Chapter 7891

Ye Chen is guarded by the boat of sin, and ordinary warriors can't hurt him at all.

"OK."

Xia Ruoxue Zhen nodded softly. Ye Chen said she would leave. Naturally, she listened to Ye Chen.

Gu Qinghe and others hesitated a little and couldn't bear to leave their hometown, but thinking of having the wanxu Temple guarded here, they had to avoid the sharp edge first.

At present, ye Chen is driving the boat of sin, taking Xia Ruoxue and his party, and quickly flying outside the star moon boundary.

Above the bow, ye Chen took Xia Ruoxue's hand, looked at her affectionately, and said, "Ruoxue, I call you the emperor of the moon. From now on, you are both my Taoist companion and the Dharma fairy of my reincarnation."

Ye Chen's words fell like a mouthful of heavenly constitution, causing thunder to roll in the sky.

Boom

A series of startling electricity and thunder, the purple light burst, turned into a disaster on the spot, and surged down.

Gu Qinghe and others were shocked to see the ferocious robbery thunder.

What kind of means is this? Has the Lord of reincarnation reached this level, but the hundred yoke state?

"Lord of reincarnation, you... How dare you say heavenly constitution and canonize the emperor of heaven? This... This is an invincible means!"

Gu Qinghe made a shocking sound. In fact, Xia Ruoxue had the strength of the heavenly monarch after inheriting the mantle of the stars and the moon, but because she didn't cross the disaster and didn't pass the test of the disaster, she didn't have the fate of the heavenly monarch.

But at this moment, ye Chen directly canonized the emperor of heaven, and unexpectedly called down the disaster of heaven.

When ye Chen saw the disaster coming, he wanted to melt it away and let Xia Ruoxue get through the disaster and get promoted smoothly, just like Wei Ying, Ji Siqing and others.

But the next moment, ye Chen was surprised to find that Xia Ruoxue's disaster seemed to be much worse than others..

This is a little strange, even a little unusual.

"Eh?"

Ye Chen was slightly surprised, but he saw the thunder all over the sky, with a fierce power light, suddenly fell down, and the fierce power shocked Ye Chen.

Ye Chen subconsciously retreated, and the thunder fell all over the sky, hitting Xia Ruoxue severely.

Xia Ruoxue was bathed in the thunder and gave a stuffy hum, but she was knocked to the ground by Tianjie. Her hair was messy and her appearance was embarrassed.

"Ruoxue!"

Ye Chen shouted, his eyes full of horror, but he didn't expect Xia Ruoxue's disaster to be so fierce.

Ji Siqing, Wei Ying and others also looked at Xia Ruoxue with surprise and concern.

"Master, how are you?"

Gu Qinghe was even more frightened, lest something should happen to Xia Ruoxue.

Xia Ruoxue gritted her teeth, slowly stabilized her body, sat down cross legged, kneaded a formula, and said, "I'm fine, but my natural disaster seems to be much more violent than ordinary people, and I need time to survive the disaster."

Gu Qinghe: "by the way, you inherited the mantle of the ancestors of the female emperor. The foundation of Taoism is strong, and it is much more difficult to cross the disaster than ordinary people."

Generally speaking, the deeper the foundation of Taoism is, the more difficult it is to survive.

Xia Ruoxue inherited the mantle of the female emperor of the moon of the Qing Dynasty. It is naturally more difficult for her to become the emperor of heaven than ordinary people.

In the blink of an eye, the dense thunder and the lightning flash of purple electricity converged into a cocoon of lightning to wrap Xia Ruoxue in.

"Brother ye, protect the Dharma for me. I'll be reunited with you when I get through the robbery!"

Xia Ruoxue smiled bitterly and left a word, and then her body was completely wrapped by Tianjie.

The thunder of the robbery formed a cocoon and tightly wrapped her.

If she succeeds in the robbery, she can break out of the cocoon and transform against the sky.

If the robbery fails, it will only end in ashes!

Ye Chen looked at the lightning cocoon, and his heart shook, but he didn't expect Xia Ruoxue's rescue to be so difficult.

"Isn't it more difficult for me to get promoted in the future?"

Ye Chen thought of this again. As the Lord of reincarnation, he had a deeper accumulation of Taoism and a stronger foundation. If he wanted to survive the robbery and promotion, it was even as difficult as the sky, which was not much easier than his flail cutting.

However, there is no need to worry about things in the future.

The top priority is to let Xia Ruoxue get through the robbery as soon as possible!

However, the disaster of the emperor of heaven can only be overcome by himself, and outsiders can't help anything.

Xia Ruoxue has to rely on her own will and strength to survive the disaster.

The help of outsiders is not only unhelpful, but may even help and hurt her.

"Go, go out and find a place to let Ruoxue survive the robbery safely!"

Ye Chen gritted his teeth and immediately accelerated the flight speed of the sin boat. He wanted to leave the star moon world and go out to find a place to let Xia Ruoxue cross the robbery.

"Wait!"

Gu Qinghe took a step forward, but he opened his mouth to dissuade him: "Lord of reincarnation, the leader of the cult, she inherited the mantle of her ancestors. Only in the star moon boundary, can she rely on the earth's Qi to smoothly cross the robbery and promotion. If she goes outside, the earth's veins conflict, but she may be backfired!"

Xia Ruoxue's disaster is so fierce because she inherited the mantle of the ancestors of the stars and the moon. This star moon world is naturally her best place to survive the disaster.

If you go outside, it will be harmful.

Ye Chen's heart was cold and said, "that is to say, Ruoxue can only cross the robbery here?"

GuQing River: "yes!"

Ye Chen, Ji Siqing, Wei Ying and others looked at each other and felt dignified.

The star moon circle is obviously not a place to stay for a long time. It is dangerous to cross the robbery here.

"Hahaha, Lord of reincarnation, do you still want this guilty woman to survive the robbery? I'm afraid there's no chance!"

Just then, a loud laugh rang out.

I saw stars and moon shining brightly in the distant sky.

In the next moment, a star studded man with dozens of elite and strong men came to Ye Chen.

The man, with the stars floating all over his body, has the ancient divine script flashing in the stars, which is the word "Star", "light", "firefly", "wind", and a strange word "corpse".

Gu Qinghe said in a deep voice in Ye Chen's ear, "this man is the former deputy leader of our Xingyue cult, named yunmengze. Our Xingyue cult has six divine texts, of which the five characters of star, light, wind, firefly and corpse are all controlled by him. There is also the last word of 'moon', which is in the tradition of our ancestors. When the leader crosses the robbery and breaks the barrier, he will be able to control it."

Ye Chen's eyes were slightly coagulated, looking at yunmengze, feeling the other party's cultivation breath, reaching the seventh level of Tianxuan realm, Tianda perfection, which should not be underestimated.

Moreover, this yunmengze also holds many divine texts, and the breath of divine power is more fierce.

Gu Qinghe was quite afraid in his heart. If he was in his heyday, he would not be afraid of yunmengze.

However, in the previous factional struggle, he was seriously injured and has not recovered yet. He almost lost his combat effectiveness and can no longer compete with yunmengze.

Ye Chen looked at the fierce breath of yunmengze, but he was unmoved and said, "are you the acting leader? That's all."

At the moment, ye Chen cut all the flail. He was no longer in the eye of the general master of Tianxuan realm. Even if he was as strong as Yun Mengze, he was not afraid.

Chapter 7892

Listening to Ye Chen's cold and arrogant words, yunmengze pulled his cheek and said angrily, "death! I really think you are invincible after cutting a hundred flails? I'll show you today, what is the real majesty of the emperor!"

The sound fell, and the great and perfect momentum of the seven layers of Yunmeng Ze Tianxuan territory erupted, stirring the sky, causing the air flow to rotate and rumble.

With a wave of his hand, the four divine texts of star, light, wind and firefly bloomed at the same time, and the sky turned into a dark color, with stars dotted like little streamers.

Yunmengze, like the blessing of stars all over the sky, bombarded with big hands, and the vigorous wind burst, and blasted away towards Ye Chen.

The bombardment of this palm, the aura burst and changed in thousands, like the big bang of the universe, the turbulence of starlight, blew up the long river of the universe, as well as the unique glory law of the emperor of heaven and the legend of all ages, all of which were blasted down to Ye Chen.

Ye Chen felt yunmengze's palm, but he disdained to sneer and said, "if this is your means, it's too weak! Kill the holy cup!"

Ye Chen's body was shocked, and a bloody Buddha light burst out from his body, and the holy cup of human slaughter flew out.

This holy cup of human slaughter has been blessed by the Buddha of truth. The light of the Buddha is diffuse, and the golden light of the Buddha is blazing and dazzling, which is mixed with a strong murderous spirit, such as the evil spirits of the ancient Buddha, eliminating demons and subduing demons, being golden and angry, and being fierce and majestic.

Ye Chen took advantage of the blessing of the holy cup of human slaughter, and behind him emerged a slaying ancient Buddha. With a slap against the sky, he slammed his hands against yunmengze's.

It was like the collision of two big worlds, and the startling sound burst.

Ye Chen took advantage of the holy cup of human slaughter. His power was vast, and his palm was fierce to the extreme. With only one palm, he smashed the palm of yunmengze, burst, blood and bones splashed, and the starry weather all over the sky dissipated. Even the night sky was broken, and the light of the day was restored.

"What!"

Yunmengze was terrified. He retreated for more than ten miles. When he looked down, he saw that one of his palms was shattered, and his flesh and bones were exposed, and severe pain came in bursts.

He looked at Ye Chen with great horror. He never thought that his monstrous blow was so easily resolved by Ye Chen, and even he was hit hard by the counterattack.

You know, he is the strong one of the seven layers of Tianxuan realm and Tianda perfection. He can't even defeat Ye Chen relying on the earth and Qi of the star and moon realm.

Yunmengze's whole body, the strong ones of many xingyueshenjiao, was also shocked, and I just felt incredible..

Magic emperor, Wei Ying, Ji Siqing and others looked calm. They were very clear about ye Chen's strength. It was only a cloud dream, and it was impossible to hurt Ye Chen.

Buzzing, buzzing!

Ye Chen's Tu holy cup was suspended, and the weather of the ancient Buddha's killing was vast. He took a step forward, like a king in the world, looked coldly at the yunmengze, and said:

"Is there no one in your Xingyue cult? Just send you a waste and want to kill me?"

Yunmengze was shocked and angry, and wanted to say something.

Ye Chen directly interrupted him and shouted, "what emperor, you are just a mole ant. Die for me!"

The words fell, and ye Chen urged people to kill the holy cup and hit yunmengze fiercely.

Yunmengze couldn't escape. With a bang, the flesh and soul were killed and smashed by the Holy Grail on the spot.

After being blessed by the Buddha, the magic weapon of the human butcher holy cup is incredibly strong, and the master of the heavenly king can smash it with one blow.

"My life rules are breaking, how can this be possible! I'm the emperor of heaven! I'm the real leader of the Xingyue cult, I'm the king of the Xingyue realm, how can I die?"

Yunmengze's remaining will roared, but he was unwilling to die and wanted to gather his own flesh and blood again.

"Dying, still want to talk nonsense?"

Ye Chen snorted coldly, and the Holy Grail of human slaughter turned, devouring all the flesh, soul and will of Yunmengze into the Holy Grail.

"Ah!"

Yunmengze sent out the last scream, sharp and desolate, and then it was completely extinguished.

This once acting leader of Xingyue Shenjiao was killed by Ye Chen and disappeared between heaven and earth.

The powerful Heavenly King's blood and flesh, Tao bone, spirit and aura, law will, as well as the five divine texts of star, light, wind, firefly and corpse, are all absorbed by the human butcher holy cup, and also indirectly by Ye Chen.

Ye Chen was in high spirits, as if he had taken a big tonic and was in high spirits.

Seeing Ye Chen's fierce appearance, many of Yunmengze's strong men were scared to death and fled one after another.

Some who escaped slowly were all captured and killed by Ye Chen, and all were swallowed into the Holy Grail.

"The Lord of reincarnation is powerful and deserves his reputation!"

Gu Qinghe and many of his disciples admired Ye Chen when they saw his awesome appearance.

Gu Qinghe was only excited and shocked. His decision was right. Asking Ye Chen for help was indeed the best choice.

The coming of Ye Chen is like a fire and a beam of light, which can lead them out of the darkness completely!

Now yunmengze is dead, and the vitality of another faction is greatly damaged, which is naturally of great benefit to them.

Ye Chen took back the Holy Grail, calm, but not complacent.

He knew that yunmengze was only a substitute leader, not a real master.

The real master is the supreme elder named Yun Shanyu.

In addition, there is the man behind the wanxu temple!

"Find a place to avoid first."

Ye Chen looked at Xia Ruoxue. Xia Ruoxue was still wrapped in the cocoon of Tianjie thunder and lightning. She wanted to break out of the cocoon. I don't know when to wait.

It's not time for a fierce battle now. Ye Chen immediately drove the boat of sin, found a secluded wilderness and landed.

"I wish, void blockade, cause and effect imprisonment!"

Then, ye Chen offered a wish to the sky star, made a wish, blocked this space, and imprisoned all the fluctuations of the law of cause and effect, completely blocked this place, isolated the breath, so as not to be detected by outsiders.

After all this, ye Chen looked at Gu Qinghe anxiously and asked, "elder, how long will it take to get out of the pass if Xue Du is robbed and closed?"

Gu Qinghe twisted his beard, glanced at the lightning cocoon and said, "the leader has a deep foundation. It's not easy to survive the disaster. I'm afraid it will take several months."

Ye Chen was shocked and said, "will it take so long for a few months?"

Gu Qinghe pinched his fingers and said, "no matter how fast it is, it will take two months."

Ye Chen's face sank. If it really took a few months, it would be troublesome. Now there are crises everywhere. Every minute of delay is a little more dangerous.

He took advantage of the heavenly mechanism of desire to isolate his breath. Although he could temporarily avoid the prying of the star moon god cult, if he delayed for a long time, he was still in danger of being discovered.

"Ye Chen, what should we do next?"

Ji Siqing gently took Ye Chen's arm and asked with some worry.

Chapter 7893

Ye Chen frowned slightly, meditated for a while, and said, "wait for Ruoxue to pass."

With that, ye Chen offered up the holy cup of human slaughter, and beat all the four divine words in it, namely, the star word, the light word, the wind word, the firefly word, onto Xia Ruoxue's lightning cocoon, using the aura of the divine text to assist her in her rescue.

In addition, there is a word "corpse". Because the evil spirit is too strong, ye Chen keeps it and refines it.

The four character divine script of starlight, wind and firefly was originally something of Xingyue cult. Ye Chen is now returning things to their original owners, which is not encouraging.

Hum!

With the help of the four character divine script of starlight, wind and firefly, the brilliance of the lightning cocoon bloomed, and there was a tiny crack. From this crack, you can vaguely see the figure of Xia Ruoxue.

Ye Chen was very happy. It seemed that these four characters could really help Xia Ruoxue overcome the disaster.

However, when Xia Ruoxue will leave the customs, he is not sure.

At present, ye Chen, Ji Siqing, Gu Qinghe and others are guarding Xia Ruoxue, waiting for her to cross the robbery and get out of the pass.

After a few days like this, Xia Ruoxue is still in seclusion, and the lightning cocoon has not changed at all. Obviously, Xia Ruoxue can't break through the barrier and fly out in a short time.

These days, ye Chen also felt that the outside world had changed and was murderous.

He killed yunmengze, and thought that yunshanyu and Lin Xiaokong were extremely shocked.

There are many strong men who flash past the hiding place of Ye Chen and others. Even they have searched in the mountains, but they have not found the existence of Ye Chen and others.

Ye Chen hid well by wishing for the stars, and outsiders couldn't find it in a short time..

At present, only waiting for Xia Ruoxue to leave the customs.

A few days later, ye Chen was quietly waiting, but Wu Yao came to him.

"Miss Wu Yao."

Ye Chen said hello.

Wu Yao shook her head gently and said, "brother Ye Chen, don't call me miss. If you don't dislike it, call me sister."

In her clear eyes, there was a gentle look of purity and expectation.

Ye Chen looked at her clear eyes, and his heart was also warm, as if he had seen the purest goddess in the world. He gently touched Wu Yao's hair, but he couldn't bear to brush her, and said softly, "well, sister Wu Yao, you are so cute, I like you very much."

Ye Chen didn't hide his heart's love. In front of Wu Yao, it seemed that no one could hide his heart.

Of course, this kind of love is not the love between lovers, but a kind of pure admiration, admiration for the supreme goodness and compassion in the world.

Ye Chen likes Wu Yao, which is actually the emotional manifestation of his inner kindness.

Hearing Ye Chen's praise, Wu Yao smiled slightly at the corners of her mouth, and her cheeks were also slightly red. "Brother Ye Chen, thank you very much."

Ye Chen said with a smile, "what are you looking for me? Are you bored? You can play on my wish star or in the world of the yellow spring."

Wish the stars and the world of the yellow spring contain a vast and huge world, inhabited by hundreds of millions of believers, which is no different from the real world.

If Wu Yao is bored, she can go in and play.

Wu Yao shook her head gently and said, "I'm not bored, brother Ye Chen, just..."

Ye Chen said, "just what?"

Wu Yao said, "my recovery represents the rise of the old days, which must touch the mystery of heaven. Many people will focus on my father's treasure again."

"If we don't go to the treasure hunt as soon as possible, others may get ahead of us."

Wu Yao's words were full of worries. Once her father's treasure was taken away by outsiders, it would be trouble.

Ye Chen's face sank after hearing this.

Tianwu Wolong Sutra is in the old treasure. If the treasure is robbed, the consequences will be unimaginable.

Moreover, Wu Yao also needs some things in the treasure to give full play to her father's inheritance.

Ye Chen asked, "can you wait a few more months?"

Now Xia Ruoxue is still in seclusion, and ye Chen really doesn't want to leave, otherwise Xia Ruoxue will be in danger.

Wu Yao said, "can't wait, brother Ye Chen, we must start as soon as possible, otherwise if we delay, my father's treasure will be gone!"

Ye Chen frowned. The treasure of the past is of great importance, so it is natural not to lose it.

But it is also important for Xia Ruoxue to close the pass and cross the robbery.

Wu Yao then said, "brother Ye Chen, let's go to find the treasure first. If it's fast enough, maybe we can find the treasure back. Sister Ruoxue hasn't left the customs yet. In this way, as soon as she leaves the customs, she can see the treasure. Isn't it the best of both worlds?"

Hearing her words, ye Chen thought and weighed them in his heart. Finally, he gritted his teeth and nodded, "OK, let's go to find the treasure first!"

The idea was decided, and ye Chen told the devil, Wei Ying, Ji Siqing and others about it.

"You stay and take care of Ruoxue. Sister Wu Yao and I will find the treasure."

Ye Chen solemnly ordered them to go on, and even left the iron throne to protect the demon emperor.

The demon emperor and others were dignified, but they also knew that the treasure was important, so they agreed to stay.

"The star and moon are blocked. You don't have the boat of sin. Can you get out?" The demon emperor asked with some worry.

Ye Chen smiled and said, "it doesn't matter. This blockade can't trap me."

At that moment, ye Chen took Wu Yao and jumped down from the boat of sin.

Wu Yao also liked Ye Chen very much, so he held his hand intimately.

Holding hands, they flew away outside the star moon boundary.

They are very fast for fear of being blocked.

In order to get on the way, ye Chen spread the wings of the wilderness, and the wings of the wilderness spread behind him. The sky along the way turned into black and white under the invasion of the atmosphere of the wilderness.

On the blue sky, there is a long black-and-white line, which runs from east to west, and it is very spectacular.

Ye Chen took Wu Yao's hand and swept the sky, and soon saw the crystal wall system at the edge of the star moon boundary.

Ye Chen took out the reincarnation Heavenly Sword, took a deep breath, and the reincarnation blood vessels vibrated, so he wanted to cut open the border prohibition with a sword and break it out.

In fact, if you use the emperor's holy knife, it will be easier to break the ban. There is no barrier in the world that can block the edge of the emperor's knife.

However, ye Chen will not use the emperor's holy knife as a treasure unless he has to.

After all, if the emperor's holy knife is used too often, it is likely to attract the attention of the supreme will, and the consequences are unimaginable.

Once the Qi machine is locked by the supreme will, if it comes again, it will be the end of Ye Chen!

"Lord of reincarnation, since he has come, why are you in a hurry to leave?"

Just when ye Chen wanted to break the ban with his sword, a cold old voice suddenly sounded.

I saw the void crack, and an old man wearing a moon white robe appeared.

The old man's eyes are like the sun and moon, and his body is full of thousands of meteorology. The fairy glow and divine light are thin. There are countless artifacts rotating around him, morning bells and evening drums, swords, spears, halberds, jewelry, gold and silver, etc. his cultivation breath has reached the seventh level of the infinite realm, which is extremely powerful.

Chapter 7894

"Lin Xiaokong, the ancestor of the Lin family?"

When ye Chen saw the old man, his face changed slightly.

The old man smiled and said, "it's my great honor that the Lord of reincarnation can recognize me."

He is exactly Lin Xiaokong.

Ye Chen's face sank, and the immeasurable realm was at the beginning of the seven layers of heaven. The strong at this level can be said to be across the world and arrogant.

Looking at the whole world, the strong at this level are rare.

With Ye Chen's current strength, even if he tried his best, he could not be the enemy of such a strong man.

Unless, it is complete to pull out the emperor's holy knife.

But the last time, ye Chen was able to pull out the knife completely, which was entirely a coincidence. It was just his luck to cut off all by shackles. It was a mysterious situation.

Under normal circumstances, ye Chen can only draw half of the blade at most, and only half of the blade. Obviously, it is difficult to cut Lin Xiaokong's strong men in reverse.

Moreover, the edge and reputation of the emperor's holy knife have long been spread all over the world with Ye Chen's breakthrough.

Naturally, Lin Xiaokong had heard about it for a long time, and he must be on guard. It is impossible to easily give ye Chen the opportunity to draw a knife.

"Lord of reincarnation, you and my hometown are old. I'll spare your life. Cut off your arm by yourself, and I can let you leave."

Lin Xiaokong stood with his hands down, looking down at Ye Chen..

When he was in the geocentric region, ye Chen had a good relationship with the Lin family, which Lin Xiaokong naturally knew.

Therefore, he thought about cause and effect, but he didn't say he would kill all. He just asked Ye Chen to cut off one arm, and he could release people.

Ye Chen laughed and said, "if you want me to hurt myself, it's better to kill me."

Lin Xiaokong's face sank, and his body was full of divine light, which was hundreds of millions of times more dazzling than the sun. His voice was also like thunder: "Lord of reincarnation, do you really want me to forget the old love and kill you?"

Ye Chen said, "if you really miss the old love, let me leave. From now on, we will end our friendship. Next time we meet again, we will be enemies of life and death!"

While talking, ye Chen gently touched a piece of hair wrapped around her fingers.

That's the love given to him by the goddess of heaven!

Now Lin Xiaokong blocks, which is extremely dangerous. Ye Chen plans to summon the goddess to come if he really can't resolve the danger.

Lin Xiaokong snorted and said angrily, "you don't want to be respectable. If you have to force me to fight, don't blame me for being ruthless!"

When the voice fell, Lin Xiaokong suddenly burst out, rolled up the sky with a palm, and killed Ye Chen fiercely.

Ye Chen suddenly felt suffocated. He only felt that Lin Xiaokong's palm power was so fierce that it was unimaginable that he could not resist it.

He was about to step back, but at this time, a figure stood up and stopped in front of him.

It's Wu Yao.

"Sister Wu Yao!"

Ye Chen subconsciously exclaimed.

Hearing the "bang", Lin Xiaokong slapped heavily on Wu Yao's shoulder.

"Ah -"

Screams sounded.

But it was not Wu Yao who screamed, but Lin Xiaokong!

His palm was printed on Wu Yao's shoulder, and Wu Yao's body was motionless. However, he felt a tsunami like reaction, and his arm bones were forcibly broken by the shock. He covered his arm and retreated in confusion. His old face had been distorted and pale because of pain.

"Brother Ye Chen, are you all right?"

Wu Yao looked back at Ye Chen with concern in her eyes.

Ye Chen was stunned and said, "sister Wu Yao, you..."

Although he had known that Wu Yao had inherited all the accomplishments of the old lord, although he could not play them, Dantian's aura was deep and had reached the point of invincibility and invincibility.

But now, he saw Wu Yao being slapped by Lin Xiaokong with his own eyes, but he was shocked as if nothing had happened.

Lin Xiaokong's towering palm could not hurt even a hair of Wu Yao. Instead, he was injured by the shock.

"You... You are, Miss Wu Yao!"

"You are the daughter of the old lord! You finally wake up!?"

Lin Xiaokong was extremely shocked. His eyes were staring at Wu Yao. He was no longer calm, but felt his scalp numb and his whole body trembling.

His attention just now has been on Ye Chen, not noticing the existence of Wu Yao.

Seeing Wu Yao now, Lin Xiaokong found that the breath on Wu Yao was so pure and peaceful that people couldn't take their eyes away at a glance. It was the most compassionate breath in the world.

Lin Xiaokong didn't expect that Wu Yao, the legendary Lord of mercy, actually revived and stood in front of him.

Moreover, looking at Wu Yao's deep aura, she obviously inherited all the power of the old lord, and even Lin Xiaokong's full-scale attack could not shake her.

You know, in the war for hegemony, the killing of the old lord was the unity of all the ten ancestors.

The old lord is as powerful as heaven and earth, dominating the existence of the whole old era. If it is not for the birth of the wanxu temple, the old lord even has the opportunity to preach!

Such a strong, great and invincible existence left a deep impression and deep shadow on Lin Xiaokong.

At this moment, seeing Wu Yao, he seemed to see the figure of the old lord, and his body trembled with fear.

"Elder, are you the ancestor of the Lin family?"

Wu Yao looked at Lin Xiaokong calmly and gently, and said in a crisp voice:

"In those days, your ten ancestors jointly killed my father. Alas, the struggle in the world is really cruel."

"If you are willing to sincerely repent and apologize to my father, I can forgive you."

Chapter 7895

Wu Yao bears the mission of revenge, but she is naturally merciful and will not have a deep hatred. If the enemy is willing to apologize, she can even forgive.

Lin Xiaokong was sweating, looking up and down at Wu Yao, but his eyes were sharp. Although Wu Yao's internal cultivation breath was strong, it was not even weaker than the ancient emperor Yu, but she had not digested and could not play.

Seeing this, Lin Xiao hollow God was a little calm and said, "Miss Wu Yao, get out of the way. I only kill the Lord of reincarnation, which has nothing to do with you."

When he spoke, he dared not look Wu Yao in the eyes.

Because Wu Yao's eyes are full of the most kind and compassionate feelings in the world. Even Lin Xiaokong, a strong man who has been defeated for a long time, dare not look directly at him for fear of being affected by the Tao.

Wu Yao opened her arms to protect Ye Chen and said to Lin Xiaokong, "I don't allow you to hurt brother Ye Chen. You don't have to kill, do you? Otherwise, you look up at my eyes and answer me."

Lin Xiaokong didn't dare to look up, snorted, and said, "Miss Wu Yao, this is the gratitude and resentment between me and reincarnation. Don't interfere. The old cause and effect has been silent, so let it be silent all the time. Why do you want revenge?"

When the voice fell, Lin Xiaokong suddenly pulled out his long sword, bypassed Wu Yao, and cut off at Ye Chen with a sword.

"Sword one, thousands of miles of snow!"

A violent drink.

Lin Xiaokong's long sword swept across, the sword gas burst, rolled up thousands of piles of snow, the air temperature plummeted, and pieces of ice flowers appeared in the world.

His sword, like a thousand miles of wind and snow, rushed towards Ye Chen.

Ye Chen's Qi and blood channels also solidified under the cover of the wind and snow sword.

He looked at the sword in horror, and immediately caught countless secrets, and said:

"This sword technique is my reincarnation sword technique?"

Ye Chen only felt that Lin Xiaokong's sword had a very deep cause and effect with reincarnation.

That sword technique must be born from reincarnation, with the great power of cutting the sky and rolling the earth..

Lin Xiaokong sneered. He didn't answer, but waved his sword to wind and snow and cut at Ye Chen.

"Hey, I said, don't hurt brother Ye Chen."

Wu Yao saw that Lin Xiaokong still wanted to do something, and glanced at his mouth. His face showed an unhappy color. He flashed and stopped in front of Ye Chen.

Hiss hiss!

The wind and snow sword, mixed with extremely fierce breath, fiercely chopped on Wu Yaojiao's body.

However, the accumulation of Wu Yao Dantian aura is too deep. Her breath defense is almost invincible in the world. The wind and snow sword Qi was cut on her, like a clay ox into the sea, and even her clothes were not damaged.

Lin Xiaokong was shocked and retreated repeatedly, looking at Wu Yao like a monster.

At the moment, Wu Yao is indeed a monster demon. She inherits the cultivation of the old lord, and the foundation is too deep.

Looking at the universe, there are no more than five people who can hurt her.

Naturally, Lin Xiaokong is not included in these five people.

Ye Chen was also shocked to see Wu Yao's terrifying aura defense.

Lin Xiaokong's sword Qi is enough to crush him thousands of times, but it can't hurt Wu Yaoding. It can be seen how deep and terrifying Wu Yao's Taoist foundation is.

Unfortunately, this information can only be used as passive defense now. Wu Yao wants to take the initiative, but she can't. She can't give full play to these strengths.

Otherwise, she can stop Lin Xiaokong with one move, and it's not his turn to continue.

"Miss Wu Yao, get out of the way!"

Lin Xiaokong was frightened and angry. He waved his sword again and bypassed Wu Yao to pursue Ye Chen.

Ye Chen dodged, and Wu Yao also stepped forward to protect Ye Chen.

However, she can't give full play to her internal strength after all. Relying on passive defense alone, sooner or later, she can't keep up with Lin Xiaokong's actions. Once her protection is slightly poor, ye Chen will be in danger.

"Lin Xiaokong, I hate you if you don't talk about martial virtue!"

Wu Yao stamped her feet, bit her lips angrily, and scolded.

It can be seen that Lin Xiaokong has gone too far if she can scold the merciful Lord.

After all, Lin Xiaokong is a Super Master of immeasurable realm. Such a strong man, however, completely ignores the rules and ends up in person to kill Ye Chen, which is a little shameless.

Lin Xiaokong knew he was wrong, but he didn't open his mouth to refute. He silently waved his sword and stabbed it out again and again, just trying to bypass Wu Yao's protection and kill Ye Chen.

Ye Chen has been in a very dangerous situation. He was almost killed by Lin Xiaokong several times, and even stabbed by his long sword once.

Fortunately, at the critical moment of life and death, the love on Ye Chen's fingers played a role in blocking the blow of life and death for him.

But love can resist once, but it can't

Chapter 7896

She can't exert much strength. This small world is very fragile. Lin Xiaokong can break it with a finger.

But Lin Xiaokong, who was shrouded in, snorted stiffly, sat down cross legged on the spot, guarded his mind, but dared not make the slightest move.

Because in this small world, Wu Yao's compassionate will is full of. Under the influence of that compassionate will, Lin Xiaokong's murderous spirit may be washed away.

He didn't want his Taoist heart to be affected by Wu Yao, so he immediately sat cross legged and kept his mind, but he was unable to chase Ye Chen again.

"Miss Wu Yao, you insist on trapping me. When I come out, I'm not polite!"

Lin Xiaokong's will shook and he made an angry voice.

"Hum, you're welcome, what can you do? Even if I stand and fight you, can you hurt me?"

Wu Yao snorted coldly, and also responded impolitely.

Lin Xiao quickly vomited blood in the air, but there was nothing he could do. Even his mind was almost lost. He was so anxious that he quickly closed his eyes and stabilized his heart.

Wu Yao turned back to Ye Chen and said, "brother Ye Chen, go quickly! When you find the treasure, come back to me. Sister Ruoxue and I are waiting for you!"

Seeing this, Ye Chen quickly made a decision and nodded, "sister Wu Yao, thank you! Then I'll go first."

Wu Yao said "Hmm", quite reluctant to give up, and said, "have a good trip, be careful, I've caught the secret of heaven. Today's epic world may not be calm."

Ye Chen heard Wu Yao's words, and his heart was cold.

Is there any change in the epic world?

According to the old lord, no one knew where the epic world was in those days, and only he knew it.

There is no human being in the epic world.

But now, Wu Yao specially warns that the epic world is not calm..

Have outsiders invaded that place?

Is the treasure of the old lord safe?

Ye Chen was on alert and knew that it was not easy to find the treasure.

"Sister Wu Yao, don't worry, I will be careful."

At that moment, ye Chen said goodbye to Wu Yao and waved the reincarnation Heavenly Sword, which split the world crystal wall system of the star moon world and broke out.

"Brother Ye Chen, you must return safely..."

Wu Yao looked at Ye Chen's leaving figure, disappointed.

Ye Chen left the star moon world and went outside. People were floating in a chaotic void.

In front of him, there was the weather of the entire Taishang world, a world of heavenly ladders, superimposed layer by layer, I do not know how many tens of millions of layers, and each layer of the world was as vast as the universe.

Standing in front of this ladder world, people are really too small to be small, hundreds of millions of times smaller than a grain of dust.

Even if it is as strong as the ancient emperor, it is impossible to explore all the mysteries of this ladder world, because the number of layers of worlds is too much, it is simply an infinite universe of tens of thousands, billions, and billions. No matter how powerful the real world is, it is impossible for people to explore it all.

The epic world is hidden in it.

Without clear coordinates, it is impossible to find them.

Ye Chen took the jade talisman given to him by Wu Yao, and quickly captured the coordinates of the epic world. With a flash of his body, he tore the void, and immediately rushed to the epic world.

"I hope I can successfully find the treasure, get the tianwu Wolong Sutra, and get all the treasures!"

Ye Chen thought, just want to get the treasure as soon as possible, and then go back to reunite with Wu Yao, Xia Ruoxue and others.

Hiss.

The void was torn apart, and ye Chen appeared at the edge of the world.

"Is this the epic world?"

Ye Chen was stunned and looked forward.

I can only see the world, vast and boundless, and I can't see the end at a glance.

In this world plane, the law is also vast and gives people

Chapter 7897

Ye Chen calmed down, but he didn't dare to be careless. He sacrificed the holy cup of human slaughter to protect his body, so he wanted to step into the epic world and look for old treasures.

However, when ye Chen approached the epic world, a gorgeous crystal wall appeared, like a barrier, blocking Ye Chen's steps.

On that crystal wall, floating Purple Forbidden runes, streamer, and a trace of dangerous breath, seems to be warning the world that whoever dares to break through, he is dead!

"Eh?"

Ye Chen was surprised, but he didn't expect that this epic world, as well as the protection of the forbidden crystal wall.

If you want to go in, you have to break this crystal wall.

Ye Chen touched it and felt that the crystal wall was surprisingly firm and seemed to be unshakable. It was thousands of times stronger than the space blockade barrier in the star moon world.

"Who arranged the prohibition? There are indeed people in this epic world!"

Ye Chen was dignified for a while, pulled out the reincarnation Heavenly Sword and slashed hard.

Zheng!

The blade cut on the forbidden crystal wall and collided with dense sparks. There was only a shallow white mark on the crystal wall, without any sign of damage.

With the sharp edge of Ye Chen's reincarnation sky sword, he couldn't break the crystal wall.

Ye Chen even felt that if he wanted to break the forbidden crystal wall, he could only use the emperor's holy knife at any cost.

"Incredibly so solid."

Ye Chen frowned tightly and touched the cold crystal wall. For a moment, she didn't know what to do.

"Lord of reincarnation, do you want to go in?"

At this time, ye Chen heard an old voice ring out.

"Who?"

Ye Chen frowned and looked back, but he saw an old man behind him, tearing the void down..

The old man, with a kind face and no murderous spirit, obviously had no evil thoughts.

If he is murderous, even if he is hundreds of millions of miles away, ye Chen can catch it. It is impossible to be unaware as just now.

"Lord of reincarnation, don't panic. I was born in heaven and am your believer."

The old man reported his name and arched his hand at Ye Chen, with a great humility.

"Born in heaven, my believer?"

Ye Chen was surprised. The old man's name was a little strange, and what was more strange was that he claimed to be a believer in reincarnation.

"I'm from the hall of life and death in the ghost kingdom. I don't know the Lord of reincarnation. Have you ever heard of this place in the ghost kingdom?"

The old man, who called himself shengjuetian, was still modest.

"Ghost kingdom?"

Hearing the name of the world, ye Chen was shocked, and vaguely captured the mystery related to reincarnation.

"Is it one of the six realms of reincarnation?"

Almost in a moment, ye Chen can determine that the ghost King realm is one of the six realms of reincarnation, which is created by the supreme will to bury reincarnation!

"Exactly."

Sheng Jue Tian nodded.

Ye Chen looked at Sheng Jue Tian, and saw that the other party really meant no harm. He said, "the six realms of reincarnation were created to bury reincarnation, but you have no intention of killing me, and you are even my believer, standing on the side of my camp?"

Among the six realms of reincarnation, ye Chen has been to hell and sentient beings.

Is it possible that the ghost king world, like the Buddha of the sentient world, openly violates the mission of the supreme will and instead defectes to worship reincarnation?

Sheng Jue Tian sighed and said, "my hall of life and death really yearns for the order of reincarnation, but the ghost king world is still adhering to the mission of burying reincarnation."

Ye Chen said, "why is this?"

Sheng Jue Tian sighed, "it's a long story."

Ye Chen said, "then make a long story short."

Sheng juetian meditated slightly for a while, and finally said, "in short, there are two forces in the ghost Kingdom, one is my life and death temple, and the other is the barbarian temple."

"I admire reincarnation in the hall of life and death."

"But the temple of the wilderness, firmly adhering to the so-called supreme mission, is determined to bury reincarnation."

"The conflict between our two forces broke out a million years ago, and our hall of life and death was defeated. Finally, we were forced to escape from the ghost king world and hide our names outside."

"The destiny of the ghost king world is still in the charge of the wild temple. They are determined to kill you."

After hearing Sheng Jue Tian's words, Ye Chen suddenly realized, "I see."

Chapter 7898

"Don't be polite, elder. Get up first, and everyone will be friends in the future."

Ye Chen helped Sheng juetian up. Although the hall of life and death was lonely, it also left a trace of information after all. If it could be solicited, it would naturally help a little more.

Sheng juetian felt grateful and trembled all over. Where did he think of himself today

Chapter 7899

Although the epic world is dangerous, ye Chen is not afraid. His shackles are cut off and he has great luck. No one can take away the treasure he wants.

"Elder, where is your friend?"

Ye Chen asked again, he just wanted to get the key as soon as possible, open the crystal wall prohibition of the epic world, and directly step in.

Sheng Jue said, "my friend, Feng Changkong, was the ancestor of the Feng family in the ghost kingdom. Because he fought with the wild temple, he also escaped with me to escape from the chase."

"Alas, the support of the supreme will behind the wild temple is really difficult to deal with."

Hearing the word "supreme will", ye Chen remembered the dead face he had seen in the world of sentient beings in the past. He was wary and cautious. Then he shook his head and said, "these fights don't need to be in a hurry for a while. Now the most important thing is to enter the epic world and find the treasure!"

Ye Chen just wants to improve his strength as soon as possible. Now that he has cut all his shackles, he needs a lot of cultivation resources to really play the effect of cutting shackles and make his cultivation progress by leaps and bounds.

Ordinary elixir and Tiancai Dibao have little effect on Ye Chen. Only the old lord's treasure and the tianwu Wolong Sutra inside can make him make rapid progress!

Only when you become stronger can you face the next enemy.

Sheng Jue said: "Lord, the epic world is full of dangers. Although you have great luck, you'd better be cautious in everything. I have a sword manual, which may improve your strength."

While talking, Sheng Jue took out an ancient book, the pages of which had turned yellow, and the cover was printed with four big words "cut the sky nine Swords".

Ye Chen looked at the word "cut the sky nine Swords", his head buzzing, as if some memory had been revived, which was derived from his reincarnation blood, an ancient memory.

Ye Chen said in surprise, "what kind of sword spectrum is this? Cut the sky nine swords?"

Sheng Jue Tian handed the sword spectrum to Ye Chen and said, "Lord, please see, this is the pulse of reincarnation. The ancient nine swords of chopping the sky were not created by human power, but by reincarnation!"

Ye Chen took the sword manual, opened it and saw that there was a very sharp and esoteric sword technique on it, one sword in one form, and the sword Qi was so sharp that it almost broke the paper, and even stabbed Ye Chen's eyes a little painful.

"Cut the sky nine swords, the sword a thousand miles of snow, the sword two winter rain listen to thunder, the sword three cold spring grain in ear... The sword eight kill the heart without trace, the sword nine Feng dance nine days!"

Ye Chenfan looked at the sword spectrum, and the more he looked, the more frightened he became.

There are nine types of this nine sword for cutting the sky. Each type is extremely powerful and powerful enough to crush the real world. It is so sharp that it is unimaginable. It is a real "cutting the sky"!

Even, ye Chen felt that the nine sword of cutting the sky, if used with the help of reincarnation blood, was even more powerful than the sword of water!

Because reincarnation blood is above the heavens.

This nine sword chopping heaven, born in reincarnation blood, is naturally superior to all kinds of kendo, even the peak than the peak, surpassing everything..

Ye Chen has also seen this nine sword chopping the sky. He had seen it before in the star moon world, and Lin Xiaokong used it

Chapter 7900

The voice fell, and ye Chen thought of the beauty of cutting the sky nine swords in his heart. A sword rolled the void, and the aura vibrated, turning into thousands of snowflakes.

The thousands of snowflakes, with the sword gas of Sen Han, are overwhelming towards the life and death.

Seeing this, Sheng Jue Tian was also energetic, and used the same sword technique as ye Chen.

The two shouted at the same time:

"Sword one, thousands of miles of snow!"

Two long swords cut the air and blew up thousands of miles of flying snow. The flying snow fell on the crystal wall of the epic world. Once illuminated by the sun, it turned into a rainbow, like a dream.

Two terrible winds and snow collided madly. Sheng Jue Tian had just recovered the cultivation of the emperor of heaven. At this time, he fought to the height of his strength. The sky and the earth were full of Blizzard and wind, and thousands of miles of frost rolled.

Ye Chen felt the strength of Sheng Jue Tian's momentum, and his face did not change. The sword momentum suddenly changed, and he shouted:

"Sword two, listen to the thunder in the winter rain!"

This time, ye Chen directly used the nine swords to cut the sky
