

Physician 8551

Chapter 8551

Ye Chen nodded, thinking that LV Dongxuan had also passed his will to LV qinxuan and explained the situation, so the matter was easy to handle.

"Miss Lu, your grandfather asked me to pick you up."

Ye chendao.

"Then there is the Lord of samsara."

Lu qinxuan laughed.

Ye Chen "en" a, just want to take her back, suddenly, but from her body, catch a trace of familiar breath.

That was the breath of Shura sword soul!

This Lu qinxuan has been infected with the soul of Shura sword!

"Lord of reincarnation, what's the matter?"

Seeing ye Chen's expression, LV qinxuan suddenly changed and immediately wondered.

Ye Chen frowned and said in a deep voice, "Miss Lu, have you ever touched the soul of Shura sword?"

Hearing this, Lu qinxuan immediately understood and said with a smile, "Lord of reincarnation, don't misunderstand, I have no intention of robbing the soul of Shura sword, but the night mother recently ordered me to talk about business with the wanxu temple to see if I can buy the soul of Shura sword."

Ye Chen was quite surprised, "Oh", and said, "do you want to buy Shura sword soul?"

Lu qinxuan said, "yes, this is what night mother means. I was just ordered to negotiate with the emperor, but unfortunately, it didn't work out in the end. This business is still too big. The Emperor didn't agree after considering it."

Ye Chen suddenly understood.

Night mother wants to buy Shura sword soul, which is probably for her own sake.

However, it is naturally impossible for the ancient emperor Yu Huang to trade easily if he wants to use the soul of Shura sword to build a scabbard of sin.

Lu qinxuan said, "this business didn't work out, but I negotiated another deal under the guidance of my night mother. Alas, I don't know whether it was a blessing or a curse."

Ye Chen's heart moved slightly, and he was quite curious and asked, "I don't know what the deal is?"

With a wave of her hand, Lu qinxuan's light converged, revealing pieces of magic jade slips and martial arts secrets, saying, "I bought all the secrets of the Hong family from the feather emperor at a great cost."

Ye Chen was stunned and said, "the... Secret script of the Hong family?"

Lu qinxuan said, "yes, Hong Chunqiu, the ancestor of the Hong family, is a traitor in the ruins and a person under the legendary witch. After his identity was revealed, the Emperor Yu killed all his people in the Hong family and took his blood to harden the emperor's ancient clock."

Ye Chen pulled his cheek and said, "it's worthy of being the ancient emperor of the feather emperor. His means are as ruthless as ever."

Lu qinxuan said, "I bought the secret script of the Hong family, but it seems that Hong Chunqiu is eyeing it. I can only hide here and wait for my grandfather to pick me up."

After a pause, he showed a gentle smile to Ye Chen and said, "Lord of reincarnation, it's the same with you picking me up. Let's go back."

Ye Chen understood that what LV qinxuan said about the dark forces actually meant Hong Chunqiu.

Being watched by Hong Chunqiu is naturally not a pleasant thing.

Although Hong Chunqiu has a huge cause and effect on his body and will not easily take action in person, his disciples of Xiyan Xianzong and the strong in the death world of Yan Mo are not ordinary people.

Lu qinxuan is only a businessman, so it is naturally difficult to compete.

"Miss Lu, don't be afraid. I'll take you home."

Ye Chen calmed down and wanted to take LV qinxuan and his party back.

But at this time, in the desert of the four directions, black masked figures burst out, and there were hundreds of people, surrounded by Ye Chen and his party.

These people, without even thinking about it, are the people under Hong Chunqiu.

They have been lurking around, and their breath is hidden very well. Even ye Chen didn't notice their existence before he exposed his murderous breath.

They seemed to be afraid, and didn't take action until ye Chen was about to take someone away. Finally, they couldn't bear to appear.

Even if they show up, these people are also with vigilance and fear, and do not rush to do it.

A man in black stepped out, looked at Ye Chen, and said in a deep voice: "Lord of reincarnation, our hell demon death world, although we are enemies with you, today is not the time for a decisive battle, and we have no intention to tear our face with the Qinglai chamber of Commerce. Why don't we talk?"

Hearing this, ye Chen couldn't help laughing and said, "I thought your hell demon death world was a group of madmen who only knew killing. Was it possible to talk about it?"

"What do you want to talk about?"

The man in black showed his outside eyes, and his eyes were a little ugly. He said patiently, "Miss Lu bought all the secrets of the Hong family, including a nine heaven divine skill, the God destroying the sky illuminating skill. I just ask you to return this God destroying the sky illuminating skill to us, and we are willing to pay double the price."

When ye Chen heard the five words "shenmietianzhao skill", he was slightly surprised and looked at LV qinxuan and said, "did you buy shenmietianzhao skill?"

In the nine heaven divination, the God destroys the sky illumination skill is the only forbidden skill.

In those days, this skill belonged to wanxu, but the ancient emperor Yu Huang prohibited anyone from practicing it.

Because the power of shenmietianzhao skill is huge and represents the ultimate destruction in this world.

In terms of the power of destruction alone, this shenmietianzhao skill is even stronger than the Xihuang thunder seal practiced by Ren Feifan.

Such terrible destructive power will even affect the foundation of their own martial arts, and may also damage the foundation of the earth's channels and Qi.

Therefore, in those days, the ancient emperor Yu Huang also prohibited anyone from practicing, just for fear of damaging the Qi of heaven.

Later, this skill was passed to Hong Tianjing.

Hong Tianjing didn't practice himself, so he gave it to his subordinate Gongyefeng to practice.

After Gongye peak and Hong Tianjing both fell, the original aura of this technique returned to wanxu.

Ye Chen didn't expect that LV qinxuan actually bought shenmietianzhao skill.

Chapter 8552

Shenmietianzhao skill was once related to Hong Tianjing. As the ancestor of the Hong family, Hong Chunqiu wanted to take it for granted.

Lu qinxuan said, "yes, I bought shenmietianzhao skill at a great cost."

Ye Chen said, "the ancient emperor of the feather emperor is willing to sell the nine gods skill?"

Lu qinxuan shrugged his shoulders and said, "this is an access control technique. Practicing it may damage the luck of heaven and earth. It's a hot potato. The feather emperor is naturally willing to sell it, as long as you can afford the price."

The man in Black said, "Lord of reincarnation, why don't we make a deal? You give me the God destroying heaven illuminating skill, and I'll give you double the price. In short, you won't suffer a loss, how about it?"

Ye Chen said, "if you want to talk about a deal, just talk to Miss Lu. Why bother talking to me?"

The man in black smiled bitterly and said, "she can't be the master. Buying God's extinction illumination skill means night mother. You are the listener of night mother, and only you can be the master."

Hearing this, ye Chen looked cold and said, "it seems that you know a lot. What if I don't sell it?"

The man in black glanced at the killing opportunity and said, "if you don't sell it, we have to offend."

"Your reincarnation is invincible. We can't defeat you, but if we explode, we don't expect you to do any good!"

The voice fell, and hundreds of martial artists in the death world of Yan demon were all around, Qi Qi, Qi Qi, Qi Qi, Qi Qi, Qi Qi, Qi Qi, Qi Qi, Qi Qi, Qi Qi Qi, Qi Qi Qi, Qi Qi Qi, Qi Qi Qi, Qi Qi Qi, Qi Qi Qi, Qi Qi Qi, Qi Qi Qi Qi, Qi Qi Qi Qi, Qi Qi Qi Qi, Qi Qi Qi Qi, Qi Qi Qi Qi, Qi Qi Qi Qi.

They can't defeat Ye Chen, but if everyone explodes, it can bring ye Chen no small trouble.

People on LV qinxuan's side must also make sacrifices.

This is also a test.

Test the bottom line of Qinglai chamber of Commerce and Yemu!

"In front of me, you are not qualified to explode!"

Ye Chen's eyes suddenly froze, and his whole body exploded. With a bang behind him, the wings of freedom expanded.

Hiss hiss!

At the moment when the wings of freedom unfolded, pieces of feathers, like a sacred flying sword, flew out and slashed around with incredible speed and fierceness.

Poof!

Poof!

Poof!

All the martial artists in the death world of Yan demon were beheaded by Ye Chenyu's sword before they had time to explode. Their bodies fell to the ground with their eyes wide open, and they were all dead.

LV qinxuan and the guards of many chambers of commerce were stunned at Ye Chen's thunderous means.

Ye Chen instantly killed hundreds of people, and slowly folded his wings without effort.

After he wrote his name on the tablet of emperor Feng Shen, the strength of martial arts was greatly improved. Ordinary martial artists had no chance to explode in front of him, and could only be easily wiped out like ants.

Of course, it's also because their strength is not strong enough to kill these warriors so easily.

Hong Chunqiu obviously had concerns and didn't dare to directly tear the skin with the Qinglai chamber of Commerce, so the manpower sent out was limited in strength and more of a temptation.

Ye Chen doesn't care what Hong Chunqiu thinks. In short, if these people dare to threaten him, he will kill them all and clean them up.

"Lord of reincarnation, you are really powerful. No wonder Lord Yemu appreciates you so much."

Lu qinxuan couldn't help but exclaim.

Ye Chen said in a deep voice, "Miss Lu, show me the secret script of shenmietianzhao skill."

Lu qinxuan gave a cry and hurriedly offered a piece of jade slips that were almost transparent, showing a green color. The aura on them floated, revealing five big characters:

God destroys the sky!

Ye Chen's heart beat violently when he saw the secret script of shenmietianzhao skill.

In fact, with his current martial arts strength, even the nine heaven magic, it is difficult to meet him.

However, the nine heaven divination involves the cause and effect of the thirty-three heaven divination.

That thirty-three heavenly magic, even if put into the non space and time, is also a super first-class magic secret.

If you can master it, you will have infinite power and endless killing.

It's simply God destroying heaven illuminating skill, which naturally can't attract Ye Chen's attention.

But the cause and effect of the thirty-three heavenly gods behind this technique made Ye Chen extremely excited.

LV qinxuan also saw Ye Chen's heart, handed the jade slip to him, and said, "Lord of reincarnation, this God destroys the sky, and I'll give it to you later. Lord Yemu also wants to give it to you."

Ye Chen nodded, but there was no nonsense. He accepted the jade slips and said solemnly, "thank you! In the future, I and your Qinglai chamber of Commerce will be absolute allies!"

Ye Chen's mother gave him too many benefits, and he would not be ungrateful.

.....

It's time for ye Chen to take LV qinxuan back to the LV mansion in the Qinglai area.

There was no accident on the way, and it was very smooth.

In whole world, no one wants to offend night mother.

Night mother knows how to be measured, only deals, and never meddles in the cause and effect of all parties.

She left her own brand in the world in the way of trading and management to lay out the layout for the future.

In the future, God war will rise again, and she may be involved in the vortex at any time.

As long as she left enough marks in this world, she would not be killed easily.

Gods are very difficult to kill. As long as a little trace remains, they will not die completely.

Ye Chen stayed in Lu Fu and silently understood the mystery of God's killing the sky and illuminating the power.

He is gifted to surpass, and this divine extinction illumination skill naturally comprehends thoroughly in an instant.

However, he was not satisfied.

He tried to trace the secret of heaven, hoping to get a glimpse of the mystery of the thirty-three divine arts behind the God destroys the sky.

However, the thirty-three divine arts are extremely mysterious, and ye Chen can't see anything.

Chapter 8553

Two days later, Lu Dongxuan returned.

He was delighted to see that LV qinxuan had returned safely.

"Elder, have you found the coordinates of the lost territory?"

Ye Chen can't wait to ask.

"Yes."

Lu Dongxuan asked Xu with a smile.

"Where is it?"

Ye Chen asked.

"In a place called lost territory, it will open in about a month."

Lu Dongxuan took out a map and handed it to Ye Chen, which was recording the coordinates of the lost territory.

"Lost territory, one month later..."

Ye Chen unfolded the map, her eyes slightly coagulated, and her heart was calculating.

"Hehe, Lord of reincarnation, do you want to go now?"

Lu Dongxuan asked with a smile.

"No, it's open in a month. It's the right time. I'll leave then."

Ye Chen calmed down, and the decisive battle between tiannv and Ren Feifan was imminent. In addition, he also agreed with Xiao Xinghe to go to wanxu to get the soul of Shura sword.

Besides, Jiang Meiyin had promised her before. Jiang Meiyin had never found herself, and I'm afraid she didn't want to get involved with Yemu.

However, he felt that what Jiang Meiyin asked for should soon appear.

Everything is busy, and the lost territory opens in a month, which just gives Ye Chen enough time to deal with the things in front of him.

After taking back the soul of Shura sword and restoring the reincarnation sky sword to its integrity, his strength will be improved again.

At that time, it will be much easier to go to the lost territory to find the treasure.

"When the territory is open, our chamber of Commerce will also send someone to take care of it."

Lu Dongxuan laughed.

"Do you also want to look for treasure?"

Ye Chen felt a chill in his heart.

"Don't worry, Lord of reincarnation, we are allies. The chamber of Commerce will not rob you of treasure. Even if you get any treasure, the night mother will give it to you."

"We actually want to collect some ancient law fragments. These fragments are useless to you, but they can strengthen the deity of Yemu."

Lu Dongxuan explained.

"I see. At that time, everyone will have a care. The treasure is ownerless. You can take whatever treasure you want, regardless of me. Everyone depends on luck."

Ye Chen smiled.

The discussion has been settled, and ye Chen continues to live in Lu's house, waiting for the beginning of the dispute over the fate of the Ren family.

With Ren Feifan and tiannv, the day of the decisive battle is getting closer and closer. In the Taishang world, more and more martial artists are pouring into the Qinglai region to see the battle of the Immortal Emperor, which has attracted worldwide attention.

Yuhuang ancient emperor of wanxu, Wutian demon ancestor of Jianmen, ye Linyuan of Tianqing League, immortal Chongyang, leader of the evil and righteous sect of Zihuang fairy palace, and so on. Many big people came.

Qinglaiyu was busy maintaining order, and quickly set up statues of night mothers to warn the world.

Behind Qinglai domain, there is the shelter of night mother. If you want to make trouble here, you'd better weigh your qualifications first!

The night before the decisive battle.

Ren Feifan came to Qinglai area and made an appointment with Ye Chen.

The two met at the top of a barren mountain.

"Tomorrow is the day of war. I'm uneasy."

"Ye Chen, did you engrave your name on the tablet of the emperor of heaven?"

"Even, your name overlaps and interweaves with the name of the heavenly daughter?"

Ren Feifan stood in the wind, carrying his hands, frowning tightly, and his voice was a little uneasy.

"Yes."

Ye Chen trembled in his heart and responded frankly.

Ren Feifan was silent for a moment, frowned deeper, and said, "it's troublesome. Your fate is intertwined with the goddess. It's not easy for me to defeat her again."

Ye Chen said, "elder Ren, you have no confidence to defeat the goddess?"

Ren Feifan said, "if your name is not intertwined with her, I have absolute confidence that I can beat her, no matter what cards she has."

"However, your fate is intertwined, and what I want to deal with is no longer the goddess alone, but also the huge law of reincarnation."

"I am the guardian of reincarnation, how can I fight against the law of reincarnation?"

Ye Chen's face sank and said, "master Ren, are you going to lose?"

Ren Feifan said, "it's impossible to lose. In this starry sky, no one is qualified to defeat me. I just want to defeat tiannv. It won't be as easy as I imagined."

Ye Chen said, "sorry..."

Ren Feifan said, "needless to say sorry, this is your choice, and I also know that you will never regret it."

Ye Chen smiled bitterly. He really didn't regret it.

Now when he heard Ren Feifan say that it was difficult to defeat tiannv, he was a little elated.

It's best for the two to draw, and no one should be injured, then everyone will be happy.

"Are you going to wanxu tomorrow to get back the soul of Shura sword?"

Ren Feifan asked again.

"Yes."

Ye Chen's heart coagulated and said.

"Well, the soul of the Shura sword is extremely important and can't be lost. You'd better go and prepare tonight to make everything possible."

Ren extraordinary way.

Ye Chen thought for a moment and said, "no, master Ren, I still want to see your battle with the goddess tomorrow, and then set off for wanxu."

Ren Feifan said, "well, watching the battle of the Immortal Emperor can make you understand the martial arts and improve your accomplishments. This is a rare opportunity, but you should be careful not to be stared at by the ancient emperor Yu Huang. He will also watch the battle tomorrow."

Ye Chen said, "yes!"

After the negotiation, Ren Feifan left.

Ye Chen is a little disappointed. He doesn't want to see anyone injured in the decisive battle tomorrow.

Time is in a hurry, and the night passes quickly.

In the morning of the next day, the whole Qinglai area was boiling.

The sun is shining on the earth, and countless warriors are facing the sun and rushing to Xiandi platform.

Xiandi platform is said to have been built by the God of wind.

Believers of the God of the wind can directly see the God of the wind himself when they fly up from the Xiandi platform, and get blessing and protection in the dangerous Wuwu space and time.

However, since ancient times, no one has been able to fly up from Xiandi platform.

It is extremely difficult to become immortal emperor, not to mention to prove the truth.

Xiandi platform is a huge platform suspended in the air, suspended in the center of mountains, surrounded by thousands of mountains, with clouds transpiration, Ruixia spray, and a fairyland atmosphere.

At this moment, on the Immortal Emperor platform, the two figures stood silent and motionless like sculptures, holding long swords in their hands. It was Ren Feifan and tiannv.

The morning wind blew their hair and clothes, looking elegant and clear, like the gods in the sky, detached from the earth.

On the north side of Xiandi platform, there is a statue of Yemu.

This statue is a new creation, mainly to prevent the war between Ren Feifan and tiannv. If the power is too strong, it will destroy Qinglai region.

The presence of the statue of Yemu can at least ensure that the Immortal Emperor's fighting spirit of the two people will not destroy this world.

On the mountain around Xiandi platform, countless martial artists gathered and looked at Ren Feifan and tiannv, pointing, with a trace of admiration in their tone.

These two most famous geniuses in the world, from the peerless figures of the same family, finally kicked off the decisive battle today.

Qinglai chamber of Commerce gives full play to the true colors of businessmen and opens a gambling bucket.

Chapter 8554

On the surface, Ren extraordinary's winning rate is much higher than that of tiannv.

But in the end, the chips of the two people are almost the same.

Because tiannv's reputation is outside, countless martial artists admire her, so even if they know tiannv's disadvantages, they are willing to bet on her.

Ye Chen, wearing a bamboo hat and hiding his breath, stood on a remote hill and silently watched the lively scene in front of him.

Among the mountains, there are two peaks, and the weather is particularly fierce.

At one of the hills, the rosy clouds are rolling, the golden lights are thousands of ways, bright and brilliant, and people from the wanxu Temple sit on it.

One person in the middle is the emperor!

Beside the ancient emperor, there are several guards wearing masks.

These masked guards are said to be the strong ones summoned by the ancient emperor Yu Huang from time and space, and are called "Dharma protecting Yasha".

The responsibility of Dharma protector Yasha is to protect the ancient gods and clean up all threats for the ancient gods.

In fact, the ancient emperor Yuhuang is the ancient emperor Yuhuang, and the ancient god Tuodi is the ancient god Tuodi. One is the present body, and the other is the future body. It is completely two people.

But in the eyes of these Dharma protectors, there is no difference between the two, they are all one.

Ye Chen thought to himself, "the ancient emperor Yu Huang even summoned the Dharma protector Yasha. In the future, he may really be qualified to summon the ancient sword of sin."

Thinking of this, Ye Chen's heart was also dignified.

The ancient emperor Yu Huang narrowed his eyes slightly and looked at the two people on the Immortal Emperor stage with a smile, but he didn't notice Ye Chen's existence.

He knew Ye Chen was hiding in the dark, but he didn't deliberately search, because it was unnecessary.

This is the territory of Qinglai Chamber of Commerce, and the statue of Yemu is in front of him. Even if Ye Chen is found, he can't do anything here.

"When I step into no time and space, sooner or later I will wipe out the night mother and the nine gods!"

The feather emperor's heart flashed a trace of ferocity, and his palm shrank in his sleeve robe. He continued to deduce, figuring out how he would fish in troubled waters in the decisive battle of Ren family today.

Ye Chen's eyes moved away from the emperor and fell on another mountain.

The mountain was full of demons and black fog, and was full of the strong men of Jianmen.

Surrounded by countless sword sect strongmen, a man like a demon king sat up with dignity, exuding the divine power of the Immortal Emperor, and was vast.

This man looks a little like Guichen, and a little like magic ancestor Wutian. He is old and young.

In other words, this man is actually the combination of Guichen and Mozu Wutian!

Guichen and Mozu Wutian finally merged completely.

The combination of the two has broken through the restrictions of martial arts and stepped into the realm of Immortal Emperor at one stroke!

Ye Chen looked carefully and found that this body, emitting the atmosphere, was all demon gas, and there was no smell of the blending of Buddha and devil.

After careful induction, he found two souls hidden in the body.

That is the soul of the devil ancestor Wutian and Guichen.

The two bodies are fused, but the soul is not yet fused.

The spirit of demon Zu Wutian has the upper hand, so the breath shown is all demon Qi.

The incompatibility between the Buddha and the devil led to the foundation of the cultivation of the devil ancestor Wutian, which was also quite unstable. Although he was promoted to the Immortal Emperor, he was still a little behind Ren Feifan, tiannv, Yu Huanggu emperor and others.

Of course, the gap belongs to the gap and becomes the Immortal Emperor, which is the existence of standing at the peak of this world.

Even if the demon ancestor Wutian stood still and let the ancient emperor Yu Huang kill him, the ancient emperor Yu Huang couldn't completely kill each other unless he used an artifact.

Even if there is no heart!

The Immortal Emperor is so powerful that he can't be killed with all his earthly strength. He must rely on Wuwu.

Demon Zu Wutian was promoted to Immortal Emperor, and vaguely, he resonated with the demon Xinghai, and he may even become a new God of death!

"Is Guichen dead?"

Ye Chen is a little confused. Now the demon ancestor Wutian has fused with Guichen.

The body in front of him, is it magic ancestor Wutian or return to dust?

Ye Chen also couldn't understand this problem.

He only knew that the demon ancestor Wu Tian became an Immortal Emperor, and even resonated with the demon star sea, and had the opportunity to become a god of death, which was definitely not a good thing for the reincarnation camp.

The sun shines.

On the Immortal Emperor's stage, Ren Feifan and tiannv are still confronting each other.

"Xiao Fan, can I do three tricks?"

The heavenly daughter smiled and said.

Ren Feifan was silent for a while, and then nodded, "yes."

"Good!"

With a scold, tiannv suddenly waved Binghuang Tianjian and stabbed out with a sword.

The sword Qi is startling.

This is the killing sword of the Immortal Emperor master. The ice Phoenix roared, the cold snow shook, the temperature around the Immortal Emperor platform fell suddenly, and frost flowers accumulated on the mountains.

The crowd felt a bitter chill and a commotion, cheering for the proud posture of the goddess.

Ren Feifan was silent and retreated.

Although the weather of tiannv's sword is fierce, it is actually just a test.

He said to let her do three moves, so he wouldn't fight back. He just dodged, stepped on the stars, and his steps were mysterious and unpredictable.

Tiannv lost her sword.

"One move."

Ren Feifan said word by word.

The heavenly daughter's eyes were cold, and suddenly called out the wishing fairy pool. A piece of clear water emerged at her feet, and countless wishful gods shone and bloomed like stars.

"I wish that the ancient god would smash the starry sky with a palm!"

The goddess of heaven made a huge singing sound, and her wish was burning. A golden word "Lin" shone out of the pool water.

It's actually the Linzi formula in Brahma divine skill.

Brahma's divine skill has a nine character secret, and those who fight in front of soldiers are arrayed to move forward.

Chapter 8555

Tiannv was once the pride of wanxu, and naturally she also practiced the Brahma divine skill.

At this moment, she actually combined the Linzi formula in Brahma's divine skill with the wishing fairy pool.

As soon as the Linzi formula comes out, it can summon ancient gods and demons to come.

In the wishing fairy pool, a huge ancient palm rose violently, and the palm veins were like the Milky way. It was clearly visible that it was as powerful as the sky, carrying wind and thunder, rumbling and pounding towards Ren Feifan.

This palm, unexpectedly, is the palm of an ancient god. Under the call of the goddess of heaven, it crosses the river of years and endless time and space, breaking and killing.

Even the strong man of the quasi Immortal Emperor will be seriously injured if he doesn't die under this palm.

Ren Feifan's face sank, and he still didn't fight back, so he stepped away and dodged.

But this palm was too powerful. He didn't fight back. If he dodged, he couldn't completely escape.

Bang!

Ren Feifan's middle palm on his shoulder broke out a dull sound, which was enough to burst the palm of the starry sky, and also made his body shake slightly, but he was not injured.

"Xiao Fan, when did your body become so powerful?"

Tiannv was slightly surprised, but she knew that the opportunity could not be missed. Taking advantage of Ren Feifan's attack, she used the third move.

"Gun of dragon fight, town!"

Wishing that the water in the fairy pool was boiling, countless golden dragons rose into the sky and roared fiercely.

A long gun, surrounded by countless dragon shadows, emerged.

That's actually the strongest secret skill of the rock god Tianzun, the gun of dragon fight!

"Tiannv also learned the gun of dragon fight?"

Ye Chen was surprised when he saw this. He knew it was the mystery of Yan Shengu.

The goddess refined the rock god bone, and also mastered many magical powers of the rock god God.

With the power of the Immortal Emperor, the gun of dragon fight was unstoppable, sweeping the world.

When seeing tiannv's longdou gun appear, all the audience were shocked, and many people retreated in fear of suffering from fish in the pond.

Fortunately, the statue of Yemu on the Immortal Emperor's platform was glittering and translucent, forming a layer of prohibition, which isolated the terrible fighting waves here from the outside world.

The gun of the dragon fight fell, and the whole Xiandi platform was full of the roaring weather of the divine dragon.

Ren Feifan saw that the gun of dragon fight was suppressed, and his palm was pinched with a click, and he wanted to fight back.

However, he said that if you want to let tiannv do three tricks, you will never fight back.

The power of the Dragon fighting gun enveloped the whole Xiandi platform and blocked all time and space. Ren Feifan was unable to dodge, so he took a deep breath and burst into thunder aura. He stood still like a mountain sculpture, but he was forced to be hit by the goddess of heaven.

Bang!

Tiannv longdou's gun town was killed and severely bombarded Ren Feifan, making an earth shattering noise.

Ren Feifan snorted stiffly, shook his body, his face was pale, and a trace of blood was secreted from the corners of his mouth.

This dragon fighting gun is the supreme magic power of the rock god. He will not feel good if he is hard hit by such a violent blow.

However, his body just shook for a moment, and immediately straightened up again. His eyes were as sharp and cold as a blade, and a bright sun rose behind him, which was the legendary Golden Wheel of the emperor of heaven.

"Tiannv, three moves have been made. It's my turn."

Ren Feifan wiped the blood off the corners of his mouth and smiled.

All the martial artists in the audience felt Ren Feifan's imposing momentum and were shocked.

The feather emperor and the demon ancestor Wutian were also stunned.

They asked themselves that if they were beaten by the dragon fight, they would definitely be seriously injured if they didn't fight back.

But Ren Feifan, only slightly injured, immediately recovered.

"The divine power of the Golden Wheel of the emperor of heaven is so fierce."

"It seems that I must summon the ancient sword of sin as soon as possible."

"Otherwise, if Ren Feifan has the highest artifact, I don't have it, and I will suffer losses."

Countless thoughts flashed through the heart of the feather emperor. Now he can summon the sword intention of the ancient sword of sin, but he can't summon the real sword body down.

It's better to say that he is not strong enough, but the ancient sword of sin is too powerful to accommodate the real world. He must have a strong enough scabbard.

Seeing that she hit with all her strength and failed to cause any damage to Ren Feifan, the goddess couldn't help sighing, retreating two steps and saying, "Xiao Fan, you have the Golden Wheel of the emperor of heaven, and the magic weapon is much more powerful than me."

The Golden Wheel of the emperor of heaven is so bright that the goddess of heaven can't even look directly at it.

Ren Feifan shook his head and said, "no, I just borrowed the power of the Golden Wheel of the emperor of heaven and didn't completely control this artifact. My magic weapon has the same power as your emperor's book, and it's not taking advantage of you."

The heavenly daughter smiled and said, "really?"

Then let's compare. "

The voice fell, and the goddess pinched the formula with her slender hands. Behind her, there was a rumble and vibration, and an ancient book emerged.

That is the legendary book of the emperor of the earth.

Every page of the book of the emperor of the earth is extremely heavy, which is very difficult to turn.

Once the pages of the book are turned, the air engine of the whole earth will be driven, and the earth will fall apart, which is very terrible.

At this moment, the goddess summoned the book of the emperor of the earth, and with a move of thought, the pages of the book flipped up and down without any obstacle.

She refined the rock god bone, and was able to easily urge the Emperor God book.

This is one of the three emperors' treasures, which is beyond the great existence of the starry sky in this world.

Boom!

The book of the emperor of the earth flipped rapidly, and the whole Xiandi platform also vibrated violently. Time and space opened up, and mountains rose from the ground. There were marshes in the mountains, and magma under the marshes, all of which were the terrible weather of killing the earth.

Ren Feifan stepped into the swamp, but felt that his feet were extremely hot, and the magma under the swamp was boiling.

The earth vein of the whole Qinglai area is also shaking, as if it is about to collapse.

Fortunately, there is a night mother to guard, otherwise, the power of the goddess of heaven, the emperor of earth and the divine book is enough to destroy the world.

Ren Feifan's face sank, his body rose in the air, not stained with fine dust, and the Golden Wheel of the emperor of heaven behind him was as bright as the sun, constantly blooming golden light, guarding him.

"The earth emperor is angry, the rock god is punished by heaven, thousands of mountains and mountains, listen to my orders!"

As soon as the goddess pinched the formula, the earth emperor's Divine Book burst into golden light, thousands of mountains emerged around her, and then clicked, and the mountains turned into huge rock knives and swords, converging into a startling torrent, roaring towards Ren Feifan.

"The emperor of heaven, I am the general of heaven, broken!"

With a grip of Ren Feifan's palm, the Golden Wheel of the emperor of heaven was shining brightly, showing the atmosphere of the great kingdom of heaven behind him.

In the kingdom of heaven, Ren Feifan is not God. The throne of God is prepared for ye Chen.

He is a general of heaven and a general of war. He is blessed by the law of reincarnation. He is powerful and unparalleled.

The golden lights of the emperor of heaven shot out, rumbling, smashing countless rock knives and swords.

There are even many golden lights of the emperor of heaven, sharp as a flying sword, killing the goddess of heaven.

Tiannv reacted very fast and dodged like lightning.

Chapter 8556

She refined the rock god bone, and her physical strength and reaction ability have made a qualitative leap.

"Ice Phoenix Sky Sword, melt array!"

As soon as she dodged Ren Feifan's attack, the tiannv immediately fell into the sword formation, and used the ice Phoenix Tianjian to create a cold and cold sword formation to surround Ren Feifan.

"Xihuang thunder seal, no deceitful thunder, fall!"

Ren Feifan's face didn't change color. As soon as he pinched his handprint, he immediately burst out the Xi emperor's thunder seal, and communicated without time and space, summoning the next terrifying thunder to fight against the tiannv sword array.

Xihuang thunder seal, one of the nine gods, is also inherited from the thirty-three gods in wuwuwuspacetime.

Ren Feifan cultivates Xi Huang Lei Yin and is proficient in communication.

The two immortal emperors are the strong ones. The peak duel, and the magical powers of martial arts emerge in endlessly, which is dazzling.

All the people who watched the war were completely shocked.

Some people with weak cultivation could not even bear the momentum of martial arts, so they knelt down and vomited blood on the spot.

Ye Chen is also watching the war, feeling very nervous.

Suddenly, Ren extraordinary's eyes were cold, and he summoned a crafty thunder and sword Qi from no time and space, and stabbed the goddess in the back from an extremely tricky angle.

This sword is a sneak attack, very fierce.

Tiannv was surprised. She didn't expect that Ren Feifan could actually communicate with wuwuwushi and summoned the sword Qi.

This sword was so tricky that she just felt that her heart was about to be pierced.

In the crisis, she quickly sidled to avoid.

Hiss.

This sword Qi pierced from her back, pierced out of her chest, and rubbed her heart through.

Tiannv only felt the pain in her wound. Fortunately, she didn't hurt the key point, and suddenly she was in a cold sweat.

She hurried back to mobilize the energy of the wishing fairy pool to heal the wound.

"Unfortunately..."

Ren Feifan sighed with a sigh. He was determined to win the sneak attack with this sword, but he didn't expect to be dodged by the fairy.

The heavenly daughter narrowly escaped death, calmed down a little, smiled and said, "it seems that my name is intertwined with reincarnation. There is also great luck to protect it. Even if you sneak attack, you can't kill me."

She had already sensed the mystery of heaven and knew her name. Her name and ye Chen's name were intertwined and overlapped on the tablet of the God of heaven, and her fate was implicated.

In other words, she also has the shelter of reincarnation.

Ren Feifan wants to kill her, which is equivalent to fighting against the truth of reincarnation. It is undoubtedly difficult to ascend to heaven.

It's just that fate is intertwined, and the shelter brought by the law of reincarnation is so terrible.

If you devour reincarnation, isn't it a powerful and invincible force in the heavens?

Tiannv thought like this. In her heart, the killing intention was becoming stronger and stronger. She just wanted to kill Ye Chen and devour everything he had.

Although Ye Chen said he was willing to protect her.

But it's better to have everything than to have it yourself.

With her temper, she will never yield to others.

Her martial art is to strive for the first place.

Only by killing reincarnation, can we have the chance to reach the top.

Now the fate is intertwined, which also makes the goddess feel the power of the law of reincarnation. Indeed, it is above the heavens.

If it weren't for the protection of reincarnation, the sword of Ren extraordinary just now, even if it didn't kill her, would be enough to hit her hard.

Ren Feifan's killing failed, his momentum declined greatly, and he looked gloomy.

"Xiao Fan, if you can't kill me today, I should kill you!"

Tiannv's beautiful eyes were cold, and she suddenly kneaded a magic formula. Her delicate body aura shone, blooming snow lotus blossoms, and a force of soul quietly filled out.

That's nine heaven magic, the power of nine heaven holding Pu Jue!

Among the nine heaven divine arts, the nine heaven baopu Jue is the only mental cultivation method, which is the power to cultivate the mind.

Tiannv is the master of Jiutian baopu Jue!

At this moment, she displayed the nine heaven embrace simplicity formula, and the sacred and magnificent spiritual power turned into a huge spiritual boundary, covering the world around.

Fierce as the tide of spiritual impact, roaring towards Ren extraordinary.

The martial artists around were also affected by the spiritual impact. Many people were confused and knelt down to the goddess on the spot to show their submission.

This is the influence of the soul!

Call all souls.

Ren Feifan was impacted by Jiutian baopu Jue. His body was as stable as a mountain, and his heart was as peaceful as a rock, not affected at all.

His heart, even the most peak of the heart demon big mantra sword, is hard to shake, let alone nine days embrace Pu Jue.

The goddess of heaven also knew this, and the aura continued to pour into the past, and the power of spiritual impact became more and more violent, reaching the point of tearing nothing.

There is a resonance in the distant space-time.

The spiritual impact of the goddess turned into a torrent of white light visible to the naked eye, in which countless Meteorologies, earthly dreams, the wishes of thousands of people, one mind for all ages and so on emerged.

"Xiao Fan, let me see if your Tao heart can withstand the impact of Wuwu."

"My dream flows with one heart, and my dream will kill all enemies on earth. I am a woman and a supremacy!"

The goddess's eyes showed a cold meaning, such as the supreme goddess. The power of spiritual impact was so strong that it was beyond the starry sky in this world, and broke out an unprecedented breath.

It's not the breath of nine heaven magic, but the breath of thirty-three heaven magic, the flow of dreams!

Dreams flow with one heart, one of the thirty-three divine arts, is the source of Jiutian baopu Jue.

At that time, Hongjun ancestor watched the flow of dreams, transformed the secret arts of this school, and evolved into Jiutian baopu formula.

Jiu Tian Bao Pu Jue is just a simple spiritual attack and defense technique.

But dreams flow with one heart, but they contain extremely mysterious dream philosophy.

There is no time and space, which is the gathering place of countless future fantasies.

In that space-time, fantasy may become reality.

Chapter 8557

This dream flows with one heart, which contains the wisdom of great wishes, great cherished thoughts and great vows.

Dream with one heart, as long as there is a dream, it may become a reality!

The goddess of heaven cultivates the nine day embrace Pu Jue, which is actually to the point of tearing apart nothingness, returning to the source, and connecting the dream with one heart.

Her dream at the moment is to kill Ren Feifan!

This strong dream forms a terrifying spiritual impact, constantly attacking Ren extraordinary Tao heart.

Ren Feifan's face suddenly sank, his eyes were cold, and said, "tiannv, so this is what you said."

Around the Immortal Emperor platform, on the mountains, many martial artists felt the strong dream and desire of the goddess of heaven, and they were all shocked.

Thirty three heavenly divination, which is beyond the existence of earthly terror, is also a super first-class technique, even in the absence of time and space.

Everyone didn't expect that the goddess of heaven actually mastered the magic of dream flow.

Ye Chen was also shocked when he saw this.

If he fought against the goddess, he would be dead.

He has not yet ascended to the mysterious realm of heaven. If he is facing the impact of the dream of the goddess of heaven, he is absolutely unbearable.

Heaven's dream is to kill him. When this dream bursts out, he has only one way to die.

The heavenly maiden dreamt that she would kill all the strong enemies, dominate and respect the world.

Her strong dream shocked time and space, and the whole Xiandi platform was violently turbulent.

Ren Feifan is in the vortex center of the dream torrent. Even the Emperor Yu and the demon ancestor Wutian are in danger of being torn apart in this vortex center.

However, Ren Feifan actually stood still.

Behind him, the Golden Wheel of the emperor of heaven was suspended, the golden light was blooming, and the pupils of his eyes were also turned into gold.

"Heavenly daughter, your dream is one mind, and you can't kill me."

"I have fallen without time and space, after thousands of centuries, my wish is above you."

Ren Feifan made quite a sound of vicissitudes. The Golden Wheel of the emperor of heaven burned, and the majestic golden light burst. Unexpectedly, all the dream breath was evaporated.

Hiss!

Ren Feifan waved again, and a golden sword burst, cutting off the connection between the goddess and wuwuwuspacetime.

"Puff!"

The heavenly daughter vomited blood on the spot, her face was pale, and she looked at Ren Feifan with great astonishment:

"This... This is impossible. Your power has surpassed the Immortal Emperor?"

At this moment, Ren Feifan's breath is perfectly integrated with the Golden Wheel of the emperor of heaven. He exudes a vast power, which is beyond the power of the stars in this world, such as the legendary arrival of gods.

"I said that no matter what cards you have, you can't beat me."

"I defend the path for reincarnation, borrow the Golden Wheel of the emperor of heaven, and walk alone in the starry sky of this world. You are not my enemy."

Ren Feifan's whole body is full of golden light, and the Lingxia is rolling, just like the incarnation of the sun. As soon as his palm is lifted, countless golden lights condense, and he is about to cut out his sword and kill the tiannv.

Boom.

But at this time, in the depths of distant space and time, it seems that some force has come, and a gate appears in the sky.

That gate, full of the mysteries of truth and mysterious runes, turned out to be the gateway to no time and space.

A powerful connecting force came out of the door, shrouded in Ren Feifan, and tried to drag him away.

That is the power of time and space.

It is the call of truth!

"Elder Ren is going to rise?"

Ye Chen was startled when he saw this scene.

Ren Feifan broke out with all his strength at this moment, and his power was so majestic that the real world was difficult to accommodate. He unexpectedly shocked wuwuwuwuwushi and attracted the power of connection.

Seeing this, the goddess was stunned for a moment, and immediately laughed and said, "Xiao Fan, Congratulations, you are powerful, inspired by the truth, and you will soon rise."

"I can't beat you. I lost this battle."

She admitted defeat, but her face was not a little depressed, but full of joy.

As soon as Ren Feifei rose, reincarnation lost the protector, so it was much simpler for her to kill Ye Chen again.

Yu Huanggu Di, Mo Zu Wutian, double ninth immortal and others were also extremely surprised to see Ren Feifan about to rise.

The audience around, shocked and stunned, looked at the truth gate in the distant sky, and wanted to feel something through this gate.

However, the mystery of truth can not be peeped by ordinary warriors?

Many martial artists want to understand the Tao, but they are backfired and scream.

Ren Feifan's face sank. He still had countless things to solve in the real world. How could he fly so easily?

Moreover, if you step into wuwuwuspacetime without preparation, you will definitely be stared at by countless monsters in the dark. There is only a dead end.

"Who said I would fly?"

"Tiannv, even if I want to go to wuwuwuspacetime, I will kill you first and solve the future problems!"

Ren extraordinary's voice was cold, and suddenly burst out a sword. Nine rounds of blood moon floated, and the sword awned like a prison, cutting off all the connecting power in the hell.

Woo

The gate of truth in the sky was also destroyed.

Ren Feifan takes another sword and cuts at the goddess.

However, the sword stopped halfway.

His hands shook badly, his eyes were torn, and his hair was scattered.

I saw his skin, I don't know when, actually cracked, penetrating the bleeding water.

"Xiao Fan, you insist on staying in the real world and refuse to fly. I'm afraid you'll suffer a lot from the backlash."

Tiannv laughed and took this opportunity to immediately wave the ice Phoenix sword and stab Ren Feifei's heart.

Ren Feifan's refusal to soar and his forcible resistance to the power of truth has been seriously backfired.

"Even if I am backfired, you are not my enemy."

Ren Feifang's eyes glittered with gold, forcibly suppressed his own backfire, and fought with the goddess with a sword.

Chapter 8558

But now in this state, it is difficult for him to defeat tiannv.

The two men fought with equal strength and equal strength. Their swords were so fierce that they couldn't tell the victory from the defeat for a while.

The feather emperor and the demon ancestor are all ready to intervene and fish in troubled waters.

However, afraid of the dignity of night mother behind Qinglai domain, the two never made a move.

"Ye Chen, don't be stunned. In a short time, it's difficult for me and the goddess to win. Go to the wanxu quickly and get back the soul of Shura sword. The opportunity is not lost."

At this time, ye Chen heard Ren Feifan's voice.

Ye Chen was very worried when he saw that Ren Feifan was bitten by the truth, but he didn't lose in the face of the heavenly daughter. The two sides were just tied, and his heart was a little calm.

"Master Ren is really powerful. If he doesn't fly up forcibly and is backfired, he can fight alone with tiannv."

Since Ren Feifan is all right, ye Chen's mind is also active.

Today is the day when he and Xiao Xinghe agreed to trade.

The ancient emperor of the feather emperor is here. If he sneaks into the realm of the feather emperor quietly, no one will find him.

This is a once-in-a-lifetime opportunity!

Thinking like this, ye Chen gritted his teeth and immediately left the battle field of Xiandi platform. Out of Qinglai domain, he immediately rushed to the realm of the feather emperor.

In his mind, the scene of Ren Feifan's decisive battle with tiannv still flashed back.

The two immortal masters fight each other, and all kinds of martial arts magic powers. If you carefully ponder and chew, you can definitely gain martial arts.

But now, ye Chen doesn't have much time to figure it out.

"Master Ren's cultivation is invincible. Even if he doesn't win this battle, he will never lose."

"With the protection of the night mother, there is no need to worry about the disturbance of the feather emperor and the demon ancestor."

Ye Chen calmed down and knew that there would be no big accident in the battle over Qinglai domain. He didn't have to worry.

Now, the most important thing in front of him is to get back the soul of Shura sword!

As long as you take back the soul of Shura sword, his reincarnation Heavenly Sword can be restored to its integrity.

At that time, it will be easier for him to find the lost treasure of Zu xuantu again.

.....

The realm of the feather emperor is the culmination of the supreme world and the world where the wanxu temple is located.

Today, the ancient emperor Yu Huang went out to watch the war, so the whole realm of Yu Huang was fully defended, and countless strong men were on guard, ready to guard against the enemy attack.

Ye Chen is worried that the ancient feather emperor will steal his home, and the ancient feather emperor is also worried that he will steal his home. Both sides are on their own guard.

Ye Chen came outside the realm of the feather emperor, and did not take the opportunity to sneak attack the wanxu. He just wanted to get back the soul of the Shura sword.

Hoo!

Ye Chen urged the wind of dawn, and his body turned into a breeze, silently, sneaking into the realm of the feather emperor.

As long as he doesn't expose his murderous spirit and be free from bloody cause and effect, he won't be found.

After stepping into the realm of the feather emperor, ye Chen faintly caught the breath of Xiao Xinghe, and his will spread, saying:

"Master Xiao, I'm coming."

Soon after the sound came out, an old figure, dignified and careful, landed in front of Ye Chen.

It is Xiao Xinghe.

"Lord of reincarnation, you are here. Nothing unexpected has happened?"

Xiao Xinghe sighed with relief and asked.

"No."

"Elder Xiao, where is the soul of Shura sword?"

Ye Chen asked. He felt that there was no breath of the soul of the Shura sword on Xiao Xinghe.

"Come with me. Remember to hide your breath and don't expose it."

Xiao Xinghe condenses the important road.

Ye Chen gave a "hum", then hid her breath and appearance, and set out with Xiao Xinghe.

Xiao Xinghe took him to the city of Xiao family.

The Xiao family is one of the top ten Heavenly monarch aristocratic families, which has been thriving for many years. In the realm of the emperor, the weather is also very prosperous.

The population of Xiao city alone is as many as ten million, prosperous and glorious.

Xiao Xinghe looked at the bustling scene of Xiao city, but there was no joy, but his face was full of bitterness.

Prosperity is a burden.

Xiao family and Xiao city are both his burden.

He dared not disobey the ancient emperor Yu Huang, because if he disobeyed, Xiao Cheng would die because of him.

The cause and effect is too heavy for him to bear.

He was cautious about dealing with Ye Chen this time.

Walking all the way, they came to a barren mountain.

Ye Chen's heart beat violently, because he felt a familiar breath on this barren mountain.

That's the breath of Shura sword soul!

Xiao Xinghe took Ye Chen to a cave.

I saw in the cave, the dense evil Qi gathered, surrounded by countless evil Qi, is the shadow of Shura sword soul.

Ye Chen finally saw the soul of Shura sword again, and couldn't help but breathe and suffocate.

Hum!

The reincarnation Heavenly Sword in his body also sent out a violent shock, which resonated with the soul of the sword.

"Take the soul of Shura sword, go, go!"

"Although her majesty is not here, miss Aoxue has recovered and is in charge of the ice cloud ancient lamp. The destiny of the ice God is becoming stronger and stronger. If she finds out, we will all die."

Xiao Xinghe waved his hand, and the soul of the Shura sword hissed and fell into Ye Chen's hand. He also repeatedly urged Ye Chen to leave, for fear of change.

"Master Xiao..."

Ye Chen finally got the soul of Shura sword, some dreamy feeling.

"I'll stay here, stabilize the cause and effect, so as not to leak. You can leave immediately!"

Xiaoxing river.

"Yes!"

Ye Chen was so cold in his heart that he didn't dare to stay any longer. He put away the soul of Shura sword, walked out of the cave immediately, and was ready to leave.

However, ye Chen was stunned as soon as he came out of the cave.

Because there are three people standing outside the cave at the moment.

A girl and two old people.

The girl is in the middle, her temperament is luxurious, her skin is as white as ice and snow, and her body exudes an inhuman momentum, which is the feather emperor Aoxue.

On the left side of feather emperor Aoxue is a blind old man with white cloth wrapped around his eyes. He is Xuantian Xiao, the ancestor of the Xuanjia family.

Another old man, with a pitiful smile on his mouth and a fierce evil spirit on his face, was the leader of the evil sect of the purple fairy palace, the Duobao emperor.

Ye Chen was stunned when he saw these three people.

Xiao Xinghe in the cave also felt the strange smell outside. When he came out, he was stunned, shivering all over, kneeling down, and shivering voice shouted, "Ao... Miss Aoxue."

"Ye Chen, we meet again. You've made me suffer."

The feather emperor Ao Xue sighed, but there was no anger in his tone, only the extreme cold Sen Han.

In the battle of supreme merit, she almost died because of Ye Chen's serious injury.

In order to save her, the ancient emperor Yu Huang killed Lin Xiaokong, the ancestor of the Lin family. With Lin Xiaokong's blood, he renewed her life, and then found her Bingyun ancient lamp. It was painstaking.

Wanxu temple also suffered huge losses.

And all the culprits are ye Chen!

Now I see ye Chen again, and I can imagine the mood of the feather emperor Aoxue.

"Hey, boy, you're dead."

Duobao Tianjun stared at Ye Chen and smiled darkly, "Master Zhang calculated that you would sneak into the ruins, so he called me to inform you in advance, and sure enough, he caught you."

Chapter 8559

The feather emperor Aoxue nodded gently and said to the emperor of Duobao, "thank you, master Duobao. If it weren't for your help from Zihuang fairy palace, I really couldn't catch the Lord of reincarnation in wanxu. This guy is too cunning."

Ye Chen's heart sank. He never thought that his whereabouts were not found by wanxu, but calculated by the moral God.

The moral God sent Duobao Tianjun to inform him that he would kill himself by the hand of wanxu!

Duobao Tianjun's palm clicked, hehe laughed and said, "miss Aoxue, do you need my help?"

The feather emperor Aoxue said, "no, the poisonous snake ran to my wanxu. If I didn't even have the strength to catch it, it would be a big laugh."

After a pause, her eyes glanced sideways at Ye Chen: "Lord of reincarnation, kneel down and be my cauldron for me to make up for all my losses. Maybe I can let you live for a period of time."

Ye Chen didn't speak, and his muscles were as tight as beasts.

He knew that he was in a very dangerous situation. If he was careless, he would die without a burial place.

This is the territory of wanxu. Even Duobao Tianjun is here. If he insists on fighting, he will undoubtedly seek death, but if he wants to escape, it is difficult to escape.

"Dragon life star, open!"

"Shenxi Tianjian, sacrifice it to me!"

At the critical moment, ye Chen didn't have any nonsense, and immediately opened the Dragon life star. The Dragon Gas exploded all over, and the blood dragon roared, tearing up time and space, and earth shaking.

At the same time, he sacrificed Shenxi Tianjian directly at all costs.

This sword was once the weapon of the Holy Light Immortal Emperor, and was blessed by the God of light. Later, it was used as an introduction by the God of morality to arrange the light sword array to suppress the darkness.

The inside story behind this sword is really very valuable.

But at this moment, ye Chen couldn't care so much about life and death. He decided to sacrifice Shenxi Tianjian at once.

WOW!

As soon as Shenxi Tianjian was sacrificed, it suddenly burst into infinite holy white light, dazzling.

The fierce power of light spread around.

Everyone present, feather emperor Aoxue, Xuan Tianxiao, Duobao Tianjun and so on, are first-class strong, and naturally will not be easily injured.

But the dazzling brilliance of the divine light covered their sight and blocked their divine sense exploration. No matter what they saw in their eyes or in their hearts, there was only a holy white light.

"Damn it, boy, do you want to run?"

Duobao Tianjun was furious and couldn't care so much. He stretched out his big hand and grabbed it at the place where ye Chen just stood.

However, ye Chen reacted very quickly.

As soon as he offered a sacrifice to the God Xi Tianjian, the dazzling light enveloped the whole audience. He immediately spread the wings of freedom, resisted the storm, and fled to the realm of the feather emperor.

Dang, Dang, Dang!

The whole realm of the feather emperor sensed the change of the heavenly mechanism, and the alarm bells sounded everywhere.

In an instant, countless strong people, I do not know how many tens of millions of people, rushed from all directions, to surround Ye Chen.

The people who took the lead were those wearing masks. They were the Dharma protecting Yasha summoned by the ancient emperor Yu Huang from no time and space. Their strength was very strong.

Ye Chen flapped the wings of freedom, carrying the reincarnation sword, and broke out all the way.

He felt countless magical powers and magic weapons, countless martial arts killings, bombarding himself.

By the time he escaped from the realm of the emperor, he was already scarred.

Behind him, countless strong people in wanxu did not give up their pursuit.

Feather emperor Aoxue, Duobao emperor, xuantianxiao and others also chased out, and the scene was very dangerous.

Ye Chen clenched his teeth and ran forward in some confusion, trying to escape back to the Longteng district or the star moon circle, but the surrounding space was blocked, but it was difficult to escape.

"Lord Ye, here."

All the way to escape, suddenly, ye Chen saw a man dressed as a guard in front of him, as if waiting for him.

Ye Chen was surprised and walked over.

"Are you from Wanhua village?"

Ye Chen asked.

He looked at the guard man. He looked a little familiar. It seemed that he had seen him in the second demon girl's palace, Wanhua villa.

The man said, "yes, my second Wen yuan, Lord Ye, it's Lord Yingji who sent me to pick you up. Let's go quickly."

The second Wen yuan offered a transmission array, immediately took Ye Chen, broke through the space blockade, and transmitted away.

Many soldiers in the rear were stunned and looked at each other.

After a whirl.

Ye Chen followed the second Wen Yuan and was transported to a desolate and dilapidated temple.

"Cough..."

Ye Chen immediately coughed up blood and just escaped from the realm of the feather emperor. He was badly hit and seriously injured.

"Lord Ye, are you all right?"

Second, Wen Yuan asked with concern.

Ye Chen took a deep breath, operated the eight trigrams heaven elixir, slightly stabilized the injury, and said, "how's the demon girl?"

Where is she? "

Hearing the words, the second Wen Yuan sighed and said, "the demon girl has been punished. She hasn't come out yet. She spent a lot of effort to find out that you are in danger. She sent me to meet you."

Ye Chen was quite moved and said, "help me say thank you to her."

The second Wen Yuan said, "don't worry, Lord Ye. My subordinates will definitely do it. You have a good rest."

Ye Chen looked around and saw that the temple was desolate and dilapidated. He asked, "where is this?"

The second Wen Yuan said, "this is the world of the ghost king. We are in the ruins of the hall of life and death. This place is absolutely safe. Lord Ye, you can rest assured."

Ye Chen was surprised and said, "this is the ghost kingdom?"

Chapter 8560

The ghost King realm, one of the six realms of reincarnation, is also responsible for killing reincarnation.

The second demon girl was born in the world of ghost king.

After she was born that year, the moral God specially sent her to the ghost king world and handed her over to the second family to raise.

There were two major forces in the ghost Kingdom, one was the temple of barbarism, and the other was the temple of life and death.

Ye Chen has also been in contact with the figures in the hall of life and death before, such as Sheng Jue Tian, the first enemy, and so on.

A long time ago, the hall of life and death was unwilling to be the enemy of reincarnation, and a war broke out with the wild temple.

As a result of the war, the palace of life and death was defeated and fled.

From then on, the wild Temple dominated the ghost Kingdom, believed in the supreme will, and took killing reincarnation as its mission.

The Lord of the wild temple, the king of the ghost Kingdom, is the elder martial brother of the second demon girl and the elder brother of Su Rong, known as the first ghost king!

Ye Chen did not expect that the second Wen Yuan actually brought himself to the ghost king world.

If the first ghost King finds out, he will die.

"Don't worry, Lord Ye. This place is the secret place that Lord demon Ji used to decorate. The secret of heaven is isolated and won't be detected by anyone. Just rest assured."

Second, Wen Yuan Dao.

Ye Chen calmed down, and then sat cross legged, silently healing and breathing.

The second Wen Yuan went outside the temple and silently guarded Ye Chen.

Ye Chen's injury is not light, but his medical skills are strong and his physique is excellent. Naturally, there will be no big problem.

"I wonder how elder Xiao is."

"There is also a decisive battle between Ren and tiannv, but I don't know the result."

Ye Chen frowned slightly. His deal with Xiao Xinghe was discovered by wanxu, and he was afraid it would be bad.

Xiao Xinghe, I'm afraid there will be no good end.

Also, he didn't know the result of Ren family's struggle for destiny.

The secret of heaven is closed here. Outsiders can't detect Ye Chen's location, and he can't figure out the context of the outside world.

"Wen Yuan, please help me to inquire about the result of Ren family's destiny struggle."

Ye Chen thought for a while, and then said to the second Wen Yuan who was guarding outside the temple.

The second Wen Yuan arched his hand and said, "yes, Lord Ye."

After a pause, he looked hesitant and said:

"Lord Ye, you have got the soul of Shura sword, but you have to be careful."

Ye Chen said, "be careful what?"

The second Wen Yuan said, "I heard that your reincarnation Heavenly Sword is only one Shura sword soul, which can be restored."

"Once the reincarnation Heavenly Sword is restored to its integrity, there will be a shocking weather, which is afraid to disturb others."

"Now we are in the ghost king world. We should be careful in everything. If you want to refine the soul of Shura sword, you might as well wait until you go out."

Ye Chen felt a chill in his heart. He had obtained the soul of Shura sword, but he had not yet refined it.

If it is refined, the reincarnation Heavenly Sword will be restored to its integrity. The weather that erupts is absolutely earth shattering.

At that time, even if Wan Xu doesn't come to hunt him down, people on this side of the ghost king world will not let him go.

"I see."

Ye Chen also knew that the situation was serious, so he nodded at the moment and concentrated on regulating his breath and healing.

Second, Wen Yuan went out to inquire about the news.

Ye Chen took out some healing pills, top-grade Yuanyu, auxiliary treatment, wisps of spiritual light circulated on him, and his injury was also rapidly healing.

Hum, hum, hum!

While healing, ye Chen felt a change in his body.

The soul of Shura sword was shaking violently.

At the same time, reincarnation Tianjian also sent out a shock.

This sword and soul actually resonated with each other, and even wanted to fly out of Ye Chen's body.

Ye Chen's heart sank. He knew that once the reincarnation of the Heavenly Sword and the soul of the Shura sword flew out of the body, they must merge.

Now is not the time for fusion. If reincarnation Tianjian recovers and the weather breaks out, ye Chen's position will be exposed!

"Stop it!"

Ye Chen gritted his teeth and forced his breath to suppress the restless Heavenly Sword and sword soul in his body.

After three days like this, ye Chen recovered from his injury.

In fact, with his healing methods, he could recover in one day at most.

However, it took him three days to recover completely because he wanted to suppress the sword soul.

With the passage of time, the mutual resonance between reincarnation Heavenly Sword and Shura sword soul became stronger and stronger, constantly humming and shaking, and ye Chen was about to lose control.

The second Wen Yuan came back.

"Lord Ye, you..."

The second Wen Yuan stared at Ye Chen blankly.

At the moment, ye Chen is surrounded by a layer of reincarnation golden light, in which there is a faint sword aura.

Outside the golden light, a dark breath like Shura constantly impacted, and wanted to integrate into the golden light of reincarnation. It was only under the barrier of Ye Chen that he failed.

Second, Wen Yuan saw this scene and knew that the soul of Shura sword was about to merge with reincarnation Tianjian.

As long as ye Chen relaxes a little, the soul of the sword will be reunited.

"Wen Yuan, it's been three days. What's the situation outside? Is wanxu still chasing me?"

Ye Chen asked.

He also knew that he was about to lose control. He had to leave the ghost kingdom as soon as possible and return to his own territory in order to integrate the Shura sword soul at ease.

The second Wen Yuan said, "all the people in the ruins have retreated. The ancient emperor Yu Huang was seriously injured. They went back to look after him."

Ye Chen was surprised and said, "the feather emperor was seriously injured?"

Who hurt him? "

The second Wenyan said, "it's the extraordinary Immortal Emperor."

Ye Chen was stunned: "Ren Feifan?"

The second Wen Yuan said, "yes, Lord Ye, you asked me to go out and inquire about the news. I have received the exact information that the ancient emperor Yu Huang was injured by the extraordinary Immortal Emperor."

"The fate dispute of the Ren family ended yesterday."

Ye Chen hurriedly asked, "what was the result?"

The second Wenyan hesitated and offered a bead with the fluctuation of the law of time.
