

## Physician 801

### Chapter 801

The sound wave rippling away, is turning into a little bit fierce hit on the barrier!

"Click!"

The barrier suddenly appeared a crack!

The cracks grew bigger and bigger like a spider's web, until an ice sword fell and the whole barrier broke.

Daozong three people together spit out a mouthful of blood!

Knowing that they were invincible, they knelt down one after another!

"And ask the goddess to kill us

However, Mo Ning'er doesn't pay attention to it at all. Since she does it, it means that she will lose her strength!

Her loss is bound to maximize the value!

These three people are in great danger to the reincarnated tomb owner! No matter how to pray, she will not have the slightest end!

This is her principle!

"A group of ants, how can there be so much nonsense! Die

In an instant, the sword sea swallowed, countless ice crystals seem to smash a big hole in the ground!

And the three of daocong were not qualified to evade. They were directly penetrated by an ice sword!

They struggle, but no use!

What qualifications do they have to bear the fury of ancient powers!

The blood mist drifted away, leaving only a pool of blood on the ground!

At this moment, the silence of ten miles is to the extreme.

Only the slayer is still alive.

The killer who had stood up was already sitting on the ground.

Legs soft, want to stand up, but it is a luxury!

He had no idea that Kunlun Xu had such a strong man!

The key is that such a strong person still stands behind ye Shitian!

In a moment, suppress the three virtual kings!

How the hell are you doing this!

He doesn't even dare to lift his head!

And ye Chen's expression is more strange, he knows Mo Ning Er is very strong, but never thought so strong!

This guy didn't say that just now. Are these three difficult to deal with?

It's hard to deal with?

Almost seconds!

If there is such a strong man, I'm afraid it can destroy the Taoist patriarch!

Mo Ning'er seems to feel Ye Chen's surprise, the body slowly fell down, standing around Ye Chen.

"I know why you are surprised. The power that I just broke out is really strong, but it depends on the ancient magic. I can't be so relaxed next time without that ancient magic. "

"What's more, the energy in my body will probably hold up for you once. Unfortunately, the leader of the Taoist sect is not here. Otherwise, I will kill the other side together. I can still use some of the power of ancient magic. In time, it will dissipate, which is really a waste. "

Hearing this, ye Chen glanced around and found that the boundary of ancient sorcery had completely disappeared and should be used by Mo Ning'er.

After all, Mo Ning'er's body is a little special. Qianjue cold body, one of the top ten e-bodies, can absorb some strength.

It is obvious that the ancient magic of daocong was absorbed by her.

"Tomb owner, there is one waste left. Do you need me to solve it together?"

Mo Ning Er opens a way.

Ye Chen then put his attention on killing the Lord.

He stepped out and came to the slayer.

At the moment, when the master saw Ye Chen, he could no longer care about his dignity. He kowtowed and said, "my Lord, all these things are threatened by the master of daocong! I don't want to fight you at all. My strength is pretty good. I can be an ox and a horse for you! It can even protect people around adults! Please give me another chance. "

Ye Chen laughed: "if I didn't have mo Ning'er, would you give me a chance?"

"Yes, of course..." Shaking the voice of the Lord.

Hum, I'll give you a chance to continue

"I said! I say everything! The leader of daocong has been injured and his strength has been greatly reduced. This is also the reason why he didn't take any action. In addition, for thousands of years, the leader of daocong has been collecting talents and spiritual roots for the purpose of refining puppets. Those three strong Taoists are the first group... "

All of a sudden, before the slayer finished speaking, there was a seal on his eyebrow.

At the same time, the breath inside the killing body is disordered, and the body is constantly huge!

Obviously, it's going to blow itself up!

"Grave master, be careful!"

Mo Ning'er shows a hand to lift, kill the Lord and ye Chen to suddenly generate an ice wall!

The ice wall completely separated the two people, and the expression of the murderer turned into a blood mist!

All leads are broken.

But vaguely, ye Chen roughly knows the plot of daocong.

Make puppets!

At the cost of genius, it is actually the weapon of the Taoist patriarch.

He didn't know how many strong men there were in daocong. From the last three words that he spit out before he died, we can see that these three people are only the first group, and there must be more behind them!

What's more, the Taoist patriarch's plan lasted for thousands of years. No one knows whether the darkness hidden in the depths will hit like a storm.....

Daocong hall.

The Taoist patriarch sat cross legged on a piece of blue jade, absorbing the power inside.

There is some pain between his eyebrows. After all, ye Chen destroyed his technique at the beginning, and the power of counterattack made him seriously injured.

He has to recover as soon as possible.

However, it should not be long before he can solve the hidden threat.

Qingxuanfeng could not defend ye Shitian and Duan Huaian.

The people he wanted to kill never left alive.

Besides, he used the power of the dark place.

He believes that his chess game hidden for thousands of years is safe and sound. Sooner or later, his daocong will become the first sect of Kunlun Xu!

At that time, he was the master of Kunlun Xu!

All the strong must submit to him!

When the blue jade's power is absorbed by half, suddenly, there is a strong vibration in the air!

The true Qi of the Taoist sect leader Dantian was in disorder.

His closed eyes suddenly opened!

The pupil is full of horror and anger!

The four men he sent out were completely destroyed!

How could it be!

This group of people should not have been exposed, let alone to qingxuanfeng, how could something happen?

Was it discovered!

What strong man can kill the four virtual kings in a short time!

An invisible anger seemed to devour the Taoist patriarch!

"Who in the dark is it?"

"Who the hell is it?"

The roar of the sky resounded above the hall.

The jade under the master of daocong was broken, and the whole hall was shaking!

He stood up, the eyes full of blood, staring at a direction, no longer hesitant, spit out a mouthful of blood!

And the finger pinches quickly.

Soon, his blood turned into a black fog!

"You forced me! Today, I don't hesitate to use my life's blood essence to find out who is secretly destroying everything in me

.....

The screen rotates.

Ye Chen and Mo Ning'er are just about to leave. Suddenly, Mo Ning'er seems to find something. Her feet stop and her eyes shoot at the direction of the death of the slayer.

"Tomb owner, there are some problems."

Ye Chen sweeps along Mo Ning'er's direction.

He found that the originally ferocious blood actually moved.

Is suspended in the air, the color is constantly changing, deeper and deeper!

A black fog suddenly formed!

Chapter 802

Black fog agglomerates to form, is actually an old man wearing a Taoist robe!

Master of daocong!

"Tomb owner, there is the smell of ancient magic on the black fog. It should be that the people behind them used some skills to come here in person!"

"This kind of existence, if in ancient times, is enough to kill everything, but this black fog is not strong, don't worry about it."

The black fog forms a figure, eyes burning at Ye Chen.

Ferocious face!

"Ye Shitian, it's really you

"You dare to kill my daocong people. I really think I dare not move you!"

Ye Chen shrugged his shoulders. Mo Ning'er was there, so he was not afraid.

"Zong Lord, you didn't find me to send the bill!"

"When you broke the rules and sealed Duan Huai'an's elixir field, now you dare to move qingxuanfeng. Do you know what the price is?"

Black fog step out, cold evil spirit spread: "ye Shitian, Duan Huai'an and you, why do you want to protect this guy everywhere!"

"With your strength, you should step into a higher level of existence, not help a waste."

"This waste will only waste your time practicing!"

"If you promise not to interfere with Duan Huai'an and me from today on, our account will be written off."

"From now on, you and I will draw a clear line, and I will not attack you!"

Black fog is obviously afraid of Ye Shitian. After all, ye Shitian is the first person to easily break his ancient magic.

He could only compromise the existence of this unknown origin.

"No more to me?" Ye Chen said with interest.

"Exactly

At this moment, ye Chen laughed: "even if you don't do it to me, I will do it to you! As for your peace, I don't care at all

"I advise you to take a few more breaths of the air outside, because before long, I will commit suicide on daocong and cut off your head!"

Ye Chen threatened!

"You! I really think I can't help you

Black fog angry, a roar, the next second, is to carry the rolling evil gas toward Ye Chen devour and go.

Although it is impossible to kill ye Shitian, it can at least affect Ye's Taoist heart.

Seeing that the black fog was about to touch Ye Chen, Mo Ning'er blocked Ye Chen's body and said in a cold voice to the black fog: "bold evil thing! I think you can do whatever you want

Mo Ning'er pinched her finger, and the dazzling golden light suddenly appeared on the fingertip!

Golden light with bursts of Sanskrit, gradually formed an ancient Rune!

The rune falls from the sky and goes towards the black fog.

Black fog see the top of the head of things, this just noticed Ye Chen side of the girl in red.

"This This is the ancient town of evil! Isn't this long gone! You Who the hell are you? "

The tone of the black fog was full of horror and fear.

In ancient times, the evil talisman was the enemy of his cultivation!

It has been silent for thousands of years.

He thought that kind of people had already fallen and risen.

But now, it appears again!

Still a girl!

Mo Ning'er snorted coldly, the finger stretched out, and then pressed gently!

The ancient Zhenxie Fu fell like a sword in the black fog.

The black fog vanished!

It's the sound of pain.

At the moment, the Taoist patriarch spits out a mouthful of blood again!

Pale!

"The ancient evil talisman has reappeared in the world! What is the origin of the girl behind ye Shitian! Is it from that place? The entrance is open again? "

If there are people in the hall at the moment, they will feel the fear of the words of the Taoist patriarch.

In ancient times, only the strong people in the source of Taoism can use it!

The girl was so young that she stepped into this realm. How could it be!

If so, maybe the girl can suppress the whole daocong!

He's really scared!

And now outside the Qingxuan peak.

Ye Chen took a look at the dissipated black fog and asked Mo Ning'er, "can you teach me the ancient town magic? The patriarch seems to be very afraid

Mo Ning'er shakes her head: "tomb owner, this is an ancient technique, which has great restrictions on cultivation. At least it can be used in the realm of Daoyuan. Now you are only in the transcendental realm. If you use it forcibly, you are likely to explode and die."

Ye Chen sighs for a long time, just want to speak, the sound of crackling came from the body, a breath of breakthrough swept open.

It's a breakthrough!

Mo Ning'er saw this scene and pinched her fingers. Everything around her seemed to be shrouded in her mind.

"Tomb owner, I am now in charge of ten li. I will protect the Dharma for you. You can rest assured to break through! What's more, I feel that the thunder robbery you have to face in this breakthrough will be terrible! ""Good!"

Ye Chen no longer thinks much and sits cross legged.

He has already felt the breakthrough in his body to the extreme!

Boom

The true Qi in the body is like ten thousand horses galloping and roaring.

Nine days xuan yang decided to move to the extreme. The energy from the elixir field made Ye Chen's whole body hot!

Within the tendons and veins, it turns into a thousand troops and horses in an instant, and its momentum is like a rainbow.

Every piece of flesh and blood, every skeleton, seems to bear the burning fire, making Ye Chen look ferocious. Under the impact of the majestic energy, the pain can be imagined.

"Now!"

"Enter the holy land, open!"

Thinking of this side, with a roar, Ye Chen's whole body momentum erupted.

The strong air waves rolled and the wind howled around.

Ye Chen's clothes, dancing in the strong wind, crackling. Ye Chen, the center of the storm now!

The majestic energy rushes into the elixir field, and suddenly comes the sound of surging waves.

Under the strong energy impact, the whole elixir field seems to be about to explode.

Mo Ning'er looks at this scene, Mou son appeared a touch of complex emotion.

"Tomb owner, since everyone thinks that you are our turning body, I will give you a strength. It is up to you whether my body can be free or not."

Mo Ning'er points out!

The red breath of the body.

Help Ye Chen keep protecting his mind to avoid accidents.

At the moment, ye Chen strides across the holy land without hindrance

Thunder robbery appears on the sky!

Mo Ning'er felt the thunder robbery crazy landing, and a trace of solemnity appeared in her eyes.

She knew very well that the greatest threat of the tomb owner was the patriarch.

The gap is too big.

She could not leave the tomb owner too far away, so it was impossible to leave here to destroy daocong.

What's more, they can't arbitrarily destroy the balance of Kunlun Xu. If they want to make a move, they must be present.

The ancient sorcery in the body is going crazy. If you don't do anything this time, it will be really wasted.

She took a look at the thunder robbery and suddenly thought of something!

The next second, step on, the air waves roll, her body directly suspended in the air, is rising!

Even gradually, the whole Kunlun Xu was under her feet!

When she turned her body, her red clothes fluttered and her cold eyes shot to a distant place!

It's daocong!

.....

Chapter 803

"The reincarnation tomb owner is too important for us. Although I am far behind the rest of the great powers, I have enough discourse power for the present Kunlun void."

"Today I will let everyone know the cost of offending the reincarnated tomb owner."

Mo Ning'er's indifferent voice falls down slowly.

She was suspended in the air, closed her eyes, and her mind was released thousands of miles! Even ten thousand miles!

Almost covered the whole Kunlun void!

Thousands of cold body released.

Originally still in the hot meaning of Kunlun Xu, actually began to snow.

The temperature is gradually decreasing.

The whole Kunlun people felt something was wrong.

One after another, they came out of the practice room, clan and family.

Some closed powers open their eyes and come out to feel everything around them.

Ji Jia.

Ji Siqing is also aware of the vision, standing in the yard, seriously looking at the sky of snow.

Ji Lin, who has already returned, raised his head curiously: "sister, how did Kunlun Xu snow this time? Why do I still feel a little cool. "

Ji Siqing shook his head: "there is something wrong with the snow. It's just like the artistic conception created by human beings. If it is, it may be the existence of ancient powers. Is that the place opened?"

"No, if it's the power there, it can't be as simple as snowing. There seems to be a trace of invisible anger hidden in the snow."

Ji Lin listened to Ji Siqing's explanation and frowned: "sister, do you think too much? It's like when you come back from the killing place, you're a little paranoid. "

Ji Siqing sighed: "it's not that I'm paranoid, but I don't know when the pattern of Kunlun Xu has changed."

"If we really want to trace a point in time, it is after ye Shitian appeared."

Jilin naturally doesn't care about this kind of thing. She takes apart a bag of potato chips and puts it into her mouth.

This time she went to China, although she didn't get the news of Ye Shitian, she gained a lot.

A lot of snacks are stored.

Ji Siqing glanced at the carefree Ji Lin and asked casually, "no one in China really knows ye Shitian? According to the law, this guy appears in the Kunlun Mountain of China for the first time, and always shows some horse's feet. "

Ji Lin shook her head. Suddenly she thought of something. Her eyes lit up and said, "sister, although ye Shitian has no news, the news of Ye Chen's boy in China is everywhere. Sister, don't tell me, I find I really despise ye Chen! When he was in China for less than a year, he did so many feats! Also established a top family Ye family! Even known as the God of war in China by countless powerful martial arts! Let me tell you something about... "

Ji Lin put down the potato chips, will ye Chen in China one by one.

Until he finished, Ji Siqing still did not fluctuate.

"Sister, aren't you interested in that boy? Why didn't you react at all? "

Ji Siqing looked at the flying snow and said, "even if ye Chen is the top power in China, then how about it? Compared with Kunlun Xu, Huaxia is like the earth and the sky. I'm optimistic about ye Chen. It's that everything is built on the basis of not dying young. However, this guy has no idea what to do with his mother-in-law of qingluan sect to fight a war in a few days. Well, let him alone. I will do whatever I can. "

Ji Lin's mouth grows up, but she knows what level of mother-in-law of qingluan Zong is.

Ye Chen wants to challenge?

Are you crazy?

Even if he knows the array, he should not be so fast!

She was just about to say something when a shadow appeared on the sky!

Shadow floating overhead! Like a goddess!

"Sister, look How could... "

Ji Siqing naturally saw a woman in red floating above the sky!

For a moment, she felt small!

"Sure enough, the snow has something to do with great energy I don't know why the great power came here... "

And now the mid air Mo Ning Er breath brewing to the extreme!

Fingers pinch, the world seems to fall into silence!

Her cold eyes shot in the direction of daocong, and her red lips opened. The power of ancient magic transformation and the true Qi of Dantian all gathered together.

"There are so many ants in Kunlun. Today, thousands of Xuan girls have come to the world and kill the heaven. They are the disciples of closing the door. The xudaocong of Kunlun has no idea of death and dare to offend my beloved disciples. My heart is burning with anger. I should have erased daocong, but I don't want to destroy my disciple's experience! We hereby inform you of the ants!

If you want to challenge your own disciples, you can only ask for battle in the arena!

If daocong or other sects dare to attack their own disciples in secret, I will surely step down the whole Kunlun void! Never die

The cold words are like thunder, reaching up to the sky and reaching the virtual earth of Kunlun.

Every cultivator under the source of Tao can hear it!

For a long time!

This is not over. Mo Ning'er's five fingers open in the air, and a huge ice sword suddenly forms!"Boom!"

Accompanied by the thunder, the ice sword fell down from the sky!

The intense Mars encircles, like the planet hits the earth!

"Touch!"

The ice sword is directly inserted on a vast plain in Kunlun.

The ground is split in all directions, and the whole Kunlun Virtual Earth is shaking for a long time.

This is deterrence!

Mo Ning'er is very clear that since she can't erase daocong temporarily, she can at least use such means to frighten the whole Kunlun void!

When the time comes, daocong wants to start with Ye Chen, and he should also consider the anger of qianjue Xuannu.

What's more, in the face of Kunlun's virtual naming of daocong, there will be countless powerful people in the dark to restrict daocong.

This is relative to give ye Chen a double protection.

Of course, this is not a long-term solution.

Ye Chen has enough strength to erase daojong himself.

After all, it was calm.

The shadow disappears, the snow is no longer.

Mo Ning'er's body falls slowly and falls on Ye Chen's side,

her face is pale and her body is much weaker.

This is the maximum she can do for ye Chen.

At least let Ye Chen have enough time to grow.

Maybe when ye Chen reaches that strength, he is qualified to know the truth behind the reincarnation cemetery.

.....

Half an hour later, Kunlun Xu countless strong men and various major clan leaders gathered together in the place where the ice sword stands.

No one thought that there would be a powerful woman coming to Kunlun Xu, so deterrent words!

Call the roll!

What's more, they didn't expect ye Shitian to be accepted as an apprentice by this great power!

With such great power standing behind, who dares to move!

Most of the people present knew that Daozong was cold.

Even become a street mouse, everyone shouts to fight existence!

That thousand unique Xuannu's move, like the power of Chinese entertainment circle, one word, killed a rising star!

A generation of large amount of land!

After today, Daozong will not have any allies!

Chapter 804

Even be watched by countless powerful people.

After all, if Daozong secretly killed Ye Tian again, it would be the whole Kunlun void that paid the price!

A few minutes later, Ji Siqing and Ji Lin also arrived here.

The two people looked at the cold sword straight into the sky, the shock in their hearts could not be increased.

The key is that there are three big characters carved on the ice cold sword!

Ye Shitian!

This is the sword of Da Neng under the virtual tree of Kunlun.

At least for one day, no one in kunlunxu dared to attack ye Shitian secretly.

Ji Siqing clenched his slender fingers.

She found that the distance between herself and ye Shitian was getting further and further away.

She originally wanted to take this person as the goal of cultivation. Now it seems that the gap is like a gap.

But this did not let her down, but let her heart ignite fighting spirit!

"Elder sister, why is ye Shitian still hiding in the dark since there is such great power behind him?"

"It seems that they are even in such a mess by daocong. Shouldn't they?"

Ji Siqing shook his head: "the whole Kunlun Xu is guessing ye Shitian's identity, but he just doesn't come out. We can't help it."

"I can't wait now. This guy has a feature. He appears every half a month."

Ji Lin's head turned and murmured, "isn't the next appearance supposed to be over the talent of the xuzong clan in Kunlun?"

Ji Siqing's expression was frozen and he stopped talking.

"By the way, sister, if ye Shitian becomes a member of our Ji family, will Ji family never worry about safety? If you don't want to, you can only wait for me to be 18 years old. What if you don't want to do? What should I do if I'm ahead of schedule? "

Ji Siqing:

And now the main hall of daocong.

Outside the door stood hundreds of disciples.

Look nervous.

The reason why they joined daocong was that daocong had a strong position in kunlunxu, even among relatives and friends. But at present, daocong was blocked by that great power!

Everyone is thinking about leaving the clan!

Even some elders who have been in daocong for hundreds of years are hesitant!

"Creak!"

The gate suddenly opened.

There was a complete uproar outside.

"Master, ye killed the heaven..."

As soon as a disciple's words fell, his body turned into a mist of blood.

Extremely cruel.

The crowd was completely quiet.

The leader of daojong came to everyone.

At the moment, he seems to be a few decades old, physically and mentally exhausted.

He raised his head with a chill in his cloudy eyes.

"Don't mention ye Shitian again in front of me! I know you are afraid of the threat of power

"But it's very clear, as long as you don't do it in secret!"

"Can't we kill ye Shitian in the open arena?"

"In a few days, the talent ratio of xuzong clan in Kunlun will be the highest, although ye Shitian is unlikely to participate! However, our Taoist sect has lost face completely today, and we still need to take back some lost things! "

"I have only one request. In this prosperous age, we must respect it! If you don't get the first place, you will die! "

"Finally, I tell all of you here that there is no need to be afraid! Today, of course, our daojong is invincible, but once our daojong plan is successful, we will have the qualification to fight against the thousand unique Xuannu! "

.....

Qingxuanfeng.

Thunder roared dissipated, Ye Chen opened his eyes, slowly spit out a mouthful of turbid gas.

This time, he stepped into the third level of the holy land.

I'm still satisfied. At least, if I enter the holy land, I can fight against some strong people in Kunlun virtual holy land without the help of cards.

Of course, with the help of cards and some means, some strong people who return to the virtual state and even the early stage of the virtual King state will have a chance to kill them!

He stood up and his eyes fell on Mo Ning'er. Although he had just made a breakthrough, he still knew something about Mo Ning'er.

He was very clear that such a means would inevitably cost Mo Ning'er a great price. No matter what, he wrote down the kindness.

"Thank you." Ye Chen light way.

Mo Ning'er's mouth outlines a smile: "tomb owner, the previous offence, when today to repay it."

Ye Chen thought of what, and asked: "by the way, since the current problem has been solved, what is the condition you want me to promise?"

Mo Ning'er bit her red lips and hesitated for more than ten seconds, and then she said, "tomb owner, I went out of Xumo's home in Kunlun, cut off all love and pursue the supreme road with all my heart."

"Because of my cold body, I was cold by nature and had done a lot of things that I felt sorry for the Mo family. After the ancient war, the biggest obsession and regret in my heart was the Mo family." "I hope that one day the owner of the tomb will go to Xumo's house in Kunlun and take care of it."

Ye Chen nods. Although he has never heard of the Mo family in Kunlun, the surname Mo is extremely rare.

But since Mo Ning'er proposed it, he would naturally agree.

"Thank you, tomb owner. I'm going to the samsara cemetery first. After all, I'm just a obsession, and I can't stay outside for long." Mo Ning'er owes himself, and then it dissipates completely.

Ye Chen doesn't want to stay here too much, and walks towards qingxuanfeng array.

He did not walk a few steps, he suddenly felt something, the samsara cemetery came to a change!

This change is not from Mo Ning'er, but from Duan leiren's tombstone!

Duan leiren swallowed the archaic virtual and real Danes into essence, saying that he wanted to contact some things behind the samsara cemetery.

But after so long, there has been no news!

Ye Chen naturally doesn't worry. After all, Duan leiren, as a great power in ancient times, is strong enough to solve everything in Kunlun.

At the moment, however, he found that there was nothing so simple as that!

Because Duan leiren's tombstone actually appeared a series of cracks, as if had been seriously damaged.

Ye Chen quickly enters the reincarnation cemetery, Mo Ning'er and Lin Qingxuan are all there!

They frowned! Look ugly!

"Master, what's the matter?"

Seeing ye Chen come in, Lin Qingxuan sighed: "the tombstone is broken. Duan leiren is afraid to touch too deep. I'm afraid it's unexpected."

"If that force discovers his presence, they may even investigate here."

"Apprentice, things are more difficult than you think

Chapter 805

Is it tough?

"Master, which one is it?"

This is the first time ye Chen has such a clear contact with the things behind the samsara cemetery.

Before that, these powers were always hiding, as if something could not be touched.

Since he is the owner of the samsara cemetery, he naturally has to face everything.

What's more, Duan leiren helped him a lot. Of course, it's a kind of divinity and part of the samsara cemetery. If he can help, he will help!

The most important thing is that Duan leiren and he have been bound for a long time!

Once unexpected, he must also be dangerous!

Lin Qingxuan takes a look at Ye Chen and stops talking.

"Disciple, there are some things that will naturally be told when the time comes. What you say now will only affect your heart of Tao, and may even change your path completely."

"What you need to do now is to train yourself and strengthen yourself. You don't have to think about the rest."

One side of Mo Ning'er wanted to explain what, Lin Qingxuan a look in the eye, she then swallowed the words.

Ye Chen suddenly felt his head big, looked at Lin Qingxuan and said seriously, "master, is it that Duan leiren doesn't care?"

Lin Qingxuan shook his head: "tube, of course. If something happens to him, the people behind him will probably realize your existence by some means. I thought that you could not be involved with those people before you entered the source of Tao. Now, I think it is too simple. "

Lin Qingxuan sighed, his hands were behind him, and his expression was quite serious.

"Duan leiren's accident will only become a fuse."

"Fortunately, Duan leiren is only seriously injured, otherwise the whole tombstone will be broken, and there is not much time left for us. This time, I will go there in person.

"Disciple, I was going to continue to preach the way of healing God, but now it seems that it is no longer possible. I must use all the remaining energy! With his substantial body, he may help Duan leiren a little bit. "

"At present, the most important thing is to determine the whereabouts of Duan leiren."

Lin Qingxuan no longer thought about it. He sat cross legged in the reincarnation cemetery. His old fingers kept pinching the formula, and the speed was faster and faster.

His elixir field seems to be flashing a dazzling light, the spirit of medical God, covering the entire samsara cemetery.

Nearly a hundred tombstones are shaking wildly!

A few seconds!

All of a sudden, Lin Qingxuan's eyes suddenly opened, a finger in front of the void point out, a picture completely generated.

The picture is a desolate place, with ruins everywhere, as if it had been baptized by the fire of war.

The ground was covered with blood, some shocking.

Under the color of blood, beside a stone statue, lies an old body, which overflows with faint thunder arcs.

Very weak!

It's Duan leiren!

Not only that, ye Chen also found a black stone tablet cut by the sword above the ruins.

On the stone tablet, a few words are vaguely written.

Zhen Lei Zong.

"I want to break through the nine samsara and swear to compare with heaven. Life and death are up to me, life and death are my destiny. I can travel in all the world. Control the thunder and lightning and transform the supernatural beast. A thousand robberies are hard for a hundred generations. They are in

a hurry all the time. The body of thunder can't extinguish the soul. They can shake the past and shine the present. Only I can shake Duan leiren, the emperor of thunder! "

This is the zongmen site of Duan leiren!

Lin Qingxuan glanced at the picture, sighed, waved his arm gently, and the picture disappeared.

Then, he looked at Ye Chen and said seriously: "if I didn't guess wrong, his investigation into the matter was completely exposed. He wanted to have a look at the former ancestral home, but he didn't expect to be ambushed by the powerful forces.

Now, the only advantage for us is that the strong people sent by that force are not high in cultivation. Duan leiren has solved all the people at present. But once discovered by that force, he will surely send the strong ones to come here. Then Duan leiren will be really dangerous. "

"I don't care about Duan leiren's death, but there are too many things behind Duan leiren. I have to save those strong people before they appear! If Duan leiren is taken away by those people or controlled by the technique, I can only find a way to make Duan leiren disappear in this world. "

"Disciple, I must leave at once. This trip will take at least three days."

Lin Qingxuan's voice was full of urgency.

Obviously, this is too serious.

At this time, Mo Ning'er said: "master Lin, I don't think it's proper. You can solve the problem to the greatest extent. But don't forget that ye Chen is the tomb owner of the samsara cemetery. His greatest responsibility is to protect the samsara cemetery."

"If ye Chen can't guard the samsara cemetery, it can only show that he is not worthy to be the tomb owner!"

A moment of hesitation appeared.

Mo Ning'er is right. He wanted Ye Chen to deal with this matter, but hiding in the dark is really that power. Ye Chen can't stop it and even expose his identity.

Ye Chen seemed to see the hesitation of Lin Qingxuan's eyes and even said, "master, no matter what, there are some things I still have to face. You said that I am your turning man. Since your hopes are all on me, if I withdraw at this time, even I will despise myself! Not to mention turning over for you" I will not be so stupid as to reveal my true face this time. Ye Shitian's identity is enough! If there is danger, I can't resist it. It's enough for master to do it again then! "

Ye Chen's eyes show a strong determination.

After a few seconds, Lin Qingxuan still made a compromise: "OK, but disciple, you must listen to the master's command throughout the whole process, and you can't go on your own way!"

Yes, master

.....

Ye Chen and his parents, as well as the ancestors of Qingxuanfeng and others say goodbye.

Although some parents complain, but they can also see the importance of this matter to Ye Chen.

No one asked more, just let Ye Chen pay attention to safety.

When he comes to Huaian, he doesn't want to leave.

Unexpectedly, just a few steps away, the gate opens directly and Duan Huaian comes out of it.

"Disciple, since you are here, just come in." Duan Huaian said with a smile.

The restoration of Dantian makes him seem to have been reborn, not to mention how happy the mood is.

Ye Chen turns around, he obviously finds that the breath on the master is stable and powerful!

Compared with the cave outside the killing place, there is a big gap!

Is master breaking through again?

"Disciple, you came at the right time. My elixir field was abandoned and I couldn't step into martial arts. Now that I have recovered, I should teach you something."

When ye Chen heard this, he arched his hand and said, "master, I'm here to say goodbye to you. I have an urgent matter to deal with immediately. I may have to leave for a few days."

Duan Huaian's eyes congealed and said in surprise: "in a few days, it will be the talent of the xuzong clan in Kunlun. Moreover, you and the mother-in-law of qingluan clan have already made an agreement. Are you sure you want to leave at this time?"

Chapter 806

Ye Chen firmly nodded: "master, this matter is very important to me. After handling it, I will rush to the zongmen talent Dabi at the first time."

"Do you want me to go with you?" Duan Huaian asked.

Ye Chen refused: "master's good intentions, I understand, but I have friends to go together, there should be no danger."

Although Duan Huaian doubts, but also did not ask, can only let Ye Chen all the way to pay attention to safety.

After saying goodbye to Duan Huai'an, ye Chen left qingxuanfeng. He intended to buy a mount at the foot of the mountain, but unexpectedly, a dark shadow rushed directly up!

It is the king of the black tiger in the land of killing!

Ye Chen's joy in his eyes touched the hair of the king of the black tiger and asked, "Xiaohei! Can Wen's sisters be safely delivered? "

The king of the black tiger nodded, but he kept rubbing his head against Ye Chen's body.

"Well, in that case, would you like to go to a dangerous place with me?"

The roar of the tiger resounded.

The king of the black tiger radiates red light all over his body.

The body is crawling down, ye Chen step on the back of the tiger.

The black tiger king's hind legs burst out, suddenly rushed out, in a direction quickly swept away.

Ears continue to spread the howling wind, ye Chen found that the distance from the first time to see the king of the black tiger, this guy faster.

Is it because of those pills?

But that's a good thing.

.....

Seven o'clock in the evening.

It is still kilometers away from zhenleizong site.

The king of the black tiger stopped slowly.

It issued a low growl, as if in fear of something.

Ye Chen Mou son a congealing, jumped directly from the black tiger king's back.

Lin Qingxuan's voice came to his ear: "disciple, there are arrays ahead, but there is no trace of anyone at present. Of course, we should be careful."

Ye Chen toward the front and go, full of ten steps, the pace just stopped.

He put on the mask of Ye Shitian, stretched out his hand, and instantly touched a layer of array barrier.

"It's a thousand poison array! Once forced to break in, a thousand poisons will devour the body, and it will not die. "

No longer hesitating, ye Chen forces out a drop of blood essence, which shoots on the array, one after another, rippling with golden ripples.

When the life talisman in the body is offered, the endless thunder and lightning are attached to the array, and the sound of "Zizi" is heard continuously.

His original life talisman is extremely special. It can devour many things, and naturally he can absorb the thousand poisons of the crazy thousand poison array.

Soon, the golden ripple on the array disappears.

Ye Chen takes out the dragon and asks the sky sword. With one sword, a hole appears in an instant.

Ye Chen has just stepped into the mouth, there is a strong bloody air hit, there are bodies on the ground, a thousand!

He doesn't know what Duan leiren experienced here, but it is enough to prove that there was a great war here.

The blood dragon in the body feels that the energy can be absorbed. He rushes out of Ye Chen's body and rushes to the top of the array. The dragon's posture absorbs endless blood!

Ye Chen doesn't care about the blood dragon. The next second, he finds something, and suddenly takes it in a direction.

Duan leiren is 100 meters to the south!

There is almost no life, and the tombstone of the samsara cemetery has gradually fallen into the dark!

"Master!"

Ye Chen comes to Duan leiren and helps him up. Duan leiren is full of wounds at the moment.

A spirit temporarily condenses the entity, unexpectedly can break into such, this lets Ye Chen anger to the extreme.

Blood holes in the chest and thousands of sword marks on the body make people can't bear to look directly at them!

Of course, he didn't know how to master it.

"I'll do it."

A virtual shadow appears at Ye Chen's side in an instant. It is Lin Qingxuan.

He shouldn't have left the samsara cemetery, but he can't care so much now.

Lin Qingxuan closed his eyes and grasped it with five fingers. Ten Qi needles appeared instantly in his hand!

"Disciple, it's just right now that I'll teach you a technique of turning death into life. Watch it carefully and remember it in mind."

With that, the air needle in Lin Qingxuan's hand burst out into a dazzling light and shot out together!

"With the way of heaven, devour all things, with the way of God, save life! Ten soul searching needles, fall

Ten air needles shoot at different places, and build a soul searching array on Duan leiren!

In an instant, the aura between heaven and earth poured into Duan leiren's scarred body.

His face changed from pale to bright red.

"Disciple, you should have two Taigu Xushi pills. Now give me one."

Lin Qingxuan said.

"Good."

Danren will be fed directly into the mouth of the medicine.

The original nihility of the body, the meaning of Lightning more and more Sheng. Suddenly, Duan leiren opened his eyes, and a ray of thunder burst in his eyes, extremely ferocious.

When he saw Ye Chen appear in front of him, he was obviously surprised: "disciple, how did you come?"

Later, he noticed Lin Qingxuan: "you Why do you want to come? "

Duan leiren's face changed a lot!

"The place itself is a trap! I killed everyone, but if I'm not wrong, that group of guys have found that the strong men in the ancient war have their minds left! It will be more complicated then!

I intended to destroy my mind completely and dissipate the world! Why are you here now? "

Lin Qingxuan's spiritual consciousness was released and asked Duan leiren, "but those old guys?"

Duan leiren shook his head: "if it's really that group of people, I may not have the right to speak to you, but these animals also have something to do with those guys in ancient times! The runes and magic tools they hold are all from ancient times

"Otherwise, I can't be so embarrassed!

"Don't tell me about it in advance. We'll leave at once!"

Duan xuanren can't enter the cemetery for a short time.

Ye Chen blew a whistle, and little black came to Ye Chen's right and left instantly.

He puts Duan leiren on the tiger's back. Ye Chengang wants to step on it and leave together.

At the moment, the dark clouds are pressing on the city, and the ground is shaking.

A stream of cold air converges, and the originally torn crazy addiction thousand poison array is also completely recovered.

Seeing this, Duan leiren's face changed greatly: "not good!"

"Ye Chen, you leave now and leave me behind! I should be able to burst this idea, not to die with this group of people, at least to be able to hurt them

"If you don't go now, it's too late! Ye Chen, you must listen to me this time

At this time, the voice of Lin Qingxuan's lament sounded: "don't go, it's too late."

"But it's good to find out the identity of these people. They should know something."

"Disciple, are you ready?"

Ye Chen listens to Lin Qingxuan's voice, and his eyes stare at the front. The sky sword is cold and murderous.

"Just for a war!"

Chapter 807

Duan leiren watched the two sing and agreed, but did not continue to speak.

There was little power left in his body. If Lin Qingxuan had not hung him with the magic method, it would have disappeared in the world.

In these days, what supports him to survive is nothing but obsession in his heart.

After a few seconds, dark clouds covered the whole relic of Zhenlei sect.

It seems that the array is split by a sword and split into two directly.

The sound of footsteps vibrated.

It's like a great army.

Soon, ye Chen is found dozens of shadow into his line of sight.

The leader was a young man with long hair. He was wearing a white robe and full of Daoyun.

There was no ornament on his waist, but a sword was on his back.

The sword was wrapped in rags, which showed a trace of mystery.

Just for the key is, the long hair youth's body actually stepped on a full of more than ten meters of red python.

The python spits out the snake's letter, and his eyes are cold to the extreme.

Dozens of people behind the python are armed, wearing helmets, and killing broke out.

There is a very clear pattern on these people.

It was the shape of a sword with ancient inscriptions on it.

Around it were red flames.

All of them stop, and countless eyes fall on Ye Chen and Duan leiren.

The eyes of the young man with long hair were surprised.

"I wanted to collect the corpse, but I didn't expect that there would be some unexpected harvest."

"Boy, what's your relationship with that guy and why are you here? And who are you? Answer me

The tone of the young man with long hair is indifferent, but there is no doubt about it.

He saw Ye Chen's accomplishments at a glance.

Enter the holy land.

Although I don't know why this realm appears here, it doesn't matter. He can make everything clear.

A waste into the Holy Land and a God with little fighting power, almost crushed.

However, he obviously did not know ye Shitian's appearance, otherwise he would recognize this mask.

Ye Chen came down from the king of black tiger and said faintly, "little black, help me take care of him."

The black dot nodded and retreated some distance.

Eyes of course fear, but if ye Chen wants it to do it, it must be without hesitation.

Ye Chen looked at the young man with long hair on the top of the Python's head and said in a cold voice, "it doesn't matter who I am. I'm more curious about why you are here."

"Is that what you did to him?"

The young man with long hair obviously didn't expect that a waste who entered the holy land would dare to speak with him in this manner. His arm was gently pressed down, and the Python's head was suddenly under the ground, and he was leaning forward!

Only a few meters away from ye Chen!

Ye Chen can even feel the blood coagulation in his body, and a voice without temperature comes from his ear: "you are the first person in Kunlun Xu who dare to speak to me like this. Don't mention entering the holy land, you are considered as the strong one in the virtual kingdom. The only thing you can do is to surrender before my mount!"

"I will give you a chance to say what I want to know, otherwise, I will let you enjoy the pain of ten thousand swords penetrating your heart."

Ye Chen didn't speak. Lin Qingxuan's voice came from his ears.

From Lin Qingxuan's words, he roughly learned some useful information.

The realm of these people is not too high, and the young man named Dai rate is only returning to the peak of virtual state, which is only one step away from the virtual King state.

Most of the people behind him are returning to the void.

The only fear is the sword behind Dai rate, which has a strong ancient technique.

The most important value of this technique is to limit the power of the mind within ten miles.

That is to say, the power of Lin Qingxuan and Mo Ning'er cannot be exerted!

This is also the reason why Duan leiren is so injured.

They can't exert their power of mind. They have no difference from the disabled.

"Apprentice, the goal of this group of people is only to take Duan leiren who is seriously injured, so they don't use the real strong ones. This is good news for you."

"But the bad news is that we can't help you in this war. If you can't resist, you can try to escape!"

Ye Chen's eyes narrowed slightly and took a look at the dormant blood dragon in the clouds above the sky.

The meaning of blood here makes the breath of blood dragon condense to the extreme, but obviously, this group of people did not find it.

The meaning of blood dragon can produce some power.

Lin Qingxuan's silver needle is already available.

It's not hard to make a path.

Crucially, this group of people is the closest to the existence of these ancient powers who have been hiding their secrets.

Most importantly, he can't always rely on the power of reincarnation.

Since that sword can bind the mind, it is not only a single sword!

Their own strength is the key. And now is the best proof!

Ye Chen no longer hesitated, but stepped out: "I'm very curious, what gives you so much confidence, the sword behind you? Or the python under you

Dai rate was stunned. He could not imagine that a waste man entering the holy land would dare to struggle.

The only purpose of his trip is to take away Duan Huaian's mind.

But at present, the young man is full of doubts and must be investigated!

He looked at several strong people around him, and said faintly: "take this waste and live. It is estimated that the great energy will be very happy."

"Yes, little Lord!"

Language down, three cold killing opportunities toward Ye Chen.

In an instant, it turned into a shadow.

At the moment of approaching Ye Chen, three long swords are offered to Ye Chen's elixir field and arms.

Since we can't die, we can only abolish it.

Ye Chen doesn't have the slightest fear. After entering the holy land, it's not so difficult for him to return to the virtual state. If you want to kill him, you can.

He bent his legs and leaped suddenly at the moment when the three swords broke through the sky!

It's six or seven meters high, and then, cut the dragon and ask the sky sword, and chop it down!

The meaning of thunder and lightning of this life talisman erupts suddenly, this sword drives the thunder and lightning of ten thousand feet!

Powerful momentum swept, the three saw Ye Chen fall from the sky, carrying thunder, just like Thor.

The eyes of the three people all shrink together. This guy is even more terrible than they imagine!

The key is not the power to enter the holy land!

The three men no longer hesitated. Their steps were like an array. They gathered together and formed a barrier on the surface.

But the power of the sword is enough to crush everything!

The barrier broke and the sword was overflowing!

The three men flew out in unison.

It's no match at all!

They just want to stabilize their body, but found that a shadow in their body free.

The violent thunder and lightning like a rope completely trapped them, unable to move!

The next second, three smears of blood were sacrificed to heaven.

In their startled pupils, the bloodstain kept expanding and turned into a trace of blood mist in an instant.

In the endless blood mist, ye Chen raised his head, chopped the dragon and asked Tianjian to point at the youth with long hair: "now, how much confidence do you have? You didn't even enter the virtual kingdom. Sorry, in my eyes, it's rubbish

Cold words ring through!

Chapter 808

In the eyes of a boy entering the holy land, is it rubbish?

No one can believe it when you say it!

But ye Chen's attack really shocked everyone!

Dai rate brow is frowned, arrogant expression appeared a touch of surprise.

Three return to the virtual state was so easily killed by the young man in front of him?

Of course, there is a slight enemy in it, but ye Chen's attack just now is not the existence that ordinary people can resist.

Key, he found that the boy seems to be born for fighting, his body is filled with a very strong smell of blood.

Is it Kunlun Xu's killer?

He no longer thought about it. He said to the dozens of people behind him: "ten seconds, take these wastes."

"Yes, little Lord!"

But the dozens of people have not yet moved, ye Chen has condensed the true Qi in his feet, the body leaps away, the fierce cold light toward Dai rate.

Catch the king first!

This guy is the core of this group of people, once killed, after all, there is no leader!

Dai rate's eyes were indifferent. Seeing that the boy in the holy land was so ignorant, he ordered: "the sky python, I don't like this kind of waste to be too close to me."

Python instant inspiration, body a turn, the snake tail suddenly toward Ye Chen swept away!

Ye Chen's nine days xuanyang decided to move, and the sword in his hand crashed away!

He believed his strength was enough to cut off the snake tail!

"Touch!"

In the next second, something startled him happened. Even if he used ten thousand sword techniques to chop it away, the snake tail was like dark iron, and it could be chopped continuously, only violent Mars!

At the same time, a strong anti shock force hit, ye Chen was instantly smashed out!

The body fell heavily on the ground, a deep pit formed directly.

Lin Qingxuan of the reincarnation cemetery said: "disciple, in addition to the sword, you should pay attention to the giant python in the sky under that guy. Even if the python wants to be cut off with a strong spirit sword, it is impossible to cut it off! Its body is as hard as dark iron, far more difficult than that guy! "

Ye Chen just heard this sentence, is to see a huge black shadow fierce hit!

It's the python!

Ye Chen just wants to stand up, but the tail of the snake has quickly attacked.

Under the heavy blow, ye Chen retreated a full ten steps, and the blood in his body surged up instantly!

The hand that clenched is to spread shivering meaning more.

Dai rate looked down at Ye Chen and shook his head: "you shouldn't be arrogant in front of my soul sword gate. Although I don't care about Kunlun Xu, it doesn't mean you can be so arrogant! Even if my mount can crush you, why should I do it? "

"Waste is waste. You can never put yourself in a position!"

Dai rate sneers at a, command way: "sky python, abandoned this guy's hands and feet."

His words are like judgments.

When the wind blows, the Python's body is constantly bent down, and he is about to touch Ye Chen. However, ye Chen even takes back the sword of beheading the dragon.

This makes Dai's smile even brighter.

At the end of the day, this kid knows to accept the reality? But it's late.

When he was determined to abolish Ye Chen, ye Chen asked the sky with his fingers and roared: "since you have pressed me with your mount, I will show you my mount today!"

Hearing this, Dai rate's eyes fell on the king of the black tiger.

His smile grew colder and colder.

The king of black tiger breath is good, but there is a big gap between him and the mount under his feet.

"It's just a fierce tiger. It dares to dominate in front of my giant python. I don't know whether to die or not."

Words just fell, the sky actually came a sound of dragon chanting.

The sound of dragon singing is so loud that the whole world seems to shake!

Everyone in the room had to have their eardrums broken.

Suddenly, the blood in the eyes stopped.

Snake into Jiao, Jiao into dragon!

In the face of the dragon, what is the python!

In its blood, only humble!

Dai rate is aware of something wrong, suddenly look up, suddenly see a figure in the thunder cloud, a figure is rapidly diving down!

To his astonishment, the other party is really a dragon!

It's not the shadow, it's the essence.

The blood dragon is awed and awe stricken with the momentum of the sky.

The big mouth of blood will swallow up all the dozens of people who return to the empty state in an instant!

They don't even have the right to block!

Ye Chen is also a little confused.

When was the blood dragon so strong?

Swallowing dozens of strong returning to virtual environment?

It's not going to work!

He even found that the body of the blood dragon was almost real!

This is something he has never seen!

Ye Chen Yu Guang sweeps to the thousands of corpses, and suddenly, the blood dragon is born from killing. Bloody gas and killing thoughts are its best nutrients!

Last time, we absorbed 100 people in the killing area, and then we were strong to the extreme, not to mention the thousands of strong people now!

He finally understood why Duan leiren said that the blood dragon was more important than the reincarnation cemetery!

That's why!

After swallowing everything, the blood dragon chews his mouth and slowly falls down to Ye Chen's body.

Under the head, it's like submission.

Ye Chen steps out and comes to the head of the blood dragon.

Blood dragon body stand up, far higher than the sky Python!

The sense of oppression makes the giant python's body tremble constantly!

Feeling the unusual mount under the body, Dai rate subconsciously stepped back a few steps and nearly fell down.

"No way! Dragon for riding? What qualifications does a man have to enter the holy land? "

Before he could react, there was a calm voice in his ear.

"How about my mount?"

That voice comes from ye Chen!

Ye Chen looked at Dai rate from a commanding position, and said: "blood dragon, I don't like waste to be too close to me!"

He returned the original sentence to Dai rate! At the moment, Dai rate's expression is ferocious, as if humiliated!

Behind him stood a giant, from the beginning, countless people would please!

Never have you been so insulted!

"Sky python, kill..."

The words have not finished, a dragon chant resounding! It's full of blood and killing!

And the giant python under his feet is a fierce fall!

Get down on your knees!

Actually submit to Ye Chen's body!

"Sky python, how can you be like this, get up quickly!"

Ye Chen sneered: "don't cry."

"You --"

wearing rate raised his head, and his ferocious eyes seemed to burst. Suddenly, a strong wind came down.

The flaming red shadow is like a big sword!

That's the tail of a blood dragon!

Even with a raging flame!

Dai rate's face changed greatly. He wanted to draw out the sword behind him, but it was too late!

"Bang!"

His body was hit on the spot, a mouthful of blood spit out!

The sword behind him is also flipped in the air and inserted on the ground.

The breath of endless desolation.

The rag broke and revealed the body of the sword.

as like as two peas on the blade.

This is the suppression of the existence of the mind!

Suddenly, ye Chen found that the black stone in his pocket flew out!

Floating in the sky!

Is this sword related to the samsara cemetery?

Chapter 809

Dai also obviously noticed the stone in mid air.

His eyes were like ghosts.

This stone coincides with something in that portrait!

as like as two peas!

This stone is called ancient evil by some people!

If you get it, you will die!

But the great power went to worship the stone as a god!

And it is the existence that must be obtained!

No longer hesitating, he stretched out his hand and grabbed at the black stone fiercely!

Greedy eyes!

Once you get this stone and dedicate it to those adults, your cultivation and strength will surely go up to a higher level!

Ye Chen couldn't let the other party succeed. He said to the blood Dragon: "blood dragon, next I'll give it to you! I want to live! "

The sound of dragon chanting came, and the blood dragon instantly went towards Dai rate!

Very fast! You can't even react!

It seems that violent blood can devour heaven and earth!

Before the wearing rate touches the black stone, the blood dragon appears in front of him!

A big mouth, actually spurt out a flame!

The flame is like a sword, carrying a rolling killing intention, cutting off Dai rate's arm that will touch the black stone!

The surging air wave seems to be ten thousand feet, which will blow Dai rate out again!

The blood dragon, which absorbs the blood of thousands of people, is extremely powerful!

The only drawback is the time limit!

Once the blood intention is used up, it will be empty again!

Ye Chen even thought, if the blood dragon absorbed the power of ten thousand corpses, how terrible would it be?

Will you have the right to shake the existence above the virtual king?

"Ah

The roar resounded!

Dai rate looked at the broken arm, his eyes were full of anger and ferocity!

After all these years, he has never been in such a mess!

The key is still in front of a waste entering the Holy Land!

How can a blood dragon listen to this kind of rubbish!

He can't think of it!

What's wrong with the world!

He was about to stand up, but his big feet were on his chest.

It was Ye Chen.

"Sword

Ye Chen stretched out his arm and a cold light flew by. He asked the sky sword to hold his hand tightly.

Later, ye Chen turns the sword in his hand and puts it directly on Dai rate's neck. Even because of the meaning of blood evil spirit, a blood mark has appeared.

A steady stream of blood.

Even as long as ye Chen moves gently, Dai rate will surely die!

"I ask you, do you recognize the black stone? If you lie, you will pay a nightmarish price

Ye Chen can see from the greedy eyes of the other side that this guy has definitely seen black stone.

And the black stone is the bearing of the reincarnation cemetery!

It must have something to do with it!

Dai rate was seriously injured, and his mouth was even overflowing with blood. At the moment, facing Ye Chen and Xuelong, he had no chance of winning!

Of course, he still chose to turn his head and said in a cold voice, "boy, don't think about it!"

"You don't know what kind of existence you offended. If those guys knew, Kunlun would only become your burial place!"

"Even because you turned into Purgatory

"I advise you to be obedient before things get too big! Otherwise, you and the people around you will be miserable

Ye Chen saw that the other side didn't mean to cooperate at all. The long sword reversed and directly fanned the back of the sword on Dai rate's cheek!

"Pa!"

This sound, incomparably clear and crisp.

A deep sword mark appeared.

"Don't challenge my patience. If you don't say it again, I will make you feel endless pain!"

Ye Chen threatened.

If this guy is better than him, maybe he can use his secret arts to check the other party's memory.

Wang Bu's realm is not enough.

If you want to know something, it's a lot of trouble!

Dai rate's only hand touched his cheek, without any anger. Fan er's gloomy smile: "pain? I was born again in pain. What can you do to me

Ye Chen doesn't want to waste words on this guy any more, and a dozen silver needles appear instantly in his hand.

The fire that is not extinguished is attached to the silver needle and falls together.

In an instant, countless flames with the help of silver needles penetrated into Dai's body.

Dai rate felt dry and hot all over, as if swallowed by a group of flames.

The fire was in his internal organs, as if to dry him alive!

This feeling is even like tens of thousands of ants in his body crazy bite!

It's so hard!

"What have you done to me?"

Dai rate said angrily.

Ye Chen calmly took out a cigarette from his pocket, flicked his finger and held it in his mouth. His cold eyes glanced at his wearing rate: "have you heard of the immortal fire, the never extinguished flame, he can swallow up some things, and even more can torture people to collapse." .You don't know whether the fire is strong or not

Hearing this, Dai rate's face became more and more ferocious. He kept roaring and his body shrank into a ball.

After suffering for five minutes, he couldn't bear it any more. He said quickly, "if you want to know something, you should first remove the flame! Come on! Otherwise you won't want to know for the rest of your life. "

Ye Chen shakes the ash and doesn't mean to stop.

This moment's Dai rate looks at Ye Chen as if facing the devil!

Who can bear such torture!

Of course, he has some means to end everything, but the blood dragon whose breath is far beyond the virtual kingdom is staring at him!

Once he does it, he will die!

"I said, I said! But if the fire keeps burning, I even want the right to speak! "

Ye Chen nodded his head with interest and waved his arm, which instantly dissipated the fire in his body.

At the moment, his whole body is wet, just like the general out of the water.

He looks to Ye Chen, the eye son shrinks to the pole.

"What do you want to know?"

Ye Chen's eyes fell on the black stone suspended in the air and the simple sword inserted on the ground, and asked, "tell me about your sword and the black stone."

Dai rate's eyes declined, and he continued: "this sword is the treasure of our soul sword gate. It was left by a great power thousands of years ago. That great power gave us no chance at soul sword gate. The giant python was also given to me by that great power."

"He had only one request at that time. Let us pay attention to the entrances and exits of several places, and pay attention to the spiritual power of the whole Kunlun void."

"As soon as the power of the mind moves around those places, inform them immediately!"

"At the same time, every ten years, that great power will send someone to leave some skills and talismans for us to fight against some powerful beings!"

"And this relic of Zhenlei sect is one of the places that they always let us observe."

"Not long ago, there was a strong fluctuation here. The powerful apprentice told us with secret arts thousands of miles away..."

Words have not finished, wearing rate pupil suddenly enlarged! The whole person seemed to twitch!

In the void, there is a purple thunder and lightning, crashing down!

Ye Chen's face changed greatly. Obviously, this guy's words touched some mechanisms.

Someone wants to kill!

Chapter 810

He offered this command symbol to absorb the thunder and lightning, but found it impossible.

The purple thunder and lightning passed through this life talisman and hit Dai rate's body.

All day!

There is a deep pit on the ground in front of Ye Chen, but the wearing rate is only left with a blood mist,

clues are completely interrupted.

"Damn it!"

Ye Chen blows his fist at the air!

However, there are several things to be sure of. First, ancient powers have already known the existence of these divine powers in Kunlun!

Second, there is a disciple of ancient great power in Kunlun Xu! The other side is in charge! Hide in the dark!

Third, the other side has been layout, as if waiting for the opportunity!

Ye Chen has a headache. His eyes fall on the black stone again. At the moment, the black stone has changed a little.

It's like absorbing all the power of that sword.

There were flashes of light all over the body.

However, the body of the sword was turned into scrap iron, and there was no more vitality. It fell to the ground.

The bondage of the mind is gone.

The king of the black tiger takes Duan leiren to the scrap iron of the sword body. Duan leiren barely supports himself and walks down.

"Master, the power of this sword seems to be absorbed by the black stone..."

Duan leiren nodded. He didn't say much. He stretched out his hand and held the sword. He looked serious and gradually closed his eyes.

His body began to weaken. It was as if he had used some skills to check some things inside the body.

For a long time, eyes open.

Jingguang Mountain Institute.

Suddenly, the sword in Duan leiren's hand turns into a piece of yellow sand. Once the breeze blows, it dissipates completely.

His eyes fell on Ye Chen, which was very complicated: "this sword tells me something."

In fact, those guys have known for a long time that there are gods like reincarnation graveyards in the world. However, they only know that they have never seen them. In those years, they used thousands of strong men to burn their spirits and deduce the fate, and they got some clues. The direction of the clues is directly directed at Kunlun

"After the ancient war, they never give up, and they have been looking for this kind of God that can shake them."

"But with the passage of time, they still accept the reality. They have already given up, but my appearance these days makes them receive the message of Kunlun Xu again."

"I'm afraid it won't be long before those guys actually send someone to come here. It won't be some rubbish of the soul sword gate, but there will be extremely dangerous existence, even people like us."

"But one thing for sure, these guys take a long time to come here and find you, it's hard, it's very hard. So you're safe for the time being.

But this security won't last long. This group of people can suppress their minds! So you must make yourself strong as soon as possible, otherwise the consequences will be very serious, this is not alarmist!"

Ye Chen naturally knew the consequences and costs, nodded: "master, what is the force you are talking about, and where is he?"

Duan leiren didn't answer. His body became more and more dim.

The power is dissipating.

The effect of Taigu Xushi pill has disappeared. He has been in the outside world for a long time.

Dissipation is normal.

"Apprentice, there is something I can't hide from you. I checked some things with my skills just now. I found that the apprentice mentioned by the boy was actually in the xuye family of Kunlun. "

"For the first time, the bearer of the reincarnation cemetery appears in the xuye family of Kunlun, and the capable person is also in the xuye family of Kunlun. Although you don't know the identity, you must be careful of the xuye family of Kunlun! Certainly

Ye Chen changes his face when he hears Duan leiren's words.

He never thought that Kunlun xuye household was also involved in it!

For the Revenge of his grandfather and grandmother, he and his parents are destined to set foot on the Ye family.

Now it seems that ye Jiayuan is not so simple!

It is absolutely dangerous to have the apprentice of ancient great power sitting in charge without full assurance!

"Master, I will be careful!"

Duan leiren nodded. Suddenly, he remembered something, and a red thunder and lightning overflowed on his palm.

"Apprentice, master has nothing to give you when you leave. This red thunder and lightning is a trace of my life's thunder and lightning. In the eyes of Kunlun practitioners, this is the divine thunder, which is just suitable for you. It should be given to you."

"As for the function, you will understand later."

"Remember, you can expose all information, but not the existence of the samsara cemetery! Including the family members around you

Ye Chen received the red thunder and lightning, suspended in the palm of his hand.

He could feel how violent the red lightning was!

Even with the fire that can't be extinguished!

At the beginning, Duan leiren was attached to his body in Yibao Pavilion. It was not his strength that made countless strong men feel frightened, but the God of heaven! It can be seen how terrible the meaning of thunder is!

With this God thunder, it is equivalent to an extra card!

Ye Chen raised his head and just wanted to thank Duan leiren: "master..."

"Disciple, don't be sentimental. We will meet again! The choice of you in the reincarnation cemetery proves that you are enough to turn us over! It won't be long! The power of divine thunder needs to be refined for a long time. Try to..."

The words have not finished, Duan leiren is turned into countless star power, even into Ye Chen's body.

It's too late to say goodbye.

After all, Duan leiren was too weak. Before he came, he suffered too much.

Even if Lin Qingxuan used the technique to alleviate a lot, it still didn't have much use.

It's a foregone conclusion.

Ye Chen looks at the red thunder and lightning in the palm of his hand and clenches it slightly. In an instant, a strong sense of tearing comes from the palm of his hand!

I can't take it!

No longer hesitating, he sat cross legged, forced out a drop of blood essence on the God thunder, began to refine!

As for this place, no one will come for a short time! He doesn't have to worry too much!

After the end of refining, the mother-in-law of qingluan sect has some confidence!

.....

At the same time, there is a peach blossom forest in the deep of Kunlun.

There are mountains and water, quite artistic conception.

The central land is a huge courtyard, covering an area of thousands of acres, far more than most families in Kunlun.

On the plaque at the gate of the courtyard, there are two strong characters -- Ye Jia!

This is the xuye family of Kunlun!

Ye's family is full of ancient spirit!

And in a courtyard deep in the courtyard.

An elder who was practicing suddenly opened his eyes. There was a deep horror in his eyes!

"How can it be that the soul sword gate is totally destroyed!"

"It seems that some people can't sit still at last."

"That thing has finally come out completely. There is nothing wrong with the calculation thousands of years ago."

"I don't know what kind of role the Ye family plays in it."

"However, I would like to know whether this chess game is won by your 100 people or by my master! Ha ha
