Chapter 7961

Dang! Dang! Dang!

Ancient bells rang out everywhere in the realm of life and death.

Countless warriors from the realm of life and death rushed to the main hall square of the hall of life and death.

They all felt Zhou Mang's will and knew that the legendary Lord of reincarnation came to the hall of life and death.

"Please!"

Zhou mang stretched out his hand and invited Ye Chen to the main square of the hall of life and death.

Ye Chen nodded, calm, and followed Zhou mang.

He didn't dare to say anything about the limitless realm, but it was absolutely possible to push Tianxuan realm invincible. He had this confidence.

"Brother ye..."

Chapter 7962

As soon as ye Chen waved his hand, the strong man was held by a soft force and pushed to the challenge arena.

That power contained Ye Chen's aura, and even cured the shock damage he suffered.

The whole audience was completely shocked to see ye Chen's mountain steel body.

They knew that ye Chen would not be easily defeated, but they didn't expect that he should sit still and be slapped by the strong man in the middle of Tianxuan realm. They didn't get hurt at all, but the other party was injured.

Zhou Mang, who was watching the battle at the edge of the challenge arena, was also extremely shocked. He thought to himself, "can this boy really push Tianxuan invincible? It's impossible!"

Roar!

The blood dragon roared up and applauded Ye Chen's ferocity.

"Who else? Let's go together. I'm in a hurry."

Ye Chen sat lightly on the iron throne, supporting his cheek with one hand. He just wanted to end the challenge as soon as possible, and then went to the sea world to investigate the truth of the Lich ancestor.

Seeing ye Chen's indifferent and arrogant posture, everyone was even more shocked.

Brush, brush!

A full five martial artists in the middle of Tianxuan realm flew to the challenge arena and said in unison, "Lord of reincarnation, please advise!"

The words fell, and the five martial artists in the sky Xuan realm pulled out their weapons and offered magic weapons. Bursts of divine light surged, and the five people were as powerful as the sea, and went to Ye Chen.

Ye Chen still sat on the Iron Throne and didn't get up. Seeing the five people attacking and killing together, his tongue burst into starlight, and he shouted, "Hongmeng big starry sky, open!"

Tianwu Wolong Sutra ran, and ye Chen immediately launched a bright Hongmeng starry sky behind him.

In the starry sky, hundreds of millions of dragon shadows roared and danced, which was extremely spectacular.

Ye Chen's fingers shot out, and the blood dragon entrenched on his arm, and his majesty burst.

"Sword one, thousands of miles of snow!"

Ye Chen pointed to it as a sword and used the nine swords to cut the sky.

In an instant, the sharp sword Qi cut the sky, exploded into billowing snow, and assassinated the five warriors in front under the glow of the starry sky.

"Ah -"

Bursts of screams rang out.

I saw the five warriors, whose shoulders were pierced by Ye Chen's sword Qi, with blood splashing, and their bodies flew out like defeated grass.

With one blow, they were completely defeated by Ye Chen.

Ye Chen opened the great starry sky, with the help of the Iron Throne and the blood dragon, and then exhibited the nine swords of cutting the sky. It was simply God blocking and killing God, and Buddha blocking and killing Buddha. No one could stop his edge at all.

With one blow, he defeated all the five warriors in the middle of the Tianxuan realm.

Thanks to Ye Chen's mercy, he didn't move the killer, otherwise the five warriors were already dead.

"What!"

At the edge of the challenge arena, Zhou mang saw Ye Chen's so powerful posture that he trembled all over and couldn't believe his eyes.

The martial artists in the hall of life and death were also boiling and turbulent, completely shocked by Ye Chen's magic power.

"Together!"

Finally, all the martial artists in Tianxuan didn't dare to fight ye Chen alone anymore, and I don't know who shouted, and then all the strong fighters in Tianxuan rushed to the challenge arena.

No matter in the late stage of tianxuanjing or in the early and middle stages, everyone rushed up, relying on the large number of people, and completely defeated Ye Chen.

This is the territory of the hall of life and death. They don't believe that ye Chen can really push the invincible realm of heaven and Xuan.

From heaven and earth, the strong in the Tianxuan realm surrounded Ye Chen on the throne in all directions.

Countless magical skills, martial arts, weapons and magic weapons are as bright as the sea, which is more dazzling and brilliant than the sun.

In such a fierce offensive, even the boundless Zhou mang can't say that he can go on unscathed.

Ye chenduan sat on the throne, but he was still calm, and faintly issued a voice like the oracle of heaven: "surrender to me."

Under the siege of countless strong men, ye Chen unexpectedly had a trace of enlightenment in his heart.

Insight into the nine swords of chopping heaven!

At this moment, ye Chen's nine swords of cutting the sky made another breakthrough and finally mastered it

Chapter 7963

The eight trigrams heaven elixir, mixed with the golden light of the law of reincarnation, blooms out, and the challengers who fall on the challenge arena recover quickly.

Their faces were pale, and they got up stupidly, looking up at Ye Chen, like ants looking up at the God.

At this moment, they finally knew how terrible Ye Chen's real strength was.

Even if ye Chen is only the second layer of heaven in Baijia realm, it is enough to push Tianxuan realm invincible, really invincible.

Plop, plop, plop!

Many challengers are shivering kneeling on the ground, bowing to Ye Chen.

After this battle, they deeply felt Ye Chen's terror, and their inner beliefs were also completely firm.

Ye Chen is only a hundred flail level two days, which is enough to push Tianxuan invincible. If he really rises to the throne of heaven, he will definitely dominate the sky and the world, and push the world. No one can stop him.

The onlookers under the challenge arena were also completely boiling, looking at Ye Chen with great shock.

Ye Chen's domineering performance naturally shocked them deeply.

Temple Lord

Chapter 7964

After that, Zhou mang didn't talk nonsense. He directly released aura, poured it into the transmission array, and opened the ban.

Wow.

The transmission array burst into a blue light and rushed to the sky.

Ye Chen did not hesitate, stepped into the transmission array, and his mind was full of thoughts, which were transmitted to the sea world.

Space shuttle, after a whirl, ye Chen came to a strange world.

This is a vast ocean, blue sea and sky, with no end in sight.

"Is this the sea world?"

Ye Chen hid his breath and pinched his fingers. He knew that he had indeed come to the sea world, but he wanted to capture the breath of the sky and the sea, but the mystery was elusive.

"I don't know where the sea was that day."

Ye Chen pondered in his heart. After in-depth deduction, he found that in the Canghai world, tiancanghai family is dominant, and other forces respect tiancanghai, but exclude outsiders.

Ye Chen is an outsider. If he is found, he may have some trouble, unless he exposes the breath of reincarnation, but he doesn't want to be exposed easily.

Sobbing, sobbing

At this time, ye Chen heard a strange hoarse cry in the distance, like ghosts crying and wolves howling.

Looking at it, ye Chen saw that on the sea level, a mysterious black air roared.

The black air, like rotten meat, stinking sludge, and poisonous sewage, was extremely terrifying, with a sense of magic without time and space.

In the black air, ferocious monsters showed terrible shapes, such as the demon Shura, which were all demon gods from no time and space.

"How can monsters without time and space appear here?"

Ye Chen was surprised. Although the strength of those demon monsters was much weaker than that in no time and space due to the limitation of the law of reality, they were still powerful, mysterious and gloomy.

Those dark gases of the devil's way, passing through the blue sea water and the pure sea water, all seem to have become stinky corpse water, black and purple, extremely strange.

A young man was fleeing in confusion in front of him.

Those black gases chased him like gangrene, and a demon Shura held a knife, roared and screamed, and kept chasing him.

The young man turned pale and fled in panic.

Ye Chen saw the young man from a distance, and was surprised to see that the other party's cultivation breath had reached the eighth level of the heaven Xuan realm.

There are eight levels of heaven in Tianxuan realm. Such masters are the mainstay of the world.

What surprised Ye Chen even more was that the young man actually had the cause and effect of danqingxianzong.

"Is he a disciple of Danqing immortal sect?"

Ye Chen was shocked and uncertain. He also had friends with danqingxianzong. Seeing that the young man was chased by a demon monster, he immediately flew out and blasted his palms forward.

"Fairy Koi copy, purify me!"

With a loud drink, ye Chen's palms burst into bright and holy white light, and golden Koi jumped out of the white light, whistling forward with a strong purification breath.

Hiss hiss!

That head of demon monster, as well as many secret and evil spirits, were instantly dissipated under the purification of Ye Chen Tianxian Koi copy.

All demons and monsters screamed and were purified by Ye Chen.

Between the sky and the sea, the sky is clear and the wind is cool.

"Are you okay?"

Ye Chen looked at the young man and said.

The young man looked at Ye Chen with a stunned face, as if he were looking at the God of heaven.

Those demon monsters, however, come from the existence of no time and space. They are very strong, and even he, an expert in the eight layers of the sky, can't fight.

However, when ye Chen made a move, he crushed it directly, which was simply invincible.

The young man was completely shocked and said, "are you... Are you Xianjun?"

Xianjun is the honorific name of the Wuliang level-1 sky master.

The master of immeasurable realm can no longer be described as a simple heavenly king, but an Immortal King, far beyond the existence of ordinary heavenly kings.

Immeasurable territory is divided into nine layers, and the gap between each layer is extremely huge.

Boundless territory

Chapter 7965

Ye Chen was a guest of the Danqing immortal sect. Even the patriarch Nangong mausoleum was polite to him.

Even, ye Chen had the grace of reinvention for the patriarch of the danqingxian sect.

If it weren't for ye Chen's nirvana pill, nangongling couldn't recover.

Therefore, in the face of Ye Chen, the man named Tian Ziyan was also extremely respectful and kowtowed.

"Get up and talk. Are you also from the sea world?"

Ye Chen gently raised his hand, and a soft force lifted the son of heaven.

He could feel that in addition to the cause and effect of Danqing Xianzong, there was also the earth vein breath of Canghai world on Tianziyan. It seemed that he was born in Canghai world.

The son of heaven stood with his hands down and said respectfully, "yes! The disciple was sent to the Danqing immortal sect by his father to practice since childhood. Now that he has achieved success in practice, my father called me home, but I didn't expect that as soon as the disciple left the Danqing immortal sect, he was attacked by a monster without time and space."

Ye Chen frowned. The monsters without time and space were no small matter. He hurriedly asked, "where did these monsters come from? How could they chase you?"

The son of heaven Yan's face showed a dignified color, lowered his voice, and said, "the disciples caught the secret of heaven. These monsters seem to have run out of the location of the tablet of the emperor of heaven."

Ye Chen was startled and said, "the emperor of heaven sealed the monument?"

The son of heaven said, "yes, the patriarch is an old man. He once saw the tablet of the God of the emperor of heaven, and rubbing some inscriptions."

"Now, that day, the tablet of the Lord has been polluted by an evil spirit, which is likely to come from wuwuwuspacetime."

"Is there a monster without time and space who wants to rob the tablet of the God of heaven!"

"I, Danqing immortal sect, have been contaminated with this artifact, and may have been jealous of those monsters. In the Danqing world, there are earthly veins to guard, and those monsters dare not make trouble."

"However, I left danqingxianzong, lost protection, and was immediately chased."

When the emperor Ziyang spoke, he pinched his fingers repeatedly and deduced that he had understood many causes and effects. The secret of heaven coincided. He guessed that the monster chasing him was mostly from the tablet of the emperor of heaven.

Ye Chen's heart was shocked, and the tablet of the emperor of heaven was surrounded by evil spirits, and even polluted. He also heard that Nangong Ling, the patriarch of the danqingxian sect, said.

Because of this, Nangong mausoleum could not disclose the whereabouts of the tablet of the emperor of heaven, because the evil atmosphere was too serious, he could not reveal the secret, otherwise he would be backfired.

Now the son of heaven is pursued and killed, as if the wrath of heaven had come. Those mysterious demons and monsters wanted to destroy all the existence contaminated with the tablet of the emperor of heaven.

Ye Chen was shocked and regretted.

Unfortunately, he purified all the demons and monsters that chased Tianziyan, leaving no trace.

If you leave a trace, you may be able to push back the mystery of heaven and spy on the location of the tablet of the emperor of heaven.

"By the way, Lord Ye, what are you doing in Canghai?"

Emperor Ziyang asked with some doubts.

Ye Chen came back to his senses, thinking that if the heavenly king sealed the monument, he would find it sooner or later, but he didn't have to be too impatient.

Now the most important thing is to find out the connection between Shen Tu Wan'er and the Lich ancestor.

"I want to see the master of the sea world, the former deputy Temple Lord of the wild temple, tiancanghai."

Ye Chen replied.

Tianziyan is from the Canghai world. He may be able to take ye Chen to find tiancanghai.

The son of heaven heard Ye Chen's words, but he was a little surprised and said, "do you want to see my grandfather? This is troublesome."

Ye Chen said, "why, can't I see him?"

The son of heaven said, "my grandfather has been closed all the year round and didn't care about the world. When he was driven out of the wild temple with great success, he was already disheartened. He never cared about secular things, and almost no one could see him."

"Now my father is in charge of the affairs of the sea."

Ye Chen's heart sank and said, "does your father have a way to summon the legendary Lord of the demon God, the Lich ancestor?"

The son of heaven was surprised and said, "Lord of reincarnation, what do you call the Lich ancestor to do? That's the Lord of the demon God, who is an extremely respected existence in time and space. It's extremely difficult and costly to call him."

"In the whole sea world, no one can summon the Lich ancestor to come except the ancestor tianchang overseas, but the ancestor has been closed."

Ye Chen immediately felt awkward. He had to find out the contact between the Lich ancestor and Shen Tu Wan'er, otherwise he was uneasy.

"Take me to meet your father first." Ye chendao, now you can only see walking steps.

"Yes, Lord Ye."

The son of heaven nodded respectfully, and immediately took Ye Chen and flew forward.

The sea boundary is a world of oceans. There is no large land, only islands.

The son of heaven took Ye Chen to the island in the middle of the sea boundary.

But on the island, there are many palaces, palaces, palaces and palaces, which are extremely prosperous.

At this moment, outside the palace, there are strong men with long swords on their waists. Those strong men have a badge of long swords printed on their minds. They are actually people of Jianmen!

"How did the strong man of Jianmen come to the Canghai world?"

Ye Chen was surprised. Now the sword sect is under the control of demon Zu Wutian. They even came to the Canghai world, which really surprised Ye Chen.

Tianziyan was also stunned and said, "my father didn't tell me when the sword gate came."

He faintly felt something wrong and immediately landed with Ye Chen.

As soon as they landed, some strong patrollers in the Canghai world came up with a depressed face and shouted to the emperor, "young master, you are back."

Ye Chen didn't expose the breath of reincarnation. They didn't recognize it for a time. They just regarded Ye Chen as a friend of the son of heaven.

Emperor Ziyang asked, "what's going on? Why did the people of Jianmen come?"

A patrol strong man said, "Jianmen wants to attract our Canghai world. The second leader has agreed, but the owner refused. They are arguing inside. Go back and have a look."

Emperor Ziyang and Ye Chen looked at each other and felt that the situation was serious. They immediately walked into the palace.

The Daogong on the central island is equipped with a forbidden law, and it can't catch any sound outside. When Ye Chen and the emperor came in, they heard bursts of fighting from the Daogong martial arts field.

The two men came to the martial arts field and mixed in the crowd, but they saw two middle-aged men dueling in the martial arts field.

Both sides showed their magic powers, opened and closed, and the momentum was fierce. There were many strong people watching outside, including people from the Canghai world and people from the Jianmen.

Among them, ye Chen even saw two familiar figures, Yu Huangyao and GUI Chen!

Yu Huangyao, who killed Feng Changkong's family at the beginning, was seriously injured by Ye Chen. Later, Fu Hongchen, the chief disciple of Jianmen, came and fortunately picked up his life.

When ye Chen looked at Yu Huangyao, he found that Yu Huangyao's injury had completely healed, even broken and then established, and his cultivation reached eight levels of heaven in the celestial realm.

Chapter 7966

If it was in the past, ye Chen might feel a little tricky in the face of the strong man on the eighth floor of Tianxuan realm.

But now, he got the old treasure, took charge of the tianwu Wolong Sutra, and pushed the invincible Tianxuan realm.

It's only eight stories in Tianxuan territory. He can't be threatened anymore. He can kill it by flicking his fingers.

Ye Chen looked at Guichen again, and saw that Guichen had red lips, white teeth, beautiful eyes, and a more pure and detached temperament than before. Wearing a black robe, he was like a black lotus, and ye Chen couldn't see through the depth of his cultivation.

"Wutian has begun to integrate with Guichen..."

Ye Chen's heart sank secretly, and on Guichen, he faintly caught the Qi and blood fluctuation of the demon ancestor Wutian.

I want to come to Wutian, and I have begun to integrate with Guichen.

Guichen is nourished by the blood of the demon ancestor Wutian, and he is already the same

Chapter 7967

Ye Chen kicked out, and the god elephant crashed into the sky. Behind him, there was an empty shadow of a bright god elephant, and his foot kicked uncle Tian Tong's abdomen like the sky.

"Puff!"

Tian Shutong spat out blood, mixed with some visceral fragments, and was kicked to the ground by Ye Chen on the spot.

Ye Chen stepped on his head and face, and said in a cold voice, "once again, am I qualified to compare with magic ancestor Wutian?"

Feeling Ye Chen's ferocious momentum and strong oppression, uncle Tian's heart was broken, and he was trembling all over. He didn't dare to say a word again. Where was the just arrogance.

Now as long as ye Chen exerts a little force, he can trample his head and soul together.

The Immortal King and the strong will be trampled by Ye Chen!

Everyone in the audience, looking at Ye Chen's powerful figure, took a breath and was completely moved.

No one expected that the legendary Lord of reincarnation would come to the sea world.

Tian Boxuan and Tian Ziyan, both father and son, also stared at Ye Chen stupidly. They didn't expect Ye Chen to make a move.

Yu Huangyao was even more shocked. Empress Cang took two steps back and looked at Ye Chen and said, "boy, how can your combat power soar to such a level? Can that old treasure actually make you have such a breakthrough?"

He was deeply shocked. The last time he saw Ye Chen, ye Chen could at most match the appearance of seven and eight layers of heaven in Tianxuan realm.

But now, the violent breath emanating from ye Chen has let everyone know that he is qualified to push the sky Xuan realm.

Even the ordinary Immortal King, if he belittles the enemy's carelessness, may also be trampled under his feet by Ye Chen, just like this tianshutong.

"Brother Ye Chen!"

GUI Chen, who had been lowering his head, saw Ye Chen coming, suddenly raised his head and looked at him in a daze.

Ye Chen looked at Guichen, and a trace of complex emotions also rose in his heart, saying, "Guichen, have you fused with the demon ancestor Wutian?"

GUI Chen was silent for a moment, nodded, shook his head again, and said, "only one left arm was fused, and Lao Zu always refused to completely believe me, for fear that after we were completely fused, his consciousness would be occupied by me."

"Therefore, he plans to gradually extract the blood essence of his left arm and integrate it into my body."

GUI Chen gently raised his left hand, and the magic gas on his palm was thin, turning into a black lotus, like a dream.

His left hand, this left arm, is actually the arm of demon Zu Wutian, and the magic power is extremely powerful.

Ye Chen only saw one eye and felt that Gui Chen's left arm was stronger than everyone present, Yu Huangyao, Tian Boxuan, Tian Shutong, Tian Ziyao and so on. The breath of all the strong was even stronger and the threat was huge.

"Well, I've already guessed that we will meet after all."

"Let me see how powerful your arm is."

Ye Chen took back the reincarnation sky sword, took out the emperor's holy knife, looked at Guichen coldly, and was ready to draw the knife at any time.

Guichen fused the left arm of demon Zu Wutian. Even ye Chen didn't dare to underestimate the enemy at all, and took out the emperor's holy knife.

GUI Chen shivered and said, "brother Ye Chen, I won't fight with you. We are friends, and everything can be discussed. After I integrate with Lao Zu perfectly, Lao Zu won't fight with you again with my kindness."

Ye Chen laughed and said, "Guichen, don't be naive anymore. Between me and the devil, it's doomed to be a life and death."

GUI Chen's eyes were gloomy and he shouted, "brother Ye Chen..." but he didn't know what to say.

Yu Huangyao, who was beside him, snorted and said, "master Guichen, why are you talking nonsense with him? This boy comes at the right time. You can quickly use your magic power and kill him with one palm. See if he dare to be arrogant."

Ye Chen's eyes were cold and said, "I'm talking to your young master. Is it your turn to speak?"

The voice fell, ye Chen flexed his fingers, and a wisp of sword gas sounded with the dragon and the sparrow, and hissed through the air, with a puff, running through the eyebrows of Yu Huangyao.

A blood hole appeared in the middle of Yu Huangyao's eyebrows. His eyes widened and he groaned, "Daxia Longque, you..."

Without saying a word, his body fell to the ground with a plop, becoming a cold body.

Ye Chen's move is exactly the one in the nine swords

Chapter 7968

Ye Chen looked at Tian Boxuan, the father of the son of heaven. Seeing that the other party was seriously injured, he waved his hand and released a wisp of aura of the eight trigrams heaven elixir, mixed with the order of reincarnation, and fell on Tian Boxuan.

Instantly, Tian Boxuan recovered from his injury and his face returned to ruddy.

"Lord Ye, thank you, thank you!"

The son of heaven saw that his father was healed, and was surprised to kneel down and kowtow to Ye Chen.

Seeing ye Chen's such means, everyone was even more surprised and amazed.

Tianbo xuanlang said, "Lord of reincarnation, thank you for saving! From now on, my clan will listen to you!"

Within the Tian clan, the clan is divided into two branches, one is in the charge of Tian Boxuan, and the other is headed by Tian Shutong.

Tianshutong was also convinced by Ye Chen's means, knelt down and said, "Lord of reincarnation, there were many offenses before, and the villain is willing to obey."

Then, all the people of Tian family, no matter one of Tian Boxuan or one of Tian Shutong, knelt down respectfully and said in unison, "I wish to obey the Lord of reincarnation and swear to serve to the death!"

Ye Chen nodded and said, "very good."

He didn't expect that when he came to the Canghai world, he actually subdued all the people of the Tian family. It was a surprise.

In fact, ye Chen may not be able to compete with Jianmen if he really wants to compete.

After all, now Guichen has got the left arm of demon Zu Wutian, and his strength is not what it used to be. Even ye Chen is not sure that he can defeat him.

It is unknown who will win the battle.

When things were arranged properly, ye Chen also breathed a sigh of relief and thought, "next, can I see the sky and the sea?"

After all things were solved, ye Chen asked Tian Boxuan:

"Elder, I want to see your ancestors. I wonder if you could introduce me?"

Tian Boxuan frowned slightly and said, "Lord, my grandfather has been closed all year round. No one can see him unless he takes the initiative to issue an oracle."

At this time, the Tian family had already taken refuge in reincarnation, so Tian Boxuan was also renamed Ye Chen as the Lord.

Ye Chen said, "is there no other way?"

Tianbo Xuan said, "Lord, what's the matter with you when you want to see your ancestor? Now I'm in charge of secular affairs in the Canghai world. If you have any orders, I can do it for you."

Ye Chen smiled bitterly and said, "I want to summon the legendary demon God, the Lich ancestor, to come. Can you do it?"

Tianboxuan was surprised and said, "Lord, you... You want to summon the Lich ancestor? Well... Only the ancestor can do that."

Ye Chen said, "how can I see your ancestors? Is there really no other way?"

Tian Boxuan pondered for a moment, and said, "there are ways, but it's very dangerous. The old ancestor set up a Xuantian Zhuling array outside his retreat. The old ancestor said that if anyone can break through this array, he can get his inheritance."

"It's just that since ancient times, no one in my Canghai clan has been able to break through the array successfully."

"Lord, maybe you can try it. If you can break through the Xuantian Zhuling array, maybe you can let Lao Zu out."

Ye Chen said, "Xuantian Zhuling array?"

Tian Boxuan said, "yes, that array is very powerful. In those days, my brother and I both went in and broke through it. Unfortunately, we all failed. It's an array that even Xianjun masters can't break through!"

Ye Chen frowned slightly, listening to Tianbo Xuan's words, the Xuantian Zhuling array was indeed very fierce.

However, ye Chen mastered the formula of array words, and his cultivation in the array can be said to be unparalleled in the heavens.

Even if the Xuantian Zhuling array is powerful, ye Chen may also have a way to crack it.

Thinking of this, ye Chen made up his mind and said, "then I'll try to break into the array, and you can arrange it for me."

Hearing Ye Chen's steady tone, Tian Boxuan felt that he was unfathomable, and hurriedly replied, "yes!"

Chapter 7969

Tianziyan, tianboxuan, tianshutong and others, as well as the martial artists of the Tian family, float in the air outside Xuantian island. Everyone's eyes are looking at Ye Chen with great concern.

Once Ye Chen fails to break through the array, there is only a dead end!

"Why does the Lord of reincarnation rush into the array? He doesn't lack martial arts skills. What's the matter with him? He has to risk his life and go to see the ancestor?"

Some disciples of Tian family, who did not know the truth, began to talk with doubts.

Ye Chen took a deep breath and strode into the array without taking care of the external comments.

As soon as he stepped into the Xuantian Zhuling array, ye Chen felt the aura of heaven and earth around him, becoming violent and disordered.

The storm was roaring, the thunder was roaring, and everywhere was the light of lightning. The thunder was tearing, and bursts of evil breath came out of the ground, suffocating.

The world in Ye Chen's eyes has changed.

It was obviously an island with birds singing and flowers smelling, but as soon as he stepped into this array, the array started, and he seemed to be dragged into a doomsday world.

What you see in your eyes is the weather of the apocalyptic disaster.

Thunder and lightning, crazy towards Ye Chen.

"The torrent of steel, opening up the world, the supreme channel, straight to Tianfu!"

Ye Chen shouted violently, and the smell of the Iron Throne floated. His whole body was surrounded by the smell of steel. The thunder and lightning, as well as the magic knife condensed by the breath of yin and evil, cut on him and were blocked.

Boom!

The smell of steel surged out like a torrent, casting a straight road of steel, extending all the way to the center of the island array.

Under the endless natural disasters, ye Chen saw a simple thatched cottage in the middle of the island, which was presumably the seclusion of Canghai's ancestors.

He walked along the steel road towards the center of the island step by step.

Crackling!

Thunder and lightning flashed around, and lightning kept chopping down, but ye Chen defended them.

People outside the world were shocked to see ye Chen's steel body.

However, ye Chen had no joy.

Because the more he went deep into the island, the more he felt that the battle of Xuantian Zhuling array was getting fiercer and fiercer.

At the beginning, it was just some ordinary lightning disasters, but he went deeper and deeper. Lightning turned into flying swords, and the storm turned into crazy knives. Countless swords, with sharp cutting, came from the sky and the earth, in all directions, fiercely toward Ye Chen.

The Iron Throne alone can't resist such fierce felling.

The steel road in front of Ye Chen was cut off by countless swords, and the surrounding was plunged into darkness again, and the environment in the middle of the island was no longer visible.

"Damn it!"

Ye Chen gritted his teeth and felt the increasingly fierce killing around him. His face also became dignified.

In the endless slaughter, he even heard some strange and twisted roars, and vaguely saw a dead man's face, which was the roar of the supreme will.

Obviously, this Xuantian Zhuling formation does borrow a trace of the majesty of supreme will, so the killing is particularly powerful, even if it is a Xianjun master, it may not be able to break through.

Tian Boxuan, Tian Shutong and others saw Ye Chen's struggling appearance, and a heart also mentioned to his throat.

In those years, they just rushed to Ye Chen's position, so they couldn't go further, and they could only regret defeat.

The countless thunder and lightning flying swords, storm crazy knives, and the erosion of supreme will have brought extremely serious threats to people's bodies and spirits. Even Xianjun masters are in danger of falling.

"The boat of sin, break it for me!"

Facing such a dangerous situation, ye Chen no longer hesitated, and suddenly burst into a violent drink, sacrificing the boat of sin.

The energy of the boat of sin has been exhausted and gloomy.

However, ye Chen slapped back and hit another crystal, which was the heart of the universe.

Hum!

The heart of the universe vibrates, releasing rich energy. The exhausted boat of sin is full of energy again.

However, the light of the heart of the universe was much dimmed, and the aura contained in it was consumed by another fifth.

Now the heart of the universe has only three fifths of its energy left, and it can be used up to three times.

Ye Chen was a little distressed. In order to break the battle, he paid a huge price.

However, in order to find out the connection between the Lich ancestor and Shentu Waner, he would not hesitate to pay no matter how much!

Ye Chen swept his body, boarded the boat of sin, and sailed to the center of the island.

Along the way, countless lightning, wind, knife and sword cleavage, as well as the erosion of the mysterious atmosphere, were all blocked by the boat of sin, and did not hurt Ye Chen.

The boat of sin is indeed an artifact without artifact. It is one of the best in both attack and defense.

The people of Tian family were naturally shocked when they saw Ye Chen's magic weapon.

There are many of them, all their lives,

Chapter 7970

This old man is exactly a fairy king. Obviously, he is the master of the sea world and the former deputy Temple Lord of the wild temple, tiancanghai!

In those days, when he was in the wild temple, tiancanghai experienced many battles.

On him, he still exudes a strong smell of blood. I don't know how many people were killed that year. The majesty of the killing and cutting and the spirit of the sky can't be covered up.

As soon as he came out of the thatched cottage, the laws of heaven and earth were shaken. The humble thatched cottage seemed to have become the temple of the ancient god of war. The sound of war drums came from the depths of the earth, and thunder exploded on the sky.

Ye Chen was shocked. The Immortal King level master, who is now, can only look up to his existence.

"See my grandfather!"

People of the Tian clan bowed down when they saw the sky coming out.

The sky Canghai's face sank and said, "who told you to come here? Do you also want to break into the array?"

Hearing tiancanghai's blame, the crowd was stunned and speechless.

"Get back to me!"

The sky Canghai a crutch, cold voice shouted.

Tianziyan, tianboxuan, tianshutong and others looked at each other, all quite embarrassed and afraid, and thought in their hearts, "it seems that the old grandfather's temper is still as grumpy as ever."

Dare not stay now, hurriedly turned around and left.

In the blink of an eye, only Ye Chen and tiancanghai were left on the whole Xuantian island.

"Are you the Lord of reincarnation in this life?"

The sky and the sea looked up and down at Ye Chen, as if to pry into the details of Ye Chen.

But ye Chen, however, gave him an unfathomable feeling, and the inside story of Qi Yun was extremely majestic.

"Yes, for the first time, please give me more advice."

Ye Chen bowed.

Tiancanghai smiled and said, "I'm not worthy of your advice. Lord of reincarnation, you have broken through the array I arranged. According to the agreement, I'll give you my martial arts inheritance."

With that, tiancanghai offered a jade slip and handed it to Ye Chen.

Ye Chen took a look, and saw that the jade slips were printed with five words "star view idea".

"Star view idea? What is this?" Ye Chen asked curiously.

"This is the Immortal Emperor method, the legendary non stepless skill. I wonder if the Lord of reincarnation can see it?"

Tiancanghai smiled.

Immortal Emperor is the honorary title of the strong man in the nine layers of the infinite realm.

There are only three known immortal emperors in the world, namely, the ancient emperor Yu Huang, Ren tiannv and Ren extraordinary.

Wutian should also be able to calculate. Its strength and gas transportation are not inferior to others, but it is still very difficult to solve the container.

There may be some hidden immortal emperors, but the number will never be large, and they are rare.

An Immortal Emperor can't be killed even if he exhausts the power of the whole real world. It's so powerful that it's incredible.

The so-called Immortal Emperor method is actually a martial art skill spread from wuwuwuspacetime.

Without stepless martial arts, it is difficult for ordinary people to practice. Even if they just want to practice a little fur, it often takes tens of thousands of years, which is extremely difficult.

Only the legendary Immortal Emperor can easily cultivate stepless skill without hindrance.

The three words "Immortal Emperor method" represent the difficulty of martial arts magic. It is difficult to practice without Immortal Emperor. Ordinary people would rather cultivate other martial arts than take great pains to study Immortal Emperor method, so that they can improve and get results faster.

Ye Chen's nine swords of cutting the sky, the wilderness without Sutra, and the divine elephant crashing into the sky can be regarded as Immortal Emperor's method.

Like the nine swords of cutting the sky, the great wilderness has no classics. Many people practice, but no one can really practice to the peak, because the cultivation of the Immortal Emperor's method is too difficult.

The subtlety of the Immortal Emperor method is naturally far beyond the general skill method.

The idea of the sky view of the sky is exactly the Immortal Emperor's method.

"Immortal Emperor method is one of the strongest skills in the world. How dare you despise it? Thank you for giving it to me!"

Ye Chen is not pretentious nonsense, crisp and neat, and puts the jade slips of the star view idea into his pocket.

"Well, Lord of reincarnation, the most regrettable thing in my life is that there are no successors in martial arts. In my Tian family, there are a group of waste insects, who can't understand the mystery of Immortal Emperor's method, but you have excellent talent, and I don't want to bury my martial arts."

Tiancanghai was very satisfied, smiling and praising Ye Chen.

Naturally, he believes in the gift of reincarnation.

His martial arts can be passed on to Ye Chen, which is naturally the best thing. He can be at ease in seclusion in the future.

Ye Chen said, "master, it's ridiculous."

Tiancanghai smiled and said, "what happened when you came to my Canghai world? I caught the cause and effect of the hall of life and death from you."

"No, you are sent by the hall of life and death. Do you want to recruit me?"

"I've lived in seclusion and won't interfere with secular affairs anymore. If you want to recruit me, I advise you to die."

In the end, there was a slight chill in the sound of tiancanghai, with a trace of inexplicable sadness and loneliness.

He was a strong man at the level of fairy king. In those days, he killed countless people and traversed the world. Unfortunately, he achieved great success and was expelled from the barbarian temple.

Ye Chen can also feel the thoughts of the sky and the sea. I think now, in his heart, there is still a lot of unwillingness and resentment, but he didn't show it.

Since tiancanghai wanted to live in seclusion, ye Chen naturally didn't want to disturb him. He hurriedly said, "master misunderstood. My coming here has nothing to do with the hall of life and death, just want to find out a secret."

Tiancang Haidao: "what secret?"

Ye Chen pondered for a moment, and his heart was inexplicably uneasy. "It's about the Lich ancestor. I want to know the identity and origin of the Lich ancestor. If you can, please call the Lich ancestor down, and I want to talk with the Lich ancestor in person."
