

## Physician 841

### Chapter 841

Ye Chen listened to Ji Siqing's introduction and curiously took a look at the steps that spread from the foot of the mountain to the top of the mountain.

The ladder is vertical and horizontal, although the distance is far, but the sense of pressure is also very strong.

More like a pair of eyes staring at Ye Chen in the depths.

Threats.

It's cold.

Bloodthirsty.

"Is that the only choice?" Ye Chen Dao.

Keith counted and nodded: "yes, unless you are willing to apologize to Mr. Jingshui."

"Ye Chen, although I despise and even hate Mr. Jingshui's actions, the rule of Kunlun Xu is just like this. Mr. Jingshui has enough discourse power in this land of thousands of miles.

If you offend him, it will be very troublesome, and there may even be many sects and forces to move you. "

"Kunlun Xu has some shameless practitioners who can do anything to please a person."

Hearing Ji Siqing's warning, ye Chen did not speak.

He has no choice.

Just then, Mr. Jingshui's cold voice sounded from behind: "Ji Siqing, don't you want to step into the Dragon washing pool? It's not back in place! "

"Ji Siqing, you should be very clear, your talent and this boy's fan root, there is no comparability, you are not the same way, I advise you to give up this boy early, this boy may not even survive for a year."

Mr. Jingshui sees Ye Chen's coldness more and more powerful.

No matter what, he will get the beast in Ye Chen's arms.

Unfortunately, not now.

His status is noble. If he is forced to rob in front of so many disciples, what will the whole Kunlun people think of him?

When the washing dragon pool is over, he naturally has a way to let the mole ants obediently send the spirit beast to him.

Ji Siqing takes a look at Ye Chen and sighs and returns to the aperture.

Mr. Jingshui nodded with satisfaction, and his eyes fell on Qiu Bangcheng, Jue Wuzong.

"Qiu Rongcheng, as a judge, you are also considered as a young talent. You can take the place of Ye Chen."

Qiu Rongcheng was stunned, and immediately there was a sense of ecstasy on his face.

He knelt down in front of Mr. Jingshui and said respectfully, "thank you, Mr. Jingshui. I won't let you down."

Ten returned.

Qiu Laocheng stares at Ye Chen with interest and snorts, as if he is preaching some sovereignty.

Now he is not afraid of Ye Chen. After all, Mr. Jingshui is standing behind him.

If ye Chen doesn't know how to live or die, he will die faster!

Mr. Jingshui pinched the formula with his fingers and said to Ye Chen, "boy, I gave you the opportunity. It's because you don't cherish it. Aren't you proud of yourself as a genius? Then you might as well rely on yourself to go up! However, I said that in front of me, many people have tried, but no one survived.

Of course, the ladder depends on the strength of the cultivator, but also on the talent and spiritual root of the cultivator. As a person of ordinary roots, not to mention crossing the hundred steps to the top of the mountain, it is estimated that you are not qualified to even step 10. "

"A piece of trash really thinks there's hope?"

After that, Mr. Jingshui looked at the numerous practitioners behind him: "if there is anyone who doesn't believe in the present, you can try it."

"As long as anyone can surpass 50 steps, I am willing to take you as an apprentice!"

When this was said, there was an uproar.

This is Mr. Jingshui's chance to recruit students!

Once you step into half, you can become Mr. Jingshui's apprentice!

It's fascinating!

As soon as Mr. Jingshui's words fell, a few figures quickly turned to the sky ladder!

Many talented people want to gamble!

Once successful, it will be able to quickly step into the peak of Kunlun Xu.

But in a few seconds, there was a scream on the ladder!

In the gale, is to see a figure, was thrown out of the ladder.

"Bang!"

"Boom

Immediately after that, several other figures were thrown out of the sky ladder and fell on the ground!

When one of them fell on the ground, it instantly turned into a blood mist.

We can see how terrible the power is!

Seeing such a scene, many people took a breath of cold air.

"This ladder is so powerful! None of them can step out of the ten steps! "

"One of them is Wang Cen at the top of the holy kingdom!"

"The realm of the holy king can't cross the ten steps, not to mention the fifty steps."

"The key point is that this attempt has also paid the price of life. Who dares to challenge? It seems that the most secure way is to send Mr. Jingshui up."

Although it is dangerous, there are still some practitioners who want to try.

But the results were no exception.

Either serious injury fell down, or it turned into a blood mist.

The difficulty is beyond comprehension and endurance. "Ye Chen, do you know the difficulty? Because I still have a sense of survival for you. If you apologize and give me what you have in your arms, I can let bygones be bygones. This is the last chance I give you and the only chance you have. "

When this was said, there was an uproar.

No one thought that Mr. Jingshui was willing to compromise again and again for ye Chen.

So chance, why all come to Ye Chen's head.

"I also said for the last time that you want to be my master, you don't have the qualification. If you want Xiaohuang, you are not qualified."

There is no trace of temperature in his words, and Mr. Jingshui's face is even more ferocious.

Seeing that ye Chen was so ignorant, Qiu Bangcheng of Jue Wuzong flattered Mr. Jingshui and said to Ye Chen, "dare Ye Chen! You're tired of living! I really think that killing a few people will be invincible in the

world. If you have the confidence, you may as well cross the hundred steps! It's not about arguing here!  
"

"You can't change the fact that you're just a waste of time!"

The language falls, on the ladder, there are people into bursts of blood mist.

No one dares to go on.

Even if a young man with a terrible breath has arrived at the 19th floor, he finally retreats.

His face was pale, his whole body was covered with sweat, and he sat down on the ground.

"This ladder is like facing countless powerful people. Both the body and the mind will be severely damaged, which is not what people can break through."

This makes everyone realize how severe the ladder is.

This makes countless people feel desperate!

Duan Huai'an, the doctor's God, quietly walked to Ye Chen's side, patted Ye Chen on the shoulder and comforted him: "disciple, let's go back. It's ok if we can't go to the Xilongchi. I know some secret places of Kunlun Xu. I'll take you to look for opportunities."

When ye Chen just wanted to talk, Qiu Rongcheng turned his eyes and thought of something. He quickly left the aperture and said to Mr. Jingshui, "Mr. Jingshui, wait for me for a few minutes. I have a way. I will let this trash apologize to you!"

Qiu Rongcheng is gambling!

If the plan in his mind is successful, it will definitely make Mr. Jingshui have unlimited favor with him.

Maybe you can take yourself as a disciple!

Mr. Jingshui, doubtless, nodded.

Chapter 842

Later, Qiu Rongcheng stood up and went to Ye Chen.

Soon, his steps stop, and ye Chen side by side.

He turned his head and glanced at Ye Chen with disdain, and said, "little waste, do you dare to bet with me?"

"Just now you were so arrogant that you said Mr. Jingshui was not qualified! I'd like to see if you have the qualification! "

Ye Chen's cold eyes glanced at Qiu Rongcheng and did not speak.

Seeing that ye Chen didn't respond, Qiu Bangcheng said again, "little waste, can you hear what I said! Are you willing to accept the challenge? "

"Why should I accept your challenge? What kind of thing are you Ye Chen hit back.

Seeing that ye Chen didn't play his cards according to the routine, Qiu Bangcheng felt helpless, but he still said: "you are now expelled from the quota by Mr. Jingshui. This ladder is the only way for you to go to Xilongchi. If you are a man, you can block up with me. It depends on who can go further! If I win, you give up the spirit beast in your arms! And apologized to Mr. Jingshui.

If I lose, whatever you do!

If you're a man, you bet with me

It is estimated that the most useful method is the method of encouragement. This boy will definitely accept it.

Ji Siqing knew what Qiu Rongcheng meant, so he said, "Ye Chen, you don't have to bet with him."

The ladder of heaven also depends on talent. Ye Chen certainly has an organic relationship, but on talent and body, he is definitely not Qiu's opponent.

After all, many years ago, Qiu Rongcheng was one of the top talented young people in Kunlun.

With a rare spiritual root.

Countless families fought for him.

Duan Huaian also advised: "apprentice, this kind of gambling is not necessary to accept, let's go back to qingxuanfeng."

Ye Chen took a look at the ladder, and his eyes twinkled with firmness. Then, unexpectedly, he said to Qiu Rongcheng: "OK, I promise you, but I have a request. If you lose, you can kneel down in front of me, and then abandon the elixir field."

Qiu Rongcheng was stunned. He gritted his teeth and agreed: "OK! This ladder is not that formation. The guy in your arms can't help you! "

He can never lose!

Whether it is talent, spiritual pulse, cultivation, he is far more than ye Chen.

Ye Chen's only powerful one is the guy in his arms!

This guy is useless in the sky ladder. Ye Chen is nothing!

"Well, I promise you." Ye Chen nodded.

Qiu's heart is happy, step out, the momentum of the whole body began to rise!

It's so frightening!

Countless pairs of eyes staring at him, Qiu Rongcheng enjoys this feeling incomparably!

It seems that he is the most dazzling existence here.

Step out.

The second step.

.....

Step 10.

Qiu's voice of exclamation has come to the tenth floor!

He didn't stop!

Soon to the twentieth floor!

"My God, Qiu Rongcheng has climbed the 20th ladder!"

"It's worthy of being the top talent of that year Qiu Rongcheng!"

"If only I could have half of his accomplishments!"

The following praise to Qiu Rongcheng went on and on.

After all, no one has ever stepped into the 20th floor!

Key, is this the limit of Qiu's 20 floors?

This is the biggest doubt in everyone's mind.

"Well, what's the twentieth floor?"

Qiu Rongcheng, with both hands behind him, pretended to be a strong man and continued to move forward.

But soon, his relaxed expression stopped.

It's very serious.

He was a little out of breath because of the endless pressure.

"Jue Wu Xin Fa!"

Qiu Rongcheng's breath keeps rising, extremely strong!

Every step out, even the ladder vibrated a little bit!

Countless cold winds swept over the two of them, blowing up Qiu's clothes. His eyes were firm and resolute, as if in charge of everything.

"My God, this Qiu Rongcheng is so powerful that it's twenty-five floors!"

The crowd was terrified.

Even Ji Siqing looked up to Qiu Rongcheng.

It has to be said that among the people she knows, Qiu Rongcheng's talent can be ranked in the top ten.

If we get some more chances, we will feel that Kunlun will be a powerful force in the future.

"But he's almost to the limit. It's dangerous to go down."

Although Qiu's body was hard, he forgot everything when he heard the praise from the bottom.

He sneered, "I'm going to step into the fifty floor!"

Step out in a few steps.

But on the 28th floor of the earth, a mouthful of blood suddenly came out.

The blood was terrible and his face was pale.

Seriously injured!

He knew very well that he couldn't move on!"The 28th ladder!"

"It's terrible! It's a record for this year

"I'm afraid that no one can climb the 30th ladder today. After all, Qiu Rongcheng has achieved the ultimate goal."

Although Qiu Rongcheng was hurt, everyone did not blame him.

After all, Qiu Rongcheng's achievements are far away from the second place!

Well deserved genius!

This talent is recognized by the ladder!

"This Qiu Rongcheng is not bad among the younger generation. Although he has not reached the 50th level, he is far more than most of the geniuses."

Mr. Jingshui touched his beard and a smile appeared on his mouth. He was very satisfied with Qiu's performance.

Qiu Rongcheng naturally noticed Mr. Jingshui's smile. He was a little excited. Standing on the 28th step, he suddenly stretched out his hand and pointed at Ye Chen. Word by word, he said, "little waste, it's your turn now!"

"Of course, you can choose to give up. I won't blame you!"

As soon as he said this, countless people turned their eyes to the thin young man at the foot of the mountain.

Young people are expressionless, but they are extremely complicated in people's eyes.

After all, before Mr. Jingshui came, he crushed everything by absolute means!

But ye Chen is said to be a fan root, how far can he go?

Ye Chen snorted coldly, naturally fearless.

He put Xiao Huang on his shoulder and began to take the first step.

Step out, ye Chen will feel the violent air waves.

It's pounding his body and mind.

Even for a moment, he felt extremely contemptuous.

Small as dust.

Ye Chen stepped out a few steps and came to the tenth floor.

The tenth floor is a watershed. At this moment, it seems that countless huge mountains are pounding on his shoulders.

He was a little pale.

But not much.

"Come again!"

Ye Chen roared, the nine days xuanyang decided to move, the real Qi of the elixir field gathered all over the body, as if forming a golden barrier.

Ye Chen takes a few steps again!

He wants Qiu Rongcheng to see who is the real waste!!

This place depends on talent and spiritual roots?

He can't do anything?

Ridiculous!

Da Neng of the samsara cemetery said that the reason why his spiritual roots are ordinary roots is that all the instruments of Huaxia and even Kunlun are not qualified to be tested!

It's not worth it!

Under the support of the barrier, ye Chen has come to the 15th floor!

When ye Chen is ready to step into the 16th layer, the barrier of true Qi suddenly breaks.

He can't rely on his true spirit any further.

Chapter 843

Seeing this scene, Qiu Laocheng laughed darkly: "boy, if you can't support it, don't rush in. Just now those garbage have turned into blood fog, which has a warning effect. If you want to die, the price will be too high. "

Ye Chen laughs coldly, no longer pays attention to, this life talisman sacrifices, the whole body is full of violent thunder and lightning.

The thunder and lightning instantly dissipated all obstacles around.

Ye Chen took a few steps again! It's on the twentieth floor!

At this moment, the audience was extremely quiet. Even Qiu's expression on the 28th floor was wrong.

The gap between them has been shortened to eight levels!

Damn it!

How can he de step into this place!

At this time, ye Chen moved again!

This time, his eyebrows were filled with fire.

The immortal fire envelops the whole body and resists all pressure in an instant!

Ye Chen goes step by step.

Although not so embarrassed, but ye Chen is clearly feel the strength of one after another toward him.

His face was pale, his whole body was wet, and he couldn't help spitting out a mouthful of blood!

Qiu Rongcheng didn't expect Ye Chen to be so crazy. Although he was worried, he still said: "Ye Chen, if you insist on going on, your life will not be guaranteed. If you can step into here, you are already very good! Don't ruin your future in vain

"Go away!"

Ye Chen green tendons burst out, roar a sound, is to stride a few steps.

In a few seconds, ye Chen came to the 28th floor! Together with Qiu Rongcheng!

The clothes on Ye Chen's body can't bear the power of this ladder, and it's broken a little bit!

"How could it be!"

Qiu Bangcheng exclaimed in surprise, and his eyes were deeply shocked.

Such a waste, what qualifications to be equal with him!

Before he reacts to come over, ye Chen is to stride two steps again!

These two steps directly let Ye Chen come to the 30th floor!

At this moment, ye Chen is not only full of thunder and fire, but also full of awe inspiring murderous spirit.

This murderous spirit makes the whole world suddenly cold up!

Madman!

A complete madman!

But the onlookers under the stage are frying.

Ye Chen's performance is undoubtedly set off a storm!

A root of the people, even across to the 30th floor!

Can ye Chen's talent and strength far exceed Qiu's?

How the hell is that possible!

Many people even rubbed their eyes, they would rather read wrong than believe it!

Ji Siqing's beautiful eyes on the distant aperture changed from worry to curiosity.

Today, ye Chen gave her too many surprises.

The surprise was far beyond her knowledge.

She even wondered where these opportunities and strengths came from?

It's a good starting point for Kunlun, but it's a good starting point for five years.

But ye Chen has become more terrible since he went to China, where the aura is thin.

It's like a pair of hands pushing Ye Chen, stepping on the road of the strong.

Duan Huaian of the medical God gate should not have this ability.

Is Ye Chen appointed by some great power?

At the same time, there was a man whose face was completely black and ugly.

Mr. Jingshui stares at the thirty step Ye Chen, clenching his fist!

He thought Qiu Rongcheng could do something, but in the end, Qiu Rongcheng became a stepping stone for ye Chen!

It's disgraceful to be such a waste!

There was a trace of killing in his eyes.

Although Ye Chen did not cross to the top of the mountain, there is one thing to be sure of.

Ye Chen's talent has surpassed that of most young people. He can't grow up any more.

Otherwise, it would be a threat to him.

But at the moment Ye Chen did not continue to go on, cold eyes on Qiu Rongcheng's body!

"Qiu Rongcheng, willing to gamble and admit defeat! Dantian, and then kneel down

Ye Chen will not have the slightest hand and sympathy for this kind of person!

Qiu's face was a little scared. He had no choice but to bite his teeth and step out. He thought he could cross two levels.

At least not lose.

But I didn't expect that he had not taken a step, he was shocked back by a force.

Mouth is spit out a bright red blood.

It's shocking.

"Ye Chen, don't deceive people too much!"

Too much bullying?

Ye Chen cold smile, a cold sword out: "lose is lost, which so much nonsense."

Qiu was seriously injured and knew that he could not move on.

He turned his eyes, no longer hesitated, and went directly down the mountain. He didn't care to be embarrassed. If he knelt down in front of the little beast, what face would he have!

The key is to pay for Dantian!

Without Dantian, everything will be gone.

Only by leaving this boy and hiding in Mr. Jingshui, he will be safe!

The ideal is beautiful, but the reality is cruel.

Qiu Luocheng had not yet stepped a step, but a cold sword broke open.

It was directly inserted in front of him, swept by the fury, and his body shook and flew back to the original place again.

Before he reacts, a dark shadow is coming!

It's Ye Chen!

At the same time, the cold sword fell on Qiu's shoulder.

Cold and bloodthirsty.

"Give you two choices, keep your promise, or send you on the road."

Qiu's whole body was stiff, and he could feel a ray of thunder and lightning attacking his whole body.

"I belong to Jue Wuzong..."

Before finishing his words, ye Chen pulls out his cold sword and hits Qiu Rongcheng's cheek directly.

A mark of incomparable clarity.

"Kneel down!"

The cold chill rang through.

Qiu's body is full of scars, and the pressure around him has been swept by, "plop!" With a sound, he knelt directly on the ground.

At this moment, there was only fear in his heart.

Here, only two of them, no one can help him!

"I don't need to tell you what to do next." The voice of indifference resounded.

"Ye Chen, we don't have a deep blood feud. We don't have to kill them all." Qiu Rongcheng is unwilling to say so.

Ye Chen nodded: "if I lose, will you sympathize with me? The last three seconds, don't waste my time. "

What Qiu Rongcheng just wanted to say, ye Chen moved.

He grasped it with five fingers, and the sword flew back to his palm, and then the rage of thunder overflowed wildly.

Thunder and lightning encircle the sword and instantly breaks away from his right hand and shoots into Qiu's Dantian.

"Click!"

Countless Qi overflows!

Dan Tian is broken!

Qiu Rongcheng spat out three mouthfuls of blood on the spot!

It's shocking.

"You

Qiu's eyes widened, even with a trace of death.

Ye Chen Mingming said to give him three seconds, how come a second did not arrive, he made a move!

This scumbag!

"Sorry, I changed my mind. I didn't want to give you three seconds."

With that, ye Chen turned and took a step.

Seeing this scene, Qiu Rongcheng's expression was extremely frightening, just like a ghost.

He really can't imagine, 30 floor is not ye Chen's limit!

Chapter 844

Ye Chen should continue!

Can this guy really rely on himself to enter the Dragon washing pool!

Ye Chen is to step out a few steps, these steps, even let him exhaust the true Qi of the elixir field.

It's hard.

But he knows it's not his limit.

His real strength lies not in his accomplishments, but in his cards.

He closed his eyes.

Qiu Rongcheng naturally noticed Ye Chen's action.

He has a strange look on his face.

At this time, the whole ladder vibrated.

His elixir field is broken, can't bear this vibration feeling, spit out a mouthful of blood again.

Now he is almost half dead, he is not willing to!

Ye Chen gave him all this!

He wants to watch ye Chen turn into blood mist!

At this time, he found Ye Chen's open eyes.

A flash of light, like lightning tearing the sky!

Ye Chen's momentum changed completely, even in Qiu's eyes, he was very tall, just like a giant.

Is the existence that he can only look up to in this life!

"My God, it's the thirty fifth floor!"

"This ye Chen is not a waste of all roots, why is it so far above the ladder of heaven?"

"Is it that he hides everything? Is he the soul root against heaven

"No way. No one in Kunlun could escape the test of the machine at the beginning. This boy must be fan Gen. as for why this happened, it is very likely that he got some chance by accident."

"If we get this secret, we'll be better than him!"

"Look, ye Chen is still walking!"

Seeing ye Chen go further, inside the square, it is exclamatory again.

Ye Chen is not any root is not important, everyone wants to know where the limit of Ye Chen is!

"No way! Illusion! It must be an illusion! How could this little beast cross so far!! Is my talent worse than this little beast? "

Left behind by Ye Chen, Qiu Rongcheng looks unbelievable.

He can't accept it!

And the crowd was already crazy and chaotic.

Ye Chen every step out, the bottom is a cry.

The sound of exclamation is extremely neat, such as the waves sweeping the whole thousand Jue square.

In their eyes, ye Chen is an invincible son of heaven.

At least for this moment!

It's nothing to do with vogue!

Before today, who would have thought that the punk who had been kicked off the ring five years ago would return so strongly?

Who would have thought that this boy's talent could crush the incomparable Qiu Rongcheng!

Everyone wants to see ye Chen's school flowers, but in the end, they find that ye Chen is already overlooking them from the top of the mountain!

They are the real jokes!

They beat Ye hard with their action!

Hard!

Mirror water Mr. does not have any expression, his eye son tiny MI, certainly does not admit, but still way: "I still despise this boy."

"It's just that I don't know how a mortal root can bear this pressure!"

"Is there any secret in this boy?"

"It must be so!"

Mr. Jingshui doesn't believe that there is any talent for any kind of rubbish.

Ye Chen must have a treasure.

He and ye Chen have completely torn their faces, he naturally does not intend to let Ye Chen continue to live.

Maybe after washing the dragon pool, he will wipe this guy away permanently in Kunlun.

He has the qualification.

Since they are enemies, he will never let Ye Chen continue to shine!

At the moment, Mr. Jingshui stares at Ye Chen, and his eyes are extremely cold.

This scene is being discovered by Ji Siqing.

Ji Siqing is worried about ye Chen.

She wants to block Mr. mirror. It's hard.

"It seems that after today, let Ye Chen leave here immediately!"

She made up her mind.

.....

And now.

Ye Chen's Enigma is full of blood, and he becomes extremely hard step by step.

When stepping into the fortieth step, ye Chen's figure trembled.

This is his limit.

He can clearly feel a mountain of pressure destroying his everything!

It almost broke him!

The means he can use have been used!

The immortal fire, the divine thunder, and even the power of the blood dragon are also used.

It's almost impossible to step into the rest of the place!

Ye Chen has no choice but to bear the pain of the body and clench his teeth.

He took another step, but at last he came back.

Spit out a mouthful of red blood.see the scene which is dreadful to one 's mind.

He looked at the distant and extremely close to the top of the mountain, and felt powerless in his heart.

What to do?

Is it true that Xi Long Chi has nothing to do with me?

Just then, Xiao Huang on the shoulder wakes up from sleep.

It rubbed his eyes, looked around, eyes suddenly have a trace of surprise.

It's like seeing something delicious.

The next second, something weird happened.

Xiao Huang opens his mouth, and ye Chen finds that his whole body's pressure has disappeared!

His eyes were startled. He looked down at Xiao Huang, and immediately understood what.

Xiaohuang is not afraid of pressure!

This pressure is nothing to it!

Even, he felt that Xiao Huang was eating the pressure left by these great powers!

It even has a faint light on it.

After a while, Xiao Huang seems not satisfied and pulls the clothes of Ye Chen and points to the front.

Seems to let Ye Chen continue to move forward.

Ye Chen's heart was shocked and completely suppressed, and a smile appeared at the corner of his mouth. He walked quickly towards the top of the mountain!

You're not wrong!

It's a quick step!

To the back, even like running up!

The crowd at the bottom completely exploded!

"My God, look, what can the boy of medical God do again?"

"I didn't read it wrong. How can ye Chen's speed get faster and faster?"

"It's like the pressure of the ladder has no effect on him at all!"

"Look, he seems to be a man who is OK!"

"He He's running! Grass

On the ladder, the wind is dancing! Ye Chen strong match!

The ladder is a plaything in his eyes!

And under the ladder, the crowd surging, one by one stare big eyes, like hell!

No one would have thought that ye Chen would run his mother!

Even two steps at a time!

Can you be more serious in such a oppressive place!

Others a step into blood fog, you'd better, directly run up!

Those fallen talents don't want face?

Even if they have never been on the ladder, they know the horror of it!

No one has ever climbed the top of the mountain!

Not to mention as relaxed as ye Chen!

How did ye Chen do it?

This moment of Ye Chen, as if blooming bright light, incomparably dazzling!

Above the square, it was very quiet.

All were silent and in awe.

Now, who has the right to laugh at Ye Chen?

And a few people in the aperture saw such a strange Ye Chen.

A little confused.

What the hell, they even suspect that the thing in front of them is really a ladder?

Why is it like a general ladder in Ye Chen's eyes?

It's a good pressure!

Nothing?

It's weird.

Ji Siqing held out his hand, covered his mouth, and didn't even let himself make a sound.

She knew more than anyone how terrible the pressure on the ladder was.

But how could ye Chen be so relaxed?

The key is to run!

Don't mention Ye Chen. Even she, or some of the clan leaders of Kunlun Xu, can't do this.

How did ye Chen do it?

Mr. Jingshui's eyes were also surprised for the first time.

"No way! Is there any pressure on the ladder? Is it impossible that the ladder has failed? "

When countless people were wondering, Qiu Rongcheng, who had been abandoned from Dantian, suddenly cried out: "the pressure on the ladder is gone! No pressure at all! This ladder is not working! Ha ha

After all, Xiao Huang swallowed up all the power of power, which also eased Qiu's suffering.

To some extent, it's cheaper for Qiu.

Mr. Jingshui's face changed greatly, his body was floating, and he came to the sky ladder in an instant.

He closed his eyes and felt a little bit. Suddenly, his eyes opened and a cold light flashed: "sure enough, the pressure of the ladder has failed! Is it because the mountain has lost its spirituality for too long? That boy is really lucky! Now it doesn't work! "

All doubts are solved.

This is also the best explanation.

There is no problem running on the ladder without spirit.

Looking at the top of the mountain, Mr. Jingshui found that Ye Chen was about to step on the top of the mountain soon. His face became more and more ugly. He quickly pinched the formula with his fingers and saw that the circle of light at the feet of those who were promoted flickered!

Chapter 845

"Don't let that boy step in first. You're ready. I'll take you up!"

The language falls, he pinches the Jue the speed to be faster and faster!

Ye Chen's appearance broke all his rhythm!

No matter what, he can't let Ye Chen get the chance to wash the dragon pool first!

This guy doesn't qualify!

The next second, Mr. Jingshui, Ji Siqing, Wei Ying and others all disappeared.

Everything returned to silence.

.....

The top of the mountain.

Ye Chen breathed out a breath, patted Xiao Huang on the shoulder and praised him: "Xiao Huang, don't say it. I depend on you several times today. Without you, I don't feel so good. Thank you."

With that, ye Chen took out a Shuanghui ham sausage from the samsara cemetery, tore open the package, and handed it to Xiao Huang: "this is what I reward you."

Xiao Huang glanced at the ham sausage, but turned away, as if disdainful.

It is ancient blood. How can it eat this kind of thing made by Chinese factories.

What's more, the pressure just now has filled its stomach, so it won't eat any more.

"Come on, you don't eat me."

Ye Chen took a sip. Suddenly, he felt the breath coming from behind him. No longer hesitating, he took Xiaohuang to the only cave on the top of the mountain.

The cave was cold and dark.

The long corridor, ye Chen quickly through, the darkness disappeared, the whole world instantly bright up.

Ye Chen stops because he finds a huge ancient well with a diameter of more than 30 meters.

Yes, Gujing.

The shape of the well is almost the same as that of the outside world, but it is too big, and even looks like a lake.

The edge of the spring, Zhouwei, is protruding and engraved with ancient Sanskrit.

Ye Chen can't understand, but his eyes touch those bulges, and his heart seems to be purified.

In the middle of the spring stands a stone tablet.

The stone tablet is painted with pictures of Jiulong flying together!

At the same time, three vigorous and powerful characters are highlighted! Wash dragon pool!

Xiaohuang on Ye Chen's shoulder is also dead staring at the spring, breathing a little shortness of breath.

It is constantly flowing with light, which is obviously the meaning of evolution!

When ye Chen lost his mind, Xiao Huang's body leaped and jumped directly down the Dragon washing pool!

In an instant, the Dragon washing pool is boiling up!

"Go and grab the Dragon washing pool!"

Suddenly, Mr. Jingshui's voice sounded outside.

Ye Chen also felt a few shadows swept by.

He didn't hesitate, and jumped into Xiao Huang's place.

Instant spring water can not enter the body.

Disappeared.

Ye Chen feels that his body is sinking, and he is looking for Xiao Huang's figure underwater!

But I found Xiao Huang missing!

"Grass! Where has Xiao Huang gone

The washing dragon pool is too deep. There is no Xiao Huang on the surface. Ye Chen can only dive into the water to look for it.

The Dragon washing pool has no chance, but also represents danger.

Ye Chen has taken Xiaohuang as a friend and partner, and naturally does not want Xiaohuang to have an accident.

Ye Chen swam toward the deep and tried to yell for Xiao Huang several times, but the voice was finally covered up and countless springs were swallowed.

On the other hand, Ji Siqing, Wei Ying, and several others jumped down one after another.

Instead of sinking into the Dragon washing pool, they sat cross legged and suspended.

A strong sense of spring water came and formed a whirlpool all over them.

Ji Siqing's whirlpool was the biggest, followed by Wei Ying and another young man in Daopao, while the remaining five were not.

Mr. Jingshui stood on the periphery of the Dragon washing pool, his hands behind him, and his cold eyes swept around.

But found Ye Chen and the spirit beast are gone!

"No way! They came in just now

Mr. Jingshui's eyes are gloomy and cold, and his spiritual consciousness is constantly expanding. He even goes deep into the Dragon washing pool, but there is still no movement.

"Strange."

Ji Siqing and Wei Ying are also constantly paying attention to the surrounding, looking for ye Chen, but there is no news.

Ye Chen is like evaporation from the world.

"Xilong pool was once a place where wild monsters drink water. It is said that the dragon has lived here for thousands of years. The water in the pool is very spiritual for practitioners. Even there are many powerful cultivation methods and experiences in the Xilong pool. If you feel it well, you will surely gain a lot."

"What's more, Xilong pool represents opportunity and more danger. The springs inside are full of crisis, such as magma, thunder cloud, extremely cold water and sword sea. Their danger will increase with your strength training. Once you can't eat, you can come out in time. Otherwise, you will stay in it forever. This is not a threat. Please pay attention to it!

You have three days left! Over the years, only a dozen people have survived for two days, and few of them have survived three days! I'm out there. You can call me if you have anything

With that, Mr. Jingshui went outside.

Since there is no Ye Chen in Xilong pool, it must still be outside.

Just when there is no one, try to erase this boy.

And now.

A hundred meters under the Xilong pool.

There is no bottom.

Ye Chen's face turned red. Although practitioners are not afraid of deep water, it's hard to stay in it for a long time.

If you can't find Xiao Huang again, it will be in trouble.

All of a sudden, ye Chen felt something, the body in a strange way, dragon chant bursts!

By the way, this is the Dragon washing pool. The virtual shadow of the blood dragon in his body is also related to the dragon. The Dragon washing pool is naturally his territory.

No longer hesitating, ye Chen releases the shadow of blood dragon in his body.

In an instant, a red light rushed out of the body, and the huge sound of dragon chanting made the washing dragon pool roll again.

It seems that Zhou Ye is constantly trembling, even more excited.

Then, the blood dragon spits out a thing, like a bubble smashed on Ye Chen's body.

All of a sudden the pain disappeared.

Ye Chen at the moment is like walking on the ground.

Ye Chen was overjoyed. Then he thought of something and asked Xuelong, "do you know where Xiaohuang is?"

The head of the blood dragon lightly points and rushes towards the south in an instant.

Ye Chen followed up, he found that the underwater body is more light, and even the cohesion of the Dantian is extremely relaxed.

A minute later, the blood dragon stopped.

Ye Chen found himself in a palace under the sea.

But the palace has been in decline, leaving only ruins.

There is no prosperity of the past.

"Where's Xiao Huang?" Ye Chen turns head to ask a way, but discover the eye son of blood dragon dead stare at a direction.

There is a huge array.

Ancient array.

The eye of the array is made up of six animal bones!

The skeleton is extremely huge, even if it is just a bone, it also makes Ye Chen feel a little afraid.

This must be a fierce beast in ancient times!

The key is why the ancient fierce beast appeared here?

And it's reduced to an eye?

What means is it?

When ye Chen is confused, there is a fluffy thing in the middle of the array, with colorful light shining.

The deep roar is constantly ringing.

It's Xiao Huang!

Key small yellow face shows pain! Extremely ferocious!

Chapter 846

Ye Chen steps out, but before he gets close to the place of the array, an invisible obstacle surges in.

"Bang!"

Ye Chen's body was instantly repelled by a barrier.

There was a surge of blood.

Ye Chen just wants to ask the blood dragon what the situation is, but he finds the bones of those ancient fierce beasts.

The roars of fierce beasts rang out.

Even more, he stares at Ye Chen.

Even if there is no flesh, the eyes actually let Ye Chen feel cold.

"Boom

All of a sudden, one of the bones ran towards Ye Chen. Ye Chen didn't expect this thing to move!

Ye Chen stretched out his arm and asked the sky sword to appear directly in his palm.

Helpless, only a sword to chop.

Violent sword with thunder and lightning crazy toward the bones of the ancient beast devour and go.

"Ding!"

The air waves roll, and ye Chen's sword is cut on the skeleton, and there is no reaction.

You know, this blow is far beyond the realm of the king! What the hell is it that such strength doesn't respond to a skeleton!

A short pause, the moment of the ancient fierce beast rushed over, as if to mercilessly bite.

Once bitten, the consequences are unimaginable!

Blood dragon naturally aware of the danger of Ye Chen, the Dragon chant, crazy impact!

In the Dragon washing pool, the blood dragon may have been influenced by some ancient dragon, which has been transformed into substance in a short time and is extremely strong.

Far beyond the outside world!

"Bang!"

An earth shaking sound appeared, and the bones of the ancient fierce beast scattered in an instant!

The blood dragon stops dead in front of Ye Chen's body, the sound of dragon chanting is getting louder and louder!

It seems to be frightening the remains of several fierce animal bones.

Seeing that she was ready to go, Xiao Huang opened her eyes, and the sound of pain suddenly rang through!

Sound waves rippling, ye Chen can't help but spit out a mouthful of blood.

And Xiao Huang's side a few fierce animal skeletons seem to see some terrible existence!

Get down on your knees!

I'm submissive!

Ye Chen is a little shocked. Although Xiao Huang's blood vessels are not ordinary, they come from ancient times, but these skeletons also exist in ancient times, even in front of Xiaohuang's face?

Ye Chen looks at Xiao Huang in the array, he can feel it is very painful, as if Xiao Huang's body is being mercilessly torn.

The colorful light is like seven extremely sharp blades, each cutting on Xiao Huang's body.

Ye Chen some in the heart can not bear, slowly close: "Xiao Huang?"

This time, the bones of those ancient fierce beasts did not attack Ye Chen.

Ye Chen also successfully entered the array.

He didn't know what to do. He could only follow some of Huaxia's treatment of cats.

Reach out your hand and gently touch Xiao Huang's body.

"Roar!"

Xiaohuang is extremely defensive, ferocious fangs exposed, just want to bite the person who touched it, but found it was Ye Chen, and stopped.

"Don't touch me!"

A cold voice sounded.

Ye Chen stops action, pupil dilates.

This Xiao Huang is talking!

Sleeping trough!

It's really a human voice.

Is the first evolution to let Xiaohuang have the ability to communicate with him?

You should know that the ancient ferocious beasts outside can only speak when they step into the highest realm! But Xiao Huang is just growing up!

We can see how terrifying Xiao Huang's blood is.

"Away from Stay away from me, or Or you'll get hurt. "

Xiao Huang's voice rings again.

Ye Chen this just suddenly, hastily backward.

Before walking a few steps, another voice sounded: "wait, I have your blood essence in my body, and now I need a drop of your blood essence Give it to me. "

Although the essence of blood is precious, ye Chen does not hesitate to force out a drop.

When the blood essence shoots on Xiaohuang's body, the colorful light suddenly expands, and Xiaohuang is completely shrouded.

I can't see it clearly!

Ye Chen is waiting outside, the voice of Xiao Huang's painful roar comes from his ears.

He could feel the spirit of heaven and earth in the Dragon washing pool rushing towards Xiao Huang crazily.

Xiao Huang's power of thunder breaks out completely!

A red column of light is straight to the sky!

In an instant, the Dragon washing pool rolls over!

Several people who realized and practiced above opened their eyes and vomited out a mouthful of blood.

"What's wrong with the Dragon washing pool? Why do I feel a terrible pressure coming?"

Someone exclaimed, his eyes full of fear.

He didn't want to die when he came here!

"I'm going out!"The man clapped his hand on the spring and jumped out in an instant.

However, before leaving the washing dragon pool, the red light column penetrated.

"Boom His body turned into a cloud of blood on the spot.

A corner of the Dragon washing pool is full of blood.

Ji Siqing and Wei Ying and others saw this scene, and their eyes shrank. They didn't know what the light column was.

But it's absolutely terrible to kill such a talented person easily.

At this time, Mr. mirror water rushed in from the outside, he was staring at the light column full of thunder.

Finger pinching.

Close your eyes.

When the eyes open, his eyes are shocked!

"No! This breath comes from that boy's spirit beast! Is it a change of spirit and beast! They are at the bottom of the pool

Mr. Jingshui's eyes flashed a killing opportunity.

From the beam of light, that boy's spirit beast will only become stronger.

It makes him even hotter!

This kind of treasure, just into the holy land of Fangen waste what qualifications to control!

It should only belong to him!

He sacrificed an array plate in his hand and shot it like a dragon washing pool. Then, his body stepped over the array plate and wanted to enter.

He just stepped into the pool again, but when he started to move.

A sense of desolation is coming!

From the ancient fierce beast rage swept.

This pressure is not what he can resist!

"Bang!"

The array plate at the foot was broken on the spot!

Not only that, but the powerful Mr. Jingshui was suddenly repulsed by the force at the bottom of the pool!

"Pooh

A mouthful of red blood.

Mr. Jingshui's body smashed hard on the edge of the washing dragon pool.

It's really embarrassing.

Ji Siqing, Wei Ying and others were completely confused.

Who could have thought that the legendary characters were so embarrassed by the movement and stillness under the Dragon washing pool!

What is under the Dragon washing pool?

why is there such pressure!

At the moment, ye Chen found that everything around him was calm.

And all that was covered was gradually dispersed.

A figure gradually emerged.

The body is very small, the same size as before Xiaohuang.

But the hair and color had completely changed, yellow and black interlaced, just like the lines of fierce beasts.

The feeling of yellow and black was cold and bloodthirsty.

It's very deterrent.

There was a cold wind under the water for some reason.

The hair floats like a cape!

Majestic!

This is not the most terrible, terrible is a pair of cold, no temperature eyes are staring at him.

From the evolution of Xiaohuang!

Eyes blue, red!

It's still a different pupil!

There is a lightning pattern in the blue pupil!

It seems to represent the power of thunder!

As for the red pupil, the rune is extremely strange.

It felt like it was from hell!

## Chapter 847

Ye Chen is staring at Xiao Huang of different pupil like this.

He even felt an invisible weight hanging over him.

Xiaohuang ignores all the powerful's pressure, and can swallow those tyranny even more!

And now!

The endless pressure that Xiaohuang devours on the ladder seems to be all enveloped!

The blood dragon is aware of something wrong, and quickly pansrao in front of Ye Chen. A dragon roars through, and the pressure is smashed in an instant!

Of course, the blood dragon also suffered different degrees of injury!

"Roar!"

All of a sudden, Xiao Huang raised her head, and a roar resounded through the sky.

The whole body God thunder explodes!

Ye Chen clearly found that the lightning pattern of one of the blue pupils of Xiaohuang is constantly rotating, and a mysterious force is constantly overflowing.

This is far from over!

That fluffy body overflows the endless blood color!

Ye Chen seems to be in the sea of blood!

From the bottom of the washing dragon pool came countless lamentations.

"This is..." Ye Chen feels that the evil spirit of the body is thoroughly stimulated!

His eyes gradually turned red, as if the deepest intention of killing was also attracted.

His way is to kill the road, and now Xiao Huang's state and the feeling of killing the road are very similar!

It's just more domineering and chilly.

"Roar!"

There was another loud noise, and Xiao Huang's feet in front of her were pounding on the ground.

Cracks appeared at the bottom of the pool, which were full of thunder and violent evil intention.

Ye Chen no longer hesitates, holding the dragon in his hand and asking the sky sword, Wan Dao Jian means cohesion.

Sword dance for nine days.

In front of the sword, there are countless meanings of the sword.

I wanted to stop the spread of the cracks, but I didn't expect that Xiaohuang's current state is like a violent edge.

The sword meaning barrier broke in an instant, and a crushing force hit the sky sword. Ye Chen's feet rubbed against the ground and retreated rapidly!

It took more than ten meters to stop completely.

Key Ye Chen's two arms are slightly numb!

He looked at the figure in the distance full of violent energy, and one thing can be sure, this is Xiaohuang's first evolution!

In the past, Xiao Huang was weak and sleepy, but now she has a sense of fierce beast in ancient times.

As it is now, any monster will submit!

Even if some practitioners of Taoism are unstable, fear will spread in their hearts.

Judging from the strength just now, Xiao Huang's casual attack has exceeded his own strength!

Even forced to return to the virtual realm.

Ye Chen's expression at the moment is a little startled.

Although Xiaohuang was formerly a Mad Black Tiger, it died completely under the power of shenlei.

Then nirvana is reborn!

The biggest source of rebirth is the power of a tombstone in the samsara cemetery!

It can be said that Xiao Huang is not the king of the black tiger, but the king of ten thousand demons!

The first evolution was so terrible, but what happened later?

Also, what kind of energy does Xiao Huang's other red pupil represent!

Without time to think, Xiaohuang clapped on the ground again.

At the moment, its eyes are very strange!

Ye Chen is the only living thing around him, which naturally becomes his target.

The bottom of the pool vibrates, and the water surface is like a tsunami, rolling wildly towards Ye Chen.

At the same time, the evil spirit and the power of the divine thunder twined, turned into a hundred foot sword, and shot wildly towards Ye Chen.

"Lying trough, Xiao Huang, there's no need to do this!"

"Blood dragon, come on!"

The blood dragon immediately fell from the sky and directly penetrated into Ye Chen's body.

The power of dragon breaks out!

Ye Chen does not dare to despise the outbreak of Xiaohuang, the power of God thunder cover!

The sword overflows with powerful energy. The energy is extremely disordered. If ye Chen is not in good condition, he will be injured!

"Ten thousand swords belong to the clan!"

One sword is condensed into two and two into four!

In the end, it turned into ten thousand ways.

Liuguang sacrifice, ten thousand swords!

"Crash!"

The meaning of ten thousand swords is like a giant beast crashing towards the hundred foot space!

Thousands of sword Qi suddenly collided with it!

Boom!

Heaven and earth seem to break.

Under the bottom of the pool, the light converged wildly.

Just a face-to-face, the terrible sword will break Ye Chen's blow!

A little bit, God thunder spread!

Two forces suddenly disappeared! be roughly the same!

The air wave is toward all directions collision and go, could not Ding hit Ye Chen and Xiao Huang's body.

Xiao Huang stepped back a few steps, and Ye Chen did the same!"Pooh

Ye Chen couldn't help but spray a mouthful of blood from the corner of his mouth. He was not seriously injured and his body convulsed violently.

And Xiao Huang is like a guy who is OK and comes running.

Every step, the pool water concussion, the bottom of the pool is a startling footprints!

"Damn it, what the hell is going on with this guy?"

Ye Chen is a little angry. If it's the enemy, he can be arrogant, but he is his partner.

How?

It's not what he wants.

At this time, an old voice sounded: "disciple, in fact, this is very normal. This guy swallowed up the power of so many powerful people in the sky ladder, plus all the power of the nine blood wolves. This power is too much. After evolution, he must vent it out, otherwise it will explode and die."

"He can't recognize you or even want to kill you

"Fortunately, it is in the Dragon washing pool. The reason why the Dragon washing pool is powerful is that it contains a spring of dragon tears. A drop can make the blood dragon powerful several times, which is very important to your blood dragon. Now let the blood dragon quickly absorb the energy inside. When the whole spring of dragon tears is absorbed, the blood dragon will have the ability to resist this guy.

When the time comes, the blood dragon's state will also be furious. It's a good choice for the two guys to vent together for some time. "

Ye Chen is stunned, and then he wants to understand why Lin Qingxuan emphasized that the Dragon washing pool is very important to both Xuelong and Xiaohuang.

Suddenly, he thought of something and asked, "before the blood dragon absorbs the spring of dragon tears?"

Lin Qingxuan's eyes narrowed slightly and said faintly, "it depends on how long you can support this guy!"

Words fall, Lin Qingxuan disappeared!

And then, Xiao Huang came with a strong evil spirit!

The most powerful!

Ye Chen doesn't think much about it any more. He forces a drop of blood essence on the sword of chopping the dragon and asking heaven. He cuts it madly!

One man and one beast are carrying the power of divine thunder, just like two thunder balls in constant collision!

Blood dragon originally wanted to help, but ye Chen even said: "blood dragon, quickly absorb the spring of dragon tears! Hurry up

Hearing this, the blood dragon's eyes hesitated a few minutes, or quickly toward the darkest place in the ancient city.

Deep there, there are faint Longyin, feeling far away, even from ancient times.

At the bottom of the pool, ye Chen and Xiao Huang constantly collide!

Although Xiaohuang's body is not big, but a casual palm print is enough to make ye Chen's Qi and blood vibrate.

Ye Chen is injured again and again, swimming on the edge of life and death.

Chapter 848

Obviously, Xiao Huang can't hurt Ye Chen any more. His ferocious eyes are more and more angry!

It seems that someone is challenging his authority!

The battle at the bottom of the pool, however, made the people above the Xilong pool miserable to the extreme.

Endless God thunder roamed in the spring. There was a genius who was slightly behind in cultivation and talent, and could not resist it.

His Qi barrier was broken on the spot.

God thunder and evil intention completely devour him!

"Mr. Jingshui, help me!"

He wanted to leave, but found that the God thunder like a thunder net bound him, he could not leave at all.

The key is that the true Qi of one's own Dantian seems to be absorbed crazily!

His accomplishments are declining!

One side of the mirror water Mr. eyes a shrink, step out, suspended in the wash dragon pool above, seize the guy's hand!

Pull out of the water!

But it's too late!

God thunder and blood evil spirit suddenly contract, his body instantly burst!

The eyes of Ji Siqing, Wei Ying, Daopao youth, and even all the others in the Xilong pool become extremely serious.

It's only a few hours. Two geniuses have fallen!

Eight people have entered here, and now only six are left!

Who will be next again!

Mr. Jingshui frowned into a character of "Chuan". He didn't know what happened under the Dragon washing pool, but one thing can be determined. The danger of the Dragon washing pool this time is far more than ten times that of the previous opening!

Thinking about everything, he said to Ji Siqing, Wei Ying and others: "this time, the Dragon washing pool is extremely dangerous. Don't feel and absorb the energy inside. Come out quickly! Otherwise, the consequences will be unimaginable! "

But only one young man in black returned to Mr. Jingshui for self-protection.

The other five are still feeling it!

Wealth insurance in the pursuit! How can I give up my chance to get here!

Mr. Jingshui shook his head helplessly, and no longer cared.

Fortunately, half an hour later, four of the five began to break through!

The meaning of the breakthrough is extremely violent, and the Xilong pool is rolling, and one wave after another is wildly set off.

The only one who didn't make a breakthrough was that young man in Daopao!

Daopao youth body constantly diving into the water, holding a jade pendant in his hand!

The jade pendant is engraved with the word daocong!

He was from the beginning! He kept a low profile throughout.

Only for the mission given to him by the Taoist patriarch.

He is also the only mature experimental product cultivated by the Taoist patriarch at present.

At the beginning, ye Chen was the first group of killers and three other people near qingxuanfeng.

He was the third.

Strength in the return to the virtual state, spirit root and blood are enough to crush everything.

For thousands of years, daocong has widely accepted Kunlun talents because of his crazy plan!

Once this plan is successful, daocong will become the first one in Kunlun!

More can control the whole Kunlun empty!

Now, the biggest threat to the Taoist patriarch is the medical God gate where ye Chen and Duan Huai'an are!

So Kunlun virtual genius ratio, the first is not important, the patriarch told him, if you meet Ye Chen, you must try every means to kill Ye Chen, and get Ye Chen's secret!

And he is incomparably sure that ye Chen is at the bottom of the washing dragon pool!

The Taoist disciple disappeared completely and went to the bottom of the pool.

The crisis is approaching.

.....

Under the Dragon washing pool.

Ye Chen breathes heavily, and cuts the dragon to ask the sky sword to insert on the ground, supports Ye Chen.

His casual clothes are completely broken, and there are blood stains on his body!

He raised his head and looked at the ferocious little yellow, some speechless.

This guy hasn't been released yet! It's like having endless energy!

How can he fight!

"Xiao Huang, why don't you try to hit the wall? I can't bear to be your partner!"

Ye Chen Dao.

But this is an insult to Xiao Huang!

The next second, it carries the potential of thunder, rushed quickly!

"Shit!"

Ye Chen is really convinced. He wants to pull up the sword of cutting dragon and asking heaven, but he finds that he has no strength at all.

Too tired!

However, he found that with Xiao Huang vent, the meaning of body breakthrough is more and more intense!

Can break through already!

Xiao Huang comes to Ye Chen in the blink of an eye and bursts out!

Ye Chen's body flies out in an instant!

As soon as you turn around, a sword is inserted on the ground!

sparks spread in the water, and a sword mark suddenly forms.

It's shocking.

Not yet stable body shape, Xiaohuang rushed again, this time with cold killing intention! The tender palm of the hand is the emergence of a few sharp steel knives, the upper stream of the steel knife rotating God thunder and blood evil, directly toward the neck of Ye Chen!

This little Huang is really going to kill him!

Ye Chen is excited, holding a simple silver needle in the palm of his hand. He just plans to shoot out Lin Qingxuan's silver needle!

There was a thundering sound of the dragon from the dark depths!

The sound is so loud that even the ground vibrates!

Then Ye Chen saw a fiery red figure rushed out!

What a bloody dragon!

But at the moment, the blood dragon's body is huge several times, and the breath is extremely terrible!

The body surface is covered with dragon chant, which reflects the dazzling light under the light!

Blood dragon protector, the rage pole, km distance, is just a moment for it.

"Touch!"

Blood dragon directly hit Xiao Huang's body!

Xiao Huang feels the danger and roars. Her claws like a steel knife directly stab at the blood dragon!

"Zizizi!"

It can't penetrate at all. It's a violent Mars!

"Bang!"

Blood dragon directly hit Xiao Huang out!

Almost instantly, two bodies, one big and one small, fought.

The battle between ancient dragon and beast king!

Because it is too fast, but ye Chen can only see a red and a blue two lights constantly collide, constantly separate!

The whole washing dragon pool vibrates! roll!

The air waves are shooting around! The broken walls and debris are broken up a bit!

Ye Chen breathes out a breath and doesn't care about the two guys. He must practice and break through now!

There is not only a spring of dragon tears in the water of Xilong pool, but also liquefied aura. One day of practice is equivalent to one year of Kunlun virtual practice!

This opportunity, he can't waste!

Ye Chen no longer hesitates, cross legs and sit, nine days xuanyang decided to run.

Last time in qingxuanfeng, he stayed on the third layer of entering the holy land. This time, he should break through to the fifth layer at least!

At least!

Chapter 849

Last time Lei Ren dissipated, the star light remained in the field, undoubtedly helping him break through the most adverse force.

The spirit of the Dragon washing pool is separated and gathered, and the body of Ye Chen is formed a vortex.

In the whirlpool, one side was cold and the other was hot.

Inside the field, the real air rolls.

All the strength, like thousands of troops, is going towards that barrier to break through.

This moment, ye Chen's body is a battlefield!

Everything around it seemed to be silent.

Even the fierce battle between blood dragon and Xiaohuang can not affect Ye Chen.

Nine days xuanyang never knew how many weeks it had been running.

He also doesn't know where his limit is.

"Boom!"

Endless spirit rush!

A block broke on the spot!

The body of Ye Chen is a light golden light!

It's so cool!

Far from over, ye Chen continued to go to the next obstacle.

.....

A share of energy from the dandian rush out, and finally reunited within the field.

Dantian is expanding.

More and more energy from the Dragon washing pool comes to the leaf Chen.

Suddenly, the stone in Ye Chen pocket also flew out, and began to absorb the energy of dragon washing pool madly!

For the cemetery of reincarnation!

One person a stone began to plunder the entire resources of the dragon pool!

The first reaction to this is naturally Jisiqing and Weiying.

Two eyes open, look at each other, both find each other in the eyes of confusion.

The energy of the Dragon washing pool is disappearing?

The key is they don't absorb too much!

Although energy absorption, but the crisis in the dragon pool is more and more intense!

A rough wave hit them.

The two women, though, use the real gas barrier to block, but they still let the hair wet.

"I don't know why the energy of this dragon washing pool will be so degraded, so we have not much time left. Take it by secret method!"

Jisiqing said a word, a point on the eyebrow.

A light came out!

Light seems to be a huge palm, crazy towards the energy of disappearance!

It was a catch on Jisiqing.

Jisiqing's mouth outlines a smile, continue to practice and break through!

Wei Ying eyes soon shrink, she did not think so many means, but she can have evil blood cold body!

"Evil blood cold body, my body temporarily gives you control, if this energy passes through, you don't want to achieve your goal."

In a moment, Wei Ying's eyes changed.

It was cold and unfriendly.

It is the cold body of the evil blood.

She glanced around and found Ye Chen was not there, and said coldly, "the bastard is not here. He picked up a life, otherwise, I will let him regret coming to this world."

"Cold field, get up!"

The words fall, the ten meter washing pool around Wei Ying is frozen completely, and it turns into cold ice.

Her position energy also stopped passing.

She sat on the ice and continued to break through.

Except for these two, the remaining few arrogants of the sky have no such means. Since the Dragon washing pool has no spirit and is extremely dangerous, they all choose to leave the Dragon washing pool for the first time!

The whole washing dragon pool surface only left Wei Ying, jisiqing in the breakthrough!

The mirror water Mr. beside swept around, ordered a few people, suddenly, the face changed greatly!

The genius disciple of daocong is gone!

He thought of something, and a smile suddenly appeared at the corner of his mouth: "it was heard that Taoist sect and the doctor god clan were not in harmony. Daozong wanted to destroy the doctor god gate and duanhuai'an several times. Now, it seems that the Taoist disciple should go to the bottom of the dragon pool to find the boy."

"I have long noticed that this Taoist disciple is not right, and has been suppressing his strength. It seems that someone helped out first this time!"

.....

Under the Dragon washing pool.

Ye Chen has broken through to the fifth level of the Holy Land!

And still breaking through!

This makes the blood of Ye Chen all around him seem to boil.

Although it only crossed a small state, the more the road to cultivation, the greater the benefit a small state brings.

Even in two small realms, there may be a natural cut!

Some practitioners are poor and don't want to break through their lives!

If I go on like this, I am afraid that in a short time, I will enter the holy kingdom or return to the void. Even the king realm or the strong man in the source of Tao will not take me any longer!

"I didn't expect that the dragon pool really gave me a chance!"

Ye Chenjing to the heart, now the peace of mind breakthrough is the key.

After all, there is a time limit on this dragon washing pool! It is estimated that before long, the energy of the Dragon washing pool will disappear.

The mountain bearing the Xilong pool will also crack.

Every minute and every second must be cherished!

"Give it to me!"

Ye Chen yelled, his heart clear.

Continue to hit the next level!

The story of Kunlun Xu is just beginning.

Today Kunlun Xu Dabi, let him understand one thing!

Here, all the rules are empty talk! Strength is the king!

For five years, his life in hell and his heart of hatred solidified his heart.

Tao Xin is stronger than anyone else.

Even hate let him condense the blood evil spirit! Step on the road to kill!

If there is no way to kill, there is no blood dragon shadow!

He's a very strong card!

Everything is predestined.

Kunlun xudabi's disgrace was washed away, but he had to face some things.

There are too many hidden threats.

Daozong, the xuye family of Kunlun, and the forces behind the untouchable reincarnation cemetery!

Although he is not qualified to contact with this force, various clues point to the xuye family in Kunlun.

After all, the Ye family is closely related to the carrying capacity of the samsara cemetery!

What's more, the threat now, plus Mr. mirror water!

This person looks after Xiao Huang so much that he will never leave qianjue square alive today!

He must climb to the top of his strength to be qualified to resist!

Thinking of this, his elixir field seems to burst open.

Countless auras rush in! topple the mountains and overturn the seas!

Ye Chen is desperate to absorb! Black stone in, at least can alleviate a few points!

But with the loss of time, ye Chen's face pale a few minutes.

Even the aura came crashing into his mouth, leaving a trace of blood on his mouth.

The power of the Dragon washing pool is not so easy to refine!

The life talisman and the power of the divine thunder burst out together.

God thunder covers the whole body.

His body is to spread crackling figure, as if broken, and then a new life!

Although the pain, but let Ye Chen extremely enjoy!

The sense of breakthrough is getting stronger!

Lin Qingxuan of the samsara cemetery saw Ye Chen like this, and kindly reminded him, "disciple, the aura of the Dragon washing pool is totally different from that of the outside world. You'd better take it easy. In ancient times, because the dragon and those fierce animals lived here, the energy in their bodies was also full of energy."

"This energy is enough to destroy a cultivator. Your body is not strong enough to resist."

Ye Chen Mou son shows firm determination, gnash a tooth way: "master, I can!"

Chapter 850

Looking at Ye Chen's appearance, Lin Qingxuan no longer talks much.

His eyes were filled with joy.

There is no wrong person selected for the samsara cemetery.

I'm afraid that if there are only one young man in the world, they will turn over.

He thought of something and looked at the end of the hundred tombstones.

It was a tombstone with a sense of desolation.

This tombstone is a little different from all tombstones.

Sight touch, is an invisible pressure let you gasp.

Lin Qingxuan knew that Da Neng in the tombstone would be the strongest one in the cemetery.

"To tell you the truth, I saw your shadow in the tomb owner. Nirvana is crushed in the world, fearless of everything and rising against the sky."

With that, Lin Qingxuan dissipated.

And ye Chen outside naturally did not know the situation inside.

His elixir field is covered with a star awn.

Apparently from the samsara cemetery.

Xingmang package everything, as if in the crazy refining of the spirit of the dragon pool outside.

As time goes by, ye Chen's elixir field is slowly held up.

And the original obstacles, there are signs of cracking!

This is the best chance!

"Break it for me!"

Ye Chen a roar, the stars scattered, wrapped over the whole body!

Even into the blood.

Around him, the ground shakes, and the ground under him is shattered.

At the moment, ye Chen's body is like a cosmic explosion, a volcanic jet!

"Puff!"

He spat out a mouthful of blood again!

But this did not shake Ye Chen's heart!

"Come again!"

At the moment, ye Chen is breaking through, and Xuelong and Xiaohuang are playing hard on one side.

Even a dragon and a beast are in a bit of a mess at the moment.

It's scarred.

They completely ignored Ye Chen!

But with the help of each other, vent all the strength!

But nobody noticed that the crisis was coming.

The Taoist disciple fell steadily at the bottom of the Dragon washing pool.

Holding the jade pendant given to him by the patriarch, he almost ignored the pressure at the bottom of Xilong pool.

When he saw the blood dragon and little yellow turning into two rays of light, he was completely frightened!

"There are really dragons under the Dragon washing pool! And the momentum of this dragon is extremely strong

"Well? What is that little thing? "

Although in qianjue square, he saw Xiao Huang on Ye Chen's shoulder, and he did not know Xiao Huang now.

He frowned and suddenly noticed a figure breaking through in the corner!

It's Ye Chen!

Kill the intention to flash!

The corner of his mouth is full of ecstasy!

Ye Chen is breaking through at this time. This is a great opportunity!

Key Ye Chen's state is extremely critical, want to destroy easily!

He can even feel Ye Chen's injury!

What a coincidence!

Heaven is going to die, so what!

A cold sword sacrifice, he quietly away, every step of the body momentum rising!

When approaching, the Taoist disciples always pay attention to the dragon and beast. After all, this is the biggest threat.

Fortunately, those two guys don't care about themselves. How can they notice this side!

What's more, the existence of this kind of ancient times must be the god beast of Xilongchi. How can it help a mole ant.

In a few seconds, daocong's disciples have come to Ye Chen's face. Without hesitation, the endless power converges on a sword. The washing dragon pool rippled, and a cold light breaks through the air and hits Ye Chen's heart!

At the moment of penetrating Ye Chen, ye Chen's eyes suddenly open!

Extreme cold!

He ignored everything and interrupted his practice. His five fingers stretched out and grasped the meaning of the sword.

His hands ooze with blood.

At the same time, the corner of Ye Chen's mouth spilled a trace of blood.

After all, breaking through by force is too disturbing!

"Who are you?"

Ye Chen angry voice way.

Daozong disciple sneered: "who am I? Hum! Before you die, I will tell you that I am Zhang Zhenting! Take down the head of your trash

Daozong!

Ye Chen's eyes shrank, stretched out his hand, and the sword flew back, directly chopping on Zhang Zhenting's long sword!

Zhang Zhenting stepped back a few steps!

He didn't go on! But staring at the sword in Ye Chen's hand!

This sword is not used by Ye Chen in the arena at all!

He knew the key sword, and most of the disciples of Kunlun Xu knew it. Because the owner of this sword is ye Shitian!

But how could ye Chen have the sword of killing heaven!

With all his thoughts in his mind, he suddenly thought of the lightning and flame that ye Chen burst out on the challenge arena!

There are many people who control the fire and thunder and lightning in Kunlun!

But the only one who controls the fire and thunder and the sword!

His eyes widened and exclaimed: "you are ye Jingtian!"

Ye Chen wiped off the blood stains on the corners of his mouth and said with a cold smile, "how is it?"

Zhang Zhenting got the reply, and his fear suddenly disappeared. On the contrary, he laughed coldly:  
"God helps me! No matter you are ye Shitian or Ye Chen, I'm afraid that the Qi in your body is  
disordered and it's very uncomfortable! With your injuries, do you think you're my match in the heyday?  
"

"If the Lord knew that I had killed Ye Chen and ye Shitian, he would have injected those things into my  
body! At that time, I will certainly become the Taoist Dharma protector who follows the patriarch and  
dominates the world! "

When ye Chen heard Zhang Zhenting's words, he understood what he understood. The breath of Zhang  
Zhenting was different from that of ordinary practitioners. On the contrary, he was similar to the three  
strong men who stepped into qingxuanfeng a few days ago.

Are they the same kind of people?

Before he could react to it, Zhang Zhenting stepped out and came with an overwhelming momentum.

Ye Chen can only endure the disordered energy on his body and block it with the sword!

But this block, on the contrary, let his breath of Dantian more chaotic!

"Poof!"

Another mouthful of blood!

Seeing this, Zhang Zhenting laughed: "ye Shitian, if I were you, I would raise my head and sacrifice my head! Now your body is in chaos. The more you resist, the deeper you will be hurt! "

At this moment, he enjoyed it to the utmost!

"What's more, you must have hidden secrets. If you tell me these secrets, I'll give you a good way to die!"

"Go away!"

Ye Chen Mou son offends cold, offered a silver needle on the spot.

This power of Lin Qingxuan is the biggest reliance he can use at present.

He took a look at Xuelong and Xiaohuang, and almost died of anger!

They were all plotted by others. These two guys didn't mean to escort at all!

Can't I have eyes?

No longer think about it, the power of the silver needle breaks out, and in an instant, the light shines everywhere and covers it!

"Whoosh!" The silver needle broke free of Ye Chen's hand and flew out!

Towards Zhang Zhenting!

"Boom!"

Suddenly, the power of heaven and earth is used!

Boundless energy, condense, the small silver needle actually expands on the spot!
