Chapter 8171

"Jiuyou?"

"Jiuyou won't appear here!"

Ye Chen waved a sword, and the blazing light of the sword rushed into the sky, tearing open a layer of sky, and scattered with it, as well as the figure who had never appeared.

"Illusion?"

Xue Ji murmured, but the terrible sense of oppression was absolutely true. Even she had only felt it when the elders in the door were angry.

"Maybe Jiuyou people did come ten thousand years ago, but what the next true solution is pure nonsense!"

Ye Chen snorted coldly and shouted at the sky, "old man, I really gave myself up!"

Click!

With a bang, the sky collapsed and everything before the Hall fell. The white jade ladder also disappeared with it. Even the swirling smell of Xianjia was shrouded in dust at the moment.

In the boundless sky and earth, the dilapidated palace is flashing a weak light. Where is the previous power?

On the dim steps, there was full of dust. Except for the line of footprints Zhu Yuan had just stepped on, there was no trace of people.

In front of the six halls, two huge stone statues stood upright. One of them was cut off by his waist, and his waist was separated. Even the eyes that used to have a God's breath were muddy dust for thousands of years, and there was no aura.

Only the other one is still intact, standing upright and guarding here like a door god. The faint divine glow reflects the whole dilapidated hall. The star glow they had previously seen across the distance is exactly what he reflected.

"Is all this an illusion?"

Xue Ji murmured to herself. She thought there was a real inheritance here, but she never thought it was such a ruined scene.

"Ten thousand years ago, there may have been a heritage here, but it was taken away by the Jiuyou. As you said, the spirit guarding this place completed its mission and should die..."

Ye Chen thought about this, but he whispered, "unfortunately, if you were born with wisdom and didn't want to fall like this, you would have done what you do today."

The mighty stone statue in front of the hall was speechless and laughed: "good guess, boy!"

"Inheritance has been cut off. You are just a spiritual rhyme, not even a ghost. If you are seen through, you still have the power of a war?"

Ye Chen whispered that he had not done it before, but was forced by the terrible pressure of the stone statue. In fact, he was just a paper tiger.

"How do you think I survived for thousands of years?"

In the stone statue, a divine light is reflected in the sky, and the vision is reborn!

The sky is like an umbrella leaking rain. The yellow sand all over the sky seeps down and smashes the rocks!

"Did this guy communicate the main road rules here?"

Ye Chen frowns. It's really tricky if you use such a means!

"Communication?"

"I was the way!"

The stone statue's rampant laughter rang out, and everything in the whole heaven and earth was inspired like a spirit, killing several people.

A grass, rising from the ground as a sword, comes with the sharp stab of the rule of the road!

"In order to survive, this guy integrated into the Tao here and was willing to be a servant of heaven and earth..."

Xueji naturally knows such means, which is an ancient secret, but the price is Yongzhen here, so she can't leave.

This guy was trapped for thousands of years. After the inheritance was cut off, he should have fallen. He forcibly merged with Tiantong. Although he was panting, his vitality and wisdom were slowly passing away in another form.

He wanted to seize Zhu Yuan and become a real man with the quality of knowing the soul of martial arts and fearless of the bondage of heaven and earth!

"Run!"

Ye Chen immediately retreated. If he was against a road between heaven and earth, unless the Immortal Emperor had such a hand, he could break a world.

Otherwise, there is absolutely no counterweight.

"Where to run!"

The rootless lotus in Xueji's palm turned out and protected several people from evacuating. However, with the pursuit of all things in the world, there are eyes everywhere in this space, and murders everywhere!

Whoosh!

The fallen dead tree leaves are scattered with cold awns, and a leaf breaks the void.

"Get out of this space and run on the way back and forth!"

Ye Chen and Xueji, who fought, defended and retreated, have retreated to the position of the central square, and the barrier gate behind them is close in front of them.

But to their dismay, the stone statue in front of the hall had moved to the exit and blocked the border.

"Broken!"

There was a loud drink on the sky, and on the silent square, in the center without shelter, there was a gentle breeze blowing.

Click!

Just a gust of breeze broke Xueji's rootless lotus easily, and the three instantly became blood men.

A breeze kills thousands of miles.

In just a few breaths, hundreds of tiny wounds appeared around the three people, and they were bleeding constantly.

"The wind... Is a little strange!"

Zhu Yuan has Ye Chen's protection, and the situation is slightly better, but it is inevitable that the size of the wounds on her tender skin are all visible, and Xueji has seven orifices covered with blood.

"Childe, that world!"

At the critical moment, Zhu Yuan shouted loudly.

The tacit understanding between the two had already been engraved in their bones. Ye Chen instantly understood Zhu Yuan's meaning. Several people found that the boundary Zhu Yuan said was dangerous, but it was better to give it a go than wait for death here!

"Xueji, your spirit jade seal that day!"

Driven by the special mental skill of tianlingzong, the purple jade seal shines again, reflecting the void, slowly opening a gap.

"Hum, there are no creatures in that world. My Tao can also be extended!"

The stone statue snorted with disdain. Seeing this, ye Chen waved a sword and cut it into several sections in an instant.

"Hahahaha, the mole ants who become angry from embarrassment are overkill!"

When the stone was recast, the stone statue was safe and sound. On the contrary, it was sarcastic and said, "in that case, I will kill your way of life with my own hands!"

Suddenly, strong winds rose in all directions between heaven and earth, and everything in that realm was collapsing. Countless pavilions, mountains and rivers collapsed, heaven and earth faded, and blood flowed.

The three of Ye Chen saw this scene through the gap of the space, and their hearts were half cold.

Ka!

A strong wind broke a huge peak, and at the bottom of the cliff, a purple light rose into the sky!

"Huh?"

Xueji felt that the Tianling jade seal unexpectedly fluctuated, which was extremely strong, and she could feel it across the boundary?

Boom!

A human shadow rushed out from the other end of the space, and with a palm of his hand, he stagnated the Tao between heaven and earth.

"In the past years, someone fell into that realm?"

The stone statue exclaimed, but was not afraid.

The gap in the space slowly healed, and the figure crossed the border. It was supposed to fall, and the remains were found by Ye Chen and others

Tianling Taoist!

"Master?"

Xueji looked at the man in front of her in disbelief. Her figure was huge and different from the thin body Ye Chen saw.

But the appearance is very similar, which is undoubtedly the spirit of heaven and Taoism.

"Xueer?"

"Why are you here!"

Taoist Tianling was obviously surprised to see that his disciples had entered such a dangerous situation as killing God hell alone.

"I didn't expect to see you again in this state. In the past years, I told my disciples not to let you be born in a short time..."

"See if the next world has passed ten thousand years!"

Taoist Tianling said to himself, looking at Ye Chen and others and their epoch-making clothes, sighed.

Chapter 8172

"It's just a separation, and it's also a vain attempt to subvert the six halls?"

The stone statue drank hard, and the general trend between heaven and earth rose again. Countless blood rains condensed on the clouds, and the drops sprinkled are steaming everything!

Auspicious clouds coagulate, just like Mount Tai falling, full of oppression.

Rao Shiyi's Taoist priest also frowned and said, "six halls, the inheritance here has long been robbed by that person, and the Qi has dissipated. How can there be a killing opportunity here!"

Ye Chen below was surprised when he heard the speech. Was it taken away and inherited ten thousand years ago?

Xueji hurriedly spread the sound and explained the whole story to the Taoist priest Tianling.

"I see. All creatures in Yiyun should also be haunted!"

Facing the suppression of the heaven and earth Avenue here, even the tianlingdao people can't take it down for a time. After all, it has fallen for a long time. If the energy is exhausted, it will be completely dissipated in the world.

After hearing what happened to Xueji since she entered the God killing hell, Taoist Tianling was also surprised.

"Did you meet Jiuyou?"

"Lord of reincarnation!"

Immediately looking at Ye Chen's eyes, they were full of unspeakable complexities, and whispered to Ye Chen, "did you ever have a companion?"

In the situation of life and death, a word from the Taoist priest made Ye Chen speechless. For a time, he didn't know how to be right.

Perhaps aware of his gaffe, Taoist Tianling explained, "my little friend will destroy the ruins in the future. As you are, it's nothing in the world. Tianling sect is willing to make friends with you!"

"Maybe there are many things you don't understand. This shaky world is not as simple as you think. Ten thousand years ago, it was the end. If you want to protect everything you care about, you must go out!"

"There is a forbidden area in tianlingzong. Only my jade seal can be opened. Even the people of the sect have never known the existence of this place. At that time, you can see that all the great mysteries of ancient times are here!"

Ye Chen frowned when he heard the speech, which was unusual.

"Dare to ask elder, why did you give such an opportunity?"

Taoist Tianling sighed and said, "I have only one request. In times of crisis, I hope the Lord of reincarnation can save Tianling sect from the abyss of water and fire!"

Ye Chen responded softly, "come all the way, Xueji is my friend, and will naturally help!"

With the assurance of the Lord of reincarnation, the eyes of Taoist Tianling are radiant again. As long as ye Chen can grow up, his promise... Can let Tianling prove forever!

"I will try my best to help you out!"

The Taoist priest of the heavenly Spirit said in a deep voice. With his only remaining energy, he was afraid that it would be difficult to fight continuously. After all, the dead man could not use any means to connect the sky.

"Senior, maybe you can breathe out, and the crisis can be solved!"

The Taoist priest Tianling smiled at the speech and said, "also, how can there be no defender waiting by your side!"

"Well, just try!"

At the end of the sentence, the whole body is a bloody flame, led by itself, to explode!

"Madman, don't you think that self explosion can block the rules of the road!"

The stone statue's disdainful cold hum echoed, but ye Chen shouted, "younger Ye Chen, send your predecessors into reincarnation!"

Boom!

Heaven and earth open a line, inch by inch crack

In the small world that has become a piece of itself, all are shrouded in the eye-catching light, unable to distinguish the direction.

The sound of explosions in his ears was stronger than waves. Ye Chen vaguely felt that even the six halls not far away were turning into ashes.

The palaces piled with countless stars were also crushed into powder under the self explosion of Tianling Taoist priest, and the central square was deserted.

Inch by inch, the land was scorched and smelled bad. Looking up, the sky was just the same. The original faint starlight was completely shattered by a blow. Between the dark sky, the abyss gaps sent out the smell of famine.

"Master..."

At the moment when the Taoist priest Tianling separated and finally exploded, he looked back at Xueji, pulled the corners of his mouth slightly, and said with a smile, "Xueer, you have always been my pride!"

"It used to be, and it will be!"

"No matter how tianlingzong is, where you are, it is tianlingzong!"

The two lines of clear tears on the girl's cheeks slowly fell into the boundless abyss under her feet. At this moment, heaven and earth are the same.

Xueji didn't cry this time. She and ye Chen have experienced a lot and grown up a lot. The teacher in front of her has long been a person who fell ten thousand years ago. Now it's a gift to say a few words if she has the chance to say goodbye.

"Master, don't worry, the inheritance of tianlingzong will not be cut off, even if the world no longer exists!"

Xueji responded loudly.

Ding!

The body of Taoist Tianling disintegrated in the most dazzling moment, and scattered into a mass of energy burst out. Each light spot squeezed through the void, and in the meantime, the light of soft power poured into Xueji's heart.

Boom!

Waves of memories of ancient times reappear. In Xueji's mind, there are many unknown people competing for something.

"No!"

With a sharp drink, the girl fell to the ground in front of her eyes, and Zhu Yuan could only carry Xueji on her back.

Ye Chen knew that it must be the Taoist priest Tianling who passed down some of the secrets mastered by this separated person before the fall. Although it was incomplete, it was enough to have an impact on Xueji's spirit.

"Zhu Yuan, she'll be fine. Let's think about how to leave here!"

Ye Chen looked at the girl on Zhu Yuan's back and looked up at the void. At the moment, the sky was like cracked glass. He sighed gently and slowly opened his mouth.

"Destroy it. It's already an empty city in vain, and I'm about to leave here!"

A sigh echoed in the sky and earth, and the countless dust that had been crushed floated up and condensed into a stone statue, standing between the dark sky and earth.

Everything no longer exists, only his charm, surrendered to the road, and breathed here.

"Tongming Wu soul has got it, and this world can't trap me!"

Obviously, he was born to protect the inheritance. After that, he was forced to submit to the siege in order not to die. Zhu Yuan's Tongming martial spirit could solve this situation, so he was targeted!

"Congealing!"

With a loud drink, the road of heaven and earth is flowing, a trace of invisible power is repairing this world, and the sky is also healing.

"Childe!"

Zhu Yuan looked at Ye Chen, but he saw his childe looking up at the sky with a dignified look.

The self explosion caused by the separation of heaven, spirit and man can be called a disaster. Even if it is the rules of heaven and earth, it will take time to repair.

"Zhu Yuan, with all your strength, break through the void! Remember, you must use what the Taishen taught you!"

Ye Chen ordered.

"With him?"

The cold hum of disdain sounded, and the general trend between heaven and earth rose again, and the killing opportunity appeared!

Boom!

Zhu Yuan's fist was blatantly waved, and a bunch of fists rose straight into the sky, cutting through the sky, concentrating all his strength on one point, penetrating the sky, tearing open a hole, and the light disappeared at the end of the other world

"Huh?"

Wandering in the unknown space of the God killing hell, a figure stared into the distance and said, "it was the impact of the afterwave that tore the boundary wall before, and now... This breath seems to be Zhu Yuan's!"

The figure in purple shirt gave a meal, and he couldn't care about several bleeding wounds around him, muttering, "smart boy, I found you!"

.....

Chapter 8173

Screen rotation.

"Congealing!"

The rules of the road between heaven and earth are everywhere. Ye Chen and Zhu Yuan look dignified. If they continue like this, it will be dangerous.

There was silence everywhere. Even the sound of the stone statues was no longer heard. In the seemingly calm world, if you were careless, you would fall!

Click!

With a bang, the sky was split, and the yellow sand all over the sky, with blood, poured down from the canopy, pungent and ugly. The yellow sand on the ground was upside down at the moment, so strange.

A human figure, with blood on the skirt, could vaguely recognize the dazzling purple shirt, accompanied by sand and rain, with broken palms in the void.

"Here it is?"

The middle-aged man muttered to himself, and immediately looked around regardless of his injury. In fact, at the moment he appeared, ye Chen and Zhu Yuan below had already breathed a sigh and put down the tight string at the bottom of his heart.

Because there is this man, it means they are safe.

Yes, it's a god!

"Who dares to trespass on the ruins of the six halls!"

The stone statue also seems to feel the strength of the visitor, pretending to be a tiger, and he is bluffing.

This person is obviously better than the previous tianlingdao Renshen, and is more than one grade stronger. After all, he is the real body.

As for the blood stains on the lapel of Taishen, it can be ignored. A strong man in boundless territory, not to mention life and death, human flesh and bones, such injuries, not enough to hang his teeth.

"Master, this old man deceived us!"

Zhu Yuan waved his arm and shouted at the middle-aged man in the void. His cheeks were full of smiles. He knew that he and the child were safe!

Looking back, Taishen saw that ye Chen and Zhu Yuan were in a mess, but their lives were not in danger. He was also relieved.

Since he set foot in the God killing hell, he has been separated in different spaces. The God killing hell has its own boundaries, and countless interfaces have the opportunity to kill. Rao, with his supreme cultivation, ran all walks of life looking for people, and also suffered some injuries.

"Six halls?"

Too God was stunned and immediately said, "ten thousand years ago, there was a dead world, and dare to make a noise here!"

With his cultivation, how can we not see that even the vitality has long been exhausted.

The so-called will of heaven and earth?

In the eyes of the great God, it can be overturned easily!

"Death!"

When the stone statue heard Zhu Yuan calling someone 'master', it already knew that there was no room for turning things around. It was useless to beg for mercy. It was better to just let go!

The rules of heaven and earth Avenue condense again, and the universe turns over, killing the machine is cold.

"Broken!"

Taishen just murmured softly at the corner of his mouth. The silent world seemed to be under his feet, and the universe was like a spirit, trembling!

With a gentle step of the right foot, the general trend between heaven and earth is all approaching the middle-aged purple shirt, and even the rules of the avenue are silent.

Boom!

Everything around collapsed and shattered under this foot.

The darkness that filled the eyes was like a mirror, collapsing at a speed visible to the naked eye.

"What power is this, and what is the origin of your martial arts!"

The voice of the stone statue's fear was now completely transformed into fear, and the meaning of trembling was endless.

"This is impossible!"

At this time, the crazy stone statue was completely out of proportion, the rules of the avenue were suppressed, and the means of his existence were completely imprisoned.

The upright stone statue unexpectedly raised its spear and rushed to kill with slow steps.

Too divine, impartial, wait in place.

Click!

The stone spear was directly inserted into the chest of Taishen. The spear blade was several times taller than his body, but it collapsed into ashes at the moment of touching Taishen!

Even the lapel has never caused more than half a billow

"I see. It's actually a remnant. You should have dispersed with this world long ago!"

It seems that at that moment of contact, Taishen learned about the past and present lives of the stone statues. Such terrible means are really shocking.

The long sleeve of the purple shirt was just waved gently with the wind, and even the palm under it was never exposed. The stone statue was like a remnant candle in the wind to usher in the final sentence.

Boom!

The previous stone statues, which were arrogant, collapsed directly, and even the dust was not left. They scattered like this and could not be regenerated.

"If you force yourself to interfere with cause and effect, you will be detected by those people!"

The stone statue integrated into the will of heaven sent out a weak voice, but before the voice fell, it heard too God's strong way:

"Cause and effect?"

"If it is destroyed, it is!"

There was a sudden condensation between his eyebrows, and the momentum of terror instantly climbed. He just stood with his hands on his back, and the figure of Wei'an was going to collapse everything!

Click.

At this moment, the sky is like a vented ball, which is rapidly disappearing, and the space is shrinking, squeezing and bouncing.

"You two, come to me!"

Taishen whispered a greeting, and ye Chen and Zhu Yuan came forward. He glanced at the unconscious Xueji in Zhu Yuan's arms, and didn't say much.

"Broken!"

With a soft drink, it was like the judge of the hell had written the word "death". In an instant, the youth shone up, and every grain of dust was shining.

The originally silent and dark world was like dozens of suns shining at the same time, dazzling.

Even Xueji was attracted by the light and slowly woke up.

"This is..."

Zhu Yuan looked at the girl on his back and said, "demon..."

The word "witch" almost blurted out again. Seeing Xueji's angry face, fortunately, she stopped the car in time.

"Don't worry, my master is here. We're all right. His strength is very strong!"

Bang!

The space behind it directly exploded, scattered into countless starlight powder and disappeared in the God killing hell. This space, completely shattered!

"Strong..."

Xueji looked behind her, and then looked at the Taishen who led Ye Chen and Zhu Yuan to the front. She felt that this middle-aged man was not weak in the world!

"Huh?"

Feeling a burst of snooping, Taishen looked back, his eyes were locked on Xueji, and ye Chen on one side hurriedly said:

"Elder, this is the case..."

He gave a brief account of his experience with Zhu Yuan in the hell of killing gods, including how to know Xueji and the common experience of several people.

"Tianlingzong... Interesting."

Too calm to see joy and anger.

"Master, do you know the heavenly spirit sect in the world?"

Xueji saw this and asked. She also had doubts in her heart. From the previous daring peek, the purple shirt in front of her was middle-aged, and her cultivation was unfathomable.

But to Xueji's disappointment, too God didn't answer her words.

"Is there a clue?"

Tai Shen looked at Ye Chen and said faintly.

Ye Chen knew that Taishen was asking whether there was any trace of the evil dragon soul killing sword. After all, this time, it was for this reason. Every realm of the God killing hell was full of killings. Even Taishen was injured. The more he stayed, the more he was afraid of accidents.

"No..."

There are many life and death experiences, but the clue of the evil dragon soul killing sword is not seen at all.

Chapter 8174

"Yes, ye Chen!"

At the moment, Xueji whispered hello to Ye Chen, walked to her side and gently pulled a corner of his sleeve.

"This time I came to find the remains of the master. Now my goal has been achieved. It's time to return to the school. If I'm found by the people of the school, I'm afraid I'll be closed again."

Ye Chen guessed earlier that the girl was sneaking out. If she was found, she might be in trouble.

"I understand that it's better to travel all the way. Your safety can be guaranteed with the presence of master Taishen!"

Ye Chen opened his mouth and said, "I don't know what chance I will encounter if I leave here. With the girl alone, she is likely to be robbed."

Since they have experienced life and death together, ye Chen regards Xueji as a friend. Anyway, he will not sit idly by.

The girl gently bit her thin lip, shook her head, and refused, "I have the secret treasure of tianlingzong, which can directly escape from the God killing hell. What you see now is not the real me!"

Xueji told a shocking secret.

Ye Chen was stunned when he heard the speech. As a result, without waiting for his reaction, Xueji took out the jade seal of tianlingzong. The original half of the jade seal, which was now combined, was divided into two by her again.

"Master's advice, you can use this thing. If you have a chance, you can come to tianlingzong to find me!"

Xue Ji whispered.

Ye Chen looked at the girl in front of her. The explosion of Taoist Tianling before her death seemed to leave part of her memory in Xueji's mind. She lost her innocence when she first met.

Isn't Luo'er the same at the beginning?

Luo'er was involved in this big game because of his own existence. Although it's good to be in the camp of tiannv, he lost his innocence after all.

"Didn't you find it after a lot of hard work? Are you really willing?"

Ye Chen, who still wanted to say something, saw the girl raise her eyes and smiled calmly, saying, "then you will return it to me in person in the future!"

Two tiger teeth showed, and Xueji smiled and waved to Ye Chen.

"And you, smelly boy, next time we meet, Miss Ben will make you look good!"

Xue Ji looked sideways at Zhu Yuan and squinted.

"Xueji..."

Ye Chen still wanted to say something, but the girl in front of him flashed, turned into a residual shadow, and dispersed with the wind.

Zhu Yuan also widened his eyes. It was the first time he had seen such a scene.

"Do you really think there is no shelter behind that girl?"

"It's just a matter of separation. It's time to break up!"

Too God whispered.

"What?"

Ye Chen was stunned and separated?

So the real Xueji is stronger?

"Although it's separation, it's also a secret method. This girl is not as strong as you think, but she's not weak."

"I'm destined to see you again!"

Taishen looked at the half of the jade seal held by the spiritual Taoist in Ye Chen's hand that day, and understood the divine way.

The secret of heaven is speechless, and it is too divine to explain more. Some things, forced, lose their true meaning.

"Elder, what about the inheritance of the six halls?"

Ye Chen thought of the scene of the first world war with Jiuyou. Although the stone statue intended to rob the soul of Tongming martial arts, some words were based on careful deliberation.

"Ten thousand years ago, the inheritance was taken away by others. Now it is just an empty shell. If it is destroyed, it will be destroyed."

"However, your fate in the array may be that under some coincidence, time and space collided. As for whether there is Jiuyou this person..."

"You don't need to worry about disturbing the Taoist heart, but it's bad, even if you're the Taoist heart of Wu Zu. If there's no such person, you're in a mess."

"There really is this person. After ten thousand years, according to what you said, this person's talent demon can be called zuniyu, it is estimated that even I am not an opponent, and you don't need to catch up! At present, your enemies are only the emperor of Duobao, the ancient emperor of feather, and ye Linyuan."

Taishen's words revealed the secret of heaven. One hidden danger left by this array is to disturb the heart of Tao.

Even if you come out alive, you will be disturbed.

"What the elder said is very true!"

Ye Chen nodded gently, and immediately stopped thinking. He looked ahead and stepped into the darkness. With the company of Taishen, the speed of the three people was much faster than before.

As for the whereabouts of the evil dragon soul killing sword, it still did not appear.

"There is also a death penalty world ahead. Speed up your pace!"

Taishen whispered a greeting, and then went straight across the space with only one broken temple.

Hum!

While the three were marching, ye Chen suddenly trembled, which also made Taishen and Zhu Yuan stop and look back.

"It's the jade seal of tianlingzong!"

The purple jade seal sends out a buzzing sound, announcing that there are extraordinary secrets here.

"We were misled before!"

Seeing this, his eyes coagulated and his voice sank.

"I always thought that without the interface of creatures, there would be no secret treasures hidden. It seems that there is a deviation in my judgment..."

"The previous six halls are misleading us?"

After this reminder, Zhu Yuan also made a quick decision.

All three of them were misled into believing that the dead world had no value. After all, their previous experience was still vivid and almost felt.

It is precisely in this way that it has become a real cover up, which makes several people deeply believe!

"Didn't we just miss the real place?"

Zhu Yuan thought, and immediately smiled bitterly. It was like looking for a needle in a haystack. As a result, he found that the sea was even bigger than expected.

"It doesn't matter. Since the jade seal of Tianlingzong is induced here, we are looking for it so aimlessly. Why don't we try our luck?"

Intuition tells Ye Chen that the jade seal is not simple, especially here.

Chapter 8175

Taishen thought for a while and nodded gently. Instead of looking for a needle in a haystack, he might as well see why Lingzong jade seal guide this day.

According to the instructions, the three came to the door of this dilapidated temple. On the vermilion door, even the bronze earrings were stained crimson, and the smell was extremely unpleasant.

"Is the door stained with blood?"

Ye Chen saw at a glance that this was not just a simple paint. There had been a bloody battle, and the breath remained for years.

Boom!

Press your palms gently on it, and the fighting sound coming from your ears enters your brain, and a sword comes from your consciousness.

Ka!

Ye Chen's divine spirit is far beyond his cultivation, and there is an anti heaven existence of reincarnation holy soul. For a moment, his divine mind poked out and stopped the strange sword.

Creak!

The two vermilion doors closed in front of him slowly opened, during which the white marble courtyard looked elegant, and also had a sense of secular prosperity that did not belong to the pure land of Buddhism.

"This..."

Zhu Yuan also found the strangeness here. It was clear that there was no trace of life in the courtyard, let alone trees and grass planting, but the ground was covered with withered and yellow leaves except for the jade color that had been left unattended for years and covered with dust.

If you step on it, you will grind it into powder.

"Senior!"

Ye Chen and Zhu Yuan looked back. Although the temple had no chance to kill, it gave him a feeling of uneasiness, and they couldn't help looking at Taishen.

"It doesn't matter, just go ahead and have a look!"

Taishen didn't notice the abnormality for a moment, and the guidance of Tianling jade seal became more and more strong, and the three of them headed deep down the courtyard.

On the main hall, there are all kinds of jewelry and spiritual objects piled up. Fortunately, the three people did not come here to search for treasure, and they were not interested in it.

However, the figure of dozens of giant Buddhas worshipped first attracted the attention of Ye Chen and others.

"What is enshrined here is not the Buddha in the world!"

Zhu Yuan exclaimed.

The ancestor of Buddhism is indispensable in almost every temple. However, they have never seen one of the ten statues of Buddha here!

"Is it the new Buddha?"

Zhu Yuan scratched his head, even doubting that he was ignorant.

"I have never seen these Buddha statues!"

Taishen said.

"Their expression was ferocious, and they seemed to have a strong killing intention!"

"This is taboo in Buddhism, but why is it enshrined here and respected?"

Ye Chen looked around every statue of Buddha. All the statues had a common feature. His eyes were cold and exposed his unparalleled killing intention.

He has been to the world of sentient beings and met the Buddha of truth. Naturally, he has a strong understanding of Buddhism and Taoism.

Ding!

A crisp sound, in this silent main hall, undoubtedly appears very strange.

"Demon subduing pestle?"

Once a Buddhist holy instrument, which had been nourished by incense for countless years, fell to the ground out of thin air, and the sound made the spirits of several people tremble.

After this fall, it broke in two.

"Master, this demon subduing pestle is so fragile!"

Zhu Yuan came forward, picked up the broken demon subduing pestle that fell to the ground, and took it up to have a close look.

"Be careful!"

However, Taishen found that at some time, a bloody mark crossed Zhu Yuan's eyebrows, and the whole person's face was evil.

For a moment, Taishen raised his hand and gently touched Zhu Yuan's forehead with his index finger to absorb the mysterious and strange power.

"Hiss!"

Even he couldn't help but be surprised that this evil intention was so domineering that refining needed his cultivation.

"Don't touch that thing!"

God told me.

"Buddha demon pestle?"

Ye Chen wondered whether it was not the pestle for subduing demons, but the bottom card that would be used only when there was an unshakable existence in the pure land of Buddhism in the legend.

The power of Buddha's clean eyes can't be eliminated. We can only fight with the same magic intention, and gather the existence of the unity of Buddhism and magic intention, Buddha and magic pestle!

"Even the Buddha demon pestle is broken. What kind of existence has destroyed this once magnificent and prosperous Buddhist Pure Land?"

Tai Shen naturally also saw the origin of this object, but it was even more shocking after careful deliberation. Was the bloody battle here in the past extremely frightening?

"No matter what happened, now the search has been fruitless. Your jade seal led us here... There must be a reason."

Taishen also had some doubts. Although it was mysterious, it seemed that it was also something that happened in ancient times.

"Such a cripple is so domineering!"

Zhu Yuan, who had just been on the road for a moment, also had a dignified face, and then looked at the Buddha demon pestle. Suddenly, there was a sudden change!

Bang!

With a sound, the Buddha demon pestle directly hit the Buddha statue with a murderous expression on the throne, and dropped its head, which was the size of a person.

Boom!

The head of the Buddha statue that fell to the ground was immediately broken, and a pair of eyes were still angry, which was shocking.

"Childe, master, look!"

Zhu Yuan did not look at the Buddha's head on the ground, but raised his eyes and said in surprise.

Ye Chen and Taishen followed the prestige and only saw a huge dragon's head at the neck of the original Buddha.

On closer inspection, the fleeting dragon head turned out to be just a wall chart behind the Buddha, revealing its true face.

After a flash, it was no longer seen, leaving only an empty wall.

"Evil dragon?"

Taishen once heard that among the peerless divine soldiers held by evil sword Qiu, there was a dragon spirit pregnant and raised to help him kill countless, and his disposition was evil.

Just now, although I didn't see it clearly, the evil smell left a deep impression on people.

"Ye Chen, it seems that we have found the right place!"

Too God whispered.

"Elder, do you mean that the evil dragon pregnant in the sword killed all the Buddhists here in the past?"

Ye Chen took a breath and raised the existence that the whole Buddhism was unable to resist. It turned out that it was just the spirit of the sword in the sword!

"Like a fish in water..." Taishen murmured, "the strength of this evil beast itself may not be so strong. We can't explore the secret of ten thousand years ago. Maybe it is sealed here, and it may be suppressed forever."

"Otherwise, the evil sword Qiu won't be so anxious. Let you take the sword. Maybe only you can untie the seal!"

"Take the whole existence of Buddhism, which can't be underestimated."

Too God paused, did not continue to say.

Ye Chen heard the words, but then said, "Buddhism pays attention to dying and seeking fate."

"If the evil dragon can reappear in the world, only dust to dust, earth to earth!"

"Or, reincarnation?"

"That is reincarnation!"

Ye Chen's eyes coagulated, what a evil sword enemy, waiting for him here. He knew that the recovery of the evil dragon was hopeless, and the power of Buddhism was unparalleled, but only reincarnation could be solved!

"Yes, behind this statue of Buddha, there is a huge conspiracy!"

Too God firmly believes.

"If you untie the seal of Buddhism, can you find a way to subdue the evil dragon?"

Ye Chen asked, taking the whole Buddhist Pure Land as an example, the existence that was sealed only on the foundation was by no means something that could be shaken by his and Zhu Yuan's cultivation. Now the only reliance was Taishen.

Chapter 8176

"Hard to say!"

At the previous glance, the breath of the evil dragon was still there, and the sealed boundary was still unknown.

Ye Chen wants to let the blood dragon fight. Although the blood dragon has inherited the divine right now, it has too much time to develop after all. If you give the blood dragon enough time, it will surely crush the evil dragon.

.....

At the same time, the reincarnation of martial arts in Ye Chen's body is hopeless

Chapter 8177

"Hoo!"

Zhu Yuan on one side also suffered the same pain, sighed, his face slightly blue and white, and looked at Ye Chen with a serious expression.

"Why did this beast grow to such a point!"

Ye Chen was also inexplicably surprised that the evil dragon was just a real soul. It was sealed in the sword. How could it be so powerful?

Although he can't perceive the real realm of the evil dragon, from the current situation, this guy is afraid to have stepped into an extremely terrifying situation.

At least in the middle and late stage of wuliangjing!

.....

At the same time, he was in a desperate situation of death.

"It's another life. It's really worth hibernating here?"

Chapter 8178

"You come with me!"

After thinking for a while, ye Chen withdrew his eyes and no longer looked at the figure above the void. They couldn't get involved in the battle at this level at all. I'm afraid it was only the aftermath, which was enough to make the two people disappear.

"Childe, do you have other plans?"

Zhu Yuan came to a place with Ye Chen, and he couldn't help wondering.

"Brahma divine skill, array word formula, condensation!"

Ye Chen's foot stamped gently, and immediately the whole array slowly began to emerge. The position of the eight diagrams and nine palaces made even Zhu Yuan dazzled.

If it comes to martial arts, he absolutely

Chapter 8179

Qiang!

A pair of pupils, hanging stars and falling moon, the derived vision seems to form a boundary of its own, which is extremely terrifying.

"Prisoner!"

The evil dragon shouted angrily, and in the cracked abyss above the earth, an endless dragon tail rose up against the abyss, as if to make heaven and earth a plaything and hover in it.

Boom!

Somewhere between heaven and earth, there is a lack of luck.

"Evil beast, dare you!"

Taishen clearly perceived that this blow completely cut off the Qi of this world, and the evil dragon cut off the power of the road with its own infinite cultivation.

There was a sudden change in Ye Chen's body. A gap was broken in the world of Wu Dao's reincarnation map, and a wisp of breeze escaped. Even ye Chen himself was not aware of it.

"Who!"

Taishen's perception is extremely sharp,

Chapter 8180

"What is this, a monster with vitality and destruction?"

Zhu Yuan saw the void
