

Physician 8251

Chapter 8251

Ye Chen became more and more curious about Qiu Shengming, but Qiu Shengming interrupted Ye Chen's thoughts.

"Was that little guy injured by the thunder of nothingness?"

"So young, why should I bear that level of thunder?"

Qiu Shengming saw the flaking scales in the sea of blood, felt a breath of nothingness and thunder, and asked softly.

The chaotic kylin clan has a congenital keen insight into the power of thunder.

"In fact, this little guy was injured to cover me."

Ye Chen's eyes narrowed slightly. Facing Qiu Shengming's inquiry, he could only tell his previous experience.

"Nine fire temple..."

Qiu Shengming's eyes narrowed slightly, and a trace of quiet killing intention flashed in his eyes, but he soon found something and said, "no, in that case, the power of the sea of blood alone can't wake it up!"

"I thought it was the divine disaster it had endured by itself. If so, the holy spring can only repair its holy body. To stabilize the spirit, it needs kylin blood grass!"

Hearing these three words, ye Chen knew that there was a play, and hurriedly said:

"To tell you the truth, I came here just to find kylin blood grass!"

Qiu Shengming blinked his eyes and said with a wry smile, "if it had been thousands of years ago, although kylin blood grass was precious, my family did not lack access, but now... Even I can't help it!"

With that, he paced back and forth in place, and then gritted his teeth and said, "no matter what, we still need to break through."

Ye Chen said, "because you said you couldn't get close under the sea of blood?"

"Yes, under the holy spring, there is a place where blood grass grows, but it is sealed by my ancestor with a magic method close to nothing. Unless I pass the test, otherwise... I won't be trapped here and fight against eternity alone!"

Qiu Shengming looked a little ugly. Obviously, under the sea of blood, there was an existence that even he was afraid of.

Ye Chen asked, "what's going on?"

"Ever since ancient times, time and space and reality have been impacted by a force. Some people forcibly entered the world. It seems that in order to find a taboo person, countless forces have been destroyed. Whoever is infected with cause and effect is doomed to be exterminated!"

Ye Chen shivered at the words and guessed something.

"At that time, I was just an immortal king in the boundless realm. My ancestor went to the battle field of cutting heaven and was not in the clan. Facing that existence, my clan had no resistance!"

"On his deathbed, the patriarch blew himself up with Qi in the kylin domain and suppressed my real body under the holy spring, which saved me a disaster and turned into what I am now..."

"I can't pass the test, so I can't leave here to avenge the family!"

Qiu Shengming laughed at himself: "in vain, I was recognized by my ancestors as the most brilliant person in the Kirin domain, but I can't break this shackle..."

Hearing this, ye Chen faintly appeared two people, one was the face of the living dead, the other was Jiuyou.

Qiu Shengming glanced at Ye Chen and continued, "under the holy spring, there is a great secret of the chaotic kylin family. I don't know what it is!"

"The seal is derived from the patriarch's integration of the Qi of the entire Kirin domain. At the bottom of the holy spring, there is a remnant image!"

"It has almost perfectly copied the peak combat power of the former invader in all realms. If it can't be defeated, everything is empty talk..."

Now little kylin is badly in need of kylin blood grass to stabilize the spirit, but he is blocked by a seal outside the door.

"With my strength, I can't defeat one of the residual images. Almost every time, the spirit is on the verge of breaking and dying..."

Qiu Shengming's face was cold, and ye Chen was also silent. This person may be Jiuyou. Jiuyou's combat power can be called terrifying. He once fought against himself in God killing hell. If it weren't for Xueji's great help, the victory or defeat would be unpredictable.

"With your strength, I'm afraid the odds are not good."

Autumn Sheng Ming is heavy.

Ye Chen also knew his strength. If he only relied on his combat power in the Xuanyao domain in World War I, although it was not vulgar, it was by no means Jiuyou's opponent.

He can try to pull out the emperor's holy knife, but he will also pay a great price. At that time, facing those guys in the Xuanyao domain, he will be in trouble.

Suddenly, ye Chen felt a wave. He was very clear that those guys in the Xuan demon domain appeared.

"By the way, since we can't break it, why don't we borrow it?" Ye Chen's eyes narrowed slightly, as if he thought of something.

Qiu Shengming didn't quite understand and asked, "what does it mean?"

Ye Chen showed a faint smile and looked at Qiu Shengming: "Qiu Shengming, how about doing a play with me?"

"Acting?" Qiu Shengming became more and more confused.

Ye Chen continued, "in the first half, you don't need to do anything, just faint, and leave the rest to me!"

.....

At the same time, another place.

Boom!

There was a shocking explosion, and the broken bones and dust in the sky surged, reaching the sky.

"Hahahaha, after several wars, I finally came to the core of the Kirin domain. My kung fu is worthy of my heart!"

Pojun laughed, and his figure came first.

It was once heard that the head of the blood moon demon sect had set foot in the Kirin domain when he was in high spirits, and even dangerous.

Thousands of years have passed, which shows how deep his attachment to the inheritance of the Kirin family is!

"Lord pojun, it's really amazing!"

In the void, a ferocious Jiaoshou tore open the clouds and peeped out, followed by eight different voices, and the other eight Jiaoshou were also slightly excited.

Whoosh!

Whoosh!

Several winds swept by, and the powerful existence of digital immeasurable realm also came together.

"Unexpectedly, she also came!"

Pojun, who wanted to say something, suddenly found something. His eyes were stunned, looking at a flash of fire rising in the void, and whispered.

"It seems that the nine fire temple also has a desire for the inheritance of this chaotic kylin!"

One of the nine Jiaos has a cool voice.

As far as the eye could see, a colorful Phoenix came across the sky, its gorgeous feathers flashing rainbow, emitting the threat of burning through the void.

"I just want to see the recent situation of Kirin domain and verify some thoughts in my heart!"

The colorful Phoenix came and turned into a young woman with incomparable temperament. Qingling's voice spread all over, looking around at everyone and whispering.

"Why, the blood Phoenix clan doesn't boast that their blood is against the sky. Why do they pay so much attention to the Kirin domain?" Pojun squinted and smiled, and said to the woman in front of her face covered with plain yarn:

"Miss Fengwu, the nine fire temple has previously experienced the nine heaven God's fire, and the backyard is on fire. Is there any leisure to come to the theater?"

The beautiful face under the plain yarn burst into a smile, and immediately whispered, "pojun, right?"

"Do you know that no one dares to talk to me like this in the Xuan demon domain!"

Feng danced with a smile, pojun only felt dizzy, and sighed secretly. It was too late to get out.

PA!

The space in front of him suddenly condensed, and a palm knot was firmly thrown on Bo Jun's handsome cheek.

Bang!

With a dull sound, pojun's figure fell like streamer, and directly hit the mountains behind him. Countless mountains broke up in response, and the dust was flying all over the sky, covering the last brilliance of the colorful rainbow in the sky.

Chapter 8252

“.....”

Everyone was stunned. No one reacted. They didn't use martial arts rules to suppress them. They just hit at random, which was so terrible.

"Ah!"

A roar followed through the sky, and pojun's figure broke through the earth. On his extremely embarrassed face, half of his cheeks were red and swollen, ferocious.

"You want to die!"

As one of the giants in the Xuan demon domain, how could he endure such humiliation? He shot angrily on the spot.

"Yellow spring breaking palm!"

The general trend of the whole body kept moving closer to him, and the smell of terror caused bursts of buzzing in the space. At the end of the other side, a wisp of dark energy spread, and gathered silently!

"Sure enough!"

Feng dance seemed to have expected everything in front of her, whispering.

"What is this, is it..."

People, including nine Jiaos, were also attracted by the strange scene in front of them, and stopped for a moment.

Even pojun himself was stunned. With a trace of black fog entering his body, he also felt a trace of discomfort.

"Stop it, master pojun, this kylin domain is not simple!"

Feng Wu spoke slowly.

The nine Jiao beside him also laughed and said, "Miss Fengwu, what's the matter?"

"Have you ever heard of the war against heaven?"

Seeing the puzzled expression of the people, she also sighed softly, "Alas... Sure enough, everyone's memory has been tampered with. I'm afraid only Zihuang fairy palace knows this."

Feng Wu took a deep breath and asked again, "in other words, in ancient times, there was no blood robbery without time and space, has each of you heard it more or less?"

Everyone, including Bo Jun, said, "there is no record of what happened in ancient books, but there are many stories handed down from mouth to mouth."

"Someone cut off the foundation of the Taishang world, and we are an abandoned domain!" Feng Wu's bright eyes blinked, firmly determined.

"What!"

The nine dragons and nine ferocious heads all showed dignified colors and asked, "how dare you make such an assertion?"

Pojun also sneered, "talk big!"

Feng Wu spread his hand and said helplessly, "I'm afraid my family suffered a great loss in the battle of cutting the sky in the past, so I had no choice but to do this!"

"It is precisely because of this strange dark energy without space and time... It also exists in the kylin domain."

Bo Jun laughed at the speech:

"Feng Wu, don't be alarmist. Although the black fog is strange, it still doesn't threaten the strong of immeasurable realm. With this?"

Pojun just started fighting, and a trace of dark energy had already entered the body, but it was dissolved by his spiritual power, which was harmless.

If this thing is ancient blood robbery, the source of terror is too far fetched.

Feng Wu also pondered for a long time and said softly, "I don't understand why it is so thin, but this place is by no means as imagined."

"The chaotic kylin family used to have many immortal emperors, but they were also swallowed up by the darkness..."

Feng dance looked around and sighed softly.

"Huh?"

"It's you!"

Pojun suddenly gave a qualitative drink. Behind a light curtain not far away, two figures slowly appeared, one of which was Ye Chen, who used to make a scene in the nine fire temple!

Feng Wu was also surprised to look at the visitor. When did this boy go in front of many Wuliang strongmen?

"Who is it..."

"That boy!"

Several heads of the Nine Dragons also recognized Ye Chen, but how can a boy in Baijia reach the depths of the kylin domain?

"It seems that the enemy is coming!"

Pojun smiled and looked at Feng Wu with an evil eye, looking like watching a play.

Bang!

With a muffled sound, ye Chen threw Qiu Shengming, who was unconscious on his shoulder, in front of the crowd and said, "this guy is a descendant of the chaotic kylin family!"

A few simple words shocked everyone present.

"Ye Chen, how did you come here?"

Everyone present should say it or not. They are all old foxes who have lived for thousands of years. They are not very cold about what ye Chen said.

"Mistakenly hit, mistakenly crashed into the space gap, was attacked and killed, and pursued all the way. This guy led the way!"

Ye Chen opened his mouth and explained.

"Predecessors, I just wanted to see the grand event of Kirin domain before, but I didn't expect to be involved in it!"

"I know my strength is low, and I'm willing to tell you everything I've heard. Please just take me away from this strange place."

Ye Chen looked a little helpless.

"Oh?"

Pojun and others were also interested: "boy, the matter of the nine fire temple has not been settled in the past, but you have thrown yourself into the net!"

Ye Chen widened his eyes and wondered, "make a big noise?"

"I'm going to the nine fire temple as a guest. Elder Feng Wu also entertained me. I have an old friend with elder Feng Yan nine. How can I make a big fuss?"

In front of this harmless and indifferent man, everyone scolded in their hearts, shameless!

"What if I don't give you this face?"

Feng Wu's voice came out and asked with a smile.

"A friend once said that he had a lot of fate with the predecessors in the Xuanyao domain, and he certainly wouldn't embarrass me, so I dared to see the birth wonder of the Kirin domain in the Xuanyao domain now..."

Ye Chen scratched his head and explained.

"Oh?"

Pojun and others were also stunned, and immediately burst out laughing. In the face of the rudeness of this baijiajing boy, it has been many years since he was so ridiculed.

The corners of their mouths rose gradually, but they solidified instantly. Ye Chen took out a common wooden comb from his arms!

It was such an antique without any spiritual fluctuation, but it caused everyone present to change their faces.

Chapter 8253

"It's him!"

Bo Jun was also dignified. The nine Jiaos and the countless people present all looked at Feng dance.

"Is it Mr. Dan Zun..."

"Is he really worth it?"

It seemed to set off a past that people didn't want to mention. Feng Wu also sighed lightly and immediately nodded gently: "in the face of that person, the matter of the nine fire Temple doesn't care about you, leave quickly!"

Pojun waved his hand, "boy, this object is in your hand. It's also a disciple of half an old friend. I won't embarrass you!"

Ye Chen couldn't help but be stunned. It seems that the Dan Zun really didn't deceive himself. As expected, there was a situation!

This saves me too much unnecessary trouble.

"Tell me, what's the origin of this guy, the heirs of the chaotic kylin clan?"

Jiushoujiao also asked. He no longer paid attention to Ye Chen's identity, but was really suspicious of the person he knocked unconscious.

"Master, this guy lives behind the light curtain, guarding a spring, where there is a living young chaotic Unicorn!"

Ye Chen seems to be harmless to people and animals, and slowly tells the story.

"Chaotic kylin?"

Feeling the hot eyes from all directions, ye Chen couldn't help sneering in his heart, but he had to do the whole set of acting. He nodded and then said:

"Yes, the young chaos Unicorn!"

"There is a prohibition at the bottom of the spring, which seems to lock it. With my strength, I can't open the seal..."

Ye Chen's cultivation is only Baijia realm. He can't break the seal, which is also reasonable.

Pojun blinked and said, "little friend, can you lead us?"

"Don't worry, we'll take you out of here safely after it's done!"

He patted his chest and said softly.

Jiushoujiao echoed: "since you are Dan Zun's friend, we won't embarrass you. Please lead the way!"

Feng Wu's face was calm, and she never spoke. She also acquiesced to everyone's views.

"Well, you elders come with me!"

Ye Chen nodded gently and walked towards the light curtain behind, ignoring the unconscious Qiu Shengming.

The crowd gradually walked away with Ye Chen's footsteps. At this time, the unconscious purple haired man suddenly opened his eyes, with a somewhat complicated expression.

.....

After several interest rates.

"Here it is!"

The full-bodied smell of blood filled the whole space, disgusting.

In the blood spring, countless kylin bones floated, and among the broken bones and meat, there was a purple light flashing.

"Look, what a chaotic Unicorn cub!"

A strong man in the boundless territory of Tsing Yi exclaimed.

Everyone followed the prestige, and in the center of the blood spring, a touch of lavender flickered slightly, which was very inconspicuous.

"So, it was previously said that there was a purple Unicorn illusion in the Xuan demon domain. Is that it?"

"It should not be. It is said to be an adult Unicorn!"

"Or some great powers manifest."

Looking at the small chest with the scales falling off and bulging like a ball, everyone's eyes also showed a heavy color.

In the sea of blood piled up with countless corpses, there is a badly hit little Unicorn floating, which is not abrupt and reasonable.

"If the young chaotic kylin can be tamed... It is definitely a big help."

Everyone had a bold idea in their hearts. Once Kirin recognized the Lord and accumulated resources through its growth, it could even have a holy beast close to the Immortal Emperor in the future, and anyone would be tempted.

In contrast, inheritance is far less valuable than a living chaotic Unicorn!

"Under the blood spring, there is a seal that cannot be broken..."

Ye Chen also interrupted while everyone's eyes were hot.

"Everyone?"

Bo jundang even took a step forward and realized that he had lost his temper. Then he turned and looked back at the people.

When he saw little Kirin, ye Chen was completely trusted and no one cared about him anymore. After all, with his cultivation, even if he had ideas, he couldn't raise any waves.

"In that case, let's go to the bottom of the spring to find out?"

The crowd nodded: "what the master of pojun said is very true. No matter what the Kirin belongs to, bring it out first and then say something else!"

In an instant, everyone entered the holy spring.

Ye Chen heard the sound of these splashes, and he also smiled in his heart. He looked at the people gradually retreating into the holy spring. When he turned around, a beautiful figure stood behind him.

"Master Fengwu, what else do you have?"

Intuition tells Ye Chen that this woman is not simple.

"Boy, do you think I'm as stupid as those guys?"

"The Lord of reincarnation is really a good means

Feng Wu said, and ye Chen's face coagulated for a moment. Did this guy even know his identity?

"Feng Yanjiu's tianlingzong and his party also acted under my orders..."

The woman who covered her face with plain yarn sighed, "it's a pity that such a cause and effect, I'm a little regretful now."

"I came here today to completely cut off this cause and effect. The nine fire temple has no intention of being evil with you, but I don't want to cause robbery."

"This trip to the kylin domain, I will not stop you, nor will I help the Xuan demon domain!"

"Think of me as a spectator."

Feng dance sat cross legged, her eyes closed quietly, and she didn't say much anymore.

At this time, Qiu Shengming's pace came slowly, glanced at the silent woman next to him, and then looked at Ye Chen.

"Take advantage of the control of those old guys, you and I hide our breath and take back the kylin blood grass!"

Ye Chen just greeted Qiu Shengming, but also went to the blood spring, and disappeared in an instant

Boom!

Just entering the bottom of the blood spring, ye Chen felt the familiar breath, Wuwu and Jiuyou!

Deep in the boundless sea of blood, there was a roar of anger. It was vaguely visible that the nine Jiaos had manifested their true combat, but they were still wailing.

The dragon's body was winding, and ye Chen was in a position where only a remnant image could be seen. Even so, the scales had peeled off and fell into a bitter battle.

"Jiuyou, is it really so terrible?"

Ye Chen looked at Qiu Shengming on his side, and things seemed to be out of control. Dozens of top limitless strongmen in the Xuanyao domain joined hands, and unexpectedly showed an undisguised decline at the beginning!

"All these things derived from Kirin domain seem true and false. What they have to face is Jiuyou from no time and space!"

Feeling the one-sided situation in the battlefield ahead, ye Chen subconsciously asked, "since it is a test, what will happen if they lose?"

"The spirit is stripped away and cannot leave the Kirin domain. The body will be suppressed at the bottom of the spring. If you don't defeat that guy, you will be like me..."

Qiu Shengming said.

"First look for kylin blood grass, and then leave here!"

Ye Chen took a deep breath and wandered with Qiu Shengming at the bottom edge of the blood spring. At present, the Jiuyou in this state can't be suppressed by even pojun and others. In this confrontation, they don't even have the qualification to wait and see.

"There is no..."

"I don't have any here..."

They groped for a long time, but still got nothing. The fierce battle between pojun and others has entered a white hot stage, and the aftermath even involves the territory where they are located, and the blood spring is constantly burning!

Chapter 8254

"Maybe there is kylin blood grass near ancestral land, where many strong men of our family fell. There must be their bones!"

Qiu Shengming is a little tangled. Once they get close, it means to set foot in the center of the battlefield. With their strength, if they are accidentally involved in the fight, they will be wiped out in an instant.

"There is a trace of dark energy in my body. With the help of spatial will, assimilation of breath may sneak in..."

"You meet on the outside!"

Ye Chen said.

"No, it's too dangerous!"

Qiu Shengming flatly refused and wanted to say something, but he heard Ye Chen say, "I can't be found. Only in this way can I fight!"

After a long silence, Qiu Shengming looked complex, and finally nodded gently.

"In that direction..."

The place where he pointed was the center of the fighting storm.

"I'll come as soon as I go!"

Ye Chen's body melted into the sea of blood, and a dark mist floated into the distance.

Boom!

The remains of the nine Jiaos are still resisting, and many powerful people in the middle and late period of immeasurable territory have fallen more than half, and pojun's chest also fluctuates violently.

"Yellow spring refers!"

As soon as he pointed out, behind pojun, there were dense Vientiane clusters, countless human figures, and it was a strange Legion wailing.

Whoosh!

A simple skirt makes a hunting sound, and the nine shadows with long hair like a waterfall remain unchanged. There is no emotional fluctuation in the golden eyes, only three seemingly ordinary ancient swords surround them.

"Is it the nine divine swords..."

Ye Chen in the dark couldn't help but smack his tongue. In the past, the nine divine swords made him and Xueji suffer a lot, and the latter was defeated by the will of martial arts in an instant.

Now it's only three swords, and dozens of Xuanyao domain wuliangjing, who joined hands, was completely defeated in the middle and late stage!

Hiss!

The bloody sword directly tore the head of a wuliangjing four layers of heaven, and the spirit was instantly crushed.

Roar!

The nine flexible dragons dodged, but they still couldn't escape being cut off. The ferocious dragon's head at the neck was cut off, sprayed with blood, and howled endlessly.

Pojun's vast expanse only barely blocked the attack of the three divine swords. Jiuyou Gujing's spotless eyes looked around the crowd, and his right arm slowly lifted up, just a hook finger action, and another sword came out of the void!

Click!

As soon as the sharp sword came out, another three immeasurable fell. After the terrible sword body, the space was cut off together.

"How can it be? What kind of monster is this?"

The guy in front of him is obviously limitless, but he has no pressure in the face of the cooperation of a dozen people.

Pojun felt a deep sense of powerlessness and shouted, "withdraw!"

However, it was too late, the corners of Jiuyou's mouth slightly pulled, flashed a trace of unknown killing intention, and the nine swords came out together, cutting off the bottom space of the whole blood spring, cutting off the way for everyone to retreat.

"Light of annihilation!"

The only eight ferocious heads of the Nine Dragons spit out the terrifying light of killing, which is enough to tear up the breath of the ordinary immeasurable strong. It is also resolved with a wave of the right palm raised by Jiuyou.

The people in the fierce battle were losing more and more, and a trace of black fog quietly rose and floated in the distance.

"Hoo..."

This guy, what terrible strength!

Ye Chen, with lingering fear, successfully bypassed the central battlefield and came to the position mentioned by Qiu Shengming, but was completely stunned by the scene in front of him.

A colorful kylin squats. Even if it falls for thousands of years, the scale is still glossy and moist, with a soft smell.

Looking down the towering holy body, ye Chen couldn't help being shocked. His majestic head was split in two by a sword!

The ferocious sword wound is still bleeding.

"The chaotic kylin was beheaded and died! The key is not yet able to revive."

The head of the Kirin clan is never weaker than the old man in gray and the Immortal Emperor he has seen. The colorful scales and armor are all scattered with the overwhelming sense of war, and the spiritual power close to Ye Chen has been disordered.

He hurriedly displayed the great starry sky and reincarnation holy soul sky, which made him feel better.

The supreme Kirin, a legendary clan, ended up so miserable!

The purple blood stains scattered all over the place are immortal, and the whole area is mottled with broken meat and bones. It is conceivable that the fierce battle of that year.

"Hoo..."

Ye Chen suddenly had a meal. Is it still alive?

With that slight gasp, ye Chen's scalp suddenly numbed. Such an ancient and shining existence is still alive!

"Never!"

Fix your eyes again, no matter how unbelievable, the kylin in front of you slowly raised the broken head.

"Here you are. I once felt your breath before the ages!"

A low voice came out.

"At the top of the Leiyin temple, you are the only surviving existence. I deduced everything, but I was robbed!"

Ye Chen's body suddenly trembled!

Is the eternal picture that I have experienced personally true or false?

"Autumn wind, my son, have you ever seen it?"

Ye Chen thought of the autumn wind, and finally nodded gently.

"Alas..."

"Take it!"

At a glance, ye Chen's past was pierced. The old Kirin sighed lightly. Under the cover of its blood stains, a fairy grass with purple blood awns floated into his hands.

Click!

In an instant, the reincarnation of Wu Dao unexpectedly sent out a burst of stinging light, and a golden scroll slowly opened, but there was no magnificent scenery of mountains and rivers, but a piece of ruins.

In the painting that shows the sky, a figure of Wei'an takes the reincarnation of martial arts as the shadow, reflecting the incarnation. With long purple hair and waist, it has a bright face, which is a little colder than the autumn wind, an old friend on the top of Leiyin temple.

He is tall and has a natural killing intention in his eyes, just like a killing God from hell.

Chapter 8255

Even the Lord of reincarnation, with the protection of the power of the reincarnation map of martial arts, is still difficult to resist the sharp eyes. Ye Chen feels that his spirits are trembling, which is still the case when the former does not deliberately release the pressure!

It's the first time to face a supremacy at such a distance. This middle-aged man gives Ye Chen a feeling that he is stronger than the Immortal Emperor!

"I've learned... My predecessors once spied on my existence during that war."

Ye Chen whispered.

"Little guy, your savvy is good. You belong to the future and you belong to reincarnation." The middle-aged man glanced at Ye Chen with a soft twinkling of his fingers.

Boom!

The void changed and twisted, and the little Kirin soaked in the blood spring was summoned to come near. Even ye Chen couldn't see the slightest hint of such earthly means!

The kylin blood grass turned into a flash of streamer into the little guy's eyebrows, and immediately a startling force burst out.

Click!

The scales and armor that had peeled off all over the little Kirin's body are now regenerating, and pieces of it are like sharp swords, which are scattered from their own surfaces, emitting a faint purple light. The injuries they once suffered heal themselves at a speed visible to the naked eye!

Behind the middle-aged man, thousands of people with psychic power were fighting, the roar collapsed into the void, and the terrifying picture was evolving. Countless kylin fell one after another, and even he was finally defeated and defeated.

It seemed that he was extremely sad about this past, and his eyes looking at little Kirin were full of new expectations.

The little Unicorn who opened his eyes again surged with endless blood between his eyes. With a low roar, purple flames burned all over his body, and his body shape expanded rapidly!

In an instant, there was a towering potential to crack the void carved in the reincarnation picture volume, which was extremely terrifying, and the purple divine awn shook the sky.

"Father..."

Little Kirin's immature voice rang out, and he looked at the middle-aged man in the void, with tears surging.

Ye Chen never thought that this little unicorn was the child of this extremely powerful chaotic unicorn?

At this moment, the strongest chaotic kylin in the picture has been cut off by a sword.

Boom!

Ye Chen felt that the void hanging above his head was oppressed by this sword, and the smell of swallowing everything came to his face, and the smoke was extinguished!

This sword is more terrifying than pulling out the emperor's holy knife.

Another burst of noise, the middle-aged man's body slowly dispersed, replaced by endless darkness, and his head was completely split!

This scene was too shocking. The sword light penetrated his eyebrows in an instant, and he didn't even have the power to resist, which was falling.

"Ah!"

A painful scream came out, and the cold sweat behind him had already soaked his clothes. All this was the experience of this fairy emperor level chaotic unicorn.

The figure in the dark, with a sword, cut off all his vitality and nailed him to death in this ancestral land, with no resistance.

Then the cold eyes in the dark stared at Ye Chen, as if transmitting a certain message:

"I'm still alive!"

This is declaring war on himself!

"No!"

The little Unicorn wailed, and the helpless cry shook the world, but it was still unable to resist the killing force.

Another blood spear pierced the void behind him, provoked Kirin and broke his spirit.

That pair of terrifying eyes saw everything, looked directly at Ye Chen, and in an instant, the picture volume of Wu Dao reincarnation collapsed. The figure of the middle-aged man disappeared, and the immortal purple blood was evaporated. Even the great head was broken at the same root and smashed to the ground.

"Father!"

Ye Chen said in a deep voice, "you are still alive, and there is hope for revenge!"

"Don't cry, Jiuyou is still alive, there is no time and space, and your enemy is still alive!"

The scene I saw just now is just a remnant of the time when the kylin family was destroyed forever ago. The power of chaos kylin's blood awakened a wisp of memory in the past in this space, and it was re-manifested with the help of the power of the old kylin's remnant body.

"If it weren't for saving me, my father wouldn't die. He dragged his body from ancient times to now, but I let him down..."

At this moment, little Kirin faded his previous childishness, and only a cavity of angry blood was burning.

"He was hurt so badly that there was no magic medicine in the world to revive him. The reason why this wisp of obsession didn't disappear until now was because he saw hope!"

"You are the light he wants!"

Ye Chen comforted little Kirin, and a trace of killing intent flashed in her eyes.

"Those guys without time and space!"

"I'll kill him!"

Little Kirin was furious and knelt down in front of the wreckage of his father, swearing heavily.

"I want to get the power of inheritance and surpass my father!"

Ye Chen nodded gently and patted little Kirin on the shoulder, "I will be with you."

"If I can achieve the Yin Yang thunder method and heaven swallowing skill, I can fight with him!" Little Kirin was unwilling to say.

"Yin Yang thunder method, swallowing heaven?"

Chapter 8256

Old Kirin's regret is here. If he can go further, he may be able to protect the people of that year!

Even itself will not die.

Ye Chen once saw the nine colored unicorn in his dream to fight in the sky. Its invincible posture shocked the world. Even the whole battlefield of vatian was crushed by its iron hooves!

"That's the ancestor of the kylin clan..."

"Or is the future picture the charm of the little unicorn?"

Ye Chen was in a trance, and the fragmented memory poured in, so he was re elected. It seemed that he was injured.

"Master, what are you thinking?" Little Kirin tilted his head and woke up Ye Chen who was wandering.

Ye Chen sighed lightly and shook his head, "nothing, just thinking of something in the future."

Little Kirin also lowered his head: "I will try to grow up and protect you."

"I want to become stronger during this period, follow your footsteps, and fight in the ruins! Step on Wuwu!"

The little guy vowed.

"Yin Yang thunder method, and what is that heaven swallowing skill?"

Ye Chen asked.

Little Kirin also shook his head: "this is the supreme existence in our family's legend, which has been almost lost forever..."

"It is said that the body can be refined in the melting pot of heaven and earth to achieve immortality and immortality. When it is refined to great success, it can swallow all the heavens!"

This domineering supreme law has been lost for ages, and I don't know who created it. Once it appears in this life, I'm afraid it will cause a sensation, right?

"At the bottom of the holy spring, there is a holy city!"

The little Kirin seemed to awaken some of his memory, and slowly opened his mouth along the end of the road led by the colorful rainbow, "that's it!"

Ye Chen and little Kirin arrived at the so-called holy city in the time of burning incense!

Behind them, the battle traces of Bo Jun and others have been unheard of for a long time, and only occasional fluctuations came.

"It doesn't matter. We have left the place of the seal. The mark left by our father should soon dissipate... The virtual shadow will not come!"

This also means that the old Kirin's obsession has completely dissipated in the world, and it really fell and can no longer be found.

"Holy city..."

Looking at the huge city at the bottom of the blood spring in front of me, which was also the habitat of the chaotic kylin family in the past, now it is filled with hazy blood force, which is empty, and there is no longer any life fluctuation.

"It is already a lonely city that has died forever."

Little Kirin's eyes were a little lonely, but he soon recovered his calm: "to leave a name on the Kirin gold list is to obtain the power of inheritance, yin and Yang thunder."

The two people had a smooth journey. Before they came to a tall stone tablet, the mottled tablet had appeared bleeding red with the erosion of years. The name seal engraved on it was the supremacy of the young generation of the Kirin family in the past.

Ye Chen's eyes narrowed slightly, and she found that the Kirin gold tablet was very similar to the tablet of heavenly monarch!

Is it made by the same person?

"Hmm? The top... Is autumn wind!"

Ye Chen looked at the tattered gold seal handwriting, and was a little silent. The young generation of geniuses in ancient times were all so elegant that they were comparable to the existence of Taishen predecessors!

Unfortunately, time waits for no one. Even if the cultivation reaches the boundless realm of nine levels of heaven, the terror faced is the existence that even the Immortal Emperor can't resist. It's sad.

"That's my big brother..."

"It is said that I died at the top of the Taoist discourse in Leiyin temple. At that time, I was not born and I had not seen the supreme demeanor of my eldest brother."

Little Kirin sighed and said bitterly.

Ye Chen smiled: "he is very strong. The younger generation has already reached the boundless realm!"

"Master Taishen, you've seen it. Your brother may not be inferior to him!"

Tears flashed in little Kirin's eyes: "Hey! Has the master seen him?"

"Of course, I have been to that prosperous time, in the dreamland... And I have drunk and talked with your brother." Ye Chen whispered.

Little Kirin clenched his fists, but put it down with a lot of self-confidence. He said bitterly, "in the past, I'm afraid I didn't even have the qualification to stay in the golden list."

"It's just a test of the ages ago. Now the luck of Kirin domain has withered. This thing only represents the glory of the past!"

Little Kirin also sighed, and immediately a strong force surged from his body.

Roar!

The roar shook the sky, and the purple mans all over the sky converged into a Taoist spirit, and the small Kirin's fist contained the power of the road.

"Is it the expectation of the whole nation?"

When ye Chen murmured to himself, little Kirin hit the gold list with a punch.

Click!

The stone tablet as high as 100 feet began to crumble slowly, but the little Kirin shouted loudly:

"You lost forever ago, but I won't lose today. I want to make the chaotic kylin clan surpass the glory of the past!"

Boom!

The power of the road collapsed, and in an instant, it crushed the extremely strong stone tablet into powder.

Hum!

In an instant, heaven and earth resonated, and countless cries of killing rose one after another, and ye Chen seemed to return to the once vast battlefield.

"Karma, break!"

The little Kirin shouted angrily, and countless illusions dissipated, and a light burst into the sky in the silent lonely city.

Whoosh!

Whoosh!

Whoosh!

Several gods broke into the void and floated into three golden pages, which was the real inheritance power of the Kirin family.

"Yin Yang thunder method!"

The little Kirin flashed, swept into the void, held the three golden pages in his arms, and smiled at Ye Chen.

"Sure enough, there is only half solution to the record of swallowing heaven!"

The little guy threw the Scripture to Ye Chen. The three page golden chapter was full of records about the yin-yang thunder method. There was only a few words about the swallowing of heaven.

"The furnace of heaven and earth, temper yourself."

"The sea embraces all rivers and turns the pulse into the sky!"

Chapter 8257

Just when ye Chen was stunned, there was a strange laugh in the corner: "ha ha... Lord of reincarnation."

"Who!" Ye Chen and little Kirin drank, and when they saw the figure coming out of the darkness, their pupils widened, and their killing intent was hard to hide, and burst out.

"Jiuyou!"

"If so, if you want to get the heaven swallowing skill, you have to start it by the chaotic kylin clan. It seems that there is a vitality left in the past, and cause and effect will appear!"

The figure chuckled, frantic and weird. Behind him, the hazy black fog isolated the air machine and could not see everything in the past and future.

How did he appear here?

And have consciousness!

Ye Chen was afraid. This guy was obviously different from Jiuyou who fought fiercely at the bottom of the blood spring. The former was a remnant of the past sealed by old Kirin with the power of obsession.

But the guy in front of me... Something's wrong.

"Hoo..."

"Absorbed the mottled energy of those guys, and barely reached the current level. It's too far away from my real body, but cutting you should be enough!"

Jiuyou looked at Ye Chen and smiled.

"It seems that we met somewhere, but I can't remember. Maybe it's the chaos of time and space that made me forget a lot."

Ye Chen was surprised when he heard the speech. Did this guy come across the long river of time and space?

No, impossible!

With his terrible strength that could destroy the kylin clan forever, he could never be born in real life.

If you really cross the ages, you will be robbed!

I'm afraid it's a separation, and it's also weakened by the rules of the world.

"Did you use some means like grandpa? It was the game set at that time!" Ye Chen looked at the man in front of him, looking dignified, as if he wanted to see through something.

Jiuyou didn't care. He looked at little Kirin and sighed softly, "your father is much better than you. You are too weak..."

"You chaotic kylin clan, are all destroyed in my hands."

An understatement instantly angered little Kirin.

"Go to hell!"

The little Kirin burst out with a stinging purple light all over his body, and was completely swallowed up by grief. The rational Kirin roared up to the sky, and the exterminator was close in front of him!

But Jiuyou, even the self explosion of the Immortal Emperor of the world, is difficult to stop its pace.

Even the head of the kylin clan is the supreme power in the world. Walking in the world is the existence that makes countless forces frown and sigh! Also lost in the hands of the other party.

Even, the yin-yang thunder method mastered by the patriarch is known as the existence of the thunder Lord, who is respected by the world!

Even so, he was destroyed by the power of one hand in front of him!

Even if he had an invincible posture, he was still beheaded by a sword, and he was not allowed to die forever.

At the beginning, the destruction of Kirin domain and the decline of Xuanyao domain were all done by this person!

How powerful is he?

No one can tell Ye Chen the answer. This is the executioner who killed countless demons Tianjiao.

There has never been a trace of defeat in the ages, but in the Jinghong side of the God killing hell, it once showed a half virtual shadow, and also the death path of Ye Chen's body disappeared.

"Ah!"

In the face of such ridicule, little Kirin had already been covered by blood feuds, his chest fluctuated violently, and there was a faint penetration of blood essence and broken scales, which was just like this.

His parents, brothers and thousands of elders in the family were slaughtered by this person!

The irrational little Unicorn jumped forward and tore at the person in front of him with the most primitive flying. His teeth were trembling in his open mouth!

"Don't be impulsive!"

Ye Chen spent nine cattle and two tigers to stop the little guy. He understood the huge hatred of little Kirin, but with its just recovered state, it was by no means Jiuyou's opponent and would be killed in an instant!

Even this terrible enemy now has a low self-cultivation.

"Don't stop me. I'll eat him and avenge my brother's father!"

"Ah!"

The little Kirin's scales stood upright, and two lines of blood and tears kept pouring out, which was ferocious and terrifying.

"You should thank the Lord of reincarnation. If it weren't for him, even you would have been refined by me and swallowed in my stomach!"

Jiuyou's calm eyes did not fluctuate and said softly.

"Now that you have the power of inheritance and are the last chaotic unicorn in the world, it's a pity for me to wrap it around my belly. I decided to take you back to wuwuwuspacetime and become my mount!"

A long black shirt seemed to blend with the darkness, with long flowing hair flush with the heels, and only the golden cross shaped pupils were staring at the little Kirin.

"Don't struggle. Even your father was beheaded. If you dare to resist, you will instantly annihilate!"

The calm voice of Jiuyou seems to be telling a very ordinary story.

"Come on, the emperor won't take your life. Let's see that the chaotic kylin clan is just some captive livestock, an incompetent clan!"

He stretched out two slender fingers and gently waved them. There was only contempt and disdain between his words.

"Ah, take your life!"

Seeing such ridicule, little Kirin broke free from ye Chen's bondage and turned into a flash of streamer to rush towards Jiuyou!

Roar!

A roar broke the huge city at the bottom of the blood spring one after another, and the purple body shape that was approaching the extreme rushed towards Jiuyou with the invincible momentum.

Before the power comes, the world is unbearable!

"Hehe, something!" In the face of the killing force in the sky, Jiuyou actually slightly raised the corners of her mouth and smiled. There was a little more sprinkling between her calm words, which was an invincible posture above all sentient beings.

Transcend everything and despise the confidence of ordinary people!

"Fearless thunder seal!"

The small kylin figure unexpectedly attracted the remaining Qi of the whole kylin domain.

Click!

Qiu Shengming, who was far away from the edge of the blood spring, was shocked: "this is the real Kirin method!"

"Who is fighting?"

Even Feng Wu, who sat on his knees on the top of the blood spring, was shocked by this scene. The purple thunder almost sucked all the remaining Qi in the Kirin domain, gathered into a thunder, tore the blood spring and poured it into the ground!

"This breath of darkness..."

Even she was a little surprised that there was such a terrible smell!

"It's quite true. In the past, those chaotic unicorns who boasted of being supreme were far less fearless than you in the face of death. Their explosive power was like fun!"

A glimmer of appreciation flashed through the golden pupils of Jiuyou.

"Death!"

The little Unicorn drove the thunder method, rushing down, and each claw tore open the bottom of the endless vast sea of blood, with pneumatic springs!

"Unfortunately, the understanding is not enough!"

There was no sign of him moving half a minute in the three feet of the land under Jiuyou's feet. He just raised his right palm, put his fingers together and waved it at will, smashing the terrible thunder.

"You haven't even mastered the yin-yang thunder method. Such ordinary lightning robbery, even if it is blessed by the decaying Qi luck of the kylin domain, can't do!"

Chapter 8258

With another wanton wave, the little Kirin's effort hit, and it turned out that even Jiuyou's half angle sleeve had not been broken!

Nine you two fingers directly poked out, strangled the last ray of thunder, and then the ghostly figure had floated forward, firmly locking the little Kirin's neck.

"As soon as I exert myself, you can accompany your people!"

The slender two fingers, like the sickle of death, were placed on the side of the little unicorn's neck.

"You are not a creature of the real world!"

Little Kirin's eyes widened, and he was defeated so easily. He was full of reluctance, but he also found a clue.

"Get out of here!"

It shouted loudly, and the scales around it stood up like sharp blades, stirring out!

The terrible blade rain rushed towards Jiuyou, but it was swallowed up by the dark energy around him. From the beginning to the end, the calm eyes followed his body detached from the secular, never avoiding a penny.

Completely defeated, the gap between heaven and earth.

Let little Kirin use his means of communication, he can't get rid of the oppression of two fingers!

"As my mount, I will give you the opportunity to grow and challenge me until you completely submit to me!"

Jiuyou spoke again, in a very flat tone, but he couldn't refuse.

"Dream!"

"Open it for me!"

The little Unicorn roared and struggled, and his spiritual power constantly surged around him. The scales oozed blood, and the two fingers of Jiuyou faintly showed signs of loosening.

Jiuyou was no longer obsessed. With a flick of two fingers, like throwing garbage, he threw the little Kirin out. His shell like body fell into Ye Chen's arms. The huge impact forced Ye Chen to retreat for dozens of meters before he stopped.

"Master, kill him!"

"Kill him!"

Little Kirin cried helplessly, and was humiliated so easily by the exterminator, but it had no power to fight back. Such a pale feeling could not be described.

"In fact, there is no need to care about it. Giving you eternal time is still not inferior to him!"

Ye Chen stepped forward and said to Jiuyou, "I was sorry to fight with you last time..."

"Oh? Are you finally willing to stand up?" Jiuyou's eyes turned, no longer looking at the seriously injured little Kirin, but looking at Ye Chen slowly, "sorry?"

"But it's no pity to kill you again today!" Ye Chen smiled, and his indifferent face was full of war.

Although Jiuyou is strong, the person in front of him is just a fairy king with a layer of heaven in the boundless realm!

"If I were born in the same time and space as you, I could kill you myself!" Ye Chen's regret is here.

"No one in the world is my opponent, and you don't deserve it!"

Nine you softly responded, deep eyes ancient well without waves, obviously for ye Chen's words, he did not take it to heart.

"Really..."

"It's worth the so-called Lord of darkness, the holy emperor of evil heaven, nine youbu Wangu killing bureau to target. Are you afraid?"

Ye Chen laughed, and he obviously saw something: "however, there is only a layer of sky in boundless territory, and I'm afraid you'll be disappointed!"

Nine you eyebrows calmly, gently nodded: "maybe you are a variable, but I can't remember many things, maybe this world can't stand it."

"But after all, you are going to enter reincarnation!"

"There is no doubt about this."

Ye Chen nodded gently, "then come on, since you meet, cut it again!"

"Reincarnation destroys the sky!"

The scene of killing gods in hell reappears again, and the reincarnation sword in Ye Chen's hand covers everything!

Countless kylin illusions turned into nothingness, which was a thread of eternal resentment, awakened by his sword.

Roar!

Countless roars shook the buzzing sword body, and the reincarnation Heavenly Sword resonated with these thousands of heroes!

They have never stepped into reincarnation!

Today's Lord of reincarnation sends them into reincarnation!

"Up!"

Little Kirin shouted angrily, and every drop of blood essence turned into a touch of warm light on the reincarnation sky sword, and a touch of smart ideas collapsed. Ye Chen actually felt that the reincarnation Sky Sword in his hand was more powerful!

"Cut!"

Given the reincarnation of the blood essence of the Kirin family, the edge is even worse. A sword is to set off a void storm, and the terrible killing force bursts, which actually contains endless vitality!

Click!

The torn void was strangely regenerated, and a Crystal Purple unicorn was regenerated in the illusion of the storm, as if it had vitality, and fought for reincarnation again.

"Reincarnation..."

"Existence beyond nothingness is nothing!"

Jiuyou whispered softly, and soon the black sleeve robe waved. On his side, the left side was as bright as a star river, magnificent and incomparable, while the right side was as bloody as hell, and all the people in ten directions were destroyed!

"What, that is..."

Ye Chen was surprised. Is this the inheritance in the palace of stars? The first part of the six true solutions?

Ye Chen once regretted that he was a little late. Unexpectedly, Jiuyou really got the inheritance of the six halls!

"Pick the star with your bare hands and twist your fingers."

I thought it was the joking of the guardian stone statue, but today I personally experienced the power of Jiuyou.

"Out!"

The black long shirt stood still, but the universe in his sleeve was endless. This time, he no longer avoided, but slapped it with one hand!

Click!

Ye Chen's sword intention instantly collapsed, and the invincible reincarnation sword intention was broken. Jiuyou's body shape was close to his eyes, and his killing intention suddenly appeared.

Whoosh!

Ye Chen's figure actually disappeared in situ, so fast that even the little Kirin couldn't catch the trace.

"It's dangerous..."

At this time, a calm voice came from behind Ye Chen: "space will, I know your means!"

Chapter 8259

Bang!

A palm knot was firmly printed on Ye Chen's back, and a mouthful of blood coughed up. His body was instantly bounced hundreds of feet and fell into the ruins!

"Master!"

Little Qilin shouted anxiously, and even ye Chen, who could kill Xianjun, was badly hurt?

"Damn it!"

A indifferent figure in the ruins stood up again and spat a mouthful of blood foam mixed with dust, which was only a slight injury.

"That guy's strength and martial arts are too much higher... Unless he uses the emperor's holy knife."

Ye Chen noticed that in the palm of Jiuyou, the terrifying killing breath flowed, but it was slowly condensed into the embryonic form of a world, which was very terrifying.

"Reincarnation God's defense is really amazing..." Jiuyou also sighed lightly, but it was only this level of injury.

"It seems that the first part of your six inheritance is not suitable for you!" Ye Chen said, "although I don't know where you come from, the dark energy is excluded by the world, and you are doomed to fail!"

Jiuyou didn't answer, but calmly said, "with the swallowing skill, I can completely shield the so-called shackles, and nothing can stop me!"

"It's a pity that I came late in the war in the past. Today, you can't take away any power of the Kirin clan!"

Ye Chen shook his head, his bones giggled, and the next second he was ready to use the emperor's holy knife.

But at this time, the queen of the blood Phoenix family said, "are you sure to use the emperor's holy knife? The guy's origin, but if you know the emperor's holy knife, if you can't kill it with one knife, the emperor's holy knife will inevitably become his!"

"If he holds the emperor's holy knife, do you think you still have a chance of winning?"

Ye Chen was stunned and took back the emperor's holy way: "what should I do?"

"Use the fire of the Tao spirit and the holy fire, so I may have a chance to help you."

Although Ye Chen was confused, he still burned a bloody flame.

"Holy fire..."

"There are shackles, here I can't give full play to my real combat power, but since you are like this, let me show you the supreme law in my world!"

Jiuyou glanced at the bright red flame burning through the void, and faintly responded.

After a long silence, the two opposing people all got up, waved their fists directly, and collided violently!

Boom!

With one punch, the blood spring separated, and the whole Kirin domain trembled.

With one punch, the dark energy dispersed, and the nine faint figure gradually appeared.

"That's..."

Feng dance was attracted by this startling blow. At a glance, even the flower lost its color:

"How could it be... It's him?"

"The smell of darkness can never be wrong..."

What's the matter? Is it Ye Chen who is fighting fiercely?

In front of them, a terrible vortex slowly unfolded, everything was swallowed up, the whole Kirin domain was torn in two, and the endless force of space storm was rampant, but it was also swallowed by this inexplicable field!

"This is... The power that can break out in the flail realm?"

Feng Wu couldn't help but smile bitterly. Is this the card of the Lord of reincarnation?

Even in the face of today's Jiuyou, she is a powerful person in the later stage of immeasurable territory and one of the most powerful in the Xuan demon domain, but she dare not fight!

She can't bear the cause and effect, the nine fire temple, and the Xuan demon domain!

"Nihilism thunder robbery!"

The power of the space storm is pulled by the little Kirin taking advantage of the chaos. It wants to use this natural force to give Jiuyou a blow of thunder!

"Overestimate oneself!" The detached figure was just a faint hum, and immediately his left hand turned into a fist, and a punch instantly broke the body of little Kirin!

"Cough!"

The essence of blood sprayed into the void, and the breath of the little Kirin instantly withered down. At the critical moment, a figure flashed and took the little guy to escape, which avoided the pursuit of Jiuyou.

"Autumn Sheng Ming!"

Looking back again, ye Chen stared at the person in front of him. Such a fierce battle can also hurt little Kirin, and this person can't stay!

Hum!

Ye Chen used the wind direction of dawn to rush to the vortex center, and Jiuyou also directly came up, and the two bodies fought in the void!

Bang!

The two fists hit each other, and the terrible sound waves rubbed against the void. From that vortex, the kylin domain began to burst!

"Daqian Chonglou palm!"

"Come again!"

Ye Chen shouted loudly, and Daqian Chonglou palm showed.

In the face of such a fierce attack, his black long shirt was unhurried, his long hair swayed, and the heaven and earth in his palm turned into a shield, which easily blocked Ye Chen's attack with the power of thousands of methods.

The two fought fiercely, and the supreme means were playing. The center of the vortex burst incessantly, shaking the vast mountains of Kirin domain to collapse and covering the sky with dust.

"I'm here for swallowing heaven. It's the key. You can't stop me!"

Another fierce battle, the two separated, and Jiuyou was strong.

Ye Chen was also unwilling to be outdone: "MY reincarnation Lord wants to stop it, unless you step on my body!"

At this time, ye Chen, even with the Iron Throne and dust tablet to protect his body, his body is like cracked ceramics, which will collapse at any time!

Jiuyou's situation was stronger than ye Chen's, but a trace of red flowed out of his calm face, which was obviously injured.

"You can't take heaven swallowing away. My real world things can't be blasphemed by others!"

Ye Chen clenched his teeth and said, "come again!"

Jiuyou's domineering posture attacked again. When he raised his hand and overturned, there was endless darkness surging, trying to swallow the Kirin domain!

Boom!

The earth splits into a vast abyss, and the bottom is covered with black fog. The heaven and earth are silent and worship the darkness. That's the nine secluded Dharma, which is extremely terrifying!

"Despite all kinds of methods, I burn my rivers and mountains with blood and fire!"

Ye Chen shouted loudly, the fire of the Taoist spirit and the holy God exploded, and the bright red roots and plumes surged, just like the power of a spark into a prairie fire to light up the darkness.

Roar!

Kirin domain seemed to feel that the world that was about to collapse was echoing him, preferring destruction to darkness.

Click!

The nine days are like a pure curtain of heaven cracking, and between the spreading cracks, glittering purple raindrops fall!

The sky is crying, which is the unyielding will of countless dead kylin heroes.

"We are defeated, our homeland cannot be held, and the flames of war burn all over the sky, but we must not allow our people to fall into darkness!"

Outside the sky, a unwilling roar echoed, and endless purple tears fell into the sky, blending with the power of divine fire, burning the darkness, trying to refine.

"I see. Swallow the sky! Kylin clan, give me strength!"

Ye Chen's eyes are red with blood, and endless blood and tears flow!

"The furnace of heaven and earth, temper yourself."

"The sea embraces all rivers and turns the pulse into the sky!"

He removed his body defense, and his thin body allowed the terrible purple tears that burned through the endless darkness to drip, and ye Chen's body was rapidly evaporated.

Boom!

The next moment, the boundless blood spring rushed into the sky against the current, and the blood awn wrapped Ye Chen and rushed into his meridians.

"Ah!"

"Ah!"

"Ah!"

The heart rending roar echoed, as if in response to the murmur of countless kylin spirits above the sky.

Chapter 8260

"This is..." the badly injured little Kirin's eyes were ruddy, and he broke away from Qiu Shengming, laughing, "chaotic Kirin swallowing the sky, originally hidden in the Kirin domain!"

Jiuyou saw this, and his face sank: "damn old thing!"

"In that case, then disappear together!"

The tyrannical breath instantly dispersed from Jiuyou's body, and layers of sealed shackles seemed to be being opened!

"What about the failed prisoners, even if the gods and souls are unwilling?"

"The creatures in this world are just lowly bastards. The blood of our family will devour your so-called king, and will not disappear forever!"

Jiuyou shouted loudly, and the wild laughter came out, constantly stimulating Ye Chen.

"Kill!"

Ye Chen, who was reborn from the flames, burst out of his will to kill. When he heard Jiuyou's words, even if it was a strong response, the idea of this world was connected with him at the moment, and the earth shook instantly, and endless great power gushed out.

This word 'kill' formula can swallow the sky!

"Useless, worldless way, is supreme, suppression!"

Behind Jiuyou, endless dark energy spread. In the terrible darkness, a pair of bright eyes blinked, staring at all things in the world and examining the common life.

His breath also climbed to the extreme.

Boom!

The two forces of the road collided, and even the Feng dance of the Lord of the nine fire temple was affected, instantly heavy.

Even Qiu Shengming and Xiao Qilin, who are protected by Zu Li, are depressed and hard to stop, and a mouthful of blood spurts out.

For a moment, all dharmas turn into vanity.

"The group of mole ants is also trying to overturn our grand plan and great cause. It's a fool talking about dreams!"

"Immortal Emperor can't do it!"

Jiuyou roared, and the power of darkness was unparalleled, blocking the power of swallowing heaven. His black long shirt made a sound of hunting, and his face was ferocious.

"Today I will sacrifice countless kylin souls to you. I am the Lord of reincarnation!"

Ye Chen roared, and his body kept rushing forward to suppress Jiuyou.

Hum!

The immortal war song sounded in the Kirin field. He had heard it in his dream of the battle of the fallen sky.

"Hahaha!"

"Today I will behead the reincarnation Lord of this life!"

Nine bright golden cross pupils burst into the sky, and nine magic swords surged out of their eyes!

Qiu Shengming immediately turned cold. He had seen the first battle at the bottom of the blood spring. Just three divine swords were the countless fall of the Xuanyao domain!

Little Kirin also felt a sense of dark oppression. The nine divine swords were born together to cut off all the vitality of this world.

In the past, these nine swords also crushed the high fighting spirit of Xueji, the strongest successor of tianlingzong, in the hell of killing gods.

Even ye Chen almost fell. Goodbye now. The terrifying power is several times greater than before!

Invincible, invincible posture!

"Unity, calming the soul!"

The nine divine swords are unified, and the terrifying pressure almost cuts off time and space, and will never disappear.

"It's this sword!"

The little unicorn's eyes were about to crack. It was this sword that split his father's head, and a generation of Zhiqiang finally ended here.

Boom!

The immortal war song is roaring, which is the uneasy shivering of countless kylin souls. This sword in the past killed their family!

"Fearless!"

Ye Chen shouted loudly, "evil dragon soul killing sword, born!"

"Suppression!"

In the almost crazy Ye Chen Dantian, a glittering bone sword flew out. There was a faint evil force roaring at the handle of the sword, but it was tightly held in his hand and suppressed by his swallowing skill.

"Cut!"

Jiuyou's startling sword came through the darkness, and the broken sword instantly swept through the kylin domain Vientiane, and all creatures were destroyed!

Hum!

Despite the blessing of swallowing heaven and the protection of thousands of kylin souls, little kylin and Qiu Shengming, who were far away from the battlefield, were also shocked by this pressure.

Hiss!

The startling sword that split the old Kirin's head tore Ye Chen's body in an instant!

"Iron Throne, reincarnation holy soul, evil dragon Zhenshi, beheading!"

At that moment, ye Chen stabbed out with the heaven swallowing skill and the soul killing sword!

He was warned not to use the sword.

But now there is no choice!

Boom!

The same stunning sword, the soul killing sword that cut off half of the land boundary of the God killing hell, appeared again, and Shengsheng cut off the heaven and earth of the Kirin domain, splitting the road!

Hiss!

Jiuyou's body was also cut open and turned into a pool of blood mud.

"Kill kill!"

In the darkness, a spirit broke out and wrestled with Ye Chen. The world was collapsing, and their figures were gradually illusory. Together with this crying world, they returned to the dust and turned into nothingness

"Hahaha, you lost after all!"

Jiuyou's last wanton laughter came out. Although it cost a lot, it finally cut off the future trouble.

This is the confrontation between reality and nothingness, the sorrow and regret of ancient times, and the fierce battle between the past and the future!

.....

I don't know how long it took.

When the little Unicorn woke up again, the whole Unicorn domain no longer existed. Looking up, countless stars shone brightly in the sky, and the ground was waste soil beyond sight.

"Even the space storm has been chopped up..."

Qiu Shengming widened his eyes and looked at everything in front of him unbelievably. The sky was cut open, and there was a vast starry sky overhead!

"Master!"

Little Kirin drank, but he couldn't get any response.

Qiu Shengming rummaged through every inch of scorched earth in the Kirin domain, but he never found Ye Chen's trace.

"Are they all turned into dust..."

"No!"

Little Kirin screamed sadly. This ending was unacceptable. All his relatives died, and his only friend died for himself. His bones were gone!

At this time, a golden relic floated out!
