon fires everywhere. The formerly prosperous Mountain Gate and large areas of buildings had collapsed into ruins.

The statue of the goddess of the moon, the ancestor of the moon and the moon of the Qing Dynasty, was completely broken.

On the surface of Xingyue Shinto, there is only a sect of disciples headed by the elder on the ether and the acting leader, while the sect headed by the great elder is missing.

In the temple of Xingyue deity.

The supreme elder Yun Shanyu and the acting leader Yun Mengze sat on the left and right sides.

But the person sitting on the head was not them, but a dignified and cold old man wearing a 10000 ruins Taoist robe.

That old man is one of the legendary ancestors of the ten Heavenly Kings. The ancestor of the Lin family is called Lin Xiaokong!

Yunshanyu, yunmengze, and many disciples of xingyueshen sect all looked at Lin Xiaokong in awe.

The latter is one of the ten ancestors of wanxu, with strong cultivation and high status. It is said that he secretly collected a piece of artifact free fragments under the order of the Emperor Yu Huang.

In fact, there are not only legendary sticks, but also other artifact fragments in the wanxu temple.

The ancestors of the Lin family, the Mo family, and some reclusive elders are said to have collected fragments of wuwuuartifact.

These people, who are the Jade Emperor and collect artifact fragments, have won the trust of the Jade Emperor.

Lin Xiaokong is naturally no exception. He is the confidant of the ancient emperor Yu Huang.

"Lin Laozu, thank you for suppressing traitors and foreign enemies for our Xingyue cult."

Yun Shanyu, leaning on a crutch, slowly thanked Lin Xiaokong.

Previously, the elder Qing River welcomed Xia Ruoxue back, inherited the mantle of the female emperor of the Qing moon, and wanted to take charge of the Xingyue cult.

This matter caused an uproar.

The faction led by Yunshanyu and Yunmengze refused to accept the recognition, but Xia Ruoxue inherited the mantle of the female emperor of the Qing moon, and was radiant. They dared not fight, so they invited Wanxu to fight at a great price.

The person sent by Wanxu is Lin Xiaokong, the ancestor of the Lin family!

Now the Mountain Gate of Xingyue cult is full of war smoke and ruins, and the struggle has ended.

Xia Ruoxue's sect was defeated and retreated.

The group of Yunshan and Yu occupied the victory.

Now that the fight was over, Yunshanyu also wanted to see off the guests. He said, "please go back first, Grandpa Lin. the reward we promised you for sacrifice will never be less. I will send it to the Wanxu in person some day."

Lin Xiaokong gently tapped the handle of the chair with his fingers and said with a smile, "I Wanxu suppressed the rebellion for you. Now you have to rush people so soon, isn't it appropriate?"

Yun Shanyu's face changed slightly, and he calmed down a little. "The Mountain Gate of my Xingyue cult has almost turned into ruins. There is nothing to entertain Lin Laozu. I'm afraid I'll be wronged by Lin Laozu."

Lin Xiaokong said, "my old bones are used to hardship, and it's nothing to be wronged at all. Besides, Xia Ruoxue's guilty girl has escaped, and this rebellion is not calmed down until she is captured."

Yun Shanyu said, "if you chase Xia Ruoxue, you won't bother Lin Laozu."

Lin Xiaokong waved his hand and said with a smile, "Hey, help people to the end. Since I promised to help you with the Xingyue cult and pacify the rebellion, I will definitely not leave halfway. Please rest assured."

Yunshanyu and yunmengze looked at each other, and their hearts were full of curses.

They saw Lin Xiaokong's mind, just want to catch Xia Ruoxue, take it to fill the fragments of Wuwu artifact and store energy.

Xia Ruoxue inherited the mantle and orthodoxy of the female emperor of the moon of the Qing Dynasty. The spiritual root is full of aura, which is very suitable for filling artifact. Lin Xiaokong naturally doesn't want to miss it.

But Xia Ruoxue, if reduced to the material to fill the artifact, the Taoist orthodoxy of the female emperor of the moon of the Qing Dynasty will also be annihilated. This is yunshanyu and others, who absolutely can't accept it.

However, it is easier to ask God than to send him. Since we invited the temple of the ruins, it is extremely difficult to send them away.

At this time, Xia Ruoxue and the elder Gu Qinghe had already taken a group of remaining elite disciples to the border of the star moon world and hid under the ground.

Now Xia Ruoxue, dressed in a fairy Snow Suit and surrounded by moonlight, has inherited the mantle and orthodoxy of the female emperor of the moon of the Qing Dynasty. Unfortunately, the foundation is not stable, and she was attacked and killed by Lin Xiaokong, so she can only escape and lose.

The elder Gu Qinghe, many elite disciples, all look gloomy.

Gu Qinghe gnashed his teeth and said, "I didn't expect that yunshanyu, the old dog, invited the ancestor of the Lin family in wanxu to come. He was really not afraid of death. Wanxu dared to invite him. Sooner or later, the foundation of our Xingyue cult will be buried in his hands!"

Xia Ruoxue whispered, "elder, what should I do now?"

Chapter 7858

Xia Ruoxue inherited the mantle of the female emperor and made great progress in his cultivation, but in the face of Lin Xiaokong, the ancestor of the Lin family, it was obviously not enough.

Gu Qinghe pondered slightly, pinched his fingers, and said, "for the sake of today, only ask the Lord of reincarnation to come. I divine countless causes and consequences in the future. The only hope I see is the Lord of reincarnation! He is our dawn!"

Hearing Gu Qinghe's words, many elite disciples also swept away their decadence and brightened their eyes with hope.

Reincarnation is the supreme of the heavens. If the Lord of reincarnation really comes, it may create miracles!

"No!"

When Xia Ruoxue heard that she was going to ask Ye Chen for help, she flatly refused, saying:

"Ye Chen is ready to break through the shackles of the heart. We can't disturb him, otherwise he fails to break through, isn't it bad?"

She is connected with Ye Chen, and she also feels that ye Chen is about to break through the shackles of her heart.

If you disturb Ye Chen at this juncture and affect Ye Chen's flail cutting, it's troublesome.

Hearing Xia Ruoxue's objection, Gu Qinghe said anxiously, "if there is no reincarnation to help, sooner or later we will be found by Lin Xiaokong, and we will die."

Xia Ruoxue bit her teeth and said, "I inherited the mantle of the female emperor's ancestors. Give me a little time. When my foundation is stable, I'll take you away!"

"Remember, no matter what, don't disturb brother Ye Chen!"

Xia Ruoxue sat down cross legged and began to enter the state of cultivation.

Now the space of the star moon realm has been blocked.

However, as long as she can thoroughly understand the orthodoxy of the female emperor of the moon of the Qing Dynasty and establish a solid foundation, she can break through the blockade and escape.

The world is so big that it will be completely safe as long as you escape from the star and moon circles.

Gu Qinghe and many elite disciples looked at each other.

"Elder, when the sect leader has a solid foundation, I don't know when, we might as well invite the Lord of reincarnation to come."

A disciple whispered to GuQing river.

Xia Ruoxue is their leader, but the new leader, whose disciples respect in name, is still headed by the elder..

Gu Qinghe is confused and knows that his choice determines his future life and death.

He gritted his teeth hard and said, "to be safe, please come to the Lord of reincarnation!"

At present, Gu Qinghe avoids Xia Ruoxue, uses his own blood as a sacrifice, gathers his ideas, transmits all the causal intelligence, and gently sings:

"Great reincarnation, lower your majesty and save me is equal to fire and water!"

Ye Chen was in the forbidden area, preparing for flail cutting, and suddenly felt the touch of heaven, as if someone was calling himself.

With a slight movement in his heart and a hollow grip on his palm, he felt the endless breath of heaven's secrets and emerged.

"It's the belief of asking for help from the Xingyue cult!"

Ye Chen caught it and immediately felt all the context.

Xia Ruoxue inherited the mantle of the xingyueshen sect and took charge of Taoism. Everything was going well, but yunshanyu, yunmengze and others were unwilling to fail, and even invited Lin Xiaokong, the ancestor of the wanxu Lin family, to come.

Now, Xia Ruoxue and others are in danger of being killed by Lin Xiaokong at any time.

The elder Gu Qinghe asked Ye Chen for help.

He thought that even if ye Chen could not defeat the ancestors of the Lin family, he could at least take them away from the star moon world and avoid the disaster of hunting.

In an instant, ye Chen was confused.

Taishen and Zhu Yuan were in danger. He didn't sit idly by.

Now, Xia Ruoxue, his own woman, is in danger. Naturally, he can't sit idly by.

But now that the flail is about to be cut, how can he leave easily?

Moreover, if the shackles are not cut off, even if we go to the world now, there will be no good results.

"Damn it!"

Ye Chen gnashed his teeth, but after thinking about it, he soon calmed down.

"It's still important to cut the yoke. Ruoxue, wait for me for a few days, and when the yoke of my heart breaks through, I'll help you immediately!"

Ye Chen made up his mind. Although he wanted to help Xia Ruoxue immediately, his chains were still broken. What's the use of going to the supreme world?

Only by cutting off all the shackles, can ye Chen have enough strength to fight against Taishang!

Flail cutting is the most important thing at present!

Ye Chen hurried to find his grandfather, who was arranging an array with Ren Feifan on the Forbidden City Square.

The structure of that array is extremely strange and indescribable. With Ye Chen's array attainments, he can't even peek into its core magic theory. It's supposed to be a mysterious array derived from no time and space.

Ye Chen walked to the edge of the array and asked, "Grandpa, is the array ready?"

Ye evil god looked back and smiled and said, "don't be too anxious. It's OK tomorrow. You can start cutting flail tomorrow."

"If you want to break through the shackles of the heart, you must be calm and calm."

"Don't worry about the safety of taishenshan and my granddaughter-in-law for the time being. She will be fine during this period."

Ye Chen blushed. It seemed that grandpa also knew the danger of Taishen and Xia Ruoxue.

Since Grandpa said that Xia Ruoxue would not be in danger in a short time, ye Chen was also very relieved and said, "yes, grandpa!"

Ye evil god continued to arrange the array, and looked at Ren Feifan and said, "if you cut the flail tomorrow, there will be a terrible battle. I've seen the future, and you may die."

Ren Feifan said calmly, "it doesn't matter. If I die, ye Lao, you take over from me and guard reincarnation."

After a pause, Ren Feifan asked with some curiosity, "by the way, who killed me in the end? Is it Wutian or the ancient emperor of feather?"

Ye Xie said, "no, it's not them. The last person who killed you is yourself."

Chapter 7859

Ren Feifan pulled at the corner of his mouth, understood and said, "Oh, is it? Is it my demon?"

"Emperor Shi Tian has such a great ability to cause my demons?"

"Is it true that his demon magic sword will break through tomorrow

Chapter 7860

"What kind of backhand do you have?" The demon ancestor asked Wu Tian.

"What kind of backhand do you have?" The feather emperor asked the question.

Magic ancestor Wu Tian was silent for a while, and then his eyes gushed out of a dark murderous spirit, saying: "my eternal gate is connected with the old alliance. If the war is bad, I can sacrifice the earth vein of the old alliance, and then sacrifice all the elite, subordinates and subordinates of the old alliance. About 500 million people and 500 million jade fragments can be sacrificed, which can prevent reincarnation and flail cutting."

The old alliance dominates the dark forbidden sea. In addition to the elite of its headquarters, there are subsidiary branches everywhere in the dark forbidden sea, governing hundreds of millions of people.

According to a rough estimate, there are about 500 million people under the old Japanese League.

These 500 million people are the foundation of Wutian's Qi.

In order to prevent reincarnation and flail cutting, the demon ancestor Wutian is willing to sacrifice all believers under his command. 500 million jade fragments are equivalent to sacrificing everything and fighting to the death!

The feather emperor and the emperor Shitian heard it, and they were all shocked, looking at the demon Zu Wutian like a madman.

The demon ancestor had no God's feelings, and Gu jingbubo said, "five hundred million jade fragments are my backhand."

"Feather emperor, what's your second hand?"

The ancient feather emperor hehe smiled and said, "my split body is forged by the legendary staff. I originally wanted to say that my hindhand is self explosion. With the explosion of the legendary staff, it prevents reincarnation from cutting flail."

"But you've broken half a billion pieces of jade. With such a big hand, I'm just bursting with selfishness. It's too mean."

After a pause, the emperor waved his hand and made a decision, saying, "I'll add some chips. If the war is bad, I'll drag all the people of the supreme Ye family down and break the jade with you!"

Mo Zu Wu Tian sneered and disdained, "is it just a Ye family?"

The ancient feather emperor hehe laughed and said, "each of the top ten Heavenly monarch aristocratic families is extremely important. It is a natural sacrifice for me to take out the broken jade. My luck in the ruins will be greatly affected."

Mo Zu Wu Tian sneered, "I'm afraid you just want to find an excuse to destroy the Ye family."

Mo Zu Wutian is very clear that among the top ten Heavenly monarch families, the Ye family is not liked by the ancient emperor Yu Huang..

Because the supreme Ye family is related to the Lord of reincarnation, and the family that once belonged to is inextricably linked with reincarnation.

Naturally, the Jade Emperor didn't like it in his heart, but whenever there was a killing, it must be related to cause and effect. Without enough legitimate reasons, it was inconvenient for the Jade Emperor to destroy the Ye family.

Now, in the name of preventing reincarnation from beheading the flail, it is undoubtedly a very legitimate excuse to break the jade of the Ye family.

The feather emperor said, "in short, I let the Ye family's jade break. This sacrifice, I think, can stop reincarnation from chopping flail."

Mo Zu Wutian snorted slightly and said, "it's best."

At this time, the void was distorted again, and a man wearing the black water emperor's robe slowly emerged.

"How about counting me as one to block reincarnation?"

The man in the imperial robe sneered and looked at the three people, the ancient emperor, the demon ancestor Wutian and the emperor Shitian.

"Magic heaven?"

Emperor Shi Tian's face sank slightly. This man was the supreme god of the illusionist family in the hell world, the illusionist emperor!

Seeing the magic emperor, the ancient emperor Yu Huang dared to step into the king's palace alone. His courage was commendable, and he said with a smile, "do you also want to participate in this game?"

Huan Huangtian laughed and said, "yes, I wonder if you can let me join in?"

"I just want to take back the emperor's holy knife of my fantasy family and dig out the clues of the Tianbei from that boy!"

The clues of the emperor's holy knife and the Tianbei are all on Ye Chen. The magic emperor doesn't want to miss it.

The feather emperor's eyes were cold and said, "the emperor's holy knife is a complete artifact. If you want to seize it, I'm afraid it's not easy!"

Most of the wuwuwushen artifacts that the ancient emperor Yu Huang had seen before were fragments, such as the legendary staff, the sword of judgment, the boat of sin, the mirror of epic, the gate of all wonders, etc. the wuwuwushen artifacts in a complete state were almost never seen.

The emperor's holy knife is not only a complete artifact, but also one of the most precious treasures of the three emperors. He is naturally reluctant to give it to the magic emperor.

Also, the clue of Tianbei is an unpredictable potential opportunity!

Huan Huangtian's tone was a little unhappy and said, "that man Huang Shengdao, originally my fantasy home, was brought out from no time and space. Do you still want to forcibly occupy it?"

The feather emperor snorted and was about to refute, but the demon ancestor Wutian pressed his palm and said, "tomorrow is the decisive battle. What's the benefit of infighting and quarreling? Before the Lord of reincarnation is dead, you want to share the spoils, and you haven't dreamed so early."

"Rather, after killing the Lord of reincarnation, you can fight for any treasure you want with your strength."

The magic emperor thought that the feather emperor and the demon ancestor Wutian were separated at the moment. If they really wanted to win the treasure, he might have the upper hand instead, so he laughed and said, "it's OK. It's not too late to talk about the distribution of interests when the Lord of reincarnation is killed tomorrow."

The feather emperor knew that tomorrow's decisive battle was of great concern. If there were more people, there would be more chances of winning. At present, he would no longer quarrel and nodded, "that's OK."

He stared at Huan Huangtian, and then he smiled: "I'd like to see what's the power of you, who come from a low race without time and space!"

After the agreement, Yu Huanggu emperor, Mo Zu Wutian, di Shitian, Huan Huangtian and others began to gather forces to prepare to block Ye Chen tomorrow.

Their killing intention is so strong that it even touches the mystery of heaven.
