Chapter 7861

Ye Chen, who was far away in the forbidden area, also caught the killing machine from the direction of the king's palace.

"Tomorrow is the time for a decisive battle. This is my last chance to break through the shackles of my heart. It depends on tomorrow!"

Ye Chen clenched his fist and was nervous and full of blood for the upcoming grand finale tomorrow.

The decisive battle is imminent. Hearing the news, the senior elders of the famine clan led the elite of the whole clan to the Forbidden City, and also helped Ye Chen to fight to the death with the king's palace!

Even, the patriarch of the famine, Lao Huang Jiuxi, once again asked Ye Chen to try to activate the emperor's ancient clock.

However, ye Chen did not waste time.

The emperor's ancient clock is the first treasure of the three emperors. It is almost impossible to urge it.

The last time he was able to urge, he consumed the old spirit and spirit, and sacrificed four chaotic gods at a great cost.

This time, ye Chen can no longer urge the emperor's ancient clock.

Fortunately, the emperor's holy knife in the three emperors' treasure is in Ye Chen's hand. With this card, ye Chen is also very confident.

In addition to the barbarians, the two mothers and daughters of magic family, magic fox charm and magic Mei Xin, also led a group of elite and strong people to help.

And Ren Feifan's old friend Jianxing also brought some masters of the sword clan.

Even in the hell world, many strong people who admire reincarnation also come uninvited to guard Ye Chen and chop the flail.

If it weren't for ye Chen, the hell world might still look like a sea of corpses, and it couldn't have today's vitality at all.

Therefore, in the hell world, there are many martial artists who admire reincarnation, and they are willing to contribute..

The arrival of many powerful people made the whole forbidden area lively and full of atmosphere.

Finally, even Ji Siqing, Wei Ying and others, regardless of Ye Chen's once dissuasion, brought a group of strong people from Beimang ancestral land to help fight, and wanted to live and die with Ye Chen!

Everyone knows that tomorrow's decisive battle is about the future of the hell world, and even the rise and fall of the Qi of the heavens.

Tomorrow is the day of the decisive battle. On the eve of the decisive battle, ye Chen, Ji Siqing and Wei Ying have fallen in love with each other, and they are completely obsessed.

In fact, it's not that he doesn't do his duty, but that he may die in tomorrow's decisive battle.

Tonight, it may be the last tenderness he can leave in his life.

.....

In the tense expectation of countless people,

Chapter 7862

At present, ye Chen still lacks the shackles of skull, eyes and heart.

He was absorbed and instantly captured the existence of skull shackles.

This shackle, right in the skull, imprisons the potential of the spirit. If it is cut off, the spirit energy will completely explode. From then on, the mind is eye-catching, the Lingtai is clear, and the benefits are endless.

According to Ye Chen, at present, there is only one person in the world who can cut off the shackles of the skull, Ren extraordinary.

Even the goddess of heaven has only opened the door to life and death, and has not been able to break through the shackles of the skull.

This skull shackle, on the way to cut the shackle, if you are a little careless, your skull will be broken. That is the end of death, which is extremely dangerous.

Ye Chen took a deep breath and wished that many magic weapons, such as Tianxing, rentu holy cup, seven heavenly swords, huangquan map, and so on, would linger around him and be well protected.

Then, with the help of the energy of the shapeless Tianyuan array, ye Chen ran his aura around him and fiercely attacked the skull shackles.

"Break it!"

Ye Chen drank softly in his heart, and his aura hit his skull violently. His skull was in a burst of severe pain, as if it was about to burst.

However, ye Chen did not give up, but still worked hard and fiercely.

Around the square, forbidden four old men, Wei Ying, Ji Siqing, shanrou, mu Yinxi, Huan Meixin's mother and daughter, as well as Xiao Huang, night endless, Zha Tianmo emperor, and many strong people from all directions, looked at Ye Chen with great tension.

They heard a bitter sound, which was Ye Chen's skull, clicking, as if it was about to explode at any time.

The whole room was silent, and everyone held their breath and stared at Ye Chen..

In the silent field, the sound made by Ye Chen's skull was particularly harsh and terrifying. Everyone was afraid. They were afraid that ye Chen's skull would rush out in the next moment.

Compared with Ye Chen, who attracted the attention of the public, under a big tree not far from the square, a figure seemed much more lonely.

That is the figure of Guichen.

Guichen is also kneeling and flailing. No one knows that he is actually the incarnation of heaven's goodness, and no one pays attention to his existence.

WOW!

Suddenly, on top of Ye Chen's head, a vigorous golden fairy glow rose into the sky.

The golden fairy haze converged into a column of light, running through the sky.

In the light column, a blood dragon opened its teeth and claws, roared and soared.

"Did the breakthrough succeed?"

"The shackles of the skull seem to have been cut off!"

The people present were shocked and amazed when they saw the fairy glow rising above Ye Chen's head.

At this moment, they felt the majestic metempsychosis. In the light column, there were ancient reincarnation runes floating everywhere. Many people saw this scene and knelt down on the spot, worshipped and kowtowed.

"It seems to be going well. The skull yoke was cut off so quickly."

In the sky, Ren Feifan stared at the light column that ran through the sky, his eyes narrowed slightly, and he also sighed.

Back then, in order to cut off the shackles of the skull, he paid a great price and was very dangerous.

But at this moment, ye Chen is as powerful as a bamboo, cutting off the bone yoke!

"I hope the breakthrough of the shackles of the heart will be so smooth later."

Ye evil god touched his beard and stared at Ye Chen below, with a trace of relief in his eyes.

Ye Chen in the array also felt his sense of the sea. It was cool and clear, and the shackles of his skull were cut off. He seemed to have opened the heaven's orifices. All the fates between heaven and earth, all kinds of causes and consequences, were vividly remembered.

The shackles of the skull were broken, the spirit was not imprisoned, and even the blood of the body became vigorous. The blood dragon also got benefits. At this time, he opened his teeth and claws in mid air, and the Dragon sang and cheered.

The warriors of forbidden city also cheered like a tsunami.

"Dou Zi Jue, it's broken!"

However, when everyone was cheering, an old deep cry exploded from the sky.

I saw a crystal awn full of fighting and killing breath, which was extremely fierce. It came from a distance and hit Ye Chen's golden column of light that ran through the sky.

Woo woo

The golden light column was suddenly dispersed under the impact of the Dousha crystal awn.

"Hahaha, how can the great day of reincarnation and flail cutting be less than us?"

In the distant sky, powerful and magnificent breath, roared like covering the world.

The first person is the ancient emperor Yu Huang!

Behind the ancient emperor Yu Huang, there are three people: Demon Zu Wutian, Emperor Shi Tian, and phantom emperor Tian. In addition, there is a corpse like figure, whose face is covered with blue and white corpses, who is the king of the world, Yanluo Daojun.

At the moment, the king of the world is still the puppet of emperor Shi Tian.

The strength of the king of the realm, however, reached the later stage of immeasurable realm, and was extremely strong. He separated from the ancient emperor Yu Huang, the emperor Mo Zu Wu Tian, and the magic emperor Tian and others, standing together, was not inferior at all.

However, because he has been eroded by the demon for too long, he is now almost a dead body.

The heart demon puppet cannot be used forever. Every time it is used, it will be seriously worn out.

Emperor Shi Tian glanced at the king of the world and thought that when the war ended today, the king of the world should also be completely destroyed.

But he doesn't care, as long as he can stop Ye Chen from cutting the flail.

Ren Feifan, Ye Yishen, the four elders of forbidden heaven, as well as many strong people present, all changed their colors when they saw the arrival of the ancient emperor Yu and the demon ancestor Wutian.

Although many strong people have been prepared for it, they are still terrified by the strong oppression of the ancient emperor Yu Huang and the demon ancestor Wutian.

Ren Feifan exchanged eyes with Ye Yishen, and they could see that whether it was the ancient emperor of the feather emperor or the demon ancestor Wutian, they were just a separate body, but since they dared to commit a large-scale attack, they must have terrible backhand.

Chapter 7863

"Emperor Yu, since you know reincarnation and flail cutting, why don't you come to watch the ceremony in person? It's just a separation, which is too impolite!"

Ren Feifan drew out his long sword and suddenly cut the ancient emperor across the air, and the sword of Xi Huang thunder rolled and burst.

"Hahaha, I want to sit in the heaven. How can I come down easily? I'm just a part of myself. I can't beat you, but it's enough to stop reincarnation and flail!"

The feather emperor looked up to the sky and laughed, turning sideways to avoid Ren Feifan's sword.

Ren extraordinary's sword flashed past the ancient emperor Yu Huang and continued to behead the king in the rear.

In the puppet state, the king of the world roared like a zombie, but he waved his palm full of blood marks and body spots, and forcibly crushed Ren extraordinary sword.

Ren Feifan snorted. He just wanted to make another sword before he used all his strength, but at this time, he suddenly felt his heart beating, a burst of confusion, and hurriedly withdrew his sword to keep his mind.

"This demon tumor is really annoying!"

Ren extraordinary stared at emperor Shitian. It turned out that emperor Shitian had just launched a heart demon attack and wanted to attack him secretly.

Fortunately, Ren Feifan reacted very quickly and didn't get caught. He just wanted to be on guard against emperor Shi Tian, so he couldn't fight with all his heart.

He hated emperor Shitian in his heart, and there was only one thought in his mind:

Today, either emperor Shi Tian died, or he and ye Chen died, there is no room for maneuver!

This heart demon cancer must be eradicated today, otherwise it will be too annoying.

Emperor Shi Tian shrank behind the ancient emperor Yu Huang and the demon ancestor Wutian, but there was no direct confrontation with Ren Feifan.

Because he knows that he is not qualified!

He only used his demons to harass him constantly, and didn't give Ren Feifan and others the opportunity to do their best.

"Ren Feifan, even if I fight my old alliance people and 500 million jade pieces today, I will stop reincarnation and chop the flail. I want to see how far you, a protector of Taoism, can guard!"

The demon ancestor Wutian took a step, waved his palm, and the gate of eternal life emerged from the sky.

Boom!

Then the door of eternal life opened, connecting the distant dark forbidden sea.

A burst of shouting, crazy burst..

I saw the strong ones of the old League, led by many star and beast Dharma protectors, rushing out of the gate of eternal life, with a continuous number of people, I don't know how many million people.

Magic ancestor Wutian didn't immediately launch jade shattering, but he mobilized most of the elite of the old alliance to fight to the death.

"Kill! Kill! Kill!"

The roaring cry resounded through the sky.

After the strong of the old alliance rushed out, another group of strong men wearing armor and holding swords and halberds rushed out, shouting, but they were all under the command of the wanxu temple, the hall of the owl king!

"Lord of reincarnation, my eyes have been destroyed by you. It's time for revenge today!"

In front of the strong man in the Xiaowang hall is a calm and vicissitudes of armor old man, his eyes wrapped in white cloth, who is the leader of the Xiaowang hall, Xuantian Xiao, the ancestor of the Xuanjia family!

Today, the wanxu temple and the old alliance jointly fight against reincarnation, so the Xiaowang temple also joined the battle.

Xuantianxiao led the army, and the strong men of the old alliance, roared down, and the goal was directed at Ye Chen!

A steady stream of strong people come out of the gate of eternal life, covering the sky and the earth, blocking out the sun, for fear of millions of people.

"Protect the Lord of reincarnation!"

The four elders of forbidden heaven stopped drinking in unison and immediately led their men to guard Ye Chen.

Xuantian Xiao laughed, carrying a long halberd, and many star beast leaders of the old alliance, killed them below.

Ren Feifan and ye Yishen wanted to stop it, but at this time, the ancient emperor Yu Huang, the demon ancestor Wutian and others had been killed.

"Ren Feifan, your opponent is us!"

The ancient emperor Yu Huang sneered, and with the devil Zu Wutian, one left and one right, they attacked and killed Ren Feifan.

They are all separated. Even if the two are united, they are not any extraordinary enemy.

However, they did not intend to fight a decisive battle at all, but constantly harassed and attacked, dragging Ren Feifan down and preventing him from leaving.

"Damn it!"

Ren Feifan's face was angry, and the battle experience of the ancient emperor Yu Huang and the demon ancestor Wutian was very rich. If they insisted on delaying, it would be difficult for Ren Feifan to leave in a short time.

Without his protection, the battle below is naturally extremely dangerous.

Xuantian Xiao laughed wildly, took people to kill and fell down, and fought with the warriors of Forbidden City. Suddenly, blood splashed, screamed repeatedly, and I don't know how many people were killed.

The fourth old man of forbidden heaven was shocked and wanted to jointly kill Xuantian owl, but there were two figures shooting out of the oblique stab, which were the Eternal Lord and the principle of heaven.

These two strong men were very low-key, not as loud as Xuantian Xiao. They didn't rush out until the critical moment of the battle.

The decisive battle between the forbidden four elders and Xuantian Xiao, the immortal Lord and Tianli was also inseparable for a time.

In the sky, the magic emperor and the king of the world kill ye evil god together.

Facing the attack of the two strong men, ye Yishen immediately felt great pressure.

Fortunately, at this time, the magic home's land supreme magic fox charm also flew into the sky and fought side by side with ye evil god, which greatly reduced his pressure.

"Magic fox charm, are you betraying my magic home?"

Huan Huangtian's face sank.

"You are the Betrayer, and the Lord of reincarnation is the real savior of my fantasy home!"

Magic fox charm is not nonsense. He dances his sword repeatedly and stabs at the magic emperor quickly.

Huan Huangtian snorted and raised his sword to fight, and the two fought together.

Ye evil god only deals with the king of the world, which is naturally much easier.

The sky and the earth were full of scuffles, with blood and limbs flying everywhere, and screams sounded.

Bodies fell down and were trampled into mud.

In this fierce battle, Emperor Shitian carried his hands and floated to the distance to watch the war silently, without rashly starting.

"Fighting and killing is the time when the demons are strongest."

Emperor Shitian looked at the battle of countless people and felt thoughtful. He felt that he was about to reach the ninth floor of the demon. As long as he poked a layer of window paper in front of him, the top of the demon was in front of him.

Ye Chen, at the center of the battle vortex, has not been affected for the time being under the protection of countless people around.

He sat silently, and after the skull shackles were cut off, it was the shackles that began to impact his eyes.

He knew that there were countless people around him who sacrificed their lives to protect him.

Hearing the countless cries around, and sometimes some blood splashing on his face, ye Chen's state of mind immediately touched.

"Don't be disturbed by the outside world. Just cut the flail."

Just when ye Chen's mood fluctuated, xuanhanyu's voice sounded in his ear.

"Xuan fairy!"

Ye Chen heard xuanhanyu's voice and was delighted. He had not seen the other party take the initiative for a long time.

"Don't get too excited. The most important thing is to be stable."

"Calm and concentrate, and start to attack the shackles of your eyes."

Xuan Hanyu said quietly.

Chapter 7864

Ye Chen made a "hum", which was to immediately restrain his mind and meditate to shock the shackles of his eyes.

People's eyes, imprisoned by shackles, can't really see the world of heaven and earth.

Only after the shackles of both eyes are cut off, people's eyes will really become clear and vast, and they can see all kinds of things that could not be seen before.

Ye Chen ran his aura and began to attack the shackles of his eyes.

Bang, bang, bang!

Ye Chen's ear seemed to hear bursts of dull impact sound.

However, the shackles of his eyes are still firm, without any shaking appearance.

"The shackles of the eyes are so strong that they are even stronger than those of the skull!"

Ye Chen was surprised, but he didn't expect that the shackles of his eyes were so difficult to cut.

"This is nature. Human eyes are easily blinded by all kinds of things. Over time, the shackles will accumulate deeper and deeper. If you want to cut off, you need to use extraordinary means."

Xuanhan jade way.

"What extraordinary means?"

Ye Chen hurriedly asked.

"If you use the waterstop sword and cut your eyes with a sword, you may be able to break through the shackles."

Xuanhan jade way.

"Water stop sword way, sword cutting eyes?"

Ye Chen's heart suddenly jumped. The lethality of waterstop Kendo was so fierce that he cut his eyes. Isn't this looking for death?

"This is the quickest way. If you have time, grind it slowly. Maybe you can break the shackles, but you don't have time."

Xuanhan jade way.

The battle outside is getting fiercer and fiercer. I don't know how many people have died, and the ancient emperor Yu Huang and the demon ancestor Wutian obviously have no use as a backhand.

There is not much time left for ye Chen. If you continue to delay, the situation will only deteriorate further.

"OK, spell it!"

Ye Chen gritted his teeth, stabilized his mind, and a wisp of aura turned into sword Qi. The breath of waterstop Kendo gradually diffused out.

The waterstop sword Qi was suspended in front of Ye Chen, and the breath became more and more intense.

With the help of Wu Xiang Tian Yuan array, ye Chen can more sensitively capture the breath of Wu Wu Wu time and space, and it is much easier to use waterstop kendo.

With the breath of waterstop sword gas, it continued to spread, and the surrounding fierce crowd also felt strange.

Their eyes, looking at Ye Chen, saw the sword in front of Ye Chen, and the weather became more and more surging, like a waterfall floating.

Many people were surprised, thinking that ye Chen should give up cutting flail and join the battle?

But at the next moment, a scene that shocked everyone appeared.

I saw that a touch of water stop sword gas, fiercely cut out, but not to any enemy, but to Ye Chen's own eyes!

At this moment, ye Chen had opened his eyes and looked directly at the sword Qi coming from Biao.

"Ye Chen, you are crazy!"

Not far away, Ji Siqing, who was in the fierce battle, saw that ye Chen actually cut off his eyes, and was immediately stunned.

Wei Ying, mu Yinxi, shanrou, Huan Meixin and other women were also extremely surprised and thought Ye Chen was crazy.

Ye Chen was stiff all over. Looking at the waterstop sword gas coming from Biao, he instinctively wanted to dodge, but he endured.

He believes in his own swordsmanship. He believes that this sword can cut off the shackles of his eyes without hurting his eyes.

Hiss!

The sword of waterstop finally cut on Ye Chen's eyes.

"Ah ah!"

Ye Chen only felt a sharp pain in his eyes, as if he had been blind, and the whole world suddenly fell into darkness. Stimulated by the sharp pain, he even couldn't help looking up and shouting.

That sharp pain, fierce, raging cry, shook the world, so that everyone's eyes looked at Ye Chen.

Ye Chen tumbled to the ground, holding his eyes with his hands, and his face was distorted by severe pain.

"Did you fail to cut the flail?"

Ren Feifan saw Ye Chen in such pain, and his heart suddenly thrilled.

"No! It worked!"

Ye evil god's voice is resolute and confident.

As soon as his words fell, ye Chen sat up again tremblingly, as if the pain had passed. He put down his hands and showed his eyes.

To everyone's surprise, ye Chen's eyes were not cut, and there was no blood flowing out.

Ye Chen's eyes are extremely clear and bright, which are countless times purer than the clearest spring and the brightest sky in the world.

Everyone looked into his eyes and felt calm inside, and there was a sense of satisfaction.

Even those who no longer understand martial arts know that ye Chen's eyes have no shackles and obstacles. In the world, no one's eyes are brighter and purer than ye Chen.

Because the shackles of his eyes have been cut off.

"Ye Chen, Congratulations, the shackles of your eyes are broken, and you can be completely perfect without the last shackle of your heart!"

Xuanhanyu also made a surprise and congratulatory sound.

Ye Chen was stunned, and he could feel the pain in his eyes. He was far away, and his sight became extremely clear. All the causes and effects between heaven and earth, sun, moon, mountains and rivers, leaves and ants, all the details, were vividly remembered.

"Is the yoke of my eyes finally broken?"

Ye Chen was in a daze. Waterstop Kendo worked, just cutting off the shackles of his eyes without hurting his eyes.

At this moment, ye Chen is already ninety-nine years old. He is short of the last shackle of the heart, and he can completely declare perfection!

Hiss! Hiss!

With Ye Chen's eyes shackled, two golden lights of reincarnation also shot from his eyes.

These two golden lights are so strong and dazzling that they are unimaginable, and contain the majestic dignity of reincarnation.

Wherever ye Chen's eyes see, the majesty of reincarnation comes.

Chapter 7865

Under the oppression of the magnificent reincarnation in his eyes, the people in the fierce battle, many strong men of the Xiaowang palace and the old alliance, dropped their weapons one after another, knelt down on the spot, and kowtowed to Ye Chen to show their submission.

Ninety nine shackles were cut off, and ye Chen's reincarnation blood released the potential, which was really terrible. As long as he had a look in his eyes, the martial arts under the emperor of heaven would immediately surrender, and he could not even have a little resistance.

Even the ordinary low-level emperor, under the reincarnation of Ye Chen, also wants to kneel down.

WOW——

In a flash, the owl palace and the strong of the old alliance knelt down together, and at least half of them all surrendered to Ye Chen.

They knelt down to meet Ye Chen, shivering, and repeatedly praised: "reincarnation is invincible, dominating the heavens, dominating the world, for thousands of generations!"

Above the sky, the feather emperor saw this scene and his face turned green.

"Damn it! This boy can actually cut off the shackles of his eyes!"

The feather emperor was extremely frightening. Ye Chen even cut off the shackles of his eyes. He was almost the last shackle of his heart. Once he broke through, it was really invincible.

Now just the shackles of his eyes are cut off, and the pressure of reincarnation is so strong that the junior emperor kneels down. If ye Chenxin's shackles are broken, who can stop him?

"Emperor Shitian, these people have all betrayed. Control them with demons! Hurry!"

The ancient emperor Yu Huang roared repeatedly. So many strong men turned their backs and knelt down to meet Ye Chen. He felt that his luck was declining.

When Emperor Shitian saw so many people defecting, his face sank, and his whole body burst into a plume of magic gas, in which thousands of shiny flying swords rushed up.

"Demon curse sword, suppress it!"

Emperor Shi Tian waved his hand, and the light of the heart demon flying sword was reflected. The strong people who had just knelt down in Ye Chen were affected, and were aroused by heart demons one after another. A burst of pain screamed, and they were going to become the puppets of emperor Shi Tian.

"Emperor Shitian, I'm going to kill you today!"

Ye Chen was so angry that he stood up from the ground and was about to rush to heaven and kill emperor Shitian with one palm.

At this time, his ninety-nine shackles were cut off, and his divine power was startling. It was enough to kill the emperor and release the sky.

Seeing this, Ren Feifan shouted, "no! Boy, you can safely cut the flail and leave the battle to us!"

Ye evil god also said in a deep voice, "yes, grandson, be relieved to cut off your flail, and don't be disturbed by foreign affairs."

Ye Chen's heart was cold, and he found that he was angry, and even his state of mind was disordered, which was greatly detrimental to the breakthrough of the shackles of the heart..

Ye Chen snorted, took a deep breath, and immediately calmed down his thoughts.

The most important thing is to cut off the yoke!

The strong men who had just surrendered to Ye Chen were shocked by the demon of emperor Shi Tian, and they all became puppets and re entered the battle.

If ye Chen wants to fight, Emperor Shi Tian cannot succeed so easily.

But now, obviously, is not the time to fight.

Ye Chen sat down cross legged again and began to attack the last shackle of the heart!

Ye Chen felt the shackles of the heart, and his spiritual thoughts were immediately pulled into a strange world.

That is his inner world.

Ye Chen's inner world is a vast universe.

At the center of the universe, a huge heart is beating in bursts, and its heartbeat is strong and powerful.

"Is this my heart?"

Ye Chen saw this huge heart, which was covered with chains and shackles, and was shocked.

He saw the heart again, with a little stone color. He thought it was the sequela of his practice of rock mind method.

"Cut off these shackles of the heart, and you will achieve perfection."

The figure of Xuan Hanyu appeared beside Ye Chen.

They were suspended in the void of the universe, looking at the huge and blazing heart in front of them. Even their faces were reflected red by the blood of the heart.

Ye Chen stared at his heart, and soon straightened out his mind.

The shackles of his eyes have been cut off, and his eyes naturally become extremely sharp. No matter how chaotic the scene is, it can be instantly distinguished.

"Waterstop Kendo, break it for me!"

Ye Chen drew out the reincarnation Heavenly Sword and cut forward with a sword.

Just now, waterstop Kendo can cut off the shackles of his eyes. Now ye Chen wants to repeat the old technique to cut off the shackles of his heart.

Zheng!

However, to Ye Chen's surprise, the iron chain on the heart just burst out a little spark, but it was not cut off.

On the contrary, ye Chen's heart was impacted by the sword Qi, and a burst of severe colic.

"Well..."

Ye Chen covered his heart, and his face twisted slightly.

"The shackles of the heart are so strong that even the waterstop sword cannot be cut off."

Xuan Hanyu said with a smile, "of course, how can the shackles of the heart be cut off so easily? It's impossible to use brute force. Try other methods."

Ye Chen said, "Xuanxian, teach me again."

Xuan Hanyu shook his head and said, "the shackles of the heart have never been cut off. How can I teach you? But I think if you hit with the boat of sin and use the evil spirit, you may be able to break through the iron chain of the heart."

Ye Chen was surprised, "the boat of sin?"

Xuan Hanyu said, "yes, the boat of sin is originally full of evil spirit. Since it can explode the spirit of the devil ancestor, it may also break the shackles of your heart."

Ye Chen frowned immediately. The boat of sin was a fragment of an artifact without artifact. It was so evil that even the Buddha of truth dared not board the boat.

With the boat of sin, hit the heart, God knows what the consequences will be.

However, even waterstop Kendo can't cut off the shackles of the heart. If you want to break through, maybe you really need another trick.

"Well, then try!"

Ye Chen gritted his teeth and immediately sacrificed the boat of sin.

Boom!

The dark, stern, evil boat with white skeletons appeared in the void of the universe, filled with all kinds of evil ghost gas, bursts of howling and crying burst, and the evil spirit was exciting and frightening.

Ye Chen waved his big hand, and the boat of sin roared towards his heart, and finally slammed into his heart with a bang.

This impact made Ye Chen feel stuffy and almost spit blood.

On the boat of sin, many evil spirits roared, madly eroding Ye Chen's heart.

Under the erosion of evil spirit, many desires and sins in Ye Chen's heart were also led out, as if he had been possessed by a demon.

He saw his countless boiling desires, heaven and earth, the world, power, struggle, cultivation, women, countless desires, filled his heart.

It is because of these desires and beliefs that he can fight until today.

That many desires, according to the secular moral and ethical concepts, are certainly not perfect.

However, ye Chen calmly watched. Although it was the desire in his heart, he could be an onlooker, and his heart was ancient.

Chapter 7866

He has been able to face his heart directly, and will not have any obsession. He can face up to all desires and all successes and failures.

Xuan Hanyu looked at Ye Chen with some surprise and shock. At the moment, ye Chen, although attacked by countless evil spirits, was not affected, and his state of mind was still stable.

Under the impact of the boat of sin, ye Chen's heart had several chains, which fell down, turned into ashes, and was completely broken.

"It worked!"

Ye Chen's heart a joy, is to continue to urge the boat of sin, hit the heart.

Bang, bang, bang!

Each impact brought Ye Chen great pain, but he gritted his teeth and supported him, and did not shrink back.

The most difficult shackle of the heart, now he sees the hope of breakthrough, and naturally he will not give up.

With the breaking of Ye Chen's shackles of the heart, the flail cutting atmosphere outside is also intense to an alarming degree.

In the sky, ye Chen's inner world is projected.

That huge heart, full of chains and shackles, shocked everyone.

What's more shocking is that ye Chen, desperate, hit his heart with the boat of sin, the legendary artifact, as if he didn't want to die.

Everyone can feel that ye Chen's strong desire and belief is to clean up all evil and heresy and establish the belief of reincarnation order.

Under the impact of this belief, even the ancient emperor Yu Huang and the demon ancestor Wutian were thrilling.

"The shackles of this boy's heart are about to break through!"

The feather emperor roared repeatedly, as if he felt the end was coming..

Mo Zu Wutian was also shameless. He knew better than the ancient emperor that once the shackles of the heart were broken, what it meant.

If the shackles of reincarnation are cut off, no one can stop Ye Chen's rise.

The ancient emperor Yu Huang is high in the sky. It is not easy for ye Chen to shake his foundation.

However, the territory of the old alliance of the devil ancestor is in the dark forbidden sea, and ye Chen is within reach.

Once Ye Chen rises, I'm afraid

Chapter 7867

All the people in the audience were shocked by the terrible move of demon Zu Wutian. They stopped fighting and looked up at the black hole vortex suspended in the sky.

Ren Feifan and ye Yishen, who were also extremely frightening, raised their swords one after another and assassinated the demon ancestor Wutian.

He must be stopped!

Five hundred million jade pieces, such a terrible weather, even if it can't kill Ye Chen, it is enough to break through the shackles of his heart.

"Demon Zu Wutian, you are so desperate, I can't be too stingy."

The ancient emperor of feather pulled at the corners of his mouth. Seeing Ren Feifan and ye Yishen, he wanted to stop them, so he flew out, full of Qi and blood, and planned to explode this separation and force Ren Feifan and them back.

This avatar is forged from the legendary staff. If you can, the ancient feather emperor certainly doesn't want to detonate it.

But at this juncture, it's the only way.

Just when the ancient emperor Yu Huang wanted to explode, Ren Feifan and ye Yishen suddenly seemed to have hit a ghost, and quickly retreated. Their faces were all with a shaking color, and there was a continuous strange black gas rising on their bodies, which was a sign of the attack of heart demons!

"Demon?"

The feather emperor was stunned, and then looked at the emperor Shi Tian suspended in the distance, and then he was stunned.

At this moment, Emperor Shi Tian was full of magic gas, which was constantly churning, evolving all kinds of terrible, strange, evil and disillusioned scenes in the world, dead bodies, bones, knife mountains, seas of fire, Shura, rotten flesh and blood, constantly bubbling pus, in which there were countless gold and silver jewelry, natural materials and gems, and strange scenes of beautiful women emerged.

It seems that all the desires and sins in the world are constantly evolving and floating around the body of emperor Shitian.

Emperor Shi Tian's body, constantly rising, constantly becoming majestic and powerful.

In a short moment, his body turned into a ten thousand feet high!

Everyone present could clearly see his demon body.

That is the incomparably towering demon body!

When seeing the body of emperor Shitian, everyone had a feeling that the demon in his heart was about to burst out..

Ren Feifan and ye Yishen retreated together, which was the demon of the emperor!

"Emperor Shi Tian, have you... Your demon finally reached the peak?"

The ancient emperor Yu Huang looked up at the demon body of emperor Shi Tian Wei'an, his face changed, and secretly tried to urge the prohibition, but found that it had no effect.

He had previously left a prohibition in the emperor's celestial body, which could control the other party and annihilate it in a single thought.

But now, this prohibition has disappeared, and even no trace has ever existed.

There is no doubt that emperor Shi Tian's heart demon cultivation finally reached the peak!

After reaching the peak, even the prohibition left by the ancient emperor Yu Huang in his body dissipated.

Mo Zu Wutian looked at emperor Shitian and was also fascinated: "I didn't expect that you, a cancer, actually had a chance to climb the top. How did you do it?"

Emperor Shi Tian's face was silent, with a burst of ancient compassion, his eyes looked around the world, and finally fell on Ye Chen.

"My demons can break through. I really want to thank the Lord of reincarnation."

"If he hadn't inspired me, I wouldn't have the chance to reach the top."

Emperor Shi Tian sighed leisurely.

Just now, everyone was fighting and paying attention to the jade fragments of the demon ancestor Wutian, but no one paid attention to the emperor Shitian.

Emperor Shi Tian always stared at Ye Chen. When he saw Ye Chen hitting his heart with the boat of sin, he was deeply shocked.

"The Lord of reincarnation bumps into his own heart, which is an act of great spirit."

"I want to climb to the top, and maybe I can try."

Emperor Shi Tianxin thought that he was bent on establishing the Republic, which was actually a demon.

After seeing ye Chen's behavior, he also imitated Ye Chen, judged his heart and looked directly at his demons.

Judging yourself is undoubtedly extremely painful.

Moreover, it's even more painful to admit your mistakes.

Emperor Shi Tian judged himself. Seeing everything in the past, he also felt that he wanted to launch the trial of demons and establish an ideal country in the past. This idea was indeed extreme.

"May I be wrong?"

Emperor Shi Tian had such an idea in his heart, and then fell into greater pain.

In the endless pain, he was finally relieved.

"I have paid too much. Even if it is the wrong way, only by sticking to it, can my path of cultivation be valuable and have the opportunity to prove the truth."

"Moreover, the Republic has not been established. Who can tell whether it is right or wrong?"

After the emperor released his mind, he felt that all the fog in his state of mind was cleared.

He finally pierced the last layer of window paper and finally succeeded in reaching the top of the demon!

At this moment, he was as powerful as a devil, as if he were the king of the world.

"I can't imagine that this clown can really reach the top. He must kill him immediately while his foundation is not stable!"

Ren Feifan's eyes flashed a murderous breath, took a deep breath, suppressed his demons, and then prepared to kill emperor Shitian at any cost.

The demon of emperor Shi Tian has just broken through, and the foundation is not yet stable. There is still a chance to kill him.

If he has a solid foundation, it will be too late.

At that time, let alone kill him, even Ren Feifan may be eroded by the demon.

"Brother Ren, don't be impulsive and save the clown's life. I've seen the future. Reincarnation and flail cutting also need the help of demons."

Ye evil god held Ren Feifan and sighed.

Ren Feifan frowned. Yesterday, he heard Ye Yishen say that even if the emperor Shitian reached the top, don't kill him.

But now, Emperor Shi Tian is rampant. How can Ren Feifan be indifferent?

Ye evil god laughed and said, "brother Ren, believe me once, Emperor Shi Tian can't live today. When the reincarnation shackles are cut off, it will be his death!"

Ren Feifan was silent for a while and had to nod.

In fact, now, even if he wants to refute ye evil god, there is no way.

Because the demon breath of emperor Shitian's heart is becoming more and more violent, and it has reached the point where Ren Feifan is afraid.

He and ye Yishen quickly retreated and deployed a guard array to barely resist the impact of the demon, but they could not fight again for the time being.

Fortunately, under the influence of demons, the ancient emperor Yu Huang and the magic emperor did not dare to move rashly, and they were all guarding their minds with all their strength, lest they be taken advantage of by the emperor Shi Tian.

Obviously, the demon of emperor Shi Tian's heart is not divided among people, enveloping everyone.

"Lord of reincarnation, my demon is at the top,

Chapter 7868

The weather of earth water and fire wind suddenly burst in the field, and the demon torrent of emperor Shi Tian was immediately broken by the forbidden four old men.

However, the flying sword in the torrent of demons was clear and bright, reflecting the faces of the four old men in the forbidden sky and their demons.

Their demons show the shadows of Wu Zu, iron throne, ye Chen, and monsters with no time and space.

Then those shadows, constantly crisscross, collide, impact, smash.

Qi Qi, the fourth elder of the forbidden sky, uttered a scream, and his body emitted a very strong black gas full of sin and fear.

Those black gases are the manifestation of their demons.

The dark spirit of demons, like the tentacles of ancient demons, entangled the forbidden four old men.

Emperor Shi Tian was high on the ground, his palm was empty, and with a bang, the fourth old man of forbidden sky was hanged by his demon, and turned into pieces of flesh and blood on the ground.

The fourth old man of forbidden sky, who are masters of limitless realm, has guarded the forbidden sky area for many years.

But now, under the demon of emperor Shitian, they were killed face to face!

It was their demons who killed them!

They all have great obsession in their hearts.

The fighting between Wu Zu, ye Chen and the Iron Throne made it impossible for the forbidden four old men to put down.

There are monsters without time and space, and those nameless existence make them feel afraid in the bottom of their hearts.

These obsessions and fears have finally become the demons who strangle them!

"Elder!"

Mu Yinxi, the goddess of Forbidden City, saw that forbidden four old men were hanged, and cried out in panic and despair, shedding tears..

The demon's breath shrouded, and the kindness and softness nearby hurriedly pulled her back.

With her gentle kindness, she can barely resist the top demon, and will not be affected in a short time.

Ji Siqing, Wei Ying, Xiao Huang, ye Wuwei and others also saw the supreme goodness of kindness and softness, and hurried to cling to her side, reluctantly avoiding the attack of demons, but obviously they couldn't last too long.

Xuantian Xiao, Tianli, and the Lord of eternal life saw that the emperor's mind demon means to release heaven was so powerful, and they were frightened and retreated one after another.

"Damn it! That guy actually climbed to the top of the devil, and it's going to be over."

Xuantian Xiao even clenched his teeth and cursed. Emperor Shitian reached the top at this moment, regardless of the enemy and me.

Whether it is the strong of the Forbidden City, the strong of the Xiaowang palace and the old League, everyone is possessed by demons under the shadow of the spirit of demons, throwing away their weapons, sitting on the ground, struggling to resist the demons, and his face and facial features are distorted.

Many people with a slightly worse disposition were killed by the demon on the spot and turned into a rain of blood and ashes.

The emperor's method of releasing heaven is extremely brutal. He doesn't turn people into puppets, but directly kills them.

He is now at the top, and his killing thoughts are extremely strong.

"When I kill the Lord of reincarnation and devour his Qi and blood, I will judge the world!"

Emperor Shitian thought like this in his heart, and his eyes were also extremely crazy.

He has never forgotten the long cherished wish that demons judge the world.

It's just that the world is too big. Even if he ascends to the top, he is not sure of the whole trial.

Only by relying on reincarnation can it be possible.

Reincarnation blood is the supreme of the heavens and the existence that can really override everything!

With a wave of his hand, Emperor Shi Tian killed thousands of demon flying swords into Ye Chen's inner world.

Ye Chen can also see changes in the outside world in his inner world.

He saw that emperor Shi Tian reached the top, hanged the four elders of forbidden heaven, and even wanted to judge the world. He was very angry immediately.

"Emperor Shitian, if you want to judge me, you are not qualified!"

Ye Chen roared angrily, and with a step in the void, a vast sky suddenly emerged from his head.

That is the vast sky of reincarnation holy soul sky!

The reincarnation of the holy soul heaven unfolds, ye Chen crowns the heavens, and the mighty spirit of dominating the world bursts forth endlessly.

Everyone outside can feel Ye Chen's vast reincarnation soul force, which is a terrible existence that can crush the world.

The feather emperor felt Ye Chen's surging soul power, and was also a thrill: "what! This boy actually gathered the reincarnation holy soul heaven! The spirit was so strong!"

Reincarnation holy soul day, that is a super magic weapon that once surpassed the tablet of the God of the emperor of heaven.

The aura protection of the tablet of the emperor of heaven can allow the Ren family to cultivate such peerless talents as Ren extraordinary and Ren tiannv.

And the reincarnation of the holy soul, the divine power will surpass the God tablet of the heavenly king, which is incredibly powerful.

The ancient emperor Yu Huang can even be sure that if in the same realm, simply compare the soul power, there is no opponent of Ye Chen in the world.

If the spirits collide, his spirits will be crushed by Ye Chen!

In terms of spirit power, ye Chen is truly unique in the world, the heavens are supreme, and the world is invincible!

The heart demon flying sword of emperor Shi Tian and the evil spirit of countless heart demons are rampant in Ye Chen's inner world.

However, at the moment, ye Chen's momentum was overwhelming, and he launched the reincarnation holy soul day. All kinds of demons and evil spirits could not hurt him at all.

He was like an invincible God of war. No matter how powerful the external demons were, they could not shake his body.

This invincible momentum directly shocked everyone in the audience. Everyone was completely shocked, worshipped, thrilled, and couldn't believe their eyes.

The emperor released the demon of heaven, and how great it was to reach the top. Even the immeasurable strong man like the fourth old man of heaven was hanged by him in a moment.

But ye Chen, facing his demons, was not afraid at all and was not shaken at all.

"This... How is this possible!"

Emperor Shi Tian was stunned. He had reached the top of his demons. Even if the emperor stood in front of him, he was 70% sure that he could hook up each other's demons and let them die of madness.

Chapter 7869

Now, the re-election of Feifan and ye Yishen are avoiding him, which gives him a great satisfaction, as if they can trample on the heavens and the world under their feet.

But now, ye Chen's calm and invincible appearance seemed to slap him in the face of emperor Shitian.

He was completely confused.

His top demon, unexpectedly, did not hurt Ye Chen at all!

That reincarnation holy soul day, the weather burst out, and people who had just been tortured by demons immediately returned to normal.

The demon of emperor Shi Tian's heart was no longer rampant and was suppressed by Ye Chen.

"This... This..."

Emperor Shitian shivered all over and couldn't believe it.

"Hehe, Emperor Shi Tian, the demon in his heart is a heresy after all. You are not qualified to hurt the Lord of reincarnation."

Mo Zu Wu Tian smiled coldly and stepped out a step: "look at me! 500 million jade pieces, reincarnation will die today! His luck and blood should also belong to me!"

Magic ancestor Wutian's palm repeatedly pinched Jue, thousands of doors continued to open, and countless people under the command of the old alliance were sacrificed by him.

The black hole vortex in the sky has also completely turned into a blood red color, full of the smell of blood.

However, at this time, a scolding voice suddenly burst out: "demon ancestor Wutian, if you want to hurt the Lord of reincarnation, you are not qualified!"

The divine light in the sky was in full bloom, and the wishing fairy pool emerged. A beautiful and graceful figure came down from the fairy pool. It was Ren tiannv!

Ren tiannv waved and made a wish. In the fairy pool, a volume of Stone Ancient Books rose.

That volume of ancient books, completely forged with stone, is the legendary book of the emperor of the earth!

The book of the emperor of the earth unfolded. Countless pages on it were blank, but there was half a page in the middle, on which ancient and esoteric words emerged.

"The book of the emperor of the earth! Heavenly daughter, when did you get the book of the emperor of the earth?"

Mo Zu Wutian was shocked and couldn't believe his eyes.

The book of the emperor of the earth, which is one of the three emperors' treasures, is complete without artifact!

Moreover, at this moment, Ren tiannv, although not able to fully mobilize the power of the emperor's book, has been able to manifest half a page of paper, and obviously can also be slightly prompted..

No artifact, even if it is slightly urged, it is powerful!

"Hehe, thanks to the Lord of reincarnation, he is my lucky star."

Ren tiannv looked down at Ye Chen with beautiful eyes, with a trace of nostalgia and affection.

Ye Chen was cutting off his flail. He didn't listen to external affairs, but when he saw the heavenly daughter coming, his mood shook. He couldn't help but open his eyes and shouted, "elder heavenly daughter!"

Ren tiannv said, "call me sister!"

Ye Chen was stunned and replied, "yes, tiannv sister..."

At this moment, ye Chen felt a strong torment in his heart.

He knows that the heavenly daughter is the key to breaking his shackles!

In this world, what you can't get is the best.

Everything you can't get will become the shackles of the people.

Ye Chen once had an affair with Ren tiannv, and did everything, but didn't do the last step.

He never really had a heavenly daughter, and this suffering became a shackle.

It can only be said that the charm of tiannv is too great. Except for Ruoxue, Sun Yi, Ji Siqing, Wei Ying and other women, other ordinary women are impossible to shake Ye Chen's mood.

But it happened that the goddess of heaven appeared, and ye Chen even temporarily stopped cutting flail. The love entangled in his fingers was also a burst of provocation, which made his heart itch badly.

The heavenly daughter looked at the demon ancestor Wutian and said, "Wutian, your body is really decaying too much."

"The ancient emperor Yu Huang wants to sit in heaven. The real body can't come easily. You can't use your real body. It's just a separate body. Are you qualified to fight with me?"

The voice of tiannv, with a sharp meaning, is like frost and snow.

Demon Zu Wutian's face suddenly sank, but he saw that the heavenly daughter urged the emperor's God book, and suddenly a thick essence like the earth burst out.

The thousands of doors summoned by the demon ancestor Wutian were destroyed and crushed in an instant.

His 500 million JADE Act was also suddenly terminated.

There were not 500 million people who finally sacrificed, but only about 100 million.

One hundred million jade pieces can't stop the sharp edge of the heavenly daughter, but her real body has come!

"Feather emperor, where's your backhand?"

Magic ancestor Wutian quickly retreated and came to the ancient emperor Yu Huang.

The feather emperor saw the appearance of the goddess of heaven, smiled and said, "goddess, I didn't expect you to actually come. You left your ice Phoenix world, aren't you afraid of being offended by foreign enemies? Now it's very messy."

Ren tiannv said, "I don't need you to worry about my affairs."

The feather emperor laughed and said, "very good, very good, then I'll play with you today. I can't beat you with a separate body, of course, but you can't take any advantage of me!"

The voice fell, and the feather emperor waved his palm, and the void cracked, and a space tunnel appeared.

Then, there were shackled, unkempt and scarred people who fell out of the space tunnel. They were all members of the Taishang Ye family.

These ye family members have many strong accomplishments, and even some heavenly kings.

In the blink of an eye, thousands of Ye family people fell to the ground from the void.

Many members of the Ye family knelt down to kowtow to the emperor and shouted for mercy.

Ye Chen saw that among those ye family members, there was an old man with a special breath.

The old man, unlike other people who knelt down to beg for mercy, his eyes were dead gray and his expression was dull, like a rotten wood.

Ye Chen only glanced at it and knew that he was the ancestor of the supreme Ye family, ye Chunjun!

Therefore, the former feather emperor added the energy of the legendary staff and drained ye Chunjun's blood, so the latter looked extremely decadent and was about to die.

Ye Chen scanned the audience, but he didn't see ye Linyuan.

The goddess's face sank and said, "Emperor Yu, what do you want to do?"

The feather emperor laughed and said, "nothing. The Ye family colluded with the Lord of reincarnation, and their sins should be punished. I will kill them all today!"

The words fell, and the emperor suddenly stepped out, and the array word formula was launched, launching an array.

As soon as this array appeared, it was buzzing, which resonated with the blood of the Ye family.

"Teach me, forgive me, forgive me!"

A group of Ye family members were afraid to beg for mercy, but it didn't help.

The Jade Emperor launched the array, and many members of the Ye family, whose bodies were smashed with blood, were sacrificed on the spot and turned into primitive flesh and blood essence energy, which was gathered into the array of the Jade Emperor.

Also, the Qi accumulated by the Ye family for many years was sacrificed by the ancient emperor Yu Huang, and gradually turned into a red crazy knife, like drinking blood.

Ye Chen saw that many members of the Ye family were sacrificed one after another, and his heart was also shocked.

Although these people are not directly related to his life, after all, they are related to his cause and effect. Now that they die alive in front of him, he is naturally touched.

Chapter 7870

In the blink of an eye, thousands of members of the Ye family were sacrificed by the ancient emperor Yu Huang, leaving only the ancestor ye Chunjun still alive.

The feather emperor specially left ye Chunjun in the end, asking him to see the Ye family die with his own eyes and torture him a lot.

Unfortunately, ye Chunjun's eyes were withered and exhausted, and there was no wave. He seemed to be dead.

This made the ancient emperor Yu Huang very disappointed. He snorted, and the array worked, so he was ready to sacrifice ye Chunjun as well.

But at this time, the sky turned into blood, there were flames of war blowing up, iron and blood glaciers, and thousands of troops collided.

A cold figure, from the bloody sky, fell down like lightning, picked up ye Chunjun and escaped the capture and sacrifice of the ancient emperor Yu Huang.

"Ye Linyuan!"

Seeing the coming of that figure, ye Chen, the ancient emperor of feather and the goddess of heaven shouted at the same time.

That figure is Ye Linyuan.

The breath emitted by Ye Linyuan is cold and sharp, like the sword of cutting the sky.

He used to be very close to reincarnation. If it wasn't for the wrong things, the former Lord of reincarnation would be him.

In fact, the real master of the Ye family is not ye Chunjun, but ye Linyuan!

Ye Linyuan's cultivation is unfathomable. Everyone knows that he is even stronger than ye Chunjun.

But ye Linyuan was extremely low-key and taciturn, and few people knew his terrible edge.

But among the people present, the ancient emperor and the goddess of heaven all knew Ye Linyuan's strength..

Ye Linyuan held ye Chunjun in his arms. Seeing the latter's decaying appearance, he felt sad for a while.

He could have become the Lord of reincarnation, but because the feather emperor wanted to dig bones, he had to give it to Ye Chen.

At that time, the Jade Emperor actually wanted to dig Ye Linyuan's bones and did not allow the Ye family to change people without permission.

But in the end, it was ye Chunjun who fought hard to protect Ye Linyuan and avoided his bad luck.

Therefore, ye Chunjun is the only family member Ye Linyuan attaches importance to in this world!

Ye Linyuan glared at the ancient emperor Yu Huang and said, "the ancient emperor Yu Huang, sooner or later, I will cut you under the sword with my own hands!"

The ancient emperor Yu Huang laughed and said, "I'm waiting at any time. Ye Linyuan, you dare to come in person today. I caught the secret. When I return to heaven, you can't escape again."

"Although your strength is extremely strong, it will not be much easier to deal with you than to deal with the Lord of reincarnation, but you poisonous snake, I can't keep you anymore!"

Ye Linyuan snorted, carried ye Chunjun on his back, and turned away.

No one stopped him. After all, ye Linyuan just saved people and did not interfere in today's decisive battle between the two sides.

Moreover, ye Linyuan's strength is almost to the great perfection of the eight layers of immeasurable territory. He is the closest person to reincarnation except ye Chen. No one is sure that he can leave him unscathed.

Just when everyone thought that ye Linyuan was going to leave completely, but suddenly, he suddenly backhanded and stabbed back.

This sword is not fancy, very straightforward, and the hand is fast to the extreme. The blade of the sword sweeps through the air and sends out a sharp roar, which is beyond everyone's expectation.

This sword is to kill Ye Chen!

Ye Chen was shocked, but he didn't think that ye Linyuan was going to leave, but he suddenly turned back and stabbed him with a sword.

This sword is extremely ferocious, let alone Ye Chen is not prepared, even if he is prepared, he may not be able to stop it.

"No!"

Tiannv's face turned pale. She completely didn't expect Ye Linyuan to attack the killer. She didn't catch the slightest chance of killing in advance.

Ye Linyuan was simply a poisonous snake, completely hiding his thoughts. Everyone thought that he did not dare to attack Ye Chen in full view of the public, but it happened that he shot and still wanted to kill.

Ye Chen's pupils contracted, ready to pull out the emperor's holy knife and fight to the death.

But at this time, an old figure suddenly stopped in front of him.

That's his grandfather, ye Yishen!

Everyone did not expect that ye Linyuan would make a move, but ye Yishen, he has seen the future, and he must know.

Therefore, only he can react and resist Ye Linyuan's sword.

Ye evil god stretched out his palm and grabbed Ye Linyuan's sword edge.

Hiss!

Ye Linyuan's sword blade swept by violently, cutting his palm to blood.

The sharp sword also broke through the shackles of his palm, and finally stabbed him in the shoulder.

"Good swordsmanship."

Ye evil god grinned, his hands and shoulders were dripping with blood, but his expression remained unchanged, as if he had expected.

"Grandpa!"

Ye Chen exclaimed loudly, looking at Ye Linyuan angrily.

Ye Linyuan's face sank, missed the blow, and immediately left with ye Chunjun tearing the void like lightning, without even staying for a moment, extremely crisp.

"Grandson, I'm fine."

Ye evil god covered the shoulder wound, his facial features slightly twisted, but reluctantly made a relaxed expression.

Ye Linyuan's sword didn't kill him, but it also severely hit him. He has lost his combat effectiveness.

Tiannv also burst into a cold sweat, flew to Ye Chen, stroked his cheek and said, "are you okay? Let my sister have a look." Then he went to touch Ye Chen's body, but completely ignored ye evil god who was seriously injured next to him.

Ye Chen hurriedly said, "sister tiannv, I'm fine. My grandfather is injured and needs to be treated as soon as possible!"

Ye evil god waved his hand and said, "grandson, it doesn't matter. I can't die for the time being. You continue to cut the flail."

The goddess also held Ye Chen's hand and said, "it's important to cut the flail. I'll protect you."
