### Chapter 7981

"Senior Ren!"

Ye Chen shouted, and his face sank.

He is not worried about Ren Feifan's safety. With Ren Feifan's strength, even if it is as strong as ye Linyuan, it is impossible to defeat him.

Ye Chen was just worried that if the soul of Shura sword was lost and the reincarnation Heavenly Sword could not be restored to its integrity, it would be troublesome.

"Ancient Xuanfeng, the ancestor of the refining Protoss, got the soul of Shura sword. What does he want to do?"

Ye Chen has many questions in his heart. If he wants to solve them, he must find Gu Xuanfeng himself!

Ye Chen found a mountain with abundant aura in the star moon world, calmed down, deduced the mystery of heaven, unfolded the star sky water mirror, and traced the breath of Shura sword soul.

But on the star sky water mirror, there was a fog and nothing could be seen.

Gu Xuanfeng with the soul of Shura sword must be hidden in a very secret place, which ye Chen can't spy on in a short time.

"It seems that if I want to spy on the secret of heaven, my cultivation must break through again."

Ye Chen thought secretly in his heart that his current cultivation is the second heaven of the hundred flail realm. If he wants to clearly perceive the location of the soul of the Shura sword, he must break through to the third heaven to have a little chance to spy on the whereabouts of the soul of the Shura sword.

His eyes turned, and ye Chen took out a bead.

That is the soul devouring pearl left by the female emperor of the Qing moon!

After ye Chen got the soul eating bead, he had no time to refine it. Now calm down, he felt the terror of the bead.

The soul devouring bead is an artifact without artifact, which is divided into four pieces.

Ye Chen has not seen the largest fragment in Mo Caidie's body.

He looked at the soul eating bead in his hand, and felt the deep part of his soul, sending out bursts of fear, as if his whole soul would be swallowed up by this bead.

"This soul devouring bead really has a very powerful restraining effect on the spirit!"

Ye Chen thought in his heart, devouring souls is to devour souls, which is extremely fierce, and can even erode his reincarnation holy soul day!

It can be said that in this world, the only magic weapon that can restrain the reincarnation of the holy soul is the soul devouring bead.

Ye Chen naturally doesn't want to be restrained. The best way is to hold the soul devouring bead in his hand.

The soul devouring bead is a spear, and the reincarnation holy soul sky is a shield. As long as you get the soul devouring bead and the spear and shield are in your hand, it will be invincible in the world.

This soul devouring bead, pervaded by evil spirits, showed a mixed color of black and red. Ye Chen held it in his hand and felt cold and cold all over.

He tried to bite his fingertips and drop his blood essence on the soul devouring beads, but it had no effect.

His blood, along the surface of the beads, directly fell down, dripping on the ground.

This soul devouring bead refused to accept his blood essence brand.

"What's the matter? Can't it be refined?"

Ye Chen's face sank.

"Soul devouring beads are no artifact. Ordinary blood dropping refining is useless."

Just then, an old voice sounded.

Ye evil god came down.

"Grandpa!"

Ye Chen saw Grandpa coming and got up to salute.

Ye evil God smiled and said, "grandson, if you want to refine the soul eating bead, it's useless to drop blood for refining. You need to integrate this bead into your body."

Ye Chen was stunned and said, "integrate into the body? Is it... Is it to swallow?"

Ye Xie said: "it's not necessary. You can inlay it on the holy cup of human slaughter. Even if this bead is fused with you, the process will be extremely painful."

The holy cup of human slaughter is Ye Chen's magic weapon, which is equivalent to a part of his body organs.

Inlaying the soul devouring beads on the Holy Grail is equivalent to merging into Ye Chen's body.

When ye Chen heard grandpa's advice, his eyes suddenly lit up and said, "the Soul Eater is a fragment of no artifact. If the refining process is a little painful, then it's a little painful. I can stand it."

Ye evil God smiled, "I'm afraid you can't help it. I'll protect the Dharma for you. If there's any accident, I can at least cut off your connection with the soul devouring bead."

Ye Chenxi said, "thank you, grandpa!"

Ye evil god nodded and stood up with his hands negative. "Let's do it. If we can't refine this soul devouring bead, we'd rather destroy it than let it fall into the hands of the wanxu temple! Otherwise, the wanxu temple will collect the soul devouring bead fragments, which is enough to restrain your reincarnation holy soul day, and the consequences will be unimaginable."

Ye Chen listened to Grandpa's words, and his face also showed a dignified color.

Under the protection of the reincarnation holy soul day, ye Chen's divine soul is almost invincible, and even the ancient emperor Yu Huang is difficult to destroy it.

In other words, with the protection of the reincarnation holy soul, even the wanxu, it is difficult to completely kill Ye Chen.

In this world, the only one who can restrain the reincarnation holy soul is the soul devouring bead!

Therefore, as long as ye Chen refined the soul devouring beads by himself, there is no need to be afraid of the restraint of wanxu.

At that moment, ye Chen offered the holy cup of human slaughter, holding a soul devouring bead in his hand, and calmed down slightly.

Ye evil god stood aside with his hands held back, concentrating on waiting.

Ye Chen took a deep breath, ran the aura of Bing Zi Jue in his hand, poured it into the soul devouring bead, and suddenly hit the soul devouring bead out.

Ding!

A crisp sound.

With the blessing of Bing Zi Jue, the soul devouring bead was inlaid on the surface of the holy cup of human slaughter very smoothly.

As soon as the beads were inlaid, the golden human slaughter holy cup was surrounded by a layer of dark and mysterious magic gas.

All kinds of demonic Qi floated and sank on the Holy Grail, like a twisted demon dancing.

Suddenly, ye Chen felt a sharp pain in his head, as if a sharp knife had been stabbed into his brain.

"Well..."

Ye Chen snorted stiffly. Under this intense pain, his facial features were distorted.

His blood is connected with the holy cup of human slaughter.

When the soul devouring bead was embedded in the holy cup of human slaughter, it was like being rigidly embedded in his head.

The fierce soul devouring breath is like an ancient beast and a demon in hell, constantly roaring and tearing.

Ye Chen's spirit seemed to be torn. Under the severe pain, his face was instantly pale and his whole body was sweating.

"Grandson, how's it going?"

Ye evil god looked at Ye Chen with such pain, and he was also a little worried.

The soul devouring bead, after all, is an artifact without artifact, which specializes in restraining human spirits.

Ye Chen wanted to refine, and his spirit naturally suffered great torture.

"Grandpa, I can hold on!"

Ye Chen clenched his teeth, endured the pain in the depths of the soul, and fused the breath of soul devouring beads.

"Didn't you get an Immortal Emperor's method in the sea world, called the idea of stargazing? Maybe visualizing the starry sky can alleviate your pain."

Ye Chen has known Ye Chen's experience in the sea world.

In the Canghai world, ye Chen broke through the Xuantian Zhuling array under the tiancanghai cloth and got his martial arts inheritance.

That martial arts, is the legendary Immortal Emperor method, the idea of star view!

Ye Chen had a bad headache. Hearing his grandfather's words, he immediately offered the cultivation jade slips of the star view idea, and the spiritual force penetrated into it.

Chapter 7982

Boom!

Fragments of jade slips, starry words, fluttered out like butterflies and poured into Ye Chen's mind.

Ye Chen also understood all kinds of cultivation methods of the idea of the star view one by one.

As the name suggests, the idea of stargazing is the method of visualizing the starry sky, attracting the power of ancient stars for your own use.

Once the cultivation has reached its peak, every move will have the depth of the starry sky and the vastness of the universe.

After ye Chen got the tianwu Wolong Sutra, Hongmeng's cultivation of the great starry sky was almost perfect. At this moment, it was easy to feel the idea of this starry sky view. It was only in an instant that he thoroughly understood it.

"The starry sky is immortal, the road is magnificent, the ancient gods are eternal, I incarnate the universe, the stars are eternal, so I hear..."

Ye Chen is in the sea of knowledge, thinking about the mystery of the universe.

For a moment, he felt that his sea of knowledge, as if a starry sky had really been born, and a trace of cool breath came from his sea of knowledge and flowed all over his body.

The pain of Ye Chen's spirit was immediately relieved, and the sea was clear.

Even his body resonated with the starry sky in the depth of wuwuwu time and space. The vast aura that did not belong to this world continued to converge into his Dantian, and the realm of cultivation immediately showed signs of breakthrough.

"The idea of the star view is worthy of the Immortal Emperor's method. It's really wonderful!"

Ye Chen was pleasantly surprised.

This idea of stargazing is spread from time and space, and it is a skill created by the ancient god family.

There are four divine families without time and space, including ancient gods, outer gods, demon gods and scattered gods, among which ancient gods are the most powerful and the oldest.

Naturally, the skill they created is also extremely mysterious and profound, with endless mysteries.

Ye Chen, assisted by the idea of star view, finally carried the backfire of the soul devouring bead.

The soul devouring bead was successfully refined and successfully inlaid on the wall of the holy cup of human slaughter.

The golden grail, embedded with a gray bead, also showed a trace of mysterious and evil breath.

"Good, it seems to be going well."

Ye evil God saw the successful refining of soul eating beads and showed a smile.

Ye Chen was nourished by the aura of soul devouring beads, and he practiced the idea of starry sky view. His cultivation was also a natural breakthrough.

From the second level of Baijia realm to the third level of heaven!

"Grandson, how do you feel?"

Ye evil god laughed.

Ye Chen clenched his fist, his bones crackling, and he was full of strength.

This breakthrough is not only a breakthrough in cultivation. Ye Chen feels that his Taoism has also gained a great deal.

For example, the great wilderness without classics has broken through

Chapter 7983

Even if he defeats tiannv in the future, he will take tiannv as his own woman and will not kill her.

Ye evil god narrowed his eyes meaningfully and said, "are you still in love after all? Although in the future time and space, tiannv is indeed possible to become your concubine, but to realize that concept, you need to pay too much. It's better to kill her, one hundred."

Ye Chen shook his head and said, "future things, future talk, now I just want to find Shura sword soul as soon as possible!"

Ye Chen put away the holy cup of human slaughter, and the soul devouring bead has been inlaid on the cup wall. This bead has been refined successfully, ye Chen's cultivation has made a breakthrough, and his spiritual power has become more acute.

Under the insight of heaven, ye Chen finally caught the fluctuation of Shura sword soul!

Ye evil God asked, "where is the soul of Shura sword?"

Ye Chen said, "it seems to be in... A place called jianmeteor abyss."

In the dark, ye Chen seemed to see an endless abyss.

Over the abyss, there is an island floating.

The clanking sound of cast iron came from the island.

The breath of Shura sword soul also came from the island, but the mystery fog was still quite thick. Ye Chen couldn't see the environment of the island, and he didn't know who was casting iron. He only knew that place was called sword meteor abyss.

"The sword fell into the abyss? Was it originally in this place? No wonder even Ren Feifan and I couldn't catch the breath fluctuation of the Shura sword soul, and it was hidden so deep."

Ye evil God heard the name of sword meteor abyss, which was also a shock.

"Grandpa, what's the matter? Is that sword meteor abyss very mysterious?"

Ye Chen just faintly caught a trace of heaven's mystery, and could determine that the soul of Shura sword was in the abyss of sword meteor.

As for this sword meteor abyss, what is the historical reason, ye Chen has never seen it. The place is too secret.

Ye evil god nodded and said, "well, the sword fell into the abyss, which was the place where the purple fairy palace cast the rainbow free sword."

"Rainbow free sword?"

Hearing this, ye Chen's eyes immediately contracted, subconsciously sacrificing the rainbow sword.

There was only half of the rainbow free sword in his hand, and the other half had not been found.

This Rainbow free sword is a weapon once used by Hongjun's ancestor.

Hongjun ancestor used this sword to kill billions of creatures, and finally gathered the bones of countless creatures to create the holy cup of human slaughter.

Ye Chen did not expect that the sword fell into the abyss, which was actually the place where the rainbow free sword had been forged.

Ye Xie Shendao: "in those days, Hongjun ancestor was the most amazing disciple in Zihuang fairy palace."

"The leader of Zihuang fairy palace, the moral God, personally cast a sword for him."

"When the rainbow free sword was cast, the weather was too big, and even destroyed a part of the universe, so that the universe was reduced to an abyss of nothingness, which is now the abyss of sword meteorite."

"Under the abyss of sword meteor, thousands of residual swords were buried, which were the products of the failure of the moral God to cast the sword. He failed countless times before he finally cast the rainbow free sword."

Ye Chen was completely shocked when he heard what grandpa said.

It seems that the origin of Wuhong sword is richer and thicker than he imagined.

"Grandson, after you go to the sword meteor abyss, be careful not to fall under the abyss, otherwise you will die."

"Under the abyss, there is a terrible world enough to bury the fairy king, and it is isolated from the external atmosphere. Once you fall into it, neither I nor Ren Feifan can save you."

Ye evil god followed his advice and was also very afraid of the sword falling into the abyss.

Ye Chen's heart was cold. He also caught the secret of heaven and saw some of his future.

In the thousands of future concepts, in some future, ye Chen died under the abyss of sword meteorite, and his bones did not exist.

Ye Chen couldn't help shivering. He naturally didn't want such a terrible future to happen.

"Grandpa, don't worry, I'll pay attention." Ye chendao.

"Well."

Ye evil god nodded and said, "in short, be careful. I will stay in the star and moon world and guard this place for you. You don't have to worry."

Ye Chen said, "yes, thank you, Grandpa. Then I'll go."

At that moment, ye Chen said goodbye to Grandpa, locked the coordinates of the sword meteor abyss, and directly tore the void.

The sword fell into the abyss, which was very mysterious and the coordinates were very obscure. It was extraordinary, and it was difficult to see it before.

Ye Chen can only lock the coordinates because the soul of Shura sword is there. Otherwise, he can't find the abyss of sword meteorite.

Shura sword soul is the last sword soul of reincarnation sky sword.

Ye Chenzhi is determined to win this sword soul!

As long as he gets the soul of Shura sword, his reincarnation Sky Sword and edge can be completely restored. It is not impossible to surpass the emperor's holy sword at that time.

Shuttling through the void, ye Chen soon appeared in a strange place.

Cold, bone chilling cold.

Ye Chen shivered all over and looked around.

This is a dark world with no light, a dead universe and an endless abyss.

In this abyss, even ye Chen felt extremely cold, but it was not cold in temperature, but a strange and inexplicable cold, as if someone was holding a sword and putting it on his neck.

Or more accurately, every pore of the body seemed to be eroded by the strong sword Qi, and the whole body was trembling.

"Is this the sword meteor abyss?"

"Blood dragon, guard!"

Ye Chen felt the cold of the sword meteor abyss and summoned the blood dragon to protect himself.

The blood dragon hovered on Ye Chen's body, growling low.

At first, the blood dragon devoured the law of heaven. Now it has completely integrated the law of heaven and become

Chapter 7985

Ye Chen hurriedly said, "elder, I need Shura sword soul. Can you give me? You can ask for any reward you need."

Gu Xuanfeng laughed and said, "no, you can take it at any time if you want Shura sword soul. I don't need any reward."

Hearing this, ye Chen was overjoyed and couldn't believe it. "Really?"

Gu Xuanfeng nodded and said, "of course it's true. I never cheat. Anyway, this Shura sword soul was also handed over to me by ancestor Xiao. He said he wanted it to you, and I didn't dare to stop it."

Ye Chen looked at Xiao Xinghe and said strangely, "master Jianshen, you have already got the Shura sword soul?"

Xiao Xinghe nodded and said, "yes, the reincarnation Heavenly Sword was originally made by me. No matter where the soul of the sword falls, I can clearly feel it."

Ye Chen said, "I see..."

Xiao Xinghe: "sorry, ye Chen, I didn't tell you. It's because I'm afraid of revealing the secrets and being stared at by the emperor."

Ye Chen said, "master Jianshen, do you want to cast a sword with the soul of Shura sword?"

Xiao Xinghe said, "yes, I've been in seclusion for too long, and I'm a little itchy. I want to cast a supreme source soldier, so I use this Shura sword soul as the main material and entrust brother Gu to cast the sword. He is one of the ancestors of the refining Protoss, and his skill in refining weapons is not inferior to me." Say to look at Gu Xuanfeng.

Gu Xuanfeng hurriedly said, "ancestor Xiao, you flatter me too much. How can I compare this subtle trick with the peerless magic power of your military formula? Without your guidance, I can't forge this Shura tomb sword."

In the process of Gu Xuanfeng's sword casting, Xiao Xinghe always stood beside him to give directions.

Xiao Xinghe: "brother Gu, if it weren't for your hard work in collecting materials, I wouldn't be able to give full play to my anti heaven skills."

Xiao Xinghe lived in seclusion for many days, and his hands were itchy, but it was inconvenient for him to cast the utensils himself, otherwise he would be found by the ancient emperor Yu Huang, and he would be in great trouble.

Therefore, he is instructing Gu Xuanfeng to cast a sword. Although he can't end up in person, at least he has been an addiction.

Gu Xuanfeng smiled and said, "this time, the sword casting has fused the painstaking efforts of you and me. The sword forged is sharp and fierce, only second only to reincarnation Tianjian."

Gu Xuanfeng and Xiao Xinghe are both top weapon refining masters. The swords they forged together can be imagined as sharp.

Hum!

At this time, the Shura tomb sword sent out a burst of buzzing and vibration. After quenching, it finally gave birth to spirituality and rose violently.

Ye Chen looked up and saw the Shura tomb sword. It was dark all over, but the surface of the sword was surrounded by layers of blood awns. The sword Qi swept the sky, roaring and killing, like a Shura purgatory, unfolding in the sky, shocking people's souls.

This Shura tomb sword is made of the soul of Shura sword. Its meaning is cold and solemn, like a huge dark tomb.

When ye Chen looked at the sword, he had an illusion that his soul was going to be swallowed up.

"What a powerful sword!"

Ye Chen couldn't help admiring.

Xiao Xinghe and Gu Xuanfeng were also delighted to see the swords cast.

"Two elders, then this sword belongs to me?"

Ye Chen looks at Xiao and Gu Er Lao and asks for instructions.

As long as you get the Shura tomb sword and integrate it with the reincarnation sky sword, the sword soul of reincarnation sky sword can be completely restored!

Xiao Xinghe nodded. He forged Shura tomb sword. In fact, he was addicted to it, and had no other ideas. Since ye Chen wanted it, he naturally wouldn't stop it.

Gu Xuanfeng pondered for a moment, as if he wanted to say something, but finally he didn't open his mouth and nodded: "Lord of reincarnation, you can take it. No one in the world is more suitable for this sword than you."

Ye Chen was overjoyed and said, "thank you!" As soon as he shook his arm, the blood Dragon flew up and wanted to grab the Shura tomb sword with a claw.

"Don't rob my sword!"

But at this time, a cold cry exploded, and I saw a magnificent sword light in the distant sky, like the black tide.

When the sword light passed, the sky shaking tide rose in the void, and the smell of black water burst.

"Who?"

The blood dragon's eyes sank, and he didn't expect someone to raid. In a hurry, a claw exploded, and the steel dragon's power surged, severely colliding with the black water tide sword light.

Boom——

Huge waves of air burst in the void.

Shura sword was impacted and fell down, but it fell into Ye Chen's hand as if it were spiritual.

Ye Chen held the Shura sword, clearly felt the breath of the soul of the Shura sword, and his heart was burning.

"Give me back the sword!"

But I saw a young man with a sword cleaving down from the sky, and his eyes were full of anger.

Ye Chen felt the cultivation breath of the young man. At the peak of Tianxuan realm, he could kill with one finger, and immediately wanted to fight back.

"Feng Yu, don't be rude!"

At this time, Gu Xuanfeng flew out, holding a forging hammer in his hand. With a bang, he blocked the young man's sword.

"Grandpa!"

The young man was angry and took two steps back.

He didn't know that he had gone through hell. If Gu Xuanfeng hadn't stopped him and ye Chen had just fought back, he would surely die.

With Ye Chen's cultivation at the moment, he killed Tianxuan invincible. Even the master at the peak of Tianxuan couldn't stop him.

The young man didn't know ye Chen's terror, but Gu Xuanfeng was extremely clear. He hurriedly apologized to Ye Chen and said, "Lord of reincarnation, my grandson is rude and reckless. Please forgive me!"

Ye Chen said, "is he your grandson?"

The young man said, "is he the Lord of reincarnation?"

The two men spoke almost at the same time, with a trace of surprise in their voices.

Gu Xuanfeng smiled bitterly and said, "Feng Yu, don't be rude. Apologize to Lord Ye quickly."

He also introduced Ye Chen: "Lord Ye, he is my grandson, called Gu Fengyu. He is the peak of Tianxuan realm and a disciple of Xianhu sect."

Ye Chen frowned and said, "Xianhu sect?"

Gu Xuanfeng said, "exactly, Xianhu sect is a quite secret sect, and the mountain gate is in the gourd of heaven and earth."

Ye Chen was surprised. He had never heard of Xianhu sect, but he had heard of the gourd of heaven and earth.

The gourd of heaven and earth, the boat of sin, the gate of all wonders, the staff of legend, the mirror of epic, and so on, are all artifact free.

This immortal gourd sect actually holds no artifact and lives in seclusion in the gourd of heaven and earth. I think the inside story can't be underestimated.

Ye Chen's eyes fell on Gu Fengyu and looked a little higher.

Gu Fengyu also looked at Ye Chen and saw that ye Chen's cultivation was only three layers of heaven in the hundred yoke realm, but the shackles were cut off and his body was like glass. At a glance, he knew it was extraordinary, and he didn't dare to be careless.

"So you are the Lord of reincarnation, offended."

Gu Fengyu quickly changed his attitude and saluted Ye Chen.

Seeing that he was willing to apologize, ye Chen nodded and said, "it doesn't matter. If you don't fight, you won't know each other."

Chapter 7986

Gu Fengyu looked at the Shura sword in Ye Chen's hand and said, "Lord of reincarnation, this sword was forged by my grandfather for me. Please return it."

Ye Chen frowned and said, "what did you say?" Look at Gu Xuanfeng.

Gu Xuanfeng was helpless and said to Ye Chen, "Lord Ye, to be honest, I forged this sword originally to give it to my grandson. He wanted to participate in the supreme virtue war six months later and needed a handy weapon."

The supreme meritorious war is a grand event held by Zihuang fairy palace. The invited participants are all the arrogant and powerful people in the world.

Ye Chen heard that Gu Xuanfeng's grandson was qualified to participate in the war. He was slightly surprised and said, "really..." but subconsciously grasped the Shura sword. He needed this sword and could never let it out.

Gu Xuanfeng looked at Gu Fengyu and said, "Feng Yu, the soul of Shura sword, naturally belongs to reincarnation. Since Lord Ye wants this sword, you can give it to him. I'll forge another one for you."

Gu Fengyu felt aggrieved and shouted, "Grandpa..."

Ye Chen saw that he was so wronged, his heart moved slightly, his left hand turned over, and took out a sword, which was the annihilation sword in the eight heavenly swords.

"Brother Gu, this Shura sword is very important to me, so I can only ask you to give it up. I use this annihilation Sky Sword in exchange for compensation. What do you think?"

Annihilation Sky Sword is one of the eight sky swords, and the cutting edge is also quite fierce. Ye Chen is very sincere to use this sword in exchange.

Gu Fengyu's eyes lit up, and the legend of the eight heavenly swords naturally thundered through his ears. This annihilation Heavenly Sword is a weapon once used by Hong Tianjing, which is not trivial.

However, in terms of the edge, today's annihilation Sky Sword is not comparable to Shura sword.

Because this Shura sword, forged by Gu Xuanfeng and Xiao Xinghe together, has gathered the painstaking efforts of the world's two major weapon refining masters and is extremely powerful.

If you can only get the annihilation sky sword, Gu Fengyu is always a little at a loss, and he hesitates below.

Ye Chen also saw each other's hesitation, and then offered a million pills from the reincarnation cemetery, saying, "if you are willing to exchange, how about I give you another batch of pills? They are all elixirs in the old treasure, and won't let you suffer."

Gu Fengyu looked at the pile of pills, and his heart beat for a while, but he always gave up the Shura sword, bit his teeth, and said:

"Lord of reincarnation, I heard that your martial arts are all powerful. For example, how about our duel?"

"If you win me, I won't compete with you."

Hearing that he wanted to compete, ye Chen couldn't help laughing and said, "do you want to compete with me?"

Gu Fengyu said, "exactly!"

Gu Xuanfeng was in a hurry and shouted, "Feng Yu, never! Lord Ye's magical powers are amazing. Unless you can step into immeasurable territory, how can you be his enemy?"

Gu Fengyu took a deep breath and clenched the long sword in his hand, but his expression was firm.

Ye Chen shook his head and said with a smile, "forget it, there's no need to compete. You're not my opponent. Well, I'll stand and cut a sword for you. If you can hurt me, this Shura sword belongs to you."

Gu Fengyu was shocked and said, "what!"

Gu Xuanfeng and Xiao Xinghe were also shocked and couldn't believe their ears.

If it's an ordinary competition, they naturally like Ye Chen.

But they didn't expect that ye Chen was so arrogant that he said to stand and cut a sword for Gu Fengyu. Isn't this looking for death?

You know, Gu Fengyu is the strong one at the peak of Tianxuan realm. If ye Chen really stands still and gets a sword from him, he will be seriously injured if he doesn't die.

"Do it."

Ye Chen stood calmly.

Gu Fengyu was a little uneasy when he saw Ye Chen's posture, but on second thought, he was an expert at the peak of Tianxuan realm and could not break Ye Chen's defense.

You know, ye Chen's cultivation, after all, is only three layers of heaven in the hundred yoke realm.

"You do it, I don't need any magic weapons to resist, I will be forced by your sword, you can hurt me a hair, I will give you the Shura sword."

Ye Chen hurried up again, thinking about the starry sky in his heart, and silently running the idea of starry sky outlook.

A bright starry sky blooms behind Ye Chen.

Ye Chenguang doesn't need any weapons and magic weapons. Relying on his own skill cultivation, he can resist the attack of the peak of Tianxuan realm. Ye Chen has this confidence.

Gu Fengyu saw Ye Chen's confident appearance, but he didn't believe in evil. He gritted his teeth and said, "good! Lord of reincarnation, let me see if you are really so powerful!"

The sound fell, Gu Fengyu's aura burst, and the peak breath of Tianxuan realm gathered on the sword in his hand.

Hum!

The long sword in his hand suddenly burst into brilliant sword light, such as the black water tide, vast and dense, Ruixia gushing, Baoguang masterpiece.

"Black emperor water emperor cut, break it for me!"

Gu Fengyu shouted violently, like a sword rolling like the black tide, wrapped in the overwhelming glow, and fiercely cut off Ye Chen's body.

This is the full strength of the peak of Tianxuan realm!

Gu Xuanfeng and Xiao Xinghe are both extremely shocking.

With such a domineering sword, ye Chen really stood still. If he insisted on bearing it, wouldn't he be looking for death?

Their eyes all looked at Ye Chen with trembling.

I saw Ye Chen, still calm, with his hands on his back, standing silently in place, facing the sword of Gu Fengyu.

Even the blood dragon, far away from ye Chen, drew a distance, and did not give the slightest shelter.

It also has confidence in Ye Chen. The attack of Tianxuan realm can't hurt Ye Chen.

Zheng!

Chapter 7987

Gu Fengyu's sword, extremely ferocious cut on Ye Chen, but it seemed to hit the iron wall, sending out the sound of gold and iron fighting.

Ye Chen's body seemed to be steel, rock and starry sky, extremely hard, extremely calm and vast.

Gu Fengyu tried his best with a sword, and the sword Qi exploded, causing the void to collapse, and the law fragments and the avenue to be obliterated, but he did not leave even a trace on Ye Chen.

"How possible!"

Gu Fengyu saw this scene, shocked beyond measure, completely stunned.

He never thought that with his full strength, he could not even hurt a hair of Ye Chen.

Gu Xuanfeng and Xiao Xinghe were completely stunned when they saw this scene.

"You boy, it's against the sky, it's really against the sky..."

Xiao Xinghe murmured, his face shaking.

Ye Chen's martial arts background completely exceeded his expectation, and even a hit at the peak of Tianxuan realm could not hurt him, which was too outrageous.

At this moment, Xiao Xinghe wanted to give up seclusion and go out to take refuge in Ye Chen.

Ye Chen is only three layers of heaven in the hundred flail realm. He is so abnormal. If he becomes the king of heaven and the king of immortality, it's OK. Who else in this world can block the majesty of reincarnation?

"I said, you are not my enemy, you can't hurt me."

Ye Chen smiled and looked at Gu Fengyu and said.

After he got the tianwu Wolong Sutra, his strength soared and was simply invincible.

Gu Fengyu was discouraged and bowed his head in frustration.

But immediately, he raised his head again, his eyes full of scorching and worship, and said to Ye Chen, "Lord of reincarnation, I lost, I was convinced! But today I can witness the magic power of reincarnation, and I have no regrets in my life!"

Ye Chen nodded and smiled, holding the Shura sword lightly in his hand, flicked the sword and said, "then this sword belongs to me."

Gu Fengyu's expression stiffened for a moment, still full of reluctance, but finally gritted his teeth and said, "well, it's your turn. I'm willing to admit defeat. I won't rob you again."

Ye Chen smiled and said, "very good, thank you." I want to put away the Shura sword.

Boom

However, at this time, the void was violently shaken up, and a large amount of bloody brilliance appeared.

Blood like scarlet glow, large areas of bloom, a sky full of war fighting and cutting, unfolded in the nihilistic universe, and a huge atmosphere of thousands of troops cutting emerged, shocking people's souls.

"Iron blood sky! Ye Linyuan!?"

Ye Chen saw the vision of the iron blood sky, and immediately caught the breath of Ye Linyuan.

At the same time, a mighty force also fell from the sky, like the impact of an iron horse glacier, which was extremely fierce.

"Be careful, master!"

The blood dragon rushed to guard Ye Chen.

Ye Chen gritted his teeth and was forced to abandon the Shura sword. Yulong flew back.

A young man, falling from the sky, grabbed the Shura sword in his hand with a big hand, and a cold smile appeared at the corners of his mouth.

It is Ye Linyuan.

"It's a sharp sword. This sword is related to reincarnation cause and effect. It was forged for me, hahaha!"

Ye Linyuan laughed, his eyes full of obsession, gently stroking the sword.

This Shura tomb sword is made of Shura sword soul and is closely related to reincarnation.

Ye Linyuan was once the closest person to reincarnation. The birth of Shura sword touched the mystery of heaven and directly led him over.

When ye Chen saw Ye Linyuan coming, he was naturally extremely alert.

At the moment, ye Linyuan is bleeding all over, with many scars, hair scattered and messy, only a pair of eyes, still sharp.

Ye Chen thought, "it seems that ye Linyuan was injured by master Ren, but even if he was injured, I'm not his opponent. I don't know where Master Ren is..."

Ren Feifan said before that he was going to meet Ye Linyuan. I think the two have already fought.

Looking at Ye Linyuan's scarred appearance, he was obviously inferior to Ren Feifan.

When Xiao Xinghe saw Ye Linyuan coming, his face sank and he stepped forward: "Ye Linyuan, how dare you rob my sword?"

Gu Xuanfeng also said in a deep voice, "Ye Linyuan, how dare you show up as a lost dog? Put down your sword!"

Ye Linyuan snorted and said, "long winded! Just use your life to try the edge of the sword!"

His voice fell, white light flashed, and Gu Xuanfeng's head was cut off.

"Grandpa!"

Gu Fengyu saw Gu Xuanfeng's head fall to the ground, and was so frightened that he shouted, tearing his heart and lungs.

"What a fast sword!"

Xiao Xinghe's face was also extremely frightening. He retreated repeatedly. He used the military formula to pull off his white hair and cast thousands of shields to form an iron wall and guard himself firmly.

Ye Linyuan's sword was so fast that it was unimaginable. Without seeing what he did, Gu Xuanfeng was beheaded.

Ye Chen was also greatly shocked. He felt that the rules of time around him were distorted.

Ye Linyuan's sword is so fast that time warps, so outsiders can't see his movements at all.

Terrified and on alert, ye Chen offered the holy cup of human slaughter, the wish of heaven, the map of the yellow spring and other magic weapons, and stood in readiness, thinking, "that sword is one of the nine swords that cut the sky

Chapter 7988

He is the eighth heaven of immeasurable realm and the strong one of the quasi Immortal Emperor, but Ren Feifan, whose cultivation has reached the Ninth Heaven, is the real Immortal Emperor!

There is a huge gap between the two.

Facing Ren Feifan, ye Linyuan didn't dare to be arrogant any more. There was only anger and fear in his eyes, and there was a trace of fear.

Ren Feifang glanced at the whole audience and saw Gu Xuanfeng's body. His expression was slightly stifled and he said, "sorry, I'm late."

Ye Chen shouted, "master Ren!"

At the moment, Ren Feifan was covered with holy light, without any scars.

Obviously, ye Linyuan was not his enemy at all, and was completely crushed.

"Ren Feifan, although I'm not your enemy, it's not so easy for you to kill me!"

Ye Linyuan bit his teeth, holding the Shura sword in his hand, and suddenly cut towards Ren Feifan with a sword.

"Cut the sky nine swords, and kill the heart without trace!"

His sword is still the nine swords that cut the sky, but the sword moves are clearly seen by Ye Chen, Xiao Xinghe, Gu Fengyu and others.

It's not that ye Linyuan's sword has slowed down, but that Ren Feifan is here.

Ren Feifan's whole body is full of holy light, shrouding the void in all directions, making all laws and orders extremely stable.

Ye Linyuan's sword, although fast, can no longer distort the law of time. Although powerful, it is no longer ghostly and unpredictable, at least it can be seen.

"Don't you give up?"

"Don't you know the difference between the quasi Immortal Emperor and the real Immortal Emperor?"

"You are not qualified to be my enemy!"

Ren Feifan snorted and looked at Ye Linyuan's sword, but he was calm, his hands sealed, Xi Huang Lei Yin's magic worked, and pieces of thunder roared out, forming a lightning barrier.

Ye Linyuan slashed the past with a sword, but he could not break through the lightning barrier. Instead, he was backfired by the lightning, spitting out a mouthful of blood, and retreated in a very embarrassed way.

"Damn it!"

Ye Linyuan's face was distorted. He thought that with Shura sword, he could more or less make up for the gap.

But unexpectedly, the gap between him and Ren Feifan is still extremely huge!

Under normal circumstances, it is impossible for him to defeat Ren Feifan.

Unless he is in the territory of Tianqing domain, he may have a chance to fight against it, relying on the luck of Tianqing alliance.

But the problem is, this is the abyss of sword meteor, which is not his territory at all.

Forcibly fighting is almost like seeking death.

In this world, the strong Immortal Emperor is high and cannot be killed by any force, but the quasi Immortal Emperor is far less powerful than the Immortal Emperor.

Ye Linyuan is just a quasi Immortal Emperor. If Ren Feifan really wants to kill him, he is still in danger of falling.

"Hand over the Shura sword and break your arm. I'll let you leave."

Ren Feifan looked at Ye Linyuan coldly and said.

Ren Feifan has the ability to kill Ye Linyuan, but the other party is the quasi Immortal Emperor after all. If he really wants to kill, the price must be huge. Now it's not to the point of death.

Let it break an arm and damage its foundation, that's enough.

Ye Linyuan laughed, his eyes flashed a trace of determination and ferocity, and said, "Ren Feifan, you can't think of anything I can't get!"

With that said, ye Linyuan suddenly threw his Shura sword into the bottom of the endless sword, and then turned to break through any extraordinary space blockade and flew away.

"Feather emperor, Ren Feifan and ye Chen are here. Come, I'm looking forward to your coming! Kill them!"

In the distant void, ye Linyuan's cold roar came again. He was not only running away, but also calling to the ruins to call for the arrival of the feather emperor.

Hearing Ye Linyuan's call, ye Chen, Ren Feifan, Xiao Xinghe and others all looked changed.

But I saw that Shura sword was thrown into the abyss and disappeared into the darkness in the blink of an eye.

The sword fell into the abyss, and there was an extremely terrible death, with thousands of broken swords buried.

Those broken swords are all the failed products of the former Zihuang fairy palace before casting the rainbow free sword, which itself has endless anger and afterthought.

If you fall into the abyss of sword meteorite, even the strong in the middle and late stage of immeasurable territory are in danger of falling.

Now ye Linyuan discards the Shura sword and clearly wants to lose both sides. Since he can't get it, it's better to destroy it.

Moreover, if Ren Fanfan wants to go down and look for Shura sword, he can also take the opportunity to escape.

What's more, he called for the arrival of the ancient emperor at all costs.

You know, if the ancient emperor Yu Huang comes, ye Linyuan may not run away and will be killed by one.

But the situation is critical, and ye Linyuan can't care so much. The big deal is that jade and stone are burned.

Dang! Dang! Dang!

A burst of ancient bells suddenly sounded in the void, shocking people.

That's the legendary artifact, the first treasure of the three emperors, and the sound of the emperor's ancient clock!

Under the impact of the ancient clock of the emperor, a series of laws began to collapse, and the void collapsed into black holes, and the aura also became disordered.

Ye Chen only felt upset, Qi and blood churned between the viscera, and almost wanted to vomit.

Gu Fengyu, who was the worst in strength, made a snort and vomited blood on the spot.

The body of his grandfather Gu Xuanfeng turned directly into ashes.

The chime of the emperor's ancient clock is so terrible that it seems that once the bell rings, all the phenomena of heaven and earth will turn into fly ash.

"Grandpa..."

Gu Fengyu was even more sad when he saw his grandfather's bones turn gray.

Boom

The floating island on which everyone stood completely collapsed into dust.

Ren Feifan's face sank and said, "the feather emperor is coming soon. Let's go!"

Chapter 7989

Xiao Xinghe's old body trembled slightly and said, "where can I go? The laws of the surrounding space have been solidified."

The person he was most afraid of in his life was the feather emperor.

Now the feather emperor hasn't arrived yet, but the will has passed, so that the space is blocked, and you can't escape if you want to.

Ren Feifan was calm in the face of danger and said, "go under the abyss and go!"

With that, he drove the whale with a big hand, carrying Ye Chen, Xiao Xinghe and Gu Fengyu, and flew away under the abyss, while the blood dragon returned to Ye Chen.

Xiao Xinghe was shocked when he saw that Ren Feifan was going to the abyss, and said, "under the abyss, there is a dead land. Thousands of broken swords and murderous thoughts swept across. If any creature goes down, there is only one way to die. Now you rush down, aren't you looking for death?"

Ren Feifan shook his head and said, "although it is dangerous under the abyss, there is no danger of the ancient emperor Yu Huang. I am the Immortal Emperor. Even if it is a sword falling into the abyss, it is impossible to hurt me."

Xiao Xinghe said with a wry smile, "I can't hurt you, but we are in danger of falling."

As an instrument smelter, he knew better than anyone that the terrible fall of the sword into the abyss was the burial place of thousands of broken swords.

And when the rainbow free sword was born, its strong edge cut the universe to pieces, causing this place to become an abyss ruins.

Under the abyss of sword meteor, in addition to the terrible afterthoughts of thousands of broken swords, there is the sword gas residue at the peak of the rainbow free sword, which is enough to kill the fairy king, which is very terrible.

Ren Feifan, the Immortal Emperor, is not in danger, but ye Chen, Xiao Xinghe and Gu Fengyu may be killed at any time.

Ren Feifan said, "I will protect you, and the Shura sword fell under the abyss, and you must find it!"

Once the Shura sword sank, the soul of the Shura sword was completely gone, and ye Chen's reincarnation Heavenly Sword could never be restored.

Riding a giant whale, all the way into the abyss, the surrounding gradually became dark, not ordinary darkness, but a mysterious Mo shape, as if there were countless unspeakable things to suppress the darkness.

Is the breath of nothing.

"Eh? There's a breath here."

Ren Feifan was greatly surprised: "is there still a connected world under the sword meteorite abyss? Boy, light up this world." The last words are to Ye Chen.

Ye Chen nodded, immediately sacrificed the wish star, and burned a drop of reincarnation blood.

Hum!

Wish the sky star rises and becomes like the sun under the burning of reincarnation blood, dispelling the darkness around.

Under the sword meteor abyss, the aura of the law was too disordered, so he was reappointed as such Immortal Emperor, who could not dispel the darkness.

This place can be said to be extremely strange and terrible.

But ye Chen, as the Lord of reincarnation, his law of reincarnation can re-establish order and light in the ruins and death.

In the light of the wish star, everyone saw the surrounding environment clearly.

This is a boundless chaotic void, without the concept of up, down, left, right, Southeast, northwest. In the boundless chaos, there are broken swords floating.

The number of those broken swords, countless, converged into a galaxy of stars, slowly flowing in the void.

This is an indescribable void in the language of the real world, and everything is full of mystery.

In the boundless void, some black eddies appear from time to time, like black holes.

Inside those black holes, there is a thin breath, twisted into various strange shapes.

"Roar!"

There was a low roar, like the murmur of the demon God.

There were wisps of Wuwu breath, which originally had no shape, but when ye Chen and others arrived, Wuwu collapsed to reality, and wisps of mysterious breath turned into distorted monsters.

It was a group of unspeakable monsters, covered with filthy pus and blood, ferocious and twisted, unable to describe their shape, only knowing that it was very terrible.

Then, that group of strange monsters, like creeping meat, attacked Ye Chen and others madly.

"Master Ren, here they are!"

Ye Chen shouted, it was obviously a monster from no time and space.

Under the abyss of the sword meteorite, there is a special black hole, which connects space and time, so that the monsters of the world can travel through space and come down.

Gu Fengyu is

Chapter 7990

Ye Chen was shocked, and he only felt the sword blowing on his face and chilly all over.

Under the cutting of thousands of broken swords, ye Chen only felt extremely dangerous.

Even Xiao Xinghe is on alert.

This is the most terrible sword spirit of the sword meteor abyss. It even contains the peak sword meaning of the rainbow free sword. Generally, Wuliang masters may not be able to stop it.

Ren Feifan looked dignified and said to Ye Chen, "lend me the Iron Throne."

Ye Chen said, "Oh!" Immediately sacrifice the iron throne to Ren Feifan.

"King iron seat, subdue sword resentment, all actions are mysterious, and worship reincarnation!"

With a wave of Ren Feifan's hand, the Iron Throne flew out of the air, and the town fell in the void, emitting boundless attraction.

Attracted by the iron throne, all the broken swords that came from all kinds of chopping and killing were sucked in, clanging down on the throne and deeply melted into it.

Relying on the iron throne, Ren Feifan melted all the broken swords.

Seeing such means, Xiao Xinghe and Gu Fengyu were both breathtaking.

Xiao Xinghe clapped his hands and exclaimed, "Ren Feifan, you are worthy of being the Immortal Emperor. Even the broken sword afterthought of the sword falling into the abyss is so easily subdued."

Ren Feifan shook his head and returned the iron throne to Ye Chen, saying, "it's not that I'm powerful, but that the power of reincarnation is powerful, which can make everything in heaven and earth, everything in all things, obey."

Ye Chen took back the Iron Throne and felt the breath of the iron throne, which was much stronger than before.

Those broken swords that Ren Feifan subdued obviously turned into the power of the Iron Throne.

Dang Dang Dang——

However, at this time, there is an ancient bell ringing, amazing soul.

"The feather emperor is coming!"

As soon as Ren Feifan's expression sank, he immediately drove the giant whale and flew forward quickly.

As if guided by fate, they flew all the way to a very beautiful place.

In the center of the field of vision, there is an extraordinarily huge, slowly rotating black hole, which is much larger than other black holes, as if it could devour everything.

In the depths of the black hole, twisted light continued to gush out, rumbling, like the sound of a flash flood.

At the edge of the black hole, thousands of broken swords, like a belt, float on the black hole, and the scene is very magnificent.

This black hole gives people a huge attraction, charming and dangerous.

No matter Ye Chen, Ren Feifan, Xiao Xinghe, Gu Fengyu and others, when looking at this black hole, they all have an impulse to jump in.

In their ears, they seemed to hear the whispers of gods and demons, as if some power was calling them to jump into the black hole.

As long as you jump in, you can leave the real world and go to no time and space.

That is the call of Wuwu!

"Be sober, don't be confused by the monsters of nothing."

Ren Feifan shouted, and he was the first to recover.

Ye Chen, Gu Fengyu and Xiao Xinghe also came back to their senses and broke out in a cold sweat.

That mysterious huge black hole, no doubt, is absolutely related to no space-time!

As long as you jump into the black hole, you can go to no time and space!

However, there is no time and space, mysterious and extremely dangerous. If you step in rashly, there is only a dead end.

Ren Feifan also felt that this place was too dangerous, so he wanted to leave.

However, in the void ahead, the air flow suddenly twisted, emerging a huge, pale, ferocious, terrible dead face.

This dead face is so weird and terrifying, and suddenly appears, which can scare people to death.

"Ah ah ah!"

Gu Fengyu was caught off guard. He was scared and screamed on the spot. Holding his head, his face turned white, and his eyes were full of extreme fear, as if ordinary people suddenly met a ghost.

"Hahaha..."

A gloomy sneer came from the dead man's face.

The dead man's face came to life, and the mysterious and twisted breath gradually dissipated, emitting divine light and Fairy Light, Ruixia blooming, and the precious light was blazing.

A fairy like figure, majestic as an ancient god, came down, and it was the ancient emperor Yu Huang.

"I thought my ancient god's will could scare you to death. It seems that your Tao heart is tough."

The feather emperor smiled and looked at Ye Chen, Ren Feifan and Xiao Xinghe.

The three men looked dignified, but they were not frightened.

Only Gu Fengyu was frightened into a nervous breakdown, shivering all over, sobbing in his mouth, and I didn't know whether his heart still existed.

The ancient emperor Yu Huang is the supreme ancient god in the future. His ancient god will have incomparable terror and can make the human heart collapse.

If ye Chen, Ren Feifan and Xiao Xinghe were not used to the storm, they would also be in danger of collapse.

Ye Chen looked at the ancient emperor and felt deeply dangerous.

Today's feather emperor is more powerful than before.

His cultivation has been beyond the real world and the Immortal Emperor. Although he has not yet reached the point of preaching, he is already invincible in the world.

On re-election extraordinary, compared with the ancient emperor, the momentum is weak by a point.

Under Ye Chen's vigilance, he subconsciously wanted to take out the emperor's holy knife, but he found that his Qi machine was blocked and could not mobilize any weapons and magic weapons.

Aware of this scene, ye Chen was immediately shocked.

The feather emperor sneered and said, "Lord of reincarnation, you don't want to struggle. Today I came personally to kill you all!"

Ren Feifan said in a deep voice, "I'm afraid you can't kill me."
