

Physician 8401

Chapter 8401

And their appearance, as well as the appearance of reincarnation camp disciples, immediately caused a lot of commotion in the whole audience.

"The people of the reincarnation camp came out of the nihility zone?"

"Why don't you see the Lord of reincarnation?"

"Should not, the Lord of reincarnation is dead?"

Many voices sounded.

Nihilism is the most dangerous area. Ji Siqing's ability to return safely naturally attracts people's attention.

However, without Ye Chen, the audience present was also shocked and uncertain.

The person in charge of the settlement is the righteous leader Chongyang immortal.

"Xing Yan, where is Ye Chen?"

Immortal Chongyang was also very curious and asked fan Xingyan.

Fan Xingyan smiled and said, "master, brother ye will be back soon. You should preside over the settlement first."

Hearing fan Xingyan's words, the audience was in a commotion again.

So it seems that ye Chen is not dead.

Do ye Chen have a chance to win the championship?

At present, the top of the golden list in the sky are all ordinary casual repairs.

In this supreme meritorious war, the reincarnation camp, the wanxu camp, and the Jianmen camp fought fiercely against each other, but in the end, it seemed to be cheaper to others.

The double ninth immortal's face sank, his eyes looked at the contestants in the audience, and said, "now, for the final settlement, please all contestants, take out all the purple flame they hold."

The words fell, and all the contestants sacrificed the purple flame in their hands.

Suddenly, flames, fire lotus and sacred fire floated on the square, and the rich smell of fire was spreading, and the air was filled with a trace of anxiety.

On the side of reincarnation camp, fan Xingyan and the disciples of QIANXING palace took out all their purple flame, but did not participate in the settlement, but gave it all to Ji Siqing.

Previously, fan Xingyan was seriously injured. Under the dark guidance of immortal Chongyang, she found the red flame fairy grass to heal and recover.

At that time, she actually broke the rules and was not suitable to compete again.

Therefore, now she gave all her Shenhua to Ji Siqing. She withdrew from the competition and did not violate the rules.

Immortal Chongyang touched his beard and nodded secretly.

Ji Siqing said, "thank you, Miss Fan."

Fan Xingyan laughed and said, "it's all right. Brother ye saved me once, and I should repay him."

Wei Ying and Xia Ruoxue looked at each other and gave Ji Siqing all the purple magic fire in their hands.

The purple magic fire harvested by the reincarnation camp is limited in number. If it is divided equally, what everyone can get is only a small part, and it is impossible to squeeze into the ranking at all.

Only together can we win the ranking.

Therefore, Wei Ying and Xia Ruoxue gave their magic fire to Ji Siqing to compete for the ranking.

Ji Siqing's Shenhuo suddenly soared to 12000, directly surpassing everyone on the list and joining the list

Chapter 8403

The audience, hearing this result, was a commotion, some unexpected.

On the side of the reincarnation camp, there was jubilation and ecstasy.

Ye Chen won the championship, which means that with great merit and luck, the foundation of the reincarnation camp will naturally become stronger.

"Duobao, you help them baptize."

The moral heaven refers to Guichen and the feather emperor Aoxue.

Duobao Heavenly King respectfully said, "yes!"

Tao Te Tian Zun looked at the double ninth immortal again and said, "double ninth, you baptize Miss Siqing."

Immortal Chongyang said, "yes!"

Finally, the eyes of the moral God fell on Ye Chen, and he waved his hand and said, "Lord of reincarnation, come up, and I will personally top you and give you great fortune."

Ye Chen's heart was happy, and he calmed down again. He arched his hands and said, "master Tao de Tian Zun, I have something I want to report to you."

The moral God said, "what's the matter?"

Ye Chen said loudly, "the invasion of the death cult that year led to great catastrophe because there were ghosts in the real world, leading the way for the Death Cult!"

"This inner ghost is Hong Chunqiu of the wanxu temple!"

While talking, ye Chen pointed to the wanxu temple, Hong Chunqiu standing next to the ancient emperor Yu Huang.

A bead was sacrificed from ye Chen's hand, and an ancient picture circulated on it.

This bead, which Chen Nan gave to Ye Chen earlier, is engraved with the scene that Hong Chunqiu led the way for the Death Cult in that year.

Among the beads, Hong Chunqiu's appearance in those days appeared. He bowed down and flattered the people of the God of Death Cult, and his face was ugly.

The audience, seeing this scene, was shocked.

Tao de Tian Zun was also shocked and angrily said, "the ghost is actually a person from the ruins?"

His angry expression was naturally disguised.

In fact, he knew who the ghost was long ago, just to deceive the truth of the mystery and pretend to be confused.

On the other side of the wanxu temple, Xuantian Xiao, Lin Xiaokong, Xiao Xinghe and other heavenly ancestors were also shocked, subconsciously distancing themselves from Hong Chunqiu.

The ancient emperor Yu Huang was extremely angry, staring at Hong Chunqiu and said, "Hong Chunqiu, when did you join the death cult?"

His angry expression was not a disguise, but real anger.

The future body of Yu Huanggu emperor is the ancient god of Tuo emperor, and he has no favor with the death cult.

Hong Chunqiu was stunned. Seeing that the matter had been exposed, he sweated coldly and didn't say a word. He knew that excuses had no effect at all.

Whoosh!

He turned and swept through the void, and was about to flee.

"Under my nose, do you want to run?"

"Immortal Emperor cut!"

The feather emperor was furious, and the Immortal Emperor's breath exploded, turning into a divine light and cutting out like a sword.

In this divine awn, there is even a breath of time and space, which is terrifying.

Hong Chunqiu was shocked and hurriedly pinched his fingerprints.

"Tianzhu changes!"

I saw the spirit of heaven and earth surging, converging into beads, appearing around Hong Chunqiu.

This is the eight prohibitions of the flood and famine. The magic power of the heavenly bead can gather the aura of heaven and earth and turn into an infinite heavenly bead, which can not only explode and kill people, but also protect itself.

Hiss!

However, the Immortal Emperor's cutting of the ancient emperor Yu Huang was so terrible that it cut across the void, with a great momentum of God blocking and killing God and Buddha blocking and killing Buddha.

The pearls around Hong Chunqiu's body were immediately cut to pieces and did not play a defensive role at all.

Seeing the sharp edge of the Jade Emperor, Hong Chunqiu was terrified and his scalp numbed.

At the critical moment of life and death, he opened his hands and shouted like the most devout believers:

"Lord witch, please give me shelter!"

The sound fell, and suddenly, in the distant space and time, there was a resonant response.

Boom!

A huge thunder sounded in the sky.

Nine days above, the wind and clouds surged, layers of dark clouds shrouded, and the extreme depressing atmosphere filled the air.

I saw a thin and pale hand, dragging a sword horizontally, cleaving out of the clouds in the sky, and coming to this world with a terrible demon gas.

Everyone in the audience felt a terrible will, full of the cruel smell of fierce killing.

That is the chief Dharma protector of the death order, the will of the witch!

The strength of the witch is extremely powerful, ten thousand times stronger than the dusk giant.

Such powerful strength makes her real body unable to come to the real world.

However, under the call of Hong Chunqiu, a trace of the will of the witch actually came down.

Although it was only a flicker of will, the evil spirit and death spirit burst out, but it was earth shaking and swept everything.

The whole fire god world was immediately shrouded in a dark atmosphere, and countless lightning storms shook, just like the end of the world.

In the distant battlefield, most of the dark smell was cleared away with the end of the meritorious war, but now, with the advent of the demon girl's will, the boundless dark smell is raging on the battlefield again.

The whole holy city square was also invaded by the dark atmosphere, and wisps of black fog grew up. Twisted monsters and insects crawled out of the black fog and attacked the audience on the square. The scene was chaotic.

"Quick! Resist the darkness!"

The double ninth immortal shouted and immediately took the strong men of the purple fairy palace to resist the darkness and monsters.

And in the sky, the demon girl's pale palm, dragging the sword horizontally, cleaved from the sky, but it was easy, and split the Immortal Emperor's divine awn of the ancient emperor Yu Huang to pieces.

The ancient feather emperor took a step back and snorted.

"Lord witch, praise your coming! Please show your grace and destroy this dirty world!"

Hong Chunqiu felt the breath of the demon girl, surprised and fanatical, and shouted, such as the believer of the crazy devil.

The witch's palm in the sky was slashed with a horizontal sword, but she suddenly waved her sword and cleaved at Ye Chen.

Ye Chen was horrified, but he didn't expect the witch to kill him directly.

This sword demon gas exploded, cold and cold, containing a strong smell of death, extremely terrifying.

Ye Chen knew that he could never stop it. With a bang, he spread the wings of freedom and quickly retreated back.

The witch waved her sword and chased and beheaded, but she was like a maggot of tarsal bone and refused to let Ye Chen go.

"Rainbow free sword, broken!"

Just then, a cry rang out.

I saw an old figure, falling from the sky, waving a sword and cleaving towards the sword of the witch.

It turned out to be ye Chen's grandfather, ye evil god!

At the same time, on the other side of the sky, there was also a charming girl figure, flying in, with fairy emperor light in her hands and a merciful mantra in her mouth:

"Cleanse the darkness with the truth of compassion!"

It's Wu Yao.

Wow

The merciful light released by Wu Yao fell on the witch's sword.

The witch's sword, as well as her pale palm, was washed by the smell of compassion, and suddenly the dark fog was steaming, making a hissing sound.

Ye evil's Rainbow free sword was also cut down, and with a clank, it fought with the witch's double swords.

Witch's sword, weather broken.

Chapter 8404

The pale palm also gradually disappeared in the void.

The dark smell of the sky slowly dissipated, and those dark monsters also retreated into the void, and the heaven and earth returned to clearness.

The audience stared at Ye Yishen and Wu Yao.

Ye Yishen and Wu Yao, both strong at the level of Immortal Emperor, can be said to be the core members of the reincarnation camp.

When they came, they directly defeated the demon girl.

"Damn it!"

Seeing this, Hong Chunqiu was extremely angry, but he did not dare to stay. He quickly took advantage of the chaos and flashed into the void, and disappeared.

"Brother Ye Chen!"

Wu Yao fell down, ran to Ye Chen and rushed into his arms. Her eyes were watery and she wanted to cry. She looked up at him and said, "are you okay?"

Ye Chen touched Wu Yao's hair, calmed down a little, and said, "I'm fine, sister Wu Yao, why are you here?"

Wu Yao said, "master Ren extraordinary said that there may be a higher level of power coming. Ask me and grandpa to come and protect you."

Ye Chen breathed a sigh of relief and said with a smile, "you came at the right time. By the way, didn't elder Ren come?"

Wu Yao said, "I don't know."

Ye Chen's eyes narrowed slightly. Is there any change in this chess game?

The demon girl's will came, which was really a little terrible. Fortunately, ye evil god and Wu Yao came in time, and ye Chen was not hurt.

The audience was also shocked.

They have seen the horror of the death order.

On the side of Zihuang fairy palace, the face of the moral God was very ugly, and the knuckles of his palm clicked.

After all, this fire god world is the territory of Zihuang fairy palace. The Death Cult came so brazenly that it clearly didn't take him in the eye.

In other words, the death order wants to force him to fight!

"Father..."

Chapter 8405

As soon as ye Chen's eyes lit up, he saw that among the dazzling prizes, the most eye-catching was a red pill.

This red elixir is engraved with the Rune of fire, and a trace of pure and rich flavor is constantly emitted.

Ye Chen smelled the medicine from a distance, and felt relaxed and happy, and relaxed all over.

He knew that it was the red flame nature pill!

"Great, sister tiannv is saved!"

Ye Chen was surprised. As soon as he grabbed the red flame nature pill with his palm across the air, he grabbed it in his hand.

This red flame creation pill is made with the core energy of fire. It is very precious and has the healing effect against the sky. Even a little ashes, nourished by the red flame creation pill, can restore human form.

With this red flame nature pill, the goddess will be saved, and the injury will surely heal.

In addition to the red flame nature pill, among the prizes, the one with the strongest aura is a snow-white lotus.

That is pure heart snow lotus. It is a very rare divine thing with extremely powerful purification effect.

Since ancient times, the moral God has used pure snow lotus to purify the anger accumulated by the fire and keep the fire pure.

This pure heart snow lotus was only willing to be taken out as a prize for the champion at Ren extraordinary's request.

With pure heart snow lotus, you can dispel the influence of the demon emperor's soul species.

Ye Chen is trying to take the pure heart snow lotus, but Ren Feifan has already taken it in his hand.

"Boy, I'll go back and save the demon emperor. You stay with the moral God."

Ren Feifan took snow lotus and laughed.

Ye Chenxi said, "good!"

With any extraordinary action, the demon emperor can recover as before.

Ren Feifan looked at the moral God again and said, "the moral God, please take care of this boy in the next few days. It's best to point out his cultivation."

The moral God smiled and said, "reincarnation is powerful, but I don't need my advice."

When Ren Feifan heard that the moral God seemed to have something to say, he couldn't help frowning, but he didn't say anything more. He turned back to Ye Chen and said, "boy, I'll go back. In this champion prize, in addition to the red flame nature pill and the pure heart snow lotus, there is also a nine grain soul lifting pill, which is also very valuable and of great use to you."

Ren Feifan bent his fingers and shot a pill out of many prizes.

This pill has nine dragon veins on it, and the medicine is magnificent.

Ye Chen knew the effect of this pill at a glance.

Jiuwen Shengling pill, this pill, after taking, can unconditionally promote the martial arts in Baijia territory to a level!

Ye Chen's current cultivation is the eight layers of heaven in the hundred flail realm, that is to say, if he takes the nine patterns ascending elixir, he can directly upgrade to the nine layers of heaven!

Relying on the promotion of Dan medicine like this, the basic breath may be unstable.

However, ye Chen is the champion. He has great luck and virtue, and can also accept the baptism of purple flame. His foundation must be stable without the slightest risk of vanity.

"Nine patterns ascending elixir... If I am promoted to the nine levels of the hundred flail realm, isn't it only one step away from the rising emperor?"

Ye Chen's heart was pounding, and after the hundred flail realm, there was Tianxuan realm.

From Baijia realm to Tianxuan realm, you need to fly up and cross the robbery.

Through the disaster, that is to ascend to the sky and become the king of heaven.

No matter how strong the Baijia state is, it is only a subordinate.

However, Tianxuan realm is the real ruler of heaven, who holds the power of the supreme law.

Ye Chen's dream is to become a superior, which is his constant pursuit.

Ye Chen was holding the nine patterns ascending elixir and wanted to take it.

However, he remembered an agreement.

It's the agreement between the heavenly daughter and him.

The goddess of heaven said that after he ascended to the realm of heaven, she would officially fight to the death with Ye Chen!

Although tiannv loves Ye Chen, they are also happy with each other.

However, tiannv Dao's heart is fierce. She will never be bound by love. Even if she loves Ye Chen deeply, she will not be overwhelmed by love.

She also wants to preach nothingness and reach the top of truth.

It's extremely difficult to prove that there is nothing that can soar. Even if it's tiannv, she can't do it alone.

Only by killing Ye Chen and punishing reincarnation, can she have the possibility of soaring.

Ye Chen thought of fighting with the goddess of heaven after Jin ascended to the xuanjing realm. He couldn't help being cold all over. The nine veins ascending elixir in his hand couldn't eat any more.

"Lord of reincarnation, don't be busy taking this pill first. I'll baptize and top it for you and lay a good foundation. It's not too late for you to take it again."

Morality is God's way.

"Yes!"

Ye Chen should say.

Ren Feifan said, "boy, take care of yourself." Turned around, flashed into the void, and left directly.

After Ren Feifan left, the moral God waved and took Ye Chen to the cliff.

The two of them sat down against the wind at the edge of the cliff.

The wind blew, and the two sat opposite each other, silent.

The moral God's eyes were very complex, saying, "as you wish, you took the Shenxi Heavenly Sword, the dark breath lost its suppression, and the demon girl's will came."

"If Shenxi Tianjian is still there, and the sword array has not collapsed, the witch cannot come, and Hong Chunqiu will die today."

His tone was very calm, but ye Chen could hear the reproach behind his tone.

Ye Chen said calmly, "since I have made a choice, I won't regret it. If you really want to protect the reality, when the will of the witch comes, you should suppress it, and you don't need people from my reincarnation camp to do it."

The moral God's face shook slightly and sighed, "well, there seems to be nothing to talk about between you and me. I will baptize you according to the rules and give you the meritorious fortune you deserve, but it is impossible for you to ask me to guide you in practice."

Ye Chen said, "it doesn't matter."

If he is willing to give advice, it will naturally be a great fortune for ye Chen.

But he refused to give advice. For ye Chen, there was not much loss.

Ye Chen will be satisfied as long as he can get what he deserves smoothly.

Fortunately, the moral God did not deliberately make difficulties for ye Chen. All the rewards of the champion were given to Ye Chen without reservation.

Under the baptism of the moral God, wisps of divine fire energy are constantly injected into Ye Chen's body.

Ye Chen's Dantian, meridians and flesh body have been greatly refined.

At the same time, a golden light fell from the sky and covered Ye Chen.

The golden aura surged and turned into a golden dragon of Qi. It roared upward and hovered.

This is the great meritorious energy accumulated in Zihuang fairy palace, and the moral God also poured into Ye Chen.

Ye Chen felt comfortable all over. For him, it was infinite luck and rapid progress to win the virtue war this time.

Three days later, ye Chen's Qi increased, and his divine fire quenched his body. The foundation of martial arts had been extremely stable, so he didn't hesitate to take the nine patterns ascending elixir.

Chapter 8406

Although Ye Chen didn't want to fight with tiannv after he was promoted to Tianxuan realm, he still chose to face it.

"Sister tiannv, I will defeat you!"

"Then, take you as my concubine!"

Ye Chen clenched her fist secretly, and her heart was also secretly determined.

Now his strength, even in the face of the strong in the middle and late stage of immeasurable territory, can be touched.

If you can be promoted to Tianxuan realm, ye Chen may not have the possibility to defeat Zhan tiannv.

After defeating the heavenly daughter, he will definitely not move the killer, but take her as a concubine.

However, if tiannv wins, ye Chen will die.

The heavenly daughter will definitely eat him, eat him alive, and rob all the reincarnation of flesh and blood and Qi.

The day of the decisive battle between the two is very close.

Boom!

After taking the nine patterns ascending elixir, ye Chen's cultivation breath also soared violently, breaking through the nine layers of the hundred flail realm at one stroke.

After being promoted to the ninth floor of Baijia realm, ye Chen was hazy, as if he saw a door in his mind.

That's the gate of the emperor!

Breaking this door, you can ascend to the realm of heaven and become the superior of the emperor!

Ye Chen tried to attack the portal, but he felt that the portal in his mind was very solid and could not be shaken at all.

Under the forced impact, his head instead had a kind of tearing pain.

"Tianxuan realm, the realm of the superior, is really difficult."

"I think it's easier to ascend to heaven than to cut off all the flail, isn't it?"

Ye Chen's heart sank.

His accumulation of martial arts is really too powerful. If he wants to survive the robbery and fly up, it will be a hundred times harder than ordinary people to become the superior of the emperor of heaven.

"Sister tiannv, it seems that there is still no possibility of a decisive battle between us in the short term."

Ye Chen thought like this in his heart, shaking his head and smiling.

"Lord of reincarnation, you can go."

At the edge of the cliff on the other side, the moral God stood in the wind. Seeing that ye Chen had been promoted, he said in a indifferent voice.

A portal also appeared in front of Ye Chen.

"Yes, master Tao Tianzun, goodbye."

Ye Chen didn't say much, neither humble nor arrogant, said goodbye to the moral God and stepped into the portal.

Wow.

The next second, ye Chen was sent back to the holy city square.

Xia Ruoxue, Wei Ying and others were waiting for him. When they saw him coming back, they came forward to hug and reunite.

Ye Chen looked, but he didn't see Ji Siqing. His grandfather and Wu Yao weren't there either. He said, "where's Si Qing? And Wu Yao's sister and my grandfather?"

Xia Ruoxue said, "sister Siqing was taken away by the double ninth immortal. It may take half a month for her to be baptized."

"Grandpa and Wu Yao have returned to the star moon world first."

Ye Chen said, "really..."

"Hey, kid."

At this time, a charming cry sounded.

Ye Chen looked back and saw

Chapter 8407

Now tiannv is seriously injured. The most rational choice is to watch her die and not to save her.

But they all know that ye Chen will not do this.

After all, in order to save Ye Chen, the empress of heaven was also severely injured by the sword of the ancient emperor Yu Huang.

Even if it's not for love, cause and effect report, ye Chen can't wait for death.

Ye Chen said goodbye to the two women, and then followed the previous, Xiaoqing said goodbye to Ye Chen and set out to find the chapter of "eclosion and flight".

The chapter of "feathering and rising" is in haotianyu!

"Have you heard of Hao Tianyu?"

"You little fellow, have you ever heard of Hao Tianyu?"

Chapter 8409

Ye Chen saw that her face was ruddy, her breathing was smooth, and her body was faintly surrounded by a layer of Goddess like brilliance. She knew that her injury had completely recovered, and she was very happy in her heart, and cried, "sister tiannv!"

The heavenly daughter woke up at the beginning, her eyes blurred, staring at Ye Chen in a daze, raised her hand and gently stroked Ye Chen's face, softly saying, "Ye Chen, is that you?"

Ye Chen said, "sister tiannv, it's me."

He grabbed the slender palm of the goddess with one hand, hugged her soft waist with the other hand, bowed his head and kissed her cherry red lips.

At that time, the moon was in the sky, the sea of flowers was on the ground, the moonlight and petals, the night and the breeze formed a dreamlike picture.

The heavenly daughter was kissed by Ye Chen, and she felt even more in a dream. She looked at Ye Chen's eyes crazily, and suddenly knew everything that had happened.

"Little guy, you worked hard."

The heavenly daughter held Ye Chen's hand and knew that during her coma, ye Chen experienced many twists and turns, and even nearly fell several times.

Fortunately, ye Chen was so lucky that he finally laughed to the end, and successfully got the red flame nature pill and came back to heal her.

Ye Chen "Hmm", didn't say anything more, just tightly hugged the heavenly daughter.

The goddess whispered, "I'm sorry."

Ye Chen said, "what?"

The heavenly daughter said, "before I fainted, I asked you to go to my master, thousand spider Tianjun, to ask her to give you a chance, but I didn't expect that my master misunderstood you so deeply that instead of passing on your chance, he wanted to kill you."

Ye Chen said, "it's all right. Don't you think I'm still fine, tiannv sister, you don't have to blame yourself."

Although the thousand spider emperor wished to leave, he didn't give ye Chen any chance. Yan Xingtian, the husband who wished to leave, gave Ye Chen a lot of benefits, which benefited him a lot.

The heavenly daughter touched Ye Chen's cheek and said softly, "kiss me again."

At this time, in front of Ye Chen, she was not a fairy goddess, but a girl who fell in love.

Ye Chen nodded gently, then kissed the heavenly daughter and stroked her with both hands.

Tiannv only felt her bones were crisp, looked at Ye Chen's eyes and said, "if I can, I really don't want to kill you."

Her tone was gentle and affectionate, but the meaning in her voice was filled with cold and murderous intent.

Ye Chen was cold in his heart and said, "what?"

The heavenly daughter snuggled up in Ye Chen's chest, looked up at his face and said, "you have made rapid progress, and you have reached the ninth floor of the hundred flail realm, and it is not far from the soaring sky Xuan realm."

"Remember our agreement?"

"When you ascend to the mysterious realm of heaven, it is the day of our decisive battle. At that time, I will kill you with my own hands, devour your flesh and blood, and achieve immortality and hegemony with your reincarnation and Qi, and even testify to immortality!"

Speaking of the end, tiannv's tone also became cold and sharp.

She is by no means an ignorant girl who only knows love. On the contrary, she has her own will, determination and wild hope.

She likes Ye Chen, but for her future, she has the decision to cut off her love with a sword, and will never be sloppy.

Ye Chen smiled bitterly and said, "we really can't avoid the decisive battle of life and death?"

The goddess said, "yes, I was injured by the ancient emperor Yu Huang before. After that war, I feel the importance of strength."

"Only one's own strength is the eternal existence, and everything else is empty."

"My cultivation has reached the realm of Immortal Emperor. With my qualifications, it is impossible to make further progress."

"Unless I can kill you and rob your flesh and blood and Qi, there is a possibility of breakthrough."

Ye Chen said, "can't I protect you?"

"No," said the goddess decidedly

"Your strength, no matter how powerful, is yours."

"I don't want to rely on anyone. It's better to have everything than myself."

Ye Chen was silent. He had already known that tiannv was determined to fight.

Now hearing the words of the heavenly daughter, he felt that her determination was firm and would not change anyway.

There will be a war between them sooner or later.

The heavenly daughter said, "do you regret it?"

Ye Chen said, "what?"

The heavenly daughter said, "do you regret saving me? If you don't save me and let me die, you won't be in danger of being killed by me in the future."

Ye Chen said with a smile, "even if you fight for life and death in the future, you may not be able to kill me. What if I win?"

Ye Chen will never regret treating tiannv.

As for the future, we will talk about it in the future.

Moreover, he may not lose.

The heavenly daughter smiled and said, "if you can win, I'll be at your disposal. Whether you want to kill me or punish me as your concubine, I'll do whatever you want."

Ye Chen laughed, and the atmosphere became much softer when they laughed.

"Sister tiannv, I like you."

"Me too."

The two hugged and kissed each other and fell into the sea of flowers.

The days of decisive battle in the future may be cruel.

But at this time of the night, the two people are sweet and affectionate, like glue, which is really blissful in the world. They only envy mandarin ducks rather than immortals.

In the next few days, the two people had a good time in the sea of flowers, but it was a pity that they still couldn't do the last step.

After all, the cultivation of the goddess of heaven is too much beyond Ye Chen. If she really does that kind of thing, ye Chen is likely to be drained.

However, ye Chen's cultivation is also approaching the realm of heaven and mystery.

When we arrive at Tianxuan realm, there will be no such worry.

Ye Chen was intoxicated with the tenderness of the goddess of heaven. He only felt light and dreamy, and all the troubles of the outside world were faded.

After seven days like this, suddenly, ye Chen heard a sound.

"Brother Ye Chen, someone bullied me!"

It was Xiaoqing's voice.

"Xiaoqing is in danger?"

Ye Chen's heart was cold, and he immediately recovered.

Xiaoqing seems to be in danger, and uses the Jinzhang symbol to transmit a message to Ye Chen.

Ye Chen sensed carefully, and immediately caught Xiaoqing's coordinates, which matched Hao Tianyu's coordinates.

"Xiaoqing really went to haotianyu!"

Ye Chen's face sank, and the tablet of the emperor of heaven and the chapter of "eclosion and flight" were all in haotianyu.

Hearing Xiaoqing's voice, ye Chen suddenly woke up from the gentle village.

He knows that he can't be drunk all day.

His path of martial arts will continue to move forward.

"It's time to look for the tablet of the emperor of heaven."

Ye Chen thought.

If he can get the tablet of the emperor of heaven, he will have greater confidence in fighting against the goddess of heaven, facing the ruins and fighting against the darkness in the future.

"What's the matter, little guy?"

The heavenly girl, naked, hugged Ye Chen, who was also naked, and stuck her body up like a water snake, saying softly.

She saw that ye Chen looked different, as if something had happened.

"Sister tiannv, I should go."

Ye Chen smiled bitterly and said.

"Really?"

Tiannv's eyes are blurred, but she also knows that ye Chen cannot always be with her.

Her cultivation has reached the bottleneck, so she doesn't need to practice anymore, because it's useless.

Chapter 8410

But ye Chen is different. Ye Chen still has a lot of room for progress.

"Kiss me again." The heavenly maiden said softly.

"Yes!"

Ye Chen hugged the heavenly daughter and gave her a kiss that almost killed her. Then he put on his clothes and left, tearing the void directly, locking the coordinates of Hao Tianyu and blinking away.

The next moment, ye Chen came to a strange world along Xiaoqing's call.

The world is chaotic, hazy, and covered with a layer of white fog on the surface, like a border blockade, covering the whole world.

"Is this haotianyu?"

Ye Chen narrowed his eyes slightly, looked at the white world in front of him, and tried to dive down, but when he dived thousands of miles, he couldn't break through the fog, and the fog was still everywhere.

"It's a little interesting."

Ye Chen guessed that these mists should be a special magic circle.

This vast heaven is blocked by the magic circle. Outsiders can't enter it at all, and they don't know how Ren Duxing, the ancestor of the Ren family, sneaked into it.

Ye Chen came out of the fog and looked around, only to see the void in the four boundaries of Hao Tianyu, floating with islets.

These sky islands, like stars, slowly rotate around the Haotian domain.

The smell of Xiaoqing came from one of the islands.

Ye Chen locked his breath and flew away towards the island.

Coming to the middle of the island, ye Chen saw a lake with a small pavilion in the middle.

An old man was sitting in a pavilion drinking.

In the middle of the lake, a girl is fighting with a green bird.

The blue bird neighed repeatedly, and the song was angry. It kept flapping its wings, blowing gusts of wind, whistling and roaring at the girl.

This green bird is Xiaoqing.

The girl didn't know who she was. Her eyes were bright and her teeth were beautiful. She faced Xiaoqing's attack, waved her sword and was calm.

Between the flash of the sword light, the storm fanned out by Xiaoqing was completely disintegrated.

The girl giggled, "little Bluebird, you're not my enemy. Yield to me, and I won't treat you badly."

The girl didn't kill her heart. It seemed that she just wanted to accept Xiaoqing.

But Xiaoqing refused.

Xiaoqing was angry and wanted to fight, but when he saw Ye Chen coming, he was immediately overjoyed and changed into a human shape, shouting, "brother Ye Chen!"

She rushed to Ye Chen as if she were flying, jumped into his arms, and cried wrongfully, "brother Ye Chen, someone bullied me!" Then he pointed to the girl.

Seeing ye Chen's figure, the girl shouted, "ouch", widened her eyes and said, "are you the Lord of reincarnation?"

In the pavilion in the middle of the lake, the old man who watched the battle, his wine glass also snapped, fell to the ground and smashed.

Obviously, the arrival of Ye Chen also shocked the old man.

When ye Chen saw that the old man and the girl had no murderous thoughts and evil thoughts, he decided slightly and said, "under Ye Chen, Xiaoqing is my friend. I don't know if there is any misunderstanding?" Hold Xiaoqing's hand.

Xiaoqing looked at the girl angrily and said to Ye Chen, "she wants to catch me as her pet!"

The girl was immediately embarrassed and hesitated, "this... Ha... Sorry, master Ye Chen, I didn't know this little blue bird was your pet, haha..."
