

## Physician 7881

### Chapter 7881

"Beimang Taihao."

Ye Chen looked at Xiao Huang again.

Xiao Huang jumped out and responded respectfully, "yes, master!"

Ye Chen said, "from now on, you are also the Dharma protector of my reincarnation, and I will make you the king of beasts."

Ye Chen's loud voice, rolling like thunder, fell, and there was a disaster on the spot on Xiao Huang's head, but it was melted away by Ye Chen.

Xiao Huang survived the robbery smoothly, and the golden light on his body burst out, which also broke out the majesty of the emperor of heaven, and officially owned the destiny of the superior.

Ren Feifan, ye Yishen, the demon emperor and others, as well as the martial artists in the audience, looked at Ye Chen with great horror.

At this moment, ye Chen actually canonized the emperor of heaven, and he really did it. This is simply incredible.

"Ji Siqing, I call you the emperor of rosefinch."

Ye Chen looked at Ji Siqing with a trace of softness.

Ji Siqing was shocked and stared at Ye Chen, but he didn't know what to say.

Seeing her disaster coming, ye Chen waved to dissolve it in an instant. Her breath soared, blooming a bright flame. The flame surged, converging into the weather of rosefinch, whistling up in the sky, which was magnificent.

At this moment, Ji Siqing also degenerated into a heavenly king.

Ye Chen is in charge of the supreme law of the world, as if to say who is the king of heaven, who can immediately rise to become the king of heaven..

"Wei Ying, I also call you the emperor of heaven. The legal name is juehan."

Ye Chen continued to be canonized, and Wei Ying was also canonized as the emperor of heaven.

This is definitely not an empty seal, but after ye Chen's words fell, Wei Ying went through the disaster and became the king of heaven.

Seeing ye Chen's insinuation and arbitrary conferment of the emperor of heaven, all martial artists were shocked beyond measure, kneeling on the ground and kowtowing to Ye Chen:

"Lord of reincarnation, I would like to follow you forever. Please canonize me as the king of heaven!"

"Lord of reincarnation, I also want to ask you for a gift!"

"Pray for reincarnation and blessing, and we are willing to follow it to the death!"

Everyone was convinced, frightened and admired Ye Chen, and made the most pious voice.

It's so brilliant, so powerful, and so incredible that even the ancient emperor Yu Huang can't achieve this.

Not to mention the ancient emperor, even ancient sages, such as the former Hongjun ancestors, Wu ancestors, Jianjia fairies, face washing fairies and other strong people, can't directly seal an ordinary person as the emperor of heaven, and let him have the personality and luck of the emperor of heaven, which is simply beyond imagination.

Ye Chen looked at the way everyone kowtowed and worshipped. He just smiled and didn't speak. He had his own majesty of the king who looked down on the world.

The power of reincarnation can indeed confer the emperor of heaven.

But now ye Chen, not everyone can be canonized.

Only those who have a close relationship with him and are inextricably linked with reincarnation can get the blessing of reincarnation and become the emperor of heaven.

Even if ye Chen wants to be canonized, it is impossible for ordinary people to do so.

After all, the emperor of heaven is the superior. Even in the Taishang world, he is the mainstay of existence.

A person who wants to become a king of heaven, I don't know how many years it takes, where is it so easy.

Unless ye Chen can ascend to the summit of reincarnation, he can promote creatures at will and turn them into heavenly kings.

Looking at the people who worship and admire below, ye Chen finally opened his mouth slightly and said:

"I testify that in reincarnation, all kinds of heaven, all kinds of things, that is, an mole ant, can become a king."

Everyone shouted, "reincarnation is invincible!" The voice is full of enthusiasm.

Ye Chen looked at the countless fanatical believers below, and his heart was also a little dreamy.

Today's flail cutting, he finally successfully cut off the flail, and even killed the emperor Shitian, severely damaged the throne spirit, and took charge of the Iron Throne.

Even ye Chen didn't expect such a strong record.

Ren Feifan and ye Yishen nodded with joy when they saw Ye Chen's magnificent momentum.

On this day, they finally saw the rise of reincarnation!

Ye Chen cut all his flail. No one can stop him. He will be able to preach the highest in the future!

Under the golden light of reincarnation, between heaven and earth is also vibrant. Originally, because of the war, it has become a Jedi forbidden area, and many flowers and plants have reappeared, full of green.

At the foot of Ye Chen, a grass swayed gently, and then turned into a human form.

It's Yunjin.

At first, in order to accept the holy cup of human slaughter, Xiao Cao Yunjin sacrificed.

At this moment, ye Chen finally took charge of the iron throne, and Yunjin also recovered.

"Brother Ye Chen..."

Yunjin after recovery, looking at Ye Chen's high appearance, was stunned and confused.

"Sister!"

Shanrou was surprised to see Yunjin recover, and the two sisters hugged each other.

"Congratulations, sisters are finally reunited."

Ye Chen smiled warmly. Seeing Yunjin and Shanrou reunited, her heart was also full of joy.

With such a smile, his terrifying majesty was dispelled.

Yunjin and Shanrou seemed to see that Ye Chen's brother came back in the past, and they all showed a surprise smile. Then they sat on Ye Chen's legs one by one, and said in unison, "thank you, brother Ye Chen!"

Ye Chen touched the two sisters' hair and smiled.

"Brother Ye Chen, can my sister and I follow you in the future? We are willing to be your little servant girl, serve you every day, help you shrug your shoulders, beat your back and warm your bed."

Yunjin hugged Ye Chen's arm, and her eyes bent into crescent moon.

She used to share hardships with Ye Chen, and she still wants to go down with Ye Chen in the future.

"Brother Ye Chen, I also want to follow you."

Gentle body, also close to Ye Chen, soft voice.

She used to be a demon girl in hell. If Ye Chen hadn't saved her, she would have been lost.

Ye Chen smiled. Now he cut all his flail. The ancient emperor Yu Huang was afraid to use all means to deal with him at all costs. In the future, his road would be very dangerous.

Yunjin and shanrou have suffered too much. Ye Chen doesn't want to involve them anymore. She is trying to find an excuse to decline, but she hears a trembling voice:

"Yunjin, gentle..."

Ye Chen looked down and saw an old man with unkempt hair and blood all over coming out. It was Yan luodaojun, the former king of the world.

The king of the world was once controlled by Emperor Shitian, but now emperor Shitian is dead, and he has also escaped from the bitter sea of demons. But he has been controlled for too long, and his breath has greatly decayed, and he is much older than before.

"Lord jiewang!"

Yun Jin and shanrou were surprised to see the world king's so miserable words, and hurriedly jumped down from ye Chen's thigh, and both lifted the world king up.

They were raised by the king of the world. In fact, they are equivalent to the daughter of the king of the world.

Ye Chen waved his hand, and a soft golden light covered the king of the world.

The king of the world was covered with blood and immediately washed away, and his breath and spirit also recovered a lot.

Ye Chen said, "shanrou, Yunjin, you can stay and take care of the elder king."

Chapter 7882

"Elder jiewang, congratulations on getting rid of the demons and suffering, and you can return to the throne of hell in the future."

The king of the world shivered all over and hurriedly knelt down to Ye Chen and said, "Lord of reincarnation, I am a fallen demon, and I am no longer worthy of being the king of the world of hell. You are the real king!"

"Moreover, I think our hell world has established the order of reincarnation. It's better to officially rename it reincarnation world."

"No, it should be called reincarnation!"

"Lord of reincarnation, you are the real heaven, the real king, the real master!"

"From now on, you are the reincarnation God!"

Ye Chen moved in his heart, smiled and said, "the title of reincarnation God is a little interesting."

Looking at the whole real world, only the world where the ancient emperor Yu Huang is located dares to call it heaven.

The realm of the feather emperor is at the top of the world, which is truly vast and magnificent. The ancient emperor of the feather emperor is the Lord of the realm of heaven.

If ye Chen claims to be the reincarnation God and even wants to establish the reincarnation heaven, it is to openly challenge the majesty of the ancient emperor Yu Huang.

"Well, from now on, this world will be called reincarnation, and I am God!"

Ye Chen clenched his fist, and his voice was like a thunderbolt, shocking thousands of directions.

"See reincarnation God!"

Yan luodaojun, the king of the world, knelt down with great respect.

All the martial artists around also knelt down and praised in unison: "see reincarnation God! Reincarnation is invincible to the heavens, which is powerful for thousands of years, and all living beings in the universe dare not obey!"

The vast voice, gathered together, with the will of reincarnation, is transmitted far away.

The will of reincarnation is felt in all heavens and all realms.

Everyone knows that ye Chen killed all the flail, killed the emperor and released heaven, took charge of the iron throne, mouthed heavenly constitutions, established the reincarnation heaven, rose against the sky, and is now known as the reincarnation God.

Even the injured Taishen in Taishen mountain, tianxuexin in Tiangong and others, also felt it.

At present, ye Chen's cultivation is only a layer of heaven in the hundred flail realm, but everyone knows that his strength can no longer be described in words..

Ye Chen estimated that his comprehensive combat power could kill the strong ones in the six or seven layers of the heaven in Tianxuan territory. If he used the bottom cards such as the human butcher holy cup, the iron throne, the wish star, and the boat of sin, his combat power would be stronger.

If you pull out the emperor's holy knife, it is incredibly powerful.

Of course, ye Chen will not easily use the artifact of the emperor's holy knife as a last resort.

If Wu Wuwu artifact is used too much, it will attract Wu Wuwu's attention. The so-called supreme will, the dead face, still makes Ye Chen remember deeply.

If he pulls out the knife again frequently, he may be locked by the supreme will!

If that dead face comes again, it will be troublesome.

This time, his grandfather will not come back from the future time and space to save him.

Because the passage of time and space will lead to changes in the timeline, causing all kinds of unpredictable consequences.

Besides, the dead face, which was beheaded once, must be on guard. If it comes again, it must block time and space.

Even if ye Chen's grandfather will save him across time and space, it is absolutely impossible.

Some opportunities can only be used once!

However, even without the emperor's holy knife, ye Chen can deal with ordinary strong enemies by relying on other treasures.

It is impossible to kill him as long as he is not a strong man in boundless territory.

As for the boundless realm, ye Chen doesn't have to worry too much when Ren Feifan is with his grandfather.

Now what he wants to do is become stronger!

Try every means to become stronger!

After cutting off all the flail, ye Chen's body seemed to be an empty large pool, which needed to be filled with resources.

"If you can get the treasure of the old lord, that's good."

Ye Chen thought in her heart.

There are countless treasures of the old lord, even the legendary tianwu Wolong Sutra.

Not to mention anything else, if you get the tianwu Wolong Sutra, ye Chen's page is complete, and the reincarnation blood will usher in a second outbreak!

Moreover, after getting the tianwu Wolong Sutra, the "god elephant avalanche tianbang" presented by Wu Zu to Ye Chen can also break out strongly!

The reincarnation of heaven was established, and the God's enthronement ceremony was simply held by Ye Chen. He didn't want to be too cumbersome.

Counting the gains and losses, I found that the pivot of hell collected in the king's palace of the world was missing, that is, the black coffin sealed with shanrou in the past, and I didn't know where it had gone.

The former jiewang hall was officially renamed reincarnation hall.

Ye Chen is the reincarnation God, the reincarnation king of heaven.

Ren Feifan and ye Yishen are the sect elders of the reincarnation temple.

Blood dragon, Xiao Huang, Xiao Hei, Wei Ying, Ji Siqing and others, as well as Yan luodaojun, Yunjin, shanrou, mu Yinxi and others, were all canonized as Dharma protectors.

The demon emperor covering the sky is the chief guest of the reincarnation temple, and is also protected by reincarnation.

Fantasy families, famine families, sword families, etc. sent gifts one after another.

Another news came from the illusionist family that the former Supreme illusionist emperor had fled in fear and disappeared, and all the people had returned.

Ye Chen also canonized magic Mei Xin and magic fox charm as their own Dharma protectors.

Today's flail cutting battle, ye Chen won a great victory and glorified forever.

However, he is not without losses.

In the whole reincarnation heaven, that is, the former hell world, there are many warriors who died because of him, with no bones left.

The former master of the Forbidden City, the four elders of Forbidden City, are all dead.

When ye Chen ascended the throne in glory and enjoyed all the glory, he did not forget those dead, erected a monument for them and remembered them.

In the reincarnation heaven, there is not much sad atmosphere, because everyone believes that sooner or later, ye Chen can preach the highest, he will climb to the top of reincarnation, and all dead people can recover, just like Yunjin.

Chapter 7883

Even if all the ceremonies were simplified, ye Chen was busy for two days before finally relaxing.

In his heart, Xia Ruoxue was always remembered. If his grandfather hadn't accurately told him that Xia Ruoxue was not in trouble for the time being, he might have rushed to the world too.

But even so, ye Chen's heart is still full of worries.

Xia Ruoxue fell into the dispute of Xingyue cult. He deduced the mystery of heaven, and even caught the murder of wanxu Temple behind his back. His heart was even more anxious.

Lin Xiaokong, one of the ten ancestors of wanxu, is in the Xingyue cult and wants to help another sect to suppress Xia Ruoxue.

Ye Chen just wants to go to the world as soon as possible and save Xia Ruoxue, so that she can tell her that she will cut off all the flail, and even take charge of the iron throne to achieve reincarnation in heaven.

"Lord of reincarnation, will you help me revive my daughter?"

Reincarnation tiandianhoushan, the old lord was very impatient, very anxious to urge.

He has urged countless times in these two days, but ye Chen has to be busy to establish the reincarnation heaven and ascend the throne of God, and there is no time to respond to him.

Now ye Chen is finally free, and the old lord urges him repeatedly.

"Sorry, sir, I'm the one who delayed."

Ye Chen apologized to the old lord and thought of reviving Wu Yao. It would be better to take Wu Yao to the world together and take care of him.

You know, Wu Yao is the Lord of mercy. If she recovers, it will also be a great help to Ye Chen.

After a pause, ye Chen looked at the old lord with some dignity and said, "elder, reviving your daughter needs to sacrifice you. Have you really made a decision?"

Collecting the eight heavenly swords, in fact, it is not Wu Yao who can recover, but the old lord!

The soul of the old lord was divided into eight parts and stored in the eight heavenly swords..

Now that the eight heavenly swords are gathered, his soul can be restored to integrity, and naturally can be recovered.

However, if Wu Yao wants to recover, he needs to sacrifice himself and consume all his spiritual essence in order to wake up Wu Yao.

The old lord said, "of course I'm ready! I can sacrifice everything for my daughter!"

"Anyway, my old body is useless even if it recovers."

"My daughter will inherit my will and let tianwuxianmen recover!"

The old lord and the demon ancestor Wutian are both people of the old times. Their luck in tianwu immortal sect has long been cut off by the feather emperor.

Therefore, they are doomed to decay.

Even if the old lord recovers, he will not live long.

Therefore, he would rather sacrifice himself than protect his daughter, so that Wu Yao has the hope of a heavy life.

Wu Yao has a special constitution and is a kind blood. As long as he successfully inherits his orthodoxy, he will rise against the sky.

Ye Chen looked at the eyes of the old lord and knew that he had made up his mind.

Ye Chen even believed that even if the old lord could live and not decay, he would sacrifice himself to let Wu Yao live again.

Because he is a father.

"Sky Sword recovery array, up!"

Ye Chen no longer talks nonsense, but directly sacrifices the eight heavenly swords, launches the array word formula, and sets up a recovery array.

Before that, ye Chen cut off his flail, and his grandfather arranged a shapeless Tianyuan array for him.

The array of non phase Tian Yuan came from non space and time, and even was founded by Ye Chen in the future. After ye Chen cut the flail, he also realized that array, and his array attainments were further improved.

Now he deployed the Tianjian recovery array, and the breath of the eight Tianjian was instantly and perfectly connected.

You know, these eight heavenly swords have experienced many vicissitudes in the past ages. Behind each sword, there are endless stories and Qi machines.

But now, after ye Chen array is deployed, all the eight heavenly swords, all of which have strange breath, are perfectly connected, without a little rejection.

The old idea was also amazing and joyful, and he felt admiration and admiration for ye Chen's almost sky defying array attainments.

Now, in addition to spiritual strength and cultivation, ye Chen's array attainments are also current

Chapter 7884

"Hahaha, hahaha!"

The spirit of the old lord recovered, and his breath soared to the Ninth level of immeasurable territory. He felt infinite power, gathered on himself, and his former lofty feelings seemed to have all returned.

With one hand, the void burst, and a cosmic world in the distant space and time exploded on his palm. Billions of stars inside were shattered and exploded, sending out a series of banging sounds.

"Hahaha!"

This powerful power of crushing the universe and sweeping all sentient beings made the old lord burst into laughter and elation.

"Feather emperor, you are dead, you are dead!"

In the eyes of the old lord, fierce fighting spirit and murderous spirit exploded.

With such strong strength restored, he only wants revenge in his heart, only to kill the ancient emperor Yu Huang and revenge!

However, this fighting spirit and murderous spirit only burned for a few breaths, and then completely extinguished.

The eyes of the old lord became gloomy again and sighed a long time.

He's just an old soul. He doesn't even have a body. He's not even as good as his junior brother.

He could feel that his cultivation breath was losing out at a terrible speed.

He was afraid that he would not be able to maintain his amazing accomplishments for long, and he wanted to revenge the emperor. It was a fool's dream.

There is only one way to maintain self-cultivation, that is to instill all his life's self-cultivation into his daughter Wu Yao!

Wu Yao, will inherit his cultivation and will and take revenge on wanxu!

"Lord of reincarnation, where is my daughter?"

The old lord's interest is waning, and he looks at Ye Chen bleakly.

Ye Chen didn't speak, but silently waved his hand to condense a cloud, which released Wu Yao.

Wu Yao lies in the clouds, and the girl's beautiful face makes her look as beautiful as a fairy.

"In terms of appearance, how does my Yao'er compare with Ren tiannv?"

The old lord stared at Wu Yao, his eyes full of his father's love, and suddenly asked Ye Chen again..

Ye Chen smiled and said, "each has its own beauty. Miss Wu Yao looks a little more pure."

The old lord laughed and said, "very good, very good. I think Ren tiannv will always die in the future. My Yao'er is the world

Chapter 7885

The old lord was going to die, but ye Chen reversed the law of life and death and forcibly helped him forge a body to make him live.

Although this body has no aura, the surviving old lord is just an ordinary person.

But anyway, he is a living man after all! He doesn't have to die!

The old lord and Wu Yao both stared at Ye Chen dumbly and were extremely shocked.

In the reincarnation heaven, ye Chen is the absolute master. He even has the ability to reverse the law of life and death!

The old Lord looked at his body in disbelief. It was a real body of flesh and blood, and there was no trace of loess at all.

"Father!"

Wu Yao came over and held the palm of the old lord.

The old lord trembled and knelt down to Ye Chen on the spot, saying, "Lord of reincarnation, thank you, thank you! Thank you for your kindness of creation!"

Wu Yao also knelt down respectfully and said, "brother Ye Chen, thank you for saving my father! I have been your most loyal believer all my life!"

Ye Chen hurriedly picked them up and said, "get up quickly, don't break me."

The old lord was full of tears and said, "Lord of reincarnation, the natural and earth treasures in my treasure, all kinds of collections, all belong to you! Just go and get them!"

Ye Chen moved in his heart and said, "elder, where is your treasure? I want tianwu Wolong Sutra."

The old master said, "only the predestined ones can really practice the tianwu Wolong Sutra. The Lord of reincarnation, you must be the predestined ones!"

"My treasure is in Taishang, a place called epic world."

Ye Chen said in surprise, "epic world?"

The old lord nodded and said, "it is the epic world, which is very obscure. It is the legendary fragment without artifact and the sealed place of the epic mirror."

"In those days, when I competed with the ruins, the world fell apart, but the epic world would not be affected at all. Even if it fell too high, the epic would survive forever."

"Because in the epic world, the mirror of epic is sealed. It is a fragment without artifact. It is very strong and not affected by the laws of reality."

"No one knows the whereabouts of the epic world except me."

The world is divided into thousands of boundaries. If there are no clear coordinates, it is difficult to find one of them..

Ye Chen hurriedly asked, "where is the epic world, and what are the coordinates? Please tell me!"

The old lord waved his hand and said, "even if you know the coordinates of the epic world, it is impossible to tear the void into it, because there is an artifact epic mirror sealed there, and the law is blocked, so it is extremely difficult to enter."

After a pause, he glanced at Wu Yao again and said to Ye Chen, "but don't worry, my daughter will take you there. She has inherited my orthodoxy and knows everything."

Wu Yao said in a crisp voice, "brother Ye Chen, don't worry, I will lead the way."

The old master said, "Yao'er, do you know?"

Wu Yao said, "father, I know that I have inherited your cultivation. There is a boundless realm of nine layers of heaven. But it is not easy to play such a strong cultivation. I need to find something in your treasure in order to digest your cultivation."

At last, Wu Yao pinched her fist.

Although she inherited the cultivation of wuliangjing jiucengtian, this cultivation is too powerful and vast for her to play at once.

She also needs time to digest and comprehend.

In short, she is the cultivation of her father who "ate", but she hasn't digested it yet.

The boundless realm has nine layers of heaven. Such a strong cultivation can kill Ye Chen if it is stuffed into Ye Chen's Dantian.

Wu Yao can bear it completely because she is the daughter of the old lord and has the same blood. Otherwise, she can't bear it.

The old lord nodded and said, "well, take the Lord of reincarnation as soon as possible to get back our treasure."

In those days, when the wanxu Temple attacked and killed the tianwuxian gate, the old lord was under great pressure, and he couldn't leave the baby around. He had to seal it all up and hide it in the treasure house for future generations to excavate.

Now, ye Chen and Wu Yao, who want to get his treasure, can only dig and look for it in person.

However, ye Chen was more worried about the state of being too divine, so he communicated with the desperate situation of death, and asked Xiao prison, "senior, now I have broken my shackles for hundreds of ways, and my strength has soared. Can I have a chance to meet that person in the desperate situation of death?"

After a long silence, Xiao Gaocai said, "not yet, not because you are not strong enough, but because the peak of the dead end is somehow closed. I'm afraid it has something to do with the evil sword enemy. He may be trying to break the dead end, but I guess he will fail. After failure, he will naturally open it."

"Wait for some more time. For now, you should deal with your business first."

Ye Chen can only give up and delay the Taishen in advance. Fortunately, the desperate situation of death is already at the entrance of the reincarnation map of Wu Dao. He can handle this even if he goes to the supreme world. Then his heart moved, and he remembered Xia Ruoxue, and said to Wu Yao, "Miss Wu Yao, how about we just go out tomorrow? Go to the supreme world together."

Since the matter of evil sword and revenge cannot be handled, ye Chen is ready to save Xia Ruoxue first, and then find the treasure of the old lord.

He wants to share the joy of digging the treasure with Xia Ruoxue.

Wu Yao said cleverly, "OK, brother Ye Chen, I'll listen to you."

Her eyebrows and eyes are curved, and her face is full of pure smile. She likes and worships Ye Chen very much.

If it weren't for ye Chen, she couldn't recover, and her father wouldn't have a chance to live.

Ye Chen looked at Wu Yao's smile and expression, and his heart also felt quiet and peaceful.

Wu Yao's smile seems to bring peace and quiet.

It is the infection of compassion.

Wu Yao is the Lord of mercy.

Her compassion is contained in her bones, like a pure and beautiful spring breeze.

Whoever sees her will love her.

When the wanxu Temple attacked the tianwu immortal gate, Wu Yao was born and the atmosphere of compassion bloomed.

Even Hong Chunqiu, Lin Xiaokong, xuantianxiao and other murderous ancestors, under the influence of Wu Yao's compassionate atmosphere, also dropped their weapons, put down their killing thoughts, and prepared to stop the war.

The birth of Wu Yao is to bring compassion and peace to this world.

However, it is a pity that the ancient emperor Yu Huang has a vicious temperament, and even Wu Yao's mercy cannot be dissolved.

Therefore, in the end, the war continued. Tianwuxianmen was destroyed, wanxu rose, and the ancient emperor Yu Huang dominated the Supreme Court and became the Lord of heaven.

Now, covered by the will of the ancient emperor Yu Huang, Wu Yao's compassion can no longer have such a strong influence as in the past.

Chapter 7886

But no matter what, looking at her pure and bright smile, ye Chen still felt comfortable. She was very happy to touch the girl's head and said with a smile, "Miss Wu Yao, I'm glad to meet you as a friend."

Wu Yao also smiled and said, "brother Ye Chen, I'm also very happy."

.....

At night, ye Chen rested alone in the bedroom of the reincarnation temple to prepare for going to the Taishang world tomorrow.

Dudu.

At this time, there was a knock on the door outside.

Ye Chen caught Wu Yao's breath and wondered, "is it Miss Wu Yao?"

Wu Yao said, "yes, brother Ye Chen, can I come in?"

Ye Chen nodded and said, "come in."

The door of the dormitory was pushed open, and Wu Yao walked carefully to Ye Chen's room with anxiety.

Ye Chen was stunned for a moment, but she saw that Wu Yao had just finished taking a bath, her hair was still wet, and her body exuded the fragrance of a girl. The clothes she was wearing were too thin.

"Miss Wu Yao, what do you want to do?"

Ye Chen is a little unimaginable. Why does this little girl wear so little?

Wu Yao's cheeks were red, and then silver teeth gently bit her red lips. She untied all her few thin clothes in front of Ye Chen, revealing her white body.

"Miss Wu Yao, you!"

Ye Chen was shocked and hurriedly turned his head.

Wu Yao muttered, "brother Ye Chen, my father said, ask me to come over and sleep for you..."

"He said that if we combine reincarnation and compassion, it is enough to push the invincible in the world. Should we..."

At this point, she couldn't speak any more and blushed her ears.

She is also a reserved girl. If her father hadn't been moved and justified, she wouldn't have taken the liberty to see ye Chen.

Indeed, wanxu is powerful. If you want to fight against wanxu, reincarnation, compassion and double cultivation are a good way..

Ye Chen was speechless. Unexpectedly, the old lord asked his daughter to do this. He smiled bitterly and said to Wu Yao, "Miss Wu Yao, don't be ridiculous! Get out, get out! Don't mention this matter again in the future."

Wu Yao saw Ye Chen's refusal, secretly relieved, and a burst of shyness and embarrassment, and said, "brother Ye Chen, don't you like me?"

Hearing her voice, ye Chen looked back with a trace of gloom, looked at her up and down, and said, "I like it. Miss Wu Yao is so beautiful, who doesn't like it? It's just that the double cultivation thing is still too impatient, and you can talk about it later, you go first."

He couldn't bear to be too cold, so as not to hurt Wu Yao's heart, and his words were as gentle as possible.

"Well."

Wu Yao's cheeks flushed. She hurriedly picked up her clothes and dressed them. Like a frightened rabbit, she turned and went out.

Ye Chen shook her head and smiled bitterly. She wondered whether she and Wu Yao would have results in the future.

Although he has no such feelings for Wu Yao now, after all, he will fight against wanxu side by side and may finally be together.

Reincarnation and compassion, if combined, do countless benefits.

"Well, we'll talk about it later."

Ye Chen shook her head and restrained her inner thoughts.

Arrived

Chapter 7887

Ye Linyuan turned a deaf ear to others' comments on himself, no matter how unpleasant his words were. But when he heard someone talking about ye Chunjun, his words were disrespectful, and his eyes suddenly became cold.

Hiss!

Ye Linyuan seemed to draw his sword, but no one could see his movements clearly.

His movements are incredibly fast.

He seemed to draw his sword, and it seemed that he had never moved.

However, the heads of the passers-by who spoke falsely about ye Chunjun fell silently, their mouths were still moving and talking, but there was no sound. It was not until the head fell to the ground for a few seconds that the fracture on the neck splattered blood.

Now no one dared to talk anymore, and they all stared at Ye Linyuan.

Ye Linyuan carried the coffin on one shoulder and finally came to the general altar of Tianqing League.

Gu Qingxuan, the leader of Tianqing League, knew Ye Linyuan was coming and hurriedly came out to meet with many elders.

"I've heard of Lord Ye Linyuan's divine power for a long time. It's really comforting to see him today!"

Gu Qingxuan arched his hand and saluted Ye Linyuan.

Ye Linyuan's strength exceeded him too much, and he didn't dare to be careless at all.

"I don't know Lord Linyuan, what advice do you have for coming to my place this time?"

Gu Qingxuan tried to ask, and countless thoughts flashed in his heart, guessing Ye Linyuan's purpose.

Although his strength is far inferior to that of Ye Linyuan, this is his territory after all. He has the advantage of Feng Shui and Qi luck. Coupled with the guardian array of Tianqing League, it may not be impossible to fight.

Ye Linyuan said, "I came here to find a job."

Gu Qingxuan was surprised and said with a smile, "there are many vacancies in our Tianqing League, including elders, Dharma guardians, hall masters, deacons, penalty envoys, etc. I don't know what job Lord Linyuan wants?"

Ye Linyuan said, "I want to be the leader of the alliance."

This sentence fell, Gu Qingxuan's face changed color.

The elders in the audience, as well as many Dharma guardians in the rear, and elite disciples, also turned pale, and many people pulled out their weapons.

Gu Qingxuan laughed and said, "Lord Linyuan, are you... Are you amusing me?"

Ye Linyuan said, "take my sword. If you can catch it, my life belongs to you."

"If you can't catch it, you die, and the leader of the alliance belongs to me."

These words were cold and exposed, which made everyone in the audience scared.

Everyone immediately knew that ye Linyuan was coming for the daotong of Tianqing League!

He was chased and killed by wanxu and wandered alone. Even if he was alive, he was just surviving, which was meaningless.

But if he has a Taoist foundation, he can settle down and even fight against the ruins!

Obviously, he just wants to swallow the Taoist foundation of Tianqing League and become the leader of the alliance himself!

Gu Qingxuan had been running Tianqing League for many years, but he didn't want to give up. He said coldly, "Lord Linyuan, your cultivation is far stronger than me. If you want me to take the sword, I dare not."

"If you want to bully the weak and occupy the foundation of our Tianqing League, we will fight to the death with you!"

This sentence fell. All the old Dharma guardians and elite disciples of the Tianqing League pulled out their weapons and sacrificed their magic weapons. The guard array was also opened, ready to fight to the death.

Ye Linyuan shook his head and said, "no, I'm going to be the leader of the alliance. How can I kill each other with my men?"

"Gu Qingxuan, if you take my sword, I will suppress my cultivation to a level of immeasurable territory. If you can catch it, you will win."

With that, ye Linyuan pressed his cultivation realm to the immeasurable realm.

Gu Qingxuan was the strong one in the three layers of immeasurable territory. Seeing this, he was immediately overjoyed and said, "are you serious?"

Ye Linyuan said, "nature is serious. I swear with the heart of Tao."

Gu Qingxuan thought that no matter how powerful Ye Linyuan was, if he suppressed his cultivation and wanted to defeat himself with a sword, it would be impossible.

At that moment, Gu Qingxuan laughed and said, "yes, your cultivation is suppressed to a level of immeasurable territory, and I can't catch your sword. It doesn't matter if I'm the leader of the alliance. It doesn't matter if I give it to you."

Ye Linyuan said, "thank you."

When he said this "thank you", after two syllables fell, Gu Qingxuan's head suddenly fell down.

Without any sign, Gu Qingxuan's head fell to the ground like this, and his face was even with a look of joy, forever frozen.

All the people of Tianqing League shouted "ah", shouted "alliance leader", and came forward to inspect them one after another.

However, I saw that the vitality of ancient Qingxuan was cut off, and even the spirit was cut off. I couldn't die anymore. The fracture on my neck was unusually flat, like a mirror, which was obviously cut by a sharp weapon.

Everyone looked at Ye Linyuan in horror, at his hand and at his sword.

But just now, no matter who it is, I didn't see ye Linyuan's shot.

"Well, he can't catch my sword. I'll be the leader of Tianqing League in the future. Please kneel down."

Ye Linyuan was relieved, put down the coffin on his shoulder, looked at the general altar building of Tianqing League, and squinted at the Feng Shui mountains here.

But none of them knelt down, just looking at Ye Linyuan in horror.

Ye Linyuan frowned and said, "why, willing to admit defeat, but you won't recognize me as the leader?"

An elder summoned up his courage, stood up and said, "how did you kill the leader?"

Ye Linyuan frowned again, sighed and said, "like this."

After that, he pulled out his sword slowly. The palm holding the sword was very powerful, with distinct joints. The action of pulling out the sword was as elegant as art.

His speed of drawing the sword has been very slow, but in the eyes of others, it is still incredibly fast.

All they saw was a flash of lightning, and then all the hair on the elder's head was cut off, becoming bald, but his scalp was not damaged.

The elder touched his bald head and was stunned. Then he shivered all over and fell on his knees in front of Ye Linyuan with a plop.

"Cut the sky nine swords! Is this... Is this the legend, the ancient nine swords of reincarnation? You... You have practiced 'killing the heart without trace'?"

The elder's voice trembled, staring at Ye Linyuan blankly, and his eyes were full of shock.

The disciples of Tianqing League around heard the word "cut the sky nine Swords", which was also a burst of shock and looked at Ye Linyuan in consternation.

It is said that the nine swords of chopping the sky are a pulse of reincarnation, inheriting the anti Heaven Sword technique of ten thousand century yuan. There are nine swords in total, and each sword has the terrible power of chopping the sky and splitting the earth.

Chapter 7889

As long as you get the treasure of the old lord, there are countless benefits!

The demon emperor looked at the blockade in front of him, frowned and said, "don't save people first. I'm afraid it's a problem how to rush in."

This layer of prohibition is obviously laid by Lin Xiaokong, the ancestor of the Lin family, himself. It even has the will of wanxu. It is extremely strong. It is by no means easy to break through the prohibition and enter.

"It doesn't matter. I have a way."

Ye Chen looked calm, and the magic Qi in his palm gathered, roaring, and a huge warship suddenly rushed out of his hand.

This warship, dark and gray, surrounded by fog, was full of white skeletons. It was ghostly, stirring the air flow and purring. It was the boat of sin!

The boat of sin is a fragment without artifact, which is very strong.

When the demon emperor, Ji Siqing and others looked at the boat of evil, they all had an inexplicable fear in their hearts, as if their sins and demons in their hearts were to be seduced out, and their hearts beat faster.

Only Wu Yao is calm and comfortable.

"Break it!"

With a wave of Ye Chen's big hand, the dark huge boat of sin collided fiercely forward.

Bang——

A loud and terrifying noise.

The blockade and prohibition, the world crystal wall system, were smashed by Ye Chen's boat of sin.

Although the space blockade of the star moon world is solid, it cannot withstand the impact of Ye Chen's magic boat.

"Very good, worthy of no artifact!"

Ye Chen was happy. The impact force of the boat of sin was much more ferocious than he imagined. It was worthy of being an artifact.

Magic emperor, Wu Yao and others, seeing ye Chen so relaxed, broke the ban, which was also a burst of admiration..

The power without artifact can only be described as terror!

"Let's go!"

Ye Chen flew up and jumped on the bow of the boat of sin.

Magic emperor, Wei Ying, Ji Siqing, Wu Yao and others also jumped up.

The evil boat is so fierce that it is difficult for the demon emperor, Wei Ying and Ji Siqing to compete except Wu Yao.

Fortunately, ye Chen stood beside him, and the breath of reincarnation emitted from his body protected the demon emperor and the three people.

As for Wu Yao, ye Chen's protection is not needed at all.

Her aura was terrifying, and her state of mind was pure. There was no evil spirit and evil. She was the embodiment of all the goodness and compassion in the world. The evil spirit of the boat of evil not only did not affect her, but because of her existence, a holy pure land appeared on the boat.

Ye Chen steered the boat of sin and officially sailed into the star moon realm.

The demon gas is thin, and the huge ship with heavy guilt is passing in the sky, stirring the air flow, making a roaring sound, and the majesty of reincarnation is shaking.

The whole star moon world, because of the emergence of Ye Chen and the boat of sin, is also turbulent. The air is filled with an atmosphere of killing, and thousands of birds and beasts are scared away.

"Ruoxue, I'll save you!"

Ye Chen looked up at the sky and shouted. Instead of hiding his breath, he spread his voice far away.

It's impossible to hide it. It's better to let Xia Ruoxue know and let her prepare in advance.

Ye Chen's voice suddenly spread all over the star and moon, and the mountains and rivers shook.

Within the star moon boundary, countless warriors and people were shocked to hear the sound of reincarnation.

"The Lord of reincarnation is coming?"

"How dare he? Do you want to die!"

"The ancestor of the Lin family is in charge of this field, and he dares to come. Does he really think that he is invincible after cutting off all the flail?"

Many surprised voices sounded, and no one expected that ye Chen dared to come to the star moon world.

Although reincarnation cuts a hundred ways of flail, which is dazzling for thousands of years, no matter what, ye Chen's strength is only a layer of sky in the hundred flail realm after all. It's a fool's dream to want to fight against the masters in the infinite realm.

In the xingyueshen sect, Yun Mengze, the acting leader of the sect, Yun Shanyu, the supreme elder, and Lin Xiaokong, the ancestor of the Lin family, changed their looks after hearing Ye Chen's voice.

"Lord of reincarnation, that guy really dares to come."

Lin Xiaokong hehe smiled for a moment, and his eyes flashed a look of uncertainty.

Yun Shanyu crunched and said to Yun Mengze, "Mengze, you immediately take someone to kill the Lord of reincarnation. That boy really dares to save people. He doesn't pay much attention to my Xingyue cult!"

Yunmengze immediately got up and said, "yes, elder! I will make that boy come and go!"

At that moment, yunmengze immediately took a group of elite disciples and went out to kill Ye Chen.

His cultivation is Tianxuan level seven Tianda perfection. Although he is not a master of immeasurable level, this cultivation can also be called first-class in the world.

Ye Chen is just a layer of sky in the hundred flail realm, and yunmengze is confident to suppress it.

After all, this is the territory of the star and moon world. He occupies all the advantages of time and place and all the good fortune. There is no reason why he can't be defeated.

Lin Xiaokong remained calm and didn't say much, nor did he say that he would send someone out, as if he wanted to see the ability of yunshanyu.

.....

At this time, Xia Ruoxue, the elder Gu Qinghe, and many sect disciples were hiding underground.

Xia Ruoxue is cultivating her feelings and consolidating the inheritance of the female emperor of the moon of the Qing Dynasty. She feels that she has the strength of the emperor of heaven, but she is still short of a test of disaster.

If you don't survive the disaster, you're not the real emperor after all!

After hearing Ye Chen's voice, Xia Ruoxue trembled and separated from the cultivation state.

The elder Gu Qinghe and others cheered and shouted, "the Lord of reincarnation has come to save us!"

Xia Ruoxue looked at GuQing River and said, "elder, you... Did you ask brother ye for help?"

Gu Qinghe apologized, "sorry, master, we are in danger now. Only the Lord of reincarnation can save us. He is a man of great luck. As long as he comes, all problems can be solved."

Xia Ruoxue was anxious and said, "my brother Ye is cutting the flail. You call him to come, and he failed to cut the flail. What can I do?"

What she worried most was that ye Chen cut off the shackles. It was very difficult to break through the shackles of the heart. Ye Chen came to save her. How could she break through the shackles?

Gu Qinghe said with a smile, "master, please rest assured that we have captured the mystery of heaven. The Lord of reincarnation has successfully chopped off his flail. He even killed the emperor Shitian and took charge of the Iron Throne. He is glorious for ever. He is invincible in the world. He has risen against the sky. Now he is coming down, and no one can stop him."

Xia Ruoxue was shocked and said in disbelief, "what! Brother Ye cut the flail successfully? He... He even killed the Lord of the demon and got the iron throne?"

She has been in seclusion these days, but she didn't pay attention to the changes of the outside world.

At this moment, hearing Gu Qinghe's words, Xia Ruoxue slightly captured the mystery of heaven, and sure enough, she felt the vast golden light of reincarnation, pervading the world.

Ye Chen's rise is unstoppable!

Because his shackles have been completely cut off!

Gu Qinghe laughed and said, "exactly! When the Lord of reincarnation comes, we can go out."

Xia Ruoxue thought that ye Chen's flail cutting success was coming, and her heart was also a burst of joy, but her nose was sour, and tears almost fell.

Chapter 7890

At present, Xia Ruoxue and others left the ground and returned to the ground, waiting for ye Chen to come.

.....

Ye Chen drove the boat of sin, shuttling in the sky, and quickly rushed to Xia Ruoxue.

Along the way, the strong men of Xingyue Shenjiao and the strong men of the supreme Lin family had long been disturbed. They all went out to kill Ye Chen.

I saw people everywhere in the sky and on the ground. Countless fighters and enemies were dense, like locusts all over the sky, blocking out the sky and the sun, trapping Ye Chen and others.

"Lord of reincarnation, dare to violate the boundaries of our stars and moon, today is your death!"

I don't know who roared, and then the strong people all over the sky, at least thousands of people, shouted in unison, and rushed to Ye Chen's sin boat.

Demon emperor, Wei Ying, Ji Siqing and others showed vigilance and prepared to meet the enemy.

On the body of the demon emperor, thousands of black crows were blown up, with a devil's spirit rolling and divine power like prison.

Wei Ying, the king of the absolute cold, is blooming with a severe cold, vaguely converging into a giant sword of ice.

Ji Siqing's whole body was ablaze with flames, converging into rosefinches, whose chirping sound soared into the sky.

However, the three of them had not really made a move, but they heard bursts of screams.

I saw that many strong people, when they were close to the boat of sin, were impacted and entangled by the evil spirit. The evil spirit was like a python, clinging to their bodies, making them scream repeatedly and fall from the air in pain.

Ye Chen kept the boat of sin running with a sneer on his mouth.

The boat of sin, an artifact of this level, is extremely fierce in killing and defending..

Wuwuuartifact has limited aura. If it is used for attack and killing, it will consume heavily and may not last many times.

But if it's just defense, it can last a long time.

Ye Chen is defending, driving the boat of sin, and the evil spirit billows, forming a shield.

Many strong men of Xingyue cult rushed over and were immediately attacked by evil spirits. Before they hurt Ye Chen, they were haunted by evil spirits and in pain.

"Damn! It's no artifact!"

"Be careful, that's the legendary boat of sin!"

Many strong people woke up, deeply shocked and deeply afraid, and felt the power of the boat of sin.

They didn't dare to get close, so they dodged one after another, pulled apart, and then in the distance, they used magic tricks and magic weapons to blast towards the boat of sin.

A fierce magic weapon light, fierce and fierce, bombarded the boat of sin.

However, the protection of the boat of sin is very powerful, and the fierce attack of the strong did not play much effect.

Most of the offensive energy is blocked by the shield of the sin boat. It can pass through the shield and attack Ye Chen and others. There is no energy in a hundred, and ye Chen and others can easily dissolve it.

Ye Chen glanced at Wu Yao, but saw that Wu Yao did not use any means of resolution and was forcibly attacked by the enemy.

However, the attacks of many powerful people, hit Wu Yao like a clay ox into the sea, did not arouse the slightest reaction.

Wu Yao didn't even shake her dress and hair. She stored almost unnatural aura cultivation in her body. There were almost no things that could shake her in this world.

Ye Chen nodded secretly, so he no longer worried about Wu Yao and continued to maintain the defense of the boat of sin.

Magic emperor, Wei Ying and Ji Siqing have the protection of the boat of sin, so they don't have to worry about their own safety at all.

They spread out their magic, killing the enemy outside the magic boat with evil Qi, cold air and Blazing Sword Qi.

More bleak screams sounded, and many strong people were cut down by the demon emperor.

Ye Chen flew by in a boat, accompanied by countless blood bodies, and finally saw Xia Ruoxue.

Xia Ruoxue and Gu Qinghe, as well as many disciples of their factions, about hundreds of people, are waiting on the ground.

When they saw the towering and dark boat of sin flying in the sky, across their heads, everyone was shocked.

"Brother ye..."

Xia Ruoxue saw Ye Chen on the bow of the boat, his tall and straight posture, and couldn't help but feel a burst of emotion, like a dream.

Ye Chen also saw Xia Ruoxue, and his heart was excited.

At this time, Xia Ruoxue has inherited the mantle of the female emperor of the moon of the Qing Dynasty, and her temperament is more bright and beautiful than before.

Her snow-white dress, ice flesh and jade bones, picturesque, that beautiful demeanor, enough to make the viewer admire and admire.

"Ruoxue, come up!"

Ye Chen saw Xia Ruoxue, and his heart was overjoyed. Immediately, he waved. His reincarnation blood vessels trembled, and the golden light bloomed, forming a golden rainbow bridge and extending.

Xia Ruoxue, Gu Qinghe and others hurriedly stepped on the golden rainbow bridge and quickly boarded the boat of sin.

As soon as Xia Ruoxue came up, ye Chen couldn't help hugging her and feeling her soft body. Ye Chen's heart was burning, and the two kissed deeply.

"Ruoxue, are you okay?"

Ye Chen's voice trembled slightly.

"Nothing, brother ye, I'm fine, just..."

Xia Ruoxue's eyes are tender like water. She looks at Ye Chen, Gu Qinghe and others.

"Well, it's OK. I know everything. Let's leave first."

Ye Chen nodded gently. Naturally, he knew that Xia Ruoxue inherited the mantle of the female emperor of the Qing moon and wanted to take charge of the Xingyue cult. It was quite smooth, but unfortunately, it was interfered by the wanxu temple.

Lin Xiaokong, the ancestor of the Lin family, sent out in person. Now Xia Ruoxue wants to be the leader safely, which is absolutely impossible.

Ye Chen is going to leave here first, and then look for the old treasure. When he gets the treasure, his strength will increase greatly. Then he can think of a way to recapture the Taoist tradition of xingyueshen sect.
