

Physician 8351

Chapter 8351

Shen Tu Wan'er flew to Ye Chen's side, and the two people leaned close together side by side, staring at the emperor of the heavenly imperial soul.

"Dharma protector, your flesh and blood strength is not enough. You can't beat this sinner man and woman. It's better to rob other people's blood and nourish your flesh first."

"I feel as if a lot of people are coming."

The black pterodactyl shouted in a low voice, and his bloody eyes looked around the forest in the dead zone.

It can feel the breath of many martial artists lurking in the distant forest.

Those are the contestants who broke in from the outside.

Hearing the words of the black winged dragon, the emperor's eyes lit up.

In fact, his cultivation in his peak period is extremely strong and does not lose to anyone in the world.

But in the great catastrophe of that year, he and the moon soul fairy burned jade and stone, both of them were hurt, and the damage was too serious.

Even if the body is recast now, this body is just forged by stealing the energy of fire, and its blood is very weak.

If he wants to play the peak of cultivation in the past, he must have a stronger body!

If you can rob the life of other contestants and harvest their lives, his body will surely become stronger!

Thinking of this, there was also a strong murderous spirit in the eyes of the emperor of heavenly imperial soul.

"Go!"

The idea decided that the emperor of the heavenly imperial soul was also quite quick, and immediately drove the black pterosaur to escape.

Ye Chen and Shen Tu Wan'er are too strong together. If he stays, he will never take advantage of it.

"Stop him!"

Ye Chen heard the plan of the emperor of heaven's Royal soul, and was also creepy and alert.

If tianyuhun emperor succeeded in planning, devouring the blood of other contestants and becoming stronger from then on, ye Chen may not be able to fight.

Ye Chen offered the reincarnation Heavenly Sword, prompting the breath of the Iron Throne. With one sword, he cut out a torrent of steel, trying to block the way of the heavenly soul emperor.

However, tianyuhun emperor drove the black pterodactyl, surrounded by black fog, blocked Ye Chen's steel torrent, and flew away directly.

Shen Tu Wan'er stood in place with the a sword and did not stop him.

Because she knew that tianyuhun emperor was not injured. If he wanted to leave, she and ye Chen couldn't stop him.

After all, the strength gap between the two sides is very small.

"If you want to completely wipe out the emperor of heaven and soul, you can't rely on us alone. You also need the help of your friends."

"Call Miss Ruoxue, Miss Siqing and Miss Wei Ying together. Only when we join hands again can we be absolutely sure that we can suppress the emperor of the heavenly Royal soul."

Shen Tu Wan'er looked at Ye Chen and said.

Ye Chen shook his head and said, "I don't know where they are."

Ye Chen and Xia Ruoxue have long separated, and neither of them knows each other's location.

After all, in the dead zone, the secret of heaven was too closed, and the endless black fog covered all traces of cause and effect.

Just now, Shen Tu Wan'er's battle with Tianyu soul emperor was earth shattering. I want to come to Xia Ruoxue, and they also saw it.

However, they should not think that behind the fighting atmosphere, it is actually related to Ye Chen.

In such a fierce and dangerous battle climate, they and other contestants, not familiar with the environment of the dead zone, naturally dare not rush close to check, so as not to encounter accidents.

Shen Tu Wan'er said, "I can call them for you, but it takes some time. It's probably noon tomorrow. You have a rest first."

Ye Chen felt weak after hearing Shen Tu Wan'er's words.

He revived the moon soul fairy, which had already consumed a lot of blood. In fact, the just fight was supported by his will.

Now the battle is over, ye Chen also feels dizzy.

He smiled helplessly and nodded.

Now he really needs a rest.

Ye Chen fell down and returned to the altar.

The moon soul fairy looked at his weak appearance, touched his forehead, felt his temperature, and then whispered, "Ye Chen, you spent too much blood to save me. You are very weak now. Come with me. I will take you to a place where you can recover as soon as possible."

Ye Chen moved in his heart and asked, "where are you going?"

The moon soul fairy said, "the source of the fire."

"Fire source?"

Ye Chen's heart tightened. Is the source of the fire the place where the fire is stored?

He looked back at Shen Tu Wan'er, who was also a little lighter and said, "the moon soul fairy asked you to go, so you can go. Maybe it was an opportunity."

The moon soul fairy smiled slightly and said to Shentu Wan'er, "miss Wan'er, thank you for your care these days. Although I am not a believer in darkness, I am also deeply honored to meet you. In the future, you may be able to reproduce the great glory of the nine gods in those days."

Shen Tu Wan'er took Wu Wei's Heavenly Sword back into its sheath, listened to the praise of the moon soul fairy, just smiled and said, "in fact, if there is an option, I don't want to be the leader of the monster."

The moon soul fairy sighed, "in this life, people often can't help themselves. Where can everything go well? Heaven is healthy, and a gentleman can only face it calmly with self-improvement."

Shen Tu Wan'er was silent and speechless.

The moon soul fairy looked at Ye Chen again and said, "well, ye Chen, come with me. I'll take you to the source of fire seeds. I want to come to my sister and see what the Lord of reincarnation looks like now."

"In the age of the nine gods, the gods fought fiercely to compete for the Tao of reincarnation. In the end, no one can inherit it. You are the inheritor of reincarnation. I don't think you will disappoint anyone."

Speaking, the moon soul fairy broke through the air with her slender hands, summoned a space gate, waved to Ye Chen, and walked in first.

"Wan'er, I'll go."

Ye Chen glanced back at Shen Tu Wan'er and said goodbye. He followed the moon soul fairy and stepped into the space gate.

After a burst of intense space airflow rotation, ye Chen came to a strange world.

This world is a chaotic existence. There is no sky, no earth, no space, no law. Everything is chaotic.

In the endless chaos and gloom, ye Chen saw a fire.

That fire, with a dark red color, is not blazing, but it seems to contain divine brilliance, which is full of endless vitality.

"Is that the fire of the real world?"

Ye Chen looked at the flame in front of him and was dazed.

He still

Chapter 8352

Once this energy fluctuation erodes the human body, it will cause damage to the human body.

Ye Chen held the hand of the moon soul fairy, and he could feel the warm radiance on her hand, resisting the erosion of all the strange smells around.

The moon soul fairy kept moving forward, and the laws around seemed to follow her orders, and countless energies converged.

Click click!

This chaotic world began to vibrate, as if it were changing out of thin air. There were boulders, giant trees, countless flowing water, burning fire, fluttering wind and cloud, shining lightning, magnificent and unusual.

Then, those huge stones and trees began to build automatically, and built a great temple.

The chaotic mist above the temple opened up the sky, the wind and clouds were flowing, birds appeared under the sky, and giant beasts were born on the temple, crouching in front of the temple door, powerful.

All this is like the great cause of creation.

With the extension of the steps of the moon soul fairy, a great world was born with the temple as the core.

In the center of the temple, there is a fire, surrounded by countless sacred warriors.

The moon soul fairy took Ye Chen's hand and stepped into the temple.

Against the backdrop of the huge and magnificent temple, their bodies were as small as ants.

The fire in the center of the temple seems to be the greatest holy fire in the world. It is burning and will never be extinguished.

The container containing the fire is a bony torch, and it seems to be a special vessel.

Ye Chen looked at the bone vessel and felt his heart beating faster, as if there was a mysterious force impacting his mind.

He knew that the fire container was made of the bones of the moon soul fairy's sister, the former God of fire.

That container is the remains of ancient gods!

Any eyes that look directly at the bones of gods are tantamount to blasphemy and will be punished by heaven.

Ye Chen then looked away, did not look at the fire container, but looked at the constantly burning fire.

"You see, the container of that fire is made of my sister's bone."

"Is it beautiful?"

The moon soul fairy pointed to the fire container, but her voice had a morbid meaning. She couldn't say whether it was hatred, resentment, despair or something, but it was a morbid state.

"Master..."

Ye Chen doesn't know what to say.

When the nine gods competed for hegemony, the God of fire was defeated, and he fled to the real world with his sister. The two sisters depended on each other for their lives.

However, the moral deity made a strong move to kill the God of fire himself.

From then on, the moon soul fairy was alone.

She lost her relatives and felt miserable in her heart.

Ye Chen also felt that she was very poor, but she didn't know how to comfort.

The moon soul fairy smiled. Although she had a morbid expression, she didn't show too much in front of Ye Chen and said, "if you rest here, the fire will protect you, and my sister will also protect you."

Ye Chen said, "thank you!"

At that moment, ye Chen sat down cross legged and began to concentrate and regulate his breath to recover his vitality.

The distance between him and the fire is less than ten steps, which is very close.

So close to the fire, ye Chen also felt his reincarnation blood, and the resonance with the fire was very close.

The recovery of vitality is also extremely rapid.

However, ye Chen found that he could only absorb the excess energy released by the fire.

As for the energy of the core of the fire, he can't touch it, nor can he resonate and absorb it.

The skeleton of the God of fire is cast into a container to protect the fire, which is also equivalent to a seal to protect the energy of the core of the fire from theft and pollution.

It is almost impossible for people in the real world to absorb the core energy of the fire unless the white bone container is destroyed first.

After all, the vessels made from the bones of ancient gods are too powerful, let alone damaged. Even if you just look straight at them and look at them more, they will be contaminated.

Think about it, ye Chen just got a drop of rock god's blood, and there was such a big transformation. If it was a whole God's skeleton, it was really unimaginable terror.

Although the peak strength of the God of fire is not comparable to that of the God of rock, the gap between the two is actually very small.

If the fighting capacity of the God of rock is 100.

The God of fire, the God of thunder, the God of grass, the God of death and other gods have a fighting capacity of 99.

The gap is very small.

But, because the divine power of the rock god Tianzun is very special.

Earth and rock defense, the world

Chapter 8353

"How do you feel?"

The moon soul fairy saw that Ye Chen woke up, and her eyes moved. She asked softly. She had always been guarding Ye Chen.

"Elder, I have completely recovered!"

Ye Chen said happily.

After a pause, he said, "senior, let's go back."

The moon soul fairy shook her head and said, "no, I don't want to go out. I just want to stay here and accompany my sister."

Ye Chen was stunned and said, "elder, don't you go out? That day, the imperial soul emperor hasn't been solved yet..."

The moon soul fairy said, "it's up to you to solve it. In the great catastrophe of that year, I was defeated by both tianyuhun emperor and I. his strength has fallen too much now, less than 1% of his peak. You can completely solve him, and I don't need to do it again."

Ye Chen was silent for a while, then nodded and said, "OK, elder, I will solve him."

The moon soul fairy smiled gently and looked at Ye Chen with a trace of appreciation in her eyes. She said, "it's worthy of being the person my daughter likes. It's really magnificent."

Ye Chen recalled

Chapter 8354

"Although the moral God gave my sister the last blow, but later in order to save my sister's bones, he also paid a great price and took great pains."

"Everything he did was for the survival of the fire."

"How to say, he is actually not a person. He is just a ruthless machine. Everything he does is just for the continuation of the fire. His born mission is to protect the fire."

Ye Chen was a little shocked. It seems that the character of moral God is also quite complex.

The moon soul fairy seemed to think of something and said, "Oh, by the way, the ghost who once led the way for the death cult is Hong Chunqiu of the wanxu temple, do you already know?"

Ye Chen said, "I know."

The moon soul fairy nodded and said, "well, you know, after you go out, you must remember to report to the moral God, and the ghost must be eradicated."

"In fact, with the divine power of the moral God, if he really wants to deduce his insight, there is nothing that can hide him, but he never takes action, because once a little breath is leaked, he will be called by the truth and soar to no time and space, but he doesn't want to leave reality."

"Therefore, you should report the truth in person."

"Anyone who may threaten the fire must be killed!"

Speaking of the end, the tone of the moon soul fairy was also filled with cold.

Ye Chen can see that what the moon soul fairy wants to protect is not the fire, but the container of the fire, the skeleton of her sister.

"Don't worry, elder. I remember everything."

Ye chendao.

"Very good."

The moon soul fairy was very satisfied. At that time, she opened a door to space and sent Ye Chen away from the source of the fire.

Wow.

The space vibrates and the air flows back and forth.

Ye Chen returned to the dead area again, returned to the altar, and returned to Shentu Wan'er.

At this time, it was early morning. In the dead zone shrouded in black fog, there was a rare trace of sunshine.

The sun fell on Shen Tu Wan'er, and her white skin seemed to be covered with a layer of divine brilliance, beautiful and eye-catching.

"Ye Chen, you are back."

Shen Tu Wan'er couldn't help laughing when she saw Ye Chen coming back and his breath was perfectly restored to its peak.

"Well."

Ye Chen nodded, but she saw Shen Tu Wan'er playing with some ceremony on the altar.

"I'm calling your friends. It's estimated that by noon, if snow girl, they will arrive."

"At the same time, I also informed other contestants, telling them to hide and not to be found by the emperor of heaven."

Shen Tu Wan'er said to Ye Chen as she fiddled with the ceremony.

The plan of Tianyu soul emperor is to hunt other contestants and improve the energy of the body by relying on the blood of living people.

As long as other contestants hide and are not found, the plan of tianyuhun emperor will naturally fail.

"Also, I summoned the wanxu Temple Camp and the strong ones in the Jianmen camp. I hope they can put aside their prejudices and join hands with us to fight the enemy together."

Shen Tu Wan'er finished the ceremony, came down from the altar and said.

"Do you want to unite the people of wanxu and Jianmen?"

Ye Chen was surprised and surprised.

"Yes, the heavenly soul emperor is very powerful. His cultivation at the peak is comparable to that of the Immortal Emperor. Once his physical energy is improved, his once strength will also be greatly recovered, and the consequences are unimaginable."

"We must get rid of him as soon as possible, and we can't leave future troubles."

Shen Tu Wan'er said in a condensed way.

"What do wanxu and Jianmen say? Are you willing to work together?"

Ye Chen asked.

If it's to deal with the emperor of heaven, he doesn't mind joining hands for a short time.

After all, the enemy in front of us is indeed extremely powerful.

And if you can kill the tianyuhun emperor, you can also get a lot of rewards from the purple fire.

Shen Tu Wan'er shook his head and said, "they haven't responded yet. Maybe they think I'm on your side and have bad intentions."

Ye Chen shrugged his shoulders and said, "it's up to them to think. Anyway, it's not impossible to kill the heavenly soul emperor by our strength."

Ye Chen is quite confident. When Xia Ruoxue, Ji Siqing and Wei Ying come, it is not too difficult to cooperate with him and Shen Tu Wan'er to kill the emperor of the heavenly Royal soul.

Of course, the premise is that tianyuhundi is still the strength of last night and has not broken through the recovery.

Waiting all morning, until noon, the altar buzzed and filled with bursts of light.

Hoo

Above the sky, the air swirled, as if something responded.

Ye Chen's eyes narrowed slightly, and when he looked up, he saw that in the sky, the black fog dispersed, and figures came flying from all directions.

It is Xia Ruoxue, Ji Siqing, Wei Ying, Xia Yu, and the disciples of Xingyue cult, Canghai world, life and death domain, and QIANXING palace.

When they heard Shen Tu Wan'er's call, they all came. Only fan Xingyan was still healing in isolation and never came.

"Ruoxue, Siqing, Wei Ying..."

Ye Chen was overjoyed to see the third daughter.

The three women and ye Chen reunited with great joy, and the four hugged each other.

And the disciples around were delighted to see ye Chen here as expected.

"Ye Chen, your breath is refined again."

Xia Ruoxue hugged Ye Chen and could feel Ye Chen's breath, which was stronger than before.

Although Ye Chen's cultivation is still seven layers in the hundred flail realm, the physical strength, spiritual strength, and blood power are more pure and thick than ever, revealing a calm, powerful, and invincible brilliance.

"Slight progress."

Chapter 8355

Ye Chen smiled, then took out the moon soul heavenly book and handed it to Xia Ruoxue, saying:

"This book of heaven is a gift for you."

Xia Ruoxue's beautiful eyes looked at the moon soul book, and suddenly a shock.

Because she felt that there was a very strong flavor of Mingyue Taoism on the moon soul heavenly book.

Although the Mingyue Tianshu in her charge is now the supreme Tianshu, at the beginning, it was only a small volume of Tianshu, created and written by the wanxu temple.

When looking at the moon soul book, Xia Ruoxue felt a very familiar breath.

This book is actually interlinked with the breath of Mingyue Tianshu.

Perhaps this volume of moon soul heavenly book was the inspiration and energy source of the bright moon heavenly book created by the wanxu temple in those days.

"Where did you get it?"

Xia Ruoxue asked curiously.

"It was given to me by an old master. You are about to refine."

Ye chendao.

"Yes!"

Xia Ruoxue nodded and took the moon soul book.

The moon soul book, in her hands, turned into a little moonlight, all gathered into her body.

Xia Ruoxue has the inside story of Mingyue Taoism, and is very powerful.

Therefore, she refined this month's soul book almost effortlessly and successfully on the spot.

With the successful refining of the moon soul heavenly book, Xia Ruoxue's breath has also become more pure and powerful. Her skin is white and transparent as if moonlight, frost and snow converge, and her whole body shows a cool temperament, which makes people dare not look at her.

People were also surprised to see Xia Ruoxue's transformation.

Shen Tu Wan'er's beautiful eyes coagulated and said happily, "well, if Miss Xue degenerates and breaks through, let's kill the tyrant Tianyu soul emperor, and our grasp will be greater!"

After a pause, Shen Tu Wan'er looked into the distance, and her eyes also became cold: "I have caught the breath of the emperor of heaven, let's go!"

After that, Shen Tu Wan'er flew up against the wind and swept away towards the distance.

Ye Chen, Xia Ruoxue, Wei Ying, Ji Siqing, Xia Yu and others, without saying a word, rose up against the wind and followed Shentu Wan'er.

Shentu Wan'er became a leader faintly, and she did have the qualification of a leader.

She had identified herself before she called the crowd.

She is the future demon lord, the leader of all monsters and demons in the world, and the supreme existence of demons.

Led by Shen Tu Wan'er, Ye Chen and others flew all the way over the forest and came to the edge of the dead zone.

In front of me, there is a terrible smell of darkness.

I saw in the rolling black fog, a powerful man, holding a magic gun, riding a giant dragon, frantically killing, it is the emperor of heaven's Royal soul!

Below the heavenly soul emperor, there are contestants, wearing the clothes of Tianqing League, who are obviously disciples of Tianqing League.

Under the killing of Tianyuhun emperor, Tianqing League disciples fell down, and their flesh and blood were devoured and turned into bones.

The Tianyuhun emperor swallowed a lot of flesh and blood, and his breath became stronger. He looked up to the sky and laughed and said, "you mole ants, although the flesh and blood are a little bitter, it's always better than not. They all become my tonic!"

Tianyuhun emperor licked his lips, with a greedy and hot look in his eyes, drove the black pterosaur, carried a magic gun, and killed a man on the ground.

"It's Ye Linyuan's disciple, Tang Yunfei."

Shen Tu Wan'er looked at the man and said to Ye Chen.

Ye Chen's eyes are slightly bright, and he also looks at Tang Yunfei.

Tang Yunfei ranked in the golden list

Chapter 8356

The black winged dragon sang loudly, burning blood and fate, rumbling all over, bursting into black flames, wisps of terrifying energy, with the waves of death and darkness, fell from the sky and poured into it.

It did not hesitate to sacrifice itself, but also to summon the power of death to come against Ye Chen and others.

Boom!

The breath of darkness instantly exploded between heaven and earth, tearing up space, and there were huge and terrible black holes everywhere.

This world suddenly became a doomsday world.

A head of dark monsters, as well as countless strange and twisted insects, poisonous snakes, centipedes, drilled out of the black hole whirlpool, and surrounded Ye Chen and others.

Seeing the terrible dark weather around, ye Chen and others were shocked.

But the next moment.

Ye Chen's eyes, that is to restore coldness, also sent out a loud and magnificent singing.

"Reincarnation of heaven, bright jade brilliance, come to this world, clean up the darkness!"

Ye Chen raised his sword as his chest, and the reincarnation blood in his body burned slightly, and the holy light of reincarnation surged out of his body.

The universe seems to be inspired by reincarnation.

This square of heaven and earth, large tracts of black fog, quickly dispersed.

A magnificent, spectacular and shocking country, fell from the sky to suppress the eternal terror, thundering down.

That's the weather of reincarnation in heaven!

No, to be exact, it's not the weather, but really, a great country falling from the sky.

Under the operation of Ye Chenyan's divine blood, he built the earth vein to make the reincarnation of heaven have a real appearance.

In the kingdom of heaven, there are great brilliance everywhere, bright jade weather, morning wind, purple lightning, and devout believers praying everywhere.

As soon as the reincarnation kingdom of heaven landed, all the darkness around it, the singing of death, was suppressed.

"Puff!"

The dark breath was suppressed, and the black pterodactyl was shocked on the spot. The blood vomited wildly, and the blood colored eyes became dim, full of panic and shock.

"How possible!"

"Lord of reincarnation, your power is so divine!"

The black pterosaur was deeply shocked and looked at Ye Chen inconceivably.

At this moment, ye Chen was full of holy light. He was as grand and domineering as the Lord of gods. He wanted to suppress all darkness and mysteries. He was invincible and powerful enough to make people want to kneel down.

Even if the black pterosaur summoned the power of death to come, it could not resist at all.

Ye Chen looked at the black pterodactyl with incomparable indifference and strictness in his eyes.

In fact, at this moment, he was so invincible thanks to the chance of the moon soul fairy last night.

The moon soul fairy taught him Mingyu Heart Sutra, which can suppress the darkness, and also took him to the source of fire to receive the nourishment of fire.

Ye Chen's physique, muscles, blood and spirit have been quenched by fire and become extremely strong.

If in the past, he burned reincarnation blood, and was bound to fall into weakness.

But now, ye Chen used the power of reincarnation blood, and there was no discomfort. Everything was flowing freely.

He used the power of reincarnation blood to summon reincarnation heaven, in which the aura of Mingyu Heart Sutra fluctuated, and the suppression effect on darkness was strong to the extreme.

Therefore, when ye Chen's reincarnation heaven was suppressed, the darkness and mystery all over the sky completely collapsed and could not stop the majesty of reincarnation.

Moreover, ye Chen's rock god blood also has a strong restraining effect on the death cult.

In front of him, the black pterodactyl, even if it was once the family member of the God of death, could not turn over at all and could not resist.

"Bastard, die!"

Ye Chen didn't talk nonsense at all. With a wave of his palm, a purple lightning was brewing, and eighteen blades were shot from inside, sweeping a hundred steps, destroying the withered and decaying, and killing the body of the black pterosaur.

Poof!

Eighteen purple lightning God thunder knives came in an instant, and cut them all on the body of the black pterosaur. The sound of flesh and blood cracking, as well as the sound of thunder and electric explosion, surged up.

"Ah ah!"

The black pterodactyl howled miserably, and was cut off on the spot by Ye Chen's purple lightning God thunder knife. Its vitality was broken, and it fell to the ground and died.

Purple flaming lotus blossoms fell out of the black winged dragon and scattered on the ground.

However, ye Chen did not collect it.

Because the real enemy has not been solved.

Now is not the time to clean up the battlefield.

Ye Chen's eyes looked at the Tianyu soul emperor in front of him.

Seeing that ye Chen was so fierce that he was breathing, Tian yuhun emperor beheaded the black pterodactyl, and he was shocked.

"This boy is so powerful!"

"Isn't he only seven layers in the hundred flail realm? How can he have such strong power?"

"This is impossible!"

Tianyuhun emperor was completely shocked. If he hadn't seen it with his own eyes, he couldn't believe that ye Chen would be so powerful.

Shen Tu Wan'er, Xia Ruoxue and others were also extremely shocked.

Ye Chen's strength is also beyond their imagination.

Even, they don't have to fight.

Ye Chen killed the black pterosaur alone.

That was once the family of death!

The heavenly soul emperor over there is afraid after the shock.

He was deeply afraid that the next one to die was himself.

"Sinners, punish yourself!"

Tianyuhun emperor stared at Tang Yunfei in front of him, and suddenly made a sharp cry, with a mysterious smell of law in his voice.

Tang Yunfei heard the voice of the heavenly soul emperor, and his head buzzed.

At the next moment, his right hand, which was out of control, lifted his sword and wiped it off his neck.

Chapter 8357

"No!"

Tang Yunfei was shocked. He didn't know what was going on. His body suddenly got out of control.

He could only watch his hand and cut his neck with his sword.

Poof!

A sword seals the throat.

Tang Yunfei killed himself in this way.

His eyes widened until he died. He couldn't believe that he would commit suicide out of control.

"What spell is this?"

When ye Chen saw this scene, his scalp was also numb, and he was surprised.

"It is a unique secret law of wuwuwu time and space, a weapon of causality."

Shen Tu Wan'er came to Ye Chen, but her beautiful eyes were extremely dignified.

"Causality weapon?"

Ye Chen was suspicious.

"Well, a strong man without time and space can control the law of cause and effect and follow his words."

"The weapon of the law of cause and effect is a very special magic power. As long as it is used, cause and effect can be forcibly established. If you say you want people to die, they will die."

"If you say a stone is not a stone, but gold, then the stone will become gold."

"As soon as the law of cause and effect comes out, it turns stone into gold, refers to deer as a horse, determines people's life and death, and changes the world, which is very terrible."

"But this kind of magic power is very expensive to use, and it is easy to be backfired."

"This tyrant, unexpectedly uses the magic power of the law of cause and effect, is he not afraid of backfiring and dying?"

Shen Tu Wan'er explained the mystery of the law of cause and effect to Ye Chen, and looked at the emperor of heaven and soul.

At the moment, the emperor of the heavenly imperial soul did not look like being backfired, but incomparably powerful.

He grabbed Tang Yunfei's body and directly devoured the fresh flesh and blood, as well as the ghost of the ancient snake.

Boom!

Tang Yunfei's flesh and blood energy and martial soul essence are all gathered into the body of the heavenly soul emperor.

In an instant, the body of the heavenly soul emperor was radiant, sending out rolling thunder, and the breath became powerful in an instant.

"Hahaha, my strength has come back a lot. Although it is not as good as the peak, it is enough to kill you ants!"

The heavenly soul emperor looked up and laughed, clenched his fists, and his breath exploded.

Once he was strong enough to rival the Immortal Emperor.

Now, his physical life has increased, and his once powerful strength has also recovered a lot, and the whole person is blooming with layers of darkness and brilliance.

He looked at Ye Chen, Shen Tu Wan'er and others, and his eyes became extremely fierce.

Hiss!

With a wave of his big hand, the Tianqing League disciples around him suddenly exploded, and everyone died, and all his blood was absorbed by the Tianyu soul emperor.

"Lord of reincarnation, Lich ancestor, let me see how you can compete with me!"

The pupil of the emperor of the heavenly imperial soul became as long and narrow as a python.

With a wave of his hand, the dark smell exploded, and a big snake with wings appeared behind him, which was the spirit of the ancient snake.

Tianyuhun emperor absorbed Tang Yunfei's flesh and blood and martial spirit, which can also directly explode the power of the ancient snake.

The ancient snake, summoned by him, was surrounded by layers of black fog. When its body moved, it brought endless bloody rain, and its breath was quite fierce.

The emperor of the heavenly imperial soul stepped on the head of the serpent and bluntly attacked Ye Chen and others.

The magic gas exploded all over him, and bone spurs broke through his skin and appeared very ferocious.

Click!

The emperor of the heavenly imperial soul shook his palm with a bone spur in his hand, which turned into a sharp sword, and the tip of the sword pointed directly at Ye Chen's heart.

Next to them, Shen Tu Wan'er and Xia Ruoxue wanted to rescue Ye Chen, but the tianyuhun emperor's bone spurs exploded, and bone spurs shot out like crossbows and arrows, forcibly blocking their steps.

When ye Chen saw that the bone spur sword of the emperor of the heavenly imperial soul was killed, he also felt a very fierce breath, as if the Immortal Emperor had come personally.

"This guy has become so powerful."

Ye Chen's face sank, and he immediately felt extremely thorny.

The thing he was most worried about happened.

Tianyuhun emperor absorbed Tang Yunfei's life and energy, and his body directly degenerated. His once strength recovered and became extremely strong.

Ye Chen held the reincarnation Heavenly Sword and fought with the heavenly soul emperor. After only a few rounds, he felt great pressure.

At the moment, the tianyuhun emperor is too strong, and his realm exceeds Ye Chen too much. If he fights alone, it is only a matter of time before ye Chen loses.

"Death Jue sword, broken!"

The bone sword in the hand of the heavenly soul emperor exploded, the rune shone, and the breath of death roared, killing Ye Chen like a dark galaxy.

Ye Chen's breathing was sluggish and he retreated repeatedly, and he was in an extremely dangerous situation.

Shen Tu Wan'er sensed Ye Chen's danger and became worried.

Her beautiful eyes flowed, and then she looked up and shouted:

"Wanxu, Jianmen, when will you hesitate?"

"Are you waiting for the death order to break you one by one?"

The loud voice spread far away.

The dead zone is closed. If it is shouted by ordinary people, it can't spread far away.

However, Shen Tu Wan'er has a special identity, but she holds some magical powers of future time and space, and can let her voice and will be transmitted to every corner of the dead zone.

Her voice fell. In the dead zone, the strong men of wanxu camp, Jianmen camp, and many strong men of Sanshou heard her voice and felt her will.

Behind Shentu Wan'er's will, the feather emperor Aoxue of wanxu, Guichen of Jianmen, and others also caught the breath of overwhelming danger.

That's the danger from the God of death sect, from the God of heaven!

The heavenly soul emperor has risen, and all the contestants in the dead zone are doomed.

If you want to defeat the heavenly soul emperor, unless everyone is united!

Hiss hiss——

After Shentu Wan'er's voice was heard, divine lights suddenly came from all directions, and soon came to this battlefield.

Ye Chen stared and saw that the feather emperor Aoxue, Guichen and others, the strong of wanxu and Jianmen, as well as many scattered strong, all came.

It can be said that almost all the 3000 contestants who entered the dead zone arrived at this moment.

"Huh?"

Seeing so many people coming, tianyuhun emperor's eyes suddenly flashed cold, subconsciously retreated, and his God was on guard.

If he kills all the strong and devours flesh and blood, it will be an unnatural transformation, and he may be able to restore all his strength in the past.

On the side of reincarnation camp, reincarnation blood, future Lich ancestor blood, Vulcan God blood and so on, the energy is magnificent.

On the side of the wanxu camp, the ice God blood of the feather emperor Aoxue also made the emperor of the heavenly imperial soul extremely coveted.

On the other side of Jianmen, Guichen is

Chapter 8358

Although he is alone, he has absolute confidence in his strength.

At this moment, he has recovered most of his strength. Even if he is defeated by ten thousand, he is not afraid.

The feather emperor Aoxue looked around and saw that ye Chen's breath became stronger than before. He couldn't help but sink his pretty face.

Looking at the emperor of the heavenly imperial soul, the face of the feather emperor Aoxue became dignified.

The terrible dark breath of the heavenly soul emperor is disturbing.

GUI Chen looked at the emperor of heaven and soul, and his eyes also showed a trace of fear and uneasiness.

He seemed to see a god of death, showing his Majesty on earth.

At this moment, the emperor of heavenly imperial soul is like the incarnation of death.

"Well, let's go together. Let me see if you, the favourites of the real world, can resist me."

Tianyuhun emperor disdained to sneer, filled with powerful and terrifying demon gas, and quickly spread throughout the audience.

The whole world fell into the darkness of the eternal night, suffocating.

In the dark, there are countless Zerg monsters, twisted monsters, rotten demon gods, constantly crawling out of the ground and the void, hissing, eroding people's minds.

"Ah ah!"

In the presence, many contestants with slightly poor cultivation immediately suffered from the erosion of the dark atmosphere, screamed, fell to the ground and twitched, and did not know whether they were alive or dead.

At this moment, tianyuhun emperor seems to be the king of the eternal night, the overlord of darkness, and the God of death at the end of the day, so powerful that it is inconceivable.

Ye Chen, Yu Huang Aoxue, GUI Chen and others looked at each other with dignified faces.

Even if they are willing to put aside their prejudices and fight against the heavenly soul emperor together, they may not be able to fight.

After all, the tianyuhun emperor at the moment, whose strength is recovering, is really too powerful.

"Come close!"

Shen Tu Wan'er gave a cold drink, holding a powerful sword in his hand, and his delicate body also released a strong smell of darkness.

Under the deterrence of her breath, the monsters summoned by the heavenly soul emperor from the darkness did not dare to get too close.

Because, Shen Tu Wan'er is the master of the demon God, an ordinary monster, who has an instinctive fear of her.

Seeing Shen Tu Wan'er with such a powerful appearance, everyone rushed to seek shelter.

"I have an array here that can suppress darkness, but someone needs to maintain the array eye."

"Anyone who thinks he is qualified to fight will stand up."

"Life and death are at stake!"

Shen Tu Wan'er moved her hand and offered a battle plan.

"Jin Zhang emperor pole array, fall!"

The array unfolded, and a golden array, with a bright light, slowly fell, instantly covering the whole audience.

In this golden array, there are actually five array eyes, each of which is flashing with brilliant divine light and floating with ancient characters.

That is "heaven, earth, man, ghost, God" five words!

This golden Zhang emperor pole array, with five array eyes, is heaven, earth, people, ghosts and gods, including everything.

"Jin Zhang Huang Ji array? The array of the God of rock in those days was actually passed on to you!"

Seeing this array fall, the emperor of heaven's soul also showed a look of great fear in his eyes. His palm immediately gathered the monstrous dark magic gas, waved his palm and patted it towards the array, trying to destroy it directly.

Shen Tu Wan'er raised Wu Wei's Heavenly Sword and forcibly blocked the palm of the heavenly soul emperor, but he was extremely laborious and pale.

"Hurry! Master, press the array. As long as you start this array, you can kill this Liao!"

Shen Tu Wan'er stared at the emperor of heaven's soul, and her beautiful eyes were full of murderous spirit, but she was alone, and it was difficult to kill each other, so she had to rely on this golden Zhang emperor array.

Seeing the emperor of the Heavenly Emperor, who was so afraid of this array, everyone knew the power of this array and was ready to move.

However, the smell of the array is very terrible. The five array eyes of people, ghosts and gods that day are the core of the energy vortex.

If ordinary people stand on it, I'm afraid they will be instantly torn to pieces by the energy from non space and time.

Ye Chen's eyes moved, made a quick decision, and immediately jumped to the array eye of the "ground" position.

There are five array eyes of heaven, earth, people, ghosts and gods, and the "Earth" position array eyes are connected with the earth.

Ye Chen has a drop of rock god's blood, which can control the divine power of the earth and rock. It's natural for him to stand in the "Earth" position.

Standing on the eyes of the array, ye Chen felt the bursts of air rotation, and the energy fluctuations from non-existent space and time continued to plummet.

Fortunately, he has rock god blood, and can withstand the impact and stand firmly.

"Ye Chen, let's work together!"

Seeing ye Chen standing up, Ji Siqing also didn't hesitate, flew out and fell on the eye of the "God" position array.

She inherited the Vulcan orthodoxy and was qualified to defend the "God" position.

"And me!"

Xia Ruoxue's beautiful eyes turned, and the moonlight floated all over her, flying directly to the eye of the "sky" array.

After she stood still, a bright moon rose behind her, hanging in the sky and shining through the darkness.

Her Taoist method of bright moon is quite consistent with this "heaven" position array eye.

Xia Ruoxue is in the sky, ye Chen is on the ground, and Ji Siqing is in God. There are two array eyes of "human" and "ghost", and no one is guarding.

"I, the God Temple of wanxu, is the emperor of the earth, so I will guard the 'human' position!"

The feather emperor Aoxue's eyes flashed with war intention, and he made a quick decision. As soon as his delicate body was swept by the wind, it fell on the eye of the "human" position array.

"Hehe, is there only one ghost eye left for me?"

GUI Chen smiled indifferently, but did not hesitate too much, and directly stood on the eye of the "ghost" position array.

The magic Qi on his body perfectly matched with this "ghost" array eye, and there was no block at all.

Click click!

Heaven, earth, people, ghosts and gods have masters with five eyes.

The entire Jin Zhang emperor pole array suddenly turned, and a strong energy breath continued to bloom.

Ye Chen, Xia Ruoxue, Ji Siqing, Yu Huang Aoxue and GUI Chen all released their auras and gathered in the array to constantly expand the power of the array.

The strong people in the field also released their aura to expand the array.

Everyone knows that now we must put aside our prejudices and join hands together, so as to have the possibility of fighting against the emperor of heaven's Royal soul.

Hum!

The entire golden Zhang emperor pole array, the golden light burst, the immortal air was thin, and the rolling air rushed up into the sky, sweeping away all the darkness and filth.

Chapter 8359

Outside the battlefield, on the holy city square, the picture shrouded in black fog became clear again.

Everyone clearly saw the confrontation.

Although many strong people use their divine sense to spy on the mystery of the dead zone.

But in the dead zone, the black fog does not disperse, and it is not easy for outsiders to spy.

Now I can see the picture clearly, and the audience on the square are all shocked.

The breath of the Jin Zhang emperor polar array has been detached from reality, with the energy fluctuations without time and space, and is extremely powerful.

What is more surprising is that ye Chen, Yu Huang Aoxue, GUI Chen and others can unite against the enemy.

"Ye Chen, it's up to you next."

Shen Tu Wan'er panted. It was the limit for her to maintain the operation of the Jin Zhang emperor polar array.

If she wants to mobilize the array and carry out the killing, she has no spare power but to rely on Ye Chen.

In the whole audience, only Ye Chen, who has strong enough array attainments, can urge this Jin Zhang emperor pole array.

"Well."

Ye Chen nodded gently. At the moment when the array started, he had roughly understood the circulation of aura and structural changes of the array.

"Everyone, work together to kill the Death Cult first!"

Ye Chen looked around. This sentence was mainly for the feather emperor Aoxue and Guichen.

If we want to use the power of the Jin Zhang emperor polar array, we must all unite as one.

The feather emperor Aoxue and Guichen were indifferent, noncommittal, and did not speak.

"Hehe..."

Ye Chen grinned and felt a little unhappy, but he also knew that the people of wanxu and Jianmen must know to weigh the pros and cons and would not deliberately make trouble for him at this deadly moment.

After all, if something happens, everyone will die together.

"A group of heretics, sinners, mole ants! Do you think you can suppress my death cult with the array left by the God of rock?"

The emperor of heaven's Royal soul twisted and ferocious face and uttered cruel words.

But everyone could hear the hard to hide fear in his words.

"Break it!"

The emperor of the heavenly imperial soul waved his hand, and the void exploded. Countless dark smells gathered on his palm. His palm was like the presence of the God of death. He wanted to show his supreme Majesty on earth, fierce and unparalleled, and killed Ye Chen, the core of the array.

"Jin Zhang, Huang Ji, heaven, earth, people, ghosts and gods, as urgent as a law!"

"Huang Jitian Dao, kill!"

Ye Chen's eyes were sharp and sharp, prompting the energy of the Jin Zhang emperor polar array.

The five array eyes of heaven, earth, people, ghosts and gods burst out a fierce aura. In the array, the breath of all people converged on Ye Chen's hand, mixed with the energy fluctuations coming from time and space, and turned into a golden emperor heaven knife.

The sharp edge of this emperor's heaven knife is simply incredible. It's no less than the emperor's holy knife in the extreme state.

On the blade, there are ye Chen, Ji Siqing, Xia Ruoxue, Yu Huang Aoxue, GUI Chen and so on. Everyone's aura is so strong that it's incredible.

Hiss!

Ye Chen waved the emperor's polar knife, with the momentum of destroying the dead and destroying the universe, and cut it out mercilessly.

The blade passes, the space is broken, the law is obliterated, a sharp sonic boom rings in the air, and the rolling golden light surges like the tide.

The eyes of Tianyu soul emperor completely lost color.

Under the power of this knife, he felt so small.

Unless he can recover his strength at the peak, there is absolutely no possibility of confrontation.

The majestic golden knife light cut through like dawn.

The dark palm of tianyuhun emperor was instantly destroyed.

The dark energy waves all over him, shrouded in the majesty of the emperor's polar sword, also collapsed rapidly.

"Ah ah!"

The emperor of the heavenly imperial soul screamed, and saw that the emperor's heaven knife was as powerful as a bamboo, and severely chopped on his body.

His body was suddenly cut in half, and blood splattered from his internal organs.

"My flesh! Lord of reincarnation, damn you!"

The emperor of heaven's Royal soul was furious, and his eyes were red with blood.

However, in the next moment, under the terrible killing of Huangji Daoqi, his broken body was directly torn up and turned into flying flesh and blood fragments.

Woo

The ghost of the emperor of heaven's Royal soul escaped from the body in a great mess, and quickly shot away in the distance like a ghost.

And his body was broken. Red fire lotus, golden fire lotus, and sacred fire burst out of his body, fell to the ground, and mixed with the purple fire dropped by the black pterodactyl before, covering the earth, which was very spectacular.

"Cough..."

Ye Chen immediately felt a burst of strength when he killed the emperor of heavenly imperial soul.

The body of tianyuhun emperor has been destroyed, and only a wisp of residual soul has escaped. The energy breath of that wisp of residual soul is very weak, and it can't turn any waves.

Ye Chen also knows the truth of eradicating the root.

However, now he is weak and unable to pursue and kill the heavenly soul emperor for the time being.

The feather emperor Aoxue, Guichen and others also consumed a lot, panting.

And all the martial arts practitioners around are red eyed and crazy.

Everyone's eyes are looking at the purple fire spread all over the earth, fire lotus after fire, sacred fire.

I don't know how many purple fires there are.

"Grab!"

I don't know who shouted. All the contestants went crazy to grab the purple flame.

Looking at this situation, a fight is inevitable.

"Stop it!"

Shen Tu Wan'er drank coldly in a deep voice, and the dark majesty dominated by the demon God filled out.

The contestants in the frenzied robbery stopped immediately.

Chapter 8360

"The purple fire that fell out after killing the emperor of heaven's Royal soul is distributed according to the merits. Whoever dares to rob indiscriminately is the enemy of me."
