

Physician 8421

Chapter 8421

Almost in an instant, ye Chen fled far away from the territory of the death world of Yan demon, shuttled through the void, flew to an isolated island in the sky 100000 miles away, and released Wang Dong and Xu Jiu.

"It should be all right."

Ye Chen's voice was still a little heavy.

Wang Dong and Xu Jiu were relieved to know that they were safe.

Just recalling the brutal killing just now, the two people are still haunted.

Xu Jiu sighed and said, "Lord of reincarnation, thank you for saving."

Ye Chen said, "you're welcome."

Xu Jiu sighed, "it's because I don't know the height of the sky and the thickness of the earth. I even want to seize the tablet of the emperor of heaven, which is beyond my strength. It's my luck to be able to get out of trouble this time."

All forces are staring at the tablet of the emperor of heaven, which is the most precious treasure.

People in the death world of Yan demon are naturally no exception.

Looking at the momentum of the death world of Yan demon today, especially the old priest ya Daochi, the puppet secret art is even more mysterious, and Xu Jiu is afraid.

He was alone, and naturally it was impossible to fight the death world of Yan demon.

It's a fool's dream to seize the tablet of the emperor of heaven.

Now he was lucky to escape safely and met Ye Chen.

"Brother Xu Jiu, are you leaving?"

Ye chendao.

Xu Jiu nodded helplessly and said, "well, I can't get involved in this terrible fight."

After a pause, Xu Jiu turned his palm over, offered a small bottle and said, "Lord of reincarnation, before leaving, I want to give you a gift to repay your saving grace."

Ye Chen looked at the small bottle and said, "what is this?"

Xu Jiu handed the small bottle to Ye Chen and said, "this is a drop of divine blood from the God of light. I got it from a cave ruins by chance a thousand years ago, but unfortunately, this drop of divine blood has been polluted."

"Lord of reincarnation, you have great powers. Maybe you can purify pollution and absorb this drop of divine blood."

Ye Chen took the small bottle and opened it. Sure enough, he saw that there was a drop of blood in it. It contained abundant bright breath, and the energy was extremely terrible.

However, on this drop of blood, it is full of all kinds of dark and filthy breath.

Xu Jiu was right. It was indeed the divine blood of the God of light, but it was polluted.

Ye Chen inherited the Taoist tradition of the God of light, but did not inherit the blood of God.

If he can absorb this drop of divine blood, the power of light in his body will advance by leaps and bounds!

"Thank you!"

Ye Chen accepted the gift and thanked with a smile.

The dark filth on the blood of the light God is very strong. He doesn't know how to dispel it for the time being, but there will always be a way to dispel it in the future.

After the filth is dispelled, ye Chen can absorb the energy of light God blood, which is definitely a great opportunity for him!

"Lord of reincarnation, I'll leave first. I wish you a smooth entry into the Haotian realm and find the tablet of the emperor of heaven."

Xu Jiu arched his hand to Ye Chen, and then said goodbye and left.

Wang Dong, frowning slightly, looked at Ye Chen and said, "Lord of reincarnation, do you want to enter Haotian?"

Ye Chen said, "yes, brother Wang Dong is from haotianyu. I wonder if it's convenient to take me in?"

Wang Dong laughed self mockingly and said, "I'm just a traitor, and I'm not qualified to go back to haotianyu again. If I go back rashly, there's only a dead end."

Ye Chen's eyes were slightly frozen and said, "brother Wang Dong, what's the matter? If there's anything I can do for you, it doesn't matter."

Ye Chen's secret, Dongming, didn't find any traces of evil killing on Wang Dong.

He is not a bad man.

On the contrary, ye Chen also saw many tangled, painful and inexplicable fate veins on him.

His fate must be very miserable.

He betrayed the ancestral religion and fled haotianyu. He must have some unavoidable difficulties.

Wang Dong listened to Ye Chen's words and smiled sadly, but seeing ye Chen's sincere eyes, he was also quite moved in his heart.

After a long silence, Wang Dong took a deep breath and sighed, "Lord of reincarnation..."

Ye Chen said, "just call me ye Chen."

Wang Dong nodded, "well... Brother ye, in fact... I betrayed the ancestral cult and escaped from haotianyu because, alas, the ancestral cult wanted to sacrifice me to the king of ancestral gods."

Ye Chen said, "sacrifice? Sacrifice?"

Wang Dong said sadly, "yes, I came from a big family, and my Wang family is from haotianyu

Chapter 8423

"Brother ye, if you want to come to your reincarnation seven stars, have you all awakened?"

Ye Chen was stunned and said, "what reincarnation seven stars?"

Wang Dong was also stunned and said, "haven't you heard of it?"

Ye Chen said, "No."

Wang Dong was shocked and said, "that's really strange. Is your talent so terrible before you wake up the star of life? If you wake up the star of life, that's enough!"

Speaking of this, Wang Dong couldn't help taking a breath.

The talent of reincarnation seems to be much more terrifying than he imagined.

Ye Chen frowned and asked, "where did you hear the legend of the seven stars of reincarnation?"

Wang Dong said, "I happened to see it when I read the ancient books of zushenjiao."

"It is said that there are seven life stars in the reincarnation blood. The awakening of each life star will bring earth shattering changes."

"Brother ye, I thought your star of destiny had all awakened, so..."

Ye Chen suddenly realized that it seemed that the ancestral deity was indeed deep-rooted and ancient, and actually recorded the mystery of reincarnation.

The mystery of the seven stars of reincarnation, even ye Chen doesn't know, o

Chapter 8424

"Don't worry, these local Jiwa dogs can't hurt me."

Ye Chen's eyes were sharp. If he was in the territory of Yan demon's death world, he might be afraid of three points, but here, he was not afraid at all.

"Wings of freedom, open!"

The hurricane exploded.

Behind Ye Chen, a pair of brilliant wings spread out.

The wings of freedom, wrapped in a shocking storm, soared into the sky.

Boom!

Ye Chen was undaunted and rushed directly into the center of the formation of the 10000 strong army.

The violent hurricane fanned and blew, and the strong soldiers of the surrounding hell devil death world suddenly broke up, and many people were instantly strangled by the storm and turned into a bloody rain.

Ya Daochi saw this scene, his face slightly changed, but he was not panicked. He shouted, "this boy is a Taoist. Don't fight him hard and fight against him in different arrays!"

"Yes!"

After yadaochi's voice fell, many strong men responded with a roar, and then divided into dozens of formations, each with more than 100 people.

Then, several strong players of the formation rushed up to fight ye Chen, but they only fought for one round, immediately retreated, and then rushed up by replacing others.

This clearly means that ye Chen will be killed in a car battle.

Ye Chen laughed and said, "a group of mole ants are also worthy of fighting with me?"

"Long Dou's gun, kill it!"

With a wave of his hand, ye Chen summoned Zhao Wu Lingyu, and the smell of rock and earth exploded, turning into an anti heaven gun behind him.

The gun shadow soared, and the virtual shadow of hundreds of millions of real dragons instantly emerged. They roared up and strangled each other. The picture was very spectacular.

Boom!

Ye Chen waved his gun and swept it out, like the wind sweeping the leaves, fiercely killing the surrounding army.

Many strong people in the death world of Yan demon want to resist, but ye Chen's martial power is too fierce and overbearing.

The Dragon fighting gun swept out wildly, and it was simply God blocking and killing God, and Buddha blocking and killing Buddha. The strong people in the hell demon death world on the scene, as long as they were slightly touched, immediately burst their bodies, and were beaten into meat sauce, which turned into a bloody rain and dispersed.

Yadaochi in the distance was shocked when he saw this scene.

"How can this boy be so strong?"

Ya Daochi's scalp was numb. His army of ten thousand people was already the elite of Yan demon's death world, and he received the blessing of the demon girl last night.

However, in the face of Ye Chen, he is still vulnerable, and is completely a group of mole ants.

Ye Chenyan's Dragon gun sweeps away, destroying the withered and decaying, and cannot be blocked.

This army of ten thousand people was badly injured, and half of them were killed in an instant. Only five thousand people were left. They trembled and retreated in fear, looking up at Ye Chen as if looking at a god of murder.

Ye Chen is bleeding all over, and the Dragon spear behind him is brilliant, powerful and heroic to the extreme, which is shocking and suffocating.

On the ground, Wang Dong stared at Ye Chen's figure, and couldn't help but take a breath.

"Brother Ye's martial arts are simply amazing Jedi. If it continues to develop, I'm afraid that the leader, the first seat of pilgrimage cliff and the first seat of feather mountain can't suppress him unless the three adults work together."

Wang Dong deeply admired Ye Chen. Influenced by his strong momentum, he even wanted to kneel down and submit.

"Ya Daochi, the humiliation three days ago, should be repaid a hundred times!"

Ye Chen's eyes were cold, staring at ya Daochi in the distance. Suddenly, the wings of freedom fanned, his body rushed forward, and rushed to ya Daochi in an instant.

The fivethousand remnant soldiers along the way were forcibly washed away by Ye Chen. At least hundreds of people exploded in an instant, completely unable to withstand Ye Chen's martial arts pressure, and died at the touch.

"Zushen fist!"

Ye Chen punched violently and blasted to the face of ya Daochi.

Ya Daochi was deeply frightened. He mastered the extremely exquisite puppet exercise secret method, and his magic power was excellent. But in terms of close martial arts, he was not ye Chen's enemy at all.

Ye Chen's domineering punch was enough to blow him to pieces.

"Space drill, Royal!"

At the critical moment of life and death, ya Daochi drank heavily, and his five fingers on his right hand moved, shooting out thin lines of aura.

These aura thin lines penetrated into the space, and unexpectedly manipulated the invisible space, turning it into a tangible shield to resist the bombardment of Ye Chen's fist.

Bang!

Ye Chen hit the space shield with a hard punch.

The shield was broken, but ye Chen's fist was also disintegrated.

Ya Daochi took advantage of this opportunity, immediately flew back, distanced himself from ye Chen, and his eyes were full of fear and fear, saying:

"You are invincible, you are just a hundred flail state. How can you cultivate to this point?"

Ye Chen snorted coldly, and did not respond. A seal emerged, which was the thunder seal in the sky.

The sound of thunder and lightning burst out.

Wisps of purple lightning gathered on the Dragon gun behind Ye Chen.

Boom!

Ye Chen held the Dragon gun tightly, and the thunder exploded, sweeping out, and attacked yadaochi again.

Ya Daochi's face was gloomy and he clenched his teeth. It was obvious that ye Chen's ferocity had completely exceeded his expectations.

If his cultivation is still at its peak, if he is in the territory of the death world of Yan demon, he may also have a chance of winning.

But here, his chances of winning are very slim.

"Well, I can't let you go even if I burn jade and stone today."

"The Commission of the demon lady must not fail!"

Ya Daochi's eyes showed a determined look and burning faith.

That is absolute faith.

He believes in evil women and regards them as gods.

He would rather die than finish the demon girl's request.

Boom!

Ya Daochi's life and blood burned in an instant, and he was actually desperate. He didn't want his life at all, and burned his spirit and blood crazily.

Behind him, a strange and twisted totem loomed, which was the totem of the witch.

Chapter 8425

Obviously, he also got the blessing of the witch. At this moment, this blessing turned into his strength and determination to die.

Ye Chen felt the momentum of yadaochi, and couldn't help but be a little dignified.

"This old bastard really has to work hard."

Ye Chen felt the belief of the death world of Yan demon. He was absolutely loyal to the witch. He would rather die than live up to the trust of the witch.

Under the continuous burning of Qi and blood, the powerful energy breath even penetrated time and space, and got the response of the witch.

Crash, crash, crash!

The breath of dark blessings, such as the star tide waterfall, constantly falls from the sky, pouring into yadaochi's body like rain.

That's the blessing of the witch!

Under the blessing of the witch, the energy breath on yadaochi's body exploded.

The fivethousand disabled soldiers were also deeply touched, and they sacrificed their blood and lives one after another. Wisps of blood and energy all gathered on yadaochi.

Boom!

With the blessing of the Witch and the blood of thousands of people, yadaochi was in full bloom, and he suddenly recovered from a white haired old man to a strong young man.

Ye Chen's face sank and he immediately felt bad.

What he has to face is not as simple as yadaochi alone.

Behind yadaochi, there is the blessing of the Witch and the blood of thousands of people. It is simply invincible.

"Lord of reincarnation, I heard the oracle of the demon lady. She said she would give you one last chance, would you like to obey?"

Ya Daochi stared at Ye Chen and asked coldly.

"Hehe, if you want me to submit to you, unless you kill me first."

Ye Chen smiled coldly, and his heart was still firm.

"Death!"

Ya Daochi was furious, his hands erupted, and thousands of silk threads erupted.

I saw that thousands of silk threads directly penetrated into the sky and the earth.

Ya Daochi pulled his hands hard and roared. The whole sky was actually like a curtain. He pulled it down and fell towards Ye Chen.

Ye Chen's pupils contracted, and she could hardly believe her eyes.

The sky is not an entity, just a void, but yadaochi pulled the whole sky down at this time, which is really unimaginable.

Click click!

The earth vibrates.

The whole earth was also manipulated by ya Daochi. As soon as he lifted it with his palm and connected it with silk thread, the earth was lifted up.

The sky tilted up and squeezed towards Ye Chen.

Yadaochi's hand actually controls heaven and earth, turning heaven and earth into his "puppet". It can be manipulated arbitrarily, and the magic power has changed to an unpredictable level.

Ye Chen only felt the pressure of heaven and earth, and wanted to squeeze him alive. The pressure was huge.

The whole desert island in the sky collapsed.

Heaven and earth are squeezing Ye Chen, and the surrounding four empty spaces turn into a chaotic world.

"Brother Ye!"

Wang Dong floated in the chaotic void. Seeing that ye Chen was about to be crushed to death by heaven and earth, he couldn't help but tremble.

He wanted to help, but it was obvious that he could not intervene in such a battle.

Under the pressure of heaven and earth, ye Chen felt that his connection with the reincarnation cemetery had also been cut off. Even if he wanted to borrow the power of the Holy Light Immortal Emperor, he could not.

At the critical moment of life and death, ye Chen only saw a glimmer of vitality, that is

"Light God blood, refined for me!"

Ye Chen roared and directly offered a small bottle.

Click!

Under the great pressure of the surrounding space, the bottle broke and a drop of blood flowed from it.

This drop of blood is full of light, but its surface is covered by a layer of darkness and filth. It is the light God blood sent by Xu Jiu to Ye Chen, which contains the power of the God of light.

This drop of light God blood is polluted by the dark breath. If you swallow it directly without cleaning it up, it is likely to suffer from the reverse bite of darkness.

But at this moment, ye Chen couldn't care so much. With a grasp of his palm, he directly grabbed the drop of light God blood in his hand and melted it into his body.

"Huh?"

Not far away, ya Daochi saw the drop of blood offered by Ye Chen, and his heart inexplicably raised a trace of panic.

Although the surface of that drop of blood was shrouded in darkness, he could clearly feel the majestic and magnificent light power behind it.

Boom!

Ye Chen absorbed the light God's blood, and suddenly his aura exploded, and light God pillars fell from the sky, shining on Ye Chen's body.

Ye Chen was up and down, blooming layers of dazzling brilliance, countless sacred lights, converging into the heaven, the temple, the fairy, the bird, the dove, the pool and so on, towering and spectacular, surrounding Ye Chen's body, constantly floating and sinking.

Ye Chen at this moment seems to be the embodiment of light, the divine master, and the great king.

"Is this the power of light, God and blood? Powerful, really incredible!"

Ye Chen clenched his fist and felt the power of explosion and surge in his body. His heart was also crazy.

He could feel that after light God blood was integrated into his body, it resonated with rock god blood.

The resonance of divine blood brought Ye Chen the power of explosion, his bones clicked, his muscles bulged and his veins burst.

The world that had just been squeezed towards Ye Chen was instantly rushed out and smashed under the impact of his strong force.

The weather caused by the breaking of heaven and earth makes the law collapse, time and space wear out, and the sound of rolling explosions spread out for hundreds of millions of miles, which is shocking.

Brush!

A sword appeared in Ye Chen's hand.

Shenxi Tianjian!

Blessed by the power of light, God and blood, Shenxi Tianjian burst out with unprecedented divine brilliance.

Chapter 8426

Ye Chen, like the God of light, is alive.

"No..."

Ya Daochi felt Ye Chen's majestic momentum, completely shocked, and his face was full of panic.

He did not expect that ye Chen could explode to this extent.

The divine brilliance continued to bloom from ye Chen, causing the surrounding dark atmosphere to quickly disperse.

"Shenxi three broken!"

Ye Chen's eyes were sharp, he suddenly waved his sword and cut out, breaking the void. First, he cut off the space and time behind ya Daochi, and completely cut off his contact with the witch.

Woo

The air wails.

Without the blessing of the witch, yadaochi's body suddenly withered and became old again.

The fivethousand remnant army looked at Ye Chen in fear, and dared not move at all, as if they saw the coming of the Lord of light to suppress all darkness.

"Die!"

Ye Chen's eyes were completely split, and the horizontal sword cut to the end of the road, with a momentum like breaking the sky.

Ya Daochi was frightened, and he only felt that ye Chen's sword was powerful, and the aura of light exploded, and he couldn't resist it at all.

"Stop it!"

At the critical moment, he pulled his hands, and thin lines of aura ran through the body of the five thousand disabled soldiers.

The 5000 strong man immediately became his "puppet" and was pulled over by him as a shield to resist Ye Chen's killing.

However, it has no effect at all.

Ye Chen's sword Qi soared to the sky, and the wings of freedom behind him also burst into divine brilliance. His wings vibrated. His body exploded like a storm and lightning, and the Shenxi Sky Sword in his hand was destroyed. The 5000 strong men, like ants and insects, were completely unable to resist a dime, and were crushed in an instant.

The blood rain and the broken meat are scattered, which is extremely spectacular.

Ye Chen's Shenxi Tianjian broke out of the blood rain and killed in front of ya Daochi.

"No!"

Ya Daochi uttered a miserable cry. In the next moment, his whole body was cut in half by Ye Chen. Blood splattered from his internal organs, his body and soul were destroyed, and he died completely.

Ye Chen killed the whole audience, and no one survived.

But his body was not stained with a trace of blood, surrounded by layers of light, as sacred and brilliant as the greatest God.

Wang Dong stared at Ye Chen's figure, stunned and shocked.

"Is this really the power of baijiajing?"

If it weren't for what he saw with his own eyes, Wang Dong couldn't believe that a hundred flail realm, not even the king of heaven, could burst out such a terrible force, which was simply invincible.

Naya Daochi is the Dharma protector of the former God of Death Cult. Although the power has been lost, the terrible power still remains.

But even so, ye Chen still destroys the withered and decayed, and kills ya Daochi.

"Cough..."

Suddenly, ye Chen coughed.

The powerful and domineering figure appears a little decadent at the moment, and the whole body's bright breath is dimmed.

A trace of strange black fog grew out of Ye Chen's body.

Under the entanglement of this black fog, ye Chen's five senses also showed a look of pain.

"Brother ye, what's the matter?"

Wang Dong was surprised and hurried to Ye Chen's side, but he felt that ye Chen's breath was not good, and there were many dirty and dark traces in his aura.

"It's OK. I can't die."

Ye Chen bit his teeth, took a deep breath, ran the reincarnation blood, and suppressed the dark breath in his body.

The drop of light God blood given to him by Xu Jiu has not been purified, and it contains a very strong smell of filth.

Ye Chen swallowed and absorbed directly. Although he obtained the energy of light, God and blood, those darkness and filth also invaded his body, and his Dantian was full of heavy shadows.

"It's that drop of blood, hasn't it been purified yet..."

Wang Dong also saw the clue and was worried about ye Chen.

Looking at Ye Chen's dark and tormented appearance, I'm afraid the filthy smell on that drop of blood is much stronger than expected.

"When I find the tablet of the emperor of heaven, I should be able to dissolve the darkness."

Ye Chen grinned, and the power of reincarnation blood, as well as Bagua Tiandan, Tianxian Koi copy and so on, suppressed all the dark breath in his body, compressed it into a dark point, hidden in the Dantian.

After the suppression, ye Chenshu took a mouthful of turbid Qi, and the whole person also recovered his spirit.

On the surface, ye Chen seems to be a nobody.

But he knows his problem, the suppressed dark atmosphere, is a time bomb. If it is not solved as soon as possible, he will definitely be eaten by the dark, and the consequences are unimaginable.

Under the insight of heaven, ye Chen has seen the best solution.

That is, seize the tablet of the God of the emperor of heaven, and rely on the power of the tablet of the God of the emperor of heaven to purify the darkness!

Once the God of light, Tianzun, was one of the founders of the tablet of the emperor of heaven.

On that day, the tablet of King Feng God contained the majestic power of light, which, if it could be obtained, would be enough to purify all filth.

.....

Click!

At this time, in the realm of the death world of Yan demon, in a dark temple.

Several elders, kneeling in front of the statue of the witch, prayed silently.

Suddenly, a soul card hanging in front of the statue suddenly broke.

That's the soul card of "puppet" yadaochi!

The soul card is broken, which means that yadaochi is dead.

"Ya priest failed?"

"Lord of reincarnation, that boy, was able to kill him?"

"It's impossible! I'm still waiting to celebrate!"

Several elders looked at each other in horror.

Yadaochi was once a high-level Dharma protector, a puppet secret, and even able to practice heaven and earth, control the void, very strong.

But such a powerful existence was also killed by Ye Chen.

Chapter 8427

Looking at the broken soul card, many elders were shivering and cool.

Their fear, the majesty of fear reincarnation, will come to them.

"Elders, don't panic."

"I have heard the oracle of the demon lady. A few days later, the ancestor god blooms, and ye Chen, the boy, must take the opportunity to sneak into the Haotian region."

"I'm going to take someone to haotianyu personally, and I'm going to break that boy into pieces!"

An Elder spoke.

This elder's temperament is quite different from the elders around him.

The elders around only have the breath of darkness.

But the elder, under the circulation of the dark breath, showed a magnificent immortal spirit. The integration of immortals and Demons showed a transcendent spirit, and the heavenly beads, like stars, revolved around his body.

He is Hong Chunqiu.

"Hong Changlao, please."

The elders around bowed to Hong Chunqiu one after another, with a very modest attitude.

On that day, Hong Chunqiu's ghost identity was exposed, and he narrowly escaped under the protection of the witch.

His identity was revealed, and he could not stand in the outside world, so he took the strong men of the Xiyan immortal sect and came to the death world of Yan Demon Under the guidance of the witch.

Today, Hong Chunqiu can be said to be the chief elder of the death world of Yan demon, and also the most trusted figure of the demon girl.

Other elders and priests worshipped him, but yadaochi refused.

However, now that yadaochi is dead, no one can shake Hong Chunqiu's position.

Hong Chunqiu had a smile on his mouth. In fact, ya Daochi's death was also arranged by him.

If you solve yadaochi, no one can threaten him.

He knew that ye Chen was so lucky that he could never be killed so easily.

Ya Daochi was killed, which was also expected by Hong Chunqiu.

"That old miscellaneous hair is dead, and his' puppet 'power, I have to ask the demon lady to give it to me."

"It's much easier for me to take charge of puppet daotong and then kill reincarnation."

Hong Chunqiu sneered in his heart, counting with his fingers, and he had seen the mystery.

Ye Chen forcibly refined the light God's blood, regardless of the darkness and filth. At the moment, he was entangled in the darkness and was about to explode at any time, which was his opportunity to suppress Hong Chunqiu.

.....

Ye Chen and Wang Dong are hiding in the fog, waiting for the ancestor god to bloom.

"Who wants to kill me?"

In the dark, ye Chen caught the murderer. It was very cold, and the distance was very close, right near this Haotian domain.

"Is it Hong Chunqiu? He came to the death world of Yan demon, and even became the chief elder?"

Ye Chen twitched his face and immediately caught the mystery and knew everything.

He did not expect that Hong Chunqiu had come to the death world of Yan demon.

This is undoubtedly a great threat to him!

"Brother ye, what's the matter?"

Seeing that ye Chen looked different, Wang Dong hurriedly asked.

"Nothing."

Ye Chen waved his hand and said nothing more.

Naturally, Wang Dong can't participate in the amazing killing behind him.

.....

A few days later, the ancestor god blossomed.

Ye Chen and Wang Dong broke through the fog magic array and successfully landed in Hao Tianyu.

The place where they are located is a wilderness.

On the wild plains and mountains, white flowers are blooming everywhere, and the mist is steaming.
That is the ancestor god flower.

Wang Dong looked at the ancestral God flowers all over the mountains, his eyes red, knelt down, buried his face in the soil, and sobbed with grief.

It has been half a year since he fled haotianyu. Although he passed in a hurry, it seems that things are different from people, and there must be tragic changes in his family.

"Brother Wang Dong, let's go back to the city and have a look at your house."

Ye Chen patted Wang Dong on the shoulder and whispered.

In the past few days, ye Chen has heard Wang Dong say that the general origin of Hao Tianyu.

In the center of haotianyu, there is a prosperous city called zushen City, which was once controlled by the Wang Dong family.

Wang Dong nodded, endured his inner sorrow and stood up from the ground.

Then, the two hid their breath and walked side by side to the ancestral city.

Ye Chen practiced the ancestral martial code for seven days, and had thoroughly understood all the magical powers in the ancestral martial code.

Therefore, his breath was also integrated with the whole haotianyu, and did not touch the secret of heaven. He was found to be an outsider.

"Hong Chunqiu's old miscellaneous hair should also come down?"

"I don't know how he wants to hide his breath?"

"By the way, he has the protection of a witch, and most of them will not be exposed."

Ye Chen flashed many thoughts in his heart, carefully sensing and capturing, but he also failed to capture Hong Chunqiu's breath.

But out of intuition, ye Chen can still be sure that Hong Chunqiu is definitely coming, but just like him, he hides his breath and waits for the opportunity.

Ye Chen uses the eight trigrams heaven elixir technique to give himself and Wang Dong a simple and easy look, so as not to be found.

After all, Wang Dong has a special identity. In the eyes of zushen religion, he is a traitor.

Walking all the way to zushen City, ye Chen and Wang Dong passed many villages and towns along the way. They found many wanted notices posted in those villages and towns.

The person on the wanted notice is Wang Dong.

Wang Dong looked gloomy. On the way, he asked people about the family and was even more devastated to learn that all the Wang family had been killed.

In the evening, the two finally arrived at zushen city.

But on the head of the ancestral City, there were heads hanging, which had been dried up and floating slowly with the wind, looking very penetrating.

Wang Dong saw those hanging heads, his facial features twitched, and he was so sad that he almost cried out. It was Ye Chen who pressed him.

"Brother Wang Dong, calm down."

Ye Chen murmured.

Looking at Wang Dong's fierce reaction, the head hanging on the head of the city is obviously a member of his Wang family.

He defected and left, and his family was implicated all over the house, and even exposed to the public by owls. It can be described as extremely miserable.

Wang moved his eyes to tears, trembled, and almost fainted.

When the two entered the city, the night had fallen and the moonlight was dim.

Wang Dong took Ye Chen to his family.

But I saw that the royal residence had long been in ruins, and a few crows were quacking on the ruins, which was sad.

Wang Dong knelt in the ruins and finally couldn't help crying.

Ye Chen was silent. When he finished crying and his mood was slightly stable, he asked in a low voice, "brother Wang Dong, what are your next plans?"

Wang Dong's teeth bit his lips and his eyes were red with blood. Looking at Ye Chen, his voice was sad and pleaded, "brother ye, can you find my sister for me?"

"My sister's name is Wang Jingxi. I feel that she is still alive and she is not dead!"

"The head hung on the head of the city, and she didn't exist. She was once an apprentice of the leader's wife. Maybe because of this identity, the leader let her go."

"Brother ye, please, you have great powers. Please also spy on the mystery of heaven and find the whereabouts of my sister. She is my only relative in this world."

Chapter 8428

Ye Chen frowned and said, "your sister, Wang Jingxi?" Trying to pinch fingers, ye Chen really caught a girl's life trace, but there were too few clues, and there seemed to be some power blocking it. Ye Chen couldn't figure out where the girl was.

"There are too few clues, and the mystery is slim, I can't predict, but it's sure that your sister is still alive." Ye chendao.

"Really?"

Wang Dong is very disappointed. He wants to find his sister, but he can't even calculate Ye Chen. How can he find it?

After thinking for a moment, Wang Dong suddenly said, "brother ye, I know there is a way, but I may need your help."

Ye Chen said, "what can I do?"

Wang Dong said, "there is a mysterious force in haotianyu, called Qinglai chamber of Commerce. It is said that as long as we have enough chips, we can buy anything. If we go to Qinglai chamber of Commerce, we can certainly know the news of my sister!"

"But..."

Ye Chen said, "you don't have enough chips, do you?"

Wang Dong said awkwardly, "yes..."

Ye Chen smiled and said, "well, I'll pay for you. Speaking of it, I've also dealt with them in the Qinglai chamber of Commerce."

In the past, ye Chen also cooperated with Qinglai chamber of Commerce.

This Qinglai chamber of commerce is quite mysterious, with branches all over the world, and their traces can be found everywhere.

As long as you have enough chips, you can trade anything in Qinglai chamber of Commerce, but the price is extremely expensive.

When Wang Dong heard that ye Chen was willing to pay for him, he couldn't help being overjoyed. He knelt down in front of Ye Chen and banged his head, saying, "brother ye, thank you so much! When I find my sister, I'll be an ox and a horse for you all my life."

Ye Chen smiled, waved his hand and said, "No."

Wang Dong kowtowed a few more times. After a solemn thanks, he stood up and said, "brother ye, come with me."

Later, he took Ye Chen and shuttled around the zushen city. After turning street corners, he came to a dark alley.

"Qinglai chamber of commerce is in this alley. I just hope they haven't moved away."

Wang Dong lowered his voice.

Ye Chen nodded and followed Wang Dong to a shabby mansion.

Benedict Benedict.

Wang Dong gently knocked on the gate of the mansion.

Squeak.

The door opened, and an old man dressed like a housekeeper appeared, drooping his eyes and looking at Ye Chen and Wang Dong.

"Who?" The old man asked.

Wang Dong replied, "talk about business."

The old man said, "I, Qinglai chamber of Commerce, don't buy or sell human life."

Wang Dong said, "I know. I just want to ask for some information."

The old man nodded and said, "yes, come in."

Wang Dong nodded and took Ye Chen in.

The old man led the two men to the hall and warned in a deep voice, "in my Qinglai chamber of Commerce, no matter what you see or hear, you can't leak out."

He didn't say the consequences of the leak, but the coldness in his tone made people awe.

Ye Chen and Wang Dong nodded.

The old man took two people to the hall.

The hall is very spacious and richly decorated, which is quite different from the shabby and desolate appearance outside the mansion.

Beside a carved white jade square table, a fat middle-aged man dressed like a shopkeeper was sitting with a smile on his face.

Next to the shopkeeper, there were people around. It seemed that they were all guests who came to trade.

Most of the guests are disguised or wearing masks and hats to hide their appearance and do not want to reveal their identities.

Ye Chen was surprised, but he didn't expect so many guests.

Wang Dong said in a low voice, "today, the ancestor god flowers bloom, there must be many outsiders sneaking in. They have not practiced the ancestor god martial code, but they have not been found. They must have amazing magical powers, which should not be underestimated."

Ye Chen nodded solemnly. All the guests in the hall were low-key, not showing mountains and dew, but none of them who could stand here was weak.

I saw a slender and graceful woman wearing a hat, talking with the shopkeeper.

The woman said, "I want to buy a drop of divine blood. Do you have it?"

Ye Chen heard the woman's voice, fragile and sweet, very familiar, and suddenly his heart was shocked.

It's ye Luo'er's voice!

"Luo'er, it's her... Why is she here?"

Ye Chen was surprised and looked at the girl with a hat carefully.

The woman's breath is hidden, and she can't see through the reality, but under Ye Chen's concentrated induction, she can still capture a trace of familiar breath, which is the breath of Ye Luo'er, and the voice is the same.

The shopkeeper smiled and said, "what God blood do you want? Ancient god, scattered God, external God, or demon God?"

Ye Luo'er said, "no, I want a drop of the blood of the nine gods, the God of water, the God of thunder, the God of ice, anything, but it must be the blood left by the nine gods."

Ye Chen's heart was pounding and she thought to herself, "Luo'er, she wants to buy divine blood. What does she want to do? Or is it the Tiannv sister who entrusted her?"

Ye Chen's heart cramped inexplicably. Ye Luo'er didn't have the reason to buy divine blood. The power of divine blood was too strong for her to absorb and refine.

The only explanation is that the goddess of heaven sent her.

Tiannv is ready for the final battle. She wants to buy divine blood and improve her strength. In this way, when the day of the battle, she will have greater confidence and can kill Ye Chen.

The shopkeeper still smiled, looked at Ye Luo'er and said, "girl, if you want to buy divine blood, you need to take out the same quality of divine blood and exchange it with us."

Chapter 8429

Ye Luo'er said coldly, "if I have divine blood in my hand, I still need to ask you?"

The shopkeeper laughed and said, "girl, don't be angry. Divine blood is too precious. We will have goods, but we can't give it to you easily. Why don't you make a registration first, and we'll talk about it later?"

Ye Luo'er snorted, but there was nothing he could do, so he had to nod and register first.

After registering, she turned around silently and left.

From beginning to end, she did not find Ye Chen's existence.

Ye Chen wanted to go out and meet Ye Luo'er, but she still resisted.

"Next."

The shopkeeper is still smiling.

An old man wearing a human skin mask sat in front of the shopkeeper and said in a deep voice, "I want to inquire about the whereabouts of the reincarnation Lord. He should have come to Haotianyu."

As soon as the old man spoke, Ye Chen immediately saw the secret of heaven.

This old man is actually Hong Chunqiu!

"Hong Chunqiu, this old miscellaneous hair is even here!"

Ye Chen's heart jumped violently and his eyes burned with war. He never thought that he would meet Hong Chunqiu in the Qinglai chamber of Commerce.

He clenched his fist secretly, thinking about how much chance he had of winning if he tried his best to kill Hong Chunqiu.

However, the war and killing intention in his heart just rose and was pressed down by Ye Chen.

After all, this is the territory of Qinglai chamber of Commerce, and private fighting is strictly prohibited.

If you break the rules and inexplicably offend the Qinglai chamber of Commerce, the gains are not worth the loss.

"Do you want to investigate the whereabouts of the reincarnation Lord?"

The shopkeeper's smile solidified and asked.

"Yes."

Hong Chunqiu Yin said, "what chips do you need?"

The shopkeeper laughed, sighed helplessly, and said, "Alas, my guest, if you want to investigate others, I Qinglai chamber of Commerce may be able to do it."

"However, the Lord of reincarnation, his breath, is above heaven and earth. It is almost impossible to trace him. Please forgive me, there is nothing that Qinglai chamber of commerce can do."

Hong Chunqiu was disappointed and said, "really?"

The shopkeeper said, "Sir, what else do you need?"

Hong Chunqiu said in a deep voice, "no, goodbye." Get up, turn around and leave.

Ye Chen was alert and restrained his breath, but he was not found by Hong Chunqiu.

"Next..."

The transaction continued. Ye Chen and Wang Dong were the last to come. It was their turn to wait until midnight.

When it was their turn, there were no other guests in the whole hall, only the two of them were left to face the shopkeeper.

The shopkeeper still wore a warm smile, as if he would never be tired. Looking at Ye Chen and Wang Dong, he smiled and asked, "my guest, what do you need?"

Wang Dong couldn't wait and said, "I want to inquire about my sister's whereabouts."

The shopkeeper said, "who is your sister?"

Wang Dong hurriedly said, "my sister's name is Wang Jingxi!"

The shopkeeper nodded, and his expression did not change at all. He still smiled and said, "what reward can you give?"

Wang Dong looked at Ye Chen. Ye Chen took out two bottles of Dan medicine and several secret mines and put them in front of the shopkeeper. They were all the prizes he won in the supreme merit war.

In the battle of supreme virtue, the champion is rewarded very richly. In addition to the red flame nature pill, the nine pattern soul lifting pill, and the pure heart snow lotus, there are many precious pills, medicinal materials, minerals, and so on.

Those elixir ores have little effect on Ye Chen, but to outsiders, they are great treasures and are valuable.

The shopkeeper's eyes lit up immediately, and he gave an exclamation like picking up money on the roadside. Finally, he only accepted a bottle of pills, and all other things were returned to Ye Chen, saying, "don't use so much, this bottle of pills is enough."

Wang Dong hurriedly asked, "where is my sister?"

The shopkeeper took out a crystal ball with a smile, pinched a magic formula in his hand, and poured a burst of aura into the crystal ball.

WOW!

The crystal ball God awn bloomed, revealing a scene.

The first thing to see is the ten peaks.

These ten peaks, surrounded by zushen City, just surround zushen city.

Every mountain peak is full of aura, fairy clouds, magnificent fog and rainbow, which is the atmosphere of Xianjia holy land.

Vaguely, you can see that above each mountain peak, there are sacred animal statues guarding it.

Ye Chen heard from Wang Dong that there are ten sacred mountains in the Haotian domain, where the earth's veins and auras converge.

Each of these ten sacred mountains was once guarded by sacred animals. However, with the vicissitudes of time, most of those sacred animals were worn and fell, and finally turned into statues to guard the fate of the sacred mountains, but they have lost their combat power.

Among the ten sacred mountains, three are the most powerful, namely, zushen peak, pilgrimage cliff and Yuhua mountain.

The head of zushen peak is now the leader of zushen religion, with the greatest prestige and power.

The first place of pilgrimage cliff and Yuhua mountain is also very noble, second only to the leader.

These three heads are the highest level of zushen religion!

Among the three first seats, there are open and secret fights among each other.

But to deal with the Wang family, they are surprisingly consistent, tacitly cooperate, and they all want to take back the ancestral God's martial code.

Today's Wang family, under the pressure of the three heads, has long been destroyed, but the ancestor god's martial code is still in Wang Dong's hands.

"Your sister, Wang Jingxi, was regarded as a blood slave on the pilgrimage cliff, and raised the holy beast on the pilgrimage cliff with blood."

The shopkeeper's handprint changes, and the picture in the crystal ball shrinks, focusing on the pilgrimage cliff.

On the pilgrimage cliff, there stands a statue of a holy beast, which is an ancient holy beast named blood god lion. It is said to have towering power. It was once a family member of the sea king. Later, the sea king fell, and the holy beast was subdued by the ancestor king.

At this moment, under the statue of the blood god lion, there are blood slaves bound.

Those blood slaves were chained all over, their wrists were melted by sharp blades, and their blood could not stop flowing into a nearby blood pool.

Several elders dressed as priests, chanting slowly around the blood pool, are carrying out an ancient ceremony to instill all the energy of blood into the statue of the blood god lion.

The statue of the blood god lion, nourished by blood, was gradually revived, and some of its body had been stripped of stone, revealing its flesh and blood.

"Sister!"

Wang Dong shouted bitterly and trembled all over.

Because he saw that among those blood slaves, there was a young and weak girl, ragged, pale skin, constantly flowing blood, weak and dying.

That's his sister, Wang Jingxi.

"The first Yang Zhuxian on the pilgrimage cliff wants to rely on the blood energy of blood slaves to revive the blood god lion. Unfortunately, your sister has also been squeezed."

"However, it should be said that your sister is lucky to be a blood slave, and at least she can survive, better than being executed as an owl leader."

The shopkeeper touched his moustache and said with a smile.

Wang Dong was angry, roared like a beast, and rushed up to grab the shopkeeper's neck.

The shopkeeper kicked his right foot on the table. His fat body retreated with his chair. Like a ghost, two guards appeared beside him and pressed Wang Dong down.

Chapter 8430

"Brother Wang Dong, calm down."

Ye Chen comforted Wang Dong and said to the shopkeeper, "no offense, sorry."

The shopkeeper smiled, pulled a chair and sat back, smiling at Ye Chen and said, "it's better for the Lord of reincarnation to talk. It's a great honor for my little brother to see reincarnation today." Then he arched his hands.

Ye Chen's face sank, knowing that he had touched the secret of heaven and was found.

However, the shopkeeper was also calm, and found that ye Chen's identity was still a calm appearance.

The shopkeeper said very humbly, "the Lord of reincarnation is here. My younger brother is too humble to meet him. I'd better let the president come forward. Please wait for the Lord of reincarnation."

With that, the shopkeeper turned and entered the inner hall.

After a while, ye Chen smelled a warm and greasy fragrance, and petals floated in the hall.

In the inner hall, a beautiful woman wearing water blue gauze clothes with snow like skin came out slowly surrounded by several maids.

Seeing the beautiful woman, Wang Dong was stunned and said, "madam, it's you! You... Are you the president of Qinglai chamber of Commerce?"

Ye Chen was also a little stunned. He heard that Wang Dong said that the wife of the leader of zushen cult, whose name was Su Rong, was a former master of Wang Jingxi.

Can it be said that the president of Qinglai chamber of commerce is Su Rong?

The beautiful woman giggled and said, "don't forget the rules here. No matter what you see or hear, you can't reveal it."

Wang Dong was excited and said, "yes!"

The leader's wife is actually here. It's easy to do that. His sister is saved.

The beautiful woman smiled and stared at Ye Chen and said, "Lord of reincarnation, you should have heard Wang Dong mention me?"

Ye Chen said, "yes, I heard that my wife is dignified and graceful. As soon as I saw her today, she really has extraordinary charm."

The beautiful woman smiled and said, "your mouth is so sweet. No wonder my cousin likes you so much. I like you a little."

Ye Chen frowned and said, "madam, your cousin is..."

The beautiful woman said, "my cousin is
