

## Physician 8091

### Chapter 8091

From Guichen's body, they saw the shadow of demon Zu Wutian, the same fierce and fierce, and younger.

Ren Feifan, ye Yishen, Wu Yao and others were also in a hurry to see ye Chen's insistence on fighting alone.

But now they are not convenient to intervene. After all, there is a seal in the magic star sea that day. Once they intervene, not only Guichen will be affected, but also ye Chen will be backfired.

The demon emperor and Yuchi Yao at the wedding also secretly worried about GUI Chen's sharp momentum.

Today is a great day for them to get married. They don't want to see blood.

If ye Chen falls, the wedding will become a funeral.

Xia Ruoxue, Wei Ying, shanrou, Yunjin and other women were also very nervous watching.

On the demon star sea, the waves are rough. Under the momentum of returning to dust, the whole demon star sea is almost boiling. The huge waves are thousands of feet, and the waves are heavy, which is very spectacular.

"The devil has no palm!"

GUI Chen waved a palm, not the slightest fancy, only pure ferocity and ferocity. The rolling magic gas exploded in the palm, and the magic gas gathered into all kinds of strange and twisted strange totems, and blasted Ye Chen's head fiercely.

"Blood dragon, come out!"

Ye Chen saw that Guichen's palm was fierce, and his breathing was also a burst of suffocation. The feeling of spiritual stagnation was even stronger.

He immediately turned his reincarnation blood, and there was a faint golden light blooming on his body, resisting the pressure of the demon Xinghai and Guichen, and calling the blood dragon out at the same time.

Roar!

With a startling dragon sing, the huge body of the blood dragon emerged with the smell of blood and steel.

Ye Chen and blood dragon, one by one, immediately fused perfectly.

"Daqian Chonglou palm!"

Ye Chen shouted violently, and the steel and blood dragons wrapped around his right arm, and his muscles exploded. He slapped out with his palm, and directly used the nine heaven magic ranking

Chapter 8092

Under the explosion of magic gas, in the void around Guichen, a twisted monster sprang up, whistling, surrounded by Guichen, like the stars and the moon.

In this scene, countless monsters are distorted, and the body of Guichen is like a demon king. The tide of demons and the sea surges, mixed with many white bones. The weather is very ferocious. Ordinary people, not to mention being in it, even look at it, and their hearts tremble.

GUI Chen was not affected at all. He always kept a cool head and obviously could absolutely control the power of the demon Xinghai.

The combination of Buddha and devil, his demonic nature, resonates with the sky demon Xinghai, but his Buddha heart can remain rational and always sober.

This is undoubtedly a very terrible opponent.

Ye Chen saw that the ferocious demon tide, mixed with countless monsters, attacked and killed, and his breath immediately choked, and he just felt that he was going to be drowned and die.

"Lord of reincarnation, use the boat of sin!"

In danger, ye Chen heard a call.

That is the call of the king of all living beings, the Buddha of truth.

Truth Buddha's eyes are very vicious. Seeing the unfavorable situation, he can see at a glance that the key to breaking the situation is the boat of sin.

Ye Chen heard the call of the Buddha. Faintly, he seemed to hear the great teachings. In an instant, he came to realize it and immediately summoned the boat of sin.

Previously, ye Chen had exhausted the aura of the sin boat when he broke the array in the sea world. Fortunately, his cosmic heart still had two opportunities to recharge.

"The boat of sin, fall!"

Ye Chen reacted very quickly and immediately filled the energy of the boat of sin with the crystal stone of the heart of the universe.

The boat of sin, which had lost its light, regained its ferocious, terrible and dark appearance.

The huge ship full of white bones and skeletons fell on the sky demon star sea, which was a perfect integration with the sky demon star sea.

Boom!

The dust wrapped in the surging tide attacked, but it could not shake the boat of sin.

Ye Chen stood on the deck of the boat of sin, like a javelin.

"It's useless, brother Ye. Even if you have artifact or not, I'm the absolute master in the demon star sea. Even if your emperor's holy knife is restricted, you can't beat me."

GUI Chen saw the boat of sin, and his expression was still indifferent. After several battles just now, he had determined that he would win on this demon star sea, and ye Chen was not his enemy anyway.

Ye Chen saw GUI Chen's confident posture, but his face was calm. He smiled and asked, "by the way, I suddenly want to ask you, what are your shackles?"

GUI Chen was stunned when he heard Ye Chen's question: "shackles?"

Ye Chen said, "yes, you have cut off 99 shackles. Looking at the world, you are second only to me. But you haven't cut off the last shackle of your heart. What is the shackle of your heart?"

This question, but will return to dust asked, he completely stunned in situ.

After he cut the yoke 99, he didn't think about what his last yoke was.

Now hearing Ye Chen's question, he immediately fell into a huge void and confusion.

"Yes, what are my shackles?"

GUI Chen's eyes seemed to be covered with fog, a blank.

All hearts have chains.

But at this moment, Guichen doesn't know what his shackles are, whether he misses the past, fears the future, or the possible disappearance of self-consciousness after merging with the magic ancestor Wutian.

Of course, it is great to cut meat and feed eagles, but after all, it is to sacrifice yourself. In the face of the terrible problem of death, no matter how naive, innocent, or ignorant, people can smell the terrible consequences and despair behind these two words.

Therefore, when ye Chen asked what his shackles were, GUI Chen was completely stunned and didn't know how to answer.

"Master Guichen, don't be confused by the enemy!"

At the edge of the demon star sea, the several sword sect elders who pressed the array changed their looks and shouted hurriedly.

In the midst of the battle, ye Chen suddenly asked about the shackles of the heart. This was an attack plan, but it happened that they fell into the plan, and they were naturally extremely anxious.

"You want to know the answer, come here!"

Under the combination of Ye Chen and the blood dragon, the palm turned into a dragon's claw, grabbed it in the air, and a stream of air caught Guichen, pulling him to the boat of sin.

The boat of sin can see the sins of the human heart.

When he boarded the boat of sin, Guichen woke up like a dream and instantly woke up.

"Brother ye, you lied to me?"

GUI Chen stood on the boat and felt that all kinds of evil smells were constantly invading. His heart of Tao also began to shake and even was on the verge of collapse.

Although he was simple, he was not stupid. He had seen that ye Chen's question was actually offensive.

Ye Chen smiled. He had just been able to raise this question. Thanks for the teachings of the Buddha of truth.

The Buddha of truth has seen in the dark that the key to breaking the situation is to break the Tao heart of returning to dust and pull him onto the boat of sin.

Buddha's insight into human nature is extremely acute.

"I didn't lie to you, I just asked you, what are your shackles? If you are unstable, how can you blame me for being exposed by me?"

Ye Chen stared at Guichen with sharp eyes and said, "your shackles are the fear of death. Although you cut your flesh and feed the eagle, you are afraid to die anyway."

"Your fear of death also resonates smoothly with the demon star sea, because this demon star sea is the symbol of darkness and death!"

Chapter 8093

Ye Chen was as open as a flame. The moment GUI Chen boarded the ship, he knew that the biggest shackle of GUI Chen was actually the fear of death.

"No..."

GUI Chen was a little flustered. In danger, he raised the white bone sword and stabbed at Ye Chen.

However, the boat of sin is very special, and it is also equivalent to a unique field.

In the boat of sin, it is no longer Guichen, but ye Chen, who occupies the advantage of geographical advantage and Qi luck!

Ye Chen saw that Gui Chen stabbed with a sword. He easily raised his palm, grabbed the blade of his sword, completely grasped it, and said, "I know death is terrible, but don't worry, today I will let you die without pain. If I ascend to the top of reincarnation in the future, I will even revive you."

With that, ye Chen suddenly forced his palm, and with a click, shook GUI Chen's white bone sword to pieces, and then slapped it again, hitting GUI Chen's head.

Today's decisive battle is a battle of life and death, and ye Chen will not leave his hand.

Today's Guichen has fused one left arm, legs and eyes of Mozu Wutian. Killing him is equivalent to cutting off all hopes of Mozu Wutian in the future, and the latter has only the end of decay and fall.

Moreover, killing Guichen can also devour his orthodoxy, so as to control the power of part of the demon star sea. Even the spiritual soul can break through the limitations of the real world, go to the real demon star sea in wuwuwu time and space, and contact Sun Yi.

This is undoubtedly a great temptation for ye Chen, and he can't miss it.

In his heart, Sun Yi's position is much more important than returning to dust.

Today's return to the dust, Tao's heart is shaking, and ye Chen has an advantage in the boat of sin, which is enough to kill him with one palm and won't make him suffer.

"No! Don't kill me!"

GUI Chen shouted, and in panic, he flashed, trying to escape from the boat of sin.

His shackles have been pointed out, that is, the fear of death, which is man's initial fear, and has become his strongest shackles now.

Facing Ye Chen's death threat, GUI Chen only panicked and wanted to escape.

However, ye Chen didn't mean to leave his hand. His palm was like a maggot of tarsal bone, and he wanted to end the dust with one palm.

"No! The young master is going to have an accident!"

Those sword sect elders, seeing this scene, their faces changed wildly, and they felt bad at once.

In an instant, they tore the void and rushed to the boat of sin fearlessly.

Bang!

Ye Chen slapped out, but did not kill GUI Chen, but was blocked by an elder.

The elder's bones and flesh suddenly burst to pieces and became a corpse.

"Elder Zhang!"

GUI Chen screamed. Seeing that the elder's death was so tragic, his fear of death was also extremely strong, and he shivered.

If ye Chen slapped him on the head just now, he might be dead.

"Young master, you go back first, and we'll stop the Lord of reincarnation!"

The elders hurriedly tore the void together, tore out a space channel, and pushed GUI Chen in.

However, on the boat of sin, even the space law became sluggish and solidified, and they failed to immediately send the dust away, and the latter still stood rigidly in the space channel.

"Return to dust, today we decide to die, why do you want to escape?"

Ye Chen looked indifferent, suddenly offered the holy cup of human slaughter, looked at Guichen, and looked at many elders, and said, "you all stay!"

The voice fell, ye Chen urged people to kill the holy cup, and the terrible murderous gas and blood gas exploded.

In an instant, the Holy Grail of human slaughter seemed to turn into a whirlpool of darkness and terror, sending out extremely terrible suction to devour people.

The two elders closest to Ye Chen were immediately devoured by the holy cup of slaughter and screamed. The blood and soul were all turned into the nourishment of Ye Chen.

GUI Chen also felt that his Qi and blood were constantly sucked out of his body and poured into the Holy Grail of human slaughter.

That man's butcher holy cup, inlaid with soul eating beads, can not only devour people's blood, but also devour people's souls!

Guichen felt an unprecedented panic, and the fear of death was overwhelming.

There were three remaining Jianmen elders. They looked determined and shouted, "master Guichen, let's go!"

The words fell, and they were all making fingerprints, and their blood expanded, and then with a bang, they burst in front of Ye Chen!

It was the explosion of the immeasurable powerful, and the violent air waves made the boat of sin shake violently.

Ye Chen's face suddenly changed. Under the impact of the explosion, he couldn't help but retreat and drive away. If it weren't for the protection of the boat of sin, he might have been injured.

Under the impact of the explosion, the human butcher holy cup was affected and shook.

Guichen immediately felt that the power of phagocytosis had disappeared. He hurriedly broke the void, completely fled, and disappeared with the demon Xinghai.

The sky demon star sea disappeared, and the dark clouds scattered, but the heaven and earth did not recover their light, because the boat of sin was still floating in the sky, and the self explosion of those sword sect elders, mushroom cloud like blood red smoke, filled the heaven and earth, which was very spectacular.

Ren Feifan, ye Yishen, Wu Yao

Chapter 8094

The boat of evil is full of evil spirit, but with Wu Yao, Ren Feifan and other strong people here, it will naturally not affect anything.

"I'm fine."

Ye Chen smiled and touched Wu Yao's hair, but her heart moved, so that the evil spirit of the sin boat completely disappeared, and even put on the holy atmosphere copied by the fairy Koi, which was regarded as the wedding blessing for the demon emperor.

"Ye Chen, thank you very much. If it weren't for you, my wedding today would probably be destroyed by Jianmen."

The demon emperor looked at Ye Chen and said with a smile.

Ye Chen also smiled and said, "if it weren't for me, the people of Jianmen would be suppressed by sister Wu Yao as soon as they dare to come." While talking, he touched Wu Yao's hair. Now that the battle is over, he has also gained a lot, and his mood is very relaxed.

Ren Feifan said in a deep voice: "the devil Zu wudian dares to send GUI Chen alone. It is estimated that he expected that you will fight alone, and no one else can intervene. But anyway, this time is too dangerous, and next time, you can't fool around!"

Ye Chen was a little lucky to win this time.

If GUI Chen's Taoist heart is a little stronger, not affected by Ye Chen and not dragged into the boat of sin, it's hard to say who will win.

Ye Chen said, "master Ren, I know. Sorry to worry you..."

In fact, ye Chen ventured to fight alone for Sun Yi.

But think about it carefully. Although Sun Yi is extremely important, it is also very unfair for others to ignore the overall safety of the reincarnation camp because of her.

Ye evil god stroked his beard and said with a smile, "don't quarrel. Today is the happy day of the demon emperor. Since the danger has been solved, let's continue to play and dance!"

Chapter 8095

When Guichen heard this, his body trembled violently again, his face was pale, and he said, "but, Lao Zu, i... I really can't face it..."

Mo Zu wudian nodded and said, "I know that the fear of death is the greatest fear in the world. There is no more terrible existence than this. Therefore, in a sense, the shackles of your heart are stronger than reincarnation and difficult to break through."

GUI Chen bit his lower lip and was confused about the way ahead, saying, "Grandpa, I have lost. What should I do next?"

Mo Zu Wutian lightly waved his hand and said, "victory or defeat is a routine matter for soldiers. You don't have to take it to heart. Make good preparations for the supreme merit war. At that time, you and reincarnation, maybe there will be a war, and you have a chance to break through the shackles of your heart!"

Hearing this, GUI Chen's eyes lit up slightly, and he regained his confidence a little. "Yes! Lao Zu, when the Taishang merit war begins, I will wash away my former shame and break through the shackles of my heart!"

After experiencing the fear of death, he is now also inspired by war and determination.

Facing fear, the best way is to overcome it naturally.

.....

In the star moon circle, the wedding between the demon emperor and Yuchi Yao was interrupted by Guichen, but fortunately, the ending was perfect.

On this day, both the host and the guest had a good time, and everyone spent it in joy.

At the wedding, the most striking thing is that

Chapter 8096

His spirit continued to permeate, looking for Sun Yi's figure in the vast deadsea.

Finally, as if they were interlinked, ye Chen saw Sun Yi's existence in a dark corner.

Sun Yi's figure is still hot. Looking at her body, ye Chen can recall the full hand feeling of the past.

Many beautiful pictures flashed in Ye Chen's mind, but at this moment, ye Chen was only concerned about Sun Yi's safety. Seeing her figure, he hurriedly shouted:

"Sun Yi, can you hear my voice?"

At this moment, ye Chen's will is violently turbulent, so that the dark drops in the palm of his hand are also shaking like trembling rain.

He wants to pass on his will to Sun Yi and establish communication with each other.

Sunyi, who was curled up in the corner, seemed to notice something. She opened her eyes and looked around with doubt and surprise.

"Ye Chen, is that you..."

Finally, Sun Yi spoke, her body trembling, staring around blankly, as if she wanted to find something.

However, she couldn't find anything, and there was only emptiness and darkness around her.

"It's me, it's me!"

Ye Chen was overjoyed, and her will was constantly transmitted, and she wanted to communicate with Sun Yi.

However, Sun Yi did not seem to find Ye Chen's existence. Seeing that there was still darkness and emptiness around, she showed a wry smile and muttered, "it must be my illusion. How could ye Chen be here? He may not know my current situation..."

After this sentence, she curled up again, buried her head between her knees, lonely and gloomy, and no longer made any moves.

Ye Chen was so anxious that he called several times, but he couldn't get any response.

His spirit also reached its limit, separated from the sea of demons and stars, and returned to the real world. He was sweating and his face was pale.

"It seems that the energy of the demon star sea I control is not strong enough."

Ye Chen looked at a drop of water in his palm and bit his teeth, quite unwilling.

If the energy of the demon Xinghai he mastered was stronger, he might be able to establish communication with Sun Yi smoothly. Unfortunately, the energy is not enough now.

If you want to grow, unless you kill Guichen.

However, after this disaster, I'm afraid GUI Chen won't face Ye Chen alone anymore.

Ye Chen wants to kill him, which is undoubtedly more difficult than going to heaven.

Just thinking, Chi Feixue came over with a letter in her hand and said:

"Ye Chen, a letter came from Wanhua villa, saying that tiannv had awakened."

Hearing the words, ye Chen was surprised and happy, and said, "the heavenly daughter has woken up?"

Chi Feixue said, "well, if you want to visit her, go as soon as possible, otherwise, she may fall asleep again..."

Ye Chen thought, Sun Yi can't communicate for the time being, and can only rely on the future. Now that the heavenly daughter wakes up, he naturally wants to visit.

At that moment, ye Chen is ready to go to Wanhua villa.

Chi Feixue said, "I'll go with you..."

Ye Chen thought for a moment, nodded and said, "yes, but... Miss Chi, if you want to be wronged, stay in the gourd of heaven and earth first. If there is any accident, I will call you out."

He thought about his meeting with the heavenly daughter. Most of them were sentimental, and there were outsiders staring at him. After all, he was not very happy.

Chi Fei's blood Jiao's body trembled slightly, and her voice said slightly gloomily, "OK..."

Ye Chen received her in the gourd, then tore the void, appeared in the moral heaven, and came to Wanhua villa.

"Lord Ye!"

Seeing ye Chen coming, the servants of Wanhua villa bowed down one after another.

"Is the fairy girl there?"

Ye Chen nodded and asked politely.

"The demon girl is busy. Now people are in the ghost king world. It is said that there is a strong man named tianchu Shengzu who has killed many people. The demon girl is busy solving it."

The servant replied.

Ye Chen was secretly surprised and thought, "at the beginning of that day, the holy ancestor really went to the ghost king world. I don't know what situation he can make."

The servant then said, "the villain received the edict of the demon girl. As soon as the fairy woke up, the villain reported to Lord Ye. Lord Ye, please come in, and the fairy is waiting for you."

Ye Chen was so excited that he strode into the Wanhua villa and went straight to the sea of flowers of hope. All the servants and servants retreated knowingly.

In the white and holy sea of flowers, a floating figure in white, independent, graceful as a fairy, with skin better than snow, and beautiful appearance, is the goddess of heaven.

"Heavenly sister!"

Ye Chen saw the heavenly daughter, and his heart was overjoyed. He rushed up with an arrow.

Tiannv turned around and saw Ye Chen coming. Her slightly pale face also showed a sweet and gentle smile, and her eyes were full of nostalgia.

Ye Chen rushed up and hugged the goddess tightly, followed by a fierce and affectionate kiss.

Tiannv's injury is not well yet. At this time, she just wakes up briefly, and her body is still very weak. She seems to be a little unable to bear such a fierce hug and kiss, and she gasps.

"Sister tiannv, are you all right?"

Ye Chen loosened her lips and stared into the eyes of the goddess.

The heavenly daughter smiled, gently pulled Ye Chen's hand, put it on her cheek, gently rubbed it, and said, "I'm fine. I can't die for the time being, but the internal injury hasn't been solved yet. I'm awake for two days at most, and I may fall asleep again."

Ye Chenda was distressed. He put his arm around her waist and said, "don't worry, I will win the first place of the supreme meritorious war and get the elixir that can cure your injury, so that you can completely recover."

The heavenly daughter smiled and said, "well behaved, finally I didn't hurt you in vain before. These two days, you can walk with me."

Chapter 8097

Ye Chen said, "Hmm!"

Ye Chen carefully calculated the time and found that there was still more than one month left before the Taishang merit war.

With his current cultivation strength, it is obviously not easy to win the title in the Taishang merit war.

But no matter what, ye Chen will do his best!

Ye Chen and tiannv walked hand in hand in the sea of flowers. Patches of white petals rose with the wind, and the sun was warm. Their hearts were also warm.

After walking for a while, tiannv was a little tired. Ye Chen sat down with her in his arms and let her sit on her lap. He hugged her waist from behind, and the two bodies were close to each other.

Tiannv said softly, "the supreme meritorious war is extremely dangerous and difficult. It's really difficult for you to win the championship."

Ye Chen said boldly, "no matter how difficult it is, I will win the first place. I must cure you!"

The goddess of heaven was injured by the ancient sword of heavenly sin, which is the killing of the highest artifact. If you want to treat it, you can only get the mysterious red flame creation pill, which is also the pill refined by the moral God himself.

Seeing ye Chen's affectionate appearance, the heavenly daughter was greatly moved and said, "I prepared an opportunity. I originally wanted to give it to you in a few years, but now the supreme merit war is imminent. If you want to win the championship, you must improve your strength."

Ye Chen moved in his heart and said, "what chance?"

The heavenly daughter said, "in two days, you go to the wish God to find ye luo'er, and she will tell you."

Ye Chen said, "sister tiannv, what's the opportunity? Just tell me today. Why go around?"

The heavenly daughter gently shook her head, looked back at Ye Chen and said, "I don't want you to be distracted. These two days, just stay with me and don't think about other things."

Ye Chen saw her gentle and quiet posture, and her mind swung. She gently kissed her cherry lips and said, "OK, these two days, I'll only be with you, and I don't want anything else."

For the next two days, ye Chen will accompany her.

The first day, tiannv was nothing different. She talked and laughed with Ye Chen, hugged and hugged each other, like a lover in love.

But here it is

Chapter 8098

The girl named Jiang Xin'er, looking gloomy and cold, fell down from the sky, looked at ye luo'er and ye Chen, and said, "Lord of reincarnation, are you calling for master?"

She obviously recognized Ye Chen's identity, but her tone was extremely cold.

Ye Chen said, "yes, it's the tiannv sister who asked me to crush the jade pendant and called the thousand spider Tianjun to leave the elder generation and ask her to point out my martial arts."

Hearing Ye Chen's words, Jiang Xin'er laughed and said, "your reincarnation martial arts is amazing. Where else do you need outsiders' advice?"

Ye Chen's face sank, and he replied, "stones from other mountains can be used to attack jade. It is said that master qianspider Tianjun is the leader of the previous generation of the evil sect of Zihuang fairy palace. His magic power is vast. If she gives advice, my martial arts will be refined."

Jiang Xin'er sneered, "since you know that my master is the leader of the evil sect, you should know her temper. How can she meet an outsider? Besides, in those days, senior sister tiannv separated from her master because of some differences. Even if she asked to see her in person, master might not be willing to see her, let alone you."

Ye Chen thought to herself, "sister tiannv asked me to see the thousand spider emperor, but the other party seemed to refuse to see me. What should I do?"

He didn't want to go against the wishes of the goddess, but now the jade pendant was crushed, and it was not the thousand spider emperor who came down, but her apprentice Jiang Xin'er.

And this Jiang Xin'er's attitude is also very unfriendly.

When Jiang Xin'er saw Ye Chen, he didn't speak, and said, "well, if you want to prove martial arts, I'll do the same. Let's have a duel."

Ye Chen was surprised and said, "you want to compete with me?"

Jiang Xin'er said with a smile, "yes, you don't mean that stones from other mountains can be used to attack jade. Maybe we can improve your martial arts by dueling. Since you are the lover of senior sister tiannv, I won't treat you badly."

Ye Chen coughed, then nodded and said, "OK."

This Jiang Xin'er is the disciple of the thousand spider emperor who is willing to leave, and also the younger martial sister of the goddess of heaven. Her cultivation is also unfathomable, and ye Chen can't see through her details.

If you compete with her, you may also prove martial arts.

Jiang Xin'er's beautiful eyes narrowed slightly, stared at Ye Chen, and gently spit out a voice: "it was agreed in advance that we only compete in martial arts. You can't use any weapons and magic weapons, otherwise I can't resist your many magic weapons."

She also knows that ye Chen's powerful, iron throne, human butcher holy cup, soul devouring beads and so on, are all top magic weapons. There is also the emperor's holy knife, which is sharp enough to reverse the gap in the realm of reality, and is incredibly powerful.

She just wants to compete, but she doesn't want to fight for life and death.

"No problem!"

Ye Chen didn't hesitate, nodded and agreed.

Then, the two people had a tacit understanding and flew to the nearby wishing fairy pool. The pool reflected their figures and faced each other from a distance.

Ye Luo'er heard that the two were going to fight. He was surprised and watched the battle.

"You go first."

Jiang Xin'er condensed the gasification sword and stared at Ye Chen.

"Good!"

Ye Chen's palm was also a condensed sword. Without saying a word, he took the sword and chopped it at Jiang Xin'er.

"The wilderness is boundless, open!"

Before the sword arrived, Ye Chen took a step first. The archaic atmosphere spread and quickly covered the whole wishing fairy pool, creating an archaic border.

This is the wilderness Wujing inside,

Chapter 8099

"Celestial Koi copy!"

Ye Chen reacted very quickly and immediately ran the Tianxian Koi copy to dissolve the highly toxic evil Qi and prevent it from eroding his skin.

"It's a quick response. Pick me up again!"

Jiang Xin'er smiled, and his eyes suddenly looked straight at Ye Chen. His pupils turned into heavy pupils, and the mysterious totem of spiders appeared in his pupils.

Boom!

As soon as ye Chen came into contact with Jiang Xin'er's eyes, his head suddenly burst, his divine consciousness was distorted, and he was instantly dragged into a terrible spiritual world.

The world is a huge pit. In the pit, there are all fluffy spiders with fangs, which are extremely fierce and terrible.

Ye Chen's spirit was dragged into the pit, and instantly attacked by thousands of highly poisonous spiders. The strange feeling of spiders crawling all over his body made his scalp explode.

In such a dangerous situation, ye Chen immediately wanted to use the reincarnation holy soul day to get out.

"Don't use any magic weapons!"

Jiang Xin'er shouted and warned Ye Chen.

If you use the reincarnation holy soul day, all the visions of spiritual impact can't hurt Ye Chen.

But now, he and Jiang Xin'er are competing in martial arts, saying that they can't use weapons and magic weapons.

Ye Chen gritted his teeth and tried to endure the horror of spiders crawling all over his body. He kept thinking about the starry sky in the sea of knowledge and ran the idea of starry sky view.

However, Jiang Xin'er won't give ye Chen a chance to breathe. The spider's heavy pupil shines and stabs Ye Chen with another sword.

Ye Chen's spirit was seriously eroded, and countless spiders filled the sea of knowledge. In reality, he was assassinated by Jiang Xin'er's sword spirit, which can be described as dangerous.

Ye Luo'er, who was watching the battle, was also nervous and very worried.

"The supreme Taoist law, a thousand birds thunder flow!"

In the crisis, ye Chen shouted violently, displaying thousands of ways in the thirty-six ways, and even mixing the power of Lei Bei.

In an instant, countless lightning currents burst out of Ye Chen's body, converging into a lightning giant bird, wrapped in the momentum of destroying the universe, and rose into the sky.

Thunder and lightning giant birds cover the sky, and the powerful light of thunder fills the space between heaven and earth.

The violent momentum made Jiang Xin'er take two steps back and prepare for it.

Boom!

In the next moment, the violent Thunderbird flew down.

However, instead of attacking Jiang Xin'er, he hit Ye Chen's body fiercely!

"Ouch!"

Ye Luo'er saw this scene, and immediately exclaimed. Unexpectedly, Ye Chen attacked himself.

Boom!

Thunderbirds hit Ye Chen, and the crazy thunderstorm exploded. Countless thunderbolts almost tore Ye Chen to pieces. He instantly became a bloody man with his hair scattered.

Bathed in countless thunder and lightning, Ye Chen opened her eyes and completely woke up.

"Put yourself to death and come back... Good spirit!"

Jiang Xin'er felt Ye Chen's fierce martial intention, and couldn't help but praise it.

She used the spider's heavy pupil, which had already successfully eroded Ye Chen's spirit, making Ye Chen fall into the terrible illusion of countless spiders crawling all over her body.

But at this moment, Ye Chen, regardless of the consequences, used the thunder method to bombard himself, and forcibly escaped from the illusion with intense current and pain.

Ye Chen only felt that his body was almost exploding and his injury was quite serious.

But fortunately, he has been pulled out of the illusion, and his spirit has never been brighter.

Hum!

Ye Chen started the eight trigrams heaven elixir, slightly treated the injury on his body, and crushed several special healing elixirs. A breath of aura poured into his body, hemostatic and analgesic all over the wound.

"Hongmeng big starry sky, god elephant avalanche sky collision!"

After the pain eased slightly, ye Chen didn't hesitate at all, and suddenly stepped out. The bright Hongmeng starry sky spread out behind him, and the vast ancient chaos breath roared and vibrated.

Bang!

Then, ye Chen suddenly burst out with a fist. If he wanted to collapse, the starry sky behind him showed the majestic virtual shadow of the ancient giant elephant.

The extremely overbearing fist, without any fancy, blasted away at Jiang Xin'er.

Jiang Xin'er's beautiful eyes shrunk, and he saw Ye Chen at the moment, who had just died, with wild and fierce posture, excited hair, blood and gold all over his body, stars shining, thousands of gods blooming, which made people unable to see the reality of his body, but only saw the unparalleled fist front, mixed with the terrible momentum of destroying the world.

"A thousand spider webs, covering the universe!"

Seeing ye Chen's fist was so fierce, Jiang Xin'er didn't dare to be careless. Her aura was released and turned into hairsprings like a grid.

Then, her slender hands moved gently, and the countless auras turned into a spider's web, shrouding Ye Chen.

Boom!

Ye Chen's wild fist blasted into the cobweb, as if it were on cotton, soft and without effort.

This layer of cobwebs, entangled, constantly disintegrated his fierce fist.

"Broken!"

Seeing this, ye Chen looked up to the sky and drank wildly, and Lingxiao's martial intention broke out to the extreme. Originally, it was just a strong and thick fist, and there was another sword like edge. With a hiss, he cut the cobweb to pieces.

Ye Chen's wild fist broke out and blasted at Jiang Xin'er's head.

Jiang Xin'er was shocked. He didn't expect Ye Chen's martial arts to be so fierce and mysterious. In the crisis, he didn't have time to think more. He turned his life aura and waved his palm to block Ye Chen's fist.

Bang!

The two fists and palms exchanged blows, and ye Chen only felt a shocking force coming back, and hurried back, retreating more than a dozen steps in a row.

Jiang Xin'er also stepped back..

The whole wishing fairy pool was splashed with thousands of waves because of the fight between the two people.

On the surface, ye Chen lost the battle between them.

But in fact, Jiang Xin'er, as a peer of heaven, was forced to use her own aura by Ye Chen, and even was shocked to step back. Even if she won this duel, it was very disgraceful.

After ye Chen shook Jiang Xin'er back a step, his eyes erupted, clenched his teeth, and his hair was crazy. His aura rioted again, and he wanted to fight again.

Jiang Xin'er's eyes narrowed, the mysterious spider totem dispersed, his eyes returned to their original state, and said, "don't fight, I'm convinced of you. Your martial arts are really powerful, and I can't point you out unless the master himself."

She originally wanted to point out ye Chenwu Dao, but now she found that ye Chenwu Dao was too strong. Even she was not qualified to point out!

Hearing the words, ye Chen was stunned for a moment, and then spit out a mouthful of turbid Qi.

He recalled the battle just now, but found nothing worth remembering.

Although Jiang xiner is strong, he is indeed not qualified to point him out.

He fought with Jiang Xin'er, and there was no gain except to vent some energy.

"With my martial arts, can I see your master?"

Ye Chen asked.

Jiang Xin'er said indifferently, "I said, master never sees outsiders..."

At this time, the void shook, and a cold, Yin evil will came out. It resonated with heaven and earth, and made a voice: "let him come, I want to see him."

Chapter 8100

The voice was cold and clear. It was a woman's voice.

"Master!"

Jiang Xin'er heard the sound, but she was shocked.

That is the voice of her master, the thousand spider emperor, who is willing to leave.

Ye Luo'er said happily, "brother ye, the thousand spider emperor wants to see you."

Ye Chen was also happy in his heart and shouted, "senior, will you point out my martial arts?"

However, there was no response in the void. After willing to leave someone said a word, the will was silent.

Jiang Xin'er said, "Master said he was willing to see you. This is the blessing of your eight lives. I'll take you to the thousand spider world now. You have to be smart and don't offend master."

Ye Chen's face sank. The thousand spider emperor was willing to leave. He was very eccentric and spoke indifferently. If it weren't for the will of the goddess of heaven and if he wanted to improve his strength, he wouldn't be willing to humbly ask for a meeting.

"Please lead the way, Miss Jiang."

Ye Chen is neither humble nor arrogant, bowing his hands.

Jiang Xin'er smiled and said, "I'm Tiannv's junior sister. Since you call Tiannv your sister, you should also call me sister."

Ye Chen shook his head and didn't answer. He had only heaven's daughter in his heart.

Jiang Xin'er covered her mouth and smiled. After fighting with Ye Chen, her attitude was softer, not as cold as when she just came.

Ye Chen knew in her heart that this is a world where the strong are respected, and the respect of others depends on herself.

"Come with me."

Jiang Xin'er tore the void and stepped in.

Ye Chen glanced back at ye luo'er and said, "luo'er, I'll go first. Take care of yourself."

Ye luo'er said, "well, brother ye, be careful about everything. The master of the thousand spider emperor has a very strange temper. If she tortures you, you will call her husband Yan Xingtian's name, but don't be humiliated by her for no reason."

Ye Chen thought to herself, "so there is a husband in the thousand spider emperor?" Nodded and said, "OK, I see."

At that moment, say goodbye to ye luo'er, follow Jiang Xin'er, and step into the void crack.

Space vibrated, and after a whirl, ye Chen followed Jiang Xin'er to a strange land.

Seen from high above, the territory of the world takes on the shape of an eight clawed spider, with miasma, dark clouds and a rather depressing atmosphere.

"Is this the world of spiders..."

Ye Chen's eyes were slightly frozen, subconsciously running the fairy Koi copy, and a holy white light surrounded his body, so as not to be eroded by the miasma cloud.

"Yes, this is the world opened up by my master. Let's go."

Jiang Xin'er's delicate body flashed and flew down.

Ye Chen also fell down, and saw that this thousand spider world was full of poison fog, miasma and twisted plants.

The earth under Ye Chen's feet is a damp and dark swamp, and the air is filled with gloomy water vapor. The sound of insects occasionally comes around, which is more quiet.

"Lord of reincarnation, do you want me to guide you in martial arts?"

In the void, the will was shaken, and the voice of the thousand spider emperor willing to leave came out.

"Yes! I'm the master of sister tiannv. I'm sure I have unparalleled powers. Please give me some advice!"

Ye Chen arched his hand towards the void, and his voice was respectful, but not humble.

"Hehe, if you want me to go out of the mountain, first pass the test of the wrath of winter!"

The thousand spider emperor wished to leave, his voice was cold, and a leaf suddenly flew out of the void.

It was a piece of frost leaf, palm size, white color, clear vein, as soon as it flew out, it immediately burst into a frenzied wind and snow, the temperature between heaven and earth suddenly fell, and the biting cold came to my face.

"Master, you!"

Jiang Xin'er saw the frost leaf and was immediately surprised. Obviously, she knew the horror of this thing.

Under the endless wind and snow, the whole swamp world soon turned into an ice and snow, with heavy snow flying, frost and flowers dancing, and the wind howling like a beast.

"Little guy, please ask for your own blessings! I didn't expect master to be angry in winter. Don't die here!"

Jiang Xin'er felt dangerous, warned Ye Chen, and then quickly flew away.

Ye Chen looked at the white frost leaves in the wind and snow all over the sky, and immediately caught bursts of violent breathlessness.

That is the breath of great gods!

This frost leaf is actually a great deity born from the ancient sword of sin, and its name is "Wrath of winter".

The ancient sword of heaven and earth represents the highest divine punishment of heaven and earth. This frost leaf also has a trace of the terrible majesty of the ancient sword of heaven and sin. The fury of winter burst, enough to make the heaven and earth ice, thousands of miles of snow.

A moment after Jiang Xin'er left, ye Chen felt that the temperature around him had fallen to an unbearable level, and the bone marrow was almost frozen.

With Ye Chen's physique, he couldn't help shaking in such a cold environment.

"If you don't want to die, get out of this ice and snow world, and I'll count you as qualified."

The voice of the thousand spider emperor willing to leave echoed in the void..

Ye Chen's face sank. The thousand spider emperor was really grumpy. Before he met, he gave himself a slap in the face.

Ye Luo'er said that if you encounter any torture, you can call Yan Xingtian's name, which is the husband of the thousand spider emperor who is willing to leave.

However, ye Chenwu road was indomitable, and naturally he would not be easy to call people. He looked at the wind and snow all around, gritted his teeth, and strode forward. He had to get out of this ice and snow world by his own will.

Huhuhuhu——

The wind roared, the snow roared, and the unprecedented coldness constantly attacked Ye Chen.

Ye Chen circulates the reincarnation blood, releases the aura all over, and firmly guards the heart pulse from the ice and snow.

But the ice and snow, with a biting coldness, broke through all ye Chen's defenses and constantly invaded his internal organs, muscles and bones.
