Chapter 8071

Kuishan's face sank slightly when he saw Ye Chen's expression.

Out of the killer's keen intuition, he can be sure that he has been exposed.

"Where is the guilty woman of Chi Feixue?"

Since it had been exposed, Kuishan didn't hide anything. He asked directly, and his voice was as cold as a thousand years of ice.

Just now, he was still a young man in ordinary clothes, but at this moment, his eyes, his breath, and his soul were like a sharp knife, trying to cut off all shackles and enemies.

Feel the cold breath of Kuishan, and ye Chen is also dignified.

This guy is the ranking of the extreme extinction list

Chapter 8072

Even Kuishan's own people, cut by Chi Feixue's sudden ghost sword, were black and blue and spattered with blood. If it weren't for the protection of the dark star, he would have died.

"Chi Feixue, it's you!"

Kuishan's horror retreated, staring at Chi Fei's blood, as if looking at a devil.

"Kuishan, long time no see."

Chi Fei's blood eyebrows with a cold expression, stood with a sword, surrounded by several broken bodies.

"Well done."

Ye Chen also smiled, took back the emperor's holy knife, and looked at Chi Fei's blood.

Although they didn't communicate just now, they have a tacit understanding.

Ye Chen pretended to use the emperor's holy knife to attract Kuishan's attention, and then Chi Feixue made a sneak attack and severely hit Kuishan.

"Chi Feixue, you're too happy. You think you can reverse the war by sneaking attacks? You're too naive. Lord morningxingtian has long thought of a way to deal with you!"

Kuishan snorted and clenched the dark star. A trace of dark energy fluctuations diffused out of the crack in the dark star sword handle, healing Kuishan's injury.

"You are dead today. As long as you are dead, no one will compete for the position of palace master with Lord morningxingtian!"

"Dark star, great dark death formation, fall!"

Kuishan's eyes were full of killing power. He suddenly sacrificed the dark star and fell into an array. A strange dark array appeared on the ground.

By this time, night had fallen completely, and there was darkness around.

However, the array arranged by Kuishan is darker than the night, like a thick ink spreading on the earth.

The hilt of the dark star, just at the core of the array, kept humming.

Click click!

With the completion of the array, the earth shook violently and the soil cracked.

Since ancient times, the corpses buried in the wild animal world, whether cultivators or ancient beasts, have all become active, as if they were inspired by something, rushing towards the dark death formation.

In the blink of an eye, hundreds of white bones completely surrounded Ye Chen and Chi Fei's blood, and the breath of death and darkness filled the air, suffocating.

Ye Chen and Chi Feixue looked at the countless white bones and dead creatures around, and their eyes were slightly constricted, smelling the smell of death.

Hum!

The dark star was still shaking, sending out a strong dark demon gas, calling all the dead within a thousand miles, whether they were bones buried in the ground, or martial artists who had recently died, and even the killers who had just been killed by Chi Fei's blood, all became active and became the existence of dead spirit summoners, surrounded Ye Chen and her.

The Obsidian hilt of the dark star is constantly consuming energy and fading color. Obviously, the cost of summoning so many undead is also huge.

"Evil Xing Tian wants to sacrifice the dark star just to kill me?"

Chi Feixue looked at the white bone monsters around, and her pretty face was moved, saying.

"Yes, Lord Mo Xingtian has studied the array for thousands of years. As long as he can kill you and the Lord of reincarnation, even if he sacrifices the dark star, so what?"

Kuishan showed a cold smile, and then suddenly waved his hand. The thousands of white bone monsters were overwhelming, killing Ye Chen and Chi Fei.

In this wild animal world, there are great beasts of different kinds everywhere.

These beasts, even after falling, still have a terrible smell.

At this moment, with the dark star as the array, Kuishan summoned those dead beasts again.

With the smell of dark stars and even the sea of demons, those beasts that have died and turned into bones are not even weaker than before!

Ye Chen and Chi Fei's blood all felt the boundless pressure.

In the crisis, the two people leaned back to back and stuck closely together.

"Iron Throne, steel field, open!"

Ye Chen held his palm together, and then pressed it down, mobilizing the aura of the iron throne in his body, bringing together wisps of steel breath and turning it into a field.

In this field, the white bone monsters that rushed up one after another were ironed, and then were killed by the ghost sword of Chi Fei's blood and chopped into iron filings.

This scene is very spectacular.

The roar of beasts, the low roar of the dead, the towering of steel, the breaking of sword Qi, the concussion of the law, and the soaring black smoke of the soul devouring beads in the distance, all kinds of sounds and pictures are intertwined and disordered, forming a strange movement.

The fierce battle spread all over the wild animal world.

At this time, many warriors also followed the sound.

They originally wanted to capture the Soul Eater, but now they saw such a spectacular and fierce battle picture, and everyone was completely shocked.

"Is the Lord of reincarnation! Also, the killer of Jimie Palace!"

Cries of surprise rang out.

Seeing the powerful power of the iron throne, the people present recognized Ye Chen's identity.

There is also the dark star, which is clearly a great deity of the vice palace master, evil Xing Tian, in the Jimie Palace!

"Is the ranking of extreme extinction list

Chapter 8073

However, the number of those white bone monsters is too many to kill.

Ye Chen and Chi Feixue killed a batch, and a batch of new monsters, summoned by the dark star, emerged from the ground, which was almost endless.

"No, we must find a way to break the formation! Otherwise, we will be consumed!"

Ye Chen gritted his teeth. If he didn't break the formation, the dark star kept calling the corpses. The battle would never end, and he and Chi Fei's blood would be consumed to death.

"It can't be broken. I promised miss to protect you. I'll block it for you. Go!"

Chi Fei's blood looked at Ye Chen, with determination and sadness in her eyes.

She didn't expect that demon Xingtian was so determined that he was willing to sacrifice the dark star to deal with her.

Under the call of the dark star, bones, monsters, monsters, dense, endless, want to break through the blockade of these monsters, it is almost impossible.

"No, if you want to go, go together!"

"Magic armor guard, come out!"

Ye Chen shouted violently, opened the gourd of heaven and earth, and summoned the magic armor guard.

Boom

The evil spirit is thin and evil.

A torrent of black gas spewed out from the gourd of heaven and earth, and 500 magic armor guards, cold as knives and murderous as swords, fell between heaven and earth.

"A monster without time and space?"

As soon as the magic armor came, Kuishan was surprised. From that head of magic armor, he caught the breath of time and space, and even the breath of the demon star sea.

The warriors around felt the powerful momentum of the magic armor guard, which was also a means of amazing reincarnation. Unexpectedly, even monsters without time and space could be summoned.

"Kill!"

Ye Chen's will burst with a wave.

Five hundred Demon Armor guards, like ruthless killing machines, and like a sharp knife, pierced into the white bone torrent in front of them.

Surrounded by white bone monsters, the formation was immediately overwhelmed by the magic armor guard.

The magic armor guard quickly opened up a channel, pointing directly at the core of the array.

Whew!

Ye Chen's body shot like lightning and rushed towards the core of the array.

"Stop him!"

Kuishan drank wildly, pinched the formula, and urged the evil spirit of the dark star. Around him, a white bone monster and a zombie puppet roared and rushed up, trying to stop Ye Chen's footsteps.

Five hundred magic armor guards vowed to resist to the death, but under the impact of countless monsters around, it was obvious that they could not resist for long, and there was not much time left for ye Chen.

"The god elephant crashed into the sky and was broken by me!"

Ye Chen looked up to the sky and drank wildly. His aura exploded all over, displaying the martial arts of Wu Zu. The divine elephant crashed into the sky!

A bright giant elephant emerged behind Ye Chen.

At this moment, his reincarnation blood was burning, his eyes were torn, and his whole person was like a raging ancient Colossus, which was in a destructive and decadent rush.

Boom!

A white bone monster, a zombie puppet, was forcibly crushed by Ye Chen and turned into bone debris all over the sky.

Finally, with the cooperation of 500 magic armor guards, ye Chen finally broke through many barriers and came to the core of the array!

The hilt of the dark star was inserted above the eye of the array. Countless mysterious and monstrous black gases were constantly diffused, and the breath of death and darkness filled the four directions.

Under the darkness, ye Chen looked at the hilt of the dark star, and felt that the hilt was even darker than the night, as if it condensed all the death and terror in the world.

Ye Chen got close, and even his skin, muscles and bones were eroded by the mysterious magic gas, and began to turn into obsidian.

"What a strong demon gas. Is this the great divine thing?"

Ye Chen's pupils contract, and immediately rotate the reincarnation blood, protect himself and resist the erosion of the dark star.

"Eight Budu formation, destroyed by me!"

At the next moment, ye Chen shouted violently, and the infinite Buddha light exploded in his hand. The array character formula and the eight part futu were mixed and displayed.

Kuishan used the dark star to arrange the dark array. Although it was subtle and mysterious, it was an array anyway.

Ye Chen's attainments in the formation formula were earth shattering. He only glanced at it and mastered the method of breaking the formation.

As long as you use the Buddhist array and the supreme and magnificent power of God and Buddha, you can destroy this dark array!

The rich Buddha light, like the tide, surged out of Ye Chen and began to build the array under the guidance of the array formula.

"Want to break the battle? Stop it!"

When Kuishan saw this, he also felt deep danger. His pupils contracted violently, and he rushed with a step, shooting at Ye Chen, to prevent Ye Chen from breaking the array.

He wants to maintain the operation of the array. If he distracts himself from fighting at this moment, it will consume his own spirit greatly, and may even cause permanent damage.

However, at this juncture, Kuishan can't care so much.

Once broken by Ye Chen, he will be completely ruined!

Although this dark call array is extremely exquisite, looking at the world, there will be no more than ten people who can crack it.

But ye Chen is one of these ten people!

Ye Chen's attainments in array are enough to keep pace with the ancient emperor Yu Huang!

"Blood dragon, stop him!"

Ye Chen's heart called, accompanied by a startling dragon Yin, the blood dragon body emerged.

It is the new spirit of the Iron Throne. Now seeing the great potential of Kuishan, it immediately used the power of the Iron Throne. The dragon shaped body turned into cold steel, showing a cold meaning of metal in the dark.

Hoo!

Kuishan's palm blasted fiercely, breaking the sky and the earth.

"Ten thousand heavenly books, iron throne, ten thousand iron walls!"

Fearless of death, the blood dragon guards in front of Ye Chen, integrating the power of Wanxiang Tianshu and the power of the Iron Throne into a huge steel wall.

On the huge steel wall, the heavenly script characters flickered, and countless dragon totems floated, which was very spectacular.

Bang!

Kuishan hit the huge steel wall with a palm, which burst and shattered it.

The blood dragon's pupil contracted, and immediately also received a huge impact, the scales of his body fell one by one, and his blood swelled.

This Kuishan is worthy of being ranked in the extreme extinction list

Chapter 8074

Boom

With countless Buddha lights and countless great chants, the Buddhist array completely enveloped the four directions and completely submerged the dark array on the ground.

Woo woo

Under the suppression of Ye Chen's Buddhist array, the dark array, the air flow collapsed, sent out a whine, and instantly collapsed.

In the array, the sword handle of the dark star was also submerged by the Buddha light, and then turned into a black streamer, flying into Ye Chen's hands.

Ye Chen held the sword handle of the dark star, as if he had mastered the greatest darkness and death in an instant.

"No!"

When Kuishan saw this scene, he was scared out of his wits.

"Die!"

Ye Chen held the handle of the dark star sword tightly, and his will was passed out. All the white bone monsters and Zombies around him collapsed in a moment, as if they had been crushed by some law force, and all burst into bone debris.

"You guy, you really broke the array..."

Chi Feixue looked at Ye Chen and was deeply shocked.

She never thought that ye Chen could really break the formation, and even captured the dark star. With the power of the law of darkness and death, she crushed all the monsters in the field at one stroke.

"Puff!"

The array was broken, and Kuishan was also seriously backfired. On the spot, he spit out a mouthful of blood, mixed with some internal organs, looking very embarrassed.

"Damn it! I knew that reincarnation was magnificent, and I couldn't deal with it! Damn it, demon Xingtian, why should I be forced to take this task?"

Kuishan was full of resentment and couldn't help shouting curses. He deeply felt Ye Chen's terror and directly broke the defense.

At the moment, ye Chen is full of Buddha light, and there are circles of halos behind him. In his hands, he is holding the sword handle of darkness and death. The perfect blend of Buddha and devil makes him look like the Supreme God.

Kuishan was completely desperate. Knowing that he could not resist reincarnation and had no heart for war, he quickly turned around and ran away.

"Sword eight, kill the heart without trace!"

Ye Chen looked silent, the dark star demon gas condensed, and the sword body popped out of the hilt. With a touch of dark sword gas, he cut silently towards Kuishan.

This is the one who cut the sky nine swords

Chapter 8075

But this battle was extremely dangerous after all. Ye Chen still had lingering palpitations when he recalled it.

"Duobao emperor and feather emperor want to kill me together!"

Ye Chen gritted his teeth and peeped at the figure of Duobao Tianjun behind him.

The ancient emperor Yu Huang went to Jimie palace and entrusted the task. There was also the meaning of Duobao emperor behind it.

Duobao Tianjun not only wants to kill Ye Chen, but also wants to recapture Chi Feixue and force him to find out the whereabouts of Tianjun Fengshen tablet.

And Jimie palace wanted to kill Chi Fei's blood, which was the order of another vice palace master, demon Xingtian.

As long as Chi Fei's blood died, the ancestor behind the Jimie palace had no choice but to pass the mantle to the devil Xingtian. This was his plan, so there was no need to take great pains to find the tablet of the emperor of heaven.

Ye Chen looked at Chi Fei's blood and passed his will.

In an instant, Chi Feixue also knew everything, and a trace of consternation passed in her eyes.

Obviously, she didn't expect that the soul eating bead was born today, but it was actually a bait, which was the layout of the Emperor Yu, the emperor Duobao, the demon Xingtian and others.

If ye Chen hadn't been powerful, she and ye Chen might have died here today!

"Seize the Soul Eater! Grab it!"

At this time, the martial artists around shouted and rushed to the Soul Eater.

They did not know the plot of the ancient emperor Yu Huang, the emperor Duobao and the jemie palace, but only knew that the birth of the soul devouring Pearl was a great opportunity to seize it.

Ye Chen and Chi Fei's blood consumed a lot in the battle just now. If they really compete, they may not be able to rob the people around them.

"Go!"

Ye Chen's eyes were cold, and he first got the moon near the water tower. He grabbed the soul devouring bead in the sky in his hand, and then took Chi Fei's blood, put away the magic armor guard, and ran away quickly with the blood dragon.

"Hurry up, hurry up!"

"Don't let the Lord of reincarnation run away!"

"Kill him and divide up the treasure of reincarnation!"

All the fighters shouted one after another, United and chased Ye Chen.

They all saw that ye Chen and Chi Fei consumed a lot of blood, which was a good time to rob and kill them.

Once Ye Chen is killed, it is not only the Soul Eater, but also many treasures of reincarnation are theirs.

Ye Chen gritted his teeth. Unexpectedly, he solved the killer of Jimie Palace, but he was chased by a group of unknown people. If he accidentally capsized in the gutter, he would be really wronged.

But at this time, ye Chen also had no intention of fighting. With Chi Fei's blood, Yulong fled quickly.

Then, the martial artists behind him were relentless in their pursuit and did not mean to give up.

Because they all see it, this is a perfect time to rob and kill reincarnation.

Ye Chen saw something bad, took a deep breath, mobilized the remaining aura in his body, summoned a sword, and shouted:

"Sword of judgment, suppress it!"

This sword, with bright light and silver brilliance, is the sword of judgment that ye Chen collected.

The aura of the sword of judgment has been exhausted, but ye Chen has the heart of the universe and can energize the nonexistent artifact.

The heart of the universe, there are still three charging opportunities, ye Chen at the moment at all costs, directly use.

With the charge of the heart of the universe, the sword of judgment burst into the fiercest glory, and the sword light bloomed in circles, as if the judgment of the end of the heavens had come.

Hiss hiss!

Thousands of judgment swords, with the divine power of no artifact, broke through the void and chopped out.

Behind them, many martial pursuers were slashed by the sword of justice, screamed, and broken bodies fell from the air.

The divine light of judgment filled the sky and illuminated the night sky, which was shocking.

Those surviving pursuers, feeling the power of the sword of judgment, dared not chase any more.

They deeply understand that even if samsara is down, it is not something they can deal with!

Ye Chen got rid of the pursuers and finally left the wild beast star safely, but his aura consumption was too large, his head was buzzing, and he was very weak.

At this time, in the void of Tianwaitian, several people in black came flying.

Ye Chen felt a chill in his heart and thought, "is there still a pursuer?"

But seeing those people in black, there was no murderous spirit on them. It seemed that they were friends rather than enemies. Ye Chen was a little calm.

The men in black flew to Ye Chen, and the first one arched his hands and said:

"Lord Ye, Lord Fei Xue, at the order of Miss, the villain comes to invite you to take a rest in Wanhua villa."

Ye Chenxi said, "is it a fairy girl?"

The man said, "yes, miss, please go to Wanhua villa to have a rest. Lord Ye, you can also visit Binghuang tiannv."

Ye Chen was overjoyed and immediately followed the men in black, tearing the void and leaving.

Soon, ye Chen came to a familiar and strange world.

This world is the world where the purple fairy palace is located. It has no name. The outside world is generally called the moral heaven.

Because the moral God is the absolute master of this world!

Ye Chen could see the floating palaces in the sky from a distance. It was the Mountain Gate of Zihuang fairy palace, but it was far away.

In front of us is a huge and fertile manor, with bursts of flower fragrance coming from the manor.

On the nameplate of the manor, there are three words "Wanhua Manor".

This Wanhua village is

Chapter 8076

The man in Black said, "the ice Phoenix tiannv has the protection of the flower of hope, and has no worries about her life for the time being, but she still needs the red flame nature pill to treat her injury."

Ye Chen nodded slightly and said, "I know."

The red flame nature pill can only win the supreme merit

Chapter 8077

In terms of cultivation, he can't compare with demon Xingtian.

But ye Chen was not afraid of anyone about the power of the spirit.

Boom!

Under the impact of reincarnation holy soul day, the magic mark in the hilt of the sword suddenly collapsed, like the snow on the stove, all at once melted away.

As soon as the brand of demon road was broken, ye Chen's spirit of Qi and blood established a wonderful connection with the sword handle of the dark star.

Through this hilt, ye Chen pushed back the secret of heaven and saw the picture of the demon star sea.

He saw Sun Yi again, huddled in a corner alone, surrounded by endless death and darkness.

Ye Chen's heart vibrated and he cherished it. He gathered his thoughts into a line, passed them on, and called, "Sun Yi, can you hear my voice?"

Sunyi in the dark, her body trembled for a moment, and seemed to feel something. She looked up and looked around, but there was only darkness around. She lowered her head in disappointment and looked depressed.

Ye Chen saw this scene, anxious and distressed.

Although his spirit will is strong, it is obviously impossible for him to break through the limitations of the real world and transfer it to the non space and time.

"Sunyi, wait for me, I will save you out!"

Ye Chen bit his teeth and secretly made up his mind.

The mysterious picture dissipated, and ye Chen didn't lose his soul this time, because he had a firm determination.

No matter what the future is, he will go on firmly!

After refining the dark star, ye Chen's cultivation improved a little, but it was still five layers of heaven in the hundred flail realm, which was still quite far away from the six layers of heaven.

Ye Chen offered the soul devouring bead, and his eyes fell on the bead.

This soul eating bead is obviously dug out of Mo Caidie's body. It is excellent in appearance and full of vitality.

When ye Chen held it in his hand, he felt a little tear like pain in his soul.

This soul eating bead, the effect of eroding the soul, is extremely fierce.

"I don't know if the butterfly is dead or alive now..."

Ye Chen thought of Mo Caidie, and then shook his head. He didn't care whether the woman was dead or alive.

At that moment, ye Chen offered the holy cup of human slaughter and inlaid this soul devouring bead.

He has already had the experience of refining soul devouring beads, so this time, it is natural and smooth.

Under the operation of Bing Zi Jue, ye Chen fused the two soul eating beads on the cup wall.

Two soul devouring beads are fused into one, with incomparable energy. Coupled with the divine power of the human butcher holy cup, the power completely erupts, enough to kill the strong in the early stage of ordinary immeasurable realm!

"Very good. I've got two of the four pieces of soul eating beads."

Ye Chen nodded with satisfaction. After getting this soul devouring bead, his cultivation advanced again. At this time, he could see the threshold of the six storey sky in the Baijia realm, which was originally very far away.

The soul devouring bead dug out from Mo Caidie is the largest of the four pieces. The energy is extremely terrible, not to mention refining. Even it is a little difficult to contain.

In order to contain this soul devouring bead, the original wanxu Temple created Mo Caidie as a container from the dream world.

Fortunately, someone in Ye Chen slaughtered the holy cup. There is no more suitable container than this, which can easily contain soul devouring beads.

Moreover, his reincarnation blood was strong, and after successfully refining the soul devouring beads, he did not suffer any backfire.

At present, ye Chen is meditating and recuperating, and tries to integrate the breath of soul devouring beads and dark stars with his own blood, so as to exert greater power.

.....

At the same time, a dark figure, silently, came to the ruins outside the jimie palace.

This figure is Chi Fei's blood!

Soon after Chi Fei's blood came down, another dark shadow came quietly to the ruins.

That is a man in black.

"Imperial concubine blood adult!"

The man in black looked respectful and bowed to Chi Feixue, who was the confidant of Chi Feixue.

Chi Feixue nodded gently and said, "mandrill, have you brought my things?"

The man named Luo mandrill took out a scroll and said, "here you are."

He slowly unfolded the scroll. On the scroll, he saw a landscape painting of Xiaomei in the mountain garden. In a deep mountain garden, there was a plum blossom with all kinds of emotions. But the most interesting thing in the picture was not the plum blossom, but a moon hanging in the sky. It was a yellow moon, with hazy light and shadow, shining on the plum blossom in the mountain garden, which was very poetic.

It's really: the thin shadow slants horizontally, the water is light, and the faint fragrance floats in the moonlight at dusk!

The great deity of Chi Fei's blood, the dusk moon, is in this scroll.

"Very good!"

Seeing the dusk moon, Chi Feixue was so happy that she wanted to take the scroll.

But at this time, on the corner of Luo mandrill's mouth, a cold smile was sketched, and the killing machine emerged.

He unfolded the scroll to the end, but at the end of the scroll, there was a dagger hidden!

This time, Chi Fei's blood changed greatly.

"Lord Fei Xue, sorry, I'm sorry."

Luo mandrill smiled coldly, suddenly holding a dagger and stabbed at Chi Fei's blood heart.

"You betrayed me?"

Chi Fei's blood face was distorted.

Luo mandrill sneered and said nothing. The dagger was shining with a blue cold light. It was obviously poisoned, and a knife pierced Chi Fei's heart.

However, Chi Fei's blood heart was punctured, but no blood flowed out.

Luo mandrill didn't feel any flesh and blood, only phantom emptiness, as if stabbed in the air.

The body of Chi Fei's blood twisted and collapsed at this moment. It turned out that it was really just an illusion.

"Luo mandrill, have you taken refuge in demon Xingtian?"

A cold voice sounded.

In the shadow of the corner of the ruins, a graceful and moving figure in black was pulled out from nothing, which was the real body of Chi Fei's blood.

Chi Feixue's eyes were filled with deep disappointment.

She had expected that her confidant might betray.

But when she witnessed the fact of the rebellion, she was still extremely disappointed and weak in her heart.

I have been imprisoned by Duobao Tianjun for thousands of years. I think all my confidants under the influence of Jimie Palace in those years have been bought and killed by demon Xingtian.

This Luo mandrill is her most trusted confidant. Even he betrayed, let alone others.

"Lord Fei Xue, let me explain..."

Luo mandrill looked at Chi Fei's cold eyes, completely panicked, and her voice trembled.

Hiss!

However, Chi Feixue didn't give him a chance to explain.

A cold ghost sword cut the mandrill's throat.

The power of Chi Fei's blood was handled properly, just enough to harvest the life and soul of the mandrill, without wasting a little extra.

Because she knew that she had to keep her strength and escape from here.

Patter.

Luo mandrill died, and the picture scroll of the evening moon also fell to the ground.

Chi Feixue was trying to take the scroll away, but a black breath, with strong oppression, fell down from the sky, making her breathing almost suffocated, and her movements also stopped stiffly.

Chapter 8078

"Chi Fei's blood, it's been ten thousand years. Hey, you're still like a goblin. It's mouth watering."

Lengjun sounded with a trace of lust.

A man wearing a ghost mask appeared in front of Chi Feixue, looking at her face, chest and figure.

Chi Fei's pretty face sank and said, "demon Xingtian, it's you."

The ghost faced man demonized heaven and said, "I didn't expect you to be so stupid that you dared to come back to jimie palace and die."

Chi Feixue's Qi machine was locked, and she felt that there was a huge gap between her cultivation and demon Xingtian!

Obviously, in these ten thousand years, although her cultivation has not retreated, but morningxingtian has made progress, so the two have opened a huge gap.

"You were the one who plotted against me?"

Chi Fei asked coldly.

At that time, she was about to win the ranking in the Taishang merit war, but she was finally plotted and finally captured by Duobao Tianjun.

Now, seeing demon Xingtian, faintly, Chi Feixue has felt the truth of that year, that is, demon Xingtian is behind it!

"It's me."

Demon Xingtian stood with his hands in his hands, and frankly admitted it.

"How much did the emperor of Duobao give you?"

Chi Fei's blood path.

"No, he didn't give me any benefits. I took the initiative to help him."

"Hey hey, as long as you die, my grandfather has no choice, and naturally he will pass on the mantle to me."

Demon Xingtian laughed.

"Have you inherited the mantle of your ancestors?"

Chi Fei's blood was indifferent.

Demon Xingtian's expression changed slightly, and then he laughed and said, "when I kill you today, Lao Zu determines that you are dead, he will naturally pass on the mantle to me. Don't worry, before you die, I will let you enjoy this bliss in the world!"

Chi Feixue said coldly, "although I'm not your enemy, you can't stop me if I want to go!"

The voice fell, and Chi Fei's blood almost didn't hesitate, immediately turned into a phantom, turned and flew away.

She dares to come to Jimie Palace today, for one thing, to get back the gods, and for the other, to understand the truth of that year.

She is not stupid to die, but has enough confidence in her strength.

She is a strong person at her level, and she is also a killer who is proficient in sneaking evasion. If she wants to leave, no one in Jimie Palace can stop her, not even demon Xingtian.

Demon Xingtian only felt that with a flower in his eyes, the figure of Chi Fei's blood had disappeared in place, but the breath was scattered all around. Every shadow might hide her figure, and her evasion was so clever that it was impossible to capture.

"Hahaha, Chi Feixue, if I use realistic means, I really can't catch you, but what about the means of dreams?"

Devil Xing Tian didn't care. He looked up and laughed. With his palm pressed, a mysterious smell of dream magic quickly enveloped the earth thousands of miles around.

Boom!

The real world is distorted and finally turned into a dream, even a dream based on the energy of the demon star sea.

The vast and dark sea of demons and stars covers the earth thousands of miles away.

No one can escape under the cover of the demon star sea.

The figure of Chi Fei's blood sneaking and flying away was suddenly exposed under the impact of the demon star sea.

She floated over the magic sea and looked at the dark and red water below, as well as countless white bones and corpses in the water, which made her hair stand on end.

Although it was a dream, this dream was a little too real, as if it was a real sea of demons and stars that came to her eyes.

"Dream magic? Where did you learn it? Mo Caidie was killed by you?"

Chi Fei's blood felt this almost real dream, and her heart was very moved.

In this world, the only person who can master such a powerful dream secret method is the great dream emperor of wanxu, Mo Caidie.

Mo Caidie has been used as a bargaining chip by wanxu and handed over to jimie palace. All the soul devouring beads in her body have been dug out. It is likely that her people have died, and the dream magic is also inherited by Mo Xingtian.

Chi Feixue guessed like this.

"Hey, hey, don't worry about this. Anyway, you can't run away today."

Demon Xingtian just sneered and didn't answer positively.

Boom!

Then, with a wave of magic Xing Tian's big hand, the whole sky magic star sea was boiling, exploding water tornadoes, roaring and exploding, like huge dark Python dragons, attacking and killing Chi Fei's blood.

In this dream world, he is invincible.

Chi Feixue's cultivation was not as good as him. Now he is trapped in the dream world, and the gap is even greater.

Boom!

Thousands of water tornadoes came, smashing the void and erasing the law, with great momentum.

Chi Fei's blood could not escape or resist. She was hit by many waterspouts, and immediately vomited blood, cracked her bones, and was seriously injured on the spot.

"Beg for mercy. If you are willing to bow your head and beg for mercy from me, hey hey, I may be able to make you suffer less."

Demon Xingtian smiled darkly, and he expected Chi Feixue to bow to him.

"Dream!"

With a bite of Chi Fei's blood and silver teeth, her eyes were extremely cold, and she didn't give in at all. She waved her sword like a ghost and stabbed at the demon Xingtian, and the demon gas on the sword burst.

"Hahaha, don't dream. This is the dream. I'm the absolute master!"

Demon Xingtian looked up and laughed, looking at Chi Feixue's sword stabbing, and didn't do any dodging at all.

Zheng!

Chi Fei's blood stabbed demon Xingtian's body with a fierce sword, but it seemed to hit the iron wall ten thousand times harder than the Iron Throne. Her sword clicked and smashed on the spot.

And the devil Xingtian, who was not hurt at all, was still suspended in place like a mountain.

Chapter 8079

"Hahaha, in this dream, I am invincible. Don't mention you. Even if Ren Feifan comes, he can't hurt me!"

Evil Xing Tian laughed, bent his fingers, and a burst of energy shot out. Chi Fei's blood charming body was hit and flew, and fell into the sea of magic stars, splashing thousands of feet of spray.

Demon Xingtian was so happy that he wanted to get Chi Fei's blood out.

He thought that Chi Fei's blood at this time had been seriously injured, and he could do whatever he wanted and ravage it to his heart's content.

Hum!

But at this time, in the sky above the dream of the demon star sea, the golden light spurted, the Fairy Light rushed to the sky, and a huge scorching sun appeared.

No, to be exact, it's not a scorching sun, but a huge golden wheel.

Tiandi Golden Wheel!

"Emperor of heaven's golden wheel? Ren Feifan!?"

As soon as Mo Xingtian saw the emperor's golden wheel, he was immediately scared out of his wits.

That day, the emperor's golden wheel, hazy, was obviously not the body, but just a projection.

But even if it was just a projection, morningxingtian looked at it and felt the monstrous terror and pressure.

As if everything in the world, nothing can resist the majesty of the Golden Wheel of the emperor of heaven. No matter what exists, as long as it is illuminated by the Golden Wheel of the emperor of heaven, it will turn into fly ash.

Demon Xingtian was completely stunned. He didn't expect how the extraordinary Golden Wheel of the emperor of heaven could be projected into his dream world.

He desperately urged the magic method, trying to drown the emperor's golden wheel that day by relying on the power of dreams and the smell of the demon star sea.

However, his technique seemed to be out of order and had no effect at all.

Hiss hiss!

The Golden Wheel of the emperor of heaven shines with endless golden light, brilliant and bright, completely evaporating wisps of smoke from the sea of demons and stars in the dream.

The demon star sea dried up, and the laws of the dream world began to collapse and rumble.

Chi Fei's blood in the sea woke up and stared at the Golden Wheel of the scorching sun in the sky.

Under the light of the Golden Wheel of the emperor of heaven, her injury recovered slightly, and her vitality also recovered a little. She immediately flew up against the wind and flew towards the sun.

Demon Xingtian wanted to resist, but under the pressure of the Golden Wheel of the emperor of heaven, he couldn't stop shaking all over. Where could he resist?

Chi Fei's blood flew over the Golden Wheel of the emperor of heaven, as if it had passed through countless spaces, countless time and space, and countless barriers.

Finally, at the end of time and space, she saw a natural and unrestrained young figure with a wisp of white hair floating in front of her forehead. It was Ren Feifan.

"The Heavenly Emperor of Ren family, the patron saint of reincarnation, and the Immortal Emperor Ren extraordinary!"

Chi Feixue saw Ren Feifei's figure and was shocked beyond measure.

"Are you all right? I was entrusted by an old friend to save you."

Ren extraordinary's voice said faintly.

Chi Fei's blood body trembled, thinking that it must be ye Chen who helped, and called Ren Feifan to come to the rescue. Her heart was immediately moved and grateful: "the guy said that he didn't care about me, and finally sent someone to save me..."

But she didn't know that ye Chen didn't know it at all. Ren Feifan's arrival had nothing to do with Ye Chen.

"You are injured. Go back. Ye Chen is proficient in healing. He can save you."

Ren Feifan glanced at Chi Fei's blood and said.

"Extraordinary Immortal Emperor, can't you save me?"

Chi Fei asked subconsciously.

Ren Feifan was silent for a moment, and then he said quite calmly: "I won't make a move easily, otherwise it may cause the attention of higher-level forces. This game of chess, the camp of reincarnation is not as high-profile as Yu Huang, and we must be careful."

Chi Feixue said, "then this time..."

Ren Feifan said, "this time, it's because of the entrustment of my old friend, and I calculate that you are in danger. It happens to be in the dream world, and it won't disturb the reality, otherwise I won't save you."

The words were quite cold, but Chi Feixue was still grateful.

If there was no Ren extraordinary, she might really fall into the hands of demon Xingtian today.

"Let's go."

Ren Feifan didn't talk nonsense, broke through the void, directly took Chi Fei's blood, returned to the moral heaven, and returned to Wanhua villa.

It was not even dark when they came back.

It was only a half day from Chi Feixue's departure to her return.

Ye Chen saw Chi Fei's blood coming back from the injury, and even followed Ren Feifan around him, so he couldn't help but be surprised.

"Senior Ren!"

Ye Chen called and exchanged his eyes with Ren Feifan. Suddenly, he knew everything.

"Demon Xingtian actually mastered the means of dreams, which is tricky."

Ye Chen frowned slightly.

The dream secret skill originally belonging to Mo Caidie was actually passed on to demon Xingtian.

And demon Xingtian is the deputy leader of Jimie palace.

Ye Chen was chased by Jimie palace, and the strength of the other party increased. Naturally, it was not what he wanted to see.

Ren Feifan looked always calm, pointed to Chi Feixue, and said to Ye Chen, "you treat her first. I can help you solve your problems."

Ye Chen said, "elder Ren, do you want to do it yourself?"

After getting the Golden Wheel of the emperor of heaven, Ren Feifan is extremely powerful. If he takes action, all troubles can be solved.

However, because Ren extraordinary's strength is too strong, his every move may attract the attention of higher-level forces. He will never show up easily at ordinary times. At this time, he said that he would take action personally to solve problems for Ye Chen, which really surprised Ye Chen.

Ren Feifan nodded gently and said, "well, my action this time is entrusted by an old friend. In fact, the main purpose is to destroy the plan of Duobao Tianjun."

Ye Chen said, "that old friend is..."

Ren Feifan smiled mysteriously and said, "when you participate in the Taishang merit war in the future, you will naturally know."

Ye Chen was very surprised. He didn't know who Ren Feifan's friend was, but it was actually related to the supreme meritorious war.

Ren Feifan said, "take a day off, and I'll take you to kill Jimie Palace tomorrow morning."

These words were calm and indifferent, but Ye Chen and Chi Feixue heard in their ears, which was like hearing thunder.

Ren Feifan's way to solve the trouble is to kill Jimie Palace directly.

Can it be said that he wants to crush the Jimie Palace in one fell swoop with a domineering posture?

Thinking of this, Ye Chen couldn't help taking a breath.

Chi Feixue was also in a daze. She used to be the killer of Jimie Palace. Naturally, she knew the horror of Jimie Palace. Ren Feifan wanted to commit suicide on Jimie Palace. In her eyes, it was undoubtedly death.

But looking at Ren Feifan's indifferent posture, it seems that there is no place in the world that can stop his edge.

Chi Fei's heart shook too much, affecting the injury, and her delicate body shook and almost fainted.

"Miss Chi..."

Ye Chen took a step forward, held Chi Feixue, and saw that she was seriously injured. Fortunately, she didn't hurt her muscles and bones. With Ye Chen's means, she can be treated completely.

At that moment, Ye Chen held the hand of Chi Fei's blood, and showed the eight trigrams heaven elixir and the celestial Koi copy. Strands of blue divine light, as well as the light of celestial Koi, flowed into Chi Fei's blood along Ye Chen's palm.
