

Physician 8001

Chapter 8001

Ren Feifan shook his head, but he was secretive. He didn't answer anything anymore. He just said, "when you reach the realm, you naturally know that I'll go first. If you encounter any danger that can't be solved, call my name, and I will come to guard you, but you should remember, don't call my real name until you have to, remember."

After that, Ren Feifan turned and left.

Ye Chen stared at Ren Feifan's figure in a daze, and couldn't guess what Ren Feifan had experienced in wuwuwuspacetime.

"Brother Ye Chen, we'd better try to get back the Shura sword as soon as possible."

Ancient wind feather path.

Ye Chen came back to his senses. The top priority was naturally to seize the sword. At that moment, he nodded and said, "that's it."

Gu Feng turned his eyes and said, "in Xianhu sect, there are some powerful people who can contact the elders and the former Tianqing League. Why don't you come back to Xianhu sect with me and ask the elders in my sect to see what they can do."

Ye Chen didn't know how to take back the Shura sword from ye Linyuan for a moment. Hearing Gu Fengyu's words, he nodded and said, "well, I'll go with you. Thank you."

Gu Fengyu said, "it's all right. Ye Linyuan killed my grandfather. I must make him pay the price!" The tone is angry and sad.

Yu Qing's delicate body trembled slightly and said to Ye Chen, "brother Ye Chen, are you going to leave?"

Her eyes were full of reluctance.

Ye Chen looked back at Yuqing's heart, smiled and said, "well, I should go, too. Now your God Sakura world, there is no longer the trouble of evil gas pollution, and you can safely live in seclusion."

Ren Feifan borrowed the power of the Golden Wheel of the emperor of heaven to establish order in the Sakura realm and clear away the evil spirit. As long as Ren Feifan is alive, he can always get the blessing of the Golden Wheel of the emperor of heaven, and there will be no danger of being eroded by the evil spirit.

Yu Qing's heart was reluctant to part, took Ye Chen's hand and said, "brother Ye Chen, will you come back in the future?"

Ye Chen was silent for a while, then gently stroked Yu Qingxin's cheek and said, "yes, we are destined to see each other again. Goodbye."

Yu Qing's heart eyes were slightly red. Ye Chen could feel her feelings, hugged her again, and officially said goodbye.

.....

At the same time, ye Linyuan's ghost took advantage of the chaos to take away the Shura sword and fled back to the Tianqing region.

The warriors of Tianqing League were shocked to see ye Linyuan's body destroyed, leaving only a wisp of ghost.

Fortunately, in the treasure house of Tianqing League, there are some special paintings from Danqing Xianzong. People used the paintings of Danqing Xianzong to temporarily create an ink body for ye Linyuan.

This ink body, in any case, can't be compared with the real body once, but it's just a little better than the ghost state.

Ye Linyuan can feel that the hearts of his warriors have floated and are no longer absolutely subordinate to him.

"Ren Feifan, I'll kill you, sooner or later!"

Ye Linyuan was furious. He knew that he was reduced to this because of Ren extraordinary.

His situation is very dangerous, because the strongmen of Tianqing League will have special thoughts and are ready to move when they see that his body has been destroyed and only his ghost is left.

Ye Linyuan felt that his situation was very dangerous. If he wanted to settle down, he must restore his strength.

"Fortunately, the Shura sword fell into my hands. As long as I devour the soul of the sword, my strength will be greatly improved!"

Ye Linyuan thought, this Shura sword has fused the painstaking efforts of the two masters Xiao Xinghe and Gu Xuanfeng, and even the soul essence of Gu Xuanfeng. Its energy is very magnificent.

If it can be refined and absorbed, it must be of great benefit!

Ye Linyuan offered Shura sword and wanted to extract the soul of the sword, but he was surprised to find that there were two will marks left on the Shura sword.

One of the will marks was left by Gu Fengyu. It was not strong, and ye Linyuan rushed away.

But another will, the devil's spirit was so deep that it was beyond the reality and was so powerful that it could not be described. Under the impact of Ye Linyuan's attempt, not only did he fail, but his own spirit suffered from reverse bite trauma and severe tearing pain.

"What is this will? The will of demon God? Why is it so strong?"

Ye Linyuan's face changed and his face was moved.

At this time, in a trance, ye Linyuan heard a desolate voice from the Shura sword, which seemed to be the whisper of dream illusion:

"Do you want to surrender to eternity and become an eternal believer?"

.....

Screen rotation.

On Ye Chen's side, knowing that ye Linyuan couldn't solve the mark, he felt a little at ease. After leaving the sword meteor abyss, he followed Gu Fengyu to Xianhu sect.

Ye Chen gained a lot from this trip to the abyss of sword meteor, and he knew the mystery of the world better.

It turned out that the demon God of the previous generation was called Yuanshi demon lord, who believed in the eternal law.

The legendary rainbow free sword is actually cast from the bones of the Demon Lord in the beginning of the Yuan Dynasty.

Ye Chen recalled the cause and effect of the eternal Protoss in the lost time and space.

Rainbow free sword is the source of eternal Protoss.

In fact, the source of both the eternal Protoss and the eternal demon is the original Demon Lord.

The original Demon Lord is the real embodiment of eternity, but he was finally killed by Shentu Waner. Does it mean that the eternal law is doomed to change, and only reincarnation is the real truth?

Ye Chen thought a lot in his heart, but finally shook his head and stopped thinking.

Now the most important thing is to take back the Shura sword as soon as possible and make the reincarnation Heavenly Sword complete.

In this way, when the Taishang merit war begins, ye Chen is more confident of winning.

The void moved, and ye Chen followed Gu Fengyu to a magnificent world.

This world is a sea of fairy with rosy clouds, on which a huge golden gourd floats.

This golden gourd is unimaginable in size. It seems that even the sun, moon, stars, universe and heaven can be accommodated.

"Brother Ye Chen, here we are."

Gu Fengyu stopped outside the golden gourd and said to Ye Chen.

"Is this the gate of your Xianhu sect?"

Ye Chen was secretly surprised. He had heard that the Mountain Gate of Xianhu sect was inside the gourd of heaven and earth.

The gourd of heaven and earth is the legendary artifact.

This golden gourd, presumably, is the gourd of heaven and earth. The breath of the law of nothingness is very strong and shocking.

Ye Chen was even sure that even if the Immortal King and Immortal Emperor level masters came and were sucked into the gourd of heaven and earth, they would only turn into pus.

Gu Fengyu said, "exactly! Our Xianhu sect was born according to the luck of heaven and earth."

"The gourd of heaven and earth is actually a container that holds thousands of divine swords."

Ye Chen was slightly surprised and said, "thousands of divine swords?"

Gu Fengyu said, "yes, the gourd of heaven and earth is like a sea that can accommodate all rivers. It is vast and can accommodate all sword attacks. The rainbow free divine sword made by Zihuang fairy palace and the eight heavenly swords made by the ancestor of the sword God were actually stored in our Xianhu sect. With the Qi of the gourd of heaven and earth, we can dissolve the edge of the sword."

Chapter 8002

Hearing the words, ye Chen's mind moved and felt carefully. Sure enough, he found that the reincarnation Heavenly Sword, the wild demon Heavenly Sword, the Longyuan Heavenly Sword, and so on in his body, as well as the half rainbow divine sword, all had a resonance with the gourd of heaven and earth.

These swords have been stored in the gourd of heaven and earth!

No matter the rainbow free sword or the eight heavenly swords, when they were first created, their sharp edges were extremely fierce, killing and cutting the sky, and their evil spirit was extremely heavy, which was difficult to be controlled by others.

Later, it was stored in the gourd of heaven and earth. Relying on the majestic luck of the gourd of heaven and earth, the sharp sword was gradually dissolved, which could be controlled smoothly.

This gourd of heaven and earth has the terrible power of dissolving heaven and earth and digesting everything. It is very powerful.

"Brother Ye Chen, let's go in. The patriarch and the elders want to see you."

Gu Fengyu, with Ye Chen, came to the mouth of the gourd and kneaded a magic formula. The mouth of the gourd opened, and a golden Fairy Light spewed out, enveloping the two people and leading them in.

When ye Chen entered the world inside the gourd of heaven and earth, he saw islands floating in the sky, thousands of waterfalls, clouds steaming, cranes flying, white dragons circling, and bells ringing, just like a fairyland.

The monks in Xianhu sect had received the news of Gu Fengyu long ago and knew that ye Chen was coming, so many strong people had already been waiting.

As soon as ye Chen came in, he saw the flags flying in front of him, and the flowers and rain were colorful. Fairies, Taoist children, soldiers and generals, and heavenly kings, all lined up layer by layer in the sky. The scene was very spectacular.

"Welcome the Lord of reincarnation!"

As soon as they saw Ye Chen coming in, they immediately saluted and welcomed the fairy Taoist children and soldiers.

Ye Chen was surprised. He didn't expect the etiquette of Xianhu sect to be so thick.

Gu Fengyu said, "brother Ye Chen, in fact, our Xianhu sect is also on the side of the reincarnation camp."

In the sky, an old man with Hefa Tongyan is the patriarch of Xianhu sect, known as Xianhu old man.

At that moment, he saw the old man Xianhu coming down with several elders and Ke Qing, bowing to Ye Chen and saying, "I, the Lord of Xianhu sect, have heard the name of the Lord of reincarnation for a long time. It's a great honor to see him today!"

Ye Chen arched his hand and saluted, "I've seen the old man. Nice to meet you."

Old man Xianhu said, "I've heard from Feng Yu about your dispute with Ye Linyuan. I've sent someone to negotiate with Tianqing League. If it goes well, maybe I can get back the Shura sword in two or three days."

Ye Chen was greatly surprised. With Ye Linyuan's character, how could he easily hand over Shura sword?

"I don't know how the elder can make ye Linyuan return the Shura sword?" Ye Chen couldn't help asking.

Old man Xianhu only smiled and stroked his beard. "The Lord of reincarnation doesn't have to worry. I naturally have a way."

Behind the old man Xianhu, a young man with black hair came forward and smiled at Ye Chen, "Lord of reincarnation, do you still remember me?"

Ye Chen looked intently. This black haired young man turned out to be the master of tianchu Empire and the emperor of tianchu!

"Master tianchu, it's you!"

Ye Chen was surprised. When he left the epic world, he was intercepted by the epic emperor, and it was the emperor of heaven who helped him out.

But he didn't expect to see the heavenly ancestor in Xianhu sect.

"Why did you come to Xianhu sect?" Ye Chen asked curiously.

The emperor of the beginning of heaven sighed and said, "I fought against the epic emperor of the beginning of heaven, and it was a tie. I took the people of my empire of the beginning of heaven, moved away, and moved to the realm of ice Phoenix."

Ye Chen was shocked in his heart and said, "ice Phoenix world, that is the territory of wish God, Ren tiannv."

At the beginning of the day, the sage smiled bitterly and said, "exactly! You know, I love heavenly daughter. After I recovered my youth, I went to her and wanted to marry her. Unfortunately, even though I recovered my youth, she didn't like me and always regarded me as a figure of my grandfather."

Ye Chen was dumb and speechless.

I thought that this heavenly ancestor, in fact, was a figure of Grandpa's generation for the heavenly daughter, but this remark was naturally inconvenient to say.

At the beginning of the day, the holy ancestor said, "the goddess said she had a trouble. She said that the king of the ghost Kingdom, the Lord of the wild temple

Chapter 8003

At the beginning of the day, if the holy ancestor went to the ghost king world, it would be more or less bad.

Ye Chen didn't want tianchu Shengzu to die and said, "senior, the ghost king world is very dangerous. You'd better not step into it rashly."

At the beginning of the day, the holy ancestor waved his hand, smiled brightly, and said, "it doesn't matter, I can share my worries for the heavenly daughter. Although I die without regret, if I can be defeated

Chapter 8004

Ye Chen and Gu Fengyu looked at each other and followed closely.

Old man Xianhu smiled and didn't speak anymore. He took several elders with him.

Soon, everyone came to Jijian cliff.

Naji sword cliff is a straight cliff into the sky, towering into the clouds. On the cliff wall, there is a sharp sword scar, simple and ferocious. Beside the sword scar, there is also a line of small characters, which reads:

The punishment of heaven's crime should be executed on earth!

That line of small characters, vaguely filled with sword spirit, was obviously carved with a sword by the ancestor of Xianhu sect in those days.

"The punishment of heaven's crime should be punished on earth..."

Ye Chen gently murmured these eight words, inexplicably feeling a sharp breath, rushing to his face, and he couldn't help but subconsciously step back three steps.

Old man Xianhu said, "this is Jijian cliff. That scar was left by my grandfather in those days. Anyone who can bear the time of cutting a stick of incense with the scar can be said to be a peerless genius."

At the beginning of the day, the holy ancestor looked at the sword mark, and felt an extremely fierce breath, thinking, "this ancestor of Xianhu clan is worthy of being a contemporary figure with Hongjun ancestor. This sword mark is so powerful that it can't be underestimated."

But on second thought, with his boundless cultivation, it was not difficult to bear the sword scar killing and cutting for a incense time. At that moment, he snorted and said, "I agree with your grandfather's strength for the time being, but just a sword scar can't break my heart."

With that, the emperor flew down at the beginning of the day.

In front of the sword mark on Jijian cliff, there are several jade futons suspended. At the beginning of the day, the emperor sat cross legged on a futon and stared at the sword mark.

Old man Xianhu looked at Ye Chen and Gu Fengyu and said, "Lord of reincarnation, Fengyu, you can also try it. As long as you stick to a incense burning time, even if you pass the test, you can feel the sword tablet."

"Feng Yu, try this time to see if you can break the record."

Gu Fengyu was excited and said, "yes, master!"

With that, he flew down to the futon.

His previous record was the time of two incense sticks. Now he has experienced many things, and he may have the opportunity to break through himself.

Ye Chen didn't hesitate, and flew to the futon, facing the ferocious and fierce sword mark in front of him.

Looking directly at him from such a close distance, ye Chen's heart suddenly beat violently, and there was an illusion in an instant. It seemed that there were thousands of sword Qi, which fell from the sky and came towards his body. It was like ten thousand swords killing his heart, and his heart was violently cramped.

"What a strong sword!"

Ye Chen was secretly surprised. If he hadn't cut all his shackles, he might have been injured.

Ye Chen hurriedly restrained his mind, sat still like an eminent monk, and his Taoist heart entered a mysterious and calm realm, like a rock, resisting the murderous impact of the sword mark.

The wind between the cliffs also became violent at this time, whirring like a sword.

Old man Xianhu and several elders floated aside, looking at Ye Chen, Gu Fengyu and tianchu Shengzu.

At the beginning, the three were still calm, but after half a incense burning time, the three changed.

Gu Fengyu's face had begun to turn pale, and his forehead was sweating, which was obviously eroded by the sword scar.

Old man Xianhu didn't worry too much, because he knew the toughness of Gu Fengyu, and the latter was bound to persist.

At the beginning of the day, the holy ancestor's body shook slightly, and it was obviously not easy. There were blue chains of laws and gods on his body, which were the magic laws of immeasurable realm.

He is using his own cultivation law to forcibly resist the impact of sword scar killing.

And ye Chen's change was more violent than these two people.

On top of Ye Chen's head, there were wisps of white smoke. His face was like gold paper, and his whole body sent out an indescribable mysterious breath, such as smoke clouds, such as mist, such as starlight, which actually showed the fluctuations of his thoughts.

No one knows what ye Chen sees at the moment.

When ye Chen was fighting against the sword mark, he saw a sword faintly.

A very old, very mottled sword full of rust.

Through the layers of rust, you can vaguely see the hidden edge of the sword.

What kind of edge is that?

Kill the sky, destroy the earth, and sweep the world. If it contains heaven's wrath and divine punishment, you can't look directly at it.

"This is... The highest artifact of the ancient Protoss, the sin ancient sword!?"

Ye Chen was surprised, and immediately caught the mystery of the sword.

There are four highest artifacts in wuwuwuspacetime. The highest artifact of the ancient Protoss is the sin ancient sword!

This sword, in charge of punishment for crimes on behalf of heaven, is extremely sharp. It is not only the embodiment of evil, but also the embodiment of laws and regulations. The law of Kendo is so strong that it is incredible.

Ye Chen even felt that his boat of sin resonated with this ancient sword of sin.

It turned out that the boat of sin was born with a trace of evil spirit of the ancient sword of sin.

The ancient sword of heavenly sin is the highest artifact. A wisp of evil spirit released from it can be recast into an artifact without artifact!

Ye Chen's breath was a little suffocating. At the beginning, the Buddha of truth had nothing to do in the face of the boat of sin, and he couldn't refine it.

And the quality and divine power of the ancient sword of sin are ten thousand times stronger than the boat of sin, which is really unimaginable terror!

Ye Chen relied on his own sharp Taoist heart and strong ideas to see the shadow of the ancient sword of sin from the sword scar on the Jijian cliff.

Seeing the ancient sword of heaven's sin, ye Chen's murderous erosion was several times stronger, as if God punished heaven's anger and fell on him.

Chapter 8005

Boom!

In the sky, a series of robbery thunder fell, severely chopping Ye Chen's body.

Old man Xianhu and several elders were surprised to see that ye Chen actually caused a thunderstorm. They didn't know what happened.

They have never seen this scene. The past sword scar test will not lead to natural disaster, but ye Chen has led to thunderstorm.

This thunderstorm also shocked Gu Fengyu and tianchu Shengzu.

At the beginning of the day, the holy ancestor opened his eyes, and with a cry, he dodged and flew into the air, standing beside the old man Xianhu and others.

"This boy, how did he attract the sky robbery and thunder punishment?"

At the beginning of the day, the holy ancestor looked at Ye Chen and said with some surprise.

Old man Xianhu said, "at the beginning of the day, it's not time to burn incense. Can't you hold on?"

At the beginning of the day, the emperor's face was slightly red, and he clenched his teeth and said, "it was this boy who suddenly caused thunderstorms and disturbed me, otherwise I couldn't be defeated so quickly."

In fact, the scar of the sword was extremely strong. The deeper the emperor felt, the more he felt the terror. If he wanted to continue to resist, the cost would be huge, and he might even be old again.

At the beginning of the day, the holy ancestor naturally didn't want to grow old, so he simply got out and blamed Ye Chen.

Gu Fengyu was also impacted by Ye Chen's thunderstorm. After holding on to a incense stick for a while, he finally couldn't stand it. He flew up, pale, and said to Xianhu old man, "master, I'm sorry..."

Old man Xianhu looked dignified and said, "it doesn't matter." But his eyes only looked at Ye Chen, and he secretly felt strange, wondering why Ye Chen would cause a thunderstorm.

Moreover, the breath of the thunderstorm was quite mysterious, and even revealed the waves of nothing, just like the divine punishment of time and space.

Boom!

The thunder robbed the natural disaster, more and more violent, purple lightning, crazy beating on Ye Chen, as if to chop him to death.

Ye Chen, like an old monk, sat still, with ancient reincarnation inscriptions emerging all over his body, guarding his body.

Hiss hiss!

On the extreme sword cliff, the ferocious sword scar, at this moment, unexpectedly seemed to be the birth of spirituality and killing intention, burst out of a sword wind, mixed in the thunderstorm, and cut towards Ye Chen.

Ye Chen still did not move. Under the protection of the xuanbei of reincarnation, despite the treacherous situation outside, he did not have the slightest turbulence.

Time passed bit by bit, one incense, two incense, three incense

After a full hour, ye Chen's body was still motionless, but the sword marks on the Jijian cliff were becoming thinner and weaker, and the traces became shallower and shallower, as if to exhaust aura.

"What... What's going on?"

Seeing this scene, old man Xianhu, Emperor tianchu, Gu Fengyu and others were completely shocked.

You know, anyone who can stick to a incense stick in front of Jijian cliff can be said to be a genius in the world.

But ye Chen held on for an hour, and there was no sign of being defeated. Instead, it was the scar of the sword, and his aura became more and more shallow.

Woo

Finally, after another half hour, the scar of the sword disappeared completely.

The eight words "Heaven's punishment, when the earth is killed" have all dissipated.

Anyone with a clear eye can see that the sword trace and the residual sword spirit of the font are all absorbed by Ye Chen!

The thunderstorm dispersed, and the world was clear again.

Ye Chen opened his eyes, but in his eyes was the towering majesty, such as the wrath of God, which made people dare not look directly.

"Brother Ye Chen, what... What's going on? What have you experienced?"

Gu Fengyu asked with surprise on his face.

"Sin ancient sword, I saw sin ancient sword."

Ye Chen said in a deep voice, and there was still God's anger in his eyes. It was not his anger, but the dignity that was automatically born after peeping at the ancient sword of God's sin.

"Sin ancient sword!?"

Listening to Ye Chen's words, Gu Fengyu, Xianhu old man, tianchu Shengzu and others were all shocked.

Naturally, they know the ancient sword of heavenly sin. Can we say that this scar is actually related to the ancient sword of heavenly sin?

Ye Chen looked at the old man Xianhu and said, "elder, isn't this sword scar left by your grandfather? Don't you know that this sword scar is related to the ancient sword of sin?"

Xianhu old man: "ashamed, the years are too old, the era has changed, and I don't know my grandfather's experience that year. Did he get the ancient sword of sin? Did he leave a scar with this sword?"

Speaking of this, old man Xianhu was deeply thrilled.

The ancient sword of heaven's sin is one of the four highest artifacts. If it had been in the charge of their Xianhu sect, it would be a great event.

Ye Chen shook his head and said, "no, the ancient sword of heaven is the world

Chapter 8006

"The punishment of the crime of heaven should be executed on the earth. The earth is doomed. A sword is broken. I am the God of heaven and suppress the common people!"

Ye Chen's throat sent out ancient singing, and the world suddenly shook violently, with a continuous breath of terrible punishment, forming thunder, storm, rainstorm, cold snow, surrounding his body, whirring.

Under the cover of all the disasters, ye Chen suddenly condensed his gang and turned his sword. With a sword, he cut off the old man Xianhu.

This sword, with the sword meaning of the ancient sword of heaven's sin, is like the highest divine punishment coming to the world to suppress the earth and destroy the common people. It is incredibly strong.

When ye Chen waved his sword, all the mountains within a hundred miles collapsed, and the earth vein and plate cracked together, spewing out water and magma, as if the wrath of heaven had come.

Seeing ye Chen's sword, old man Xianhu's eyes immediately contracted violently, and he only felt unstoppable.

"Cut the Immortal King horizontally. It's really invincible!"

Old man Xianhu exclaimed. He suppressed his cultivation to the realm of Xianjun. Facing Ye Chen's sword, he immediately felt that he was as weak as an ant and couldn't compete at all.

In the crisis, he had to relax the restrictions slightly, and let his cultivation rise to the second level of immeasurable realm, the initial level of great Luo Jinxian.

Luo Jinxian, thousands of time and space are eternal and free, neither living nor dying, neither increasing nor decreasing, and the physical strength can survive the era big bang and the collapse of the universe.

After raising his cultivation to the great Luojin Wonderland, the old man Xianhu slapped it, and pieces of the law God chain broke out, and the glow bloomed, shaking Ye Chen's sword.

Bang!

With the sword in his palm, the old man Xianhu retreated more than a dozen steps in embarrassment. His old face was pale, and a mouthful of blood gushed out. His skin was covered with a layer of terrible body spots. That was the punishment of the sin of heaven, and it was the destruction of Ye Chen's sword intention of the sin of heaven.

"What a terrible sword!"

The old man Xianhu was shocked. His sin of sword that day was so terrible that he could not only cut the Immortal King invincibly, but also cause erosion to the great Luo Jinxian master.

In the crisis, old man Xianhu hurried to restore his cultivation to the peak, and his true Qi shook, barely dissolving Ye Chen's sword erosion, and his face was still full of shock and shock.

Ye Chen arched his hand and said, "old master, I'm offended."

Old man Xianhu said, "it doesn't matter. Your sin sword intention is more powerful than I imagined. Can you leave the secret of sword intention to Xianhu sect?"

The old people of Xianhu thought that if everyone of Xianhu sect learned the sword meaning of sin, wouldn't they want to dominate the world?

Ye Chen looked puzzled and said, "this day, the meaning of sin sword can only be understood, unspeakable, too abstruse."

The meaning of heaven sin sword was realized by Ye Chen on the Jijian cliff of Xianhu sect. It was originally something of Xianhu sect. If he could, he naturally wanted to leave the secret.

But it happened that the meaning of the sin sword was too profound to be described in any words. The real one could only be understood and could not be explained in words. Even if ye Chen wanted to leave any secret, there was nothing he could do.

After a pause, ye Chen waved his long sword and hissed, leaving a scar on the Jijian cliff again, saying, "old master, let's do it, I'll carve a scar again. The wonderful method of the sword meaning of sin is in this sword."

Old man Xianhu, Gu Fengyu and others stared at the scar.

The sword marks carved by Ye Chen are naturally not as sharp and fierce as their ancestors, but the sword ideas contained in them are broad and profound.

If anyone can understand, he can take charge of the sword of sin!

"Thank you, Lord of reincarnation!"

Old man Xianhu came back to his senses and thanked Ye Chen with an arched hand.

With this scar, Xianhu sect at least has the possibility to understand the meaning of the sword of sin. Although the hope is a little slim, it is always better than nothing.

At the beginning of the day, the sage sighed, as if he had suddenly aged for hundreds of years, and said, "Ye Chen, you boy, no wonder the heavenly daughter likes you so much. You are indeed a peerless demon, and I can't compare with you at all."

Ye Chen was stunned and said, "master..."

It turned out that at the beginning of the day, the holy ancestor had long known that the heavenly daughter liked Ye Chen.

At the beginning of the day, the sage smiled bitterly, and then perked up a little, and said, "but I won't lose to you like this. I will kill the ghost king world. As long as I can overthrow the wild temple, sister tiannv will make a big difference to me and leave!"

After saying that, at the beginning of the day, the holy ancestor did not stay any longer, but directly turned around and left, and rushed to the ghost king world.

Ye Chen was stunned. Old man Xianhu and Gu Fengyu and others were also stunned. They didn't expect people like the emperor of heaven to be trapped by love.

Shaking her head, ye Chen restrained her thoughts and said to Xianhu old man, "old master, have I passed the test? Am I qualified to feel the sword monument now?"

The sword tablet was passed on miraculously, and ye Chen also wanted to observe and comprehend it, which might be beneficial to his kendo.

Old man Xianhu nodded repeatedly and said, "yes, yes! Lord of reincarnation, in this world, no one is more qualified than you!"

Ye Chen smiled and said, "thank you."

Old man Xianhu nodded, um, and said to Gu Fengyu, "Feng Yu, take the Lord of reincarnation to observe the sword monument. In two days, ye Linyuan may also come."

Gu Fengyu said, "yes!"

When ye Chen heard that ye Linyuan was coming, he was surprised and said, "elder, what did you say, ye Linyuan is also coming?"

Old man Xianhu laughed and said, "yes, very likely."

Chapter 8007

"For thousands of years, ye Linyuan, in fact, has always wanted to observe the sword monument, so as to understand the sword way and break through his nine sword cutting."

"The last sword to cut the sky nine swords, Fengwu nine days, has never been practiced. Once practiced, it is said to be earth shattering, enough to kill gods and demons!"

"Ye Linyuan's Kendo has reached a state of perfection. He wants to practice Feng dance for nine days, but he is only one chance away."

"And the sword tablet of Xianhu sect is his opportunity!"

"If he can observe the sword monument, he may have a chance to make a breakthrough."

"I have sent someone to negotiate with him. As long as he is willing to hand over the Shura sword, I will give him a chance to observe the sword monument. I expect he will not refuse."

"At that time, Shura sword can return to your hand, Lord of reincarnation."

Ye Chen was stunned. He didn't expect that old man Xianhu would come up with such a way and asked, "will ye Linyuan agree?"

Old man Xianhu smiled and said, "the sword monument gathers thousands of ideas of the divine sword, which is of great benefit to the perception of kendo, and he can't refuse."

Ye Chen's face sank and said, "but..."

He thought to himself, if the deal is really reached and he takes back the Shura sword, but he wants Ye Linyuan to observe the sword monument. Once the latter's swordsmanship breaks through and becomes the last sword of the nine swords, isn't it bad?

Cut the sky nine Swords

Chapter 8008

The original demon lord sighed and said, "because I have no choice. The demon ancestor Wutian, Ren tiannv, the Emperor Yu, ye Chen and others are either arrogant or carrying great luck. They can't inherit the eternal mission. Only you are the most suitable."

Ye Linyuan laughed and said, "so, I'm your most reluctant choice? In your heart, I can't compare with Mo Zu Wutian, Ren tiannv and others after all."

Yuanshi demon Master said, "you know the gap between you and them, but I believe your heart of Tao will not be inferior to anyone in the world, and you can certainly take charge of the eternal top!"

"Once I was just the lowest demon God monster, and I became the demon master all the way. But unfortunately, my talent is too poor after all. I can't reach the top forever, only you can."

"Are you willing to inherit my will? From now on, you are me, and I will disappear, but forever."

Ye Linyuan heard the tone of the Demon Lord at the beginning of the Yuan Dynasty, and he was very sincere, and his mind moved slightly.

He knew this was a great opportunity, but he also knew that once he accepted it, he would face unexpected disasters. There were no time and space causes and effects, and the outcome was unimaginable.

"If I inherit your will, can I recover my body and even break through the realm to become the Immortal Emperor?"

Ye Linyuan asked.

The demon master at the beginning of the Yuan Dynasty said, "the realm of the Immortal Emperor is the highest peak of the realistic Taoism. It is not so easy to achieve, and you need to slowly comprehend it by yourself."

"But if you inherit my will, you can approach the realm of Immortal Emperor infinitely!"

"As for recovering the body, it's not too difficult, as long as you can find the rainbow free sword."

Ye Linyuan moved in his heart and said, "no rainbow sword?"

The demon master at the beginning of the Yuan Dynasty said, "yes, after I fell, my bones were taken away by Zihuang fairy palace and cast into a rainbow free sword. Later, they even became the weapons of Hongjun's ancestors."

"The rainbow free sword was cast from my bones. Now it is divided into two parts, half of which are in the hands of the Lord of reincarnation, and the other half is missing."

"As long as you find the rainbow free sword, you can recover your body."

Ye Linyuan's face sank and said, "Ye Chen, that boy, has any special guard, and wants to seize the rainbow free sword from his hand. I'm afraid it's difficult to compare it to heaven."

At the thought of Ren Feifan, ye Linyuan had lingering palpitations.

Now Ren Feifan is in charge of the Golden Wheel of the emperor of heaven. His power is so terrible that he even has the ability to kill the ancient emperor Yu Huang!

On that day, the emperor's Golden Wheel shone, and even his quasi Immortal Emperor would instantly fall out of his body.

The original demon lord shook his head and said, "don't panic. That extraordinary got the Golden Wheel of the emperor of heaven, but he also paid a great price. He was stared at by countless eyes, and he didn't dare to appear easily."

"Moreover, if you want to recover your body, half of the rainbow free sword is enough. You don't need to fight against the Lord of reincarnation. Go to find the other half. It's not too late to deal with the boy after you recover your body."

"You should remember that reincarnation is the greatest enemy of eternity!"

"Eternity does not need reincarnation. When the eternal order is established, the heavens and all kinds of worlds can be eternal. It is my lifelong wish to establish an eternal country. Now I can only rely on you."

Ye Linyuan laughed and said, "the heavens and all worlds, all things are eternal, isn't that a backwater? I used to be infinitely close to reincarnation, and I also believe in the law of reincarnation. I'm afraid I'm looking for the wrong person if you ask me to inherit the eternal will."

The original Demon Lord said, "I don't blame you for going astray in the past. As long as you inherit my will, you will understand the eternal greatness."

"All heavenly beings suffer from reincarnation. Endless reincarnation is endless disaster. Isn't it pain?"

"Only by establishing the eternal kingdom of heaven, can we save the heavens and the world from the sea of samsara, and can we truly restore stability to the concept of chaos without time and space."

The voice of the original demon lord, with a vast and lofty idea, he wants to establish an eternal kingdom of heaven, just like the Republic that emperor Shi Tian wanted to establish in the past, which is an extremely firm dream.

Ye Linyuan fought for years, but he knew that all dreams were illusory, and only strength was truly eternal. At that moment, he sneered, "I inherit your eternal will, and how to develop the future road is naturally up to me. The heavens are eternal, and I don't have that big ideal."

The original Demon Lord said, "yes, you are free to make a decision."

Ye Linyuan nodded and offered the Shura sword again, saying, "after I inherit your will, can I unlock the will blockade of this sword?"

Yuanshi demon Master said, "why do you want to untie it? If you inherit my will, the Shura sword soul of this sword is useless to you."

Ye Linyuan laughed, "it's useless for me, but it's very useful for ye Chen!"

"As long as I devour the soul of Shura sword, the boy's reincarnation Heavenly Sword will be completely useless. Without the blessing of a complete sword soul, reincarnation Heavenly Sword cannot exert its full power."

The demon master at the beginning of the Yuan Dynasty pondered for a moment and said, "the will blockade of this sword is the contract I established with Gu Fengyu."

"The contract is also a part of eternity."

"No one can open the prohibition of this sword unless Gu Fengyu hands it himself."

Ye Linyuan said, "even if I become the eternal God, can't I solve it?"

The original Demon Lord said, "yes, no one can violate the eternal law and the true meaning of the contract."

Ye Linyuan laughed and turned his eyes. I don't know what thought flashed in his heart. He put away the Shura sword and said, "well, I know, then start inheriting it. I will inherit your will and become the eternal God and the master of the gods of the heavens, but don't regret it. I may not believe in the eternal law."

Chapter 8009

The original Demon Lord said, "it doesn't matter. When you see the eternal greatness, you will understand."

After a pause, he said, "remember, find the other half of the rainbow free sword as soon as possible and recover the body. The reincarnation is too prosperous. If you don't get it as soon as possible, the other half of the rainbow free sword is likely to fall into the boy's hands."

Ye Linyuan was cold in his heart and said, "where is the other half of the broken sword?"

The demon lord of the beginning of the Yuan Dynasty shook his head and said, "the vicissitudes of time, the mystery of heaven is obscure, I don't know, but in Xianhu sect, there is a sword tablet, in which there is the idea of rainbow sword. If you go to observe the sword tablet, you may be able to trace the cause and effect, push back the mystery of heaven, and find out the whereabouts of the half broken sword."

Ye Linyuan's heart moved when he heard the word "sword tablet".

Now the messenger of Xianhu sect is outside.

As long as he hands over the Shura sword, he can watch the sword monument.

It has always been his long cherished wish to observe the sword monument, which is the key to breaking through the nine swords.

Now listen to the demon master at the beginning of the Yuan Dynasty. That sword tablet is still the key to finding the other half of the rainbow free sword!

The demon lord of the beginning of the Yuan Dynasty said, "if you inherit my will and command the demon gods of the heavens, maybe you can directly kill Xianhu sect and take back the sword tablet."

"However, Zihuan the great, the founder of Xianhu sect, is an ancient sage with unfathomable accomplishments. You can't be careless."

Ye Linyuan said indifferently, "I don't need your teaching to do things. Start inheriting them. I have my own decision."

Hearing Ye Linyuan's arrogant tone, the demon master at the beginning of the year did not show any expression, but nodded gently and said, "well, you will witness the eternal greatness. You are more suitable than me to take charge of the eternal law. I can close my eyes. Ye Linyuan, you will establish the eternal kingdom of heaven and complete my mission."

While talking, the skeleton body of the original demon lord began to collapse, turning into a continuous stream of mysterious magic gas, drilling towards Ye Linyuan's ink body.

Ye Linyuan only felt a surge of will energy pouring in.

This energy is not killing, but a calm, thick, with the smell of eternal laws. It is more ancient and unchanging than the sun, moon, stars, rivers, and the abyss of the universe.

Boom!

Under the infusion of this will, ye Linyuan's eyes seemed to have a vast picture unfolding.

That's the picture of the eternal kingdom of heaven!

In this eternal kingdom of heaven, there is no chaos, no sin, no killing, only eternal peace and tranquility, no creatures will die, and all existence is eternal.

This is not a stagnant water, but the glory of order, not the order of reincarnation, but the eternal order.

In the kingdom of reincarnation, creatures are in danger of dying, but in the eternal kingdom of heaven, no creatures will die. Everything is eternal. Heaven and earth are not easy, mountains and rivers do not change, the sun and moon do not change, and everything does not die.

This eternal will deeply shocked Ye Linyuan's heart of Taoism. He was a little dazed. He recalled his ancestor ye Chunjun and thought, "in this eternal kingdom of heaven, doesn't the ancestor need to die?"

He was not interested in what to establish the eternal kingdom of heaven, but thinking that the kingdom of heaven would be established and everything would be eternal, ye Chunjun would not have to die, and he was vaguely touched in his heart.

Woo woo

Suddenly, the picture of the eternal kingdom of heaven was eroded by the endless mysterious demon gas.

The boundless demon gas made the eternal kingdom of heaven a purgatory like existence, with countless twisted demon gods and monsters roaring.

That is the demon God blood of the original demon lord, which has its own magic Qi.

Eternity is the law of light and the salvation hope of the gods of the heavens to be free from darkness.

At the beginning of the year, the demon lord believed in eternity, which also meant to save the demon gods.

Boom

However, the demon gas is too strong, and all kinds of twisted and grotesque demon gods, shrieking and roaring, cover up the eternal glorious country, and make this place completely become a demon paradise.

Ye Linyuan opened his eyes and was surprised to find that the magic paradise was not illusory, but real.

The majestic magic spirit broke through the temple hall of Tianqing League and penetrated the sky.

The howling and roaring of countless demons and monsters shook the world.

The thick and thick demon gas converged into layers of dark clouds, covering the sky in the azure region.

Ye Linyuan's body, like a blessing, rose slowly in the air.

"Eternal God, devil Lord forever!"

The voices of chanting and worshipping, full of secret and dark majesty, came from all directions.

Thousands of monsters twisted their bodies and worshipped Ye Linyuan.

At this moment, ye Linyuan has inherited the will of the original Demon Lord and become a new Demon Lord. He is admired by the demon gods of the heavens, and his cultivation has been infinitely close to the realm of the Immortal Emperor.

Many disciples of Tianqing League were shocked to see ye Linyuan's weather.

Some of the former strongmen of the Tianqing League had a rebellious mind, but when they saw Ye Linyuan become so powerful, everyone trembled and dared not have any more thoughts of betrayal. They knelt down in fear and worshipped Ye Linyuan with the gods of the heavens.

Several envoys of Xianhu sect, feeling Ye Linyuan's terrible evil spirit, were also stunned and looked at each other.

"Ye Linyuan, this guy, actually inherited the will of the original demon lord?"

"He... Doesn't he want to command the gods?"

"That's almost invincible!"

The voices of several messengers were shocked, and under the induction of heaven, they instantly caught various thoughts and causes of the original Demon Lord from ye Linyuan.

At the beginning of the year, the demon lord passed his own thought law to Ye Linyuan, without deliberately concealing it. Instead, there was a taste of announcing the world, so that everyone could clearly feel everything.

Among the ten thousand realms of the heavens, many creatures of the world were infected by the idea of the original demon lord, and even surrendered to eternity on the spot, became eternal believers, and knelt down to Ye Linyuan from a distance.

Standing high in the sky, ye Linyuan, with a domineering spirit like a king, looked down on several envoys of Xianhu sect and asked coldly:

"Do you want to invite me to Xianhu sect to observe the sword tablet?"

The messengers trembled, and one of them said, "yes, ye Linyuan, as long as you are willing to hand over the Shura sword, you can go to observe the sword monument."

Ye Linyuan laughed and said, "I want the Shura sword and the sword tablet. Can you stop me? I'm the eternal forever, and I'm the embodiment of eternity. Even the law of reincarnation can't erase me!"

When the voice fell, ye Linyuan waved and led the mighty demon army to kill Xianhu sect.

At this moment, he inherited the will of the original Demon Lord and felt the eternal greatness. Although he did not change his faith, he did accept a lot of the eternal way.

Chapter 8010

Those messengers, seeing ye Linyuan, unexpectedly wanted to kill Xianhu sect, were all extremely shocked.

It's going to change!

.....

In Xianhu sect, ye Chen and Gu Fengyu are observing the sword tablet and silently understanding it.

Ye Chen glimpsed the shadow of countless divine swords from the sword stele, and there were faint signs of breakthrough in his swordsmanship.

Among them, the one that can attract Ye Chen's attention most is the rainbow free sword!

When staring at the shadow of the rainbow free sword, he seemed to peep into the mystery behind him and saw the whereabouts of the other half of the rainbow free sword.

The rainbow free sword is broken into two parts, half of which is in Ye Chen's hand, and the other half is missing.

If you can get the other half and the rainbow free sword is restored to its integrity, it will be a peerless sword!

After all, the rainbow free sword was forged from the bones of the original Demon Lord. It is extremely sharp, and it was once the weapon of Hongjun's ancestors.

If you can hold the rainbow free sword, you may be able to go further and see the ancient mystery of cause and effect.

However, the mystery behind the rainbow free sword is very complex. Even if ye Chen sees the shadow of the sword, it is difficult to solve the mystery behind it in a short time.

"Where is the other half of the rainbow free sword?"

Ye Chen murmured secretly that the Wuhong divine sword was too mysterious. If he wanted to crack the cause and effect, it was a little difficult to rely on himself. He might have to ask Ren Feifan and grandpa to do it.

While thinking, ye Chen suddenly felt that the strong demon atmosphere was eroding towards Xianhu sect.

The sky of Xianhu sect was ablaze with light, and now it became dark and gray, and there was a faint roar of demons and monsters.

The whole Xianhu sect, from the patriarch Xianhu old man to ordinary factotum, has an inexplicable fear.

Everyone looked up at the sky and felt the majestic magic weather. They were all uneasy.

"This is... The idea of the original demon lord, the eternal law?"

Ye Chen's pupil contraction, without careful induction, immediately captured the strong causal fluctuations.

At the beginning of the year, the demon lord actually passed on the eternal idea to Ye Linyuan and announced it to the world.

At this moment, ye Linyuan became the eternal God and the new demon God!

"Hahaha, old man Xianhu, you're all right!"

A laugh rang out.

I saw a magnificent demon, such as the arrogant figure of king in the world, leading thousands of demon gods, coming down from the sky. It was Ye Linyuan.

When ye Chen saw Ye Linyuan coming, his face suddenly became gloomy and dignified.

Some of the demon gods behind Ye Linyuan are eternal demons from the lost time and space, which makes Ye Chen feel very familiar.

Not only the eternal demons, but also the demons and monsters of the heavens, all surrendered to Ye Linyuan and worshipped him as the Lord.

"Ye Chen, are you in Xianhu sect, too? It's really wonderful."

Ye Linyuan glanced at the audience, and suddenly saw Ye Chen, Gu Fengyu, and the sword tablet, and couldn't help laughing.

The strong men of Xianhu sect were on alert.

Old man Xianhu flew out, his face dignified, extremely vigilant staring at Ye Linyuan, said: "Ye Linyuan, you actually inherited the will of the original demon lord?"

Ye Linyuan laughed and said, "that's right! I'm the eternal master of all ages. I'm very interested in your sword tablet of Xianhu sect. Hand it over, I'll spare you!"

When the voice fell, ye Linyuan waved his big hand and went towards the forbidden area covered by bamboo forest to directly seize the sword monument.

Ye Chen and Gu Fengyu, feeling Ye Linyuan's majestic palm, hurried away and flew away.

Seeing that the sword tablet was about to fall into Ye Linyuan's hands, old man Xianhu snorted, suddenly offered a flying sword, cut it at Ye Linyuan across the air, and shouted:

"Ye Linyuan, in the territory of our Xianhu sect, it's not your arrogance!"

The flying sword is like electricity, mixed with the fierce momentum, and even the earth vein breath of Xianhu sect, which is extremely fierce.

Ye Linyuan laughed, but he was not afraid at all. He said, "I am now incarnated forever. How can you Xianhu sect be my enemy? Break it!"

While talking, ye Linyuan suddenly pulled out the Shura sword and waved it. The magic gas was spewing out. With a clank, he actually cut off the flying sword of old Xianhu.

"What!"

Old man Xianhu was stunned, and he only felt that ye Linyuan's power was much stronger than before, and he was completely unable to resist.

After a pause, old man Xianhu shouted, "open the guard formation quickly and kill this Liao!"

He felt deeply that ye Linyuan was strong. Now only by opening the guard array can he have the power of a war.

Ye Linyuan laughed and said, "don't be so nervous. I'm just borrowing the sword tablet for a few days, not fighting with you for life and death. When I get the sword tablet, I will naturally leave."

After saying that, ye Linyuan bypassed the old man Xianhu, flew down in person, and grabbed the sword tablet with his palm.

His main purpose is to seize the sword monument, so as to spy on the location of the other half of the rainbow free sword.

Before he recovers his body, he will not attack Xianhu sect or Ye Chen, because he is not sure.

The strong people from the top to the bottom of Xianhu sect were all in a great hurry when they saw that ye Linyuan wanted to take away the sword tablet.

That sword tablet is the treasure of Xianhu sect, which has been passed down for an unknown number of eras. If it is taken away, the fate of Xianhu sect will collapse, and the consequences will be unimaginable.

However, looking at Ye Linyuan's fierce appearance, no one dared to approach.

Even the patriarch Xianhu old man is not ye Linyuan's enemy.

At this moment, ye Linyuan inherited the will of the original demon lord, and his cultivation was infinitely close to the Immortal Emperor. His strength was too strong.

"Stop it!"

Gu Fengyu saw that ye Linyuan was going to seize the monument. In a hurry, he stood up and stopped Ye Linyuan.
