

Physician 8521

Chapter 8521

"God, here is a spy of the Ming Wu clan who wanted to sneak into our ancestral land not long ago. We caught him and asked God to deal with him."

At this time, yuhuangye dragged an old man to Ye Chen.

That old man is Lu Dongxuan.

LV Dongxuan was seriously injured and dying, but after seeing ye Chen, his dead gray eyes flashed a little light, and his lips hummed to say something, but he couldn't say it under the heavy injury.

"This old man is not a spy, he is my... Friend."

Ye Chen saw LV Dongxuan's injury was so serious, so he hurriedly explained.

"Is he your friend of God?"

Yu Huangye was stunned, and the martial artists around him were also a little stunned.

There was a very deep dark smell on LV Dongxuan. They just thought that he was a spy of the Ming Wu clan. Unexpectedly, he was a friend of Ye Chen.

"It's a long story. In short, this old man is not a bad person. I'll deal with it."

Ye chendao.

"Yes, God!"

Yu Huangye dared not disobey and immediately released LV Dongxuan.

Ye Chen waved his palm and cast the eight trigrams heaven elixir. A ray of pure aura poured into LV Dongxuan.

Lu Dongxuan's injury immediately recovered a lot, and his weak and pale face also slightly recovered its blood color.

Seeing ye Chen's excellent medical skills, everyone was again amazed, and all kinds of praises flooded in.

Ye Chen couldn't laugh or cry. These fanatical believers really made him feel a little headache.

"Brother Ye Chen, how is it?"

"I seem to see the amazing weather coming from zudi."

At this time, ye Chen heard Lu Hechan's voice again.

Although Lu Hechan didn't see what happened in Zu Di with his own eyes, he seemed to feel a huge change faintly.

"Miss Lu, you have to endure another night, and I'll pick you up tomorrow."

Ye Chen preached.

He refined the ancestral star and used it to light up the reincarnation star vein, and initially awakened

Chapter 8522

Ye Chen was stunned and dumbly speechless.

It seems that the night mother is indeed powerful. She has mastered the truth, Taoism and all kinds of laws, which even ye Chen can't understand.

"Lord of reincarnation, thank you for saving me. This piece of jade of the law is regarded as a gift I gave you."

Lu Dongxuan offered a piece of jade and solemnly handed it to Ye Chen.

"What is this?"

Ye Chen was surprised, and saw that the jade piece was crystal clear, with emerald green luster, engraved with some Ancient Runes, as if it contained the ultimate truth in the world.

"This kind of thing, called the jade of law, contains some ultimate laws."

Lu Dongxuan road.

"The jade of law? The ultimate... Law?"

Ye Chen's eyes were distracted. The jade piece was exquisite and bright, just like a work of art.

"Yes, I am the jade of the law maker, which was given to me by the supreme god of the Apocalypse at that time. It contains a trace of the mystery of the law of cause and effect."

"Causality is one of the ultimate laws."

"The law of cause and effect is the law that transcends the stars in this world."

"I heard that you have a magic weapon called wish star. The so-called wish is actually a kind of cause and effect."

"You can strengthen the law of cause and effect by integrating the jade of the law into your wish stars. As long as it is within the scope allowed by the law, no matter what wish you make, it can be realized."

Lu Dongxuan smiled.

Ye Chen was immediately stunned. This Law of cause and effect has gone beyond the scope of martial arts and is the ultimate law.

No matter what wish you make, it can be realized. It's simply saying the Constitution and following the law.

If the law of cause and effect is strong enough, ye Chen doesn't need to kill himself. As long as he speaks, he can decide life and death.

"The jade of the law maker, take it, and I'll go."

LV Dongxuan left the jade of the law maker, and then turned and left.

Ye Chen was stunned for a long time, and then came back to his senses. He picked up the jade of the law maker, narrowed his eyes slightly, and looked carefully.

"Causality?"

"Interesting."

Ye Chen's mouth slightly showed a smile. The legendary wuwuwuspacetime was indeed mysterious.

This Law of cause and effect is really mysterious.

I don't know what it would be like to kill with the law of cause and effect.

Shaking her head, ye Chen restrained her inner thoughts.

With his current strength, it is still too far away to consider no time and space.

Now, it's better to be down-to-earth and think about how to ascend to the mysterious realm of heaven.

Ye Chen offered a wish sky star and fused this piece of jade of the law maker.

After the fusion of the jade of the law, the aura of the wish star has also expanded a lot, and it seems that a mysterious force of law has been born. Mysterious and uncertain.

After the integration, ye Chen took out the chapter of the red dust robbery and carefully understood it.

This chapter of the world of mortals is extremely complex, which contains the world of mortals. Even with Ye Chen's innate understanding, I'm afraid it will take some time to understand it.

Ye Chen looked at it for a while and felt a headache, so he had to put it away first and silently regulate his breath and recuperate.

.....

While ye Chen was resting, Hua Tianzong led the remaining strong dark ones, extremely embarrassed, and fled back to the territory of the Ming Wu clan.

The territory of the Ming Wu clan is a dark palace, with countless martial arts strongmen, monsters and monsters, twisted and guarded in the dark.

In the square in the middle of the territory, there is a statue of the leader of the God of death order and the supreme apocalypse.

Within the death cult, although everyone ostensibly believes in the legendary supreme god of death, in fact, everyone has different beliefs.

The belief of the death order is mainly divided into three parts.

Chapter 8523

But if you go outside, it's hard to say.

After all, reincarnation's luck is really too terrible. You can't kill it anyway.

However, despite huatianzong's hoarseness, there was still no echo from the dark temple.

"Master!"

Hua Tianzong shouted reluctantly.

Unfortunately, the temple is still silent.

.....

The next day.

An indifferent young man came out of the ancestral land of ten thousand nationalities.

This figure is naturally Ye Chen.

After a night's rest, ye Chen's state completely recovered to the peak. Between his gestures, there was a breath of dragon power emanating, such as the king of the world.

This is the transformation of Ye Chen's breath after the awakening of the Dragon destiny star.

Flying all the way, ye Chen soon came to Huoxin island.

Lu Hechan was anxiously waiting on Huoxin island. Seeing ye Chen coming, he was very excited and shook his hands and shouted:

"Brother Ye Chen, I'm here!"

Ye Chen said, "Miss Lu, sorry for waiting so long. I'll pick you up right away."

Ye Chen saw that around the fire Heart Island, the breath of the dark death formation in the Yang flame had been greatly weakened.

Obviously, this dark death formation is connected with the breath of huatianzong.

Hua Tianzong was seriously injured, and the dark death row was on the verge of collapse.

Ye Chen estimated that in twoorthree days, this dark death formation would be defeated by itself.

However, looking at Lu Hechan's anxious appearance, she didn't want to wait for a moment, just wanted to get out of trouble immediately.

Ye Chen didn't talk nonsense, and immediately released the reincarnation aura.

Bang.

Wisps of reincarnation aura diffused from ye Chen's body and turned into a vast reincarnation starry sky between heaven and earth.

Above the reincarnation starry sky, the seven stars of reincarnation are clearly visible, and one of the Dragon stars has emerged a shining fine awn.

"Reincarnation call lead, rise!"

Ye Chen waved his hand, and this reincarnation starry sky immediately sent out an extremely strong attraction, and pieces of starlight fell on Lu Hechan's delicate body.

Lu Hechan exclaimed with an exclamation, and his body was pulled out from the fire Heart Island, rising to the reincarnation starry sky.

This is the inspirational power of reincarnation. If the power is strong enough, it can summon all creatures and measure all things.

Ye Chen rescued Lu Hechan in this way, but did not detonate the dark death formation, keeping Lu Hechan safe.

With another move, he put away the reincarnation aura, and Lu Hechan fell from the air and was caught by him.

"Ouch, brother Ye Chen, you refined the ancestor stars? It's really... Incredible."

Lu Hechan stared at Ye Chen blankly. She could feel that the ancestor star in the ancestral land of all ethnic groups had been integrated into Ye Chen's blood.

The energy of Zuxing was very terrible, but ye Chen's blood was completely contained, and there was no appearance of bursting to death. She just felt incredible.

Ye Chen smiled bitterly. Although Zu Xing's energy was abundant, it was not enough to fully activate his star of life.

Now his dragon destiny star is just an initial awakening, and it is not completely lit up.

It can only be said that the energy required to activate the life star is too terrible for the real world to meet.

"Miss Lu, don't say so much. Let's work together to solve the mystery of this mysterious map."

What ye Chen misses most is the secret in Zu xuantu.

"Yes!"

Lu Hechan nodded solemnly. This zuxuantu was the lifeblood of her grandfather, and she also wanted to crack the secret behind it.

Ye Chen offered a mysterious picture of Zu, and a mountain ink scroll was unfolded in front of the two people.

"Brother Ye Chen, what eyebrows and eyes have you found in this mysterious picture?"

Lu Hechan looked at the mountain ink scroll and asked.

Different from other martial artists of all ethnic groups, Lu Hechan, after all, has the blood of the ancestor god king, is a divine descendant, has a very clear mind, does not blindly worship ye Chen, and speaks in a normal tone.

Ye Chen met many fanatical believers yesterday, and he only felt headache. Now he finally met a normal person. Naturally, how he looked was pleasing to his eyes, and said, "no, this zuxuantu is very complex, Miss Lu, I want to study it with you."

"Well..."

Lu Hechan pondered for a moment and looked at Zu xuantu carefully. After looking at it repeatedly, he couldn't see any clues.

"My grandfather has understood for countless years, and he can't see the truth. If we want to study it clearly, I'm afraid it's not easy."

She tried to infiltrate the spirit and aura into Zu xuantu, but there was no effect.

Biting your fingertips again and dripping fresh blood on it still has no effect.

"Behind this mysterious picture, there is absolutely a shocking secret."

Ye Chen's face was dignified, and he took Zu xuantu for details.

However, he has seen this zuxuantu many times and can't see anything special at all.

Lu Hechan and ye Chen didn't want to give up easily. They used all kinds of means, such as flooding, burning, chopping and so on. Unfortunately, they were busy for most of the day and still didn't get anything.

"Brother Ye Chen, let's go back to the ancestral land first. The secret of the ancestral mysterious map will be discussed later."

Lu Hechan said helplessly.

Ye Chen's face was very ugly. He thought that after finding Lu Hechan, he had a chance to unlock the secret of Zu xuantu. Unexpectedly, he still got nothing.

Xuan Hanyu was also a little impatient when she saw that ye Chen had no harvest, but she knew that it was useless to be impatient.

After calmly thinking for a while, Xuan Hanyu shouted, "Ye Chen, why don't you try the wish star and make a wish, maybe you can solve the secret of this ancestral mysterious map."

Ye Chen's wish, Tianxing, has been integrated into a piece of jade of law, and has the legal power of the law of cause and effect.

If you use the wish star, you may be able to solve the mystery of Zu xuantu.

Ye Chen's eyes lit up, but he didn't think about it.

Can you make a wish to the sky star and unlock the secret?

This is really a little ridiculous and whimsical.

However, the law of causality is so unreasonable and detached from reality.

Maybe it really works.

At that moment, ye Chen offered a wish to the heavenly star.

Bright stars, suspended in the sky, shed shining starlight.

"I wish that Zu xuantu's secret would be solved, and all causes and effects would be clear."

Ye Chen spread Zu xuantu on the ground and made a wish in a low voice.

"Brother Ye Chen, what are you doing?"

Lu Hechan was a little stunned.

After ye Chen's wish was made, the stars gathered all over the sky and fell on Zu xuantu.

WOW!

The landscape painting on Zu Xuan's painting suddenly split from the middle, and a deep and mysterious door of space emerged.

When ye Chen saw the door of space, his eyes immediately contracted.

Lu Hechan was stunned to see this scene.

Is the secret of Zu xuantu really going to surface?

"This Law of cause and effect is really terrifying."

"My wish has really come true?"

Ye Chen felt incredible and said to Lu Hechan, "Miss Lu, let's go in and have a look."

At that moment, he took Lu Hechan and flashed into the door of the space.

After passing through the door of space, they came to a misty world.

Chapter 8524

All around, there was a vast white mist, such as chaos, and nothing could be seen.

"This is... The world inside zuxuantu?"

"Why so confused?"

Ye Chen looked around, and under the insight of heaven, he was sure that this was the inner world of Zuxuantu.

"There seems to be a divine prohibition here, covering everything."

Lu Hechan stared at the fog around, as if he saw something, saying:

"However, with the vicissitudes of time, the prohibition has little power. With my divine blood, it should be able to be untied."

With that, Lu Hechan bit his fingertips and dropped a drop of his blood on the ground.

WOW!

With the blood dripping, the fog around her and Ye Chen quickly dispersed, revealing a desolate and dilapidated world.

The world, vast and boundless, seems to be a battlefield ruins. Over the years, there are still traces of beacon fire burning.

Above the ruins, there was a monstrous skeleton, which seemed to be the skeleton of a God.

In front of the remains of these gods, ye Chen and Lu Hechan's bodies are as small as two ants.

The remains of every God are full of scars of war and killing, which has led to the power of the once great gods have been completely worn away.

Ye Chen and Lu Hechan, when they went to see the remains of those gods, although their hearts were shocked, they were not contaminated with an unknown breath.

"In this ancestral mysterious picture, there are gods buried?"

Ye Chen was stunned.

"Brother Ye Chen, let's go in and have a look."

Lu Hechan suppressed his panic and said.

"Well."

Ye Chen nodded gently, and walked side by side with Lu Hechan, stepping into the ruins of the battlefield.

When they stepped in, the ancient mystery of the ruins seemed to be touched.

The ancient picture began to look back and appeared in front of the two people.

That was a far more distant era, so far away that the nine gods had not yet been born.

At that time, there were not so many colorful gods in heaven and earth.

There is only one God.

That is, ancient god!

The ancient gods are powerful, so powerful that they are incredible.

In the age of ancient gods' hegemony, even no time and space have not been born. The world is chaotic, and there is no stable time and space.

With one thought, the ancient gods of the heavens can open up countless time and space, countless battlefields.

They fought in countless time and space and battlefields, fought for hegemony, testified with blood and fire, and pursued the supreme truth.

The world inside zuxuantu is actually one of the countless battlefields of gods.

The oldest gods are very large, usually ten thousand feet high, unparalleled in greatness.

Countless ancient gods compete for hegemony, but no one can become a real master.

Many ancient gods are dreaming about the future.

They fantasized that their future self would become the Supreme Master and rule all gods.

These visions of the future eventually gave birth to wuwuwuspacetime.

No time and space, is the convergence of countless future concepts!

According to the legend of later generations, ancient gods were the first batch of gods born from the space and time.

Actually, it's not.

The truth is, God comes first, and then heaven!

The birth of time and space and the collision of countless future concepts have promoted the rise of new gods.

The legendary nine gods were born in this period.

The new gods ended the old gods. The old era passed, and countless new gods fought each other. Finally, nine powerful gods stood out, that is, the nine gods.

The declining ancient gods were unwilling to decline at this point, and their resentment eventually created the ancient god of Tuodi in the future time and space.

Tuodi ancient God ended the nine gods again and became a new master. He even claimed to be the supreme will, which has continued until now.

Among the ruins of the battlefield, countless pictures of heavenly secrets passed in front of Ye Chen.

Countless ancient mysteries are reflected in my eyes.

His heart, only shock.

From the initial era of the ancient gods' hegemony, then to the age of the nine gods, until now, the years are too long, too long to be imagined by people. It can't be described with billions of centuries.

Ye Chen thought that the age of the nine gods was the oldest.

Now he knows that the oldest era is not the nine gods, but the era of ancient gods competing for hegemony.

That is the oldest and original era, and there is no older existence than this era.

The illusions of the ancient gods of the heavens about the future create a timeless space.

The collision of countless concepts of time and space gave birth to nine gods and ended the ancient gods.

"This ancestral xuantu seems to be something left by a powerful person in the age of the nine gods."

Lu Hechan stared around blankly. Under the divine induction, she also captured many mysteries.

This picture of zuxuan should be left by a great energy in the age of the nine gods.

That powerful, very powerful, personally killed countless old gods.

In this battlefield, there are mountain like huge corpses, all of which are the old gods killed by the great power.

Ye Chen was silent, his mood was still shocked, and silently looked around.

Those ancient times, endless years, great gods and countless magnificent concepts are enough to make every martial artist in this world tremble.

If he is a warrior with a weak heart, he may be crushed by the authority of the gods.

And ye Chen, the heart of Tao was naturally not crushed.

On the contrary, he was inspired with fierce fighting spirit.

He also longed to be as powerful as the gods!

No, precisely speaking, what he wants most is to become the God of gods and the Lord of gods!

All the way forward.

Ye Chen and Lu Hechan finally came to a huge five colored altar.

Chapter 8525

The altar is also as high as a mountain, towering and magnificent, shocking people's hearts.

When they came to the altar, they seemed to hear an ancient echo.

Once the master of Zu xuantu, the great power who killed countless old gods, made an ancient voice and told the two people the mysterious cause and effect.

"There is a lost place in the starry sky."

"Go, look for it."

"My treasure is in that place."

"This picture is the only key."

"Find my treasure and you can get everything you want."

"But you should remember that inheriting my treasure is equivalent to inheriting my mission."

"Kill the ancient god of Tuodi and revenge for me."

.....

The ancient voice soon dispersed with the wind.

Click click!

The ruins of the whole battlefield and countless huge gods' skeletons are also crumbling rapidly.

The world is collapsing, the sun, moon and stars are sinking, and this place is about to collapse.

"Go!"

Ye Chen immediately took Lu Hechan and left the place.

WOW!

The two men flashed back to the outside world.

Boom!

The world outside is also shaking.

On zuxuantu, a very bright divine light burst out and rushed up to heaven.

In this divine awn, there are pictures of gods competing for hegemony, and there are also pictures of magnificent treasures. The weather is magnificent.

The master of this zuxuantu, who was powerful, had killed countless old gods, and was finally killed by the ancient god of Tuo emperor.

Before he died, he collected his lifelong treasures in a mysterious place.

That place is a lost place, right in the starry sky, in the real world!

Getting that lost treasure is enough to dominate the reality, and may even prove the truth!

If he could find the treasure, it would be easy for xuanhanyu to recover his flesh.

Ye Chen gets the treasure and is more likely to directly fight against the ruins and destroy the darkness,

The soaring weather is shocking.

In the Ming Wu area, the strong men of the Ming Wu nationality and the ten thousand nationalities all felt the magnificent atmosphere of the ancient glory.

The lost divine treasure is hidden in the real world, and it can dominate the world!

Ye Chen quickly put away Zu xuantu, and the startling weather slowly dissipated.

After putting away Zu xuantu, ye Chen felt a shock in his body.

The dark iron chain prohibition on the tablet of the emperor of heaven has actually disintegrated a small part.

Although it's small, it's better than not coming.

It seems that ye Chen has received the blessing of the ancient gods.

The great man behind the ancestral xuantu left a legacy that made Ye Chen's heavenly monarch seal the gods, and the dark prohibition also loosened a lot.

After part of the dark iron chain collapsed, ye Chen saw ancient characters engraved on the tablet of the emperor of heaven.

He saw the Taoist tradition once carved by the God of light, ranking in the legend

Chapter 8526

Only heard the earth shake, the thunder explosion, a terrible God's light, burst from the distant sky, and instantly fell in front of the two.

It was a faceless man, whose breath was as high as heaven and earth, as big as the sun and moon, brilliant and invincible, and filled with a powerful breath that did not belong to the world.

"No respect for the king!"

Lu Hechan saw the Faceless Man and immediately screamed, his face shaking with terror.

"This is, faceless man, faceless King..."

Ye Chen saw the king of invisibility coming, and his breath was also a burst of suffocation. He only felt the overwhelming pressure enveloping his body.

On the surface, the cultivation of Wuxiang Zunwang is the level of quasi Immortal Emperor and murderous venerable.

However, the momentum of King Wuxiang is a hundred times stronger than the murderous one, which is simply the difference between the sun and the moon and firefly.

Ye Chen knew that the real strength of Wu Xiangzun king was not as simple as the quasi Immortal Emperor.

Just like his real strength, it's not baijiajing.

King wuxiangzun came from wuwuwuspacetime. He came to the real world and looked like a quasi Immortal Emperor limited by laws.

Once he breaks out with all his strength, I'm afraid that 100 quasi immortal emperors will be killed by him.

"Hey, boy, my master is here. You're dead!"

Beside the king Wuxiang, a man opened his mouth with a grim smile. It was huatianzong.

It was not until Hua Tianzong spoke that ye Chen became aware of his existence.

Just now, his attention was completely focused on the king of disgrace.

The momentum of respecting the king without respect is really terrible.

Although Hua Tianzong's cultivation is not weak, it is far from his master, and ye Chen did not notice his existence.

Hiss hiss!

At this time, the two dark high priests of the Ming Wu clan also came with a group of elite and powerful men, and surrounded Ye Chen and Lu Hechan.

The Zhiyang flames around Huoxin island are slowly burning, and the fire light reflects everyone's face, making the surrounding atmosphere extremely depressed.

"Lord of reincarnation, hand over the key to the lost treasure, and I can let you go."

Wuxiangzunwang made a faint sound, and there was a trace of murder behind his voice.

"Master!"

When Hua Tianzong heard this, he was immediately surprised.

Wuxiangzunwang has his own plan. Reincarnation is too famous. His martial arts are limited and have not been completely cracked. If he starts now, he has a chance of winning, but he is not sure to retreat.

Once Ye Chen calls Ren Feifan to come before he dies, he will have great trouble.

Ye Chen felt a chill in his heart. He knew that the arrival of the king Wuxiang was not for the Revenge of huatianzong, but for the treasure.

The sight of losing the treasure startled the king Wuxiang. He wanted to get the key to open the treasure from ye Chen.

That zuxuantu is the only key!

"Want the treasure key?"

"Yes, take your head for it."

Ye Chen's eyes were cold, and Zu xuantu was so precious that he naturally wouldn't hand it in.

Moreover, even if Zu xuantu was handed over, it was impossible for Wu Xiangzun to let him go.

Up to now, we have to fight to the death.

"Hehe, very good, crazy enough."

"Tianzong, you can experience the skill of the Lord of reincarnation again."

Wu Xiangzun smiled, stretched his finger on Hua Tianzong, and a black light shot past.

Hum!

This black light, like a great blessing of darkness, poured into huatianzong.

Hua Tianzong's body, muscles and bones suddenly clicked, muscles burst, aura soared, and the whole person instantly degenerated into extremely fierce.

"Thank you for your blessing, master!"

Hua Tianzong felt the power of his own expansion, and his heart was ecstatic.

Wu Xiangzun smiled and said nothing, slowly retreating a distance.

He was not in a hurry, but wanted Hua Tianzong to start and explore Ye Chen's details first.

Boom!

Hua Tianzong's body burst out and suddenly rushed in front of Ye Chen. With a fist, he blew up the turbulent dark breath like the sea tide and blasted fiercely at Ye Chen's head.

"Boy, spit out my worldly book!"

The domineering fist style aroused Ye Chen's clothes.

Ye Chen was calm, urged the wind of dawn, avoided the blow of huatianzong, and calmly took Lu Hechan back.

"Miss Lu, stay here."

Ye Chen settled Lu Hechan on the ground, but at the same time, he whispered:

"The situation is not good. If you have a chance, run away immediately!"

In fact, if it's just against Zhan huatianzong, ye Chen is still sure.

But behind huatianzong, there is no respect for the king.

It's not easy to leave under King wuxiangzun today.

Lu Hechan also felt the seriousness of the situation, but did not know what to do.

"Boy, do you still want to run today?"

Seeing ye Chen dodging his fist, Hua Tianzong's eyes immediately flashed a shadow.

Whew!

Suddenly.

Ye Chen's body exploded in the storm, and his body rose into the sky. In his hand, Shenxi Tianjian appeared, and with an incredible speed, a sword instantly killed Hua Tianzong in front of him.

"Shenxi sword is broken!"

The bright sword Qi rushed out of Ye Chen's sword, and with brilliant momentum, it directly cut Hua Tianzong.

After comprehending the holy book, ye Chen's Guangming Daoism has been perfect. Once the Holy Light Immortal Emperor taught him "Shenxi three broken", it is also handy to use and far more powerful than before.

"What a fast speed!"

When Hua Tianzong saw Ye Chen coming, he was startled and his hair stood on end.

Fortunately, he received the dark blessing of the king of disgrace, and his strength was greatly improved. He turned sideways to avoid Ye Chen's sword, and then immediately fought back with one punch.

Ye Chen didn't hurry, urged the energy of the iron throne, clenched his fist with his left hand, hard as iron, and fought hard.

Between lightning and flint, ye Chen and Hua Tianzong fought fiercely together, inseparable.

Wu Xiangzun, with his hands on his back, watched the war silently.

Chapter 8527

The two dark high priests stood beside him respectfully and watched the battle.

There was also a group of strong men who were scattered around and swept the array, and did not rashly intervene.

Lu Hechan stood on the ground, watching nervously, looking for an opportunity to escape.

However, the two dark high priests, as well as many strong men of the nether race, stared at her, and she had no chance to escape at all.

Ye Chen and Hua Tianzong fought and fell into a stalemate.

Ye Chen didn't use all his strength.

In fact, if he uses all his strength, Hua Tianzong, who has lost the book of mortal Taoism, is by no means his enemy and will surely die.

However, if all efforts break out and consumption is serious, how can we resist the king without respect?

King Wuxiang saw Ye Chen's strength, snorted slightly, waved to the two dark high priests on the left and right, and said, "you also go up."

"Yes!"

The two dark high priests, obedient, flew out from left to right and joined the battle.

Ye Chen fought three with one enemy, and the pressure immediately doubled.

"Little Lord, we come to help you."

The two high priests sent their palms together, and the violent dark palm power made the space collapse, and their palms rushed to Ye Chen like an avalanche, with a very fierce reputation.

Hua Tianzong fought for a long time, and his face was disgraced, but he also knew that at this juncture, the most important thing was to kill Ye Chen.

Therefore, he didn't talk nonsense, but also shot out with one palm. The thick and domineering dark momentum gathered into the palm power of the two high priests, and turned into a sky shattering storm, killing Xiang Ye Chen.

"Do you want to bully the less with more?"

Ye Chen's breath suddenly stagnated, looking at the majestic dark palm force roaring, Dantian aura is also crazy rolling out, and the vast aura of light continues to bloom.

"Holy book, come!"

Ye Chen shouted violently, and the smell of light exploded.

At this moment, he broke out with all his strength.

I saw countless bright and sacred breath converging in the void and turning into a brilliant and bright light.

In the light, a vast chant came out, like the chorus of the gods.

Countless magnificent runes continue to shine and circulate.

A volume of white, sacred and great ancient books emerged from the light mass and suspended on Ye Chen's head.

This book is the sacred book in the legend, and it is the strongest light magical power in the world!

This magical power, which is already connected to heaven, contains the holy truth of light. It is not as simple as a simple magic power, but integrates with the universe of heaven and earth and transforms into a magic weapon like existence.

The sacred book suspended above Ye Chen's head is both a magical power and a magic weapon!

As soon as this sacred book emerged, the boundless breath of light roared out.

Hua Tianzong and the two high priests, the dark palm that came from the joint attack, under the light power of the sacred book, was like the snow under the scorching sun, instantly melted and disintegrated, whimpered with the wind, and even left no trace.

"This is... The sacred book!?"

"How possible!"

"How can this boy master the first lightness skill in the world?"

Hua Tianzong and the two high priests, seeing the bright scroll on Ye Chen's head, were completely shocked and couldn't believe their eyes.

At a glance, they saw that it was the most powerful light secret, the legendary sacred book.

The sacred book has an amazing restraining effect on the dark breath.

Most of their invisible magic skills should also be restrained by the holy book.

They never expected that ye Chen, with a hundred flail body, had mastered such an unnatural magic power.

Buzzing, buzzing!

The sacred book is like a scorching sun, constantly blooming with brilliant light.

In the light of that divine light, the skin of Hua Tianzong and the two high priests were sizzling, unable to withstand the pressure of light, as if scalded by boiling water, burning and uncomfortable.

"Oh, the sacred book?"

It's a little interesting. "

King Wuxiang saw the atmosphere of the sacred book, but also showed a trace of surprise, a little interested, and a little afraid at the same time.

It is said that the sacred book is the strongest magical power created by the light God Tianzun in the past.

The God of light, representing light, can be said to be the old enemy of the Lord of death.

Once the God of light and the God of death fought against each other for hundreds of millions of centuries. Finally, the God of death won the war and defeated the God of light.

After winning, the God of death felt that he had the ability to stand on his own feet, so he rebelled against the God of rock and publicly rebelled.

The final result, of course, is that death is suppressed and sealed at the bottom of the demon star sea forever.

Although the God of death once defeated the God of light, this sacred book, after all, is the strongest magical power of light, which cannot be underestimated.

Therefore, King Wuxiang did not dare to despise the holy book when he saw it, and a trace of killing opportunity flashed in his heart.

Ye Chen is in charge of the sacred book. If he grows up, it will be very terrifying and a great threat to the dark.

"If this person doesn't get rid of it, it will become a great disaster!"

Wu Xiangzun thought like this and immediately waved his hand.

The strong men of the nether race around immediately roared out and rushed to Ye Chen.

"Boy, even if you have a sacred book, you can't stop my dignity!"

Hua Tianzong bit his teeth, but he was also brave and fearless, and rushed up in the light of the sacred book.

The two dark high priests were dignified and didn't want to rush up rashly.

They know better than huatianzong that the sacred book is terrible.

However, Wu xiangzunwang was watching from behind, and they had to harden their heads and rush up.

Chapter 8528

In an instant, Hua Tianzong, the two dark high priests, and the overwhelming strong men of the Ming Wu clan rushed to kill Ye Chen.

Ye Chen used the sacred book to turn into a shield to protect his body.

But the darkness is rampant and constantly impacting. I'm afraid he can't last long as a shield.

Lu Hechan on the ground, seeing this scene, was already pale.

"Hehe, the sacred book?"

At this time, ye Chen heard a banter like laughter from the tomb of reincarnation.

Boom!

A tombstone vibrated violently.

That is the tombstone of the eternal night demon God!

I saw the demon surge, a dark and cold figure, slowly floating out of the tombstone, staring at what happened outside with indifferent eyes.

"New power, eternal night demon?"

Ye Chen looked at the dark and cold figure and was slightly surprised.

"Boy, your holy book, cultivation is not enough to stop them."

"I can help you resolve the crisis."

"But I want you to deny the Holy Light Immortal Emperor and destroy his tombstone from here!"

"He is a humble believer of light, and he is not qualified to stay with me!"

The night demon glanced coldly and glanced at the tombstone left by the Holy Light Immortal Emperor.

The spirit of the Holy Light Immortal Emperor has dissipated, and the light of the tombstone left is also extremely dim.

However, even so, the eternal night demon God felt that it was not enough.

He wants Ye Chen to destroy the tombstone of the Holy Light Immortal Emperor completely!

"Destroy the tombstone?"

"No, I refuse!"

Ye Chen refused directly without thinking.

The immortal demon God was quite surprised. He snorted coldly and said, "how dare you refuse me?"

Without my help, you will die today! "

Ye Chen looked at the eternal night demon God, and felt that the latter's breath was indeed dark and powerful, and different from the darkness of the death cult, there was no slightest filth, and the breath was very pure, even a little similar to the breath of the night mother, but it was unique.

If there is an immortal demon, ye Chen's pressure can be greatly reduced.

However, it is impossible for him to betray the Holy Light Immortal Emperor, which is against his original intention.

"Without you, I may not die."

Ye Chen's expression was cold, and his attention was again focused on the outside world.

His communication with the eternal night demon God is to use divine thoughts, only between lightning and flint.

At this moment of electric light and flint, the dark attack and killing of Hua Tianzong and others have been fierce to the extreme.

The shield of Ye Chen's sacred book is on the verge of rupture.

"Light God blood, burn it for me!"

"Holy book, thousand light sword, cut off the darkness, as invincible as I am!"

Ye Chen's eyes were completely cracked, and at this moment, the light God blood in his body burned violently.

Bang.

Light, God and blood are burning crazily, and ye Chen's aura is also exploding crazily. All blood and energy are poured into the holy book.

Hiss hiss!

In an instant, the holy book erupted into the most extreme light, and the white holy light turned into a holy light flying sword. With the sharp edge of breaking the heavens, it fiercely rushed out.

Poof!

Poof!

Poof!

Thousands of holy light flying swords were killed on the strong people of the surrounding Ming nationality, just like chopping melons and vegetables.

One by one, without even humming, was beheaded on the spot, and his body turned into ashes.

Hua Tianzong's situation was better. At least before he died, he had time to scream.

"Little Lord!"

The two dark high priests next to huatianzong screamed.

Hua Tianzong is a personal disciple of Wu xiangzunwang, and his dark cultivation is quite strong.

However, under the holy book of Ye Chen's extreme outbreak, even huatianzong was as fragile as an ant, and his body was cut off by Shengguang flying sword.

The explosion of the Holy Light burned the body of Hua Tianzong to ashes.

The two dark high priests were also slashed by holy light flying swords. Their cultivation was strong, their reaction was very fast, and they retreated repeatedly without injury.

"Damn boy, return my young master's order!"

One of the high priests, extremely angry, flew to Ye Chen's head with a five finger halberd.

"Dare you come back?"

Ye Chen snorted, urging the sacred book.

The holy book fell on the head of the high priest, and the bright holy light poured down like a waterfall.

The high priest "ah" screamed, and before he got close to Ye Chen, he was immediately burned by the terrible holy light and dissolved into a wisp of robbery ash.

The holy light of the holy book, for these dark people, is simply the judgment of the end, with great lethality.

Under the burning of Ye Chenguang's God's blood, the power of the sacred book is also terrifying.

Another high priest, seeing his companion's tragic death, was shocked and angry, and lost his mind. He also wanted to rush up and fight with Ye Chen.

"Ren Litian, come back!"

Wu Xiangzun gave a cold drink.

The high priest, Ren Litian, shivered and suddenly regained consciousness.

The power of Ye Chen's sacred book is so terrible that even if he rushes up, he may only have a dead end.

Renli queen retreated and returned to the king without respect.

In addition to the two, the strong men of the surrounding Ming Wu clan, as well as Hua Tianzong, all turned into robbery ashes under the holy light of the holy book, and dispersed with the wind, leaving no trace.

Ye Chen is in charge of the sacred book. He is as brilliant as the God of light. He is unparalleled in hegemony and swallows thousands of miles of Qi.

"Well, the Lord of reincarnation is indeed worthy of his reputation."

Wu Xiangzun nodded. After so many people died, his appearance was still calm, and he didn't lose his temper at all. He just sent out a murderous spirit, but it was getting colder and colder.

Chapter 8529

Ye Chen looked extremely dignified, and his cultivation realm was much worse than that of Wu Xiang respecting the king.

Even in charge of the sacred book, it is difficult to fight.

And the intense burning of the light God's blood just now made Ye Chen's meridians faint and painful, and the situation was even worse.

In the reincarnation cemetery, the eternal night demon God also saw Ye Chen's danger and sneered:

"Boy, what's the matter? Do you need my help?"

"If I take action, I am not qualified to kill faceless people, but at least I can protect your life."

Wu xiangzunwang is extremely strong. The eternal night demon God has no body. It is naturally difficult to kill each other in the state of spirit.

However, he can guarantee that as long as he takes action, Wu xiangzunwang will not want to hurt Ye Chen.

"I will not deny the elder Shengguang Xiandi. He has helped me a lot and is also my master."

Ye Chen said bluntly.

"Why?"

"The holy light fairy emperor is just a mean person!"

"In those days, he united with Zihuang fairy palace to kill me. If he was willing to fight alone with me, I might not lose."

"His tombstone, left in your reincarnation cemetery, is an insult to your reincarnation orthodoxy!"

The demon God of the eternal night was so angry that he looked at the tombstone of the Holy Light Immortal Emperor next to him and wished to destroy it in person to vent his hatred.

Unfortunately, ye Chen is the owner of the reincarnation cemetery.

No one is qualified to destroy here except ye Chen.

"Elder Yongye demon God, you wanted to join the death cult, and you can't blame the Holy Light Immortal Emperor for killing you."

Ye Chen certainly won't destroy the tombstone. He knows that the gratitude and resentment between the Holy Light Immortal Emperor and the eternal night demon God are very complex.

"Hum, what do you know? I'm not going to join the God of death sect. I just want to go in and steal their skills and understand my heart."

The demon God of the eternal night snorted, and his face was still full of resentment.

If the Holy Light Immortal Emperor did not unite with Zihuang immortal palace to capture him and behead him, he would probably really step into wuwuwuspacetime and enter the death cult to become the 13th Dharma protector, code named "eternal night".

However, Shengguang Xiandi's action interrupted his dream.

All preaching failed, and the plan to steal academic law from the God of Death Cult also completely came to naught.

In his heart, he hated the Holy Light Immortal Emperor.

Ye Chen just smiled and didn't speak, but he was also glad that the eternal night demon God was not evil, but pure in heart. In order to pursue a higher realm, he was a little regardless of means.

Boom!

At this time, wuxiangzunwang shot.

He saw a palm split, the dark pressure burst, such as the Star River rolled upside down, and the black magic gas shrouded the world, with a ferocious momentum.

Ye Chen only felt that the palm of Wu xiangzunwang was vast and overbearing, so he had to resist the wind and sideways to avoid.

Under the dark pressure of Wu xiangzunwang, the sacred book on Ye Chen's head was also the air current whimpering, the glory collapsing, and turned into a little streamer to dissipate, which could not be maintained any longer.

The gap in realm is a little too huge.

Ye Chen can't fight against the king without respect.

"Boy, please let me do it."

"As long as you ask me and promise me to destroy the tombstone of the Holy Light Immortal Emperor, I will save you."

Yongye demon God looked at Ye Chen's embarrassed appearance and also laughed.

Ye Chen didn't speak, but suddenly offered the reincarnation Heavenly Sword. The reincarnation blood was burning, and he waved his sword to cut Xiang Wuxiang to honor the king.

He would rather fight with blood than destroy the tombstone of the Holy Light Immortal Emperor!

Even if there is a huge gap with Wu Xiang Zunwang, ye Chen will not shrink back.

Reincarnation blood, has all possibilities.

"Very good, commendable courage, and dare to sword me."

Seeing that ye Chen dared to attack him, Wu Xiangzun also laughed.

I saw his fingers bouncing, and strong strength hit Ye Chen's sword, clanking.

Ye Chen felt numb at the mouth of the tiger because of the shock.

"Dragon life star, open!"

A wild drink.

Ye Chen knows that there is a big gap between him and Wu xiangzunwang. Only by working hard can he have a chance of survival.

He directly opened the Dragon life star, and the weather of reincarnation in heaven emerged. The stars in the sky were shining, and the divine light was bright. One of the life stars was blooming with dazzling light, and there was a startling dragon singing, which exploded in the starry sky.

Thousands of draughts turned into thousands of dragons. Hundreds of millions of dragons surrounded Ye Chen, among which there was the smell of a blood dragon, which was the most explosive.

"Eh?"

Seeing ye Chen's fierce weather, Wu Xiang Zunwang was also surprised and afraid.

Dragon destiny star is the first star of the seven stars of samsara.

The seven stars of reincarnation represent the strongest power of reincarnation blood. Even he can't underestimate it.

Roar!

Ye Chen slashed out with a sword, and the dragon on the sword burst, and the Dragon roared to the sky, killing the dead and decaying to respect the king.

Wu Xiangzun did not dare to be careless, but also pulled out his weapons to fight.

His weapon is quite strange, like a knife rather than a knife, like a sword rather than a sword. The blade has serrations, which release dark ripples from time to time, cutting space and time, and making strange sounds.

Ye Chen opened the Dragon Star, and a sword was fiercely cut in the past. The power of each sword was enough to break the starry sky, which was very sharp.

Wu Xiang respected the king and fought with dignity. With each sword falling, ye Chen waved his blade against him, and his aura gathered on the blade, forming an obsidian like crystal.

Ye Chen slashed wildly with his sword, but he could not break this layer of crystal, nor could he hurt the king without respect.

On the contrary, he himself was shocked by the anti shock force, which made the tiger's mouth bleed.

Moreover, in the fight against the king Wuxiang, strange black serrated waves burst out from the blade from time to time, cutting into Ye Chen's body like a sword.

Just in an instant, ye Chen was scarred and bleeding all over.

"Hehe, it seems that I overestimate you."

"Your life star is really powerful, but unfortunately, your cultivation level is limited, and you can't exert your power."

Wuxiangzun Wang laughed. After repeated confrontation, he had found out Ye Chen's strength.

The dragon's life star is indeed extremely powerful.

If ye Chen's cultivation has Tianxuan realm, the dragon's majesty will be very terrible.

But it's a pity that ye Chen only has nine layers of sky in the hundred yoke realm.

The power of the life star burst out in this realm is always limited, and it can't hurt the king of wuxiangzun.

"Admit defeat. It's time to give me the key to the lost treasure."

Wu Xiangzun's voice was indifferent, suddenly slapped in the air, and the violent palm force roared out.

Ye Chen was injured and couldn't escape. He was immediately slapped to the ground and fell heavily, causing smoke and dust everywhere.

"Brother Ye Chen!"

Lu Hechan hurriedly ran over, looking at Ye Chen who fell to the ground, worried and helpless, and said, "it's better to admit defeat and give Zu xuantu to him."

In the sky, Wu Xiangzun also smiled and said, "yes, admit defeat obediently, hand over the key, and I can spare your life."

Ren Litian, the high priest standing beside him, also shouted at Ye Chen, "boy, I have a large number of family elders. If you are willing to spare your life, will you hand over the key quickly?"

Chapter 8530

Ye Chen gritted his teeth. He knew that even if he handed over Zu xuantu, the king could not let him go.

He killed so many people of the Ming Wu clan and killed all the disciples of the king Wuxiang. How could the other party give up?

"Fight if you want. As long as I don't die, I haven't lost!"

Regardless of the injury, ye Chen raised his sword and rushed to the sky. With a sword in his right hand, he stabbed Wu Xiang to respect the king, but with his left hand, he secretly brewed the mother source palm of heaven and earth, trying to fight to the death.

Seeing that ye Chen still wanted to fight with blood, Wu Xiangzun's face changed slightly: "I don't know how to live or die!"

With a wave of his weapon, he cut straight at Ye Chen.

In the reincarnation cemetery, the eternal night demon God saw Ye Chen's bloody and unyielding appearance, and his heart was also extremely touched, saying, "you boy, you are really a madman."

"Well, I'll help you once."

The demon God of the eternal night no longer asked Ye Chen to destroy the tombstone of the holy light, but actively released his aura and gathered it into Ye Chen's body.

Wisps of dark and majestic aura poured frantically into Ye Chen's meridians.

These dark auras are very pure, without any trace of filth, like the eternal night, containing the ultimate breath.

Under the infusion of these dark auras, ye Chen's aura erupted, and his muscles burst, and his momentum soared, like a god incarnating in the night, controlling the darkness.

Even the surrounding void of heaven and earth was affected by Ye Chen's breath and quickly became dark.

Wu Xiangzun waved the sword Qi cut over, which was blocked by Ye Chen's Heavenly Sword, and then scattered invisibly.

"Hey, this breath is..."

Wu Xiangzun was shocked and stared at Ye Chen.

At this moment, he obviously felt that ye Chen's breath was abnormal, and that strong and pure dark wave made him feel very familiar.

"Eternal night demon God, is your breath?"

Wu Xiangzun's face twitched and made a surprised sound.

Long, long ago, the supreme apocalypse, the leader of the death order, wanted to recruit the eternal night demon God as the 13th dark Dharma protector.

Wang wuxiangzun knew this, and he strongly opposed it at that time.

He is very familiar with the smell of the eternal night demon God.

Because the pure darkness, which is obviously different from the Daoism of the death cult, does not have the slightest filth and distortion, but originates from the breath of the night mother.

"Faceless man, you still know me."

The demon God of the eternal night, with Ye Chen's body, suspended in midair, stared coldly at the king without respect.

"When you came into this world, your martial arts were greatly restricted. You are not my enemy. Cut off your arm by yourself, and I will spare you from death."

The voice of the eternal night demon God was indifferent.

Wu Xiangzun's body shook, but he immediately found something wrong and said with a smile:

"Eternal night demon God, where is your body?

Why dare not show up? "

"According to my investigation, you were killed by Zihuang fairy palace that year, right?

Even today, your body can't recover. "

"You are just a ghost, and you dare to be presumptuous in front of me?"

"You are just a heresy who worships night mother. You are not qualified to be arrogant!"

King wuxiangzun came back to his senses and immediately split out with a palm, using the unique dark palm technique of the death cult. The palm wind and waves were like thorns, hurting people's spirit.

Ye Chen saw the momentum of this palm, which was a little similar to his crown of thorns.

The crown of thorns is one of the nine gods.

And the nine heaven divination actually comes from the thirty-three heaven divination.

That thirty-three heavenly magic is the real source.

"Is the source of the crown of thorns in the order of death?"

Ye Chen thought.

Such thoughts flash away.

And the thorny and fierce palm of the king without respect has been blasted.

Ye Chen was distracted and choked.

Fortunately, the aura of the eternal night demon God flowed in his meridians. He reacted very quickly and immediately turned sideways to avoid.

"Hey, faceless man, what do you want to do?"

This thorny throne is the throne of the Lord of the apocalypse. Do you want to use the power of the thorny throne to rebel and usurp the throne? "

The night demon God saw the palm of the king without respect, but he he laughed.

The palm of Wu Xiang respecting the king originated from the thorny throne.

The legendary throne of thorns is one of the thirty-three divine arts and the source of the crown of thorns.

The crown of thorns technique created by Hongjun's ancestor was transformed from the throne of thorns.

Thorny throne, this skill, in no time and space, only one person is in charge.

That person is the leader of the death cult, the maker of the emperor's holy knife, and the supreme Apocalypse!

The supreme thorny throne technique of the apocalypse, which is integrated with the laws of heaven and earth, has evolved into an entity and turned into a real throne treasure, which is the symbol of the supreme authority of the death cult.

The palm of Wu Xiang respecting the king had the sharp breath of the thorny throne. The demon God of the eternal night directly said that he would plot to usurp the throne.

Wu Xiangzun was so angry that he said, "it's a great honor for me to worship the leader all my life and get his gift to borrow the power of the thorny throne. How dare you insult me for plotting rebellion?"?

Die! "

Under the rage, the spirit of Wu Xiangzun exploded, and a shadow of the throne loomed behind him, which was the legendary thorny throne.

The thorn throne presents a dark color, which is completely constructed by the entanglement of thorns. It is full of spikes and stained with scarlet blood, which is very terrible.

With the murderous spirit of the thorny throne, the king Wuxiang was as powerful as a mountain, forcing Ye Chen to retreat repeatedly.

In fact, no respect for the king has no intention of rebellion.

On the contrary, in the whole death order, he is the most loyal person to the supreme god of the apocalypse.
