

## Physician 8441

### Chapter 8441

Such a precious magic weapon, let alone the real world, is coveted by even the forces in wuwuwu time and space.

For example, the God of Death Cult, people in the death world of Yan demon, have always wanted to seize the tablet of the God of heaven.

The value of the tablet of the God of heaven has reached an unimaginable level, which cannot be described in words.

Such a precious thing, to give to an outsider, everyone was stunned and unacceptable.

Yang Zhuxian said angrily, "no, absolutely not! How precious is the tablet of the emperor of heaven, how can it be given to outsiders?"

Bai Zixu was also angry and said, "that's right! That day, the God tablet should be held by the people of our ancestor religion."

"As long as we can take charge of the tablet of the emperor of heaven, our ancestral cult will rise against the sky and reproduce the glory of the age of the nine gods, which is just around the corner!"

Blue and white mother-in-law sneered and said, "for tens of thousands of years, who can take charge of the God tablet of the emperor?"

When this sentence was asked, the whole audience was mute and speechless.

Blue and white mother-in-law hehe said with a smile, "don't mention taking charge. I don't think you can even get close to the God tablet of the emperor."

"Gu Qingting, Yang Zhuxian, baizixu, tell me, who dares to approach the God tablet of the heavenly king?"

"I'm afraid that as soon as you get close, you will be impacted by the endless smell of killing and become white bones on the spot?"

Everyone was speechless, embarrassed and ashamed.

Blue and white mother-in-law is right. Everyone present is not even qualified to be close to the God tablet of the emperor, let alone take charge.

Yang Zhuxian blushed and said, "we can't get close to the God tablet of the emperor of heaven, and this boy is even more impossible. No matter how powerful his combat power is, his cultivation is only nine layers of heaven in the hundred flail realm."

"This cultivation, let alone close to the God tablet of the emperor, he just glances at it, and will be contaminated with unknown, and die on the spot!"

Ye Chen's face sank. Listening to the words of mother-in-law blue and white, Yang Zhuxian and others, the king sealed the monument that day. The breath seemed very terrible. Even the strong in immeasurable territory were difficult to approach, and even in danger of falling.

If that's the case, it's probably difficult for him to get close to heaven.

The blue and white mother-in-law was confident, squinting and laughing, "I believe in the strength of the Lord of reincarnation. If he is not qualified to take charge of the tablet of the God of heaven, and even dies as soon as he gets close, isn't that a good thing for you?"

"Don't you expect him to die?"

"Why oppose me?"

Everyone was immediately speechless. They always felt that mother-in-law Qinghua was wrong, but they didn't know how to defend.

Blue and white mother-in-law laughed and said, "it's settled. I'm going to give the tablet of God worship to the Lord of reincarnation. If you are not convinced, you can immediately rob the battlefield of heaven and take away the tablet of God worship."

"Hey, I'm afraid you don't have this strength."

After a pause, mother-in-law blue and white waved her hand, "let's go!" Stepping on the green bird, he flew out of the hall.

There was a commotion among the strong, and everyone's eyes looked at Ye Chen with hostility and vigilance.

In their eyes, ye Chen is an outsider.

But no one dares to fight again.

Because no one dares to offend the dignity of mother-in-law Qinghua.

"Brother Ye."

"Brother Ye."

Wang Dong and Wang Jingxi walked to Ye Chen and looked at him with gratitude.

"Well, it's all right."

Ye Chen patted Wang Dong's shoulder and smiled and touched Wang Jingxi's head.

The danger of their two brothers and sisters was completely lifted.

However, their executed family members could not be reborn.

This is the price of the weak.

It's cruel, but the world has always been like this.

After the twists and turns, the two brothers and sisters of the Wang family also moved to zushen peak, settled down, and erected a monument for the dead people.

Although their family members are dead, they still cherish hope because of Ye Chen's existence.

If ye Chen can hold the top of reincarnation, the dead can recover from the long river of time.

The Wang brothers and sisters are relieved of the danger, but ye Chen's danger is still strong.

Except for the blue and white mother-in-law, no one in the whole haotianyu wants to give him the tablet of the emperor of heaven.

Even Su Rong felt that mother-in-law Qinghua's move was too radical.

After the twists and turns of the Wang family

Chapter 8442

"There is a strong man in wuwuwuspacetime, named the emperor of the war of robbing heaven. It is said that he was the court guard of the God of fire and a believer of the God of fire. He caught the breath of the tablet of the God of heaven and came down."

Ye Chen was secretly surprised and said, "rob the war emperor? The court guard of the Vulcan God?"

Blue and white mother-in-law said, "yes, the emperor of the war who robbed heaven wants to seize the tablet of the emperor of heaven and also wants to write the name of the God of fire on the tablet of God for protection."

Ye Chen frowned slightly and said, "I'm afraid the God of fire, such figures, can't be protected by the tablet of God."

The blue and white mother-in-law laughed and said, "not necessarily. The aura of today's God tablet has soared thousands of times compared with when it was first born. In terms of value, I'm afraid it's more precious than the emperor's holy knife in your hand."

Ye Chen was stunned: "is it more precious than the emperor's holy knife?"

Blue and white mother-in-law nodded and said, "yes, so if the name of the God of fire can be engraved on the tablet of the emperor of heaven, she may have a chance of recovery, and she won't be enslaved and squeezed by the moral God."

Ye Chen looked at mother-in-law blue and white in consternation. It seemed that mother-in-law blue and white was also powerful. She actually knew the gratitude and resentment between the moral God and the Vulcan God in the past.

The blue and white mother-in-law said, "the emperor of the war of heaven is loyal and wants to revive the God of fire. Moreover, he is a powerful man from time and space. He is powerful and domineering. With one finger, he can crush my whole haotianyu."

"When he came, our whole haotianyu knelt down and worshipped for fear of provoking him to anger, and we didn't dare to rob the God tablet of the emperor with him."

Ye Chen swallowed his saliva. In this way, in those days, Gu Qingting, Yang Zhuxian, baizixu and other strong men also knelt down in front of the emperor of Jietian war.

It is conceivable that the strength of the emperor of the war is absolutely terrible.

The blue and white mother-in-law laughed again and said, "it's just that the emperor of the war was not lucky. The news of his arrival was known by Zihuang fairy palace."

"The moral God sent a strong man against the sky to fight against the emperor."

"Finally, the emperor of the war of heaven fell, and his bones turned into mountains, and his blood turned into the sea."

"What you see in front of you is the battlefield of that year."

After hearing what mother-in-law Qinghua said, ye Chen was quite shocked, and her eyes looked at the battlefield thousands of miles away again.

This time, with enough clues, ye Chen had insight into the mystery of heaven, and even saw the battle picture tens of thousands of years ago.

The emperor of the war of robbing heaven and the strong man against the sky in Zihuang fairy palace, fought the sky and the earth dark, the sun and the moon sank, and Hao Tianyu was almost destroyed. Fortunately, at the last moment, the legendary ancestor god King appeared and protected Hao Tianyu, so that this place did not suffer from extinction.

Staring constantly, ye Chen vaguely saw the void in the depths of the battlefield, with a stone tablet suspended.

That stone tablet is simple and unsophisticated. It is engraved with countless runes, such as totems. It is the legendary monument of the God of heaven!

However, this tablet of the God of the heavenly king is intertwined with countless blood chains, countless truth laws, countless dark smells, countless killings and disasters, and even the energy fluctuations of nothing, turning into fresh tentacles, constantly dancing, which is very strange.

Ye Chen only looked at it, and was greatly impacted. "Ah" shouted, his eyes almost exploded, his heart pounded, his heart almost collapsed, and his meridians were burning like tears, as if he had been eroded by some terrible breath.

"Brother Ye Chen, what's the matter with you?"

Xiaoqing shouted hurriedly.

Blue and white mother-in-law also slightly changed her face and said, "did you see the tablet of the God of heaven?"

Seeing ye Chen tearing and collapsing, she hurriedly urged the ancestral God Tianzhi to cover Ye Chen with golden dragon gods.

Ye Chen's five senses twitch, which also burns the reincarnation blood, dispelling the disaster breath of the flesh and the Tao heart.

In the end, he even relied on the help of the Holy Light Immortal Emperor to recover.

"It's a terrible breath that the emperor of heaven sealed the monument."

Ye Chen gritted his teeth, his eyes flushed, and his meridians were still burning, as if magma was flowing inside.

The breath from the tablet of the emperor of heaven is full of strange darkness, the smell of fierce killing, and strong flame impact.

Those darkness are strange. If ye Chen prepares in advance and uses the reincarnation holy soul heaven and God's blood to protect his body and mind, he may be able to defend.

But he was not sure to prevent the strong flame impact.

On the tablet of the emperor of heaven, there is the will to rob the emperor of heaven.

The emperor of heaven robbing war is a believer and guardian of the God of fire, and also holds the supreme secret of heaven fire.

Any eyes peeping at the tablet of the emperor of heaven will be backfired and killed by the fire of heaven. Even the strong in immeasurable territory are in danger of turning into ashes.

Even, ye Chen felt that around the sky robbing battlefield, there was also a ferocious sky fire, which was enough to burn out the starry sky, which was very terrifying.

No wonder for tens of thousands of years, no one in the whole haotianyu has been able to take charge of the tablet of the emperor of heaven, and he can't even get close to it.

That sky robbing battlefield is simply a purgatory of fire.

In those days, the will, killing, resentment, hatred, and magical breath of the emperor of the war of heaven remained in it.

People in the real world, if they want to get close, it's harder than going to heaven.

Blue and white mother-in-law's face sank and said, "Lord of reincarnation, can't you look directly at the God tablet of the emperor?"

Ye Chen smiled bitterly and said, "no, grandma, you overestimate me."

The blue and white mother-in-law was silent for a moment, but she was still determined and said, "no, I won't mistake people. Your reincarnation blood must be above the heavens. You are just a little weak on the surface."

Chapter 8443

"You have nine levels of heaven in the hundred flail realm, and then practice again. When you ascend to the Xuantian realm, you can easily subdue the God tablet of the emperor."

"It's only a step away from Baijia realm, nine levels of heaven, to Tianxuan realm. I believe you can break through it soon."

"When you break through, the tablet of the emperor of heaven will be yours."

Ye Chen still smiled bitterly, and mother-in-law Qinghua thought too simply.

With Ye Chen's martial arts background, he wants to be promoted, which is thousands of times harder than ordinary people. Where is it so easy to step into Tianxuan?

Ye Chen's capture of the Tianjun Fengshen tablet was to prepare for the impact on the Tianxuan realm, but mother-in-law Qinghua put the cart before the horse.

Seeing ye Chen's embarrassed appearance, mother-in-law blue and white said, "is it very difficult for you to ascend to heaven?"

Ye Chen smiled bitterly and nodded.

"Well..."

Blue and white mother-in-law pondered for a moment and said, "the most terrible place in this sky robbing battlefield is the ubiquitous breath of sky fire energy. It is the sky fire from the age of the nine

gods, and it is the residue of the supernatural powers of the sky robbing emperor, which is very terrible."

"But the sky fire energy also has a weakness, which is the fear of extreme cold."

"If you can cast a very strong ice cold Taoist method, you can enter it."

Ye Chen frowned and said, "extremely strong ice cold Taoist method?"

Blue and white mother-in-law said, "yes, have you ever learned such Taoism?"

Ye Chen thought for a moment, shook his head and said, "the Dao method I practiced has not many ice cold attributes, and it is impossible to resist the fire attack of the sky robbing battlefield."

Ye Chen thought to himself, a very strong ice cold Taoist method, unless he can get ice God blood.

But he has rock god, wind god, light God, but not ice God.

Ice God's blood is in the feather emperor Aoxue's body.

Blue and white mother-in-law also frowned and said, "it's troublesome. Lord of reincarnation, I thought you could easily take away the tablet of the God of heaven. If you can't take it away for a long time, I'm afraid that the ancestral cult will cause chaos. The wastes of Gu Qingting, Yang Zhuxian and baizixu may not be willing to obey me."

Previously, in the ancestral temple, the words of mother-in-law blue and white were so shocking that she said that she would give ye Chen the tablet of the emperor of heaven. The strong people in the ancestral church would never give up.

Ye Chen said helplessly, "grandma, you are indeed a little rash."

Blue and white mother-in-law laughed, touched Xiaoqing's feathers, and said, "sorry, it may be because Xiaoqing, you are his master. I want to treat you better. It's good for Xiaoqing like this. Alas, who thought, caring is messy. It's really the old woman that I'm too aggressive."

Ye Chen thought for a moment and said, "grandma, I want to go out and find a solution."

Ye Chen thought of Ji Siqing. Ji Siqing can be said to be the descendant of the God of fire. If you bring her here, you may be able to break the fire ban of the sky robbing battlefield.

Blue and white mother-in-law said, "are you going out?"

Ye Chen said, "yes, it's just... Haotianyu is closed all year round. It's not easy for me to come in again."

After a little meditation, mother-in-law Qinghua offered a jade talisman to Ye Chen, saying:

"Take this jade talisman, with which you can enter and leave haotianyu at any time."

"However, the breath of this jade talisman is connected with the earth vein of our Hao Tianyu. Every time you use it, it will damage the earth vein. You have to save some."

Ye Chen accepted the jade talisman and said happily, "yes, mother-in-law, I will pay attention."

After a pause, ye Chen said again, "mother-in-law, Xiaoqing, I'll go first. If you encounter any danger, call my name, and I'll be back soon!"

Now the whole Haotian region is turbulent.

On the other side of the ancestral cult, they absolutely refuse to obey mother-in-law blue and white, and really give the tablet of God sealing to people with their hands. They are likely to have a counterattack.

Moreover, on the other side of the death world of Yan demon, Hong Chunqiu is also secretly dormant, which is also a huge hidden danger.

The situation is not calm. Ye Chen naturally doesn't want Xiaoqing and Qinghua's mother-in-law to have an accident.

The tablet of the God of heaven must be accepted as soon as possible!

Ye Chen made up his mind to use the transmission jade symbol to directly transmit away from Hao Tianyu, and planned to go back to discuss with Ji Siqing.

After leaving the Haotian realm, ye Chen did not immediately return to the star moon realm, but went to see Yunluo water and dragon beard venerable, trying to explain the cause and effect.

However, when I came to the residence of these two masters and grandchildren, I found that they had disappeared and I didn't know where they had gone.

Ye Chen frowned and had no choice but to return to the star moon circle first.

Back in the star moon realm, Ren Feifan, ye Yishen, Wu Yao, Xia Ruoxue, Wei Ying, Ji Siqing and others came out to meet them, and they were very happy.

Ji Siqing was baptized by the purple flame, and his cultivation was increasingly refined. He had a flaming rosefinch on his body, and the breath of the God of fire was like the world. He was really like the legendary goddess of fire, the Supreme Master, and his temperament was extremely noble.

Ye Chen hugged all the women, and then asked Ren Feifan:

"Elder Ren, how is the demon emperor?"

It's urgent for the emperor to seal the monument, but ye Chen is more concerned about the safety of the demon emperor.

Ren Feifan said, "I used pure heart snow lotus to dissolve the remaining hostility of the soul seed for him. Now he has completely got rid of the influence of the soul seed, but the soul seed is out of the body. Now he is still weak and needs to rest. Don't disturb him."

Hearing that the demon emperor had got rid of the influence of the soul, ye Chen couldn't help but rejoice and said, "really?" My heart is also happy for the demon emperor.

Ren Feifan said, "although the demon emperor is all right, the demon ancestor has no heaven and will not decline. He has a more suitable container than the demon emperor."

Ye Chen's heart sank, thinking of Guichen, frowned and said, "is Guichen still suitable for being a container? He was so seriously injured in the Taishang merit war, even if he didn't die, he couldn't turn over any waves in a short time?"

Chapter 8444

In the battle of supreme merit, GUI Chen was badly injured and was on the verge of death.

Ye Chen knew that it was impossible for Mo Zu Wutian to die. Seeing GUI Chen die, he was bound to find a way to remedy it.

But in such a state as Guichen, I'm afraid it's no longer suitable to be a container in the short term.

Ren Feifan pinched his fingers and said, "in short, the demon ancestor Wutian is not so easy to decline. Don't underestimate the enemy."

Ye Chen said, "yes."

Ren Feifan laughed again and said, "how about you go to find the tablet of the God of heaven, has it ever been successful?"

Ye Chen said, "cough, it's not going well..."

At that moment, ye Chen said everything that happened in Hao Tianyu.

Everyone heard him talk about the battlefield of heaven robbery. It was so terrible that it was a little incredible. It was hard to imagine that there was such a terrible place in the real world.

Ren Feifan also frowned, pinched his fingers and deduced, slightly nodded and said, "well, it's really not easy to break through this battle field of robbing heaven. It's really difficult for you to win the monument of the emperor of heaven."

Ye Chen said, "no matter what, I can't miss the tablet of the God that day!"

"Wei Ying, Siqing, come with me and let's grab the monument!"

Ye Chen wants to break through the sky fire blockade of the sky robbing battlefield, and there are two ways.

Chapter 8445

Anyway, the future hasn't come yet. It's useless to think too much.

The most important thing now is to improve your strength.

If the strength is strong enough to even take charge of the top of reincarnation, even if the heavenly daughter is really dead, ye Chen can also revive her!

Thinking like this, ye Chen's mood was a little relaxed. He called Wei Ying and Ji Siqing and said with a smile, "let's go, let's go and capture the God tablet of the emperor."

The two women were relieved and happy to see that ye Chen's thoughts seemed to have calmed down.

Ye Chen used the jade talisman to directly take the two women, shuttle through the void, and come to Hao Tianyu.

When the three were sent to Hao Tianyu, they saw a very tragic scene.

Below, mountains and rivers are broken, the earth is cracked, cities are reduced to ruins, beacon fires are burning everywhere, white bones and corpses are everywhere, knives and swords are broken, magic weapon fragments are also everywhere, and there are battles, fights, cries, screams, cries and bugles everywhere.

"Ouch, how can the war be so serious in this place?"

Wei Ying was surprised. Looking at the beautiful eyes, there was no calm place in the thousands of miles of mountains and rivers, and fighting and fighting were everywhere.

Ye Chen's face sank and his eyes scanned, and he saw that the top ten sacred mountains in the Haotian domain had also collapsed, which showed the intensity of the battle.

It's amazing that haotianyu had such a major disaster just one day after he left.

"Damn it, are those three bastards, Gu Qingting, Yang Zhuxian and baizixu, really persecuting their mother-in-law?"

"Where's Xiaoqing?"

Ye Chen gritted his teeth, only worried about the safety of Qinghua's mother-in-law and Xiaoqing. He pinched his fingers and deduced repeatedly, hoping to spy on the mystery of heaven, but the whole haotianyu, the flames of war are all over the sky, covering everything, and he can't calculate anything.

"Brother Ye Chen, are you back?"

Suddenly, a cry came into Ye Chen's ear.

"It's Xiaoqing!"

Ye Chen's eyes narrowed, and this was Xiaoqing's voice.

Hearing Xiaoqing's voice, ye Chen suddenly had a clue. Ye Chen immediately caught Xiaoqing's position and the position of Qinghua's mother-in-law.

However, Xiaoqing and Qinghua's mother-in-law, in different places, seem to have dispersed due to the war.

"Brother Ye Chen, come and help us, we can't hold on."

Xiaoqing cried.

Ye Chen gritted his teeth, made a quick decision, and said to Xiaoqing, "Xiaoqing, don't be afraid, I'll be there soon!"

He also said to Ji Siqing and Wei Ying, "go and help mother-in-law Qinghua. It's here." Indicate the coordinates.

The two women felt that the situation was serious and nodded solemnly.

At present, they are separated from ye Chenbing.

Ye Chen goes to save Xiaoqing, and the two of them go to help Qinghua's mother-in-law.

Brush!

Ye Chen tore the void and came directly to the place where Xiaoqing was.

It was an open space in the forest. Xiaoqing looked helpless and fought with several martial artists of tianxuanjing level.

Beside Xiaoqing, there are two couples, Su Rong and Gu Qingting, as well as some elders of zushenfeng to protect the Dharma.

They were separated and surrounded by countless warriors and guards.

Those warriors and guards, looking at their costumes, came from Yuhua mountain.

There are few people here in Xiaoqing, but there are many people here in Yuhua mountain. They form an array to communicate with the universe, and the aura converges into one, which is overwhelming.

Xiaoqing, Su Rong, Gu Qingting and others are already in danger.

"Reincarnation to heaven, suppress it!"

Ye Chen shouted violently, and his big hand suppressed it from the sky, and the violent reincarnation force erupted.

A vast and boundless holy kingdom of heaven fell from the Air Town, which was the weather of reincarnation.

In the kingdom of heaven, ye Chen's statue stands, surrounded by the glory of rock god, light God and wind god. Behind him, the wings of freedom spread out, which is magnificent.

With this statue as the core, the whole kingdom of heaven is reverberating with violent reincarnation.

When Tianguo town fell, the strong men of Yuhua mountain screamed sharply, and were beaten to death by the power of reincarnation on the spot.

Other people, cleansed by the holy light of reincarnation, knelt down and surrendered on the spot, and were transformed into believers of reincarnation, equivalent to Ye Chen's slaves.

Xiaoqing, Su Rong and Gu Qingting were not hurt at all, but were blessed by the light of reincarnation, and their spirits were greatly boosted.

They looked at Ye Chen with a stunned face, deeply shocked by the greatness of reincarnation.

Ye Chen's face was slightly pale, panted, fell down, looked at the three people, and said, "are you all right?"

Just that hand reincarnation heaven, ye Chen consumption is actually huge, just to save people as soon as possible, he did not have time to think about it, and directly used the reincarnation killing move.

"Brother Ye Chen."

Xiaoqingfei rushed to Ye Chen's arms and hugged him tightly.

Gu Qingting, the patriarch of the ancestral deity, was stunned. He looked at Ye Chen with shock and admiration, and said solemnly, "it is worthy of being the legendary Lord of reincarnation. As expected, I admire you. No wonder my mother-in-law values you so much."

Su Rong said, "Ye Chen, you came back just in time. The two thieves, Yang Zhuxian and baizixu, have defected."

Ye Chen's face sank and said, "do they want to hurt my mother-in-law?"

Su Rong nodded, and Gu Qingting also sighed and said, "my mother-in-law said that she would give you the tablet of God worship of the emperor of heaven. This is too radical. Yang Zhuxian and baizixu plan to jointly kill my mother-in-law and take back the tablet of God worship of the emperor of heaven."

Ye Chen snorted and said, "if they have the ability, then go and seize it. It's the treasure of heaven and earth. Those who have virtue live there. Moreover, the tablet of the God of the heavenly king was originally not something in your Haotian domain. It was buried here by Ren Duxing. Even if I took it, it wasn't sent by you."

Speaking of it, the tablet of the emperor of heaven was once the most precious treasure of tianwu immortal sect.

The tianwu immortal sect is a sect created by Wu Zu.

The only descendant of Wu Zu in this world is Ye Chen.

Wu Yao, the inheritor of tianwuxianmen, and Ren Feifan, the descendant of Ren Duxing, all belong to the reincarnation camp.

No matter from which point of view, ye Chen is absolutely qualified to inherit the tablet of the emperor of heaven.

Hao Tianyu regards the tablet of the emperor as his own, which is really a joke.

Gu Qingting was embarrassed and embarrassed. He didn't know how to refute, and sighed, "last night, Yang Zhuxian and baizixu found me and wanted me to join hands with them, but I didn't want to hurt my mother-in-law, so I didn't agree."

"Unexpectedly, those two thieves, even my sect leader, want to kill. How unreasonable!"

Ye Chen's face sank and said, "how is the war going now?"

Gu Qingting said, "the forces under my wife and I are still fighting hard to resist, but I'm afraid it won't last long, because Yang Zhuxian has cooperated with Yan demon death world."

Ye Chen shook and said, "do they want to cooperate with Yan demon death world?"

Gu Qingting said, "yes, they have reached cooperation with hongchunqiu, the chief elder of the death world of Yan demon. The earth vein of Hao Tianyu was invaded by the dark atmosphere. My wife and I were greatly suppressed. A mere feather mountain pushed us to this point today."

Chapter 8446

Ye Chen's eyes were cold and said, "are they crazy to cooperate with Yan Mo's death world?"

Gu Qingting said with a wry smile, "they are also forced. I'm afraid you've taken away the tablet of the emperor of heaven, so cooperate with the hell demon death world."

"They have reached an agreement with Hong Chunqiu. When they grab the tablet of the emperor of heaven, they will divide up their fortune, half of them."

"And our blood is their sacrifice to break the ban of the sky robbing battlefield."

Ye Chen laughed and said, "in this case, I'm still to blame for this? It's really a great fallacy in the world!"

Ye Chen really didn't expect that Yang Zhuxian and baizixu would cooperate with Hong Chunqiu.

No wonder he couldn't hear any cry for help outside. After returning to haotianyu again, he heard Xiaoqing's cry.

I think it's the dark breath that invades the heaven and earth of haotianyu, causing the news here to be unable to be transmitted.

"Hehe, Lord of reincarnation, don't blame you, can you blame me?"

At this time, a cold laughter sounded.

In the sky, a fairy robed old man, riding a Book of heaven, fell down against the wind, followed by hundreds of strong men, both immortal and demon.

"Baizixu, how dare you come?"

Gu Qingting's eyes were cold. This immortal robed old man was baizixu.

Bai Zixu's breath is more powerful than yesterday.

On his body, in addition to the fairy spirit, there was also a wisp of magic spirit around him.

The combination of immortals and Demons makes his momentum and majesty shine like the sun and moon.

Obviously, his cooperation with Hong Chunqiu has also benefited a lot. He has received the blessing of darkness, evil Qi, immortals and demons, and his strength has greatly improved.

Among the strong followers behind him, there are also people in the death world of Yan demon, and the strong ones brought by Hong Chunqiu from Xiyan Xianzong.

Bai Zi glanced at the ground with empty eyes and saw that the ground was full of corpses. Many of them were the strong ones of his Yuhua mountain. They were all killed alive by Ye Chen's reincarnation to heaven.

He was not angry either. Anyway, as long as he could finally get the tablet of the emperor of heaven, any losses would be made up.

"Lord of reincarnation, you forced me."

"If it weren't for you, I haotianyu, how could I fall to this point today?"

"Wherever you go, there will be disasters."

"You are the universe

Chapter 8447

"This is the power of truth!?"

Ye Chen's face suddenly changed, and the reincarnation heaven was pierced. He was also seriously backfired, and almost spit out blood.

Bai Zixu's eclosion and ascension Sutra is a miraculous Sutra praising the world, and a secret Sutra praising the truth. The legend records the supreme mystery of truth. Every chapter you deeply understand, your understanding of the truth will deepen.

It is said that if you understand all the nine chapters, you can master everything and the great truth.

But for hundreds of millions of years, no one has been able to do it.

Bai Zixu naturally couldn't do it, but he took charge of Ye Chen only to understand "hahaha, Lord of reincarnation, I think the ultimate truth is not the law of your reincarnation."

"Your reincarnation, under the truth, is also a false path, a heresy, and is doomed to be destroyed!"

Bai Zixu laughed, eclipsed and soared into the sky, and the light of the God of truth burst into a scorching sun. The majestic pressure shrouded him, and he wanted to crush Ye Chen alive.

Ye Chen immediately felt that his body was almost crushed and extremely uncomfortable.

Su Rong and Gu Qingting both looked at Ye Chen with great worry and confusion.

They wanted to help, but the fighting all night had exhausted their physical strength.

Xiaoqing saw Ye Chen was in danger, and her tears were about to flow out. She hurried to fly to Ye Chen and shouted, "brother Ye Chen, I'll be your wings."

After saying this, Xiaoqing turned into a wisp of green light and ran into Ye Chen's body, which was unexpectedly integrated with Ye Chen.

Ye Chen's head exploded, and he suddenly understood.

"Wings of freedom, open!"

With a loud drink, ye Chen spread a pair of brilliant wings behind him.

That is the wing of freedom.

But these wings of freedom are green and faint.

Every feather is the same as the feather of the star God qingluan.

Ye Chen at this moment is integrated with Xiaoqing, who has become his wing, that is, the wing of freedom.

Both of them have read the chapter of "free travel" and understood the magic of freedom. This time, there is no barrier at all.

The essence of freedom is also a perfect combination.

The wing of freedom behind Ye Chen became stronger than ever, and a star light flowed on it, which was the unique atmosphere of the blood of the star God qingluan.

"This is..."

The white boy looked at the wings of freedom behind Ye Chen dully, and he only felt the magnificent breath of freedom rushing to his face.

In this world, it seems that nothing can cover up Ye Chen's free light.

Bang.

The majesty of truth suppressed on Ye Chen instantly collapsed.

Sobbing

The sky was wailing, and Bai Zixu's feathering ascension was almost blown away by the storm of freedom. He could no longer maintain stability and fell down from the air.

"Impossible!"

"You... How can you resist the truth?"

Bai Zixu was completely shocked and looked at Ye Chen with great fear.

Because he found that ye Chen at the moment seemed to be invincible, showing an absolutely free posture, and nothing could be suppressed.

Ye Chen gritted his teeth, stared at Baizi and said falsely, "you are not qualified to represent the truth, freedom storm, die for me!"

Boom!

Ye Chen flapped his wings and rushed to baizixu.

"No!"

Baizixu screamed, and with Ye Chen, there was the extreme hurricane and endless storm.

It was a terrible storm that could destroy the universe and the sky, and there was simply no force to resist.

Under the blast of the storm on Ye Chen's body, the body of Baizi's infinite realm was also instantly torn apart, and his body and soul were destroyed, turning into a rain of blood floating all over the sky, and died on the spot.

Not far behind baizixu, there were also many strong men of Yuhua mountain who were scratched by the storm, and their skin and flesh were scraped off, becoming a white bone. The scene was very terrible.

The rest of the strong men were completely shocked. They looked at Ye Chen like monsters, made a startling cry, and hurriedly ran away in confusion.

In the blink of an eye, Bai Zixu's men escaped cleanly.

Wow.

A book, falling from the sky, is the classic of eclosion and ascension.

On baizixu's body, all traces of existence were forcibly blasted out by Ye Chen's storm.

Only the eclosion and ascension Sutra, unaffected by the slightest impact, still intact, fell quietly to the ground.

"Baizixu... Dead?"

Gu Qingting looked at this scene with astonishment on his face.

Baizixu is the first of the feathered mountains. He is in charge of the feathered ascension Sutra, and he also gets the blessing of darkness. He is one of immortals and demons, and his strength is incomparably strong.

But such a strong existence was actually killed by Ye Chen alive.

Using the storm, he blasted alive without leaving any bones and garbage.

"Brother Ye Chen..."

Behind Ye Chen, the blue wings of freedom scattered, and the little green light converged into Xiaoqing's body.

Xiaoqing was so surprised that she hugged Ye Chen in the air and shouted, "we won!"

Ye Chen smiled and hugged her waist and said, "yes, we won."

In fact, ye Chen didn't expect that he could really kill baizixu.

All this is thanks to Xiaoqing.

Fortunately, Xiaoqing can think of the method of combining with Ye Chen.

She is worthy of being the descendant of the star God Qingluan. At the critical moment, her brain is also flexible.

She fused with Ye Chen and became Ye Chen's wings, which instantly increased the power of Ye Chen's wings of freedom several times, and the storm exploded, directly killing Baizixu.

The two fell down, and Xiaoqing ran excitedly to pick up the feathering ascension Sutra, returned to Ye Chen, and said happily, "brother Ye Chen, this feathering ascension Sutra is also ours!"

She first came to Haotianyu, just looking for the eclosion and ascension Sutra.

Now after many twists and turns, I finally got the Scripture. I'm very happy.

This feathering and ascension Sutra is the "yes, this sutra is ours"

Ye Chen smiled, but first put away the Scriptures and said, "however, this is not the time for enlightenment. Let's go to save my mother-in-law first."

Xiaoqing thought the same thing. She missed her mother-in-law Qinghua and gave a heavy hum.

Ye Chen spread his will and contacted Ji Siqing and Wei Ying to inquire about the situation and be ready for rescue at any time.

However, to Ye Chen's surprise, the two women sent back the news that they had rescued mother-in-law Qinghua.

After a while, Ji Siqing and Wei Ying, supporting mother-in-law Qinghua, flew back through the air.

Behind the three, there were many defeated soldiers of zushenfeng, all of whom were depressed.

Mother-in-law Qinghua was injured and fell into a coma.

"Grandma!"

Ye Chen, Xiaoqing, Gu Qingting, Su Rong and others shouted and hurried forward to meet them.

Chapter 8448

Ji Siqing said, "mother-in-law, she's all right. She's just injured. She'll be fine after a rest."

Ye Chen held Ji Siqing's hand and Wei Ying's hand and said, "you've worked hard."

Ji Siqing bit his lips and said, "we met Hong Chunqiu and Yang Zhuxian."

Ye Chen's heart was cold and said, "how can you walk away when you meet them? It's really a pity."

Ji Siqing said, "no, it was my mother-in-law who sacrificed a magic weapon, which seemed to be very precious. She threw it out. Hong Chunqiu and Yang Zhuxian both wanted to rob it. I took advantage of their civil strife and fled back with my mother-in-law."

"If it's not like this, I'm afraid it's hard for us to retreat."

Ye Chen's face sank. After careful induction, she found that she could not sense the breath of the ancestral God Tianzhi on her mother-in-law blue and white.

The heavenly decree of the ancestor god is the ancestor weapon left by the king of the ancestor god. It is very precious. It can be said to be the most precious thing of the ancestor god religion, and countless fortunes are gathered on it.

Now in order to escape, mother-in-law blue and white sacrificed the ancestral God Tianzhi, and the price was too huge.

Whether Hong Chunqiu or Yang Zhuxian, their strength must soar after they get the decree of the ancestor god, which is even harder to deal with.

Gu Qingting and Su Rong are also dignified.

Gu Qingting said, "my mother-in-law's ancestral God Tianzhi has fallen into the hands of the enemy. I'm afraid our situation is not good."

Ye Chen thought for a while and said, "for today's sake, we can only defend first, don't play casually, and then look for opportunities."

Gu Qingting nodded and said, "what the Lord of reincarnation said is very true. As a leader, my morality doesn't match. My younger martial sister and my mother-in-law pushed me up. Originally, my younger martial sister was more suitable to be a leader, but she refused."

"Alas, now the situation is critical, Lord of reincarnation, please give full command."

Ye Chen shook his head and smiled and said, "no, your younger martial sister, she has great powers. It's up to her to sit down." He glanced at Su Rong.

Su Rong also smiled and said, "Ye Chen, you little fellow, your mouth is still so sweet. It's all right. I'll clean up the remnant army, and you go to capture the Tianjun Fengshen monument. You've come back. With the blessing of reincarnation, my zushen peak may not be able to defeat the pilgrimage cliff and the death world of Yan demon!"

If ye Chen is not here, Su Rong is really not sure to fight the enemy, but ye Chen is back. With the backbone of reincarnation, everything has hope.

Ye Chen said with a smile, "madam is really domineering. I admire her."

Su Rong smiled and looked charming. The tense and serious atmosphere in the field immediately eased a lot, but Gu Qingting's face was not very good-looking, inexplicably a little green.

The remnant troops of zushenfeng began to camp in place, arrange arrays, and be ready to resist the enemy at any time. They also sent a summons to recruit scattered soldiers everywhere and gather strength.

Ye Chen urged the wind of dawn, using the breath of the wind to cover everything and not be found by the enemy.

He plans to rest for a night. If he can fully comprehend it, he is qualified to step into the ultimate of immortality, that is, the realm of the Immortal Emperor, which is the peak of the real world.

After understanding a volume of scriptures, you will have a chance to become an Immortal Emperor. It is conceivable how powerful this feathering and soaring Sutra is.

In the miracles Ode to the world, the eclosion and ascension Sutra is only the inside story of this miracles Ode to the world, which is really unimaginable. If you can fully understand it, it is enough to hold the supreme truth, become the master of everything in the world, and rule everything.

Ye Chen and Xiaoqing are all absorbed in watching the eclosion and ascension Sutra and studying the esoteric meanings in the Sutra.

This feathering ascension Sutra mainly has two aspects.

On the one hand, it is soaring, which can help the martial arts in Baijia realm to soar and break through as soon as possible, Jin ascend to Tianxuan realm, take charge of the law of the emperor of heaven, and become the superior.

## Chapter 8449

Xiaoqing looked at Ye Chen for only half an hour and felt his head hurt. He looked back at Ye Chen and said, "no, brother Ye Chen, I have a headache. I'll look at it slowly in the future."

Ye Chen smiled. In this little half hour, he had actually memorized all the secrets in the scriptures with his amazing talent.

Of course, memory is one thing, and understanding is another.

Ye Chen's cultivation hasn't reached home yet, and there is no enough foundation. He has an anti heaven understanding, and it is impossible to completely master the essence of becoming an immortal.

Because he is still far away from the real immortal.

He only has a hundred flail realm. The most important thing in front of him is to fly.

Only by flying up first and stepping into the mysterious realm of heaven, can we think about becoming an immortal and proving the emperor.

"This feathering and ascent Sutra has also helped me fly to the mysterious realm of heaven."

Ye Chen thought secretly in his heart, first put aside the secret of becoming an immortal, and only pondered the mystery of flying.

He was thoughtful, as if he saw the door of the emperor in his mind, slowly opening a crack from the dark closed appearance, as if light had penetrated in.

The aura in Ye Chen's elixir field also increased a lot with it.

"Very good. This feathering and ascension Sutra can really help me soar. You should consult it carefully in the future."

Ye Chen thought.

"Brother Ye Chen, I have a headache."

Xiaoqing shook Ye Chen's arm, some coquettish way, pure and pink appearance, in the candle light, it looked very cute.

"Well, go back and have a rest. Take this Scripture and read it if you want in the future."

Ye Chen pinched her face with a smile and stuffed the eclosion and ascension Sutra into her hand, saying.

Xiaoqing was surprised and said, "brother Ye Chen, don't you need to see it?"

Ye Chen laughed and said, "no, I've written it down."

Xiaoqing stared and said, "really?"

Ye Chen said, "well, go back and have a rest. I don't have time to accompany you anymore. I have to go to the sky robbing battlefield tomorrow."

Xiaoqing also knew the importance of the matter, and nodded her head cleverly. "Well, good, brother Ye Chen, I'll go first."

She said goodbye to Ye Chen politely, walked to the tent door, suddenly turned around, kissed Ye Chen on the cheek, and then left with a red face.

"This little girl..."

Ye Chen touched the place kissed by Xiaoqing, and was a little embarrassed.

After calming down, ye Chen wanted to turn off the light and have a rest. At this time, a fragrance came from outside the tent, and a soft voice called, "little guy, can I come in?"

It's the voice of the leader's wife Su Rong.

Ye Chen's heart tightened. She didn't know what was wrong with the woman's visit at night, but she thought her husband was nearby, so she shouldn't dare to mess around.

At that moment, ye Chen cleared his throat and said, "madam, please come in."

A slender jade hand lifted the curtain of the tent, and Su Rong came in slowly with a smile on her face.

Su Rong just took a bath, her hair was still wet, and she was full of fragrance. Her skin was so tender that she could squeeze water out of it.

Different from Xiaoqing, Xiaoqing is a green peach, while Su Rong is full of mature charm.

"Madam, what's up?"

Ye Chen sat precariously with his lapel, saying.

"Don't be so nervous, just talk to you about something serious."

Su Rong smiled and sat down at the table, but her legs were unbridled. She stretched them on the table, a pair of round long legs, shaking Ye Chen a little dizzy.

"What business?"

Ye Chen calmed down and asked.

"In fact, I'm not sure to fight Hong Chunqiu and Yang Zhuxian."

Su Rong came straight to the point, but her tone was dignified, without the slightest flirtatious appearance. As expected, she really came to talk about business.

Ye Chen frowned slightly and said, "why? I'm going to rob Heaven tomorrow, but I'll let Xiaoqing stay and she'll help you."

Su Rong shook her head and said, "no, I'm not sure. Even if you stay, I'm not sure."

"In the dark, I feel a very dangerous breath, which is beyond the starry sky of this world, beyond the six ways of the world, and it is the breath of the witch."

Ye Chen's eyes shrunk and said, "witch?"

Su Rong said "Hmm" and said, "behind Hong Chunqiu, there is a demon girl. We want to fight him. It's difficult to climb the sky. Can you defeat the demon girl?"

Ye Chen said, "I can't. do you want to surrender?"

Su Rong sighed, "surrender to Hong Chunqiu, there is only a dead end."

"However, I have a way to deal with Hong Chunqiu."

Ye Chen hurriedly asked, "what method?"

Su Rong said, "the order of the ancestor god."

"Ancestral order?"

"Yes, the ancestral order is the zhenpai artifact of our ancestral cult, and it is also the most precious thing in haotianyu."

"The order of the ancestor god contains the supreme will of the ancient ancestor god king. In the Haotian realm, everyone must obey the order of the ancestor god!"

"Whoever can take charge of the order of the ancestor god can have the absolute power of life and death, and kill whoever he wants. No one can violate the supreme will of the ancestor god king!"

Su rongdao.

"You have the order of the ancestor god. Why don't you take it out quickly?"

Ye chendao.

If the ancestral God order is really as powerful as Su Rong said, as long as you use the ancestral God order, you can easily kill Yang Zhuxian, and it is estimated that you can also severely suppress Hong Chunqiu.

Su Rong said with a wry smile, "the ancestral God order has long been lost. In the sky robbing battlefield, I want to tell you that if you can enter the sky robbing battlefield, you should pay attention to finding out the whereabouts of the ancestral God order."

Chapter 8450

"As long as we can get the order of the ancestor god, we can kill Yang Zhuxian's traitor without effort, suppress the dark atmosphere, and suppress Hong Chunqiu!"

Ye Chen suddenly realized in his heart that Su Rong came to ask him to find the ancestral God order.

"Yes, madam, if I can enter the battlefield of sky robbery, I will pay attention."

Ye Chen nodded and agreed.

He also knew that the current situation was dangerous. With their strength, it was difficult to resist the joint efforts of Hong Chunqiu and Yang Zhuxian.

"Little guy, please."

Su Rong's eyes were bright and she gently held Ye Chen's hand.

.....

I was speechless all night.
