### Chapter 8321

Situ Chen's sword blade cut Ye Chen straight. Under the blessing of the frosty leaves, his sword was as cold as winter frost, cold to the extreme.

Under the pressure of a hundred times of gravity, ye Chen was unable to move or dodge.

"Steel city, block it!"

In the crisis, ye Chen roared, urging the power of the iron throne to build a steel city directly between breathing and firmly protect his body.

Zheng!

Situ Chen's sword gas hit, and the cold winter sword gas cut above the steel city, making a clanging sound.

Frost flowers appeared on the dark and cold iron city.

Ye Chen was not injured under the protection of the steel city.

"Damn boy, there are many magic weapons. I want to see how long you can last!"

"A thousand times the gravity, blow it up!"

Situ Chen's eyes were completely split, directly raising the gravity of the earth to a thousand times.

Boom!

Under the pressure of great gravity, the city of steel summoned by Ye Chen was forcibly crushed.

However, ye Chen's reincarnation blood is burning, constantly urging the iron throne to rebuild and repair the collapsed steel city, firmly protecting himself.

Situ Chen was furious, and a sword cut out wildly. The blade of the sword cut on the cold iron city, sending out a series of collisions, and sparks splashed everywhere.

The fierce fighting here, the breath of reincarnation, earth shaking, tore up the silence of the night, and the weather spread far away.

All contestants in the whole competition area can feel the terrible fluctuations here.

"It's Ye Chen!"

In the corner of a dark bush, a woman with flaming eyes felt the fierce weather in the distance, and suddenly showed a surprised look.

She is jisiqing.

Catching Ye Chen's breath, Ji Siqing immediately flew to the place of battle.

Xia Ruoxue, Wei Ying, fan Xingyan, Xia Yu and others scattered all over the battlefield felt such violent metempsychosis and fighting fluctuations. They were shocked and rushed away.

This side of wanxu temple.

After a day of searching, the feather emperor Aoxue has successfully merged with several strong people in the temple of ten thousand ruins.

"Miss, it's the breath of the Lord of reincarnation."

A strong man in wanxu, looking at the distant reincarnation light from the horizon, and the cold breath of the iron throne, couldn't help but make a dignified voice.

Judging from this weather, the Lord of reincarnation today is afraid to be difficult to deal with.

"It's a little interesting."

"A seven layer sky in the hundred flail territory can actually erupt such a violent weather, which is worthy of being the legendary Lord of reincarnation."

"In an era even older than ancient times, the nine gods competed for reincarnation orthodoxy. Unfortunately, they all failed and died."

"I want to see how powerful the people who can inherit the samsara orthodoxy today are."

The feather emperor Aoxue looked at the metempsychosis in the distance, and a smile appeared on his cold face. At this moment, his eyes turned into the color of ice and snow, as majestic as God, surrounded by the smell of ice and snow, and his body flew towards the battle place like the wind and snow.

The strong men of the ten thousand ruins also hurriedly followed.

On the other side.

In a forest surrounded by black gas.

GUI Chen sat cross legged, with purplish red flames floating in front of him.

It was a purple fire, with a strong aura.

GUI Chen tried to refine the purple flame, but found that there were special marks on the flames one by one, and he couldn't untie them.

"It seems that if you want to refine the energy in the purple flame, you must be baptized by the purple fairy palace."

GUI Chen muttered to himself, then put away the purple fire and looked at the distant horizon.

"Brother ye, is your breath so refined..."

GUI Chen felt the metempsychosis and sighed faintly. A trace of innocence like innocence passed in the eyes of the demon ancestor.

But this innocence and ignorance soon disappeared.

His eyes became cold and dignified again.

"It's time to end everything, Lord of reincarnation."

"As long as I kill you, I can break through the shackles of my heart."

"My grandfather and I can also integrate perfectly..."

GUI Chen said softly, got up slowly, and walked step by step in the direction of Ye Chen's breath.

With each step of his fall, a white bone lotus bloomed on the ground. The vast and strong smell of the devil's way made the monsters in the surrounding forest tremble and fear, crawling and afraid to offend.

.....

At this moment, ye Chen is confronting situ Chen.

Ye Chen has many magic weapons. Under the protection of the iron throne, the holy cup of human slaughter, the reincarnation map of martial arts, the soul devouring bead, the reincarnation holy soul heaven, and so on, he is safe even if he is attacked repeatedly by situ Chen.

"Damn, this boy is really hard to deal with!"

Situ Chen cursed in his heart and gnashed his teeth.

Ye Chen's tenacity is beyond his imagination.

I thought I could make a quick decision, but I didn't expect to drag it to this point.

Hiss hiss——

A divine light came flying from all directions.

Many contestants came here.

Far away, ye Chen saw the figures of Ji Siqing, Xia Ruoxue, Wei Ying, fan Xingyan and others, and couldn't help but feel happy in her heart.

Ji Siqing saw Ye Chen was in danger. His beautiful eyes were cold, and his delicate body flew over. The breath of sky fire exploded in his hand, turning into a huge rosefinch.

"The flaming rosefinch said, break it for me!"

Ji Siqing gave a soft drink, and the rosefinch spread its wings and flew out with boiling flames, instantly dispelling all the winter frost in the field.

Situ Chen's cold winter frost leaves were just restrained by Ji Siqing's magic power.

"Is this... The breath of the God of fire?"

Situ Chen stared at Ji Siqing, only feeling incredible.

Ji Siqing's Taoist method is one of the thirty-six ways of the supreme being. The fiery rosefinch way is not so strong, and it can't be compared with the Immortal Emperor's method.

But at this moment, the flaming breath of rosefinch burst out by Ji Siqing, which went beyond the scope of ordinary Taoism, but with an ancient god's majesty.

That is the age of nine gods, the breath of the God of fire!

Situ Chen never thought that Ji Siqing had inherited the Taoist tradition of the God of fire.

Under the sweeping of the fiery rosefinch, all the frost and ice in the air melted away.

Ye Chen's pressure was greatly reduced and he walked out of the city of steel.

Ji Siqing flew over, hugged Ye Chen tightly, and said softly, "are you okay?"

At this time, Xia Ruoxue, Wei Ying, fan Xingyan and others also quickly flew over and surrounded Ye Chen, guarding him.

"I'm fine."

Ye Chen breathed a sigh of relief.

However, he didn't relax for long, and there were two powerful smells approaching.

On his left hand side, a woman in white, flying like wind and snow, was the feather emperor Aoxue of wanxu temple.

The feather emperor Aoxue is like the incarnation of the ice God, whose seemingly weak body is as cold as ice.

Chapter 8322

She fell down from the air, and the wind and snow roared out of her body. Situ Chen's winter frost leaves, as if inspired by something, flew directly into her hands.

"Winter's anger? How can you have such a thing?"

The feather emperor Aoxue held the frost leaf between his fingers and stared at situ Chen.

Frost leaves were taken away, but situ Chen didn't immediately take them back. Instead, he looked at the feather emperor Aoxue with great vigilance, and said in a deep voice, "the Taoist tradition of the ice God is actually inherited by you?"

The feather emperor Aoxue smiled and said, "well, you're not bad. You can get the power of Yan God's blood. I'm afraid you're not lucky enough to support the Taoist orthodoxy of Yan God's heaven. If you take the helm forcibly, I'm afraid you'll eat yourself."

Situ Chen smiled coldly and said, "it's none of your business. The frost leaves in winter are the stuff of the emperor of heaven. Take them if you like."

The feather emperor Aoxue has the blood of ice God, and can control everything related to ice and snow in the world. This winter frost leaf, which is a god of ice attribute, is directly controlled by her. Situ Chen also dare not rush to grab it back, because he is not sure.

The feather emperor Aoxue smiled again and said, "I borrow it."

At the same time, on the other side of Ye Chen, there was also a terrible and powerful breath, flying from.

In terms of momentum, it is not weaker than the feather emperor Aoxue.

It is Jianmen Guichen!

"You two, or we can put aside our prejudices first."

GUI Chen stood like a mountain, looking at the feather emperor Aoxue and situ Chen.

"The Lord of reincarnation is here. Why don't we join hands to kill him first."

GUI Chen's eyes finally fell on Ye Chen. There was only killing intention in his eyes, and there was no previous friendship.

Ye Chen's face sank, also looking at Guichen.

In Guichen, he can't feel the breath of the boy in the past, only the heavenly majesty and coldness of the demon ancestor.

The feather emperor Aoxue and situ Chen heard GUI Chen's words, and their eyes flashed a cold light.

Then, the three formed a triangular formation, surrounding Ye Chen, Ji Siqing and others.

By this time, many contestants in the competition area had arrived.

They stood on four sides from afar, looking at the confrontation between Ye Chen, GUI Chen, Yu Huang Aoxue, situ Chen and others, whispering.

In the eyes of many contestants, there was a trace of greed and desire.

They hope Ye Chen and others will fight. It's better to lose both sides, so that they can reap the benefits.

"Do you want to sit on the mountain and watch the tiger fight? I'm afraid it can't be what you want."

The voice of the feather emperor Aoxue was as cold as ice. With a sudden wave of his slender hand, the frost leaves in the winter flew out, and the violent cold broke out rapidly, forming a wave of ice and snow, sweeping around.

"Hehe..."

GUI chensen smiled coldly, and also made a tacit move. A dark magic fog surged out of his palm, mixed with the snow wave of the feather emperor Aoxue, and roared around.

In the wave of ice and snow, magic runes emerged one after another, which looked very gorgeous against the backdrop of the night.

However, behind this gorgeous, there is a smell of death.

The nearest dozen contestants were immediately submerged by the overwhelming wave of magic snow and fell on the spot before they had time to respond.

The contestants in the rear were completely thrilled and ran away in confusion to avoid the impact of the magic snow wave.

The wave of magic snow was raging, ravaging the world, and all the contestants dared not stay to see the good play, but retreated far away.

In fact, they are numerous. If thousands or tens of thousands of people unite, even if the feather emperor Aoxue and Guichen unite, it is impossible to suppress them.

However, the participants present have different identities, and it is impossible to unite at all.

The feather emperor Aoxue and Guichen joined hands and directly drove them back, even without situ Chen's action.

"Go!"

Ye Chenji changed very quickly. Taking advantage of the feather emperor Aoxue and Guichen, he immediately took Ji Siqing and others and shot out.

If there is only one feather emperor Aoxue, or only one GUI Chen, he cooperates with Ji Siqing, Xia Ruoxue and others, and is completely sure to compete.

But now, the combination of feather emperor Aoxue, Guichen and situ Chen is too powerful.

Ye Chen on this side, but there is no assurance of confrontation, can only temporarily avoid the edge.

Unless ye Chen's state can recover to the peak, in this way, he will no longer have any fear.

"Make it through tonight. When I get back to my peak, it's time for us to fight!"

Ye Chen gritted her teeth and looked at Ji Siqing, Xia Ruoxue and other women with a trace of apology in her eyes.

If it weren't for his poor condition, he wouldn't have to run away now.

Ji Siqing, Xia Ruoxue, Wei Ying, fan Xingyan and other women did not blame Ye Chen, but closely guarded him and flew away to the distance.

As long as you stay through tonight, you can see the light!

"Want to go?"

Situ Chen smiled coldly, burning Yan Shen's blood violently, urging his own Yan Shen's blood to the extreme.

"Ten thousand times gravity!"

The gravity of the earth soared to ten thousand times in an instant.

Under the pressure of terrible gravity, the footsteps of Ye Chen and others suddenly became sluggish and extremely difficult.

Ye Chen and Ji Siqing both felt that their bodies were suppressed by thousands of mountains, and it was even difficult to take a step.

And situ Chen's face was also pale.

Obviously, the outbreak of 10000 times of gravity is also a great burden for him.

However, it is worth everything to hold Ye Chen back.

"Brother ye, I'll take you on the road myself."

Guichen uttered a heavy and sad voice, and a trace of the innocence of the former Youth passed in his eyes.

But this innocence was soon replaced by the cold killing intention.

"Demon star sea, demon compass building, death wails, end the trial!"

Chapter 8323

Guichen shot, the sculptural bony palm, the magic gas exploded, and a dark banner appeared, surrounded by layers of death breath, which was the fluctuation of the demon star sea.

The streamer is the magic weapon of the former demon ancestor Wutian, the supreme artifact of the thirty-three days, one of the seven treasures of Hongjun, and the magic compass building.

At this moment, Guichen urged the magic compass building, and there was no obstruction. He seemed to be the magic ancestor Wutian himself.

On that magic compass building, surrounded by layers, are the evil spirit of the demon star sea, dark and terrifying.

Surrounded by the evil spirit of the demon star sea, the magic compass sent out bursts of strange sounds, just like the sad cry of death. All kinds of things in the world are going to end and destroy under this sad tone.

Heaven and earth are in sorrow.

Wanjie trial.

This is the power of death!

Ye Chen's pupils contracted, and he could clearly feel that Guichen's control over the demon Xinghai was stronger than before.

Even, Guichen can borrow the power of the legendary god of death, the sea king demon.

The demon gas billowed all over the sky, the banners shook, the mourning of the God of death vibrated, and the doomsday judgment of all calamities turned into dark magic thunder, demon fire, evil wind, ghost rain, overwhelming Ye Chen and Ji Siqing, and rushed away.

Seeing Guichen's terrible magical means, feather emperor Aoxue and situ Chen were stunned.

They didn't do it again, because they believed that the dust at the moment was enough to kill Ye Chen!

Outside, on the holy city square, many guests who had gone back to rest felt the terrible air flow between heaven and earth, and came out again in panic.

The light curtain over the square shows Guichen's terrible demon killing.

At this moment, Guichen is like the incarnation of death, trying to destroy everything and judge everything. The momentum is extremely terrible.

The battlefield of the hegemony area is actually tens of thousands of miles away from the holy city square.

But at this time, all guests can feel the terrible waves tens of thousands of miles away.

The wail of death shook the whole fire god world, and the terrible weather of judgment spread all over thousands of miles.

Even in the sky, there are countless magic thunder, demon fire, evil wind, ghost rain, which is very spectacular.

"Although such magical powers are powerful, they consume a lot of themselves."

In the sword gate, demon Zu Wutian saw the startling weather of Guichen, but his eyebrows frowned.

The means of returning to dust is earth shaking and very fierce.

But such a ferocious magical power must consume a huge amount of its own aura.

If you can kill Ye Chen, get the nourishment of reincarnation blood, and then break through the shackles of the heart, no matter how much consumption, you can make up for it.

But the problem is that magic ancestor Wutian is worried that Guichen can't kill Ye Chen instantly.

In front of Ye Chen, Ji Siqing, Xia Ruoxue, Wei Ying, and fan Xingyan saw GUI Chen's terrible magic attack, and they were all frightened.

However, they did not shrink back, but stepped forward to protect Ye Chen.

"Vulcan rosefinch!"

"Bright moon and heavenly book!"

"Juehan emperor sword!"

"Thousand star enchantment!"

The four women worked together to show their magic powers. The weather of rosefinch, the moon, the sword of juehan emperor and the myriad stars converged into a solid barrier.

Ye Chen also released his aura, strengthened the protective barrier, and even used the power of the Iron Throne.

Boom!

The death judgment of Guichen, the killing of the demon Road, countless demon thunder, demon fire, and the weather of evil wind and ghost rain hit the barrier jointly launched by Ye Chen and the four women.

The barrier was shattered instantly under the impact of the magic gas of Guichen terror.

Then, the magic gas burst and collided with the breath of bright moon rosefinch, juehan emperor sword, rolling starlight and so on, causing a shocking explosion on the spot.

The explosion almost shattered the sky, the earth cracked thousands of miles, forests fell down, the sky was intertwined with light and magic, and the rain of blood and tears fell from the sky.

Boom!

Under the terrible explosion, ye Chen's body was shaken out from afar.

Ji Siqing, Xia Ruoxue, Wei Ying and fan Xingyan were also shocked.

"Cough..."

Guichen also consumed all his strength, and his face turned pale and coughed violently.

If the feather emperor Aoxue and situ Chen start at this time, GUI Chen may not be able to stop them.

However, both Yu Huang Aoxue and situ Chen were shocked by Gui Chen.

The wail of death, the trial of ten thousand calamities, and the explosion of countless thunder, fire, and magic gas show the power of being almost detached from reality, which is not offensive.

At the moment, Guichen, even if his aura was exhausted, still had the smell of demons and death on his body, and no one dared to approach him at all.

"Chase!"

Guichen faintly became a leader and issued orders.

Situ Chen didn't talk nonsense, and hurried to chase Ye Chen out.

"Master!"

Inside Ye Chen, there was a dragon roar.

The blood dragon appeared, only to see ye Chen bleeding all over, and was seriously injured in the explosion just now.

At the critical moment, the blood dragon hurriedly flew forward with Ye Chen.

Ji Siqing, Xia Ruoxue and other women were also seriously injured. Seeing ye Chen leave, they also hurriedly fled to avoid being caught up.

"Rock gun, break kill!"

Situ Chen chased after ye Chen. He only chased Ye Chen, regardless of others. With a big hand, the rock elements gathered in the void and turned into an ancient and desolate rock gun, flying towards Ye Chen and the blood dragon.

"Heaven, the wind rises!"

The blood dragon roared up to the sky, and a sacred light emerged in the air, which was the light of heaven.

Chapter 8324

In the light, there is a layer of cyan atmosphere, which is the wind of the dawn of Ye Chen.

The blood dragon and ye Chen were connected, and immediately urged the wind of dawn. A strong wind blew up, but it was forced to blow situ Chen's heavy rock gun directly to the ground.

At the next moment, the blood dragon rode the wind to resist the Qi, which was as fast as a blink, and quickly escaped with Ye Chen.

"I have the same blood with this boy. You can't escape."

Situ Chen smiled grimly and quickly chased up like a maggot of tarsal bone.

He and ye Chen both have half a drop of rock god's blood. Even if they are thousands of miles apart, they can sense each other's existence.

The blood dragon took advantage of the wind of the morning light to turn his body and ye Chen into a wisp of breeze, invisible to the naked eye.

However, with such means, you can hide others, but you can't hide situ Chen!

After all, ye Chen also has half a drop of Yan Shen's blood in his body.

"Master, I can't escape."

The blood dragon's voice is heavy. If it can't get rid of situ Chen, it and ye Chen are very dangerous.

After all, behind situ Chen, there are feather emperor Aoxue and Guichen, who will catch up at any time.

"Go to Wuyou District, hurry!"

When ye Chen was seriously injured, he bit his teeth and made a quick decision.

The battlefield is divided into four areas. Compared with the hegemony area, the non secluded area is more dangerous.

At night, monsters in the non secluded area will fall into riots.

Even Guichen, feather emperor Aoxue and others dare not step into the secluded area at night.

At this juncture, ye Chen can't care so much. He can only enter the non secluded area first and get rid of the pursuers.

"No secluded area? The smell over there is very dangerous..."

The blood dragon raised his eyes and looked to the distance ahead, which was the direction of the non secluded area.

Even though it was far away, it also felt the dangerous smell coming from the non secluded area. It seemed that there were some nameless monsters hidden inside.

"No matter, go first."

Ye chendao.

"Yes!"

The blood dragon responded and immediately flew to the non secluded area against the wind.

There is a big river between the hegemony area and the non secluded area.

At this time, the night was full-bodied, and the river was shrouded in a mysterious black fog.

That layer of black fog, as if with a breath of nothing, is chilling.

The blood dragon showed a little dignity, flew over the river, flew directly into the darkness of the non secluded area, and disappeared in the woods in the blink of an eye.

Situ Chen chased to the river and saw that ye Chen actually entered the Wuyou area. He was suddenly surprised, stopped and said, "does this boy want to die? After entering the Wuyou area, he must be torn to pieces by the violent monster!"

At this time, the feather emperor Aoxue and Guichen also caught up.

The two stood by the river, looking at Ye Chen's figure hidden in the dark, and both frowned.

The feather emperor Aoxue raised his eyebrows and said, "I didn't expect that the Lord of reincarnation was so bold that he dared to enter the non secluded area at night."

Situ Chen was a little unwilling and said in a deep voice, "how about the three of us working together to break into the non secluded area?"

But GUI Chen said coldly, "go yourself, I won't go."

"Monsters in non secluded areas are still normal during the day, but at night, they will fall into riots."

"I suspect that the dark atmosphere of the death penalty area and the merit area will invade the non secluded area at night and retreat during the day, just like the ebb and flow of the tide."

The four areas of the battlefield, the dead zone and the merit zone, are the last two areas.

According to Chongyang immortal, those two areas have been invaded by the dark atmosphere.

But now, GUI Chen said that not only those two areas, but also the non secluded area had been affected. At night, it would be contaminated by the dark smell, so that all the monsters inside would fall into riots, which was extremely dangerous.

The feather emperor Aoxue and situ Chen listened, and their hearts were all cold.

They know that Guichen is powerful, and can borrow the breath of the demon Xinghai. They have a special induction to the energy fluctuations and dark breath without time and space.

In the quiet area under the curtain of night, even Guichen didn't dare to approach. It can be imagined how terrible it was, and they didn't dare to have the idea of moving forward.

"What about that? Let that boy escape?"

Situ Chen bit his teeth, and the other half of Yan Shen's blood was still in Ye Chen's body. He didn't want to miss it.

"Don't worry, the Wuyou area is extremely dangerous. Most of him will die when he is injured. We can go to collect the body tomorrow."

Dust path.

The feather emperor Aoxue laughed and said, "I'm afraid the Lord of reincarnation has deep luck, but it may not be so easy to die."

GUI Chen said calmly, "if you don't die, we'll find him tomorrow."

After a pause, his eyes flashed a cold light: "tonight, let's go after his woman first."

.....

However, ye Chen entered the non secluded area, and only felt the dark breath of terror, which constantly attacked his mind.

Before he saw any monsters and monsters, his mind was seriously impacted and his head was dizzy.

"Reincarnation holy soul heaven, guard!"

Ye Chen summoned the reincarnation holy soul day, guarded the spirit, and calmed down slightly.

Looking around, this is a dark forest, between branches and leaves, between grass and soil, filled with wisps of mysterious black fog.

Those black fogs obviously come from no time and space. If they are not cleaned up, the dark atmosphere will continue to accumulate, and Demons and monsters will be born, which will eventually erode the fire of the real world.

"The smell of fire here seems to be stronger."

Ye Chen found that in the non secluded area, the aura of the fire was much stronger than that of the outside world.

Chapter 8325

Those mysterious black fog can only hover on the surface of the earth, and cannot go deep underground.

Because deep in the earth, there is the shelter of fire.

The existence of the dark breath also caused the aura of the fire to fluctuate.

The fire constantly emits warm aura to resist the erosion of darkness.

Ye Chen took a deep breath, immediately sat down cross legged, operated his blood, resonated with the fire, constantly absorbed the aura of the fire, and recuperated his injury.

The aura of the fire here is very strong. The smell of the flames is simply a great tonic for ye Chen!

Nourished by wisps of fire aura, ye Chen's injury recovered quickly.

He estimated that by tomorrow, his state will surely return to its peak!

"Siqing, Ruoxue, Wei Ying, wait for me!"

Ye Chen cried in her heart.

He knew that Ji Siqing, Xia Ruoxue and other women must be in a very dangerous situation.

He just wants to recover as soon as possible, and then save the girls.

"Master, be careful, it seems that something is coming..."

The blood dragon warned.

Ye Chen opened his eyes, but at this moment, he caught a trace of fierce breath, which was approaching.

WOW!

I saw a huge ferocious claw, tore open the forest, revealing a ferocious appearance.

That's a red fierce golden tiger, not a very powerful monster.

But at the moment, the red golden tiger's fur was surrounded by layers of black fog, and there was black gas circling in its eyes, with faint blood awns and sharp fangs, which looked very ferocious.

This red fierce golden tiger was obviously eroded by the dark breath, alienated into a monster, and was covered with a mysterious breath.

"Roar!"

The red fierce Golden Tiger roared and came to Ye Chen in the air.

That sharp claw, surrounded by black fog, is as sharp as a Heavenly Sword and unparalleled.

The blood dragon roared up to the sky, guarded Ye Chen, and directly used the breath of the Iron Throne. Its claws turned into steel dragon claws, and fiercely collided with the claws of the red golden tiger.

When the steel dragon's claws collided with the tiger's claws, the blood dragon gave a painful roar, and its claws were actually contaminated with a dark magic fog, such as severe rotten acid, constantly corroding its flesh.

"Damn beast!"

The blood dragon shouted angrily. If it was an ordinary red fierce golden tiger, it would definitely not be its enemy.

But the red and fierce golden tiger in front of him was infected with the dark breath of timeless space and time, and infected the blood dragon, which was also a little unbearable.

"Celestial Koi copy, purify!"

Ye Chen kneaded a formula, and the immortal spirit of the fairy Koi gushed out, forming an array barrier, enveloping the blood dragon and the red fierce golden tiger.

Under the boundary of fairy Koi, the wisps of dark fog were quickly purified and dissipated.

The blood dragon recovered, and the red and fierce golden tiger, losing the blessing of the dark breath, immediately became extremely weak.

"Broken!"

The claws of the blood dragon shot out, as fast as electricity, through the waist and abdomen of the red fierce golden tiger, and directly killed it.

Teng.

But there were three purple flames falling out of the body of the red golden tiger.

That's the purple fire.

Ye Chen grabbed the palm of his hand in the void and collected the three purple flames into his body.

Chapter 8326

Ye Chen has no time to think more, just want to leave here as soon as possible.

"Ten thousand sword robe, Royal!"

Ye Chen shouted violently and directly summoned the ten thousand sword robe.

WOW!

The robe of ten thousand swords covered Ye Chen's body, blooming with bright golden light, and golden flying swords filled out, turning into a sword array to guard Ye Chen.

Under the protection of the ten thousand sword robe, ye Chen rushed out crazily, gritting his teeth, facing countless violent monsters around him.

Bang, bang, bang——

Huge and ferocious animal claws slapped Ye Chen hard and made a very heavy sound.

If it weren't for the protection of wanjian robe, ye Chen would probably be shot to death.

Fortunately, with the protection of ten thousand sword robes, and with the help of the wind of dawn, ye Chen constantly changed his body shape. Ye Chen was no longer injured and directly rushed out of the enclosure of the monster.

Woo woo——

Just as he rushed out of the enclosure of the monster, the ten thousand sword robe on his body dimmed because of the fierce impact.

Ye Chen was very distressed. Looking back, he saw that the last dozen Demon Armor guards were all killed by the violent monsters, and he couldn't help but be secretly shocked.

These monsters were eroded by the smell of darkness. Under the night riots, they were too fierce. If ye Chen didn't have many cards, he might have to tell them here.

"Reincarnation, come here..."

The cry came again, guiding Ye Chen.

Ye Chen could feel that the voice was not malicious.

And the countless monsters, after ye Chen rushed out of the encirclement, did not stop at this point, but roared one after another and chased them frantically.

Ye Chen felt a little numb on his scalp, and immediately flew away in the direction of the sound.

With the help of the wind of dawn, ye Chen was very fast, and soon got rid of all the monsters.

Finally, ye Chen came to the front of a cliff.

"Lord of reincarnation, you finally come."

The cry came from the cliff and became extremely clear this time.

Ye Chen's eyes coagulated and flew to the hillside. The black fog in the cliff was filled, and there was an indefinable breath around.

After flying into the mountains, ye Chen obviously felt that the gaze of the sky had disappeared.

Originally, ye Chen had a feeling all the time that countless people were watching him in the sky.

He knew that it was the guests on the other side of the holy city square who acted as spectators and watched everything.

All the battles in the battlefield can be seen by the audience outside.

Therefore, ye Chen will have a feeling of being watched.

However, when ye Chen flew into the mountains, he found that those staring eyes were all gone.

"This mountain is a dead end of the mystery. People outside can't see it!"

Ye Chen's heart beat faster and he felt a trace of mystery.

Halfway up the hillside, amid the vines and weeds, there is a cave.

The voice of the call came from the cave.

Ye Chen's eyes were concise, and he didn't hesitate to tear away the vines and weeds and stride into the cave.

.....

At this time, the audience outside the battlefield looked surprised and shocked.

They witnessed all the fighting.

They saw GUI Chen's action and almost killed Ye Chen.

Also saw Ye Chen venture into the non secluded area to avoid the chase.

However, they didn't expect that ye Chen, who was seriously injured, just adjusted his breath for a while, recovered his vitality, and successfully broke through the encirclement of countless monsters and escaped from the sky.

No one knows, in fact, ye Chen can resonate with the spark aura, so the recovery speed of the injury is particularly fast.

Everyone thought it was the power of his reincarnation.

This time, ye Chen disappeared into the mountain, and the audience was whispering.

In the battlefield, the territory is vast, and there are some hidden corners, which can't be spied by heaven. They belong to a dead corner. It's not surprising that everyone saw Ye Chen disappear.

"You guess, will the Lord of reincarnation hit any chance?"

"Reincarnation's luck is so terrible! If this doesn't die, and even get a big chance, then the feather emperor and the demon ancestor Wutian will spit blood."

"Hehe, I don't think much of that boy. If he enters the Wuyou area at night, isn't that death? Those monsters are still chasing him."

Many voices of discussion came out, and even at night, no audience went back to rest.

Everyone is waiting, waiting for ye Chen to appear in the picture again.

On the side of Jianmen, many elders and Dharma guardians turned extremely ugly.

The body formed by the dark demon Qi of the demon ancestor Wutian was also shaking in bursts. The exposed heart beat once and again, and the blood tendons on it burst.

"This boy, is there still a chance to turn over?"

Demon Zu wutianshen is very ferocious. What he worries most is that ye Chen avoids the killing of Guichen, and even the desperate anti killing.

Now, ye Chen has shown signs of turning over and killing, and he is naturally extremely worried.

Guichen just took action, and the Reiki consumption is too serious. It is impossible to recover completely in a short time. Once Ye Chen rises, Guichen may not be able to suppress it.

On the other side of the wanxu temple, the Emperor Yu Huang saw Ye Chen disappear in the mountain, and his face became ugly.

"Aoxue, you must kill this boy, and you can't let him turn over!"

The feather emperor prayed silently in his heart.

Now on the side of Jianmen, Guichen's aura consumption is huge. As long as ye Chen is killed, there will be no one afraid on the side of wanxu temple. The champion is sure.

The prizes for this champion are very rich, including red flame nature pill and pure heart snow lotus.

Red flame nature pill, which is made with the core energy of fire, has the world

Chapter 8327

Even if it turns into ashes, it can be reborn as long as it is nourished by the red flame nature pill.

Just like the destruction of the universe, a new world can also be born in the embers of fire.

The elixir refined from the core energy of the fire has a powerful healing and recovery effect, not to mention in the real world, even if it is put into no time and space

Chapter 8328

Then, under the direction of the mysterious man, Hong Chunqiu built a lighthouse.

This lighthouse marks the coordinates of the fire god world for monsters in wuwuwu time and space.

Then, countless dark monsters, twisted insects, rotten meat pieces, and all kinds of unspeakable terrible things burst out of the cracks in time and space, like a tide, invading the fire god world.

Looking at the overwhelming darkness, ye Chen felt suffocated on the spot.

There is no doubt that it was a terrible cataclysm, a terrible cataclysm that invaded the reality without time and space.

And Hong Chunqiu is the ghost who leads the way for those monsters!

Chen Nan's face was also filled with resentment and said, "that Hong Chunqiu is extremely hateful, and the ghost must be eradicated!"

"Not only the fire god world, but also the empty flow nether sea, which also suffered great disasters in that year."

"Lord of reincarnation, you must report the truth to the leader!"

Ye Chen put away the bead and said solemnly, "I know, brother Chen Nan, please rest assured!"

After a pause, ye Chen wondered again, "by the way, how does Hong Chunqiu know the coordinates of the fire god world?"

Chen Nan said, "I don't know this. In a word, that old miscellaneous Mao is an insider. He killed the headmaster's wife and millions of guardians of my purple fairy palace!"

Ye Chen said, "well, brother Chen Nan, I will report to your leader!"

Chen Nan felt relieved and said, "it's so good. Thank you, Lord of reincarnation."

Ye Chen looked at Chen Nan, who was bound by chains, and said, "brother Chen Nan, is there a way to untie the chain seal on you?"

Chen Nan shook his head with a wry smile and said, "it can't be solved. After the great catastrophe that year, the Death Cult

Chapter 8329

Chen Nan also sensed the violence of monsters outside, and couldn't help but sink his eyes and said, "these animals are really unwilling to settle down."

After a pause, he said to Ye Chen, "Lord of reincarnation, don't worry, you can heal yourself, and those demons \* \* \* will deal with me."

Ye Chen was stunned. Chen Nan was imprisoned by chains all over. Is he still capable of fighting?

Roar!

At this time, a startling animal roar sounded.

I saw several huge ferocious monsters in the shape of lions and tigers, which suddenly rushed out, and their horrible claws slapped the cliff, making the whole cliff vibrate.

In the next moment, monsters in all directions crashed into the cliff crazily.

Under the impact of that huge force, the whole cliff roared, but it collapsed instantly, and countless rocks flew sideways.

Ye Chen and Chen Nan's figures were immediately exposed to countless monsters.

The mountain has collapsed, but Chen Nan's hands and feet, up and down, are still bound by countless iron chains.

One end of the iron chain imprisoned Chen Nan, and the other end was connected in the void. It seemed that there was some mysterious force fixed, and the black fog billowed, still firmly imprisoned Chen Nan, which was very strange.

Roar!

It was another earth shaking roar, and countless monsters around rushed frantically to Ye Chen and Chen Nan.

"A group of evil animals! You can't compare with the real demon monsters!"

Chen Nan grinned grimly, his eyes full of war, and his arms imprisoned by the iron chain waved violently.

Brush Lala!

Iron chains, with Chen Nan's action, waved wildly and swept away towards the surrounding monsters.

These chains have become Chen Nan's weapons!

make love!

The iron chain flew all over the sky, stirring the black fog, like a thousand troops sweeping, and instantly beat the first dozen monsters into meat sauce.

On every iron chain, it seems to contain the power and law against the sky. It is very strong to crush everything and sweep everything.

Ye Chen was stunned. Unexpectedly, Chen Nan was so strong.

He quickly retreated behind Chen nan to avoid being swept by the chain.

This Chen Nan is worthy of being favored by the Death Cult and wants to buy his existence as an insider.

His strength is extremely strong. When the iron chain is waved, monsters fall down with grief and blood splashing all over the sky, which is very spectacular.

The battle here was not seen by the outside world.

Even if the cliff collapses, this space of heaven and earth is still shrouded in a layer of mysterious black fog, I don't know where it comes from.

Under the cover of that layer of black fog, the fighting picture here can't be seen by the outside world at all, only Ye Chen can see it.

After the monsters fell down, the purple flames fell out one after another, and all of them were collected by Ye Chen.

Ye Chen was secretly happy that he could harvest so much purple fire without his hands. It was simply not too cool.

The monsters present, seeing that Chen Nan was so strong, were also completely afraid and issued bursts of grief.

Finally, the remaining monsters fled in confusion.

The battle is over.

Chen Nan was panting and sweating.

"Brother Chen Nan, I didn't expect your strength to be so strong!"

Ye Chen exclaimed.

"Lord of reincarnation, go away and stay away from me!"

Chen Nan listened to Ye Chen's praise, but he didn't have the slightest joy. Instead, his face was dignified and gloomy, and his forehead was blue and sudden, urging Ye Chen to leave quickly.

Ye Chen was stunned for a moment, and saw Chen Nan's whole body up and down, stained with wisps of dark mist, condensed and not dispersed.

These dark smells were accumulated and contaminated by Chen Nan after he killed the demon beast. They were like a nightmare and wrapped around his body.

"Brother Chen Nan."

Ye Chen was surprised, but he saw that Chen Nan's eyes gradually became blood red and his eyes were completely split, just like being possessed by evil.

"Ow!"

Suddenly, Chen Nan gave a monster roar, waved the iron chain with his arm, and swept fiercely towards Ye Chen.

"Brother Chen Nan, calm down!"

Ye Chen's heart sank, prompting the wind of dawn, and the atmosphere around him circulated, avoiding Chen Nan's blow.

However, Chen Nan was already crazy, roaring ferociously, with both arms together, sweeping the iron chain all over the sky, madly attacking Ye Chen.

"Fairy Koi copy, reincarnation holy soul day, purify me!"

Ye Chen clenched her teeth, immediately released the reincarnation holy soul day, shrouded in Chen Nan's body, and then performed a copy of the celestial Koi. The fairy Koi jumped one by one, circling Chen Nan's whole body.

Under the protection of the reincarnation holy soul day and the purification of the fairy Koi copy, the dark breath on Chen Nan's body gradually dissipated, and the bloody pupils also returned to their normal color.

"Cough..."

However, ye Chen consumed a lot of Reiki, and his already injured and weak body became weaker, so he couldn't help coughing.

"Lord of reincarnation!"

Chen Nan recovered. Seeing ye Chen's weak appearance, he immediately shouted, worried and guilty in his heart.

Ye Chen smiled and said, "I'm all right, brother Chen Nan, are you all right?"

Chen Nan felt guilty and said, "I'm all right, Lord of reincarnation, thank you for saving me. Alas, I've been imprisoned for many years, and my strength has declined. I was actually eaten by the dark smell of these evil animals, and I almost became possessed."

After a pause, Chen Nan looked to the ground. There was still a lot of purple fire on the ground, which had not been collected by Ye Chen.

"Lord of reincarnation, today is the beginning of the supreme meritorious wa

Chapter 8330

This number is terrifying.

And behind Ye Chen is Guichen of Jianmen. The number of purple fire is less than 100.

If the game ends at this time, ye Chen is
