Chapter 8231

"The dark energy from time and space is beyond our reach, and the strong of the Immortal Emperor cannot be suppressed. Now this world is just a wisp of thin gas!"

It's unbelievable that even the boundless realm is an irresistible existence. It's just a wisp of thin gas!

"According to this degree, within a thousand years, this place will be completely occupied. Once the dark energy invades your world, even the existence of the heaven can't suppress the strangeness, what can the small Taishang world do?"

The old man spoke slowly and regretted.

"The general trend of heaven and earth converges on the Taishang, and it is difficult to practice. Otherwise, in my posture, I have already set foot in the realm of the Immortal Emperor!"

Too God shouted loudly.

"That's also to fight against no time and space. Our family is willing to burn thousands of spiritual deposits as a pledge for the stability of that battlefield, but it is still difficult to hide the decline."

"But here I see a spark, which may start a prairie fire!" The old man also flashed a glimmer of hope, "I saw the emperor's house reborn under your leadership!"

"I'm incompetent..." Taishen sighed and frowned.

The emperor's ancestor smiled and said, "don't rush to refuse. Maybe one day, that boy can make you change your mind!"

"Huh? Ye Chen?" Taishen doubted.

The old man nodded gently: "the Lord of reincarnation should be born from robbery and should take this great responsibility. I didn't believe it, but after seeing the girl and Huang Zizai today..."

After a speech, the old man laughed and said, "hahaha, things are changing. I see a trace of the future!"

Too God is unknown, so the old man continued: "you inherit the imperial seal of the imperial family. If there is such a day, I hope you can go against the trend!"

Dong!

It was another crisp sound, and the spirit of Taishen was pulled away from the mysterious space. When he came back to God, he was falling in Ye Chen's arms.

"Elder... Are you ok?"

But di Xin drank coldly, "I think you have Di's blood, and I'm not happy to thank my grandfather for not killing me?"

"Cough!"

The old man coughed softly, and the virtual shadow appeared to be scattered for a few minutes.

At the same time, the chaotic demon roots and branches transformed by ancient bodhi trees also immediately spread for a few minutes.

"Ancestor!"

"Ancestor!"

Di Xin and di Luo immediately shouted.

"It doesn't matter. Something has happened to my body. I don't have much time to stay here." The old man waved his hand and rowed across the space. The towering bodhi tree was cut by Sheng Sheng, shrinking slowly between its palms and turning into a branch half a foot long, emitting a faint dark smell.

"I'll take this thing back, you two. I have to inherit the original emperor's solution part I!"

In the mind of emperor Luo and Emperor Xin, a picture scroll paved with the talisman of the avenue came into view, and two golden lights wrapped his body.

After a while, both of them were overjoyed: "thank you, grandpa!"

"The first part is the true solution. I devote myself to hard cultivation. After a hundred years, I have crossed many realms. Finally, it is not difficult to set foot in the Immortal Emperor. If the emperor's family really has that day, I will pick it up!"

The old man smiled, and immediately a white light shone from the center of his eyebrows. In the palm of Taishen, an ancient seal chapped, turned into a milky white jade seal and embedded in the palm.

"From now on, you can keep the ancient seal of the emperor's house. Choose to follow your heart. I'll wait for the flowers to bloom, hahahaha!"

Boom!

The old man's virtual shadow dissipated, the regular fragments of the road sputtered, and the world fell into a black silence again

The power of the chaos demon root, which was cut off by the emperor's ancestors, has weakened a lot.

Both emperor Xin and Emperor Luo, inherited by their ancestors, also resisted the erosion of dark energy for a time with the power of the road in the first part of the original emperor solution.

The fragments of the rule of the avenue exploded, and countless runes detonated, causing a fierce collision and constant destruction at the bottom of the whole ravine.

Hiss!

Half of the chaos demon root was cut off again. Rao was also cut by the explosive way with the hardness of the ancient bodhi tree.

Di Xin and di Luo looked at each other and nodded softly.

Boom!

The inheritance power left by the old ancestor protected the left and right, and a golden awn faintly lit up in the blue sea of fire, and wrapped it towards the chaotic demon root.

Emperor Xin's star eyes sparkled, and a peerless fierce soldier burst out from between his eyebrows and eyes. Just a sharp edge made the road stagnate.

"These two guys really have means!"

Seeing this, Taishen whispered.

"All of you, level this chaotic demon root!"

The only remaining several Wuliang strong men shot together, and various magical powers spewed out Xiarui, and the streamer turned into a fiery energy and smashed into the chaotic demon root.

Boom!

The terrible smell of destruction tore open the rich black fog and uprooted the whole chaos demon root.

"Success!"

All the immeasurable strong people who have no more constraints turn their spiritual power around, and under the leadership of the two strong people, the storm will be completely calmed down.

"Is this the inheritance of our ancestors..."

The two people who have not yet understood the first part of the original emperor's solution in detail, under the blessing, are as if with the help of God. Once they understand... I'm afraid it's really possible to continue to break through and eventually become immortal emperors!

Half happy, but suddenly stunned.

"Imperial seal!"

Looking around, where are ye Chen and Taishen?

Emperor Xin Han said in a voice, "after you and I join hands to win the emperor's seal, we can't talk about ownership. In any case, we can't be taken by that abandoned son!"

Emperor Luo also nodded gently, with the support of the power of inheritance, and the obstacle of the dark energy here to them was further weakened. It was easy to find two people.

.....

At this moment, ye Chen is here.

"Hoo!"

Ye Chen wiped the cold sweat on his forehead and struggled through the death line again. Fortunately, he escaped.

"Get out of here quickly, get out of this world, and immediately tear the void and leave the Dan domain!" Taishen also warned.

"Huh?"

Ye Chen felt the change, the light flashed, and a figure fell out, which was Zhu Yuan at the end of the crossbow.

"Cough!" The dark blood flowed continuously, gushing from Zhu Yuan's seven orifices, which was terrible.

"Jiutianlingcao, yes, jiutianlingcao!"

Ye Chen hurriedly took out the blue flame in his arms, and couldn't tolerate any delay, even if he tore it in half.

When the eight trigrams heavenly elixir was applied, it slowly gathered into Zhu Yuan's mouth.

"It's strange that my eight trigrams heaven elixir can't refine such things against the sky. If I take spirit grass and lack auxiliary medicine traction, the effect is too strong. I must leave quickly and find another method!"

Now Zhu Yuan's condition may explode and die.

But he had no choice. If he didn't fight, Zhu Yuan would be completely swallowed up by the dark energy without time and space in a few minutes.

It's thanks to the purification power of Tongming Wu soul that we can endure until now.

"Found it!"

One of the strong Shura guards shouted, and even with two strong breath responses, he rose into the sky.

"How fast!" Taishen's face sank, and he said in a cold voice, "try to delay time, and I'll find a way to help you and Zhu Yuan get away!"

"In the future, this boy will please you."

Chapter 8232

Ye Chen felt bad after hearing this, but he was more worried about the safety of the people in front of him than grateful. Just when he wanted to speak, two gods fell to the ground, impressively the existence of the two strong emperors.

Dixin, Diluo!

"Run? Why not run!"

Emperor Luo Sen smiled: "the kid also wants to charm the king of hell on the road, whimsical!"

Whoosh!

Whoosh!

The sound of breaking the air came one after another, and several immeasurable strong people surrounded the three people firmly.

"An injured Wuliang realm, a Baijia realm, and a comatose dead hairy boy."

Emperor Xin also disdained to curl his lips: "how do you think, God bless my emperor's family!"

All the people looked at the Taishen, who was cross legged and healed, and Zhu Yuan, who was half dead and unconscious. Only one ye chenshang still had the foundation to stand.

"I'd like to ask two predecessors some questions?" Ye Chen's eyes coagulated, and his mind whirled rapidly. Recalling the previous instructions of Taishen, he could only say so.

He took off his defense and sat on the ground with a cool expression.

"What qualifications do you have to ask?" Di Xin laughed.

Emperor Luo on one side also blinked, looking at Ye Chen vigilantly, and his curious eyes seemed to want to know what trick this boy was showing off.

"The origin of the holy fire is on me. Forcibly stripping it will only lead to the death of the holy fire. The gain is not worth the loss... I'm afraid you also want this thing."

Ye Chen spread his hands and said indifferently.

"Oh?" Emperor Luo answered, "do you want to exchange the origin of divine fire for a clear death method?"

Ye Chen winked: "can't you live without death?"

Emperor Xin replied, "no!"

"Well, I can't escape death today. I have no regrets that I can die at the hands of the two strong men!"

Ye Chen sighed.

"Hum, hand over the source of divine fire. I can answer some of your questions and give you a decent way to die. How about this deal?"

The emperor's evil eyes flashed and said with a light smile.

Holy fire, even in the Taishang world, is absolutely enviable. In addition to its unparalleled destructive power, in the hands of master Dan, it is the root of all families!

He has a stronger desire for divine fire than anyone, including Di Xin.

"Ask!"

Seeing emperor Luo speak, Emperor Xin also responded coldly.

"What's the charm of this ancient seal of the emperor's family? It has been inherited by the ancestors. What's the use of this symbol?"

Ye Chen asked his own question

Chapter 8233

Regardless of others, Emperor Luo rushed to Taishen, and the terrifying pressure instantly lifted everyone present.

Bang!

A dull noise surprised everyone that it was di Xin who stopped him!

In other words, it is Dihai.

"Why!" Emperor Luo was almost crazy, and the guy in front of him stopped him. Once Taishen successfully refined the ancient seal of the emperor's family, he could immediately strip his own Qi, or even erase it!

He is no exception.

Boom!

The first part of the original imperial solution inherited by the ancestors of the emperor family is famous. The Golden Avenue runes gush from emperor Xin's chest. Each Rune shows the void, which is self exploding, and the huge roar tears up the sky of the chaotic world.

Even emperor Luo was completely dazzled by such self explosion behavior. Even if he had the means to connect with heaven, he didn't dare to face an immeasurable martial artist who would inherit self explosion!

"Third, this has nothing to do with you. I'll just end the cause and effect in the past!" A cold voice echoed, and Emperor Xin muttered to himself, but this voice was no longer emperor Xin's voice, but the emperor sea that fell for a long time!

"Dihai? You've already lost all your souls. Why..."

Emperor Luo was completely absent-minded. The person who blocked him was not emperor Xin, but his second brother, Emperor Hai, who had already died for countless years?

"Ah! Dihai, I'll kill you!"

With the same body, two different voices are interacting. Emperor Xin's angry voice can be heard all the time. The inheritance of the emperor's ancestors was cut off by him and his meridians exploded!

"Emperor fall, stop him. Once the ancient seal of the family is fused, you will inevitably be liquidated!"

Di Xin seemed to occupy his body, and a hysterical voice sounded.

Boom!

Another golden seal broke out, and the golden talisman burst in the air, and the void storm spread, with a trace of dark energy clinging to it. Many immeasurable powerful people, including emperor Chen, all looked gloomy.

"No, the space here is going to collapse. They want to escape!"

Emperor Luo's face was livid, but he was even affected by the self explosion inherited by the ancestors of the emperor's family, which was in danger of serious injury and falling.

"Third, in the past years, you were deceived by those old people. I don't blame you, and I won't pursue you!"

"If you block it, there is no need for the emperor's family to exist!"

This is the voice of Dihai.

When Emperor Luo heard the words, he shouted loudly, "brother, don't be impulsive. Once the chaotic world collapses, the dark energy left by no time and space will spread to the world, and the Danyu will be ruined!"

"The general trend will rise. If you don't nirvana in ruin, you will perish in ruin..." the voice of Dihai came out, even facing the taishinto below:

"My son, the reason to protect you for your father ends today. From the next day, the emperor's mark marks you. Where you are, it is the emperor's surname!"

"Hahahaha, there is no end to inheritance, but if you are in the camp of reincarnation, the emperor family will inevitably win the championship in the Taishang world!"

"The pedantic imperial family, bury it in the dust!"

The cold voice of emperor Hai echoes in the chaotic world.

Bang!

Emperor Xin's half flesh broke, and the sound of pain continued, and the shrill cry penetrated the heavens.

"In those days, for the sake of family morality, you should bear me!"

"Now, my son, the only pure blood heir of the emperor, you also want to harm him?"

Bang!

There was another muffled sound, and the lower half of Di Xin's flesh turned into a blood mist, and the boundless golden runes rose into the sky.

"Dihai!! it was for this day that you helped me recover my cultivation with the power of origin? You knew everything!"

"I hate it!"

Emperor Xin's unwilling voice came out, and the oppressive force of the ancient seal of the emperor's family was too terrible. Even at this time, there was a faint mark between the eyebrows of emperor Luo, and his will was gradually disintegrating.

"Cough!"

The Taishen sitting cross legged spewed blood again, and the ancient seal of the refining emperor's family seemed to be blocked by the resistance of two super strong people.

Click!

The boundless void of the chaotic world made another bang, and a gap was broken at the end of the sky. The dark energy without time and space was like a discouraged ball, gushing towards the sky.

"No, I'm in big trouble!"

Ye Chen raised his eyes and looked at this strange scene. At this moment, the stars outside the sky were faintly visible. The black flame burned thousands of stars and spread to the depths. Countless big stars dimmed, extinguished and died.

"Are you serious about destroying the emperor's house?"

Emperor Luo's hoarse voice roared. At this moment, he was really afraid.

This elegant man, whose Dan domain was in the sky and pressed everyone, was now bound by the ancient imperial seal, and his pupils were full of fear!

"You two also want to make Di's dust, delusion!"

Di Xin stood up at this desperate moment, looked at di Luo and said, "third, I'll fight for a chance for you!"

"With his strength, it still takes time to completely refine the imperial seal. Kill this person immediately after returning!"

Between half ferocious and half calm faces, strange timbres alternate, and di Xin is bearing great pain.

"Damn it, what's the matter, and why the dead emperor sea... On you!" Emperor Luo also never thought that people who should have died for thousands of years would become chess players stirring up the chaotic world!

"Our gratitude and resentment are over today, but we can't think of destroying Di family!"

Emperor Xin Nu shouted loudly: "explode!"

Boom!

A golden seal fell from the sky, which was the supreme inheritance given to him by the emperor's ancestors!

Now this vast force is pulled by his cultivation and turns into a golden seal, which will turn into dust with the world.

"Emperor's seal should not have been born. Now that we have reached this stage, let's stay together!"

The raging golden awn reflects the whole sky, and it is clear that the last quiet picture before the setting sun falls to the West.

Click!

Click!

The mottled sky slowly cracked, endless dark energy surged, and the force of the storm hit everything in this world.

"Cough!"

The self explosion of the powerful in the boundless realm is enough to make all sides disappear. Coupled with the terrible inheritance of the ancestors of the God family, Rao is the power of the etheric God. At the moment, the shocked spirit is also cracked, and the continuous integration with the imperial seal has to be interrupted.

"Hoo..."

Feeling that the oppression in the blood was weakened by half, the emperor who first struggled to get out of trouble looked at Taishen and ye Chen, and his killing intention stood in his heart.

Bang!

Bang!

Bang!

A few muffled sounds in succession, and several people behind them have been almost wiped out by the repressive force of the imperial seal. Under the influence of the imperial seal, the immeasurable cultivation, including emperor Chen and others, is the end of a powerful crossbow.

The blood fog exploded and dispersed, and the phagocytosis of the dark energy without time and space was also intensifying. If the top combat power was killed again, the strength of the emperor's family would be greatly reduced!

"Third brother..."

With the terrible strength of emperor Chen, they almost fell at the moment. I'm afraid the consequences would be unimaginable if it weren't for the help of people in front of me!

Waiting for emperor Luo to return to his mind again, the shadow of Taishen and ye Chen has gone away, drilling towards the space gap.

Chapter 8234

"No, that boy is proficient in spatial will. He should know the spatial coordinates of the emperor's main city. Third Lord, if we don't start again, I'm afraid something will happen."

Several strong men of Shura Wei have experienced Ye Chen's means. Spatial will is indeed a difficult means. Once they leave this world, it is equivalent to wandering dragons and returning to the sea.

"Want to go?"

Di Xin's voice echoed in the whole space. Although the power of the golden seal was dissipating, the destructive power of terror was still raging.

Click!

The space where ye Chen and Taishen and others lived collapsed in an instant. Under the killing caused by the force of the terrible storm, Taishen instantly turned into a blood man. It was useless for ye Chen to use many means.

Bang!

Ye Chen's right arm turned into a blood mist and burst into pieces. Even with the support of Taishen, under such a suicide attack, it was instantly heavy.

Fortunately, the eight trigrams heavenly elixir and reincarnation divine body are constantly repaired.

Whoosh!

At the time of life and death, a purple blood arrow flew out of the chest of Taishen. The ancient imperial seal seemed to feel the call of the master, and it turned into a light shield, holding the two people in the center

"Father?"

Too God looked unbelievably at the floating virtual shadow in front of him, which was the emperor sea that had previously appeared on di Xin!

"Child, you've really grown up!"

The virtual shadow in front of him cast an approving look, and his eyes were full of soft smiles, which was different from the previous man who was determined to destroy the family.

"Father, what the hell is going on? Why is emperor seal like this?"

Taishen tried to lead the power of emperor Yin to escape, but he inadvertently awakened the spirit of emperor Hai in it. This battle, in which you chased me and fled, unexpectedly exploded a world!

Ye Chen's breath was somewhat vain. Although he had the ability of reincarnation blood and spiritual monument to recover against the sky, he could not help but lose his blood gas and hide his pale color.

In the silent energy field, ye Chen's heavy wheezing voice rises and falls one after another.

"Hoo..."

Emperor Hai looked at the reincarnation Lord in front of him a few more times. In this immeasurable realm, it is difficult to hide the declining interface. A martial artist with six layers in Baijia realm can survive.

"I see..."

It seemed that he was thoughtful, and Dihai turned his head and looked at Taishen: "son, in this life, your way is more difficult than anyone else. My father is sorry for you!"

When Taishen heard the words, his body trembled violently, but he heard the man open his mouth and explain, "in the past years, I controlled the imperial seal and rejected the ancient feather emperor of wanxu, but the mistake was to believe in this family. When the power is so strong that no one can match, you are an alien!"

Emperor Hai laughed at himself: "my fall has brought peace of mind to the family and protected you!"

"Me?" Too God looked at his father, his voice choked.

"The emperor family has embarked on an irretrievable Road, and some people of this family need to be purged!"

"In the past, for you, I made a vow with emperor Xin to help him recover his cultivation with the power of the divine soul. The price is to seal your Qi machine with a great magic power. No one can find you in the world!"

"As long as he doesn't move the mind of the imperial seal, then this half of my spirit left in the imperial seal will never be alive!"

"What a pity..."

Emperor Hai's eyes had a killing intention: "unexpectedly, you are still involved in this dispute..."

At the moment, Taishen made up his mind. The expectation of the emperor's ancestors was politely rejected by him, and now he is his father

"I don't just want to get involved, I also want to quell this dispute. My father's death will not be meaningless!"

"I will rectify this clan!"

Emperor Hai was stunned at first, and immediately burst out laughing. Lang said, "my emperor, in the final analysis, I still have endless breath, ha ha!"

"Go, boy, Emperor Fenghua is waiting for you!"

The virtual shadow of the emperor's sea gradually dissipated, and the last divine idea popped out, sending a message to the Supreme God, who trembled at the words.

"It's up to you, son..."

The light shield, which was about to burst, instantly gathered in the momentum of terror, carrying Taishen, ye Chen and others, directly under the golden storm, drilled into the end of the space crack and disappeared

"Dihai!"

The void echoed with emperor Xin's lingering resentment. At the moment when the sky broke, Emperor Luo and the people fled away, looking back at the broken world, with a blue and gold sea of fire rippling around him.

A two-color red dragon poked out from the boundless starry sky: "you can't let this dark energy devour the Dan realm. Follow this realm and bury it!"

The emperor dropped a finger lightly, and the golden seal in the chaotic world suddenly exploded

Boom!

After a incense stick, over the main city of the emperor's house, the central square was already bustling, and many people emerged.

Logically speaking, the God gate of the ancestral hall will be opened again at this moment to welcome the return of everyone.

"Old man, what do you think of the war inside?"

Dan Zun, who looked like a teenager, yawned and smiled softly.

Sitting opposite, the bearded man looked intently at the glued chessboard in front of him, holding a son in his hand.

Ka!

There was a mottled crack on the God gate of the ancestral hall, which should have appeared in the dawn.

"Huh?"

This detail instantly drew the frowns of several people, including the two players playing chess.

"The divine gate has appeared, and today's pharmacopoeia should be held as scheduled. The nine turn elixir will be born in our Dan domain. Will this elixir be taken away by the messenger of Zihuang fairy palace? After all, the supreme merit war horse will come, and there are many things added to Zihuang fairy Palace."

Chapter 8235

"Nine heaven spirit grass is an unusual thing. I don't know whether the emperor's family can find it..."

Among the crowd, although the voice of doubt is low, it is also clear and audible.

"Shh, don't let the emperor's family hear it, or we will all die."

Click!

There was another loud noise, and the half door slowly opened suddenly burst over the main city of the emperor's house.

Boom!

Unparalleled breath with a trace of dark energy gushed out, and instantly swept the whole central square, and many martial artists immediately vomited black blood and fell to the ground.

"Not good!"

Dan Zun raised his eyes and looked, a purple light shield appeared in the void, turned into a flash of streamer, instantly tore the emperor's border, and swept away in the direction of the holy Dan city.

"Never let the dark energy destroy the city of holy Dan, even if the emperor's family no longer exists!"

At this moment, Xing Qiang, the Lord of Shengdan City, his eyes coagulated and his voice sank.

Dan Zun, who looked like a teenager, nodded gently, "you can solve the emperor's family's affairs, and I'll go to Saint Dan city!"

Obviously, once out of control, the emperor family, as the first to bear the brunt, must be cut off.

Now, only Xing Qiang, who is in the same realm as Dihai, can cope with it. The Shenmen has been broken. Once the dark energy that has lost its way spreads, the main city of the emperor's house will be the next buffer zone!

"Damn it!"

A cry of anger came from the falling half god door. Xing Qiang smelled the words and looked slightly relaxed. It was the voice of emperor Luo.

Whoosh!

Whoosh!

Whoosh!

"Brother Diluo, what happened in that world?"

Xing Qiang saw only a few people who were embarrassed behind emperor Luo, and he also had a slight premonition of the tragic situation inside.

Emperor Luo's face was livid. Looking at the tragedy above the central square, he paused and said in a deep voice: "something happened, that boundary, collapsed!"

Xing Qiang loses his color immediately when he hears the speech!

Broken?

"But it doesn't matter. I have been inherited by my ancestors. That world has been suppressed. It won't be long before I break through. At that time, this thin dark energy is not enough to be afraid!"

In the blue shadow behind the emperor, the power that does not belong to the supreme world is looming. It is a faint golden rune that threatens the rules of the Danyu Avenue.

"Congratulations, Third Master!"

"Congratulations to the third master!"

Congratulations were heard, and praise from all parties swarmed in. For Di Xin, who had left together and had not returned yet, no one paid attention to him tacitly.

Seeing this, several strong men of Shura Wei showed sad eyes one after another. Only they knew all kinds of pain.

"If you are willing to follow me, I will try my best to revenge this revenge. After that, I will return your freedom!"

Emperor Luo deserves to be a good hand in winning people's hearts. Just leaving a word, he made the strong figure of Shura Wei tremble.

"Ladies and gentlemen, the nine heaven spirit grass is already in hand, but now the ancestral hall God door is damaged, and there are some mistakes. The pharmacopoeia is tentatively scheduled to be held in ten days!"

Although the floating green clothes have been stained with blood, the extraordinary temperament of the Third Master of the emperor's family is still undiminished.

Facing the third master who was in the spotlight, the remnant of emperor Xin's old Department dared to be angry, but his eyes flashed, and he didn't know what he was thinking.

"In that case, I'll have to disturb you for a few more days!"

Xing Qiang's eyes coagulated and said, there must be something fishy about this matter. Naturally, he can't blow the emperor's face. Once something can't be done, he also has

Chapter 8236

When ye Chen finished his words, he couldn't help saying that he handed over the nine heaven spirit grass, which was a god grass that broke the scalp to the countless strong men, and gave it to the man in front of him.

The Taishen on the side sighed, "it's worthy of being the Lord of reincarnation. What a retreat!"

Rao was impressed by Ye Chen's action with Dan Zun's determination, and laughed:

"What a clever boy!"

"It seems that the emperor's family has lost money and lost soldiers on this trip."

Since the genuine jiu Tian Ling Cao is in the hands of the boy in front of him, the imperial family's pharmacopoeia doesn't matter.

A trace of ponder flashed on Dan Zun's handsome face like a teenager: "what I said is still valid. I'll give you a gift during the trip to the Xuan demon domain!"

A hazy and soft light floated to Ye Chen's hand. When he looked at it, it was actually a wooden comb with dark black color.

"This is my personal belongings. Many forces are rampant in many fields of the world, and some of them are hostile to the Terran. It can help you avoid a disaster."

With long hair like a waterfall, Dan Zun smiled and said, "it's also a return of your love. I'll wait for you to return from that domain. Take this thing to Taishang mountain to find me."

"The sacred fire is only used for killing, which is too outrageous..."

The former gently shook his head, no longer stopped Ye Chen and Taishen, turned around and walked towards the flow of people. In the blink of an eye, he had disappeared in it.

"This old fellow is not simple!"

Taishen took a deep breath: "I've just seen the wooden comb he gave you, and there's nothing abnormal."

Taishen still cares about ye Chen's safety.

In the face of Dan Zun who suddenly came, they couldn't figure out the details of each other. If they really fight in this holy Dan city today, I'm afraid they will be chased by the emperor's strong men in an instant.

"At present, it seems that he is not hostile to us..." Ye Chen looked at the object in his hand and whispered, "he expected that I would go to find him again. It's hard to say at that time."

.....

Screen rotation.

The main city of the emperor's family, the conference hall.

At this time, everyone's expression was mixed. Everyone present was the core of the family who went to the chaotic world with di Xin and di Luo. There was no need to say more about their experience here.

"Third Master, we are willing to work hard!"

In the dull and silent hall, a crisp sound of knees hitting the ground came out, which was the leader of Shura Wei.

Originally in charge of the Shura Wei under Emperor Xin's command, there are only five people left now. Each of them is a powerful immeasurable strongman, a full five. If placed in any region of the world, it is enough to deter the existence of the four sides.

Emperor Luo gently tapped the table with his fingertips, making a slight noise. Facing several people in Shura Wei, he slowly said:

"That's the same sentence. I will naturally find Di Xin's revenge. After that, I will set you free!"

Silence fell on the hall again.

"Brother, what about the Pharmacopoeia?"

Emperor Chen frowned, and the God fall of the square just now had personally stated that it would be held after the 10th day. Now the nine heaven spirit grass was taken away by Ye Chen. Only those present understood the inside story of this matter.

"It doesn't matter. Even if they run to the ends of the earth, I can find it!"

Emperor Luo waved his hand and ordered several people of Shura Wei:

"You guys, go to the silence hall with the fourth! Since emperor Hai appears, he will tell his children about it. The silence hall is their only place!"

Emperor Chen wanted to talk and stopped, and finally nodded gently.

.....

Outside St. Dan.

"Silent hall?"

"Hmm..." Taishen answered, "if it weren't for this trip to the ancestral hall, I would have planned to take Zhu Yuan to the hall of silence and have a chat with my uncle. Now it seems that I have to go!"

"In the past, my father fell, and some of my uncles may know about it. After that, he left the imperial family and traveled everywhere. In sum, he was also the most gifted person in the family at that time. Whether it was martial arts attainment or alchemy talent, it was extremely terrifying!"

"No matter what, difenghua can afford dizhi

Chapter 8237

Ye Chen didn't change his face. Anyway, he was going to decide the Kirin domain.

"Hum, barefoot is not afraid to wear shoes. If the chance is given to me, a fairy emperor will appear in the Xuan demon domain in thousands of years!"

There are also countless people who choose to fight with their lives in the face of great temptation, regardless of the threat

Ye Chen just sat for a moment and stopped, no longer caring about the rumors in the Xuan demon domain, and then got up again and headed towards the coordinate of the kylin domain.

.....

Along the way, there were endless martial arts or demon families coming and going, most of which were cultivation in Wuliang and Tianxuan.

Most of them are going in the same direction, because in the dark depths, there is a kylin field that is about to be born.

"Little guy, stop!"

Just as ye Chen was about to leave, the voice of the female emperor of the blood Phoenix clan came out of the Wu Dao reincarnation diagram, lazily saying:

"I found the real nine sky Shenyan, which is not far from the Kirin domain. Are you interested in seeing it?"

Ye Chen was stunned, nine heaven God inflammation?

This is the Emperor Yan of nine days!

How can this thing be related to the kylin domain? In this way, the nine fire Temple must intervene. I'm afraid it will be more troublesome to find the kylin blood grass.

"Don't worry, only I can feel it, and no one else will notice."

It seems that ye Chen's scruples have been seen through, and the female emperor's voice came again.

"It will take some time for the Kirin domain to open. If you can get the refining of nine heavenly gods, my sister can help you kill everyone!"

The charming laughter rang out, but ye Chen murmured in his heart that the Kirin domain would compete for the blood grass, and would certainly compete with those who are old and immortal, such as pojun, with the help of the female emperor of the blood Phoenix family, twice the result with half the effort.

"Where is it?"

After making up her mind, ye Chen no longer hesitated and asked.

"In the northwest, the coordinates are similar to those of the Kirin domain in the north, but they are closer to the West!"

Ye Chen's figure rushed into the vast mountains of the Xuan demon domain, and the monsters entrenched here showed a fierce color, staring at the Terrans in front of him, with a great interception potential.

"Chirp!"

With a roar of the Phoenix, the bloody virtual shadow rose into the sky, and the endless red awns burned under the wings of the Phoenix, and the black forest turned into a sea of fire, blocking the way to intercept the monster.

"Is that... Nine fire temple?"

The monster that spits out words trembles. Fortunately, it didn't do it just now. If it offended the nine fire temple... The consequences would be unimaginable.

Obviously, countless monsters acquiesced Ye Chen to be the person of the nine fire temple, which saved a lot of trouble.

Click!

Among the dark mountains, countless towering huge trees stood like pillars of heaven, and in the dark end, purple thunder surged down with the power of the road.

Boom!

The shining purple awn still couldn't shine through the dark mountains. Ye Chen's footsteps became slower and slower in the majestic deep forest.

"Purple thunder is coming. Before long, the gate of Kirin domain will reappear. We have to hurry!"

Just walked out without two steps, there were several thunders on the void, and the faint purple light shone faintly, and ye Chen's eyes suddenly coagulated.

"That's..."

I will never be wrong. It was in the previous chaotic world that I and Taishen and others escaped from the ruined temple of Shengtian!

A green light in front of the door is still there!

"How can it be? I've taken the nine heaven spirit grass!" Ye Chen looked at it carefully again. The purple light in the void dissipated, and there was no previous scene on the dark scorched earth?

It's just the ruins of a deep forest that has burned out for thousands of years.

Qiang!

A killing machine suddenly exploded, and suddenly stabbed at Ye Chen's eyebrows.

Ye Chen's thought moved, and the reincarnation Heavenly Sword surged out, blocking this fatal blow for him.

"The wind of dawn, disease!"

Ye Chen took his time and kneaded a formula.

Suddenly, a wisp of cyan atmosphere was released from ye Chen's body and instantly surrounded his whole body.

Surrounded by this blue atmosphere, ye Chen's body also turned into a wisp of light wind and floated out.

His cold eyes stood still and looked at the scorched earth in front of him.

At this time, the female emperor of the blood Phoenix family said, "it's best not to use other cards, just use your spiritual fire and holy fire."

"Holy fire!"

The burning red awn flowed out from ye Chen's feet like a river of blood. The vast scorched earth was burned out in the place covered, and the things hidden under the ground also showed their original appearance.

That is half of the war that has long withered. In the past, it was a peerless sharp holy spear that can cut a boundary. Now it is mottled with mud everywhere, and it looks like it will break into debris at any time.

It seemed that after feeling the invasion of a certain will, the remaining spiritual thoughts of its master restored a trace of aura, prompting the spear to launch an attack.

"Lord of reincarnation, you have no breath, get out!"

The half broken spear scattered faint waves, and the divine mind warned.

It was another powerful blow, and the half blade that seemed like rotten wood could stop the attack of reincarnation sword in Ye Chen's hand without collapsing!

"There is no breath of time and space, and there is chaotic kylin blood on you!"

The voice roared. Judging from the words Ye Chen caught, this guy obviously found something!

Moreover, ye Chen has just returned from the chaotic world related to no time and space, and the contaminated breath has not completely faded!

Qiang!

The dilapidated spear lit up a strange light, and the whole space of the Xuan demon domain was collapsing faintly. Tens of thousands of monsters were crawling outside 100000 mountains.

Chapter 8238

"There is a fight there. Is it because the treasure in the kylin domain fell?"

For a time, martial artists nearby felt abnormal fluctuations and rushed to the place where the past happened.

At this time, ye Chen, who is at the center of the storm, has words of suffering. This ancient spear, which seems to be crumbling at any time, has unparalleled power.

Click!

Above the nine days, another purple robbery light flashed, reflecting the holy spear full of killing intent.

The voice of the female emperor of the blood Phoenix clan came again: "that guy seems to have something to do with chaotic kylin. Didn't you get some inheritance from chaotic kylin before?"

"You can try, otherwise other means will be difficult to compete with it!"

"OK! I'll try"

Ye Chen's eyes coagulated and his palms folded. At the vortex in the palm, purple thunder surrounded the spray and wrapped him in it.

Click!

The purple light above the nine days seemed to have eyes. It was no longer wanton, but circled and condensed into a long river, rushing towards Ye Chen.

Boom!

"Chaos kylin secret, chaos kylin inheritance, you are..."

At the critical moment, the power of the tattered spear could not be restrained, and it was fiercely bombarded in the pouring Purple River. The whole space was full of thunder, and the purple lightning was turned into a blade.

Whoosh!

Several strong breath came one after another, during which there were many familiar faces. If ye Chen was here, he would surely see that it was pojun, jiushoujiao and others.

"Hey, I don't know why the purple robbery light changed. The coordinates here don't coincide with those of the Kirin domain..."

The Nine Dragons began to wonder.

The vision disappeared, and what appeared in front of everyone was still the vast scorched earth, nothing else.

Pojun also frowned: "maybe we were worried too much, but the rampant robbery thunder happened to fall and split the space here..."

.....

And now, in the hidden space.

"Lord of reincarnation, I see..."

A slight sigh came from half of the broken spear.

When ye Chen came back to his senses again, the shining purple light had long disappeared, and it was still a dark road ahead, extremely gloomy.

Looking around again, except for the already blackened scorched earth ruins, everything was silent.

Ye Chen raised his sword and looked, and the signs of the previous battle were still there.

"Northwest!"

Ye Chen, who was on high alert, continued to move closer to the position said by the female emperor of the blood Phoenix clan. The closer he approached the hinterland of the kylin domain, the more strange the scene became.

I don't know when, in front of me, there was a trace of dimness to guide the way ahead, which coincided with the direction I want to go, as if heaven and earth had opened a door for him.

"The clothes of these people are strange..."

Ye Chen couldn't help wondering. He didn't hear the sound of war. How could there be more mountain like corpses here?

Depending on the situation, he just died soon.

Boom!

A mountain like star fell, and some fell to the ground. A hundred miles around turned into a mass of ruins. It was dark, and the endless power of star devouring was still spreading and gradually desolate

Immediately after that, countless stars burst into pieces, which turned into a mass of light far out of the sky and dissipated, and those close to it fell into the deep forest where ye Chen was located. The sound of the explosion was thousands of miles away, and even he was a spirit, and he was slightly shocked.

What a terrible world this is!

Whoosh!

Countless strong breath intertwined, the space instantly collapsed, several sword Qi startled the sky, and the terrible sword idea instantly shrouded thousands of stars, but it turned into a thumb size and fell to the ground, like rain into the dust, no longer causing waves.

"What a terrifying will, even these fierce signs can be eliminated in the palm!"

Ye Chen held the reincarnation sword tightly for a few minutes, even if it was the elder's means, is it just like this?

His steps kept speeding up. In the depths of the dense forest, a figure collapsed to the ground, his body was like a ceramic crystal, but it was mottled cracks that appeared. A touch would turn into a cloud of dust.

"Are you here?"

There are two sparks in the middle-aged man's eyebrows, intertwined with each other and merged into a rune. He greeted Ye Chen with a smile, but the latter frowned tightly, and looked through his mind without thinking of any intersection with the person in front of him.

Complete strangers, but why so... Familiar?

"Have we met?"

Ye Chen stopped and looked at the man in front of him who was almost completely broken and about to die.

The middle-aged man opposite smiled: "maybe, you came earlier. Now the Lord of reincarnation is embarrassed..."

Between words, it made Ye Chen more confused.

"Bury me here and we'll see each other again. Then you'll understand!" The two fire marks in the middle-aged man's eyebrows slowly dispersed, and the smile emerging from the corners of his mouth suddenly solidified into a handful of dust.

Ye Chen nodded gently, "meeting is fate. Go all the way!"

The reincarnation Heavenly Sword in his hand is a prison, and the clever sword idea isolated the Qi machine, sealed the land boundary of the middle-aged man, and wiped away the trace.

Look again, there is only a vast scorched earth.

Ye Chen continued on the road, following the end of the micro awn, and finally half a day later, he came out of the oppressive dark forest.

"How can there be a Buddhist holy land in such strange and dangerous places?"

At the end, there is a green mountain. I vaguely hear the bell ringing on it, birds and animals singing together, a peaceful scene.

One step out, heaven and hell, it's like two worlds!

"Come on! Master Liaochen's discourse is about to begin, which will determine the ownership of the nine heavens of Shenyang!"

"The bell has rung five times, nine to one, we will be late!"

Unexpectedly, they are all limitless, and... Some are even in the middle and late stages of limitless!

Ye Chen widened his eyes. This is an extremely strong force in the world. Unexpectedly, he saw many at the foot of this green mountain. The smell of the avenue behind him is a symbol of his complete integration into the Avenue!

For a time, many martial artists emerged behind Ye Chen and marched towards the top of the mountain. Just when he was stunned and in a trance, a little monk who came down the mountain bumped into him head-on!

"Hey, obviously I didn't perceive someone. Don't worry, benefactor. I'm offended!"

The little monk got up and quickly bowed down to Ye Chen and apologized. Ye Chen noticed that the little monk in front of him was blind!

"Excuse me, little benefactor, where did you come from?" The little monk folded his palms and asked with a smile.

Ye Chen was speechless for a moment, but the little monk opposite smiled gently: "presumably, this little benefactor is also coming for the nine gods' inflammation?"

"Has everyone known the nine heavenly gods?" Ye Chen's eyes narrowed slightly. He really came to find Shenyang, but isn't this Emperor Yan? When the top secret came to the mountain gate, it was like an ordinary thing.

"Master Liao Chen is already waiting for you. Just pass the test and you can take away Shenyang!"

The little monk touched his head, as if he remembered something, when he even said:

"Little benefactor, just go up all the way. Don't delay the time of discussing Tao. I have something important to do, so I'll thank you first and don't pursue it!"

At the end of his words, he bowed to Ye Chen again, stepped down the stairs like flying, and swept away into the distance.

Boom!

The sound of the road layer by layer mixed with the sound of the bell came out, and the inexplicable pressure made Ye Chen's heart a tight, hurried to concentrate, and then look, he unexpectedly returned to the foot of the mountain!

Climb all the way, and return to the original place?

"This power seems to be somewhat similar to that of grandpa when he fought against the ancient emperor Yu Huang!"

Chapter 8239

But it's just similar.

There is a slight difference between this power and the power of ye evil god.

But it's all about space and time.

Ye Chen has a feeling that he is dragged into the long river of time by a force!

And on both sides of the long river of time, there is reality and no time and space!

Grandpa went to the future at the beginning. Was he also dragged into it by some force?

Or do some guys without time and space want to see themselves?

Ye Chen, who has a virtual tablet and has deep knowledge of space will, suddenly found something and murmured, "it's the mountain coming to me!"

Every time the bell that contains the power of the road rings, the space-time under his feet changes with it. It seems that this is also one of the tests of reaching the summit.

"If I guessed right, this should be

Chapter 8240

"Isn't this the little guy at the foot of the mountain?"

"He went to the top!"

Boom!

At this time, the ending sound of Qingzhong slowly dissipated, and the inexplicable sense of oppression also dissipated. For a time, ye Chen, who finally reached the top, became an unparalleled treasure, causing everyone to look sideways.

"Er..."

Ye Chen couldn't help looking at himself. Although his realm was a little lower, he didn't need to look like this, did he?

However, he also found that the accomplishments of everyone present were unfathomable, and even the strong people he met in the Taishang world were much stronger!

Are you really involved in a certain moment in the past?

"What's your name?"

The purple haired man stepped forward a few steps, stretched out the magnificent Crystal Purple Unicorn arm, and was about to shake hands with Ye Chen.

"My name is Qiu Feng. I'm a descendant of the chaotic kylin family!"

Ye Chen was surprised when he heard the speech. What, chaotic kylin clan?

Didn't the chaos kylin clan have long been destroyed?

The world should not exist.

Little kylin should be the last blood.

What the hell is going on? There are descendants of the chaotic kylin family!

Is this kylin domain?

And the temple was vaguely similar to the dilapidated temple in the chaotic world.

Ye Chen became more and more suspicious that his spirit was involved in a picture of the past.

"Brother, where are you from? Why haven't you met before?"

Emperor boundless stepped forward, smiled and whispered, "emperor's family, Emperor boundless!"

They all saw Ye Chen's bottom, which was not the supreme existence of immeasurable realm at all. How could there be such a young immeasurable strong man?

But this guy is coming up!

"The young man in front of us should not be underestimated!"

Emperor boundless and Qiu Feng both made a judgment on Ye Chen. This boy, the cards on his hand are not ordinary.

Ye Chen's eyes narrowed slightly. I'm afraid that emperor Wuyi was the ancestor of the emperor's family. In this time and space, too God and even too God's father, Emperor Hai, may not have appeared. Even if it appeared, it was an extremely ancient era.

"My name is Ye Chen."

Know all know, all the people present, all for the sake of the nine gods, even if ye Chen didn't say much, they didn't ask again.

"Brother ye, where are you from?"

Emperor boundless and Qiu Feng are all curious. Where does such a stunning martial artist come from?

"I come from the supreme world, but I came here from the Xuan demon domain."

Ye Chen told the truth.

Both of them were stunned when they heard the words: "is there a mysterious demon domain in the supreme world?"

Qiu Feng was very serious and said, "I haven't heard of it. Since I can produce such excellent descendants, I think it must be unusual!"

Emperor boundless also echoed: "indeed!"

"Are you also here to participate in the sermon?"

"The nine heavenly gods are burning against the sky, but they are not the gods we can covet. The elders at home said that it is good for practice to come here to listen to the supreme Buddha!"

Ye Chen had to nod with a smile, but he thought to himself, is he still in the boundary of the Xuan demon domain?

Feeling the familiar breath of emperor boundless, ye Chen can be confident that there is no such person in the emperor's house he has been to.

"Brother ye, what's the matter with you?" Qiu Feng looked at Ye Chen in a trance and asked anxiously.

"Can't you be possessed by the sound of the Buddha just now?" Emperor boundless whispered, but it attracted the eyes of autumn wind.

Ye Chen smiled awkwardly and didn't know what to say. He saw Qiu Feng say, "brother ye, your breath is very dark. I can't feel it when I'm a foot away from you! It's like you don't exist in our time and space."

Previously, the little monk who came down the mountain would bump into him, I'm afraid so?

"Eh? Your body seems to have the smell of chaotic kylin. Your blood is stronger than mine. Brother ye, do you know people of my family?"

Qiu Feng immediately shook his head and said to himself, "it's impossible. Our family is all on the battlefield of cutting the sky..."

Ye Chen has completely determined that someone has dragged himself into this space-time picture with extremely terrible means.

I'm afraid it won't last long.

That man wants to see himself? Or do you want to hand over the nine gods in this way?

"Unexpectedly, I really returned to the ancient times like grandpa! I just don't know how long it will last." Thinking of this, ye Chen felt a little dizzy. What's going on, illusion?

But the person in front of him really exists, just like the nine hell of killing God.

"I don't know if this argument is related to the dark energy without time and space?"

Ye Chen didn't know how to answer Qiu Feng's question. In other words, he stubbornly threw out a topic. He wanted to confirm some existence.

"Well..."

From the look of the two people, it is obvious that they are no strangers to this timeless dark energy.

"Some hands without time and space stretch too long, and even the reality will gradually be eroded. Who controls the darkness behind it is still unknown, but the immortal emperors of all ethnic groups have gone to suppress it, and I believe there will be results in the near future..."

Emperor boundless is working hard. In this auspicious world, it is difficult to connect the chaotic world seen by Ye Chen.

It's like I'm worried about nothing.

"Don't worry, there are countless strong people in the real world, as well as the purple fairy palace of the fire. There is nothing to worry about, and the unrest will be subsided."

Qiu Feng also smiled and said mysteriously, "brother ye, you are blessed. If you talk about Tao today, you may see the existence in the legend!"

"Leiyin temple is one of the sacred places recognized by Buddhists all over the world, which is more important than the sentient world. Although it is only a division here, the abbot heard that it is not inferior to the existence of fairy emperors of all ethnic groups!"
