

Physician 7991

Chapter 7991

The ancient emperor Yu Huang laughed and said, "when you are promoted to Immortal Emperor, your wings are hard. It seems that I can't kill you, but don't worry, I will imprison you and seal you. Eternal torture will make your life worse than death!"

After a pause, the emperor looked at Xiao Xinghe again and said, "Xiao Xinghe, you promised me that you would remain neutral and reclusive. Why did you betray me?"

Xiao Xinghe was sweating coldly. In front of the emperor, he dared not breathe and said, "Your Majesty, i... I didn't betray you, I just..."

In the past, he could at least retain some prestige in the face of the ancient feather emperor, but now the ancient feather emperor, whose cultivation is beyond the Immortal Emperor, gives people a strong sense of oppression, and he is difficult to keep calm, and even wants to kneel down and worship.

This is the authority of the supreme ancient god!

The ancient emperor Yu Huang waved his hand in dismay and said, "well, don't explain. Anyway, I decided to kill you today."

Xiao Xinghe shivered all over. As a strong immortal ancestor, he had experienced countless murders in his life, and had already put life and death aside.

However, in the face of the feather emperor, his deepest fear, the fear of death, was led out, and he couldn't help but bow his hands and beg for mercy: "Your Majesty, spare your life, spare your life!"

This plea for mercy represents that Xiao Xinghe's proud heart was crushed by the ancient emperor Yu Huang.

Ye Chen sighed, but he didn't blame Xiao Xinghe, because in the face of the majesty of the ancient emperor, there are few people in the world who can maintain their backbone.

Hiss!

Suddenly, ye Chen felt the uproar behind him.

Ren Feifan made a move.

"Xihuang thunder seal!"

Ren Feifan is like a wild beast with flying hair, completely different from the previous gentleman.

Obviously, facing the ancient emperor, he also felt extremely dangerous and had to fight to the death.

Boom!

Xi Huang's thunder seal was concluded, and Ren Feifan's hands were intertwined with golden thunder light. The breath of nine heaven divination broke out to the extreme, and Ruixia, which represents the luck of the Immortal Emperor, also bloomed violently.

"Hahaha! Ren Feifan, my cultivation has surpassed the Immortal Emperor. How can you be my enemy?"

The feather emperor laughed and didn't care about any extraordinary attack.

"Dou Zi Jue, Dou Tian Shen Zhang!"

The feather emperor roared out with a palm in the laughter, and the duel formula broke out. The white fighting spirit gathered on his palm, and a palm blasted to Ren Feifan.

Bang!

The collision of two people's palms is like the collision of two cosmic worlds, blowing up startling waves.

Click click!

Ye Chen heard the sound of broken bones in Ren Feifan's body.

Ren Feifan's eyes were completely split, and he was beaten to fly out under the palm of the feather emperor.

Ren Feifan was defeated.

This invincible man, he was defeated.

"Senior Ren!"

Ye Chen shouted. He had never seen Ren Feifan lose.

He saw it today.

"Hahaha!"

The feather emperor laughed wildly, and his heart secretly admired him.

His just slap, in fact, was not easy. It contained his lifelong skills, the burning of the ancient god's blood, and the blessing of the emperor's ancient clock.

With such a fierce palm, Ren extraordinary's body can still be kept intact without being broken, which is enough to make the feather emperor admire.

This reincarnation protector, the holy emperor of Ren's family, and the Immortal Emperor master of the boundless nine layers of heaven, is indeed a world-renowned existence. Even if he was slapped with all his strength by the ancient emperor, he was not beaten on the spot.

Woo

Ren extraordinary's body was knocked away and fell into the huge black hole, which swallowed it in an instant.

"Huh?"

The ancient emperor of the feather emperor pulled his face and felt uneasy inexplicably.

This black hole, but connected to no time and space, logically speaking, Ren Feifan under the injury, fell in, and there was only a dead end.

"Ren Feifan, you'd better come out. I want you to see with your own eyes how the Lord of reincarnation was tortured to death by me!"

The feather emperor sneered, waved his big hand, covered the sky and the sun, and probed into the black hole to catch Ren Feifan.

He can't watch Ren Feifan fall into the void. Otherwise, there will be an accident and the consequences will be unimaginable.

After all, Ren Feifan is also carrying great luck. Once he survives the disaster, he will get any adventure, which is not what the emperor wants to see.

"Ah -"

However, the feather emperor's palm, after probing into the black hole, gave a scream, as if bitten by a poisonous snake, and hurriedly retracted his hand.

Just now, he was still invincible. It was amazing that he suddenly lost his temper.

Ye Chen, Xiao Xinghe and others stared at the ancient emperor Yu Huang dumbly. They did not know what he had touched in the black hole.

The feather emperor's face was cloudy and sunny, and his eyes showed murderous spirit. He stared at Ye Chen and Xiao Xinghe and said, "it's all right. Kill you two first!"

The voice fell, and his palm burst out like the sky, and the duel formula was brought into full play. With the terrible momentum enough to crush the quasi Immortal Emperor, he blasted fiercely at Ye Chen and Xiao Xinghe.

"Lord of reincarnation, go!"

Xiao Xinghe looked terrified and hurried forward, ready to sacrifice himself and guard Ye Chen to leave.

Bang!

But at this time, the huge black hole that swallowed Ren extraordinary exploded.

Black hole explosion, countless mysterious matter and energy, turned into a turbulent torrent, rolling around.

Under the influence of the black hole explosion, even the ancient emperor Yu Huang felt dangerous and hurriedly withdrew his palm to protect his body.

Ye Chen "ouch" exclaimed. Under the impact of the black hole explosion, he felt countless energy streams, almost tearing himself up.

He fainted instantly and was unconscious.

Xiao Xinghe and Gu Fengyu were also blown away by the huge blast.

The explosion of this black hole is so violent that if it weren't for ye Chen's strong physique, he might be directly torn apart.

But even so, he was seriously injured and unconscious, falling into a deeper void.

In a trance, ye Chen saw a round of sun, a very blazing sun, which almost melted him.

.....

Time hurried and passed like water. I don't know how long it took. Ye Chen woke up vaguely. He only felt a splitting headache and sharp pain all over.

"I'm not dead?"

"Where is this?"

Ye Chen froze for a moment, struggling to sit up, but found himself lying in an ancient and quiet room.

The house is built on a big tree. All the furniture in the room is made of wood, and the rattan extends along the wall. It just blooms a few flowers, full of elegant aura.

Squeak.

When the door opened, a girl came in holding a jade bowl containing liquid medicine.

"You wake up, stranger."

Seeing ye Chen wake up, the girl showed a surprise and happy smile, put down the jade bowl and said, "you have been unconscious for more than half a month, and your bones and meridians have been broken. If it weren't for the protection of the Golden Wheel of the emperor of heaven, you might have died."

Chapter 7992

Ye Chen was shocked and said, "have I been unconscious for so long?"

He looked up and down at the girl. The girl was like a fairy coming out of the forest between flowers. Her skin was white and transparent, her face was absolutely beautiful, and her behavior was gentle.

Her ears are pointed, like a spindle, and emerge from her long silver hair. She wears a wreath on her hair and has no clothes on her body. She just weaves pieces of petals into a bra and skirt to cover important parts. Large pieces of snow-white skin are exposed, shaking Ye Chen a little dizzy.

"Where is this?"

Ye Chen wanted to get out of bed, but his body hurt badly, and his bones and meridians were all broken. He felt the sharp pain of tearing his heart and lungs when he moved, and couldn't help but take a breath.

"Don't move, you're not well."

The girl came to hold Ye Chen and said.

Ye Chen gritted his teeth. He was hit by the black hole explosion, and his injury was too serious.

The energy of the big bang of the black hole comes from the non space and time, and the impact is very terrible. The injury in Ye Chen's body is accompanied by the erosion of the non law, which is extremely serious, and it is difficult to cure even by his means of Bagua Tiandan.

"What the hell is this place? Have you seen my friend?"

Ye Chen asked again, in addition to his injury, he was also worried about Ren Feifan.

Ren Feifan was defeated by the feather emperor and fell into the whirlpool of the black hole.

That black hole vortex, connected to the non existence space-time, let extraordinary fall into, isn't it directly into the non existence world?

Ye Chen is only worried that Ren Feifan will fall.

The girl said in a crisp voice, "this is the God Sakura world, the only place with vitality in this sword meteor abyss, and also the only home of our Yuling family. We Yuling family are Sanshen, and my name is yuqingxin."

Ye Chen was shocked in his heart and said, "rain spirit clan, scattered God? Are you a race in boundless time and space?"

Sanshen is one of the four divine families without space and time. Compared with ancient gods, external gods and demon gods, most Sanshen are relatively weak, unable to withstand the concepts and laws of chaos without space and time, and can only be forced to flee to the real world.

For example, the Huang nationality where the Huang Lao is located is the scattered God blood.

Ye Chen didn't expect that the fairy like bright and moving silver haired girl with sharp ears in front of her turned out to be scattered God's blood.

The girl named yuqingxin said, "yes, our Yuling clan is the blood of scattered gods. Under the protection of the Golden Wheel of the emperor of heaven, a home has been opened up in this sword meteorite abyss, named Shenying world. Look, the tree outside is Shenying tree."

Yu Qing's heart pointed out the window. In the distance outside the window stood a huge cherry tree, towering into the clouds, with large pieces of cherry blossoms flying, which was spectacular.

Ye Chen looked at the God cherry tree, stunned, and asked, "what is the Golden Wheel of the emperor of heaven?"

Yu Qing thought for a while and said, "well, since you are awake, I will take you to Tiandi Xianchi to heal. As we walk, we will talk."

After a pause, he asked, "what's your name, stranger?"

Ye Chen said, "my name is Ye Chen."

Yu Qing's heart "Oh", he helped Ye Chen out of bed and walked out of the door.

Ye Chen came to the door, and sure enough, he found that the house was built on a tree, and there were many Yuling clansmen under the tree. The appearance was the same as Yuqing's heart. They were all silver haired and sharp ears, and their appearance was very elegant and beautiful.

The rain spirit clan is like a group of fairies living in the forest. Detached from the world, everyone's face is peaceful and gentle, and their eyes are as clear as shackles.

Ye Chen was surprised to find that all the Yuling people were young girls and young girls, without men or young people.

Yu Qing's heart laughed and said, "we Yuling people are all women. We were born on the God cherry tree. At first, we were just a cherry blossom. Later, we were nourished by rain and grew into human shapes."

While talking, she helped Ye Chen fall under the tree and stepped on the ground together.

The women of the surrounding Yuling clan, seeing ye Chen, all showed a gentle and quiet smile and greeted him. Several young girls jumped past him, playfully laughing, holding the corners of his clothes and shouting:

"Brother, are you from the outside world? What's the outside world like?"

Ye Chen was in a daze, and he felt a trace of peace in his heart, unprecedented peace.

This divine cherry world is really like a paradise, without any intrigue.

Yu Qingxin smiled, took Ye Chen's hand and walked forward, saying, "although you are a stranger, you have no malice, so everyone likes you. If malicious people invade, the God cherry tree and the Golden Wheel of the emperor of heaven will send out special weather, but you don't, so you are a good person."

Ye Chen said, "thank you..."

Yu Qing pointed to the sun in the sky and said, "that's the Golden Wheel of the emperor of heaven. It's the highest artifact of our scattered Protoss, but it's not the noumenon."

Ye Chen looked up at the sky and saw that the sun in the sky was not in the shape of an ordinary sun, but a golden wheel. Because the light was extra dazzling and brilliant, it shone like the sun on the earth.

Through this sky, you can vaguely see the shape of the sword meteor abyss, which is a dark and nihilistic cosmic ruins, with countless black hole eddies and countless broken swords.

"The Golden Wheel of the emperor of heaven, the highest artifact? Is it no artifact?" Ye Chen murmured.

Yuqing thought, "yes, there are four Supreme artifact, including scattered gods, demon gods, external gods and ancient gods, each of which has one."

"The highest artifact in our scattered God camp is the Golden Wheel of the emperor of heaven."

Chapter 7993

After a pause, Yu Qing's heart sighed helplessly: "unfortunately, for hundreds of millions of years, no one in our Sanshen camp has been able to take charge of the Golden Wheel of the emperor of heaven, resulting in our Sanshen's weak fortune, and we have always been unable to fight the other three Protoss, and even most of our clans have difficulty in gaining a foothold in time and space."

Among the four Protoss without time and space, the scattered Protoss is the weakest. In fact, it is not that the scattered Protoss are inherently inferior to outsiders, but that the scattered protoss have not been guarded by the highest artifact, resulting in their weakness all the time.

That day, Emperor golden wheel was one of the four highest artifacts!

Yu Qing's heart was faint and said, "if someone can take charge of the Golden Wheel of the emperor of heaven, he must be able to lead the rise of Zesan Protoss, and there is no need to suffer from displacement."

Ye Chen said, "really..."

Ye Chen looked at the Golden Wheel of the sun in the sky. In a trance, he suddenly saw a figure passing by.

That's Ren Feifan's figure!

Ren extraordinary's figure seems to appear in the sun!

"Ouch!"

Aware of this scene, ye Chen couldn't help exclaiming.

"What's the matter with you?"

Yu Qing asked curiously.

Ye Chen was stunned for a while. Looking carefully again, he found that there was nothing special about the sun golden wheel.

Just now he saw Ren Feifan's figure, as if it was just an illusion.

"No... nothing."

Ye Chen was in a trance, thinking that maybe he was too seriously injured, and he really had hallucinations.

At this time, I heard the old voice from the reincarnation Cemetery:

"I didn't expect to see the Golden Wheel of the emperor of heaven again here. Although it's just a projection, it's not the noumenon, but it's enough to make me miss it."

Huang Lao also sighed faintly, looking at the sun Golden Wheel in the sky. He was born in the blood of Sanshen, and the Golden Wheel of the Heavenly Emperor was the highest artifact and totem of Sanshen!

The concept and law of no time and space are extremely chaotic. If the four Protoss want to survive, they must have the shelter of the highest artifact, otherwise it is difficult to stand on their feet.

The Sanshen clan has always been displaced, and even a large number of people have fled. Only a small number of strong people can resist the law of chaos and continue to stay in wuwuwuspacetime. It is because the Sanshen clan has always been unable to take charge of the Golden Wheel of the emperor of heaven, resulting in weak luck and insufficient shelter.

Therefore, Huang Lao also has special feelings for the Golden Wheel of the emperor of heaven.

"The Heavenly Immortal pool is here."

Yuqing's heart came to the center of the forest with Ye Chen, and the God cherry tree stood in front of them.

Under the God cherry tree, there is a huge pool, the water of which is golden and full of aura. There are many girls of the rainy spirit clan, playing, swimming and laughing in the pool.

They were all naked, with no cover on their bodies. Even if they saw Ye Chen coming, they didn't look shy. Even a few girls cheerfully asked Ye Chen to come down and play.

Ye Chen's face flushed slightly. It seemed that the Yuling clan did not have so many rules as the outside world. They were all women, with a gentle nature. Even outsiders, as long as outsiders were harmless, they would welcome them unconditionally.

"This fairy pond of the Heavenly Emperor is the holy land of our Yuling family. The divine cherry tree resonates with the Golden Wheel of the Heavenly Emperor, absorbs the aura of the Golden Wheel of the Heavenly Emperor, and finally breeds this fairy pond holy land. Although you are seriously injured, it is enough to heal you with the aura of the fairy pond of the Heavenly Emperor."

Yu Qing looked at Ye Chen with a gentle heart, and then untied the petal bra and skirt on her body, revealing her white and tender body without reservation, and stepped into the fairy pool of the emperor of heaven.

Then, she greeted Ye Chen and said, "come down, foreigners, don't be too constrained. We Yuling people don't have so many rules from the outside world."

Ye Chen was a little embarrassed and uncomfortable, but considering his serious injury, he no longer hesitated, nodded at the moment, took off his clothes, and entered the Tiandi fairy pool.

As soon as he came in, many Yuling girls in the fairy pool began to laugh and play, gathered around him one after another, looked at him curiously and stroked him.

Ye Chen is the only man among the women, and he is also a stranger, so he naturally attracts the attention of all the women.

Ye Chen felt embarrassed. Fortunately, Yu Qing came to the rescue and said, "this stranger still needs to heal. Don't make trouble." The girls just dispersed.

"Thank you."

Ye Chen thanked Yu Qing in his heart, and then calmed his mind, silently operated the skill, and absorbed the aura in the Heavenly Immortal pool.

Hoo Hoo!

As soon as ye Chen began to absorb, the whole Tiandi fairy pool rolled up, and there were whirlpools of countless golden energy, which gathered madly on Ye Chen.

Feeling such a change, the surrounding women, such as Yu Qingxin, were all surprised.

In their shocked eyes, the energy of Tiandi Xianchi was constantly fading, and the golden water gradually became pale gold, and finally became transparent.

All the spirit of Xianchi was sucked dry by Ye Chen.

Under the nourishment of the Heavenly Emperor fairy pool, ye Chen felt that his injury had fully recovered.

Even his accomplishments are almost breaking through, and he has reached the critical point of the three-level sky in the hundred yoke realm. He can be officially promoted with only a slight difference!

Two quarters of an hour later, ye Chen opened her eyes. There was a golden God's awn shining in her eyes, brilliant as the God of heaven.

He looked at the transparent pool water and the stunned eyes of the surrounding women. He couldn't help but smile apologetically and said, "sorry, I drained your Heavenly Emperor fairy pool in order to heal my wounds. I'll compensate you."

With that, ye Chen offered a lot of pills.

Yu Qing shook his head and said, "no, the energy of Tiandi Xianchi can be recovered slowly. Is your injury okay?"

Ye Chen said, "all recovered, Miss Yu, thank you."

Ye Chen came out of the pool and put on his clothes.

Yuqing's heart soaked in the water for a while and also came out.

Cherry blossoms fell from the God cherry tree and knitted into a bra and skirt on her to cover important parts of her body.

"Brother Ye Chen, since you are a stranger, I want to entrust you with something."

Yu Qing thought.

"What is it?"

Ye Chen asked.

Yu Qing thought for a while and said, "do you know the Lord of reincarnation? We Yuling people want a drop of blood from the Lord of reincarnation to purify the filth."

Ye Chen was stunned, dumbfounded and said, "rain girl, I am the Lord of reincarnation."

Yu Qing was stunned and said, "what did you say?"

The girls of the Yuling clan around were also stunned, staring at Ye Chen blankly, and there was a moment of silence.

Ye Chen took a step and showed the atmosphere of six reincarnations and reincarnation in heaven behind him, saying, "I am the reincarnation inheritor of this life, rain girl, do you need my blood?"

Yu Qing's heart felt the metempsychosis, and immediately choked, hurriedly nodded and said, "yes! Unexpectedly, brother Ye Chen, you are the Lord of metempsychosis..."

At last, her cheeks were slightly red again, and her breathing was rapid.

Chapter 7994

We should know that reincarnation blood has a strong attraction to the opposite sex.

Any woman who gets along with Ye Chen for a long time will like him.

During Ye Chen's coma, Yu Qingxin took care of him for a long time, and there must be feelings born.

Ye Chen naturally knows this, but he doesn't point it out.

Yu Qing took a deep breath, calmed his mind a little, and said, "brother Ye Chen, since you are the Lord of reincarnation, it's easy to do things. We need a drop of your blood to purify the filth of Shenying."

Ye Chen said, "what filth?"

Yu Qing said in his heart, "the filth of Shenying, which resonates with the Golden Wheel of the emperor of heaven and protects our Yuling family, but after all, it is located in the abyss of sword meteor. Under the erosion of the abyss breath outside and the breath of time and space, Shenying has also accumulated a lot of filth."

"These filth, if not purified, will endanger our home!"

Ye Chen frowned slightly and said, "if you need only a drop of my blood to purify the filth, then I can help you."

Yu Qing's heart was pretty and dignified, and said, "brother Ye Chen, you'd better go to the dirty place with me. A month ago, a sword fell down in the sword meteor abyss, making the dirty place more violent and chaotic. I'm afraid the situation is not easy to deal with."

Ye Chen's eyes shrunk and said, "a sword fell down?"

Thought: "did Shura sword fall here? If so, it's really broken iron shoes and nowhere to find. It takes no time!"

Ye Chen has been looking for the Shura sword to make the soul of reincarnation Tianjian recover completely, but he doesn't know where the Shura sword fell.

Now listen to Yu Qing's heart, the sword that fell in the filthy land is probably Shura sword!

Yuqing said in his heart, "yes, you go with me first."

With that, Yu Qing took Ye Chen's hand and walked all the way along the root of the God cherry tree.

This God cherry tree is huge and spectacular, and its roots are also very thick. It is buried in the soil and extends all the time. Unexpectedly, it extends all over the whole God cherry world.

This divine cherry world is also protected by the divine cherry tree.

Led by Yu Qingxin, ye Chen walked along the root of the tree and gradually walked for more than ten miles. The surroundings gradually became desolate and remote. The root of the tree was also a normal color, becoming gray and black, full of filthy smell.

Finally, they came to a barren mountain.

In the pass of the barren mountain, there are several female warriors of the Yuling clan wearing armor, who are guarding.

These female soldiers are extremely hot, and their bodies are not as weak as ordinary Yuling people, but full of a kind of wild bodybuilding.

"Saint!"

Those female soldiers, seeing Yu Qing's heart coming, saluted immediately.

It turns out that Yuqing's heart is the saint of the Yuling family.

Ye Chen was surprised and looked at Yu Qing's heart more.

Yu Qing's heart looked deep into the barren mountain, but he saw that in the barren mountain, the black fog was surrounded, the miasma was made up, and the mysterious and strange smell rushed into the sky. Waves of monsters roared faintly from the mountain, which was thrilling.

This is the filthy place of the God Sakura world!

Yu Qingxin asked, "what's the matter recently? Is there any sign of chaos in the demon God in the dirty land?"

A female soldier said, "a sword accidentally fell down from the sword meteor abyss, and those demon gods rioted even more. If we don't purify the filth, I'm afraid that our whole God Sakura world is in danger of collapse!"

Yu Qing said in his heart, "don't worry, I have invited the Lord of reincarnation, and he is the Lord of reincarnation." Say to take ye Chen's hand.

The female soldiers were shocked and felt carefully. As expected, they caught the breath of reincarnation on Ye Chen.

They hurriedly knelt down and shouted in unison, "see the Lord of reincarnation!"

Ye Chen lifted them up and said, "don't be polite."

He looked into the depths of the barren mountain, trying to catch the breath of Shura sword, but this filthy place was too evil, covering up all the traces of sword spirit, and he did not catch the existence of Shura sword.

Yu Qing said in his heart, "brother Ye Chen, I heard that the law of reincarnation, which is above the heavens, can purify all filth. Look at the filth and evil spirit of this place, can you purify it?"

Ye Chen stared at the barren mountain and saw the thick miasma and dirt in the mountain. His eyes were also slightly dignified and said, "I'll go in and have a look."

Yu Qing nodded in his heart and said, "well, I'll go with you. This filthy place has bred a large number of demon monsters because of its serious evil spirit all the year round, which is very dangerous."

Demon God is one of the four God families without time and space. The lowest demon God is as foul and twisted as maggots. It is bred from evil spirit and filth. It is a monstrous monster with extremely bad smell. It only knows killing.

The high-level demon God is born according to the law of the demon road. After being strong, he can give birth to wisdom, dominate the world, and be extremely strong.

The demon monster in this filthy place is obviously a low-level existence.

However, even so, after all, it is a monster containing the law of no time and space. For people in the real world, nature is also extremely powerful.

Yu Qingxin took Ye Chen and walked into the barren mountain together. As soon as they entered, a twisted giant snake rushed out of the woods, roaring and killing them.

"Broken!"

Ye Chen's eyes were quick and his hands were quick. With a flick of his fingers, a strong sword burst down, and immediately penetrated the body of the giant snake monster.

The giant snake monster roared sadly, turned into black gas and dissipated.

Ye Chen has completely recovered from his injury, and he has refined the nine swords of chopping the sky to

Chapter 7995

"Brother Ye Chen, you're great!"

Yu Qing's heart felt Ye Chen's strength, and she couldn't help admiring it, and a touch of joy flooded into her beautiful eyes.

With Ye Chen, it seems that there is hope to purify the filth.

Ye Chen looked slightly frozen, carefully sensing the breath around.

Now he stepped into the filthy place, and finally caught a trace of familiar sword Qi in the countless chaotic and filthy evil Qi.

That's the sword spirit of Shura sword!

Shura sword, indeed, fell here!

"Very good, very good. It seems that Shura sword is really here."

Ye Chen was surprised.

Yu Qing thought, "what Shura sword?"

Ye Chen said, "it's the sword that fell from the outside. That sword is exactly what I need to look for!"

Yu Qing was surprised and said, "really?"

Ye Chen pondered for a moment and said, "the fall of Shura sword has made this filthy place violent. If you want to purify the filthy, we must first find Shura sword. Come with me."

With that, ye Chen took Yu Qingxin's hand and walked forward.

He vaguely caught the breath of Shura sword. Now he locked the position. As long as there was no accident, Shura sword was his!

Yu Qing's heart saw the hope of purifying filth, and he was also happy in his heart, and followed Ye Chen.

However, in this filthy land, the number of demons and monsters is very large, and even with Ye Chen's cultivation, it is difficult.

He was only ten miles away from the location of Shura sword, but it was this distance, but he didn't reach it for a day.

Until nightfall, ye Chen only traveled half the way.

After dark, you can't go any further, because the demon monster at night will become more grumpy and powerful.

Ye Chen and Yuqing's heart rested in an open space between the forests.

Ye Chen uses the golden carp to clean up the miasma around him, opening up a pure land for himself and Yuqing's heart to have a good rest.

Outside the pure land, there were bursts of sad monsters hissing.

Ye Chen sat cross legged and breathed silently.

Yuqing's heart also rests under a big tree.

Ye Chen thought of the safety of Taishen and asked Xiao prison, the soul code of the dead end, to say, "has the peak of the dead end been opened? At present, my strength has increased a lot, and I should be able to fight."

After a short silence, Xiao prison said, "the prohibition has been loosened. I'm afraid you can face that guy in a short time, but the other party is not simple. You should be prepared."

"Well." Ye Chen said faintly, now his strength is invincible, and it must not be too difficult.

However, the desperate situation of death is an existence that the Tao of heaven cannot kill, and it cannot be underestimated.

The two of them were taking a rest. Suddenly, they heard a roar of "roar". A huge humanoid monster broke through the forest and came to the two of them.

"It's Troll!"

Yu Qing's heart screamed. The humanoid monster was a dozen meters tall, burly, with exploding muscles. Its skin was in the color of bronze, but its eyes were blood red, shining fiercely in the night.

This monster, called giant demon God, has a little spiritual sense compared with ordinary low monsters.

"Reincarnation, the eternal enemy! The enemy of the demon lord! I have found you!"

The giant demon God, staring at Ye Chen, made a hoarse and unpleasant roar in his mouth, and could actually spit out words.

Ye Chen was surprised. He saw that the giant demon God rushed like a bull madman, and his huge fist smashed fiercely at his head.

"The great famine has no classics, and the great famine is the old finger!"

Ye Chen shouted violently, and immediately used the martial arts magic power in the Dahuang Wujing, Dahuang Tianlao finger!

Suddenly, a magnificent, old, ancient, black and white mixed breath burst out of Ye Chen's fingers.

A huge finger shadow fell from the sky, like a God and a devil falling angry. With extremely fierce pressure, it stabbed the giant demon God mercilessly.

Poof!

Ye Chen poked with a finger, and the huge finger shadow, just a blow, pierced the body of the giant demon God.

The troll God was stunned, and his body fell to the ground. It obviously didn't expect that ye Chen's force was so powerful that he could stab it to death with just a finger.

"Reincarnation, the original Demon Lord will not let you go..."

"You and Shen Tu Wan'er, you and the sinner, are going to die, you are going to die..."

In the throat of the troll God, he made a low and sad voice, and finally collapsed and died, turning into black gas and dissipated.

Ye Chen's face was dignified for a while, and he thought, "who is the demon lord of the beginning of the Yuan Dynasty? Is it the Lich King of the previous generation? Is this Troll born in response to the demon way of the beginning of the Yuan Dynasty?"

In a trance, ye Chen caught bursts of secrets, but the fog was too thick to see through absolutely.

The original demon lord mentioned by the giant demon God before his death is likely to be the previous Lich King!

Shen Tu Wan'er's future body can be replaced by killing the previous Lich King, becoming the new Lich ancestor, the supreme demon lord, and nominally controlling the entire demon God family.

Between heaven and earth, there are only four people with future bodies, and Shentu Waner is one of them.

According to Shen Tu Wan'er's future body, the previous Lich King was not dead, and there was still a remnant of will, whirling between heaven and earth.

Even, the former Ministry of the former Lich King did not accept Shen Tu Wan'er, and even wanted to revive the former Lich King.

Ye Chen faintly smelled a trace of crisis and vortex.

After a pause, ye Chen shook her head and abandoned her inner thoughts.

Anyway, the most important thing now is to find Shura sword and make reincarnation Tianjian complete!

Yu Qing's heart saw Ye Chen stabbing the giant demon God with a finger, and his heart was even more admired, and the worship in his eyes was even greater.

For the rest of the night, there were no demons and monsters, and they attacked them again.

It is likely that the breath of Ye Chen's reincarnation made those demon monsters catch the danger, and no one dared to approach at all.

Ye Chen rested safely, and planned to wait until dawn tomorrow, and then set out to find Shura sword.

After five hours, ye Chen finished his cultivation and woke up, but found that the sky was still dark and there was no sign of dawn.

"Eh?"

Ye Chen was surprised.

Yu Qing's heart also woke up. Looking at the dark sky, she was also very surprised.

Normally, it should be dawn now, and the sun will show light, but the two didn't see any light.

Ye Chen looked up at the sky and could see the outline of the emperor's golden wheel that day, but it was dark and gray.

Yu Qing said strangely, "it's strange that the Golden Wheel of the emperor of heaven doesn't bloom with light? This highest artifact flows in light and darkness every day. Yin and Yang alternate day and night, just like the eternal law. Before, at this time of every day, it should be dawn."

Ye Chen was silent and vaguely uneasy.

They waited for another hour. The Golden Wheel of the emperor of heaven had not yet bloomed, and the world was still dark.

Chapter 7996

Then another hour passed, and the thick night still shrouded the earth, and there was no sign of light rising.

Ye Chen and Yu Qing were surprised and uneasy.

In the tribal forest of the Yuling clan in the distance, many women of the Yuling clan woke up and saw the dark appearance of the Golden Wheel of the emperor of heaven. Everyone was terrified and shocked. They just thought that the end was coming, and many people knelt down and prayed.

In the barren mountains and filthy places, the darkness of the Golden Wheel of the emperor of heaven disappeared, and many demon monsters became violently agitated, sending out bursts of sharp strange howls.

"It seems that it won't dawn!"

Ye Chen's face sank, pinching his fingers, and faintly caught the extremely terrible mystery.

He could feel that there was a terrible change in the body of the Golden Wheel of the emperor of heaven.

The Golden Wheel of the Heavenly Emperor in the Sakura realm is just a projection. The noumenon changes. Naturally, this projection will not light up again.

Yu Qing's heart immediately panicked and said, "what should we do? Without the protection of the Golden Wheel of the emperor of heaven, we don't have to wait for the outbreak of filth and evil spirit, and the Shenying world will be destroyed. Outside, there is the endless sword spirit of the sword meteor abyss!"

Shenying world is located in the abyss of sword meteor, and the environment is extremely bad. Outside, there are ruins of the abyss, and there are broken swords everywhere.

Without the protection of the Golden Wheel of the emperor of heaven, Yu Qing couldn't imagine the consequences.

Hiss hiss!

As soon as her voice fell, suddenly on the dark sky, there was 10000 sword Qi, which exploded like a waterfall.

That's the residual sword spirit from the sword meteor abyss!

The Golden Wheel of the emperor of heaven did not bloom, and the protection of the Sakura world weakened. Unexpectedly, it was immediately attacked by the sword meteor abyss.

The ten thousand sword Qi suddenly fell on the earth, breaking through the earth plate, and hundreds of feet of magma spewed out.

There was also a lot of sword Qi, which came to Ye Chen and Yu Qing's heart.

"Wish heavenly star, Royal!"

Ye Chen urged wish Tianxing, blocked the sword Qi, and drew out the reincarnation Tianjian, concentrated on alert, and said to Yu Qing, "no matter what, help me find the Shura sword first!"

"If the Golden Wheel of the emperor of heaven can no longer restore light, you Yuling clan, move to my territory, and I can give you a home."

Ye Chen's territory includes reincarnation heaven, star moon, life and death, sea and so on. It's still easy to settle the Yuling clan.

Yu Qing felt a little calm and said, "thank you, brother Ye Chen."

Ye Chen nodded and walked forward with Yuqing's heart.

Now, the emperor of heaven's golden wheel, unpredictable great changes have taken place. Ye Chen doesn't know what it is. He just wants to take back the Shura sword as soon as possible.

The closer he was to the Shura sword, the more Ye Chen felt the fierce spirit of the Shura sword.

Finally, ye Chen saw a giant demon God.

In the hand of the giant demon God, a long sword with blood stains is Shura sword!

Ye Chen was overjoyed when he saw the Shura sword.

The giant demon God held the Shura sword, and his eyes were restless, patrolling on his territory. When he was aware of Ye Chen's arrival, the eyes of the giant demon god suddenly appeared alert and murderous.

Ye Chen saw the giant demon God, but he took a breath, ah, a cry of surprise.

The facial features of the giant demon God look very familiar.

It's Gu Fengyu, the grandson of Gu Xuanfeng and the disciple of Xianhu sect!

"Gu Fengyu, it's you!"

Ye Chen stared at Gu Fengyu stupidly, never expecting that the other party had turned into a giant demon God.

Previously, the ancient emperor Yu Huang suddenly came, and his terrible dead face scared Gu Fengyu into a nervous breakdown.

Later, when the black hole exploded, ye Chen fainted and wondered whether Gu Fengyu had been killed.

He absolutely didn't expect that Gu Fengyu even became a demon monster in the filthy land of Shenying world.

"Roar!"

Gu Fengyu roared. He didn't know ye Chen at all in the demon state. Seeing ye Chen stepping into his territory, he immediately rushed over with his sword.

"Black emperor water emperor cut!"

Gu Fengyu drank furiously and slashed out with a sword, displaying the unique sword technique of Xianhu sect. With a black tide like sword spirit, he roared fiercely towards Ye Chen.

"Brother Gu, it's me! Don't you recognize me?"

Ye Chen gritted his teeth and hurriedly raised the reincarnation Heavenly Sword to block the blow of Gu Fengyu, but his arm was numb and retreated repeatedly.

Gu Fengyu was originally an expert at the peak of Tianxuan realm. Now he turned into a giant demon God, and his strength has reached the realm of Xianjun, far more powerful than before.

Ye Chen was caught off guard and was shocked back.

Yu Qing's heart was howling with the fierce sword breath of Gu Fengyu, and it was also a cry of surprise. The bra woven by the petals was almost torn.

"Reincarnation! You are the eternal enemy!"

"You are the enemy of the original demon lord!"

Gu Fengyu's throat sent out a low roar, stepping and holding a sword to fiercely cut off Ye Chen again.

The words he said were almost the same as the giant demon God ye Chen had met before, saying that ye Chen was the eternal enemy and the enemy of the original Demon Lord.

Feeling the fierce sword momentum of Gu Fengyu, ye Chen took a deep breath and dared not be careless any more.

"Sword four, Daxia Longque!"

Ye Chen held the reincarnation Heavenly Sword tightly and killed it with one sword, displaying the great Xia Longque.

Suddenly, the brilliant, blazing, and burning Longque sword Qi was beheaded towards the ancient wind feather.

At the same time, the blood dragon roared out of Ye Chen's body and circled on his arm.

With the help of God, ye Chen's strength soared, and the sword momentum was more majestic. The sword Qi of the great Xia Longque also just restrained the magic Qi.

Chapter 7997

Gu Fengyu's giant demon God's body retreated under the impact of Ye Chen's sword Qi. It seemed that he couldn't believe Ye Chen's power, which was so huge.

"Huge waves!"

Gu Fengyu was unwilling to be defeated. The magic power of Xianhu sect was launched, and the water vapor in the sky converged into a huge wave, which turned into a giant toothed crazy shark, and rushed to Ye Chen.

Ye Chen fought back under the protection of the blood dragon.

The two sides fought with all their strength. For a moment, it was difficult to distinguish between them.

In Gu Fengyu's hand, Shura sword seems to be more powerful than before, filled with a very mysterious demon will, and the sword's killing power is very powerful.

If it weren't for this Shura sword, ye Chen would have defeated him.

Between the two people fighting fiercely, suddenly a rainbow like sword gas fell from the void of the nine sky universe, and with a puff, it cut into Gu Fengyu's body, cutting out a deep wound and splashing blood.

Gu Fengyu roared in pain and stepped back.

Seeing this, ye Chen was surprised and looked up at the sky.

Vaguely, he saw an old and fierce sword shadow, which was the shadow of the rainbow free sword!

The rainbow free sword is the weapon of Hongjun's ancestors. When it was cast, its edge was extremely sharp. Even today, the sword falls into the abyss, and there is still a trace of the edge of the rainbow free sword at its peak.

That edge, mixed with the killing of the rainbow free sword, the luck of the purple fairy palace, the majesty of the moral God, and the will of Hongjun's ancestors, is particularly terrifying, enough to easily kill Xianjun.

This is also the most terrifying sword gas residue in the sword meteorite abyss.

Gu Fengyu suddenly suffered such a violent sword cut. If he hadn't been protected by Shura sword, he might have died already.

But Rao was so, he was also seriously injured on the spot.

"Good chance!"

As soon as ye Chen's eyes lit up, he took this opportunity to immediately display the fairy Koi copy, with the brilliance of a silver holy light, covering the ancient wind feather cage.

"Fairy Koi copy, purify me!"

Ye Chen drank violently, and the koi shone brightly, washing Yin and evil.

Gu Fengyu was seriously injured and could not resist at all.

The demon gas on his body was soon washed away by Ye Chen, and he recovered from a giant demon God to his original human shape. The Shura sword in his hand also clanged and fell to the ground.

Ye Chen's eyes were sharp and his hands were quick. He grabbed the Shura sword in his hand as soon as he grabbed it in the air.

"Brother Ye Chen..."

Gu Fengyu's evil spirit cleared away, woke up and stared at Ye Chen blankly.

Hiss hiss!

At this time, all parts of the Shenying world were attacked by the sword gas of the sword meteor abyss. Thousands of sword gases fell on the earth like meteors, destroying mountains, rivers and forests into ruins, which looked very spectacular in the eternal night, even with a hint of doomsday sadness.

Only the tribe inhabited by the Yuling clan, relying on the guard array, can remain intact for the time being, but without the guard of the Golden Wheel of the emperor of heaven, it is estimated that it will not last long.

"It's dangerous here, let's go!"

Ye Chen looked at Gu Fengyu and Yu Qing's heart, and wanted to leave immediately.

Unless the sword falls into the abyss, this barren mountain and filthy land is also very unsafe.

Without the light of the Golden Wheel of the emperor of heaven, many demons and monsters rioted. If they don't leave, they will be torn apart by countless monsters even if they are not killed by the abyss sword gas.

At that moment, ye Chen put his arms around Yu Qing's heart with one hand and Gu Fengyu with the other, and was ready to return to the tribe of the Yuling clan first.

However, as soon as ye Chen took two steps, he felt a trace of great danger inexplicably. He seemed to be suddenly splashed with cold water, his scalp numb and his body cold.

He was like a taut bow and arrow, his feet swished, and subconsciously stepped back two steps.

But the great sense of danger still came like gangrene.

"No, I'm going to lose my head!"

"Ye Linyuan, kill your heart without trace!"

Ye Chen's pupils contracted violently, almost instantly, and he knew that ye Linyuan was attacking him.

Although he couldn't see ye Linyuan's figure or catch any murderous spirit, he clearly guessed everything with the sharp sense of reincarnation blood.

Ye Chen's neck was chilly. In a millionth of an instant, he felt a sword cutting his head off his neck.

Just as Gu Xuanfeng was quietly beheaded.

This is Ye Linyuan's means!

Zheng!

Just when ye Chen thought he was dead, a strand of hair wrapped around his left finger burst into dazzling blue light.

That's the love given to him by Ren tiannv!

This love, green light blooms, forming a light mask to protect Ye Chen.

An unpredictable sword gas was cut on the shield. While the shield cracked, the energy of the sword gas also collapsed.

The love on Ye Chen's fingers also broke and turned into ashes.

"Heavenly sister!"

Ye Chen saw that his love turned gray, his heart inexplicably hurt violently, his facial features twisted, an unprecedented sadness and bitterness, as well as anger, rushed to his heart, trembled all over, and the Shura sword fell to the ground.

"Love, love of Ren tiannv! Damn it! That woman really likes you!"

An angry roar sounded.

I saw a figure in the dark sky. It was Ye Linyuan!

After he was defeated by Ren Feifan, he abandoned Shura sword, but did not leave. Instead, he had been dormant in the dark, looking for opportunities.

But the light of the Golden Wheel of the emperor of heaven dispersed. He caught the mystery of heaven, knew where ye Chen was, and directly attacked with a sword.

However, the love on Ye Chen's fingers saved his life.

Without this love, ye Chen is likely to die.

After all, ye Linyuan is a master at the level of quasi Immortal Emperor. Even if he is placed in the world, he can also rank in the forefront.

"Ye Linyuan, it's really you!"

Ye Chen looked at Ye Linyuan in the sky, extremely angry, stared at his figure, and offered up the emperor's holy knife.

Ye Linyuan saw the emperor's holy knife, and his eyes also showed an extremely alert look, and shouted:

"If you want to draw a knife, you don't have this chance!"

"The love of heaven can protect you once, but not you

Chapter 7998

However, at this time, something unexpected happened.

The originally dark emperor's Golden Wheel suddenly burst into dazzling golden light, restoring the light of the sun.

The light of the Golden Wheel of the emperor of heaven was released, and the whole Shenying world was restored to light. The night was completely dispersed, and the sword gas of the abyss was completely disintegrated. All the demons in the filthy ground stopped roaring, as if they had been intimidated by something terrible. All monsters curled up and dared not make any more sounds.

A majestic and invincible figure, like a king, appeared on the Golden Wheel of the emperor of heaven.

It's Ren Feifan!

"Senior Ren!"

Ye Chen shouted, couldn't believe his eyes, and stared at Ren extraordinary figure.

In the background of the Golden Wheel of the emperor of heaven, Ren extraordinary's figure appears extremely dazzling and brilliant, and every hair is rippling with golden light, which makes people dare not look directly.

Ye Linyuan's sword momentum was completely destroyed by Ren extraordinary momentum.

Yu Qing's heart also stared at the sky, but he didn't expect the emperor of heaven's golden wheel to return to light.

Ye Linyuan even screamed and said unbelievably, "Ren Feifan, it's you! How come you're not dead! Weren't you knocked down to wuwu spacetime by the feather emperor?"

In the sky, Ren Feifan listened to Ye Linyuan's scream, frowned, and his eyes showed disdain.

Then, Ren Feifan came down from the emperor's golden wheel that day.

No, to be exact, he landed with the whole golden wheel of the emperor of heaven.

The Golden Wheel of the emperor of heaven seemed to become his magic weapon, like an aperture and Dharma ring, suspended behind his head.

Illuminated by the Golden Wheel of the Heavenly Emperor, Ren extraordinary's figure is simply magnificent to invincible, and his breath has surpassed the Immortal Emperor.

"Elder Ren, have you proved the Tao? He took charge of the Golden Wheel of the emperor of heaven?"

Ye Chen was extremely surprised. He could feel Ren extraordinary at the moment. His strength was several times stronger than before, and his breath was so vast that he was beyond reality.

At this moment, Ren Feifan, the emperor of heaven's golden wheel, is like the sun shining through the darkness of the world, the embodiment of light, the Supreme God, and an invincible existence.

Ye Linyuan looked at the Golden Wheel of the emperor of Heaven Behind Ren Feifan, and made a sharper cry, saying:

"Tiandi Golden Wheel! It's impossible for you to take charge of it!"

"This is one of the four highest artifacts, the highest artifact of the scattered gods! How can you take charge!"

"What have you experienced in Wuwu time and space!"

Ren Feifan listened to Ye Linyuan's series of roars, but he looked calm and said faintly:

"Wail, today is your death, ye Linyuan."

When Ren Feifan took a step, the Golden Wheel of the emperor of heaven vibrated, and the dazzling golden light of invincible brilliance roared out with the majesty of all living beings shining in the universe.

Hiss!

A ray of golden light, like the scorching sun penetrating the mist, penetrated Ye Linyuan's body.

Ye Linyuan's expression was stagnant, and he watched his body break down in that wisp of golden light, and then collapsed and shattered, as if a wisp of snow had been melted by the sun.

Just a blow, just a blow.

Ren Feifan completely destroyed Ye Linyuan's body.

Ye Linyuan's spirit, with an extremely sharp scream, escaped and fled to the distant sky.

At the moment, Ren Feifan is too invincible. Taking charge of the Golden Wheel of the Heavenly Emperor, a golden light can melt the quasi Immortal Emperor, which is so powerful that it is outrageous.

Even ye Linyuan is completely invincible and will be killed with one move.

If it were not for his inextricable relationship with reincarnation, he might not even be able to escape.

"Why struggle?"

Ren Feifan's tone was indifferent. He looked at Ye Linyuan's spirit and wanted to escape. A trace of coldness passed in his eyes. He flexed his fingers and flicked a bullet. The emperor of heaven's Golden Wheel God's awn bloomed, and a golden light was like a flying sword, shooting away at Ye Linyuan's spirit. He wanted to wipe out the latter's spirit as a whole.

"Hahaha, Ren Feifan, you really survived!"

But at this time, an old laugh rang out.

The figure of the ancient emperor Yu Huang also came down from the sky, and the virtual shadow of the ancient clock of the emperor was suspended in his hands.

The virtual shadow of the emperor's ancient clock, a block in the air, a bang, blocked the killing of Ren extraordinary emperor's golden wheel, and saved Ye Linyuan's life.

Ye Linyuan was shocked and afraid. His eyes turned and he didn't dare to stay any longer. He rolled up a gust of wind and flew away.

The ancient emperor Yu Huang gave a sneer, regardless of Ye Linyuan. His eyes were only fixed on Ren Feifan, and his laughter had a hint of desolation.

He failed to defeat Ren Feifan at one stroke, but knocked the other party down to wuwuwuspacetime. At that time, he had a premonition that something was going to happen.

But he never thought that it was inconceivable that Ren Feifan returned from a trip to wuwuwuspacetime to directly take charge of the Golden Wheel of the emperor of heaven.

You know, the Golden Wheel of the emperor of heaven is one of the four highest artifacts. In terms of power and value, it is even above all artifacts and magic weapons in the heavens.

It can be said that one of the most powerful magic weapons in the world is the Golden Wheel of the emperor of heaven.

"Yu Huanggu Di, thanks to you, I'm not dead yet. I even got a little chance."

Ren Feifan was as bright as a torch, staring at the feather emperor, and his voice was cold.

"Let me see how much power you can exert on the Golden Wheel of the emperor of heaven!"

The ancient emperor of the feather emperor snorted and sacrificed the ancient bell of the emperor of heaven. The ancient melodious bell rang, the supreme chant was shaking, the glow was thin, thousands of divine texts were blooming, and the huge bell body, with the power of overwhelming the world, fiercely fell towards Ren Feifan.

Chapter 7999

Ren Feifan was awe inspiring and kneaded a Buddha like formula in his hands. Behind him, the Golden Wheel of the emperor of heaven burst out in circles and then flew out suddenly, facing the ancient clock of the emperor of heaven.

Dang!

The emperor's Golden Wheel and the emperor's ancient clock collided fiercely. There was no language in the world that could describe the terrible impact, and all the words looked pale.

Ye Chen only saw the air wave of collision, burst out, and the whole God Sakura world suddenly collapsed.

Even if the endless sword Qi of the sword meteor abyss can't destroy the Shenying world, but under the collision between Ren Feifan and the ancient emperor Yu, the world immediately collapsed and shattered, and all the laws of the road were obliterated.

As soon as the Shenying world was shattered, ye Chen and others were immediately exposed to the void of the abyss, and the surrounding was cold.

If it weren't for any extraordinary deliberate protection, ye Chen and others might die in that huge and terrible collision and explosion just now.

It was the collision between the highest artifact, the Golden Wheel of the emperor of heaven, and the ancient clock of the emperor of heaven, the first of the three emperors' treasures. It was the confrontation between two top powers whose accomplishments surpassed the Immortal Emperor.

Under this collision, Ren Feifan and the ancient feather emperor spit out a mouthful of blood at the same time, and each retreated a distance. Unexpectedly, they were evenly matched and both were hurt.

"Damn it! Ren Feifan, it's impossible that you can draw with me! I'm in the real world and have no time and space

Chapter 8000

Ren Feifang's palm is empty, holding the Golden Wheel of the emperor of heaven, as if holding a sun, looking at Ye Chen and saying:

"In fact, if it weren't for my guarding reincarnation, I wouldn't be able to get the power of the Golden Wheel of the emperor of heaven, but this magic weapon, after all, requires your hand to really take charge. You are the only possible savior of the Sanshen clan."

Then, Ren Feifan looked at Yu Qingxin and other Yuling women and said, "the person you should kneel down to is not zedoary, but the Lord of reincarnation. I am just the protector of reincarnation. I can borrow the power of the Golden Wheel of the emperor of heaven, but also because of the protection of reincarnation."

Yu Qingxin and other women were stunned when they heard Ren Feifan's words, and their eyes converged on Ye Chen again.

The Golden Wheel of the emperor of heaven sent out another buzzing sound, which resonated with Ye Chen.

Obviously, the emperor of heaven recognized Ye Chen and recognized reincarnation.

However, for some special reasons, the Golden Wheel of the emperor of heaven cannot be directly subordinated to Ye Chen, and can only be temporarily held by Ren Feifan.

Ye Chen, the Lord of reincarnation, is the real master of the Golden Wheel of the future emperor of heaven!

When Yu Qingxin and other women noticed this, they all shook and stared at Ye Chen blankly.

Ren Feifan urged the Golden Wheel of the emperor of heaven to project the sun in the sky, established a law and order, and swept away all demons, saying, "this place is isolated from the world. If you like, you can always live in seclusion here, or come out to assist reincarnation."

Hearing this, Yu Qingxin and other women all want to say that they want to assist reincarnation.

Ye Chen hurriedly said, "master Ren, forget it. There's no need to drag them into this game."

Ren Feifan said with a smile, "it's OK. You make a decision. I'm just giving you a suggestion."

After a pause, he asked, "where is Shura sword?"

Hearing this, ye Chen's scalp suddenly felt numb.

Before the chaos of the war, Shura sword fell from his hands. Now the God Sakura world is rebuilt, but this sword does not know where it fell.

Ren Feifan looked at Ye Chen's nervous appearance, and also frowned, pinched his fingers, and then his expression became gloomy and angry, saying, "it's Ye Linyuan again, it's really stubborn!"

Ye Chen hurriedly said, "elder, was the Shura sword taken away by Ye Linyuan?"

Ren Feifan nodded and said, "well, just now I had a war with the feather emperor, and that guy only had a wisp of spirit left. He dared to take advantage of the chaos to take away the Shura sword. It was really a good idea and spirit."

Ye Chen was stunned. Unexpectedly, the Shura sword fell into Ye Linyuan's hands again after turning around.

The war between Ren Feifan and the ancient emperor Yu Huang just now was so shocking that it attracted everyone's attention, so no one noticed Ye Linyuan's behavior at all. No one thought that the latter had secretly taken away the Shura sword.

Once the soul of Shura sword was devoured and refined by Ye Linyuan, it was really unimaginable.

Gu Fengyu said, "brother Ye Chen, don't worry. On the Shura sword, there is the will of the original demon master and my will. No one can solve it except me."

"Even if ye Linyuan got the Shura sword, he couldn't swallow the soul of the sword."

Ye Chen was surprised and said, "what original demon master?"

Gu Fengyu pondered slightly for a while and said, "the original Demon Lord is the highest leader of the demon God family in wuwuwuspacetime. He was the Lich King of the previous generation. Later, he was killed by his disciples, but he still has will."

Ye Chen was even more surprised and said, "the original Demon Lord was the Lich King of the previous generation."

Gu Fengyu said, "exactly!"

Ren Feifan said, "I have been to wuwuwuspacetime, and I have also been exposed to a trace of mystery. The original demon master is Shen Tu Wan'er's master, and it is also the embodiment of eternal law. The wild prospect is great."

By Shen Tu Wan'er, he naturally refers to Shen Tu Wan'er's future body.

Shentu Waner's future body killed the original Demon Lord and became the new Demon Lord.

"Eternal incarnation..." Ye Chen was in a trance and trance.

Ren Feifan nodded gently and said, "well, the Demon Lord at the beginning of the Yuan Dynasty wants to build an eternal world, which does not need reincarnation. All kinds of creatures in the heavens are immortal. That is the supreme eternity he pursues."

"Remember the weapon of Hongjun's ancestor, the rainbow free sword? In fact, it was forged from the bones of the original Demon Lord."

Hearing this, ye Chen uttered "ah" and said, "really..." he was surprised.

Ren Feifan said, "Wuhong divine sword is the source of eternity and represents the eternal law idea of the original Demon Lord. His consciousness is very strong. Even if he is killed by Shentu Waner, his will will remain in heaven and earth."

Gu Fengyu said, "exactly! I was accidentally infected with magic gas, incarnated into a giant demon God, and also received the blessing of the original Demon Lord. I left a mark on the Shura sword. Without my hand, no one can untie the mark, unless I am killed."

Ye Chen breathed a sigh of relief and said, "it seems that I still have a chance to take back the Shura sword!"

Ren Feifan said, "boy, if you want to take back the Shura sword, you can only rely on yourself. I can't do it casually."

"I set foot in wuwu spacetime, making this game more and more dangerous and chaotic. If I make random moves again, I may be targeted by higher-level forces."

Ye Chen said with a chill in his heart, "what is the higher-level power? Are those monsters in Wuwu time and space?"

Ye Chen faintly caught a trace of breath related to Wu Zu.

What Ren Feifan said, the higher-level power may be the people who imprisoned Wu Zu.
