At the moment, the sky above tianlingzong is covered with dark clouds, and nihilistic robbery thunder circles and converges into a sea of thunder, as if the Milky way was about to pour.

"Does anyone want to break through this thunder robbery? Does anyone want to step into the boundless realm, but why is it the sea? Or is this the martial arts of the elder? The elder has never erupted such martial arts, and who can erupt such martial arts visions!"

"Ordinary people's robbery is only three or five empty thunder, which will burn into fly ash if touched. This thunder sea..."

"I'm afraid it's a place of no burial!"

Tianlingzong disciples were surprised to see such a heaven and earth vision.

"Interesting, there is a trace of blood Phoenix power in this boy's flame. Although it is mottled, it is barely qualified!"

Feng Yan nine murmured that this qualification did not refer to combat power, but the conditions for entering the Xuanyao domain.

"Nihilistic thunder robbed the sea. This son can be triggered without breaking through at present. So, he must not stay!"

The three elders saw this and gnashed their teeth.

"There are a lot of cards on this son, but in the face of such a blow, plus this kind of thunder robbery, there is no doubt that he will die. It's a pity!"

The elder also sighed with a long sigh. It is difficult to survive the disaster of thunder sea and the attack of the immeasurable strong.

Click!

Click!

A series of robbery thunder cleaved on the cold light pointed out by the three elders, and poured into it, making the murderous spirit unparalleled, faintly converging into a chaotic killing.

"Coming!"

Feng Yan nine eyes, such a vast sea of thunder, ye Chen absolutely had no way out, had to shake.

"Kylin inheritance, chaotic kylin method!"

Ye Chen shouted loudly. With the blessing of divine fire, his skin gradually covered with layers of purple scales, glittering and shining.

This is the martial arts and power of little Kirin!

"What, is this the power of chaotic kylin?"

Feng Yan's nine eyes widened, and it's all right to have a trace of the holy fire of the Huang clan, as well as the extinct chaotic kylin method of the supreme world?

If Feng Yanjiu knew that ye Chen had a living chaos Unicorn cub, I don't know how he would feel!

Ding!

Ye Chen was surrounded by Taoist guard scales. On the purple scales, the thunder power of Kirin was constantly surging, stimulating his blood and flesh.

If it weren't for reincarnation, God's body would be destroyed.

Feng Yan nine narrowed her eyes, as if she felt the same.

"Although I resisted, some of the power of the nihilistic thunder robbery will still enter the body if it is resolved by the Kirin method..."

Feng Yanjiu murmured, only to see ye Chen shouted, "Lei Bei, Rong, Qilin tear the hand of heaven!"

Bang!

The turbulent purple thunder force burst out of his body, mixed with the nihilistic thunder force that had previously entered the body, turned into a purple unicorn, stepped on the void, and swallowed it towards a cold line.

Click!

With a crisp sound, the space was distorted, and the three elders' fingers were cold, swallowed by the unicorn, bitten and torn.

"Blocked!"

Feng Yanjiu looked at the crazy flying below. Ye Chen, who was purple and majestic, clenched his hands and put them down.

The purple Unicorn rocked up and crashed directly into the thunder sea above the sky.

"What is that, chaotic kylin?"

"Impossible, that clan has long been extinct, and only a part of its inheritance is scattered in the world. Is it the reappearance of the chaotic kylin method?"

"Yes, that unicorn is a condensation of energy, not a real body!"

Boom!

The purple Unicorn hit the thunder sea, and the spring on the nine days surged, spewed out, and then slowly dissipated.

"Who did it? Unexpectedly, he resisted with the kylin method and evaporated the sea of nihility thunder with his strength?"

"It's in the direction where I live in the Council hall. Is it elder martial sister Xueji?"

"Except elder martial sister Xueji, no one can have such a demon's talent!"

"But elder martial sister Xueji doesn't know the Kirin method..."

For a time, tianlingzong was boiling up and down.

"Hoo!"

On the hall of the assembly hall, which had already been razed to the ground, ye Chen's figure stumbled and fell heavily to the ground. The thundering power of the Kirin method blessed his body. Even if there was a dust tablet and the great star sky for the time being, his body was still burned black.

"In the face of a blow from an immeasurable strong man of this level, I succeeded, boy, you are the one I have seen

Chapter 8192

Ye Chen got up and said respectfully to Feng Yanjiu, "thank you for your kindness. I won't shirk it. If you need it, just ask."

"Hahaha, OK, today we are here to testify. I believe tianlingzong will not embarrass you!"

Feng Yanjiu laughed and looked at the elder. At the moment, their mood was one sky and one earth.

The nine fire Temple befriended Ye Chen at one fell swoop, but the tianlingzong completely offended the nine fire temple.

"Ye Chen!"

At this time, Xueji in the Qianchong building came and saw Ye Chen like this. The glittering tears in her eyes were gathered up and broke her tears into laughter.

"Are you still in the mood to laugh at me?" Ye Chen smiled and said.

Xue Ji responded with a smile, "it's much more lovable than the injury you suffered in the God killing hell!"

Qingxi on one side also chuckled.

"Ye Chen, I won't investigate the matter of Xueji anymore. It's just the jade seal of the heavenly spirit. You have to stay here. Inheritance is not a trifle!"

The elder took a deep breath and said slowly.

"Senior, this point was not mentioned in the previous agreement."

Ye Chen's eyes coagulated, neither humble nor overbearing.

The elder looked like frost and said nothing.

The blow of the strong man in the boundless realm can be called the top. No one can imagine that ye Chen, such a boy in the flail realm, can be safe under the blow of the third, and even attract the thunder sea vision.

Even if it is a master of Xianjun, there is no chance of survival. Another generation of sect elders, regardless of face, is a taboo. Why dare to set a box again, unless the face of tianlingzong is really not wanted.

Feng Yanjiu joked aside at the moment, "I can prove that the agreement between the three elders of tianlingzong and ye Chen does not include this one."

The rough red haired man was smiling, and a little flame at his fingertips turned into a butterfly flying between his hands, playing with it as if it were nothing.

"Ye Chen, for the time being, what Taoist Tianling said is true, but the matter of inheritance is related to the lifeline of Tianling sect. You must hand it over anyway today."

The hands under the sleeve of the elder's Linen Robe were trembling. For a moment, he had a murderous heart, and even the nine fire temple could not stop him.

A dead man is of no value. I believe that the Huang clan will not destroy the pattern of the two regions because of a martial artist with some chance.

How can ye Chen not guess the big elder's mind?

"Forgive me, master. My master told me to hurry back as soon as it happened!"

With just one word, the great elder's killing intention was greatly reduced.

"Boy, do you have a teacher?"

Feng Yan's nine eyebrows picked up, and immediately relieved with a smile: "hahaha, that's right, if you can teach you this kind of existence, will the master be very bad?"

"What kind of master can you have!"

The elder once again made up his mind to kill Ye Chen and seize the jade seal of the spirit of heaven.

Just about to start, ye Chen first took out a jade pendant from his arms, and the purple jade was broken into Egypt, during which a breath of heaven and earth was surging, which was the unique means of Taishen, one breath into three cleans.

Ye Chen originally wanted to summon Taishen, but at this time, an invisible force actually solidified the Qi into Sanqing.

"Too God, sister, I should play before you."

Then, a familiar breath came to my nostrils!

Chapter 8193

No one expected that this girl would be the messenger of Zihuang fairy palace!

I didn't expect that there would be such a big source behind Ye Chen!

The world is too big to offend wanxu! But above the ruins! What can't offend is Zihuang fairy palace!

As for whether the girl pretended to be, people would not consider it at all, because no one in the world dared to pretend to be the messenger of Zihuang fairy palace!

The elder and the Third Elder were completely pale, and they knelt down directly with a plop!

Chapter 8194

"Boy, your method is good. You can't fool others, but you can't fool me!"

"The thunder of nothingness washes away the body. Logically, it is impossible to be alive and kicking. That secret injury is enough to make your life worse than death..."

"But I owe that family a favor and will keep it secret for you!"

Feng Yan's long red hair fluttered in the wind, just like a trace of red glow lighting up the sky, and his back was so desolate.

"Well, the nine fire order is on you. If you have something to do, you can find me. I believe we will see each other again!"

In an instant, the whole body lit up a fiery light, and the flesh and blood body turned into a real Phoenix in the moment of rising, flapping its wings and swaying away from the sky.

"Boy, I'll keep the position of the Holy Son of the nine fire temple for you!"

Looking at Zhenhuang above the sky, ye Chen shook his head. He originally wanted to ask about the rest of the holy fire and whether he had seen Ji Siqing, but the other party walked too fast.

At present, it's better to meet Taishen and Zhu Yuan as soon as possible.

.....

At the same time, Taishang world, Danyu.

Taishen and Zhu Yuan were walking in the hot and bustling street. Zhu Yuan sneezed three times in succession and whispered, "I don't know what happened to the child."

Somehow, there was always a feeling of uneasiness. He took out the induction jade seal in his hand and looked at it for a long time. After there was no movement, Zhu Yuan was relieved.

"He has his own chance. Others can't stop the cause and effect. If he can't do it, he will be robbed. If he can do it, he will soar."

Taishen made such an evaluation of Ye Chen, and his words were ambiguous, so Zhu Yuan had to sigh lightly.

"Is this the supreme world?"

After returning to God, Zhu Yuan found that, unlike any main city outside the territory, there are no ordinary people here!

Although killing God hell is too much of the world, it's too chaotic there.

The place in front of us is Zhuyuan

Chapter 8195

"This..."

Several guards muttered twice, and immediately respectfully said, "two... Please!"

"How are the preparations for the ceremony?"

Deep in the Yunling mountains, the elegant middle-aged man, whose eyebrows are somewhat similar to those of the Taishen, dressed in gray and white, looked out the window at the green bamboo, and said happily.

"If you return to the third master, you are ready, and all guests have been in place. You can start after the ancient hall is revealed and the medicine guide is taken out!"

The housekeeper responded respectfully.

"Go ahead as planned!"

The elegant middle-aged waved his hand. After the housekeeper stepped down, the void was distorted. In the depths of the bamboo forest, another figure walked out slowly.

"The third brother, refining the nine harvest turn elixir, has made people spread the news in the holy Dan city. I believe that in a few days, there will be a storm all over the city."

"Just..."

The man in black is worried.

The Third Master of the emperor's family smiled gently, "fourth, those who want to find out will find out. The situation of Lao Zu is true, and someone will be ready to move."

"The boss will also try his best to protect the situation. Snipes and mussels will compete to make a profit!"

The elegant middle-aged casually stretched out the window, and an invisible air was played in his hand, saying, "the heaven of the emperor's family should also be changed!"

"Lao Zu... Hum!"

The man in black hesitated for several times and said, "just received the news, the second brother's child..."

Speaking of this, the fourth master of the emperor family realized that he had said the wrong thing, "Er, it's the son of emperor Hai who came back."

"Oh? That abandoned vein has the face to come back. It's interesting!"

Ruya middle-aged ordered, "find a reason to drive them away. The ceremony is imminent. I don't want any unstable factors!"

"Yes!"

.....

The Supreme God took Zhu Yuan over the gate of the holy Dan city, but he saw a sharp halo in front of him. After that, countless morning fog filled the sky and earth where they stood.

"As a space of its own, the emperor's house is really a geomantic treasure land!"

Zhu Yuan only saw this method in hearsay records. Looking at the mountains, rivers, lakes and seas in front of him, abundant energy sprayed between heaven and earth. No wonder this family was strong.

Between the mountains and forests, countless hundred feet of spirit beasts are galloping. When people pass by, they don't attack, but show their intimacy. On the green plain, thousands of animals live and are extremely magnificent.

"Two, please!"

Standing on the forehead of a hundred feet of spirit bird, an Imperial Guard respectfully opened his mouth. All who could enter here were the distinguished guests of the ceremony, and the order they received was to entertain.

So I don't care about the identity of Taishen. Instead, I'm polite and show everyone's character.

"Yes!"

Taishen and Zhu Yuan swept over the spirit bird, and the horse roared under their feet, and the wings galloped between heaven and earth. All kinds of scenes were in their eyes. About an hour later, a small city appeared in front of them.

"You can enter by yourself. The guard at the gate will set up two people to rest. Until the ceremony officially begins, there will be a special person to receive them. The emperor's family welcomes them!"

The guard on the spirit bird hugged his fist and smiled, which was straight into the sky, and dissipated at the end of the sky in a few breaths.

Zhu Yuan looked at a city gate not far away, and the word "imperial city" glanced at it, which made people feel startled.

"City Zhongshan, mountain city!"

"The world's giants are really extraordinary!"

Zhu Yuan couldn't help exclaiming.

Before the city gate, there were many alchemists gathered. Some of them were pretentious, their eyes narrowed slightly, and they didn't know what to think anymore. Some were as kind as the spring breeze, whispering with the people they knew around them.

Among the gradually warming crowd, only Taishen and Zhu Yuan stood still, and the people were guessing their identities for a moment about these two strange faces.

"Who should I be? The abandoned vein of the emperor's family also has the face to set foot in the boundary of the imperial city again!"

A sneer of sarcasm rang out, and the crowd was divided on both sides. At the arch of the city, dozens of figures came one after another. The unified imperial style gown and the golden lines on the skirt were very shining.

"Jin Ling is the deacon of the emperor's family, Ke Qing!"

Many top alchemists in Shengdan City recognized the emperor's family. There were dozens of them, all strong in the divine realm.

The head of the group was in a long black shirt, and his eyebrows were somewhat similar to those of Taishen, but his beard covered half of his face, making him look a little more vicissitudes.

"Dihaishan? Is it the one expelled by the family? His waste father seems to be called Dihai, right?"

"Fourth master, your noble identity, what are you talking about with such waste ants? I'll drive them out now!"

"Hahahaha!"

As the guest Qing of the emperor's family, this group of people naturally have the ability to observe words and feelings. Seeing that their masters are so disdainful, they naturally want to denounce.

Ke Qing, a gold collar deacon behind the fourth master of the emperor's family, stepped out, and the violent atmosphere exploded, causing the crowd to scream.

In Shengdan City, there are emperors walking sideways. Now in their main city, their arrogance has instantly climbed to the top. Even as long as the fourth master gives an order, even if the blood splashes on the spot, everyone has to applaud and praise it as a good start.

"I heard that the emperor's family expelled a blood relative before, but the reason was unknown. I didn't expect that it was the man in front of me. It didn't look so unbearable!"

.....

At this time, the low-key Taishen hid his breath, and few people noticed the abnormality. Among the distinguished guests present, many are infinite alchemists. If only talking about combat power, it may not be the top, but that sharp intuition is always reminding what.

Some people looked at Taishen with a complicated look and retreated. After all, the position of the emperor's family was here, and now the grand ceremony was imminent. No one was willing to offend this giant. For a time, Taishen teachers and disciples were isolated on the square outside the city.

Zhu Yuan's face was livid. Even if he was going to wave his fist and stand up, everyone present saw a hairy boy in the realm of demigod who was going to fight against injustice. The deacons of the emperor's family, guests, burst out laughing:

"The brat is not timid!"

The fourth master of the emperor's family snorted coldly and said, "why, hide behind a little boy and dare not speak?"

"If you're smart, get out of here!"

"Emperor family, you are not welcome!"

Zhu Yuan still wanted to say something, but he was stopped by the great God. He patted Zhu Yuan on the shoulder and motioned him to step down. Due to the master's order, Zhu Yuan had to shut up.

"After so many years, the emperor family, as always, is so ugly!"

Taishen shook his head softly, which seemed to be extremely disappointed. He turned his head to Zhu Yuan and whispered:

"Such a family, it doesn't matter if it doesn't melt, its heart knot has been solved, and everything has passed. Sooner or later, it will disappear in the dust..."

"Presumptuous!"

How can a golden collar deacon tolerate such contempt in the territory of the emperor's family?

People also don't want to miss this opportunity to show their kindness in front of the master, when even someone opens his mouth and says:

"Fourth master, report to the family, cut off the head of this person who slanders the emperor's family and make a public display. I will take his head first!"

Chapter 8196

The golden collar Deacon's voice did not fall, but he only felt that his eyes were dark, and his head had been firmly fastened by an invisible hand, unable to move.

Just about to struggle, but his back was cold, and he had a close contact with the earth. Before he had time to resist, an invisible force had been severely hit on his chest.

"Cough, dare you!"

A mouthful of blood and broken meat spewed out, and the golden collar Deacon's pupil, which stared like a copper bell, continued to shrink, because his body had turned into a blood mist.

Bang!

Taishen didn't move from beginning to end. He didn't even look at the fourth master of the emperor's family. He just greeted Zhu Yuan and said, "let's go!"

Dozens of people immediately prepared to rush forward, but the man in black waved to stop him and ordered, "the ceremony is coming, let him go!"

Turning around is to leave. In the Imperial City, a deacon wanted to talk and stopped, looking at the figure of the man in black walking calmly, and finally couldn't help but say; "Fourth master, let's..."

"If we just made a move, our imperial family's reputation would be damaged anyway, not to mention in this joint."

"You go, do it clean and don't let people know!"

The man in black stepped at his feet and slowly opened his mouth.

"Yes!"

Dozens of people's bodies instantly dissipated in situ, and a ripple flashed in the void. The fourth master of the emperor's family walked towards the depths of the city.

.....

"Master, are we leaving like this?"

As Taishen left the Empire's territory all the way, it was already sunset in the holy Dan city, reflecting the lonely bodies of the two masters and disciples.

"In the Danyu of the Taishang world, this is a disgrace to the clan. Countless years of prejudice have turned into a mountain, which cannot be climbed!"

Dan Shi, who is absolutely transcendent in the whole Taishang world, may not be surprised by their personal combat power, but subdued by the terrorist appeal that can mobilize a force at any time.

The Yuhuang ancient emperor of wanxu is also closely related to the Dan region. A large part of the Dan medicine of wanxu comes from the Dan region!

The reason why Dan domain is named is that it gathers the top Dan masters in the whole world, and it is also a special existence in many domains of the world.

"The emperor's family will not bow its head if it has such a prosperous move."

There is a trace of bitterness in Taishen's smile. Although he can defeat thousands of troops alone, it is difficult to change people's hearts.

"The childe is also on his way. It seems that the matter of tianlingzong has been solved. Where should we go next?"

Zhu Yuan deliberately digressed from the topic and stopped talking about the emperor's family. He also didn't want his master to be secretly hurt. Before his words fell, the Taishen in front of him stepped down and looked gloomy.

"I don't care, but it seems that some people don't want to make the emperor's family peaceful!"

At this moment, the eyes of Taishen were extremely cold, disappointed and resentful.

.....

At the same time, ye Chen has arrived at the boundary of Dan domain.

His eyes narrowed slightly, but he didn't expect that there was this field in the world of the supreme being.

At this time, Zihuan emperor of reincarnation cemetery said, "Dan domain has a very long history in many domains of the world. Although it is no longer at its peak, the ruins of the ancient emperor Yu Huang and even Zihuang fairy palace have contacts here!"

"At that time, Zihuang fairy palace even united with the Dan masters in the Dan domain to refine a divine pill, and this divine pill was also the reward of the Supreme Master's meritorious war."

"Maybe the rewards of this supreme master's merit war have something to do with this place."

Ye Chen didn't expect Dan Yu to have such a big background.

Will there be something to save the goddess and the demon emperor in the Dan domain?

I can try to understand it myself.

I don't know what level Taishen's family is here.

He always felt that too many secrets were hidden in God.

Ye Chen's pace kept accelerating, and he kept moving forward towards the city of holy Dan according to the coordinates in his mind.

Just before, there was a slight movement in the reincarnation map of Wu Dao.

Ye Chen actually heard the voice of the female emperor of the blood Phoenix family again.

"There is bad news, you should probably know."

"In order to help you, this chaotic kylin has borne the burning power of nothingness for you..."

In the reincarnation picture of Wu Dao, the female emperor in a blood colored long dress was sitting in a charming posture with bright and clean feet, revealing the spring light, but ye Chen's line of sight was always unmoved.

Beside the female emperor of the blood Phoenix family, the little Kirin was covered with scars and weak breathing, lying quietly beside her skirt.

Pieces of scales and shells continued to fall off, covered with gray black flesh. The little unicorn's body was covered with mottled scars, and the flesh and blood roots and bones were faintly visible.

"The baby is so uncomfortable..."

See ye Chen

Chapter 8197

Boom!

The female emperor naturally felt Ye Chen's killing intention. With a gentle wave of her slender jade hand, ye Chen was swept away by a strong wind.

"Boy, don't think I really dare not kill you!"

Although the female emperor of the blood Phoenix family was very curious about the Lord of reincarnation, and they also had an agreement, they would never allow such an attitude.

But seeing the stubborn Ye Chen get up again, she whispered, "the promise of the Lord of reincarnation, I don't want to be contaminated with cause and effect."

"The chaotic kylin clan has long perished. If you can find its ancestral land, there is still salvation!"

"In those days, there was a mysterious domain in the Taishang world, called the kylin domain. There was a kylin blood grass, which could save the little guy."

"However, no one knows whether kylin blood grass and kylin domain still exist in the world."

"All this is too long ago."

Boom!

The bloody dress fluttered in the wind, slapped Ye Chen on the chest, and scattered his spirit from the world of martial reincarnation.

"Don't expose your killing intention to me. Next time, I'll take your life myself!"

"Also, if you want to save little Kirin, you don't have much time! The sooner the better."

A female voice came out faintly, and then no matter how ye Chen asked, he couldn't get any response.

Even the world of Wu Dao reincarnation map was forcibly sealed by the female emperor. With his current strength, he can't enter!

"Little fellow, a trace of blood Phoenix power is given to you. Whether you can survive depends on your luck!"

The female emperor took off her gorgeous red skirt, and her bright and clean figure was like a jade at a glance. She gently opened a pair of jade arms and held the charred little Kirin in her arms. Immediately, the bright red flame rose, and the whole martial arts reincarnation map was caught in the flames.

"Cough!"

At the moment, ye Chen coughed up a mouthful of blood. He never thought that the female emperor of the blood Phoenix family would do so much, and it was not even time for him to use the Iron Throne and the dust tablet to guard.

The strength of the opponent's just hit should almost reach the level of the four layers of heaven in the infinite realm, that is, the immortal immortal immortal. Naturally, it is difficult for him to resist.

At present, he doesn't plan to heal, and he goes directly in one direction with serious injury.

If you find Taishen, maybe Taishen knows where the kylin domain is!

.....

At the same time, Taishang world, Danyu, Dijia.

A refined man with his hands behind him looked at the bustle of the emperor's house and seemed in a good mood.

This man is the Third Master of the emperor's family!

The Third Master of the emperor's family seemed to find something. He glanced at the figure coming out of the void wave and asked, "what's the matter?"

The fourth master of the imperial family came out of it, paused, and said, "that guy's cultivation is not weak. He humiliated the Deacon Ke Qing in public. It seems that he has gained a lot over the years."

The Third Master of the emperor's family flashed a cold light in his smile and said, "it's just mole ants. From the moment emperor Hai disrespected the ruins and died, this family has no place for him and his descendants!"

"There are many people around today. Due to the reputation of the family, I just issued a guest expulsion order and have sent people to hunt down!"

The fourth master of the emperor's family responded softly.

"I always feel at ease when you do things!"

Hearing the answer he wanted to hear, the Third Master of the emperor's family received the spring breeze between his eyebrows and eyes and murmured, "only by climbing high can you write everything you want. After all, there are some truths that are unpopular!"

The fourth master of the imperial family shivered at the words, and immediately lowered his eyebrows and dared not breathe.

"Go ahead. According to the plan, the ancestral hall will be opened tomorrow to collect materials. The nine harvest turn elixir is close at hand..."

.....

At the same time, in another hall of the emperor's house.

This hall is obviously a little cooler than the emperor's house of the third Lord.

The emperor's family has been falling apart over the years. Internal and external struggles are not as peaceful as they seem.

In the dim hall, I couldn't see my fingers. Even the cold light wrapped around the hall, it couldn't penetrate half a point.

"The third man's wishful thinking is good, and his reputation is impetuous at one stroke. If the old ancestor recovers, the emperor's family will become one!"

A figure covered by darkness slowly opened his mouth.

"My Lord, if the third master succeeds, I'm afraid Dan Yu will be disadvantageous to you."

Another figure just wanted to continue saying something, but was stopped by the deep voice in the dark: "no, sometimes everything you see is not necessarily true."

"You say, if the family is handed over to the third, can it continue?"

As soon as the voice fell in the dark, I heard only a 'pop', which was the sound of my knees hitting the ground directly.

"Servant... How dare you speak nonsense!"

The creaking sound of trembling bones in the whole body is still clear and audible in the silent night, but it is suffocating without face.

"Since the ancient emperor Yu Huang ruled, the emperor's family has not been the emperor's family in the past for a long time, and I don't know whether this time the supreme meritorious war will still occupy the wanxu. I really hope someone will stand up against the wanxu."

"Unfortunately, the Lord of reincarnation is still too weak. If Ren Feifan joins hands with tiannv, there may be some drama."

"Just mention it casually."

As soon as the front of the conversation turned, the previous linglie chill restrained for a few minutes, but he heard the calm voice and wondered, "I heard that someone is making trouble in the Danyu emperor's house today?"

"Yes, it seems that the descendants of Dihai have returned..."

In the silent hall, the sweat of the kneeling old man had already soaked his clothes.

"So, the third and the fourth have already started?"

"If you return to your excellency, it is."

There was another light sigh, but I heard the deep voice quite helpless, but I didn't see the anxious color: "it doesn't matter, if I didn't expect it to be bad, I should die!"

The kneeling old man bowed down and stuck to the ground. The adult's meaning was very clear. Death means not that emperor Haishan was alone, but that of the emperor's family.

"He will come back! However, why does he have the breath of reincarnation? Did he choose the reincarnation Lord camp that is still weak now? I don't know whether the reincarnation Lord can survive in the next supreme meritorious war... Well, you go on."

This time, there was a glimmer of hope in his composure, and the original cold killing intention was no longer.

"Yes!"

The kneeling man turned his head and walked out the door as if in the face of amnesty.

.....

Boom!

At this moment, outside Shengdan City, a loud noise scared the spirit beasts scattered in the forest.

In the dense forest, around an bottomless pit, dozens of people looked around and showed sarcastic smiles. In front of everyone's chest, a golden collar pierced the darkness of the night.

"If you don't know the greatness of heaven and earth, the emperor's house is also the place you dare to step on. If you abandon it, you should have self-knowledge."

"Bah, boss, this boy is kind. Even the climbing Phoenix dare not approach my emperor's house so brazenly!"

"Hahahaha, Phoenix? Local chicken!"

The disdain of one person in the crowd made everyone sneer and laugh.

"The emperor's family has such a group of mad dogs. No wonder their style is so low!"

A loud cry rang out, and the cold moonlight reflected the purple gown with hunting noise. A cold light shot out from the eyes of the God, cutting off a person's head.

Chapter 8198

Hiss!

A pillar of blood rose to the sky, and a huge head rolled into the miscellaneous grass on the side, with a sneering smile on his face.

The first person has bad experience, but they are all immortal kings.

And those who can kill Xianjun in front of them are absolutely terrifying!

He took a breath, which was really a kick on the iron plate and hit his own foot. If he didn't say it, I'm afraid his life would be difficult to protect!

"Go!"

At the command, a few people who didn't know why rushed up, but the man headed by him moved backward for a few minutes, fluctuating in the void, ready to leave.

Taishen stepped on the void and stood with his hands on his back. His long shirt was only a swing. A strong wind even the space of Dan domain was faintly twisted. In an instant, he was ruthlessly strangling several people.

"His strength was previously hidden!"

The rest of them shivered and looked back. Where was their adult figure?

"Poop!"

Several people lost their fighting spirit and fell to their knees.

"Adults, small people have eyes that don't know Mount Tai. You adults have a large number, let us have one..."

Before the words fell, Taishen waved his long sleeve and turned everyone into a blood mist with boundless strength.

Calm has also returned outside Saint Dan.

"Emperor's house..."

As soon as Tai Shen's eyes coagulated, he was about to walk towards the city of Saint Dan. Zhu Yuan found something, and said, "master, I feel the breath of the child. He has come to the Dan region!"

When the words fell, ye Chen's figure appeared in front of Zhu Yuan and Taishen.

Too divine and natural

Chapter 8199

Countless young people just glanced, and the seven orifices began to bleed, causing a trace of panic in the crowd.

"It doesn't matter. It's just the old coercion. Don't look at it!"

The Third Master of the emperor's family opened his mouth and drank. All the martial artists closed their eyes and dared not look directly at the ancient gate.

"What an emperor's family!"

The Lord of the holy Dan city gave a cold drink in his heart, and Li Wei unexpectedly rode on the head of the Lord's house.

Boom!

The ancient and unsophisticated atmosphere made the whole city of holy Dan shrouded in agitation.

"Hoo!"

.....

At the same time, outside the city.

Ye Chen was also attracted by this breath and opened her eyes.

Zhu Yuan looked at Ye Chen, who woke up slowly, and said in surprise, "young master, how is your injury!"

Ye Chen's eyes coagulated and said with a smile, "it's no big deal."

Suddenly, ye Chen thought of something, looked directly at Taishen and asked, "master Taishen, do you know the Kirin domain?"

Then he told all the experiences of tianlingzong.

"Kylin domain?"

Taishen frowned, as if even his memory didn't have any information about what ye Chen said.

"Tens of thousands of regions in the Taishang world are quite mysterious, and their respective coordinates are generally difficult to find... For example, it is also very difficult for the ancient emperor Yu Huang to go to the celestial realm."

"Perhaps there was such a domain in the Taishang world in ancient times, but with the extinction of the chaotic kylin family, it has long been lost."

"Even Ren Feifan may not know..."

"However, there seems to be some cause and effect between Xuanyao domain and Kirin domain. Maybe Xuanyao domain will have records, but..."

Boom!

Suddenly, there was a loud noise from the holy Dan city, and Taishen never looked back.

Ye Chen took out a jade seal with a faint flame from his arms and immediately said, "it seems that you can only find the nine fire temple!"

But Zhu Yuan answered, "Feng Yanjiu must have a plan. From what the childe said, the initial goodwill was not quite right."

"He can't represent the meaning of the whole nine fire temple. Besides, this person knows that the childe is pregnant with a chaotic kylin, but he doesn't show his face, so it's hard to guarantee fraud!"

"Once things can't be done, with our strength, if we break into the nine fire temple, it's not easy to deal with it on the other side's territory."

The Xuanyao domain has a rich foundation, and there are countless strong people in the boundless realm. Even if there is the protection of Taishen, once trapped in it, you will face more than nine fire temple!

"Zhu Yuan, I don't think so. It's just right to go to the Xuan demon domain at the moment! I'm afraid the emperor's family's affairs can't be solved in a short time."

Taishen seemed to think of something, and immediately opened his mouth to Ye Chen, "go to the Xuan demon domain, the nine fire temple!"

.....

Screen rotation.

Emperor's family.

"Is this the ancestral hall of the emperor's family?"

"The mere coercion is to make the martial artists in Tianxuan territory unable to lift their heads!"

The emperor's high-level stood on the void, overlooking thousands of martial artists, showing confidence and arrogance.

"Open the ancestral hall!"

The fourth master of the imperial family took the lead. A drop of golden blood condensed into a light and swept towards the God gate!

Ka!

The ancient and unsophisticated gate opened and closed a little loose.

At the moment, the Third Master of the emperor's family was also dignified. Looking at the Lord of the emperor's family, the two blood essence blended and turned into a god chain to whip the void, and the power of the Tao dissipated.

"These two old guys are about to take that step!"

Dan Zun also felt a sigh at the moment.

Originally thought that the God door was about to open, but it sent out a strong repulsion, and at that loose gap, wisps of chaotic breath of destruction gushed out.

Boom!

The fourth master of the imperial family accidentally lost his right arm.

"Ah!"

Those who are strong in immeasurable territory are also difficult to resist in the face of chaotic forces.

Seeing this, the Third Master of the imperial family immediately pointed his fingers and sword, and Qi Gen cut off the arm of the fourth master of the imperial family.

"Flame of chaos..."

His incredible eyes widened: "why can't we open the door of ancestral land when our blood power is backfired by ancestral land?"

With that, he looked at a man, looking at the owner of the silver mask.

The emperor's master's eyes narrowed slightly, which was also a little unexpected, saying:

"Is it... Our blood force is too weak to open the ancestral land and is not recognized!"

"Our blood can't open the ancestral inheritance... Maybe it's only the Dihai family."

"In those days, the blood of Dihai was the most powerful among us, but it was a pity that Dihai... Alas."

"By the way, the children of Dihai didn't appear in Danyu. What about others?"

The emperor's master asked.

The Third Master of the emperor's family and others were stunned. They never thought that opening the ancestral land would need the blood of an expelled descendant of the emperor's family!

How ironic this is!

The key is that he sent someone to fight against the descendants of Dihai!

Once the descendants of Dihai open their ancestral land, their identity will inevitably rise!

At that time, their status will be more far away from the center of imperial power!

The emperor's Master seemed to know something. With a cold hum, five fingers and a grip, a dragon fell from the sky!

"Master, what can I do for you?" The dragon is commanding.

The emperor's master's eyes narrowed slightly and ordered, "help me determine the whereabouts of the son of emperor Hai, immediately!"

The dragon's eyes closed and the void fluctuated. After a moment, he said, "they seem to have left the Dan domain and gone to the Xuan demon domain!"

Hearing this, the emperor's master said majestically, "bring it back! Lower your attitude!"

.....

At the same time, Xuan demon domain.

Ye Chen, Taishen and others naturally don't know that they are being searched by the people of the Danyu emperor's family. At present, they need to find the nine fire temple.

"Childe, is this the Xuan demon domain?"

Zhu Yuan came to the boundary of Xuanyao domain and sighed that the mountains and rivers here are much taller than others. Standing in this boundary, he felt like an ant watching the sky.

Ye Chen did not answer, directly crushed the nine fire order in his hand, and a burning inexplicable flame dissipated into the sky. Even nine days away, a Feng Ming suddenly appeared!

"Coming!"

The world lost its color in an instant, and the terrible heat wave swept around, but there was no killing chance to destroy creatures.

"What a terrible fire control ability!"

This is too God to Yu Fengyan nine

Chapter 8200

Zhu Yuan subconsciously pulled Ye Chen's sleeve and gently shook his head

Along the way, they also heard some news more or less. It is said that the Xuanyao domain is a place of purgatory, and ordinary warriors are unwilling to set foot in it.

Feng Yanjiu looked at Zhu Yuan and others, and smiled gently: "the Xuan demon domain is not as chaotic as you think, but such a misunderstanding is good, and some people always remain in awe..."

Feng Yan's nine eyes were full of brightness for the infinite mountains and rivers, and even flashed a trace of spoiled color, as if looking at his own children.

Seeing this, ye Chen also motioned Zhu Yuan to rest assured that Taishen had not interfered with anything from beginning to end.

"Master Feng, please lead the way!"

The rough red haired man immediately turned around and said, "hahaha, boy, have courage!"

Although he glanced at Taishen, even with such masters, if the nine fire temple was in trouble, the giant of the Xuan demon domain could be 10000 times stronger than the decaying tianlingzong of the spirit domain!

"Don't worry, if something happens, I will see Feng Yan Jiu with my head!"

A real Phoenix flapped its wings and swayed away. Behind it, the fire spread like clouds for a long time and never dispersed. It glittered in the void and extended to the end of the eye.

.....

Xuan demon domain, nine fire temple.

However, close to the periphery of the nine fire temple, the air was already thinner, and the heat wave hit, making Zhu Yuan look dignified all the way.

The cultivation of Taishen is not afraid of such ordinary demon fire. As for ye Chen, he is not afraid of the divine fire and reincarnation of the divine body.

Only Zhu Yuan was miserable.

"Childe, this place is so weird. It's so hot, but look!"

With dry mouth and cracked lips, Zhu Yuan stretched out a finger and looked around. There were lush green forests, and he could vaguely hear the sound of running water.

"Just angry!"

Ye Chen smiled, thinking that when he had accepted the holy fire, the strange fire made countless Zhiqiang confused his mind and killed his own people.

However, considering Zhu Yuan's state, ye Chen showed the protection of Hongmeng starry sky.

Zhu Yuan relaxed a little.

At the moment, in the reincarnation of Wu Dao, the female emperor of the blood Phoenix family stood in ruins. Looking back at the little Kirin huddled in the debris and dust, she seemed to feel something. Her beautiful eyes blinked and murmured, "even you have been reduced to such a field..."

But ye Chen didn't know these words at all.

Outside, Taishen also condensed at this time and said, "this place is not simple!"

Feng Yanjiu came at this moment, smiling at Ye Chen and others, "it's already arranged, come with me!"

Along the way, Feng Yanjiu kept silent about the Kirin domain mentioned by Ye Chen. Beside him, he was also a familiar face who had met in tianlingzong before.

"This is my temple!"

The man in front of him took Ye Chen and his party to a side hall, and then signaled several people beside him to leave.

"Master Feng, but it doesn't matter!" Ye Chen took a deep breath. Although the man in front of him didn't know what medicine was sold in the gourd, he could feel that Feng Yanjiu didn't mean any harm.

The rough man paced back and forth, looked at Taishen and Zhu Yuan, saw that ye Chen had no intention of avoiding them, sighed lightly and said:

"The Kirin domain is the ancestral land of the chaotic Kirin clan. With the collapse of that clan, its ancestral land has been looted and its treasures have been emptied!"

Ye Chen was surprised at the speech, and his last hope was dashed?

"But there is a rumor that the real family inheritance is still there, but it can never be opened..."

"The ancient emperor Yu Huang came to the Kirin domain that year and once claimed that there was a treasure in it, but the Kirin family has been destroyed and cannot be opened without pure blood."

"If the Kirin blood grass you want can be inherited, it may be found in the historic sites."

Feng Yanjiu knows that ye Chen is pregnant with a kylin cub. If the inheritance of the kylin family can be present, then the key must be in his hand.

"The coordinates of the kylin domain have always been uncertain. It seems that there is life floating in the Taishang world, and outsiders can't be found."

"The patriarch said before he closed the pass that kylin domain will appear again in a month at most, and then he can take you with him. Although it has changed, that legend will attract countless martial artists..."

At this time, in the reincarnation cemetery, Emperor Zihuan also opened his mouth and said, "if you get the chance of Kirin domain before the supreme meritorious war, maybe you take it
