Chapter 8341

The black pterosaur was filled with overwhelming darkness and majesty, and its body was surrounded by layers of death light, which was suffocating.

"Hum!"

"Dare to break into the dead zone, do you still want to get out alive?"

The black pterosaur snorted coldly, the blood colored eyes opened runes, the mysterious breath flowed, and the huge claws tore down in the air, which twisted the space and wanted to kill Ye Chen alive.

Ye Chen also felt the strength of the black pterosaur, but he didn't flinch at all. When his mind turned, his palm was also hard to kill.

"Dihuang Shenshu, lend me your strength!"

Ye Chen roared fiercely, and Yan Shen's blood broke out to the extreme, communicating the breath of the earth emperor's God book.

The earth Emperor God book was originally made by the God of rock.

Ye Chen inherited the blood of the rock god, so he can naturally borrow the power of the emperor's book.

Moreover, the earth Emperor God book is on the goddess. Ye Chen has a close relationship with the goddess, and the power he can borrow is also extremely powerful.

I saw layers of rock and earth breath, gathered on Ye Chen's palm, so that ye Chen's whole hand was made of rock and earth, and layers of ancient rock god runes appeared on it, bursting out with terrible divine power.

Bang!

Ye Chen's rock god's big hand collided with the claw of the black pterosaur, and immediately exploded a shocking air wave, and the surrounding space was distorted and broken layer by layer.

"What, you can use the power of the emperor's book!"

The black pterosaur was terrified and discolored. Under the impact of the energy of the emperor's divine book, its claws and body showed signs of rocky.

"Damn it! It seems that you can't be suppressed until the tyrant himself takes action."

"Lord of reincarnation, wait for me!"

The black pterosaur was deeply afraid, and fluttered away.

Ye Chen is so strong that he can even borrow the power of the emperor's divine book. Even it dare not face Ye Chen's edge directly.

The black winged dragon retreated, and the monsters around it also retreated like a tide, and the black fog around gradually faded.

However, ye Chen looked around, but he didn't see anyone.

In the battle just now, he was completely separated from Ji Siqing and Xia Ruoxue.

The dead area is surrounded by black fog, and the secret of heaven is extremely closed. Ye Chen can't catch their breath.

"Damn, this dead zone is really troublesome."

Ye Chen's face twisted slightly, only worried about Xia Ruoxue's safety.

Fan Xingyan whispered, "brother ye, don't worry too much, if snow girl, they will be all right."

Ye Chen was a little calm, and under careful induction, he could also confirm that Xia Ruoxue and them were indeed safe.

Their bodies are endowed with reincarnation blood. If anything happens, ye Chen must be able to sense it.

"Your face seems a little pale. Let's have a rest first, and then set out to look for the red flame fairy grass later."

Fan Xingyan said.

Hearing fan Xingyan's words, ye Chen felt a burst of weakness in her body.

Just borrowed the power of the emperor's book, being strong is strong, but the consumption is also extremely huge.

After all, the earth Emperor God book is one of the three emperors' treasures. If the peak erupts, its power will not be inferior to that of the human emperor holy knife.

"OK."

Ye Chen nodded and had to rest on the ground first.

In the dead zone, the dark atmosphere is too strong, and it is not convenient to release the wish star, otherwise it is easy to be eroded.

While ye Chen was resting, the battlefield outside the dead zone was completely shocked.

The sound and weather of Ye Chen's just fighting had already spread out.

Everyone can feel the changes in the dead zone.

The golden ranking in the sky has changed again.

Ye Chen's ranking soared to

Chapter 8342

On the side of the Tianqing League camp, a young man also set out with his men.

The pupil of this young man is actually the pupil of a snake, long and strange.

His name is tangyunfei, from Tianqing League, and he is under Ye Linyuan.

The golden ranking in the sky,

Chapter 8343

Ye Chen shouted violently, prompting Yan Shen's blood to turn into a aura shield, like a golden bell cover, covering his body.

On this shield, there is even a smell of dust monument.

There seems to be a connection between the rock god and the dust tablet. If the energy of the rock god's blood and the energy of the dust tablet are integrated with each other, they can burst out into a more powerful power.

Hiss!

One flaming Phoenix hit Ye Chen's rock god shield and made a terrible sound.

Those flaming Phoenix, with extremely terrible dignity, like ancient gods, show their purgatory power in the world.

Fortunately, ye Chen's rock god shield is also quite strong, and it has forcibly blocked the impact of all fire phoenix.

The faceless monster's body stiffened. Although she had no facial features and expression, her heart must be very shocked.

The rock god shield on Ye Chen's body is filled with golden brilliance, which is simply like the most sacred guardian in the world. No matter what attack means, it can't be destroyed.

"Who the hell are you?"

Ye Chen stared at the faceless monster and shouted.

Vaguely, ye Chen felt that the monster's identity was not simple.

The monster didn't make any sound, but suddenly, she rushed to fan Xingyan and poked her paw at fan Xingyan's heart.

"Not good!"

Ye Chen's eyes narrowed. In fact, he was always vigilant, but the monster's body method speed was faster than he expected. It was incredibly fast to attack fan Xingyan, and he had no time to respond to the rescue.

Obviously, seeing that ye Chen was powerful and couldn't match, the monster chose to sneak attack fan Xingyan.

Fan Xingyan's "ouch" exclaimed, which was too late to avoid. She was about to be pierced by the monster's heart and killed directly.

But at this time, a jade pendant hanging around her neck emits Yingying light to protect her.

The monster saw the jade pendant, stunned, and then issued a whimper like a wail. His body trembled badly, and suddenly turned and flashed into the darkness, disappearing.

Ye Chen and fan Xingyan didn't expect this sudden accident.

Fan Xingyan was shocked in a cold sweat and narrowly escaped death. She sat on the ground, panting heavily, and her chest heaved.

Ye Chen saw that the monster took the initiative to leave, but he was also unsure. Looking at the jade pendant hanging on fan Xingyan's neck, he said, "Miss Fan, what magic weapon is your jade pendant that can actually force back the monster."

He saw that the jade pendant was aural, as if it were just an ordinary ornament. He didn't expect to force the faceless monster back. It was really unimaginable.

Fan Xingyan was also a little trance, and said, "this jade pendant was given to me by sister enchantress. It's just an ordinary jewelry. She said it was a relic left by her mother. Although it has Memorial value, it's not a powerful magic weapon."

Ye Chen said, "really?"

Vaguely, ye Chen had a terrible guess in his heart, but he was not sure. He just felt a thrill.

Fan Xingyan said, "brother ye, give me the red flame fairy grass quickly, or the aura will dissipate."

She looked at the red flame fairy grass in Ye Chen's hand, and her voice was a little anxious.

The aura of the red flame fairy grass is constantly passing, and the light is a little dimmer than just now.

Red flame fairy grass is different from ordinary medicinal materials. This kind of medicinal material gathers the aura of the earth vein fire. Once it is separated from the earth vein, the aura will quickly disperse and wither in less than half a day.

If the red flame fairy withered, and fan Xingyan's internal injury, it would be more difficult to recover than to ascend the sky.

Ye Chen's heart was cold, and he hurriedly gave the red flame fairy grass to fan Xingyan.

Fan Xingyan said, "brother ye, it may take me twoorthree days to heal here. You protect the Dharma for me. I'm afraid that the faceless monster is likely to make a comeback."

Ye Chen nodded and said, "OK."

At that moment, fan Xingyan found a cave behind the waterfall and took the red flame fairy grass alone to regulate her breath and heal her wounds.

Ye Chen is under the waterfall, guarding her.

Recalling the faceless monster, ye Chen felt inexplicably uneasy, and always felt strange everywhere.

"Well, if that monster dares to appear again, I'll suppress her first."

Ye Chen made up his mind and had an idea in his heart.

He used the power of the Iron Throne and the holy cup of human slaughter to set up an obscure array trap.

As long as the monster dares to come and trigger the trap, it will immediately be suppressed by the iron throne, the holy cup of human slaughter, and the soul devouring bead.

After the trap was arranged, ye Chen waited quietly and tried to communicate with Xia Ruoxue, Ji Siqing and Wei Ying. Unfortunately, there was no result.

The environment of the dead zone has been eroded too seriously by the darkness.

Time passed little by little, and it soon became dark.

The dead zone in the night is more dangerous.

Because those monsters, in the dark, will become more powerful.

Ye Chen sat cross legged under the waterfall, resting silently.

In the cave behind the waterfall, there was a burning breath, which was the aura of red flame fairy grass.

Ye Chen's divine sense visited the past and saw the hot temperature and red fog steaming in the cave.

Under the high temperature, fan Xingyan took off her clothes and was naked. Her face was a little painful, and she was constantly absorbing the aura around her.

"Brother ye, I'm fine. You don't have to stare at me."

Fan Xingyan spread her thoughts and felt Ye Chen's visit.

Ye Chen was embarrassed, so he withdrew his eyes and continued to guard her silently.

Until late at night, ye Chen felt a strange breath in a trance, quietly invading.

Chapter 8344

It was a faint Black Mist, floating along the air. Ordinary people couldn't find it at all if they didn't look carefully.

But ye Chen Dao was clear-minded and sensitive. He found it at the moment of the black fog.

From the black fog, he felt the familiar breath.

That's the smell of the faceless monster in the daytime!

The faceless monster was very smart and alert. He knew that he could not defeat Ye Chen in the face-to-face battle, but he wanted to sneak attack.

Ye Chen secretly laughed in his heart, and pretended not to know anything on the surface, and continued to cross his knees to regulate his breath.

Soon, the black fog invaded and floated in front of Ye Chen, suddenly twisted and burst, sending out a terrible roar, jumping out of a slender, long haired faceless monster, pale hands, sharp fingernails as a knife, fiercely stabbing Ye Chen's heart.

Ye Chen snorted, without any action, but suddenly burst under his body.

The trap he set up during the day was triggered on the spot.

I saw a dark light of steel, with cold dignity, and the murderous spirit of the ancient people, and the ferocity of soul eating and bone etching, fiercely shot at the body of the faceless monster.

Click!

The light of Steel burst and covered the faceless monster. The energy of the Iron Throne exploded instantly.

The faceless monster uttered a scream, and suddenly was invaded by the smell of the iron throne, and his body was ironed inch by inch.

"If you want to attack me, you are not qualified!"

Ye Chen sneered and grabbed the black hair of the faceless monster with his palm.

The monster's body was ironed and could not move at all. It could only be pinched by Ye Chen, and the voice of grief and terror was sent out in his throat, such as a dying beast.

As long as ye Chen spits out his palm power, he can crush the monster's head and kill it completely.

"Who the hell are you? Tell me your identity!"

Ye Chen looked directly at the faceless monster. It was very strange. He smelled the fragrance of a girl from the monster.

The dreamy and greasy fragrance of that girl is very incompatible with the horrible appearance of this monster. If it is a person with a slightly weak heart, I'm afraid he will be directly tortured crazy.

Ye Chen's shackles of the heart had already been cut off, and his state of mind was as stable as a rock without any fluctuation. He just wanted to know the identity of this monster.

If it's not the person he guessed in his heart, he will kill immediately.

The monster sobbed silently. In fear, the blank face without facial features even shed tears of blood, which was very strange.

"If you don't say it, I will torture you to death by the most cruel means!"

Ye Chen's voice became colder and colder, prompting the energy of the Soul Eater to erode the spirit of the monster.

Under the erosion of the soul devouring beads, the monster's soul was almost torn apart, sending out sharp screams and howls, and a burst of obscure syllables came out of his throat.

Those syllables converge as if they were a sentence:

"Sister, help me..."

Ye Chen's state of mind is still as cold as a rock, so he is ready to intensify the torture.

"Ye Chen, let her go!"

At this time, a cold voice sounded.

Ye Chen looked up and saw a beautiful figure coming down in the void of the night.

It was a woman in a pear flower dress, with bright eyes, white skin, and a Wuwei Tianjian on her waist. It turned out to be Shentu Wan'er.

Ye Chen saw the arrival of Shen Tu Wan'er and was stunned. He thought he was dreaming and could hardly believe his eyes.

"Wan'er, it's you!"

Ye Chen stared at Shen Tu Wan'er in a daze.

"It's me."

Shen Tu Wan'er's voice was soft, her eyes were full of endless attachment, and there were many complex emotions. She stared at Ye Chen and walked over step by step.

Ye Chen looked at Shen Tu Wan'er carefully and found that her breath was much stronger than before, revealing a great brilliance like a demon.

Ye Chen knew that she must have received the blessing of the future body, so her cultivation improved by leaps and bounds.

"This man is the wife of the moral God, the moon soul fairy. Don't hurt her."

Shen Tu Wan'er pointed to the monster in Ye Chen's hand and said.

"Is she... Moon soul fairy?"

Ye Chen was stunned, and her heart shook a little.

In fact, he had guessed that the identity of this faceless monster was probably not simple.

But now hearing Shen Tu Wan'er explain the truth, ye Chen is still extremely shocked.

Such a ferocious and strange monster is

Chapter 8345

After a pause, Shen Tu Wan'er looked at the empty scene under the waterfall, smiled bitterly and said:

"Originally, she found that the red flame fairy grass was taken away, so she rushed over and wanted to take it back."

"It's just unexpected that you are the one who took away the red flame fairy grass."

After hearing this, ye Chen was surprised and guilty, and said, "sorry, I don't know..."

He hurriedly released the moon soul fairy, removing all the iron and soul eating erosion.

The moon soul fairy sobbed and fell to the ground.

Ye Chen felt even more guilty.

Where did he think that the red flame fairy was the hope of the moon soul fairy to get rid of the darkness and return to normal.

Shen Tu Wan'er said, "however, your reincarnation blood should be able to remove the darkness for her."

"She once fell, leaving only the soul of the dead, but since ancient times, she has continuously absorbed the aura of fire and recovered her body."

"If we can break the darkness in her body, maybe we can make her return to her former appearance."

Ye Chen said, "yes, I will spend my reincarnation blood to dispel the darkness for her, that is, I don't know whether I can succeed."

Ye Chen looked at the moon soul fairy, and his heart was also infinite guilt, just want to compensate.

However, the dark evil spirit on the moon soul fairy was too strong, and ye Chen was not absolutely sure that it could help her recover.

Shen Tu Wan'er said, "the power of reincarnation blood is even above the true blood of the nine gods. If you are willing to fight, the moon soul fairy will be saved."

"I have arranged a ritual array, which can make your reincarnation blood to the fullest effect. Come with me."

Shen Tu Wan'er picked up the moon soul fairy and prepared to take ye Chen out of here.

In the throat of the moon soul fairy, she still sobbed like a fox, and fell in Shen Tu Wan'er's chest, looking extremely aggrieved.

Her appearance is the terrible appearance of a faceless monster, but the expression revealed at the moment is like a wronged girl, which is not commensurate with the terrible appearance.

Ye Chen's back was a thrill, and he probably guessed it

Chapter 8346

The moon soul fairy sitting opposite Ye Chen trembled violently. Her originally pale skin turned ruddy and delicate like a girl. It was obvious that she was nourished by Ye Chen's reincarnation blood and was gradually recovering.

Hiss hiss!

The body of the moon soul fairy kept emitting black smoke, curling and steaming.

The dark breath in her body, under the great power of reincarnation blood, is rapidly evaporating. The original strange face without facial features is also gradually emerging.

The effect of this scene can be called immediate.

Ye Chen's reincarnation blood, almost instantly, played a visible role.

Seeing this, Shen Tu Wan'er was also very happy and said, "Ye Chen, your reincarnation blood is indeed the existence of the heavens. Such a strong darkness has been dissolved by you."

Ye Chen pulled at the corner of his mouth and wanted to say something, but he just felt dizzy and couldn't speak.

He dispels the darkness for the moon soul fairy, and the effect is indeed remarkable, but his reincarnation blood is rapidly consumed, which is a great burden on the body.

Fortunately, these blood are ordinary blood, not concentrated blood essence. Although they are consumed a lot, they will not damage the foundation of martial arts. As long as you have enough rest, you can recover.

After Shen Tu Wan'er's surprise, her face showed a hint of vigilance, and her beautiful eyes coldly looked at the darkness outside the altar camp.

At this time, it is night. Monsters and monsters are rampant in the dead zone, but Shen Tu Wan'er has a special identity and is the future master of the demon God. No monster dared to offend her before.

But now, the fluctuation of Ye Chen's reincarnation blood gas has made many monsters in the dark unable to resist the idea of greed.

After all, for monsters and monsters, the blood of reincarnation is the biggest tonic!

Roar

With a low roar, outside the altar, there was a dark Kui ox. finally, unable to bear it, he rushed out and rushed straight to the altar with the pace of shaking the earth and mountains.

This dark Kui ox, with eyes like the sun and moon and roaring like thunder, is extremely powerful. It is an ancient alien that fell into darkness.

"Death!"

Shen Tu Wan'er saw the dark Kui ox and wanted to collide with Ye Chen. His eyes suddenly glanced a little coldness, pulled out the Wuwei Heavenly Sword, and with a touch of extreme dark sword gas, he burst out.

A puff.

The Kui cow was killed by Shen Tu Wan'er's sword spirit, and fell to the ground on the spot, and a dozen purple flames fell out of its body.

In the nearby forest, many dormant monsters and monsters were greatly afraid to see Shen Tu Wan'er's fierce appearance, and many low voices came out, and no one dared to appear again.

However, Shen Tu Wan'er did not relax her vigilance.

She held Wu Wei's Heavenly Sword tightly and guarded Ye Chen.

Just in case, she turned the array into a sword, arranged a dark sword array, and shrouded the entire altar.

Anyone who dares to rush in will be immediately killed by countless dark sword Qi.

The monsters and monsters hidden in the dark were even more afraid when they saw this scene.

Many monsters have no choice but to retreat, but some monsters, unwilling to give up reincarnation blood, are still dormant, waiting for opportunities.

Time passed bit by bit, and it was already midnight.

Shen Tu Wan'er looked at the sky, and then at Ye Chen and the moon soul Fairy on the altar.

She estimated that the ceremony would be completed by dawn.

At that time, the divine power of reincarnation blood will completely clean up all darkness, and the moon soul fairy will also recover as before.

"Lich ancestor, you want to take away the moon soul fairy, have you asked me about the death cult?"

Shen Tu Wan'er was watching nervously when he suddenly heard a cold voice from the sky.

I saw that in the night sky, the wind and cloud broke, and thunder and ghost rain exploded.

In the storm, a majestic figure, surrounded by countless twisted meat pieces, countless mysterious tentacles, and countless dark monsters, came down.

That figure was as majestic as a king on earth, and his eyes were full of violent expressions. At a glance, people had an impulse to surrender.

"Tianyu soul emperor, why are you here?"

Shen Tu Wan'er looked at the figure, and her pretty face suddenly sank.

Ye Chen felt the changes of the outside world on the altar. He opened his eyes and looked at the majestic man who fell from the sky. He was stunned, thinking, "what a powerful breath! This man is the Death Cult

Chapter 8347

Ye Chen looked at Shen Tu Wan'er. At this moment, he couldn't see the appearance of the daughter in the past on Shen Tu Wan'er. There was only the supreme glory and invincible glory, which was the majesty of the supreme demon God and the great master.

There is no doubt that Shentu Waner is the supreme demon God in the future. All demons and monsters in the world are just her subjects and believers.

The sea king demon revered by the death order is no exception, and will also become the subject of Shentu Waner. Any act of disobedience is disobedience and offense.

The heavenly soul emperor laughed and said, "if the God of rock is still alive, I may be a little afraid, but you, a little girl, are not worthy to be the master of the demon God!"

In the age of the nine gods, the Lord of the demon God is the God of rock!

The rock god Tianzun is the most powerful God. When he crosses the heaven and earth, even the ancient god should avoid his edge.

Among the nine gods, the rock god Tianzun is also the most powerful existence.

Today's Shentu Wan'er, although also dominated by the demon God, obviously cannot be compared with the former rock god Tianzun.

Shen Tu Wan'er was holding a powerful Heavenly Sword, with a cold killing intention, and her beautiful eyes were also a little cold. She stared at the heavenly soul emperor and said, "do I deserve it? It's not time for you to talk nonsense!"

"Tianyuhun emperor, you have long died, leaving only a wisp of dead soul. Fortunately, you stole the energy of fire and recast your body, but your body is weak in blood and Qi. Your strength now is less than 1% of that at the peak. How can you be my opponent?"

The voice fell, Shen Tu Wan'er suddenly cut out with a sword, an extreme dark sword, tore through the void like lightning, cut against the sky in an instant, and immediately killed in front of the emperor of heaven.

This sword is extremely sharp, like a great demon God, showing his Majesty in the earth. The sword wind sweeps through the air, and the sharp sonic boom is even mixed with the voices of many gods and demons, which is extremely magnificent.

If it is really cut, the emperor of heavenly imperial soul is even in danger of falling.

Ye Chen looked at Shen Tu Wan'er's fierce sword, secretly shocked and happy.

It seems that today's Shen Tu Wan'er has received the blessing of the future body, and her cultivation strength has changed like the sky, becoming extremely strong.

Looking at the sword, tianyuhun emperor was also extremely afraid. He quickly leaned over and avoided it. Then he sneered and said, "Lich ancestor, since I dare to come, I naturally have a way to suppress you. I can't fight you alone, but what about this?"

With that, the emperor of the heavenly imperial soul suddenly blew a whistle. In the whistle, the sky and the earth were full of Yin wind and magic fog, and a loud and far-reaching dragon roar came out of the distant void.

Then, a pair of huge black wings stretched across the sky, blocking the day and night.

A giant dragon with two wings, black all over, huge and deep as a mountain, came down from the distant sky.

"Sinners who steal the orthodoxy of demon gods, praise my coming!"

The blood colored eyes of the two winged dragon, with a fierce breath, looked down at Shentu Wan'er, made a loud and shocking sound, and the four mountains were trembling.

"Death's family, black pterosaur?"

Ye Chen looked at the winged dragon, and his eyes immediately contracted.

This two winged giant dragon, which he has also seen, is one of the four dependents of the sea king, the black winged dragon!

Earlier, when he just stepped into the dead zone, ye Chen was attacked by a black pterosaur. Finally, he fought it back with the help of rock god's blood and the power of the emperor's book.

Shen Tu Wan'er saw the arrival of the black pterodactyl, and her beautiful eyes also swept a trace of dignity.

The black winged Dragon flew to tianyuhun emperor, and their breath merged, and immediately erupted into extremely powerful waves. The demon gas rolled between heaven and earth, and countless demon gods and monsters grew out of the darkness.

"Hey, hey, I work with the dragon sign. No matter what your Lich ancestor or the Lord of reincarnation, there is only one way out!"

The heavenly soul emperor rode on the back of the black pterosaur, and the peak of magic gas erupted. In his hand, there was a simple and cold spear, with dark runes shining on the body, which was very gorgeous.

He looked at Shen Tu Wan'er and Ye Chen on the altar. His eyes were full of murderous spirit.

Ye Chen and Shen Tu Wan'er were all alert in their hearts.

If it's just a heavenly soul emperor, or just a black pterosaur, with their strength, they are sure to win.

But it is very difficult to deal with the combination of tianyuhun emperor and black pterodactyl, which brings together the peak of darkness and death.

"Ye Chen, you continue to revive the moon soul fairy."

"The enemy, leave it to me!"

Shen Tu Wan'er looked back at Ye Chen, with a trace of determination and determination in her beautiful eyes.

Later, she took the sword of Wu Wei and flew up against the sky, alone, facing the emperor of the sky and the black winged dragon.

The night wind blew her long hair and her pear blossom dress. The sky was originally surrounded by black fog. At this time, there was a hint of bright moonlight, and I don't know where it came from.

"Truth, respond to me!"

Shen Tu Wan'er raised his sword and sang, and the sword suddenly burst into bright white light. There was an ancient singing echo in the void, and the world was turbulent.

That is the echo of truth, the greatest singing!

The cultivators without time and space pursue the ultimate truth.

They believe that there must be a great master behind everything, past, present, future time and space, and the existence of everything.

Some people say that this great master is "Tao" and some people say that it is "heaven", but the cultivators without time and space say "truth".

Chapter 8348

The pursuit of truth is endless.

The deeper one understands, the more powerful one will be.

At the moment, Shen Tu Wan'er obviously has his own understanding of the great truth and the ultimate meaning, and has mastered a trace of essence.

She wielded her sword and killed the light of truth, breaking the darkness, and directly beheading the emperor of heaven and soul.

"Your truth heart can't resist the majesty of my death sect."

The emperor of heaven's Royal soul smiled grimly, riding a black winged dragon, like the oldest demon warrior, his body was full of magic gas, his gun came out like a dragon, and a little bit of cold light bloomed, hitting Shen Tu Wan'er directly.

Ding Ding!

Shen Tu Wan'er's long sword and the magic gun of Tianyu soul emperor collided frantically in a flash, sending out a series of crisp noises.

The two clashed, with glowing clouds and dark radiance surging, and the fierce collision atmosphere made this space of heaven and earth crack faintly.

Shen Tu Wan'er's face sank slightly, and she could feel that there was a powerful dragon power in the shooting technique of the emperor of heaven's Royal soul.

That's the family of death, the power of black pterosaur!

Shen Tu Wan'er was alone, but he had to face the joint force of the heavenly soul emperor and the black winged dragon, which was obviously disadvantageous.

Less than a moment after the fight, she was defeated, and was forced to be left and right by the dragon like spear awn of the heavenly soul emperor, looking quite embarrassed.

"Damn it."

Ye Chen gritted his teeth and saw that Shen Tu Wan'er was in trouble. His heart was also anxious.

He wanted to help, but now he couldn't get away from reviving the moon soul fairy.

Moreover, Shen Tu Wan'er fought alone just to protect him from foreign enemies.

"We must revive the moon soul fairy as soon as possible and fight side by side with Wan'er!"

Ye Chen's eyes were cold, and he made up his mind. He immediately urged the wind blade to cut and bleed the palm of his other hand.

Both hands bled, and a large amount of reincarnation blood flowed from ye Chen's body, poured into the altar, and transmitted energy to the moon soul fairy through a special ceremony.

"Well..."

The moon soul fairy gave a slight moan. Under the impact of Ye Chen's reincarnation blood, the dark breath on her body quickly evaporated and collapsed.

Gradually, the moon soul fairy began to recover.

All the mysterious and evil breath faded from her.

A divine and great light enveloped her.

That is the light of reincarnation.

Ye Chen opened her eyes wide and saw the moon soul fairy in front of her, gradually transforming from a mysterious and dark faceless monster into a girl.

It was a very pure, very delicate girl, who woke up from the dark, like a newborn, without clothes, with white and pink skin, and a green body, as if it were not ripe peaches.

The girl's white wrist, like frost and snow, is dotted with a bright red palace sand.

The girl opened her eyes. Her eyes were clear and bright, pure and touching. The light of reincarnation enveloped her. She was like a fairy on earth. The fine hairs on her skin were clearly visible.

Ye Chen was stunned and couldn't believe his eyes.

The moon soul fairy a moment ago was still a dark and strange monster.

At this moment, she became such a pure and touching girl. The change was too great and the change was too strange.

Ye Chen couldn't believe it if he hadn't seen it with his own eyes.

On the surface, the moon soul fairy actually compared with

Chapter 8349

The moon soul fairy nodded and said, "naturally, I believe in the talent and Tao heart of reincarnation, but before I pass it on to you, I still want to remind you that when I understand this skill, I will encounter between heaven and earth

Chapter 8350

But at this moment, ye Chen's breath is simply invincible and unstoppable. With every move, he can suppress all darkness and uncertainty.

"This boy has been inherited by the moon soul fairy. Kill him quickly!"

Seeing this, the black winged dragon also sent out a loud roar, with bloody eyes full of anger.

Tianyuhun emperor shivered all over and looked down at the altar.

He found that the moon soul fairy, who had fallen into darkness, had now completely recovered and regained consciousness, staring at the night sky with cold and indifferent eyes.

"Damn it!"

Tianyuhun emperor was also angry. He originally wanted to subdue the moon soul fairy and rob her of everything.

You know, the moon soul fairy was once the supreme guardian of the fire, the sister of the Vulcan God, and the wife of the moral God.

If you can subdue the moon soul fairy and rob her blood, it will be of great benefit.

But now, the moon soul fairy has recovered, and even passed the Mingyu Heart Sutra to Ye Chen.

It is impossible for the death cult to accept the moon soul fairy again.

"It's all you, boy, bad for me!"

Tianyuhun emperor was furious and stared at Ye Chen. The magic gun in his hand destroyed the dead and destroyed the void, and he went straight to Ye Chen.

Crack crack!

Under the magic gun of the heavenly soul emperor, the dark blue breath summoned by Ye Chen and all the weather of dark blue jade were severely crushed.

"Xuanyu hand, town!"

Ye Chen looked at the tianyuhun emperor who was killed in a rage, calmly, and his hands were shining like bright jade. He overcame hardness with softness, and grabbed the body of the tianyuhun emperor.

This Xuanyu hand is also a magical power in Mingyu Heart Sutra, which also has a strong suppression effect on the dark breath.

As soon as ye Chen caught the magic gun of Tianyu soul emperor, the dark atmosphere surrounding it quickly dimmed, and there was no room for havoc at all.

"Damn boy, think you have learned a little magic, dare to be presumptuous in front of me?"

Tianyuhun emperor was furious, directly gave up the magic gun, drove the black winged dragon, retreated for a distance, and immediately jumped up suddenly. The soles of his feet severely stepped on the back of the black winged dragon, and his body exploded like thunder, with a punch towards Ye Chen's head.

"Tianwu Dao, fist of tyrant!"

The emperor of the heavenly imperial soul was shocked and shouted angrily, and his fist exploded with terrifying brilliance, which was the ultimate light of martial arts.

This punch, but there is no breath of darkness, only pure martial arts.

Ye Chen's Mingyu Heart Sutra is too strong to suppress the dark breath.
