

Physician 8031

Chapter 8031

With one finger and one claw, they collided violently, and immediately exploded into an endless storm. Their fighting spirit burst, and the sky was almost shattered.

The feather emperor's face twitched and retreated repeatedly. When he looked down, he saw that his palm was punctured by Hongjun's finger, and there was an additional transparent hole, with blood flowing, and severe pain.

At this confrontation, Emperor Yu knew that Hongjun's martial arts magic was much higher than himself, and there was no chance of winning the fight, even if the other party was just separated.

"Emperor ancient clock, suppressed by me!"

The ancient emperor Yu Huang shouted violently, and his aura burst out, trying his best to urge the ancient bell of the emperor.

Suddenly, on the emperor's ancient clock, the five colors shine on the heavens, and the holy power of chaos frightens the world. The mighty bell passes out, making the world unstable and the sun and moon pale.

The huge clock body was also severely suppressed towards Hongjun ancestor.

At the moment, the ancient emperor Yu Huang just wants to use the emperor's ancient clock to defeat Hongjun.

His face was a little pale, and it was obvious that the Reiki consumption was huge. After all, the emperor's ancient clock was the first treasure of the three emperors. Even in the wanxu temple, if he wanted to urge, the burden was extremely huge for him.

"Hehe, Emperor ancient clock? Good magic weapon."

"Unfortunately, the ancient emperor Yu Huang, you haven't proved that there is nothing after all, and you can't give full play to the full power of this magic weapon."

Seeing the roaring of the emperor's ancient clock, Hongjun ancestor was not panic. He shook his palm and a seal emerged from his palm.

The seal, full of red gold, is carved in the shape of a dragon, surrounded by wisps of red flame, with majestic imperial power.

"This is... The highest artifact, the seal of the burning emperor?!"

Seeing the seal in Hongjun's hand, the ancient emperor Yu Huangdi was instantly shocked.

The seal, filled with supreme breath, is actually one of the four highest artifacts, the artifact of the outer gods, the burning emperor seal!

The four highest artifacts are the ancient sword of heavenly sin, the star sea of heavenly demons, the Golden Wheel of the Heavenly Emperor, and the seal of the burning emperor!

With the cultivation of Hongjun's ancestor, he urged the Yan Emperor's seal, which was like arms and fingers.

The burning emperor's seal was released, and with a bang, it hit the emperor's ancient clock hard, and the red flame blast exploded.

The body of the emperor's ancient clock suddenly appeared a depression, and the majestic atmosphere of the emperor was also suppressed by the Yan Emperor's seal.

Then, the emperor's ancient clock gave a wail, turned into a streamer, and retreated back to the emperor.

The ancient emperor puffed and spurted blood on the spot.

The emperor's ancient clock was damaged, and he was also backfired, seriously injured.

"Feather emperor, the struggle in the real world, I have no intention to intervene, but today, I must take away the Lord of reincarnation!"

Hongjun ancestor did not pursue the victory, because in the real world, there were many restrictions on his action. After injuring the emperor, he reiterated that he did not want to fight anymore.

After all, this is the temple of ten thousand ruins. It's really urgent for the ancient emperor Yu Huang to burn jade and stone, which is not good for both sides.

The feather emperor wiped the blood from the corners of his mouth, looked up to the sky and laughed loudly, saying, "Hongjun, I said, today I will kill reincarnation, and no one can stop me!"

The sound fell, and the feather emperor's long hair spread out, and his appearance became crazy.

The blood in his body began to burn, sending out a torrent like sound.

He is the Lord of the ancient gods in the future. He has already stolen the power of the future, and his blood has degenerated into the blood of the ancient gods.

At this moment, the blood of the ancient gods of the feather emperor burned, and layers of fire of Qi and blood appeared on his body, which resonated faintly with time and space.

"No, he wants to burn his blood and summon the artifacts of the ancient gods. Stop him!"

Seeing this, Hongjun ancestor immediately felt bad, slapped in the air, and went to the ancient emperor Yu Huang.

Ye Chen, Ren tiannv, Ren Feifan, Wu Yao, ye Yishen, GUI Chen and others also caught the extremely dangerous atmosphere and shot one after another to kill the ancient emperor.

"Protect your majesty!"

Up and down the wanxu temple, Emperor hongchunqiu, xuantianxiao, Lin Xiaokong and other ancestors, senior elders, Dharma guardians, and many disciples also rushed to the ancient emperor Yu Huang and vowed to defend to the death.

WOW!

Deep in the ruins, the guard array was also opened, and golden lights burst out one by one. Many strong people in the ruins were sheltered by the golden light, and they worked together to protect the ancient emperor.

The guests were shocked and dazzled. They saw the most spectacular picture of their life.

The feather emperor's blood burned like a burning sun, rumbling.

Those who are strong in the wanxu area are spirited to the sky, and their war will burst, like the stars and the moon, to defend the Yu emperor.

The attack and killing of Ye Chen, Hongjun and others also roared like thunder.

"Yan Emperor's seal, emperor of heaven's golden wheel, broken!"

Hongjun's ancestor and Ren Feifan looked at each other, and they had a very tacit understanding. They united the Yan Emperor's seal with the Heavenly Emperor's golden wheel, converged into a mass of reddish gold light, and finally turned into a gorgeous Golden Lotus, pounding forward fiercely.

Bang!

The Golden Lotus exploded, and the gorgeous colors rose into the sky, and the violent atmosphere surged, which made hongchunqiu, xuantianxiao, Lin Xiaokong and other ancestors of the emperor of heaven spit blood together, and their bodies fell in confusion.

The guardian light of many strong people in wanxu also broke up in an instant.

唉!

The cry of ice Phoenix sounded.

Ren tiannv pulled out the ice Phoenix Sky Sword, and with a cold sword, stabbed the ancient emperor's eyebrows.

She summoned Hongjun ancestor to come, which had consumed huge aura, but she didn't retreat at the moment. She still wanted to attack and kill the feather emperor with her own strength and vowed to die.

An elder of wanxu, seeing Ren tiannv's fierce sword technique, actually stood up and fought to protect the ancient emperor.

Hiss!

Ren tiannv stabbed the elder of wanxu with a sword, but she didn't hurt the feather emperor.

"Heaven, you traitor, die for me!"

Another wanxu elder, with a ferocious face, took advantage of the floating breath of the goddess, blatantly slapped and roared, and blasted fiercely at the head of the goddess.

"Sister tiannv, be careful!"

Ye Chen shouted, and his palm suddenly pulled out the emperor's holy knife at all costs.

As soon as the emperor's holy knife came out, the fierce blade of the sword swept across the world and blasted the universe. The vast power billowed, and it was simply invincible.

Hiss!

Ye Chen cut the elder of wanxu with a horizontal knife and saved the heavenly daughter.

He put his arms around the soft waist of the heavenly daughter and looked at her with pity.

Tiannv was moved for a while and grabbed Ye Chen's hand.

At this moment, ye Chen, with a surge of emotion, broke through his limitations, and pulled out the blade completely, which was enough to reverse the gap in all realms. Even the top elders of wanxu could be killed.

There were also several elders of wanxu who bravely killed Ye Chen.

Fortunately, at this time, ye evil god came to the rescue with Wu Yao and GUI Chen.

Ye Chen's camp, and the strong men of the wanxu camp, immediately scuffled together.

Under the leadership of Hongjun Laozu and Ren Feifan, ye Chen has a small number of people on his side, but his momentum is like a rainbow, completely gaining the upper hand.

One by one, the strong of wanxu fell down like weeds and became cold corpses, and the blood stained the wanxu Mountain Gate.

Chapter 8032

However, there are too many strong people in wanxu. Tens of thousands of people are like the sea. One group is dead, and another group is filled up. It is impossible to kill.

Ye Chen killed many people on his side, and the bodies piled up like mountains, but he was still unable to get close to the ancient emperor.

The fierce killing lasted for a long time, but it seemed as if it was as long as an era. God's light soared into the sky and blood flowed like a sea. The guests were stunned and retreated far away.

Boom!

Suddenly, at this moment, in the distant void, it was like a low, dull thunder. Between the thunder turbulence, the weather of disaster, the murderous intention of punishment, and the explosion of Kendo began to invade this real world.

"Not good!"

Hongjun looked at the sky.

Ye Chen and others also looked at the sky.

With the ancient emperor Yu Huang's blood burning, the breath in the depths of time and space was finally attracted by him.

A 100,000 foot long plane crack appeared in the sky, rolling murderous, and the smell of heaven's robbery and punishment poured out of the plane crack, and the heaven, earth, sun and moon were all pale.

In the shocked eyes of everyone, a huge sword full of blood and rust slowly came down from the plane crack.

The sword, surrounded by layers of heaven's robbery punishment, made people feel suffocated at a glance, as if they had been punished by heaven's robbery, such as five thunders.

"That's... Sin ancient sword!"

As soon as ye Chen saw the huge sword, he immediately recognized it.

It turned out to be the highest artifact in the legend, the treasure of the ancient gods, and the ancient sword of sin!

The feather emperor burned his blood and summoned the ancient sword of sin.

The ancient sword of heaven's sin slowly fell from the air, and the huge oppression of heaven's calamity made everyone in the audience shocked and pale.

"Hongjun, ye Chen, hehe... If you can force me to this point, I'll die well."

The emperor opened his eyes and stood up.

At the moment, his hair was scattered and his blood was haggard, but his aura resonated with the ancient sword of sin, and his momentum was extremely terrifying.

"Your Majesty is mighty!"

All the strong people in the ruins were excited and cheered when they saw the ancient emperor Yu Huang summoning the ancient sword of sin.

Sin ancient sword, that's the greatest artifact of the ancient gods!

When the ancient sword of sin comes, let alone the real world, no one can stop it, even if there is no time and space.

"You go quickly, I'll stop him!"

Hongjun ancestor sank into a deep drink. Seeing the coming of the ancient sword of heavenly sin, he knew that it was impossible to retreat today.

I'm afraid he can't keep his separation.

"Yan Huang domineering, Daqian Chonglou palm!"

Hongjun's ancestor urged the Yan Emperor's seal, and then killed it with his palm. Unexpectedly, he used the nine heavenly gods to rank

Chapter 8033

"Little guy, take me home..."

The heavenly daughter stood outside the gate of all wonders. She was so weak that she didn't even have the strength to move.

"Yes!"

Ye Chen felt distressed for a while and nodded. With one hand around the waist of the heavenly daughter and the other hand supporting her, she was about to step into the door.

Seeing this, the feather emperor was extremely angry and shouted, "want to go? Leave me!"

The words fell, and he unexpectedly ignored the stalemate with Hongjun's ancestor, suddenly mobilized the ancient sword of sin, and cut up with a sword against the air.

Ye Chen and Ren tiannv suddenly felt a terrible sword spirit, like the punishment of ten thousand days of robbery, and came to kill.

The two people suddenly suffocated, and the heavenly daughter subconsciously hugged Ye Chen, turned around, and with her own back, she received a sword from the emperor.

Hiss!

The ancient sword of the feather emperor was slashed on the back of the goddess.

Tiannv's back clothes were broken, and there was an extremely ferocious sword wound, with blood splashing.

"Heavenly sister!"

Ye Chen screamed, and the blood of the heavenly daughter splashed on his face, a burst of hot air, and then quickly became cold and bloody.

Under the impact of the ancient sword of heavenly sin, ye Chen and tiannv both flew upside down into the gate of all wonders and fell into the ice Phoenix world.

Boom!

The doors of all wonders were closed, and they retreated from the void and disappeared completely.

The feather emperor shouted angrily, jumping like thunder, and his eyes were torn.

"Emperor Yu, if you summon the ancient sword of heavenly sin, it will be backfired. Don't think about killing people, and take good care of yourself."

When Hongjun saw Ye Chen and others leave, he was relieved and looked coldly at the ancient emperor Yu Huang. Then he stopped fighting and his body gradually turned into light smoke.

This time, ye Chen was saved successfully, and his separation was also saved. It can be said that he had the best of both worlds, and everyone was happy.

As for Ren tiannv, it is estimated that it is more or less bad to be forced by the ancient emperor.

However, Hongjun ancestor only cares about ye Chen, whether the heavenly daughter is dead or alive, but he doesn't care.

Seeing that Hongjun's ancestor also left, the guests were stunned.

On the high platform,

Chapter 8034

Ye evil God knew that the storm of breaking the virtual domain was coming, and he couldn't delay any longer. He comforted Ye Chen a few words, and then locked the coordinates of breaking the virtual domain, tearing the void away.

"Brother Ye Chen..."

Wu Yao couldn't bear to leave. She also stepped into the wishing fairy pool and came to Ye Chen.

"Brother Ye Chen, don't be sad. Seeing you sad, I'm also sad..."

Wu Yao leaned on Ye Chen's shoulder and whispered.

Ye Chen felt gloomy, stroked Wu Yao's hair and said, "sister Wu Yao, I'm fine. Go back to the star moon world first."

After that, ye Chen tore out a space crack and forcibly pushed Wu Yao forward.

"Brother Ye Chen!"

Wu Yao shouted, but she had no choice but to leave. She knew that ye Chen needed to be alone.

Many strong people of the wish God sect, as well as ye luo'er, looked gloomy. Looking at Ye Chen, I didn't know what to do.

Ye Chen calmed down and said, "don't worry, as long as I'm still alive, the heavenly daughter won't die."

While talking, ye Chen put one hand against the belly of the heavenly daughter and the other against the Tanzhong acupoint between her chest. The reincarnation of Qi and blood vibrated, and strands of reincarnation energy were transmitted to the heavenly daughter along his palm.

Ye luo'er and others were shocked when they saw this.

Ye Chen's action is to renew the life of the goddess with his reincarnation blood essence!

Although the reincarnation of Qi and blood is magnificent and vast, no matter what, there will always be a day when it will be exhausted.

Once reincarnation Qi and blood are exhausted, that is the death time of Ye Chen!

Moreover, even if his blood dried up and died, the heavenly daughter could not wake up.

Ye Chen can't save the injury of tiannv.

Even if he transmits reincarnation blood essence, he is only renewing his life for the heavenly daughter for the time being.

"Brother ye, why are you doing this?"

Ye Luo'er couldn't bear it and said.

Ye Chen looked calm and didn't care about the consumption of his blood at all. He said, "it's all right, you go, I'll save the heavenly daughter, and she won't die!"

Ye Luo'er and others were all gloomy, looking at each other, with an idea in their hearts.

When the goddess of heaven dies and Ye Chen comes out of sadness, they will hand over the orthodoxy of the God of desire to Ye Chen and avenge the goddess of heaven in the future!

But now Ye Chen's mental state is obviously unstable.

Ye Luo'er and others, without saying anything more, silently turned around and left.

In the wishing fairy pool, only Ye Chen and tiannv are left, hugging and cuddling.

Ye Chen used his own Qi and blood to renew the life of tiannv. After seven days, he was a little unable to support himself, and his face was pale. No matter how many pills he took to replenish blood and Qi, he couldn't replenish it.

However, ye Chen did not let go, but still tightly hugged the heavenly daughter, put his hands against her Dantian and chest, and continuously transported his own blood.

On the surface, the state of tiannv has recovered a lot, and her skin is no longer blue and purple mottled, but white and ruddy.

However, ye Chen knows that this is just an appearance.

Tiannv's internal injury, however, did not alleviate at all. The evil spirit of tiansin sword lingered and was still eroding her life.

"Lord of reincarnation, you are so desperate that you can't save the heavenly daughter."

At this time, a gust of fragrance came.

Ye Chen raised her eyes and saw an enchanting and charming woman in a tight black dress, walking slowly from the outside. It was

Chapter 8035

"The supreme merit war will be held in a few months. I'm afraid... I can't hold out until then."

Ye Chen gritted his teeth and was worried again.

He extended his life for seven days for tiannv. He was already very weak and could not support it until the beginning of the Taishang merit war.

Chapter 8036

Ye Chen also hurriedly sent out ideas and communicated with Grandpa across the air.

"I was looking for a broken sword without a rainbow, and accidentally fell into an ancient death place. Martial arts and magic weapons were restricted, and I couldn't break the dilemma."

The voice of ye evil god came.

"Taigu death place?"

Ye Chen felt a chill in his heart. It seems that Grandpa's search for Wuhong broken sword was not smooth.

"The rainbow broken sword should be nearby, but I'm trapped and can't get away from looking for it. Come and save me."

Ye Xie Shendao.

Ye Chen said, "Grandpa, I can't confirm your position."

Ye evil god pondered for a moment and said, "well... This broken virtual domain law has a disordered breath. Look for it carefully. Don't be impatient. Don't fall into a trap like Grandpa. Grandpa can support it for a few days."

Ye Chen calmed down and carefully captured grandpa's breath, but in this desert world, the wind and sand are all over the sky, and there are roaring storms everywhere. The law breath is very disordered, and he can't determine grandpa's position at all.

"Master, it seems that there is a causal relationship between this place and the early heaven."

At this time, the blood dragon appeared, the huge dragon body swayed slightly, pieces of dragon scales opened, clattered, and unexpectedly began to absorb the aura around.

The originally violent sandstorm became calm after the absorption of the blood dragon, and the disordered law breath was also much more stable.

"Is this world related to the early days of heaven?"

Ye Chen was surprised.

In the early days, Tianli was the Dragon King of the sky and one of the four beast kings under Hongjun.

"It is very likely that this is the world created by the first generation of heaven. It wanted to break the void, go to the world of nothingness, and follow the footsteps of Hongjun's ancestors. Unfortunately, it failed..."

The blood dragon's eyes narrowed slightly, sensing the causal atmosphere between heaven and earth, and vaguely captured the fluctuations of ancient times.

Breaking the void means breaking the void.

The first generation of Tianli, the Dragon King of the sky, wants to break the void, step into nothingness, and continue to follow Hongjun.

Therefore, this place contains a breath of nothing.

But unfortunately, it's not so easy to step into the world.

The first generation of justice failed, and the world was deserted.

Blood dragon yes

Chapter 8037

"Grandpa, wait, I'll go in and save you right away!"

Ye Chen shouted and was ready to rush in with the blood dragon.

Ye evil god shouted, "don't come in! This place is a dead place. If you come in, you can't get out!"

Ye Chen paused with a chill in his heart.

The blood dragon pointed to the twisted plants in the sanctuary and said, "master, look."

Ye Chen followed the direction of the blood dragon and looked over. He saw plants in the oasis, no matter flowers, vines, trees, which were branded with strange and mysterious runes.

Those runes, which are cyan and imprinted on green plants, are inconspicuous. If you don't observe them carefully, you can't find them at all.

Ye evil god shouted, "this place is forbidden by people, which can restrict people's martial arts and magic weapons. It's very dangerous. If you come in, you'll also be trapped."

Ye Chen's heart sank, thinking about the method of breaking the ban, but listening to a burst of hiss, a dozen black shadows sprang out like ghosts in the depths of the oasis ruins, twisted hands and feet, and frantically rushed to Ye Chen.

Those dozens of dark shadows, all human monsters, come from the Wuwu world, with ferocious faces and twisted bodies, which are very terrifying.

Ye Chen was trying to fight back, but suddenly, he caught a very familiar breath from the dozens of humanoid monsters.

That's the breath of heaven demon and Xuan demon!

"Are you the subordinates of TIANYAO Xuanyao?"

Ye Chen was greatly frightened and shouted.

The dozen human shaped monsters, hearing Ye Chen's voice, immediately froze, and their bodies were stiff on the ground. Under the impact of inertia, several monsters' heads even fell to the ground, and their faces were full of shock.

A monster picked up his fallen head from the ground and held it at his waist, but the five senses on his head moved and made intermittent sounds:

"Are you... Reincarnation? Tianzu, xuanzu, friend?"

Ye Chen took a deep breath, calmed down a little, and said, "yes, I'm the friend of the two predecessors of TIANYAO Xuanyao. Are you all from no time and space?"

The beheaded monster said, "yes... We, Wuwu, the demon star sea."

Hearing this, ye Chen caught the secret of nature and suddenly realized it.

These humanoid monsters, from the sky demon Xinghai, are indeed the subordinates of the sky demon and the Xuan demon.

In the past, TIANYAO and Xuanyao were trapped in Tianmo Xinghai. Later, they narrowly escaped and brought all their monsters out.

They came to the real world,

Chapter 8038

He had the intention to accept it in his heart, but the top priority was to get the Xuxuan map as soon as possible, break the seal here and save Grandpa.

At that moment, ye Chen Yulong flew West to xuxuanzong.

All the way west, the sandstorms and fierce beasts encountered on the road were also smoothly suppressed by the blood dragon.

Ye Chen didn't encounter any accidents, and soon came to the West. In the distance, he saw a huge city standing in the desert, which looked very spectacular.

The plaque on the city is printed with the words "demon king city", and many people come in and out.

Ye Chen and blood dragon looked at each other. They had been walking in the desert for a long time, and now they are

Chapter 8039

"How did this boy inherit the merits of the belief in the early days of heaven?"

"Who is this boy? Does it have something to do with God?"

"Justice has come for revenge?"

Many suspicious comments sounded, as well as the sound of inhaling cold breath. Many guards drew out their weapons and stood on alert.

The atmosphere of the scene suddenly became a little tense.

"Don't move!"

At this moment, a majestic and charming cry came from the mansion.

I saw a beautiful woman in a white dress, surrounded by several bodyguards, striding out.

The guards present saluted respectfully and shouted, "see the Lord!"

Ye Chen was stunned. He inquired about the news. The Lord of the Demon King City, named Murong Feixue, was a true female disciple of xuxuanzong, and was extremely powerful.

This woman in white is Murong Feixue.

Murong Feixue looked up and down at Ye Chen and felt the special resonance. Her eyebrows slightly frowned and said to Ye Chen, "come with me."

At this moment, ye Chen could only see walking steps, silent, followed Murong Feixue, and entered the mansion.

Murong Feixue took Ye Chen to the back garden, held back left and right, and laid a series of talismans to isolate the voice.

After all this, she looked at Ye Chen with burning eyes and said in a trembling voice, "are you... Are you the Lord of reincarnation in the legend?"

She was just in front of outsiders, dignified and extremely honored, but now she was trembling in the face of Ye Chen.

Ye Chen was stunned for a moment. He didn't expect his identity to be seen through by the other party.

He said in a deep voice, "Lord Murong, how do you recognize me?"

Murong Feixue's eyes turned slightly red and said, "you are indeed the Lord of reincarnation!"

After a pause, he said, "don't call me Lord, just call me my name. My Murong family is a believer of reincarnation for generations!"

Ye Chen heard Murong Feixue's tone, sincere, and his heart suddenly widened.

"I can't imagine that there are my believers in this place." Ye chendao.

Murong Feixue said, "Lord of reincarnation,

Chapter 8040

"If we can suppress the heavenly demons and xuandemons, it is Tianda's credit. My virtual Xuanzong is enough to rise in the world of ten thousand demons and get the blessing of the king of the world."

Hearing this, ye Chen thought that there should be many sects in the ten thousand demon world, but like other worlds, the king of the world is in an absolute dominant position.

The king of the world of ten thousand demons wanted to suppress the sky demon and Xuan demon. Xu Xuanzong came to break the virtual domain that year, and was ordered to act to arrest the two demon ancestors.

Murong Feixue then said, "in those days, I, the ancestor of the Murong family, took turns as the leader of the virtual Xuanzong clan, laid a snare, suppressed their strength, and almost caught the TIANYAO Xuanyao. Unfortunately, they finally ran away. I, Murong family and Zheng family, did not dare to return to the interface of the ten thousand demons to see the king of the world. Afraid of punishment, they stood in the broken virtual domain."

Ye Chen understood and said, "so you killed all the aborigines in order to rule the world?"

Murong Feixue blushed, speechless.

Ye Chen waved his hand and said, "it doesn't matter. Killing and fighting, the law of the jungle, is an eternal law."

Ye Chen didn't blame anything, because this world is originally a world where winners are king and losers eat dust.

The law of the jungle is always irrefutable.

After a pause, ye Chen asked again, "this demon king city was founded by your virtual Xuanzong, adhering to the will of the demon world?"

Murong Feixue said, "yes, the ten thousand demon world cultivates the secret method of the demon world. In those days, the king of the world wanted to catch the sky demon and the Xuan demon, but also to expand the demon world."

"However, these two demon ancestors, TIANYAO Xuanyao, are too powerful. When they came to the real world, even if they fell into an extremely weak state, it is not something we can deal with..."

Ye Chen nodded. He naturally knew the power of the sky demon and the Xuan demon.

If it is the sky demon Xuan demon in its heyday, even if the king of the ten thousand demon world comes, it is far from an enemy.

"Are you also sealing the ruins of the holy place of heaven?"

Ye Chen waved his palm, and smoke rose, revealing the image of the holy place of heaven, the ruins of the oasis, in which his grandfather was trapped.

Murong Feixue saw the oasis ruins, and her delicate body trembled slightly, and said, "yes, there were many human monsters in the hands of TIANYAO Xuanyao in those days. In order to protect the safety of breaking the virtual domain, I xuxuanzong sealed them inside. The seal can only be unlocked with the virtual map."

Speaking of this, Murong Feixue faintly guessed what, and said in horror, "brother ye, you want to borrow the virtual mysterious picture, just to unlock the seal over there?"

She just thought that ye Chen untied the seal to release all those human monsters.

Ye Chen said in a deep voice, "my grandpa is trapped there. I need to rescue him."

Murong Feixue was skeptical and said, "I see..."

Ye Chen said, "Murong girl, since you are the true disciple of the virtual Xuanzong, can you find a way to borrow the virtual xuantu?"

Ye Chen just wants to get the Xuxuan map as soon as possible, unlock the seal and save Grandpa.

Moreover, after the seal is untied, you may find another half of the rainbow free broken sword!

Murong Feixue frowned lightly and said, "except for the patriarch, only the chief true disciple is qualified to observe such magic weapons as Xu xuantu."

"Before, the chief true biography of xuxuanzong was my brother Murong speechless."

"But recently, my brother was defeated by the eldest young master of the Zheng family, and the Dantian was broken and reduced to a useless man... Alas, he has now lost his position as the chief true biographer. Otherwise, if you ask my brother for help, maybe you can borrow xuxuantu."

Ye Chen heard Murong Feixue's words, and his heart moved. Faintly, he smelled the smell of breaking the game.

Murong speechless, is likely to be the key to breaking the game!

"Where is your brother?" Ye Chen asked.

Murong Feixue said, "brother ye, can you... Can you save my brother? It's said that the reincarnation Tao is supreme. After my brother became a disabled man, he was depressed all day. Maybe only you can save him."

Ye Chen said, "take me to meet him first."

He felt the breath of breaking the game, and now he just wanted to see Murong speechless first.

Murong Feixue nodded, looking a little gloomy, then got up and took Ye Chen, walked through the long corridors, and finally came to a remote courtyard.

In the courtyard, there is only one old man playing chess with himself.

The old man was thin, his eyes were muddy, and his breath was decadent. Ye Chen and Murong Feixue walked in, and he was unmoved.

Murong Feixue cried sadly, "brother..."

Ye Chen was surprised and said, "this old man is your brother?"

Murong Feixue said gloomily, "yes, he... He was defeated by the eldest young master of the Zheng family. After the Dantian was broken, his heart was frayed, and he grew old from a handsome young child to this appearance."

Hearing Murong Feixue's words, the old man looked back at her and said angrily, "get out, don't disturb me to play chess!"

Murong Feixue shed tears and said to Ye Chen, "in fact, my brother's original cultivation was a boundless realm, a realm of great perfection, a realm of extraordinary talent and supernatural power. Zheng shaohuang, the eldest young master of the Zheng family, is not his enemy."

"It's just that Zheng shaohuang was despicable and secretly borrowed the magic power of his Zheng family elders, otherwise my brother would never be defeated."

Ye Chen heard this and nodded slightly.

The realm of Xianjun's great perfection can be said to be quite extraordinary. No wonder Murong was speechless in the past and was able to serve as the chief true disciple of xuxuanzong.

The old man was gloomy and silent, and seemed to be reminded of sad things, saying, "what are you talking about in front of outsiders?"

Murong Feixue hurriedly said, "brother, brother Ye is not an outsider. He... He is the Lord of reincarnation."
