

Physician 8041

Chapter 8041

The old man was stunned, staring at Ye Chen and said, "you... Are you the Lord of reincarnation?"

Under his careful induction, he really felt the vast fluctuation of the law of reincarnation from ye Chen, and his body suddenly trembled.

Murong's family is from generation to generation, and he believes in worship and reincarnation, and he is no exception.

Seeing the legendary Lord of reincarnation, he unexpectedly appeared in front of him. The old man was unable to control himself. He shivered all over, and the pawn in his hand fell to the ground with a snap.

Ye Chen looked at the old man and said, "Murong speechless, if I can help you repair the Dantian and restore the realm, can you have confidence to regain the position of the chief true biography?"

The chief true disciple is qualified to observe the virtual and mysterious map.

Ye Chen thought that if Murong speechless could be the chief true biographer again, he would get the Xuxuan map.

If Xu xuantu can get it, break the seal, save Grandpa, and even find the rainbow broken sword, it is as easy as a palm.

Murong speechless listened to Ye Chen's words, but he smiled bitterly and said, "my Dantian is broken, and all my accomplishments are lost. Even if the Dantian is repaired, my accomplishments will not come back."

Ye Chen said, "it's not necessarily true. What if I can help you recover your accomplishments?"

Murong Feixue and Murong speechless were shocked and couldn't believe this.

Murong Feixue knelt down to Ye Chen on the spot and said, "brother ye, if you can help my brother recover his cultivation, I will be a slave and a maid this life, at your disposal!"

Murong wordless also trembled and said, "my highest accomplishment is the great perfection of Xianjun. Even if my Murong family ancestor is reborn, it is impossible for me to recover. Lord of reincarnation, how can you do it?"

He saw Ye Chen's martial arts shackles were cut off, and his bearing was extraordinary, but after all, he only had four levels of cultivation in the hundred yoke realm. It was a waste of time to talk about trying to restore his immortal King's great and perfect strength.

Ye Chen said with a smile, "as long as you promise me one condition, I will help you recover your cultivation immediately."

Murong said wordlessly, "what conditions?"

Ye Chen said, "after you win the position of chief true biographer again, lend me the xuxuantu. I'll borrow it for half an hour, which should be enough."

Murong wordless frowned slightly. Xu xuantu was the treasure of Xu Xuanzong. He was not qualified to lend it out, but ye Chen only borrowed it for half an hour, and was barely able to operate it.

"OK, I promise you!"

Murong silently gritted his teeth and promised to come down. He wanted to see what means Ye Chen would use to help him recover his cultivation.

"Very good, straightforward, I'll restore your cultivation."

Ye Chen smiled and took a step to sacrifice the wish star.

Hope that the heavenly star is suspended in the sky, blooming with dazzling brilliance, and the majestic faith is shaking.

"I wish that Zeus light would reverse and time would reverse!"

Ye Chen uttered a vast chant, and with the help of the wish star, he displayed the secret skill of the eight forbidden li of the flood and famine, the formula of the universe light God!

This universal light magic formula can reverse time, which is very powerful.

As soon as ye Chen showed it, he immediately saw strange scenes in the void, and the virtual shadows of clocks, hourglass and sundial passed through.

A silver and holy pillar of light enveloped Murong speechless.

Under the cover of the holy pillar of light, Murong wordless's law of time was instantly reversed.

The state of his body, from the old appearance of broken Dantian and lost cultivation, soon recovered to the appearance of Xianjun's great perfection and young spirit.

His white hair turned into black hair, and the wrinkles completely disappeared. The strong Xianjun breath broke out, causing the air flow in the void to rotate, roar, and the clouds in the sky to fly, which was very spectacular.

Seeing this scene, Murong Feixue was completely stunned.

She never thought that ye Chen unexpectedly used the means of reversing time to forcibly pull her brother's state back to the original peak.

Murong wordless was also stunned. He felt that he was young again, and the Dantian was no longer damaged. All his accomplishments were back, and he was in high spirits.

When the white light dispersed, Murong wordless completely recovered, trembling all over, as if he couldn't believe his eyes.

"Well, your cultivation has been restored."

Ye Chen smiled, but her face was pale. She was a little out of breath and coughed.

Zeguang shenjue, this great forbidden skill, consumes too much on the body.

Ye Chen was full of aura, almost instantly evacuated, and now he felt very weak.

Murong Wuyan is not an ordinary person. He is the strong man of Xianjun's great perfection. It is naturally not easy to reverse the law of time on him.

Ye Chen used the magic formula of the universe light, and the price was also extremely huge.

"Brother Ye!"

Murong Feixue hurried forward and helped Ye Chen.

"Lord of reincarnation, my life is yours!"

Murong was even more excited when he recovered from wordless cultivation. He knelt down to Ye Chen on the spot and kowtowed respectfully.

Ye Chen nodded, calmed slightly, and said, "I'm anxious to get the xuxuantu. You can take back the position of the chief true biography as soon as possible and lend it to me."

Although grandpa was trapped in the ruins of Tianli sanctuary, there was no danger for the time being, but the delay made Ye Chen uneasy.

He just wants to get Xuxuan map as soon as possible, break the seal, save Grandpa, and then go to find Wuhong broken sword.

Murong Wuyan shook his fist and said with high morale, "yes! Lord of reincarnation, I will challenge Zheng shaohuang tomorrow, and I will recapture what I have!"

Ye Chen nodded, waved his hand, and a wisp of steel gas shot into Murong wordless's body, saying, "I'll lend you the iron throne, which is safe."

Murong wordless body was shocked, and immediately felt that there was an extra magic weapon in his body, which turned out to be the legendary iron throne!

"Thank you, Lord of reincarnation!"

Murong wordless was extremely excited. With the iron throne, he would have more confidence in the challenge and duel tomorrow, and he was not afraid of Zheng shaohuang's deception.

Ye Chen nodded, and the plan was settled, waiting for the duel to begin tomorrow.

That night, ye Chen lived in the Lord's mansion.

He learned more about Xu Xuanzong from Murong Feixue's two siblings.

The chief true disciple of Xu Xuanzong is of high status. In addition to observing Xu xuantu, he is also qualified to participate in the supreme merit war!

It is also in order to snatch the quota of the supreme meritorious war, so Zheng shaohuang, the eldest son of the Zheng family, will fight Murong wordless at any cost.

Tomorrow's challenge, if you can win, ye Chen can get the virtual xuantu, Murong wordless can also get the quota, which is the best of both worlds.

Murong's wordless cultivation was restored and he stepped back into the great perfection of Xianjun. The news also spread quickly from the city master's mansion, which completely shocked the whole Demon King City and xuxuanzong.

However, no one knows that it is Ye Chen who dominates all this!

.....

Xuxuanzong Mountain Gate, on a mountain peak full of aura.

A young man practiced his sword under the waterfall under the guidance of an old man.

They were shocked when they received the information sent by the servant.

Chapter 8042

"Murong was speechless. His cultivation was actually restored. How could it be?"

A cold sweat broke out on the young man's forehead. He was Zheng shaohuang, the eldest son of the Zheng family. He was a high-level Immortal King, which was a bit worse than Murong wordless.

"Elder, what can I do?"

Zheng shaohuang looked at the old man, and his voice trembled slightly.

His cultivation is weaker than Murong speechless. The previous challenge, which can win, is entirely the family elder, who secretly helps behind his back.

That old man is the elder of the Zheng family, Zheng Zhi.

Seeing Zheng shaohuang's panicked appearance, he frowned and said, "what's the panic? You're the chief true disciple, a defeated general under your hand. Are you still afraid?"

Zheng shaohuang perspired and said, "but... But..."

Zheng Zhi snorted, carrying his hands on his back, and said, "however, this Murong speechless, actually able to restore cultivation, is really incredible."

Zheng shaohuang hurriedly said, "elder, that guy's cultivation is restored. He will definitely want to regain the top position. Please think of a way!"

Previously, he was able to defeat Murong Wuyan by secretly borrowing the power of Zheng Zhi, but such a trick could not be seen after all.

If he plays conspiracy again, he may be caught by the Murong family.

But if he wanted to fight a decisive battle, he was not sure of defeating Murong speechless.

Zheng Zhi pondered for a while, and for a moment, he couldn't think of a proper way.

He could not figure out how Murong Wuyan recovered his cultivation.

At this time, suddenly listening to the void, a voice came out:

"There are ways, as long as you kill the Lord of reincarnation."

The void twisted, and a figure emerged.

It was a man wearing a green and black robe, with an eagle nose and eyes like a wolf falcon, with a cold face and a gloomy look. On the skirt of his robe, there was a skull pattern on the left and a purple flame totem on the right.

Zheng shaohuang and Zheng Zhi, seeing the appearance of the man with an eagle nose, looked solemn, bowed slightly, and shouted, "I've seen Lord Long Hao."

Zheng Zhi paused and said, "Lord Long Hao, you just mentioned the Lord of reincarnation. Can you say that Murong wordless can restore cultivation, but it is actually related to reincarnation?"

The eagle's nose said coldly, "I caught the mystery of heaven. The Lord of reincarnation has come to break the virtual domain, and it is he who took action to restore Murong Wuyan's cultivation."

"What!"

Zheng shaohuang and Zheng Zhi were stunned when they heard this. They never thought that behind this matter, it was actually related to the Lord of reincarnation.

Zheng Zhi also broke out in a cold sweat and said, "the magic power of reincarnation is so strong that it can restore the great and complete cultivation of Xianjun. It's incredible! Lord Long Hao, you are the strength of the wild temple and the protector of Zihuang fairy palace. Please help!"

This man with an eagle nose, his name is long Hao, but his surname is quite special.

His last name

Chapter 8043

The fame of reincarnation, they are thunderous, it is not dare to face.

No matter how terrible those monsters are, there is absolutely no fear of reincarnation.

Zheng Zhi weighed it carefully, and finally gritted his teeth and said, "well, Lord Long Hao, I promise you that as long as you can help us deal with the Murong family and the Lord of reincarnation, our Zheng family will win the Wuhong broken sword for you at all costs!"

Chapter 8044

Zihuan emperor nodded and said, "the transformation of Xianzu is a unique skill of Zihuang fairy palace. It can be performed only with the cultivation of Xianzu realm, and it can only be used once in a lifetime."

"This immortal ancestor method is a top escape method. If a golden cicada gets out of its shell and is besieged by a strong enemy, it can get out of its shell and escape from heaven, but the cost is huge. It is difficult to break through later to cultivate Taoism."

Ye Chen suddenly realized and looked at it again

Chapter 8045

This is Zheng Kong's long cherished wish.

Hearing that the patriarch said so, Zheng shaohuang was afraid, but he had no choice but to say, "yes!" Promised to come down.

Hearing that he agreed to the challenge, the whole audience was in another uproar, and the atmosphere became excited and enthusiastic.

Zheng Kong kneaded several Dharma formulas, cut the air and space laws in the sky, and created a sky challenge arena, saying, "come on, I also want to see who is the real genius and strong person, you two."

Zheng shaohuang and Murong were speechless, bowed their hands, and then flew together into the sky challenge arena, facing each other from a distance.

"Let's start!"

Zheng Kong shouted, and the two people who faced each other suddenly collided with each other like thunder.

Ye Chen didn't pay much attention to the battle between the two men.

Because, with Ye Chen's current strength, it is extremely powerful to cut the Immortal King horizontally, such as the Heavenly Sword cutting grass.

Whether Zheng shaohuang or Murong Wuyan, they are just the strong ones of Xianjun, and they can't enter ye Chen's magic eye.

If ye Chen wants to, he rushes up and slaps them to death.

So ye Chen didn't take a close look at the battle between the two men. He only expected the result.

As long as Murong Wuyan wins, he can borrow the Xuxuan map and unlock the seal on the side of the holy place of heaven.

On the sky challenge arena, two strong immortals fought fiercely, with ups and downs, and thunder falling violently. The surface momentum looked very fierce.

The battle lasted only one incense stick, and it was looming that the victory would be decided.

Murong's wordless cultivation is the great perfection of Xianjun.

Zheng shaohuang's cultivation is a high level of Xianjun, which is obviously weak.

Under the fierce battle, Zheng shaohuang was already tired, Murong wordless was overwhelming, and the victory was in front of him.

"Ghost King tripod, I suppressed it!"

In the crisis, Zheng shaohuang gritted his teeth and offered a ghostly talisman.

Woo

The talisman was burning, and the infinite ghost gas spewed out. In the void, a virtual shadow of a magic weapon suddenly appeared.

That's a huge tripod!

It was dark all over, with ferocious skeleton patterns carved on it. The endless ghost gas kept surging, and the sound of ghosts crying and wolves howling came out.

Ye Chen only looked at it and recognized that it was the treasure of the wild Temple of the ghost Kingdom, the ghost King tripod!

This ghost King tripod has the powerful effect of refining heaven and earth and devouring heaven and earth. It is very powerful.

Ye Chen knew that Zheng shaohuang had a talisman of the ghost King tripod in his hand, so he could temporarily borrow the power of the ghost King tripod.

However, he still felt a little shocked when he saw the ghost King tripod with his own eyes.

On the top of the ghost King tripod, there is a bead inlaid, which is the soul devouring bead without artifact!

There are four pieces of the soul devouring bead, one for wanxu, one for ye Chen, and one in the wild Temple of the ghost king!

The smell of the ghost King tripod is so fierce because of the inlay of soul eating beads.

On the tripod body, there are all kinds of mysterious arrays, which transform the energy of soul devouring beads into ghost Qi, which is extremely fierce.

Zheng shaohuang urged the ghost King Ding to suppress Murong speechless.

A fluffy ghost gas burst out of the Ding body madly, turning into countless ghosts and ghosts, rushing to Murong speechless, trying to devour him alive.

Murong wordless, who had seen such a fierce magic weapon, suddenly stayed in place.

Ye Chen whispered and said, "use the iron throne I gave you!"

Murong speechless woke up like a dream, immediately stepped back, gathered his aura, and shouted:

"Iron Throne, come!"

A breath as cold as steel, like the black tide, surged out of Murong wordless body. As soon as it fell on the sky arena, it immediately turned into a huge throne.

That is the magic weapon Ye Chen lent him, the iron throne!

As soon as the Iron Throne came out, the overwhelming smell of steel filled the air.

The originally illusory sky challenge arena instantly became an entity of steel.

The ghosts were eroded by the smell of steel, and immediately turned into ugly statues.

The vast steel waves, like the tide, roared away towards the front.

Zheng shaohuang's ghost King tripod, eroded by the smell of the iron throne, also shows signs of becoming scrap iron.

This ghost King tripod, after all, is not the noumenon. It can only be regarded as a projection, which is the power he borrowed briefly.

Ye Chen lent Murong the wordless Iron Throne, but it really exists.

The mere projection of the ghost King tripod cannot compete with the majesty of the Iron Throne.

Zheng!

Finally, the ghost King tripod projection was completely eroded by the smell of steel, completely reduced to scrap iron and fell to the ground.

"What!"

Zheng shaohuang was shocked and retreated with great fear.

He stared at Murong speechless, completely unable to believe his eyes.

The legendary Iron Throne is actually in Murong Wuyan's hands.

The whole audience was also completely agitated.

"Iron Throne, it is said that it is the magic weapon of the Lord of reincarnation!"

"How did the legendary Iron Throne fall into Murong Wuyan's hands?"

"Did he kill the Lord of reincarnation? Or did the Lord of reincarnation help him secretly?"

Countless comments sounded.

Not only ordinary onlookers, many elders of xuxuanzong, but also the patriarch Zheng Kong, were completely shocked.

No one thought that Murong Wuyan could take out the Iron Throne.

"Zheng shaohuang, you lost!"

Murong speechless urged the iron throne, and the vast breath of steel swept across the sky.

Zheng shaohuang's body stiffened instantly, and his lower body was iron and unable to move.

As long as Murong was speechless, he could immediately completely iron Zheng shaohuang and kill each other.

The power of the Iron Throne terror shocked Murong wordless himself, and the whole audience was even more shocked.

The Iron Throne is in Murong Wuyan's hand, and its power is so powerful. If the legendary Lord of reincarnation personally urges it, how terrible will it be?

"Master Murong, I admit defeat, I admit defeat, please let me go!"

Zheng shaohuang was completely flustered, his lower body could not move, and his hands bowed silently to Murong, fearing that he would be killed.

Zheng Zhi, the elder of the Zheng family, sank and shouted, "Murong speechless, where did you come from this iron throne? Did you even collude with the Lord of reincarnation? Do you know that the Lord of reincarnation is the great enemy of our virtual Xuanzong?"

Murong silently snorted, but his faith was very firm, and said, "the Lord of reincarnation is only the enemy of your Zheng family. We Murong family are believers of reincarnation!"

These words fell, and among the disciples of the Murong family in xuxuanzong, they all cheered and shouted for Murong's speechless cheers.

The patriarch Zheng Kong's eyes were dignified, his palm pressed, and said, "don't quarrel."

Hearing the patriarch's words, the people immediately became quiet.

Zheng Kong then said, "the battle of faith is not beneficial to reality. Whether we believe in the Lord of ancient gods or the Lord of reincarnation, we still need to practice by ourselves."

Zheng Kong is a very realistic person, and has no intention of arguing about faith.

Chapter 8046

Once he also believed in the Lord of ancient gods, but when he thought of the Lord of ancient gods, he was actually the feather emperor.

The character of the ancient emperor Yu Huang, who is notoriously mean and ungrateful, is very vicious, and Zheng Kong's belief idea is completely cold.

Seeing Murong wordless this time, Zheng Kong borrowed the magic weapon of the Lord of reincarnation, but he didn't pursue it, but slowly said, "today's chief true biography battle, since Zheng shao Huang has conceded defeat, the winner belongs to Murong wordless of the Murong family."

After a pause, he looked at Murong Wuyan and said, "Wuyan, you will represent my Xu Xuanzong to participate in the war of supreme merit, but don't let me down."

Murong speechless was excited and arched his hand, "please rest assured, Lord, my disciples will do their best!"

Zheng Kong nodded with relief.

Since Zheng Kong, the leader of the Zheng family and the leader of the virtual Xuanzong clan, is on Murong's side, the people present have nothing to say.

The disciples of the Zheng family can only accept this result in frustration.

The people of Murong family are cheering and excited.

Only Zheng Zhi, the elder of the Zheng family, had a gloomy face and was very unhappy.

.....

At the end of the war, Murong wordless didn't forget Ye Chen's entrustment, and arched his hand to Zheng Kong and said, "Lord, I want to observe the Xu Xuan diagram and understand the martial arts, please give me your permission."

Zheng Kong nodded and said, "yes, you can go and observe it, but it's still the old rule. You can't take the empty mysterious picture away, but you can only watch it in the wonderful cave."

Murong said wordlessly, "yes!"

Without any trace, he looked at Ye Chen and winked.

Ye Chen's heart beats. If he can get the Xuxuan map smoothly, he can save Grandpa.

Murong said goodbye to everyone without saying a word and went to Qizhen cave alone.

As the name suggests, the grotto cave is a place for collecting rare treasures.

This cave is also the important place of xuxuanzong.

Murong wordless naturally couldn't swagger, and came in with Ye Chen, but he had another plan in his heart, and strode towards Qizhen cave.

The elders guarding at the gate of Qizhen cave had received the edict of the patriarch Zheng Kong, and immediately turned respectfully to let Murong speechless in.

Murong speechless strode into the cave, immediately summoned the iron throne, and read to Ye Chen across the air, "brother ye, come here."

Ye Chen mixed in the crowd of xuxuanzong, and was celebrating the rise of Murong wordless with Murong Feixue and other Murong clan people. After capturing Murong wordless thoughts, he immediately went to one side, tore the void, and rushed directly to Qizhen cave.

Qizhen cave is heavily guarded. If it is an ordinary means to break the void, it will inevitably attract the attention of the virtual Xuanzong.

However, the iron throne was placed in the cave. With the guidance of the iron throne, ye Chen flashed through the void and appeared on the Iron Throne without attracting anyone's attention.

"Brother Ye!"

Murong speechless saw Ye Chen coming, and exclaimed with surprise.

Ye Chen nodded, put away the Iron Throne and looked around.

This rare cave has a rich collection of natural and earth treasures.

Of course, these natural materials and earth treasures cannot enter ye Chen's eyes.

He has old treasures, and his collection is too rich. Ordinary treasures are completely despised.

The only thing that can attract Ye Chen's eyes is a painting hanging on the wall.

It is a landscape painting. The landscape in the painting is surrounded by smoke, and the wisps of mist are actually flowing, which is very wonderful.

When gazing at the landscape in the painting, ye Chen's Taoist heart actually faintly entered a wonderful realm, as if there was something to understand.

"Is this the mysterious picture? It's really mysterious."

Ye Chen stood in front of the painting and whispered.

"Yes, brother ye, this is the mysterious picture. It is said that the landscape in the picture was painted by an ancient great power. It is mysterious and infinite. It can seal gods and demons. It also contains magnificent Tao Yun, which can make the human heart understand and have great benefits."

Murong speechless explained that when it came to the empty xuantu, his tone was with a sense of pride.

This virtual xuantu is the treasure of the virtual Xuanzong, with infinite magic skills. He really has the qualification to be proud.

Ye Chen stared carefully and caught a deeper mystery.

This mysterious picture, the ink used in the painting, actually has a trace of the smell of the demon star sea!

The sky demon Xinghai is one of the four highest artifacts and the treasure of the demon God family.

The ink used in the painting of Xu Xuan map is specially made from the sea water of the demon star sea!

Ye Chen was also secretly shocked when he noticed this scene.

No wonder in those days, Xu Xuanzong, with a picture of Xu Xuanzong, dared to take risks to catch the sky demon Xuan demon.

Sky demon and Xuan demon have been sealed in the sky demon star sea.

This mysterious picture is related to the demon star sea. Once it is shrouded, the weak demon Xuan demon is also in danger of being sealed.

The seal on the other side of the holy place of heaven is just arranged in a mysterious picture, so it is mysterious and mysterious. Even ye Chen can't crack it. His grandfather is trapped inside and can't get out.

"Wonderful."

Ye Chen picked off the Xu Xuan picture and exclaimed.

This mysterious picture is indeed extremely exquisite and mysterious.

Murong speechless saw Ye Chen take off the scroll, but it was a thrill, and said, "brother ye, you can borrow the virtual mysterious picture, but you can only borrow it for half an hour. If the time is long, I can't hide it for you."

"Within half an hour, you must return the scroll!"

Ye Chen nodded and said, "OK, I know. Half an hour is enough."

Chapter 8047

With that, ye Chen put away the virtual mysterious map, and then urged the power of the virtual monument to leave the rare cave.

Empty steles can easily break through the void and not be found.

Ye Chen left silently. None of the guard elders outside Qizhen cave found anything strange.

Murong wordless stayed in the cave and waited nervously.

At this time, Zheng Zhi, the elder of the Zheng family, took a few Dharma protectors and strode to the outside of Qizhen cave.

"Elder Zheng, why are you here?"

The elders of the guard were surprised to see Zheng Zhi coming.

Zheng Zhi's face was gloomy and said, "I'll go in and have a look."

The guard elders were stunned and said, "but master Murong is still inside..."

Zheng Zhi snorted and said, "he's inside. I'm afraid he didn't collude with outsiders and steal the treasure of my virtual Xuanzong!" Regardless of the obstacles of the guard elders, he immediately rushed to the cave with people.

Murong Wuyan was in the cave. Hearing the noise outside, he saw Zheng Zhi bring people in. His face turned pale and said, "elder Zheng..."

Zheng Zhi glanced around and saw that the Xu Xuan picture was missing. His face was silent.

Many guard elders also followed into the cave.

Then they froze.

Because the most important magic weapon in the cave, the virtual mysterious map, has disappeared.

"Murong speechless, where is the empty and mysterious picture?" Zheng Zhi asked.

Murong was speechless, but he didn't know how to explain.

Zheng Zhi said coldly, "you collude with the Lord of reincarnation, you borrow his iron throne, and then let him swallow the empty xuantu, don't you?"

Murong was speechless and said angrily, "Zheng Zhi, don't spit out blood. Brother Ye just borrowed the virtual xuantu and didn't intend to swallow it. He has many precious magic weapons. How can he covet the things of our virtual Xuanzong? As long as it takes half an hour, he will return the scroll!"

After hearing this, Zheng Zhi laughed, and the guard elders behind him were also stunned.

Murong wordless said so, which is equivalent to admitting that the virtual xuantu has indeed fallen into the hands of the Lord of reincarnation.

This is the most precious magic weapon of xuxuanzong!

Such a major accident immediately touched the mystery of heaven and the clouds surged.

The patriarch Zheng Kong also felt the change. Like a hot sun, breaking the void came down. Looking around, he saw that the void was lost. He couldn't help but sink his face and said:

"Speechless, the Lord of reincarnation took away the empty xuantu. Where is he now?"

Murong was speechless, unwilling to expose Ye Chen's trace, and said, "Lord, the Lord of reincarnation has no malice. He will soon return the empty xuantu, and the disciples can guarantee with their lives!"

"If Xu xuantu is really lost, the disciple is willing to accept all punishment!"

Zheng Zhi snorted and said, "Xuxuan map is the treasure of our school. You can't help fooling around. Say it quickly. The Lord of reincarnation stole Xuxuan map and where did he go?"

Murong silently clenched his teeth and never said anything.

He knew that if he said it, Xu Xuanzong would go out in a large scale to recapture Xu xuantu, and ye Chen's plan would be defeated.

At least, he has to delay Ye Chen to finish his plan.

.....

At this time, ye Chen, holding a virtual xuantu in his hand, flew down to the ruins of the holy place of heaven.

Through the virtual xuantu, he had caught the change of the virtual Xuanzong.

"It seems that Murong's speechless exposure, I have to hurry."

Ye Chen thought and came to the edge of the oasis.

Wuwu monsters in the ruins of the sanctuary came to visit Ye Chen one after another, but with the restriction of the seal, they could not come out, and were blocked by an invisible barrier.

"Grandson, have you got the Xuxuan map?"

Ye evil God saw Ye Chen coming back and asked.

"Grandpa, I got it!"

Ye Chen shook the scroll in his handshake, and his voice was slightly excited, saying.

Ye evil god was overjoyed and said, "well, I have also determined the location of Wuhong broken sword, but because of the existence of the seal, I can't take it out. As long as we untie the seal, we can get the other half of Wuhong broken sword!"

Ye Chen was pleasantly surprised at the speech.

If the rainbow sword is restored to its integrity, his grandfather can understand Wuwu and borrow the cultivation of the future body.

At that time, his grandfather's strength must be advancing by leaps and bounds, and it is expected to fight against wanxu.

"Grandpa, I'll untie the seal immediately!"

Ye Chen unfolded the mysterious picture, and instantly felt that this scroll had a special resonance with the seal here.

"Broken!"

Ye Chen drank softly, and the aura poured into the empty and mysterious picture.

WOW!

The empty and mysterious picture bloomed with five colors of light, and the spiritual light flooded into the oasis like water.

In the oasis, the seal runes suddenly dissolved and dissipated like snow under the sun.

With the disappearance of the seal, the invisible barrier that covered the whole oasis was also completely dispersed.

All the repression disappeared.

Dimly, ye Chen felt a very sharp sword wave coming from the oasis.

That's the sword spirit of rainbow free sword!

The seal was lifted, and the other half of the breath of the rainbow broken sword was clearer.

At that end, there were no monsters, and the breath also soared. The body clicked, and the black air billowed, turning into black heavy armor, covering them.

"Strength, back..."

Many wuwuwu monsters have hoarse voices in their throats, and their surprises can be heard.

For thousands of years, they have been suppressed by seals, and their strength has been greatly weakened.

But at the moment, with the release of the seal, their strength has also recovered and become much stronger.

"Lord, thank you! You are our father!"

Many Wuwu monsters knelt in front of Ye Chen.

Their strength recovered, and they even spoke more smoothly. They worshipped Ye Chen and even called him their father.

Ye Chen couldn't laugh or cry. Then he pondered and said, "from now on, you can follow me. I'll call you magic armor guard."

These wuwuwu monsters are all human shapes, like a killing machine. They were very strong when they followed the TIANYAO Xuanyao.

Ye Chen also meant to attract, so he named them magic armor guards.

"Yes!"

Many Wuwu monsters, no, it should be said that the magic armor guards, respectfully took the command, accepted this title, and were willing to follow Ye Chen to the death.

There are 500 magic armor guards in the oasis. This is a very terrifying force. If all of them break out and fight hard, they will be enough to destroy the strong in the middle and late stages of immeasurable territory!

"TIANYAO Xuanyao, is this a gift you left me?"

Ye Chen was in a trance, shook his head, and stopped thinking. Then he used the power of the iron throne to make the armor and body of a group of magic armor guards harder and improve their strength.

"Grandson, congratulations. After accepting so many magic armor guards, our power has been greatly enhanced!"

Ye evil god strode forward and shook Ye Chen's four hands with joy.

Chapter 8048

Ye Chen said, "Grandpa, you've been trapped for so many days, are you okay?"

Ye Xie said: "it's all right. With the care of magic armor guards, grandpa is very good!"

These magic armor guards, originally monsters who only knew how to kill, posed a serious threat to ye evil god.

However, after the magic armor guards surrendered to Ye Chen, the threat was completely lifted, and ye evil god was not hurt at all.

"It's time to dig out the rainbow free broken sword."

Ye evil god congealed and looked into the depths of the oasis, where there was a faint wisp of blood rising into the sky.

Ye Chen nodded. Without grandpa's saying, he could clearly feel the strong breath of Wu Hong's broken sword.

At that moment, ye Chen and ye Yishen strode to the depths of the oasis.

In front of me, with a wisp of blood, curling up, emitting a strong evil spirit wave, faintly resonating with Ye Chen.

To be exact, it resonates with Ye Chen's half rainbow broken sword.

Ye Chen offered up his half sword, which resonated more strongly, and his half sword also burst into blood light.

I don't know how many people Hongjun ancestors killed with this sword.

Therefore, the blood contained in the Wuhong broken sword is very strong, and the blood is suffocating.

Ye Chen couldn't help but take a deep breath and looked at the blood in front of him.

There is no doubt that the other half of the sword is under the ground.

Ye Chen and ye evil god looked at each other, and they nodded tacitly. At the same time, they slapped them with one palm and slammed them hard into the land.

Bang!

The palm wind surged, and the oasis earth suddenly split. Infinite blood and sword Qi roared and burst out from under the ground, instantly dyed the world red.

Hiss!

A broken sword, as if inspired by something, broke out from the ground and flew up.

That's the other half of the rainbow broken sword!

On the half rainbow broken sword, there was a layer of unspeakable mystery.

These smells converged into a beast like virtual shadow.

"Unexpectedly, a fierce soul was born!"

Ye evil god shouted, and the beast like virtual shadow was the fierce soul without rainbow and broken sword!

That half of the rainbow free broken sword was buried under the ground. I don't know how many eras, but it was born out of anger and accumulated into a fierce soul.

If you want to subdue the rainbow broken sword, you must first kill the evil soul!

"Just a fierce soul, cut the sky nine swords and break it for me!"

Ye Chen's eyes were cold, and with a wave of his hand, the nether aura exploded, turning into a dozen flying swords, blasting out the fierce power of the nine swords, and fiercely beheading the fierce soul.

The fierce soul felt the danger of falling out, sent out a low roar, and the soul body moved, but it was filled with a breath, turned into a shield, trying to block Ye Chen's flying sword.

Buried in the earth for ages, this evil soul obviously also absorbed a trace of non-existent energy, and even the breath of the demon star sea appeared in that energy.

However, ye Chen's nine swords are extremely powerful, completely ignoring all defenses.

Hiss!

Ye Chen's flying sword cut down, and the protective cover of the evil soul was instantly broken.

"Ah ah!"

The evil soul sent out a burst of bleak screams, and the protective cover was broken. Its evil soul body was also instantly extinguished, completely unable to stop Ye Chen's sword potential.

The evil soul fell out, and a trace of breath flowed out, and the smell of the demon star sea also quickly collapsed.

Ye Chen caught a mysterious picture through the breath of the demon star sea.

A scene he never thought of.

In the picture, he saw the demon star sea.

He saw a woman, trapped in the sea of demons and stars, curled up in a corner alone.

That woman is Sunyi.

This scene, at a glance, flashed away.

Ye Chen's head boomed, but it exploded instantly, a blank.

"Sun Yi?"

"She... She was trapped in the demon star sea?"

"This... How is this possible?"

"I must be dazzled, it must be an illusion!"

Ye Chen was stunned and trembled all over.

Sun Yi cannot be in no time and space, nor can she be trapped in the sea of demons and stars.

This is definitely his mistake.

This is definitely an illusion!

But is it really an illusion?

The lonely curled figure is so familiar that ye Chen can't read it wrong.

Although it was just a glance, he was sure that it was Sun Yi.

It was Sun Yi who gave him the supreme tenderness and attachment in China!

"Grandson, what's the matter?"

Ye evil God saw that ye Chen looked strange, and thought that he had been backfired after killing the evil soul.

Ye Chen regained consciousness and said, "no... it's okay, Grandpa, I'm okay."

Wuwu space-time is so far away, how can Sunyi appear in that place? This is absolutely impossible.

Ye Chen only hopes that he is wrong.

In a trance, ye Chen suddenly felt a pain in his palm.

Half of the sword he owned flew out of his hand and even cut his palm, which was spliced and fused with the other half of the broken sword.

The two broken swords began to converge as if they were spiritual, and finally turned into a complete long sword.

That is the complete rainbow free sword!

Boom

The rainbow free sword was restored to its integrity. In an instant, there were thousands of blood colored rainbow lights spurting out of the sword and rising into the sky, penetrating the world, which was very spectacular.

Ye Chen looked up at the rainbow free sword and felt a terrible wave of sword Qi. The killing was extremely fierce and contained layers of ancient demon Qi.

That's the magic Qi from wuwuwuspacetime!

This Rainbow free sword is made of the bones of the former Yuanshi demon lord!

Chapter 8049

Therefore, the no no no no law contained in the rainbow sword is quite strong, which makes people feel suffocated at a glance.

Ye Chen stared at the rainbow sword, trying to rely on the law of Wu and Wu above, and then pushed back the picture of the demon star sea to see if Sun Yi was in it.

But unfortunately, the breath on the rainbow sword could not let him see the demon star sea.

Ye evil god squinted at the rainbow free sword and said with a smile, "very good, very good, the rainbow free sword is restored to its integrity. As long as I refine this sword, I can understand Wuwu and advance by leaps and bounds!"

Ye evil god grabbed the palm of his hand in the void, and a force was released, so he grabbed the rainbow sword in his hand.

The blood awn of the rainbow free sword burst and shook violently, but it could not get rid of ye evil god.

Ye Chen thought of Sun Yi in her heart, but she was still in a trance and didn't speak.

Ye Xie said, "come on, grandson, let's go to Tianwaitian. It's a good place for enlightenment."

Ye evil god clutched the rainbow sword and wanted to take ye Chen away.

Ye Chen returned to his senses, nodded, and put all the 500 magic armor guards into the gourd of heaven and earth, and said, "Grandpa, I want to go back to xuxuanzong first and return the xuxuantu."

Ye Chen held a mysterious picture in his hand. Although this magic weapon was precious, he didn't mean to swallow it, and didn't want to implicate the Murong family.

Boom

However, at this time, there was a burst of thunder and concussion in the sky, and the demons were shining everywhere.

I saw figures coming from the sky and appearing in the clouds. It turned out to be the people of xuxuanzong.

The patriarch Zheng Kong, the elder Zheng Zhi, and Zheng shaohuang, Murong speechless, many guard elders, all came down, with a heavy atmosphere and a killing machine.

The space around Ye Chen was immediately blocked.

Ye Chen's face sank, his eyes looked at Murong speechless, and he saw that the latter's forehead was covered with cold sweat, his face was very white, and his facial features showed strange distortion, as if he had suffered soul searching and other techniques.

Ye Chen suddenly knew that Murong wordless was exposed and was forcibly searched.

Finally, Xu Xuanzong relied on this clue and directly pursued.

"Lord of reincarnation, give me an explanation."

The patriarch Zheng Kong stared at Ye Chen and said coldly.

Many elders and strong men of xuxuanzong were also on guard to look at Ye Chen.

Chapter 8050

Zheng Kong sighed and was ashamed. Although he took back the virtual xuantu again and received a lot of pills to compensate, he knew that the virtual Xuanzong could not catch up with the reincarnation in his life.

"Brother ye..."

Murong was speechless and stared at Ye Chen. He thought there would be a bloodbath, but he didn't expect Ye Chen to be so crisp and solve everything.

Ye Chen smiled and said, "from now on, you Murong family, follow me."

Murong speechless returned to his senses. He was very excited and said, "yes!"

Now that the matter is resolved, ye Chen and Murong are speechless and return to the Demon King City.

The Murong people, after hearing the change, were in a commotion.

They never expected that the legendary Lord of reincarnation would come to the broken virtual domain and easily suppress the virtual Xuanzong.

Many Murong family members are excited. Finally, 80% of them are willing to follow Ye Chen.

Another 20% of the people chose to stay in xuxuanzong.

They have all kinds of concerns, maybe their faith is not firm enough, maybe they are afraid of the majesty of the ruins, maybe they are afraid of the Revenge of the demon world behind them.

But ye Chen didn't study the reason.

This is the complete end of the causal story of breaking the virtual domain.

Ye Chen settled Murong Feixue, Murong Wuyan, and the Murong family into the gourd of heaven and earth.

Naturally, he will keep his promise and will not step into the void again in the future.

Anyway, the rainbow free sword has arrived, and ye Chen is satisfied.

Ye Chen and ye evil god left the void breaking domain and walked in the void.

"Grandpa, next, where did you say you were going?"

Ye Chen asked.

"Heaven beyond the sky."

Ye Xie Shendao.

Ye Chen frowned lightly and said, "Heaven outside the sky?"

Ye Xie, holding the rainbow sword in his hand, nodded gently and said, "well, the sky outside the sky is a special area between the real world and wuwuwu time and space. It is a good place to realize the Tao, and it is also a place that all the powerful people in the infinite must go."

While talking, ye evil god tore the void and tore out a gap: "grandson, let's go to Tianwaitian for a trip. I need to refine the rainbow free sword there. You can also feel the special rules of Tianwaitian."

Ye Yishen took Ye Chen through the space gap and went directly to the outer world.

Ye Chen was in a trance, and the next moment, he had come to a strange place.

This is a vast void of the universe, with no end in sight. It is full of nothingness, desolation, and even death.

In this cosmic void, there are billions of stars floating.

These planets are slowly rotating in irregular tracks.

Generally speaking, the universe in the real world and the trajectory of stars have rules to follow.

However, the stars in this universe operate irregularly, presenting a chaotic posture.

"Is this Tianwaitian?"

Ye Chen is a little dull. He also sees that the stars in this universe run without rules. The laws of the real world seem to have lost their function here.

Even, ye Chen also felt a trace of breathless fluctuations. The energy of this world is very strong, stronger than anywhere else in the outside world.

"Yes, this is Tianwaitian, the world outside the real sky, and the place closest to no time and space!"

Ye evil god's eyes narrowed slightly, and the corners of his mouth smiled, and then said:

"Boundless territory
