

Physician 7941

Chapter 7941

After a pause, ye Chen laughed again, "if I fail to solve it, you can also come and collect the body for me."

He was shocked and hurriedly said, "the Lord is joking."

Ye Chen laughed, then stopped talking and said, "then I'll go first."

After that, ye Chen said goodbye to Jue Tian, tore the void and returned to the star moon realm.

Back in the star moon realm, ye Chen saw that the sky broke, the earth collapsed, and everywhere was the law of collapse, magma splashing, tornadoes ravaged the earth, a scene of doomsday.

"Such a tragic weather, has the decisive battle begun?"

Ye Chen was secretly surprised and wanted to deduce something, but the mystery was disordered and he couldn't spy anything.

Xia Ruoxue crosses the robbery and promotion, and I don't know whether it's going well or not. If she is attacked by people of the Xingyue cult, I'm afraid the consequences will be unimaginable.

In the chaos, ye Chen only clearly caught Wu Yao's breath.

Wu Yao inherited the cultivation of the old lord, and the aura inside the Dantian reached the level of immeasurable nine layers of heaven.

Ye Chen saw the battle scene of the old lord fighting alone with the ten Heavenly Kings and ancestors.

It is conceivable that Wu Yao's aura is profound.

Therefore, after ye Chen returned to the star moon realm,

Chapter 7942

"Very good. Your martial arts are excellent."

Ye Chen smiled and nodded. Wu Yao's strength of action was very good. He just hurt people, not kill people.

After all, she is merciful and can't bear to move the killer. Ye Chen knows it, so she doesn't blame it, but just praises it.

Listening to Ye Chen's appreciation, Wu Yao also smiled with satisfaction.

The two flew all the way, very fast, and soon saw the boat of sin.

But I saw that the boat of sin had soared into the air, combined with the iron throne, and its body was covered with a thick layer of steel armor, surrounded by evil Qi, shaking the wind and cloud, whistling.

And in the four directions of the sin boat sky, there are dense crowds of people, all of whom are the supreme sect of the star moon sect, as well as the disciples of the Lin family in the wanxu temple.

The first two people are the supreme elder Yun Shanyu and the ancestor of the Lin family Lin Xiaokong.

Two people's faces were gloomy and they didn't do anything.

The disciples around were frantically urging magic weapons and bombarding the boat of sin.

Under the bombardment of countless strong men, the boat of sin, even if combined with the iron throne, was difficult to resist, and it was only a matter of time before it was captured.

Yunshanyu and Lin Xiaokong did not act rashly and waited quietly.

Because the Iron Throne and the boat of sin are first-class magic weapons. If they explode and sacrifice, I'm afraid they can't bear it, so they press the array together, wait quietly, and don't rush to attack and kill.

On the boat of sin, Xia Ruoxue's robbery is almost over. Countless cracks have appeared in the lightning cocoon that day.

Through these cracks, you can see Xia Ruoxue's figure inside.

Around Xia Ruoxue, Wei Ying, Ji Siqing, the devil emperor, blood dragon, Xiao Huang and others are closely guarding, as well as the old Qinghe, a leader of the Xingyue cult, who also takes a group of elites and vows to defend to the death.

However, the situation is not optimistic.

Yunshanyu and Lin Xiaokong set up a snare and bombed frantically. Sooner or later, their defense will be broken. At that time, everyone will die.

Seeing the demon emperor, Ji Siqing and others, Lin Xiaokong stuck to it all the time, snorted and said, "what's the use of your tenacious resistance? Don't surrender quickly!"

Ji Siqing's silver teeth bit and stood out. The green silk fluttered in the wind, and his eyes were firm. He said, "I guard reincarnation in my previous life, and I will continue to guard it in this life. If there is a zedoary goddess here, no one will want to desecrate reincarnation!"

The sound fell, and Ji Siqing's blood suddenly burned up, turning into a fiery giant rosefinch.

This rosefinch, neighing up in the sky, fluttered its wings, rolled up the vigorous wind, drove the boat of sin, and rushed out.

She wanted to sacrifice herself, burn her life and blood essence, and forcibly urge the boat of sin to break through the siege and rush out.

"How dare you show off in front of me?"

Lin Xiaokong snorted, waved his long sword, cut the sky and wielded the nine swords. The snow danced for thousands of miles, and the cold air all over the sky suddenly fell towards the boat of evil, to extinguish Ji Siqing's rosefinch flame.

Seeing this scene from a distance, ye Chen was shocked and angry, and his fist burst out like a blow through the universe.

"The god elephant crashed into the sky and was broken by me!"

The fierce aura Light burst out from ye Chen's body, and an ancient giant elephant of light, with the terrible power of crushing everything, emerged on Ye Chen's head.

Ye Chen's violent fist, like a giant elephant, crushed the universe and killed Lin Xiaokong.

"The Lord of reincarnation is you!"

Lin Xiaokong was startled when he saw the figure of Ye Chen.

Ye Chen's fist was too terrifying. With the help of the complete tianwu Wolong Sutra, the fist God seemed to collapse into the sky, as if it was going to smash the universe.

Lin Xiaokong didn't dare to make a hard connection, and subconsciously stepped aside.

Ye Chen's cultivation is only two layers of heaven in the hundred yoke realm.

If it is an ordinary attack method, Lin Xiaokong is sure to connect hard.

However, the god elephant smashing into the sky was created by Wu Zu. There is no stepless martial arts, which is enough to crush reality. The lethality is too great, and even he dare not connect.

Boom!

Ye Chen swept by with a fist. Although Lin Xiaokong dodged, the strong men of the Lin family around him suffered. Their bodies were like paper paste. Under Ye Chen's fierce fist, their bodies instantly burst, their spirits annihilated, and they died miserably.

"Ye Chen!"

Demon emperor, Wei Ying, Ji Siqing and others were shocked to see ye Chen return, and couldn't believe their eyes.

Xiao Huang and blood dragon shouted "master", and they were also very happy.

"And me!"

Wu Yao, carrying a huge sword, also flew from afar and stood side by side with Ye Chen.

"Good."

Ye Chen's heart warmed, smiled at Wu Yao, and then took her hand, and the two returned to the boat of sin together.

"Siqing, are you all right?"

Ye Chen saw Ji Siqing's face pale, which was obviously due to excessive burning of blood. He couldn't help feeling distressed for a while, so he let go of Wu Yao's hand, walked up and hugged Ji Siqing, and took out some panacea to replenish blood from the reincarnation cemetery to restore her breath.

These elixirs, all from the treasure of the old lord, are very clever. The medicinal gas seeps into Ji Siqing's meridians, and her face suddenly recovers ruddy.

"Ye Chen, you are finally back."

Ji Siqing was so excited that she thought Ye Chen was late.

"Sorry to keep you waiting."

Ye Chen gently stroked Ji Siqing's cheek and looked at the demon emperor, Wei Ying and others. Finally, his eyes fell on the cocoon of the lightning disaster.

There are countless cracks on the cocoon, indicating that Xia Ruoxue has been successful in the robbery.

Just hold on for a moment, and she can break out of the cocoon.

Chapter 7943

Outside the boat of sin, Yun Shanyu saw that Xia Ruoxue was about to break the robbery, and immediately became very anxious, crying, "ancestor Lin, kill them quickly, and don't let the guilty woman cross the robbery successfully!"

Lin Xiaokong snorted and said, "I don't need your nonsense. I have my own discretion."

His eyes flickered, his heart turned, and he saw that ye Chen had captured the treasure and returned, and Wu Yao was beside him. It was extremely difficult to win today, unless it was a dream.

"Come, Miss butterfly! The Lord of reincarnation is here. He took away your treasure. Don't you want to take it back?"

Lin Xiaokong shouted loudly, calling Mo Caidie's coming.

Now ye Chen's momentum is too strong, and Wu Yao has unlocked part of his strength. If he wants to defeat them, he can only rely on dreams to reverse reality.

Ye Chen was startled when he heard Lin Xiaokong's call.

Mo Caidie's dream magic left a deep impression on him.

At the beginning, he broke away from the old dream world by using the emperor's holy knife.

If you fall into a dream again, ye Chen is not sure to break free.

The girl named Mo Caidie is too weird to describe her means in realistic words.

Ye Chen doesn't want to face Mo Caidie even if he goes to fight against the epic Tianjun, Fu Hongchen, ye Linyuan and other masters.

After all, the danger of reality, the possibility of solution and the danger of dreams depend entirely on luck.

"Want to call people? Wish Tianxing, block it!"

Ye Chen reacted very quickly, wishing that the sky star would be sacrificed, making a wish and blocking the space.

Hum!

Suddenly, the sky and the stars vibrated, and the silver brilliance burst out. The space of the star moon world was immediately blocked, and all causes and effects were cut off, which also blocked Lin Xiaokong's transmission.

"Sister Wu Yao, we joined hands to kill the old man!"

Ye Chen waved, took out the reincarnation sky sword, waved his sword and chopped at Lin Xiaokong.

If he was only a person, he could never be Lin Xiaokong's enemy.

But he is not fighting alone.

He also has Wu Yao!

"Good!"

Wu Yao nodded very cleverly. She was merciful. Under normal circumstances, she would never kill.

But now, ye Chen asked her to kill. Without hesitation, she immediately rushed out with a huge sword.

Lin Xiaokong felt Wu Yao's fiery breath of heavenly martial arts, his facial features were distorted, and a burst of fear recalled the scene of fighting against Wu Yue Shen in the past.

In the past, Wu Jue Shen was extremely fierce. They had to unite with the ten Heavenly Kings and ancestors to fight in the wanxu temple.

Now from Wu Yao, Lin Xiaokong saw the figure of Wu Jue God, and his heart shook for a while, a burst of fear.

"Damn it!"

Lin Xiaokong took a deep breath and hurriedly held his mind. The long sword was sacrificed. The light of the sword flashed and turned into thousands of ice sword shadows. The town fell down and formed a sword array.

This sword array, however, is not to kill, but to guard and protect himself.

Lin Xiaokong's heart shook, he didn't dare to attack rashly, relying on the sword array, only for defense.

Ye Chen and Wu Yao cut down with their swords, and the sword array below was charged with thousands of sword Qi, blocking the attack of the two.

The two fought against the sword Qi together, but for a time, it was difficult to break through Lin Xiaokong's defense.

After all, Lin Xiaokong is one of the ten Heavenly Kings and ancestors, and the strong one of the boundless realm. If he only defends, it is simply as solid as gold soup. With the cultivation of Ye Chen and Wu Yao at the moment, it is difficult to break through in a short time.

The disciples of the Lin family and the followers of the Xingyue cult retreated far away for fear of being affected by the air wave.

The Yunshan rain over there, seeing ye Chen and Wu Yao, both left the boat of sin. Knowing that it was an opportunity, he suddenly flashed over and plundered, and split his palm across the air towards Xia Ruoxue.

"Sin girl, die for me!"

Yun Shanyu's face was distorted, and his blood was burning in this palm, which had been used with all his strength.

Although his cultivation was not as good as Lin Xiaokong, he was also a strong man in boundless territory after all. This palm was extremely terrifying, forcing Wei Ying, Ji Siqing, the demon emperor and others to retreat, making them unable to get close.

Seeing his palm, he was about to hit Xia Ruoxue, but at this time, Xia Ruoxue in the lightning cocoon opened her eyes and woke up.

As soon as Xia Ruoxue woke up, the lightning cocoon clicked and completely burst away.

Her body is full of bright stars and moons.

The brilliance of the stars and the moon reflected on the heavens, making the sky in the star moon circle dark. On the dark sky, a full moon hung high, shedding bright and clear light, and the wind whined, like an ancient movement playing.

Everyone's eyes are extremely shocked and converge on Xia Ruoxue.

At this moment, Xia Ruoxue finally broke through the robbery.

Everyone can see that she has been promoted successfully and become the real king of heaven.

On her body, there is the unique life style breath of the emperor of heaven, which is the majesty of the superior.

Mingyue Tianshu, Taishang Xingxi Road, Wangshu Tianzhu, Xingyue Shenjiao magical powers, etc., countless bright and clean weather, surrounded by Xia Ruoxue, she is as holy as the goddess of moonlight.

Seeing Yunshan rain hit with one palm, Xia Ruoxue was not in a hurry, but also photographed with one palm. The bright moon god's awn bloomed, and a clear and beautiful juechen figure faintly appeared behind her.

It was the ghost of the goddess of the moon, the ancestor of Xingyue cult!

Xia Ruoxue inherited the mantle of the female emperor of the Qing moon, and now she can even borrow the spiritual power of the female emperor of the Qing moon.

Under the patronage of the female emperor of the Qing Dynasty, Xia Ruoxue's palm was icy, dignified and vast. With a bang, it defeated yunshanyu's palm.

"Ancestor, you!"

Yun Shanyu looked at the virtual shadow of the female emperor of the Qing moon behind Xia Ruoxue. Her heart was shocked, her face was distorted, and she was dejected.

After all, the female emperor of the moon of the Qing Dynasty insisted on choosing Xia Ruoxue, but their sect was abandoned.

Xia Ruoxue fought back yunshanyu with a palm, and did not pursue him, but quickly flew to Ye Chen.

"Ye Chen..."

Xia Ruoxue stared at Ye Chen. She was very excited, and her cheeks flushed again.

"Ruoxue, you finally break through the robbery and get promoted to be the emperor!"

Ye Chen was also very surprised to see Xia Ruoxue leave the pass, and held her palm tightly.

"Sister Ruoxue, congratulations."

Wu Yao also smiled.

Xia Ruoxue gave a "hum", smiled and nodded, looked at Lin Xiaokong in the sword array, glanced at the cold aurn in his eyes, and said, "my Xingyue deity, now in chaos, it's this person who is making trouble, so we killed him."

"Exactly."

Ye Chen nodded and was ready to fight with Wu Yao and Xia Ruoxue to kill Lin Xiaokong.

Lin Xiaokong looked pale and felt bad.

In fact, if only Ye Chen and Xia Ruoxue, he is not afraid.

However, now there is another Wu Yao, and Xia Ruoxue is also protected by the female emperor of the Qing Dynasty. His situation suddenly becomes extremely dangerous.

"Uncle Lin, hee, are you afraid?"

Chapter 7944

At this time, a crisp female voice came from the distant sky.

I saw a bright and fluttering girl, dressed in colorful clothes, with a sword around her waist, stepping on a Hongqiao bridge, stepping in the air against the wind. It was mo Caidie.

When ye Chen saw Mo Caidie coming, his heart suddenly shook and his pupils contracted.

Lin Xiaokong was surprised and shouted, "Miss butterfly, you're here!"

Although Ye Chen tried to block the cause and effect, Lin Xiaokong's cry still called Mo Caidie down.

"Miss Caidie, kill these people quickly!"

Lin Xiaokong shouted, he knew the power of Mo Caidie, the forbidden cultivation of Dayang Qianqiu, has actually surpassed his father Mo Canglan, and the dream means have been close to the realm of nothingness, mysterious, incredible mystery and power.

"Do you want me to get you out?"

Mo Caidie laughed.

"Yes, Miss Caidie, from the friendship between me and your father, please save uncle Lin once. Thank you very much."

Lin Xiaokong was a little disheartened, mainly because of the existence of Wu Yao, which made him greatly afraid.

Even if he has the most powerful means, he can't play in front of Wu Yao.

After all, Wu Yao is the new generation of tianwu overlord, inheriting all the accomplishments of the old lord, which is really too tough.

With Wu Yao in charge, plus Ye Chen and Xia Ruoxue, he has no chance to win.

Mo Caidie shook her head and whispered, "my father is dead."

Lin Xiaokong was stunned and said, "what?"

Mo Caidie said, "didn't you hear the bell of the emperor's ancient clock? Your majesty sacrificed my father and stole the emperor's ancient clock. My father is dead."

Lin Xiaokong was stunned. Of course, he heard the bell of the emperor's ancient clock, but the beacon fire in the star and moon world was chaotic, and he couldn't pry into the cause and effect behind it. Unexpectedly, the Emperor Yu, who took Mo Canglan as a sacrifice, stole the emperor's ancient clock.

Thinking of the ferocity of the ancient emperor Yu Huang, Lin Xiaokong was shocked again, and he didn't know where to go.

But anyway, it's better to leave here as soon as possible.

Lin Xiaokong calmed down and said, "Miss Caidie, you have to mourn. First save me and kill all these people. Even if you can't kill them, you have to keep them trapped in a dream forever. Don't let them out."

Mo Caidie smiled and said, "do you want me to do it? Then you'll break your arm first."

Lin Xiaokong was shocked and said, "what?"

Mo Caidie said with a smile, "if you want me to make a move, you have to pay a price..."

When she said this, a sword light suddenly penetrated her body.

Ye Chen did it!

Ye Chen pierced her with a sword while she was not paying attention.

However, an amazing scene appeared.

Ye Chen stabbed Mo Caidie's body, but no blood flowed out.

Even, ye Chen couldn't feel the fullness of flesh and blood, as if stabbed in the air.

Mo Caidie's figure seemed to be just an illusion. Ye Chen's long sword stabbed it and directly penetrated it.

"Ouch, why did you suddenly attack me?"

Mo Caidie curled her lips, and in a burst of anger, slapped Ye Chen on the chest.

Ye Chen was shocked and hurried back.

Mo Caidie clapped his palm in the air, but did not pursue it. He laughed and said, "I've seen the power of your emperor's holy knife, and I'm very afraid, so I've escaped into a dream. In the real world, you can't kill me, and I'm just a projection of a dream."

Her words were true. Last time ye Chen pulled out the emperor's holy knife, she was so scared that she didn't even dare to rob the treasure.

Now, facing Ye Chen, she doesn't even dare to expose her real body, but hides in a dream.

What ye Chen sees now is only the projection of her dream.

Lin Xiaokong exclaimed, "Miss Caidie, your magic power has reached the level of dream reality and freely changing. It's really gratifying. Now the world is so big that no one can hurt you except your majesty."

Mo Caidie is hiding in a dream. Even if people in the real world are as strong as Ren tiannv and Ren Feifan, they can't hurt her at all, because her real body is not in the real world at all.

Only the ancient emperor Yu Huang can use some special means to hurt her.

Mo Caidie said with a smile, "Uncle Lin, do you want me to take you away?"

Lin Xiaokong nodded and said, "yes, yes, yes!"

He was always afraid of Wu Yao, and he had no will to fight in his heart.

Wu Yao is a new generation of tianwu overlord. He can't deal with it. How to solve it can only be shown by the ancient emperor Yu Huang.

Mo Caidie turned her eyes and said with a smile, "then if you break an arm, I'll help you."

Lin Xiaokong said, "why?"

Mo Caidie said, "there's no reason. My father said that people should be down-to-earth. Even if you dream, don't be divorced from reality. Equal exchange is the most perfect rule. If you want me to make a move, you can take out something to exchange, break your arm, or dig out an eye."

After a pause, he laughed and said, "don't you dare to do it yourself? Let me help you."

With that, Mo Caidie suddenly dodged and flew to Lin Xiaokong.

Lin Xiaokong only felt a burst of dream, his head buzzing, and then his left arm was in severe pain. He couldn't help but scream "ah". He looked down and saw that his left arm had been torn off by Mo Caidie, and was thrown on the ground. It turned into bubbles and disappeared like bubbles.

"You... You!"

Lin Xiaokong was terrified, and his eyes blackened for a while.

Ye Chen, Xia Ruoxue, Wu Yao, Yunshanyu and others also felt the rotation of the sky and the moon.

Chapter 7945

Although everything around them seems unchanged, they are keenly aware that the law of the world has been divorced from reality and has become illusory and unpredictable.

This is already a dream world.

Even if he was calm like clouds and rain, he was also panicked at the moment. Looking at Mo Caidie, he said, "you little girl, have laid a dream?"

Mo Caidie showed two rows of shell teeth, smiled and said, "yes, welcome to my dream."

Her words fell, and a strange scene appeared, and the sky and the earth were upside down.

The sky sank and became the earth. The buildings, rocks and rivers on the earth floated to the sky, and everything became extremely strange and terrifying.

Ye Chen's heart shook, and his eyes were as concise as electricity. Another sword came out in a flash, stabbing Mo Caidie's body.

Mo Caidie is just a dreamland with strange magical powers, but his martial arts cultivation is mediocre. Seeing Ye Chen stabbing with a sword, he can't react and dodge, and is stabbed by Ye Chen.

But this time, her body was still like a dream, not a drop of fresh blood came out.

"Huh?"

Ye Chen's face was distorted. He thought that this was already a dream, and Mo Caidie would be the real body. He didn't expect it to be a dream shadow.

"Hee hee, Lord of reincarnation, sorry to disappoint you. My real body is not here, in another dream."

Mo Caidie frowned, smiled and retreated, but he didn't fight back, just shouted, "father, he bullied me."

The voice fell, Mo Caidie's side, the space was distorted, and a figure emerged. Unexpectedly, it was her father Mo Canglan.

Lin Xiaokong covered his broken arm and saw Mo Canglan appear. He was surprised and said, "Mo Canglan, didn't your daughter say you were dead?"

Mo Canglan showed a sad smile and said, "yes, brother Lin, but my daughter, in the dream world, revived me."

After a pause, Mo Canglan looked at Mo Caidie with a little blame and said, "Caidie, I told you that equal exchange is the most basic principle. What is your price for reviving me?"

Mo Caidie smiled cunningly, pointed to Ye Chen, and said, "my price and chips are the Lord of reincarnation! As long as you kill him, father, you can not only revive in your dreams, but also in the real world!"

Ye Chen was creepy and felt an unprecedented crisis. He shouted, "if you want to kill me, come on! I want to see if your dream can trap me!"

The voice fell, and Ye Chen summoned the reincarnation holy soul day.

The majestic and magnificent holy soul sky suddenly bloomed.

The terrorist momentum of six reincarnations is spreading madly.

Dreams are part of the spirit, and ye Chen's reincarnation holy soul day, the spirit is invincible.

He directly released the reincarnation holy soul day, which is to crush Mo Caidie's dream and return to reality.

As soon as the reincarnation holy soul day was released, it was sure that the upside down heaven and earth returned to normal, and the illusory laws around it quickly returned to the heaviness of reality.

The whole dream world, under the concussion of Ye Chen's reincarnation holy soul day, was torn into holes, and countless transparent holes appeared.

In those transparent holes, the laws of dream and reality are intertwined, and the collision bursts out of colorful Aurora, like a dream.

The last old dream, the weather is too violent, mixed with the memory projection of the old lord, ye Chen's reincarnation holy soul day, may not be able to break.

But this time, the dream is just ordinary. As soon as ye Chen starts reincarnation, the dream world will be broken and everything will return to reality.

"Tut Tut, this is the legendary reincarnation holy soul day? It's really fierce."

Mo Caidie held his arms and looked at Ye Chen with interest, but his eyes showed a sharp edge, saying:

"But it's not so easy for you to break through my dream."

"Soul Eater, suppress it!"

Mo Caidie drank a little, waved her hand, and a strange bead flew out drily.

This bead is surrounded by layers of unspeakable mysterious breath, such as nebula, dust, fairy light, magic fog, and constantly twisted.

It turned out to be a fragment without artifact!

Ye Chen saw the soul devouring bead, and was also surprised, but he felt his soul tingle.

That soul devouring bead, unexpectedly, has the terrifying effect of devouring human souls, and also has a certain restraining effect on Ye Chen's reincarnation holy soul heaven.

Under the influence of that restraint, ye Chen's soul tingled, and the pain became more and more intense, as if to tear his head.

"Ye Chen!"

"Brother Ye Chen!"

Xia Ruoxue shouted in unison with Wu Yao, and hurriedly held Ye Chen left and right.

Ye Chen gritted her teeth and stared at Mo Caidie's soul devouring bead, feeling a burst of fear in her heart.

That bead is really evil. It has restraint against his reincarnation holy soul.

Xia Ruoxue saw Ye Chen's uncomfortable appearance, and her heart was also sad and uncomfortable. She closed her hands and prayed to the sky, murmuring, "female emperor and ancestor, please bless, wipe out demons and protect my God."

As Xia Ruoxue's Prayer fell, in the sky, the figure of the female emperor of the moon of the Qing Dynasty, with a peerless demeanor, slowly emerged from emptiness to clearness, blooming with proud brilliance.

"Wanxu temple, you people, unexpectedly make trouble in the territory of my star moon realm?"

The female emperor of the moon of the Qing Dynasty was as bright as a torch and glanced at Mo Caidie, Mo Canglan, Lin Xiaokong and others.

The disciples of Xingyue cult, including Yunshanyu and Gu Qinghe, saw the female emperor of the Qing moon appear, and hurriedly knelt down, praising "the female emperor is mighty, supreme forever!".

Mo Caidie saw the figure of the female emperor of the moon of the Qing Dynasty, and he only felt the Qi of the other party, which was connected with the whole star moon world. It was really unimaginable.

"Ouch, aunt, I'm just here to play. Why are you so fierce?"

Mo Caidie patted her chest, as if afraid.

The female emperor of the moon of the Qing Dynasty, with her eyes high in awe and anger, said, "get out of here immediately! I'm in the star moon world, and people in Wanxu are not welcome!"

Mo Caidie said, "aunt, this is my dream. I have the final say..."

PA!

Before finishing these words, the female emperor of the moon of the Qing Dynasty slapped her face and slammed it heavily on her cheek.

Mo Caidie's cheek suddenly became red and swollen, and a bright red palm print appeared.

She was stunned.

Ye Chen, Xia Ruoxue, Wu Yao and others were also stunned.

You know, Mo Caidie is just a dream projection. Logically, no attack means can hurt her.

But it happened that the female emperor of the Qing Dynasty slapped her face, which made her cheek swollen.

"You..."

Mo Caidie was stunned and angry again.

"I repeat, get out!"

"The star moon circle is my territory. Even if the ancient emperor Yu Huang comes, he is not qualified to be arrogant!"

"You think I don't know where your real body is. You can deceive me by using the earth vein of my star and moon world to build dreams and confuse the human eye?"

Chapter 7946

The female emperor of the moon of the Qing Dynasty was furious and extremely dignified, and her eyes were staring at Mo Caidie.

Mo Caidie curled his lips, but he didn't dare to be hard hearted anymore. "Just go. What are you doing fiercely? If you go outside, you're not my enemy."

She was right. In the star moon world, the female emperor of the moon of the Qing Dynasty was the absolute master, and no one could match her.

But if you go to the outside world, the female emperor of the moon of the Qing Dynasty is not familiar with cause and effect, and it is impossible to break Mo Caidie's dream.

Seeing Mo Caidie frustrated, Mo Canglan smiled and said, "Caidie, it's good for you to suffer some losses."

"The fight between masters, the right time and place, Feng Shui and Qi Yun, should be considered."

"You are careless this time. Be careful in the future."

"Your dream cultivation now can be said to be invincible in the heavens, and even qualified to bury reincarnation, but don't underestimate the enemy's carelessness, otherwise it will end now."

Mo Caidie vented a little: "I see, father."

With that, she stopped staying and flew away beyond the star moon boundary.

Lin Xiaokong and many disciples of the Wanxu Temple hurriedly followed him and left the star moon world, afraid to stay any longer.

After all, now that the female emperor of the moon of the Qing Dynasty has appeared, it's just humiliating to stay any longer.

The female emperor of the moon of the Qing Dynasty didn't catch up and let Mo Caidie and others leave, which seemed to be afraid.

The dream is completely broken, and everything returns to reality.

Ye Chen looked at Mo Caidie's distant figure and was also afraid.

Such a strange and unpredictable means of dream is really impossible for human defense.

"Lord of reincarnation, thank you for guarding Ruoxue."

The voice of the female emperor of the moon of the Qing Dynasty pulled Ye Chen's thoughts back.

"It doesn't matter, if snow is my... People, I should protect her."

Ye Chen looked at the figure of the female emperor of the moon of the Qing Dynasty, but saw that the other party's body was constantly dimming, and even on the verge of disappearing. He was shocked and said:

"Senior, you... What's the matter with you?"

The female emperor of the moon of the Qing Dynasty shook her head and said, "I'm not in trouble. When I failed to seize the iron throne, I was already dead, but I didn't find my successor, so I lingered and refused to die."

"Now, if snow has become my heir, I can safely die."

Ye Chen's heart sank, knowing that it was the female emperor of the moon of the Qing Dynasty, who had spent too much power to drive away Mo Caidie and others, and now was on the verge of extinction.

"Elder, I have some pills to stabilize the soul..."

Ye Chen's eyes turned, and he wanted to take out some old elixirs to enhance the soul from the reincarnation cemetery.

The female emperor of the moon of the Qing Dynasty shook her head and said, "no, life and death are destiny. Forcibly reversing will not come to a good end. It's a pity that I will die, but I can't see the unity of gods and religions."

The female emperor of the moon of the Qing Dynasty looked at the people of yunshanyu sect and was greatly disappointed.

Yun Shanyu knelt on the ground, but he was unwilling. He looked up and said, "my ancestors, the religious orthodoxy, entrusted to outsiders. I don't agree! I have worked hard for the divine religion for hundreds of thousands of years, and my black hair has been boiled into white hair, but I haven't even returned at all. I'm not willing!"

The female emperor of the moon of the Qing Dynasty had a cold eye and said, "if you are not willing, you colluded with the thieves of the temple of wanxu to make trouble, and almost ruined the foundation of my God sect?"

Hearing the blame of the female emperor of the Qing moon, yunshanyu felt ashamed and said, "ancestor, I just didn't expect that the wanxu temple would be like this..."

The female emperor of the moon of the Qing Dynasty said, "what crime should you commit if you lead wolves into the house?"

Yun Shanyu was sweating, kowtowing and saying, "please forgive my sins!"

The female emperor of the moon of the Qing Dynasty relaxed her face and looked at the people of Yunshan and Yu. There were a lot of people, and there were flames of war everywhere in the star and moon circles. If we continue to fight like this, we are afraid that the whole world will collapse and the orthodoxy of the star and moon cult will also collapse.

She paused and sighed, "Yun Shanyu, I know you don't agree, so I'll give you another chance."

Yun Shanyu's eyes lit up and said, "please make it clear!"

The female emperor of the moon of the Qing Dynasty pondered for a moment, pointed to a peak in the center of the earth in the star moon world, and said, "I have another inheritance, which is buried on the peak of the moon of the Qing Dynasty. If any of you get that inheritance, who is the real leader of the star moon cult."

The star moon circle is full of beacon smoke, but the central peak has never been affected at all.

Because that peak, called Qingyue peak, was the former residence of the female emperor of Qingyue and the holy land of Xingyue deity, with prohibitions on it.

Neither yunshanyu nor Xia Ruoxue dare to destroy the holy land of Qingyue peak.

Now everyone was surprised to hear the female emperor of the moon of the Qing Dynasty say that there was an inheritance on the peak of the moon of the Qing Dynasty.

The people of yunshanyu school were excited when they heard that there was still hope of seizing the throne of the leader.

The female emperor of the moon of the Qing Dynasty said, "my inheritance is actually a bead named soul devouring bead, which is a fragment without artifact. You have also seen it."

Hearing this, ye Chen, Xia Ruoxue, Wu Yao, Yun Shanyu and others were shocked.

Soul devouring beads, this magic weapon, have been used by Mo Caidie.

Mo Caidie's soul devouring beads, and even the reincarnation of Ye Chen's holy soul, have a certain restraint, extremely strong!

The female emperor of the moon of the Qing Dynasty said, "the soul devouring bead is the legendary artifact without artifact. It is divided into four pieces. The largest piece is in the temple of wanxu, which was inherited by the dream girl."

"There is another fragment, which is in my xingyueshen sect, on the Qingyue peak."

"In those years, after I got the soul devouring bead fragments, I tried to refine it, but it was a pity that I failed, and the spirit was greatly traumatized."

"If it weren't for the trauma of my spirit, I'm afraid I would have grabbed the Iron Throne."

Speaking of this, the female emperor of the moon of the Qing Dynasty showed a wry smile.

Chapter 7947

Her cultivation in the peak period is extremely strong, and even qualified to ascend the Iron Throne.

Unfortunately, due to the failure of refining soul devouring beads, they suffered trauma first, leading to the failure of seizing the Iron Throne.

Ye Chen hurriedly said, "senior, now the Iron Throne is in my hand. As long as Ruoxue can be the leader, this Iron Throne is also something of the Xingyue cult."

Xia Ruoxue and ye Chen are connected by Qi vessels.

Ye Chen, in charge of the iron throne, can naturally shelter Xia Ruoxue and even the Xingyue cult.

But the premise is that Xia Ruoxue must become the leader!

Ye Chen increasingly felt the importance of territory.

The larger the territory, the deeper the Qi, and the more favorable the time and place.

Hearing Ye Chen's words, the empress of the moon of the Qing Dynasty shook her head and said, "if Xue wants to be the leader, it depends on her luck. Whoever can seize the soul devouring bead is the leader."

Yun Shan Yu said in a deep voice, "ancestor, this is unfair. Xia Ruoxue's faction is supported by the Lord of reincarnation. My faction is weak. Even if it has inheritance, how can I compete with her?"

With a wave of her slender hand, the female emperor of the moon of the Qing Dynasty gathered her aura and turned it into a talisman, which fell into Yunshan Yu's hand and said, "don't worry, I will guarantee fairness. You can mobilize the array, moon beast, stone statue, moon demon mood and so on on the moon peak with this talisman. If you can't fight the Lord of reincarnation, don't blame me."

Yun Shanyu took the talisman and said, "thank you for your blessing!"

The female emperor of the moon of the Qing Dynasty nodded gently, looked at yunshanyu, looked at Xia Ruoxue and others, and said, "I want you to swear with your heart that no matter who wins, the other faction will try to help each other, and you can't have any two hearts."

Yun Shanyu swore immediately and said, "if the inheritance of the old ancestors really falls into the hands of Ruoxue girl, I'm willing to go to hell and serve Ruoxue girl!"

Now that he had the imperial edict of the female emperor of the moon of the Qing Dynasty, his confidence increased greatly, and he determined that the winner was himself. Therefore, he swore on the spot without hesitation.

The disciples of the faction behind him also swore one after another.

Ye Chen and Xia Ruoxue looked at each other, but they hesitated a little.

The female emperor of the moon of the Qing Dynasty said, "Lord of reincarnation, don't you want to devour soul beads?"

Ye Chen felt a chill in his heart. He naturally wanted the magic weapon of soul devouring bead.

Because the soul devouring bead can restrain the reincarnation holy soul day, and it is naturally the best thing for you to master.

Reincarnation holy soul heaven is a shield, and the soul devouring bead is a spear. As long as you can get the soul devouring bead, and the spear and shield are on Ye Chen, you will have no fear.

"Well, I promised. If we fail, Ruoxue and I will try our best to assist the supreme elder."

Ye Chen gritted his teeth and finally swore with his heart.

Yun Shanyu laughed and said, "it's not the supreme elder. When I get the inheritance, I'll be the new leader!"

Ye Chen sneered, noncommittal.

Seeing that both sides had taken an oath, the female emperor of the moon of the Qing Dynasty nodded and said, "well, you have all decided, so let's start the inheritance battle. Remember your oath, don't fight inside, don't destroy the Taoist foundation of my Xingyue cult, and maybe one day, I can resurrect in the future..."

After these words, the spirit of the female emperor of the moon of the Qing Dynasty exhausted all its energy and completely dissipated.

"Ancestor!"

The followers of the Xingyue deity, such as Yun Shanyu, were dejected when they saw the disappearance of the female emperor of the moon of the Qing Dynasty.

Later, Yun Shanyu smiled, looked at Ye Chen and Xia Ruoxue and said, "you outsiders are not qualified to take charge of the Taoist tradition of our Xingyue cult. I advise you not to be paranoid!"

After that, Yunshanyu took more than a dozen elite and strong men and took the lead in rushing towards Qingyue peak.

Ye Chen and Xia Ruoxue looked at each other, and they also moved quickly.

Wu Yao, Ji Siqing, magic emperor, Wei Ying and others stayed outside.

After all, they do not belong to Xingyue deity, and their identity is not as special as ye Chen, so it is naturally inconvenient to participate in the competition.

The boat of sin, the iron throne, was taken back by Ye Chen.

Blood dragon and Xiao Huang also returned to Ye Chen.

Ye Chen and Xia Ruoxue rode Xiaohuang and rode against the wind, and the blood dragon followed them.

Soon, they came to the bottom of Qingyue peak.

On Qingyue peak, the buildings are simple and simple, and stone statues stand on both sides of the mountain road.

Yunshan Yudai stepped down with his hands, and took the lead in reaching the peak of the Qing moon. With a wave of a talisman, the stone statue's eyes actually lit up a red light, moved, strode, clicked, and rushed to Ye Chen and others.

"Lord of reincarnation, enjoy it slowly. I'll take a step first!"

Yun Shanyu hehe smiled grimly. Using the Fu Zhao, he controlled the stone statue and attacked Ye Chen and others. He took people to rush up the mountain to look for the soul devouring bead.

A dozen stone statues rushed to Ye Chen and others with big strides.

These stone statues, with a height of more than ten meters, are huge and towering. They were specially built by the female emperor of the moon of the Qing Dynasty and are the patron saint of the moon peak of the Qing Dynasty.

Even the strong in the general Tianxuan realm can't bear the impact and crushing of these stone statues.

Ye Chen saw the dozen stone statues rushing, but he didn't hurry. He offered the Iron Throne and shouted, "iron Vientiane, suppress it for me!"

Boom

Above the iron throne, there was a continuous breath of terrible steel, which surged out like a black tide.

As soon as the dozens of stone statues came into contact with the smell of the black tide of steel, they were immediately ironed, and all became steel statues, standing still in place.

"What!"

Yunshan rain in the distance, saw this scene, immediately shocked.

He urged these stone statues, and did not want to say that he could kill Ye Chen and Xia Ruoxue, but just wanted to delay their footsteps for a moment.

In this way, he has time to look for the Soul Eater and even seize it.

As long as you get the soul devouring beads and win the inheritance, ye Chen and Xia Ruoxue will become his ministers and serve him wholeheartedly according to the oath.

But where did he think that these stone statues, the patron saint, could not stop Ye Chen's steps.

"Kill back!"

Ye Chen urged the Iron Throne and shouted fiercely. The dozen stone statues turned into steel, so he turned around and turned back to kill Yunshanyu and others.

The strong and cold pressure of steel made Yunshan and rain pale.

"Damn Lord of reincarnation!"

Yun Shanyu gritted his teeth and deeply felt Ye Chen's powerful power. His eyes were dignified for a while, and then he urged Fu Zhao with all his strength and shouted:

"Moon demon mood, trap them to death!"

With the sound of Yunshan rain falling, the whole earth vein of Qingyue peak vibrated, and countless mysterious and grotesque smells emerged.

In the blink of an eye, wisps of mysterious breath converged into a misty world, trapping Ye Chen and Xia Ruoxue.

Ye Chen and Xia Ruoxue are in the fog world, holding each other's hands and looking around vigilantly.

Only bursts of strange sounds, such as groans, hisses, roars, came out of the fog in all directions, and there were strands of unnatural twisted energy, tossing and heaving in the air.

Chapter 7948

Ye Chen caught the breath of Wuwu. This artistic conception of moon demon was obviously created by the female emperor of the Qing Dynasty.

The cultivation of the female emperor of the moon in the peak period of the Qing Dynasty even realized a trace of the mystery of nothingness, and was able to use the breath of nothingness and space to create the artistic conception of demon God.

The demon God of the moon is one of countless twisted and grotesque demons in wuwuwu time and space.

Ye Chen saw that in the fog, there appeared a strange demon God with a white mask, whose body was twisted and indescribable grotesque, but his whole body was filled with holy moonlight, which looked very strange.

This strange demon God is the legendary demon God of the moon. He has no sense of wisdom, but only the instinct of killing.

Feeling the breath of Ye Chen and Xia Ruoxue, the demon God of the moon, like a strange and twisted demon, swooped on the ground, and the twisted meat turned into the tentacle of the demon, with extremely terrible pressure, fiercely killed Ye Chen and Xia Ruoxue.

Ye Chen and Xia Ruoxue both felt their hearts sway and their spirits were greatly and seriously impacted.

This is the impact of Wuwu, the impact of demon God!

"Reincarnation holy soul sky, open!"

In danger, ye Chen opens the reincarnation holy soul day to protect himself.

However, the spiritual impact of the demon God of the moon was too fierce, and he could only protect himself, but he could not protect Xia Ruoxue.

Xia Ruoxue's face was pale, her body trembled and was about to collapse under the severe mental impact.

The demon God of that month roared, abandoned Ye Chen, and devoured Xia Ruoxue like a python.

Although it has no wisdom, but with the instinct of killing, it can also feel Ye Chen's tough and difficult to deal with, so it simply attacks Xia Ruoxue.

"Evil beast, dare you!"

Ye Chen was furious, and with one move, the eight heavenly swords were killed together, and the duel formula and the array formula were also opened at the same time.

"Heaven Sword fight emperor array!"

Ye Chen shouted violently, and the eight heavenly swords formed a sword array in the air. On each Heavenly Sword, there was a strong fighting spirit, killing and killing.

Hiss hiss!

The sky sword array exploded, and eight sky swords fell down like thunder and lightning, killing the demon God of the moon.

Unexpectedly, the demon God of that month did not resist.

It didn't know whether it was stunned or something. It stared at the eight heavenly swords, fixed its eyes on the Wuwei heavenly swords, and whispered:

"Wuwei Tianjian... Lich King... You are the Lich King..."

Before the sound fell, eight heavenly swords passed through and penetrated its body.

With a roar, the blood dragon immediately rushed up, and the Dragon claws attacked, completely tearing up the demon God of the moon.

The demon God of the moon was torn to pieces, and the artistic conception of the moon demon also collapsed rapidly.

The outside world reappears in front of Ye Chen and Xia Ruoxue.

But I saw the Taishang elder Yun Shanyu, who had led people to the top of the mountain. It was obvious that he had caught the existence of the Soul Eater and wanted to rob it at one stroke.

Ye Chen was a little stunned, looking at the debris of the moon demon God's body, vaguely catching an extremely terrible mystery cause and effect.

The demon God of the first month may be related to Wuwei Tianjian!

No, to be exact, it's related to Shen Tu Wan'er, the owner of Wuwei Tianjian!

"Shen Tu Wan'er, she... How could she be related to the demon God in wuwuwuspacetime?"

Ye Chen inexplicably broke out in a cold sweat, and a burst of palpitation in his heart. He dared not calculate it, afraid that he would calculate something terrible.

"Master, the old man is going to the top of the mountain!"

Cried the blood dragon.

Ye Chen looked up, and sure enough, he saw that Yunshan and Yu were going to reach the top.

And yunshanyu, seeing ye Chen breaking through the shackles of the moon demon artistic conception so quickly, was also a burst of panic.

"The demon God of the moon, it is said that in wuwuwuspacetime, the extremely powerful demon God monster, the ancestor took great efforts to subdue a split body. What means did this boy use to break through the trap of the demon God so quickly?"

Yunshan rain was creepy and vaguely felt something wrong.

"The moon is like a ghost, stop them!"

Yun Shanyu shouted violently, and then urged the Fu Zhao. A plume of black gas came out from the ground. Under the distortion of the black gas, a head of monsters turned out.

These monsters also come from wuwuwuspacetime. Their bodies are stone, with moonlight flowing and wings on their backs. They are shaped like demons, called moon like ghosts, and are the relatives of the demon God of the moon.

The overwhelming moon, like a ghost, swooped down from the top of the mountain, and the quack screamed, rushing towards Ye Chen and Xia Ruoxue.

Yunshan rain climbed to the top of the mountain. With a move, the earth cracked, and a dark bead emerged from the ground, emitting wisps of mysterious ancient breath, which is the legendary Soul Eater!

"Very good, very good, get this soul devouring bead, and I'm the leader of Xingyue cult!"

Yun Shanyu was excited and happy, so he wanted to refine the soul devouring beads.

If he can hold the soul devouring bead, he can even restrain Ye Chen's reincarnation holy soul heaven!

This soul eating bead, four pieces of fragments, once gathered, is powerful enough to rival the three emperors' treasure, which is really a rare powerful magic weapon in the world.

Generally speaking, there is only one piece of wuwuwu fragment that spreads in the real world, and it is impossible to restore its integrity.

But soul eating beads are an exception.

This magic weapon is broken into four pieces. As long as the four pieces are closed, it can be restored to its integrity and become a complete artifact!

Previously, the female emperor of the moon of the Qing Dynasty did not expose this soul devouring bead fragment, mainly because she was afraid of the wanxu temple.

After all, the largest soul eating bead fragment is in the wanxu temple.

If the feather emperor knew that there was also a fragment in the star moon realm, he would certainly seize it at any cost.

But now, the star and moon circles have become enemies with the wanxu temple, and it doesn't matter if they are exposed.

Chapter 7950

Ye Chen tugged at the corners of her mouth and smiled helplessly.

It seems that there are no artifact fragments. Although the lethality is terrible, the consumption is also extremely huge, and it can't be used frequently at all.

With this collision, the boat of sin exhausted its energy, and ye Chen's heart of the universe lost at least a fifth of its energy, which was too expensive.

Fortunately, it is worth the cost to defeat yunshanyu.

The believers of the Xingyue cult were completely shocked when they saw that Yunshan and Yu were defeated, and even their sins were entangled, and they fell to the ground and twitched.

"Lord of reincarnation, incredibly strong to this point!"

"Elder Yun is an expert in Wuliang. He defeated him!"

"Reincarnation is invincible! We are willing to surrender!"

Many believers were shocked and knelt down, willing to surrender and no longer resist.

Ye Chen secretly breathed a sigh of relief. In fact, he was able to defeat yunshanyu entirely by the killing of the boat of sin.

The boat of sin is a fragment without artifact.

Without artifact, he has the ability to reverse reality, and can even ignore the gap of realm!

This is the power without artifact!

Ye Chen saw that Yunshan rain was haunted by sins, so he waved his hand and showed the immortal Koi copy to dissolve the evil spirit on him.

Yun Shanyu's evil spirit faded, recovered, looked at Ye Chen blankly, and said:

"Lord of reincarnation, you... Don't you kill me?"

Ye Chen smiled and said, "why did I kill you? You swore with your heart that if you lost, you would try your best to help Ruoxue. Would you admit defeat?"

After all, Yunshanyu is a strong man in boundless territory. If he can subdue and attract, it will be much cheaper than killing him.

Yun Shanyu shivered all over, knelt down, kowtowed to Ye Chen and said, "Lord of reincarnation, thank you for your generosity. I am willing to surrender. From now on, I will sacrifice my life to assist reincarnation and go through fire and water!"

Ye Chen smiled and said, "it's not helping me, it's helping Ruoxue." Say to take Xia Ruoxue's hand.

Yunshan said, "yes, yes, yes!"

In the four fields of heaven and earth, all the believers of the Xingyue cult also knelt down to praise: "reincarnation is powerful, the leader is powerful, for thousands of years, unify the world!"

The battle of Xingyue cult has come to a successful end, which can be said to be happy for all.

Ye Chen was naturally happy in his heart, but he was uneasy at the thought of the mysterious cause and effect.

Those months are like ghosts and demons. Why do you call yourself the demon lord?

Behind this, how can it be related to Shen Tu Wan'er?

Although there is a shadow, the ending is good anyway.

Xia Ruoxue officially took charge of the Xingyue cult and became the new leader.

Ye Chen is the supreme Guardian king. Yun Shanyu and Gu Qinghe shake hands and make peace, and are canonized as left and right Guardian elders.

Three days later, the xingyueshenjiao will officially hold the enthronement ceremony for Xia Ruoxue.

Ye Chen sent out an invitation to Grandpa Ye Yishen, Ren Feifan, Ren tiannv, Sheng juetian and others, as well as Danqing Xianzong, to come to watch the ceremony.

Ye Chen sent out his will and tried to summon Shen Tu Wan'er, but he didn't know whether he could succeed.

He wanted to return Wu Wei Tian Jian to Shen Tu Wan'er.

As for Binghuang Tianjian, it's time to return it to Ren tiannv.

Just as ye Chen and others were preparing for Xia Ruoxue's enthronement ceremony, the ancient emperor Yu Huang was also refining the ancient bell of the emperor in the temple of the ruins.

Although the emperor's ancient clock is vast and powerful, and no one in the real world can take charge of it, the emperor thought that with his own strength, even if he can't completely control the emperor's ancient clock, he can at least give full play to some of his strength.

At this moment, he did establish a resonance with the emperor's ancient clock.

A magnificent bell shadow, shrouded in the body of the ancient feather emperor, on which hundreds of millions of divine dragons hover, ancient Buddhist scriptures, demon scriptures, shuttle intertwined, very magnificent.

The spirit of the ancient emperor Yu Huang penetrated into the depths of the ancient bell of the emperor, trying to pry into the core secret of this magic weapon.

He saw the long river without time and space. On this long river of time and space, waves splashed one after another, twisted and grotesque demon gods, humble panting scattered gods, powerful outer gods, and terrible ancient gods, constantly passing by.

The ancient emperor Yu Huang peeped into the long river of time and space and realized himself.

He kept tracing and snooping, and finally saw a body at the end of the long river of time and space.

The body, soaked in the long river of time and space, only showed a dead face.

This dead face is pale and ferocious, with distorted facial features, covered with body spots, and can't see its appearance clearly.

But the ancient emperor Yu Huang took a look and recognized that it was the legendary supreme will, which he had seen in his dream.

He had seen only a dead face before, but now he peeped into the long river of time and space and saw a complete body.

The corpse of the supreme will is dressed in a Taoist robe, which is so familiar that it has the mark of the feather emperor of wanxu on it.

"Hey, how can this corpse, dressed up, be exactly the same as me?"

The feather emperor was startled. He found the body of supreme will, dressed exactly like him, with a long sword and jade pendant at his waist.

Vaguely, the ancient emperor Yu Huang seemed to have found something terrible, and a great fear rose in his heart, an unprecedented fear, his whole body was like an electric current, a burst of paralysis and horror, his scalp numb, cold sweat.

Under the concentrated induction, the emperor even found that the corpse of the supreme will was filled with the same causal atmosphere as himself.

When he looked at the body, it was like looking at himself in the mirror.

Dead self.
