Chapter 8021

"Brother ye, why are you here?"

GUI Chen's face was full of excitement and joy, saying.

Ye Chen lowered his voice and said, "I still want to ask you, why are you here?"

He looked at GUI Chen carefully and found that Gui Chen's eyes were inexplicably more dignified and cold than before, which was very incompatible with his kind and simple smile.

"Your eyes are the eyes of demon Zu Wutian?" Ye Chen asked again.

GUI Chen nodded gloomily and said, "yes, I gradually integrated with my grandfather. My grandfather dug out his eyes and integrated them into my body."

Ye Chen's heart was shocked. The previous Guichen had begun to integrate with the demon ancestor Wutian, but only one arm was fused.

Now it seems that the process of fusion has accelerated, and even both eyes have begun to fuse.

Guichen fused the eyes of demon Zu Wutian. At this time, his cultivation breath was comparable to the realm of immeasurable realm, the second layer of heaven, and the realm of great luojinxian.

Even ye Chen can't defeat him by ordinary means.

Once the body of the demon ancestor Wutian is completely integrated with Guichen, it will be the rebirth of Wutian!

Just don't know, at that time, whether Guichen still has self-consciousness, whether it is good or evil, it's hard to say.

GUI Chen then said, "I came to the wanxu temple for a banquet at the order of my ancestor, and the ancient emperor Yu Huang has temporarily reconciled with my ancestor, because he wants... He wants..." here, he paused, and stopped.

Ye Chen said, "because he wants to concentrate and try his best to deal with me, doesn't he?"

GUI Chen nodded and said, "yes... Brother ye, you should be careful."

Ye Chen suddenly felt that he was right in his guess. The reason why the ancient emperor Yu Huang reconciled with Mo Zu Wutian was to concentrate on killing reincarnation.

"Is the banquet held at wanxu today to welcome you?"

Ye Chen looked at the lights and decorations of the wanxu, and asked curiously.

GUI Chen shook his head and said, "no, I don't have such a big face. Today, wanxu held a banquet to receive the envoys of Zihuang fairy palace."

Ye Chen said, "the messenger of Zihuang fairy palace?"

Guichen said, "yes... Here comes the messenger." Reach back.

Ye Chen followed GUI Chen's expectation, and saw a hot woman in a tight black dress, with a gorgeous face, falling from the sky under the leadership of a wanxu elder.

Chapter 8023

Ye evil god nodded, and then looked for ye Chen separately.

Ye Chen is in the rows of bookshelves, quickly skimming over, and with a sweep of mental power, he can determine whether there are ancient books he wants.

However, after looking for half an hour, ye Chen didn't get much.

Even if he wanted to rob, it was not realistic.

Many precious secret scripts of divine skill have special prohibition and protection. If the prohibition is forcibly broken, it is likely to cause unexpected disasters.

Chapter 8024

"Tiansin sword intention, kill!"

Ye Chen's eyes were cold, and a sword idea burst out from his fingers, which was the sharpest and most terrible sin sword idea!

As soon as the sword intention broke out, ye Chen seemed to be the highest ancient god in charge of the punishment of the crime of heaven. The sword intention crushed the air and sent out a sharp roar. Countless blizzards and thunder appeared in the void, like the doomsday disaster, fiercely beheaded Mo Caidie's neck.

"The sword meaning of sin ancient sword? How did you... How did you understand?!"

Mo Caidie's delicate body trembled and looked at Ye Chen inconceivably.

You know, the ancient sword of heaven's sin is the highest artifact of the ancient gods. Even if ordinary people see a shadow, they will immediately be backfired by the endless killing of heaven's sin.

She didn't expect that ye Chen actually understood the meaning of sin sword.

This day, Mo Caidie suddenly felt cold. Countless natural disasters, thunderstorms, storms, ice and frost, etc. were going to drown her.

"Xing Zi Jue, dun!"

At the critical moment of life and death, Mo Caidie didn't dare to fight any more. She quickly kneaded another line formula and hurriedly ran away.

Not seen for a period of time, ye Chen's breakthrough is too big. It's simply rapid progress. Even if she uses the secret arts of dreams, she is not ye Chen's enemy.

"Where can you run? Leave it for me!"

Ye Chen snorted, and the sword of heaven sin was divided into light and shadow, and evolved a dozen sword lights. Whew whew whew, it flew out, fell to the ground and turned into a sword prison, and imprisoned Mo Caidie in it.

"Not good!"

Mo Caidie's pretty face was pale, her lips trembled, and her eyes were full of panic.

Under the continuous killing of Ye Chen, she seemed to be on the verge of collapse.

"Wail..."

Ye Chen dodged and appeared in the sword prison, and his palm wrapped around Mo Caidie's neck.

A thin and soft touch came from his hand, but ye Chen was unmoved.

Mo Caidie's throat was pinched by Ye Chen, and he immediately suffocated. His white and tender face soon became red.

Ye Chen didn't mean to pity her. He knew that being kind to the enemy was cruel to himself.

With a sudden effort, he pinched Mo Caidie's neck.

Mo Caidie's head tilted and died on the spot, but his body turned into dreamy bubbles and disappeared into the sky.

Ye Chen's face sank, knowing that her real body was not here.

What he killed was just a dream of her.

However, seeing Mo Caidie's frightened appearance just now, this dream illusion is obviously very important to her. She lost a lot when she was wiped out by Ye Chen!

Woo woo

As Mo Caidie's phantom body dies, the whole dream world also completely collapses.

Ye Chen returned to reality and saw that the ancient book was falling in front of him.

"Grandson!"

At this time, ye evil God heard the change and ran over with a dignified face.

"Brother Ye Chen!"

Wu Yao also hurried upstairs. She breathed for a while. At this time, her breath had slightly recovered, but she was worried about ye Chen, and her pretty face was slightly white.

"It's all right. I've got it."

Ye Chen grabbed the ancient book with his palm across the air and looked at it casually. Sure enough, he found that the coordinates of breaking the virtual domain, the distribution of sect forces, historical origins and so on were recorded on the ancient book.

"Show me."

Ye evil god was also a burst of joy. He took the ancient books and immediately caught the secret of heaven. The other half of the rainbow free sword was indeed in the broken virtual domain.

"Grandpa, sister Wu Yao, let's go!"

Ye Chen was deeply in danger. He had just killed Mo Caidie's phantom body, and the latter was bound to complain to the emperor. Once the emperor was disturbed, the consequences would be unimaginable.

Now that the ancient books have been obtained, it is time to leave.

"Reincarnation six, void broken, open!"

Ye Chen bit his fingertips and directly burned the reincarnation blood essence, forcibly opening up a space tunnel and strode in.

Wu Yao and ye Yishen, closely following Ye Chen, also strode into the space tunnel, ready to leave the emperor's realm and return to the star moon realm.

The three people entered the space tunnel and rotated for a while. The scenery in front of them changed.

But the next moment, they did not transmit back to the star and moon realm, but to a place they had never thought of.

They were sent to the main hall of the wanxu temple, where the ancient emperor Yu Huang held a banquet to entertain the envoys of the purple fairy palace,

Chapter 8025

In the chief position of the hall, the Emperor Yu Huang sat upright, his eyes slightly narrowed, his face with a shallow smile, gently stroking his white beard.

Looking at his appearance, it seems that he knew Ye Chen was coming.

He sat on the left and on the right

Chapter 8026

The ancient emperor Yu thought, "Gui Chen, a boy who blends good and evil with the demon ancestor, and integrates good and evil. Is it possible that he has broken through the limitations of the law of reality and stolen the power of the demon star sea?"

He secretly felt bad. If the demon star sea fell into the control of the demon ancestor Wutian, it would be very detrimental to wanxu.

"Poof!"

At this time, Guichen gushed a mouthful of blood, and his face was pale.

He was hit by the ancient emperor Yu Huang, but he was not injured, but with the power of the demon Xinghai, he ate huge and vomited blood on the spot.

Under the counteraction, the breath of Guichen is unstable and cannot protect Ye Chen.

Ye Chen fell to the ground and was immediately seized by several heavenly kings and ancestors, such as Hong Chunqiu and Xuan Tianxiao.

"Brother Ye!"

Under Guichen's habitual momentum, he has fled outside the hall. Seeing ye Chen captured, his heart is extremely burned.

But at this time, teams of elite guards and countless Dharma guardians roared everywhere in the wanxu temple, and the situation was extremely dangerous.

GUI Chen gritted his teeth and had no choice but to leave with Wu Yao and ye evil god, but he couldn't save Ye Chen.

"Chase!"

The feather emperor was extremely angry and waved his hand.

Hongchunqiu, xuantianxiao and other heavenly ancestors immediately took a large number of strong men and went out to hunt down GUI Chen.

Ye Chen saw Wu Yao and grandpa, who had been rescued by Guichen. His heart was wide and he was grateful.

The ancient emperor Yu Huang sneered and said, "Lord of reincarnation, although Wu Yao ran away with your grandfather, you seem to be doomed to die in my hands today. I see how you struggle."

Mori's cold tone echoed in the hall.

The guests in the audience, startled, stared at the ancient emperor Yu Huang and ye Chen.

Everyone's heart is an idea, ye Chen is dead today.

He fell into the hands of the ancient emperor Yu Huang. How could he survive?

This is the Mountain Gate of the wanxu temple, and it is the absolute territory of the Emperor Yu Huang.

In this place, the feather emperor is invincible!

Even if Ren Feifan and Ren tiannv come together, it is impossible to defeat the ancient emperor, and there is only a dead end.

Ye Chen knew that there was more or less bad luck, and his face was silent, but there was no nonsense.

"Do you have any last words to say?" The feather emperor said coldly.

Ye Chen snorted, still silent.

The Jade Emperor nodded and said, "well, I will send you on the road today. Don't worry, Ren Feifan, your grandfather, Ren tiannv, Wu Yao, Ji Siqing, Xia Ruoxue and other women will go down to accompany you soon."

The words fell, and the ancient emperor Yu Huang slapped it out. The golden light of the Immortal Emperor bloomed, and he was about to kill Ye Chen with one hand.

All the guests held their breath and stared at the scene dumbfounded.

They never thought that they could witness the fall of reincarnation today.

Ye Chen's Qi machine was blocked and could not move. He could only watch the feather emperor's palm approach continuously, pushing him to death.

"Slow!"

But at this time, a fragile and decisive female voice sounded.

Ye Chen was stunned. Looking up, he saw that the person who spoke was actually the messenger of Zihuang fairy palace, from the ghost kingdom

Chapter 8027

The second witch's expression changed, but she flashed away and resumed her charming appearance of smiling. No one knew what she was thinking.

Ye Chen was escorted to the sin sword prison, which is a newly-built prison in wanxu, built by the sword Qi of sin. It was arranged by the ancient emperor Yu Huang himself and built in the center of the cliff.

"It seems that the ancient emperor Yu Huang has also understood the meaning of the sword of heaven's sin, and is even much more powerful than me."

Ye Chen looked at this sin sword prison, and secretly guessed.

The feather emperor is the Lord of the ancient gods in the future, and the sin ancient sword is the highest artifact of the ancient gods.

It is not surprising that the ancient emperor Yu Huang can understand the meaning of the sword of heaven's sin.

In this heaven sin sword prison, it is full of the disaster of heaven robbery and thunder punishment, which can bring great pain to people..

If an ordinary person is imprisoned in the sword prison of heavenly sin, it must be extremely painful.

Fortunately, ye Chen also understood the meaning of the sin sword. He was imprisoned in the sin sword prison. Not only did he have no pain, but he felt like a fish in water. His swordsmanship was slightly improved, which was a blessing in misfortune.

Entering the cell, it was dark. Ye Chen faintly saw a man in the cell not far away. It was a woman, full of scars and filth, unkempt, and could not see her appearance.

However, ye Chen caught a very familiar breath at a glance.

That was the breath of Shentu Tianyin!

"Elder Shentu, is that you?"

Ye Chen was surprised and asked.

The woman heard Ye Chen's cry, slightly raised her head, and with the dim light of the sword shadow of sin, ye Chen saw the woman's appearance, which was indeed Shentu Tianyin's right.

"Master Shentu, you..."

Ye Chen was stunned. Unexpectedly, Shen Tu Tianyin was also imprisoned in this place.

This is the heaven sin sword prison. The intention of the sin sword is extremely terrible. The prisoners will suffer from heaven robbery and thunder punishment all the time. Shen Tu Tianyin must be very painful to be imprisoned here.

Shentu Tianyin didn't seem to recognize Ye Chen, and his eyes were dead and dull, completely without the old look.

At this time, there were two Dharma guardians of wanxu, who used to hold Shentu Tianyin, rude shouted and scolded, and escorted her away.

Obviously, ye Chen has a special identity. He will be held alone in the sin sword prison, waiting for tomorrow's execution.

Ye Chen was worried about the safety of Shentu Tianyin, but on second thought, he will die tomorrow. What's the use of worrying about others?

"Is tomorrow my ending?"

Ye Chen was confused and trance. He pinched his fingers and even deduced that he could not see any vitality. There was only endless darkness in front of him, and he heard the call of death in his ear.

Who can rescue him when he is in the ruins?

Even if Ren Feifan and Ren tiannv came, they would definitely not be rivals of the ancient emperor Yu Huang in the territory of wanxu, and they would die in vain.

If it is in the outside world, you may be able to take risks, but in the realm of the emperor, everything is meaningless. The blessing of the ancient emperor is too great, it is simply invincible, and whoever comes will die.

Ye Chen's whole body Qi machine was blocked, and all his strength could not be used, even if he wanted to fight desperately.

"Am I going to die like this? I'm not willing!"

Ye Chen gritted her teeth, and her heart was full of suffering and unwillingness.

He thought about death and failure, but he never thought that he would be executed in public by the wanxu temple like a dog.

Brush la la.

After taking away Shentu Tianyin, the two Dharma guardians of wanxu returned, holding special shackles and chains in their hands, and locked them up for ye Chen.

Gupo < / span> ; Then, there are more strong people in wanxu, who closely guard around the sword prison of sin to prevent accidents.

Ye Chen was in the cell, conscious that death was coming, and ignored the changes outside. He concentrated on the blockade on his body, thinking that even if he was going to die, he would have to fight wildly before he died, and he must let wanxu pay the price!

Time passed little by little, and soon it was evening.

Ye Chen suddenly heard footsteps outside the cell, and a faint fragrance of women came. It smelled very comfortable and familiar.

Ye Chen opened her eyes and saw a very charming woman coming from outside the cell.

She was wearing a long black dress, very tight, outlining a hot figure. It seemed that she had just taken a bath, her hair was still wet, emitting fragrance, and her breasts were half covered, which was eye-catching.

The two Dharma guardians of Ye Chen, their eyes straight, swallowed saliva.

This charming woman is the second seductive girl.

"Immortal envoy."

The two dharmapalas respectfully saluted the second demon girl, but they didn't dare to look more for fear of offending.

After all, the second demon girl is the messenger of Zihuang fairy palace, and her identity is not trivial.

The second witch nodded gently, giggled and said, "you've been guarding for a day, are you tired?"

A Dharma protector said, "thank you, immortal, for your concern. How dare you say you are tired if you follow orders?"

The second demon girl gently breathed out, and the fragrance like orchid diffused out, murmuring in a dreamy voice, "you are tired, sleep for a while."

The words fell, and the two Dharma guardians immediately fell to the ground, and were stunned.

"You..."

When ye Chen saw this scene, he was surprised and looked at the second demon girl in astonishment.

The second demon girl opened the prison door and came in. Without waiting for ye Chen to speak, she suddenly lifted Ye Chen's chin and kissed deeply.

Ye Chen only felt that her lips were fragrant, soft and moist.

The second witch was full of spring and charming. She loosened Ye Chen reluctantly and said, "the taste of reincarnation is really sweet. No wonder Ren tiannv wants to eat you, and I want to eat you."

Ye Chen's face sank and said, "what do you want to do?"

The second demon girl smiled, but she was very dissolute and bold. She sat on Ye Chen's thigh, her arms hooked Ye Chen's neck, and her hot body and softness clung to Ye Chen's face.

"I saved you during the day, don't you appreciate it?" The second demon girl came up to Ye Chen's ear and bit his earlobe, some bitterness.

Ye Chen shivered all over and called out to the demon girl in her heart, saying in a deep voice, "why do you want to save me?"

The second demon girl laughed and said, "no reason, I don't want to see you die. In fact, I'm a believer in reincarnation. Do you believe it?"

Ye Chen was silent and didn't answer.

The second demon girl Jiao laughed, and the pair proudly trembled, and bowed their heads and kissed Ye Chen.

Ye Chen was chained all over and could not resist.

The second demon girl winked and said, "lie to you, I don't have any faith. I just came to help you secretly under the order of the master."

Ye Chen said, "master leader? Is it the master leader of your purple fairy palace, the moral God?"

The second demon girl said, "yes, teach him the old man. He has a wonderful plan. He calculated that you would come to wanxu to die today, so he called me to send to wanxu in advance to help you when you are in danger."

Chapter 8028

Ye Chen was shocked in his heart and thought, "this moral God is really mysterious. He can actually count on my accident. He is worthy of being an ancient sage."

As ye Chen knows, the leader of Zihuang fairy palace has never changed.

In other words, the moral God is not only the leader of the sect, but also the founder of the purple fairy palace.

In those days, when Hongjun ancestor practiced in Zihuang fairy palace, he also took the moral God as his leader.

"Why do you help me, master?" Ye Chen asked.

Chapter 8029

The second demon girl waved her hand, stared at Ye Chen with beautiful eyes, and said with a smile, "well, don't talk about others, I just ask you, will you accept me as a concubine? I don't want the palace, as long as I can be with you."

Ye Chen was speechless and said, "demon girl, you... Why are you doing this?"

The second demon girl said with a smile, "I don't have any men in the world that I can look up to. I've lived for many years, and I'm still a virgin. I'm not excited for you until today. You must accept me."

Ye Chen listened to her tone, although frivolous, but it meant dignified. After thinking for a while, she finally sighed, "if I can escape from heaven this time, I can accept you in the future."

The second demon girl was overjoyed, bowed her head and kissed Ye Chen again, saying, "OK, it's a deal!"

With that, she put on her clothes, restrained her frivolous expression, and solemnly said, "I will send the Fuzhao of Hongjun's ancestor to the goddess overnight, but whether the goddess is willing to save you is her business."

Ye Chen nodded and said, "thank you!"

The second demon girl took out another invitation, which was printed with the words "Zihuang Huiwu", and said, "if you can survive, I can give you this invitation."

Ye Chen was stunned and said, "is this the invitation of the supreme meritorious war?"

The second demon girl said, "yes, in fact, the leader has always wanted to invite you, but it is estimated that you may be doomed, so the invitation letter has not been sent to you for the time being."

"Tomorrow's fate, if you can survive, this invitation is yours, and you can also participate in the supreme merit war."

Ye Chen suddenly felt that it was no wonder that he had not received the invitation before. It turned out that Zihuang fairy palace had long known that he was doomed, so he didn't send it.

"I've grabbed another invitation from someone else." Ye Chen replied again.

The second demon girl smiled and said, "that's good. It seems that I don't need to bother anymore. I hope you can survive tomorrow's fate."

Ye Chen said, "I promise you good words."

The second enchantress stood up, looked at Ye Chen tenderly and charmingly, and said, "don't forget your promise. Don't leave me alone in the future."

Ye Chen looked at her eyes like autumn water, and her mind swung slightly, saying, "sure!"

After the second demon girl left, the two Dharma guardians who guarded Ye Chen also woke up.

Their hearts and memories seemed to be confused by the second demon girl, but they didn't notice anything different, and continued to guard Ye Chen.

One night without words, the next morning, the time of execution and reincarnation arrived.

The whole temple of the ruins was bustling.

All dynasties, empires, sect forces, affiliated sects of wanxu, and many guests from the outside world gathered on wanxu square in a very warm atmosphere.

On the north side of the square, a high platform was temporarily built. The ancient emperor Yu Huang was sitting on the platform, and the emperor Hong Chunqiu, Lin Xiaokong and other heavenly ancestors, as well as Mo Caidie, the second demon Ji and others, stood behind him.

The feather emperor, with a smile on his face, looked down on the bottom.

Around the wanxu temple, the sky and the earth are full of guards, and the alert is to the extreme.

"Your Majesty, do you think Ren Feifan and Ren tiannv will come to save people?"

The speaker is Lin Xiaokong, the ancestor of the Lin family.

Previously, in the star moon circle, Lin Xiaokong was broken by Mo Caidie. Fortunately, it was just a dream. After returning to the real world, Lin Xiaokong's broken arm has been restored. He is responsible for defense today, fearing that an enemy will come and forcibly rescue Ye Chen.

The feather emperor touched his beard, laughed and said, "I'm afraid they won't come. It's better if they come, so I can catch them all!"

If in the outside world, the ancient feather emperor was not sure to suppress Ren Feifan, Ren tiannv and others, but in the wanxu temple, he had an absolute advantage and was confident of crushing all enemies.

Even if Ren Feifan and Ren tiannv come down together, he is confident to kill them all!

"Ren Feifan got the Golden Wheel of the emperor of heaven, and his strength has improved by leaps and bounds, which cannot be underestimated. Please be careful, your majesty."

Gu ; Lin Xiaokong said solemnly.

Hong Chunqiu on one side disdained: "Lin Xiaokong, in the wanxu temple, your majesty is invincible. What are you worried about?"

The feather emperor said, "don't quarrel. Today I'm going to kill Ye Chen. No one can save him when he comes!" His tone is very arrogant, and he does have arrogant capital.

The guests below, I do not know who shouted: "the Lord of reincarnation is coming!"

Then, everyone's eyes were attracted in the past.

I saw two strong Dharma protectors escorting Ye Chen to the square.

Ye Chen was wearing shackles and chains, and his Qi machine was blocked. His appearance was quite decadent.

"This boy is the Lord of reincarnation?"

"He died at the hands of wanxu after all!"

"My ten thousand ruins are invincible and unstoppable!"

"Even if this boy is lucky, he can't live today. In the wanxu temple, his Majesty the feather emperor is invincible!"

Many comments sounded, and the eyes of the whole audience fell on Ye Chen.

Ye Chen walked step by step to the center of the square, where there had been an executioner waiting with a knife.

Ye Chen looked around, and the eyes of the guests around him were quite indifferent.

He looked at the high platform again, and saw that the ancient feather emperor was high above, like the greatest God, who wanted to give him death.

Ye Chen saw the second demon girl again. He saw that the second demon girl had no trace and winked at him.

"It seems that the Hongjun Fu Zhao has been sent to sister tiannv..."

Ye Chen saw the posture of the second demon girl, and his mind was a little calm.

The ancient emperor Yu Huang is so arrogant that even if Ren Feifan and Ren tiannv come, it is difficult to save themselves, but if you summon Hongjun's ancestor to come, it is enough to reverse the war.

"Lord of reincarnation, you in this life are finally going to die in my hands, hahaha..."

"I will be here to end the mission of reincarnation, and you can rest in peace!"

The ancient emperor Yu Huang looked down at Ye Chen and sneered. It was hard to hide his excitement and joy in his laughter.

Wanxu and reincarnation have been fighting for so long, and today it is finally going to be decided.

The disciples of wanxu around the square burst into a burst of warm cheers and shouts.

Bursts of war drums and thunder sounded around again.

Ye Chen was escorted to the center of the square and knelt down. The executioner raised his knife and was about to cut off his head with a knife.

However, at this time, the sun in the sky suddenly burst out a fiery golden light on the executioner.

The executioner screamed, and his body was immediately melted into ashes.

There are several strong people in the 10000 ruins around, who are also instantly pierced by the golden light of the sun and turned into fly ash.

A ray of sunshine fell on Ye Chen.

Ye Chen immediately felt a burst of warmth. All the shackles and chains on his body melted away, but his skin was not scalded at all. The blocked air machine also returned to fluency.

Chapter 8030

Boom!

As soon as the breath recovers, ye Chen's eyes are sharp and sharp, and the reincarnation blood is burning. Pieces of reincarnation xuanbei, many heavenly swords, yellow spring pictures, wish stars, human butcher holy cup, human emperor holy knife and other magic weapons burst out together, ready to go.

This sudden accident surprised the whole audience.

The feather emperor looked gloomy, but did not panic. He still sat upright and looked up at the sky.

I saw that the sun in the sky had changed and turned into a golden wheel. The aura was whirling like a whirlpool, and it was the highest artifact in the legend, the Golden Wheel of the emperor of heaven!

In the Golden Wheel of the emperor of heaven, there are five figures, which are:

Ren Feifan, Ren tiannv, ye Yishen, Wu Yao, Guichen!

The five people, led by Ren Feifan, fell down in the air, and their bodies were blazing. If the emperor of heaven and the scorching sun were added, they would be dazzling.

Many guards of the temple of the ruins felt the momentum of Ren Feifan and others. They were shocked and dared not go forward.

Behind Ren Feifan's head, circles of golden light of the emperor of heaven are constantly rippling, and the atmosphere is myriad.

At this moment, he faced off with the feather emperor from a distance, and his momentum did not lose at all.

The whole audience was completely shocked when they saw this scene.

Ye Chen was also surprised to see Ren Feifan and others coming.

But seeing Ren tiannv dodge and come to Ye Chen, she hugged him tightly and said, "are you all right?"

Ye Chen's nose was faintly sour and said, "sister tiannv, I'm fine."

Ren tiannv kissed him and said, "I'll take you away."

On the high platform, the feather emperor laughed and said, "Ren tiannv, I didn't expect you and Ren Feifan to really dare to come, but it's impossible for you to leave!"

The voice fell, and the ancient emperor Yu Huang offered up the emperor's ancient bell. A huge shadow of the bell fell from the sky, covering the Mountain Gate of the temple of the ruins.

Ren tiannv only felt a great pressure, attacked, pulled Ye Chen back, stood with Ren Feifan, ye Yishen, Wu Yao, GUI Chen and others, fought together, and said with a smile, "Yu Huang ancient emperor, this is your territory, I and Xiao fan are really not your rivals, but today, I also invited a strong help, do you want to see him?"

The feather emperor snorted and said, "what kind of help? Is there anyone in this world who has higher cultivation than you two?"

Ren tiannv smiled, but she sang an ancient song in her mouth, saying, "Hongjun ancestor, come!"

Ye Chen was holding Ren tiannv's body at this time, but he felt that her soft body suddenly became cold and stiff, and her face also became pale. The blood in her body seemed to be evacuated in a moment.

As Ren tiannv's singing voice fell, thousands of rays bloomed above the sky, and bright treasures flowed, thousands of immortals gushed, and red neons rolled.

Under the interweaving of rainbow lights, an old man wearing a purple and gold Bagua Taoist robe with eyes like the ups and downs of the sun and the moon came down.

That is the legendary Hongjun ancestor!

Seeing the figure of Hongjun ancestor, the whole audience was in an uproar and shocked.

"What!"

The feather emperor also stood up in horror. He never thought that Ren tiannv would summon Hongjun's ancestor to come.

That's the most powerful outer God in wuwuwu time and space, whose strength is earth shattering and unimaginable.

As soon as Hongjun's ancestor appeared, the earth and Qi of the wanxu temple were suppressed faintly.

Many disciples of wanxu felt the majesty of Hongjun's ancestor, and were even more frightened and knelt down.

Ye Chen saw Hongjun's father appear, but his face sank, and there was no surprise.

Because he felt that Ren tiannv's body was getting cold and her blood consumption was serious.

Obviously, in order to summon Hongjun, she paid a great price.

"Ren tiannv, you... Can you summon Hongjun ancestor?"

The ancient emperor Yu Huang stared at Ren tiannv and felt incredible.

Hung Jun's ancestor was suspended in the sky, high above, holding a brush, overlooking the lower part, looking at Ye Chen, and then at the ancient emperor Yu Huang, saying:

"The ancient emperor Yu Huang, the Lord of reincarnation is not exhausted. Today I want to take him away. Do you have any opinion?"

The feather emperor's face was distorted and said, "today I want to kill reincarnation, it's useless for anyone to come! Hongjun ancestor, what you come is just a separation, and you can't stop me!"

After saying that, the ancient emperor Yu Huang suddenly jumped up, his palm was like an eagle's claw, the duel formula broke out, the white vigorous Qi burst out, and a claw hit Hongjun's head.

The whole audience, seeing that the ancient emperor Yu Huang dared to make a move, was immediately in an uproar and shocked.

You know, Hongjun ancestor is the strongest external God. It's incredible that the ancient emperor Yu Huang dared to attack.

However, the feather emperor knew that what Hongjun's ancestor came down was just a separation.

He is in wanxu, occupying all the favorable weather and geographical conditions, and may not be an enemy of Hongjun.

Hongjun felt the fierce attack of the ancient emperor Yu Huang, and his face sank slightly, saying, "you stole the cultivation of the ancient god of Tuo emperor, and you are indeed invincible."

If he was born in person, he could easily defeat the ancient emperor Yu Huang.

However, at this time, he was separated after all, and did not dare to be careless in the face of the full-scale attack of the ancient emperor Yu Huang.

"Dou Zi Jue, Dou Tian Yi Zhi!"

Hongjun's ancestor killed him with the help of a pointer, which was also a duel formula.

Dou Zi Jue is a magical power in Brahma's divine skill, which is nine heaven divine skill, which was created by Hongjun's ancestor.

His cultivation of Dou Zi Jue is even stronger than that of the ancient emperor Yu Huang.
