

Physician 8541

Chapter 8541

If Ren Feifan makes a move, they can't resist it.

"The day of the decisive battle has not come yet. Call tiannv out. I have something to discuss with her."

Ren Feifan suspended in midair, carrying his hands, calmly said.

A guardian said, "the lady of heaven is refining the rock god bone in seclusion..."

Before saying this, suddenly, the distant sky heard the cry of Bing Huang, and saw a woman with divine light, glory and grace, driving Bing Huang to fly slowly.

It is Ren tiannv.

"Lady of heaven!"

Many guardians present, as well as the disciples of the wish deity, bowed down to meet.

Tiannv just nodded slightly, and her eyes fell on Ren Feifang, saying:

"Xiao Fan, do you want to fight a decisive battle?"

"I know a place called xianditai. Why don't we go there to fight."

"In terms of blood relationship, you are my family, but I won't ask you to let me. We will fight openly. Even if we don't fight for destiny and you guard reincarnation, we are destined to fight."

Ren Feifan looked at the goddess of heaven, only feeling that the breath of the goddess of heaven was much stronger than before, revealing a calm aura. Behind him, there were circles of Golden Rock God light, and there were faint circulation of ancient heavenly characters.

That's the weather of the emperor's book.

"Have you successfully refined the rock god bone?"

Ren Feifan asked.

Tiannv nodded and said, "well, ye Chen, that little guy, treated me well. He said he didn't want to see me die. Hehe, in fact, even if there is no rock god bone, it's not so easy for you to kill me, because I have a card you don't know."

Hearing the speech, Ren Feifan's face sank, his palm shrank in his sleeve robe, secretly pinched his fingers, and wanted to see the bottom card of tiannv.

However, he couldn't see anything because of the mysterious fog.

"I don't care what your cards are. I'm coming today. It's not a decisive battle, but that boy Ye Chen is in danger. I want to go and save him."

Ren Feifan didn't ask much, and calmly explained his intention.

The heavenly daughter pinched her finger, deduced it slightly, and peeped into everything. Oh, she said, "it turns out that the little guy unexpectedly broke into the territory of faceless people. Then you go to save him, and come to me for what?"

Ren Feifan said, "if I save him alone, my aura will be lost. Isn't it a loss to fight with you again?"

"You go with me. It's just to repay the cause and effect. The rock god bone he gave you is invaluable. Even if you compensate ye Luo'er's girl to him, it's not enough."

"If you go with me to save him, then everything will be paid off."

The remains of the nine gods are of unimaginable value.

Just imagine that for a bottle of death's blood, Mozu Wutian dug out his heart and went to deal with Qinglai chamber of Commerce.

What ye Chen gave to the goddess was not divine blood, but a whole divine bone!

In the purple fairy palace, the bones of the nine gods and the moral God were used as containers of fire.

This rock god bone is a gift from ye Chen. There is a big layout behind it.

Unexpectedly, ye Chen actually gave it to Tiannv.

Ren Feifan disagrees in his heart. Now he just wants to kill the heavenly daughter and recapture the rock god bone.

However, now is not the time for a decisive battle. He must rescue Ye Chen first.

Hearing that she was going to save people, the heavenly daughter smiled and said, "together, you and I are enough to destroy the world. I'm afraid that the ancient emperor Yu Huang would hide in his world and dare not come out. In order to save that boy, it needs such a big battle?"

Ren Feifan said, "he is fighting hard and has no time to say more. We must start right away."

The fairy's eyes flashed, thought about it, and said, "well, let's pay for the cause and effect. Let's go, hehe, the rock god bone that the boy gave me is really too precious. At the beginning, I just wanted a drop of God's blood."

Ren Feifan heard the heavenly daughter promise, nodded, and immediately stretched out his hand to tear the void, tearing out a space crack: "let's go."

Fly into the space crack.

Tiannv didn't talk nonsense and flew in with her.

Many disciples of the ice Phoenix world around looked at each other.

They can't feel the slightest breath of hatred from Ren Feifan and tiannv.

The two people have to fight to the death, not because of hatred, but because of an inescapable fate, which is destined to have a war.

Shuttle through the void.

Ren Feifan and tiannv came to the outside of the netherworld.

I saw that the whole dark world was shrouded in a dark mist.

Inside the black fog, there are many unknown and strange existence churning.

Ren Feifan's eyes scanned, and in this dark fog, he vaguely saw the trace of a road.

It seems that this road is related to the Qinglai chamber of Commerce.

If ye Chen is here, he can clearly see that this is actually Lu Dongxuan's way out.

LV Dongxuan is the night mother listener of Qinglai chamber of Commerce. He has left after being rescued by Ye Chen.

Although the dark zone was closed, Lu Dongxuan had the shelter of his night mother. He wanted to go. The unknown existence in the black fog naturally dared not offend him.

Ren Feifan didn't delve into the cause and effect behind that road, and turned back to the goddess and said, "let's go in."

Then he flew into the black fog.

Tiannv also followed in. Both of them were strong and invincible. The black fog could stop others, but could not stop them.

After feeling the breath of Ren Feifan and tiannv, the strange demons in the black fog all shrank back in horror and dared not block at all.

.....

Ming Wu area, Ming Wu clan territory.

Ye Chen holds the emperor's holy knife tightly, and is fighting with the king without respect.

The opening of the emperor's holy knife and the dragon's life star consumes a lot of physical energy and aura. Ye Chen is completely gritting his teeth.

"Boy, surrender. If you break your arm, I can let you go!"

Wu Xiang respected the king, his tone was fierce, he could not fight for a long time, and he was a little afraid.

He didn't expect to kill Ye Chen anymore. The blood of reincarnation was too strong.

As long as ye Chen breaks his arm, he is willing to end the battle and let Ye Chen leave.

He was worried that something would happen if he delayed any longer.

"You and I, only one person can survive today!"

Ye Chen noticed the change of the state of mind of honoring the king without appearance, and his eyes were burning with war. He violently waved the emperor's holy knife and cut it off toward his head.

This knife is just a false move. Ye Chen's left hand quietly moves his palm, and is ready to use the mother's palm of heaven and earth. He will fight to the death at all costs.

"Brother Ye Chen, no!"

Xiaoqing shouted. She knew that ye Chen's body had reached its limit. If she used the palm of the mother of heaven and earth again, she was afraid that she would really dry up and die.

After all, the earth mother source palm that day, one of the thirty-three divine arts, is also a super card comparable to the Dragon life star and the emperor's holy knife. Once it breaks out, ye Chen's body can't bear it.

But ye Chen's eyes turned red. He felt that he had a chance to kill the king Wuxiang, as long as he dared to fight hard.

Chapter 8542

"Little guy, don't be too impulsive."

Just when Ye Chen wanted to work hard, the void on his side was torn, and a graceful and graceful figure came down.

It's the goddess of heaven.

The heavenly daughter hugs Ye Chen from the side, holds Ye Chen's hand with her slender hand, and stops all his fighting actions.

Ye Chen felt the temperature and softness of the goddess of heaven, and immediately froze.

"Your life is mine."

Tiannv gently bit Ye Chen's earlobe and smiled softly.

WOW!

At the same time, on the extremely high sky, a scorching sun emerged, which was the weather of the Golden Wheel of the emperor of heaven.

The rolling golden light of the Golden Wheel of the emperor of heaven broke through the darkness of the whole netherworld. Countless demons in the darkness screamed at this moment, and their bodies exploded and burned.

The blazing golden light fell, and the king's skin was also sizzling, as if someone had thrown it into boiling water, and the skin was boiling and twisted.

On his blank face without facial features, his face twisted violently. When he looked up, he saw that a magnificent and invincible young figure gradually appeared on the brilliant Golden Wheel of the emperor of heaven, which was Ren Feifan.

"Ren Feifan, it's you!"

"And you, heavenly daughter, you are here!"

Wang Wuxiang looked at Ren Feifan and then at tiannv. His face was pale and completely confused.

All the people of the nether race below were also stunned.

Although the secret of heaven is closed, they have never left the netherworld, but they worship and pray to the supreme god of the Apocalypse all the year round, and also listen to the oracle and know the situation of the outside world.

Everyone knows that in the outside world, Ren Feifan and tiannv are the top Xiandi strongmen and one of the top stars in the world.

"Faceless man, lead to death."

Ren Feifan didn't have any nonsense. As soon as he came down, he immediately urged the power of the Golden Wheel of the emperor of heaven, burst out a golden sword light, and fell from the sky.

This golden sword light is bright, brilliant, and powerful enough to cut through the invincible in this world.

Wuxiang Zunwang was completely afraid. Under Ren Feifan's sword, he was as small as an ant. If he was cut, he would undoubtedly die.

"The supreme being has no self way, no mind, no self, all dharmas are empty, Chi!"

Wu Xiangzun pinched his fingers and pinched the formula, and suddenly used a move of Taoism. He was filled with mysterious divine light, and Ruixia rolled.

Ren Feifan cut down with a sword and severely cut on the king of no respect, but it seemed to cut on the air, without any effect.

At this moment, although the shape of the king without respect was still there, his breath seemed to disappear from the world.

Obviously, people are still there, but all traces of cause and effect suddenly disappeared and did not exist.

It seems to jump out of the ten thousand boundaries, not in the five elements.

"Eh?"

Seeing this scene, Ren Feifan showed a little surprise and said:

"It turns out that there are thirty-six ways of Taishang, and the first way of Taishang Wuwo is in your hands."

There is no self way in the supreme being. The legend is that the most mysterious existence in the thirty-six ways in the supreme being. It ranks first and has long been lost.

It is said that this Taoist method is very magical. After it is applied, there will be no me in the world. There will be no "me" in the world. It will jump out of the world and will not be affected by any killing.

"I" don't exist. Naturally, there is nothing in this world that can kill "I".

This is the mystery of "Tao of supreme selflessness".

Now what wuxiangzunwang shows is the legendary supreme selfless way.

"As soon as I made a move, I was forced to this point."

"Ren Feifan, you are really invincible."

Wu Xiangzun's look is very ugly. Although the supreme Wu selfless way is wonderful, the cost of exerting it is also huge.

I'm not me anymore. Once I jump out of the world for too long, "I" may not exist. The caster should completely disappear from the world.

Seeing the Taoist Dharma of Wu Xiang Zunwang, the goddess also felt extremely mysterious, nodded her appreciation, and said, "very good, so this is the supreme Tao of Wu me?"?

Let me try how powerful it is. "

She waved the ice Phoenix Sky Sword, a cold sword gas, and cut off the king of no respect, but it also seemed to penetrate the air, without causing any damage to the other party.

She was falling into the sword formation, trying to trap the king without respect, but it did not have the slightest effect.

King wuxiangzun has entered the state of "no self". There is no trace of his existence in this world. Any killing seal can't hurt him at all.

"Wonderful! It's really awesome."

Seeing this, tiannv was also amazed and said coldly, "I just don't know how long your method can last."

Wu Xiangzun snorted and said, "Ren Feifan, tiannv, you bully more than you bully less. I have nothing to say. I'll say goodbye today and see you another day!"

After that, he wanted to fly away.

He also knew that this was too selfless to last long.

Once the magic time is over, his causal trace will return to the real world, and there is only a dead end.

"Now that I'm here, you may not be able to leave."

Ren Feifan saw that the king of invisibility wanted to run, and his eyes suddenly froze. He pinched an Indian formula with his fingers and urged the emperor of heaven's Golden Wheel again.

The emperor of heaven's Golden Wheel emitted a thin glow, and shot a golden sword, which stabbed the king Wuxiang severely.

King wuxiangzun was flying out and fleeing. The sword was very fast, and directly pierced his body. With a puff, blood splashed.

"This... How can it..."

The sharp pain that pierced the heart came, and Wu xiangzunwang was stunned.

He showed the Tao of supreme selflessness, and the Tao method was still in operation. Cause and effect jumped out of the world and was immune to all deforestation damage.

But it happened that Ren Feifan's sword pierced him unreasonably.

Chapter 8543

"Xiao Fan, you..."

The heavenly daughter was also surprised to see this scene.

Wu Xiangzun's heart has been pierced, and his life is passing rapidly. Blood gushes on his face without facial features, which is very terrible.

"Causality, you... How dare you master the power of causality?"

Wu Xiangzun couldn't believe it, and he was trembling all over.

He felt the power of the law of cause and effect from Ren Feifan's sword.

The law of cause and effect is the power of law in time and space, and the manifestation of the power of fate.

The law of cause and effect kills people, surpassing all laws. As long as you say that a person dies, that person will inevitably die. This is the power of the law of cause and effect, surpassing all.

If I want you to die, you can't live!

Cause and effect fate, such terror!

Ren Feifan's sword contains the power of the law of cause and effect. No matter how subtle the king's law of wuxiangzun is, it can't escape the pursuit of the fate of cause and effect.

The heavenly daughter thought to herself, "Xiao Fan, in charge of the Golden Wheel of the Heavenly Emperor, can actually stimulate the power of the law of cause and effect. It's really terrifying. I have to be careful."

Bang.

King wuxiangzun's body was pierced and lost strength. He fell heavily from the air and just hit the statue of the supreme apocalypse.

The statue of Apocalypse collapsed and fell to the ground.

"Patriarch!"

Many people around the Ming Wu clan were shocked and terrified to see the king of Wu Xiangzun cut off.

At this moment, Ren Feifan, illuminated by the Golden Wheel of the emperor of heaven, was magnificent and invincible.

Wu Xiangzun only felt that life was passing away. He knew that he would die. His heart was full of resentment and shouted, "Ren Feifan, heavenly daughter, you want me to die, and I want you to be buried!"

"Millions of holy offerings, Xingyao open your eyes!"

"The supreme apocalypse, come!"

At the end of his life, the king wuxiangzun roared angrily and recited the ancient spell.

Bang Bang——

A terrible scene appeared, and I saw the whole Ming Wu clan, millions of people, in a moment, their bodies burst and burned, and they were all sacrificed alive by the king Wuxiang.

Millions of Ming Wu's life sacrifice, majestic life force, belief energy, gathered into a torrent, rushed up to heaven.

With this torrent as a sacrifice, a bleak, creepy, low voice came out from the depths of the distant wuwuwu time and space, such as the murmur of gods and Demons:

"Who, who is calling me?"

This sound fell, and in the broken statue of the supreme god of the apocalypse, a dark aura shot out, straight into the sky, turning into a hazy figure.

The figure was very hazy and faint, obviously just a projection of will.

But it's just a will, and the breath that erupts is earth shattering.

The violent black gas concussion, unexpectedly re elected the extraordinary emperor of heaven golden wheel, and the light was slightly suppressed.

"Master, I....."

King Wuxiang raised his head excitedly, and the projection of will was the legendary supreme apocalypse, the leader of the Death Cult!

He wanted to say something, but his vitality was exhausted. Before he could say the next syllable, he died of anger and his body turned into ashes.

All the people of the Ming Wu clan died and were sacrificed.

The supreme figure of the Apocalypse was summoned to sacrifice.

The appearance of the supreme Apocalypse does not look old, but it is not young. There is a thick vicissitudes and sadness lingering in his eyebrows.

Ye Chen had never seen such a desolate look, as if he had experienced all the vicissitudes of the world, countless hardships and torments, and his heart was touched just by looking at that sad expression.

The supreme Apocalypse looked around and swept one by one from ye Chen, Ren tiannv, Ren Feifan, Yu Huangye and others.

Finally, his eyes fell on Ye Chen and looked at the emperor's holy knife in Ye Chen's hand.

"Are you... The Lord of reincarnation?"

"You pulled out my knife?"

The supreme Apocalypse was a little strange, and shook his head: "forget it, although the guidance of fate wants you to be my successor, but I don't want to."

"Return this knife to me."

He picked his fingers in the air, and a mysterious force came out.

Ye Chen felt that the emperor's holy knife was about to take off and fly out, but the blade was buzzing violently, and it was as spiritual as it was, clinging to Ye Chen's hand, and refused to take off and fly out.

Hum!

Instead, ye Chen's apocalyptic magic sword, which was collected in his body, was inspired at this moment, flew out and fell into the hands of the supreme apocalyptic.

This apocalyptic magic sword was also a weapon forged by the apocalyptic supreme.

"Eh?"

The supreme Apocalypse took back the magic sword, but failed to recall the emperor's holy knife, and was immediately surprised.

Ye Chen was also surprised, because he felt that the emperor's holy knife had spirituality, and he actually recognized him as the master and refused to return to the supreme hand of the apocalypse.

"Trespasser, the knife is mine!"

Seeing this, the supreme Apocalypse couldn't keep calm anymore. With a burst of anger, he waved his big hand, like blocking the sky and blocking the sun, and grabbed it at Ye Chen, trying to directly kill him.

Ye Chen immediately felt extremely great pressure. Even if it was just a projection of will, the supreme Apocalypse was earth shattering, no less powerful than the Immortal Emperor.

"Be careful!"

Ren Feifan and tiannv immediately exclaimed, and then joined hands to guard Ye Chen.

The palms of the two men burst out the divine light of the Immortal Emperor, forming a shield.

The Apocalypse supreme grabbed his palm and was immediately bounced off by this shield.

"Reincarnation protector, and... The concubine of the Lord of reincarnation?"

You will also disobey my will? "

The supreme Apocalypse's face is distorted, and his eyes are full of murders.

"Do it!"

With a wave of Ren Feifan's hand, it's better to start first. The Golden Wheel of the emperor of heaven is in his hand, turning into a golden sword of the emperor of heaven, and beheading the supreme body of the apocalypse.

Tiannv is also very tacit, and her reaction speed is very fast. Ice Phoenix sword stabs out against the air.

The two immortal emperors joined hands to produce their swords, which was incredibly powerful.

The Apocalypse supreme raised the magic sword to block, but it's a pity that he is just a projection of will, and his strength is less than 1% of the body. He is not the enemy of Ren Feifan and tiannv at all.

Just a blow.

The magic sword of the supreme Apocalypse was opened, and then the body was penetrated, and the aura instantly collapsed.

Ye Chen saw that the supreme Apocalypse was defeated, and his heart was secretly relieved.

Fortunately, Ren Feifan and tiannv came, otherwise he would face the supreme Apocalypse alone and have no choice but to die.

Ren Feifan and tiannv are also happy. If they have only one person, even if they can overcome the will of the supreme apocalypse, I'm afraid it will take a lot of energy.

Now it's much easier for two people to work together.

"Very good. I have written down this account."

The supreme body of the Apocalypse gradually dissipated and made a desolate sound.

"Unless you never step into timeless space, the day you step into it will be your death."

"Or, if my real body can come to this world, you will also die."

Chapter 8544

After saying that, the supreme body of the Apocalypse scattered, and the magic sword fell down.

Hum!

On the magic sword, there was even a trace of hatred of the supreme apocalypse. Like a demon, he suddenly stabbed a man.

This person, not Ren Feifan, not tiannv, not ye Chen, but yuhuangye!

Apocalypse magic sword locked Yu Huangye, and a sword flew down to assassinate, running through the heart of Yu Huangye.

Yu Huangye was stunned. He didn't expect that the supreme god of the Apocalypse would kill him before he dissipated.

Ye Chen, Ren Feifan and tiannv were also surprised.

"Apprentice, how are you?"

Ye Chen flew to Yu Huang's wild body and saw that the magic sword pierced his heart, which made him sad and angry.

"Master, i... I seem to be fine."

After being stunned, Yu Huangye found that he was still very conscious.

His heart was punctured, his wound was painful, and his breath of life was passing rapidly.

In an instant, he was dead and could not feel the existence of the slightest breath of life, but it happened that his consciousness was still very clear.

He slowly began to pull out the magic sword that pierced his heart.

No more pain, his body is dead.

"What... What's going on?"

Ye Chen was stunned. He no longer felt the breath of life of Yu Huangye, but the other party was still alive. He was very conscious and had light in his eyes.

Yu Huangye was also stunned, holding the apocalyptic sword in his hand, and said, "master, I seem to be dead, but I'm still alive."

Ye Chen's heart was shocked. He was dead but still alive. He had only seen such a strange situation on LV Dongxuan.

Lu Dongxuan said that life and death are one, in fact, there is no difference.

But with the blessing of divine power, the dead can also live in this world.

For example, LV Dongxuan is Zhu you, who has a night mother.

"He died, but the supreme Apocalypse sheltered him and kept him alive."

"The law of no time and space is very mysterious. It is very difficult to kill a person. You must erase all the past and future timelines and all traces before you can really kill a person."

"If this is not the case, as long as there is a little other timeline, people may walk in the world with the body of the dead."

Ren Feifan came forward, glanced at Yu Huangye, and knew the cause and effect.

Yuhuangye has actually been killed, but the supreme Apocalypse protected him with the law of no time and space, allowing him to survive in the world as a dead body.

This is really an unimaginable means in this world, and ye Chen is only shocked.

"Since the supreme Apocalypse killed me, why should he protect me?"

Yu Huangye was stunned. He only felt that he had become a chess piece and was about to be manipulated by the supreme apocalypse.

"He killed you on this timeline."

"Sheltering you, is another timeline. On another timeline, you may no longer be an apprentice of the Lord of reincarnation, but a... Traitor."

Ren Feifan looked directly at Yu Huangye and slowly said his guess, but his tone was a little strict.

Yu Huangye also didn't understand very much. What Ren Feifan said involved the cause and effect of time and space in the world of nothingness. Few people in the real world could understand it. He only understood the word "traitor".

"No, I won't betray master!"

Yu Huangye's forehead was suddenly blue and his voice was loud.

How can he betray Ye Chen after he has worked hard to worship his master?

Ren Feifan laughed for a moment, looked at Ye Chen and said, "this Apocalypse supreme is really a good idea and a good means. He knows that you won't kill innocent people, so he deliberately takes this person as a chess piece to prepare for the future."

The goddess on the side glanced at Yu Huangye, her eyes were cold, and said, "Ye Chen won't kill innocent people, so I'll do it, so as not to leave a disaster."

Then he wanted to kill Yu Huangye completely.

"Don't kill me!"

Yu Huangye retreated in horror and shivered.

"Sister tiannv, don't mess around."

Ye Chen also hurriedly stopped tiannv.

Indeed, as Ren Feifan said, he will not kill innocent people indiscriminately, not to mention that Yu Huangye is still his apprentice.

Ren Feifan also said, "stop killing people and save his life."

The heavenly daughter said, "why?"

Are you not afraid of his betrayal in the future? "

Ren Feifan said, "as long as it is under the stars in this world, any betrayer has only one way to die, and can't escape my sword. I have this confidence."

"Keep him alive. If the supreme Apocalypse wants to come in the future, it must start from him. We also have a direction, which is better than aimlessness."

These words are plain and easy, but they have their own arrogance.

Yu Huangye surprised and said, "thank you for sparing your life, master. I swear to live up to reincarnation!"

The goddess shrugged her shoulders and said, "whatever you want."

"Anyway, your reincarnation camp and I are enemies rather than friends."

"It's none of my business for you to be betrayed."

The word "enemy rather than friend" is very harsh.

Ye Chen heard it in her ears, and she was very unhappy.

Ren Feifan didn't care. He turned around and said, "tiannv, did you say you were going to fight a decisive battle at Xiandi platform?"

The goddess said, "yes, the Immortal Emperor platform is in the Qinglai area. We don't have to worry about being disturbed or fishing in troubled waters when we go there for a decisive battle."

Qinglai domain is the territory of Qinglai chamber of Commerce, and the dominant figure behind Qinglai chamber of commerce is the legendary night mother.

From the age of the nine gods to the present, many ancient gods have died in the war, and they are also seriously injured and dying.

But Yemu was not affected much.

After being defeated by the God of rock, she has been living in seclusion. On the contrary, it was a blessing in disguise, and she was the least damaged in the war of gods. Today, she still retains her physical body and complete divine personality.

Under her majesty, no one dared to make trouble in Qinglai area.

Chapter 8545

It's natural for tiannv to place the decisive battle in Qinglai area.

Ren Feifan said, "Xiandi platform, Jianmen and wanxu, I don't think they will publicly offend Ye mu, but it's hard for the death cult to say."

The fairy said, "don't worry, unless the witch comes in person, it's impossible to destroy the order of Qinglai domain."

Ren Feifan said, "OK, how about the specific decisive time in ten days?"

Tiannv said, "yes, after that ten days, Xiao Fan, let's fight to the death, and I will take back my destiny from you!"

Ren Feifan said, "I will also kill you to clear the obstacles for reincarnation and cut off the silk of love, sin and sin."

Turning back to Ye Chen, he said, "boy, I'll go first, and I'll leave it to you."

Say it, let extraordinary tear the void away.

Ren tiannv looked at Ye Chen with beautiful eyes. Her eyes were quite complex. Then she walked forward with a light step, closed her eyes, gently kissed Ye Chen, and said, "little guy, I'm gone too. In fact, I have a card, which is likely to surprise and kill Xiao Fan."

"After killing Xiao Fan, I will also kill you and plunder everything you have."

"But don't worry, I will give you the greatest pleasure before you die."

Her gentle body, close to Ye Chen, quietly pulled Ye Chen's hand, stroked her body, the posture was very ambiguous, and then with a chuckle, she turned into wind and snow and left.

Ye Chen stared at the figure of the goddess leaving, feeling disappointed, and did not know what the card of the goddess was.

"Master..."

Yu Huangye, who was on the side, whispered and presented the Apocalypse demon sword to Ye Chen.

Now the wuxiangzun king is dead, and all the Ming Wuzu are destroyed. There are many things to deal with.

Ye Chen returned to his senses, waved his hand and said, "take this magic sword. In the future, if the Apocalypse comes from you, I can also feel it."

Ye Chen once used the magic sword of apocalypse to cut off part of the prohibition of the tablet of the emperor of heaven, which is deeply involved in the cause and effect of this sword.

If the Apocalypse really comes in the future and touches this sword, ye Chen can immediately feel it and prepare in advance.

"Yes, master."

Yu Huangye accepted the apocalyptic sword and gritted his teeth and said, "master, don't worry, I won't betray you!"

Ye Chen nodded, did not speak again, looked up at the sky, feeling unprecedented fatigue.

With the collapse of wuxiangzunwang and mingwuzu, the dark atmosphere shrouded in the world completely dispersed.

The sky was clear again and the sun was shining.

The sun shines on Ye Chen. He is a little sleepy.

He has just fought with the king wuxiangzun, and his physical consumption is too great.

"Master, I'll help you back to rest."

Yu Huangye respectfully said.

"Well."

Ye Chen nodded, and then he was supported by Yu Huangye and returned to the ancestral land of all nationalities.

The warriors in the ancestral land of all ethnic groups, seeing the darkness receding and dispersing, have known that the king Wuxiang has fallen. The Ju ethnic group is ecstatic, cheering and roaring, all praising the greatness of reincarnation.

Ye Chen rested in the ancestral land of ten thousand nationalities for three days, and his physical condition has recovered to the peak, and he is in high spirits.

Ming Wu District has been renamed Longteng district to commemorate Ye Chen's achievements.

In these three days, ye Chen handed over the affairs of Longteng district to Lu Hechan and Yu Huangye.

Everywhere in Longteng District, ye Chen's statues have been built, and everyone worships them.

Ye Chen felt the power of countless beliefs gathered on him, making his luck more magnificent.

If the faith is enough, he may even gather gods and become a legendary god!

At the same time, ye Chen also announced the truth and showed that his strength was not as outrageous as believers imagined.

He is still a long way from the peak of truth.

Many believers, after knowing the truth, their faith did not collapse and remained firm.

Because ye Chen has cleared the darkness of Longteng District, and has shown with his strength that he has enough potential to hold the top of truth in the future!

This day, ye Chen is ready to leave.

Ren Feifan is about to fight with tiannv, and he is ready to go to the Qinglai chamber of Commerce to watch the war.

"Master."

At this time, yuhuangye walked into the Dragon hall and seemed to have something to report.

"What is it?"

Ye Chen asked.

"Master, there is an old man outside who calls himself Xiao Xinghe. He says he wants to see you."

Feather King wild road.

"Xiao Xinghe!?"

Ye Chen's pupils shrink.

Xiao Xinghe is the ancestor of the Xiao family, the maker of the eight heavenly swords, and the legendary ancestor of the sword God.

As ye Chen knows, Xiao Xinghe has come out of the mountain again and returned to wanxu to serve the ancient emperor Yu Huang.

In other words, Xiao Xinghe is the subordinate of the ancient emperor Yu Huang!

Ye Chen thought, "the ancestor of sword God came to see me. What's the matter?"

He hesitated for a moment and said, "tell him to come in."

The feather emperor said, "yes."

Turn around and go out.

Soon, he took an old man and stepped into the hall.

That old man is the ancestor of the sword God, Xiao Xinghe.

Xiao Xinghe is proficient in the military formula and has excellent weapon refining skills, but his martial arts cultivation is not very strong.

Ye Chen felt the breath of Xiao Xinghe, and he was sure that with his current strength, if he fought alone, he could kill the other party.

Once in Ye Chen's eyes, the supreme emperor and ancestor, now he has the qualification to kill.

It is conceivable how much progress he has made since he entered the Taishang world.

"The Lord of reincarnation is safe."

Xiao Xinghe saw Ye Chen, smiled bitterly, bowed down and saluted, and his attitude was quite modest.

Chapter 8546

"Master Xiao, I'm all right."

Ye Chen's mood is also quite complicated.

He and Xiao Xinghe have a good relationship, but the other party can no longer be friends if they serve the emperor again.

Xiao Xinghe seemed to see what ye Chen thought, and said with a wry smile, "I serve the ancient emperor Yu Huang, but I have no choice. He threatened the human nature of my Xiao family. If I don't leave the mountain, he will kill the whole Xiao family, and he won't let me go."

Ye Chen's face was expressionless and said, "I understand, senior, just say it straight. Why did you come to me today?"

Xiao Xinghe said, "the Emperor Yu entrusted me with making a scabbard to hold the ancient sword of sin."

"Sin ancient sword?"

Ye Chen's heart tightened. This ancient sword of sin is one of the four highest artifacts, and the killing is very fierce.

The original heavenly daughter was cut into serious injuries by the ancient sword of heavenly sin.

Xiao Xinghe then said, "yes, the ancient emperor Yu Huang and wuwuwushi are communicating more and more deeply. He wants to summon the ancient sword of natural sin, cut the world horizontally and dominate the invincible."

"However, the ancient sword of sin that day ranked first among the four highest artifacts. Its divine power was vast and its potential was startling. It was not able to be accommodated by earthly laws."

"If you want to accommodate the ancient sword of sin, you must have a strong scabbard."

"Therefore, the feather emperor commissioned me to make the scabbard."

"If I can't make it, he will kill my family."

Ye Chen asked, "elder, are you sure to make it?"

Xiao Xinghe River: "once a fortune teller said that I should be inspired by the heavenly revelation. If there is no time and space, the supreme enlightenment is the first to refine tools."

"Well, in the real world, my skill in refining tools is the first."

"The ancient emperor Yu Huang gave me the soul of Shura sword. With the soul of Shura sword as the material, plus the aura of the earth vein of the Emperor Yu's heaven, and the Qi accumulated in the wanxu temple, I am confident to make a scabbard."

Ye Chen was shocked in his heart and said, "elder, is the soul of Shura sword in your hand?"

That Shura sword soul is the last sword soul of reincarnation Tianjian.

If you get it, ye Chen's reincarnation Heavenly Sword can be restored.

At that time, his reincarnation blood can be further strengthened.

Maybe the seven stars of reincarnation will also follow the transformation and awakening.

At the beginning, ye Chen paid a heavy price for fighting for the soul of Shura sword, but it was a pity that he couldn't win it in the end.

The soul of Shura sword also fell into the hands of the feather emperor.

He never thought that the soul of Shura sword was actually in Xiao Xinghe's hand now.

Xiao Xinghe was ordered by the ancient emperor Yu Huang to use the soul of Shura sword to cast a scabbard to accommodate the ancient sword of sin.

Xiao Xinghe: "yes, the soul of Shura sword is in my hand. Lord of reincarnation, I came here to make a deal with you."

Ye Chen said, "what deal?"

Xiao Xinghe: "I can give you the soul of Shura sword, but..."

Ye Chen said in surprise, "are you going to give me the soul of Shura sword?"

Don't you want to make a scabbard?"

Are you not afraid of being punished by the ancient emperor? "

He took great pains to fight for the soul of Shura sword.

Unexpectedly, at this moment, Xiao Xinghe said directly that he would give it away.

Xiao Xinghe said with a wry smile, "although I can make a scabbard with the soul of Shura sword, the cost of my own is bound to be huge, and even cost my life. I haven't seen the peak of the way of refining weapons, but I don't want to die."

Ye Chen frowned and said, "what do you want to trade with me?"

He knew that the soul of Shura sword was extremely precious. Xiao Xinghe could not give it away for nothing, but there must be a price.

Xiao Xinghe's eyes suddenly sharpened, looked at Yu Huangye standing aside, pointed to him and said, "I want him."

Yu Huangye was stunned and pointed to himself: "me?"

Xiao Xinghe: "exactly, you have the breath of apocalypse. As long as you are willing to help, even if I don't have Shura sword soul, or even any material, I can cast a scabbard out of thin air."

"Because the supreme apocalypse is the most powerful weapon refiner in the world. As long as he can get a little blessing from him, it is not difficult to build a scabbard to accommodate the ancient sword of sin."

He calmed down and said to Ye Chen, "Lord of reincarnation, what do you think of this deal?"

You entrust this feather emperor wild to me. He will be my assistant and help me forge the scabbard, so I don't have to die, and you can get the soul of Shura sword. "

"This deal is good for both of us."

After hearing Xiao Xinghe's words, ye Chen was immediately upset and frowned more tightly.

Yu Huangye was stunned. He also knew that the importance of Shura sword soul was the only hope for reincarnation Tianjian to recover.

However, asking him to be Xiao Xinghe's assistant really made him a little uneasy.

After all, Xiao Xinghe is one of wanxu's men.

If he returns to wanxu, his belief in reincarnation is likely to shake.

Because he has feather emperor blood, his identity is too special.

If he is outside, he can guarantee that he will not betray Ye Chen.

But God knows the consequences of going to wanxu.

After a pause, Yu Huangye's eyes suddenly chilled, burst into a murderous spirit, and said to Ye Chen, "master, as long as you kill this old man, isn't the soul of Shura sword ours?"

His voice fell, and immediately, the footsteps outside the hall began to sound. Lu Hechan had rushed into the hall with a team of elite and strong men, and his swords came out together, surrounded Xiao Xinghe, and was murderous.

Xiao Xinghe looked at the bright swords around, smiled, looked at Ye Chen and said, "Lord of reincarnation, I had expected, so I didn't bring the soul of Shura sword with me, and it's useless for you to kill me."

As one of the ancestors of the emperor of heaven, he was also very cautious. Although he believed ye Chen's behavior, he still kept his hand in advance.

Chapter 8547

Ye Chen's face sank, and he shouted to those elite and strong men, "what are you doing, get back!"

He didn't mean to hurt Xiao Xinghe and killed for no reason. This kind of thing also went against his original intention.

Lu Hechan looked warily at Xiao Xinghe, but still obeyed Ye Chen's order and took people back.

Ye Chen was confused and didn't know what to do for a moment.

Shura sword soul he must not give up, but to trade with Yu Huangye, even if the other party is willing, the consequences are too difficult to predict.

Once Xiao Xinghe successfully forged the scabbard, the ancient emperor Yu Huang had no scruples and really summoned the real body of the ancient sword of sin, and the consequences would be unimaginable.

Yu Huangye's eyes moved and suddenly looked at Xiao Xinghe River: "elder Xiao, it's my recklessness. You want me to be your assistant, that's OK. I'll go with you, as long as you are willing to hand over the soul of Shura sword."

"However, I will not betray reincarnation to the death. If you want to forge the scabbard, the casting place must be far away from the temple of wanxu, so that my Taoist heart will not be affected."

He thought to himself, "I pretended to promise this old man, but I deliberately helped him and didn't give him a chance to forge a scabbard successfully, so that I wouldn't harm master."

Hearing that Yu Huangye agreed, Xiao Xinghe was overjoyed and said to Ye Chen, "Lord of reincarnation, your apprentice has promised, what do you think?"

He also knew that Yu Huangye didn't really want to be his assistant.

However, it doesn't matter. As long as the feather king is willing to go with him, he naturally has a way.

Ye Chen frowned, knowing that the cause and effect behind this transaction was really huge.

Shura sword soul, reincarnation sword, apocalypse supreme, sin ancient sword

Ye Chen wants to calculate the future good or bad luck, but the cause and effect is too big to calculate.

He weighed carefully in his heart and thought repeatedly, thinking:

"Reincarnation Heavenly Sword must be restored to its integrity, and the soul of Shura sword must not be lost."

"The ancient emperor Yu Huang wants to make a scabbard. Even if he can succeed, he may not be able to summon the ancient sword of sin."

The ancient sword of heavenly sin is no small matter. The divine power is even more powerful than the Golden Wheel of the Heavenly Emperor. It's just a wisp of sword will, which cut the heavenly daughter into serious injuries at the beginning.

Such a terrible sword is by no means contained in the starry sky of this world.

In Ye Chen's heart, he didn't believe that the feather emperor could summon the ancient sword of sin.

Even if the call is successful, it is also a matter of the future.

He will always grow and progress. In the future, there may not be no possibility of confrontation.

And the soul of Shura sword in front of us, once lost, is a lifelong regret.

Thinking like this, ye Chen finally nodded, looked at Yu Huangye and Xiao Xinghe, and said, "OK, sir, this deal is settled."

"Apprentice, you will follow elder Xiao in the future. He wants to forge a scabbard, and you can help him."

Yu Huangye had another idea in his heart, but on the surface, he respectfully replied, "yes, master!"

Ye Chen nodded and said, "master Xiao, when will the Shura sword soul be given to me?"

Xiao Xinghe said, "I left the sword soul in the feather emperor's heaven. If you go to the heaven in person, I'll give you the sword soul."

"I'm not sure about trading outside. In case you forcibly want to kill and seize treasure, I can't beat you, hehe."

"It's not that I don't believe you. It's just that the cause and effect involve too much. It's better to be careful about the key points."

Ye Chen frowned and said, "the Yuhuang celestial realm is the core territory of wanxu. If I go, I will be discovered by the Yuhuang emperor in an instant. How can I deal?"

Ye Chen had also been to the realm of the feather emperor before, but he almost couldn't get out. Finally, she was seriously injured.

Xiao Xinghe said, "in a few days, it will be the day when Ren Feifan and Ren tiannv fight a decisive battle. At that time, the ancient emperor Yu Huang will also go to watch the battle. You can come back to heaven while the ancient emperor Yu Huang is away. This is the only trading opportunity. You must not miss it."

Ye Chen's face sank, and Ren Feifan fought with tiannv, and he didn't want to miss it.

This war is very important for him.

Xiao Xinghe: "it won't take us long to trade. After you get the soul of Shura sword, you still have time to go back to watch the war. Don't worry about missing it."

Ye Chen thought so, and nodded, "OK, that's it."

Yu Huang Ye said to Xiao Xing River, "Hey, old man, I don't want to go to Yu Huang heaven, otherwise the fate of the ten thousand ruins will affect my Taoist heart, which is very bad."

After all, he bears the blood of the feather emperor family. If he is too close to the wanxu temple, he is bound to be affected. Once the Taoist heart wavers, he is likely to return to wanxu, which is equivalent to betrayal reincarnation.

Xiao Xinghe: "don't worry, I'll choose another place, far away from the ruins. As a place of casting, you don't have to worry."

Yu Huangye breathed a sigh of relief and said, "that's good."

Xiao Xinghe arched his hand to Ye Chen and said, "Lord of reincarnation, I'll go first. This matter must be kept secret, or the ancient emperor feather will know that if I deal with Shura sword soul, he will kill me."

He spoke with uncontrollable fear, very afraid of the ancient emperor.

Now I just want to complete the transaction as soon as possible, build a scabbard, complete the task, and then use Yu Huangye as a guide to pray to the supreme god of the apocalypse, seek shelter, and escape from the sea of suffering.

Ye Chen nodded and said, "I know, elder, please rest assured."

Yu Huangye said gloomily, "master, I'll leave. Don't worry, I won't betray you."

After the agreement, Yu Huangye followed Xiao Xinghe.

Ye Chen was full of thoughts. He knew that the deal was done, and there was no turning back.

However, as long as he can get the soul of Shura sword smoothly, he will never regret it!

After the decision, ye Chen asked Lu Hechan to stay and take charge of the affairs of Longteng district.

Everything has been decided. Ye Chen locks the coordinates of Qinglai domain, tears the void, and goes directly to Qinglai domain.

After arriving at the Qinglai area, ye Chen found that the entrance was full of people.

The decisive battle between Ren Feifan and Ren tiannv is imminent, and the location is at the Xiandi platform in the Qinglai region. The news came out, and the whole world of Taishang was a sensation. Countless martial artists came in advance to occupy a good position to watch the battle.

After all, the battle of the Immortal Emperor, even if it's just a wait-and-see, can feel the martial arts and improve cultivation, which has great benefits.

Qinglai chamber of commerce also moved quickly. All people who want to enter the field to watch the war need to buy tickets, which is extremely expensive.

Qinglaiyu opened several entrance channels to receive audience and guests, and the scene was noisy.

"No, I can only exchange five inferior source jade for tens of thousands of pills?"

"One ticket costs 1000 inferior jade. Is it too expensive?"

Bursts of noise came into Ye Chen's ears.

Presumably, after the battle of the Immortal Emperor, the Yuanyu issued by Qinglai domain will become the circulating currency of the whole Taishang world.

Yuanyu contains abundant energy. After absorption, it is also of great benefit to cultivators.

Ye Chen has tens of thousands of top-grade source jade in his hand. If it is converted into a lower grade, it will be a million yuan of super money.

He bought the ticket and then entered Qinglai area.

"The Qinglai chamber of Commerce claims that everything can be traded. Ye Chen, you might as well ask where the lost territory is."

Chapter 8548

At this time, ye Chen heard xuanhanyu's voice.

Xuan Hanyu was thinking, and still wanted to recover his flesh.

The secret behind zuxuantu has been preliminarily understood, which is related to an ancient treasure, which is the treasure of the age of the nine gods, in a lost territory.

If the lost land can be found, her body may recover.

Ye Chen's heart moved, and the lost treasure might also have the natural and local treasures he needed. At that moment, he nodded and said, "OK, I'll ask."

Ye Chen went to the Qinglai chamber of Commerce. Before reaching the chamber of Commerce, only halfway there, several elders of the chamber of Commerce flew over and respectfully arched their hands and asked, "is it the Lord of reincarnation?"

Ye Chen said, "it's me."

An elder respectfully said, "I have seen the Lord of reincarnation, and our ancestors want to see you."

Ye Chen's mind moved slightly, "Hmm", and said, "please lead the way."

"Please."

The elders invited Ye Chen to fly to a place, but instead of going to the headquarters of the chamber of Commerce, they came to an ancient mansion.

The plaque of the residence is printed with the word "Lu Fu".

The elders led Ye Chen into Lv's house and came to the hall.

But there was a picture hanging on the hall, which ye Chen had seen before, and on it was a picture of corpses and blood.

Nightingales danced around the mountain piled up with corpses.

Surrounded by nightingales, there is a girl's back, slim and weak.

That is the back of Yemu.

Because of the existence of this painting, the whole hall is gloomy, filled with a solemn breath of death darkness, which makes people dare not breathe.

In front of the painting, an old man stood with his hands on his back and a smile. It was Lu Dongxuan, the master of the Lu family.

"The Lord of reincarnation is safe."

Seeing ye Chen coming, Lu Dongxuan greeted with a smile.

"Elder, I'm all right."

Ye Chen also bowed with an arched hand. He saw that there was still no breath of living people on LV Dongxuan. He existed in this world as a dead man.

Life and death are intertwined, and time and space are intertwined. Behind this is the means of gods, which is the means of no time and space.

Ye Chen at the moment is hard to understand.

"You finally came. Ye Mu has wanted to see you for a long time."

Lu Dongxuan laughed.

"Night mother wants to see me?"

Ye Chen was stunned.

"Yes, if you don't mind, please come with me."

Lu Dongxuan road.

Ye Chen looked at the ancient painting of dead mountains and blood, with nightingales flying, and his heart sank slightly.

But when you think about it carefully, ye Mu won't hurt him. Even such a precious thing as rock god bone is willing to give it away.

"OK, let's go."

Ye Chen nodded and agreed. He also wanted to see ye Mu again.

"Please."

LV Dongxuan respectfully invited Ye Chen to step into the world in the painting together.

When the two entered the world in the painting, the terrifying scene of a sea of corpses appeared directly in front of the two.

On the mountain piled with corpses, a nightingale girl stood alone with her back to the world, as if she were far away and in front of her eyes.

LV Dongxuan lowered his head and dared not look directly at the night mother.

Night mother is a real God. The breath of God is too terrifying for ordinary people.

Just looking directly, it is possible to make people infected with unknown, painful death.

Ye Chen looked at the back of Ye mu, but there was nothing uncomfortable.

His dragon destiny star has been opened, and his reincarnation blood power has greatly improved. Now he has the qualification to look directly at the gods.

"Can you look at me directly?"

Good, good. "

"Reincarnation blood is worthy of being above the heavens."

The night mother slowly turned her head, connected with Ye Chen's four eyes, and made a clear sound of appreciation like a nightingale.

When she opened her mouth, it was like spring sunshine, melting ice and snow, which made people feel very comfortable.

The scene of the surrounding mountains of corpses and blood has also disappeared, all the blood and terror have disappeared, green grass and green land have appeared, butterflies and bees are flying.

In this dark and terrifying world, birds chirp and flowers smell in an instant. The fragrance of grass and girls come from the air.

A stone table and several stone stools appeared in front of Ye Chen and LV Dongxuan at some time. There were some melons, fruits and wine on the table, and an incense burner, with sandalwood curling.

"Sit down."

The night mother was sitting on the stool, her slender hand poured two glasses of wine, and invited Ye Chen to sit down.

Ye Chen nodded, sat down safely and stared at Ye mu.

This is a very beautiful, very delicate and weak girl, dressed in black, with a somewhat green figure.

Looking at the surface image, it is really difficult to connect the words of the mother of the night, the master of death, the great gods and so on with this girl.

Lu Dongxuan bowed his head and stood aside, but he didn't dare to sit down.

"It's a little too much for you to transfer the rock god bone I gave you to others."

The night mother pinched the wine cup with her slender fingers, took a sip with her red lips, looked at Ye Chen with her clear eyes, and her voice was a little like an ordinary girl who had been wronged.

"Sorry."

Ye Chen smiled bitterly and didn't know what to say for a moment.

"Well, forget it. What I gave you is yours. What you do is your freedom."

The night mother was a little helpless.

"Thank you, master ye for your consideration."

Ye Chen offered her a glass of wine and said.

"Don't call me night mother or elder. You are the Lord of reincarnation above the heavens. I can't afford such a respectful title. Just call me my name. My name is wind whispering Ying."

The night mother smiled gently.

Poof!

Lu Dongxuan suddenly vomited blood and fell to his knees with a pale face.

For ordinary people, the real name of a God is also a vast existence like the power of heaven.

Chapter 8549

If the God is dead, the power of the real name may not be so great.

But ye Mu was still alive. As soon as her real name was revealed, Lu Dongxuan was seriously injured by the huge pressure.

Ye Chen's martial arts heritage is strong, but it is not affected.

The night mother whispering warbler giggled, stretched out her fingers a little, and a divine awn cage covered LV Dongxuan, saying, "you have listened to my Oracle for so many years, but you can't imagine that it's still such a waste, and you can't even bear the pressure of my real name."

LV Dongxuan, under the blessing of the wind whispering warbler, instantly recovered from his injury, but he still knelt on the ground and dared not get up. He was ashamed and said, "the villain is incompetent. Please forgive me, mother Ye."

Ye Chen changed his title and asked, "I don't know what you want me to do, Miss Yu Ying?"

The whispering warbler said, "I don't dare to give you orders, but I just want to ask you something."

Ye Chen said, "I don't know what it is?"

The whispering yingzi flashed a trace of dignity and unwillingness, and said, "do you know the God of death?"

Ye Chen nodded and said, "well, the God of death is the sea king demon, one of the nine gods of that year."

The whispering warbler said, "in fact, at the beginning, I was most likely to win the God of death. Unfortunately, the God of rock defeated me, took away my God and gave it to the sea king demon. The sea king demon ascended to the throne of death and became a strong master of God level, but I had no chance with the Lord."

Ye Chen said, "Lord God?"

The whispering warbler said, "well, the LORD God is the closest to the ultimate existence of truth. Becoming the LORD God is my lifelong wish. I just want to ask you to help me kill the sea king demon, and take back my God of death."

"If I can become the LORD God, I will depend on you."

"Even if you kill me immediately after I become the LORD God, I am willing."

"Hearing the word in the morning, I can die in the evening. I just want to see the truth and mystery of the realm of the LORD God, and everything else can be discarded."

Her words were calm and comfortable, but the will and power behind them were shocking.

Hearing the news in the morning, I can die in the evening!

In order to pursue the ultimate truth, she is willing to give up everything, including her own life.

Ye Chen was also a little shocked and said, "Yuying girl, I'm not even the emperor of heaven, how can I kill the sea king demon?"

Sea King demon, one of the nine gods, has extremely strong vitality.

Even the rock god God in those days only suppressed the sea king demon and sealed it, but failed to kill it completely.

Because it's too difficult to kill a Lord God. It's almost impossible to erase all its traces and time lines.

At that time, the ancient god of Tuodi ended the age of the nine gods, but it just ended the luck of the nine gods, not really completely killed.

It's too difficult to kill the LORD God.

The moral God killed God and testified that killing the Vulcan God was just killing the existence of this timeline.

The Vulcan deity of other timelines has not been obliterated.

Therefore, the Vulcan God can still cast his will shadow, and even met Ye Chen, and did not say that it was really completely destroyed.

Now, it is almost impossible for ye Chen to kill the sea king demon completely and recapture his divine personality.

The whispering warbler's eyes were bright, looking at Ye Chen and said, "other people can't kill the LORD God, but you can, ye Chen, you are the legendary Lord of reincarnation. The greatest existence, you must be able to kill the LORD God."

"When you step into time and space, no one can stop you."

Ye Chen smiled bitterly and said, "Miss Yuying, you look up to me too much."

The whispering warbler said, "will you promise me?"

Ye Chen pondered for a moment, thinking that the wind whispering Ying gave the rock god bone to himself. The kindness was too great, and he had to repay it, so he nodded and said:

"Yuying girl, if I really have the power to kill the God of death, I will kill him and give the God of death to you, but... Now it's too far away to say this. Stepping into no time and space is a distant future for me."

The wind whispering warbler was overjoyed and said, "not far, not far. I have waited for billions of centuries. I don't care if I wait a little longer. Even if it's 10000 years, 100000 years, or millions of years, it's also a flick of my fingers for me."

Ye Chen's heart was shocked, and she felt a little trance.

Time is too grand, and time is too grand.

His days of cultivation are actually very short.

But a god like Feng Yuying has survived from the age of the nine gods to the present. After hundreds of millions of centuries of vicissitudes, the time behind her is too grand for Ye Chen.

Ye Chen thought it was far away. In her eyes, it might really be a flick of her fingers.

What is rare is that the wind whispering warbler has not suffered the wear and tear of many years, and still maintains the youth and liveliness of girls.

It is also possible that she is so lively and flying only in front of Ye Chen. If she is in front of ordinary people, it is a terrible look of dark death.

Ordinary people like LV Dongxuan are not worth letting her show even a little emotion at all.

Ye Chen knew his fate and was intertwined with Yemu from then on, with mixed feelings in his heart.

"Yuying girl, I have something to ask you."

Ye Chen thought of the lost treasure, detour.

"Oh, is it the loss of the treasure?"

The wind whispers that the Orioles are like watching fire, and the way.

Ye Chen thought to himself, "it's worthy of being a God. This insight into heaven's secrets is really powerful!"

"Yes, I want to find the lost treasure."

The whispering warbler frowned lightly and said, "the coordinates of that lost territory change from time to time. I need to send someone to investigate, so as to determine the specific coordinates."

With a wave of her slender hand, she turned into a Fuzhao, which was painted with some mountain and river patterns, which was exactly the same as the mountain and river pictures of Zu xuantu.

"Lv Dongxuan, take my talisman and check the coordinates of the lost territory."

LV Dongxuan bowed his head to receive the Fu Zhao, and the atmosphere did not dare to breathe, saying, "yes, Lord Ye mother!"

The whispering warbler looked at Ye Chen and smiled a bit playfully, saying, "the chamber of Commerce I founded is the most concerned about fair trade. I'll help you investigate the treasure. You need to pay me enough, but today I'm happy, so I won't charge you anything, but next time, you have to prepare enough source jade."

Ye Chen said, "well, Yuying girl, I understand the rules."

Whispering Yingjiao smiled and said, "I'm kidding you. In fact, I appreciate you very much. You also promised to help me kill the God of death. We will be friends in the future."

"What do you want to know and maybe you need some help? Just call my name and I will help you."

"But if you want me to help you fight and kill, you'd better be careful. I won't come easily unless I have to."

"The traces of time on my body are too heavy. If I go to the outside world, the wear and tear of time will increase, and I will become an old woman in an instant."

At last, the lively girl's pure face was finally covered with a layer of sadness.

Even if great as God, it will wear away.

Chapter 8550

The wear and tear of years will make the gods old.

Aging is not only the disaster of the world of mortals, but also the disaster of gods.

Ye Chen said, "I know. Please rest assured, Miss Yuying, I won't trouble you."

The whispering warbler laughed and said, "it doesn't matter. If I can help you, it doesn't matter if I become an old woman."

After a pause, he said, "well, I'm going to have a rest. Go out."

Ye Chen nodded, and then bowed his hand to say goodbye.

Lu Dongxuan knocked his head three times: "take care of yourself, mother Ye."

Shivering up from the ground, cold sweat has soaked his clothes.

In fact, the whispering warbler won't hurt him, but the pressure of the gods is still too great for him.

Only Ye Chen, who has reincarnation blood, is qualified to talk and laugh with the wind whispering warbler.

Ye Chen and LV Dongxuan left this world and returned to the hall of LV mansion.

Lu Dongxuan was holding the talisman given by the wind whispering Ying in his hand. He looked carefully, frowned slightly, and said to Ye Chen, "Lord of reincarnation, it may take twoorthree days to investigate the coordinates of this lost territory."

Ye Chen said, "yes, I can wait."

LV Dongxuan hesitated for a moment, and then said, "Lord of reincarnation, I have a granddaughter named LV qinxuan who came back from the wanxu temple. I promised her to go to pick her up, but now I can't get away to investigate the coordinates of the lost territory."

"If it's convenient for you, can you help me pick her up?"

Ye Chen was stunned and said, "senior, is your granddaughter from wanxu?"

Lu Dongxuan said, "no, she just went to wanxu to talk about business, but it seems that there is no result. Could you please pick her up?"?

She said that she seemed to be stared at by a dark force and dared not move. She was in a place called the land of sleeping dragons, waiting for me to pick her up. "

Then he told ye Chen the coordinates of the place of sleeping dragon.

Ye Chen frowned, and the battle between tiannv and Ren Feifan was imminent, but he didn't want to create complications, and said, "can't you ask others of the chamber of Commerce to go?"

LV Dongxuan asked, "the battle of the fate of the Ren family is imminent, and all the people in the chamber of commerce should help maintain order."

Seeing this, ye Chen shrugged and said, "well, I'll go and pick her up."

Lu Dongxuan was overjoyed and said, "OK, thank you very much. I'll tell her that you can pick her up."

His granddaughter Lu qinxuan may be watched by a dark force and dare not come back.

Now that ye Chen makes a move, he is completely relieved.

Ordinary dark forces can't be ye Chen's enemy naturally.

After the negotiation, ye Chen set out for the place of sleeping dragon.

LV Dongxuan followed Ye Mu's instructions to investigate the whereabouts of the lost territory.

It is said that there is a dragon sleeping here.

This place, in the Taishang world, is also a desolate area without a owner.

When ye Chen came to the land of sleeping dragons, he saw the boundless sky and earth, a piece of sand, and the whimper of the wind passed by his ears, showing a trace of desolation.

"I don't know where Miss Lu is."

Ye Chen's eyes narrowed slightly, and she had an insight into the mystery of heaven, trying to spy on Lu qinxuan.

Suddenly, I saw the sky in the distance, with black air rushing into the sky, magic fog rolling, thundering, and extremely amazing weather.

Behind the weather, there was the majesty of the Immortal Emperor, shrouding the earth and crushing the world, which was extremely fierce.

"This is... The weather of the Immortal Emperor!?"

"What's the matter? Who broke through the Immortal Emperor?"

Ye Chen was surprised. He peeped into the shadow of the Immortal Emperor from behind the weather.

This must be someone who broke through to the realm of the Immortal Emperor, so that such a violent weather can break out.

The source of the weather is not in the land of sleeping dragons.

Ye Chen's eyes were insightful, and he immediately saw that this majestic breakthrough came from the distant Jianmen!

"Jianmen... Can it be said that the demon ancestor Wutian broke through to the realm of Immortal Emperor?"

Ye Chen's eyes are miniature.

The heart of Mozu Wutian has been traded to Qinglai chamber of Commerce.

It is impossible for him to break through without a heart.

The only explanation is that he was completely integrated with Guichen. The two Buddhas and demons were integrated into one, and he obtained the great road of certification, and became the Immortal Emperor at one stroke.

The weather of the Immortal Emperor of Jin spread all over the world and also to the land of sleeping dragons.

It's not a good thing for ye Chen that the demon ancestor Wu Tian Jin became immortal emperor.

Woo

The fairy emperor weather in the distant sky appeared only for a moment, and soon faded away with the whimpering wind.

"Hey, the weather dissipates so quickly. It seems that even if the demon ancestor Wutian is promoted to the Immortal Emperor, his foundation is unstable."

When ye Chen saw this scene, he was a little calm.

His attention was put back to the land of sleeping dragons. When he looked up, he saw black spots on the sand dunes in the distance, as if someone was there.

Whew.

Ye Chen flew over to the wind, and sure enough, he saw a team of people, about 20 people, stationed on the sand dunes.

Everyone's mind is printed with a nightingale emblem, which is the totem of the Qinglai chamber of Commerce.

This group of people, their eyes still looking at the distant sky, their faces with shock, obviously also shocked by the just breaking through of the weather of the Immortal Emperor.

When they noticed Ye Chen coming, they immediately became vigilant and everyone drew out their weapons.

A woman in the middle, wearing a water blue dress, was beautiful and elegant. Seeing ye Chen's figure, she was very happy and said to the crowd, "don't be nervous, everyone. He is the Lord of reincarnation, and was sent by Shizu grandpa to pick us up."

Ye Chen looked at the woman and said, "is your excellency Miss Lu qinxuan?"

The woman laughed and said, "I don't deserve it. It's the little woman who has seen the Lord of reincarnation."

She is Lu qinxuan.
