Chapter 8451

"Who dares to steal the supreme power of Vulcan!"

At this time, an angry, shaking and murderous voice came out of the battlefield.

I saw a fighting soul figure, transpiration from the sea of corpses, 100 feet high, towering and powerful, full of the murderous spirit like the God of war, with eyes burning like fire, and a long halberd in his hands.

It turned out to be the legendary emperor of heaven robbing war!

The emperor of the war of heaven has already fallen, but his will will never die. This is the soul of the emperor of the war of heaven!

The fierce, fierce and explosive war spirit, mixed with the billowing air waves of sky fire, rushed to Ye Chen, Ji Siqing and Wei Ying. Unexpectedly, he couldn't help saying that he wanted to kill them.

"Not good!"

Ye Chen's face changed. Fortunately, he was ready for it. His reincarnation blood circulation released the wish star.

Infused with the breath of reincarnation, the wish sky star became the reincarnation sky star, constantly rotating, blooming with strips of golden light, blocking all the sudden surge of war and fire waves.

"Sin woman, have you stolen the supreme power of Vulcan?"

The fighting spirit of the war emperor of Jietian roared with surprise, and a pair of red eyes stared at Ji Siqing, full of resentment and disbelief.

Ji Siqing said, "I am the descendant of Su nishang, the God of fire. Since you are the guard of the God of fire, you should obey me!"

While talking, Ji Siqing's aura exploded, and a peerless divine figure emerged behind him.

That is the figure of Su nishang, the God of fire.

However, seeing Su nishang's figure, the emperor of the war of the sky was not at all submissive, but more angry. His eyes were burning with despair, and he shouted:

"You killed the supreme Vulcan! You sinner, you stole the orthodoxy of Vulcan!"

When the words fell, the emperor of the war of robbing heaven waved his halberd, and the divine light startled the sky, just like the gods singing, rumbling and thundering, deafening.

He is crazy and does not admit jisiqing. He only worships the God of fire.

Ji Siqing's beautiful eyes were cold, but he didn't expect that the emperor of the war of heaven didn't recognize her existence at all.

Ye Chen's face was also heavy. He was a strong man who survived from the age of the nine gods. Even now there is only the soul of war, his power is still shocking and shaking the universe.

"Gun of dragon fight!"

Seeing the long halberd of the emperor of the war of robbing heaven is killed, ye Chen drinks violently. Behind him, the treasure light is bright, the glow is thin, the smell of rock and earth explodes, and the dragon's singing startles the sky, turning into a dragon's gun.

Bang!

The sky was shattered by the fierce collision of the halberd and the gun of dragon fight.

Ye Chen is like a golden God of war, with rock and earth glittering and dragon Qi steaming.

However, he felt boundless pressure in the face of the God of the war.

With this collision, he almost vomited blood.

The God of the war is too strong. Even if it's just the soul of war, ye Chen can't compete with the existence of confrontation.

"Are you the Lord of reincarnation?"

"Will you use the bones of the nine gods to cast your reincarnation kingdom of heaven?"

"No, I disagree!"

The emperor of the war of robbing heaven stared at Ye Chen. He was furious and murderous. He also came with a halberd.

"Not good, go!"

Ye Chen made a quick decision and immediately spread the wings of freedom. The storm rolled up and flew away with Wei Ying and Ji Siqing.

This emperor of heaven robbing war is really too powerful. Ye Chen is not an opponent at all.

The emperor of the war of robbing heaven roared and wanted to catch up, but it seemed that the soul of the war was limited by the context of the battlefield and could not catch up too far.

He was unwilling, desperate, self reproach, kneeling and shouting, roaring up to the sky, tearing his heart and lungs, which was shocking.

Ji Siqing saw that scene from a distance, and his eyes were also a little complicated.

There is no doubt that the belief of the emperor of the war of heaven to the God of fire is absolutely devout and burning, and has not been shaken at all.

Unfortunately, he did not recognize Ji Siqing.

"Ye Chen, what should I do?" Ji Siqing also had no idea.

Wei Ying said, "for today's plan, only ask my master Su Mohan to come out of the mountain. My master is proficient in the ice cold Taoist method, and she will be able to suppress the fighting spirit of the emperor of the war."

Ye Chen frowned tightly, and countless thoughts flashed in her heart.

After pondering, ye Chen gritted her teeth and said, "Siqing, Wei Ying, go back to the camp first, wait for me with Xiaoqing, and I'll go out."

Wei yingrou said in a soft voice, "go and call my master. As long as she is willing to do it, all problems can be solved."

Ye Chen nodded, and then let the two women stay. He returned to the star moon world first.

Wei Ying and Ji Siqing returned to the camp to defend the enemy with Xiaoqing.

Ye Chen returns to the star moon realm and finds Ren Feifan.

But at the top of the mountains, Ren Feifan and a white haired woman were getting together to drink.

"Master Ren, su... Master Su Mohan..."

Ye Chen was stunned, but he saw that the white haired woman was Ren Feifan's confidante, Su Mohan.

"Are you back? Isn't it going well?"

Ren Feifan looked back at Ye Chen, his eyes clear, as if he were watching fire.

"Yes..."

Ye Chen nodded in shame.

With a smile, Ren Feifan seemed to have seen all the causes and effects. He drank to Su Mohan and said, "Mohan, do you have a way to break the sky fire prohibition of the sky robbing battlefield?"

Su Mo Han's slender palm also picked up the glass, gently sipped the wine, and said, "extraordinary, so you asked me to come here to help this little guy?"

Ren Feifan nodded and said, "yes, the tablet of the emperor of heaven is extremely precious. If we can seize it, it would be better. Now Jianmen and wanxu are too busy to be distracted, which is the opportunity we seize."

In the previous supreme meritorious war, GUI Chen and Yu Huang Aoxue were both seriously injured and dying.

During this time, Jianmen and wanxu were busy saving them, and they couldn't be distracted at all. They robbed Ye Chen of the tablet of the God of heaven.

Su Mo Han said with a smile, "I'm afraid you can't touch the tablet that day."

Nowadays, compared with the past, the aura of the tablet of God sealing by the emperor has soared by tens of thousands of times. It is extremely difficult to accept it.

Ren Feifan's eyes fell on Ye Chen, sighed, and said to Su Mo Han, "this boy wants to win. We elders naturally want to help him."

Su Mohan pondered for a moment and said, "it's not convenient for me to take action. There is cause and effect of the age of the nine gods behind the battlefield of robbing heaven. It's inconvenient for you and me to be contaminated, otherwise being targeted by higher-level forces will not pay off."

"I know there is an ancient ice cloud lamp in the world, which may help Ye Chen enter the battlefield."

Ren Feifan frowned and said, "ice cloud ancient lamp? This magic weapon seems to be in the hands of the moral God."

Ren Feifan has also heard of the ice cloud ancient lamp. It is said that it is a magic weapon once used by the ice God Tianzun. It is the ancestor of the ice God. It is currently collected by the purple fairy palace and in the hands of the moral God Tianzun.

The ice cloud ancient lamp has a strong chill, which is enough to dissolve the sky fire smell of the sky robbing battlefield.

If ye Chen can get it, he may be able to enter the battlefield easily.

However, this ice cloud ancient lamp is in the hands of the moral God.

Chapter 8452

Su Mo said, "yes, if you want the ice cloud ancient lamp, you have to ask de Tianzun for it."

Ren Feifan said, "are you sure the ice cloud ancient lamp is effective?"

Su Mo Han didn't say enough, saying, "it should be effective. Although the vicissitudes of time and the power of ice cloud ancient lamp can't match the peak, it's more than enough to dissolve the flames of the sky robbing battlefield."

Ren Feifan pondered for a moment and said to Ye Chen, "boy, let's go to Zihuang fairy palace."

Ye Chen was surprised and said, "master Ren, do you want to ask de Tianzun to borrow treasure?"

There is a big gap between Ye Chen and the moral God.

At the beginning, ye Chen took Shenxi Tianjian away, which completely angered the moral God.

Now ask him to borrow treasure, he may not borrow it.

"Come on, I'll speak, you don't have to talk."

Ren Feifan was also decisive, and there was no nonsense. With the a roll of the his sleeve robe, he tore void and took Ye Chen directly to Mountain Gate of the Zihuang fairy palace to see moral God.

Double Ninth immortal and Duobao Tianjun were shocked to see Ren Feifan coming.

Neither of them dared to neglect, leading Ren Feifan to meet the moral God.

Duobao Tianjun's eyes were full of shadows, and his eyes looking at Ye Chen also had a trace of ferocity.

However, in front of Ren Feifan, he naturally did not dare to make any changes.

Sandalwood curls in the Purple Mountain Gate hall.

Tao Te Tian Zun was sitting upright on a futon. When he saw Ren Feifan and ye Chen coming, he shouted in a deep voice, "brother Ren, you're all right."

He only greeted Ren Feifan, completely ignoring Ye Chen.

Ren Feifan arched his hand, and ye Chen bowed and said, "I've seen the master of morality."

The moral God only regarded Ye Chen as the air, and there was no response at all. His eyes only fell on Ren extraordinary.

Ye Chen is very embarrassed.

"Do you want to borrow the ice cloud ancient lamp?"

The moral God looked at Ren Feifan, his eyes were burning, and he seemed to know everything.

Ren Feifan said calmly, "yes."

The moral God narrowed his eyes slightly and said, "what's your chip?"

Ren Feifan also seemed to control everything, understood all causes and consequences, and said, "I can help you solve a senior level of the death cult."

The moral God "Oh".

Ren Feifan said, "dark chaos is imminent. I predict that there will be an expert coming from the death cult, which is in the row

Chapter 8453

Ren Feifan seemed to have a deep smile and said, "you talk, I'll go back first." Now tear the void and return to the star moon realm first.

"Fairy girl."

Ye Chen looks at it

Chapter 8455

"You came here to seal the tablet of God by the emperor? I can serve!"

Ye Chen heard xuanwuben's words, his palm paused on his head, and his eyes flashed slightly.

The sky robbing battlefield is full of mystery and danger. If someone can lead the way to solve doubts, it is also a good thing.

"Hehe, get up."

Ye Chen flexed his fingers with a flick, and a reincarnation divine awn shot onto Xuanwu Ben's forehead, turning into a brand.

When the reincarnation brand is planted, ye Chen can destroy Xuanwu Ben as soon as he reads it.

Xuanwu didn't dare to resist, but obediently accepted Ye Chen's brand, expressed his submission, and stood up from the ground.

"Are you a zushen?"

Ye Chen asked.

"Yes, sir, I am the first priest of the ancestral cult."

"In those days, the war between the emperor of heaven robbery and the demon God shocked the world and almost destroyed the whole Haotian region."

"It is I who, guided by the order of the ancestor god, summoned the supreme king of the ancestor god to come and protect the haotianyu."

Xuan Wuben replied respectfully.

"Who is the demon God?"

Ye Chen asked.

"Demon gods are the strong men sent by the moral God in those days, who wanted to suppress the emperor of the war of robbing heaven, but in the end, they were both defeated and their bodies were destroyed, leaving only a wisp of war spirit floating here."

Xuanwu's own way.

Ye Chen suddenly realized that the strong man sent by the moral God was called demon God.

"In that war, I summoned the ancestor king to come, and my aura was exhausted. My body fell and turned into a solitary soul."

When Xuanwu understood this way, his palm gently released wisps of bloody mist.

The blood fog billowed, and the mystery of heaven was traced back, demonstrating the pictures of the war in the past.

The war between the God of heaven and the demon God shook the universe, surging fiercely.

The whole Haotian region is faintly collapsed.

Finally, xuanwuben summoned the ancestor god king to protect haotianyu, so that the creatures of haotianyu can reproduce to this day.

"So you are the Savior of the world."

Ye Chen's eyes narrowed slightly, looking at xuanwuben, and his attitude towards him also changed.

Hearing Ye Chen's praise, Xuanwu Ben was flattered and ashamed, and said, "Your Excellency flattered me. I'm just afraid of the fragmentation of Hao heaven, and my ancestor god religion has nowhere to go. This world is the only place for our ancestor god religion to live, and we must not lose it."

Ye Chen nodded and said, "so, the order of the ancestor god is in your hand?"

At that time, Xuanwu originally called the ancestor god king to come, guided by the order of the ancestor god.

In that case, the ancestral order is probably in his hands!

If so, ye Chen will be much more convenient and can easily get the order of the ancestor god.

Xuanwu Ben showed a look of embarrassment and said, "do you want the ancestral God order? However, this ancestral God order has been swallowed by the demon God..."

Ye Chen said, "was swallowed by the demon God?"

Xuanwu Ben was ashamed and said, "yes, the villain's cultivation was low. After his body fell, he could no longer keep the order of the ancestor god and was swallowed by the demon God."

Ye Chen frowned and said, "this demon God, how about the strength of the fighting spirit?"

Xuanwu Ben said, "the demon God fell behind, and the fighting soul still maintained its strong power, which was similar to the emperor of the war."

Hearing this, ye Chen suddenly felt awkward and said, "this is troublesome..."

Ye Chen has personally experienced the strength of the emperor of the war of robbing heaven, which is earth shattering.

This demon God, whose fighting soul power is equivalent to that of the war emperor who robbed heaven, is undoubtedly bad news for ye Chen.

It will be very difficult for him to get back the order of the ancestor god from the demon God.

Xuanwu Ben said, "adult, do you want the order of the ancestor god?"

Ye Chen said, "yes."

Xuan Wuben took a little breath and said, "hiss... The order of the ancestor god is in the hand of the demon God, sir, with our strength, I'm afraid we can't fight the demon God."

When mentioning the demon God, xuanwuben's tone was also filled with fear and fear.

Obviously, the strength of the demon God is very terrible. Even if the body is broken and turns into a war spirit, it is not something he and ye Chen can provoke.

Ye Chen pondered for a while, and also felt thorny.

It seems that Su Rong's commission can't be completed.

"Well, you go with me to capture the tablet of the God of heaven first. Isn't there any dark and unknown trap on the way?"

Ye Chen looked at Xuanwu and couldn't get the order of the ancestor god. He just wanted to seize the tablet of the emperor of heaven.

If we can get the tablet of the emperor of heaven, all problems can be solved.

Xuanwu Ben was stunned when he heard that ye Chen was going to seize the monument, and then smiled bitterly and said, "my Lord, I'm afraid it's not so easy for you to seize the monument of the emperor of heaven."

Ye Chen said, "what?"

Xuanwu Ben said, "that day, the tablet of the emperor was rooted in my Haotian domain, which has been integrated with the earth vein for tens of thousands of years."

"There is a layer of earth vein prohibition on the periphery of the tablet of heavenly king Feng Shen, with the supreme will of the ancestor god king, which is extremely strong."

"If you want to take away the tablet of the emperor of heaven, you need to break the earth vein first."

Ye Chen said, "is it difficult to break the earth vein prohibition?"

Xuanwuben said with a wry smile, "it's very difficult. The supreme will of the ancestor god king cannot be violated."

"If you break the ban forcibly, you will be punished by heaven unless..."

Ye Chen said, "unless what?"

Xuanwu said, "unless you can get back the order of the ancestor god, with the breath of the order of the ancestor god, you can easily break through the prohibition and take away the tablet of the emperor of heaven."

Ye Chen said, "didn't you say that the order of the ancestor god is in the hands of the demon God?"

Xuanwu Ben smiled bitterly and said, "yes, but we can't beat the demon God, sir, why don't we leave first."

"I see that your breath is about to rise to the realm of heaven."

"It will be much easier when you enter the mysterious realm of heaven and come back to fight the demon God."

Chapter 8456

Ye Chen laughed angrily and said, "I came to look for the tablet of the emperor of heaven to seal the gods just to break through the mysterious realm of heaven. Without that tablet, I have no possibility of breaking through!"

Ye Chen's martial arts background is too powerful. He wants to break through and promote, which is thousands of times harder than ordinary people.

Now the general Tiancai Dibao has no effect on Ye Chen.

If he wants to be promoted, he can only seize the tablet of the emperor of heaven and engrave his name on it.

Hearing Ye Chen's words, Xuanwu Ben was immediately embarrassed and didn't know what to do.

"Where is the demon God?"

Ye Chen calmed down, and his eyes also flashed a cold light.

Xuanwu Ben was startled and said, "adult, do you want to challenge the demon God? This is absolutely not possible. You are not the enemy of the demon God."

Ye Chen said, "you won't know until you've fought. Take me to the demon God."

Up to now, there is no other way. Only by challenging the demon God and grabbing the order of the ancestor god, can it be possible to take away the tablet of the God of heaven.

Ye Chen naturally expected the strength of the demon God, but at this juncture, he had no retreat.

Xuanwuben panicked, knelt down and begged, "adults, never! If you challenge the demon God, there is only one way out!"

His body has been branded with reincarnation by Ye Chen.

If ye Chen is defeated and dies, he will also die with him. Naturally, he doesn't want Ye Chen to have an accident.

Ye Chen said calmly, "needless to say, take me to the demon God."

Xuanwu Ben saw Ye Chen's resolute attitude, gritted his teeth, turned his old muddy eyes a few times, and said, "adult, I heard that reincarnation is extraordinary, do you have the confidence to practice the thirty-three divine arts?"

"I have a thirty-three God skill here, which is left by the supreme ancestor king. If you can practice it, you may have a chance to defeat the demon God!"

Ye Chen said, "what is the thirty-three gods skill?"

Xuan Wuben offered a jade slip and respectfully handed it to Ye Chen: "please look, my Lord."

Ye Chen took the jade slip and saw the five words "heaven and earth mother source palm" printed on it.

"Heaven and earth mother source palm? How can the breath of this jade slip be a little familiar?"

Ye Chen was surprised because he found that the breath surrounding the jade slips was full of the charm of the earth's mother Qi, which was connected with the mother sword formula of all things.

Ye Chen, one of the nine divine arts, has already obtained the magic formula of the mother sword of all things.

Now, the jade slips of the mother source palm of heaven and earth are interlinked with the mother sword formula of all things, and even more powerful.

In the final analysis, the formula of the mother sword of all things is only the martial arts of the real world.

But this mother palm of heaven and earth contains the energy breath of no time and space, as well as the supreme mystery of the law of truth, which is mysterious.

Ye Chen released his spiritual power and tried to understand the secret of the mother palm of heaven and earth.

However, as soon as his mental strength penetrated into the jade slips, he was shocked and almost injured.

"What a strong breath!"

Ye Chen was startled, and her spirit pulled out.

Xuanwu said, "my Lord, I caught the breath of nine heaven magic from you. Have you practiced the formula of mother sword of all things?"

Ye Chen nodded and said, "I have practiced."

Xuanwuben's voice was full of vicissitudes and mystery, and said, "in fact, the nine heaven divination was evolved from the thirty-three heaven divination."

Ye Chen said, "thirty three divine arts?"

Xuanwu Ben said, "yes, according to legend, the thirty-three God skill is the most powerful thirty-three door god skill in wuwuwu time and space. Each door has earth shaking power."

"I heard that Hongjun's ancestor created the nine heaven magic, but his nine heaven magic was not created out of thin air, but had the original template."

"For example, the original template of the mother sword formula of all things is the mother palm of heaven and earth."

"Hongjun's ancestor was a great man who shocked the world. He peeped into the future and saw the mystery of the thirty-three heavenly gods. From the thirty-three heavenly gods, he took out nine doors and transformed them into magical powers in the real world, which have been handed down to this day."

Ye Chen was completely shocked when he heard xuanwuben's words.

He never thought that the original nine heaven magic had an original template, and the source was in wuwuwuspacetime.

There are not only nine real magic skills, but thirty-three!

Think about it, although Hongjun's ancestor was extremely talented, when he created the nine heaven magic, he was still a person in the real world. Even if he was against the sky, he would be limited by reality.

The power of the nine heavenly gods is terrifying, shaking the whole world, which is unbelievable. It is actually a magic method existing in the real world.

It turns out that these techniques have prototypes.

It's Hongjun's ancestor, peeping into the future space and time, observing the mystery of the thirty-three heavenly divination, and then turning it into his own use.

Ye Chen was quite shocked.

Although Hongjun's nine gods' skill was not created out of thin air, it can explore the future, transform the skill without time and space, and adapt to the reality.

Such means are also powerful against the sky.

"My Lord, the thirty-three divine arts are powerful."

"The mother palm of heaven and earth is the last in the thirty-three gods, but it also has the power to explode the starry universe."

"If you practice successfully and challenge the demon God, you will have the hope of victory."

Xuanwu's own way.

Ye Chen nodded and released his spiritual power again, trying to understand the magic of the mother palm of heaven and earth.

This time, ye Chen used the reincarnation holy soul heaven to protect the spirit and then peep.

When his spiritual power penetrated into the jade slips, he immediately received a huge impact.

Fortunately, this time, ye Chen was on guard, and with the power of reincarnation holy soul heaven and reincarnation blood, he stubbornly resisted the impact.

Chapter 8457

Boom!

In the jade slips, the martial arts mystery of the mother palm of heaven and earth is completely exposed in front of Ye Chen.

A golden font, like stars, is branded in the void, surrounded by countless source gases. The void seems to echo the singing of the virgin, so that people feel calm after hearing it, as if they are going to return to the embrace of their mother.

Ye Chen calmed down and watched the secret of the mother source palm of heaven and earth.

This mother palm of heaven and earth is very abstruse and complex. With the powerful reincarnation talent of Ye Chen, I also feel my head ache when I watch it.

Fortunately, he once practiced the formula of the mother sword of all things. With the foundation of that formula, it would be much easier to understand the mother source palm of heaven and earth.

Ye Chen silently understood the various wonderful methods of the mother palm of heaven and earth, which passed one by one in his heart.

He seemed to see a palm print, which was bigger than the stars in the universe. It fell from the sky and crushed the earth with the smell of exploding everything.

Whew!

Ye Chen's spirit was pulled out of the jade slips, and his eyes were full of shock.

"How are you, my lord?"

Xuanwu couldn't wait to ask.

"The mother palm of heaven and earth, good, very good! It is broad and profound, magnificent and vast, and the power of martial arts is completely beyond the laws of the real world. If it can be practiced, it will be enough to stand alone in the world!"

Ye Chen exclaimed and frowned, "I probably understood the mystery of the mother of heaven and earth palm, but it's hard, too hard to really practice this palm, and it needs the support of a lot of natural materials and earth treasures."

The heaven and earth mother source palm is a martial art without time and space. It is one of the thirty-three divine arts. Although it is powerful, it needs countless natural materials and precious resources to cultivate. It is not easy.

Xuanwu Ben was surprised and said, "my Lord, in such a short time, have you understood?"

Ye Chen said, "understanding is one thing, and cultivating success is another."

"If I want to cultivate the mother palm of heaven and earth, I'm afraid I'll use up all my resources. The gain is not worth the loss."

Xuanwuben was pleasantly surprised and said, "your reincarnation talent is really amazing! It's incredible that you can understand the success of such a complex divine skill as the mother palm of heaven and earth."

Ye Chen said with a wry smile, "what's the use of understanding? You can't practice, but a castle in the air."

Thirty three divine arts, a martial art from no time and space, are too difficult to cultivate.

The resources in the real world are difficult to support.

It is no wonder that Hongjun ancestors in those days wanted to transform divine arts. If they did not transform, they could not support the cultivation of divine arts even if they exhausted the resources of the whole real world.

Xuan Wuben thought for a while and said, "Your Excellency, come with me." Then he led the way in front.

Ye Chen frowned and followed xuanwuben forward.

He didn't worry that Xuanwu would harm himself, because he could wipe out the other party with one thought, and the other party would never dare to betray.

Moreover, Xuanwu Ben even took out the palm of the mother of heaven and earth. He was loyal and regarded Ye Chen as the Lord. Naturally, there was no reason to betray.

Following xuanwuben, he walked quietly in the bone mountain and soon came to an empty area.

A scarlet blood Lake came into Ye Chen's eyes.

This blood lake is filled with a strong smell of blood. The lake water is pure red, without any impurities, and even shows a trace of ancient great power, which is the power of gods.

Under the steaming mist of the blood lake, faintly, the virtual shadow of the ancient kingdom of God reappears. The bloody Hongqiao runs through the void, magnificent and spectacular.

"This is..."

Ye Chen looked at the wonder of the blood Lake in front of him and was surprised.

"This is the place where the ancestor god King disappeared in those days."

Xuanwu's old voice carries the vicissitudes of ancient times.

"In those days, the supreme god of the ancestral God appeared to fight against the majesty of the emperor of the sky robbery war and the demon God and protect the haotianyu."

"In that war, the supreme god of the ancestor disappeared, and the blood stained the sky."

"His blood, floating here, forms this blood lake."

Ye Chen's eyes looked at the blood lake, and faintly, he also caught bursts of terrible energy fluctuations.

Xuan Wuben pointed to the blood lake and said to Ye Chen, "my Lord, if you can refine the blood lake and absorb the energy of the blood of the supreme ancestor king, you can practice into the mother source palm of heaven and earth."

"Do you want me to absorb this blood lake?"

Ye Chen was surprised.

The ancestor god king, also a figure in the age of nine gods, is a prominent God.

Although the power of the ancestor god king is far less than that of the highest nine gods, he is a God after all. The blood and energy he left behind are absolutely explosive, which ordinary people can't absorb.

Imagine that ye Chen got a drop of rock god blood and light God blood, and there was such a big breakthrough and transformation.

If it is not a drop of blood, but the whole blood lake, the energy is really unimaginable.

Xuanwu nodded and said, "it's extremely difficult to cultivate the thirty-three divine arts, which need massive aura support."

"Adult, if you want to practice, you can only rely on this blood lake."

"This is the only chance."

"If you can't become the mother of heaven and earth and challenge the demon God, there is only one way out!"

Xuan Wuben's tone was solemn and fierce. He deeply knew the horror of the demon God. Ye Chen was only nine layers of heaven in the hundred flail realm, and he was definitely not the enemy of the demon God.

If you want to win, you can only become the mother of heaven and earth!

Ye Chen looked at the blood Lake in front of him, felt waves of powerful divine breath, rushed to his face, and couldn't help swallowing his saliva, a burst of dignified.

"I'll try!"

Ye Chen bit his teeth, condensed his spirit, and jumped into the blood lake.

Hiss hiss!

As soon as he jumped into the blood lake, ye Chen immediately felt that the blood energy aura around him was rushing madly to his body.

The violent blood energy almost burst Ye Chen, which was extremely painful.

"What a powerful energy! Is this the power of the gods?"

Ye Chen was secretly shocked. The power of the ancestor god king could not be compared with that of the nine gods, but the blood and energy he left almost killed Ye Chen.

It can be imagined how terrible the strength of those higher-level existence, even older than the ancient existence.

Ye Chen took a deep breath, sat cross legged in the blood lake, and the ice cloud ancient lamp was suspended beside him. He operated the six reincarnation method, opened the reincarnation blood vessel, and slowly absorbed the blood energy around him.

If ye Chen didn't have reincarnation blood, the violent blood energy around him would have burst him long ago, and there would be no reason to survive.

However, even if there is reincarnation blood, ye Chen still feels extremely painful.

Every drop of the blood of the ancestor god King flowed into his body, and the violent force almost tore his meridians.

Moreover, the rock god blood and light God blood in his body also sent out great repulsion, and did not welcome the arrival of the blood of the ancestor god king.

In front of the supreme nine gods, the ancestor god king is naturally weak.

The two drops of nine God blood in Ye Chen's body also strongly repel the ancestor god king.

The ancestor god king is not qualified to be equal to them!

Chapter 8458

This repulsion made Ye Chen uncomfortable, and her internal organs were about to explode.

Although he knew that the power of the ancestor god king was indeed not qualified to be compared with the nine gods.

But he will never give up the blood energy of the ancestor god king.

This is the only hope for cultivating the mother palm of heaven and earth!

"Mingyu Heart Sutra, copied by celestial Koi, cleanses the mind and stops the fight."

Ye Chen takes a deep breath, runs Mingyu Heart Sutra, and urges Tianxian Koi to copy.

Strips of fairy carp with jade luster began to swim around Ye Chen, releasing bursts of warm, jade like breath.

Under the nourishment of this breath and the protection of ice cloud ancient lamp, ye Chen's blood rejection gradually calmed down.

The blood energy of the ancestor god King gradually converged into his Dantian.

Xuanwu was standing on the Bank of the lake, looking at it nervously.

Ye Chen's skin was red and almost cracked, and there were layers of hazy heavenly weather behind him, which was the weather of the ancestral king.

Constantly absorbing and refining, ye Chen gradually integrated the blood of the ancestor god king into his body.

The scarlet blood lake, absorbed by Ye Chen, gradually faded the color of blood.

Ye Chen vomited a mouthful of turbidity, opened his eyes, and was filled with the majesty of the gods, calm and powerful.

Xuanwu Ben looked at Ye Chen's figure and felt that ye Chen at the moment was simply a great God, God King, God Emperor, and the ruler of all gods.

Ye Chen can no longer feel the energy fluctuation of the ancestor god king.

Because the blood energy of the ancestor god king was refined by Ye Chen and turned into a part of reincarnation.

Ye Chen's reincarnation blood, has revealed a trace of the majesty of the gods, extremely strong, as if even if the ancestor god king came, he would kneel at Ye Chen's feet and bow down to worship.

"Praise reincarnation!"

"Your Excellency, you are the king of gods and the master of gods!"

Xuanwu Ben knelt on the ground and was deeply shocked.

Ye Chen smiled bitterly. He knew that he was not so strong at the moment.

Ye Chen only absorbed 80% of the blood energy of the blood lake, which has not been refined.

It has to be said that the ancestor god king is worthy of being the God of the nine gods era. The divine blood and energy he left behind are also very magnificent.

With Ye Chen's background, it is only 80% absorbed, and it is difficult to absorb all at once.

However, 80% is enough. With the support of the blood and energy of the ancestral God King, ye Chen is absolutely sure that he can use the mother palm of heaven and earth to suppress everything.

"Harvest the gourd of heaven and earth."

Ye Chen first took out the gourd of heaven and earth and collected the remaining 20% of the blood in the blood lake for later use.

Then, his eyes were sharp, flashed a cold color, and said to Xuanwu Ben, "it's time, let's go."

Words fell, ye Chen's body swept forward and flew in one direction.

That's the direction of demon God's dormancy!

Now ye Chen has absorbed a lot of blood from the ancestor god king, and his martial arts cultivation and spiritual will have undergone great transformation.

His spirit became more acute, and he could clearly see all the changes in the whole sky robbing battlefield.

He doesn't need xuanwuben to lead the way, because he has accurately captured the breath of the demon God.

The ancestor god order was indeed swallowed by the demon God.

As long as you defeat the demon God, you can get the ancestral God order back!

Xuanwu looked at Ye Chen's tall and straight back, his eyes full of shock worship, hurriedly followed up.

Ye Chen flies all the way, and he doesn't even need the protection of ice cloud ancient lights anymore. He has completely adapted to the atmosphere of the sky robbing battlefield.

Soon, ye Chen came to a bone cave.

He could clearly feel that in this bone cave, there was a fierce and extremely powerful breath hidden.

Xuanwu Ben flew to Ye Chen and looked at the cave with a dignified look.

In the cave, the green ghost fire jumps, and the dark wind roars.

The existence in the cave seemed to feel the hostility outside. Between the roaring storm, a powerful soul of war rushed out and appeared in front of Ye Chen.

The figure of the fighting soul was full of demons, with a strong will to kill, and his eyes were beating with flames, which turned out to be a purple flame.

"Are you... The Lord of reincarnation?"

"Are you going to challenge me?"

The figure of the fighting soul is exactly the demon God.

Looking down at Ye Chen, he sensed the cause and effect of the heavenly mystery, and his eyes couldn't help but show the murder.

"Hand over the order of the ancestor god, and I can leave immediately."

Ye Chen stared at the demon God figure and said calmly.

"Hey, why should I give it to you?"

"It's only nine stories in Baijia territory. You're not qualified to be presumptuous in front of me!"

The demon God laughed grimly and looked down on him.

"If you don't come to your senses, we'll have to fight for life and death."

Ye Chen looked indifferent, took a step, reincarnation blood gas explosion, powerful.

In fact, if you can, ye Chen doesn't want to fight with the demon God.

His main purpose is to get back the order of the ancestor god.

A peaceful solution is naturally the best.

After all, in the battlefield, there is also a god robbing war emperor.

Outside the battlefield, Hong Chunqiu and Yang Zhuxian are eyeing covetously.

Ye Chen doesn't want to waste too much energy.

The demon God felt Ye Chen's violent reincarnation breath, and his eyes also showed a trace of fear.

But soon, he saw many secrets from behind the reincarnation of Qi and blood.

Supreme merit war,

Chapter 8459

The demon God felt the mystery of the past, and his face was distorted, revealing anger and hatred.

"Why."

"Why does everyone want to force the palm to teach adults to fly."

"You are the enemy of fire."

"Damn you!"

The demon God's eyes were full of anger and murder.

He was originally afraid of Ye Chen's reincarnation, but at this moment, he no longer had any scruples. In his anger, he blew out with a blow.

With this palm, the evil spirit exploded, and the purple flame was overwhelming, powerful and unparalleled.

Xuanwuben, who stood beside Ye Chen, couldn't help taking a breath, trembled with terror, and hurriedly retreated.

At this moment, the demon God, in his anger, was so terrible that he was about to collapse.

Ye Chen also felt the fierce murderous spirit and came under coercion. If it was in the past, he might be unmatched.

But now, he has absorbed the blood energy of the ancestor god king, and his strength has soared. Even in the face of the killing of demon gods, he is not afraid at all.

"Shenxi sword is broken!"

Ye Chen drew out the Shenxi Heavenly Sword and cut it out with a fierce sword.

The energy of the blood of the ancestor god King poured into the sword, and the red awn burst.

The palm of the demon God, mercilessly collided with Ye Chen's God Xi Tianjian, detonating a shocking wave.

"Zihuang Taoist method, red flame true solution!"

The demon God shouted violently, and the towering flames exploded on his palms, revealing the powerful atmosphere of the purple fairy palace, turning into thousands of fire dragons, Vientiane burning beasts, and killing Ye Chen overwhelming.

Ye Chen felt the awesome pressure, and couldn't help taking a breath.

This demon God is worthy of being the strong man sent by the moral God in those days.

At its peak, the demon God's strength may have surpassed the real world and kept pace with the emperor of the war.

Even now, the demon God has only one fighting soul, which is also fierce and extremely fierce.

Ye Chen felt hot all over, as if the whole person would be burned to ashes.

The true solution of the demon God's red flame is not only the purple flame explosion, but also contains a powerful demon power behind it.

Ye Chen is a little familiar with this demon power, which is somewhat similar to the demon.

Ye Chen was deeply shocked. It seemed that this demon God had the same Tao and Dharma with the heavenly demon.

Can it be said that there is also friendship between the demon and the moral God?

Countless thoughts flashed through Ye Chen's heart, but at this moment, he couldn't care so much.

The demon God's killing intention is cold. If he doesn't try his best, there is only a dead end.

"Mother sword formula of all things, break it for me!"

Ye Chen waved the Shenxi Heavenly Sword and showed the formula of the mother sword of all things. The change of the sword gas seemed to contain the source gas of the domination of all things. The void in front of the sword tip continued to tear and collapse into a black hole.

All existence must return to the black hole, return to the matrix, and be swallowed up.

After Ye Chen understood the palm of the mother source of heaven and earth, the power of the mother sword formula of all things also soared rapidly.

Under the impact of the sword gas of the mother sword formula of all things, the red flame and fire burst out by the demon God also weakened sharply, and was swallowed by the mother gas black hole and turned into invisibility.

"All things mother sword formula?"

"Unfortunately, this is only nine heaven magic, not thirty-three heaven magic."

"You are not my enemy!"

When the demon God saw Ye Chen's sword move, he first flashed a trace of strangeness, and then snorted coldly, dismissing it. He was full of demon gas explosion, and the purple gas waves rushed to the sky.

His palm spurted demon haze, as if to cover the sky, and his big hand grabbed Ye Chen.

All the metempsychosis around Ye Chen was forcibly crushed by this big hand.

He only felt the pain of suffocation and broken blood vessels.

"This demon God is really strong. If it's his peak, he's afraid that one palm can kill me."

"Even if he is just a fighting spirit, it is difficult for me to fight."

Ye Chen bit his teeth. It seems that the moral God must have cultivated the demon God himself.

This demon God is a super strong man who follows the moral God.

Even if only the soul of war is left, it also brings astonishing oppression to Ye Chen.

Ye Chen is up and down, and there is only one martial art that may fight against the demon God.

That is, the legendary thirty-three God skill, the mother palm of heaven and earth!

At this juncture, ye Chen knew that he could no longer be exposed.

Boom!

The furious aura burst from ye Chen in an instant.

That aura, with the magnificent atmosphere of the birth of heaven and earth and the beginning of all things, seems to be the virgin of the universe and the stars, and it is the origin of the laws of heaven and earth.

"Huh?"

Feeling the change of Ye Chen's breath, the demon God showed a trace of shock and strangeness.

At this moment, ye Chen's breath seemed to have surpassed the starry sky of this world, with the majesty of nothing, such as the king, the supreme.

"Heaven and earth mother source palm, suppressed by me!"

Ye Chen shouted violently, the palm of his hand was ancient, the source gas was bright, and the power of martial arts burst, just like controlling heaven and earth and creating all things.

A golden palm print, bigger than the starry sky, vaster than the universe, and more spectacular than the heaven and earth, burst out from ye Chen's hand and roared towards the demon God.

This palm is so domineering and ferocious, and its power is simply incredible. It has been detached from reality, dominating the world and threatening the universe.

This is not the martial power that the real world can have, this is the authority of Wuwu!

This palm is the mother source palm of heaven and earth, one of the legendary thirty-three divine arts, and the prototype of the mother sword formula of all things!

"Ah, the mother of heaven and earth! How is it possible? How can you master such magic powers?"

The demon God cracked his eyes and hissed.

Against the golden palm prints, his body was as small as an ant.

He didn't expect that ye Chen actually mastered the mystery of the mother of heaven and earth.

This is simply impossible.

Because, the mother source palm of heaven and earth is one of the thirty-three divine arts. Even if it is put into wuwuwuspacetime, it is also a super first-class martial art.

If you want to cultivate such a powerful martial arts, you need to pay a shocking price and sacrifice a lot of natural materials and earth treasures.

It never occurred to him that ye Chen could actually practice.

Boom!

The golden palm print of the mother of heaven and earth's palm was violently blasted down and severely hit the demon God's body.

Bang!

The demon God's fighting soul body exploded instantly and was completely irresistible.

This heaven and earth mother source palm is really too powerful. Its power is simply invincible, beyond the existence of the real world.

Xuanwu Ben on the side saw Ye Chen blow up the demon God with a palm, and was completely stunned, and couldn't believe his eyes.

This demon God, but the strong man against the sky around the moral God in those days, even if only the fighting spirit is left, it is also extremely powerful.

But unexpectedly, he was beaten by Ye Chen

It can only be said that the power of the thirty-three divine arts, the mother palm of heaven and earth, is really too terrible.

After the demon God's body was exploded, there was a thin mist left.

Ding!

An iron token fell out of the mist. The token was printed with the word "zu", which was filled with an ancient flavor. It was the order of the ancestor god.

Chapter 8460

Ye Chen saw the order of the ancestor god, and his heart was happy. He was trying to seize it. Suddenly, he heard a "hiss" sound, and a flame rushed out of the mist and flew to the sky.

The flame, twisted and burning, showed the shadow of the demon God.

It turned out to be the ghost of the demon God!

He was beaten by Ye Chen, but he didn't die completely, and he still kept a little bit of life and soul.

"Lord of reincarnation, you are powerful, you are powerful!"

"You must die, you must die today!"

"If you don't die, the master's layout is bound to be destroyed by you!"

"Hongjun, use my strength to show your divine power! I want to kill this boy, and this boy must die!"

The demon God's life soul residual fire, rushed to the sky, looked up to the sky and prayed, with a loud and ferocious voice, unexpectedly calling for the great existence in wuwuwuspacetime.

The void of heaven and earth paused for a moment, and then, with a crash, a large number of Xianxia Ruiqi, rolling golden light, fell from the sky and gathered on the demon God.

Click!

The demon God's strength soared. With a fist and a fist in the air, he fiercely killed Ye Chen.

Ye Chen widened his eyes and immediately suffocated.

He had just finished holding the palm of the mother of heaven and earth, and his aura was emptied, and his mind was weak, and his muscles and bones were in pain.

Although the power of this heaven and earth mother palm is powerful, its consumption of the body is also extremely intense.

Even ye Chen can't stand it.

He thought the battle was over and he could rest.

However, I didn't expect that the demon God still had a trace of afterfire, which should be a secret method in the purple fairy palace.

To Ye Chen's surprise, the demon God actually prayed to wuwuwuspacetime.

To be exact, it is to pray to Hongjun's ancestor!

He got the blessing of Hongjun's ancestor. The power of this punch was just like Hongjun's personal visit!

Ye Chen took a breath. He was too familiar with the power of Hongjun's ancestor.

He didn't expect that Hongjun ancestor would respond to the demon God and use his strength to kill himself.

"Hongjun ancestor wants to kill me? Why?"

Ye Chen was confused.

"Sir, get away!"

Xuanwuben on one side shouted loudly.

The demon God's fist, blessed by Hongjun, was too fierce to kill Ye Chen.

Forced by the violent fist style, Xuanwu Ben also retreated repeatedly. Even if he wanted to help Ye Chen, he could do nothing.

After all, his strength is too far behind the demon God.

Seeing the demon God's fist, it was about to blast Ye Chen, but at this time, a beautiful shadow appeared in front of Ye Chen, and the slender hand flashed, blocking the demon God's fist.

This beautiful shadow, hazy, is not a body, but a spirit.

It turned out to be Xuanhan jade!

"Fairy."

Ye Chen was surprised to see xuanhanyu appear.

Speaking of it, Xuan Hanyu has not appeared for a long time, and has always been silent.

"Who?"

The demon God saw xuanhanyu's figure, and he was also afraid.

"Cold jade finger, broken!"

Xuanhanyu blocked the demon God's fist with one hand, and with a flick of the other hand, a jade light rose into the sky, like a flying sword, completely cutting off the resonance between the demon God and wuwuwuwuspacetime.

Sobbing

The air flow in heaven and earth broke up, and the golden light and rosy clouds all over the sky also disappeared.

The resonance between the demon God and Hongjun ancestor was completely broken, and the residual fire body was completely dimmed, shaking with the wind.

"You... Who the hell are you?"

"You have the breath of the age of the nine gods."

The demon God stared at Xuan Hanyu, and his eyes showed fear.

Xuanhanyu didn't speak, and his slender hand stretched out like lightning and grabbed it at the demon God.

The demon God was frightened and flew away in horror.

"Damn it!"

"Hongjun, are you still reluctant to kill this boy?"

"Sooner or later, you will kill me in the purple fairy palace!"

The demon God looked at the sky with unwilling eyes.

However, there was no response from the sky.

The demon God was angry and hurriedly fled away.

His fighting spirit body has long been blasted by Ye Chen.

Now there is only a wisp of life and soul residual fire left. Without the blessing of Hongjun's ancestor, he can't compete with Xuanhan jade at all.

Xuanhanyu wanted to catch up, but he was more worried about ye Chen. He turned around and said to Ye Chen, "are you okay?"

"It's OK. I can't die."

Ye Chen bit his teeth, took out some pills to recover his vitality, took them, and his state was a little better.

"Fortunately, Hongjun ancestor hasn't made up his mind to kill you. The strength he has lowered is very weak, otherwise, I can't save you."

Xuanhan jade condenses in an important way.

"Why did Hongjun kill me?"

Ye Chen's face twitched for a moment, recalling that the power behind the demon God's fist just now came from Hongjun's ancestor!

He didn't expect that Hongjun's grandfather would actually attack him.

Xuan Hanyu said, "it may be related to the fire, but the cause and effect behind it is too complicated for me to figure it out."

"If you see Hongjun in the future, you can ask him in person."

Ye Chen's face sank. He really didn't expect Hongjun's ancestor to kill himself.

What is the reason behind this?

"Cut the grass to get rid of the root, the demon God, you'd better get rid of it as soon as possible."

"Otherwise, we may not be able to stop him summoning Hongjun's power to come."

Xuan Han's jade eyes flashed a cold killing opportunity.

Ye Chen was silent for a moment, and then nodded.

He didn't want to break with Hongjun, but now that his life was threatened, he would never be soft hearted.

This demon God must die!

Ye Chen took a deep breath and grabbed the order of the ancestor god.
