

Physician 8511

Chapter 8511

The heavenly daughter smiled and said, "hehe, didn't you ask me to come? You told Luo'er that if I wanted Yan Shengu, I came to you myself, so I came."

"That rock god bone, haven't you refined?"

Ye Chen was stunned for a moment. Unexpectedly, the goddess of heaven actually came down in person for the sake of Yan Shengu.

Ye Chen naturally hasn't refined that rock god bone. In fact, he is also waiting for the goddess, but he didn't expect the goddess to come so soon.

"Not yet."

Ye Chen took out the gold sandalwood box containing the rock god bone, gently opened it, and a piece of bone with immortal Qi and infinite Tao appeared.

The heavenly daughter's eyes suddenly flashed. If she could get the rock god bone, she could give full play to the power of the earth Emperor God book.

At that time, even in the face of Ren Feifan, she will have the strength to fight.

I dare not say victory, but at least I can guarantee my immortality.

"Can I have this rock god bone?"

Tiannv's voice glowed.

“.....”

Ye Chen was silent and had some contradictions in his heart.

He knew that this rock god bone, if given to the goddess, the goddess would soar to the sky, and he would have a harder battle with the goddess in the future.

But if you don't give it, the heavenly daughter will be killed by Ren extraordinary.

Ye Chen really didn't want to see the heavenly daughter die, and he kept thinking about it in his heart.

He could think of the best outcome in his heart, that is, the goddess of heaven got the rock god bone, fought a decisive battle with Ren Feifan, and was finally defeated, but because of the protection of the rock god bone, she was only injured and did not die.

Then, he fought with the injured tiannv again, defeated her and took her as a concubine.

This is the best ending.

But this ending is so beautiful and lucky that ye Chen feels a little whimsical.

Seeing that ye Chen was still thinking, the heavenly daughter thought he was reluctant to give up Yan Shenggu, so she took ye lu'er's hand and gently handed it to Ye Chen.

"As long as you are willing to give me the rock god bone, I will let lu'er come back to you."

Ye Chen and ye lu'er were shocked when this sentence was said.

"Lady..." ye lu'o'er couldn't believe his ears.

The heavenly daughter said calmly, "as long as I can get the rock god bone, I will give Luo Er her freedom, and you can be together forever in the future."

At the beginning, the goddess of heaven brought ye lu'o'er to the world, and she was kind to her again.

Ye lu'o'er was also wearing heavy shackles, which were given to her by the goddess of heaven.

This renewed kindness and cause and effect are the biggest shackles.

The goddess of heaven also never allowed it. Ye lu'o'er regained her freedom and returned to Ye Chen.

Because she still has a great mission to be completed by Ye lu'o'er.

Ye lu'o'er has nine heaven magic, and her blood is noble. If she changes and breaks through in the future, it will be enough to become her help against the sky.

But now, for the sake of Yan Shengu, tiannv can't care so much.

She is willing to give ye lu'o'er freedom, unlock all the unlocks, and let ye lu'o'er return to Ye Chen.

This rock god bone is Ye Chen's chip to redeem ye lu'o'er!

Ye Chen looked at ye lu'o'er's beautiful appearance, and her heart was pounding.

In fact, he also wants to hand over the rock god bone, because only in this way can he save the life of the goddess and not be killed by Ren extraordinary.

Now tiannv has released such favorable conditions, and ye Chen is naturally very excited.

"Well, sister tiannv, I promise you!"

Ye Chen gritted his teeth and decided to throw the rock god bone box in his hand to the goddess, and then pulled ye luo'er to his side.

The goddess of heaven was overjoyed when she got the rock god bone.

"Luo'er, OK, you finally come back to me."

"I won't let you suffer anymore."

Ye Chen stroked ye luo'er's cheek with infinite tenderness in her eyes.

"Brother ye..."

Ye luo'er was stunned, and his heart was full of gratitude.

She knew that the rock god bone was extremely expensive and inestimable. Ye Chen was really willing to give it, which could be said to be a huge price.

Excited, ye luo'er's eyes were red, and she shed tears. She hugged Ye Chen tightly, and her head was buried in his broad chest, sobbing.

She has experienced too much and suffered too much, and now she finally feels the taste of freedom.

Ye Chen hugged ye luo'er's soft waist and kissed her on the forehead. His heart was also very compassionate and satisfied.

After that, ye luo'er will be free.

"Congratulations, lol, you're finally free."

The heavenly daughter put away the rock god bone and looked at ye luo'er. Her expression was also quite complicated.

If she can, she doesn't want to give up ye luo'er.

Because ye Luoer's qualification is really great. If he can be trained, he will definitely be a top strength in the future.

At present, ye luo'er's nine gods skill, Dragon God's formula to break the sky, has been cultivated to a state of perfection, and even vaguely, it can communicate and resonate with Wuwuwuwu time and space.

The prototype of the Dragon God's formula of breaking the sky is one of the thirty-three divine Arts in Wuwu time and space. If ye luo'er resonates deeply and understands the thirty-three divine arts, it will be an incredible creation.

"Lady..."

Ye luo'er wiped away her tears, looked at the heavenly daughter, and recalled the cultivation of the heavenly daughter along the way. Her heart was also grateful, saying:

"Lady, although I have returned to brother ye, I will serve you in the future, as long as I can."

The word "within our ability" actually shows ye luo'er's attitude.

She can continue to help tiannv, but she won't work hard anymore.

If tiannv's interests conflict with Ye Chen's, she will give priority to Ye Chen's side.

The heavenly daughter also understood ye lu'er's meaning, sighed and said, "well, I know. I wish you lovers get married, and I'm gone." Then he wanted to leave.

"Sister tiannv, wait!"

Ye Chen thought of Zu xuantu and hurriedly called the heavenly daughter.

"What?"

Heaven turns back.

"Sister tiannv, I want to inquire about the whereabouts of a person named Lu Hechan. I heard that he was once your subordinate."

Ye Chen hurried.

"Lu Hechan? Why do you ask her?"

Tiannv's beautiful eyes coagulated, and she obviously knew that Lu Hechan's identity was not simple.

"Sister tiannv, if you know the whereabouts of Lu Hechan, please also tell me, is she in your wish Shinto?"

It would be great if Lu Hechan was in the tiannv sect.

"Lu Hechan's identity is very special. For the sake of your rock god bone, it's OK for me to tell you her whereabouts."

"More than 10000 years ago, I was the high-level of the wanxu temple. Others called me princess tiannv. Lu Hechan was my right-hand man."

"In those days, there was a border in the Taishang world, which was eroded by everything. Under the auspices of wanxu, all forces sent many strong men to resist."

"That border is called the Ming Wu area. At that time, Lu Hechan volunteered to guard it."

The goddess of heaven tells the ancient reason.

"No zone?"

Hearing these three words, ye Chen's heart beat for a while.

If he remembered correctly, he listened to the night mother and wanted to find out the whereabouts of Lu Dongxuan, the master of the LV family. The Fuzhao instructions he received were also invisible.

Can it be said that Lu Hechan is also in the dark zone?

Chapter 8512

"Have you ever heard of the dark zone?"

"That is a border that has long fallen."

"In those days, many powerful people in the world, including Lu Hechan, entered the dark zone to resist the darkness."

"Unfortunately, later, the power of darkness was still too strong. All the strong were trapped there. No news came out anymore. Maybe they have all fallen."

The heavenly daughter said in a faint voice.

"Have they all fallen?"

Ye Chen's heart jumped, but he was sure that Lu Hechan was still alive.

Because the ancestral xuantu on his hand is full of the blood of the ancestral God King.

This ancestral blood, somehow, also resonates with somewhere in the world.

The source of resonance is Lu Hechan.

The goddess shook her head and said, "I don't know how life and death are. I once sent Luo'er to investigate, but unfortunately there was no result."

"I can only tell you that the Supreme Master of the netherworld, called Wuxiang Zunwang, is now the death cult

Chapter 8513

Those dark and strange existence seemed to know that ye Chen was difficult to deal with, and quietly retreated into the black fog, and the well water on both sides did not invade the river.

Ye Chen knew that as long as he dared to get close, those dark and strange things would riot on the spot.

"Luo'er, you go back first, and I'll find a way to break through."

Ye Chen holds the sword of God Xi, and his expression is frozen.

Ye Luo'er was beside him, and he was afraid that she would be implicated.

"Brother ye, do you really want to risk going in?"

Ye Luo'er was surprised and deeply worried.

"Well, you go back first."

Ye Chendao.

"No, brother ye, I'll stay and we'll find a way together!"

Ye Luo'er bit his silver teeth, but he didn't want to leave. He just wanted to break through the darkness with Ye Chen.

"Darling, you go back, don't let me worry."

Ye Chen smiled bitterly, gently touched Ye Luo'er's cheek, and looked at her with burning eyes.

"Brother ye..."

Ye Luo'er still wanted to say something, but was stopped by Ye Chen's eyes.

Ye Luo'er thought for a moment and chose to hold Ye Chen.

Ye Chen glanced at ye lu'o'er and understood her worry, so he hugged her slender waist tightly to show comfort.

The two hugged for a while, and ye Chen gently loosened her. Her cheeks were full of blushes, looking shy and cute, and her breathing was panting.

"Well, go back."

Ye Chen said softly again.

"Well..."

Ye lu'o'er only felt that brother Ye's words were orders, and could not resist, so he nodded gently.

"Brother ye, be careful yourself."

Ye lu'o'er looked at Ye Chen tenderly, and then turned and left reluctantly.

She left this time, not to go back to the ice Phoenix world, but to the star moon world.

That's Ye Chen's territory.

She will no longer be a person of heaven, but a person of Ye Chen.

After ye lu'o'er left, ye Chen took a deep breath and looked at the black fog in front again.

The black fog rolled, countless twisted and grotesque weather emerged, broken limbs and heads, white bones and skeletons, tentacles, blood and flesh, muddy eyes and so on, disgusting.

"Reincarnation heaven, reincarnation sword cut!"

Ye Chen's eyes coagulated, took out the reincarnation Heavenly Sword, and held it tightly in his hand. The reincarnation blood in his body exploded, and the golden divine awn blew up on the sword body. The weather of the kingdom of heaven floated, and the rumbling mantra roared like thunder, shaking the void.

At the next moment, ye Chen stepped in the void, the golden reincarnation glowed, and a sword cut away towards the black fog in front.

Boom!

The startling reincarnation sword awn, fiercely cut in the black fog, instantly tearing the black fog apart, and countless strange and twisted dark demons were cut out by Ye Chen's sword.

Vaguely, he saw that behind the black fog, there was an equally dark world, with a terrible filthy smell, suffocating.

"Roar!"

In the black fog around, there was a furious roar of dark demons, and countless twisted demons were mixed in the black fog, rushing towards Ye Chen like a tide, to drown him.

The golden light of reincarnation on Ye Chen also became dim under the suppression of those dark fog demons.

He felt the fatal danger. If he continued to fight, with the divine power of his reincarnation blood, of course, he could break through the black fog and break into this invisible world.

But in this way, he himself will suffer from serious darkness, and the gain is not worth the loss.

"Damn it!"

Ye Chen had no choice but to get out of the black fog and fly out into the void.

He was contaminated with a lot of dark breath, but under the impact of reincarnation aura, these dark breath evaporated directly, and did not hurt him.

The demons in the black fog were silent again.

They dare not take the initiative to offend Ye Chen, but they will never allow Ye Chen to break through the dark barrier.

Ye Chen had no choice for a moment, but at this time, he heard a female voice coming into his ears.

"Is it you, Lord of reincarnation?"

Ye Chen was stunned for a moment. The sound seemed to come from the inside of the nether zone.

"Miss Lu Hechan, it's you!?"

Ye Chen almost instantly felt that the owner of the voice was probably Lu Hechan.

It must have been Lu Hechan's attention when he just hit the black fog.

"It's me, ah, you're so good that you guessed it was me at once."

"Are you my grandfather's friend? Zu xuantu is on you."

"Did your grandfather send you to save me?"

Lu Hechan opened his mouth and said that she could feel that her grandfather's precious zuxuantu was on Ye Chen.

She didn't feel Ye Chen's malice, that is to say, ye Chen would not be her grandfather's enemy, but probably a friend, who came to save her.

Ye Chen was immediately speechless, and for a time did not know how to explain.

Naturally, he will not hurt Lu Hechan, not the enemy.

However, he can never be regarded as a friend of the ancestral king.

"Miss Lu, don't talk so much. Tell me, how can I get in?"

Ye Chen asked.

"Well... The king of invisibility has come. This dark area is very dangerous. The dark atmosphere is unprecedented. Ordinary people can't get in."

"But, Lord of reincarnation, you are invincible. With the power of your seven stars of reincarnation, you can break through the black fog and come in to save me."

Lu Hechan's voice said with a trace of expectation.

The seven stars of reincarnation are the seven stars of life in the blood of reincarnation.

Each of these seven life stars has earth shattering power. Once it breaks out, it is enough to intimidate the world and make it invincible.

"Miss Lu, I haven't awakened to the seven stars of reincarnation."

Ye Chen was embarrassed. The vein of reincarnation seven stars had emerged in his meridians.

But these seven stars of life, he has not lit.

It is very difficult to wake up and light up the star of life.

Ye Chen estimated that at least he had to wait until he ascended to the mysterious realm of heaven before he could awaken the star of life.

"Ah, so you haven't even awakened the star of life?"

Lu Hechan was surprised and disappointed.

"Well, by the way, your martial arts background is too deep. It's much harder to awaken the life star than in previous generations."

"But once you wake up, I'm afraid it will be quite terrible."

After a pause, Lu Hechan saw the clue again, with a trace of worship in his tone.

Ye Chen did not wake up the star of life, not because he was not talented enough, but because the accumulation of martial arts was too deep, and it became difficult to wake up.

Once awakened, it is against the sky.

"Miss Lu, is there any other way to get in?"

Ye Chen asked.

"Well... Let me see."

"There seems to be no way. The king wuxiangzun has returned. It's too dangerous here."

"Alas, it seems that no one has saved me out, and I'm dying."

Lu Hechan sighed, his voice a little depressed, but there was not much fear.

Ye Chen can tell that Lu Hechan is a very cheerful and optimistic girl, who is also free and easy to live and die.

"Miss Lu, wait. I'll go back and ask my grandpa."

Ye Chen also didn't want to see Lu Hechan die. He thought that the dark fog in this dark area was so thick that it was not easy to break through by himself. He might as well go back and ask his grandfather to see if there was any solution.

Chapter 8514

"Well, your grandfather is the God of the future. Maybe he really has a way, but it's not certain."

Lu Hechan said.

"Well, Miss Lu, wait a moment, and I'll be right back."

Ye Chen made up his mind and turned around to tear the void and return to the star moon realm.

Back in the star moon realm, ye Chen found that Ren Feifan was still in seclusion, presumably to prepare for the decisive battle with tiannv.

Ye Chen found his grandfather Ye Yishen, but saw him drinking tea with ye luo'er in a small pavilion.

Ye evil God smiled all over his face, and his eyes were kind and kind. He was very satisfied with ye Luo'er. Looking back, he saw Ye Chen coming, and was surprised.

Ye Luo'er saw that Ye Chen came back so soon, which was also a surprise and surprise. He stood up and said, "brother ye, you're back. There's no place for you to go, isn't it?"

Ye Chen smiled bitterly and said, "of course, I'll go, but I can't get in alone. I want to come back and ask my grandpa."

While talking, Ye Chen waved his hand, and the smoke gathered, presenting the picture of the dark area to Ye Evil God.

"Grandpa, do you have a way to break through the darkness?" Ye Chen asked.

Ye Evil God frowned and said, "I heard Luo Er say that there is no place in the world. Do you really want to go?"

Ye Chen said, "yes."

Ye Evil God pondered for a moment and said, "the dark mist is so strong that it's not easy to break through."

"You can try, call your little Bluebird back, you fit, use the wings of freedom, and the power of the empty monument, maybe you can directly break through the black fog."

Hearing the words, Ye Chen's eyes suddenly lit up.

The virtual tablet contains the power of space, and the legend of the star God Qingluan can also communicate with special space. With the help of the atmosphere of the wing of freedom, maybe it can really break through the black fog barrier.

"I see, Grandpa, thanks for your advice! Then I'll go first."

Ye Chen was surprised and was ready to leave.

"Wait a minute."

Ye evil god suddenly called Ye Chen.

"What's the matter?"

Ye Chen wondered.

Ye evil god's face was extremely dignified and said, "I heard that you gave the rock god bone to the goddess of heaven. Have you thought about the consequences?"

Ye Chen heard this, his face sank, silent.

Ye Xie said: "with Yan Shengu, the goddess of heaven has the qualification to fight against Ren extraordinary. Although with brother Ren's strength, she can still defeat her, but it is impossible to kill her again."

"If the heavenly daughter doesn't die, she will eventually become a great danger. If you fight with her again in the future, you are likely to be killed by her. Don't you regret it?"

Ye Chen gritted his teeth and said, "Grandpa, I don't regret it."

Ye Yishen sighed and said, "well, this is your decision. Grandpa just hopes you won't regret it."

Ye Chen had a lot of thoughts in his heart, and then he turned and walked away.

"Brother ye..."

Ye Luo'er looked at Ye Chen's back, which was also quite gloomy.

If she could, she naturally didn't want to see Ye Chen and Tiannv fighting.

But it's a pity that Tiannv has Tiannv's pride, so she can't be so obedient and really be Ye Chen's concubine.

Ye Chen immediately summoned Xiaoqing in his heart after leaving the star moon circle.

In a moment, a bluebird fell from the sky and fell to the ground into a charming girl. It was Xiaoqing.

She ran to Ye Chen happily, put her arms around him, and cried, "brother Ye Chen, you have something to call me?"

Ye Chen said with a smile, "well, Xiaoqing, when my wings, I'll take you to a place."

"Hee hee, OK."

Xiaoqing was also quite crisp, and immediately turned into a blue light and integrated into Ye Chen's body.

WOW!

A pair of cyan wings immediately spread out behind Ye Chen.

Ye Chen cuts through the void, shuttles through the space, and returns to the nether zone again.

"Brother Ye Chen, what a terrible dark smell here."

Xiaoqing looked at the black fog surrounding the dark area, and suddenly felt a thrill.

"Don't be afraid, let's rush in."

Ye Chen smiled.

"Rush... Rush in? Is this... Is this really going to happen?"

Xiaoqing was a little flustered when she saw the countless distorted bloody weather floating in the black fog.

Ye Chen smiled and didn't speak. At this time, he naturally won't shrink back.

"The wings of freedom, the divine power of the wind, the spiritual power of the virtual monument, broken!"

Ye Chen's eyes coagulated, and the will of the wind god exploded. On the blue wings, thousands of magnificent runes emerged, and the atmosphere of the wings of freedom exploded to the extreme.

At the same time, a stone tablet appeared beside Ye Chen, with the word "empty" printed on it.

It is a virtual monument, containing the most powerful power of space in the world.

Boom!

Ye Chen fanned the wings of freedom, and with the power of the virtual monument, he rushed fiercely towards the dark fog in the dark area.

When his body rushed into the black fog, it was like a bomb, dropped into the sea, and exploded with startling waves.

In the black fog, countless demons and monsters roared up.

But with Ye Chen's wings of freedom flapping, all darkness and Demons could not get close to his body.

With the wings of freedom and the power of the virtual monument, ye Chen finally broke through the barrier of the dark mist, shattered the void, and came to the land of the netherworld.

When ye Chen set foot on the ground, the blue wings behind him crashed with a crash, turning into a young girl.

Xiaoqing gasped heavily, her face was pale, her small chest was constantly fluctuating, and she knelt on the ground to breathe, saying, "brother Ye Chen, don't do such dangerous things in the future... Scare me to death."

Just breaking through the black fog, the countless dark and surging breath made Xiaoqing also have lingering palpitations.

"It's hard for you, Xiaoqing."

Ye Chen smiled and immediately lifted Xiaoqing up to let her return to her world of the yellow spring to rest.

After calming down, ye Chen looked around.

Chapter 8515

This is the world inside the nether zone, which is still dark. There are no sun, moon and stars, and even the light of fireflies.

Fortunately, these darkness are the darkness on the surface of heaven and earth, not the darkness of law.

When ye Chen's aura converges on his eyes, he smoothly breaks through the darkness and sees the world.

This is a vast world with no end in sight. It is dominated by plains. Occasionally, some mountains, hills, flowers and trees are twisted and grotesque because they can't see the sun.

Endless wilderness hides endless dangers.

At least Ye Chen saw a dozen monster nests just above the wilderness.

Those monster nests are filled with danger that does not belong to this world, obviously from nothing.

"Lord of reincarnation, have you come in?"

A surprised female voice came.

It's Lu Hechan's voice.

The world is dark and the secret of heaven is closed.

However, ye Chen has zuxuantu on his body.

Between him and Lu Hechan, he can easily establish contact with Zu xuantu even if they are thousands of miles away.

"Miss Lu, wait and I'll get you out!"

Ye Chen caught Lu Hechan's breath, and she seemed to be trapped.

"Well, Lord of reincarnation, come quickly."

"I'm trapped in this fire Heart Island, and I'm almost hot to death."

Lu Hechan's voice said urgently.

Ye Chen nodded, locked her position, and flew away against the wind.

All the way through the dark sky, ye Chen was surprised to see a strange star floating in the distant sky.

The star, in the shape of a quadrangular star, is shining.

When ye Chen's eyes looked at the star, the reincarnation star pulse in his body and the seven stars of life faintly resonated.

"What star is that? It can resonate with my reincarnation Seven Star pulse."

Ye Chen was surprised. He only felt that the quadrangular star was not simple.

"After rescuing Miss Lu, you must go and have a look."

Ye Chen made up his mind to speed up and soon came to the place where Lu Hechan was trapped.

There was no dark smell here, because there were blazing orange flames everywhere.

Wisps of flames converged into a roaring and burning sea of fire, which was extremely spectacular.

In the middle of the sea of fire is an island.

I saw a girl trapped in the fire Heart Island.

Although the Zhiyang flame burning around didn't burn to the island, the blazing temperature made the girl extremely uncomfortable and sweated all over.

In the blazing heat, the girl had already taken off her clothes and skirts and piled them aside, using only a few leaves to hide her shame.

"Lord of reincarnation, you are here!"

Seeing ye Chen coming, the girl immediately showed an excited look, shook her arm and shouted. Then she realized her exposed posture. Her cheeks turned red, and she hurriedly put on her clothes regardless of the high temperature.

"Are you Miss Lu Hechan?"

Ye Chen asked.

"It's me, it's me!"

The girl is Lu Hechan, very lively.

"Just call me ye Chen. I'll get you out."

Ye Chen's eyes coagulated and looked at the sea of fire in front of him. The flames were extremely hot and the energy breath was violent, which was enough to incinerate the masters of ordinary Tianxuan realm.

If you want to save Lu Hechan, you need to cross this Zhiyang Fire Sea first.

Ye Chen has the fire and burning monument of Daoling, but he is not afraid of the ablation of these flames.

"Brother Ye Chen, hurry up, I can't hold on."

Lu Hechan said that she always thought Ye Chen was a friend of her grandfather.

Ye Chen nodded, trying to urge the fire of Daoling and Yanbei to save people. Suddenly, he felt a great danger.

Ye Chen felt a chill in his heart. When he looked carefully, he found that there seemed to be a trace of dark death in the Zhiyang flame in front of him.

This dark and dead spirit is very obscure, but it fills the whole sea of fire, and vaguely forms a dark death formation.

This dark death formation is completely indecipherable, just like a bomb, which will explode as soon as it is touched.

"Miss Lu, this sea of fire is strange!"

"Who trapped you here?"

"In this sea of fire, there has been a dark death formation, which cannot be solved at all."

The reason why death formation is called death formation is that there is no way to crack it. Even the arranger can't crack it and can only detonate it.

Lu Hechan was stunned for a moment and immediately shouted, "ah, it must be the guy of Hua Tianzong. Damn it, he wants to kill me."

Ye Chen said, "who is Hua Tianzong?"

Lu Hechan said angrily, "Hua Tianzong is the little Lord of the Ming Wu clan, and the king of Wu Xiangzun is his master."

Hearing the words, ye Chen felt a chill in his heart.

No respect for the king is the death cult

Chapter 8516

"But I didn't expect that Hua Tianzong was so cruel that he left me a dark death row? I'm afraid someone will save me."

Lu Hechan was very angry and gnashed his teeth.

"Since you can go in, can't you come out?"

Ye Chen asked.

"When I came in, I could give full play to the full power of the ancestral God's blood to avoid the erosion of Zhiyang true fire, but now the consumption of blood aura is too large to get out."

Lu Hechan was extremely upset and said to Ye Chen, "brother Ye Chen, can you break through this dark death formation and take me out?"

Ye Chen looked puzzled and said, "the reason why death formation is called death formation is that it cannot be cracked and can only be detonated. Once detonated..."

Lu Hechan immediately panicked and said, "ah, doesn't that mean I'm going to be trapped here all the time? It's no good. It's too hot here, and I'm dying of heat."

In the intense heat, she was sweating all over her head and wanted to take off her clothes to cool down. But in front of Ye Chen, she was embarrassed and felt very uncomfortable.

Ye Chen frowned, thinking about the way to save people.

"Brother Ye Chen, why don't you go back to the ancestral land of ten thousand families and ask them if they are willing to use the power of Zuxing to save me."

"All my ancestors believe in reincarnation. As long as you speak, they will certainly agree."

"The ancestral star is vast, and its energy exceeds this heaven and earth. If you can get the ancestral star, you can take me out!"

Lu Hechan thought of a way, and immediately exclaimed with elation.

"Ancestral land of ten thousand nationalities?"

Ye Chen wondered.

"Well, there are two main forces in the netherworld."

"One of them is the Ming Wu clan, a force ruled by the Wuxiang king and the huatianzong, who has long believed in darkness and worshipped the God of death."

"That Wuxiang respected king, recently even broke through the boundary wall and came down from Wuwu time and space!"

"On the other side, there are all kinds of people in the heavens, who were sent out by all parties in the world ten thousand years ago."

"Thousands of our ethnic groups have lived together and multiplied for thousands of years. Now the scale is quite large, with tens of millions of people."

"The ancestral land of all nations is the place where all nations in our heavens live. I'll tell you the coordinates."

Lu Hechan gathered his ideas and passed the coordinates of the ancestral land of all ethnic groups to Ye Chen.

"You want me to go back to ancestral land and borrow ancestral star to save you?"

Ye Chen asked.

"Yes, brother Ye Chen, this is the only way. Please."

Lu Hechan said helplessly.

"Well, Miss Lu, if you insist on insisting after being wronged, I'll go back and ask."

Ye Chen nodded, knowing that Lu Hechan couldn't last long.

If Lu Hechan dies and the secret hidden by Zu xuantu can never be opened, it will be troublesome.

At that moment, ye Chen flew away against the wind according to the coordinates given by Lu Hechan.

He did not use the means of space shuttle, because there was darkness and danger everywhere in the nether zone. Once the void was torn, it was likely to attract attention and cause unnecessary trouble. It was still a safer place to fly.

Although the territory of this netherworld is vast, it can be reached by breathing at Ye Chen's speed, thousands of miles away.

Soon, ye Chen came to the sky over the ancestral land of ten thousand families according to the coordinates.

Only in the mid air of zudi, there is a four pointed star suspended, flashing strange light, full of ancient and mysterious Tao and truth.

Ye Chen looked at the four pointed star and his heart was pounding.

He saw this star in front of him, and now he was in close contact. He only felt that there was a magnificent Tao energy in the star, which was actually connected with his seven star pulse of reincarnation.

"This is a fragment of stars spread from the law of reincarnation!"

Almost at a glance, ye Chen saw the origin of the star, which was actually derived from the law of reincarnation in the dark, and it was a star fragment spread from the law of reincarnation.

The ancestor star of the ancestral land of ten thousand families is actually this star fragment!

Ye Chen stared at the star fragment and felt that the Seven Star veins of reincarnation in his body were all agitated.

If you can swallow this star fragment, his seven stars of life may have a chance to wake up!

Below the stars, there are pieces of buildings in the ancestral land of all ethnic groups, most of which have been built into magnificent palaces, where statues are enshrined.

The appearance of all statues is exactly the same, that is, ye Chen.

It is inconceivable that people of all nationalities in the heavens should jointly believe in reincarnation.

You know, all the heavenly races have their own ideas, and it is not easy to unify their beliefs.

When ye Chen looked down, he saw the strong people of all nationalities in the heavens gathered on a temple square, and all their faces were solemn.

There are teams of guards guarding at the edge of the square, holding torches and wearing weapons at the waist.

In the middle of the square, an old man, such as a prisoner, wearing shackles and chains, was escorted to an altar in front of him by an old man dressed as several priests.

Ye Chen looked carefully and saw that the old prisoner looked familiar. His appearance was somewhat similar to Lu Shan, the president of the Qinglai chamber of Commerce.

"Ah, this old man is actually the master of the Lu family, the listener of the last night mother, and the ignition boy who once participated in casting the emperor's holy knife, Lu Dongxuan?"

Ye Chen immediately determined the identity of the old man, which was actually Lu Dongxuan.

LV Dongxuan is still alive. He is not dead, but his injury is extremely serious. He is covered with scars and is dying.

Ye Chen can't feel the breath of living people from LV Dongxuan. He can live only because he has been consecrated to night mother for many years and has been protected by a trace of darkness.

Chapter 8517

This breath of dark shelter made the strong of all the families in the presence hate and hate it.

"This old miscellaneous Mao is the spy of the Ming Wu clan. Let's report to God today and burn him to death!"

An elder who presided over the ceremony stood up and shouted.

The strong men of all kingdoms in the presence cheered and shouted, and their voices were full of the joy of revenge.

In the past ten thousand years, the peoples of the heavens and the Ming Wu have fought fiercely, and the hatred between the two sides is very deep.

Ming Wuzu believes in darkness and is extremely strong. If he is unfortunately captured, he will immediately commit suicide and never give the heavens and all families a chance to humiliate.

Until now, the peoples of the heavens have caught a man of the Ming Wu clan, who is extremely excited and enthusiastic.

Ye Chen saw this scene in the air, but he was very anxious.

Because he knew that they had caught the wrong person.

Although LV Dongxuan had dark energy fluctuations, he had nothing to do with the Ming Wu clan and the death cult.

Lu Dongxuan's dark breath is actually different from the darkness of the death cult.

The darkness of the death order is evil and filthy, with great wild prospects, which will erode the whole world.

But the darkness on LV Dongxuan was pure.

Like Yin and Yang, darkness is originally a part of the laws of heaven and earth, a part of natural truth, not filthy and evil.

The original source of darkness is the night mother.

Night mother is called the mother of night. She simply represents darkness and does not show evil.

But no matter how many people of the ten thousand families in the heavens, seeing the dark waves on LV Dongxuan, they immediately thought he was a person of the Ming Wu family.

After all, for thousands of years, in this world, there are only two forces, not now. From the man, he caught it. Ye Chen knew that the man who praised the world of miracles had the breath of mortal calamity. Between his actions, there was the pressure of mortal calamity, oppressing people's minds, and extremely strong.

"Hua Tianzong, how dare you break into the territory of our ancestral land of ten thousand families? Do you think your life is long?"

"Don't know what to do, kill him!"

On the ground, many strong people of all kingdoms in the heavens shouted angrily.

After all, this is the territory of the ten thousand families in the heavens. If the Ming Wu family dares to break in, it will undoubtedly kill itself.

"Hahaha, with the protection of my master and the supreme blessing of the God of death, what is it about all your heavenly races?"

Hua Tianzong looked up and laughed. Since he dared to attack and kill, he naturally had his confidence.

King Wuxiang has returned. With the protection of King Wuxiang and the Death Cult behind him, even if the Ming Wuzu rushes directly into the ancestral land of all ethnic groups, it will not be countered by much local Qi.

"Hum!"

In the ground, there were several strong men of all nationalities in the heavens, who angrily rushed to the sky, pulled out their swords and killed Xianghua Tianzong.

"Red Road, aging catastrophe!"

Hua Tianzong didn't look at it, and with a big hand, he was covered in red dust and exploded, turning into a chain of rules.

These law God chains, containing the majesty of the mortal robbery, hit the strong men of the several kingdoms, and they immediately screamed, and their bodies instantly aged and decayed, falling directly from the air and reduced to withered bones.

The strong people in the ancestral land of all nationalities were thrilled when they saw this.

"This guy, the world of mortals is getting more and more terrible."

Many people took a breath and looked at huatianzong with a trace of fear.

Behind Hua Tianzong, there emerged a volume of ancient secret script, which was printed with the spirit of countless mortal catastrophes, shocking people's minds.

The cataclysm of aging he just performed is actually one of the catastrophes of the world of mortals.

A mortal's life is in a hurry for a hundred years, and his youth turns white in an instant.

Aging is one of the most terrible disasters in the world of mortals.

At the same time of praising the world with miracles, understanding the wonderful method of the "mortal robbery" can also refine the heart of the Tao and feel the truth, which is of great benefit to practice.

Ye Chen looked at the red dust Taoist book behind Hua Tianzong, and his eyes immediately flashed.

This volume of "the mortal world", if given to him, he can understand all the dharmas of the mortal world and improve the Tao mind.

Although the shackles of his heart have been broken, Ren Feifan is right. After all, he has not experienced all the disasters in the world of mortals, and his heart is not perfect.

If you can get the chapter of "the world of mortals", ye Chen's Taoist heart can be improved.

"Cut the sky nine swords, and kill the heart without trace!"

Ye Chen stared at Hua Tianzong, immediately offered a sword, silently, and cut down.

This sword is one of the nine swords

Chapter 8518

Sneak attack and murder is the best way!

"Who?"

Hua Tianzong's face suddenly changed. Although he didn't catch Ye Chen's murderous spirit, he still felt a great terror of falling into the abyss of death out of the sharp feeling of the warrior.

At the critical moment of life and death, Hua Tianzong's aura exploded, and in an instant, he sacrificed thousands of arrays and turned into thousands of guard arrays.

Ye Chen twitched at the corner of his mouth. Unexpectedly, this huatianzong was so cautious.

His sword spirit broke through repeatedly, but he could only break through hundreds of guard arrays, which exhausted his strength and exposed his body shape, and could not hurt Hua Tianzong.

"Protect the young master!"

The dark strongmen with blood red eyes around them saw that Hua Tianzong was secretly attacked, and they immediately became angry and panicked. Countless swords, spears, halberds, and countless magic weapons were thrown at Ye Chen.

"Green water falls, reincarnation, open!"

Ye Chen responded quickly and immediately offered the diagram of the yellow spring, and based on the diagram of the yellow spring, he summoned a magnificent and sacred reincarnation heaven.

Boom!

The fierce offensives of many dark powers rushed into the reincarnation kingdom of heaven, tearing the kingdom of heaven apart, but did not hurt Ye Chen's body.

"Reincarnation in heaven? You... You are..."

When Hua Tianzong saw the weather breaking out on Ye Chen, he was immediately shocked and took a breath.

The strong people of the thousands of families in the sky below were also stunned and couldn't believe their eyes.

"This... This is..."

"Lord of reincarnation!?"

"God, is the Supreme God finally coming to save us?"

"Great lord of reincarnation, praise your coming!"

After being shocked, all the strong people of all ethnic groups present showed the color of excitement and worship, and knelt down one after another, with a devout attitude to the extreme.

In fact, ten thousand years ago, not everyone of the people of all nationalities in the heavens believed in reincarnation, but also others.

However, people who believe in others simply cannot get enough shelter in the dark zone, and they die one by one.

Those who survive are all believers of reincarnation.

They believe in reincarnation, and have been protected by the law of reincarnation, and have survived until now.

In fact, ye Chen is the inheritor of the law of reincarnation, and he does not really take charge of the peak of the law of reincarnation.

But in the eyes of these believers, he is the supreme incarnation of reincarnation, the omniscient and invincible existence of all time and space.

Ye Chen felt a burning belief coming from the ground.

This belief, let him reincarnate the breath of blood, is a violent promotion.

But the heavy faith also made Ye Chen a little breathless.

"Wings of freedom, open!"

Ye Chen took a deep breath, and with a crash behind his back, he spread the wings of freedom. With a flash, he blasted down from the sky with a sword and stabbed Hua Tianzong's chest.

Boom!

A sword destroys the withered and decayed, and it is simply invincible. Along the way, countless dark strong men of Ming Wu clan were torn apart by Ye Chen's sword Qi, turning into a shower of blood splashing all over the sky, which is extremely spectacular.

Seeing ye Chen's fierce sword, Hua Tianzong was also surprised and hurriedly ran away.

"Boundless realm? Tianxuan realm?"

"No, you boy, there are only nine layers of sky in Baijia territory?"

After escaping, Hua Tianzong calmed down a little, but found that ye Chen's real cultivation realm was only nine layers of heaven in the hundred flail realm.

This discovery shocked huatianzong.

If he hadn't seen it with his own eyes, he couldn't believe that such a terrible sword could burst out in a nine storey sky in the hundred flail realm.

"Hey hey, no matter how powerful it is, the realm cultivation is so weak. I'm afraid your Taoist heart experience is far inferior to me."

"The world of mortals love robbery is suppressed by me!"

Hua Tianzong grimly smiled and was afraid of Ye Chen's strong fighting power. Instead of going up and fighting hard, he urged the red dust Taoist book to turn into a silky aura and wrap it around Ye Chen.

Ye Chen felt the aura of the disaster of the world of mortals, twined over, and immediately thrilled.

This wisp of aura, pink and pink, is lingering. Although there is no wave of killing, it can still erode people's body and soul.

Because in this aura, there is the smell of love robbing the road!

The word "love" is the most difficult to understand. Among the many disasters in the world of mortals, the most terrible existence is even more terrible than the disaster of life and death.

Life and death can't be robbed. At most, it's death.

But the love disaster can't be overcome. It's likely that life is worse than death, and being tortured by lovesickness.

Hua Tianzong's next move is to use the most terrible way of love robbery to make Acacia go to the bone, dejected, and wear everything of Ye Chen.

In an instant, ye Chen saw the appearance of women, Ji Siqing, Xia Ruoxue, Wei Ying, tiannv

Chapter 8519

"Eh?"

"You boy, can you bear the love disaster?"

Hua Tianzong was shocked when he saw Ye Chen's cold eyes.

This mortal love robbery is the most powerful killing move in the book of mortal Taoism. Few people in the world can stop it, especially those who attach importance to love and righteousness like Ye Chen, are easily eroded by love robbery.

He never expected that ye Chen would recover so soon.

"Hua Tianzong, want to kill me with love robbery? You are not qualified!"

"I want you to die. Your book of mortal affairs belongs to me!"

Ye Chen just narrowly escaped death, staring at Hua Tianzong, showing a strong murderous spirit.

Like a blessing to the soul, ye Chen knows the way to win.

With a wave of his hand, the stars floating over the ancestral land immediately flew to his palm.

This star was originally spread from the law of reincarnation.

As long as you absorb and refine, ye Chen's reincarnation Seven Star pulse may have a chance to awaken.

"The ancestral stars merge, reincarnation is one, the seven stars wake up, open!"

Ye Chen gritted his teeth, and his whole body was in a riot of Qi and blood, frantically pouring into the Seven Star pulse of reincarnation.

The ancestor star, also smashed, turned into the most primitive reincarnation aura, and merged into Ye Chen's star vein.

Boom!

Infused with the majestic aura, ye Chen

Chapter 8520

He was deeply helpless. In the final analysis, his noumenon cultivation was too weak.

Only the nine layers of heaven in the hundred flail realm can not support the opening of the star of life.

At least we need to go to Tianxuan realm to get better.

If you can reach the boundless realm, you should be able to open it without obstacles and be invincible in space and time.

On the ground, many strong people of thousands of nationalities do not know ye Chen's hidden worries.

They only saw that ye Chen was invincible and overbearing. With one punch, he killed countless dark strongmen and fought back huatiansong.

If Hua Tianzong didn't have the protection of the book of the mortal world, he might also fall here today.

"Reincarnation is powerful!"

"The Lord of reincarnation is invincible forever. He came down to save us."

"Can we finally get out of this damn place?"

"When the Lord of reincarnation kills the old devil, we can go, hahaha..."

The crowd cheered and cheered loudly, and everyone was full of fanatical worship.

Even, they felt that Ye Chen was qualified to kill the king without respect.

Although Ye Chen's cultivation is only nine layers of heaven in the hundred yoke realm, in the eyes of these believers, this must be a disguise.

Ye Chen's true cultivation is bound to transcend this world and be invincible to the heavens.

Ye Chen smiled bitterly. He knew the difference between himself and the king without respect.

That no respect for the king, but the death order "thank you."

Ye Chen nodded and took the Tao book, with some excitement in his heart.

The young man raised his head, looked at Ye Chen with burning eyes, and said, "Lord of reincarnation, my name is Yu Huangye. Can you accept me as an apprentice? I am willing to follow your footsteps all my life."

Ye Chen was stunned for a moment and said, "Yu Huangye? Are you a member of Yu royal family?"

The feather emperor said, "yes! But don't worry, Lord of reincarnation. I don't believe in ancient gods. Hey, those who believe in ancient gods died thousands of years ago."

"Those who can survive are all believers of reincarnation, including those of our Yu royal family."

"Only by believing in reincarnation can we get the protection of our ancestors."

Ye Chen nodded and understood.

In this dangerous and dark place, the belief in all other existence can't get blessing and protection, only the end of being eroded by darkness.

Only by believing in reincarnation can you get the blessing of the law of reincarnation and continue your life.

Under the survival of the fittest, the dissidents who once belonged to thousands of nationalities had long died.

Those who survive are all believers of reincarnation, and their faith is extremely fanatical.

"You believe in reincarnation, very good, very good, and reincarnation will give you shelter."

Ye Chen nodded and tried his best.

He only said it was reincarnation asylum, not that he gave asylum himself.

Because he also knows that he is not qualified to shelter 10000 ethnic groups.

It is actually the law of reincarnation that protects all races.

What ye Chen pursues is to hold the top of the law of reincarnation.

He is the inheritor of reincarnation, which is also his mission.

Hearing Ye Chen's efforts, the warriors of all ethnic groups were excited to the extreme with another burst of fanatical cheers.

In their eyes, the law of reincarnation and ye Chen are actually the existence of one body, regardless of each other.

In these ten thousand years, thousands of warriors have never left the Ming Wu area, and they can't get out.

Thousands of years of closure have distorted their beliefs to the point of fanaticism, and even lost their reason.

This belief can not only bring ye Chen strength, but also destroy Ye Chen.

Ye Chen knew that once he exposed his real strength, he could not be compared with the king without respect. These people's beliefs would immediately collapse, and even devour him in turn.

Although Ye Chen's real strength is not weak at all, however, the warriors of all ethnic groups have held him to the extreme of truth and the invincibility of the heavens.

Once the difference between truth and ideal is too big, they will never accept it.

"Lord of reincarnation, can you accept me as an apprentice?"

Yu Huangye was still kneeling on the ground and shouted.

Even Yu royal family, under the oppression of thousands of years of darkness, all changed their faith to reincarnation.

Only in this way can we get blessing and shelter in the endless darkness.

"Lord of reincarnation, I also want to be your apprentice!"

"God is invincible. If you tell me one move and two moves, I will be able to dominate the world!"

"I will follow God to the death!"

Many warriors of thousands of nationalities knelt at Ye Chen's feet, full of fanaticism and piety, and expressed their loyalty one after another.

Many people, like Yu Huangye, want to worship ye Chen as a teacher and ask him to teach one move and two moves.

Ye Chen smiled bitterly in his heart and kept calm on the surface. He said faintly, "now the darkness of the Ming Wu clan is rampant, we still want to find a way to eliminate the darkness. We'll talk about other things later."

Hearing the speech, the warriors nodded and said yes.

Ye Chen is right. In the Ming Wu area, the most important thing is to fight the Ming Wu clan.

Although Hua Tianzong, the little Lord of the Ming Wu clan, has been defeated by Ye Chen, the real master of the Ming Wu clan, the legendary Wuxiang king, is still hidden behind it.
