

Physician 7901

Chapter 7901

Sheng Jue said: "he is in a blessed land attached to the danqingxianzong, and has always been protected by the danqingxianzong. I have told him about your Lord. I want him to be at home, waiting for you to come."

Ye Chenqi said, "Dan Qingxian sect? This is really a coincidence."

Nangong Xinran, the eldest daughter of Danqing Xianzong, is a friend of Ye Chen. We used to go to Lihuo together to find the holy cup of human slaughter.

Previously, ye Chen had also happily reunited with Nangong when he captured Tianxue Shendan in Tianqing domain.

In the end, the two sides even made a deal. Ye Chen exchanged a heaven blood god pill for an infinite fairy pill.

It was also with the infinite elixir that ye Chen was able to heal the fairy when she was hit hard by the legendary staff.

Moreover, it seems that the Danqing immortal sect is also related to the tablet of God worship of the emperor of heaven, so ye Chen has always been impressed.

It's much easier for a friend who lives in the cave under the danqingxianzong to do things. After all, ye Chen and the danqingxianzong are also somewhat friendly.

"Lord, my friend, he also practiced the nine swords of cutting the sky. It took 100000 years to practice the first two swords. Later, he was summoned by the epic emperor and entered the epic world. He was almost swallowed. At the moment of life and death, he burst out

Chapter 7902

Nangong Ling's inky body rippled a little. He couldn't see whether he was happy or sad. He just heard him say, "don't say polite words. What are you doing here?"

Listen to his tone, but it is heavy.

Sheng Jue Tian was neither humble nor arrogant and said, "Lord Nangong, I came here with the Lord of reincarnation to ask my friend to borrow a key."

Ye Chen glanced at Sheng Jue Tian, and the other party didn't hide his intention. He wanted to know the existence of the key, and Danqing immortal sect also knew it.

Nangong Ling said in a deep voice, "do you want to take the key? It's a pity that you came a little late. The people of the Feng family were killed by Wutian, the demon ancestor, and Feng Changkong was also taken away."

Ye Chen and Sheng Jue Tian looked at each other in horror, and Ye Chen hurriedly asked, "Nangong patriarch, devil ancestor Wutian has also come to the world?"

Nangong Ling snorted, with a somewhat wary tone, and said, "he has come long ago and is in charge of the Jianmen himself. Before you cut the flail, his old alliance was badly damaged. Now he even completely exposed the chess piece of the Jianmen in order to supplement his strength."

"Now everyone knows that Jianmen is the force cultivated by demon Zu Wutian secretly!"

Ye Chen felt a chill in his heart. In the previous battle of flail cutting, the magic ancestor Wutian had 100 million jade pieces, and even the Shanmen Taoist temple of the old League was sacrificed a lot.

The old alliance is now in decline. Maybe it is because of this that Mozu Wutian directly came to Taishang world and took charge of Jianmen himself.

Taking charge of Jianmen can restore the vitality of Mozu Wutian, but in this way, he is equivalent to giving up the home of the dark forbidden sea and coming to the place of Taishang world, which is equivalent to a direct confrontation with the wanxu temple, which is obviously disadvantageous.

Sheng Jue said, "the non demon ancestor sent someone to seize the key, and he wants to compete for the old treasure?"

Nangong Ling sneered and said, "the old treasures, Tiancai and Dibao are countless. Who doesn't want them? I want them all! It's no big deal that the demon ancestor wants to rob them."

After a pause, Nangong Ling said with some resentment, "it's just that he killed people on the territory of my danqingxianzong. He doesn't pay much attention to me! Really think that my danqingxianzong is deserted?"

Feeling Nangong Ling's anger, Nangong readily and gently advised, "Grandpa, you have no body, not even a spirit. Don't be too angry, lest you hurt your vitality foundation."

Nangong Ling nodded, slightly suppressed his inner anger, and said, "it's a pity that grandpa didn't have the courage to go to the epic world to seize the treasure. The key has always been under my nose, but I haven't dared to borrow it. Today, he was taken away by magic ancestor Wutian!"

Hearing this, ye Chen can probably guess that Feng Changkong can live under the danqingxianzong and even be protected by the danqingxianzong because of the key.

Nangong Ling also wants the key to enter the epic world, but he has no courage.

Ye Chen can feel the contradiction of Nangong Ling. The key has been in Feng Changkong's hand. If Nangong Ling wants to borrow it, he can borrow it at any time, but he dare not..

Nangong Linggui is the head of a sect and dominates the Danqing world. He dare not venture into the epic world, which shows the danger and terror of the world.

"Nangong patriarch, you want to go to the epic world. I don't know what you want in the treasure?"

Ye Chenning asked that he also wanted to seize the treasure. If there was any conflict with danqingxianzong and the two sides met, it would be very bad. It's better to make things clear first.

Nangong Ling looked at Ye Chen, felt Ye Chen's deep reincarnation, and recalled the legends of reincarnation. He couldn't help appreciating more in his eyes, saying:

"Lord of reincarnation, don't worry, I'm not going to compete with you for the tianwu Wolong Sutra."

"I want to take the treasure because I want to take some special pills to restore my body and soul. To be honest, my body and soul have already been crushed. It is my supreme pen and ink secret method of Danqing immortal sect that has sketched out my destiny again."

"I'm not a person in the real world, nor do I belong to nothingness. I'm a person in the picture."

Speaking of the end, nangongling's tone was quite sad.

No body, no soul, God knows how he survived. Is it interesting to live like this?

Ye Chen was shocked and speechless. For a moment, he didn't know what to say.

Nangong happily whispered, "brother ye, you are in great luck. If you can go to the epic world and find a treasure, please leave some pills to my grandpa to reshape the body and spirit. The pills that can make my grandpa recover are only in the old treasure."

Ye Chen hesitated for a moment and said, "now the keys have been robbed by magic ancestor Wutian. Without the keys, it is difficult for me to enter the epic world."

Nangong Ling said, "if the key has been robbed, go and get it back! I have sent someone to trace it. I believe there will be news soon."

Ye Chen's eyes lit up and said, "if I can really recapture the key, enter the epic world and get the treasure, I will pay attention to the pill that reshapes the body and soul for my predecessors."

Nangong Ling snorted again and said, "I don't want you to pay attention, I want you to find it!"

"Lord of reincarnation, let's just make a deal."

"Help me find the elixir to reshape my body and soul, and I'll tell you the whereabouts of the tablet of the God of heaven!"

Ye Chen heard the tablet of the God of heaven, and his head shook violently, a blank, stunned in situ.

Nangong Xinran was also stunned, because she had previously been entrusted by Ye Chen to investigate the tablet of the emperor of heaven, but she couldn't find it.

Now, her grandfather Nangong Ling spoke directly, saying that he knew the whereabouts of the tablet of the emperor of heaven and was even willing to trade.

As long as ye Chen can find the elixir he wants, he can tell the emperor the location of the tablet!

Chapter 7903

Ye Chen exclaimed, "master, do you... Do you know where the tablet of the emperor of heaven is?"

Nangong Ling sneered and said, "of course, you know. Guess, my body, gods and souls were all crushed and became this ghost. What caused it?"

Ye Chen sweated coldly and said, "is it... The monument of the emperor of heaven?"

Nangong Ling said, "that's right! That tablet of the emperor's gods is worthy of the rank of thirty-three heavenly artifacts

Chapter 7904

Those strong men of the Danqing immortal sect are all carrying huge battle pens. The pen edge is much sharper than the sword, shining stars, shining brightly and chilling.

About sixorseven of the people besieged by them, except for an old man, were all dressed in Jianmen clothes.

The old man, unkempt and covered with blood, was held in their hands as a hostage.

For a time, the strong of Danqing immortal sect did not dare to get too close for fear of change.

Ye Chen nodded secretly. It seems that Danqing immortal sect does have a bit of weight.

Mo Zu Wutian sent someone to kill Feng Changkong. Although he killed all the people of the Feng family and took Feng Changkong away, he was stopped by danqingxianzong halfway.

It can be seen from the mechanistic reaction of danqingxianzong,

Ye Chen flew closer again, and his heart was startled.

Among the strong men of Jianmen, he saw a familiar figure.

That is a simple and innocent boy, his eyes are extremely clear, and he turned out to be the incarnation of heaven's good thoughts, return to dust!

Ye Chen was naturally shocked when he saw that Guichen was also at the scene.

He and Sheng Jue Tian, Dharma protector of the Danqing immortal sect, flew into the painted world.

The Dharma protector simply said a few words, and the strong people of the Danqing immortal sect around him immediately bowed to Ye Chen and said, "I've seen the Lord of reincarnation!"

The besieged Guichen, seeing ye Chen coming, was also shocked and trembled:

"Ye... Brother ye, is that you?"

Ye Chen's eyes were quite complicated. He took a step forward and said, "it's me, Guichen. Now, are you following the demon ancestor Wutian?"

"You cut your flail ninety-nine times. Looking at the world, you are second only to me. Your future achievements are really unlimited!"

Hearing Ye Chen's tone of indifference, GUI Chen knew that he was blaming himself for taking refuge in demon Zu Wutian, and immediately felt sad and said:

"Brother ye, what good is it for you to fight around? Wu Tianlao Zu is not evil. He is also a great master. I will advise him more. Isn't it wonderful for you to turn fighting into friendship?"

Ye Chen glanced at the unkempt old man and knew that he was Feng Changkong. At this time, he was held hostage and couldn't help saying coldly:

"You killed all the people of the Feng family, and took the elder Feng as a hostage. Do you still want to turn fighting into friendship?"

GUI Chen was sweating and said, "this... This, I didn't kill this person, it was..."

When he said this, a cold and arrogant voice sounded beside him: "I killed it!"

It was a burly young man with the blood breath of the Yu Huang family. I think it was the Yu Huang Yao.

Ye Chen asked, "are you Yu Huangyao?"

The young man said defiantly, "exactly! The people of the Feng family are really rubbish. I killed them all with a few swords."

When he spoke, he grabbed Feng Changkong's hair, and his attitude was extremely arrogant..

Feng Changkong is old and decadent, and his injury is quite serious. When he reached the peak of his cultivation, he was naturally not afraid of Yu Huangyao, but the struggle in the epic world hurt his vitality foundation. Now his cultivation has fallen greatly, and he is not an enemy of Yu Huangyao at all.

But no matter what, he is always a guest of the Danqing immortal sect. Now that he has been humiliated, many of the strong people of the Danqing immortal sect are filled with righteous indignation, drinking and scolding, trying to do it, and Sheng Jue Tian is also angry.

Yu Huangyao stepped back, grabbed Feng Changkong's neck and said, "don't come here! Otherwise, I'll kill the old man immediately!"

"The key to the epic world is sealed in his blood. As soon as he dies, the key disappears."

Seeing his threat, everyone was even more angry, but they didn't dare to act rashly.

After all, the key to the epic world matters a lot. If they lose it, they can't explain it to the patriarch nangongling.

Ye Chen took out the reincarnation sky sword, looked directly at Yu Huangyao and said, "you just a few people dare to break into the Danqing world to kill. I admire your courage, but now you are trapped, I see how you can escape."

Yu Huangyao laughed and said, "too many people will hinder us. A few of us are enough."

Speaking of this, he glanced at Guichen again: "anyway, master Guichen's Buddha Dharma is very subtle, which can cover up all the murderous spirit. Even if I make a big mess, no one will find it."

GUI Chen bowed his head to chant Buddha, closed his eyes and muttered, "sin, sin..."

Ye Chen's heart was cold, and he knew that Yu Huangyao could kill and seize treasure under the eyes of the danqingxianzong because of the cover of Guichen.

Guichen is like another Wu Yao, the embodiment of good thoughts. Under the cover of his Buddhist good thoughts, all killing causes and consequences will not be exposed.

In fact, Wu Yao was just born when the old lord built the container of Guichen.

Therefore, returning to earth is this world,

Chapter 7905

Seeing that Feng Changkong was so humiliated, GUI Chen couldn't bear it in his heart and said, "brother Yao, why don't you let this old master go? Didn't the eldest brother say that his sword is sweeping the world, enough to break the prohibition of the epic world, and we don't need to fake hands."

Yu Huangyao shook his head and said, "master brother, although his swordsmanship is divine, it's better to be cautious in everything. This old man, who was named by his ancestor to take back, master Guichen, you don't have to say anything."

Ye Chen snorted and said, "I'm afraid you can't leave today!"

Hearing Ye Chen's threat, Yu Huangyao looked calm and said, "Lord of reincarnation, I'm trapped by you. It's easy for you to kill me, but this old man can't survive."

"Hey, hey, why don't we make a deal."

"If you let me go, I'll leave the old man alive. I just ask him to borrow the epic key for a few months. When I find the old treasure in Jianmen, I'll return the key to you with someone."

When hearing Yu Huangyao's words, the strong men of Danqing immortal sect all sank.

In fact, the greatest value of Feng Changkong is the key on his body, which has the coordinates of the epic world, and can also open the prohibition of the epic world. It is the key to find old treasures.

If his key is robbed, even the old treasure is robbed, then he will lose all value, and Dan Qingxian sect can no longer protect him.

Therefore, Yu Huangyao's request is absolutely impossible for Danqing immortal sect to agree.

Moreover, if the treasure is obtained by the Jianmen, the old alliance will rise again. I'm afraid there will be no peace for the Danqing immortal sect.

The Dharma protector of the Danqing immortal sect said sincerely beside Ye Chen, "Lord Ye, this matter is extremely difficult. I don't know how you can make a decision?"

"If time goes on, the reinforcements of Jianmen may be coming. Fu Hongchen, the head of the seven sons of Jianmen, has been traveling for thousands of years. Recently, Mo Zu Wutian took charge of Jianmen himself and has summoned him back."

"Fu Hongchen's Kendo cultivation is very strong. If he comes to the rescue, I'm afraid the situation will be difficult to deal with."

Ye Chen's eyes were cold: "seven sons of Jianmen, Fu Hongchen?"

The Dharma protector said, "yes! When Yu Huangyao defected to wanxu and took refuge in Jianmen, he also brought the legendary nine swords of chopping the sky."

"Fu Hongchen, practice the nine swords of cutting the sky, and he has already practiced it

Chapter 7906

Feng Changkong's family was killed and he suffered humiliation. Originally, he was angry and afraid, but when he saw GUI Chen's clear eyes, all the hatred and anger in his heart dissipated in an instant.

Ye Chen confronts Yu Huangyao from afar, and the atmosphere is gradually tense.

The aura of the Yu Huang Yao Tian Xuan realm was released, and then the ten thousand ruins Linzi formula was opened, and an ancient demon God was summoned behind him.

The demon God is 100 feet tall and towering, protecting the body of Yu Huangyao.

Under the protection of Linzi Jue, Yu Huangyao's aura buzzed, and the flames of Qi and blood and life were burning, turning into ancient rivers, and the divine light shone around his whole body.

At this moment, Yu Huangyao was on full alert, and the protection was extremely strong. Even Sheng juetian, who was also a master of Tianxuan realm, asked himself whether he was sure to defeat the enemy in one blow.

Ye Chen took a deep breath and looked dignified.

He has made a promise. He has only one chance.

If he can't defeat the enemy with one sword, he will even give the reincarnation Heavenly Sword to Yu Huangyao!

This sword can only succeed, not fail!

Ye Chen held the iron sword tightly, and the thunder tablet vibrated in his body. The breath of the thunder tablet impacted the reincarnation blood, and the reincarnation blood also released its majestic majesty.

Crackling!

Purple and gold lightning began to beat on Ye Chen's body surface, and quickly gathered on his sword.

Yu Huangyao felt Ye Chen's more and more vigorous breath, and his face was also dignified. He secretly felt a pill to enhance Qi and blood, swallowed it, let his own blood burn more violently, and improve the defense of Reiki.

Hiss!

A sharp sword burst into the air.

Ye Chen finally shot, the iron sword with a roll of thunder, reincarnation blood blazing, a sword to kill Yu Huangyao..

"Sword two, listen to the thunder in the winter rain!"

Ye Chen shouted violently, when even if he had cut the sky nine swords, the winter rain listened to thunder!

As soon as the thunder broke out, the winter rain suddenly fell into the cold wind in the middle of winter, and the temperature suddenly fell.

Many dust in the starry sky were frozen by the cold winter, and a little bit of cold and biting rain came out with Ye Chen's long sword.

Ye Chen's sword, shot out of the winter rain, mixed with rolling thunder, is extremely powerful.

The sword Qi passed through, and even the rain in midair was swept up into the sky.

It's waterstop Kendo!

In order to defeat Yu Huangyao with one sword, ye Chen fought hard, and even urged the nine swords of chopping heaven with waterstop sword.

Before the sword blade reached Yu Huangyao, ye Chen felt that his bones were about to burst.

At the same time, if he didn't cut all his flail and unleash his potential, he might have been eaten to death.

"What! Cut the sky nine swords! When did you learn it?"

Yu Huangyao was also thrilled to see ye Chen cut with a sword.

Ye Chen's sword technique turned out to be nine swords cutting the sky. He never thought that ye Chen actually learned it.

You know, the sword spectrum of chopping the sky nine swords, but in the wanxu temple, does Ye Chen have it

Chapter 7907

Ye Chen was not too happy in his heart. He deeply felt that it was difficult to kill the second time when his cultivation reached the seventh level of Tianxuan realm.

For example, he used Lei Bei, Shui stop Kendo, and cut nine swords in the sky, which could not kill Yu Huangyao.

Obviously, the cultivation of the emperor of heaven, to the late stage of Tianxuan realm, the vitality is strong to an incredible level.

The master of immeasurable realm is even more powerful.

Peak strongmen such as Ren Feifan, Ren tiannv and Yu huanggudi are the power of the real world, and all of them cannot be killed together.

Ye Chen is also more longing for the realm of Jun that day.

When you become the emperor of heaven, you don't know what level you will reach.

Yu Huangyao covered the terrible wound on his chest and stared at Ye Chen. He didn't expect to lose. He was really defeated by Ye Chen with a sword.

"Willing to admit defeat, give me back!"

Ye Chen looked at Yu Huangyao and said.

Yu Huangyao gnashed his teeth and said, "you won!"

Both sides have made promises and pledges. Since he lost, naturally he can't go back on his words. At that moment, he grabbed Feng Changkong and pushed him out.

Feng Changkong stumbled and walked towards Ye Chen and Sheng juetian.

He was a little unbelievable. He didn't expect to be rescued. His old body trembled slightly.

"Old friend!"

Sheng juetian was also a burst of excitement, rushed up, wanted to meet..

Ye Chen smiled and watched silently, but suddenly caught a dangerous breath and shouted, "be careful!"

At the moment when the sound fell, ye Chen offered the holy cup of human slaughter to block the head of Sheng Jue Tian and Feng Changkong.

Zheng!

Just at this time, a sharp sword came down from the depths of the starry sky and hit Ye Chen's butcher's holy cup.

Sheng Jue Tian and Feng Changkong were both terrified. If it weren't for ye Chen's Holy Grail, I'm afraid that both of them would be killed by that sharp sword.

They retreated in horror and looked into the depths of the starry sky, but heard the sound of dragons singing and birds singing.

I saw a fiery light, full of vitality and vastness, flying from the depths of the starry sky.

In that light, there was a cold and straight man, holding a sword in his hand, and his whole body was full of sword Qi. The sword Qi kept gushing and rolling, and unexpectedly evolved into the shadow of a divine dragon and a divine bird, which was very spectacular.

He came down, just like the whole world Dynasty, the cosmic Empire, came down, dragon and sparrow danced, and the sense of oppression was amazing.

The ink painting scroll developed by Danqing Xianzong was crushed and replaced by this man's brilliant dragon finch empire.

"Big brother!"

GUI Chen and Yu Huangyao, seeing the man coming down, shouted in unison.

That man is the head of the seven sons of Jianmen, the eldest martial brother of Jianmen, Fu Hongchen!

"No, Fu Hongchen is here!"

Danqingxianzong's strong men saw Fu Hongchen coming, everyone was afraid and frightened, and many people trembled all over, as if they saw some terrible figure.

"This person is Fu Hongchen?"

Ye Chen also looked at Fu Hongchen, but he couldn't see through each other's cultivation breath. He only felt that the other party's momentum was extremely strong, such as the king of kendo, dominating the world.

The dragon and finch aura on him is the result of the cultivation of nine swords

Chapter 7908

At that time, the spirit of the iron throne was badly hit by Ye Chen's emperor's holy knife, leaving only a wisp of residual soul.

But at this moment, the iron throne that appeared in front of Ye Chen has recovered.

That's the magic of the supreme court!

The supreme imperial way, one of the thirty-six supreme ways, can cultivate the body into a royal dynasty. A person is an empire, majestic and powerful.

Ye Chen did not expect that the spirit of the Iron Throne unexpectedly appeared on Fu Hongchen.

"Iron Throne, have you taken refuge in the demon ancestor Wutian?" Ye Chen asked.

The Iron Throne laughed, "it's not refuge, it's just temporary cooperation."

At this time, he relied on the emperor's way to recover his body, and his mental state was much better. His eyes were staring at Ye Chen: "what belongs to me, no one can take it away! My throne, you spit it out!"

The voice fell, and the iron throne was full of breath. A imperial Empire appeared, and huge palaces emerged in the starry world. Countless mountains, rivers, cities, buildings, and even countless creatures multiplied, and thousands of troops rushed to Ye Chen.

Ye Chen was shocked. It seemed that the spirit of the iron throne was really deep. Even if he lost the throne itself, he could burst out with powerful magic powers.

Sheng Jue Tian and many powerful Danqing immortal sect felt the vast imperial atmosphere, but also shocked.

Holding a sword, Fu Hongchen said with a smile, "tie Jun, you said that if you can kill the Lord of reincarnation and take back the iron throne, you will let me ascend to the throne."

The Iron Throne said, "naturally, you and I work together. Kill that boy first today!"

His tone was a little reluctant. Obviously, he didn't want to accept Fu Hongchen as king, but now his throne has been lost and he can only temporarily yield to living under the command of magic ancestor Wutian.

Fu Hongchen said happily, "well, I can practice the nine sword of cutting the sky, and I may be the inheritor of reincarnation in the next life! As long as I kill Ye Chen today, the destiny of reincarnation belongs to me! I am qualified to ascend to the pole and become king!"

The voice fell, and Fu Hongchen's body burst out like lightning, slashed the sky with a sword, and shouted:

"Sword four, Daxia Longque!"

The Blazing Sword gas rushed out, and the starry sky was torn. The sword gas surged in the void, turning into an ancient dragon and a startling bird.

The loud and clear sound of dragons and birds, penetrating the clouds and cracking the air, is shocking..

The boundless and vast Longque sword Qi, like destroying the withered and decaying, chopped off towards Ye Chen and others.

Under the concussion of sword Qi, ye Chen only felt a huge pressure.

Seven or eight out of ten of the strong men of the Danqing immortal sect around him were crushed by the Longque sword gas in an instant, breaking their bodies and souls. They were killed without even humming.

Fu Hongchen's sword Qi was so terrifying that it was unimaginable, and it was blazing.

Ye Chen was also deeply shocked. He felt the real power of the nine swords.

The first two swords he mastered were not as deadly as earth shattering.

But Fu Hongchen practiced it

Chapter 7909

"Don't joke, elder." Ye Chen shook his head.

Feng Changkong flipped his palm, offered a jade talisman to Ye Chen, and said, "this is the key to the epic world. Take this jade talisman, and you can break the crystal wall prohibition and enter."

"However, in the epic world, it is extremely dangerous. You should be careful."

"In those days, most of the people who were summoned were swallowed by the epic emperor. I heard that only a small number of people survived."

Ye Chen took the jade talisman and said, "old master..."

In the distance, Fu Hongchen, who came after him, saw the jade key, which was also shaking, and shouted, "old man, give me the key!" Speed up to catch up.

The spirit of the Iron Throne around him also chased up quickly.

Ye Chen felt dangerous and hurriedly flew forward with Sheng Jue Tian and Feng Changkong.

Feng Changkong shook his head and said with a wry smile, "you can't go away like this. Lord of reincarnation, I'll stay. I have only one request. After you go to the epic world, help me pay attention to the news of my granddaughter."

"My granddaughter's name is Feng Lanxi. She was a playful girl and secretly entered the epic world with me. I don't know if she is still alive. She is best alive. If she dies, you can help her restrain her bones." The tone is quite suggestive of loneliness.

Feng Changkong knows that ye Chen is the Lord of reincarnation. If he reaches the top in the future, he can easily revive anyone.

In this way, even if his granddaughter fenglanxi is really dead, there is also hope of resurrection..

Ye Chen was shocked and said, "if you are swallowed by the epic emperor, is there still a chance to live?"

Feng Changkong nodded slightly and said, "some of the people who were summoned in those years have extremely strong cultivation. Even the epic emperor can't easily kill them."

"I remember a strong man named tianchu Shengzu. He said that he fell into the trap of the epic emperor in order to allow the heavenly daughter to find the treasure, but he fought hard. He even heard that he had a firm foothold in the epic world."

Hearing this, ye Chen was a burst of strangeness. Is this old treasure still related to the goddess?

Feng Changkong continued, "I broke out in those days

Chapter 7910

Nangong Ling heard that Feng Changkong was dead, but fortunately, the key was found, and she was relieved.

Feng Changkong's life and death, in fact, he doesn't care, just care about the key.

Of course, on the surface, he naturally wants to mourn and then send someone to erect a monument for Feng Changkong. This is a basic etiquette.

After the simple ceremony, Nangong mausoleum asked Ye Chen, "Lord of reincarnation, when are you going to search for treasure in the epic world?"

Ye Chen said, "I'll take a night off and go tomorrow."

If you can, ye Chen wants to start at once.

Because Xia Ruoxue is still going through the robbery, ye Chen wants to go back to visit as soon as possible.

However, today's battle with Yu Huangyao, Fu Hongchen and others, ye Chen consumes a lot and must rest.

Hearing that ye Chen could start tomorrow, Nangong Ling was overjoyed and said, "is it so fast? Very good, very good, you remember, I need a pill called broken Nirvana God pill."

"That kind of pill can restore my body and soul. It can only be refined in the old times. It can't be refined today."

At this point, nangongling sighed.

The times are not always progressing, but degenerating.

Hongjun ancestors, Wu Zu and others lived in the flood and famine era, which was full of vitality, and the law of the great road was almost perfect.

In the old days, the aura was also quite abundant. Although the law was defective, it was not too serious..

But today, the aura of heaven and earth has declined a lot compared with the past, and the law of reality also has many defects.

As a result, there are many panacea that cannot be refined because of the defect of the law of reality.

Just like the shattering Nirvana pill that Nangong Ling wanted, in fact, he has collected all the prescriptions and materials, but no matter how hard he tried, he could not refine even a little bit of drug residue. It is because the law of reality is missing that many pills cannot be refined.

"The treasure of the old lord is very rich in collection, and there must be a Nirvana pill in it."

"If you can find the nirvana pill, I can tell you the whereabouts of the tablet of the emperor of heaven."

Nangongling looked at Ye Chen with high hopes. Now he can only hope on the old treasure.

Ye Chen said, "yes, sir, I will pay attention."

Nangongling nodded and said, "very good."

After the agreement, ye Chen took a temporary rest in danqingxianzong and was ready to start tomorrow.

The cause and effect of this world are closely linked, and every move will touch the mystery of heaven.

The gathering of the eight heavenly swords, the revival of Wu Yao, and ye Chen's preparation to search for treasure have touched the mystery of heaven, and many forces have been induced.

Tianqing domain, in the general altar of Tianqing League.

Ye Linyuan has changed into a sky blue robe. He is the leader of the sky green alliance, and his every move shows fierce dignity.

In the woods behind the mountain.

"The old treasure, the epic world, will have great changes. I must not sit back and watch the treasure lose!"

Ye Linyuan was practicing cross legged, with a black coffin beside him.

He pinched his fingers and counted. He felt the rain coming.

In any case, he can't miss the old treasure.

Because it needs a lot of resources to recover the old ancestor ye Chunjun and even fight against the wanxu. If we can get the old treasure, many problems can be solved.

.....

Yuhuang celestial realm, wanxu temple.

The feather emperor also caught the mysterious changes of the old treasure. His eyes looked at the distant sky, and his eyes narrowed slightly, as if he wanted to spy on the changes behind him.

After a pause, the emperor stood up and walked to a forbidden area deep in the temple of the ruins.

In the forbidden area, there is an ancient array.

An old man with long eyebrows was sitting in the center of the array, surrounded by all kinds of natural materials and earth treasures, holy stones and elixirs, and even some bones of strong people in Tianxuan realm.

The old man seems to be running some special secret method. Those natural materials and earth treasures are constantly consumed. Layers of magnificent weather emerge around the old man, such as dream bubbles, in which thousands of dreams can be seen.

Feeling the breath of the feather emperor, the old man opened his eyes and respectfully shouted, "Your Majesty, you are coming."

The ancient emperor Yu Huang carried his hands on his back, nodded and said, "Mo Canglan, how is your big dream? You are also one of the ten Heavenly Kings and ancestors. Please give me a sure letter if you can succeed."

This old man turned out to be the ancestor of the supreme Mo family among the top ten Heavenly monarchs. His name was Mo Canglan, and he was called "great dream heavenly monarch".

Mo Canglan smiled bitterly and said, "Your Majesty, my great dream of forbidden art is eternal. Although I have practiced it for thousands of years, the fire is indeed a little bit, but it is too difficult to steal the emperor's ancient clock."

"The emperor's ancient clock is the first treasure of the three emperors. It is almost impossible for us to steal it."

The feather emperor snorted and said, "of course I know it's difficult, but the goddess of heaven has the book of the earth emperor, and the Lord of reincarnation has the emperor's holy knife. If I don't have the protection of the ancient clock of the emperor, sooner or later I will be crushed by them together! There is no complete artifact, there must be one! Even if I can't be urged, it's necessary to stay in the mountain gate to guard Feng Shui."

There are also several pieces of artifact free fragments in the hands of the feather emperor, but the Qi of the fragments cannot be compared with the integrity.

Before the battle of flail cutting, the emperor's Divine Book of the heavenly daughter and the emperor's holy knife of Ye Chen left a deep shadow on him.

He also wants a complete artifact to guard the mountain gate.

Mo canglan naturally knows the mood of the Jade Emperor, but how can it be so easy to steal the emperor's ancient clock?

That's the first treasure of the three emperors. It's stronger than the emperor's holy knife and the emperor's God book!
