

Physician 8101

Chapter 8101

"Nei, it is worthy of being a great deity born from the ancient sword of sin. It's a little tricky."

Ye Chen took a breath, and his eyes turned. Under the attack of the violent wind and snow around, he couldn't walk for a moment.

He even had an illusion, as if his bones and soul would be eroded by the endless cold of winter, and finally turned into an ice sculpture to die.

Under the threat of cold winter, ye Chen's mind also turned quickly.

With his keen intuition, he has found that this ice and snow world has no end. No matter where he goes, the wind and frost of the wrath of winter will spread to where. He can't go out all his life. In the end, he will only be frozen to death alive.

If you want to break the game, the only way is to tear up this winter world completely!

"Dark star, show your power in the world, darkness comes!"

Ye Chen immediately took out the sword handle of the dark star and deeply inserted it into the earth.

This winter world is created by great gods. If you want to crack it with brute force, it is equivalent to fighting against the highest artifact, which is very difficult.

The best way to deal with the majesty of great gods is naturally to use great gods!

As it happens, ye Chen also has a great divine object in his hand, that is the dark star!

With the hilt of the dark star inserted into the earth, a spectacular scene appeared.

I saw wisps of dark breath, darker than the night, diffuse from the pure black stone hilt, and quickly spread around.

In the originally cold wind and snow world, all the wind and snow stopped immediately after touching the smell of the dark star.

Just now, the world was covered with silver and turned into night in an instant.

Ye Chen's action was like pouring a mass of dark to dark ink on a snow-white paper.

The law of the winter world was completely distorted by the dark star, all the wind and snow stopped roaring, and the world became night.

Ye Chen knelt on one knee and held the sword handle of the dark star in his hand, just like a king who dominates the darkness.

Outside the world, Jiang Xin'er stared at Ye Chen's figure, as if looking up at a king of eternal night.

She didn't expect Ye Chen to respond so quickly. Instead of being led away by her master, she quickly thought of a way to break the situation.

"Hum!"

In the void, there was the voice of the thousand spider emperor willing to leave.

"With your broken hilt, you also want to break my winter anger?"

Willing to leave people unwilling to fail, will urge, that piece of white frost leaf, in the world of the night, bloomed a dazzling light, and blew up the wind and snow again.

Woo woo——

The ice wind blows, and frost and snow roll back, rapidly disintegrating the majesty of the night, and turning the world into a wintry world again.

"Demon Xinghai, break it for me!"

Ye Chen's eyes were cold without hesitation. A drop of energy from the demon star sea in his body boiled and condensed into a drop of water in the center of his eyebrows.

It is a drop of water that is extremely dark, gathering the law energy of the demon star sea.

Compared with this water drop, the hilt of the dark star looks pale.

With the appearance of this water drop, the majestic magic gas was emitted from ye Chen's eyebrows and quickly gathered on the hilt of the dark star.

With the infusion of the energy of the sky demon star sea, the dark star magic sun made a great work, and the rolling magic gas riot exploded thousands of layers of Ancient Runes. All the surrounding winter wind and snow, under the suppression of thousands of layers of magic runes, quickly disappeared and burst into purrs.

Even that frost leaf was eroded by the energy of the demon star sea, and quickly turned from white to pitch black.

The sky demon Xinghai, which is the real highest artifact, is majestic and terrifying. Naturally, it is not an ordinary great artifact that can resist.

"Damn it!"

The thousand spider emperor wished to leave, and uttered a curse.

A snow-white slender palm, protruding from the void, took back the frost leaves of the wrath of winter.

Then, a charming woman appeared, tearing the void, her eyes were like the sun and the moon, completely unaffected by the night, staring at Ye Chen.

This beautiful woman, with a breath of cultivation, gives people a profound and unpredictable feeling.

Her skin is snow-white and covered with a loose black robe. It can be seen that she is in good shape and well maintained. Without many years of wear and tear, her charm is still moving, and her appearance is quite dignified. Only her eyes are cold and piercing, which makes people shiver.

On her left cheek, there is also a black spider pattern printed, like a tattoo, which looks very strange.

I don't know whether it's an illusion or something. When ye Chen looked at the tattoo of the black spider, his heart was inexplicable. The tattoo seemed to be alive.

"Younger Ye Chen, I've seen a thousand spiders, elder."

Ye Chen knew that this beautiful woman was the thousand spider emperor who was willing to leave. At that time, he put away the handle of the dark star sword, and also gathered the energy of the demon star sea, and bowed humbly to the person who was willing to leave.

The darkness all over the sky dispersed at this moment, and the world returned to its original state.

Willing to leave people standing on the marsh, in the thousands of spider world unique miasma against the background, it seems cold, lonely, inhuman.

With cold eyes, she glanced up and down at Ye Chen and said, "it's worthy of being the one who is loved by the goddess of heaven. It's really a bit of a trick."

She thought that she released the anger of winter, and ye Chen must be trapped. Finally, she couldn't go out, and she had to plead with herself.

Unexpectedly, ye Chen was so easy and decisive that she broke the game she set.

"The elder said falsely."

Ye Chen was still modest and calm.

Willing to leave, he looked at him indifferently and said, "I can guide you in martial arts, and even give you a supreme opportunity, as long as you promise me a request."

Ye Chen frowned slightly, thinking that he had passed the test of the wrath of winter, and was willing to leave, but he still had requirements.

He was a little unhappy, but he didn't show it on the surface. He still kept etiquette and said, "what else do you want?"

Wish to leave humanity: "I want you from now on, no longer be infected with the cause and effect of the heavenly daughter. You pester her, and there is no good result. You will finally be killed by her. She likes you, just to raise pigs. Wake up, boy!"

Ye Chen was stunned, but he didn't expect that the request to leave was to separate himself from the goddess.

He was in a trance for a long time, and answered in a deep voice, "between me and the heavenly daughter, we have our own decisions, and there is no need for our predecessors to intervene."

Willing to leave, seeing ye Chen's attitude, snorted and angrily said, "you are shameless!"

Jiang Xin'er, who was next to her, saw that she was willing to leave and was angry. She hurried forward, held her hand and said, "master, don't be angry."

After a pause, Jiang Xin'er also looked at Ye Chen coldly and said, "Lord of reincarnation, my master is for you. You should know that elder martial sister tiannv always wants to kill you. Why bother her?"

Chapter 8102

Ye Chen said, "of course I know, but it's not that I pester her, but..."

He and the heavenly daughter, can be said to be two-way, happy with each other, recall the past bit by bit, his heart is also warm-blooded turbulence, for a time I don't know how to speak, after all, the inner feelings, it is also inconvenient to tell the two people in front of him.

I hope that when I see ye Chen's expression change, I have a posture of recalling my feelings, and I am even more furious, saying, "you and the heavenly daughter, even if they are in love, can't be together!"

"There are 80000 words in the world, and the word love is the most murderous!"

"You and her love, entangled, sooner or later will kill you both!"

"It doesn't matter if you die. Tiannv is my baby apprentice. This time she almost fell because of you. Do you really want to watch her die?!"

Tiannv is now seriously injured and sleeping in Wanhua villa. I wish to leave. Naturally, I know that I am extremely angry and blame Ye Chen for the plight of tiannv now.

Ye Chen also knew that today's female serious injuries were all caused by himself, but his attitude was still firm, saying: "senior, if sister tiannv really doesn't like me and wants to wave a sword to cut off love, then I naturally accept it, but if you insist on breaking up us, please forgive me for not obeying."

Willing to leave, seeing ye Chen's attitude is so resolute, knowing tough measures, and unable to make him yield, he said, "well, you have deep feelings for the heavenly daughter, and I appreciate it very much, but if you are really good for her, just leave her obediently and cut off cause and effect with her. I will plead with the moral God and ask him to give the red flame nature pill to treat the injury of the heavenly daughter, and you don't have to work hard to take risks in the supreme meritorious war, how about it?"

Ye Chen shook his head and said, "it would be great if you could ask the moral God to give you mercy, but even without you, I will win the first place of the supreme merit war and get the pill with my own strength."

Willing to leave the person's face changed and said, "do you know how dangerous the supreme meritorious war was, when my husband..."

At this point, he paused for a moment, his face distorted and changed, so he stopped talking.

Ye Chen said, "no matter how dangerous it is, I won't give up."

His voice was flat and calm, but with unyielding determination.

Willing to leave people's facial features slightly twisted, said: "so, no matter what, you are unwilling to leave the goddess?"

Ye Chen said, "yes, speaking of it, didn't you say goodbye to your elder sister tiannv? I have a grudge against her, and I should have nothing to do with your elder sister anymore."

Hearing this, Li Ren's eyes widened, the spider tattoo on his cheek shook, and he angrily said, "reverse, reverse! It's your turn for an outsider to give advice about my baby apprentice? I really thought I didn't dare to kill you?"

"Xin'er, this boy doesn't know how to live or die. Take him down and cut off his hands and feet first. I see how hard he is!"

Jiang Xin'er hesitated for a moment, but dared not disobey the teacher's order and said, "yes!"

As soon as this syllable fell, her body suddenly flew out like a phantom, her slender hands like lightning through the clouds, grabbed Ye Chen's throat, and her hands were very quick.

Ye Chen's eyes narrowed, and she only felt that Jiang Xin'er's momentum had soared several times more than before in the wish Shinto.

Obviously, in the thousand spider world, her strength is also greatly improved by taking advantage of the geographical advantage and good fortune.

Ye Chen knows the danger and must leave as soon as possible, otherwise he will be caught by these two masters and disciples, for fear of unimaginable consequences.

"Master Zihuan, help me!"

Ye Chen drank wildly in his heart, communicating with reincarnation cemetery and calling for Zihuan emperor.

Now the master of tiannv, the thousand spider emperor, is willing to leave. If he is willing to leave, ye Chen is not sure to fight.

Therefore, he reacted very quickly and immediately wanted to borrow the power of reincarnation cemetery.

The tombstone of reincarnation cemetery vibrated, the purple light shone, and the figure of Zihuan emperor became apparent.

He grinned, very helpless, and said, "I didn't expect you to offend the thousand spider emperor. This woman is very difficult to deal with. She was the leader of the evil sect in those days, and I have been humiliated by her. Let's not entangle, and go as soon as possible!"

Zihuan emperor was also afraid of leaving when he was willing to leave.

In those days, Zihuan emperor was a righteous man in Zihuang fairy palace, and was irreconcilable with the evil sect.

And it is the leader of the once evil sect who is willing to leave. His seniority is higher than that of Duobao Tianjun. Naturally, he is extremely taboo.

At present, Zihuan emperor poured all his aura energy into Ye Chen.

In an instant, ye Chen's whole body rose violently, his breath soared, and even shocked Jiang Xin'er back a step.

"Hey, Zihuan emperor, it's you!"

Willing to leave people's eyes are fierce, and suddenly they see a clue.

Zihuan emperor took advantage of Ye Chen's body, burst out laughing and said, "elder martial sister qianspider, you are still charming after so many years of absence."

Wish to leave someone snorted and said, "if you know the truth, let Ye Chen, the boy, leave tiannv, otherwise I will not forgive you."

Zihuan smiled and said, "don't get involved in the affairs of young people, we old bones. Let's leave first and see you another day!"

After saying that, Zihuan emperor sent a message to Ye Chen and signaled to leave.

Ye Chen reacted quickly, and immediately rushed out of the swamp world.

"Hum, have you asked me if you want to leave?"

Wish to leave people indifferent, never worn palm, slender white and tender, gently waved, surrounding aura riots, crawling out of the swamp a fluffy spider, overwhelming, and killing Ye Chen.

Chapter 8103

"Master, your body..."

Jiang Xin'er was very worried. She knew that the master was in poor health. This action was likely to hurt her vitality and even wear out and grow old.

"No harm."

Wish to leave people calm, don't care at all, just a little pale face, obviously this time to do everything, it is also a huge consumption to her body.

Ye Chen ran away and saw the dense spiders around him, rustling, overwhelming, dark like the tide, and he couldn't help getting angry in his heart.

Every spider has poisonous teeth and red eyes. If it is bitten, it is extremely poisonous and penetrating. It will take off a layer of skin even if it doesn't die.

"Use the gourd of heaven and earth!"

Cried Zihuan the great.

"Yes!"

Ye Chen immediately took off the gourd at his waist, pulled out the cover, and was prompted by aura.

Hoo Hoo

I saw the golden gourd of heaven and earth, gushing out Fairy Light, emitting a strong suction.

Ye Chen raised the gourd and sucked it. The black and poisonous spiders around him were sucked into the gourd one by one.

However, in a moment, the golden gourd turned black gradually, as if it could not contain the poison gas of those spiders.

"Well, you can't suck any more, otherwise the fairy gourd world inside will be polluted by poison gas."

Cried Zihuan the great.

At its peak, the gourd of heaven and earth can naturally contain everything, and even the killing intention of the ancient sword of heavenly sin. It is a very powerful existence.

Unfortunately, the gourd of heaven and earth in Ye Chen's hand can only be regarded as a fragment, which is completely incomparable with the power of the peak period.

Facing the poisonous spider in front of us, the gourd of heaven and earth can only absorb some, not all.

Fortunately, even if it was only the absorption part, there was a gap in the surrounding black tide spider swarm.

Ye Chen immediately rushed out along the gap like lightning.

The spiders rioted, and countless spiders jumped up and bit Ye Chen. The scene was extremely terrible.

Ye Chen's heart was flustered, and he hurried to run his aura, protect his body, get rid of countless spiders, and finally escaped from this swampy world.

Those spiders are thousands of spiders. The emperor is willing to leave people to cultivate them himself. I don't know how many thousands of years he has kept them. Each one is extremely poisonous. A little poison can destroy a big world.

Ye Chen was bitten several times. Fortunately, with the protection of Zihuan emperor, he managed to dissolve the poison gas and was not injured at all.

After escaping, ye Chen also got rid of the majestic suppression of willing to leave, and immediately backhand tore the void and left the thousand spider world.

Willing to leave people to see ye Chen leave, beautiful face, suddenly look distorted, expression is very ugly.

"Master, he's gone... What shall we do next?"

Jiang Xin'er whispered.

"Hum, a month later, it's the day of the supreme meritorious war. He will always participate. As a teacher, he naturally has a way to deal with him."

Willing to leave people's eyes flashed over the killing machine, saying.

Jiang Xin'er looked complex and could only nod silently.

.....

Ye Chen left the spider world and came to the chaotic void outside.

The aura of Zihuan emperor retreated from his meridians and returned to the tombstone.

Ye Chen's body was empty for a while. Fortunately, his strength now was much stronger than before. Even with the power of Zihuan emperor, he would not fall into extreme weakness. He was just a little empty and could recover after a short rest.

Ye Chen looked at the vast void and had no idea for a moment.

The heavenly daughter asked him to ask for advice and be willing to leave. She said it was a great opportunity, but it turned into a killing opportunity now.

Just in a daze, ye Chen heard a burst of singing. He saw an old man, holding a wine gourd, drinking and singing, striding across the void and walking in the direction of Ye Chen.

The old man was drunk, but his eyes were extremely bright and full of essence.

"Hey, hey, old man, I smell the smell of wine. Sure enough, there is something good."

The old man came to Ye Chen and looked at the gourd around his waist with a smile.

The gourd around Ye Chen's waist has just absorbed a large number of highly toxic spiders. At this time, those highly toxic spiders have been dissolved. The gourd has regained its pure gold color, no longer having the slightest toxic atmosphere, but filled with a unique aroma.

This fragrance is the strange fragrance that those highly poisonous spiders dissolve and mix with the spirit of Xianhu world.

The old man mistakenly thought it was the smell of wine. His eyes were full of salivation and desire, and said, "Hey, boy, your gourd looks good. Give it to me to brew a bar!"

Then he threw away his wine gourd, stretched out his thin and old palm, and grabbed it at the gourd of heaven and earth around Ye Chen's waist.

Ye Chen was surprised, took a step back, condensed the Qi sword, and stood ready, saying, "elder, please respect yourself."

Seeing ye Chen's alert appearance, the old man's expression stiffened for a moment, and then he laughed and said, "don't you want to ask someone to teach you martial arts? My wife won't teach you, I'll teach you."

These words were endless, but ye Chen heard them in his ears, but they were like hearing thunder.

"Senior, you... You are..." Ye Chen's voice is a little sluggish.

The old man's eyes were shining, without the slightest drunkenness, and said, "my name is Yan Xingtian, old man. My wife is thousand spider Tianjun, willing to leave, have you seen her?"

Ye Chen was secretly surprised. He didn't expect that this drunken old man was the husband who was willing to leave.

He had just left the thousand spider world, and the old man appeared. He wanted to come to the thousand spider world, and he had seen all kinds of things.

"It's master Yan Xingtian and younger Ye Chen. It's rude."

Ye Chen bowed, thinking that ye lu'er had said that if he was tortured by someone willing to leave, he could call Yan Xingtian to come.

Think of this Yan Xingtian, his strength is also quite strong, not as simple as it seems.

"This old man is the king of the world before the divine world."

At this time, in the reincarnation cemetery, the voice of Zihuan emperor came out again, revealing an amazing secret.

"The king of God's heaven?"

Ye Chen was even more surprised when he heard this.

The god heaven realm is one of the six realms of reincarnation, namely the hell realm, the sentient world, the demon realm, the ghost King realm and other similar worlds, which are set up to bury reincarnation.

Ye Chen never thought that the drunken old man in front of him was not only the husband who wished to leave, but also the king of God's heaven!

It seems that emperor Zihuan knew many secrets in those days.

"He is the king of God's heaven. Doesn't he want to be an enemy of me?"

Ye Chen hurriedly communicated with Zihuan emperor and asked.

"He has abandoned the position of world king, not your enemy, don't worry."

Zihuan shook his head and said.

At this time, Yan Xingtian said, "boy, don't you want to improve martial arts? I can help you."

Yan Xingtian's eyes dripped around Ye Chen's waist: "as long as you give me the gourd of heaven and earth to make wine, I can promise you whatever you want. I can't do anything else, old man, but martial arts are unparalleled in heaven and earth, and not inferior to people. If you want to practice martial arts, it's really suitable to find me."

Chapter 8104

These words are very heroic and arrogant. They are simply arrogant.

If it is said by ordinary people, ye Chen can only be regarded as the nonsense of a drunk, but this Yan Xingtian is the husband who is willing to leave people, and he was once the king of God's heaven. He believes that the other party has arrogant qualifications.

However, ye Chen cannot give away the gourd of heaven and earth.

Because, inside the gourd, there is also a fairy gourd world, which is the foundation of Zihuan emperor. Many figures of the fairy gourd sect live on it, so naturally they can't give it away.

"Master, I can't give you this gourd, but if you want to make wine, I can do it for you, as long as you say it."

Ye Chen was modest and said a compromise.

He can't give away the gourd of heaven and earth, but Yan Xingtian can make wine on his behalf.

Yan Xingtian laughed, but said unhappily, "you are so stingy, I want you a gourd, and you won't!"

Ye Chen said, "please forgive me, elder."

Yan Xing's eyes turned, muttered and said, "well, come with me, and I can point out your martial arts."

After a pause, he hehe laughed and said, "my wife and I are enemies for all ages. If she refuses to accept it, I will accept it. You are the Lord of reincarnation in this life. I pass on your martial arts, and you severely trample on that woman's face!"

Ye Chen listened to Yan Xing's words of heaven, and was full of resentment against those who wished to leave. He couldn't help but secretly wonder how the couple could become such enemies.

However, he didn't want to pay much attention to it, just wanted to improve his strength as soon as possible, and said, "if you can teach me martial arts, it would be great."

This Yan Xingtian is a husband who is willing to leave, and even the king of God's heaven. He is also a terrible figure from the ancient times. With his guidance, ye Chenwu must be able to improve.

Hearing Yan Xingtian's words, Zihuan also nodded and said to Ye Chen, "this old man's martial arts are very strong, and he used to be the world

Chapter 8105

At that time, the moonlight was bright. Yan Xingtian looked at Ye Chen with drunken and subtle eyes, and said, "boy, old man, I am proficient in hundred martial arts, immortals, demons, Buddhas, demons, holy kings and emperors. I am proficient in everything. Which one do you want to learn?"

Hearing that he finally mentioned Wu Dao, ye Chen said, "it's OK, as long as it can enhance my strength!"

Yan Xingtian hehe smiled, looked at Ye Chen again, and said, "you are the Lord of reincarnation. Martial arts are amazing. Ordinary Taoist methods have little gain for you. If you want to make progress, you can only break through your own Taoist heart."

Ye Chen perked up and said, "please give me some advice!"

Yan Xingtian waved his hand and said, "don't call me senior. We are very congenial today. Why don't we worship a pawn? I'll be the eldest brother, and you're my brother. We share weal and woe, drink wine together, and serve women together!"

Hearing this, ye Chen was stunned and said with a wry smile, "senior, you are drunk."

Yan Xingtian laughed and said, "I'm not drunk, but from you, I saw my shadow in those days."

Ye Chen was silent and listened quietly.

Yan Xingtian seemed to fall into the memory, his eyes narrowed slightly, looked at the moon in the sky, and then his eyes fell on Ye Chen, saying, "I saw a cutting love on you."

Ye Chen saw the figure of tiannv in her mind, and her heart trembled slightly.

Yan Xingtian patted Ye Chen on the shoulder and said, "I guessed right? Hey, you and tiannv are really in love. It's enviable. It's a pity that the old man I was in love with."

Ye Chen said, "elder, did you like the spider king in those days? You have married her, and you want to have a lover and get married."

Yan Xingtian said, "lovers will get married? Bah! That wife, it's good not to be angry with me. Do you know how noble I was in those days? I gave up everything for her!"

Ye Chen's heart beat faster. He knew that Yan Xingtian was the king of the divine world in those days. He was very powerful.

In Yan Xing's eyes, he also showed a heroic look, and said, "old man, I was the king of God's heaven in those days, and the anti heaven strongman of Immortal Emperor level! The world

Chapter 8106

After a pause, Yan Xingtian said again, "that wife regards tiannv as her baby daughter. You insist on pestering, and that wife will not let you go."

Ye Chen nodded and said, "I know, I'm ready to face everything!"

Yan Xingtian said in a serious tone, "no, you don't know the horror of that wife. She loves her daughter as much as she does. Any action you take close to her is blasphemy in her eyes!"

Ye Chen's face sank. Hearing Yan Xingtian say so, it seems that he wants to be with the heavenly daughter and wants to leave. It's really tricky.

"Elder, how can you be with the thousand spider emperor?"

Ye Chen asked, now he wanted to know how Yan Xingtian and willing to leave came together.

If we can rely on Yan Xingtian to suppress the wish to leave, it's naturally best.

Yan Xingtian hehe smiled, licked his lips, drank a mouthful of wine, and said, "that woman is still charming now. She was more beautiful than words when she was young. Men would like her. I was the world at that time

Chapter 8107

.....

That night, ye Chen rested in the yard. Yan Xingtian stayed awake all night and was busy everywhere in the earth, seemingly arranging some arrays and traps.

In the morning of the next day, Yan Xingtian woke Ye Chen up and said, "boy, let's go. I'll take you to practice."

Ye Chen's mind moved slightly. This Yan Xingtian was the king of the former god heaven, the world

Chapter 8108

However, ye Chen reacted very quickly. With a sword, he killed the spider and stabbed it down.

"Yan Xingtian, you have to take in the people I drove away, don't you?"

A cold voice sounded from the sky.

I saw a charming woman who landed alone in the air, with a very mysterious spider tattoo on her cheek. It was the thousand spider emperor, willing to leave.

When Yan Xingtian saw that wish to leave came, he sneered and said, "what are you doing here, bitch? Who do I want to take in, and I need your consent?"

Wish to leave snorted and said, "I have no opinion on your taking in others, but it's absolutely impossible to take in the Lord of reincarnation!"

Said, willing to leave people's eyes, staring at Ye Chen: "this boy, if he refuses to leave my baby tiannv, he must die. Whoever dares to take him in, is against me!"

Yan Xingtian laughed and said, "smelly woman, you are too lenient! Others love and love, are you envious and jealous? You even ran to my territory and pointed out, dare you be wordy?"

Wish to leave people angrily: "Yan Xingtian, shut up! If I hadn't taken care of you, you would have died!"

Yan Xingtian laughed and said, "I'd better die. I don't have to see your annoying face in this world. Do you think it's useful for you to take great pains to resist the wear and tear of years and maintain your figure and appearance? Besides me, who else in the world will like you?"

This remark was very mean. After listening to it, I wish to leave people furious and shouted, "Yan Xingtian, you are against me everywhere. I really think I dare not kill you?"

Yan Xingtian said, "if you want to fight, come!"

Yan Xingtian didn't hesitate at all. He took the lead and blew out with one punch. The front of the fist stirred the air, and unexpectedly burst out a strong aroma of wine, intoxicating people's minds.

"Are you drinking again?"

May a trace of chill appear on the white face of Li Ren.

"Long winded, what's the matter with you when I drink? Is it annoying!"

Yan Xingtian's face was full of resentment, and his fist hit the head of the person who wanted to leave. He even killed him face to face, and he didn't intend to give the other party a way out.

"Thousand spider poison hands!"

Wish to leave snorted. Seeing Yan Xingtian's ferocious fist, he didn't dare to be careless. His thin white and tender palm waved, and the black gas blew out, blowing up a highly toxic atmosphere, and fought fiercely with Yan Xingtian.

Ye Chenren was below, looking at the fierce fight between the two strong men, and he couldn't help but be a little distracted.

Between Yan Xingtian and willing to leave, they are not like husband and wife at all, but enemies. Their moves are quite fierce, and they are straight to the point. They want to tear each other to pieces.

The battle between the two strong men also made the waterfalls roar, the water burst, the world vibrate, the laws are broken, and the mountains and rivers burst, which is very spectacular.

Yan Xingtian's martial arts and magical powers are vast, bright and righteous, with the magnificent atmosphere of the divine heaven.

The move of wishing to leave others is vicious, and the move has a poisonous smell, showing the meaning of poison.

She was once the leader of the evil sect of Zihuang fairy palace, so this move was full of evil and fierce.

Ye Chen watched the battle between the two strong men. His heart moved slightly, and he began to figure out his feelings. Martial arts also increased a lot.

The battle between the two men was a confrontation between Zheng and Xie, surging fiercely. For ye Chen, a bystander, the harvest was huge!

Under the Enlightenment of martial arts, ye Chen's cultivation realm is finally a breakthrough.

Click.

Ye Chen's cultivation barrier broke at this moment.

His accomplishments have been successfully promoted from five levels of the hundred flail realm to six levels of the heaven!

This breakthrough, like a natural course, is extremely enjoyable.

A ray of golden aura surged out of Ye Chen's body and rose into the sky. The weather was amazing.

Willing to leave in the fierce battle, he felt the weather of Ye Chen's breakthrough, and suddenly his face changed, thinking, "no! This boy secretly steals his master and understands martial arts, I can't afford to take advantage of him!"

At that moment, he converged and forcibly stepped out of the battle and flew into the air.

She forcibly withdrew, and was hit in the chest by Yan Xingtian. Her clothes were broken, revealing her bra, and her graceful figure.

Yan Xingtian laughed and shouted at Ye Chen, "boy, look at this woman. How is her figure?"

Willing to leave people blushing, angry shouted: "I'm your wife!"

Ye Chen was embarrassed and speechless. He hurriedly turned his head and didn't look at the body willing to leave.

He thought to himself that Yan Xingtian's hatred for wanting to leave others was almost irreconcilable.

His wife's body was exposed in front of outsiders, and he didn't mind. He asked Ye Chen to take a closer look. It was simply a breakthrough in human relations, incredible.

Yan Xingtian laughed and said, "you are my wife, so be obedient and wordy."

I wish to leave others and take rosy clouds as clothes, cover my body, bite my teeth and say, "Yan Xingtian, you madman! One day, I will ask you and the Lord of reincarnation to pay the price!"

After saying that, she left in a rage, with extreme shame, anger and resentment.

Ye Chen's face sank. Seeing that he was willing to leave, he offended her to death today.

If you offend such a strong person, the supreme meritorious war one month later will be more difficult.

Yan Xingtian looked at the back of willing to leave, but he sneered, completely indifferent.

After a pause, his face suddenly turned red, he coughed violently and gasped for breath.

"Elder, how are you?"

Chapter 8109

Ye Chen hurried up and held Yan Xingtian.

Yan Xingtian's facial features were slightly distorted, and he obviously suffered great pain and torture. He said, "it doesn't matter, it just affects the injury. For the time being, it doesn't matter, and he can't die."

Ye Chen thanked Yan Xingtian in his heart and said, "elder, can you cure the trauma of your heart? I can help you."

Yan Xingtian pondered for a while, then gritted his teeth and said, "there are naturally ways to treat, but it's very difficult."

Ye Chenxi said, "what method?"

Yan Xingtian said, "there is a special medicinal material called Tianxin Xuanhua, which can treat the trauma of Daoxin."

"However, on that day, the mysterious flowers and plants were in a secret place, which was guarded by the evil sect of Zihuang fairy palace."

Ye Chen said, "are you guarding the evil sect..." he thought of the ferocity of the evil sect and the virulence of the Duobao emperor, and suddenly felt dignified.

Yan Xingtian laughed again and said angrily, "yes, there are flowers and plants in that secret place. After I was injured, I asked the woman to pick one for me, but she refused."

Ye Chen said, "why?"

Yan Xingtian said, "that old woman was still the leader of the evil sect and was not forced to retreat by Duobao Tianjun, but she said that the power of Duobao Tianjun was growing, and that the secret territory was also controlled by Duobao Tianjun. She didn't want to trouble, and she always refused to speak. She begged for medicine for me, saying that the heart wound can heal slowly."

"From that time on, I knew that she didn't like me. When she was with me, she just felt sorry for me."

"Hey, that woman is very insidious. Later, she was forced to abdicate by Duobao Tianjun. Instead, she said that she resigned as a leader to take care of me. She wanted me to be grateful, but it was really wishful thinking."

Ye Chen's face sank. According to Yan Xingtian's words, he secretly deduced the secret of heaven. In the dark, he captured the coordinates of the secret realm of the heart of heaven and saw the location of the mysterious flowers and plants of the heart of heaven.

That day, Xinxuan flowers and plants were rich in medicine. They really had a good therapeutic effect on the trauma of Daoxin. They were the specialty of Zihuang fairy palace. Only Zihuang fairy palace in the world had such precious medicinal materials.

If you can get the heavenly heart Xuan flowers and plants, you can really cure Yan Xingtian's heartache.

However, when the secret of heaven came to light, ye Chen found that there were mysterious flowers and plants in his heart that day. The guard was extremely terrible, and there were countless strong men of evil sects guarding it.

Moreover, there is a demon beast, dormant around the herbs, with many crises.

It's almost impossible for outsiders to pick the flowers and plants of Tianxin Xuanhua.

Ye Chen said to Yan Xingtian, "senior, I will find a way to cure your heart trauma."

He had secretly captured the coordinates of the secret realm of Tianxin, and wanted to seize the mysterious flowers and plants of Tianxin, but he didn't explain it to Yan Xingtian.

Because once he said it, the latter would certainly object.

After all, the secret place of heart that day was too dangerous. If it was so simple to seize herbs, Yan Xingtian would have gone by himself long ago, and there was no need to suffer until now.

However, although the secret realm is dangerous, it is not without the possibility of breakthrough.

In an instant, ye Chen thought of a wonderful way to break through the guard restrictions of the secret realm of the heart of heaven and go in to pick herbs.

Yan Xingtian waved his hand and said, "my Taoist heart wound can't be healed. That Duobao Tianjun also wants to see me die. Every time the Supreme Master fights for merits and virtues, he tries his best to press down the heavenly heart Xuan flowers and plants, and won't take them out as a reward. As a result, I have no way."

"If I forcibly rob, I can't rob Duobao Tianjun. That guy is too powerful. Hehe, that woman was also extremely afraid of Duobao Tianjun, and was finally forcibly forced to abdicate."

Ye Chen nodded slightly. Naturally, he knew the temperament of the emperor of Duobao. Compared with it, the emperor of feather could barely be regarded as a good man.

Duobao Tianjun, who is the leader of the evil sect, is vicious. As long as he sees others suffer, he will be happy, even if he has no benefit at all.

Even, he is willing to sacrifice his own interests to entrap others, just want to see others suffer, such as Entrapping Wu Zu

This natural villain, a pure bastard, is simply a natural evil leader. Any disciple who wanders in the evil sect worships and idolizes Duobao Tianjun.

If ye Chen goes to the secret place of the heart of heaven and picks herbs, the consequences will be unimaginable once the emperor of Duobao is disturbed.

However, ye Chen has a wonderful way to deal with it. He wants to try it.

But on the surface, he didn't show it, lest Yan Xingtian worry.

In addition, he also wants to get the herbs secretly and come back to surprise Yan Xingtian.

Yan Xingtian didn't know ye Chen's idea, and said, "let's go back to rest for a night and understand the martial arts tomorrow. You can figure out the essence and mystery of my fight with that woman tonight. It's the fight of the good and evil, which is not an ordinary battle. As long as you understand it thoroughly, it's good for your cultivation!"

Ye Chen said, "yes, thank you for taking care of me."

In fact, ye Chen has realized almost, and his cultivation level has also broken through to the level of six layers of heaven in the hundred yoke level, which can be described as a huge gain.

At that moment, ye Chen and Yan Xingtian left the mountain of the emperor of Thailand and returned to the living courtyard.

After the fierce battle, Yan Xingtian consumed too much. He went back to rest.

Ye Chen also pretends to rest. In fact, he wants to go to the secret realm of the heart of heaven and seize the mysterious flowers and plants of that day.

In the evening, everything was silent. Ye Chen quietly left a note saying that he went out to look for herbs.

As for the medicinal materials, ye Chen didn't write in detail, let alone the matter of Tianxin Xuan flowers and plants. He just said that he would come back after finding the right medicinal materials.

Besides the note, ye Chen left a pot of wine.

This pot of wine, brewed by him from the gourd of heaven and earth, mixed with many pills, can alleviate Yan Xingtian's heart trauma.

After everything was explained properly, ye Chen left the celestial realm silently and was ready to go to the secret place of Tianxin.

"Come out, Miss Chi."

Ye Chen had a plan in his heart, opened the gourd of heaven and earth, and called out Chi Fei's blood.

A burst of light smoke rose, and Chi Fei's blood emerged. As soon as she appeared, she first breathed a sigh of relief, like a prisoner who had just been released from prison and restored his freedom.

Ye Chen saw her like this, smiled bitterly and said, "I settled you in Xianhu world, wronged you?"

Chi Fei's blood eyes were cold and silent, showing no expression, and calmly said, "no, Lord of reincarnation, I am ordered by the young lady to guard and take care of you. No matter what arrangement you have, I will do it."

Ye Chen looked at her calm and indifferent attitude, a little guilty, and sighed again, "thank you, Miss Chi, I have a task now, and I want to discuss it with you."

Chi Fei said, "what task?"

Ye Chen sorted out his words, and then said, "I'm going to go to the secret place of the heart of heaven to seize the mysterious flowers and plants of that day."

Chapter 8110

Chi Feixue was surprised and said, "what do you want Tianxin Xuan flowers and plants to do? That day, the heart secret realm was the territory of Duobao Tianjun. If we went, it would be easy to have an accident, and there were thousands of monsters lurking in that Tianxin secret realm, which was very dangerous."

Ye Chen said, "I must seize the mysterious flowers and plants that day. Miss Chi, please help me. I plan to let you come forward and lead the guards away, and then I will sneak in."

In fact, the strength of the guards in the secret realm of the heart of heaven is not strong, but they are evil people after all. Once they scare the snake and disturb the emperor of Duobao, it will be very bad.

Therefore, ye Chen doesn't plan to use strength. He plans to lead the guards away and sneak in again.

Chi Feixue has a special identity and is the character that Duobao Tianjun dreams of arresting. As long as she shows a little breath, those guards will naturally go crazy to hunt her down, so that ye Chen is not in danger and can smoothly enter the secret realm of Tianxin.

Chi Fei is bloody and dignified. This plan is undoubtedly very dangerous for her.

Once she was caught, the consequences would be unimaginable.

Ye Chen also knew the danger. Naturally, he would not let Chi Fei's blood die. He said, "Miss Chi, I can first lend you the Iron Throne and the holy cup of human slaughter. If you encounter an accident, these two magic weapons are enough to escape."

While talking, ye Chen offered the Iron Throne and the holy cup of human slaughter to lend these two treasures to Chi Feixue, laughing again:

"In fact, I believe in your strength. It's not difficult for you to draw away the pursuers and ensure that you don't expose yourself."

Chi Feixue saw the Iron Throne and the human butcher holy cup, and her heart trembled slightly. She didn't expect Ye Chen to be so generous.

Seeing ye Chen's appearance, it was not like asking her to die, and her heart immediately settled down.

"No, I don't need your magic weapon. I'll distract the guards for you."

Although Chi Feixue was touched in her heart, her expression was still indifferent, saying.

Ye Chenxi said, "OK, thanks a lot."

At that moment, ye Chen locked the coordinates of the secret realm of the heart of heaven, directly tore the void, and passed with Chi Fei's blood.

The secret realm of the heart that day was not in the space-time of the supreme being, but in the outer world.

In the outer world of this day, the laws are erratic and chaotic, and in this place, planting herbs and cultivating spiritual plants can only be achieved by the mysterious purple fairy palace.

Ye Chen and Chi Fei's blood fell into the secret realm of the heart of heaven. At this time, it was night. There was no star or moon in the sky. It was dark, and only the light of the torch in the distance was shining slightly.

Looking carefully, this secret place of the heavenly heart is actually a mountain range surrounded by thousands of mountains and valleys.

Those with great magical powers moved all the mountains in the center of the mountains and leveled them, exposing a fertile open space. They also arranged a gathering spirit array to gather all the auras of the world around them, and then planted exotic flowers and herbs and various medicinal materials in the array.

Ye Chen closes his eyes, and his spiritual power diffuses out. If his heart is opened, he has a panoramic view of the secret realm of the heart of heaven.

In the center of Tianxin secret place, there are many medicinal materials planted, among which the most precious medicinal materials are naturally the heart Xuan flowers and plants of that day.

There are many monsters lurking in the mountains. They absorb the essence of the sun and moon essence, cultivate and grow. They often go to the side of the medicine garden to absorb the aroma and spirit of the elixir and improve their cultivation.

Those monsters all have strong intelligence, understand the relationship between interests, never destroy the medicine garden, but absorb the spirit leaked out, and flow in a long time.

If someone dares to destroy the medicine garden and steal herbs, there is no need to guard the soldiers. Those monsters will tear the invaders to pieces!

There are about a hundred guards in the secret realm of Tianxin. In Ye Chen's eyes, the strength is naturally not strong, but they have the means to contact evil sects. Once they scare the snake, it will be very bad.

Ye Chen felt all the details clearly, opened his eyes, and his eyes were as cool as water, looking at Chi Fei's blood on the side.

Chi Feixue also understood all the situation, but said with some worry: "even if I distract the guards, there are a large number of monsters dormant in the secret medicine garden. It's not so easy for you to steal herbs."

Ye Chen said, "don't worry, those monsters can't hurt me. As long as you can distract the guards and not be found by the evil sect, everything will be fine."

What ye Chen is afraid of is the leader of the evil sect behind him, Duobao Tianjun.

As long as he doesn't disturb Duobao Tianjun, he can deal with ordinary monsters.

Chi Fei nodded with blood and was about to act when she suddenly saw a streamer in the sky, flying down and falling to the entrance of the secret place.

It was a gray haired man with a long sword on his waist. He was tall and his face was cold.

As soon as he landed, the guards at the entrance of the secret territory saluted respectfully and shouted, "Lord duanlang!"

The grey haired man nodded and said, "I was ordered by master to guard this place. Master said that he had caught the secret of heaven. Recently, there may be thieves coming to steal herbs, which will wake me up."

The soldiers said, "yes!"

Ye Chen and Chi Feixue heard this from a distance and looked at each other, all surprised.

Chi Feixue said, "this man is called xingduanlang, and he is the apprentice of Duobao Tianjun. Unexpectedly, Duobao Tianjun actually predicted that you were going to steal herbs, which is troublesome."

Ye Chen's face sank, and he saw that the star broke the waves. He was also guarding at the entrance of the secret territory with many guards, and he didn't mean to leave.

"Can you lead him away?" Ye Chen looked at Chi Fei's blood path.

Chi Feixue pondered for a moment, and silver teeth bit her red lips and said, "it can be, but the cultivation of the star breaking wave is quite strong, and I can't delay for too long, up to half an hour."
